CONGRESS QUESTIONS CIO OFFICIALS

James B. Carey, left, secretary of the CIO, takes the witness stand in Washington as a House Labor subcommittee opened hearings on the Communist influence in the powerful CIO Electrical Workers. Carey founded the union but was forced out in 1941 after a fight with general charge of treason and guilty of eight over acts of the thirteen left wing elements. At right, listening to Carey's testimony, is Albert J. Fitzgerald, present head of the organization. (NEA Telephoto).

A MOTHER'S SORROW

Roy Adams, 14, hugs his sobbing mother after receiving a 14-year sentence in a Chicago courtroom for the slaying of his 8-year-old playmate, Nancy Schuler, during an argument over lending her his comic books May 27. The jury of seven women and five men deliberated only an hour and 22 minutes. The youth took the sentence without any sign of regret.

August Written Off As Total Loss As Few Clouds Fail To Produce Rain

The weather man did not vary the picture much during the month of August it was revealed by studying the records kept by a local man who makes the weather his hobby.

Thirty of the month's thirty-one days were either fair and hot, or partly cloudy and still hot. There were thirteen days during the thirty-one day period that the temperature stood above 100, and there was only one day that the maximum went below 90. The low maximum for most of the month averaged in the upper seventies.

The high for the month was registered on August 11 when the mercury stood at 104. This was one degree lower than the high for August a year ago. The low for the month was a cool 64 as compared with a low of 70 in 1947.

There were only two days during the month that there was any moisture recorded, and on those days there was only a trace. The rainfall for the month was approximately two inches below normal.

The lack of moisture caused lawns, gardens, flowers and shrubs to suffer. The suffering was made more acute by the necessity of staggering watering days in the residential section. The water department was on a 24-hour schedule, attempting to assure all users a sufficient amount of water for necessities.

For the most part the month saw comparatively still weather. What breeze there was was from the south and southeast. There were two days out of the 31 that the wind was from the north and northwest.

The beginning of September found farmers and stockmen badly in need of moisture. Late peanuts are suffering and orange conditions are becoming acute. Some stockmen are beginning their feeding early.

Dr. Claude Jones Returns To Pulpit

Dr. Claude P. Jones, minister of the First Methodist church, will return to the pulpit today after an extended vacation which took him and Mrs. Jones to Gulf Coast points.

The church will begin its fall activities with a sermon by Dr. Jones on "Inspiration of Faith," and with the observance of Holy Communion.

MRS. H. N. LYLE meet in Corpus Christi, September 12-14.

Mrs. Lyle who has been active in Auxiliary and Legion work for many years, is a member of the State Finance Committee of the Auxiliary; past president of the Seventeenth District; and is now serving her second term as president of the John William Butts Auxiliary No. 123 of Cisco.

Mrs. Lyle will report to Legion Auxiliary Headquarters at the Driscoll Hotel, Corpus Christi, for a committee meeting, Sept. 11.

Cisco Stores To Be Closed Monday

Cisco stores will follow the custom of the past in closing for the Labor Day holiday, it was announced by the Merchants Credit Association.

Drug stores, cafes, filling stations and a few of the other businesses will be open as usual to take care of the holiday trade.

Navy Band Begins Fall Concert Tour On September 27

The United States Navy Band will begin a fall concert tour of five western and southwestern states at Colorado Springs, Colorado, on September 27, 1948. It will be the band's third concert tour since World War II.

Under the direction of Lieutenant Commander Charles Brendler, USN, the band will appear in Colorado, New Mexico, Arizona, Louisiana and Texas, completing its tour on October 30, 1948.

The band, composed of fifty members, will feature the following soloists in concerts: Richard Groves, vocalist; Ben Mitchell Morris, tenor; William T. Cameron, harpist; Homer Phillips, trombonist; Anthony Mitchell clarinetist; Gordon Finley, cornetist; Carl Grose saxophonist; and Harold Brusch, playing the euphonium. Robert Clark is the commentator. The concerts also will feature a trumpet solo trio, Thomas Lloyd, Francis Stephens and Harold Wendt.

