Valparaiso Choir Appears Here Tonight

"The Church Year in Song," composed of all-Bach chorals and songs taken from cantatas, will form the major work on the program to be presented by the Valparaiso University a cappella Choir under the direction of Richard Schoenbohm at Cisco High School Auditorium, Tuesday night at 8 p. m.

The 78-voice collegiate group will open the all-Bach portion of the music with "Wake, Awake," depicting the Advent season. Other works of the German master will range from tender "I

Stand Beside the Manger Stall" to the powerful "How Fierce and Dreadful Was the Strife" from the cantata, "Christ Lay in Death's Dark Prison." Concluding the section devoted to "The Church Year in Song" will be Bach's arrangement of "A Mighty Fortress Is Our God," the hymn which earlier won the Valparaiso University a cappella Choir fame when its interpretation was broadcast throughout the United States, Canada and from Radio Luxemburg into continental Europe.

Included on the second portion of the program are religious numbers of a more colorful character such as Nicolau's "Good Friday Music in a Catalonian Church" or Christiansen's "Lost in the Night." One of the more romantic selections is "June Moonrise" by Delamarter. Last number on the program is Wilson's "Alleluia." "We have attempted to move from mood to mood in the second half of the concert program, from reverence to joy, from folk music to love songs," said Prof. Schoenbohm.

TWO MEN ARRESTED IN CISCO ROBBERY; INDICTMENT FILED

An Eastland County grand jury Monday returned indictments against two men, one a Ranger resident in connection with a robbery here last Saturday. The men were Jimmie A. Houghton, 24, Ranger, and Thomas Brunner, 22, of Dallas.

No formal action had been taken against a third youth arrested in the case due to the fact that he was a juvenile.

Sheriff J. B. Williams told The Press today that he was leaving for Austin to use facilities of the state crime laboratories in an effort to connect the trio with other robberies in Cisco and Eastland County. He planned to take burglary tools taken from them and fingerprints found in the places that were robbed.

Mr. Williams said the trio was arrested Saturday by Deputy Sheriff Bill Solomon, assisted by

National Guard Inspection To Be Conducted Here

Officers from Battalion and Fourth Army Headquarters will be in Cisco Wednesday to review Battery A, 648th Armored Field Artillery Company, at the new armory, it was announced today by Capt. O. O. Odom, commanding officer.

Members of the unit were directed to be present at 2 p. m. Wednesday at the armory in their Class A uniforms. Capt. Odom said no guardsmen would be excused. The inspecting party will also attend the regular drill from 7 to 9 p. m. Wednesday.

The party will include Capt. Kraeger of Battalion Hq., San Angelo; Capt. Davidson, Army adviser to the San Angelo Hq.; and an inspecting officer, probably a colonel, from the Inspector General's office, Fourth Army, San Antonio.

VA Turns Down College Extension

The Veterans Administration ruled last week against the approving of an extension branch of Ranger Junior College in Breckenridge. The decision was reached because of the fact that the application was placed too late to get the school set up in time for the second semester.

Arrangements had been made to hold classes in the American Legion building in Breckenridge but the location was secured too late to begin the school on January 23 as was planned.

HOME FROM HOSPITAL
Vernon Harris, who has spent the past several weeks in the Veterans Hospital in McKinney, has been brought home and is reported to be improved.

DIRECTORS TO MEET
Directors of the Cisco Chamber of Commerce will adopt their 1950 work program at a regular semi-monthly meeting at 7:30 p. m. today at the Chamber of Commerce. All directors were urged to attend.

Tiny Tract Pays Rich Dividends To State Schools

A tract of 1.99 acres in Pecos County has proved to be the most lucrative of any state school lands figures released today by Land Commissioner Bascom Giles reveal.

This tiny tract in the Yates pool has netted the state public school permanent fund \$260,384.91, or \$131,176.28 per acre, since it was first leased on March 26, 1934.

