

The Gay Philosopher

By J. W. S.

WE'VE BEEN asked to remind you that the city election will take place on April 4 and that the last day for filing as candidate for the office is 30 days before the election. The school trustee election will take place on April 1.

A FELLOW called us Saturday to say he wished citizens and taxpayers would take more interest in the affairs of the government — local, county, state and federal. Too few people know that they now work one day out of every five to pay these taxes.

The situation won't improve until the people awaken to what is going on. Congressman Omar Harless has told the Press that he is gratified that more and more people are telling him how they feel about government.

WERE Guilty as a lot of people. We don't take enough interest in tax affairs or other governmental activities. Like most of you, we realize and appreciate the fact that we must have people to run our affairs but we wouldn't consider running for public office.

ANY WAY YOU want to consider it, the annual banquet of the Chamber of Commerce on Friday night was a success. More than 300 tickets were sold and most of the people came. President W. P. Guinn and Manager B. A. Butler, speaking for the board of directors, expressed their appreciation to everybody who helped make it a big success. They especially thanked Austin and his arrangements committee, Bob Elliott and his greeting, Mrs. Barton Philpott and her help for the decorations, Mrs. L. Pippet and her staff of girls, Miss Elizabeth McCracken and her menu committee, O. L. Money and G. C. Rosenthal for doing things, E. L. Jackson and a program committee, and a lot of others.

Mr. Guinn was a pretty busy man Friday. He drove to Fort Worth to meet the speaker and bring him here. After the banquet, he and Mrs. Guinn drove back to Fort Worth so the speaker could catch a train back to Austin.

WE HAVEN'T personally seen the inside of Miss Elizabeth McCracken's beauty shop, but we've heard that it's definitely a credit to the town. She has just moved her building over on Avenue 1. She offered us a permanent wave and a manicure if we'd like to have it. Much as we'd like to have curly hair, we must decline with thanks.

WE WROTE A piece the other day about how Cisco ought to have a Little Theater — that our town has people capable of making one go in a big way. The 40-minute program at the Chamber of Commerce banquet was evidence in our favor. Mr. E. L. Jackson, the electric man, wrote various skits and directed the show. Don't you agree with us that he did a fine job? And yet he didn't even have a rehearsal.

DO YOU KNOW how much billion dollars is? According to the banquet speaker, it would take 1,000 men earning ten dollars a day apiece 274 years to earn that much.

Dr. Addy Moves To New Building

Dr. Ervin Addy has moved into his new office building on the corner of Front and Sixth Street, as reported Saturday. The new building will be open Sunday afternoon for inspection. The building is modern in all respects — from asphalt tile floors to indirect lighting and modernistic windows. The structure was built of brick.

The building has a main entrance hall with a receptionist's desk, a large waiting room, two examination rooms, the doctor's office, x-ray room and a garage. Furnishings are completely modern.

Dr. Addy, veteran of World War I, moved from quarters in the Dean Drug Store building.

H-U Choir Will Sing Here Monday Night

The Hardin-Simmons University A Cappella Choir, one of the few choral organizations in Texas to sing exclusively without accompaniment, will give a concert under the auspices of Cisco Junior College at the High School auditorium here at 8 p. m. Monday.

This is one of a series of concert appearances which the choir has made in recent weeks. It is directed by Euell Porter.

The choir will sing selections which date from the devout music of Palestrina, Bach, and Billings up to the lyrics of Jerome Kern. Modern folk music will also be heard; and several concert editions of Noble Cain's Negro spirituals will be offered.

The H-SU A Cappella Choir, organized at the beginning of the fall semester, is under the

direction of Euell Porter, newly appointed head of the voice department of the school. Under his aegis the 50-member group has rehearsed daily for the approximate one month of its existence. The choir does not use instruments even in securing initial pitch.

An equal division of male and female voices, and phalanx formation, secures a better blend of timbre and tone.

The choir will be impressively costumed, the men in wine garb and the women in white and silver satin surplices.

Every department of the university is represented in the personnel of the choir. Not all the choir will go to the Baptist convention.

For variety in musical presentation, the choir includes a male quartet and a girls' trio. The quartet is made up of Bob Smith of Bryan, first tenor, Jimmy Loden, Freeport, second tenor, baritone Charles Downey, Bryan, and Maurice Alfred, Huntsville, bass.

