Local Men Apply For Permit to Operate City Bus Line

Street Lighting Approved By Commissioners

The city commission at its regular bi-monthly meeting last night considered an application by B. V. McMurray, L. A. Threet of Cisco for a permit to operate a city bus line within the corporate limits of the City of Cisco.

Threet and Mr. McMurray worked out a tentative schedule which calls for the operation of two busses over a route ranging from downtown to Front Street, running regular runs to the Boss Manufacturing plant on East Street. They plan to operate on a regular schedule at a rate of 10¢ per person. The plans call for operation of the busses from 7 a.m. until 10:30 p.m.

City officials passed the application for more study and indicated that it would be acted upon at the next regular meeting on Dec. 28. Some of the commissioners expressed themselves as favoring the application as a benefit to the town as a possible aid in relieving the parking situation in the town area.

The body also accepted the Texas Utilities Co. proposal for the entire street lighting to be reworked and improved. The project had been set up in an attempt to permit the Highway Department to plan calls for the erection of new light standards in downtown areas and on 8th Street from Beach Street to the town square.

The work is scheduled to begin immediately and some of the equipment is ready for installation. In addition to adding a great deal to the beauty of the town, the new lighting plan will increase the present lighting times and at a saving to the city in electrical costs. The bid was high in its bid to the Utilities Co. for work done and for the cost given on the plan.

Damage Sale To Be Held by Ladies of Country Club

A damage sale will be held on Saturday at the Auditorium under the auspices of the ladies of the Cisco Country Club, according to an announcement Tuesday. Purpose of the sale is to raise funds with which to buy equipment for the club house kitchen.

The sale will be held from 10 a.m. until 9 p.m. on each of two days. Anyone wishing to donate items for the sale was asked to bring them to the club house.

Wed After 'Storybook' Romance

James L. Smiley, a civil engineer, of Grand Rapids, Mich., and Miss Graves, a newspaper reporter in Memphis, Tenn., were wed following an unusual romance that began in Germany years ago, waned in years of separation and revived recently by a chance reunion in Memphis. Miss Graves, a reporter for the Memphis Press-Scimitar, was a war newspaper editor and was an Army captain in Augsburg, Germany, when they met and fell in love. Separated by the Army, they lost touch with each other, returned to the U. S. and left the service. But each attempted to locate the other recently. A chance call to the Press in Memphis by Mr. Smiley located Miss Graves, and after a whirlwind courtship they were married.

Five Lobo Band Members Given First Chair Ratings at Texas Tech Clinic

Five of the fourteen members of the Lobo Band who went to Lubbock Friday where they entered a clinic of selected band students from different points in West Texas received first chair ratings. The purpose of the clinic was to acquaint band members with contest music for 1949.

Those selected to play first chair were: Jo An Scott, first chair solo clarinet; Nada Wagley, first chair, oboe; Richard Moore, first chair, first french horn; Betty Rowe Wilcox, first chair, snare drum; Zilda Sandler, first chair, tympani. Others in the band from Cisco were classified as follows: Prudence Harris, third chair, first trombone; Sally Gallagher, first chair, bass trombone; Elova Moad, third chair, solo cornet; Charles Laminack, first chair, first cornet; Virginia Weiser, first chair, second french horn; Bobbie Dean, second chair, first clarinet; Charles Beene, bass. The other two members making the trip were Betty Sue Wagley and Emmett Graham.

Friday morning the students were placed in the seating arrangement and practiced for two hours.

In the afternoon the Texas Tech Band played a very enjoyable concert. The visiting band students were entertained at a party given by the Tech band in the band hall on the campus Friday night and on Saturday morning the students again took their places and practiced the remaining contest pieces for two hours.

The band members were accompanied to Lubbock by F. D. Baumgardner, Mrs. E. L. Graham and Mrs. Charles Sandler who furnished cars for the trip.

SUDDENLY IT'S WINTER IN CHICAGO

When winter came to Chicago, it came in a hurry, as owners of these cars can testify. Parked in front of the Capitol Hotel when it burned in the early morning, the cars were drenched with spray from fire hoses and encased in ice.

Tennessee Man Dies of Injuries Received in Accident Near Here

J. Edwin Conaway, 56, of Memphis, Tenn., died at a local hospital at 6:35 p.m. Tuesday from injuries suffered in a two-car collision some 12 hours earlier on U. S. Highway 80 near the Joy Drive-in Theater approximately three miles east of Cisco. Three other persons injured critically in the crash were holding their own Wednesday morning but their condition still remains critical.