Another tract in Pecos County of 1,767.50 acres, is the second biggest royalty earner, Commissioner Giles' tabulation show. This lease has paid in \$3,049,628.95 since December 28, 1923 as compared with total royalties of \$3,246,120.07 received from an 84-acre tract in Gregg County, in the Sabine River Bed.

The oldest lease is still producing. A 90-acre tract near Goose Creek in Harris County, first leased on April 22, 1914, paid in \$5,770.25 in January, and has totaled \$1,253,253.13 in its 36 years of operation.

Ciscoans Invited To Charity Ball

The Civic League of Eastland is sponsoring a Gay Nineties charity ball at the Eastland American Legion hall Wednesday night, it was announced by Mrs. Joe Stephens. The proceeds will go into a fund to be distributed to various charity organizations.

The Musical Ramblers of Cisco and Eastland will furnish the music for both square and round dances. Ray Judia of Cisco will play with the orchestra, which will be dressed in the costumes of the period before the turn of the century.

The dance is scheduled to begin at 8:30 p. m. and the admission price has been set at \$1 per couple.

Those who attend are asked to wear costumes of the 1890s, if possible, but were urged to attend if that type dress was not available.

WRANGLERS END CAGE SEASON WITH 72-51 WIN OVER CLIFTON

The Cisco Junior College Wranglers, paced by Bill Gunn lanky forward who hit the basket for 17 points, completely outclassed the Clifton College Cowboys in their game at Community Gym Monday night and at the sound of the final whistle were leading by a 72-51 score.

The Wranglers got off to a fast start and rang up 8 points before the Cowboys found the basket. They increased their lead steadily and at the end of the first half of play enjoyed a 21-point edge.

The last half was a nip and tuck affair with the Cowboys matching the Wranglers point for point. The fast work of Grigsby,

The Gay Philosopher

By J. W. S.
SEEING A BUNCH of new bricks and building materials piled around Mr. H. H. Tompkins' broom factory in the southwest corner of town, we started a little investigation. And you will be interested to know that progress is being made by Mr. T.

HE'S JUST BACK from a trip to New York and other metropolitan centers where he completed arrangements for marketing his Circle T brooms all over the United States. Distributors have already been set up in 35 of the 48 states.

ACCORDING TO expansion plans, Mr. T. will add some floor space and install new machinery to double the daily broom output out on 15th Street. They now can make 100 dozen brooms and 100 dozen mops per day. The new machines will include two stitchers and five wrappers of the latest design.

THE TOMPKINS factory now employs some 25 persons. And some 15 are expected to be added to the payroll in the expansion program. Here is an example of a small plant growing considerably. It's a big asset to the city.

WE'RE INFORMED that Mr. T. started his broom manufacturing business in 1932 with six dollars — borrowed capital. He has personally sold every broom that has been made in his plant. During the war years, one Texas firm purchased half a million brooms from the Cisco plant.

IF THESE OLD iron horses—the steam railroad engines—have brains and hearts, as many engineers claim they have, one must have been very proud indeed Monday afternoon as it came through Cisco pulling a new diesel engine and a long string of freight cars. The diesel must have broken down somewhere along the line.

SEE BY THE papers that some of the cities are banning the movie "Stromboli," the new Ingrid Bergman picture, on the grounds that her private life in recent months hasn't measured up to standards. We asked Manager Wallace Smith if the Palace planned to show the film. He doesn't think they will play it. mora later

YOU'LL BE interested in something we've discovered. French bread. It's a product of the new B. & K. Bakery. It's delicious. We took a loaf home for supper last night. Next time, we'll take two — one to eat before supper and the other for supper.

The B. & K. is offering something special for Valentine's Day. They're baking delicious heart-shaped cakes.

You ought to try their French bread.

SUGAR, WON'T YOU please come home! Your nine Cocker Spaniel puppies miss you very much, particularly at meal time. During your absence, your owner, Mrs. N. D. Gallagher, is feeding the pretty puppies. She'll be glad to have you home, too. (Sugar is black and light tan or white.)

Miss Jo Ann Scott, a student at Texas State College for Women, Denton, spent the weekend here in the home of her parents, Mr. and Mrs. Fred Scott.

