

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

NUMBER 8

Latest Development In The Oil Business

Well, she's still spotlighting, and a lot of terms, conditions and offsets, chokes, and many other raspberries that we don't understand. But we just wrinkle our honest brow, look wise as if we did understand all this cock-eyed oil business, and write a lot of stuff, some of which we do not comprehend, and don't expect the next man to do so.

But honestly, we are glad that they have really found something that looks and stinks like oil here in the middle of Terry. Heretofore we have had to go near the line of Gaines, Hockley or Yoakum to get a whiff. The only place we know of that oil is hurting, is those without it. Trading and trafficking is still at a lively clip, and some are counting their dough by the grand now, instead of by the hundred or ten, five or bathides as of yore. This place where we work is still glad to get the one buck solos.

Dick Brownfield Breaks Into Print

Years ago, if one would have told Dick Brownfield there was plenty of oil under his ranch to make gas for his two-cylinder Buick, Dick would as like have

asked the guy making the statement if he was drinking Hill & Hill or Old Crow. But last Sunday morning down at Brownwood, we opened the Star-Telegram to the oil section, and who but Dick set there in front of us fondling a map of Terry?

Just why Dick let Red Smith of the C. of C. get in the scene with him is a deep, dark mystery, but evidently Dick is explaining to Red where the three wells on his land will be located. The first will be out three miles east of town, and the other two checkerboard style, on sections south of this one. The first one is to be started by Nov. 1, and the others soon thereafter.

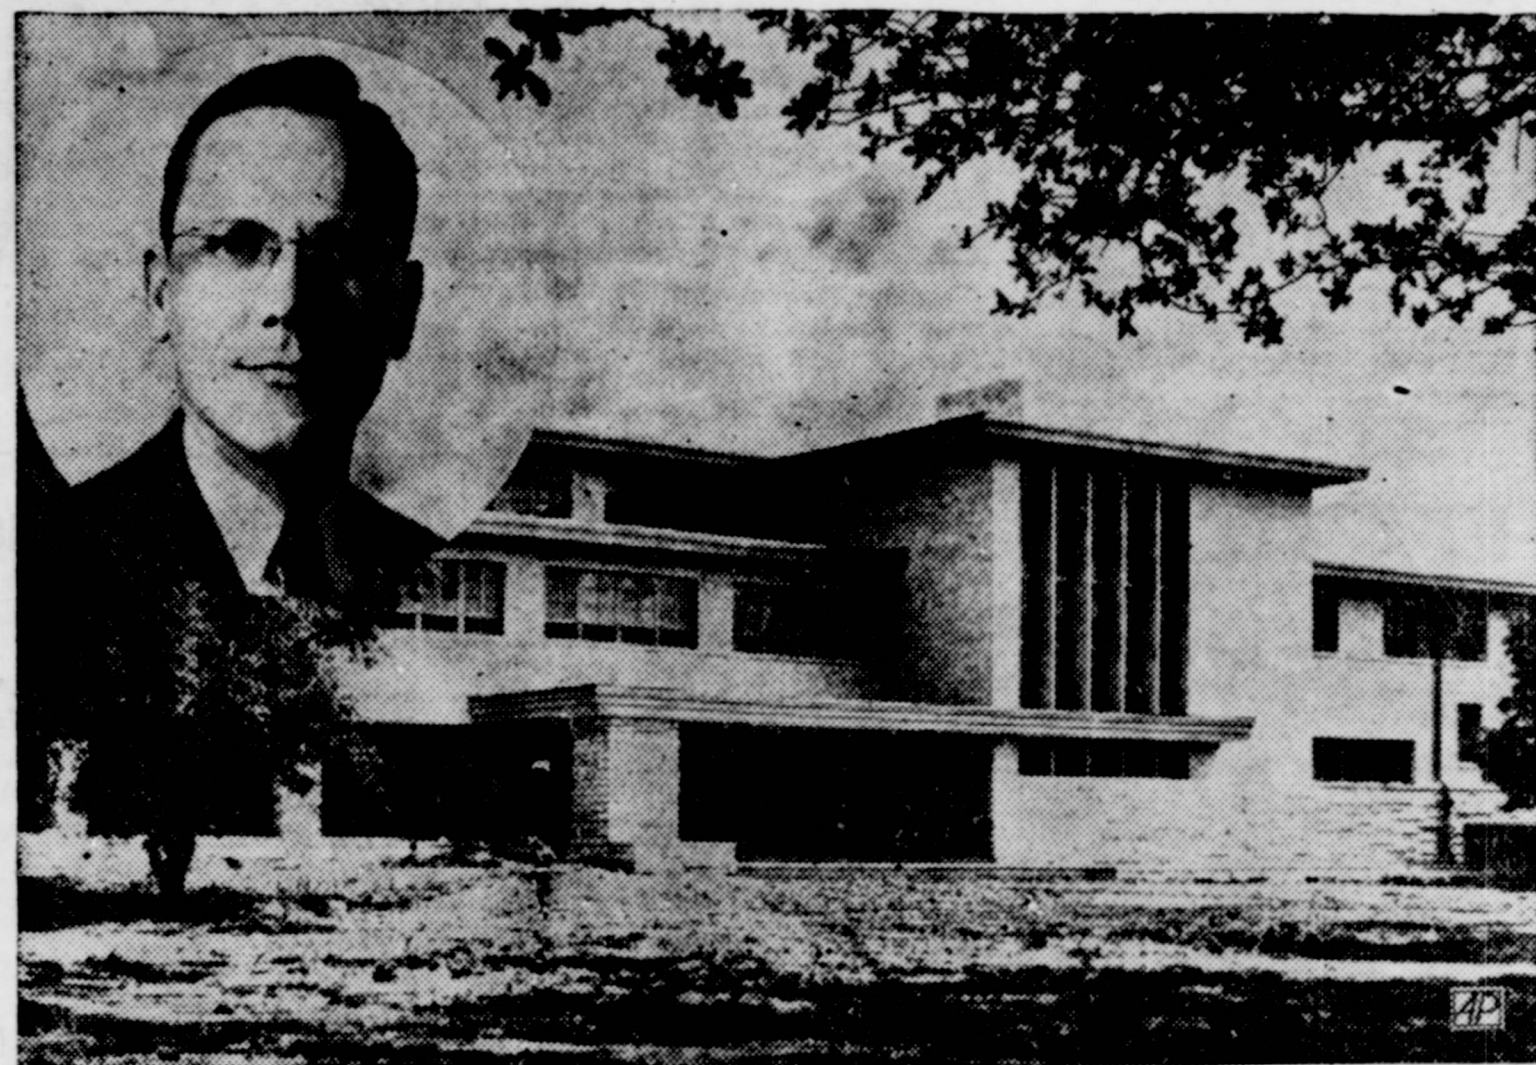

We hear that the No. 2 Beaver offset to the original Anderson-Pritchett well near Wellman has struck the pay, and will soon be brought in. Also, that the one mile west offset out at the Mound Lake pool, which was reported to have struck the true Pennsylvania 100 feet high, was a mistake, and the well is being carried down to the reef line.

And the well being drilled on the Scales tract, had encountered sulphur water at about 5,000 feet.

This fact will make little difference, as it will be cased off anyway, and the well will be carried down to the 10,000 feet strata in the reef, like the discovery west of it. Three other wells are being drilled near the discovery. We have heard little about the three wells just north of the shallow Adair pool.

Evidently there was considerable oil in the original well, but if it has ever been completed and prorated, we have never heard about it, although it was reputed to have struck pay about the same time as the No. 1 Beaver several weeks ago. The fact that two other rigs are up and drilling is a pretty fair indication that oil was there. Oil people just don't put down other wells near where one has proven a duster.

Right at the present time there is an in-between event of wishful waiting. Some of the wells are mighty near where the black gold is located, while others are a long way from law. In the next few months we shall be able to determine to some extent the size of the reef pools in Terry.

MEMORIAL STUDENT CENTER—The new \$1,700,000 Memorial Student Center, above, at Texas A & M college will hold

its informal opening Sept. 21-23. The building is a memorial to A & M men killed in two world

Wars. J. Wayne Stark, (inset) is the director of the student activities center. (AP photo)

Local V. F. W. Post Volunteers Services

Commander A. H. Daniell of Veterans of Foreign Wars Post No. 6794, this city, has proffered the services of the entire membership of this post during any emergency that might arise because of the serious aspect of international conditions.

Commander Daniell volunteered

the services of his organization to Mayor Primm and to County Judge Homer R. Winston.

"In the event the Texas National Guard and active reserve components of the Army and Navy are ordered to full time military duty, we of the Veterans of Foreign Wars assure our city and county of our fullest cooperation and immediate action in forming the nucleus of a home defense unit qualified to meet any emergency that might arise," Commander Daniell said.

The VFW commander also pointed out that every member of his organization has served in his country's armed forces on foreign soil, or on hostile seas in time of war, and that in the ranks of his post are men expertly trained and competent to handle any emergency that might possibly arise because of present world conditions.

"We the Veterans of Foreign Wars urge our fellow citizens not to be alarmed and in organizing our post into a unit ready to take over in case of emergency, we definitely are not remotely attempting to create war hysteria. On the other hand, we are only making certain that should the demand arise we will be ready for action," Commander Daniell said.

School Enrollment Higher Than 1949

According to Supt. S. P. Cowan, the enrollment in the Brownfield school system showed a substantial increase over the enrollment for the first week of 1949. The biggest gain was in the Randal school, with 735, which teaches up to and including the 4th grade. The West Ward came next with an enrollment of 485.

(See back page, please)

NEW '51 PACKARD TO BE SHOWN SATURDAY

The new 1951 Packard will be shown in the display room of the Price Implement Co., Saturday, Sept. 16, from 8 am. to 6 p.m. Money Price, owner of the Packard agency, will show a four door teal blue Deluxe model.

Purtell Clothiers To Hold Formal Opening

The Purtell Clothiers are holding their formal opening today (Friday) and Saturday, Sept. 16 and 17. The new store is located on the corner of Main and South Sixth, and has all the needs "for dad and lad."

The new, modernized store features a plate glass front which gives a complete view of the store. The stucco walls are of pale green with mahogany wood work. The display cases are glass with mahogany finish. The shoe department has blonde leather furniture with a rose carpet.

The 30 x 60 foot store is installed with complete fluorescent lighting. The have merchandise to fill lads from four years up. Purtell's feature such brands as Botany, Van Heusen shirts, Stetson hats and Bostonian shoes.

R. J. Purtell has lived in Brownfield since 1918 and has been an agriculturist until the opening of the store. Jake Gore will be assistant manager in the new store.

Missionary To Speak At Local Church Sun.

William C. Hatcher, missionary from Italy, will speak at the Crescent Hill Church of Christ Sunday evening, Sept. 17, at 7:30.

William C. Hatcher

He will give a report on the missionary work being done in Italy. The Crescent Hill Church of Christ and other congregations of the Church of Christ in the United States have been engaged in missionary work in Italy for the past two years. Hatcher of Detroit, Mich., is one of the missionaries who have been participating in the activities in Italy and has returned to the United States to report missionary conditions.

During his stay in Italy, Hatcher saw many of the people persecuted because of their belief, and he will give a first hand report on the Catholic attitude toward the Protestants in Italy. He spent most of his 18 months in the city of Rome and was associated with the arranging of visas, etc. The church believes that his lecture will be inspirational as well as instructive and invites everyone to attend this service.

Louis Chambliss Wins Sears Gilt Contest

The Sears gilt county contest was held last Saturday for the Terry county 4-H boys. Bill Saouer, farm-home administrator, was judge for the contest and accompanied Jim Foy, county agent, to each of the contestants' homes.

Louis Chambliss of Brownfield won first place and received \$8; second place winner, Doyle Howell of Union, \$7; Leland Duggan of Union, third place, \$6. Bobby Horton of Union placed fourth and received \$5. Troy Farquhar of Gomez placed fifth and received \$4.

Louis Chambliss being first place winner will enter his gilt in the district show in Lubbock Saturday, Sept. 23. Sears of Lubbock furnishes all cash prizes for the contest. First place winner of the district show will receive \$50.

Two Brownfield Men Engaged In Shooting

Frank Ratliff, about 60, and Bonnie Andress, 27, both residents of Brownfield were wounded Wednesday evening about 8:30 when the men were engaged in a double shooting. The shooting

occurred near the Ratliff home in the 500 block on East Main.

What Has Become Of Fair Organization?

A. D. Wenzel prominent Berkshire beeder of the Needmore-Meadow area, was in to see us this week. Said he'd seen nothing about a Terry County Fair of late, and just wondered. Both of us agreed that there was likely too much oil in the air just at present. Anyone that has been around Brownfield any length of time is aware of the fact that the people are four square for a Terry County Fair.

But, it is too late this year to organize and get in shape for a county fair. But an organization could be perfected, and gotten in shape to put on a good one next year. Wenzel stated that he had talked with Red Smith, manager of the chamber of commerce, and he knew that organization was for a fair. Also, he had talked with a lot of the farmers and they are unanimous for a good county fair with both livestock and farm product displays.

Wenzel and the Old He also agreed that the Chamber of Commerce should take the lead, and set a date for a mass meeting some time soon before farmers are too busy with their crops. At such a time a temporary organization, if not a permanent one could be arranged or perfected. The Herald believes the officers and directors should be divided between town and rural people.

Mr. Wenzel stated that he was going to take a lot of his swine to the State Fair at Dallas again this year. He made a fine showing last year, capturing a lot of first and second prizes in several divisions. Good luck to you again, Mr. Wenzel.

and they extended the invitation to the Brownfield team, 26 degrees of Scottish Rite were conferred last spring in the Masonic meeting at El Paso.

This is the first and only time that a degree team of the Scottish Rite club will have conferred this special degree, and the Brownfield team will confer it.

Local Degree Team To Confer SRD

The degree team of the Brownfield Scottish Rite club has been invited by the McAlester, Okla., Masonic organization to confer the Scottish Rite degree Sunday, Sept. 17.

The Oklahoma bodies have never conferred this degree before.

Cubs To Play First Conference Game

The Brownfield Cubs will play their first District 4-A conference game tonight against Tahoka.

The Cub eleven defeated the Lovington Wildcats with a 26-0 victory last Friday night. This was the first victory for the Cubs since they defeated the Littlefield eleven Oct. 6, 1948.

The Cub eleven defeated the a single wing formation have nine returning lettermen with five of them in backfield positions. Some inexperienced Cubs are filling several line positions and are making a good showing. Dale Cary, who made two of the tough downs last Friday, will continue to fill the position as quarterback. Other fighting backfieldmen are Graves Nelson, Paul Billings, Bobby Latham and Clyde Chambliss.

Dean Murphy, captain of the team and a returning letterman, is number one choice for one of the tackle positions, and a race to fill the second tackle position stands between E. H. Crossland and Don Jones.

Besides Orbra Rowden who fills one guard position, there is a nip and tuck battle between Royce Kelly, Adrian Hinson and

John Burris for the second guard position.

First string center Max Black played a fighting game against the Wildcats and proved that he is 160 pounds of fight. Reserves are Doyle Bradley and Jack Lucas.

Filling the tailback's position are Billings, Chambliss and Latham who are among the lightest men on the team. Paul Billings will still be on the reserves due to the healing of his injured ankle, but he is expected to see a great deal of action later on in the season.

Since the Cub team has only nine seniors, they are expecting to build a good team for the future. Of the 42 players besides the seniors there are 11 juniors, 20 sophomores and six freshmen which makes the Cub squad one of the youngest in District 4-A.

The probable starting line up for the first conference tilt will be Orbra Rowden, Lomas Jones, Graves Nelson, Bobby Latham, Dale Cary, Jimmy Miller, Max Black, E. H. Crossland, Charles Cabiness, Howard Swan, Clyde Chambliss, Dean Murphy, Don Jones and Charles Mayfield.

Brownfield D. V. A. Chapter Organized

C. J. Walker of Waco who is a state organizer for the Disabled American Veterans, met with a group of the men Monday evening, Sept. 11, at 8 p.m. to organize a DAV in Terry county.

During the meeting, eight veterans signed for membership. Tarzan Crossland was appointed temporary chapter commander, and Lester Doss was appointed chapter adjutant. These men will serve until permanent officers are elected.

A future meeting is set for Oct. 9 which will be held in the District court room, and the members are going to try to have all DAVs of Terry county attend this meeting. These men will be given an opportunity to join the organization and plans will be made to elect permanent officers of the chapter.

A for-get-me-not sale was held Saturday, for the benefit of the local disabled veterans. The for-get-me-not is the national flower of the DAV.

Membership is eligible to those veterans who were wounded, gassed or injured while serving in the armed forces of the United States during the war.

All disabled veterans of Terry county and surrounding vicinity are cordially invited to join the DAV.

Local Board Receives Second Induction Call

The local board No. 116 has received its second induction call for 17 men, Oct. 17.

The local board received its orders from the Selective Service headquarters in Austin this week. Headquarters has sent calls to 137 local boards to deliver more than 2,500 men for induction into the army during the first two weeks in October.

This is the second call for induction that has been sent out to the boards since the beginning of the Korean conflict. The first call for 2,500 men was scheduled for delivery the last two weeks of September.

Brig. Gen. Paul L. Wakefield, state director of Selective Service, said that state headquarters has received no call for November as yet. He added, however, that one for around 3,500 is expected to arrive any time.

The October inductions will take place at Abilene, Amarillo, Corpus Christi, Dallas, El Paso, San Antonio, Houston, Texarkana and Shreveport on October 2 through 6 and October 9 through 13.

