

mack's
tracks
-by dave

Just in case that there may be someone who hasn't heard, Johnny Mars has been fishing and caught a whole pickup full of fish.

Johnny has about worn out a photo of his string of fish which was caught down on the Rio Grande a couple of weeks ago and we've been hoorawing with him and accused him of having about a dozen prints made of the picture so he will have a fresh one on hand when one wears out.

Bill Hannold accused Johnny of going into a fish market and buying the handsome string of fish, but Johnny defends himself saying that would have been the "cheap" way of doing it.

He contends the string was probably more expensive the way they were caught than they would've been had they bought them outright.

At any rate Johnny sure did catch a handsome string of fish.

Last Thursday night Friona Lions gave two deserving youngsters a Gift Certificate for the purchase of a Western hat apiece.

The two boys, Gary Sherrieb and Gene Pope, served as superintendents at the Parmer

FISH HIGH-POINTER IN ACTION---Mary Ann Boggess is shown in action during the baseball throw event at the Annual Girl's Track Meet Monday afternoon. Mary Ann was high-point girl in the freshman division of the meet racking up a total of 20 points by herself and in addition was a member of two relay teams which brought home first place ribbons.

Squaws Sweep First Annual Track Meet

Friona's Squaws crowded to a 41-point decision Monday afternoon in the swirling dust to win the First Annual Girls Track Meet in Friona.

Lorenzo's "One Girl Team" Tanya Terrell scored 17 points for her team to win second place single-handedly.

Hereford's lone entry, Linda Renfro, won third place.

Happy placed fourth in the meet with nine points followed by Tulia with eight points.

In the Freshman Division Friona's girls scored a total of 80 points to sweep that division followed by Happy with eight points.

Mary Ann Boggess scored a total of 20 points in first place entries for Friona and was a team member of the 440-yard relay team for Friona.

Tanya Terrell was high-point girl in the High School division with Mary Ann Boggess the high pointer in the Freshman division.

A total of five schools competed in the contest with teams from Friona, Lorenzo, Happy, Hereford, and Tulia.

The meet was originally slated to get underway at 3 p.m., but due to weather conditions was postponed until 4 p.m.

Complete tabulations of the meet are as follows:

HIGH SCHOOL DIVISION
BASEBALL THROW -- Tommy Lewellen, 1st Friona 165 feet; Mary L. Bond, 2nd Tulia; Jane Dorris 3rd Happy.

RUNNING BROAD JUMP -- Tommy Lewellen, 1st Friona 13'3"; Charlotte Bock, 2nd Friona; Linda Renfro, 3rd Hereford.

BASKETBALL THROW -- Tommy Lewellen, 1st Friona 92'6"; Cynthia Caffey, 2nd Friona; Tanya Terrell, 3rd Lorenzo.

HIGH JUMP -- Linda Renfro, 1st Hereford 4'4"; Twila Haight, 2nd Tulia; Darla Bingham, 3rd Friona.

50-YARD DASH -- Tanya Terrell, 1st Lorenzo 6.7 sec; Jamette House, 2nd Happy; Linda Renfro, 3rd Hereford.

75-YARD DASH -- Tanya Terrell, 1st Lorenzo, 9.6 sec; Charlotte Bock, 2nd Friona; Linda Renfro, 3rd Hereford.

100-YARD DASH -- Tanya Terrell, 1st Lorenzo 13.1 sec; Lawana Houlette, 2nd Friona; Mary Lou Bonds, Tulia and Hereford.

Linda Renfro, Hereford (tie) 200-YARD RELAY -- 1st Friona 25.5 seconds; 2nd Friona; 3rd Happy. (Team members are Tommy Lewellen, Charlotte Bock, Lawana Houlette)

440-YARD RELAY -- Friona, 58.1 seconds; 2nd Friona; 3rd Happy. (Team members are Tommy Leweller, Jacquelyn Magness, Charlotte Bock, Lawana Houlette)

FRESHMEN DIVISION
BASEBALL THROW -- Mary Boggess, Friona, 162'5"; Gloria Patterson, Friona; Jimette McLean, Friona.

