"MY TURN"

By Carol Ellis

WITHOUT A DOUBT, the funniest movie I ever saw was one which came out about ten years ago starring Dick Van Dyke entitled "Cold Turkey." It was set in a small town in mid-America and every character in the movie reminded me of some person I know in Friona or Bovina.

The movie was actually based on an event promoted by a small-town newspaper editor in Monticello, Minnesota in 1974. Editor Lynn Smith persuaded the citizens of his little town of 1,800 to all go without cigarettes for one entire day.

This event was eventually adopted by the American Cancer Society and became a nationwide program in 1976. It is now known as the "Great American Smokeout" and is the day when everyone across the country tries to quit smoking for one whole day and when non-smokers encourage their friends to quit. The "Smokeout" is scheduled for Thursday, November 16 with a projected goal of a smoke-free society by the year 2000.

Don't ever think "I'm just one small citizen of a very small town in the Panhandle of Texas, so how can what I do or say ever make any difference in the big picture?" Slightly more than a decade has passed since the 1,800 citizens of that little town in Minnesota started the "Smokeout." There are now a total of 37 million Americans who are ex-smokers.

A recent Gallup poll found that 75% of Americans felt that smokers should not smoke in the presence of others. However, there are 54 million Americans who are still hooked on smoke and the cigarette companies have mounted an aggressive campaign against the anti-smoking movement. So the battle is not over.

Smoking among teenagers has declined somewhat, but high school girls are now smoking more than boys. This fact is especially distressing because the incidence of female deaths from lung cancer and breast cancer has more than doubled in the last decade. It is known that smoking causes complications in pregnancy, fetal injury, premature births, etc. Our young girls need to know what they are doing to themselves and their future children.

Let's encourage our friends, family and co-workers to have a smoke-free day on November 16. Use the buddy system and ask a friend to quit with you.

Small Town America has the potential for making the same impact on the alcohol and drug scene as it has had on smoking. We have the opportunity now to make an impact on the nation's "War On Drugs." Our recent "red ribbon" week was a step in that direction.

I do not agree with those in Washington, D.C. who say there has not been enough money allotted to launch a successful Drug War. Yes, it will take some government dollars to stop the foreign import of drugs into the country. But on the homefront, it doesn't cost anything for the citizens of each community to band together and run the local drug dealers out-of-town.

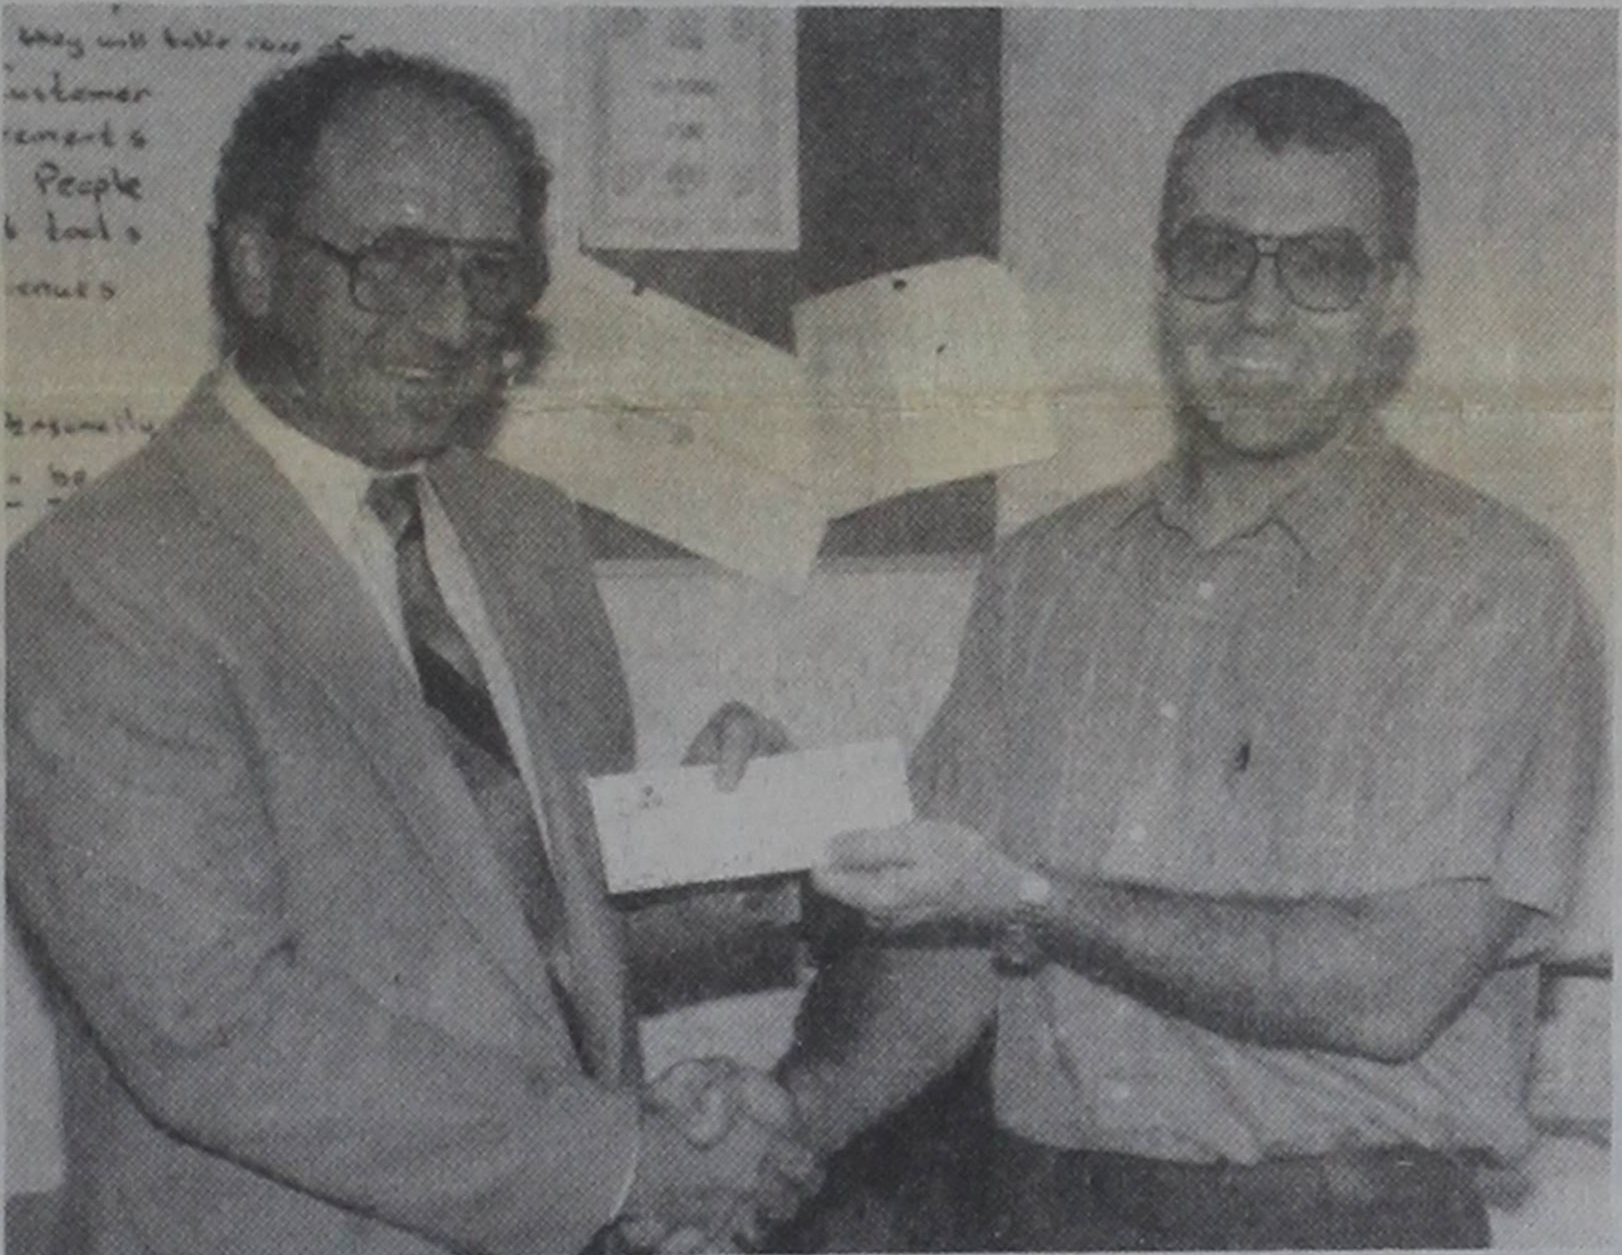

Comedian Dick Gregory has gathered together the citizens of various neighborhoods in Atlanta to march unarmed on the local crack houses and run the dealers out. He claims that if we do this, one block at a time, one neighborhood at a time, one small town at a time, eventually there will be no places left where the drug dealers can set up their business.

