Foreign Oil Protest
Day Planned in Etex
February 3rd has been proclaimed
officially "Foreign Oil Importation
Protest Day" in East
Texas. Wood County Judge W.
T. Black, Jr., and Quitman Mayor
Joe G. Moseley have joined in the
proclamation.

Gathering at 2 o'clock on that
afternoon in the Wood County
Courthouse will be East Texas
royalty and land owners, independent
oil producers, and "Mr.
and Mrs. John Q. Public." They
will be there to discuss what
they can do to end the excessive
oil imports which have forced
their personal incomes, local and state
revenues, since December 1948.

ALL BY HIMSELF—Little Earl Lewis Parker, two, a Denver, Colo., diabetes victim, has learned to give himself live-saving insulin injections. His parents believe it may help the boy adjust himself to the disease.

Wranglers Take Fast Game From Ranger Monday Night

In one of the hardest fought basketball games ever played in Cisco the Wranglers put on the steam at Community Gym Monday night and drubbed the Ranger Junior College Rangers by a 59-50 score. The Wranglers got to an early lead when Grigsby, Rainey, and Lee hit the basket for two-pointers and midway in the first half they enjoyed an 11-point lead. In the closing minutes of the half Crawley of Ranger began hitting long shots and as the whistle sounded the intermission the Rangers had crawled up to within three points of tying the score. The count at half-time was 23-26, Wranglers still ahead. During the first few minutes of the second period it was a nip and tuck affair with the Rangers pulling up to a tie, but the Wranglers kept plugging at the goal to forge ahead in the final minutes. The fact that more than 40

This Is Last Day To Pay Poll Tax

Today's the last day to qualify as a voter in the various elections scheduled for 1950. And the Chamber of Commerce offices will be open tonight as well as people come in to pay their poll tax. Less than 700 persons had paid their poll taxes at noon today. This sounds pretty small compared with the some 1750 poll tax receipts issued in Cisco in 1948.

Warmer Weather Is Forecast Here

A forecast of warmer weather and probable rain promised relief today from a cold wave that has kept temperatures below or near the freezing point since Sunday morning. Approximately one quarter inch of rain had been measured to noon today. The cold wave hit Sunday morning and tumbled thermometers from 55 to 34 degrees in a short time. Sunday night's low was 24 degrees. The thermometer rose to 34 degrees Monday and went down to 27 degrees Monday night. Rain started falling during the night Monday and was falling intermittently through the morning. The temperature was 29 degrees at noon today. Roads in the area were reported to be passable but muddy. The city schools dismissed classes at 3 p. m. today to enable bus drivers to complete their runs before dark.

John Ben Sheppard Named Speaker For C-C Banquet

John Ben Sheppard of Glade-water, former national president of the Junior Chamber of Commerce, will be the principal speaker at the annual banquet of the Cisco Chamber of Commerce, on Friday night, Feb. 24, it was announced today. Sheppard accepted the invitation of the program committee after a meeting of the group Monday afternoon. Attending the meeting were Chairman E. L. Jackson, Henry Schaefer, O. L. Stamey, Dr. Charles Cleveland, Bob Elliott, G. C. Rosenthal, Geo. Boyd, J. W. Sitton and B. A. Butler. Plans for an entertainment program were discussed. The menu committee was holding a meeting today. They had not reached a definite decision as to where the banquet would be held. Tickets for the banquet will be placed in attendance this year.

Funeral Services For Monroe Sweeney Held In Taylor Tuesday Morning

Final rites for J. Monroe Sweeney, 55, former Cisco college and high school football coach, were to be held in Taylor at 10 a. m. Tuesday. Sweeney died at his home in Taylor at 2:30 a. m. Sunday following a heart attack. At the time of his death Sweeney was serving as state supervisor of veterans' education with the State Board of Education. In 1927 Sweeney came to Cisco as head coach at what was then Randolph Christian College. He remained there one year but in the early 1940s he returned to Cisco to take over as head coach of the Cisco High School Loobes. He was one of the most colorful figures in the southwestern sports picture, having officiated in baseball, football, and basketball games over a wide area. In 1922 and 1923 he umpired in the Texas League and in 1924 through 1927 in the National League. Also during that time he was one of the most sought after football officials in the Southwest Conference and in important high school games in Texas. He was noted for his fairness in calling all sports. After leaving Cisco High School Sweeney served in hotel management jobs in Fort Worth and Mineral Wells. He was a native of Paris, Kentucky, and played football for three years at Bethany College in West Virginia. He also played semi-pro baseball. Survivors include his wife of Taylor, two brothers, Edwin of Columbus, Indiana, and Will of Lexington, Kentucky.