No. 2 Willard Shows Production On Test

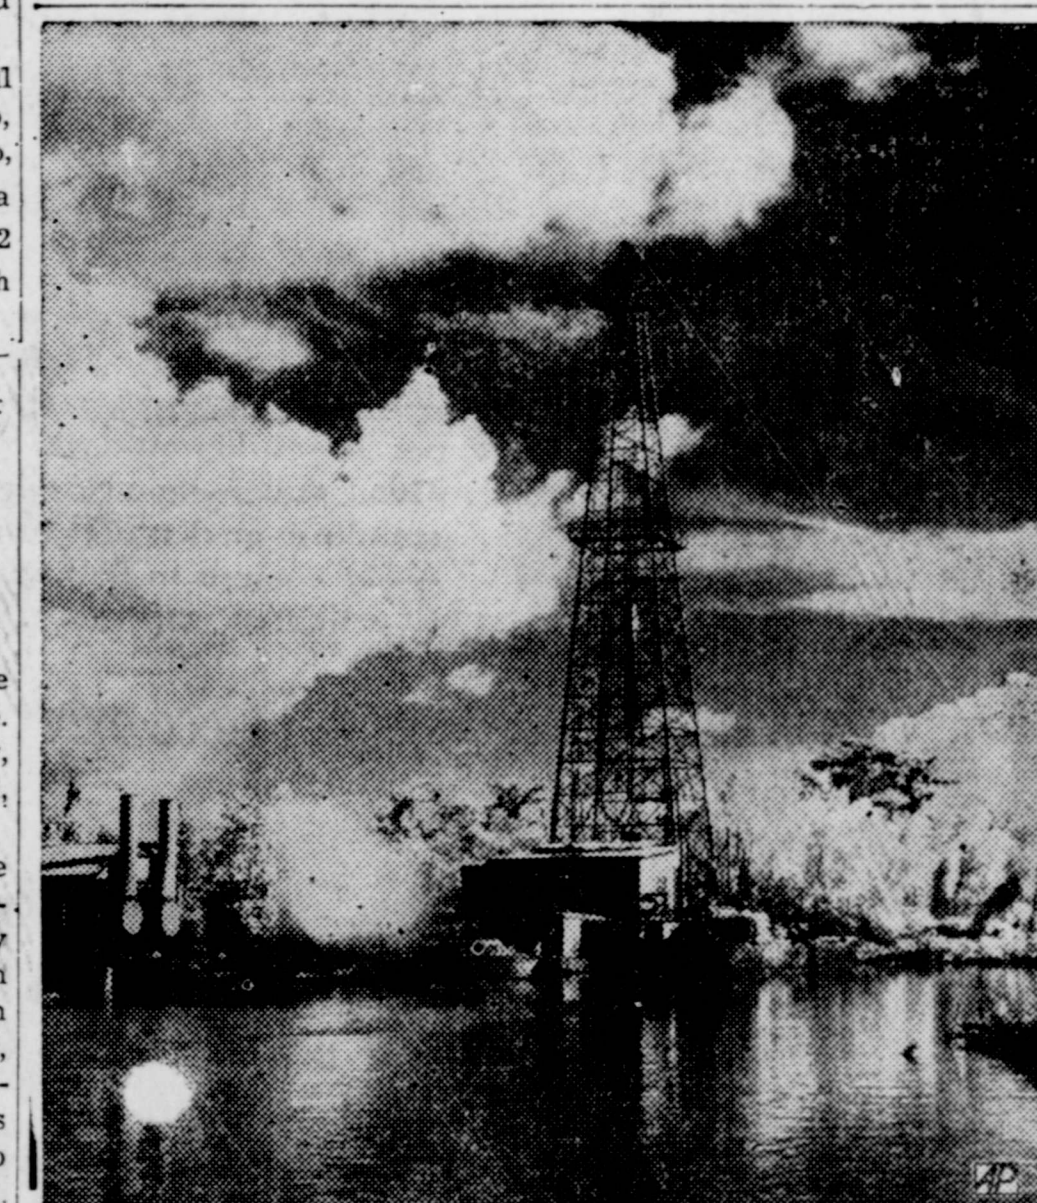

It was reported here Wed. that the No. 2 Willard, deep test just north of the shallow Adair pool in south Terry and north Gaines, showed some production on the initial test, 8,457-8,520 in the Wolfcamp. The test showed a bit over 19 barrels per hour the first hour, and much less the second hour.

They are now down to 8,570, and preparing for another test of the Wolfcamp, which they hope will be as good as the discovery nearby.

"In the meantime we have learned what became of No. 1 Willard. The Wolfcamp was cased off for the present, and the well is being carried to the contract depth of some 12,000 feet. Presumably they are trying to hit the Pennsylvania reef.

There has been no reports on what the drillers are finding below the Wolfcamp. If the reef is not found, it is likely the No. 1 Willard will be plugged back to Wolfcamp and finished as some kind of producer.

These wells, and another drilling, are approximately 14 miles southwest of Brownfield.

BAYOU DRILLING RIG—The drilling rig, above, stands out picturesquely in a sub-tropical swamp setting at Shell Oil Co.'s West Lake Verret field in Louisiana. The scene is typical of oil drilling operations in the

Gulf Coast bayou country. The rig is mounted on barges which were towed to the site over swampy waterways. Infra-red film gives the trees a Christmas like appearance. (AP photo)

Furr's Inc. Buy Site On South Fifth Street

The Herald is glad to announce that Furr's, Inc., one of our bustling groceries have bought a site in the 300 block on South Fifth street, where they will in the near future erect a store in keeping with the growth and importance of both Brownfield and the Furr interests. Roy Furr, popular Lubbock business man, is the president of the numerous stores that bear his name throughout west Texas and eastern New Mexico.

The site selected is known by old timers as the old Daugherty place, but for many years it has belonged to Robert Whitney and wife. The property consists of four 50 foot lots, making approximately 200x140 feet. The consideration was not mentioned. An extra bonus was given the Whit-

neys however, to get their home off the site as soon as possible. It was being loaded Wednesday, to be moved to the Tahoka road, near the Alton Webb home.

Now this firm will have all the land they want for parking purposes, and we have an idea they will build a thoroughly modern grocery plant on the site as soon as material can be assembled, and workmen can erect it. However no plans or specifications so far have been submitted to the press.

The Herald takes this opportunity of congratulating Roy Furr and his entire personnel on their proposed enlargement of their plant here, and for their confidence in the growth and development of this section.

Well-Groomed Hair Is a Fall Must

A fashionable fall hat suffers when Milady's hair appears lack-luster. Unwisely dandruff, however, can be prevented when warm oil is applied to the hair part with sterile cotton.

Now that the first nip of autumn is in the early morning air, it's time to think of conditioning your hair so that it will look its best with new fall millinery.

It's of particular importance, during the fall and winter months, that both scalp and hair be their healthiest. Airless confinement under hats and scarves tends to endow hair with a lack-luster appearance.

First of all, rid yourself of dandruff. Determine whether yours is the flaky kind that results from scalp dryness, or the type that thrives at the roots of oily hair. Then take appropriate steps.

If yours is the dry kind of dandruff, treatments with oil are often helpful. To give yourself a home treatment, warm the oil slightly and rub it into your scalp with a sterile cotton ball. Work carefully along the part of your hair.

When one section of your scalp has been thoroughly saturated, repeat your hair in another place and repeat the process until your whole head has been treated.

Wrap your head in a towel and leave the oil on for several hours—preferably overnight—before washing it out.

The most effective approach in ridding yourself of oily dandruff is to tackle it at its source—excess oil. Try washing it more frequently than you ordinarily do, with a vegetable-oil soap of the type used by physicians and surgeons.

In order to keep your hair at its gleaming best, turn your attention to shampoos. Try various kinds until you discover one that seems right for your hair, and keeps it radiant and silky.

And make certain no residues of shampoo or minerals from the water are left in your hair. If the water you use for hair washing is not ideal, you might find it helpful to use a water conditioner in both your wash and rinse waters. These aid your shampoos in lathering more abundantly, and help strip dulling films from your hair.

To safeguard the silkiness of her hair against the soap film or mineral deposits found in rinse water, the alert lady (above) adds water conditioner to both shampoo and rinse water.

GOMEZ GOSSIP

Graham Swait left Monday for Lubbock where he will enroll in Texas Tech.

Norris Kempson has returned to Portales, N. M., where he will attend Eastern New Mexico college.

Rev. S. W. Miller of Brownfield preached at the Gomez Baptist church Sunday.

Week end visitors in the home of Mr. and Mrs. E. N. Corley were her brother and wife, Mr. and Mrs. B. E. Lloyd of New Mexico.

Mr. and Mrs. R. G. Herron are the parents of a baby daughter born Saturday night at the Brownfield hospital.

Mr. and Mrs. Alvin Herron and daughters are visiting in Arkansas.

Mr. and Mrs. A. V. Britton and children visited during the week end with her parents, Mr. and Mrs. Curry at Wolforth.

Little Miss Sharon Carter of Lubbock is visiting this week in the home of her grandparents, Mr. and Mrs. Gordon Carter.

Members of the WMU met Monday afternoon in the home of Mrs. E. N. Corley with Mrs. J. C. Moseley in charge of the Royal Service program. Mrs. Wes Key brought the devotional. A report of the quarterly WMU meeting held at New Home last week was given by Mrs. A. B. Buchanan. Refreshments of cookies and bottled drinks were served by the hostess.

Mrs. Bill Heflin will fly to Dallas Saturday on business.

RESERVE BANKS PUTS CRIMP IN INSTALLMENT BUYING

Under date of the 8th of Sept., this paper had a form letter from the Federal Reserve Bank at Dallas, stating that on and after Sept. 18th, installment buying would be curtailed to some extent by the institution of Regulation W.

One-third down payments will be the rule in buying new cars, with only 21 months on the balance.

A down payment on household appliances such as refrigerators, ranges, washing machines, etc., will require a payment of 15 percent. The notes must mature in 18 months.

On furniture and rugs the payment will be 10 per cent and 30 months maximum on balance.

Mr. and Mrs. Wayne Brown and Mr. and Mrs. L. H. Dean left Wednesday for Fort Worth for the dealers showing of the new 1951 Nash which will be shown in the Will Rogers Coliseum. The new Nash will be shown in Brownfield Sept. 22.

An Italian recipe calls for baking potatoes and truffles in layers.

SCARED SOUSAPHONIST—Little ladies and giant sousaphones seldom make harmonious companions as two-year-old Korolyn Low proved at the 48th annual Music Industry Trade show in Chicago. Unable to extricate herself from the mammoth instrument after an ear-shattering solo passage, Miss Low let loose with a scream that brought music dealers racing to the scene of discord.

Mr. and Mrs. Virgil A. Bynum visited their son, Jack, in Seminole Sunday.

Altruist Club Met With Mrs. Thomas

The Altruist Study club met Tuesday afternoon in the home of Mrs. Jack Thomas.

Mrs. Thomas, president, presided at the regular business meeting. The following committees were appointed: Mmes. Vernon Townes, Jim Bayless and Jack Tankersley, year books; Mmes. Sonny Walls and Ben Monnet, membership committee; Mrs. Tom Dorrough, parliamentarian. Mrs. Harold Stice read the collect.

During the business meeting the club flower, colors, motto and song were chosen.

Apple pie topped with cheese and coffee were served to Mesdames Harold Stice, Kenneth Threat, Gene Walker, Virgil Walker, George Chisholm, Vernon Townes, J. B. Lahourcade, Jim Bayless, Tom Dorrough, Jack Tankersley and the hostess.

HOCKLEY MEMBER DRAFT BOARD RESIGNS

We note in the press that Z. O. Lincoln of Levelland, and former County Judge of Hockley county, has resigned as a member of the three-county draft board, composed of Hockley, Terry and Yoakum counties.

Mr. Lincoln gave one reason for resigning that Hockley had the most population. However, he gave some others, among them business reasons. We might suggest to Judge Lincoln that the powers that be don't always follow the line of most population; convenience, being a consideration.

For instance, it is 60 miles from Plains to Levelland most anyway one might go, via Brownfield or Morton. Yet it is only 32 to Brownfield and only 30 miles separate Levelland and Brownfield.

Mr. and Mrs. James Lackey and family, and Mrs. Pearl Morris of Tatum, N. M., spent the week end in Albuquerque, N. M.

They spent Friday night in the home of Mr. and Mrs. Nyles Morris, and the rest of the week end sightseeing. They returned home Sunday evening. James Lackey 3rd, remained to attend the University of New Mexico.

\$1.20 DINNER—Cocker spaniel Mitzie devoured a dinner priced at \$1.20 and subsequently developed a stomach-ache. The owners, unable to diagnose the cause of Mitzie's discomfort, asked a veterinarian to put her two cents in. After coining several medical phrases, the dog-doctor discovered Mitzie had swallowed a half dollar, two quarters and four nickels. Her blue ribbon now has a silver lining.

Duncan Home Scene Of Family Reunion

Mr. and Mrs. E. D. Duncan of Tuesday entertained their family and friends with a chicken supper Friday evening, Sept. 1, in their home. The Duncans were honoring their two sons, E. D. and Marvin, who have birthdays this month.

Following the supper, games of canasta and 42 were played.

Those attending were Mr. and Mrs. T. L. Smyth and daughters, Janet Ann and Elsie Mae of Wellman; Mr. and Mrs. E. D. Duncan and Deanne of Miami; Mr. and Mrs. Marvin Duncan of Brownfield; Mr. and Mrs. Lee Roy Joiner and Vester Edd of Tatum, N. M.; Lester Duncan of Wellman; Mr. and Mrs. H. C. Bevers and sons, Gerald and Bennie of Wellman; Miss Lura Martin of Dallas; Mrs. Beulah Atkins of Tahoka; C. D. Paris of Wellman, and the host and hostess.

Mr. and Mrs. W. R. Benton and Mrs. Wade Pearce visited in Seminole Sunday with Mr. and Mrs. Gibbs Phillips, brother of Mrs. Benton.

Matt Williams, prominent Yoakum county ranchman, was in Monday after supplies, and to gas a bit about this, that and the other.

G. G. Gore informed us this week that Mrs. Gore, who has been in a Fort Worth hospital now for some time, is not doing extra well. However, the bone specialist thought her thigh bone was healing some.

Brownfield, Texas

W. E. Fielder Funeral Services Held Sat.

W. E. Fielder, a former old timer of Brownfield and Union, died last Saturday morning in Big Spring. Mr. Fielder, 65, had been in failing health for several months and had been seriously ill for the past month.

Funeral services were held Sunday afternoon, Sept. 10, at 2:30 in the East Fourth street Baptist Church in Big Spring.

Interment was in the Trinity Memorial Park at that place, under the direction of a Big Spring funeral home.

Mr. Fielder came to Brownfield in 1920 and remained here until a few years ago when he moved to Big Spring. He was a Mason and an active member of the Baptist church for the past 45 years.

Survivors include his wife, two sons, the Rev. J. W. Fielder of Grand Prairie and R. O. Fielder of Big Spring; two daughters, Mrs. M. F. Ray and Mrs. Opal Swindle, both former residents of Brownfield, and now of Big Spring; five brothers, O. B. of Abilene, Walter D. and Collier of Anson, A. C. of Bowie, and L. E. Fielder of Big Spring, and one sister, Mrs. Charlie Doak of Vista, Calif.

MEADOW NEWS

Mrs. B. C. Horton has returned home from the hospital.

The WSC met Monday evening and began the study "Toward a Christian Community." There were nine ladies present.

Ava Lee Tune has been in the Brownfield hospital very ill, but is back home and improving.

Miss Jamie Tilger is attending business college in Lubbock.

E. L. Tilger and Ed Kirk were in Brownfield Friday.

Mr. and Mrs. W. I. Walker have returned from Temple where Mrs. Walker's sister is confined in the hospital.

Mrs. J. A. Miller was on the sick list last week.

Rev. Cecil Tune and Rev. Hart of Ropesville were in Lubbock Monday.

Mrs. Hart of Ropes visited Mrs. Tune Monday.

Mrs. Odell Westbrook of Lubbock is moving back to Meadow. We are glad to have her back.

WE DON'T LIKE THIS WEEK'S PAPER EITHER

We had just enough regular size paper this week to make an 8 page run, and we are lucky to have that. For the first section we had to take some odds and ends, smaller than our regular paper, and you'll note that the second sections sticks out a bit.

Our supplier, the Carpenter Paper Co., of Lubbock, furnished that so we could get out somehow. Next week they are taking care of us from the San Antonio house, and they hope to have a car of paper in by the 22nd.

There is really a paper shortage, and to make things worse, was a strike in the mills a month or two ago, and three weeks Canadian railroad strike more recently.

Sorry, but we were just up against one of those things that can't be helped.

QUITE A CROWD SAW LADIES FIGHT

A fight between contestants of the fair sex always attracts quite some attention. One of the reasons is the infrequency of such combats. A fight occurred Tuesday afternoon in front of the hospital that attracted no little audience.

While it appeared as amusing to some, a part of the audience, particularly the feminine persuasion, appeared a bit abashed. Cliff Jones, Deputy Sheriff, put the ladies in his car and took off.

Whereupon, there being no further business to come before the gathering, and it being quitting time anyway, the audience took off for home.

MRS. SEXTON OPENS NEW SHOP ON W. MAIN

Mrs. T. G. Sexton has opened a new drapery and upholstery shop at 921 West Main.

She has fabrics from Schumaker and Smally in Dallas and invites you to come in and see samples of her work. She can help you with your interior decorating problems as he has studied this through correspondence and experience.

Mrs. Sexton began doing this work as a hobby and her neighbors and friends began giving her so much work that she has opened her own shop. For further information see her ad in this issue of the Herald.

Getting Ready to Open New Health Center

Installation of X-ray, dental, office furniture and visual education equipment has been called for on Sept. 11, and some material has arrived. Contracts made with the various firms clearly specified that delivery of certain equipment would be as much as 190 days.

Every effort is being made by Mr. Abbott, contractor of construction, to have the building completed and occupied by Oct. 1.