I've heard the local rumors. I just don't know the names. If you know who the people are who are dealing marijuana and other drugs on the local scene, gather together a group of your friends and confront the dealers with the fact that they are not wanted here.

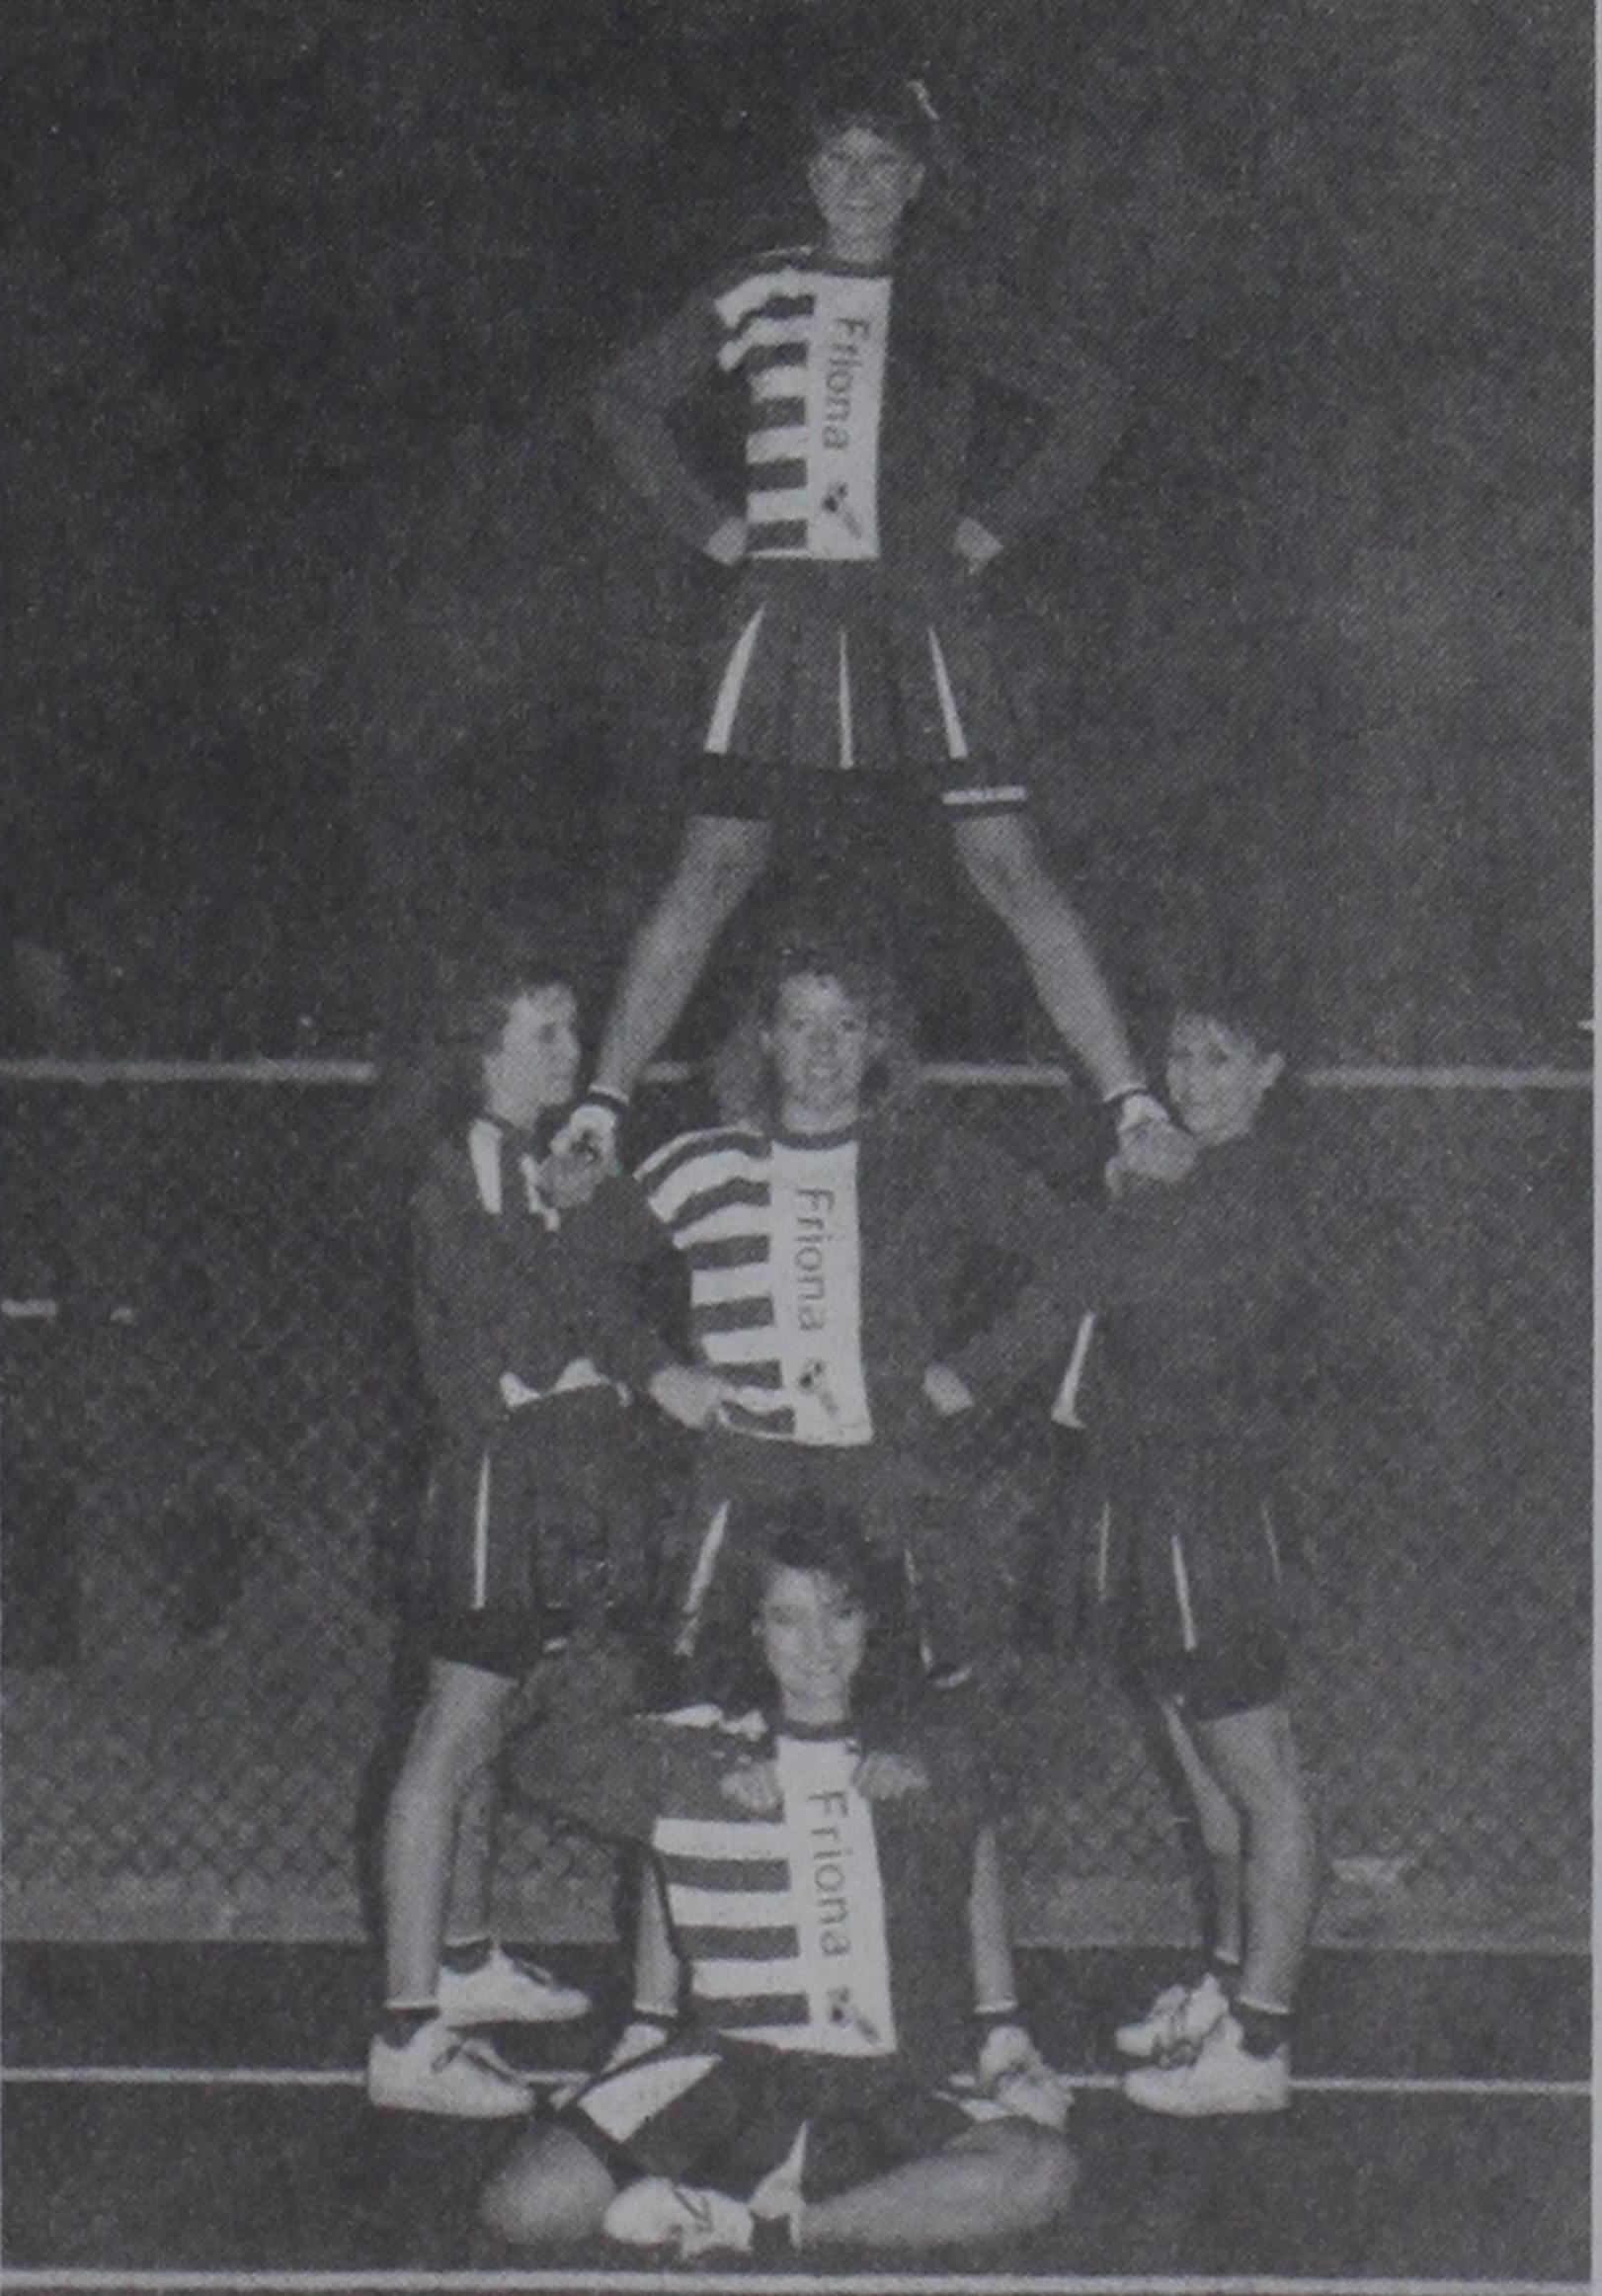

You can make a difference.

MINISTERS...Four of the ministers attending the 75th anniversary ceremonies at Friona United Methodist Church are pictured. Standing are Tommy Ewing and Bobby McMillan. Seated are Sammie Ellis Rainey and Archie Echols. Also attending were the Reverends Albert Lindley and Clifford Trotter.

WEEK'S WINNER...Jackie Morgan, left, was this week's winner in the Friona Star Football Contest. Presenting the winning check is Terry Wilkerson of Excel, one of the sponsors of the contest.

CHEERLEADERS...Among those responsible for the cheering section at Friona games this fall are the FHS Cheerleaders. Shown are (top) Stephanie Downey. Standing, l-r Staci Mueller, Nicole Potts and Julie Howard. Seated: Tamara Hand. Not present was Amy Israel.

Chairmen Named By K. Hance

Republican gubernatorial candidate Kent Hance recently named Hal Ratcliff and Peggy Gikas as the Parmer County co-chairmen of his campaign.

"These people are some of the best grass-roots leaders in the community," Hance said. "With their strong support I'm confident we will have the best organization of any campaign."

Hance has named county chairmen in 150 of the state's counties and has compiled a list of more than 5,000 volunteers from across Texas.

"Voters are looking for an experienced candidate who is ready to lead on Day One," Hance said. "I have the experience Texas needs as we enter the next decade."

"I have outlined a specific program for dealing with the challenges that face our state," Hance said. "As governor I will lead a serious battle against crime and drugs, improve our public schools and fight for our continued economic recovery."

Weather Is Mild, Dry In Area

The weather in the Friona area has remained on the mild side during the past week, with high temperatures in the 70s five days, and reaching at least 60 on the other two days.

The mild conditions are being forecast to continue at least through the weekend, as temperatures are expected to threaten the 80-degree mark.