RUNNING BROAD JUMP -- Mary Boggess, Friona, 12'6"; Jere Buske, Friona; Martha

Wages, Friona.

BASKETBALL THROW -- Su Zan Harper, Friona, 71'6"; Joanne Altman, Friona; Bonnie Starker, Happy.

HIGH JUMP -- Judy Bock, Friona, 4'4"; Betty Drake, Friona; Donna Fields, Friona.

50-YARD DASH -- Mary Ann Boggess, Friona, 7.0 seconds; Martha Wages, Friona; Gerry Hadley, Happy.

75-YARD DASH -- Judy Bock, Friona, 11.0 seconds; Ineta Stowers, Friona; Linda Castleberry, Friona.

100-YARD DASH -- Mary Ann Boggess, Friona, 13.5 seconds; Jere Buske, Friona; Gerry Hadley, Happy.

200-YARD RELAY -- (no other entries so was run with High School Division. Team members are Pamela Roden, Betty Drake, Janice Wright, Ineta Stowers)

440-YARD RELAY -- Friona, 60.1 seconds; Friona; Happy. (Team members are Mary Ann Boggess, Charlotte Bock, Jere Buske, Karen Turner)

Oddfellows Begin Chapter

Following a meeting held last week in the American Legion hall 17 Frionans journeyed to Muleshoe for their initiation rites into the IOOF with the project of beginning a chapter of the organization in Friona in the near future.

Three local men, Joe B. Collier, Wayne Stark and Jay Sanders have been working for a couple of weeks in order to get the local organization underway.

Collier reports the 17 local men who made the trip to Muleshoe include Lloyd Mingus, Glen

QUICK THINKING PREVENTS INJURY

Quick thinking on the part of two young boys Saturday evening prevented Arlen May from being severely burned when a can of gasoline he and Greg Jarrell were using for a light in an outdoor workshop was turned over and spilled on his pants legs.

As soon as the pants began to burn Arlen fell on the ground and began to roll as Greg scooped dirt on his legs. After getting the fire put out both boys went to the home of Arlen's parents, Mr. and Mrs. Hardy May, and reported the incident.

FFA to Hold Dad's Banquet

Friona Future Farmers of America will observe their 25th Annual Father and Son Banquet Friday night at the high school cafeteria.

Eugene Southall, county agent from Potter County, will be the featured speaker of the evening. He will recount his recent experience while working with the Grain Producers exhibit in Italy.

The Girl's Trio, Nancy Outland, Jonnie Hand and LaVon Fleming, will be on hand to present musical numbers and Dale Smith will serve as emcee for the evening.

Parmer County Implement Company will sponsor the event, as they have for many years in the past.

The Company always purchases one of the club calves during the annual stock show and this animal is barbecued by Red Crow and served with all the trimmings by employees of Parmer County Implement Company, says J. T. Gee, vocational agriculture instructor at FHS.

The meal will include barbecue, potato salad, beans, salad, ice tea, coffee, ice cream and cherry pie.

Gee pointed out that the speaker is a former member of the Friona FFA chapter, having graduated from Friona High School during the late '30's.

Seniors To Observe Kids Day-Friday Here

Members of the Friona High School senior class will observe the annual Kid's Day at the school by wearing youngster's apparel to school and holding a box lunch auction.

The auction will be at noon in front of the school.

The boxes will not be marked and the one who purchases the box will eat with the owner of the box.

Carl Ray White Dies of Leukemia

Carl Ray White, 16-year-old son of Mr. and Mrs. Ray White of Friona, died Monday at the Parmer County Community Hospital at 3 p.m. following a lengthy illness.

He had been hospitalized for several months after his illness was diagnosed as leukemia.

Services were Wednesday at 2:30 p. m. at First Baptist Church in Friona with the Rev. L. A. Sartain officiating.

Carl Ray was born in Friona November 15, 1942, and at the time of his death he was a member of the Sophomore Class at Friona High School.

His class sat in a group during the services at the church.

Special music was presented by Gerald Daniel.

The Rev. Fred Dean, pastor of the Union Congregational Church assisted during the services.

