CISCO, TEXAS, SUNDAY, SEPT. 12, 1948

NUMBER 218

The Gay Philosopher

(Copyright New York Graphic Society) By J. W. S.

RAN INTO a new deal for quail hunters the other day. A fellow over at Tyler has invented a whistle that sounds like a quail's whistle. If you can't see the man blow it, you'd think you were practically standing in a covey.

THE FELLOW said a soldier figured out the whistle in France by taking two small snuff cans and putting them together, bending and perforating. Open for business only a short while, he has already sold 25,000 of them.

OUR SCOUTS report that quail hunting should be pretty fair this fall, despite the drought. Dove hunting has been fair. They're getting wild and awfully hard for our gun to hit.

WE RAN INTO a deal up in North Texas a few years ago that was a pretty good stunt. The quail population was thinning out. So a sportsman's club was organized and they offered prizes to 4-H Club boys who did the best jobs in providing feeding grounds for the quail during the spring and summer.

After a couple of seasons, the quail population was back to normal, the boys were winning handsome cash prizes, and the hunters weren't coming home empty handed.

A RANCHER WAS telling us that he has posted his property to hunters. The reason: two out-of-town fellows came dove hunting and they shot into two coveys of quail, killing six. The rancher didn't report them as he should have done. He will refuse to let anyone hunt. And you can't blame him.

WHEN WE FEEL the fishing urge again, we're going to follow Mr. Anton White of the Boss Co. He goes catfish fishing. And he brings home the catfish. On several recent trips, he brought home a total of about 100 pounds of dressed fish. He wasn't too interested in revealing the exact location of his pet fishing hole.

Auto Store Adds Toy Department

John Webb, owner and manager of White's Auto Store, has announced the opening of a new toy department for the purpose of making Christmas shopping easy. The new department is separate from the store, with a door leading from the main floor. It is filled with all the things that put a gleam in the eyes of boys and girls. The shelves are loaded with dolls, dishes, kitchen toys, nurses kits, doll suitcase and many other items to attract the girls. The boys can find joy in looking at the display of wheel goods, guns, holster sets, mechanical toys and many other items.

Manager White said that he was fortunate in being able to buy a complete line of toys. He said that he had toy and gift items for all ages, and invited everyone to visit the new department and make their selection.

He has added a lay-away department and invited customers to make their selection early and pay a small amount down. The balance can be paid between now and Christmas by the week or by the month, he said.

Reserved Tickets For C. J. C. Game On Sale Monday

President O. L. Stamey of the Cisco Junior College announced Saturday that reserved seat tickets for the Wrangler-Hardin-Simmons Freshman game would go on sale Monday.

The tickets may be secured from any of the drug stores, the announcement said. The reserved seats are between the 20 yard lines on the north side of the field and all seats are good. The seats remaining from the pre-season sale have been picked up and will be included in the list for sale beginning Monday.

Officials urged fans to get their tickets early in order to get the best selection. They will remain on sale until the day of the game. Reports from Abilene show that the Hardin-Simmons team is ready for the opening game. The team is composed of stars from class A and class AA schools of Texas and stars from other states. It boasts of three all-state players and many all-district men.

Sunday Evening Union Services To Come to Close

Dr. Claude P. Jones will deliver the closing sermon of the Sunday evening services which have been held on the lawn of the Presbyterian church throughout the summer months.

The services close with the meeting tonight after a successful summer meeting.

Dr. Jones will use as his text "Mastering Life."

Fellowship Dinner Wednesday P.M. At Methodist Church

The officers of the Church and the Church school of the First Methodist Church and the men of the Brotherhood will have a fellowship dinner at the church building beginning at 7 p.m. Wednesday, Sept. 15.

All officers and men of the Brotherhood were urged to be present at the dinner and for the business meeting that follows. The dinner will be served by ladies of the Women's Society.

The dinner will be followed by a business session of the First Quarterly Conference. Rev. Oran Stephens will preside at the business meeting.

FIREMEN ANSWER ALARM

City firemen, answering an early morning alarm, extinguished a gas-fed blaze Saturday in the Dr. W. I. Gormley home, it was reported.

Fire chief H. O. Anderson said the blaze apparently was caused by a hot plate which fell to the floor, igniting a near-by gas attachment. The blaze was put out before serious damages to kitchen were done.

Wins First

Pictured is Clarence Weatherly, 15-year-old son of Mr. and Mrs. P. T. Weatherly, who was the winner in a recent Daily Press circulation contest. Clarence signed up 29 new subscribers during a two-weeks' contest. He has been a Press carrier for more than four years.

During the contest, 139 new readers were enrolled by Press carriers. Clarence is a sophomore at Cisco High School, more at Cisco High School.

ROCKS AGAINST TOMMY-GUNS

A German anti-Communist youth, foreground, is about to hurl a rock at Russian soldiers in jeep just before Soviet troops opened fire with tommy-guns at a massed crowd of about 300,000 Germans. Russians said they started shooting because German civilians had stoned another jeep load of Red Soldiers in the British sector. (NEA Telephoto).

Church of Christ Will Hear Visiting Minister Sunday

M. F. Manchester, Church of Christ minister from Orion, Texas, will preach at the morning and evening services of the Cisco Church of Christ, it was announced Saturday.

Mr. Manchester has preached in Eastland County for several years, and joined with the members of the local congregation in inviting his friends and all others to attend the services.

The morning services begin with the Bible school at 10 o'clock with the regular services following at 10:50. The young people meet at 6:30 p.m. and the evening services follow at 7:30.