Although the dry conditions have been favorable for harvest activities, the area is extremely dry, with only .12 inch of moisture recorded during the past 45 days.

The area's winter wheat crop is badly in need of some moisture, but none is expected in the immediate future.

Feedlots are complaining of cases of dust pneumonia from the dry conditions.

Good Voter Turnout Here

A better than expected turnout of voters in Friona and Parmer County cast their votes in Tuesday's constitutional amendment election.

In Friona, the turnout was 344 voters, and in the county a total of 866 people cast ballots. This was 21.45 per cent of the county's registered vote of 4,036, according to County Clerk Bonnie Warren Howard.

"I thought that was a good turnout, and much better than the prediction had been," Mrs. Howard said.

Statewide, only 12 per cent had been predicted to vote, and around 14 per cent of the voters went to the polls.

County voters were against the legislative pay raises by almost 3-1,

613-237. This was the biggest "no" margin in Parmer County.

Voters were very much in favor of Number 10 on the ballot, informing juries as to what the time off would be from actual sentencing, by 620-211.

Proposition four, to exempt property of veterans' groups, passed, 480-351, but held a wider margin in Friona, 208-126.

PROP. 17 PASSES

Proposition 17, which is supposed to help the fire departments across the state, was favored by a wide margin of the voters, 272-65 in the three Friona boxes, and 608-230 countywide.

For a look at how every voting precinct voted on each of the 21 proposed amendments, turn to page 5 of this issue.

Picking Friona Pays Off For Contestant

Six contestants came up with the good score of 17 correct in the Friona Star Football Contest last week, and from that list, the top three weekly prizes were awarded.

Jackie Morgan, who says he has "never picked against Friona," saw that habit pay off on the Friona-Muleshoe tie-breaker score, as it allowed him to claim the weekly title and \$10 cash. He picked the Chiefs to win, 14-13, twenty points off the actual score, but good enough to win.

counted as a "right" game on all entry blanks.)

Morgan and Guana each missed the same three contest games: Brownfield-Denver City, Abernathy-Lockney and Texas Tech-Texas.

Spring missed Bovina-Laz-buddie, Abernathy-Lockney and Cincinnati-L.A. Raiders.

Walker missed Abernathy-Lockney, Texas Tech-Texas and Nebraska-Colorado.