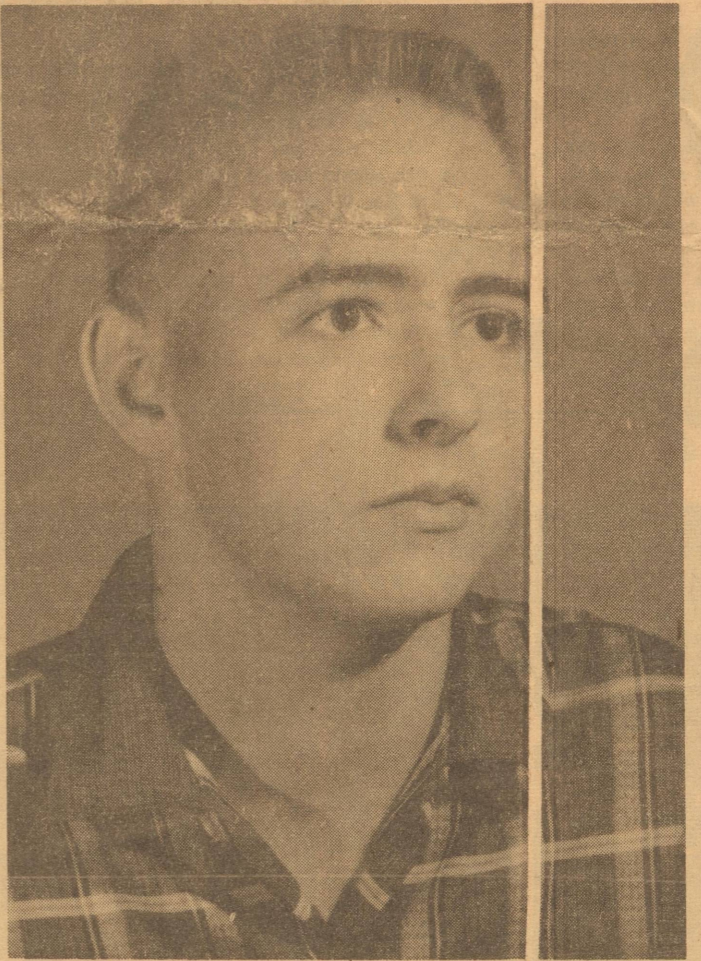

A popular boy in school and among those who knew him, young White was a candidate for the Handsomest Boy in his Sophomore class and his quick smile and quiet humor marked him at his work at the Piggly Wiggly store and Plains Hardware after school hours and on Saturdays.

Classes at FHS were dismissed at 2 p.m. Wednesday in order that students might attend the funeral.

Pallbearers included Laverne Mabry, Jobie Claborn, Jackie Oldham, Bobby Sanders, Carroll Bennett, Charles Jones and Aubrey Lee Carlton, all classmates of Carl Ray.

In addition to his parents, Carl Ray is survived by a sister, Shirley Jean, 9, and a brother, Troy Wayne, 4, all of Friona; also four grandparents, Mr. and Mrs. W. M. White of Friona and Mr. and Mrs. John H. Key of Charleston, Ark; and a number of other relatives.

Burial was in Friona Cemetery under the direction of Claborn Funeral Home.

Broom Sale Friday

Members of the Friona Lions Club will give the town, and surrounding area a "clean sweep" Friday when they will be on the streets peddling brooms during their Annual Broom Sale.

The sale will begin Friday morning with George W. Jones in charge of the sale.

Jones will be assisted by five area chairmen, Marion Fite, Paul Hall, Johnny Wilson, Danny Bainum and Steve Messenger.

Other members of the club will make up the remainder of the sale committee.

Each group will be divided into twos, and streets in town will be assigned to each group.

It is planned that the drive will be over in a matter of hours with everyone in town getting a chance to purchase brooms.

Jones says the sale will offer brooms of every size shape and description, with the price varying with the style of broom purchased.

The proceeds of the Broom Sale will go to the Lions Club Crippled Children's Camp in South Texas.

All residents are urged to take advantage of this Broom Sale and get a new broom and help the Lion effort in the Crippled Children's Camp fund raising.