Girls' trio is composed of Lena Sue Chilton, Lamesa, first soprano, Lylian Ballenger, Council Bluffs, Iowa, second soprano, and Barbara Brown, Midland, alto.

Soloists with the choir are John Peltry, Houston, and Cecil Rutherford, Abilene, baritone; Leon Walton, Uvalde, and Jim Miller, Mishawaka, Indiana, tenors; Norma Killingsworth, Tyler, and Miss Patterson, contraltos; and Miss Chilton, Eleanor Rogers, Abilene, and Miss Frances Merle Cooper, Colorado City, sopranos.

Schools Are Three Years Ahead Of Schedule On Debt Payments

The bonded debt of the Cisco Independent School District — source of much worry for a good many years prior to 1947 — now is being retired in an orderly fashion and payments are more than three years ahead of schedule, Secretary Clyde Karkalits reported Saturday.

The debt problem was alleviated considerably by a refinancing program on May 15, 1947, through special legislative action. At that time, the debt picture was as follows:

Bonds	\$253,000.00
Past Interest Coupons	\$126,239.07
Int. on Delinquent Int.	\$34,884.95
Accrued interest	\$7,638.25
Total	\$421,762.27
Bond (Int. Refunding Issue)	\$25,500.00
Past Due Int. Coupons	\$11,975.90
Int. on Del. Int.	\$3,188.25
Accrued Interest	\$653.06
Total	\$463,078.79

School officials considered the five and six per cent interest on the bonds too great for bonds over a long period of time and for that reason the debt was growing larger because of accumulated interest in excess of the amount the schools could pay.

This accumulated interest from 1935 to 1947 amounted to \$83,839.72. By effort of the board, over a period of several years, these bonds were refinanced. This was made possible by a special act of the legislature in 1947.

Under the new program, the school had Series "A" bonds in the amount of \$253,000, which carry a 2½ interest rate, and Series "B" Bonds of \$210,000 which carry no interest until Series "A" bonds are paid. This is an average interest rate of 1½ per cent.

Since that time, the board authorized payment of \$43,000 on the Series "A" debt. In addition to making payments when due, the board has used accumulated surpluses to go three years ahead of schedule.

At this time, the total bonded debt is \$420,000 — \$210,000 of each series of bonds.

Wealthy Romans often paid the equivalent of \$1,000 for a meal of hummingbird breast.

72 Attend Dinner For Cub Scouts

Seventy-two persons, including 21 Cub Scouts, were present for the annual blue and gold party held Friday night at the First Presbyterian Church.

The program began with the group marching around the tables decorated by the Cubs in the following order: Den 1 prepared a table featuring a birthday cake with the number '40' on it, representing the 40th anniversary of the Boy Scouts; Den 2 prepared a center strip of toy trucks and cars representing the occupations of their parents.

Den 4 had a miniature reproduction of an Indian village by a mirror lake, and Den 6 had an imitation bonfire burning inside an Indian tepee.

The dinner was furnished by the scout mothers, who brought covered dishes.

A summary of the program presented at the banquet was as follows: Invocation, C. W. Reed; center, the birthday cake; welcome to the blue and gold, by Cubmaster Morris Hart; Den 1, Guess Who; greetings from the scout executives, Steve Potts; Den 2, The Well; greeting from sponsor, Ted Waters; Den 4, Marksmanship; greeting from the parents, Cub Scout Kring; Den 6, Who's Crazy; Response of parents, Ace Lucus; presentation of awards; Pledge of Allegiance to the Flag, led by Boy Scout Buddy Deen; everybody sang "America" in conclusion.

Only five Cubs were absent. Miss Marcia Waskom of Dallas is a guest here of her sister and husband, Mr. and Mrs. Philip Pettit.

Father Jim Will Take Irving Post

Rev. James W. McClain, well known as "Father Jim," announced last week that he was leaving the Holy Trinity Episcopal Church in Eastland to become rector of the St. Mark's Episcopal Church at Irving, near Dallas, effective March 1.

Arrival of Father McClain to set up the Holy Trinity Episcopal Church was widely publicized because of his remarkable career, in which he had become the "Dr. I. Q." of radio fame, and then had turned his back on radio to don the robes of the Episcopal ministry.

His church served Cisco and Ranger parishioners, and he had a church at Breckenridge also. McClain recently received much newspaper publicity when he publicly announced that he would not testify in a trial in Eastland.