Pre-School Age Children to Have Special Class

Mothers of children who reached their sixth birthday after Sept. 1 and are not eligible to enter regular public schools are getting a break this year with the announcement that a special class has been started which permits them to enter their children for regular first grade work.

The class will be held at the East Ward School, and will be taught by Mrs. Stanley Webb. She asked all mothers who are interested in the work to meet with her at the school Monday at 8:45 a.m.

The pupils will be given regular first grade work and will be eligible for the second grade next year if they successfully pass the nine months course. They will attend classes from 8:45 a.m. until noon.

The tuition will be determined by the number of pupils enrolled, it was announced.

Two Injured in Collision Near Cisco Saturday

A head-on collision ten miles west of Cisco Saturday afternoon put two persons in a local hospital with minor cuts and bruises, a Texas State Hiway report said.

Hospitalized were C. H. Jordan of Ft. Worth, a construction engineer for the Southwestern Bell Telephone Co., and Roy G. Chapman of Cisco, president of the Chapman Oil Co.

Attendants at the hospital reported that Mr. Chapman would remain a few days before being released. He is suffering from minor cuts and bruises. Mr. Jordan was released after a check up Saturday evening. He had sustained a bad laceration over the right eye and a cut above the left knee.

Both cars, a 1947 Studebaker and a 1946 Dodge, were completely demolished in the accident, the report said.

TO FORM NEW CABINET

Henri Queuille smiles as he chats with a newsmen after announcing in Paris that he had accepted President Auriol's request to form a French Coalition cabinet. The 64-year-old Radical Socialist will go before the National Assembly to ask for a vote of confidence. (NEA Telephoto).

Handicapped by Complete Blindness Man and Wife Operate News Stand

Have you ever been in a cellar with the lights out? That is the feeling a man has when he first loses his eyesight, according to Ross Griffith who, with his wife, recently took over the operation of the Norman News Stand next door to the Palace Theater.

Both Mr. Griffith and his wife Charlotte, are totally blind and have been for many years, yet for 4 1/2 years prior to coming to Cisco they successfully operated a news stand in Knox City.

Mr. Griffith lost the sight of

MR. AND MRS. GRIFFITH

both eyes 21 years ago when a nervous disorder affected the optic nerve. Mrs. Griffith has been blind since she was three years old. She lost the sight of both eyes from the after effect of a case of measles.

They were married in 1945 after meeting in Morristown, New Jersey where they had gone to secure seeing-eye dogs. Each has a dog that is with them when they leave their home.

WHAT, NO SUGAR AND SPICE?

Latest recipe for a sailor, U. S. Navy, says the "Naval Recruiter," official Navy publication, goes like this:

Take one American, slightly green. Stir from bed at early hour. Soak in shower daily. Dress in Navy blue. Mix with similar eggs. Toss with maneuvers and grate on commanding officer's Add liberal portions of baked beans. Season with rain, wind, sun and snow. Sweeten from time to time with chocolate bars and shore liberty kisses. Let smoke occasionally. Pass over large amount of water. Bake in 110 degrees summer, let coil below zero in winter. Harden in heat of battle. Serves 140,000,000 people.

Large Number Of Men Registered By Cisco Office

Over 400 men have registered through Friday under the Peace Time Selective Service Act in the Cisco branch office, it was announced Saturday by officials.

The figure represents the largest number of men registered by any office in the Eastland-Stephens County District, the announcement said.

Coy Warren, of Mr. and Mrs. L. A. Warren, was the first man to register when the office opened on August 30. Warren, a veteran of World War II, recently received his degree from Texas University and is working in Midland.

There are four more days in which men of the draft age may register. They are as follows:

Persons born in the year 1928 shall be registered on Monday, the 13th day of September, 1948, or on Tuesday, the 14th day of September, 1948.

Persons born in the year 1929 shall be registered on Wednesday, the 15th day of September, 1948, or on Thursday, the 16th day of September, 1948.

Persons born in the year 1930 before September 19, 1930, shall be registered on Friday, the 17th day of September, 1948, or on Saturday, the 18th day of September, 1948.

Persons who were born on or after September 19, 1930, shall be registered on the day they attain the eighteenth anniversary of the day of their birth, or within five days thereafter.

Guest Organists To Play Sunday At Methodist Church

Miss Lilla Jean Brown of Corsicana, graduate of the Juilliard School of Music and head of the music department of Ramer Junior College, will be guest organist at the First Methodist Church at the Sunday morning services, Dr. Claude P. Jones, local minister announced.

Miss Brown is said to be one of the leading organists of the state. She is a member of the American Association and Guild of Organists.

Dr. Jones will deliver the Sunday morning sermon, using as his subject, "Christians at their Best."

Deadline Set For Naval Reserves To Enter Academy

Application for entrance to the U. S. Naval Academy will be accepted from naval reservists until Oct. 1. Rear Admiral L. F. Reiffmiller, USN, Eighth Naval District commandant, said today.

Applicants must be unmarried. For non-veterans with less than one year of wartime service age limits are from 17 through 21. The upper limit is extended to 23 for men with more than a year on active duty during the war.

Reservists attached to organized units may apply through their commanding officers. Others will apply through district headquarters here, the commandant said.

Cheer Leaders Primed For '48 Football Season

The final phrase of the Cisco High School football season were ushered in Wednesday with the student body election of six girl candidates for pep leaders of the high school pep squad. Elected from a large field of try-outs were Nancy Cross, head cheer leader, Montie Lisenbee, Scripply Cluck, Joan Ewell, Martha Smallwood and Mary Butler.