Panhandle Firemen To Hold Convention Here

An estimated 1500 firemen and their wives will gather in Friona Tuesday, May 12, for the 50th semi-annual convention of the Panhandle Firemen Association, announced Fire Chief Ruben Taylor this week.

Plans for the convention, the first to be in Friona, are proceeding rapidly and cooperation of local businesses has been commendable, says Taylor.

Ralph Shirley, assistant fire chief in Friona, is an officer in the Panhandle association and will be on hand to assist Chief Taylor with preparations for the convention.

Last fall the convention was at Boy's Ranch near Amarillo.

The convention will be a one-day affair with registration slated to get underway about 8:30 a.m. at the fire station.

Business meetings will begin at 10 a.m. in the high school auditorium and pumper races and water polo competition are slated for the afternoon.

Tuesday night visiting firemen and their guests will be feted at a dance at the American Legion Hall.

Officers of the Panhandle Firemen Association include Darce Foshee of Sunray, president; J. B. Moore of Dimmitt, first vice president; Shirley, second vice president; V. E. Hafner of Chillicothe, secretary - treasurer; and Glenn Phillips of Amarillo assistant secretary.

The convention is being co-sponsored in Friona by Friona State Bank, Friona Lions Club, Friona Chamber of Commerce and Agriculture, Chester & Fleming Oil, Kendrick Oil Company, Friona Wheat Growers and Continental Grain Company.

During the morning meeting Foshee will call the business session to order with the Rev. Fred Dean, pastor of the Union Congregation at Church of Friona, giving the invocation.

BUILDING PERMIT
Aubrey R. Iodes was issued a building permit at the City Hall in Friona this week to move in a residence at an estimated cost of \$5,000.

Firemen will be welcomed to Friona by Mayor Raymond L. Fleming with the response given by Foshee.

Appointment of the resolution committee will follow entertainment under the direction of Maureen Dunn.

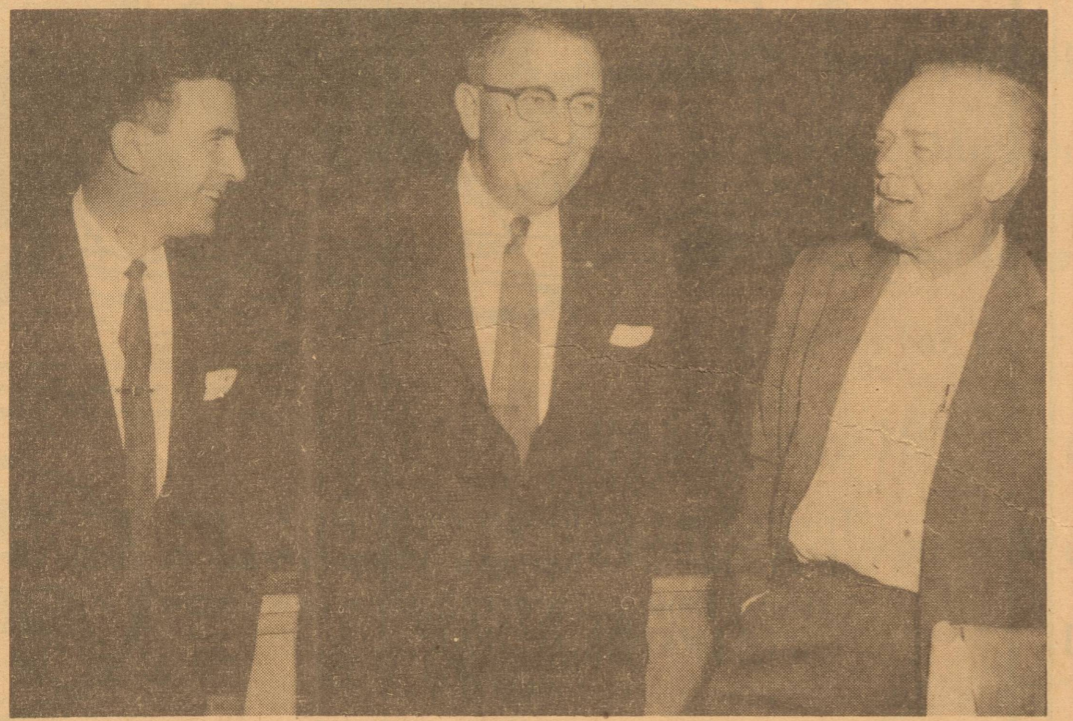

Hafner, secretary - treasurer, will give his report and C. E. "Goose" Ramey of Dimmitt will be featured speaker, talking on his favorite subject, "Gooseology."