Commander Wendell H. Froling, U.S.N., will be in charge of the tour with Mr. Gilbert B. Sandefer of Abilene, Texas, as tour manager. Mr. Sandefer, former organizing director of the Cowboy Band of Texas, will manage the tour from his office at 526 Sixth Street, Las Vegas, New Mexico.

The first concert at Colorado Springs will be under the sponsorship of the Colorado Springs Kiwanis club. Other concerts will be sponsored by similar organizations throughout the tour states, with the profits going to local charitable or public purposes.

Last year a tour was conducted through the southern states, and this spring the band appeared in 12 central states. While the band is on tour, a part of its membership remains in Washington to fill official and military assignments, playing under the direction of Chief Warrant Officer Richard E. Townsend, U. S. N., Assistant Conductor.

Dr. Hunt, pastor of the First Baptist Church, Houston, will also be heard the two succeeding Sundays in September on "No Security Without Investment," and "Determine Your Own Destiny."

Other speakers in the series will be Dr. Arnold T. Ohrn, Executive Secretary of the Baptist World Alliance, Washington, D. C.; Mr. Maxey Jarman, Chairman, General Shoe Corporation, Nashville, Tennessee, and Dr. James L. Sullivan, pastor, Belmont Heights Baptist church, Nashville, Tenn.

The Baptist Hour choir, directed by John D. Hoffman, will furnish music for the services, with Frank Willingham at the organ. The programs are produced and directed by Jack R. Robertson, Associate Director of the Radio Commission.

The Baptist Hour may be heard in our state over radio stations KCRS, KGNC, KPRC, KRIC, WFAA and WOAL.

Scranton Citizen Dies Friday In Cisco Hospital

Funeral services for John W. Julian, 60, of Scranton, who died 3:30 p.m. Friday at Graham hospital, will be held Sunday afternoon at 3 o'clock in the Scranton Methodist church. Rev. Grace will conduct the rites and burial will follow in the Scranton cemetery. Thomas Funeral Home of Cisco is in charge of the arrangements.

Jowell Julian was born March 13, 1888 in Mississippi, and later moved with his family to Post, Texas, where they lived before coming to Scranton community. Prior to his death, he had been a resident of the community for five years.

Survivors of the deceased are his wife; four daughters, Mrs. C. A. Tices, Shawnee, Okla.; Mrs. Melton Akins, Mrs. T. L. McGlun of Tahoka, Texas, and Miss Mary Lou Julian of Scranton. He is also survived by four sons, Sterling Julian, Carlbad, New Mexico; J. W. Julian of Waco; A. E. Julian of Sand Springs, Okla.; and Allen Dean Julian of Waco. He was survived by eight grandchildren.

Scout Pow-Wow To be Held In Ranger, Sept. 7th

A Pow-Wow for scouts of the Eastland and Stephenville North Comanche Trail district is scheduled to be held in Ranger Tuesday, September 7, at the Ranger scouters hut, Boy Scout Field Executive Steve Potts said today.

All scouts were urged by the leader to attend the fall's first Pow-Wow as groundwork for the fall and winter scout campaign are to be laid.

Speaking before a Ranger civic club's meeting Wednesday, Mr. Potts urged the reformation of all inactive troops in the northern area during the summer months. He said that 75 per cent of eligible boys desire to join the scouting program but that there was a lack of troops and leadership.

Public Library Receives Latest Books This Week

Mrs. C. R. Baugh, librarian, listed the following new books as received by the Public Library this week:

Big Freeze by Bellamy Partridge; Cleft Rock by Alice Tisdale Hobart; Tomorrow Will Be Better by Betty Smith; Ravenswood by Mary Frances Daner; Trumpet in the Sky by Alice Topping Miller; Flames of Time by Baynard Kendrick; Golden Hawk by Frank Yerby; Shannons Way by A. J. Cronin; Melissa by Taylor Caldwell; Foolish Gentlewoman by Margaret Sharp; Toward the Morning by Herve Allen; Bishops Mantle by Agnes Sligh Turnbull; No Trumpet Before Him by Nella Gardner White; Peony by Pearl Buck and Cry the Beloved Country by Alan Paton.

Surgeon General Extends Training Program Limit

Young doctors have been given another chance to take advantage of the Army's graduate training program under which they may complete their internships and residencies in civilian hospitals with full First Lieutenant's pay and allowances while they are training, it was revealed today at Fourth Army Headquarters.

