MILITARY TRAINING

Universal military training did not die at the last session of Congress. It was simply deferred, and the limited draft was enacted as a stop-gap measure. It will be up again next year and, unless there is an amazing change for the better in the international scene, it will stand a better than even chance of enactment. Both President Truman and Governor Dewey have gone unequivocally on record in favor of it. So, whoever wins in November, the head man of the government will be a UMT backer.

The arguments pro and con for compulsory training have been and will be argued fervently. But there is one phase of the problem that has been pretty well overlooked. It is this: if we are to have a really effective military force, whether or not it is based on UMT, the people in uniform will have to be given some incentive, and sold on the idea that they will receive a decent break. At the end of the last war, millions of soldiers, officers included, left the service with the utmost contempt and dislike for the military way of doing things.

This is the theme of an important article in the August Harper's Magazine, written by Robert Wood Johnson, Mr. Johnson is chairman of the board of Johnson & Johnson, the well known surgical supply concern. He served in both world wars, rising to the rank of brigadier general during the second. The core of his idea, is that the peacetime army "should be run by men who understand the elementary principles of good management."

Mr. Johnson observes that the traditional military system is to force men to do things. "From this premise," he writes, "grows so much of the dissatisfaction so rampant in the services. Discipline does require authority, especially for the recalcitrant few. But true discipline grows out of confidence in a leader's ability, intelligence, and sense of justice." He cites the fact that progressive industry has learned that the good worker is the man who has pride in his job and a secure sense of his own dignity as an individual. An industrial executive doesn't have to go around loaded with brass and impressive insignia in order to accomplish his duties. And industry has learned that it must give some consideration to the wishes of the people who work for it if the best results are to be obtained.

What this all adds up to, Mr. Johnson thinks, is that the people who run a military force must be experts in personnel, just as are the people who run a successful business. But he realizes that this is nowhere near enough -- that men and women must be offered tangible benefits if the military service is to seem attractive as a career. Mr. Johnson cites, for instance, good housing, instead of the dreary barracks which typify most army and navy posts. Other factors would be equitably rotated tours of duty, and educational opportunities on a par with those available to civilians.

Of very great importance, he advocates that "there must be a clear channel of promotion from bottom to top." While some reforms have been made, it is evident that promotion in the military services at present is too dependent on the mere fact of seniority -- or, worse yet, ability to curry favor with superiors.

It's a Long, Slow Process . . .

. . . but we are gradually catching up with our work. The oil activity is so far as it relates itself to our business is about over. There has been a sharp decline each month since April which was the peak month on all classes of orders. Oil men estimate that 80% of the county is now leased. If you are one of the 20% who may need to use your abstract soon please file your order now.

EASTLAND, TEXAS

Delighting in an afternoon picnic snack on the lawn of the Texas Scottish Rite Hospital for Crippled Children in Dallas, these young patients enjoy recreation and companionship while undergoing corrective treatment.

Pictured left to right are: Clara Bryan, Midland; Wanda Williams, Eastland; Marguerite Clark, Fort Worth; Melva Sue Bonner, Tyler; and Anna Beth Goodwin, Dallas.

Three of these girls are recovering from the devastating effects of polio at the Scottish Rite Hospital, the remedial center of Texas for that dread disease. The facilities of the hospital, which are provided by gifts and bequests, are made available at no cost to those for whom treatment would otherwise be unobtainable.

Bradley Predicts Truman Will Be Third in Texas

Bradley of Houston, chairman of the Advisory Committee of the States Rights Democrats, predicted that Truman would run third in the November presidential election in Texas. He declared that Truman had so alienated the people of Texas with his "so-called" Civil Rights program with no racial segregation and Federal FEPC that unless the people were allowed to vote the Thurmond-Wright ticket, the state would show a popular vote in favor of the Republican candidate.

"On Truman's tour, he made a certain speech at Eugene, Oregon," said Bradley, "wherein he made the following statement, and this is an exact quote from June 21st NEWSWEEK, 'I like old Joe he is a decent fellow.' " Harry Truman can like Joe Stalin or not, as he chooses, but I will guarantee that the people of Texas want no part of him," Bradley further stated. "Federal control which deprives the people of the U. S. of their sovereign right of self-government is nothing but a flagrant attempt of left-wing radicals and 'pink' liberals to start the U. S. on a fast ride to Communism."