Mr. and Mrs. Frank Morehart and children, Mary Ann and Tommy, of Coleman, are guests of his mother, Mrs. B. E. Morehart. Also here for a weekend visit was Miss June Morehart of Eastland.

Record Crowd Attends Annual Chamber Dinner

LARGE CAST USED TO TELL 'THE CISCO STORY' AT C-C BANQUET

A cast of some 25 persons told "The Cisco Story" as the entertainment feature at the annual banquet of the Cisco Chamber of Commerce at Community gym was arranged and directed by E. L. Jackson.

The 40-minute musical program depicted five eras of significance in the more than 70 years since "the birth of Cisco." The program was given from the gym stage.

All drawings used in the play and stage property were provided by Bill Kendall. Lighting installations were made by Andy Anderson.

Those who appeared in the various scenes were:

Railroad men — Harry Schaefer, Ernest Hittson, C. W. Henry and J. L. Thornton.

Negro Singer — Stanley Webb.

Mr. Jackson expressed his committee's appreciation to the group for helping stage the program.

County Red Cross Quota Is \$5,500

Eastland County's share of the state's quota for 1950 Red Cross funds will be \$5,500, officials announced last week. The drive is to get under way in March.

Half the funds raised in the county will be kept by the local chapters for use in local services and the remainder will go to the national organization for disaster work and other needs.

During the last year the county chapters spent \$3,143.67 for work locally, besides an additional \$19,317.58 which the national chapter spent at Desdemona following the tornado there last March.

Mrs. Jack Frost is the county drive chairman for 1950.

Methodists Will Hold Lawmen's Service

In observance of Laymen's Day the First Methodist Church will conduct special services Sunday with the subject, "The Layman and His Church," being discussed by Dr. Claude P. Jones, pastor. Special music will be offered by the choir with Miss Patsy King at the organ.

Union services will be held Sunday evening at 7:30 p. m. at the First Christian Church with Dr. Jones preaching. This service is the regular fourth Sunday evening union of the Methodist, Presbyterian, and First Christian congregations with fellowship hour in the basement of the First Christian Church after worship in the auditorium.

Orchard Owners Have Field Day

"How to keep rabbits from chewing the bark off young peach trees" was the topic explained by J. E. Spencer to 95 interested orchard owners and farmers at the annual Eastland County Orchard field day recently at Spencer's Long Branch peach orchard.

Spencer said his formula was to take a bucket of fresh blood from a butcher shop and mix lime and water with it until the mixture is the consistency of paint.

The mixture then is brushed on the trunks of the young trees and the procedure is repeated the next year, he said. By the third year the bark is tough enough to withstand the rabbits' approach.

Fruit growers from Eastland, Stephens, Comanche, Erath, and Shackelford counties also heard about modern methods of planting, pruning, spraying and fertilizing orchards at the field day, described by County Agent J. M. Cooper.

Mr. Jackson expressed his committee's appreciation to the group for helping stage the program.

Preserve Way Of Life, Speaker Urges Citizens

No civic program is complete without a portion of it being dedicated to good government and the preservation of the American way of life, Col. Marvin O. Hurley, assistant manager of the Houston Chamber of Commerce told some 300 Cisco citizens in an address Friday night at the annual banquet of the Chamber of Commerce.

Substituting for Secretary of State John Ben Shepperd, who had to cancel his scheduled appearance due to illness, Col. Hurley told a record civic dinner crowd at Community Gym that there are three major threats to the American way of life. These threats, he said, were Communism, Socialism, and Individual Indifference.

Calling 1950 a "year of decision," Col. Hurley said that Washington holds seven keys to the future of the country. These seven items were: (1) the Agricultural Department's farm program, which he opposes; (2) Federal aid to education, which he opposes; (3) Taft-Hartley Law repeal, which he opposes; (4) Federal Housing liberalization, (5) valley authorities, which he opposes; (6) Socialized Medicine, which he opposes, and (7) economy in taxes, which he supports.

Asserting that strength in government lies in the quality of the citizens, Col. Hurley said that "we have given up our liberties, one by one, for minor concessions for years." He said that 21 million people now depend on federal paychecks.

Reduction of the national debt was regarded as a must. Col. Hurley said that the debt now amounts to the total of 14 months income for every person in the nation. He said, "we each work one day out of five to pay our taxes."

"We can solve this debt and deficit problem," he said, "if we will quit demanding things for ourselves and demand a business approach to governmental action."