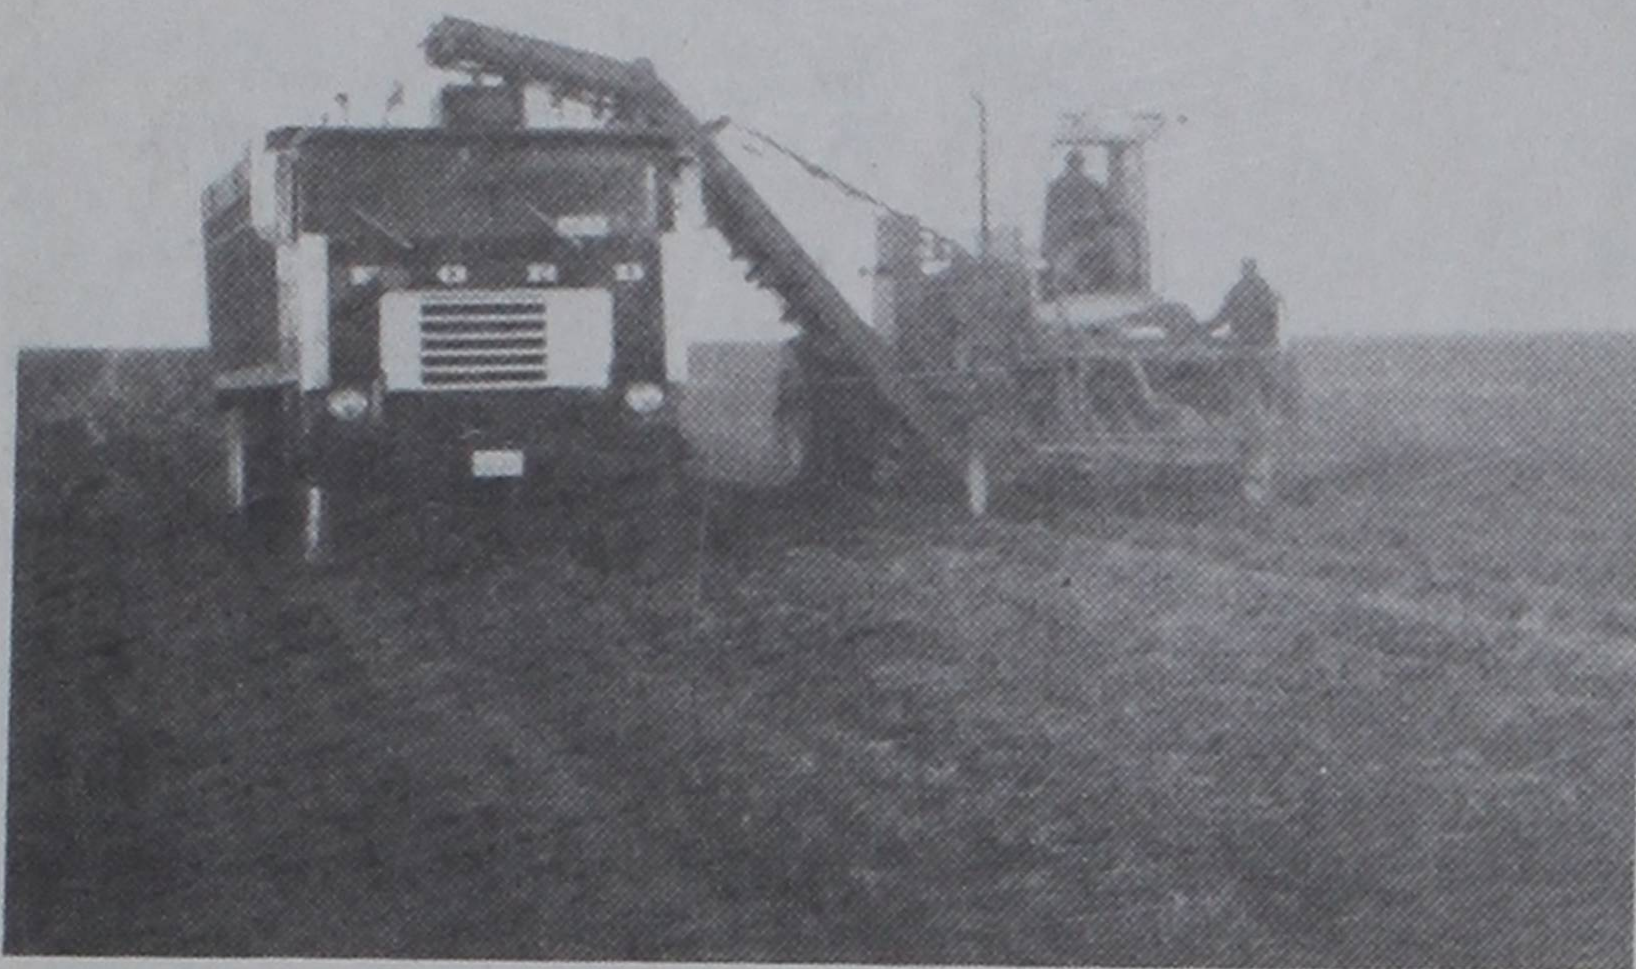

Koby Rogers remains in the lead in the overall standings, with a score of 126, although Walker's score of 17 enabled him to gain two points on the leader. He is now only two points behind in second place with a score of 124.

Hinkle also picked up a couple of points on the leader, and moved into a four-way tie with Rick Carr, Charlie Morgan and Don Max Vars for third place with scores of 122.

Patricia Carr, Scott Houston, Clint Mears, Larry Rogers, Mike Schueler and Randy Weatherley are next at 121.

SIGN ERECTED...The Friona Cemetery Assn. has placed a large metal sign at the intersection of the road going north from Friona and the road leading east to the cemetery. The sign was built by Taylor & Sons Blacksmith Shop and city employees, Larry Martin and Jose Samarron. Shown with the sign are City Manager Beelee Goodwin, left, and Roy Miller.

CARROT HARVEST... Among the crops being harvested are carrots, evidenced by the above activity on the R.J. Renner, Jr. farm just south of Friona this week. Renner said the carrots were yielding well, and we attest that they tasted good.

"Emotions"

God's Psychiatry

By John I. Walker, M.D.
 Charles L. Allen, in *God's Psychiatry*, says that "The Twenty-Third Psalm" is a pattern of thinking that can result in a new life. The power of this psalm that contains only 118 words lies in its positive, hopeful approach to life.
 "THE LORD IS MY SHEPHERD; I SHALL NOT WANT."
 The greatest source of human worry concerns tomorrow. When we believe in God's presence in our lives, we realize that we will be amply provided for. Worrying about money and finances will not bring us wealth, but having faith that all will work out in the end with God's help will enable us to have peace of mind that will solve our problems so that we can find a solution to our financial difficulties.
 "HE MAKETH ME TO LIE DOWN IN GREEN PASTURES." We all need rest. Study the lives of great people and you will find every one of them drew apart from the hurry of life for rest and reflection. My daughter who had been working excessively hard at college recently caught a cold and had to take a few days off to recuperate. She wrote, "I hate being sick, but it gives me a good excuse for resting and I don't feel guilty when I'm not studying." Sometimes God puts us on our backs so we can look up. Sickness is an indication that we need to "lie down" and slow down.
 "HE LEADETH ME BESIDE THE STILL WATERS." God knows our limitations and does not condemn us because of our weaknesses. He does not force us to go where we cannot go safely and happily. The vision of still waters produces a marvelous surrender and trust that enables us to face the difficulties in life.
 "HE RESTORETH MY SOUL." Today I saw a man who had lost his 14-year-old daughter two months ago following her 12-year, brave battle with renal cancer. He worried because he didn't have the ambition and drive to work that he had previously. I told him that his response was normal—he needed time to "restore his soul," to heal, to regenerate and renew.
 "HE LEADETH ME IN THE PATHS OF RIGHTEOUSNESS FOR HIS NAME'S SAKE." Too often we try to do it all on our own. We overburden ourselves with all sorts of awesome responsibilities. We would do well to remember that God is with us, to

support us and lead us.
 "YEA THOUGH I WALK THROUGH THE VALLEY OF THE SHADOW OF DEATH, I WILL FEAR NO EVIL FOR THOU ART WITH ME." When we feel the presence of God we are comforted with His eternal love and need not fear death, disappointment or despair.
 "THY ROD AND THY STAFF THEY COMFORT ME." Just as a lamb is comforted by the shepherd's staff that can be used to lift it back on the pathway, we can be comforted by the awesome power of God.
 "THOU PREPAREST A TABLE BEFORE ME IN THE PRESENCE OF MINE ENEMIES." Evil, much evil exists in the world. We are beset by enemies—drugs, greed, terrorism, nuclear weapons—but nonetheless God provides for us.
 "THOU ANNOINTEST MY HEAD WITH OIL; MY CUP RUNNETH OVER." When we hurt, when we thirst, God heals, God refreshes.
 "SURELY GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE." Professor Endicott Peabody, headmaster at Groton for many years said that although "things in life will not always run smoothly...the great fact to remember is that the trend of civilization is forever upward."
 "AND I WILL DWELL IN THE HOUSE OF THE LORD FOREVER." "Beyond the river that hath no bridge" stands a home of eternal love and peace providing comfort and the reassurance that we have nothing to fear.
 What makes scripture study and memorization important? Do the words help? Can we benefit from them? Most assuredly. Scripture allows us to broaden our perspective. Study of the scriptures allows us to focus on a power larger than ourselves.
 We cannot deny there are many unanswered questions. Why do bad things happen to good people? Why does evil exist? These questions need not detract from our seeking God. Indeed, they can serve as a reminder that much is beyond our understanding and our control. The scriptures can offer peace and comfort.

60 YEARS AGO—NOV. 8, 1929

Work on new buildings is progressing nicely this week, thanks to the good weather which has visited the area. O.G. Turner has the walls of his new building on the east side of town up, and the framework on the new Baptist Church has been erected.

Friona grain prices are as good as at any other Panhandle point, it was shown in an investigation on Monday. A false rumor had it that Bovina dealers were paying 15 cents per hundredweight more than local elevators, but the truth of the matter is that local prices were 98 cents on Monday, and had never been as low as the 80 cents, which was rumored.

55 YEARS AGO—NOV. 9, 1934

The members of the Friona PTA held their annual Halloween Carnival at the high school building last Friday night, October 26.

The king and queen were crowned with the usual ceremony. The king was George Taylor of the senior class, and the queen was Lois Presley of the junior class.

50 YEARS AGO—NOV. 3, 1939

The people of Friona were horrified this week when they learned of the death of R.H. (Reube) Kingsley, who had been terribly burned Wednesday morning in the west part of town. The burning occurred about 10 o'clock when a can of blasting powder exploded in the little workshop where Mr. Kingsley was working. Kingsley had workmen engaged in building a new garage at his home, and the can of powder had been used the day before in blowing a stump from the ground where the foundation was being

It's A Boy For Couple

Mr. and Mrs. Brian E. Blackburn became parents of a baby boy at 12:06 p.m. Friday, November 3, at Deaf Smith General Hospital, Hereford.