A special feature of the Health Center is the control of natural and artificial lighting. In the control of natural light, factor and application of paint is important. Ceilings reflect 80 per cent of light, and all walls, except the inside walls near windows reflect 62 per cent to the dado line and from there to the floor the walls reflect 50 percent of light.

Outstanding use of paint is made in the dark room of the x-ray department. Instead of the usual flat black, the room is treated with a "peach" color paint. Floor of this room is green tile, and does not reflect more than 20 per cent of light.

The dentist clinic and examination rooms are given special consideration with reflection of light increased by lowering the color down the side wall one foot. Side walls are given special treatment.

Recommendations of the American Institute of Architects and the Illuminating Engineers Society were followed.

County Valuations Estimated for 1950

The evaluation of Terry county for 1950 is estimated to be \$11,750,000 which is an increase of \$159,000.

Since the jury fund has an \$8,000 surplus there will not be any tax levied for this fund. This explains the decrease of the taxes from \$1.20 to \$1.14.

This \$1.14 tax will produce \$123,950 for the county funds. The funds will also receive \$68,000 in car taxes and \$30,000 will be received from fines, recordings and fees thus giving the county \$231,950 in their fund for the year.

The following expenses will be taken from the fund:

County Commissioners	\$60,000
Road Hands	10,000
Road Bond Interest	19,200
Court House and Jail Fund	47,000
Total expenses	136,200
This leaves a balance of	\$87,750
which will be used for road machinery, courthouse supplies and general expenses.	

TEAGUE-BAILEY IS REMODELING

The Teague-Bailey Chevrolet house has completely refinished the service department and show room.

The service department is repainted in white and royal blue with a silver ceiling. This gives the department more light reflection.

The show room has been redecorated in pale green also adding a fresh touch to the offices.

The company is building an extension 40x50 feet on to the service department. This is to increase the service facilities to give the public better service.

JOE DALE SCOTT NEW NAVY RECRUIT

Joe Dale Scott, seaman recruit, USN, son of Mr. and Mrs. J. H. Scott of 320 West Tate, has completed recruit training at the U. S. Naval training center, San Diego, Calif.

Scott, who entered the Naval service June 14, 1950, formerly attended Odessa Junior college.

NO TOYS FOR KIDS IN REDS' UTOPIA

How tough can life get in the Soviet Union?

Mothers in the Baku area, it was learned recently, are complaining that government run co-operatives have "completely forgotten about the manufacture of toys for children."

One co-op, they say, tried to manufacture dolls but mothers rejected them as "monstrosities." Now the co-op has abandoned toys in favor of children's furniture—but has yet to produce any.

Mr. and Mrs. Aaron Goff of Enid, Okla., spent last week with Mrs. Goff's mother, Mrs. Lee Almon and sister, Mr. and Mrs. Walter Gracey. Sunday was spent by the entire party in the home of a brother, Buster Aaron

Howdy Partner—We're All Glad You Come

This week the Purtell Clothiers are having their official opening. This formal opening was somewhat delayed as some of their stock was slow in arriving. But now it is here and they're off to a good start.

There is little the Herald can say about the Purtells. They have been here just about as long as any of us. And not being new comers, they know their way about. But anyway, welcome.

Less known here perhaps, but well known all over west Texas, is the Wacker organization, with many stores, mostly in the better town in this area. We are glad that they decided that Brownfield was a good place to locate, and they will find the welcome sign on the mat in front of all homes in the area.

Local Merchants To Observe Holidays

Mayor C. C. Primm and the Brownfield Chamber of Commerce released today the holidays that a majority of the business firms will observe for the remainder of 1950, and including January 1, 1951.

These dates and holidays were picked as a result of a poll taken from the local merchants.

Mayor Primm and the chamber of commerce make it clear that they are not attempting to regulate the opening any closing of any business, but as most other cities in this territory recognize the same holidays, that employers would cooperate in giving their employees the same holidays that are given in other cities in this immediate territory.

The dates and holidays are as follows:

- Armistice Day, November 11.
- Thanksgiving Day, November 23.
- Christmas Day, December 25.
- New Year's Day, January 1, 1951.

AO Fashion Review Tickets On Sale

The Alpha Omega Study club will stage their annual Brownfield fall fashion review Thursday evening, Sept. 2, in the American Legion Hall. Preceding the review dinner will be served at 7:30 p.m.

Tickets may be purchased from any club member for \$1.50. There is a limit of three hundred tickets, and you are advised to purchase yours at the earliest date possible. If you are not contacted by one of the members, you may call Mrs. V. L. Patterson at 447-R for your tickets.

Mrs. Curtis Sterling will be mistress of ceremony for the fashion review.

A fall theme will be carried out in the stage setting, announced Mrs. Robert Noble, publicity chairman. Mrs. Zeb Moore is general chairman for the style show.

JOE CHISHOLM LEFT TUESDAY FOR ITALY

Joe Chisholm, one of the elders of the local Crescent Hill Church of Christ, left Tuesday on his way to New York, where he will obtain passage to Italy. His friends gave him a going-away party on the church lawn Monday night.

The local church is sponsoring the work in Italy, and presumably he is going over to inspect and encourage the work, both evangelistic, as well as the orphan home, which the work maintains.

He is expected to be away several weeks.

BUDDIE GILLHAM HOME FOLLOWING OPERATION

Sometimes one does not know what is happening next door, and to his friends and neighbors. For instance, we called at the State Bank & Trust Co. last week, and asked about Buddie Gillham. He was just home from an appendectomy.

He was reported to be doing fine following his return home from the local hospital, and was expected to be on the job soon.

JONES THEATRES BUY LAND FOR NEW DRIVEIN

Mrs. W. T. Howze, owner of the Jones Theatres, reported that land had been purchased on the Roswell highway to erect a new drive-in theatre.

The new theatre will have a 500 car capacity. The grounds are being cleared and construction will begin as soon as possible. The architect will complete the plans sometime this week.

Last Rites Held For W. M. Goldston

Funeral services were held Thursday afternoon at 3:30 in the First Baptist church for W. M. Goldston, 63, who died in the Gaines county clinic-hospital in Seminole Wednesday at 1 a.m.

Mr. Goldston moved to Brownfield from Grayson county in 1911 and remained here until he moved to Denver City in 1945. He was a member of the IOOF lodge.

Rev. Fred Stumpp, pastor of the church, officiated. Interment was in the Terry County Memorial cemetery, under the direction of Brownfield Funeral Home.

Survivors other than his wife are seven sons, Clyde, Carl and W. M. jr., all of Denver City, Oliver of Post, R. D. of Brownfield, John of the U. S. Army and Louis of the U. S. Navy; seven daughters, Mrs. D. A. Key and Mrs. H. N. Moore of Brownfield; Mrs. O. L. Hartman of San Jose, Calif.; Mrs. Jeff O'Keefe, Mrs. Max Sides, and Miss Ethel Goldston, all of Denver City, and Mrs. John Kubeck of Alaska; two sisters, Mrs. Lois Daugherty of Dallas and Mrs. John Daugherty of Sherman; two brothers, W. E. Goldston of Brownfield and H. D. Goldston of Hereford; and a half-sister, Mrs. Minnie Cavender of Van Alstyne, and 14 grandchildren.

Mrs. Akers Has Some Trouble In Dallas

Last week the writer had coffee with Mrs. Jot Akers, who had been to Dallas to purchase Christmas goods for the Akers Appliance, which she and husband own and operate. Her headaches began soon after her arrival in Big D.

First, she parked her car in front of a Gift store to make her purchases, and the management of the store said they'd have her car put in a garage. The keys were turned over to them. Toward time to retire, she found that her car was not in the garage.

Furthermore, the registration she thought she had at the hotel was non-existent. In her desperation, she phoned Jot, who went down on a plane. The hotel registration worked out OK, but her car was still gone.

Later, it was found that the negro who was to put the car in a garage for the night, instead, took a 400 mile joy ride in it. It was finally recovered only slightly damaged.

Now Mrs. A. is not certain that Jot will ever trust her that far with the car again.

PATE COLLIER BUYS L & T GROCERY

Pate Collier, former owner of a Gulf Station, has purchased the L and T grocery from Leonard Lang this week.

The store will be called "Collier's Grocery," and Pate invites everyone to come in and let him serve you.

Collier has lived in Brownfield since 1933 and has spent five years in the U. S. Army. Following his army career, he purchased a Gulf station on West Main and then moved to a new Gulf station on the Lubbock highway last year, and has now purchased Collier's Grocery.

LEFT SUNDAY FOR AUSTIN

Miss Jane Wier and Russell Stephens left Sunday to accompany Nancy Wier to Austin where she will enter the University of Texas as a freshman this fall. The party of three visited Frank Wiers' sister and family, Mr. and Mrs. J. A. Hallman and Martha Ann in Temple Sunday night. Martha is also a student at the University. The couple took Nancy to Austin Monday and from there they went to Itasca to visit Mr. Wier's mother, Mrs. R. R. Wier, and to Grand Prairie where they visited Russell's brother, Mr. and Mrs. Leonard Stephens. They returned home Tuesday evening.

MEADOW CO-OP GIN GOT SECOND CO. BALE

The management of the Meadow Co-Operative Gin informed a representative of the Herald last week that they had the honor of ginning the second bale of 1950 Terry county cotton. This cotton also belonged to J. A. Benthall, the same man who had the first bale ginned at Union August 31.

Whether the cotton came off the same farm, or that Mr. Benthall has another farm in the Meadow section, was not disclosed. Anyway, the Co-Op Gin at Meadow is in prime order and ready for the season run.

CHALLIS NEWS

We are happy about our pastor, Rev. Kettles of Roswell, N. M. He delivered the message Sunday. We cordially invite you to come and hear him.

Mr. and Mrs. Clint Carter and family of Blainview, Mr. and Mrs. Happy Garner and family, Mrs. Robert Garner and family, and Mr. and Mrs. John Garner visited Mr. and Mrs. C. S. Carroll Saturday.

Those sick in our community this week are Mrs. Ed Whitaker, Mrs. J. L. Langford, Miss Ella Howard and Mrs. Loyal Henson, who is in the Lubbock hospital. We surely hope all are well and back with us soon.

Mrs. H. L. Gunter is visiting her brother, John Garner, this week.

Mr. and Mrs. Andy Robertson

visited Sunday with his parents in Lubbock. They also visited Mrs. Royal Henson in the Plains hospital.

Those attending the Garner reunion were Mr. and Mrs. J. C. Armstrong, Mr. and Mrs. C. S. Carroll and Linda Kay, Mr. and Mrs. Happy Garner and family of Brownfield, Miss Bobby Ann and Jerry Garner, Mr. and Mrs. Clin Carter and family of Plainview and their parents, Mr. and Mrs. John Garner.

Rev. Kettler visited Sunday with Mr. and Mrs. Tommy Pettigrew and family.

Mr. and Mrs. L. P. Carroll of Meadow visited Mr. and Mrs. L. A. Bagwell Sunday.

Elijah Henderson of Lubbock spent the week end with his parents, Mr. and Mrs. W. J. Henderson.

ROBERT HENSON HONORED AT BIRTHDAY PARTY

Robert Alan Henson was honored on his eighth birthday with a party Sept. 3 in Coleman Park. Birthday cake, punch, mints and bubble gum were served to Shirley, Eddie and Freddie Thompson, Jimmy and Freida Newsom, Sue, Joy and Richie Shewmake, Ann and Eddie Lewis, Jerry Henson, Melba, Johnny and Micky Willis, Jessie McClellan, Wayne Thompson, Edna Ruth Henson and Robert Alan Henson.

Annie Grace Nicholson left Monday for Brownwood, where she will enroll as a freshman in Howard-Payne college.

The Herald for best results!

MISS TEXAS IN CONTEST—Margaret Sue Sommers, of Dallas, is shown as she represented Texas in the bathing suit preliminary contest in Atlantic City.

N. J. Judges of the Miss America Beauty Pageant did not include Miss Sommers in the six preliminary winners, but the audience liked her singing. (AP photo)

Worms Are Still Going Pretty Strong

The old farmer is having his day, this year. We might add that he is having part of the night too, as in driving out after dark, we have seen not a few spraying or dusting machines in operation, and have not had a few to tell us that, "I borrowed Bill's spraying machine after he finished spraying about midnight, and ran it the rest of the night, spraying leaf worms."

So, they have pizened and pizened and pizened, and still there are some leaf worms. No one wants to get any kind of poison too strong and maybe injure the cotton plant. Many have told us that they have sprayed three or four times. It was thought that the cold rain last week would help some, but evidently there is a new crop of the little boosters.

Another right discouraging note is that in some places the boll worms are getting quite rampant. Leaves us wondering sometimes how in heck the farmer ever raised anything back before poisoning came in vogue.

DR. RICHARDSON ATTENDS OPTOMETRIC MEETING

Dr. Gordon E. Richardson of Brownfield attended a regular business meeting of the South Plains Optometric Society which was held Thursday evening, Sept. 7 at 7 o'clock in the office of Dr. Wayne Hardy in Levelland. The next meeting of the Society has been set for Oct. 12 and will be held in Lubbock.

PLEASANT VALLEY HD CLUB MET SEPT. 1

The Pleasant Valley HD club met in the home of Mrs. Henry Massingill Sept. 1.

Mrs. Riley, president, was in charge of the business meeting.

Miss Dunlap, home demonstration agent, gave her demonstration on "New Ways of Preparing Vegetables."

A delicious refreshment plate was served to Mesdames Riley, W. P. Forbus, Cullen Forbus, George, Dawson, Henson, Cab-biness, Harold Forbes, Durham, Willis Dunlap and the hostess.

THE PATTONS ARE LONG TIME READERS

Had a renewal to the Herald from Mrs. W. T. Patton, on East Hill one day recently, in which she apologized for being a bit slow. That is OK, Mrs. Patton, we too are slow sometimes, the effect of our head; not the heart.

The Pattons came to Terry county back in the twenties and have been constant readers since. And we believe all the married children are also readers. She says she's always glad when Friday comes, and with it the Herald. Thanks a lot, old friend!

STRICTLY FRESH

A MINISTER in Topeka, Kan., complains that the loud-speakers at a nearby baseball park drown out his Sunday sermons. Guess he doesn't follow baseball religiously.

In London's New Garden Park, two newly purchased geese, who were placed in a pond, sank and had to be rescued. But they had too much "down" on them.

In the 11th National Turtle Derby at Chicago, a hard-shell flashed over the 20-foot course in

21.4 seconds to beat 274 entrants. Wonder if there were a lot of withdrawals during the race.

During the first few weeks of school, teachers find the three "R's" written on every pupil's face, "Resentment, Reluctance and Rambunctiousness."

A thief in Knoxville, Tenn., rifed a construction house project, stealing keys for all the new locks to be installed in a housing development. That's what we call planning for the future.

TICKLISH TOPPER—A riot of multicolored velvet ribbons stream from Mago Hayes' "Toss up," an amusing little cap from the New York designer's fall collection. The flirtatious headgear, which may tickle the nape of milady's neck, falls just long enough to cover a close-cropped hair-do.

Meadow Bronchos Begin Season

Friday, (today), Sept. 15, at 8 p.m. will be the kick off for the 1950 football season for the Meadow Bronchos. These 1949 District 4B champions will meet the ever threatening Idalou Wildcats. Last year, the powerful Meadow team won 10 games and lost only one to the Olton Mustangs in a Bi-District playoff. The final score of the 1949 Meadow-Idalou clash was in Meadow's favor with a score of 26 to 14.

Coach Lloyd Hunt, a West Texas State graduate, and Roland Drake, grad of Tech, have been working since Sept. 1 with the 33 boys who have reported for the daily workouts. Of this roster, nine are seniors and 14 retiring lettermen. Six of these boys, Tommy Ashburn, Norman Locketh, Gene Joplin, Elvise Duncan and Lawrence, all seniors, were starters on the 1949 championship team.

Meadow has changed from District 4B of 1949 to District 5B for this year and this district will be in Region 2. The football schedule for 1950 includes five home games: Sept. 15, Idalou; Oct. 6, Olton; Oct. 20, Whiteface; Nov. 3, Seagraves.

The remainder of the schedule which will be played away from home includes the following games: Sept. 29, Ropes; Oct. 13, Wellman; Oct. 27, Plains; Nov. 17, Sundown.

Jaycees Institute Crusade for Freedom

W. G. Daniel, Dallas, president of the Texas Junior Chamber of Commerce announced today the endorsement and full active support of all Texas Jaycee clubs in the "Crusade for Freedom" campaign.

McDaniel said, "The 'Crusade for Freedom' is a national campaign to enlist every freedom loving American in a gigantic effort to halt communism and save freedom as we know it in America."

The nationwide campaign was launched by Gen. Dwight Eisenhower in a nationwide broadcast from Denver on Sept. 4.

The Jaycee plan of action in its 131 local organizations, will be to actively solicit signatures on freedom scrolls from every man, woman and child in their community. Upon completion, these scrolls will be sent to Berlin, Germany where they will be permanently enshrined in the base of the Freedom Bell.

The Freedom Bell was recently forged in Croydon, England, and was due to arrive in New York Sept. 11 where it will start its nationwide tour. Elwood Weylandt of Odessa, state Americanism chairman for the Texas Jaycees, will be coordinator of the state Jaycee participation in the Crusade for Freedom campaign.

field, Mrs. J. J. Whitley, Brownfield.

Surgical Patients: Roy Fulton, Brownfield, Mrs. J. M. Overton, Plains, Mrs. L. B. Gulbert, Brownfield, Yvonne Herring, Union, Mrs. W. G. Smart, Seagraves and Derr Trigg, Wellman. Accident Patients: Mrs. Hugh Rowden, Brownfield, Frank Ratliff, Brownfield, and W. V. Guirroz, Brownfield.

Muldrow On WTCC Committee

Four important committees have just been named by the West Texas Chamber of Commerce President, J. M. Wilson, Sr. of Floydada, to act between Sept. 1 and January 1951 with reference to the present and the future proposed reorganization and revitalization of the West Texas Chamber of Commerce.