Conaway was at first thought to be the least seriously injured of the four and death came suddenly and unexpectedly. Physicians attributed his death to extreme shock and possible internal injuries. He was rational and in good spirits up until a short time before his death. His wife reached his bedside a short time before he died. His injuries consisted of fractures of both legs, severe facial injuries and undetermined internal injuries.

The body was sent to Memphis, Tennessee Wednesday for burial. Thomas Funeral Home was in charge of the remains. His son, V. C. Conaway and wife arrived in Cisco Wednesday to accompany the body to Memphis. He is survived by his wife and son and his mother, also of Memphis. A small grandson also survives.

He was district sales manager for the New York Rubber and Packing Company of Passaic, New Jersey, and was on a tour of West Texas with E. C. Schnake of Fort Worth when the accident occurred. Schnake was also injured and remains in a critical condition in Graham Hospital. His injuries consist of a broken right leg and left arm and possible internal injuries.

Mr. and Mrs. Sanford S. Herman of Cleveland, Ohio, the occupants of the other car figuring in the collision, remained in a critical condition Wednesday. Mrs. Herman, 26, suffered severe head injuries, bad lacerations about the face and body, a crushed jaw and internal injuries, while her husband, 34, received a fracture of the right knee, badly cut chin and lips and possible internal injuries.

Mrs. Hazel Smythe Resigns Position At Laguna Hotel

Mrs. Hazel Smythe today publicly announced her resignation from her position with the Laguna Hotel. The resignation is to become effective on December 16. Mrs. Smythe served as manager of the Laguna for several years, holding that position until the time of the transfer of title to Victor Cornelius of Eastland.

She reported that she was leaving Cisco on the 16th to visit her son and wife, Mr. and Mrs. Wm. F. Bunn of Fort Worth, for two days. Then she will go to Amarillo to spend the holidays with her sister and family, Mr. and Mrs. B. C. Moore. She is planning on her daughter, Mary Fox of Galveston meeting her in Fort Worth and going on to Amarillo with her.

While in Amarillo she is contacting hotels there, in San Angelo and in Lamar, Colorado.

In making her announcement Mrs. Smythe said: "It is with regret that I leave Cisco for I have made many friends here, and wish to thank them for that friendship and the kindness with which they have accepted me here. I have truly tried to be worthy of that friendship and kindness."

HAD HAPPY ENDING

Mrs. Josephine Herder appears inconsolable in a Denver department store after losing her \$50 Christmas shopping money. She holds her four-year-old son, Gene, whom she also lost for a short time while searching for the money. This story had a happy ending however, when Arthur Glather, a cabinet shop proprietor personally handed Mrs. Herder \$50 from his own pocket. (NEA Telephoto)

Presbyterians To Present Play Sunday Night

The Young people of the Presbyterian Sabbath School will present "Why The Chimes Rang," Sunday, December 19th, at 7:00 p.m. This play is a dramatization of the story by Raymond MacDonald Aldon entitled "Why the Chimes Rang," published by The Bobbs-Merrill Company. This version of Raymond MacDonald Aldon's story is published with permission of the Bobbs-Merrill Company of Indianapolis, Indiana, the publishers of Professor Aldon's story and the holders of the copyright.

Rev. Stuart McC. Rohre, in making the announcement said: "The play is given for the benefit of the Annual Joy Gift taken at this season of the year. It is at this season of the year that our thoughts turn to the faithful servants of our Church no longer on the active rolls, but who look to the Church for love and care. Through our Joy Gifts contributions our Executive Committee of Christian Education and Ministerial Relief is enabled to increase the usual, and average, monthly stipend to the retired ministers—those who were on the ministerial relief rolls before the ministers' annuity plan became effective and to the widows and orphans of ministers. We are asked to be especially generous in our giving to this service this year—we know the living sots of today—that we may show our love and appreciation for those who gave their lives in complete dedication to Christ and His Church, and some of whom helped to greatly enrich our own lives by their preaching, their spiritual guidance and their inspiring witness for Him."

The play will be given under the direction of Mrs. Ray Oldfield, and the Junior Choir will render a number of Christmas Carols, Misses Renable Bible and Laura Lou Morris will give solos accompanied by Miss Betty Brogdon. The characters of the play will be: Holder, a neasant boy, Carroll Donohoe; Steen, his younger brother; James Brogdon; An Old Woman, Bernie Ann McCrea; Bortol, the boy's uncle; Lords, Ladies, etc. The time is dusk of a day of long ago. The scene is the interior of a woodchopper's hut on the edge of a forest.

The public was cordially invited to attend this performance and were assured that the play would put all in a better mood for the Christmas season.

Dairy Association Employs Technician

Officers and directors of the Eastland County Dairy Association met at the County Court House Monday night and selected technicians to handle the organization's artificial insemination program, according to an announcement by Dairy Association President, A. Z. Myrick, of Cisco.