He weighed seven pounds, eleven ounces, was nineteen and three-quarters inches long and was named Colton Aaron. He has an older brother, Hank, who is 2½ years old.

Grandparents are Chuck and Rex Blackburn of Friona and Ron and Myrna Cain of Corpus Christi.

Great-grandparents are Julia Fairchild, Josephine Blackburn and Mr. and Mrs. M.P. Bennett, all of Friona and Mr. and Mrs. Jim Cain, Corpus Christi.

Colton and his mother were dismissed about noon Sunday and returned to their home southeast of town.

Three people were killed and three others critically injured in a head-on collision of a truck and car three miles east of Friona on Highway 60 Thursday morning. Dead are Frank Phillips, 53, of Farwell, Mrs. Loretta Essie Stone, 25, and her infant son, Billy, both of Hereford.

35 YEARS AGO—NOV. 5, 1954

Continued ideal harvest conditions, coupled with the record yields of Parmer maize fields this week, have taxed elevator and shipping facilities to the greatest extent since the early 1930s. Most elevators have experienced temporary shutdowns since the middle of last week, awaiting cars for shipment.

Oscar Hellman, local agent for the Santa Fe, states that some 1100 cars of grain have been shipped this year.

30 YEARS AGO—NOV. 5, 1959

Friona's building boom is still going on. Based on figures from the City Hall, which are complete through October 3, building

permits in Friona since January 1

have come to a total of \$506,950. The total compares with a total of only \$486,895 in building permits issued for the entire year of 1958.

25 YEARS AGO—NOV. 5, 1964

Friona Methodist Church will observe its 50th anniversary as a church Sunday with special services at 11 a.m. and 2-5 p.m. Rev. Lester L. Hill, former pastor of the church, will deliver the Sunday morning sermon.

20 YEARS AGO—NOV. 6, 1969

Deposits at Friona State Bank set a record for the third quarter "call" date on October 21, when total deposits stood at \$8,096,357.75. This was an increase of \$2,835,984.29 over the statement of approximately a year earlier (October 30, 1968), or 31.6 per cent.

15 YEARS AGO—NOV. 3, 1974

Funeral services for Carl C. Maurer, pioneer Friona resident, were conducted Wednesday morning at the Union Congregational Church. A 25-year-old man who had

lived in Friona only about two months, was killed early Friday when he apparently was struck by a freight train near the South Main Street crossing.

A wide assortment of weather—mostly disagreeable—assaulted the Friona area last weekend and the first part of the week, again calling a halt to the corn and maize harvest.

10 YEARS AGO—OCT. 28, 1979

Destruction of public property continued to be a problem in Friona this past weekend, when Panhandle Concrete Co. sustained considerable damage to its equipment. At least \$3,000 in damage was estimated.

Sugar beet and cotton harvest began in Friona this past week. The warm weather of the past month has helped the cotton crop considerably.

5 YEARS AGO—OCT. 21, 1984

Ethridge-Spring Insurance Agency celebrated its fiftieth birthday with an open house last Friday.

Friona Woman's Club celebrated its 75th anniversary as a local club.

Warren To Attend State Event

Jackie Morgan, Friona High School counselor, announces that the FHS winner in the Hugh O'Brian Youth Foundation Leadership competition for 1989-90 is James Warren.

Warren, a sophomore at Friona High School, is the son of Mr. and Mrs. J.O. Warren of Friona.

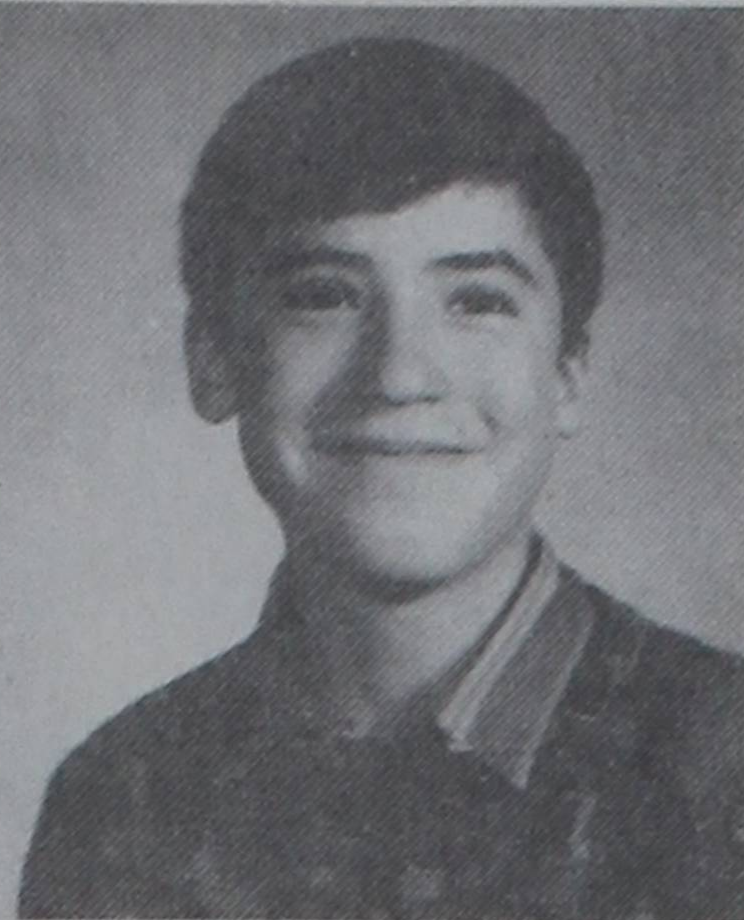

Runnerups are Mindy Johnson and Ryan Sifford.

These students, along with several other Friona High School sophomores, participated in an essay contest citing their leadership qualities.

Warren, as the winner, earns the opportunity to attend the HOBY State Leadership Seminar, which will be held in Amarillo on April 27-29.

The objective of the Hugh O'Brian Youth Foundation Leadership Seminar is "to bring a select group of high school sophomores together with groups of distinguished leaders in business, government, education, and the professions so they can discuss present and future issues."

HOBY's specific goals are "to recognize and reward potential leaders in high school sophomores. These potential leaders of tomorrow will be brought together

JAMES WARREN

with recognized leaders of today to explore America's Incentive System and the democratic process."

Bill Ellis
 Friona Star
 Friona, Texas 79035

Dear Bill:

As you know, the Texas Legislature will go in to special session on November 14, 1989. The purpose of this session is to do something about workers' compensation in Texas.

Every person in Friona should be concerned about this issue. Workers' Compensation insurance is one of the major issues in the future economic development of Texas. In the past five years, workers' compensation rates have increased 148%. In the same amount of time, the work places in Texas have been made considerably safer. It is not logical for the rates to be higher.

If the employee were receiving greater benefits, the increase in rates might be justified. However, employees are receiving fewer and fewer benefits. Unfortunately, some attorneys are receiving the greatest benefits from our workers' compensation system.

The Senate appears to be controlled by the legal profession

and this is where the legislation for reform has been stopped. Every person in Friona who is interested in the future of Friona and of Texas should take time to write at least five letters concerning this issue.

The letters should be written to:
 William P. Clements, Jr.
 Governor of Texas
 Room 200-State Capitol
 Austin, Texas 78701

Bill Hobby
 Lieutenant Governor
 Room 219-State Capitol
 P.O. Box 12068
 Austin, Texas 78701

Gib Lewis
 Speaker, House of Representatives
 P.O. Box 2910
 Austin, Texas 78768

Senator Teel Bivins
 P.O. Box 12068
 Austin, Texas 78711

Representative Pete Laney
 P.O. Box 2910
 Austin, Texas 78768

At this point, Governor Clements and Speaker Lewis are supporting reform in this area. Thank them for their support and

encourage them to continue their support.

When writing, recommend the adoption of House Bill 1, sponsored by Representative Richard Smith.

If some of us have a tendency to think that workers' compensation does not concern us--take a few seconds to consider the amount of taxes paid by businesses in Friona such as Excel, Hi-Pro, Millard Warehouse and several others. It is not inconceivable to think that someone in some office in another state could decide that these businesses might be more profitable if located outside of Texas. These businesses need to stay in Friona and continue to expand. Texas must be competitive to keep these businesses.

Sincerely yours,
 Kathryn P. Goddard
 Executive Vice President
 Friona Chamber of Commerce
 & Agriculture

Dear Editor,

It's costing you money...it's costing this town new jobs...it's costing Texas by losing new investments. Time and time again, our out-dated, costly Workers' Compensation System is costing all of us money.

Did you see the news article about Rymer Foods of Chicago building a \$40 million poultry center employing 1500 in Oklahoma? Quote the company spokesman, "What scared us away (from Texas) was the high cost of doing business, especially Workers' Compensation."

We need a strong state agency to handle cases instead of going to court on every case. We need a way to stabilize costs of injuries and get injured workers their money quicker. We need a safer work place.

Our rates have increased 148 per cent in five years, with an additional 35 per cent requested in the sixth year. Despite dramatic rate increases, insurers are abandoning Texas.