With voices primed for cheering and hollaring, the Cisco Hi pep leaders have just about completed their pre-season vocal training and are "in shape" to root the Lobos into a top-flight bracket. The first rally was held in the high school auditorium Friday.

The ear-splitters will be suited out in flashy new uniforms and megaphones will be used for the first opening game, it was stated.

The Magna Charta, charter of English personal and political liberties, was obtained from King John in 1215.

Lobos Present Good Form, But Drop Opener to Cleburne, 13-12

By JIM EWELL, JR.

Ex-Childress Star To Play With HSU Against Wranglers

Bill Cagle, former member of the Childress High School team, will be on hand Thursday night when the Hardin-Simmons University freshmen tangle with Cisco Junior College. Cagle is one of the most promising halfbacks on the freshman squad.

Voted the most outstanding player in his district while a high school senior last year — a district which includes Wichita Falls — Cagle reported to Hardin-Simmons last spring and got in valuable training with the varsity during the 25-day spring drill period.

Coach Al Milch, Hardin-Simmons freshman mentor, has put his charges through stiff workouts since September 1, preparing for the five-game schedule of the Yearlings. Scrimmage sessions with the McMurry College Indians and extensive drills with Coach Warren B. Woodson's Cowboy varsity have given the Yearlings valuable experience. Milch has pronounced his 32-man squad in good shape for the season opener with Cisco.

Besides Cisco Junior College, the Hardin-Simmons will meet Decatur Baptist College in Abilene, Oct. 2; San Angelo Junior College in San Angelo, September 24; West Texas State freshmen in Canyon, Oct. 9, and the Texas Tech freshmen in Lubbock, Oct. 22.

The 1948 freshman eleven is the first freshman team at Hardin-Simmons since 1941 the final year of the freshman eligibility rule in the Border Conference before the war.

Light footed back Johnson trotted around right end for five yards and Smith crossed for first down on the Jackets' 23 yard line. With the Cleburne goal post now in sight, Cisco received another back field in motion penalty for five yards. On the third down, Johnson unleashed his slinging arm and completed an over the line pass to end Durwood Smith, who was brought down by covering back fielders, Johnson loosed with a short pass to George Watts who carried it to the Jackets' 20 yard line before he was pulled down by Don Brown. The play was good for a Lobo first down.

On a left end trek, Johnson again lugged the ball, and broke loose for a 15 yard dash. With the shadows of the pay dirt within a few steps of the Lobos, Johnson, showing impressively good form, lugged a short pass to Smith, which was batted down. Attempting his aerial attack on their second down, Johnson was clattered by on rushers. The ball bounced crazily to the sideline.

Linesman John Gallions decided to play a penalty for Cleburne and marched the ball to their own 1-yard line. He signaled it as unnecessary roughing of the passer, Rendall on the next played batted center to score the first touchdown for the Lobos. The extra point attempt was blocked by Murrell.

Following at the half, the Jackets hacked the line with short, but accountable runs. Back Don Murrell crashed through tackle slot and ran seven yards before being hauled down on the Lobos 42 yard line. The jaunt was the Jackets' first threat into Lobo territory.

Shortly afterwards, June 11 plunged three yards on a hand off from full back Rosser. The run was chalked up the Jackets' sixth first down since the start of the game.

A resistant Lobo forward wall withheld constant Cleburne threats, and forced the Wasps to punt out-of-bounds.

Returning the pigskin from his own 24 yard line, Johnson was tackled by Murrell who powered through the runner's interference. He was brought down on the 31 yard marker. After a series of set backs, the Lobos were forced into kicking the ball as a safety measure. Smith teed the ball to the 44 yard line.

Murrell, whose broken field running served a headache to the Lobo line, returned the ball to the 35 in Lobo territory. Once again, the Jackets set up what seemed to be a scoring trip.

A quick snap of the ball enabled right end West to grab a pass from Murrell, pushing for 24 yards. Rex Fariev, who was outstanding in the line, was credited with the tackle.

A short pass and a center plunge put the Cleburne eleven on the Lobos' doorstep. Playing off a beautiful screen pass, Junell crossed into the pay dirt. The extra point attempt was blocked by Murrell.

SUBSCRIPTION RATES: \$3.00 per year by mail (outside Cisco) In Eastland, Stephens and Callahan counties, Texas. In other Texas counties \$5.00.

Per year in advance (Cisco, by mail) \$5.50 Per week (by carrier) .15c No discount on carrier-delivered yearly subscriptions when paid in advance.

PROFIT ISN'T THE TROUBLE

At more or less frequent intervals, the newspapers still carry accounts of consumer "strikes" against retail stores. The participants pledge themselves to cut their buying to the minimum until the storekeepers reduce prices by 10 or 20 per cent or some other arbitrary figure.

This kind of consumer feeling may be understandable. But to blame the retailer for today's steep prices makes no sense at all. If the storekeepers — particularly those dealing in staple necessities — made no profit whatever, the average family's buying power would be increased very little.

The proof of that is found in statistical breakdowns of what happens to the money spent in typical stores. Practically all of it goes to buy supplies, to pay wages and taxes, for rent and maintenance, and for other unavoidable expenses. All that is left as profit, in most cases, is two to five cents out of each dollar rung up in the cash register.

There is one main reason why this should be so — competition. In this country all kinds of stores compete with each other. Chains and independents are after your business. They try to outdo each other by offering better qualities, more extensive stocks, improved service — and more reasonable prices. Under that kind of a set-up, no one is going to be able to profiteer for long.

Retailers will be among the first to cheer if prices ever come down. And, in the meantime, they'll sell you what you want at the lowest cost possible.