Extension Of Kleiner Pool In Prospect With New Well

HE'LL SING AT GERMAN FESTIVAL—Robert L. Charlebois, right, of Minneapolis, has been selected to sing leading roles in the 1951 Bayreuth, Germany, Wagner Festival. Here he chats with Fritz Wolff, a professor of music, who claims the former U.S. Army sergeant is a perfect Wagnerian tenor.

ORCHARD FIELD DAY PLANNED AT SPENCER FARM ON FRIDAY

The annual Eastland County Orchard Field Day will be next Friday, Feb. 10, at the J. E. Spencer orchard in the Long Branch

Community, the County Agent's office has announced.

Four Games Are Played In ABC Junior League

In four games played in the ABC Club's Junior Basketball League at Community Gym Saturday morning the First Christians defeated the Lutherans 23 to 16; the Scranton Methodists won over the East Cisco Baptists 56-2; the First Baptists beat the Wesley Methodists 27-9, and the Olden Baptists won over the First Methodists 30-23.

For the Christians Tommy Reynolds and Harold Pippen tied for scoring honors with 9 each. For the Lutherans, Naumann led with 6. In the Scranton Methodist one-sided victory Slatton was tops with 18 points, Donahoe in second place with 12. McBeth and Morris made a point apiece for East Cisco Baptist.

In the Wesley Methodist-First Baptist game, Freddy Hayes was high point man with 9. Jackson for the Methodists and Emsley of the Baptists were tied for second with 8 each. Strickland made 7. In the First Methodist-Olden Baptist game, Buddy Deen of Cisco was high with 15, Nelson of Olden shot 13.

The lineups for the games were as follows:
First Christian — Reynolds, Pippen, Lisenbee, Branton, Brogdon, Cowan, and Fletcher. Grace Lutheran — Weiser, Naumann, Ziehr, Fricke, J. Lanham, S. Lanham, Cochran, and Dunning.
Scranton — D. Reese, Johnson, J. Reese, Donahoe, Harris, Dan Jobe, Don Jobe, D. Starr, T. Starr, Speegle, East Cisco Baptists — Dryden, Hamilton, McBeth, Gilmore, Nichols, Morris, and Jackson.
Wesley Methodist — McMurry, Jackson, Tullios, Busby, Mayer, and Maxwell. First Baptists — Strickland, Hayes, Emsley, Smith, Curtis, and Houston. First Methodists — Anderson, Deen, Cluck, Paul, Trigg, Davis, McCanlies, King, Donica, and Cross. Olden Baptists — Nelson, J. Hilliard, Norton, R. Rodgers, Colburn, Hilliard, Everett, Fox, and Rodgers.

Lone Star Loses Tools In Dennison

A possible extension for Cisco's Kleiner Field was in prospect today with the announcement that Huff Oil & Refining Company will drill the No. 1 F. C. Cheshire as a Mississippi lime test two miles north of the city.

The location is approximately one-half mile from Kleiner Field production and its successful completion would be a northwest extension. The test is projected for 4,200 feet with cable tools. Location was given as 330 feet from the south and 1,905 feet from the west lines of M. A. Westcott Pre-emption Survey.

Johnston Well
Two miles southeast of Cisco, E. C. Johnston was due to start completion work this week on his No. 1 Eppler, east offset to a recent Lake Sand discovery drilled by Hickok Producing Company. The Johnston well shut-down to set casing to 3,336 feet last week after topping the Lake. No tests had been run.

It was understood that an offset to the new well was being projected by the Johnston company.

Dennison Well
A fishing job neared completion today at Lone Star Producing Company's No. 1 J. W. Dennison, wildcat test five miles southwest of Cisco. Some 1500 feet of tools got away and plunged to the bottom early Monday.

Today, the pipe had been fished out, leaving only cones off the drill bit. The hole was bottomed at 3,730 feet.

No Lake Sand was encountered in the test. Operators went through the Marble Falls without a show over the week-end. The Ellenburger was expected to be picked up at about 3,900 feet.