Son Of Local Man Dies In Temple

Funeral services for O. J. Tarver, 57, of Killeen, son of N. J. Tarver of Cisco, who died in a Temple hospital Thursday following several days' illness, were held in Eastland at the Hamner Funeral Home Friday, Jan. 27, at 3 p. m. Burial was in the Eastland Cemetery by the side of his wife, who died Nov. 20, 1949. Other than his father here, survivors include his three sons, Melvin Tarver of Ranger, Wendell Tarver of Longview, and Billy Joe Tarver, and a daughter, Joyce Ann Tarver of Killeen; a grandchild, Sandra Tarver of Longview, and four brothers and seven sisters.

HOME FROM OKINAWA

Corporal Charles Ross Harris has returned home here from Okinawa where he was stationed with the U. S. Army for the past two years. He is the son of Mrs. Pearl Harris of 1307 Avenue A, Cisco.

LONE STAR DRILLING AHEAD IN DENNISON AFTER CADDO TESTS

Lone Star Producing Co. was drilling ahead in hard Caddo lime today in their No. 1 J. W. Dennison, wildcat oil test five miles southwest of Cisco. The hole was 3,243 feet deep at noon. The fourth drill stem test in the Caddo was run Monday afternoon with a recovery of 600 feet of salt water and an oil show. The first test in the top of the Caddo at 2,970 showed about 12,000 feet of gas. A second test from a deeper formation showed a little oil and gas cut mud. The third test produced no results. If there is a Lake formation in that area, which was believed unlikely, it was expected to show at about 3,400 feet. Operators are expecting to encounter a Marble Falls section at about 3,500 feet and the Ellenburger below 4,000. The permit calls for 4,500 feet. Lone Star was expected to run exhaustive completion tests in the Caddo if nothing more promising shows up.

ANNUAL BAND BANQUET SATURDAY NIGHT ATTRACTS 100 MEMBERS, GUESTS

One hundred members of the Cisco high school band and guests enjoyed a full evening of entertainment and song at the annual band banquet which was held at the Victor Hotel Dining room Saturday at 6:30 p. m. The evening was begun with groups singing of "America" which followed by the invocation given by Superintendent Birt. Between the courses of dinner, which consisted of fried chicken and other delicacies, the following group from Howard Payne College in Brownwood presented a musical program with songs from the current Broadway hit, "South Pacific." Bob Milam, Don Jones, Beryle Lovelace, Leonard Penney, Charles Mago, Nita Wheelock, Jay Gannett, Wanda Van Stone, Edman Anthony and Eloise Roberts. Virginia Weiser acted as toast mistress and gave an interesting talk upon the need for the tradition and its future. Miss Weiser also presented, on the behalf of the entire band, tokens of appreciation to band director, Paul Forgy, and band major, Herschel Rains. Initiation of some twenty new members into the band preceded an evening of dancing and game playing which was held in the hall above A&G motor company.

The Gay Philosopher

By J. W. S. "THE MAJOR export of New Zealand is brains." That's a recent statement made by the prime minister of that country. He went on to explain that the young people — the bright youngsters — of his country were going away to other countries because they lacked opportunities at home.

WE ALWAYS feel a little concerned when we see an item in our paper about some young man moving to another city to take a job and make his home. It makes us wish that something could be done to create more jobs and opportunities in Cisco — that these young people might feel secure in staying at home to help build a bigger and better community. You certainly can't blame the young people. Opportunity is what they're hunting.

READING THE current issue of The American Legion Magazine, there's a long article on Burnet, Texas. It is the story of how the people there, inspired by the local and state Legion organizations, made over a sleepy little town into a thriving community. It all started when an elderly man, who had moved away 30 years before, came back one day and said to the young mayor: "I was born here in 1889 and moved to Austin after the first war — as many a young man has done before and since. I've been away 30 years — but I could still find my way around in the dark."