The States Rights Democrats who controlled the heavy voting counties of Dallas, Tarrant and Harris in the county conventions held over the state in July, have taken up the banner for Strom Thurmond and Fielding Wright, presidential nominees of the Dixiecrats. It is believed that if the Ft. Worth convention rules against seating the States' Rights delegations, they will continue to work to afford the people of Texas an opportunity to vote the Thurmond-Wright ticket.

"It is their constitutional right," said Bradley.

Officers Elected By Sheep and Goat Men's Association

J. F. Dunley was re-elected president of the West Cross Timbers Sheep and Goat Raisers Association at the annual business

meeting held Saturday morning at 10 o'clock at the show grounds.

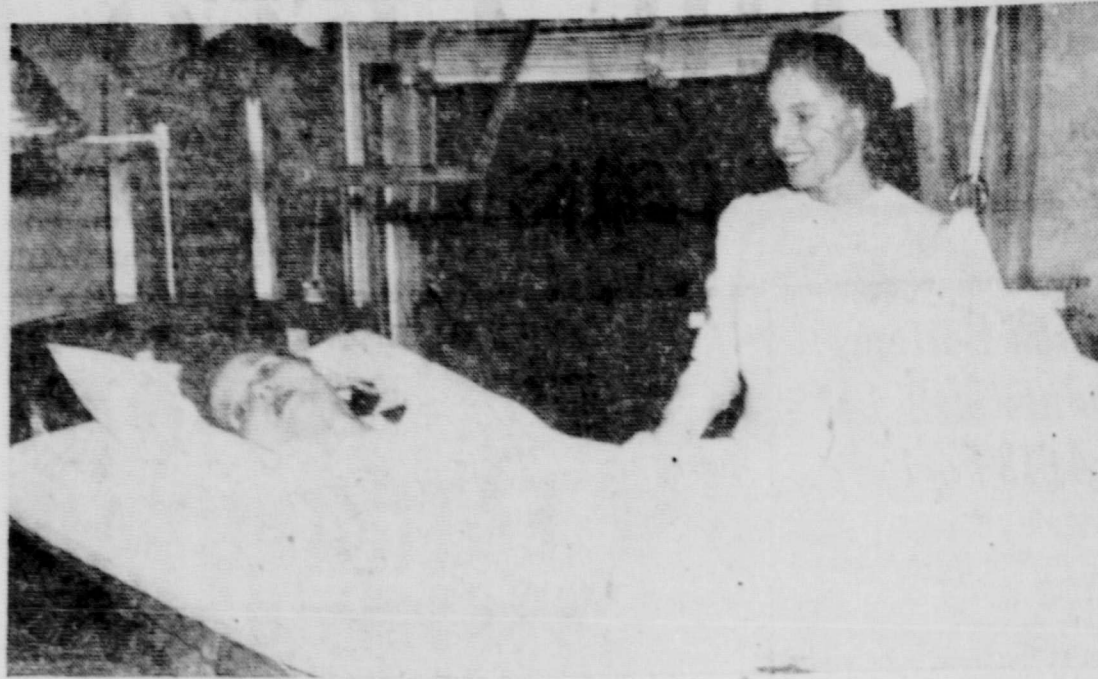

W. H. Simmons of Brownwood was re-elected vice-president and H. C. Wilkinson of Ranger was re-elected secretary. R. B. Thomas, Jr., of Ranger was elected assistant to the secretary.

B. Beal Pumphrey, assistant to the president of the Union Stock-Yards Company at San Antonio, was the principal speaker at the morning session, labeling the sheep and goat shows as the "show window" of the sheep and goat industries.

Pumphrey quoted facts to show the increase in sales in the industry. Using figures from his own company, which he stated is the only one of 65 major markets that the government requires a separate count on the sheep and goats, because of the large volume it handles, Pumphrey said that in the first seven and a half months of 1948 the company handled 224,847 head of goats as compared with 180,115 for the entire year of 1947.