Col. Hurley, veteran of World War II, formerly was manager of Chambers of Commerce at Tulsa and Lincoln, Nebr. He also was secretary of the United States Chamber of Commerce for several years.

He was introduced by O. L. Stamey, vice president of the local chamber.

The program began with President W. B. Guinn, who presided, giving a short welcome address. The song, "America," was led by Charles W. Jones, educational director of the First Baptist Church, and Rev. Otis Strickland gave the invocation.

Mr. Guinn read the organization's 1950 program, which features formation of an industrial foundation for promotion of local enterprise. "The Cisco Story" was presented as an entertainment feature under the direction of E. L. Jackson.

George Boyd introduced guests from Abilene, Baird, Ballinger, Brownwood, Clyde, Moran, Ranger, Mineral Wells, Eastland, and other points. He introduced members of the board of directors and Dr. W. P. Lee, who was an honored guest.

THE FBI DOESN'T MAKE POLICY -

As a result of evidence introduced in the dramatic communist trials, a great to-do has been made over alleged illegal activities by the FBI, including wire-tapping. This issue, as is to be expected, is being built up by left-wing groups.

However, many honest, sincere people are worried about the possibility of police state methods being used here. So the position of the FBI should be clearly understood.

First of all, as J. Edgar Hoover has pointed out, wire tapping is not carried on a whole-

In such cases, it is often the only possible means of developing evidence.

Moreover, as Mr. Hoover also said, the FBI does not make policy in this or anything else. It follows policies laid down by its superiors in the government. The policy on wire tapping was set by the late President Roosevelt in 1940. In each of the cases in which the use of a wire tap is under consideration, the authorization of the Attorney General must be obtained before the tap can be utilized by the FBI.

According to Mr. Hoover, "The FBI has less than 170 telephone taps in existence, confined to internal security cases, throughout the U. S. and its possessions." The tap, in other words, is used only in extremely serious cases which definitely affect the national security, and then only on the authorization of the highest legal officer of the executive branch of government.

Lewis-Palmer Wedding Held Saturday Night

In an informal ceremony last night at the Wesley Methodist Church Miss Bobbye Lewis, daughter of Mr. and Mrs. W. L. Lewis, became the bride of Mr. Wendell Palmer, son of Mr. and Mrs. Edd F. Palmer of Ft. Worth. The Rev. Paul Stephens, pastor

of the East Cisco Baptist Church, officiated at the candlelight ceremony before the altar banked with ferns and flanked with tall baskets of white carnations and candelabra holding white tapers.

Preceding the vows, Jack Chambliss sang "Because," and "I Love You Truly," accompanied by Mrs. A. L. Thomas. Debussy's

AHH-CHOO—It must have been the change from the wintry north that brought this sneeze to Scotty Palmer. The little New York City lad happened to be sunning himself in Hollywood, Fla.

"Claire de Lune" was played softly during the exchange of vows.

The bride, escorted to the al-

tar by her father, wore a softly tailored suit of Navy blue gabardine with matching accessories accented by white. She carried a

white Bible topped with an arrangement of white carnations and hyacinths with white satin streamers.

Her only attendant was her sister, Mrs. Lois Lester, who wore a fitted suit of beige gabardine with accessories in coffee brown. Her shoulder corsage was of jonquils. Mothers of the bride and groom wore Navy blue suits and identical corsages of white carnations.

Best man was Charles Utley of Fort Worth and Floyd Henson of Vernon, brother-in-law of the bride, served as usher.

Following the ceremony, a reception was held at the home of the bride's aunt, Mrs. J. H. Miller. She was assisted in serving by Mrs. Floyd Henson, sister of the bride, and Mrs. Lane Gilmore presided at the guest book.

Immediately after the reception the couple left for a short wedding trip after which they will be at home in Fort Worth.

Mr. Palmer, enrolled in TCU, will receive his master's degree in the summer. The bride, who received her degree in nursing at Harris Memorial Hospital, has been employed at Rising Star Hospital for the past year, and is now affiliated with the TCU dispensary.