Plugged As Dry
Gilchrist Drilling Company has plugged and abandoned as dry their No. 2 H. H. Durham, off-set to production five miles north of Eastland. It was reported here. The hole was 2,955 feet deep.

Scranton Honor Roll Announced

Superintendent Coy Keahey of the Scranton schools has announced the following students as having an average of 90 or above with no grades less than 85, for the first term of the 1949-50 school year:

- First Grade — James Douglas, Hamey Hill, Benny O'Brien, David Ray, Robert Shrader, Bruce Speigle, Virginia Elam, Christine Ingram, Bobby June Spink, and Christene Strobble.
- Second Grade — William Jordan, Harold Reese, Floyd Thate, and Jimmie C. Johnson.
- Third Grade — Linda Speigle, James Elam, Phillip Harrelson and Jerry Blackwell.
- Fourth Grade — Mildred McCorkle, Landa Luster, Sue Notgrass, Bertha Faye Jordan, and Vernon Foster.
- Fifth Grade — Vida Beth Keahey, Paula Douglas, and Billy Boykin.
- Sixth Grade — Barbara McCorkle, Marylis Stewart, and Beth Grace.
- Eighth Grade — Wendell Donahoe.
- Junior High School — Sue Ann Grace, and Melba Deen Reese.
- Sophomore Class — Jo Ann Morgan.
- Senior Class — Stewart Speigle, Sally Ann Speigle, and Lois Hull.

Water To Be Off In West Cisco

City officials announced today that water mains west of Front Street will be cut off Wednesday and Thursday afternoons from 2 to 5 p. m. for repairs to lines. The repairs are being made to give the area more pressure for the summer months.

Misses June Alexander, Crystal Smith, and Bette Wilcox of Ranger visited in Cisco over the weekend with their parents, Mr. and Mrs. A. A. Alexander, Mr. and Mrs. Tom W. Smith, and Mr. and Mrs. G. W. Wilcox.

MEXICO LOOKS AT TEXAS

BY ROBERT J. COLE

MEXICO CITY (Special) — A Mexican newspaper commented this week on how fortunate Mexico is to have Spanish-speaking members on the Texas Good Neighbor Commission.

El Universal, one of Mexico City's largest and most influential newspapers, said Texas should "feel proud to have created the Good Neighbor Commission to promote understanding and collaboration between both countries."

Reporting on a joint conference held in Fort Worth between U. S. and Mexico, El Universal said a "big resistance" is afoot in the

U. S. preventing full evaluation of Mexican laborers' work in Texas.

"The presence of members on the commission who speak Spanish," the newspaper said, "is a great help in solving this prob-

lem. Thanks to the constant effort and faith of all members of the commission," it added, "Texas can look forward soon to the day when she will realize the privilege and value of speaking two languages."

Said El Universal, "the crux of the situation is in correct application of the International Agreement signed by Mexico and the U. S. last August." Contracting of Mexican laborers for work on U. S. farms is similar to concepts under Mexico's constitution. "Equal pay for equal work, regardless of sex or nationality."

The newspaper quoted Ramon Guerra, member of Texas' Good Neighbor Commission, as saying: "The Good Neighbor Policy means understanding and respect for other nations and equal rights and opportunities for all."

The Mexico City newspaper Excelsior reprinted a letter to the editor of the Big Spring Herald this week. Excelsior quoted the Herald as saying that more Texans should know Spanish and vice versa. "We find ourselves among many Mexicans," the Herald was quoted as saying, "They speak Spanish; often they don't speak English. How are we going to do business with them?"

Passing judgment on this story, El Universal called it "a grave

error in these times that the border be a kind of wall separating the two languages. The basis of all understanding," El Universal said, "is language."

Battle flags and the war of 1847 made news this week in a Mexico City daily, El Nacional. When the U. S. won the war from Mexico, American troops victoriously returned to American soil with Mexico's colors. Likewise, in other skirmishes during the war, Mexican troops captured American flags. For almost 50 years attempts have been made to get them back.