Col. Robert P. Williams, Fourth Army Surgeon, has been advised by the Surgeon General of the Army Maj. Gen. Raymond W. Bliss that the closing date for applications from medical students has been extended to November 1.

The closing date had been July 1 but wide interest in the program brought so many inquiries from young doctors that all of them could not be considered within that deadline. Under the program selected medical graduates may serve their internships and residencies in civilian hospitals of their own choice. Col. Williams pointed out.

Interns will train as First Lieutenants in the Medical Corps Reserve and the residents as First Lieutenants or Captains in the Regular Army Medical Corps, he added.

Schools Undergo Expensive Repairs During Vacation

The school principals will meet at 9 a. m. Monday and all teachers will gather at the high school 10 a. m., the same day to make final preparations for the opening of the Cisco public schools on Tuesday, September 7. All teachers will work Monday afternoon numbering school books and getting them ready for what officials hope will be a record school year.

High school students registered during the past week as did the students of the Cisco Junior College, and will be ready to begin their work when school opens Tuesday. Grade and Junior high school students will begin registering at 9 a. m. Tuesday in their respective school classrooms.

School Superintendent Arlin Bint announced that the summer had been spent in getting the school plant in readiness for the 1948-49 term. He invited Ciscoans, particularly the parents of Junior High school students, to visit the Junior high building Monday and inspect class rooms, rest rooms and the cafeteria.

The building underwent extensive repairs during the summer months and is in the best of condition it has been in years, he pointed out. The rooms have been completely redecorated, the desks have been varnished and the floors will be painted. The cafeteria has been modernized and will give the students an atmosphere of home comforts.

New curtains have been placed on the windows and walls, ceiling and floors are clean and bright. Mrs. Luke Pippet is to be in charge of the school lunch rooms for the year.

The rest rooms of all the schools have been cleaned and painted and the plumbing equipment has been repaired or replaced. The rooms are clean and officials have arranged to give school custodians periodical training so that they may keep the schools in top condition.

The only change in the administrative staff of the system is at junior high where O. L. Davis replaces E. L. Kent as principal. Kent resigned to accept a similar position with the schools at Carrollton, Texas.

Arlin Bint will begin his second year as superintendent of the Cisco school system, and Carlos Turner will assume his duties as principal of the high school. Mr. Davis will take over the reins of junior high and C. B. Midkiff was reappointed principal of West Ward.

The college administrative staff will remain the same as last year with O. L. Stamey as president and R. F. Webb as dean and registrar. A. R. Collier will be in charge of the veterans program.

Mrs. Gayle Bailey and her two year old son, Stephen Dean, sailed from San Francisco, Calif., on August 30 for Manila P. I. to join their husband and father, Lt. Gavle Bailey who is stationed at Clark Field with the 139th Air Force.

Mrs. Bailey, the former Billie Jean Dean, is the daughter of Mr. and Mrs. W. E. Dean of 1110 West 7th St. in Cisco. Mr. and Mrs. Dean accompanied their daughter and grandson to San Francisco. On the trip they visited many points of interest in New Mexico, Arizona and California.

They spent some time in Albuquerque, N. Mex., and also made the trip through Boulder Dam. They made the trip to California in Mrs. Bailey's car which was shipped to her future home.

Lt. Bailey is the son of Mr. and Mrs. M. D. Bailey who also reside in Cisco. He served in the U. S. Army Air Force during World War II and remained in the service after the cessation of hostilities.

Mr. and Mrs. Bailey are graduates of Cisco High School.

This is absolutely the last day that you readers will have to suffer because of the absence of the Gay Philosopher. He will return from his more or less successful fishing trip before the next issue.

Since Monday is Labor Day we decided to do a little research on the subject and found that the holiday was started some 66 years ago by a fellow named Poper J. McGuire who decided that New York's working men should have the opportunity to strut their stuff. As a result of McGuire's idea, the United States now has a labor holiday that ranks in importance with Presidential birthdays, Independence Day and Thanksgiving.

Labor Unions held the first big Labor Day parade in New York City in 1882. A short time later the powerful "Knights of Labor" voted to make it an annual affair and throughout the years the day has gained in significance.