Lunch will begin at 12 noon.

The Amarillo fire department will be in charge of the first afternoon session with a film and discussion on the latest fire-fighting methods followed by a musical presentation by the Trebellars under the direction of Eva Miller.

Reports of the resolutions committee will be given, a site for the next convention chosen, and places for the competition will be picked.

Evening meal will be served at 6:30 p.m. and the dance will begin at 8:30 p.m. Green Trio will furnish the music.

LABOR MEETING SPEAKERS---About 65 Parmer county farmers and interested businessmen heard (above left to right) John Kendricks, executive vice president of the First National Bank of Brownfield; Al Muldrow, former secretary of state for Texas and member of the 48-Man Committee for Agricultural Labor; and Joe Suder, of Muleshoe; speak at the Farm Labor Meeting Saturday night in Friona High School Auditorium. (Details of the meeting can be found in the Farm Section of this issue.)

County Junior Livestock Show a couple of weeks ago and the certificates were just to show the club's appreciation for a job well done.

These boys put in some long hard hours, and we might add, during some doggone cold weather, to help make the show a success.

Speaking from experience, we know that it would've been a lot harder to have the sale if it hadn't been for them.

They stayed with us at all hours Friday night making up the sale order for the hogs and sheep, then doubled up and helped with the calf sale order Saturday morning.

In addition to these chores, they proved invaluable seeing that things went according to Hoyle at the show.

has been quite a while since we got off on the following tangent, but just to make sure that General Telephone doesn't think all is well we figured it was time to throw in the following.

The only thing we don't enjoy about writing this particular article is that a pretty swell fellow will get "chewed" when the brass get the needle -- one D. C. "Mack" McClellan -- the local telephone representative.

In fact if it wasn't for Mack we would probably fill this column with some sort of "blowing our stacks" every week.

But we reached the boiling point again this week.

So here goes.

Like many days in the past

Stand Up and Be Counted

As time goes along it seems that more and more the people of this great nation are becoming determined to lose their rights to speak out as individuals and demand that their personal liberties be regarded.

In the actions of the Senate in the last week or so, this demand has reached a point where a Bill of Rights for the protection of the nation's workers squeezed through by only a one-vote margin.

Ironically enough, it wasn't a senator which cast the deciding vote, but it came from the vice president of the United States in order to break a deadlock.

The proposed amendments read like the Bill of Rights of our nation and are designed to protect the sacred liberty of any working man the right to speak out and be heard as an individual instead of working like a puppet on a string of some czar-like labor boss.

But, instead of passing with a huge margin, this bill was fought down and for a brief time seemed to waver in defeat.

How far down the road to ruin has our country gone?

How long will it be before the little man which composes this nation gets the guts to stand up and be counted?

Or, will he take the time from Gunsmoke and Have Gun Will Travel to protect his right as a free man.

We wonder. Do people really have this little regard for the sacred traditions which have built the United States into the greatest nation in the world?

It certainly didn't get where it is today guided by the hands of the likes of Albert Anastasia or George Meany and Walter Reuther.

If these desperate men had their way our nation would become a Socialist state, ruled by the heavy hand of the few whipping the hands of the many into their rigid line of thought and action.

If our nation continues to be intimidated by the likes of such hoods and gangland bosses our land will become no more than the communes of Communism.

If the old saying, our ancestors "would turn

over in their graves" if they heard what was going on, is true, we can imagine that the heroes of Valley Forge, the Alamo, Iwo Jima and Porkchop Hill are literally swapping ends like the blades on a fan today.