This week El Nacional brought up the subject again, taking direct aim at a suggestion by Congressman Ken Regan, of Texas. Regan's idea, said El Nacional, is to swap flags, Mexico giving back U. S. flags and the U. S., in turn, handing over Mexican colors.

"We don't want conditions," said El Nacional. "If the good the Rio Bravo (Rio Grande) want neighbors on the other side of to return our flags, they will have to do it of their own free will — as a spontaneous and expressive act — not as a law, as Rep. Regan wants to do."

LETTERS

Editor: The Texas legislature is at present engaged in one of its famous scraps, this time to provide funds to correct its errors of last spring.

It seems to have run completely out of things to tax, yet it overlooks a source never touched, the state's most valuable natural resource, water, in which it has its largest investment, in huge lakes and dams, and from which the state receives no returns whatsoever.

In time, this state, and all others, must collect a royalty from the consumer of their water, dividends on their investment. Texas has the most urgent need, and should lead the way in collecting this royalty.

The small sum of \$1.00 per thousand gallons would produce from \$200,000,000 to \$300,000,000 annually, and not be a burden to anybody.

That would meet the present crisis and solve all future problems of water conservation and service, replenish the depleted state treasury, and at the same time, relieve the greatly overburdened taxpayer.

I suggest to Governor Shivers, the legislature, and you who are planning to write the governor and lawmakers, that the called session enact laws placing a royalty charge of \$1.00 per thousand gallons against the consumers of water from all lakes and reservoirs.

There would be no cost to the state for book-keeping and collections, since present city water organizations would handle that job and turn the funds over to the state treasury.

All conflicting factions of the legislature could agree on this plan, and avoid the unpleasant task of piling more burdens on taxpayers of Texas. This is not only a painless solution of the present financial crisis, but the only logical solution of the long-range water problem, at the same time.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

East Cisco W. M. S. Meets Monday P. M.

East Cisco Baptist Women's Missionary Society met Monday afternoon for Mission study in the Educational building of the church with Mrs. H. H. Harrelson presiding. The meeting was opened with prayer after which the study was turned to the teacher, Mrs. Elmo Hodnett. The new book, "Whereunto Shall It be Likened?" by Dr. Floy Barnard, was introduced by Mrs. Hodnett and a discussion of the first chapter was given.

Members present were: Mesdames H. H. Harrelson, J. D. Hall, C. R. Hightower, J. O. Warren, R. C. Smith, J. E. Whisenant, Marshall Ivie, A. W. White, B. F. Thomas, Bernice Reeves and the teacher, Mrs. Hodnett.

Mr. and Mrs. Pierce Will Pass Golden Wedding Anniversary

Mr. and Mrs. F. D. Pierce, of 304 west sixth street, will pass their Golden Wedding Anniversary on Wednesday February 8. They were favored with a surprise visit last Thursday of their daughter, Mrs. Goodner Bedford of Mobile, Ala., the former Miss Marion Pierce, who arrived by plane to visit them.

A family celebration was held on Sunday, and others present were David Pierce of Ft. Worth.

accompanied by his daughter, Lucile; and Miss Lucile Pierce of Wichita Falls, younger daughter of Mr. and Mrs. Pierce. Their eldest son, Olin Pierce and family could not be present, but were with them the week before.

The women of the First Presbyterian church have arranged with the Imperial Quartet which presents radio program each day at 11:45 to dedicate a special number to the worthy couple.

Due to Mrs. Pierce's being now confined to her room, the open house to all friends, will not be held.

Mr. and Mrs. Pierce were married at Butler, Pennsylvania, on February 8, 1900. The ceremony took place in the home which had been furnished and where they lived the first years of their wedded life. They came to Cisco about 1919 or 1920, Mrs. Pierce stated and have made this place their home since then. They are parents of four children, Olin Pierce of Odessa; Mrs. Goodner Bedford, Mobile, Ala.; David Pierce of Fort Worth and Miss Lucile Pierce of Wichita Falls. Mr. Pierce has been connected with Spang and Company Oil Well Supplies of this city since they moved to Cisco. Mr. and Mrs. Pierce are both loyal members of the First Presbyterian church of Cisco.