Getting away from the unpleasantness of the word "labor," in that it always gives us a tired feeling just to mention it, we just heard that Dr. Claude P. Jones and his wife have returned from their vacation trip to some of the Gulf Coast points. The Doctor reports, without confirmation, that he did catch some fish.

There is to be a football preview at Chesley Field Tuesday evening beginning at 7:30. The coaches of the Lobos and the Wranglers will unveil the product of their handiwork before the general public at that time. The band will make its initial appearance on the program and will feature the playing of several numbers by John James Haynie as guest coronet soloist. Haynie is said to be one of the best coronet players in the entire United States and should point to him with pride.

Clarence Weatherby was declared the winner in the recent contest for new subscribers to your local paper. He came in with 29 new readers to lead by a comfortable margin. Clarence has been a Press carrier boy for three years but is leaving us to begin work in a local food store. We hope that the things he has learned while working here will be of value to him in his new venture. Our best wishes go with him.

The first labor contract between organized labor and employers was signed in 1886 between newspaper publishers and typographical unions in Chicago and Washington.

The first labor law fixing ten hours as a legal day's work was passed in New Hampshire in 1847.

Our Thought For Today: How can we venture to judge others when we know so well how ill equipped they are for judging us?

Retail Merchants Association

L. SELF, L. I. B. S. Sect'y
Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.
When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing setups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.

In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.

A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and co-operation on your part.

We appreciate our members, and we are here to serve you. Call us often.

OPEN HOUSE HELD BY ARTS CLUB THURSDAY

Celebrating forty years of consecutive club work the First Industrial Arts club held Open House Thursday evening in the home of Mrs. John Shertzer on College Hill. The club was organized in 1908 by Mrs. George Langston, now deceased, who was an active church and club woman and was much interested in all civic affairs. A membership of twenty-five was soon registered and much interest was manifested by the members in the progress and development of the organization.

The club was active in putting a Home Economic department into the high school and has continued to foster this department, giving each year a usable gift to the department; and presenting a gift to the high school girl making the highest grade.

Mrs. W. E. Ricks, a charter member was present Thursday evening.

The committee in charge of arrangements was Mrs. H. A. Bible, Mrs. N. A. Brown, Mrs. R. L. Clinkscales, Mrs. O. L. Stamey, Mrs. T. C. Williams, Mrs. R. E. Grantham, Mrs. E. J. Poe, Mrs. John Shertzer, Mrs. W. W. Wallace and Mrs. B. E. Morehart were also in the house party. Among members of long standing who live in Cisco are Mrs. George D. Fee, a past president and charter member; Mrs. A. J. Olson and Mrs. Joe Wilson; Mrs. M. D. Paschall a long time member who now lives in Dallas, but maintains membership in the club. Another charter member now in Cisco is Mrs. Neal Owen.

Guests were welcomed by Mrs. John Shertzer who presented them to the receiving line composed of Mrs. S. H. Nance, club president; Mrs. Joe Wilson, Mrs. F. E. Harrell XXth Century Club president; Mrs. C. E. Paul, Music Club president; and Mrs. J. P. McCanlies, president of the Garden Club. Mrs. O. L. Stamey and Mrs. T. C. Williams were in charge of the guest book.

Musical numbers were furnished throughout the evening by Betty Brogdon, Lovell Paul and Mel Sandler.

Lovely decorations of cut flowers emphasized violet and white, club colors, decorated the rooms and the color theme was carried out in the appointments used. Mrs. R. E. Grantham presided at the punch bowl and Mrs. R. L. Clinkscales served. Approximately 50 guests called.

during the evening among whom were Mrs. Ellen Turner and Mrs. L. E. Richardson of Fort Worth, former members of the club.

HARVESTERS CLASS IN UNDERWOOD HOME

Mrs. M. F. Underwood was hostess Thursday evening when the Harvesters class of First Baptist Sunday school met in her home for business and social meeting.

In the absence of Mrs. Grady Laws, president, Miss Dora Joe Pyle took charge and opened the meeting with prayer after which a short business session was held.

Following the business period a social hour was enjoyed with a number of peppy games directed by the hostess.