It has gone a long way down the hill when the likes of such two-faced individuals as Lyndon Johnson and Ralph Yarborough occupy the spaces in Congress which was formerly held by such men as Ben Franklin and Thomas Jefferson.

Men who will tell you "we're looking out for you" but at the same breath have designs on personal gain and are looking for the vote of organized labor.

The threat of organized labor has reached the height today that seems unconquerable.

But--yet if they were counted they are still in the minority -- only their tight organization makes them the threat to our nation that they are today.

Certainly the politicians will listen, for they are thinking about being reelected next year, not what will help our nation survive and remain free.

Today there still lies dormant the "little man" who, when aroused can rise up and strike down these Goliaths.

But---when will he move?

Will the ever-strengthening Labor Party be in such a position to thwart this move if we wait much longer?

We sit by idle while our nation moves swifter down the hill to bankruptcy.

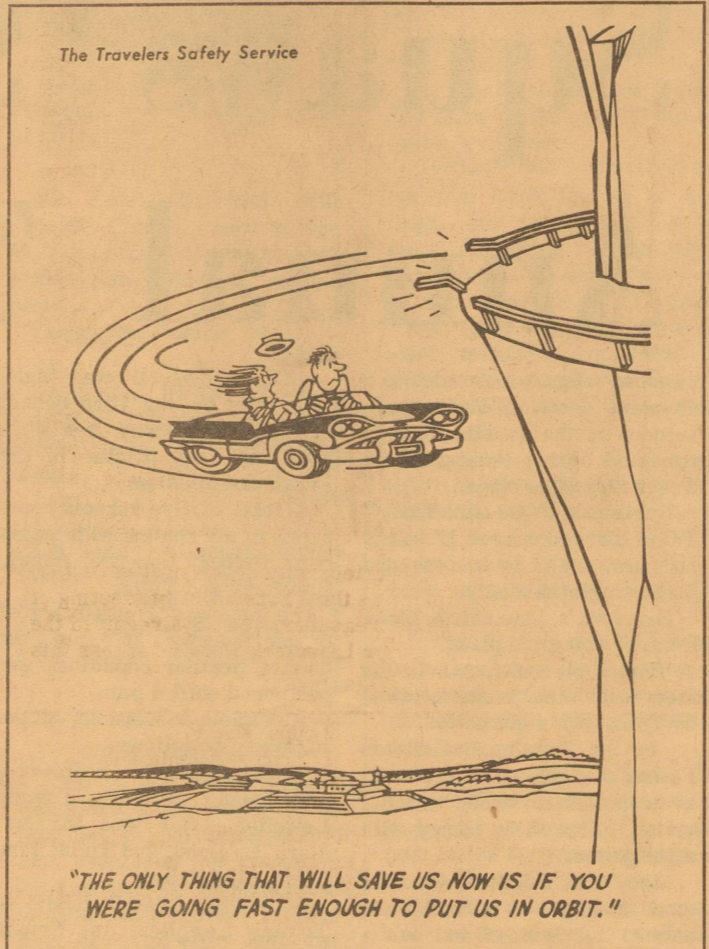

Look at the Roman Empire, it was never threatened by invaders from the outside, but yet it crumbled into rack and ruin by the desecration and demoralization of its people from the inside.

Corruption and graft have ruined many things -- our nation is not above the threat of ruin from this source.

When man will sell the greatest Promise in the world for 30 pieces of silver, doesn't it stand to reason today's modern politician will sell out for the same number of mink coats or electric driers?

It is up to us to stand up and be counted. Demand that your opinions be heard, support the man of your choice by action and don't let him stand alone, threatened by the golden till of the treasury of organized labor.

The Luckless Legion by Irwin Caplan

Speed killed and injured almost 1,000,000 in 1958.

Eight New Businesses In County

"There are eight more businesses in Parmer County today than there were last year," says Wayne A. Clark, manager of the Amarillo office of Dun & Bradstreet, Inc. Basing his facts upon a physical count of the January, 1959, Dun & Bradstreet Reference Book, Clark points out that in 1958, 177 businesses were listed in Parmer County and today 185 businesses are listed.