"Why is the population the same as it was 50 years ago? Why are the people the same? Where do the young folks go? Why don't the range support as many cattle as it did then? Why are the scrub cedars still eating into the grassland?" He said a lot more. He concluded: "When the best youngsters move off to the cities, the town's future goes with them."

WELL, THE people got busy. In a year, some 55 new business firms of one kind or another had come to town. More than 1,000 new jobs had been created. Burnet grew from less than 2,000 to more than 4,000. The people adopted a plan. And they still have one.

THERE ARE A lot of Texas towns who might be able to profit by Burnet's example. SCIENTISTS have finally run weeds into the ground. The latest development in controlling weeds with chemicals gets them just as they sprout instead of waiting until they are above ground. After crops are planted, the soil is coated with a thin film of chemical weed killer. The weeds are nipped in the bud as they push into the sprayed surface. Weeds are estimated to cost farmers five billion dollars each year by robbing crops of food and water, thus reducing yields.

UP IN DES Moines, Iowa, a fellow has developed some chickens that are wingless. He calls them a new breed. It has taken him ten years to perfect them. They weigh four to five pounds and are white with long-neck necks than average poultry. They're fine for eating — more white meat! A fence two feet high will keep them at home.

SOMEBODY sent us a recipe for Hot Potato Salad, which sounds good. You take six baking potatoes, one third cup of vinegar, two teaspoons of salt, one fourth teaspoon of pepper, one pound of bacon, six eggs, and three fourths cup of chopped onions and tops. Cook the potatoes in boiling water, then peel and dice. Add vinegar and seasonings. Fry butter.

Turn To Page Three

New Owner To Take Over Hotel On February 1st

Sale of the Victor Hotel by Victor Cornelius of Eastland to Dr. Claude L. Reeves of Oklahoma City was announced here today. The transaction will be effective Wednesday, February 1. The sale was announced by D. M. Rose of Oklahoma City, hotel broker. The new owner, a well known Oklahoma surgeon, owns hotels in Altus and Mangum, Oklahoma.

W. K. Russ, who has been manager of the new Orient Hotel, Altus, will be manager of the Victor Hotel. He and Mr. Rose were here today taking inventory of the Victor and making preparations to assume management Wednesday morning. Speaking for the new owner, Mr. Russ and Mr. Rose said that the Victor would be run as a first class hotel in every respect. They expressed pleasure with the many improvements made by Mr. Cornelius during the some 15 months he has owned it.

Mr. Russ, who is moving here with his wife and 3-year-old son told the Press that "we are going to do everything possible to cooperate with Cisco civic leaders. We are now a part of Cisco and Texas and we intend to be good citizens." Mr. Russ lived in Houston for 20 years before moving to Oklahoma, where he has been for the past 12 years. He has been in the hotel business for some 12 years. He is a member of the Masonic Lodge, the Kiwanis Club and he and Mrs. Russ are Baptists.

He said that no changes had been planned in hotel personnel. C. W. Ellis, who has managed the hotel for the past several months for Mr. Cornelius, was not expected to remain. He told the Press he planned to spend several weeks undergoing medical treatment in a veterans hospital before deciding on the future. He said that Cisco had been his home most of the time since 1921. The coffee shop was expected to continue operations under the current lease.

Mr. Cornelius purchased the hotel in October, 1948. He completely redecorated the rooms, lobby and virtually rebuilt the coffee shop. The hotel had gained wide reputation as a first class hotel under his management. The hotel, a 100-room, eight-story steel, concrete and brick structure, was built in 1928 at a cost of about \$500,000. It was purchased by Cornelius from William Speidel of San Antonio, who had acquired it from the National Hotel Company of Galveston in 1944.

The hotel had been known as the Laguna until the name was changed by Mr. Cornelius. It was first opened in March, 1929. It was built by William C. Witt and Associates after a campaign by the Cisco Chamber of Commerce and civic leaders, who raised \$149,000 as this city's contribution toward the cost. The purchase price was not announced.

Bible Conference Slated Feb. 6-8

The annual Hardin-Simmons University Bible Conference is slated to start Monday, February 6, continuing through Wednesday, February 8, on the University campus in Abilene. Dr. Wallace Bassett, former president of the Texas Baptist Convention; Dr. Robert A. Baker and Dr. Stewart A. Newman, of the Southwestern Baptist Theological Seminary are among the conference speakers. Devotionals will be presented by A. A. Davis of Baird, W. H. Bell of Moran, L. H. Chapman of Eastland and H. M. Chambers of Anson. Pastors and church workers over the state are expected to attend. Rooms will be provided in the homes of Abilene Baptists for those who desire to spend one or more nights for the conference. All sessions are open to the public.