Nine of the 12 officers and directors were present and selected Harry Crow and Bernard Campbell of Carbon to serve jointly in the technical capacity. The two will leave for College Station on January 10 where they will attend a four day school of instruction at A&M College in preparation for their duties.

The two chosen for the work are devoting other time to agricultural work and neither will be able to put full time on the project but working together they can arrange it where one can be on call at all times. They plan on having a joint office and phone where dairymen can contact them when they are needed.

The Dairy Association hopes to develop the program where the two can be retained on a full time basis, the announcement said.

Joe Collins of Eastland, County Treasurer-elect, has accepted the county chairmanship of the March of Dimes campaign to be conducted in January and will soon announce the personnel of his staffs in the various towns of the county.

Mr. Collins expects to complete a county-wide organization in the next few days which will consist of local chairmen and committees in each town and rural school.

One-half of the money raised during the campaign will be used in Eastland county to be used for local cases and the other half will be forwarded to the National Foundation.

Eastland county has no set quota, according to R. V. Galloway of Ranger, chairman of the Eastland County Chapter for Infantile Paralysis, but stated that it was imperative that the coming campaign be a big success, due to the fact that the local chapter spent during 1948 more than \$4,000.00 on infantile paralysis cases in Eastland county, which was some \$1,500.00 more than the amount in the county treasurer.

Five new cases developed in the county during 1948 and the chapter was taking care of three old cases, and consequently an appeal had to be made to the National Foundation for \$1500.00 additional funds which should be paid back from the drive coming up.

In every case taken care of during 1948 the parents were unable to give the patients the necessary medical and hospital service due to the high cost of treatment of polio patients, and the National Foundation insists that regardless of creed or color every care is to be given victims of this dead disease.

A total of \$2,119.59 was raised during the March of Dimes campaign last January, one half of which was sent to the National Foundation. The treasury had a balance left from 1947 of a little more than \$2,000, therefore it was necessary to borrow \$1,500.00 from the National Foundation during the year to take care of the unusual large number of patients.

The whole State of Texas during 1948 reported more victims than any previous year in history and where local funds were not available the National Foundation stepped in and supplied the necessary funds.

Plans For Santa Parade Completed

Plans were completed today for a large street parade in downtown Cisco at 2 p. m. Saturday when residents of this area will greet old Santa Claus. Chamber of Commerce leaders announced that more than 20 entries had been made for the parade.

The big parade will begin forming at 1:45 p. m. Saturday at Third Street, around the Mobley Hotel and Katy Park block. It will move south down Avenue E to 10th Street, then crossing to Avenue E and north to the American Legion Building, where it will disband.

Santa Claus advised civic leaders that he would be here to take part in the parade. He said that he would have candy to give out to the children, but that there was a possibility that his supply would be limited.

Santa will ride on a special float. A special section in the parade will be open for children riding ponies, and any youngster with a horse has been invited to ride in the parade.

Cisco High School's band will lead the parade. The parade route will be policed under the direction of Chief M. L. Perdue.

A. R. Westfall and O. L. Stamey, parade marshalls, urged everyone who expects to take part in the parade to be ready for 2 p. m. starting time.

When pretty Jimmy Sue Campbell awakens at 7 o'clock each morning, she's ready for a full day at Gonzales Warm Springs Foundation. After breakfast the 10-year-old Houston girl joins her fellow patients in an 8 o'clock program of group singing. At 8:30 some functional exercises designed to make disease-weakened muscles active again. High spot of Jimmy Sue's morning is a 9:30

plunge into the warm artesian waters for therapeutic exercise and recreational swimming. Then comes lunch and an hour of rest before Jimmy Sue is wheeled into the modern, air-conditioned school building where she tackles her studies eagerly. School over at 3:30, she can enjoy a horse and buggy ride over the oak-studded grounds which contain 40 acres of green, sub-tropical vegetation.

Following supper, she participates in a 6:30 story broadcast from the famed Wheel Chair Chapel, often reading aloud the stories to be transmitted to the hospital rooms of those not yet able to join group activities. She's on the study books again from 7 to 8 p.m. After that another warm bath gets her ready for 9 o'clock bedtime.

President McKinley Once Said—

"I do not prize the word CHEAP. It is not a word of hope, of cheer, nor of inspiration, but the badge of poverty, the signal of distress." And the ex-president was right. Beware of any article or service whose sole claim to favor is CHEAPNESS. With 26 years of public service behind us we have never tried to make a cheap abstract. With us (1) the product must be good and (2) worth every dollar it costs.
