NO PALACE MATINEE

Matinee shows at the Palace Theater will be suspended during the remodeling work which started Monday, according to an announcement by Wallace Smith, manager. The closing will not affect the Saturday and Sunday afternoon shows. The show will be open each evening and the regular schedule of pictures will be shown.

Mr. and Mrs. Robert Lupfer of Englewood planned to return to their home Sunday after spending the past week here in the home of their parents, Mr. and Mrs. C. W. Henry.

Peanut Harvest Underway; Nimrod Man Brings First 1949 Load To Local Market

Light rain which began falling Monday night was not expected to damage the peanut crop unless it continues for a period of several weeks, it was reported by buyers who stated that some farmers were beginning the harvest that was expected to break all recent records.

To W. R. Yeates of Nimrod goes the honor of being the first grower to market a portion of his crop in Cisco. Mr. Yeates sold his first load weighing 16,000 pounds to the Cisco Peanut Company Friday. The nuts were of good quality and averaged 24.2 bushels per acre. It was reported that Mr. Yeates received slightly over \$3 per bushels which is the government supported price.

D. L. Kassahn, government grader, is permanently located in Cisco and will grade all the peanuts marketed here.

Local buyers reported that ample storage space was available for the 1949 crop, with space contracted for to take care of more than 100,000 bushels. Shelling operations were to begin as soon as sufficient quantity is on hand to assure continuous operation.

Zan Burroughs, manager of the Cisco Peanut Company, reported that oil presses purchased by the company had been delivered and that they would be placed in operation early in November. It will be the only press in the county and will afford a new outlet for the crop in Cisco.

Moisture content of the new crop is favorable and the quality was generally better than that of last year. The average yield per acre will be greatly increased. Peanut hay was selling at the lowest price in recent years with some buyers paying 35 cents per bale at the field. Rains at the right time assured the area of a heavy hay crop and the price was not expected to hold at the present level.

as soon as fields were dry enough to permit work.

September Rains Below Normal

Rainfall during the month of September totaled 1.05 inches and brought the total for the year up to 28.82 inches. The fall for September was below the normal precipitation which is 2.59 inches but for the first nine months of the year the fall was far above average. The normal fall for the year, through September is 19.43 inches, according to figures released by the United States Weather bureau.

According to the annual average, the weatherman owes Cisco and the area 2.96 inches of rain in October, 1.98 in November and 1.56 inches in December.

Wranglers Shoot For Second 1949 Conference Win Thursday Night

T. C. Williams At Presbyterian Synod Meeting

T. C. Williams left Tuesday for Sherman where he will attend a Presbyterian Synod meeting as a representative of the local church.

Three Synods will hold the joint meeting. They are the Texas-U. S. Synod, the Oklahoma-U. S. Synod and the Oklahoma-U. S. A. Synod.

The meeting is being held in conjunction with the 100th anniversary celebration of Austin College in Sherman.

Mr. Williams will return to Cisco at the close of the meeting Thursday.

Repair Work On Palace Theater Started Monday

Workmen began Monday modernizing the front of the Palace Theater and before the job is completed, the building will be one of the most modern in the area.

The outside walls are being brought out flush with the property line and will be covered with Masonite which will receive several coats of white gloss enamel. The Masonite will be trimmed with chrome and chrome display boards will be installed in the center of the wall section. Doors leading into the stand and store will be covered and new doors placed so that entry can be made from inside the show building. Plans call for installing a new ticket booth in the near future. The booth will be of chromium and plexiglass. It is to be circular and will be brought out to be flush with the property line.

The rest rooms will be modernized and enlarged and decorated and new lighting will be installed on the exterior of the building.

The seating arrangement will be improved with the wider spacing of present seats. Where they are now set at 26 to 28 inches apart they will be changed to 32 inches which will give added comfort.

Mr. Houck, one of the owners of the theater chain of which the Palace is a member, was in Cisco supervising the construction. The company now owns some 80 shows in Texas and Louisiana. Wallace Smith, who is a partner in the Palace, is local manager.

C. of C. and Credit Group Will Meet

A joint meeting of the Merchants Credit Association and the directors of the Chamber of Commerce will be held at the directors room of the C. of C. at 7:30 o'clock Tuesday night. It was announced by officials of both organizations.

The joint meeting was decided upon when it was determined that matters of interest to both groups would be discussed. All chamber of commerce directors and Merchants Credit Association members were urged to attend.

The regular meeting of the Merchants Credit Association was scheduled for Thursday night but the date was changed due to the Wrangler-Navarro County Junior College football game to be played here at that time.