Per week (by carrier) 15c

YOUR YOUNGSTER CAN HAVE CANCER -

It may be news to you that cancer ranks fourth as a cause of death among children, surpassing even polio. But the disease actually kills more youngsters from five to nine than any other disease, according to the February issue of Better Homes & Gardens magazine. Only accidents, diseases of early infancy and, in later adolescence, tuberculosis, kill more children.

Since 1930, when cancer was not even listed among the first 10 causes of childhood deaths, it has steadily overtaken infectious diseases as a killer of young people under 20.

Immunization and new drugs have reduced deaths from pneumonia, tuberculosis, measles, dip-

theria and scarlet fever. More accurate diagnosis of cancer in the very young and recent recognition of leukemia as a form of cancer have caused more children's deaths to be attributed to cancer.

Doctors don't like to say what percentage of cancer cases are

curable. Statistics are incomplete, and cancers recur frequently after good progress has been made. But you can do your best to avoid the tragedy of bringing your boy or girl to the doctor by keeping in mind these symptoms of childhood cancers:

1. Unusual pallor, fatigue and unexplained fever, especially following one of the common infectious diseases, could be signs of leukemia. The original infection need not have been severe.

2. An unusual lump, even though small, in the abdomen of a young child might be a kidney tumor. Usually, when these malignant tumors cause discomfort, they have spread too far for successful surgery.

3. Persistently recurring headaches, distortion of vision and sudden awkwardness of gait may be symptoms of a brain cancer.

4. Pains and swellings in the bone joints, especially following an injury, should never be dismissed as growing pains. It could be bone cancer or rheumatic fever.

5. If your youngster has a straw berry birthmark or a dark mole that starts to change in shape or color, consult your doctor at once. Such marks have a tendency to become malignant. This type of cancer usually can be cured by X-ray or radium treatment.

The above types of cancer are commonly found in children, although youngsters may be afflicted by any kind of cancer. Can-

cer symptoms from birth to five or six years may be missed, not only because most parents and even doctors are not looking for the disease, but because small children don't complain much about pain or discomfort.

Cancer in a patient under 20 usually develops more rapidly than in older people and is more likely to be fatal. But the fact that is being recognized as a disease of youngsters as well as adults, plus the development of new methods for early detection, mean that if your youngster should develop cancer, his chances of survival are better than ever before.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Circle Two Meets In Poe Home

MRS. W. J. POE was hostess when Circle Two of the First Baptist Women's Missionary Union met in her home at 502 W. 18th. Mrs. C. S. Surlles presided and opened the meeting with prayer by Mrs. C. A. Lassiter. A short business session was conducted wherein routine business was transacted and report was made that the assignment had been carried out. The Circle voted to purchase a pair of blue jeans Levi pants for a boy in Buckner Orphans Home. The meeting was next turned to Mrs. E. L. Jackson who brought an inter-

Circle Nine Meets With Mrs. W. Smith

Mrs. Wilma Smith was hostess to Circle Nine of the First Baptist Women's Missionary Union which met in her home recently with Mrs. Mary Odell presiding. The opening prayer was offered by Mrs. Bebe Stone, following which a short business session was held. The Circle voted to purchase a pair of blue denim pants for a boy in the Buckner Orphans' Home.

Brownie Troop Nine Meets Wednesday

Brownie Girls Troop Nine met Wednesday afternoon at the First Christian Church with the assistant leader, Mrs. Jasper Qualls, in charge. A business session was held after which new officers were elected as follows:

President, Rose Marie Hamilton; secretary, Marge Gauntney, treasurer, Leta Fay Keller.

An interesting lesson followed after which the troop adjourned. A number of games was played and refreshments were served to Jo Ann Edwards, Shirley Fowler, Marge Gauntney, Emmalee Heltzell, LaMoyn Hickson, Glenda Hughes, Leta Fay Keller, Adelia Stone, Georgia Walker, Rose Marie Hamilton, Nancy Qualls, and the assistant leader Mrs. Jasper Qualls.