These are the signs of a broken system.

A sound reform bill will provide for restraints on medical costs, objective standards for determining payments and a simplified system for resolving disputes.

We need real reform, not just a bandaid.
 Larry Milner,
 President
 Texas Chamber of Commerce

Chiefs Kick Muleshoe 34-13 To Crack Goose-Egg

When you're having a bad football season, it's good to find a team that you can have some success against.

For the Friona Chieftains, that team was Muleshoe, and the Chiefs broke into the win column in game number nine with a 34-13 win on the Mules' home field last Friday night.

Friona came up with its best offensive night of the season, rolling up 309 yards rushing, having two members of its backfield to gain over 100 yards.

In addition, the defense also played heads up. Two of Friona's five touchdowns were scored by the defense--the first defensive touchdowns of the season, as the Chieftains intercepted four passes and recovered a fumble.

"It was nice to get the win. It seemed as though the kids just hadn't known HOW to win this year. It was good for them to have some success for a change," said Chieftain Coach Tommy Moss.

Friona had a 20-point second quarter to take a 20-0 lead against the Mules, who were also shooting for their first win of the season (Muleshoe tied Dimmitt in their opening district game), and then made an outstanding goal-line stand prior to halftime to keep the Mules out of the end zone.

Aided by a 15-yard personal foul penalty against the Chieftains, Muleshoe drove to the Friona 37-yard line in the first quarter, but sophomore Scott Houston nipped this threat with an interception on fourth down to give Friona the ball.

The Chiefs then began a 70-yard scoring drive. Senior Andre Duran had nice runs of 13, eight, six, and 12 yards during the drive, and sophomore Ismael Rocha also had some nice runs.

DURAN SCORES

Duran scored from 12 yards out, outracing the defenders to the flag for the touchdown. Mike Scott booted the PAT, as Friona took a 7-0 lead just 58 seconds into the second quarter.

Three plays found the Mules only at their own 22, and the hosts had to punt. This was their shortest punt of the night, going only to the Friona 48.

Rocha gained nine and Duran 13, as the Chieftains moved the ball to the Muleshoe 29.

Three plays later Rocha charged up the middle, found himself in the secondary, and banged his way 23 yards for the score on an impressive run. Scott's kick gave Friona a 14-0 lead with 7:16 remaining before halftime.

Muleshoe's luck turned sour when the kickoff receiver fielded the ball while on his knee at his own one-yard line. Four plays

later, the Mules again had to punt, and Friona got the ball back on the Muleshoe 42.

Three plays gained eight yards, and Friona faced fourth down and two at the Muleshoe 33. Rocha got the handoff, started up the middle, and finding it clogged, cut to the outside and outraced his defenders 28 yards to the Mules' six-yard line.

On the next play, Duran showed the team's good 1-2 punch with a six-yard blast for the touchdown, diving across after being hit by a tackler at about the one-yard line. A bad snap foiled Scott's kick, but Friona had a 20-0 lead with 3:53 left in the half.

Muleshoe cranked up its passing attack, and drove to the Friona one-yard line on four pass completions.

But on a second and goal situation, the Chieftains rocked Muleshoe's ball-carrier, and recovered the loose ball at the Friona two, to preserve the shutout at the intermission.

Friona cooled off a bit in the third quarter, although Dustee Gee's 28-yard run sparked a drive that went from the Friona 16 to the Muleshoe 32 before bogging down and Friona punted the ball to the Mules.

Five plays later, Muleshoe had the ball first and ten from their own ten yard line, and the Mules tried to go to the air. It proved to be fatal.

DICKSON INTERCEPTS

Linebacker Steven Dickson got in front of the pass, caught it at the 15, and ran it across the goal-line for a Friona touchdown. Rocha skirted right end for two extra points, and with 13 seconds left in the third quarter, Friona had upped its lead to 28-0.

Let it be said of the Mules that they didn't give up. Muleshoe put on a 70-yard scoring drive, covered mainly through the air (49 yards). They got their first TD with 9:20 left in the game, to trail, 28-7.

Muleshoe tried an onside kick, but Darran Procter recovered for Friona at the Chieftains' 47. However, three plays later the Chiefs were attempting to run a reverse play and fumbled, Muleshoe getting the ball at Friona's 46.

As has been the case all season long, the mistake proved costly. Muleshoe covered the 47 yards in four plays, going the final 45 yards on a pass play. That made the score 28-13, with 6:21 left to play.

Many fans recalled the game at Muleshoe two years earlier, when the Mules almost caught up with the Chieftains after trailing big.

Muleshoe again attempted an onside kick, but Procter again recovered for Friona.

This time Friona drove 33 yards to the Muleshoe 20, but on fourth down Jeff Stowers was stopped for no gain on a fourth and one situation.

Muleshoe again took to the air, but their pass was completed to Friona linebacker Curtis Brady, who had an easy 25-yard run to paydirt.

The PAT kick was blocked, but Friona's lead was safe at 34-13 with 2:10 left in the game.

The Chieftains even got another interception by Dickson in the last two minutes, and Dickson narrowly missed his second touchdown of the game.

Duran gained 149 yards on 23 carries, and Rocha, getting his third 100-yard game in only three starts, added 134 on 27 attempts.

"Dickson had an outstanding defensive game, as did Darran Procter. Wes Drake and David Rejino also have shown a lot of improvement," Coach Moss said.

"We were beginning to get a little nervous in that last quarter, especially with half of our starting team on the sideline," Moss said in reference to the fact that four Chieftains (along with an equal number of Muleshoe players) were banished from the game for "rough play."

Teams Drop Games To Muleshoe

Jr. Teams Split With Dimmitt

Friona Junior High split a pair of games against Dimmitt on October 26.

The seventh graders won their game, 8-6.

Roy Hendley connected with Seth Houston on Friona's touchdown, on a play covering 25 yards. Hendley ran the two point conversion that made the difference in the game.

Jerard Lafuente gained 67 yards on ten carries. Houston had 38 yards in nine tries, and Hendley four yards on two attempts.

Leading tacklers were Cory Hamilton, four, Lafuente and Shane Rodgers, three each; Kit Preston, Jimmy Arias, Josh Snead and Sheldon Burleson, two apiece.

Lafuente was named offensive player of the week, with Hamilton honored on defense. Gerrod Salyer and Antonia Rocha were cited as "Hustlers of the Week."

The eighth graders dropped a 30-14 decision. Steven Ortiz scored one Friona touchdown, and Paco Reyes caught a pass for the other.

Ortiz gained 40 yards on four carries; Reyes added 27 on ten attempts and David Gonzales had 15 yards on six tries.

Ortiz was three of four in passing, for 62 yards.

Reyes and Jason Medrano had eight tackles each. Ortiz and Greg Stowers had five, and Gonzales added four.

Players of the week were Ortiz on offense and Stowers on defense. Jon Goddard and Chesley Ray were named "Hustlers of the Week."

Excel Gives Student Gifts

The Excel Corp. purchased truck or treat bags for the Friona Primary and Elementary School by students, according to principal Jerry Shelton.