For the annual fall convention of the organization, scheduled for Mineral Wells, October 19-20, the following have been placed in charge of the program for the two day session: Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston Cleburne; Anthony Fenoglio, Nocona; J. B. Thomas, Fort Worth.

A committee to study and plan the organization's program of work for 1951 consists of Jerry Debenport, Odessa, chairman; R. W. Whipkey, Big Spring; Clarence Whiteside, Lubbock; C. E. McCutcheon, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. R. Wright, Vernon; P. C. Stacy, Granbury; James N. Allison, Midland; Amos G. Carter, Jr., Fort Worth; Howard Gault, Hereford; Alton B. Bell, Crowell; Howard Vaughn, Levelland; Carl Harrison, Memphis; Aubrey L. Townsend, Brady.

A committee on nominations for 1951 includes Roy Bourland, Pampa, chairman; J. S. Bridwell, Wichita Falls; John Couch, Haskell; Lawrence A. Hagy, Amarillo; A. M. Muldrow, Brownfield. Budget needs of the WTCC for 1951 are tentatively estimated at a minimum of \$100,000. This almost doubles the approximate budget in 1950. Members of the 1951 Budget Committee are Joe Bridwell, Wichita Falls, chairman; Lawrence Hagy, Amarillo; Clyde Westfall, Stamford, Jerry Debenport, Odessa, and H. G. Parr.

New Machinery At Herman Gin

For some time we have been noticing some activity down at the Herman Gin, the original of the several now operated by the Chesshir-Travis interests, and wondered just what was going on down there. This week, that smiling gentleman called at the Herald on business and we cornered him for a bit of questioning.

He stated that practically all new machinery, including gin stands were being put in the Herman gin this season, and they'd be ready to hit the season with machinery that should make the season run with a minimum of stops. We believe he stated the same hullers would be used, but that part was replaced just a short time ago.

The long grinding season of four shifts last season, when we had the bumper crop of all times, told on the gin machinery, and we understand that several of our ginmen are having to replace much of it this season.

Revival At First Baptist Church

The revival at the First Baptist church will begin this coming Sunday morning with Rev. Fred Stumpp, pastor, as the evangelist. His sermon topic for the morning is "Amend Thy Ways." The choir under the direction of Gerald Nelson will sing "What If It Were Today?" "What It Costs Not To Be A Christian" is the subject of the evening message. Sam Allen from Wayland College, who will lead the music for the revival, will be present for the Sunday evening service.

In preparation for the revival, cottage prayer meetings have been held each evening the past week in different homes, except Wednesday, when all gathered at the church for a mass prayer service. On Tuesday evening a visitation program under the direction of Mr. Nelson was conducted.

Sunday morning at 9:10, a 20 minute prayer service will be held before Sunday school. At 7:30 each evening next week different groups will meet separately for prayer before the evening service.

Monday through Friday at 10 a.m., Rev. Stumpp will conduct an expository study of the book of First Thessalonians. Everyone is urged to bring their Bible for this study. The public is cordially invited to attend services at 10 a.m. and 8 p.m.

School . . .

(Continued from page 1) ment of 580, together with junior high that teaches up to high school.

The high school had an enrollment of 396. The Gomez ward school teaches to the sixth grade and had an enrollment of 117. Mr. Cowan did not give out any figures for the Phyllis Wheatley colored school, but it will likely be more than last year as the colored population is constantly increasing.

Mr. Cowan made it plain that the school was going to be very badly crowded until the new half million dollar high school building is completed, which is not now expected until somewhere about the end of the first semester. He stated that all that possibly could be done, would be done to keep all students in the full day, and that half day periods would be avoided if at all possible.

This is going to be a hard ambition to realize in view of the fact that that, as he went on to state, the enrollment was increasing daily as new people moved into the district.

The people are behind Mr. Cowan and his faculty in any move they make for the betterment of our school system, and to inconvenience both pupils and teachers as little as possible.

WE'RE STILL GETTING BIRTHDAY PRESENTS

While down at Brownwood the Triggs presented us with a nice shirt and two hankies, both late on account of unexpected early arrival of Sara Beth. Better late than never, they say. But now that we are 70 and living on borrowed time, we hope the folks will forget our birthdays.

Mrs. Eldora White visited her son, Mr. and Mrs. Ted White in Kermit Sunday.

Have news? Call the Herald.

FFA Boys To Attend State Fair In Dallas

The Brownfield FFA boys are planning to attend the State Fair in Dallas, which will be held Oct. 7-21. All FFA boys with the exception of the greenhands are planning to make the trip. The group will leave Oct. 6 and will be in Dallas for the opening day, Oct. 7.

Gov. Allan Shivers will give the welcome address at the opening of the fair and will cut the tape for the first guests to enter. The group will tour the livestock and agriculture exhibits together, and the remainder of their time will be spent seeing the things they desire. They will return Monday, Oct. 9.

Those members entering livestock exhibits will leave for the fair Oct. 16 and remain in Dallas until the 19th. Those FFA boys showing calves are Jerrel Rowden, Royce Kelly, Ray Latham, Charles Cabiness and Orval Miller. They will show their calves in commercial classes which is the same method that is used in Terry county. The prizes will be between \$16 and \$20 per head which will depend on the calves placing.

The FFA and FFA are planning a joint hayride for Monday, Sept. 25, and all boys are asked to bring 25¢ for the food. Plans for the route of the hayride are still pending. About 120 boys and girls are expected to attend.

Wesley Britton Gets Jersey Heifer

Wesley Britton, 4-H boy from Gomez, received a registered Jersey heifer this week through the Jersey heifer program started by the business men of Brownfield to increase the interest in livestock in Terry county.

Wesley received his heifer from Paul Campbell, manager of Cobb's department store who is one of the sponsors. The business man gives a 4-H boy a Jersey heifer, and the boy must return his first heifer calf to the merchant. In turn the merchant keeps giving the calves to 4-H members and the livestock industry is increased. Larry Lindsey, a Wellman 4-H boy, had returned this heifer to Mr. Campbell. This program is open to all 4-H club and vocational agriculture boys whose fathers own their land or are well established tenants. Jim Foy, county agent, reported that a short course for all 4-H leaders will be held in Lubbock Saturday, Sept. 16.

LUBBOCK WOMAN KILLED TUES. NIGHT

Caused from what highway patrolmen thought was slick pavement, a car went out of control 14 miles west of town Tuesday night, and Miss Tommye Sue Morgan, 23, of Lubbock, was killed. Her traveling companion, James Johnson, also of Lubbock, was seriously hurt, and treated at the local hospital, and transferred to a Lubbock hospital.

Patrolmen said both Miss Morgan and Johnson were thrown clear of the car, which apparently turned over three times. Johnson had a fractured leg. Seemingly the car got off on the shoulder, and in making too quick a turn to get back on the pavement, the car began turning over.

SHERIFF'S POSSE ATTENDS RODEO AND FAIR

Members of the Terry County Sheriff's Posse left this morning for Lovington, N. M., where they will participate in the Lovington rodeo and fair parade. They will ride in the grand entree of the rodeo.

DO THEY NEED ME?—Dr. P. G. Lovenskiold, oldest practicing dentist in Corpus Christi, Texas, recently was asked by the military to fill in a questionnaire giving his qualifications for military duty in Korea. He duly recorded the facts, including his age, 83 years. Dr. Lovenskiold, former Corpus Christi mayor, says he is ready to go if they need him. (AP photo)

Miss Foster Complimented With Pre-Bridal Showers

Miss Lois June Foster, bride-elect of Billy Blankenship, was honored with a series of bridal showers last week. She was complimented with a kitchen shower Thursday evening, Sept. 7, at 7 o'clock in the L. B. Forbus home. Hostesses honoring Miss Foster were Misses Von Forbus, and Betty Ann Ferguson and Mesdames Mack Ross and Jack Tankersley. Yellow pom poms flanked by yellow tapers centered the refreshment table.

Miscellaneous Shower

A miscellaneous bridal shower honoring Miss Foster was held Friday afternoon, Sept. 8 from 4 to 6 o'clock in the Seleta Jane Brownfield club house.

Hostesses complimenting the bride-elect were Mesdames A. W. Turner, W. E. Latham, C. E. Ross, E. L. Morgan, Ida Bruton, Walter Breedlove, Arlie Lowmire, Lee Fulton, W. F. McCracken, Martin Line, James King, Joe Shelton, John Akers, Jessie Randal, Gaster Spencer, Chick Lee, Shorty Forbus, Ralph Ferguson, Bob Brown, and Ione Turner.

Mrs. W. E. Latham greeted the guests and presented them to the bride-elect, Mrs. W. B. Brown, grandmother of the honoree, Mrs. Edna Bailey, mother of the groom, and Mrs. Betty Criswell, grand-

mother of the groom. Mrs. Pearl Johnson, great-grandmother of the honoree, registered guests in the bride's book. Mrs. Walter Breedlove played piano selections during the afternoon.

The bride's chosen colors of bronze and dusty rose were carried out in the motif. The mantle piece of dusty pink asters was flanked by rose tapers. The refreshment table was laid with a white cut work cloth topped with a centerpiece of dusty rose dahlias and matching candles with bronze satin streamers.

Refreshments of cookies, nuts and sherbet were served to the guests. Presiding at the table were Mesdames Jessie Randal and Fannie Maupin, aunt of the groom.

Other hostesses displayed gifts and assisted with the refreshments.

PLEASURE CLUB MET WITH MRS. BARRETT

Mrs. Mike Barrett entertained the Pleasure club Wednesday evening, Sept. 6 at a local restaurant.

Pecan pie and coffee were served to Mesdames Joe Shelton, George Germany, Jack Hamilton, Walter Hord, Lee Brownfield, Tom Harris, N. L. Mason, Bill Anderson, J. T. Bowman, Tommy Zorns, C. C. Primm, Harmon Howze and the hostess.

Mrs. Bowman won high, Mrs. Hamilton second and Mrs. Hord won bingo.

Mrs. Jack Johnson and daughter of Tyler are visiting her brother, Roy Jenkins, this week.

Williams-Gray Vows Read September 9

Miss Dortha Williams, daughter of Mr. and Mrs. Phillip Williams of Tokio, became the bride of Bill Gray, son of Mrs. R. L. Gray of Snyder, Saturday, Sept. 9, at 11 a.m. in the Methodist parsonage in Lovington, N. M.

Rev. W. R. Houston, pastor of the First Methodist church, read the double ring ceremony. For her wedding ensemble the bride chose a gray suit with black accessories and a corsage of orchid camellias.

The bride's only attendant was her matron of honor, Mrs. Alford Bearden of Tokio, aunt of the bride.

Bobby Gray of Snyder served his brother as best man.

Following a wedding trip to Louisiana and Mississippi, the couple will be at home in Tokio.

The bride is a graduate of Plains high school and has attended business college in Lubbock. The groom is a graduate of Snyder high school and has attended Texas Tech at Lubbock.

WELLMAN FHA TO INSTALL OFFICERS

The Future Homemakers of Wellman will hold their installation for their new 1950-51 club officers tonight, Friday, Sept. 15, at 8 o'clock in the Wellman gymnasium.

The following girls will be installed as new officers: Frances Gibson, president; Patsy Hyman, vice-president; Joyce Bryant, secretary; Esta Pae Beavers, treasurer; Beth Golden, reporter; Annie Ruth Livesay, parliamentarian; Peggy Foust, historian; Charlene DuBose, song leader; and Robbie Currie, sergeant at arms.

The parents and friends of the FHA members are cordially invited to attend.

The Terry County Herald

WANDA STAFFORD, Society Editor

BROWNFIELD, TEXAS, FRIDAY, SEPT. 15, 1950

Bridal Parties Honor Jane Wier

Bridal parties continued to honor Miss Jane Wier, bride-elect of Russell Stephens, throughout the week.

Mr. and Mrs. Doug Love and Mr. and Mrs. Clyde Bond honored the couple with a chicken fry and linen shower Saturday evening in the Doug Lowe home.

An arrangement of yellow margigolds with red fall leaves centered the coffee table, and other fall flowers decorated the house. Following the serving of the buffet style supper, the couples played games of canasta.

Those attending were Mesdames and Messrs. Frank Wier parents of the bride-elect, Bill Marchbanks, W. W. Marchbanks, Chas. Hamilton, Hershel Hargrove, Hal Forbes, Lloyd Dawson, Jerry McNeal, Carrol Rowden, Mac McCain, Glen Webber, and Billy Bond, Nancy Wier, Rance King, Mr. and Mrs. Jay King and Robert Jay, the honoree and hosts and hostesses.

Several couples who were unable to attend sent gifts.

Miscellaneous Shower

A miscellaneous shower and tea honored Miss Wier Wednesday afternoon, Sept. 13, from 4 to 6 in the A. H. Daniell home. Those feting the honoree as hostesses were Mesdames W. A. Bell, E. W. Rambo, Looe Miller, Phil Gaasch, R. L. Harris, Leo Holmes, John King, R. M. Paddock, Homer Nelson, A. T. Stafford, Ray

Langford-Bradley Vows Read In Home

Before an archway banked with fern and gladioli and burning tapers in candelabra, Miss Wanda Langford, daughter of Mr. and Mrs. J. L. Langford, and Bradford Bradley, son of Mr. and Mrs. Bud Bradley of Shreveport, La., were married in a home ceremony.

The single ring vows were read on the home of the bride's parents, Route 1, by Rev. Vance Zinn, pastor of the Challis Baptist church.

Pre-nuptial music was played by Mrs. Donald Widgeon, pianist. Mrs. Widgeon accompanied Mrs. Ray Langford and Marshall Loyd who sang "I Love You Truly."

The bride's wedding ensemble included a beige suit with brown and green accessories. Her corsage was made of white gardenias. She carried out the bridal traditions by carrying a small white Bible for something old; wearing a pair of ear rings for something borrowed; and the traditional blue garters for something new. A penny was placed in her shoe for luck.

Mrs. Marshall Loyd, sister of the bride attended as matron of honor. She chose a rose beige dress with black accessories. Her corsage was made of philaenopsis orchid.

Serving the groom as best man was B. F. Fowler of Lubbock. Marlyn Loyd, nephew of the bride, was candle lighter.

Immediately following the ceremony a reception was held in the home of the bride's parents. The refreshment table was laid with a lace cloth over blue satin and centered with a three tiered wedding cake. Arrangements of white gladioli were placed at each end of the bride's table. Assisting at the refreshment table were Mrs. Donald Widgeon and Miss Elsie Gossett.

Guests attending the wedding and reception were Mr. and Mrs. Ray Langford of Idalou; Mr. and Mrs. Frank Gray, Mr. and Mrs. Dee Langford, L. V. Langford, Gene Langford, Mr. and Mrs. J. L. Langford, Mrs. J. J. Andress and Tommy Sue, all of Brownfield; Mr. and Mrs. Bill Fowler and daughter, Gretchen, Mr. and Mrs. Bill Boyd, Mrs. Donald Widgeon and Miss Elsie Gossett, all of Lubbock, and Marshall Loyd and children of San Angelo.

For traveling the bride chose a brown suit with brown accessories. Following a wedding trip to Dallas, the couple will be at home at 505 College Ave. in Lubbock.

Schmidt, R. W. Kiofanda and A. A. Daniell.

Mmes. E. W. Rambo and R. L. Harris greeted the guests and presented them to Mrs. A. H. Daniell, the bride-elect and Mrs. Frank Wier.

Alternating at the ice blue satin bride's book trimmed with orange blossoms were Misses Carolyn Harris and Flo Stafford. The bride's book was made by Mrs. E. W. Rambo.

The refreshment table was laid with a Maderia cut work cloth over blue which was carrying out the bride's chosen colors of blue and white. The centerpiece was a tiered semi circle of styro foam outlined in blue pom pom mums centered with a cathedral with a miniautre bridal couple. The cathedral was topped with a styro foam arch also outlined in blue pom pom mums. The styro foam centerpiece centered a reflector which was flanked by blue candles. Three streamers of styro foam extended from the tiered semi circle with "Jane" and "Russell" and the date of their marriage, Sept. 22. The buffet featured a tree limb with blue flowers extending from the branches and pom poms at the base and flanked by slim blue tapers. Garden flowers were used throughout the house.

Refreshments of blue cake squares topped with white for get-me-nots, mint flavored pop corn crunch, and spiced lemon ade were served to the guests. Mesdames W. A. Bell and John King alternated at the punch bowl. Miss Betty Holmes and Mrs. Virgil Short assisted with the serving.

Record selections were played throughout the afternoon. Other members of the house party displayed the gifts.

Jack Latham of Oroville, Calif., is here visiting the Chisholm families. His wife, the former Ethel Chisholm, did not come, as she was here earlier in the year at the funeral of her mother.

Mrs. Bernice Huckabee visited her son and family, Mr. and Mrs. DuBose Huckabee and daughter, in Snyder Sunday.

Mr. and Mrs. W. M. DuBose and Charlie visited L. P. DuBose and family in Ralls Sunday.

Women's Guild Mets With Mrs. King

The Women's Service Guild of the Presbyterian church met Monday afternoon at 2:30 for their regular meeting in the John King home.

Mrs. A. H. Pierce gave the devotional taken from the sixth chapter of John, the fifteenth chapter of Matthew and the ninth chapter of Mark. Mrs. James King, president of the Guild, presided at the regular business meeting.

Following the business session, punch and cookies were served to Mesdames A. T. Pickett, J. S. Carter, L. L. Hamilton, W. B. Brown, A. M. Muldrow, A. H. Pierce, James King and the hostess, Mrs. John King.

MRS. JERRY DUMAS HOSTESS TO CIRCLE

The Lois Glass Circle of the First Baptist church met in the home of Mrs. Jerry Dumas Monday, Sept. 11 with seven members present.