Football— (Continued From Page One)
Ira point was shoved squarely through the uprights.
In the fourth quarter, the Loboes were penalized five yards for illegal formation on the kickoff. Rendall ripped the Jackets' line and broke loose for seven yards. Durwood Smith was thrown for a 4 yard loss and Johnson failed to complete a pass to Rylee.
Within five minutes of the end of the fray, Durwood Smith slipped into the Jackets' right flats and intercepted a Loj intended for the West. He blazed the gridiron with a 48 yard spree, the longest run of the game. The extra point was nullified.
Desperately attempting to throw in every play in the book, Coach Jerry Sadler's boys were turned back at every turn, and for losses. The Lobo line cu large holes in the Jackets' wall and turned back the thruts being unleashed upon them. The Lobo backs handled themselves advantageously, also.
Punt Falls
Kicking back to the Loboes' 12 yard line, the Jackets roared down to pin Johnson down before he could gain his pickup. With the shadows of the upright staring the Jackets in the faces, the locals attempted to kick out of the siege on the third down. Smith muffed the throw from center and was brought down with a one yard loss. A second attempt to punt was blocked by Knopp who converted it into a touchdown threat. He was stopped on the 1 yard line. Brown busted the line to tally the Jackets' second TD. The try for extra point failed to split the uprights.
The Loboes rallied and were pushing the Jackets back into their own grounds when the whistle ended the game. The squad returned to Cisco Saturday morning.
Gorman Oil News
Gillespie No. 1 Waller is drilling at 3177. Man and Griffin, No. 3 J. D.

Bryan is drilling several feet into the pay.
Coast Oil No. 4 Della Graham is drilling at 2350 feet.
Man and Griffin No. 1 Millington made an oil well after all, even though everyone said they had a gas well. It was thought to be a gas well so strongly that one Gas Company had already contacted the owners of the lease to buy the gas well. The potential test figures on this well were 10 bbls per hour under a 36-64 choke.
Commercial Production, No. 2 J. A. Hirst acidized Friday morning using 3000 gallons of acid. It looks just about as good as the No. 1 according to Mr. St. Clair, production man for Commercial.
Commercial Production No. 3 J. A. Hirst is drilling at 1900 feet.
W. B. Johnson is finishing off his No. 6 well on the Ireland Watson lease instead of the No. 5 as previously reported. They have set pipe on the No. 6 and are rigging up on the No. 5 location which they are going back to, and incidentally, this completes the overfilling, this lease since there are only 106 acres to begin with. A special permit was secured to allow W. B. Johnson to drill the 6th well.
J. R. Hunter, No. 1 Blackwell has reacidized using 3000 gallons, the results are quite promising. Bailers full of oil are coming out free of water. A test specimen has been carried to Breckenridge and they passed on it as to its water content. Some in the territory — especially a few from Eastland were disgruntled because the well did not gush out and blow us all into the pool, but there has never been an indication that there was any gas pressure anywhere about this well. There is not enough gas pressure to bring the oil to the surface — the well is 3278 feet deep — no matter how much oil they may have. But the report is that it is much better than it was the day after they had used 500 gallons of acid. Then it was making 5 bbls per hour. Now we really do have a well.
Gregg and Glass are rigging up on the No. 1 J. E. Foster.

WAA Plans Lease Of Grazing Rights At Camp Maxey
Opening of most of the huge military reservation at Camp Maxey, near Paris, for grazing, and plans for re-leasing of portions of Amarillo's Pantex Ordnance Works were announced today by the Grand Prairie office of War Assets Administration.
Marking the first time Camp Maxey has been made available to the public for agricultural usage, 38,000 acres of grounds are being offered in a single area for a year's lease starting Sept. 30. Letter bids on the tract will be considered by WAA until closing time of 2 p. m. September 15.
Contained in the Maxey area are firing ranges, maneuver, field and institutional grounds which underwent a complete Army decontamination program over a period of several months.
Two sections of the Pantex Ordnance grounds, involving 4,222 acres, are being offered for a renewal of present leasing arrangements. Bids will be considered on each of 15 land parcels or on any combination of the various tracts. Eleven plots lie within the main reservation, whereas four others are in the area known as the Pantex Sewage Disposal system, now serving the Amarillo Air Field.
Deadline for lease offers on the Pantex land is September 14.
Information about the property will be supplied by WAA facility managers at each site. Other inquiries and all letter bids should

be addressed to the Property Management Division, War Assets Administration, Box 6030, Dallas 2, Texas.

Retail Merchants Association
L. SELF, L. L. B. S. Sect'y
Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.
When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing set-ups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.
In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.
A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and cooperation on your part.
We appreciate our members, and we are here to serve you. Call us often.

What is rarer than this?
The two-headed cow is indeed a rare animal. But an even rarer animal is the man who can save a lot of money without a plan for saving. That's why millions of Americans buy U.S. Savings Bonds on the Payroll Plan. This way, your money is invested for you every payday — automatically. No trouble or bother for you—and no temptation to spend the dough before it's invested! You'd be surprised how fast your savings mount up when you buy Bonds regularly. And in just 10 years, you get \$4 back for every \$3 you put in! Why not sign up for the Payroll Plan today!
AUTOMATIC SAVING IS SURE SAVING— U.S. SAVINGS BONDS
Cisco Daily Press "YOUR HOME PAPER"

Texas to Get Special Honors

Three Texans, Mr. and Mrs. Hugh Roy Cullen, president and vice-president of the Quintana Petroleum Corporation, Houston, and Justin Ford Kimball, LL.D., Dallas educator, will be among the outstanding contributors to health and hospitals receiving special honors at the 50th Anniversary Convention of the American Hospital Association in Atlantic City, New Jersey, Sept. 20 - 23.