Business & Social Meeting Recently In Whisenant Home

Mrs. J. E. Whisenant was hostess for the monthly business and social meeting of East Cisco WMU which met recently in her home at 805 West Twelfth street. Mrs. H. H. Harrelson was in charge and called the meeting to order with prayer by Mrs. C. R. Hightower.

Minutes of the last meeting were read by Mrs. J. E. Shirley and the treasurer's report was given. Committee chairmen made their reports and routine business was transacted. Several announcements were made following which a social hour was enjoyed.

Instead of the usual Pal gift exchange, the members gave donations to the Church building fund. Lively conversation was the entertaining feature for a time after delicious refreshments were served by Mrs. J. O. Warren and Mrs. Marshall Ervin, the hostess, to the following: Mesdames Carlton Holder, Claud McBeth, Dryden, M. Slaughter, Ollie Hughes, C. R. Hightower, J. O. Warren, Marshall Ervin, W. L. Lewis, J. D. Hall, H. H. Harrelson, R. O. Fenley, A. W. White, B. F. Thomas, J. E. Shirley, Marshall Ivie, Ollie Smith, Joe O. Harris, J. E. Smith and J. E. Whisenant.

Brahma cattle have sweat glands.

"Come As You Are" Breakfast Enjoyed In M. W. Kring Home

The Bethany Sunday School Class of the First Baptist Church enjoyed a "Come as You Are" breakfast Thursday morning in the home of Mrs. M. W. Kring. Soon after arriving a lovely breakfast of hot rolls, sausage, jam, and coffee was served to Mesdames Jeff Gregory, V. L. Lewis, Morris Hart, O. L. Lee, S. E. Cearley, G. B. Bowers, Charles W. Jones, J. A. Carpenter, R. L. Boyd, J. F. Bunnell, R. C. Davis, and M. W. Kring.

Mrs. Hazel Hostess To Birthday Club In Home Friday Night

The Birthday anniversary club met last Friday evening in the home of Mrs. W. D. Hazel for a buffet dinner and social meeting. The event was in celebration of the hostess' birthday. Soon after the arrival of the group a sumpous dinner was served from the buffet with members seated at the dining table and quartet tables while eating.

After the nice meal was enjoyed the hostess was encircled and the "Happy Birthday" song was sung to her. She was also presented with a lovely gift from the club.

Mrs. W. V. Gardenhire, president, then called the group to order for a short business session. Routine matters were attended and dates for club meetings through the year were arranged. Visiting and conversation were enjoyed during the remainder of the evening.

Those present were: Mesdames Myrtle Anderson, Truly Carter, E. H. Cheves, W. V. Gardenhire, Leon McPherson, Barton Philpott, E. L. Pugh, O. J. Russell, F. E.

Shepard, M. M. Tabor, C. S. Surlles, Harry Schaefer, W. F. Walker, Miss Willie Frank Walker and Mrs. Hazel.

Cub Scout Den 6 Has Weekly Meeting

Cub Scout Den number 6 met for the weekly meeting Wednesday afternoon. After routine business was transacted the time was spent in making Armors to be worn Friday night at the monthly track meeting.

The following made their Pledge: Jimmy Barton, Teddy Waters, Teddy Triplett, Ronny Reed, Joe Fields, Roy Page. Others present were the Den Chief, Buddy Deen and the Den Mother, Mrs. Ted Waters.

The monkeys of South America all have prehensile tails.

BE A GOOD PARTY-LINE NEIGHBOR... DON'T MONOPOLIZE THE WIRE, AND OTHERS WILL BE ABLE TO CALL YOU, TOO!

THE LENGTH OF TIME YOU CAN USE A PARTY-LINE IS UNLIMITED. BUT OTHERS ON YOUR LINE WILL LIKE YOU BETTER IF YOU (1) KEEP YOUR CALLS REASONABLY BRIEF (2) ALLOW A FEW MOMENTS BETWEEN CALLS (3) CLEAR THE LINE ON REQUEST FOR EMERGENCIES

MILK HOUSES

To assure sanitation, save on labor. Well built houses, expertly designed.

NEW BARNs

Make your work easier, more efficient. Comfortable animals are better producers.

HOG HOUSES

Warm, dry, well-insulated and ventilated for successful farrowing, raising, fattening.