The longest shipment made to San Antonio company was of 1200 head of goats shipped from Kingman, Arizona, a distance of 1,306. Longest truck shipment was 658

miles from Seligman, Mo. Largest volumes handled at the yards in a single day was 6,842 head.

Pumphrey also spoke on the uses to which goat meat is being put. The grown meat is used lar-

gely as meat in boneless and mixed formulas and the kids or cabrits are sold in full or half carcasses for use for baking and barbecue.

H. M. Phillips, editor of The

Sheep and Goat Raiser, a magazine published at San Angelo, also spoke at the meeting and stressed the importance of sheep and goat shows.

"YOUR HOME PAPER"

Your Home

One of the clubs to which I have long held a special meeting recently on "The Art of Home Decorating", and Mrs. Hays, our chairman, told us that this program was made possible by one of the country's large paint companies. Many companies are now supplying material such as this on subjects of interest to all homemakers.

This particular program reveals the entire story on paint for home decoration, presented in four sections. The first dealt with the history of color and paint, and we were fascinated to learn about the earliest paints -- where they came from and so on. The next section covered modern paint and its application. Did you know that paint not only protects our homes and makes them more attractive, but actually makes them safer by pointing out spots of danger?

The third section was extremely interesting . . . describing various types of paints and where they should be used. Not only where, but exactly how to use them; something every homemaker should know. The fourth section was on "The Science of Color Dynamics" . . . how to use color to best advantage for beauty and for the psychological reaction of the members of your household.

Each talk was presented with the help of special full-color cards, a movie, and booklets for every member, which were all furnished by the Pittsburgh Plate Glass Company. The program was very interesting and certainly constructive. Now that we know that companies will help us plan our club meetings, we're going to have several more along the same line.

Retail Merchants Association

L. SELF, Sect'y.

A statement to merchant has heard:

While applications for affiliation with RCB of Texas by the two local Credit Bureaus were pending (one merchant having started a movement for another bureau here), a prominent attorney, of Austin, called on Mr. Chas. Lux, Executive Sect'y, and Mr. Horace Barnhart, member of the Board of Directors, also local Sect'y of the Austin bureau, in behalf of L. Self's investment in the original Credit Bureau of Cisco.

The outcome was that the affiliation would be withheld from our competitors over a period of time until the attorney could contact the proponents here, and suggest the purchase of the files and office of L. Self.

The plan was to have L. Self choose five secretaries over the State, out of which the above two men would choose three to appraise her files and office, then the attorney would make the suggestion of a purchase to the new set-up.

Being unable to arrive at a definite fee for the work that might be involved and being in doubt as to a satisfactory appraisal, L. Self chose to rely on the integrity of the Cisco merchants, and the Laws of our Nation.

CISCOANS ATTEND REUNION IN DALLAS

A surprise family reunion of the Truman family awaited Mr. and Mrs. J. O. Warren and daughter, Jessie Alice and her friend, Jeanette Miller, when they arrived in Dallas Saturday for a weekend visit in the home of Mr. and Mrs. D. W. Webb.

Relatives came from Wichita Falls, Denton, Lone Oak, Spur and Waco, not knowing other members of the family had also arrived. On Sunday a sumptuous family dinner was served in the Webb home to the group.

Those present were: Mr. and Mrs. Charles Truman and three children; Miss Anna Sue Truman, Mrs. Grace Summers, Miss Adda Summers, Mr. and Mrs. Don Smith, Mr. and Mrs. Delbert Law, Mr. and Mrs. Buck Summers, all of Dallas; Mr. and Mrs. T. E. Truman of Waco; Mr. and Mrs. John Adams, of Spur; Mr. and Mrs. Osce Holland of Wichita Falls; Mr. and Mrs. I. N. Adams and two children of Denton; J. M. Hurst, Mr. and Mrs. Jim Henderson and daughter of Lone Oak; Mr. and Mrs. J. O. Warren, Jessie Alice Warren and Jeanette Miller of Cisco; and the hosts, Mr. and Mrs. D. W. Webb.

VISITORS ENJOY LAKE CISCO DIVERSIONS

Miss Billie Jean Hall was hostess to a group of North Texas College girl friends last weekend, renting a cabin at Lake Cisco where they spent Saturday night. The diversions of swimming, skating and other amusements afforded them were enjoyed; and the fine meals cooked by the girls were most appetizing.