Cisco Garden Club Hears Fine Program At Meeting Monday

The Cisco Garden Club met Friday afternoon at the Federation Clubhouse with Mrs. Ray G. Chapman presiding in the absence of Mrs. Keough, president, who is ill. Twenty-one members responded to the roll call; and the following guests were present: Mrs. Paul Burnham, of Beaumont, Miss., a guest of Mrs. Eugene Lankford; Mrs. C. M. Cleveland, Mrs. Blake Stephens, Mrs. J. C. Fletcher, and Mrs. F. L. Yeates. Routine business was transacted and reports were made by the standing committees.

The Ways and Means Committee made report after which the club voted to sponsor the sale of street and house markers; and voted also to have a load of iris ready for the highway department Friday afternoon, as it will be called for Saturday by the truck drivers of the department.

PARTY FOR LUCKY TEACHER—With school suspended for one day in her honor, Miss Alice Adamson, right center, distributes candy bars at a party in the Astoria, N.Y., Junior High School where she teaches. She won \$2360.00 on a radio quiz program by the "unusual" method of being able to answer the questions that were asked, even the hard ones.

Anyone having iris bulbs to donate will please take them to the Chapman residence at 907 W. 7th St.

The club agreed to purchase a large quantity of shrubs to be resold to the public at actual purchase price. Mrs. Chapman made a splendid report of the meeting at Albany. The following were asked to attend the Federation meeting at the local clubhouse on March 13: Mrs. Jerre Myrick, Mrs. L. F. Mendenhall, Mrs. Don Choate, and Mrs. Dale Litton.

The audience next was favored with a special musical number by young Wayne Kendrick. Mrs. Eugene Lankford was presented in an instructive talk on "Perennials—Transplanting and Division," which was much appreciated. A round table discussion on gardening closed the program.

Mrs. Shy Osborn was presented the door prize which was donated by Burton-Lingo Co. Hostesses were Mrs. Jerre Myrick and Mrs. Dale Litton. Flower arrangements were made by Mrs. J. V. Heyser.

Leaflets were passed to members and guests which were as follows: "Soil, a Foundation of Health," printed for distribution by International Harvester Co.; "It's Your Topsoil," prepared by American Steel and Wire Co.; and "The Lord's Land," prepared by the U. S. Soil Conservation Service.

REMEMBER WHEN

Taken from the Files of The Daily Press

FIVE YEARS AGO—Virgil Wagley is expected here today from San Angelo for a visit with his family. Mrs. Wagley plans to return with him to San Angelo.

Corp. and Mrs. Howard A. Lewis of Sacramento, California, are

guests here of her parents, Mr. and Mrs. C. A. Shockey. Mrs. Lewis plans to remain for an indefinite visit but Corp. Lewis will return February 23.

Mrs. Mattie Dennis, accompanied by her daughter Mrs. Horace Head and her two sons, Jimmy and Danny, visited relatives in Olden Sunday.

The Cisco Lobos defeated Ranger by a narrow score when Gerald Smith made a crisp shot after Mac Harrelson was fouled and made one of his free throws. The final score was 24-23 in Cisco's favor.

Word was received today that Lt. George W. Meglasson, son of Mrs. Cora Meglasson of Cisco and bookkeeper for the Daily Press, before he entered the service, landed in New York this morning, thus completing his eighth trip across the ocean. Upon his arrival on U. S. soil, the 24 year old Cisco boy was notified that he had been promoted to first Lieut.

program was arranged and directed by Lion Norman Huston.

Prospects for a third federal highway to be designated through Cisco was seen as delegations returned from a hearing at Austin yesterday on the proposed U. S. Highway No. 181, from Waurika, Oklahoma through Breckenridge, Cisco and Brownwood to San Antonio.