NEW ROOFS

Moisture tight, wind proof, fire-resisting. High quality, long wearing and low in cost.

BROODERS

Keep chicks warm, dry and healthy in a building designed for better broods, lower mortality.

NEW SIDING

Makes old buildings like new. Preserves and safeguards against loss by rot, decay and fire.

GRANARIES

For protection against rot, wind, moisture, rodents. Delivers a lifetime of good service.

INSULATION

A necessity in every farm building. Increases comfort, production and profits.

TOOL SHEDS

Protect expensive machinery. Guard against rust, exposure to the elements. A place to work.

LAYING HOUSES

Increase production, keep flock losses down. Durable, sanitary, well-insulated. Easy to clean.

CORN CRIBS

Sturdy-built, well-braced for heavy loads. Easy to fill. Has shelving trench.

NO MONEY DOWN

Payments are arranged As Low As \$5.26 Mo. to suit your needs. NO MORTGAGE

Research Project Seeks To Improve Range Grasses

AUSTIN, JAN. 28. — Basic research on grasses and crop plants to improve ranges and agriculture is well under way at the University of Texas Plant Research Institute.

Scientists are making the studies in the University's new "Utopia" laboratory in which all factors affecting plant life — temperature, light, and nutrition — are rigidly controlled.

Dr. Gordon Whaley, Institute director, and 19 other staff members are at work on three funda-

mental genetics investigations: 1. A study of reproductive characteristics in 84 grass species.

2. An investigation of the inheritance factors of ragged corn, an "outcast" type which is characterized by ragged leaves, and ears with irregular, half-filled grain rows.

3. A study of corn grass, a possible ancestral type of corn. "Obtaining background on the different grass species will let us know which ones we can cross to provide better plants for Texas

rangeland," Dr. Whaley said. "We are studying ragged corn not because we hope to use it, but because its abnormal inheritance characteristics are so outstanding. We expect to learn much about normal corn inheritance from the work."

BRIEFLY TOLD

PHONE 37

The Delphian Study Club will meet at the Federation Clubhouse Wednesday at 3 p. m. for the regular meeting. Mrs. James Flounoy, president, will be in charge. All members are reminded to be present, stated Mrs. Charles Cofer, publicity chairman.

Mr. and Mrs. Marvin Brown of New Mexico stopped in Cisco for a visit with his mother, Mrs. John W. Brown, and his sister,

Mrs. Edessa Pingree, and children while en route to Fort Worth to attend the Fat Stock Show and Rodeo.

Mrs. J. E. Crawford visited in Abilene over the weekend as a guest of her sister and husband, Mr. and Mrs. James Shelton, and her brother and wife, Mr. and Mrs. I. V. Daniel.

Miss Mary Philpott returned to Lubbock Monday after visiting her mother, Mrs. Barton Philpott, and family here during the mid-term holidays of Texas Tech.

Mr. and Mrs. Joe Slicker left Monday for Austin where he will enter the Presbyterian Theological University.

Mrs. C. E. Moore of Abilene is a guest of her cousins, Mrs. J. S. Mobley and Mrs. Ada M. Miller, and small daughter, and of other friends here for a few days.

W. E. Kuykendall of Dallas, a student at Texas Tech, visited here over the weekend in the home of his grandparents, Mr. and Mrs. J. H. Latson Sr., while enjoying the mid-term holidays.

Recent guests in the home of Mr. and Mrs. J. T. Fields were her brother and wife, Mr. and Mrs. Don Morman of Gorman; and Mr. and Mrs. C. E. Hicks and Mrs. C. E. Hicks Sr. of Brownwood.

Mr. and Mrs. E. A. Grigsby of Floydada, parents of Leonard Grigsby, Cisco Junior College student and member of the Wranglers basketball team, visited with their son Monday night and attended the Wrangler-Ranger game.

Mr. and Mrs. Jack White of Elk City, Okla., were weekend visitors in the home of Mr. and Mrs. E. G. Damron. Mr. White is a brother of Mrs. Damron.

Mr. and Mrs. C. C. Hutchinson and Mr. and Mrs. M. F. Emerson of O'Brien were visitors in Cisco Monday night and attended the Wrangler-Ranger basketball game. They are the parents of Charles Hutchinson and Booger Emerson who enrolled at Cisco Junior College for the second semester. Both boys are members of the Wrangler basketball team.