Mrs. E. D. Yeatta taught the lesson mission study.

During the business meeting the following officers were elected: Mrs. Roma Dumas, chairman; Mrs. R. E. Townsen, secretary; Mrs. E. D. Yeatts, mission teacher; Mrs. Jerry Dumas, community mission chairman; Mrs. Ely Jones, program and literature chairman. Others present were Mrs. George Wade and Mrs. Erma Riley.

Mrs. Beulah Atkins of Tahoka visited in the E. D. Duncan and T. L. Smyth homes in Wellman last week.

Stafford's Teentime Lines

Hi Kids!

Everyone is donning the old BHS colors of red and white and are going to Tahoka to support those winning Cubs in their first conference game tonight. It simply wonderful to see the Cubs take the upper hand against the Wildcats, and I know they are going to have a good season.

The cheer leaders assisting Eddy Courtney, head cheerleader, are JoAnn Machen, Verna Winn, Wynelle Webb and Jean Welch. They certainly kept the student body yelling Friday night.

A clever way to support the Cubs is to buy you a hand made belt with Brownfield Cubs on the back. If you haven't seen one, drop by Partell Clothiers and they will be glad to show them to you.

The new fad that is raging the country side is the playing of "Ukes." This fad began sweeping other states about seven months ago and since then a million and a half ukeleles have been sold. Before Arthur Godfrey started this fad, an average of ten thousand each year was being sold. The latest attachment is the indicator buttons which fits over the fingerboard of any ukelele. The attachment is placed on the fingerboard so that the indicator buttons will produce the desired chords by merely pressing the buttons. If you haven't seen a "uke" drop by the Melody Mart and Mrs. Short will be happy to show them to you. It's fun to take them to school and have your pals do autograph

them. Gilbert Nunn bought one before he left for school, and was progressing with his lessons.

According to the sales at the Melody Mart, the most popular record this week is "I'll Never Be Free," by Kay Starr.

Norma Jo Boyd left for Canyon Monday where she will enroll at WTSTC, Jo was one of the cheerleaders for the Buffaloes last year, so good luck this year! A new girl on the BHS campus is Pat Bailey of Seagraves. Pat has been a cheerleader at Seagraves for the past two years, and I saw her supporting the Cubs Friday night.

I guess I'll always be sentimental over my wonderful high school years so I'll tell you about a dinner for the 1949 cheerleaders of BHS. Scharlynn Daniell and Norma Jo Boyd prepared a five course dinner for Jackie Allen and myself. The table decorations consisted of a fustoria bowl with four red roses, with four burning candles. The place cards were very unique, they were our 1949 cheerleader pictures. The dinner was wonderful, and we had a grand time.

Betty Holmes will leave for Dallas this week end where she will be a junior physical education major at Southern Methodist University.

Wedding bells will chime Sunday afternoon for Lois June Foster and Billy Blankenship. They will live in Brownfield when they return from their honeymoon.

Good Luck Cubs!
Bye now

Getting Fall Pullets Into Production

Poultrymen should be doing the jobs now that will mean more fall and winter egg production and getting the laying houses ready should be high on the list says J. C. Williams, assistant extension poultry husbandman of Texas A & M college.

Williams recommends that the house be thoroughly cleaned and disinfected to remove all possibilities of diseases or parasites. He says that the buildings may need repairing and some of the hinges on the doors, windows or shutters may need to be replaced or adjusted.

He points out that clean windows let in more sunlight, which is a source of vitamin D for the layers.

For each five birds, he advises providing one nest and at least three inches of feeder space per hen. Watering facilities should provide each 100 hens with from five to eight gallons of water a day, and each hen needs at least eight inches of roosting space.

Litter also is important, and should be from four to six inches deep in order to keep the moisture in the house down. Wood shavings, sand, ground corn cobs, shucks, cane pulp, straw or other kinds of litter can be used. The

kind of litter is not important as long as it will absorb moisture. The time to place birds in their winter laying quarters is, when they have come into about 20 per cent of production.

Three square feet of housing space per hen is enough for the lighter breeds such as Leghorns, but four square feet will be needed per bird for the heavier breeds.

Williams says that he personally prefers to keep laying hens confined at all times. His reason is that since plenty of space is being provided in the house for every bird to be comfortable during extremely bad weather and plenty of feed, water, roosting space and adequate ventilation are being furnished, it is unnecessary to turn them out of a house when all conditions inside of it are favorable for maximum production.

PLANE HURTS CAMEL RIDERS

TRIPOLI, Libya —(P)— Add low flying planes to the list of hazards of camel riding. Two Arab camel riders were injured seriously when struck by a plane on the main coast road out of Tripoli.

The plane, flying low over the camel caravan, struck the two riders with its undercarriage.

stroyed by adding soda to vegetables while cooking.

TERRY COUNTY HERALD, FRIDAY, SEPT. 15, 1950

SIDE VIEW NAIL PICKER

The magnetic nail picker of the Texas Highway Department will arrive in Terry county soon to sweep the highways and road shoulders in this area of metal objects. P. S. Bailey, State High-

way Maintenance Engineer, points out to John Nations, Director of the equipment division, the nails screws, spikes and other metal collected on a short run. Joe Webb of San Angelo is the driver.

REAR VIEW NAIL PICKER

Electric magnets at the rear of the nail picker collect loose metal objects. The magnets are activated by a large generator

in the bed of the truck and are strong enough to pick up man-hole covers. Gathered in this pile of scrap metal are 2000 potential punctures.

LAST GAP IN WHITNEY DAM TO BE CLOSED

K. B. McWilliams of Hillsboro had occasion to send his newest last week, and enclosed a clipping from the Hillsboro Mirror showing the huge \$42,000,000 dam across the Brazos at Whitney.

The statement under the photo said that the one remaining gap shown was all that was lacking in completion of the dam. Water has already been diverted through sluice ways in order to connect this one length in the big dam. It will be 160 feet high near stream bed, and over 3 miles long.

When it is complete, we aim to go down and spend a week with the Macks and let them and our wife catch all the fish we want to eat. Said cotton was coming in nicely, with prices high but a short crop.

SELF DEFENSE!

CHICAGO —(P)— Mrs. Mary Dickson thinks individuals, as well as nations, should be armed against aggressors. She was on her way home from her job as a waitress one night when a man tried to grab her. She took a firm grip on her blackjack and struck him a half dozen blows. The man beat a staggering retreat.

PEANUT DIET

WINNIPEG —(P)— Officials of Assiniboine Park Zoo say the peanut throwing public provides more than half the food required by zoo animals during the summer months.

TEXAS SEES TO IT KIDS GET TO SCHOOL

Texasans are now taking good care of their million and a half school children including the transportation of 320,000 of them, 55,550,365 miles during the last school year.

Nearly 6,000 public school buses carried the children to and from their homes during the 175 school days last school term a distance equal to 2,222 trips around the world at the equator. The total daily travel was 317,431 miles.

State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$10,346,175. Only children living two or more miles from their school are provided transportation.

Advertisement For Bids

Sealed proposals will be received at the office of the City Secretary for the City of Brownfield, Texas until 8:00 P.M. September 25, 1950 for the construction of a Municipal Building. Any bids received after closing time will be returned unopened.

Bids will be received separately for the General Construction, Electrical Wiring, Plumbing, Air Conditioning and the Prison Equipment.

A Cashier's check, certified check or acceptable bidder's bond, payable to the Owner, in an amount of not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the labor trades council for this area, and which are listed in the Specifications.

In case of ambiguity or lack of clearness in stating prices in the proposal, the Owner reserves the right to adopt the prices written in words, or to reject the proposal.

The Owner reserves the right to reject any or all bids and to waive formalities.

Plans and Specifications may be examined without charge in the office of the Architects, and may be procured from the Butler-Brasher Company, 406 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the Plans and Specifications. The full amount of this deposit will be returned to each bidder immediately upon the return of the Plans and Specifications in good condition. No refund on contract documents and Plans returned later than ten days after the award of contract will be obligatory.

Additional sets of Plans and Specifications may be procured from the above upon a deposit of \$25.00 each, as a guarantee of their safe return within 10 days from date of opening of bids, in which event, \$15.00 (amount of deposit less actual cost of reproduction) of the deposit will be returned.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty (30) days.

C. C. PRIMM, Mayor
City of Brownfield.

ATTEST:
J. H. Aschenbeck
City Secretary
City of Brownfield.

Tech Has Brilliant History and Future

Texas Technological college, entering its second 25 years of existence, has a future as brilliant as its relatively short history.

Dr. D. M. Wiggins, Texas Tech's fifth president, has developed a tremendous building program for the college, both physically and academically. As Texas Tech observes its Silver Anniversary, Dr. Wiggins is beginning his third year of tenure at the institution.

Of primary importance is the \$4,000,000 building program now under construction.

Structures now being completed include the \$750,000 addition of two wings to the Administration Building, expected to be completed about Feb. 1, 1951; the \$1,007,000 Science Building, expected to be completed April 1, 1951; the \$60,000 to the Petroleum Engineering Building, to be finished about Feb. 1, 1951.

And the \$500,000 addition to the Home Economics building to be completed about May 1 of next year; the \$272,000 Music building due to be ready next August; the utilities system costing 240,000, expected to be com-

WENT DOWN TO SEE NEW GRAND DAUGHTER

The Sr. and Jr. members of this firm went to Brownwood Saturday afternoon, returning Sunday afternoon. The Jr. had never seen his little niece, Miss Sara Beth Trigg, and her grand dad had not seen her since she was a day old.

Sallie T. was doing fine, much better than for awhile, and the baby had gained 2 pounds, and was nearly white. Very pretty little mite, we think. Of course all grandpas think their grand kids are the prettiest.

The Triggs are renting a house in Snyder to live in until their new home is completed. That will cut the mileage one way to 96 instead of 260 at present, when we want to see them. The trip was also partly to bring home Grandma Stricklin who spent most of August and part of Sept. down there.

pleted this December; the \$51,000 Stock Judging pavilion, set for March of next year; the Veterinary Science building costing \$116,000, set for completion next April, and the Agriculture Engineering building, \$373,000, on which ground was broken Saturday. The completion date is August of next year.

Puny Parasite, But Has A Wallop

A puny little parasite no more than a quarter inch long when it's full-grown can turn a champion weight lifter into an anemic cream puff.

Even while it's still a baby, this pernicious parasite can make a wheezing weakling out of a top field hand, and turn a stout boy's muscles to the texture of soft butter.

It's a hookworm. State Health Officer Geo. W. Cox, with understandable disdain, pfts the finger on it as the cause of so-called toe itch, dew itch, ground itch, and summer scratch.

Says he: "All these itches are provincial ways of saying hookworm."

Dr. Cox says, his department has been waging a ten year battle against hookworms in Texas, and that deep inroads have been made into its natural habitat, especially in eastern and southern sections. Health experts know what it is and how it gets into the human body, but the big job is in convincing people that they ought to do something about it.

Hookworms live a double life, the health official says, half in the intestines of a human being and half in the soil around an

open pit privy. The female lays eggs while attached to the intestine.

Eggs pass from the body, and hatch within 24 hours. Then the young worm lies in wait for the first unsuspecting barefoot person—usually a youngster—to come by. It pierces the foot skin and slowly inches its way deeper and deeper into the body until it reaches the intestinal tract where the cycle starts again.

"It is a disease," Dr. Cox says, "that stunts the growth of children, causes skin discoloration, loss of weight and anemia." Severe infestations often cause a morbid craving for such things as chalk or dirt, he adds.

But it's easy enough to control—merely by building properly designed sanitary pit privies or septic tanks. That, and wearing shoes.

A good many children in various rural sections have had light infestations all their lives, and have never known what it means to feel entirely well.

CIGARET TAX REVENUE EXCEEDS \$3,000,000

AUSTIN—(P)—Monthly revenue from the state cigarette tax exceeded \$3,000,000 for the first time in history in August.

Cigarette smokers contributed \$3,159,482 to the state treasury, Comptroller Robert S. Calvert reported.

EVEN THE SHERIFF MUST SWEEP—Sheriff Lloyd Merritt of Scurry county, doubles as a janitor for sheriffs of Scurry county must do their own janitor work at the jail, which includes sweeping the steps and corridors of the three-floor structure at Snyder, Texas. Prisoners clean their own quarters.

Checks for Blind and Aged Cut Another 50c

AUSTIN—(P)—State checks for needy old folks and blind people were cut another 50 cents this month. That made the grants \$1 less than the authorized amount. The first 50 cent cut had been made last April and had remained in effect through August.

Slashing the checks because funds are insufficient to take care of the increasing number of people on the public welfare rolls was announced by John H. Winters.

The executive director of the state Public Welfare Department said old age assistance checks were being mailed to 227,863 Texas citizens. The average was \$33.19 per person, and the total payment was \$7,562,829. Last month's average check was \$33.66. The net increase on the old age rolls was 612 persons.

FLIP OF COIN DECIDES COMMISSIONERS RACE

The flip of a coin decided the winner of Garza county's Precinct 1 commissioner race in a recent election.

Ernest Henderson and Boone F. Evans, the incumbent, received 520 votes apiece in the second primary. At a meeting of the county Democratic committee Friday of last week it was decided to determine the winner by the coin toss.

Henderson won.

COSTLY BEER

TIMMINS, Ont.—(P)—A customer gave Henri La Chance a 1784 German thaler for a beer. The bartender didn't notice the coin until the man had left. Now he has a coin which he calculates is worth about \$17.

COPS RESCUE STEW

CHICAGO—(P)—Mrs. Mary Huckshold had double trouble. She had locked herself out of her third floor apartment. And a stew was cooking on the kitchen stove.

Two policemen rode or, rather, climbed to the rescue on a ladder.

Notice To Bidders

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, will be received at the City Hall until 3:00 p.m. September 21, 1950, for furnishing all necessary superintendence, labor, materials, tools, and equipment for constructing a warehouse building, at which time and place the proposals will be publicly opened and read. Any bid received after the closing time will be returned unopened. The building will have approximately 7700 sq. ft. of floor space; wall will be of brick and concrete block masonry, floor of concrete, and roof deck will be supported by steel joists, beams and columns.

Each proposal must be accompanied by a Certified Check, Cashier's Check or Proposal Bond, acceptable to the Owner, in an amount equal to at least five per cent (5%) of the total amount of the bid submitted, made payable without condition to the City of Brownfield, Texas, as a guarantee that the bidder, if awarded the Contract will promptly execute such contract in the form provided and will furnish good and sufficient bond for the faithful performance of the same. Bids without the required bid security will not be considered.

The successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner. Proposals must be submitted on the form provided and, in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to reject any or all bids, to waive any formalities, and to accept the bid which seems most advantageous to the interest of the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Articles No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for Bidders, proposal forms, specifications and plans are on file at the office of Eunice Jones, Superintendent of Utilities, City Hall, Brownfield, Texas, and may be secured from Par-hill, Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas, upon deposit of \$15.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such plans and specifications; or upon returning the plans and specifications prior to the receipt of bids; otherwise, the deposit shall be forfeited.

City of Brownfield, Texas
Owner
By: C. C. Primm, Mayor.

G. I. QUESTIONS and ANSWERS

Q—As a Public Law 16 on-the-job trainee, I am required to submit report of my earnings to the VA. In that report, am I supposed to include disability compensation pay I receive from VA?

A—No. You are required to report only earnings from productive labor.

Q—Is there any limit on the size of a GI home loan?

A—There's no limit on the size of the loan itself. The limit is on the amount which VA will guarantee or insure. For loans granted after April 20, 1950, VA guarantees 60 per cent of the loan, up to a maximum guarantee of \$7,500.

Q—I am a widow receiving death pension for myself and my daughter. My daughter will be 18 this month, and is attending business school. Will I continue to receive a pension for her while she is in school?

A—Yes. So long as she is in an approved school, she will continue to receive pension—but not

after she reaches her 21st birthday.

Q—May I receive both disability compensation and state benefits for old age?

A—Yes. VA has no restriction, so far as compensation is concerned.

Q—Is there a time limit within which I must file a request for a review of the character of my discharge from the Army?

A—Your application must be filed within 15 years after date of discharge or 15 years after June 22, 1944, whichever is the later.

DRIVER PRAYS

LOS ANGELES—(P)—"I pray all the time when I'm driving," says Mrs. Anna M. Hayes. She believes this accounts for the fact that she's not received a citation in 25 years of motoring.

"I do it automatically so it doesn't interfere with my concentration on the road," she explains. Mrs. Hayes concedes that other factors might have helped her establish her good record. She lists them as courtesy, good judgment and an average speed of 35 miles an hour.

MACARTHUR SAYS UNABLE TO SECURE PEACE

TOKYO—(P)—General MacArthur Friday condemned imperialistic militarism under "unified direction" but said the United Nations is "morally and physically able" to secure world peace.

His formal statement was issued on the eve of Saturday's fifth anniversary of Japan's formal surrender. He spoke in his capacity as supreme commander for Allied powers in Japan, not

WOMEN GET THE BIRD

BAKERSFIELD, Calif.—(P)—Verle Freeman fears his cockatoo is a victim of foul play.

He complained to police that the bird, which had the habit of greeting women with a low, expressive whistle and a "hiya, babe," disappeared, possibly because someone took offense at its "wolf calls."