Every large building in Cisco which conceivably might develop a serious fire presents to the Cisco fire department, a special problem which the department is studying during the bi-monthly meetings, Fire Chief Noah Fowler said today.

Farmers interested in ordering feed in farmer's pool will please meet at the Cisco Chamber of Commerce at 2:30 p. m. Saturday, February 10, reports W. B. Starr, Secretary of the association.

MEDICAL MIRACLE

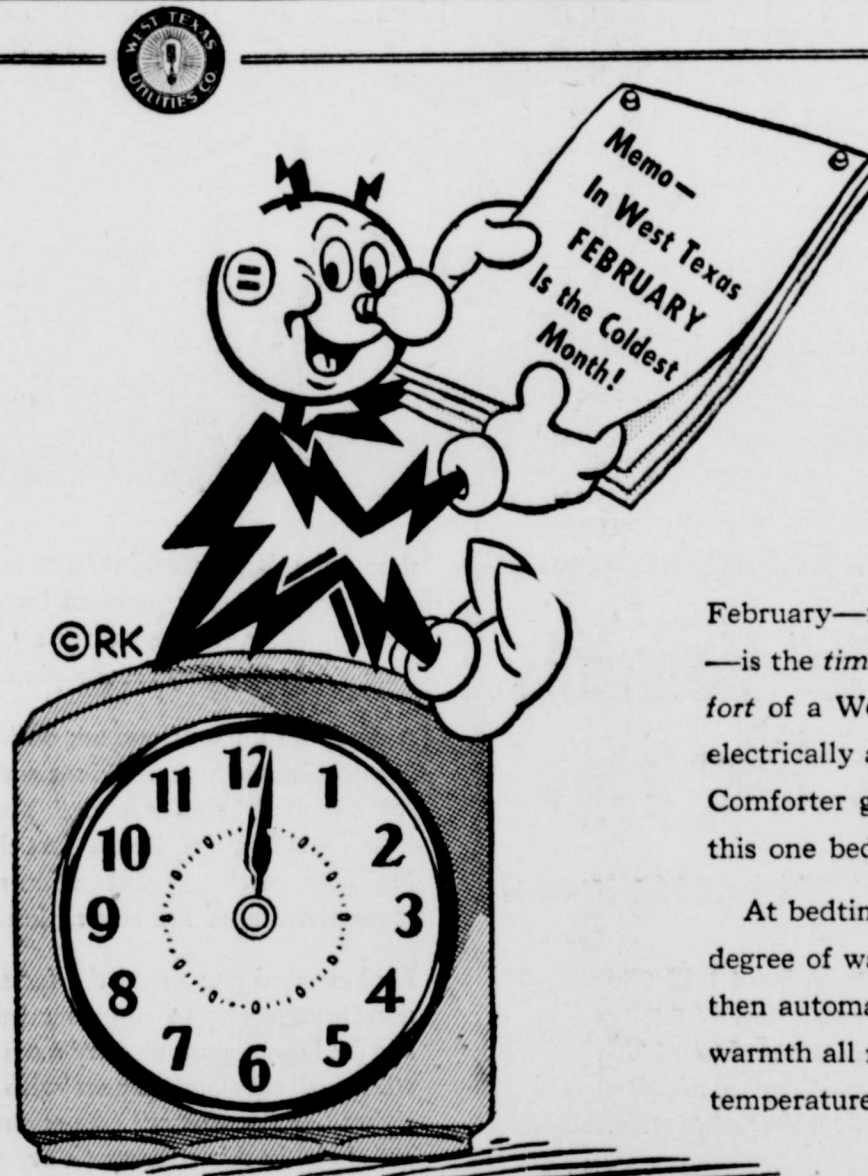

Today Your Pharmacist Drops A Few Facts About...

THYROXIN

On December 24, 1914, Dr. Edward Kendall wrecked an experiment with Thyroid Chemical by heating it too long. In an effort to save some of it he mixed the residue with alcohol, alkali and acetic acid. Christmas morning he found needle-like crystals along the edges of the solution which proved to be the chemical he was seeking—Thyroxin—the active principle of the thyroid gland.