As representatives of the thousands of contributors in the United States and Canada who have helped offer the finest health care in the world, 50 men and women will receive citations and honorary membership in the American Hospital Association. United States Senator Lister Hill of Alabama, sponsor with former Senator Harold H. Burton of the Hospital Survey and Construction Act passed in 1946, will make the

awards on behalf of the American Hospital Association at the Honor Night Dinner on September 21.

Mr. and Mrs. Cullen will be honored "for their contributions to the health of the people through the welfare of their hospitals." Their generosity and personal guidance have contributed greatly to the success of 5 Houston hospitals, the Texas Medical Center in Houston, and Baylor University College of Medicine. The Cullen Foundation, endowed through a substantial grant, is dedicated to the furtherance of education, the medical sciences, research, and hospitalization in the state of Texas.

March of Dimes Group to Meet

A three-day meeting of 1949 March of Dimes state chairmen and heads of leading national fraternal, veterans, civic and service groups to complete plans for the 1949 March of Dimes fund-

TCU to Honor Three Religious, Civic Leaders

TO CELEBRATE its 75th anniversary Sept. 20th, Texas Christian University will hold a diamond jubilee convocation at which honorary Doctor of Laws degrees will be presented to three outstanding religious and civic leaders. A Christian Church school, TCU will mark its anniversary by presenting its first honorary degree to a Jewish leader—Henry Cohen, Rabbi of the Temple B'nai Israel, Galveston. The other two recipients will be Dr. Charles H. Harris, center, eminent Fort Worth physician and founder of the Harris Memorial Hospital and of TCU's Health College of Nursing; and Oron L. Scott, prominent St. Louis businessman and outstanding laymen's leader in the Christian Church.

raising appeal will be held in Atlanta, Georgia, September 21 to 23, inclusive, it was announced today at the National Foundation for Infantile Paralysis, 120 Broadway.

The meeting will be held in the Atlanta-Biltmore Hotel in Atlanta. Personal invitations to attend have been sent by Basil O'Connor, president of the National Foundation, to heads of 41 national fraternal, veterans, civic and service groups interested in the work financed by the March of Dimes. It is expected that approximately 100 organization leaders and state chairmen will attend the three-day meeting.

In his letter of invitation, Mr. O'Connor stressed the importance of the meeting because of the unusually high polio incidence this summer in various parts of the nation. Toll of the disease this year may very well exceed 20,000 cases, he said, in which case the figure for the last six years will top 100,000, which is well above the normal average.

State chairmen and delegates will hear National Foundation staff members outline what has been accomplished in the care, treatment and rehabilitation of polio victims. They also will be given a review of the National Foundation's work and a first-hand account of this summer's infantile paralysis epidemics and the measures taken to combat them.

On the final day of the meeting, those attending will be taken to Georgia Warm Springs Foundation, where they will visit with children from their home states undergoing treatment at the world-famous institution.

Livestock To Be Shipped By Air To Guatemala City

HOUSTON, Sept. 12 — The largest single air shipment of livestock to leave the U. S. will of-

Uncle Sam Says

Can you keep on the "up" side of life's see-saw? The bumps come when you are on the "down" side and they aren't funny. For most of these bumps are financial ones and they hurt, unless you cushion the shock. Millions of Americans have discovered the safe, automatic pillow against financial bumps. That pillow is U. S. Savings Bonds. By allotting only \$2.50 a week, you will accumulate \$1440.54 in ten years. There are two convenient methods for the purchase of U. S. Savings Bonds—the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan where you bank. U. S. Treasury Department

tially begin at 7 o'clock Saturday morning when a giant DC-4 transport takes off from Houston International Air Gateway bound for Guatemala City, Guatemala.

Its cargo will be the first of 291 head of livestock from many of the top herds of Texas. The entire shipment is consigned to the Guatemala government herd and will be used in the Central American improvement program. The breeding stock is valued at \$82,750.00 by J. D. Sartwell, vice-president of Port City Stockyards of Houston.

Port City Stockyards' Export Division, headed by W. S. Cochran, Jr., is coordinating the huge shipment and for the past week has been bringing in the animals, readying them for shipment.

The livestock was purchased by Mariano Arevalo, Director General of Livestock of Guatemala and brother of the country's president, Juan Jose Arevalo. Mr. Arevalo arrived in Houston late in July on the first leg of his six-

weeks tour of Texas, during which he purchased 154 head of cattle, 23 horses, 106 sheep and goats, and 8 jacks and jennets. In Houston, he was assisted by the Agriculture Department of the Houston Chamber of Commerce. The Chamber of Commerce also helped Mr. Arevalo arrange the remainder of his tour of Texas.

One of Mr. Arevalo's largest purchases was from Frank Schofield, Austin Shorthorn breeder, from whom Mr. Arevalo bought 32 head of Shorthorn breeding cattle with a total value of \$15,350.00. At King Ranch at Kingsville, livestock valued at \$10,900.00 was bought. The livestock in- and 11 Santa Gertrudis heifers, an Africander bull and an Africander heifer, and two quarter horse mares.

Flying the huge shipment will be Skytrain Airways. Using a DC-4 named Blue Goose II, Edward McGee, Skytrain president, said the livestock would be carried in

about nine trips over a two-weeks period. Mr. McGee will be in Houston to supervise the loading, while R. B. Davis, secretary-treasurer of the company, will be in Guatemala City.