Now as to that welcome that some people and institutions may or may not extend to newcomers. As we have said on more than one occasion, there are new comers as well as old comers that the country would be better off without. And with the finding of oil here in abundance perhaps, right in our backyard, we shall expect an influx of all sorts. The Herald goes all out in welcoming the executives, the drillers, the roughnecks and the geologists and crews. We have met many of these folks; some have stopped at our home by taking rooms, and we have found most all of them the salt of the earth, hard working and entirely reliable. But there is the buzzard and the cartoon crow that follow the crowd where they think the pickings are easy. Notable examples of this were found when oil gushed from the wells at Burk Burnett, Ranger, McCamey, Borger, etc., back in the '20ties, and in the past two years, Snyder. Owing to a good set of officers, the latter has never got out of hand. Rangers had to be called in at the other places to handle and route the tough characters that follow booms. We heartily welcome all those who come here to make an honest dollar, and may they realize all they expect and more. Let us make it plain again, the Herald does not welcome the drunkard; the gambler, the honkytonk promoters, and the hell-for-leather gentry in general. And if such do drift in, we hope that Sheriff Ocie Murry, and his deputies, assisted by Houston Hamilton and the police force, will have both elements of the better citizenship, new comer and old timer solidly behind them, so the sordid element will not take up a permanent roosting place here. Of course we do not

expect a second Snyder here, but we do expect a good fast growth with the town taking it in stride without a jostle on account of nonexistent or poor housing for the new people who come in to help us build the town. So far as we are concerned there will be no "welcome sign" out for the crook, grafter, gambler or racketeer.

In his recent speech at McKinney, Texas, Speaker Sam Rayburn said much about loyalty to the leader, meaning Mr. Truman of course. We think it is high time that the people of this nation forget so much about loyalty to men, and more to the nation. The Dallas Morning News aptly reminds us that "loyalty owes nothing to inept leadership." And we might state here that like most of the press accounts we have read, Mr. Rayburn was addressing his speech less to a Labor Day audience than to the State Democratic convention that met at Mineral Wells this week. So long as Mr. Truman is president, Americans must be loyal to him to a certain extent. We also owe obedience to the laws of the land, whether put into force before or since Harry S. Truman has been our president. For instance, in the case of a world war, every American worthy of the name must stand behind the duly elected authorities, and do all they can to carry out the mandates of this nation. But, we might add that loyalty is not all that President Truman needs; he needs some vastly more competent men in the state and defense departments. When more than half the people of the United States fails to approve Acheson and Johnson as heads of their departments, it is time to change

horses, mid-stream or not. It really sounds bad to the people of this nation when Hiss is in the penitentiary serving time for disloyalty, and Acheson still says he's loyal to Hiss, and Mr. Truman says he is loyal to Acheson. It just don't add up to us.

Speaking of loyalty, Texas' fine Attorney General, the Hon. Price Daniel made no bones at the recent gathering of world renowned lawyers of the International Law Association at Copenhagen, Denmark. Mr. Daniel reviewed the land grab by the United States of the tidelands of California, Louisiana and Texas. It is to be hoped that the Solicitor General of the United States, Mr. Perlman, who "won" the case, was present during the Daniel speech. The Texas Attorney General left no doubt in the minds of those who heard him, that the US stepped beyond the bounds of reason and justice, and even defied and rejected the treaty between the US and Texas, in the grab. Mr. Daniel also cited a number of comparative cases that had come up in several European and English courts on a par with this case. No one could listen to the speech of Atty-Gen. Daniel for a moment, and think that Texans were so loyal to its president that it would give up property without a fight that she had held for more than 100 years. Of course if Mr. Truman wanted the State capital down at Austin, Rayburn would deed it over if he had the power. Rayburn will never be very highly respected outside his district. In a statewide race he would be hopelessly defeated, but in the many long years, 30 some odd we believe, that he has been congressman from his district, he has built such powerful political fences that a jackass and durham ball combined would have trouble breaking them down.

Along in the spring just before cotton planting time, there was much said about the acreage allotment, and that those who had a bit more than they were allowed, would be fined to the tune of some \$77 per bale. That would leave the farmer holding the bag if he gathered this cotton, paying prevailing prices. In some of the counties, those in charge of measurement have been notably slow. It is reported that down in Ellis county, some farmers have never received their notices so they may sell this year's crop. It is also reported that the elections for allotments were not all that might be desired. In one instance in Ellis county, the election was held in the office of the weekly paper, and naturally the editor heard much that was said and done. He states that many, if not all the farmers voting that day were lectured about the impor-

Triple-Threat Song and Dance Team

tance of supporting the allotment—or else. To say the least, with the present conflict over in Korea, and the possibility of another World War, not to say anything about a small carryover and a short crop this year, we can see no need of any kind of an allotment. We understand that congress is reluctant to do anything about the matter one way or the other. Personally, we look for the farmers to be turned loose to plant as much cotton as they want next year.

Many months ago, we received from Hollywood, some promotional material in regard to Lieutenant, now Captain Audie Murphy. We were struck by one statement: "He doesn't like tough guys." Sergeant York did not like tough guys, either. Major Bong, Christian gentleman and Ace of the Pacific, was far removed from the tough guy tradition. We do not believe that tough and inconsiderate treatment of men in the Armed Forces makes them better fighters. The young men at the military and naval academies are not treated with lack of consideration and yet their training could hardly be more rigorous. No one swears at them; they are not compelled to reconcile themselves to reflections upon their ancestry, and yet those of them we have met, seem to be reasonably hardy, both physically and psychologically, if that word is used in the best sense. Why should a young man, drafted from a good home where he has had the company of intelligent and courteous parents, brothers and sisters, be suddenly introduced to the manners of catfish alley as a means of making him a good soldier? Why should there be the pervading suggestion that he must drink, and otherwise compromise his home training or he is a sissy? We think that General J. M. Devine had the right idea when he said, "the best fighting man is the man whose self-respect remains unimpaired."—The Clip Sheet.

BIBLE COMMENT

Prayer and Not Progress Is Godliness

A PREACHER, traveling through the backwoods with his horse and buggy, inquired the way of a farmer. The latter inquired as to the traveler's business and the preacher replied, "I am a follower of the Lord." The native looked over the backboard rather scornfully and said, "Well, you'll never overtake him in that outfit."

This story, which to some may seem irreverent, illustrates the immense task confronting those who would be followers of the Lord in this day and age. We have moved from the backboard days into an era of atomic power, wonder drugs, and breath-taking industrial accomplishments. Thanks to the inventive genius of modern-day man, our standard of living has rocketed upward. And with space trips to other planets on the brink of our horizon, it would seem that we are truly "nurslings of immortality."

And so it is a temptation for us to forget the divine power to which we owe our existence. It is difficult for many to remember that the destiny of man is locked not in technological manuals, but in the golden pages of the Bible. We cannot reach the Lord with swept-back wings in streamlined air ships. Nor can we make him hear us with the thunderous roars of our mighty weapons of war. The tallest buildings cannot touch the hem of His robe; the most skillfully compounded drugs will not duplicate His miracles; the most efficient machines have yet to produce things as wondrously complex as the creatures of His making. How then can we overtake the Lord if our modern-day backboards are inadequate? The answer lies in prayer. For only in spiritual progress can man find success from the complex tensions he has created. And only in faith, hope and charity, can he find abiding peace on this troubled star; virtue is the only backboard that can overtake God.

had a punctured eardrum. Or maybe the one that discharged All-American Frankie Sinkwich for flatfeet in WW II. Frankie could make fifty grand a year ripping through a broken-field for a touchdown, but there wasn't anything in the Marines he could do! If the Arthur boy had been a star athlete, things might have been different. He might even have been given time to grab his hat.—Ralls Banner.

Cleveland Wants To Know About Pension

George Cleveland of Yoakum county, was in one day recently to renew for his Herald for about the umpteenth time. He wanted to know how much longer he'd have to pay for his Herald before we retired him on a pension of a free Herald for the rest of his life. Our answer did not seem to enthuse him much.

George has ranched all his life, and cattle to him is second only to members of his family. We said something about how we like to look at a nice field of maize, with long, red, ripe heads all about the same height, waiting for the combine.

What looks good to me, George said, is a nice stand of gramma and curly mesquite grass about knee high, and seeding. That, and a nice herd of Whiteface cattle on it, is the supreme picture of all times.

And he has just that. Not only this year, but last year as well.

The Low Down From Hickory Grove

A bunch of dairymen had a meeting here at Hickory last week. One milk and butter man said that our Govt. has over 100,000,000 pounds of butter on its hands that is so strong that Sambo has to tap it on the head each morning to keep it quiet. That is what the man said—exactly.

Now, what I am driving at is this—if Govt. management of butter is so lame, then how come anybody, anywhere can be in favor of putting Sambo further into even more technical and difficult tasks. In this broad land more folks must decide to listen less to will-o-the-wisp theories—and devote more time to pondering. Folks who have an off-shoot growing up and who would like to see their little "Butch" amount to a whoop, have an opportunity to show his metal, to profit according to his effort—be a pride and joy, instead of taking it easy and secure under a Govt. shade tree, these folks should take great heed of what is in the wind—as the socialist plot thickens.

Without getting personal, and choosing to make nobody mad, and not wanting to be smart, I can venture this much in favor of "thinking" versus "just listening." Look at Mr. Mule—all ears—see where he landed. Not bad, says Henry—unless the shoe fits. Thank you very much, I says.

Yours with the low down,
JO SERRA

CARD OF THANKS
We wish to express our sincere thanks and appreciation for the many courtesies extended us during the recent illness and death of our husband and father, and especially do we want to thank Dr. A. H. Daniell and the wonderful staff of nurses.
Mrs. J. P. Robertson
Mr and Mrs. Johnnie R. Robertson and children.

HOT WEATHER INQUIRY
CHICAGO —(AP)— In the midst of one of the summer's hot spells the Chicago Association of Commerce received a letter inquiring about the prospective prices of Christmas trees.

Rio Grande National Forest in Colorado has the highest average elevation of any national forest in the United States.

Make No Mistake—We Are At War

Make no mistake—we are at war. The Korean front is but one phase of a conflict that has been in the making for over a hundred years. Communism, with its atheism and cruel materialism, has constantly maintained that it could not live in the same world with capitalism, democracy and Christianity; that one or the other had to survive; and that its destiny lay in promoting revolution so that Communism might rule the world.

Through the ups and downs from the days of Karl Marx to the present moment, destruction and world conquest have been the goals toward which every move has been directed. Lying underground most of its life, it has constantly relied upon intrigue, violence and destruction to gain its ends. World revolution has been its constant aim, openly preached. The only question has been when.

The tragic agreement at Yalta, followed by intensified subversive infiltration on Russia's part, and by a coodling policy on ours, has brought about a great change in five short years. Then we were the most powerful and influential nation on earth, leading the way to what the world believed would be lasting peace. Today

Russia is holding the world in fear of war. She has swept over nearly half of Europe and Asia and through her policy of infiltration, has so weakened much of the uncontrolled areas as to make it an easy potential victim of armed force.

As with all aggressors, her purpose has been to go just as far as possible without committing any single act serious enough to arouse nations to war. With the exception of Greece, where our aid caused her to withdraw, her aggression has been largely confined to subversive activities and capturing of world governments through revolution. Statements accredited to responsible officials in Washington that Formosa and Korea would not be defended because they were not necessary to our defense plans, probably prompted the Korean attack. Here for the first time, was an attack by a Communist government upon a free nation.

Suddenly it has become unmistakably clear that if nations are to be permitted to live in freedom, Russia's course of world aggression must be stopped.

We do not know what her next step may be. If she wins Korea, it may be the first of many more such attacks throughout the world: If she sees she is about to lose, she may launch other attacks to divide our efforts. She may be testing to see if the time

Plastic Bowls Simplify Food Storage

BY BETTY LYNN CURTICE, NEA Staff Writer

ONE of the most annoying features of after-meal cleanups, to many homemakers, is the problem of what to do with leftovers. The right-sized dish has to be decided upon; a cover has to be found that will fit the dish before the exasperating search for refrigerator storage space gets underway. And, often as not, after all that trouble the bowl is overturned before its contents are used.

With these aggravations in mind, a plastic company has designed a set of refrigerator containers which make the storage of leftovers less of a chore. The five-piece assortment contains one large quart size, two pint sizes and two ten-ounce sizes, all rectangular in shape.

The bowls are flexible, to ease removal of food; lids are rigid, to allow for stacking one upon the other. The lids are also transparent to provide visibility.

Sized to fit the small shelf of the average refrigerator, the dishes are nested within a tray containing three compartments.

The tray is also useful, for serving relishes at meals, or tidbits at a party. The bowls are designed to double as small vegetable crispers or as molds for aspics or gelatin salads.

Also available are plastic food bags for perishables not ordinarily stored in dishes. Patterned after the brown paper sacks used by grocers, these bags are gusseted to allow for expansion.

They are sized to accommodate anything from half of a cut lemon to a Thanksgiving turkey. Soap and water washings keep the bags clean and fresh for re-use.

PLAINS NEWS

J. P. Robertson, 66, died Wednesday evening, Sept. 6, in the Brownfield hospital after a six weeks illness. Mr. Robertson came to Yoakum county 20 years ago, where he has been actively engaged in the cattle business. Funeral services were held at the Methodist church Friday at 2:30 p.m., with E. L. Naugle, W. P. Brian and Buddy Pettigrew officiating. Survivors are the wife, a son Johnnie and his wife and two grandchildren, Linda Lou and Johnnie, of Plains, eight sisters and two brothers.

The guest speaker at the Lions club Thursday was Rev. Tilden Armstrong, who was conducting the revival meeting at the Methodist church.

The Fine Arts Club held its first meeting at the home of Mrs. T. W. Cleveland, with Mrs. Cleveland and L. W. Smith as co-hos-

less. A very interesting program was rendered.

The Tsa-Ma-Ga club will open their club year with an autumn tea in the home of Mrs. M. W. Luna with Mrs. B. H. Powell as co-hostess. The program for the evening is on Federation. The following members will give Greetings by Mrs. Buford Elliott; Why Federate, by Mrs. W. D. Light, and a Parliamentary Drill by Mrs. B. H. Powell.

Mrs. McElroy of Sardinia visited her sister, Mrs. Roy Niccum Friday.

Mr. and Mrs. J. D. McKee of Lubbock spent the week end visiting relatives.

Mr. and Mrs. J. H. Norris of Lubbock, Mrs. Ed Raymond of Roswell, N. M., and Mrs. John Millwee of Lubbock were visitors in the J. H. Morris home.

Mr. and Mrs. John F. Camp and son are home from Fort Worth where John has been working the past two months.

FARM QUESTION BOX NO. 61

by ED W. MITCHELL
Farm Advisor
General Electric Station WGY

- Q. Is it safe to use the water off the top of a septic tank for watering the garden, root vegetables, stalk vegetables, and grass on which children play?
- A. I would say no. In theory it would be safe if no disease had been present for some time in the area, but as a practical matter, why take a chance—and besides the tank should not be disturbed except when cleaning is necessary. If you refer to growing crops over the tile drainage field, that is a little different and probably safe except when there has been recent sickness in the household.
- Q. Is there any way to clean or prevent further corrosion in an iron pipe that has started to rust?
- A. You can flush it out with acid and after rinsing thoroughly use Calgonite to coat the inside and retard the rusting. Better get an experienced plumber with suitable pumps and equipment to help you with the job.
- Q. If squash, melons and cucumbers are planted together, will they mix?
- A. They will cross-pollinate each other a little bit sometimes, but it is seldom noticeable in the present crop but may show up the next year in the hybrid seed and produce some odd specimens.
- Q. Can you give me any information on anything that will eradicate both grass and weeds in driveway?
- A. Crankcase drainings, from some nearby gas station, makes a fairly effective herbicide and also keeps down dust. Supplement this with a little 2-4-D weed killer, or "Standard Cleaner," or other sort of clearing solution. Calcium chloride, a salt commonly used to lay the dust on dirt roads, is also good to keep down weeds.
- Q. Do you know of a way a person can get rid of a bug called "sow bug"?
- A. I think dusting or spraying occasionally with DDT or arsenate of lead, or dust with a mixture of sodium fluoride and powdered sugar, equal parts, will control them. Remove rotten wood, stones and places of refuge.
- Q. Will you please tell us how to get rid of termites?
- A. Try to discover and break their mud galleries, by which means they maintain contact with moist soil; fumigate these and the nests, if you can locate them. They will soon die if they lose contact with moist earth.
- Q. Could you tell me how to clear rust stains from a marble-top table?
- A. I think your best chance is to scour it with a dilute solution of oxalic acid. Perhaps some cleanser, like Bon Ami, used in chlorox, will help.
- Q. I am thinking about raising fish-worms, and I don't know the first thing about them.
- A. Make a pit or box about three feet deep and line it with copper. By screening and put a cover on it so the worms can't run away or be easily stolen. Fill it with very rich earth and compost and seed with "capsules" or breeding stock and from there on the fishworms do the rest.

NAVY CARRIER TESTS FOR MODEL PLANE FLIERS

THOSE GLORIOUS AND MIGHTY FIGHTING LADIES, THE US AIRCRAFT CARRIERS, ARE AN IMPORTANT FIRST LINE OF AMERICA'S DEFENSE SKILL. "YANKEE KNOW HOW" MAKE THEM FLOATING ARSENALS THAT SEND FORTH A SWARM OF STINGING HORNETS.

YOUTHFUL MODEL PLANE BUILDERS HAVE BEEN STUDYING AND COPYING CARRIER FLYING TECHNIQUE. AS A RESULT, RIGID FLYING TESTS FOR CARRIER LANDINGS AND TAKE-OFFS WILL BE FEATURED IN THE WORLD'S GREATEST MODEL PLANE MEET, THE 4th INTERNATIONAL CONTEST SPONSORED BY PLYMOUTH MOTOR CORP. AT DETROIT.

has come to tackle the world, now weakened by subversive infiltration.

In any event the days of hoping that world peace will prevail without the backing of armed might are over. We must be prepared for the worst, while working harder than ever before to keep peace.

The peace of the world depends on America's strength—both military and economic strength.

The biggest mistake we can make is to fail to recognize that this is a world war in every sense. Even if the shooting is confined to Korea, the struggle will go on both on the ideological and the economic fronts. Witness what Communism has done to the church and the Christian leaders of Europe. Witness her flouting the sanctity of treaties and agreements. Witness the horrors of the police state, the slavery and brutality going on behind the iron curtain. Witness Russia's blocking all the United Nation's peace proposals, and her building what is probably the most powerful military machine in history.