The Reference Book lists only manufacturers, wholesalers, retailers, and some service companies, such as laundries and gasoline service stations. It does not include some of the service and "professional" businesses such as barber and beauty shops, real estate and the like. Thus the figure for businesses in Parmer County would actually be higher than the 185 quoted above.

What a man desires he easily believes.

Tuesday the Juniors also took a series of scholarship

High School finished off the last of its interscholastic league contests last Saturday. Unfortunately no one won anything with the exception of J.W. Baxter who tied for second in high jumping and tossed a coin with the other and lost. This makes the second consecutive time J. W. has had bad luck. Last year he had the same experience.

Plans are in the process of being completed for the Band Banquet which is scheduled for Saturday, May 9. The seniors headed by LaVon Fleming have charge of the banquet this year and seem to be doing a fine job. Today, Thursday, is the deadline for all money to be handed in with the dates.

The Juniors wish to thank all of those who helped make their Variety Show a success. They had a most conflicting night to compete with. The Ivy Jives from Portales were the featured guests and gave a special performance following the pie sale.

tests. These tests took the entire morning to administer. They were started last year so that some person might be able to secure a scholarship.

Last Wednesday the students viewed a Southern Assembly show. They reported that they enjoyed this show above most of the others given this year. The show consisted in part of the mimicking of birds done by a Dutch couple.

This Saturday the Freshmen plan to go on their last of school party to Palo Duro Canyon. Accompanying will be their parents and sponsors--Collie Huffman and Zolie Capps.

Members of the Science Club went to Lubbock Friday to view the science exhibits in the fair there. They report that the students had some fine exhibits. Among those going were Dale Smith, Larry Moyer, Ted Sanders, and Larry Milligan. This Saturday the club plans to make a geological trip

to Palo Duro Canyon. The purpose is to study rock formations and other geological things.

The girls had a pretty windy day for the track meet, but in spite of the weather did very well. The meet was held Monday following school.

Junior day is coming up pretty soon, May 8th to be exact. As yet the juniors are still indefinite about the place they plan to visit.

The seniors received their announcements early last week and are planning their graduation services.

Only four weeks until school dismisses!

DON'T FORGET MAY 15

Lions Begin Show Rehearsal

Rehearsals for the big annual Lions club extravaganza got underway at the Community Room of the Friona State Bank at 8 p.m. Monday.

Members of the cast went over their lines and discussed changes which may be slated for the production before its presentation at 8 p.m. Friday night, May 15.

Tickets for the show may be purchased this week at many downtown Friona businesses. Ducats for the show are \$1 for adults and 50 cents for high school students and children.

Proceeds of the show go to the Lions club for their projects during the coming year.

The show, which is entitled "Law West of the Pecos" was presented here about three years ago and has been recast for this year by popular demand.

The cast of characters for this year's presentation include Ross Ayres as Judge Roy Bean; Charles Allen as Dobbs; Hollis Horton Jr. as Gobble; Grace Whitefield, Mrs. Murphy; Tom Prigg, as Crazy Horse; Newman Jarrell Jr., as Crazy Rider; Ova Outland as Sal; Green Trio as Cowboys; Wesley Foster as the Drummer; Danny Mack Bainum as Pete the drunk; Hank Outland as Pedro; Preach Edelman as Gould; Bill Wooley as Tex; Nancy Outland as Amelia; Jonnie Hand as Lilly Langtree and the Black Square Dan-

cers as Lilly's Dancing Team. Up until the present time the role of Diamond Lil will be played by a person whose name we haven't received.

The role of Diamond Lil was last portrayed by Hugh Blaylock but Lions haven't announced whether Blaylock or someone else will be Diamond Lil this year.