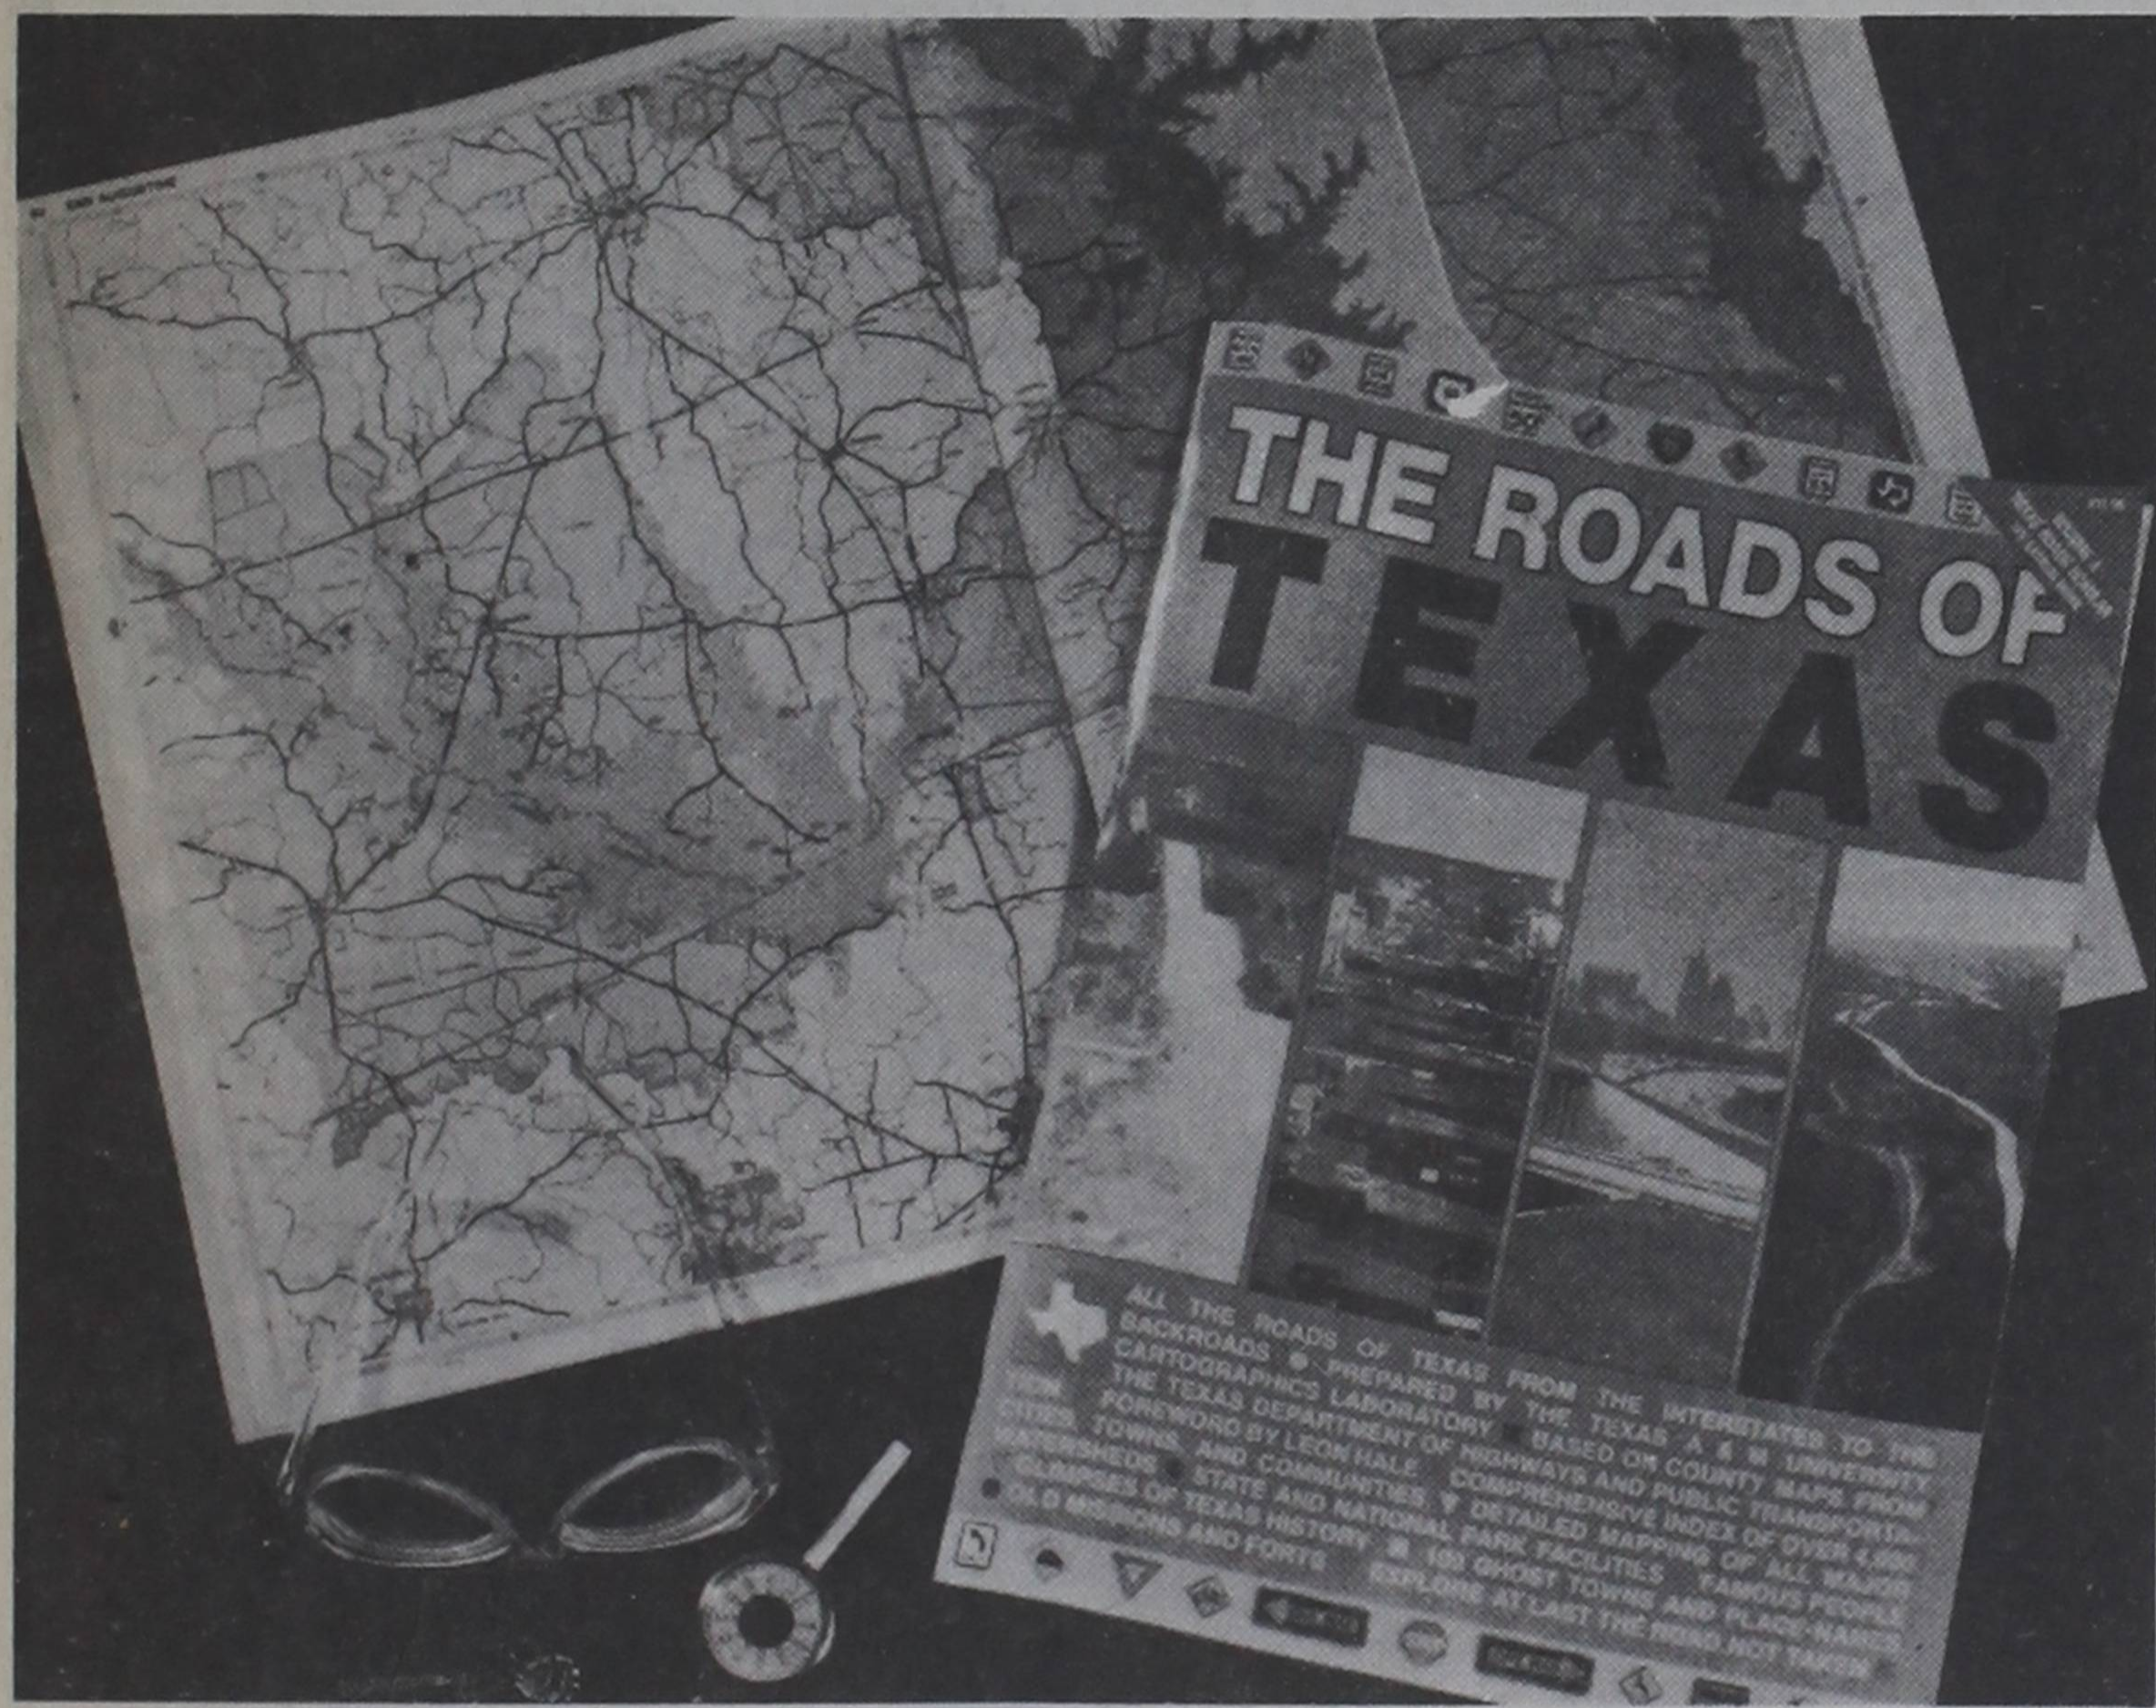

Leonal Kilgore, Excel representative, and Friona Chief of Police Lloyd Niece distributed the bags to the home rooms.