Make no mistake; we are at war on the military front, the economic front and the spiritual front, and we must be fully prepared on all three—Albert S. Goss, Master, The National Grange.

Mr. and Mrs. Lee Roy Joiner and son and Mrs. S. F. Joiner, all of Tatum, N. M., visited in the E. D. Duncan home in Wellman Friday.

CLARENCE SETTLES AMONG VISITORS HERE

Here of late, we have noted many of the old timers around that we'd almost forgotten. Among them we noted Clarence Settles last week whom we had not seen in almost a generation. Clarence, a brother of Bill, is now living in Colorado, where he informed us he owns and operates a tourist court.

With the advent of deep reef oil in abundance in the wells that have been finished in Terry, those who own or share land in Terry county, are drifting in to see what it is all about. The late father of Clarence and Bill had quite a bit of property south of the city.

While Clarence has aged a bit, naturally, we had little trouble calling his surname. He has a wife and some children now, he informed us.

ISRAEL RATIONING LAW HAS TEETH

TEL AVIV, Israel (AP)—Housewives who buy foodstuffs from black marketers are getting stiff sentences in Israel's anti-profiteering courts. One Tel Aviv woman was fined \$700, with the alternative of three months in jail, for buying meat without ration coupons.

Mr. and Mrs. Keller Greenfield recently returned to Houston where he is a sophomore pre-med student in the Baylor College of Medicine. Mrs. Greenfield is teaching in the Deer Park public school system near Houston.

LOVE CIRCLE MEETS WITH MRS. SMITH

The Love Circle of the WMS met Monday with Mrs. Dell Smith.

Mrs. Criswell was in charge of the regular business meeting, and Mrs. J. H. Carpenter led the devotional. Mrs. Leonard Ches-ter gave the program, "Women of the Scriptures."

Those attending were Mesdames George Steele, E. F. Latham, Leonard Chessier, Kenneth Purteit, J. C. Criswell, J. H. Carpenter, Dell Smith, Lewis Simmonds, Monk Parker, Leo Holmes, R. J. Purteit and Tom Harris.

Mrs. Simmonds was elected new chairman, and Mrs. Monk Parker was elected secretary.

THE H. BATES MOVING BACK TO BROWNFIELD

Struck up with Henry and Ann Bates at a local cafe one day last week, and we found that they'd sold their property at Abilene, and were moving back to what they and we believe is the best town and country in the world.

After all, Ann stated, we have the best friends we ever had right here in Brownfield and Terry county. We asked if it were not harder to form friendships down in the bigger city?

Yes, Mrs. Ann replied: "They don't seem to want to warm up to a stranger, and Jack, I didn't go out of my way to try to cater to them." We know just what she meant. The Bates are in a position now that they do not have to kowtow to anyone.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending Sept. 2, 1950 were 23,695 compared with 19,393 for same week in 1949. Cars received from connections totaled 12,878 compared with 9,274 for same week in 1949. Total cars moved were 36,573 compared with 28,667 for same week in 1949. Santa Fe handled a total of 38,061 cars in preceding week of this year.

W. C. Kelly of Earth visited Mr. and Mrs. E. D. Duncan of Wellman last week.

The highest suspension bridge in the world spans the canyon of the Arkansas River over the Royal Gorge in Colorado.

4-H 'Ambassador' Reports From Greece

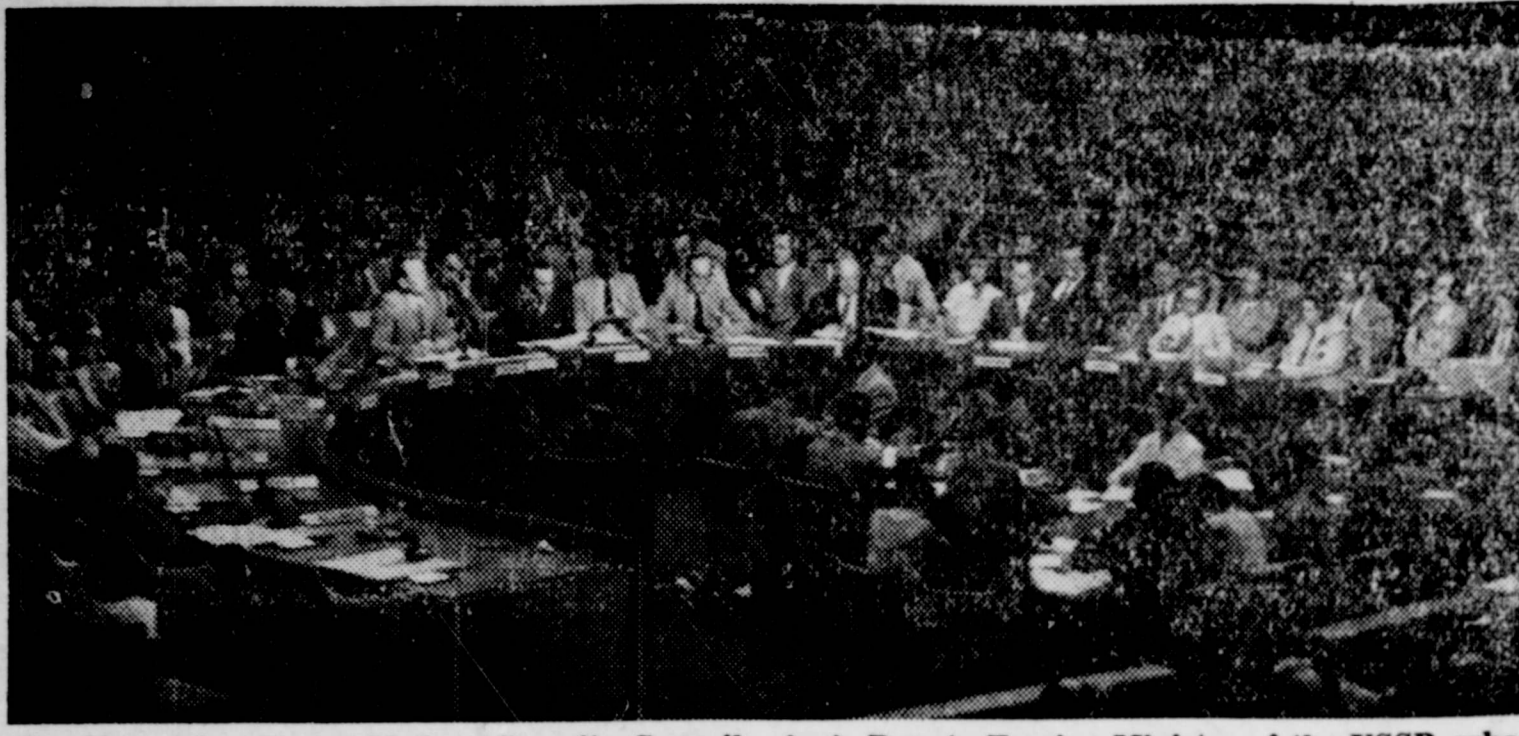

Ed Hill, the only Texan participating in the 1950 International Farm Youth Exchange program, reports from Greece that during the first part of August, he saw the northwestern section of that country. His headquarters in Greece are in Salonika at the American Farm School.

He has traveled extensively in western Macedonia with members of the staff from the Farm school and says that this is, possibly the largest agricultural section in Greece but economically it hasn't fared so well. The present conditions are due to the destruction that came with World War II but chiefly from damages done by the Communists during the period from 1945-49.

He reports on a visit made to Verria (called Berea in the Bible). It was here that Apostle Paul preached on his journey through Macedonia. The city is noted for the fine rugs and blankets that are made there; Ed says the work is done by hand and the finished products are very beautiful. Months are required for the weaving process and the weavers will make rugs or blankets to meet any design or specification.

His travels took him to the Prespa Lakes which form the boundary between Greece, Albania and Yugoslavia. The latter two countries are controlled by Communist governments while Greece is the one country in the Balkans with a democratic government. Two days before his visit to this border area, two

United Nations Security Council Meets on Korean Situation

The 11-member United Nations Security Council is shown here during one of its meetings in August on the Korean situation. President of the Council for the month was Yakov A. Malik (center, speaking), Deputy Foreign Minister of the USSR, who returned to the horseshoe-shaped table after more than six months of absence in protest against the participation of the delegate of 'Nationalist' China.

Greek and 10 Albanian soldiers were killed in a border skirmish five miles from where he visited.

He tells of a visit with a Greek mountain farmer in this area. He was plowing a hillside farm with his ox and a handmade wooden plow. The field was very small—no larger than one-fourth acre—but six hours had been required for the plowing job. Some fields in this mountainous area have a slope that approaches 45 degrees and the use of any mechanized machinery is practically an impossibility.

Enroute back to Salonika, he visited the resort city of Edessa. He says the city is located on a mountain side and overlooks the

greenest and most beautiful valley he had ever seen. The valley is famous for fine peaches. He visited the city of Naoussa which was destroyed about two years ago by Communist guerrillas. It was the subject of a story in Life Magazine several months ago.

He was accompanied on the tour by three staff members from the American Farm School and stops were made in the farming villages for the purpose of interviewing prospective students. Boys between the ages of 14 and 16 years and who were orphaned from their fathers and had completed the six years of school work offered by the village schools were interviewed. Worthy boys are given scholarships to the American Farm School.

Hill says next month will be spent in the Peloponnese, and on Crete and a number of other islands near Athens and Crete in the Aegean Sea. He will return to Salonika around Sept. 15 and the remainder of his stay will be spent in eastern Macedonia, western Thrace and on the Island of Thasos.

He said in conclusion that he was looking forward to his return to Texas and an opportunity to tell the 4-H members of the state about his European experiences. The exchange program is sponsored by the USDA's agricultural extension service and the cooperating states.

Iron Better Cottons On The Wrong Side

Shiny spots from ironing which are frequently seen on cotton dresses, especially dark cottons, can be prevented by ironing the better cotton garments on the wrong side and then finishing on the right side, says Mary Routh, extension clothing specialist of Texas A & M college.

A garment may either be allowed to dry just the desired amount and then ironed, or it may be allowed to dry completely and then sprinkled before ironing. Miss Routh says that warm water is best for sprinkling because it spreads through the cloth more easily than cold water.

Since the moisture left in the cotton fabric will cause it to pucker and wrinkle, each part of the garment should be ironed completely dry as the work proceeds.

Double thickness such as waist bands, hems and seams should be ironed well on the wrong side and then finished on the right side with light, quick pressure of the iron.

To avoid small creases at the seams, pull them straight and smooth and hold them at a slight tension to keep them straight while ironing, being careful not to stretch.

A general order of ironing which Miss Routh suggests is—cuffs, sleeves, ruffles, collar, sash

Grange Has Good Defense Program

The Grange believes that a sound action program for defense should include these eight steps:

1. We must rebuild our military might to repel future attacks.
2. We must develop a sound tax system. There must be no war profiteering.
3. We must demand an austerity in government expenditures.
4. We must allocate critical materials, by compulsion, if voluntary means fail.
5. We must attack inflation at its source through relation of supply of money and goods.
6. We must have rationing when supply of any goods becomes short.
7. We must control prices supplemented by rationing if rationing alone fails to prevent profiteering.
8. We must control wages, prices and profits if necessary to prevent inflation.

ends, blouse and skirt. Any parts that are wrinkled in handling must be pressed again, and all dresses should be hung at once on hangers to allow any possible moisture to dry out before storing.

Texans In Washington

By Tex Easley
AP Special Washington Service

The story of cotton production in west Texas, where thousands of plus farms use mechanical pickers, intrigued Senate agriculture committee members last week. They were studying the 1951 cotton quota bill and among witnesses at a hearing on the legislation were Louis J. Ivey of El Paso, J. C. Wilson of Pecos and W. O. Fortenberry of Lubbock.

Listening intently as Wilson told of operating 3,600 acres lying partly in five trans-Pecos area counties was Senator Aiken (R) of Vermont.

"These tall tales we hear about Texas must be true," broken in Aiken.

"Up in New England we talk about how many farms there are in a county. Down there they talk about how many counties there are in a farm."

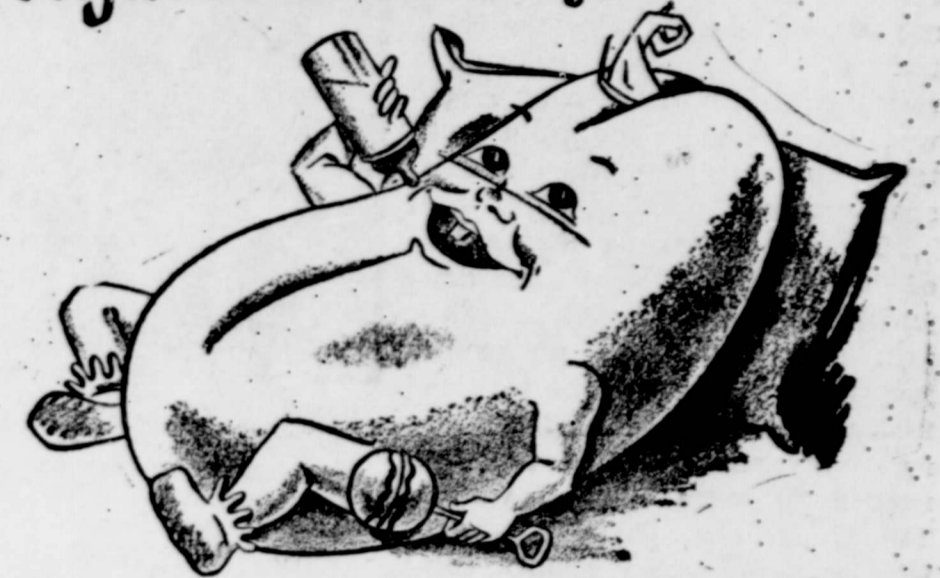

Senator Ellender (D-La.), thinking the witness surely was mistaken, made Wilson repeat his statement that the over all cost of production on irrigated lands in the trans-Pecos area is almost the same per acre as that in older cotton producing sections of Texas—yet the average yield is three times as great.

Incidentally, Wilson said growers still prefer to have their cot-

TERRY COUNTY HERALD, FRIDAY, SEPT. 15, 1950

ton picked by hand, but workers are scarce so they have to rely greatly on mechanical gatherers. Machines knock so much cotton to the ground that fields at the end of the season have to be gleaned by hand—anyway, he said.

Give the Baby Seed A Fightin' Chance!

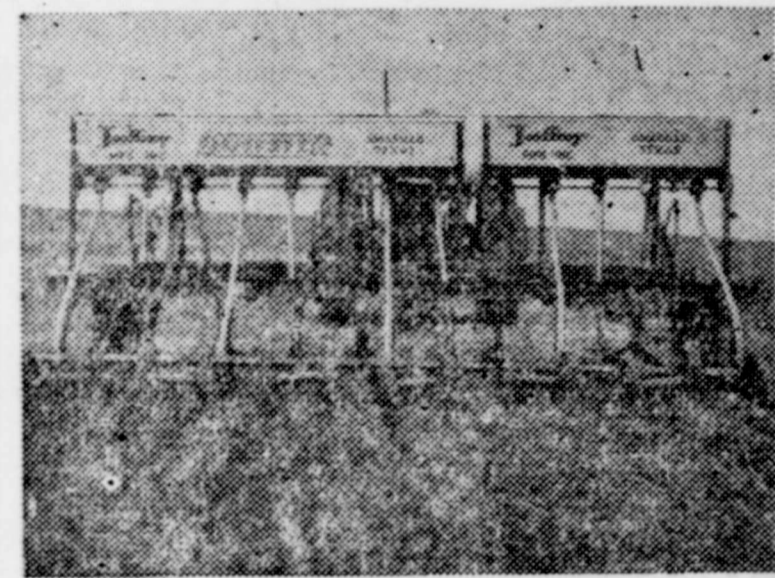

THE JEOFFROY CHISEL AND SEEDER COMBINATION provides golden robust health for your wheat and other small grain.

The chisel method of plowing provides protection from wind and sun and hard rain...preserves the nourishment given by surface mulch...healthier crops.

The right START builds strong plants that can fight off effects of insect growth.

EASILY MOUNTED ON ANY JEOFFROY or other type CHISEL PLOW

THE JEOFFROY SEEDER IS BUILT FOR SERVICE
Rugged aluminum-lined steel
Positive drive from ground wheel
Plants in clear or trashy beds
Drill Shoes for 8" spacing
Seed tubes and openers attached to regular plow shanks

Here's the JEOFFROY "2 IN 1" A rugged and tough combination for modern-day profitable farming...on your land.

"COMMISSIONER" WELL PAID
CHICAGO—(AP)—The mayor of Chicago gets a salary of \$18,000 a year, but he is not the highest paid official in the city hall. The city clerk, Ludwig D. Schriber, received \$28,028 last year. Only \$8,000 was in salary. The balance was his commission on the sale of licenses.