The plane will carry approximately eight tons of livestock each trip in its cargo department, with 2000 pounds of general cargo in its nose acting as ballast. Flight operations will be governed by weather conditions in Guatemala City. Due to the season, ground fog at Guatemala City lifts only for a two-hour period daily. Take-offs must be governed accordingly, Mr. McGee said.

Texas A&M Enrollment Nears 8,000 Students

COLLEGE STATION, Sept. 12. (Spl.)—Texas A&M College will probably have between 7,000 and 8,000 students this fall, school authorities estimated after enrolling 3,800 students in two registration days.

Fourteen hundred and sixty freshmen were formally registered Friday at Bryan Air Field Annex, where they had spent a week taking etiquette and achievement tests. Another 2,400 registered in August at the end of the summer session, Saturday's registration is for old returning students who were not in summer school.

Birth Certificate Paves Way For Uniting Family

OGDEN, Utah, Sept. 11.—One of the idiosyncrasies of war: A lot of people have to get birth certificates.

Perhaps, thought Master Sergeant Roy Manville of Airways and Air Communications Service, that would lead him to his orphaned sister and brother whom he had not seen or heard of since he was a 2-year-old in Idaho Falls.

He obtained a pass, and headed his car from Hill Air Force Base (Ogden) to the state capitol at Boise, Idaho. His hunch clicked. His brother and sister had obtained birth certificates during the war, and in the files were their adopted names and addresses—Wm. Stewart of Blackfoot, Idaho, and Bernice Simpson of Tulsa, Oklahoma.

M-Sgt. Manville smiled wryly and headed his car back toward Hill AFB—via Blackfoot. He met his brother, saying, "Are you Bill Stewart? I'm your brother, Roy Manville. We've got a sister, too."

On comparing notes, they found that both had been Air Force majors during the war and both worked with B-29 Bombers.

Then they placed a 'phone call "For Miss Bernice Simpson in Tulsa." They added, in what the operator must have thought was an idiotically gloating note, "And hurry, please, she's our sister."

M-Sgt. Manville accepted a master sergeancy in Airways and Air Communications Service after the war to become an operator of a radar blind landing device (Ground Controlled Approach) for the Air Force.

Handmade Glass—A Collector's Item

Truly collectors' treasures are these beautifully wrought animals of handmade American glass. Artistically shaped by skilled glass blowers, they catch every ray of light and sparkle like diamonds—yet are inexpensive enough to be within the reach of any budget.

WASH DAY COMBINATION

You'll stop singing the "wash-day blues" when you use a modern washing machine teamed up with a galvanized steel laundry tub unit. Use the double tubs for soaking clothes before they are wrung into the washer. Then, for quick and efficient rinsing, swing the wringer between the two tubs. After the laundry is finished, both the washer and tub unit may be rolled out of the way.

Harmony in Plastics

FOR those who want to try their hand at a little music, these new plastic accordions are right for both young and old. Made of Bakelite styrene these little beauties have true pitch and excellent tone in spite of their inexpensive price. The smaller of the two accordions (left) plays a scale and a half, with six keys regulating the tone of twelve reeds. The larger Magnus instrument has ten keys covering twenty reeds.

ducts, R. S. McFarland, vice-president and general manager, Mid-Continent division, Seaboard Oil Company of Delaware, stated here today. Quoting from a study just completed by the Oil Industry Information Committee, McFarland cited modern exploration and improved recovery methods as the means to lifting the nation's reserves despite heavy demands. Beside crude oil, he said, the known reserves of condensates, natural gasoline and other liquefied petroleum gases, which form part of the supply, total more than 130 billion gallons.

"Evidence of such improved methods of discovering and recovering oil should dispel fears that we are in danger of running out of oil," McFarland said. "While only a few decades ago we were able to recover only about 20 per cent of the oil from a well, today's average recovery rate is near 80 per cent. Careful control of the flow, development of well-head equipment that prevents wasteful gushers, and the repressuring of wells by gas and water have contributed to the increasing yield of oil."

Equipment such as the airborne magneto-meter, the waterborne seismograph and the gravimeter have taken a lot of the guesswork out of the search for oil, the report pointed out, thus contributing to the increased reserves. Research making possible the utilization of natural gas, coal, oil shale and tar sands as supplementary sources of liquid fuel further assure the United States adequate supplies for many years in the future, the report said.

The study emphasized that only oil known to exist through test drilling was included in the summary of proved reserves, and does not include partially developed fields, nor a further possible increase in recoverables from wells formerly considered exhausted, nor synthetic products or liquids obtained through processing natural gas. Geologists estimate that there are over two trillion more gallons of oil yet to be discovered and proved in the U. S.

West Texas Fair Plans Progress

ABILENE, Sept. 11 — When the curtain is raised on the annual West Texas Fair, to be held here the week of September 27, the brightest array of entertainment features ever to grace the Fair program will be revealed. National radio shows, the latest stage shows from Broadway, horse races, performance horse shows, carnival shows and rides, and many free attractions will be combined to provide entertainment fare for everyone.

who has conducted the show in Hollywood for the past 3 years. This popular, audience participation show will be brought directly from Hollywood to the Fair for nationwide broadcasts at noon on September 30 and October 1. Tickets only recently went on sale at the Abilene Chamber of Commerce, and from the immediate response, both shows apparently will be sell-outs.

Evening entertainment at the Fair will feature a Broadway Variety Show starting at 7 p.m. and as an added feature the variety show will be followed by a Palomino Horse Performance Show during the first three nights of the Fair and by Quarter Horse Performance Shows the last three nights.