Mr. and Mrs. Shobal Houston and children, Miss Jane and Milton, visited in San Antonio over the weekend with his mother, Mrs. Houston, and his sister and husband, Mr. and Mrs. H. L. Harmon, former Ciscoans.

Mrs. T. E. Lisenbee and Mrs. Harry Schaefer visited Saturday with Mrs. J. R. Burnett, who is spending a few days in an Abilene hospital for treatment of an eye.

Mr. and Mrs. O. L. Lee and children Camille and Billy spent the weekend in Denton where they were guests at the wedding of friends.

Mrs. W. A. Pippen and children Bill, James, and Mary Ann, of Breckenridge, visited here Sunday with her mother, Mrs. K. H. Richardson, while en route to Abilene. They were accompanied by Rayford B. Gustafson, Jr., grandson of Mrs. Richardson, a student at Texas A&M College.

Raymond Thomas will return to Austin Wednesday after spending a few days here with his parents, Mr. and Mrs. Oliver Thomas, during mid-term holidays of the University of Texas, where he is a student.

Pioneer Discovery Opens New Area

Dunham & Young Oil Co., have completed their No. 1, M. L. Vestal as a Caddo discovery well for the area three miles north of Pioneer in Eastland County.

Potential of 16 barrels of 39.2 gravity oil and 14 per cent water per hour has been filed for the project.

The production was from the open hole at 2,616-35 feet, through 32.5 choke with 180 pounds on casing. Flowing tubing pressure was 160 pounds. The production was after treatment with 8,000 gallons of acid.

Location for the new field opener is 160 feet from the South lines of the southeast quarter of Sam Damron Survey.

In Throckmorton County, Cities Service Oil Co. has filed as amended location for the No. 1-C Webb, Woodson, on permit to 4,600 feet with rotary, the project is now located 1,525 feet from the north and 330 feet from the west lines of section, 709, T&E Survey.

ON BIKE TOUR—These three junior cyclists have their bicycles checked in Havana, Cuba, after riding all the way from New York to Key West and flying from there to Cuba. Left to right are: Edina Evans, Janet Koch and Manuel Acran. They'll also attend the New Orleans Mardi Gras.

Clinic Planned On Wage Laws

ABILENE, Jan. 26. — It was announced today by Bill Braymer, a director of both the Texas Manufacturers Association and the Abilene Chamber of Commerce, that these two organizations are co-sponsoring a special Wage-Hour Clinic here on Tuesday, Jan. 31 for all interested persons in Central West Texas.

The meeting, which will be held at 2 p. m. in the ballroom of the Wooten Hotel, will be conducted by officials of the Wage and Hour Division of the U. S. Department of Labor from Dallas for the purpose of discussing and explaining the new national wage and hour law which became effective Jan. 25.

A two hour session will be devoted to an explanation of the law, whom it affects, and how employers may comply with it. Following the meeting, private interviews will be arranged with the Labor Department representatives by employers with special problems relating to the new law.

Bureau Secretary Attends Meeting

Mrs. John Love, secretary of Eastland County Farm Bureau Federation is in Abilene attending a meeting for service additions to the Texas Farm Bureau Federation to get information concerning new services which are being added for the benefit of farmers and ranchers. This service concerns fire insurance for farmers and ranchers and should be of interest to many, she said.

Twin Calves Are Born At Gorman

Twin Jersey bull calves were dropped January 14 by an artificially bred Jersey cow belonging to J. O. Jackson, Gorman farmer, according to Harry Crow, Carbon artificial breeding technician.

This is the first set of twin calves dropped since the artificial breeding program started on February 8, 1949, Crow said.

Unfortunately Jackson has not looking for the cow to freshen on that day. The cow was in the hog pasture and both calves were killed by the hogs, he said.

Calves from artificially bred cows are now dropping almost daily all over the county. The program is sponsored by the Eastland County Dairy Association in an attempt to grow better blooded and higher producing dairy animals over the county.

Crow is available daily except Sunday for artificially breeding dairy cows. Those who want their cows bred, regardless of where they live in the county, should call him at phone 133-F, Carbon, when his services are needed. The charge is \$6.00 per cow at the first breeding with two repeat services free if necessary.