Out-of-town guests at the wedding included: Mr. and Mrs. Coy Hardcastle of El Dorado, Ark., sister and brother-in-law of the bride; Mr. and Mrs. E. F. Palmer of Fort Worth, parents of the groom; Mr. and Mrs. Charles Utley of Fort Worth; Dr. and Mrs. Ben Bradley, Miss Martha Childress, and Mrs. Mary McSpadden, all of Rising Star; Mr. and Mrs. Floyd Henson of Vernon; Judge and Mrs. Elzo Beene of Eastland; Mr. and Mrs. Talmage Palmer, Mr. and Mrs. Morris Palmer, and Mr. and Mrs. Byron Diller, all of Albany.

MEMBERS OF AMERICA'S DEFENSE TEAM

3. THE TEXAS NATIONAL GUARD

Remember the Alamo! Texas was born in the battle of the Alamo and so was the Texas National Guard. Volunteer militiamen and bands of fighting men were among the defenders of the Alamo. From the first militia unit organized at Washington-on-the-Brasos in 1836 to the Texas Biers who flew missions of mercy in "Operation Anti-Polio" in 1949 the Texas National Guard has valiantly and honorably served its State and Nation during war and peace. Like all National Guardsmen the Texas Guardsman is a real fighting man during time of war, during time of peace he serves his State when disaster, tragedy or emergency strikes.

GEN. BERRY

Battle credits of the Texas National Guard read like a history of the United States. Indian wars, Mexican War Civil War, Spanish-American War, Mexican Border, World War I, World War II, Texas' fighting 36th Infantry Division in WW I captured 513 prisoners, \$10,000,000 in materiel, fought at Meuse-Argonne, St. Mihiel. For WW II, the division wears stars for the battles of Naples-Foggia, Rome-Arno, Southern France, Rhineland, Central Europe. Almost 400 days of combat. Veterans of the 36th, many of them members of the postwar Texas National Guard, tell of the bloody D-Day landing at Salerno, of the fire and hell they waded through at Mignano Gap, San Pietro, Rapido River, Cassino. They tell of the capture of two top Germans — Field Marshal Von Rundstedt and Reichsmarshal Herman Goering. Fourteen medals of honor, 12 unit citations, the French Croix de Guerre, that's only part of the record of the 36th in WW II.

Texas Guardsmen are just as proud of their peacetime record of service. To mention a few, they were among the first to respond to calls for help during the Fort Worth flood, the Houston hurricane, the Texas City disaster. Last summer pilots of the Texas Air Guard, in the battle against Polio, flew thousands of sorties, used over 500,000 pounds of DDT. The idea spread and National Guard Air units over the Nation were called upon by their States to repeat the Texas operation.

Today the Texas National Guard is carrying on the old traditions. In November 1949 a total of 15,787 officers and men, almost a third of them battle-tried veterans of World War II, were training to meet their vital M-Day assignment. The mission of the new National Guard as a first-line member of the National Defense Team calls for instant action against an attacking enemy.

Fifth in size of the 48 State National Guard organizations, postwar reorganization of the Texas National Guard began in October 1946 with the Federal recognition of San Antonio's famous Co. A, 141st Infantry Regiment, part of the fighting 36th Infantry Division. Texas has a current strength allotment of 33,884 officers and men with 2548 in the Air Guard and 31,316 on the Army side. Major units include the 36th Infantry Division, the 49th Armored Division, one of two in the National Guard, the 63rd Fighter Wing, and three Fighter Squadrons, the 111th, 181st and 182nd, with supporting units. Of the 296 Army and Air units, located in over 131 cities and towns, currently allotted the Texas Guard, 225 Army and all 23 Air units have completed organization.

Adjutant General of the Texas National Guard is Major General Kearie L. Berry, one of the heroes of Bataan, who wears the DSC and the DSM.

ON THE SPOT—After a landslide caused this cave-in under a house in Brecksville, O., the porch seemed to be hanging in mid-air. Part of it later fell off the house which was moved to safety before it, too, could topple into the gully. The falling earth wiped out 500 feet of railway and damaged a State Highway Department building

OUR HATS ARE OFF --

We are pleased to join the host of Dr. Erwin E. Addy's friends in an expression of best wishes and congratulations on the completion of his new and modern office building at Sixth and Front Streets.

The building has been erected and equipped at considerable expense. While there is no pretense that it is a clinic, it is definitely a step forward for this area's medical facilities. And our people are considerable more fortunate than many communities in the quality of its medical facilities. Certainly, Dr. Addy, as well as the

community, has every right to be very proud of the new building.

Too frequently, many of us are too busy with our own affairs to compliment a neighbor. Very often, this is the case as far as the medical profession is concerned. We consider it entirely fitting therefore, that we are able to make this public expression of sincere good wishes.