Refreshments were passed at the close of the games to Mrs. C. P. Cole, teacher of the class; Mrs. Ben Kay, Mrs. A. F. Ashenhurst, Mrs. R. H. Williams, Mrs. Earl Steel, Miss Doris Joe Pyle, Mrs. Ray Judia, Mrs. Walon Baum and Mrs. Underwood.

PAT MCCANLIES WAS HONORED WITH PARTY

Pat McCanlies was honored with a birthday party by his mother Mrs. Jim McCanlies Friday, September 3, in their home on H Ave. Games were played on the lawn, followed by the opening of the gift packages and blowing out the candles on the birthday cake.

Refreshments of cup cakes and frozen malt were served to Katherine Gleason, Mary Rose and James Starr, Nancy and Jackie Qualls, Richard Donovan, Jeanette Chambliss, Wayne Brown, Danny Tipton, Joe and Jimmy Terral, Patsy Donohoe, Brenda and Neil McBeth, Robert and Darlene Dunning, Nevia Burnam, Beth Smith, Johnny Julia and Pat McCanlies and the following mothers: Mrs. Virgil Chambliss, Mrs. Jasper Qualls, and Mrs. Jim McCanlies.

MRS. CHEVES HOSTESS TO J. O. V. SS CLASS

J. O. V. Class of First Baptist Sunday school met Thursday evening in the home of Mrs. E. H. Cheves for the business and social meeting of the month. The meeting was opened with prayer by the hostess, following which Mrs. T. E. Lisenbee, president, conducted the business session. Reports were made by the secretary and treasurer. Announcement of the annual meeting of Cisco Baptist Association to be held September 14 in Cisco, was made and several members offered to assist in preparation. The meeting was closed with prayer by Mrs. C. W. Reed.

Refreshments were passed during the social hour which followed to Mrs. Austin Flint, Mrs. Bill Bledsoe, Mrs. C. W. Reed, Mrs. T. E. Lisenbee, Mrs. H. P. Schaefer, Mrs. Jimmie Gee, Mrs. W. L. Hussey and Mrs. Cheves.

HUDDLESTON - PASCHAL WEDDING THURSDAY

In a double ring ceremony held Thursday evening in the Church of God at Eastland, marriage vows were exchanged by Miss Fairy Lynn Huddleston, daughter of Mr. and Mrs. Glen Huddleston of Eastland and Elvis Paschal, son of Mr. and Mrs. Harry Paschal of Ballinger. Rev. Robert E. Bowden, pastor of the Church of God at Sweetwater officiated. Music was furnished by Miss Ladell Paschal, pianist, of Ballinger, sister of the bride-groom; Misses Pearla and Pearlina Farley of Cisco, violinists; and Mrs. Don Morrison of Cisco soloist.

The bride was given in marriage by her father. She wore a gown of candle-light satin which was made by her mother. The shirred bodice was accented with a sweetheart neckline, and full-length sleeves which came to points over her wrists. The full skirt sweeping into a graceful train. Her finger-tip veil of imported illusion fell from a beaded halo. She carried a white satin Bible on which was placed a shower bouquet of gardenias and stephanotis and a tiny reflecting heart tied in the satin ribbon. For something old and borrowed she wore a watch which had been presented to her mother by her father as a wedding gift.

Mrs. Lavon Huddleston of San Angelo was matron of honor and Miss Dorothy Jean Watson of Cisco was bridesmaid. Jeaneane Bohannon of Cisco was the flower girl.

The bridegroom's brother, Dennis L. Paschal of Ballinger, attended him as best man and Reese Huddleston, brother of the bride was groomsmen. Serving as ushers were W. R. Paschal Ballinger, brother of the groom, and Everett Plowman, Eastland.

A reception at the church parsonage followed the ceremony. Christine Garrard registered the guests in the brides book which she had made in shape of a heart and covered with satin of the brides dress. The bridesgroom's sister, Miss Ladell Paschal of Ballinger, and Mrs. Robert E. Bowden of Sweetwater, cut the wedding cake. Presiding at the punch bowl were Mrs. W. C. Emberton, and Mrs. W. E. Hallen-

beck, Eastland. When Mr. and Mrs. Paschal returned from a wedding trip to San Antonio they will make their home in Eastland. The brides traveling costume was navy blue.