MEDICAL TEST PROVED

this simply great to relieve 'PERIODIC' FEMALE PAINS

with uncomfortable fullness

Are you troubled by distress of female functional monthly disturbance? Does this make you suffer from pain, feel so nervous, restless, cranky, weak—at such times? Then try famous Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test it proved remarkably helpful to women troubled this way. You owe it to yourself to try it.

Pinkham's Compound is what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance against such distress. Also a great stomachic tonic!

NOTE: Do you ever prefer LYDIA E. PINKHAM'S TABLETS with added iron?

MUSICAL PROGRAM WAS ENJOYED FRIDAY

The summer music class of Mrs. Randolph Clark entertained their parents with a program Friday evening in the home of Mrs. Clark. Piano numbers were played by the children and the program was climaxed by a mock wedding. Patricia Mayer sang "O, Promise Me", after which the class marched in to music played by Patricia Mayer at the piano and Mrs. Clark with the violin.

When the reached the piano, Patricia joined the group while they sang the "Bridal chorus" accompanied by their teacher. A social hour was held following the nice program. Refreshments of ice cream and cake were served to the groups. The wedding cake was cut by the bride—Flora Jean Fletcher. Parents were served in the living room while the children were seated at tables on the veranda.

An award of a music pin was given each child by the teacher and she will take them in a group to the picture show early next week.

The guest list included Mr. and Mrs. Ellsworth Mayer and Patricia; Mr. and Mrs. A. Z. Myrick and Franklin; Mr. and Mrs. Lonnie Shockley and sons, Fred David and Lonnie Gene; Mr. and Mrs. D. Johnson and Jan; Mr. and Mrs. Harold Davies and Anita; Mr. and Mrs. J. C. Fletcher, Floro Jean and Robert; Mrs. Clark wore a lovely corsage, a gift from mothers of the children, which was much appreciated.

MISS ESTES HOSTESS TO SOCIETY CIRCLE

MRS. WHITE HONORED BY T.E.L. SS CLASS
The ladies of the T.E.L. class of First Baptist Sunday School went to the home of Mrs. L. A. White recently where they spent a social hour with her. Mrs. White had the misfortune to get her arm broken a few weeks ago and is now recovering nicely. Lovely refreshments of home-made cake and ice cream were taken with

them as the event was a surprise to the honoree. Those enjoying the early hours of the evening together were Mrs. L. A. White, Mrs. Geo. Elliston, Robert and Mary Jo Elliston, daughter and grand children of the honoree, Mrs. A. R. Day, Mrs. Berta Carmichael, Mrs. A. D. Estes, Mrs. W. J. Poe, Mrs. R. T. Porter, Mrs. Merlin Kinsey, Mrs. W. H. LaRoque, Mrs. J. E. Burnam, Mrs. C. Owen, Mrs. C. A. Williams, Mrs. O. O. Love, Mrs. W. J. Parsons and Mrs. C. A. Farquhar.

MRS. CLARK HOSTESS TO COUNCIL GROUP
Mrs. Randolph Lee Clark was hostess Tuesday evening when Group Two of Women's Council of First Christian church met in her home with Miss Alice Bacon presiding. The meeting was opened with prayer by a visitor, Mrs. W. R. Winston after which Miss Ethel Mae Wilson brought as a devotion the poem Prayers—Garden Gate; from a scrap book of Smiles and Tears by Virginia Conway. She also used poetry scriptures, Mrs. Clark, the hostess, gave a report of Hawaii from the book, "On Our Own Door-

step", Miss Bacon then conducted a short business session, after which a social hour was enjoyed. Refreshments were passed by the hostess to Miss Alice Bacon, Mrs. Sam P. Baugh, Mr. W. R. Winston, Miss Marie Winston, Miss Ethel Mae Wilson, and Mrs. Callie W. McAfee.

Kissing the Blarney Stone is reputed to confer a pleasantly flattering tongue to the Irish.

CREDIT CONTROL IS BACK

The Federal Government has again deemed it necessary to strenuously curtail credits. Effective September 20th, Regulation W will again be in effect and time-payment buying will be

BRIEFLY TOLD

The wedding of Miss Margie Warren, daughter of Mr. and Mrs. Jay Warren, and Mr. Tommy Pee of Sweetwater will take place at the First Baptist Church here at 3:30 this afternoon. A reception will be held in the church dining room immediately following. All friends of the young couple are invited.

Mr. and Mrs. E. J. Kinard of Odessa visited the past week in Cisco with his mother, Mrs. N. S. Kinard and other members of the family.

Corp. and Mrs. Howard Glen D'Spain stopped the past week from Denver, Colo. for a visit with his grandparents, Mr. and

Mrs. H. D'Spain, while enroute to Sherman, Texas, where he is attached to Perrin Air Field. The couple were married in Denver on Sept. 4.

Betsy Morrison Saunders who has been visiting in the home of her grandparents, Mr. and Mrs. Roy Morrison, has returned to her home in Brownsville.

Cisco Chapter number 461, Order of Eastern Star, will hold the regular stated meeting Tuesday evening at 8 o'clock at the Masonic hall. All members are urged to be present, stated Mrs. J. D. Browning, publicity chairman.

Mr. and Mrs. A. J. Pippen have as their guest, their son, Harold

(Cotton) Pippen of Oakland, California, who is enroute to his home after spending the summer playing professional base ball with a team in Alabama.

J. J. Robertson and "Tops" Norris have returned to Fort Worth after a few days visit here in the home of Norris' mother, Mrs. J. E. Norris.