GAME POSTPONED

The conference basketball game scheduled for tonight at the Community Gym between the Cisco Lobos and the Mineral Wells Mountaineers has been postponed, it was reported today by Coach Buck Overall. The contest was called off when Mineral Wells officials decided the weather was too bad to attempt the trip.

Mickey Collins, a student at St. Edwards University, Austin, is here for a mid-term holiday visit with his parents, Mr. and Mrs. C. J. Collins.

Abilene Man Will Speak At Service

Rev. Odell Brown of Abilene, district Nazarene Young People's Society Leader, will speak at 7:30 o'clock at the local organization's meeting.

The Cisco group now is observing Youth Week. They enjoyed a social Monday night. Young people will be in charge of Wednesday night's regular prayer meeting, and Thursday at 6:30 p. m. they will visit shut-ins.

On Friday night, the group will take part in a camp fire service. The week's program ends Saturday night with visitors from Breckenridge and Eastland coming here to take part in a request program.

Cisco Youth Wins Flyweight Match

Ben Tabor of Cisco, 107-pound flyweight, outboxed Wade Ray, 111, Abilene, for the schoolboy flyweight title Saturday night in the Abilene Regional Golden Gloves tournament. Reports had both fighters displaying considerable skill for high school fighters.

His older brother Bill, fighting in the open lightweight (136) division, advanced to Monday night's finals against Doyle Dobbs of the Abilene Knights of Columbus team. Dobbs had previously defeated the well known Cotton Fowler, who has represented the region in the state meet in Fort Worth two or three times in the past, and was last year's TAAF featherweight champ.

Dobs, who shows much promise, nevertheless had a hard fight on his hands in the title match at Rose Fieldhouse last night, and he and Tabor collapsed exhausted in each other's arms at the end of three wildly applauded rounds of slugging.

Ross Finley of Cisco Junior College was outmatched in the Monday night finals, and was a 1. k. o. victim in the first round to Arlis Willingham of Woodson. They were in the novice class, welterweight (147) division.

SPEAKS IN RANGER

Rev. Otis Strickland, pastor of the First Baptist Church in Cisco, was the guest speaker at the Lions Club meeting in Ranger Thursday noon at the Gholson Coffee Shop.

Rev. Strickland spoke on "Education's Relationships." He was introduced by Bill Couser, who arranged the program.

ARMY OF EXPERTS

The treatment of infantile paralysis victims is more effective today than ever before, because there is available an ever-increasing army of polio experts trained specifically to use modern scientific methods to combat this disease. Thousands of these experts trained through grants made by the National Foundation for Infantile Paralysis did yeoman service during last year's record epidemic in which more than 41,000 were stricken. This unprecedented toll depleted the resources of the National Foundation. Help keep the army of polio experts supplied and prepared by giving generously to the March of Dimes. Give today.

Westinghouse ELECTRIC COMFORTER

with the Automatic Watchman Control

For restful sleep in mellow warmth, no matter how the weather acts up, we bring you the new, amazing Westinghouse Electric Comforter. It gives you warmth without weight, for this one covering is all you ever need. It plugs into any a-c outlet. Come bedtime, you merely set the control for any degree of warmth you desire. The bedside control then automatically maintains this gentle, relaxing warmth all night long.

The rayon satin covering is so lush, so soft... and it is easily dry-cleaned. The inner warming sheet can be washed, if necessary. Protected by every safety device known to science: Listed by Underwriters' Laboratories, Inc. Three colors: Rose, Blue or Green. All 72" x 86", large enough for ample tuck-in! Come in or phone for yours now—start sleeping as you never slept before!

Dainty "powder box" control automatically compensates for changes in room temperature!

Comforter won't slip off the bed. The underside of spun rayon faulle clings to the sheet.

Makes bedmaking easy... fast! There's only one bedcovering! No spread is ever needed.

Rayon satin shell zips off for dry cleaning! Inner warming sheet easily washed, if necessary.

MEDICAL MIRACLE

Today Your Pharmacist Drops A Few Facts About...

EMETINE

The middle of the 19th Century marked a search for active principles in drugs. The year 1867 brought the discovery of Emetine by Pierre Pelletier, a French chemist. But not until 20 years later did Dr. Walsh determine the action of Emetine on the Amoebae that caused Amoebic Dysentery. In 1911 the value of the drug was established as a cure for the disease, 44 years after its discovery.