Mrs. Paschal was born and reared in Cisco graduating from Cisco High School in 1946. She then attended college one semester. The past eighteen months she has been employed as book-

keeper for the Muirhead Motor Co. in Eastland. Her husband finished high school in Ballinger and served in the Air Corps in World War II. He is now employed at the Eastland Auto Parts Co.

Remember That a Good Credit Will Prove To Be the Best Asset You Can Possess

Credit is the best asset a person can have. A good credit rating will open many doors that otherwise would be closed. A bad credit rating will follow you wherever you may go.

Your merchant confidently expects all bills to be paid by the tenth of the month unless they have been previously arranged for on other terms. The tenth of the month is universally recognized as the last day on which payments for the preceding month's purchases, can be considered prompt. It is your duty to meet your obligations with the same promptness as the retail merchant is obliged to meet his.

By paying your obligations by the tenth as agreed you will find that doors always open to you — that retail merchants will welcome your charge account and consider it a privilege to do business with you. So remember that a good credit will prove to be the best asset you can possess.

Honoring their visitors, Mr. and Mrs. Warren McCanlies and family of Phoenix, Arizona, members of the McCanlies family gathered at the home of Mr. and Mrs. J. P. McCanlies Wednesday evening for a family get-together and picnic supper in the cool back yard which had been brilliantly

lighted for the occasion.

Covered dishes of food had been brought by each family represented. The food was placed on long tables which had been arranged, and after invocation was offered, the sumptuous meal was heartily enjoyed by the group.

Following the supper a period of conversation held the attention and at the close relatives gathered in the living room where they joined in a sing-song of familiar hymns accompanied at the piano by Miss Jane Huestis. A pleasant evening was spent quickly it seemed and the time soon came for them to separate and leave for their homes. Before leaving, however, they were invited to the yard again where ice cold watermelon was served.

The oil industry is producing more oil for you... but it's a big job!

A SEISMOGRAPH CREW creates miniature earthquakes with dynamite charges and records the shock waves with delicate instruments. The records are then studied to see if they reveal likely oil formations. The seismograph crews operate on the plains and prairies of Texas, on the ranges of New Mexico, in Mississippi's farm lands, in the bayou country of Louisiana, and in the open Gulf of Mexico—wherever there is a chance that possible oil-bearing formations may be found.

You have asked the oil industry to produce nearly twice as much oil in 1948 as we produced in 1941; that's what today's increased use of oil products amounts to.

To produce oil, it is necessary first to find it. And finding oil is not easy; it's not like looking for buried treasure; it's not a matter of old maps and digging with shovels in romantic spots. The search for oil is a hugely expensive undertaking. It is a scientific project on the grand scale. It involves a careful study of geology and such feats as measuring the difference in the pull of gravity at different places, and tracing the shock of the miniature earthquake created by setting off a small dynamite charge.

But with every possible scientific aid, the scientists still can't say, "Drill here for oil." Instead, they say, "Drill here and you may find oil." And these days, about 90% of the exploratory wells find no oil—they are what the oil men call "dry holes"

Today, the industry is hunting and finding oil sometimes two miles and more deep in the earth.

Humble, for example, this year completed a producing well in Chambers County, Texas, that is 12,026 feet deep, and many exploratory wells are drilled even deeper. All this makes the search sometimes slow, always expensive; and it adds thousands of dollars to the cost of drilling a well.

But the industry is producing more oil than ever before in its history, and is finding enough additional oil to maintain its reserves. You can help this effort by making your personal demands for petroleum reasonable, by cooperating with programs designed to conserve oil products for the uses to which they are best adapted, by the exercise of patience as the oil industry acts to meet the need.

THIS PICTURE was made at a test well going down near Trinity, Texas. It is a "wildcat well." Scientists have said there may be oil here, but only the well can prove definitely that there is, or is not, oil at this spot. Humble will drill about 245 wildcat wells this year if materials are available.

OIL GEOLOGISTS examine surface rocks in an effort to find evidences of underground formations which may contain oil. Their work leads to additional exploration by other methods, and to the drilling of exploratory wells. The geologist seeks rock outcrops usually found in creek bottoms and dry ravines, cliff sides and canyons; his tools are the geologist's hammer, the surveyor's transit, education, experience.