Visitors participating were Misses Pat Sewell, Rosie Tate, Waco; Wanda Hardin, New London, La. Voyce Farish; Corsicana; and the hosts, Miss Billie Jean Hall.

Miss Myrtle Lee Horn, daughter of Mr. and Mrs. Roy Horn of 611 West 9th Street, has returned from a visit with her brother-in-law and sister, Mr. and Mrs. Dan Hoover of Yukon, Oklahoma.

THE LAST "ACT"

This dramatic picture of an AT-6 plane was made in Vallejo, Calif., seconds before the plane crashed into the pole, at right foreground, killing the pilot and passengers; both Vallejo businessmen. The plane put on an unscheduled "act" at Knight's Airport in front of hundreds of spectators assembled to watch an air show. (NEA Telephoto).

ter of Mr. and Mrs. Roy Horn of 611 West 9th Street, has returned from a visit with her brother-in-law and sister, Mr. and Mrs. Dan Hoover of Yukon, Oklahoma.

Mrs. Floyd Smith of Brownwood is visiting here with her mother, Mrs. Agnes Tatom of 619 West 9th Street.

In the report of the Wilson-Dennis wedding printed on the Society page in the Tuesday edition of Cisco Daily Press, the

graduation of the bride was given as 1923 when it should have been reported as twenty years later in 1943. Also when Mrs. Dennis left on her wedding trip she was wearing a brown two piece suit with brown accessories instead of teal blue as was mentioned in the write-up. These errors are regretted.

Mrs. R. H. Keaton and son, Charles, have returned to Dallas to make arrangements to move to Cisco to join their husband and father, who has been transferred

here by the publishers of Encyclopedia Britannica. Their daughter, Margaret Keaton, who is working in Dallas on vacation and also visited here. Mr. and Mrs. Keaton report that they like Cisco and the Cisco people whom they met while here.

Mrs. W. H. Davis and Mrs. H. G. Dietson were in Wichita Falls for the funeral of Mrs. Davis' mother, Mrs. W. Matthews last weekend.

Mrs. B. E. Wagley has returned from a visit with her sister, Mrs. J. G. High and husband at Borger, Texas.

B. J. Camp is reported ill in

his home at 304 West 7th St.

Mrs. Roy T. Brown and children, Linda Loy and Brenda Beth of Magnolia, Ark., are visiting in Cisco in the home of her mother, Mrs. Stella Wilson.

Gorman Oil News

Melhard and Hunter No. 1 Geo. Blackwell have lost the bailer in the well. They are doing a fishing

job, after having drilled to about 3270 feet in the Ellenberger. Gillespie, No. 1 Walker is drilling at 1510. Coast Oil, No. 1 H. H. Richardson is drilling at 1200 feet. Coast Oil, No. 1 George Bell acidized using 11,000 gallons acid and they have a well which is making 20 BBLs. per hour under a 1-4 inch choke. McKissick, No. 1. George Bell has acidized and operators are awaiting tests. Coast Oil, No. 3 Della Graham

is drilling at 1700 feet. Coast Oil, No. 5 Della Graham is drilling at 1750 feet. Commercial Production, No. 2 J. A. Hirst set surface pipe Sunday afternoon drilling at about 800 feet. Haynes B. Ownby, No. 1 H. T. Lindley is drilling at approximately 2000 feet. Ryan, Hays and Burke, No. 1 Rushing acidized Monday night. This was carried deep and has not looked too promising. Going away for the holiday?

To make sure yours will be a carefree holiday, let your Conoco Mileage Merchant check and service your car. Above all, be sure he drains out contaminated old oil and refills with fresh, clean Conoco Nth Motor Oil.

That's the surest way we know to leave worry behind. Because the moment Nth Oil (Patented) enters your engine, an extra added film of lubricant fastens itself so closely to metal that cylinder walls are actually OIL-PLATED! Because OIL-PLATING stays up... won't all drain down, even overnight, you're extra-protected against destructive "dry" friction, against metal-eating combustion acids, against power-choking sludge and carbon due to wear.

For an extra-happy holiday...

Make a date to OIL-PLATE!