Now's the Time to enjoy **LUXURIOUS SLEEPING COMFORT**

February—month of ice and snow, sleet and cold—is the time to enjoy the luxurious sleeping comfort of a Westinghouse Electric Comforter. Sleep electrically and enjoy the difference. The Electric Comforter gives you warmth without weight, for this one bedcover is all you ever need.

At bedtime, you merely set the control for any degree of warmth you desire. The bedside control then automatically maintains this gentle, relaxing warmth all night long regardless of the changes in temperature.

The Last Word in Sleep Luxury

No king ever slept more luxuriously. The lush rayon satin cover of the Electric Comforter is available in three rich colors: Rose, Blue, or Green with matching underside of nonslip spun rayon faille that anchors the Comforter to the bed. Outer cover dry-cleans beautifully—Inner warming sheet of preshrunk muslin is easily removable for washing. 72" x 86" allows for ample tuck-in.

No. 1 Polio Weapon

The National Foundation for Infantile Paralysis has just come through its most critical year. The widespread polio epidemics which took a record toll of more than 41,000 cases last year virtually exhausted the National Foundation's resources.

Money is the most powerful weapon in the National Foundation's relentless efforts to aid the stricken and find a cure or preventive for this crippling disease. Money is needed urgently to help the National Foundation carry on its all-embracing program. Help build a fortress against polio by giving generously to the March of Dimes today.

JUST A HOME GIRL—Model Yolande Lesueur practices her shoe-shining in Paris, France, before tackling her coffee-grinding. Yolande was so impressed with the answers given by Frenchmen in a newspaper poll asking the first thing they looked for in a woman, that she decided to become proficient in everything.

"I'll take 3 quarts of milk and a pint of cream"

You Can't Have That Much Milk ... One Quart Is Your Quota!

How would you like it if the Government told you what you could eat and how much? That's exactly what would happen under a Government-controlled America. That's what is going to happen if the Government strangles private enterprise.

Remember, during the war, when you could buy only five pounds of sugar... a few gallons of gasoline... no tires... and a limited quantity of groceries? It wasn't much fun, was it? We accepted it though because we knew it was necessary—we had a war to win, we knew those and other supplies were needed by the Armed Forces. But what if those restrictions were put on us now? What if we were told what we could eat and how much. What if a Government inspector snooped around in our kitchens to see how much food we had on hand? Maybe you think this is a fantastic dream? It isn't. If we Americans don't wake up to the socialistic-trend-American-style, we are going to find out it's no dream—but a nightmare. We are going to find we do not have in our America the system of government that brought us more of the good things of life

than any other system in the world. We are going to find that some well-meaning planners have scrapped that system for a regimented, government-run socialistic system that plans to dole out what they... the planners... think we need.

Already millions of our tax dollars have been spent in drawing up plans to spend billions and billions more of our dollars for so-called "free services." Yes, a social welfare nation is in the making, despite the fact that a socialistic welfare state produces scarcity, regimentation and a condition bordering on internal collapse for any nation engaging therein.

Look around you—read the facts—think it out. Do you want the Government to run your life—or do you still want to run it? Do we want to carry a crushing tax burden—to become wards of the Government with few individual liberties or rights—or do we want free enterprise and the opportunity to get ahead in this country on our own two feet? It's up to you... to all of us. It's our vote, our voice, our action that can stop Government control of private enterprise before it is too late. Remember, FREEDOM NEEDS A SOAP BOX, TOO!

Send for your copy of the informative booklet "Freedom Needs a Soap Box, Too" It's free... and it's selling nothing but freedom!

The Law of Diminishing Returns

... like the law of gravity, is controlled largely by natural forces. When man-made laws come in conflict with natural laws there is never any doubt which will win. Long before the point is reached where cause equals effect the diminishing process sets in. Levying taxes is an excellent example but the law operates in all fields of endeavor. Successful business men escape serious consequences of the law by selling a quality product for a reasonable profit.