Lobo Queens Open Home Basketball Season By Beating Eastland, 39 to 12

The Lobo Queens, Cisco High School's girls basketball team, made their debut before local fans at the Community Gym Monday night when they defeated a team from Eastland High School 39-12. In a second game the Cisco "B" team downed the Eastland subs 21-7.

Coached by Dorothy Shaver, the local team showed unusual team work so early in the season. They played like veterans in both ends of the court. The floor work of Dorothy Harlow, forward, in tying up the ball and tipping it to Pansy

Ashmore Service Held Sunday

Funeral services for Robert H. Ashmore, 71, were held in the Nimrod Church at 4 p. m. Sunday. The services were conducted by Rev. J. W. Partin and Rev. M. A. Erwin, both of Abilene.

Mr. Ashmore died September 30 in Wichita Falls after an extended illness. He was buried in the Nimrod Cemetery with Thomas Funeral Home in charge of the arrangement.

He was born in Williamson County, Texas, on March 20, 1878 and had lived in Nimrod for approximately six years. He was married to Mrs. Carrie Spinks in Breckenridge on January 14, 1943. They moved to Nimrod from Breckenridge.

Survivors include his wife, four daughters and one step-son. The daughters are Mrs. W. R. Upham, Midland; Mrs. Laverne Betz, Oakland, California; Mrs. Helma Tedrick, Roseburg, Oregon and Mrs. Pauline Paul, Spokane, Washington. The step-son is Bythel Spinks of Nimrod. He had six grandchildren.

Also surviving are one sister, Mrs. Leona Horsch of Berkeley, California; and three brothers, Frank of Fort Worth and Jess and Don of Irving.

Paubearers were Weldon Baker, Lee Moon, W. B. Yates, Ivan Page, Jack Cozart and Buford Cozart.

Coach Stormy Davis and his Cisco Junior College Wranglers will be shooting for their second win in as many starts in the 1949 Texas Junior College Athletic Conference championship here Thursday night when they play hosts to the Navarro County Junior College Bulldogs. The game is scheduled to begin at 8 p. m. at Chesley Field.

The Wranglers will pit weight and power against the speed of their smaller opponents. The Bulldogs play a wide open game and are dangerous on every one their plays. Reed and Henson will bear the brunt of the offensive chores for the visitors and both men are fast, tricky runners.

The locals will enter the game with a weight advantage of nine pounds per man on the line and about even in the backfield. Most of the Wrangler line advantage, however, rests on 235 pound tackle Don Price, who hails from Brownfield. His opponent will weigh 170.

Coach Davis, who watched the Corsicana team defeat Decatur Saturday night, promised fans an exciting game. He reported that the Bulldogs were likely to pass anywhere and that every play started off as a passing play. Coach K. H. Clark has built his plays around a fast group of good players. The Bulldogs also played Weatherford Junior College and defeated that team, 46-21.

Most of the Wranglers are in good condition for the game. They came out of the Odessa tilt with a few minor injuries but the starters were all expected to be at their regular posts Thursday night. Owens worked out for the first time Monday since he received serious line burns during the San Angelo game on Sept. 15.

Davis will coach much of this week working out defensive plays designed to stop the speed of the Bulldogs.

Careful Check Of Social Security Numbers Advised

"Check your social security number on your pay envelope or pay check stub. Make sure that the number agrees with the number on your social security card."

This advice was given workers today by Ralph T. Fisher, manager of the Abilene office of the Social Security Administration. Mr. Fisher pointed out that most employers conscientiously try to report each worker's social security number correctly, but it is only human to make mistakes occasionally.

"When a worker has social security taxes deducted from his pay he is paying premiums on an insurance policy. This insurance helps to provide financial security in the worker's old age after retirement. It also provides insurance payments to eligible survivors if a worker dies," Fisher said.

"Eligibility for benefits hinges on the length of time a worker has been employed in jobs covered by social security. The amount of benefits payable depends on the total wages credited to his account. It is to the worker's advantage to have credit on his wage record for all wages earned. If his wages are reported under the wrong social security number, "Mr. Fisher concluded, "he may not be credited with those wages. Later on, he and his family may lose benefits which should be theirs."

THE A&P LITIGATION

The United States Government has filed suit against the Great Atlantic & Pacific Tea Company in the Federal Court for the Southern District of New York, asking the Court to dispose of the grocery chain's manufacturing and processing facilities and to break up the company into smaller chains.

The A&P has served notice that it plans to fight the action with every legitimate means. And rightly so, for here appears to be an attack on the very principles on which this country was founded.

In a statement, the A&P pointed out that "there has never been any question in our minds that it is good business and good citizenship to sell food as cheaply as possible, and we feel that it is our responsibility to our customers, our suppliers and our employees to

defend this company and that theory by every means."