It is our understanding that Dr. Addy's building will be open Sunday afternoon for inspection by anyone interested. We hope that many of you can find time to visit it -- to join us in an expression that "All Cisco is proud."

DAR Meets Monday At Hotel Victor For Annual Luncheon

The Charles Crawford Chapter, Daughters of the American Revolution, met Monday, Feb. 20, at the Victor Hotel. This was the traditional George Washington luncheon. Lovely cut flowers and potted plants decorated the room. Floral greetings were sent by two members, Mrs. F. D. Pierce and Mrs. J. E. Chesley, who could not be present.

The regent, Mrs. W. W. Wallace, presided, opening the meeting with group singing of the National Anthem; Mrs. Albert Gleason, of Gleasondale, Mass., accompanist.

The Pledge of Allegiance was led by Mrs. Yancey McCrea, after which Mrs. Lee Clark, chaplain, led in prayer. A short business session was held during which the regent announced the names of girls winning the Good Citizenship Medal, as follows:

Miss Jeanie Howard, Eastland; Miss Lanita Croager, Ranger; Miss Mary Harper, Cisco.

The program, announced by Mrs. C. R. West, chairman, was then given. "Washington, the Man and Soldier," Mrs. Philip Pettit; "Washington the Builder," Mrs. John Elkins; patriotic music, "The Liberty Bell," by John Philip Sousa, Mrs. R. L. Clark; "Washington's Prayer," Mrs. C. R. West.

Guests and members present were: Meses Yancey McCrea, W. C. McDaniel, Oscar Chett, K. H. Pittard, F. E. Harrell, W. C. Ho-

gue, Cisco; B. A. Tunnell, M. H. Hagaman, Ranger; R. B. Carswell, John Elkins, C. R. West, W. W. Wallace, Alex Spears, C. H. Fee, Philip Pettit, A. Gleason, Randolph Lee Clark, Alex Ward, Frank Castleberry, Jos. Perkins, Eastland; Miss Waskon, Dallas.

Mrs. Carl Stroebel Hostess To Society

Mrs. Carl Stroebel was hostess when the Lutheran Women's Missionary Society of Grace Lutheran church met in her home Sunday afternoon with the chairman, Mrs. Paul Weiser presiding. Rev. Lehmann gave the devotion reading from Matthew 18, 7-11 and leading in prayer.

The topic "The Lutheran Woman as a Christian in the Home" was discussed. Mrs. Fred Wende was welcomed as a new member. The outgoing visiting committee reported several visits made. The Committee for the coming month is Mrs. Lehmann and Mrs. E. H. Reich. A tentative program for the ensuing year was adopted.

The Society voted to keep "Birthday," "Get Well" and Correspondence cards for sale. Mrs. Max Witt is in charge of this division. The Society will have a Bake Sale March 11.

Eighteen members and a number of children were present to enjoy the kind hospitality of the hostess.

The assembly adjourned to meet during March in the home of Mrs. Max Witt.

The Law of Diminishing Returns

Like the law of gravity, is controlled largely by natural forces. When man-made laws come in conflict with natural laws there is never any doubt which will win. Long before the point is reached where cause equals effect the diminishing process sets in. Levying taxes is an excellent example but the law operates in all fields of endeavor. Successful business men escape serious consequences of the law by selling a quality product for a reasonable profit.

MRS. DOE SELLS EGGS

This is the case history of a lady we'll call Mrs. Doe. She sells eggs.

for the hens, food for the Doe household, clothing and Mrs. Doe lives near Cisco. She has 100 hens. She sells from four to six dozen eggs a day. The money buys feed other necessities.

And Mrs. Doe trades at home. Why? Because her income comes from eggs she sells at home. She wants to continue selling eggs. And she can help keep her market good by helping make money available for home buying. Mrs. Doe's policy is sound. It's good, solid reasoning.

MEDICAL MIRACLE

Today Your Pharmacist Drops A Few Facts About...

Morphine

Around a century ago, after years of discouraging research, Frederick Sertuerner dosed three young daredevils of Einbeck, as well as himself, with some crystals he had produced from opium. He awoke from a drugged sleep and aroused the three young men with a few swallows of strong vinegar. A short time later he announced his new conqueror of pain, which he called Morphine after the God of Dreams, Morpheus.