Prairie Acres Party Line

By JANICE STOWERS

Change has been the main focus at Prairie Acres this week. The walls are going up on our new addition. You can actually see where the new rooms will be, guess how big the addition to the dining room is, and watch them prepare to add the stained glass window.

We are also "beefing" up our staff and we would like to let the readers know about our new employees. We welcome to our staff Gladys Wilson, RN, Pam Mueller, LVN and the following nurse aides: Monica Sanchez, Delia Chico, Angela Englant, Sylvia Martinez, Rocio Lucero, Melissa Guerra and Laura Castenada.

Our residents have been working hard to prepare crafts and goodies for the Christmas in November Bazaar on November 17 and 18. We will have a booth with things that our residents have hand-crafted, so be sure and come by and look these things over.

We would like to thank Shay Smith for her time donated to our craft department. She is always willing to do the things needed to get our crafts finished and beautiful.

Another new face in our home is Lori Stafford and her daughter, Jessica. Lori helps in our craft department on Wednesdays and the residents enjoy playing with Jessica. These folks are new in town, and it is certainly encouraging to see them so eager to contribute to our community.

We would also like to thank Hannah Lookingbill for the sack full of "goodies" donated to our craft department. We want to thank Sue Fowler from Bovina for the baby food jars she donated. A special thank you to Letha Turner for her donation of craft items.

We would like to thank the Bovina United Methodist ladies for our hair and nail care. The Sixth Street Church of Christ will be here on November 14 for hair and nail care.

We would like to thank Rev. and Mrs. Leland Hart for their devotional and special music this week. This couple sings beautifully and our residents enjoyed it. Thank you to Gertie Murphree for the Bible reading this week.

We would like to say thanks to Mary Johnston for taking pictures of the residents. These pictures will be used as our Christmas

decorations for our Christmas tree.

FINANCIAL FOCUS

BY IKE STEVENS
Edward D. Jones & Co.
(See Related Adv. Below)

Module XIV: Mutual Funds Families of Funds

It's estimated that two of every three people who select a particular mutual fund do so because of the family of funds to which it belongs.

Investing in a family of funds vs. an individual fund allows you to switch to other funds within the family at little or no cost.

Having the bulk of your mutual-fund investment in a family that has a number of funds with different objectives makes sense. The key, however, is to select a group with a long record of consistent money-management results.

Financial World, a respected financial publication, recently helped identify top mutual-fund groups. This publication provides ratings on roughly 1,050 relatively large mutual funds. According to the publication's publisher, Douglas McIntyre, they took all mutual-fund families with six or more funds and averaged the rankings of their individual funds.

For example, if the first fund had six funds that ranked 2, 180, 625, 480 and 571 out of the total 1,050 funds, these numbers were totaled and divided by six to equal 429.6.

According to McIntyre, any fund that ranked higher than 625 was labeled unacceptable. Those

families of funds ranking within 50 points of the midpoint of the 1,050 funds, 475 to 575, qualified as mediocre. Families labeled as good performers scored 425 to 475, and those families that scored less than 425 were labeled extraordinary performers.

The results of the study showed that only six of the 51 fund families rated extraordinary. Six rated good. Sixteen rated mediocre. Six rated poor, and 17 were unacceptable.

As McIntyre concluded, "The largest and most advertised mutual-fund companies aren't necessarily the best."

The study offered one disadvantage for the average investor. It rated the performance of all the funds within the family. Most investors would not consider exchanging among a large number of funds, such as the 63 offered by the largest family of funds.

To make this personally meaningful, the comparison of only those mutual funds with investment objectives similar to yours should be included in your study.

The purpose of the exercise is to select the mutual fund family with the best-performing individual fund within your objective and risk parameters.

A little homework and a pocket calculator could make and save you precious investment dollars when selecting a mutual fund.

The only gift desired is your presence.

Two of Mankind's Greatest Inventions.

Thomas Edison had a bright idea. And his simple invention is so marvelous that the world has yet to come up with a better way to illuminate our lives.

Like all the great inventions, a gas furnace is simple, reliable, and has stood the test of time. It does its job so well that no one has invented a better way to keep your home snug and warm year after comfortable year.

Electricity is great for lights and other small appliances. But an electric heat pump just can't do the job your gas furnace was designed to do. Never has. Never will.

Enlightened folks know that for comfort and efficient home heating, the most effective invention ever made is a natural gas furnace. Period.

Town Talk

By June Floyd

Call 247-3681 With Your News Items

Our most sincere apologies go to Liz, Byron, Beau and Eric Buchan, who recently moved into our neighborhood from Sheridan County, Nebraska. In last week's Town Talk we added an extra syllable to their last name—making it Buchanan. Sorry folks!

The 1500 block of Columbia lost some of its residents last week when Mal, Terri Sue and Tracy Carthel and Kim and Morgan Leal moved from 1502 to the Hub community.

They recently purchased the former home of James and Taleta Mabry and family, who lived just west of Hub on the south side of the highway.

The move was kind of like a homecoming for Terri Sue, who is the youngest daughter of the original owners of the house.

Main Street's business community has a nice addition with the re-opening of the Middle Door, which is owned and operated by Nellie Pearl Shelton and Geneva Gustin.

Think their Open House was well attended Sunday afternoon and they have an attractive display of many different items. The shop is located in the front of Shara's Hair Affair.

By the way, how long has it been since a young person became a barber? In the not too far distant past all persons interested in learning to cut hair attended barber schools and were licensed as barbers.

"Hair stylist" seems to have replaced "barber" in most every place. Friona may be different from other places in that we have a young barber, Lori Stockstill, in our midst.

Mary Crump is making satisfactory recovery from eye surgery for the second time in recent months. Weekend visitors in her home were Mr. and Mrs. Johnny Arrington of Colorado Springs, Colorado.

Mrs. Arrington is the former Patti Crump. This couple moved from Oklahoma to Colorado about six months ago and report that they're enjoying living in the mountains.

Patti and her husband accompanied Mary to the Homecoming at Friona United Methodist Church on Sunday.

Doyce and Mary Joyce Barnett recently spent ten days visiting in the home of Mr. and Mrs. Jerry Hawkins and son, Jonathan, who live in Richmond, Virginia.

The couple made the trip by plane and was able to visit several

historic sites including the National Battleground while they were gone.

Dave, a former editor of the Friona Star, attended the City Council meeting. This couple also attended Homecoming at Friona United Methodist Church on Sunday. They lived here during 1958, 1959 and 1960.

Howard and Evelyn Gray of Neptune, New Jersey, left Wednesday morning for their winter home in Florida after spending a couple of weeks or so in Friona visiting their kith and kin.

Enroute to Florida, the couple plans to spend some time visiting relatives in the Port Arthur-Groves-Nederland area.

Jamie Lu and Harold Lillard of Waco, formerly of Friona, arrived Friday evening to assist with the care of her mother, Mrs. J.M. Watson, who has been a surgical patient at Deaf Smith General Hospital in Hereford about ten days.

She was transferred to Parmer County Community Hospital Wednesday.

Fannie Meeks of Fort Smith, Arkansas arrived in Friona Saturday for a visit. This charming lady comes out often to visit her

relatives, who live here. She is a sister of Willard Stewart and the late Dan Ethridge.

Recent out-of-town visitors in the home of Roy and Carolyn Trimmell have been their youngest son, Paul, who is a student at Texas State Technical Institute; Mr. and Mrs. Glen Trimmell and Mr. and Mrs. Dale Johnston and children, Lori and Brent, all of Amarillo; and Mr. and Mrs. Elvin Johnston of Kingston, Oklahoma. Glen is also the couple's son and Dale is Carolyn's brother. The Johnstons, former Friona residents, are her parents.

Visitors in the home of Loy and Vuthill Loafman this week are Mr. and Mrs. T.B. Logston, Sulphur Springs, Texas; Mr. and Mrs. Weldon Logsdon, Houston; and Mrs. Bill England, Garland. Vuthill, Ell, T.B. and Weldon are sisters and brothers.

"For where your treasure is, there will your heart be also"

"YOU TOOK MY PICTURE... AND I WASN'T READY!"

How concerned we are with the image we present to others! And it is right that we should be. How mightily we influence others. It is so important that the self we present is one that will influence others for good.

With guidance from God we will be ready to present ourselves to the world in such a manner as to sway others toward God and all that is worthwhile and good.

"That ye might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God," come to His Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