Legal Notice

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: W. F. WILSON AND HIS WIFE, BEULAH E. WILSON, THEIR HEIRS AND LEGAL REPRESENTATIVES, W. C. DONEGAN, HIS HEIRS AND LEGAL REPRESENTATIVES J. J. SLEAD AND HIS WIFE LELAH SLEAD, THEIR HEIRS AND LEGAL REPRESENTATIVES, FARMERS' POOL ROYALTY SYNDICATE, INC. ITS SUCCESSORS, ASSIGNS, STOCKHOLDERS AND LEGAL REPRESENTATIVES, GREETING:

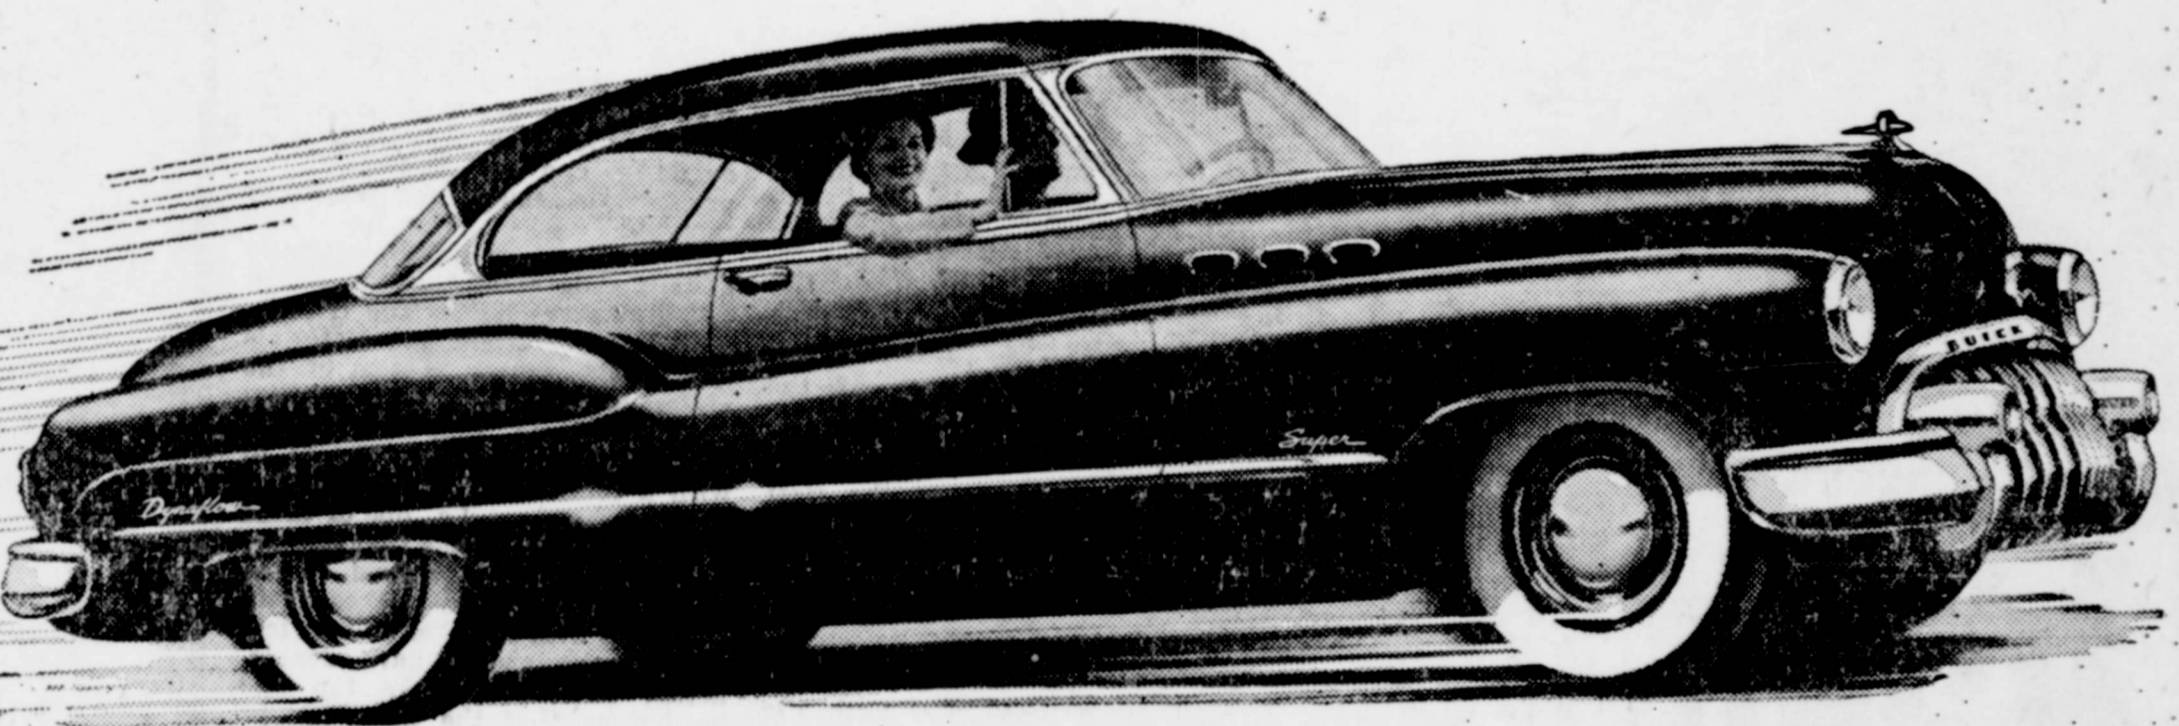

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of September, A. D., 1950, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 12 day of August, 1950. The file number of said suit being No. 3776. The names of the parties in said suit are: Lois Wingerd, joined by her husband, L. M. Wingerd as plaintiffs, and W. F. WILSON AND WIFE, BEULAH E. WILSON, THEIR HEIRS AND LEGAL REPRESENTATIVES, W. C. DONEGAN, HIS HEIRS AND LEGAL REPRESENTATIVES, J. J. SLEAD AND HIS WIFE, LELAH SLEAD, THEIR HEIRS AND LEGAL REPRESENTATIVES, FARMERS' POOL ROYALTY SYNDICATE, INC. ITS SUCCESSORS, ASSIGNS, STOCKHOLDERS AND LEGAL REPRESENTATIVES as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try the title to all of the southwest quarter of section 101 in Block T, D & W Ry Co. survey, except the south half of the southwest one-fourth of the southwest one-fourth of said section 101 in Block T, D & W Ry Co. survey, in Terry County, Texas, and for the title to and possession thereof plaintiffs pleading the five and ten years statutes of limitation, for writ of restitution, for damages and costs of suit.

Issued this the 12 day of August, 1950. Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 12 day of August, A. D., 1950.
ELDORA A. WHITE, Clerk
District Court, Terry County, Texas.

Looking for a Money Saver?

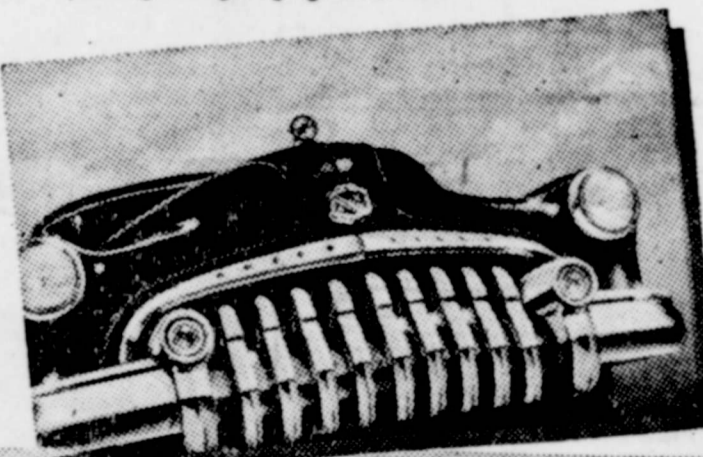

Better Buy Buick!

YOU CAN SEE here how smart it is —don't have to be told that it's the most quickly identified car on the road today.

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

You can check the abundance of its room by the simple expedient of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

BUT RIGHT NOW, it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo

Drive,* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Stricklinly Speaking

By Old He

Had a go and come trip to Brownwood the past week end. Found that before rains had come to some of the crops east of Terry county, they had suffered some from lack of showers. Least hurt was cotton. In the old times past, we loved to speak of a "good cotton shower," but in this more modern age we find that the cotton plant is almost as drought resistant as the Jimson or Ragweed. It is usually the grain that takes down with it when a dry spell arrives.

However, we found that a lot of the maize made before the dry weather got too severe, and the rain caught the younger grain just right to send it to maturity. The fields in sandier Terry county seemed never to have needed an extra drop of water. The thing that played whack with some of Terry county cotton particularly, was the worm. Some report that the boll worm is getting bad.

To say the least, they sure have fine grass down in central west Texas. Some of it is near knee high and seeding, where not too heavily grazed. Cattle and sheep are fat, and the ranch and farm-ranch sections seem prosperous. There are reports that the west cross timber section will make 12 million dollars worth of peanuts this year.

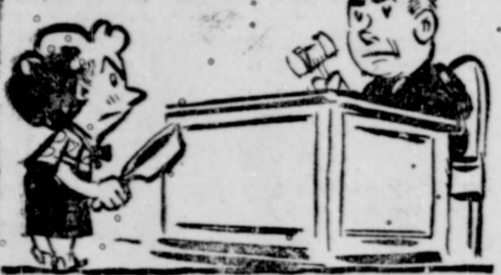

This area consists principally of Brown, Eastland, Comanche, Erath and Calahan counties. There will be plenty "goobers" for all this fall. Had a delightful visit despite the fact that it was fearfully hot down there to

STRICTLY FRESH

A RECLUSE in Detroit left part of his fortune to 12 cats. There's one guy who didn't let his money go to the dogs.

When his wife smashed the car into a neighbor's front porch, a Cleveland husband made the news by commenting, "Oh, well! Almost any hubby would have said the same thing except for one letter."

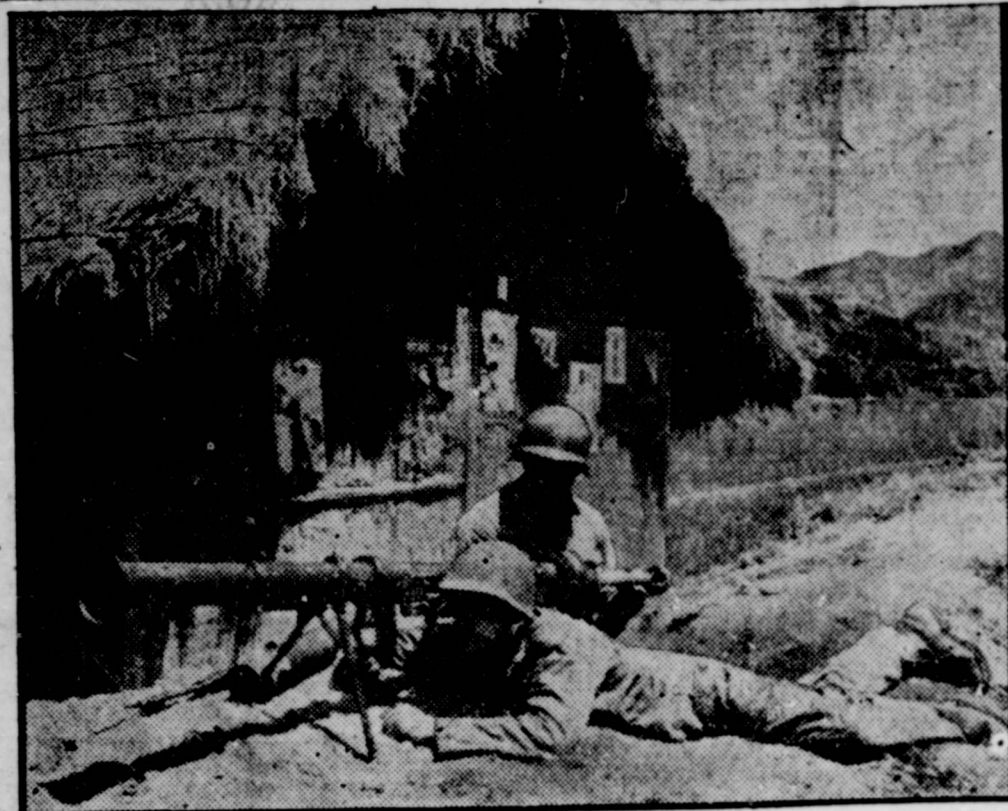

A Chicago divorce court judge recently celebrated his 62nd wed-

ding anniversary. Suppose that proves the gavel is mightier than the rolling pin?

A man in New York swallowed varnish and died. Guess it finished him.

Norwegians have reported success in drying hay with electricity. Instead of yielding grades "A" and "D" milk, their cows may produce grades "AC" and "DC."

WAR IS WAITING—Pvt. Alvin Essary of Tuscaloosa, Ala., sights in on his super rocket-launcher while Pfc. George Crum of Martin, Ky., loads the weapon. Using the shadow of a South Korean hut for concealment, the two men will wait—perhaps seconds, perhaps minutes, or hours—until the next North Korean armored vehicle appears within the sights of their deadly weapon.

a guy from the Plains.

Had a letter and an order for the Herald this week from one B. G. Weaver, up in Indiana, and he too had heard of the new oil discoveries here in Terry. He has some land north of Gomez, and wanted to get some information about it. Just gotta wait, Mr. Weaver, and hope, maybe pray, a little. Time will tell. Maybe your land will be in the pool before too long, as we understand a well is soon to go down, south of Gomez.

But for the present, the proven play in southeast and southwest of Brownfield. And we wondered if Mr. Weaver could be a kinsman to our old time subscriber by that name who resides in the state east of Indiana at Hanover, Ohio?

Right now us sidewalk oil folks have no more idea than a cow just how much territory this reef pool or pools will cover. Presently it is something like 20 miles from the discoveries northeast of Brownfield at Mound Lake and the Wellman or the north Adair wells. But up to now all the wells drilled in that area have been producers.

Some of the seismograph men are of the opinion that the reef lime will be found in producing quality and quantity up and down the Lost Draw running through Brownfield. How much spread from the Mound Lake pool, the Wellman and Adair pools or the Cotten pool, remains to be seen.

Speaking of Lost Draw, maybe a lot of our readers never here, wonder what the heck Lost Draw is and why? It is an abandoned river. Yes sir, it was once a river, and perhaps a sizable stream, but it plays out—lost—down in the Brownfield ranch. It seldom runs except after a near cloudburst around its banks. But there is a fine river sand and gravel down ten or fifteen feet below the present surface, and even a few mussel shells.

Many believe that Indians per-

TRACKS SNAKES—For 15 years Thomas Young, age 52, has caught snakes sunning themselves on a railroad track near his Lyndhurst, England, home. Turning the reptiles over to Southampton University's zoology department, Young has averaged about 15 snakes a week. Putting two and two together, this adder can tell that he's about the 2200th specimen to be bagged by Young.

iodically set the area afire to make good grass for the buffalo and their ponies. The area was denuded of all timber, the rain-fall became shy, and finally there was a semi-desert in this area, with no timber except very scrubby mesquite and shinnery oak. The same thing happened to Sulphur draw that runs by Plains and Wellman.

We thought perhaps Milton Bell down at the Brownfield State Bank and Trust Co. was trying to kid us one day last week, when we asked the name of a large shrub with big pumpkin looking leaves on it, that stands near the entrance. "It is a philadelphium pertusum," says Milton without batting an eye.

The other guys in hearing all laughed, and we thought about wrapping our old hickory stick around Milton's neck—but thought better. Arriving at the Herald office, we pulled down the old Webster, and the nearest thing we could find to the first word was philanderer, meaning a male flirt, and the nearest to the other was pertussis, meaning whooping cough.

So, evidently the plant was named for a male flirt with the whooping cough. But seriously, Milton stated that the plant in question never grows out doors. Very likely the plant was first discovered in caves, or other secluded spots where the sunlight and heat does not hit directly.

The community lost another very fine lady and a pioneer last week, when Mrs. Jess Smith passed from this vale of tears to the hands of her Maker. This good lady had suffered much for

the past two years; more than the frail human body could stand, but she was cheerful to the end. Her home was always open to her friends, and the friends of her family, and she was the true mother to her own household, as well as motherly to all that came within her sphere. Terry county is losing many of these irreplaceable people as the years go by. The sympathy and prayers of the neighborhood go out to the bereaved family.

The small fry pay considerably more to the railings of the adults than most people suspect. Now that school has started, after a summer of wallings about high taxes at home, the youngsters are wondering why the heck the olduns spent so much money on fine school buildings.

When was the last time we heard Brownfield auto horns honking after a game until Friday night? Was it before Truman became president? We don't remember of hearing them after we entered the Big League that ambitious school heads at that time promoted our team—out of their calbre.

A Brownwood man told us this one last week. Madame Schumann-Heink was to make an appearance in an American city, and her manager, with no command of English and a decided brogue, came to the footlights and stated that the audience will please excuse the Madame, as she is a little "harse" tonight.

The audience roared. The manager, catching on, smiled and tried again. "What I mean is that the Madame had a little "colt" tonight."

Harmony is not always 100 percent with the secular press. The weeklies, especially have to have a little good natured spat now and then, but are never rampant about the matter. Some of the religious journals that we get are occasionally full of disputings between the ministers, sometimes over trivial or non-essential matters. They should be setting a good example.

Have news? Call the Herald.

STAIR HAZARDS

Falls lead the list of home accidents, and a large number of such falls that result in death, or in temporary or permanent disability, take place on stairs. Leaving objects on the stairs to be carried up or down, and inadequate lighting are major causes of stairway tumbles.

Leaving objects on the stairs is a pernicious habit that should be taboo in every home. The tripper-over-toys or cleaning materials left at the top or bottom of the stairs is fortunate if he suffers nothing worse than a skinned elbow that can be taken care of with a touch of antiseptic and an adhesive bandage, i.e., one of those ready-to-use dressings that has the gauze pad already affixed to the adhesive tape. He is just as likely to end up with a broken arm or leg.

Stairways should have double-action switches at the top and bottom so that the light can be turned on before starting up or down, and turned off afterward. Again it is only good luck if antiseptic and a ready-made adhesive bandage are all that are called for, as the result of a fall on badly lighted stairs.

Few such accidents have even the grim element of humor provided by the insurance claimant who reported that, believing he had reached the bottom of a dark basement stairs, he raised his head and struck a rafter. Thinking he had been attacked by an intruder, he struck out with his fists, hitting a post and breaking several bones in his right hand.