There is more to this action, it appears to us, than an attack on a large grocery concern. Similar action would come against countless scores of chain stores, oil companies and so forth if the government seems to say to you "you can't branch out and prosper and grow... we won't let you get big."

Here seems to be an instant where the people would be justified in calling upon their congressional leaders to prevent the government from throwing obstacles in the path of business progress. We don't blame the A&P. We'd fight, too.

Covered Dish Supper Enjoyed Thursday By Alathean Class

The Alathean class of the First Baptist Sunday school met in the church Thursday evening at 7:30 for a covered dish supper with a business and social meeting following. A visitor, Mrs. Dempsey of Dallas, sister-in-law of Mrs. House was welcomed. Class colors of Purple, White and Gold were emphasized in the flowers which were used for table decorations. Invocation was offered by Mrs. Richardson, teacher of the class, after which the ladies were seated at the long linen covered tables where they enjoyed the well planned meal.

Following the supper, Mrs. H. N. Lyle directed a quiz program which was quite entertaining and which preceded the business meeting which was conducted by Mrs. Roy Pippen, class president. Minutes of the last meeting were read by Mrs. J. G. Phillips, secretary and were approved.

New officers were elected as follows: President, Mrs. E. C. McClelland; first vice president, Mrs. G. M. Stephenson, second, Mrs. H. N. Lyle; third, Miss Mary Sykes; fourth, Mrs. W. M. Isenhower. Secretary, Mrs. Phillips; assistant, Mrs. Gorum Pollard; treasurer, Mrs. L. W. Tucker, reporter, Mrs. Parks. Group captains were appointed as follows: Mrs. C. A. Lassiter, Mrs. Ray Judia and Mrs. McMurray.

Let' pass a law to make everybody rich

Whenever there is the slightest down-turn in prosperity, some people rush to correct it by passing laws. Right now the hue and cry is to "keep up the buying power" by more pay for less work, and higher wages with no corresponding obligation.

That is not going to make jobs and prosperity. Buying power isn't MONEY, it's PRODUCTION — it's creating clothing and houses and cars — it's the things people want. I have more buying power if I produce more of the things you want, to trade for more of what you make.

If dollars made prosperity, we would only have to pass a minimum wage law of \$50,000 a year. Think of the buying power! Everyone would be rich and therefore, of course, happy. Especially the smart planners who want to regulate our lives for us.

But with no incentive any more to earn and profit, there would be no production. And with huge quantities of dollars in everyone's hands, the dollars would soon cease to buy anything. So everybody would soon starve to death. Even the planners.

Now! from BENDIX... 'THE WASHER THAT COULDN'T HAPPEN!'

Amazing Triple-Action Wondertub is Secret of the first Automatic Washer Every Family Can Afford!

Now see the all-new Bendix Economat automatic washer! Featuring the amazing flexible Wondertub—made of metaloyal. The tub that revolutionizes automatic washing, draining and damp-drying! And it's guaranteed for 5 years!

The Wondertub eliminates many expensive parts, too! Makes the Economat the simplest, lowest-price automatic washer in the world!

BENDIX Economat
AUTOMATIC WASHER

It's Thrifty!

UNDERTOW WASHING ACTION!

Wondertub's shape combines with the agitator to give you a new washing action! Clothes and suds are pulled down into undertow currents. Dirt comes out like magic.

FLOAT-AWAY DRAINING

Floating suds trap dirt. Wondertub then closes in—pushes suds and dirt up and out the hollow agitator, while sand and heavy sediment flush out through the tub bottom. Dirty water never strains through clothes. Clothes come out clean!

SQUEEZE-DRYING!

Wondertub then gently but firmly hugs clothes. Squeeze-e-ezes out water. No wringer! No spinning! No deep-set wrinkles! No tangling! Just even, constant, vacuum pressure. Clothes come out damp-dry in a jiffy.

COSTS LESS TO MAKE! COSTS LESS TO BUY! NO WRINGER! NO SPINNING! NO BOLTING DOWN!

\$9.60 More Income Per CALF

Cows Winter-Fed on Purina Checkers Weaned 48-Lb. Heavier Calves Than Cows Fed on Cakes

This difference was demonstrated in Purina feeding tests under ranch conditions. 50 cows fed on Purina Range Checkers from December to April weaned calves averaging 48 pounds a head more than calves from the cake-fed cows. This meant about \$9.60 extra income per calf.

Purina Range Checkers supply the correct protein percent (not too high), more carbohydrates... more calcium and other minerals... more vitamin A. See us for your winter feeding needs.