Visitors today in the home of Mrs. J. H. Ballard and daughter, Mrs. Hazlett are Mr. and Mrs. J. Hudson and Mr. and Mrs. Cecil Hudson and son, Jerry of Anson; Mr. and Mrs. Alvin Ballard and son, Tommy, of Haskell; Mr. and Mrs. M. M. Bowles and children, Terry, Stevie and Sharon of Grand Ronde, Ore.; Mr. and Mrs. W. C. Ballard and son, W. C., Jr. of Abilene, Noah Rathel of Odessa; Mrs. Mary Bowles and Mr. and Mrs. B. W. Bowles of Cisco.

Mrs. H. N. Lyle, state Chaplain of American Legion Auxiliary, Mrs. Beatrice Guthrie, Mrs. Ethyle Berry, Mrs. Ray Bailey and Mrs. D. J. Gorman left Saturday for Corpus Christi where they will attend the Auxiliary state convention which will be in session there early this week.

Lloyd Winston of Mt. Pleasant is spending the weekend in Cisco with his mother, Mrs. George Winston in celebration of her birthday.

Mr. and Mrs. E. L. Hoover and son, Junior, visited here this week in the home of their friends, Mr. and Mrs. Crigler Paschall.

Mrs. J. S. Mobley who has been

a patient in Medical Arts hospital, Dallas, the past few days is reported improved. She has been removed to the home of her daughter, Miss Marcia Mobley, who resides in Dallas.

Wayne McCorkle, son of Mr. and Mrs. W. L. McCorkle of Nimrod, has gone to Lubbock where he will enter Texas Tech., for an engineering course. He has been visiting his parents at Nimrod the past week.

Mr. and Mrs. Charles E. Kilborn and baby and Mrs. Kilborn's mother, Mrs. Wood of Bowie are expected here for a week-end visit in the home of Mr. and Mrs. Zed Kilborn.

M. D. Paschall and son, Marion of Galveston and Mrs. M. D. Pas-

chall Sr., of Dallas were guests the past week in the home of Mr. and Mrs. Crigler Paschall. Mrs. Paschall has remained for a longer visit in the home of her son and wife.

Mr. and Mrs. J. H. Hyatt have as visitors in their home today, Mr. and Mrs. James Huddleston and children of May, Texas; Mr. and Mrs. Dan Jarrett and children of Breckenridge; Mr. and Mrs. J. H. Bryant and son of Eastland; Mr. and Mrs. W. A. Sullivan of Henrietta and Mr. and Mrs. M. M. Bowles and three children of Grand Ronde, Oregon.

Mrs. Zed Kilborn enjoyed a visit with her son and wife, Mr. and Mrs. Charles E. Kilborn and baby the past week at their home in Ft. Worth.

Mrs. D. E. Nix of Brownwood and her sister, Mrs. Joe Meador of Los Angeles, Calif., returned last Thursday from a pleasant visit with their mother and sister in Alabama. Mrs. Meador left for her home in Los Angeles, but Mrs. Nix remained for a visit here with her son, Carl L. Nix and family.

Mrs. R. C. McCarter was a business visitor in Dallas the latter part of the week.

Born, to Mr. and Mrs. Charles

Brockman in a hospital in Fort Worth, Saturday morning, a baby daughter, whose weight and name was not given to us. Mr. Brockman is a grandson of W. W. Manning of Cisco and his parents have been living at Morton Valley. Mr. Brockman is a Pre-Medical student at TCU.

Mrs. T. G. Cardie has gone to Galveston where she is a guest of her sister and husband, Dr. and Mrs. A. R. Schmitt while visiting with Mr. Cardie, a hospital patient.

After a week's visit in Cisco with his grandmother, Mrs. Randolph Lee Clark, Lee Stiles has returned to Texas A&M College where he will be classed as a sophomore at the beginning of the fall term.

Mrs. Bettie Sue Armstrong, the daughter of Mr. and Mrs. Karl Armstrong, will go to Lubbock the coming week to enter Texas Tech.

Mrs. Bob Anderson after a short visit in Dallas joined her mother on a trip to Houston where they are visiting relatives.

Mrs. George Atkins will accompany her daughter, Miss Katy Lou Atkins and Miss Frances Halstead to Ft. Worth today where they will enroll as students at TCU.

All America Likes CHEVROLET'S Bodies by Fisher

...bodies that are exclusive to Chevrolet in the low-priced field!

More Value in Riding Comfort

Your own tests will convince you that Chevrolet's Unitized Knee-Action Gliding Ride, plus Chevrolet's Body by Fisher, result in more riding comfort.

More Value in Performance with Economy

Only Chevrolet, in its price field, gives you the performance advantages—at low operating costs—of a "World's Champion" valve-in-head engine.

It is not by chance that Chevrolet's bodies by Fisher are so beautiful, so luxurious, so safe! Behind each body is forty years of motor-car coachcraft experience... forty years of building master bodies for precision-minded America. To matchless craftsmanship have been added the methods and the metals of modern body engineering. Today, in your Chevrolet Body by Fisher, you are protected by steel... cushioned by materials that add ease and relaxation to every driving mile. And when you consider that such body-comfort, such body-luxury, such body-safety is available at lowest cost you begin to understand why **MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!**

More Value in Braking Efficiency

The knowledge that you are operating Positive-Action Hydraulic Brakes in your Chevrolet gives you a feeling of security when driving in city or country.

More Value in All-round Safety

You ride in maximum safety in your Chevrolet with Fisher Unitized Body Construction, Unitized Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes.