Julia Dennis

Buried

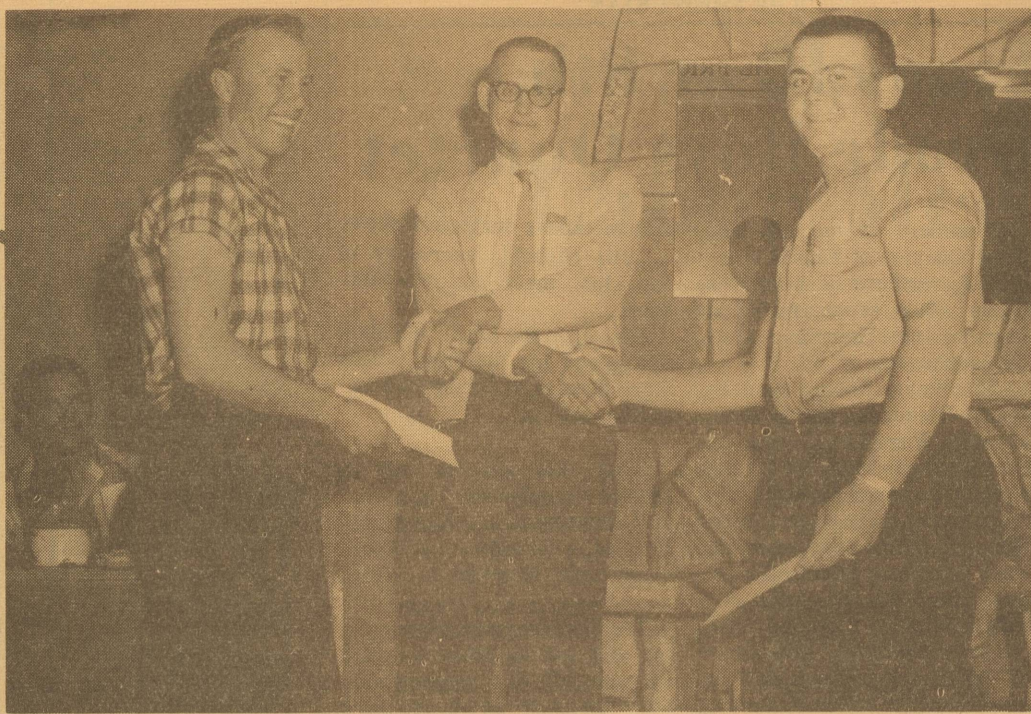

Wednesday

Final rites for Julia Sarah Elizabeth Dennis were conducted at the Friona Methodist Church at 5 p.m. Wednesday. Rev. Hugh Blaylock, pastor of the church, officiated.

Burial was in the Bovina cemetery under the direction of Claiborn Funeral Home of Friona.

Mrs. Dennis, a resident of Friona since 1926, died at her home at 6:30 a.m. Monday following a long illness. She was born in Georgia, August 17, 1865.

Survivors include four sons, Albert C. of Clovis, John H. of Lindale, Ariz., and Lee W. of Rogers, Ark.; and three daughters, Lola Stidham of Adarko, Okla., Mattie Garrison of Selma, Calif., and Della Light of Friona.

THEY'RE PRETTY PROUD--Gene Pope, left, and Gary Sherrieb, right were presented with gift certificates for the purchase of a Western hat apiece at the Thursday night meeting of the Friona Lions Club by Bill Nichols, center, secretary-treasurer. The boys received the certificates in recognition of their work in making the Junior Livestock Show a success this year.

Newcomer To Friona Enjoys Outdoor Cooking

According to tradition a person has to live in West Texas two years before being able to get away from the label "newcomer." If this be true, Weldon and Peck Stringer are still newcomers since they have been here less than one year.

The Stringers moved here from Vernon last July and neither of them had lived anywhere except in Wilbarger County until that time. They grew up together in the area of Harrold and were sweethearts from grade school days.

One of the first things the Star reporter who called on Mrs. Stringer wanted to know was how she acquired her nickname. She said, "I was the youngest of a family of seven and was named Phoebe Inez. When my oldest brother came home to see me, he disliked the name so much that he called me 'Peck' and I've been called that ever since."

Mrs. Stringer reports that she doesn't have any hobbies outside her home, but anyone who made observations in her home would know that she collects fine China, decorative plates and hand painted pictures.

Some of the paintings on the walls were done by the couple's son, Don, a freshman at West Texas State College at Canyon. During her high school days at Harrold she played basketball and tennis and has recently taken up bowling.

When asked about favorite meals, recipes and related subjects, she said, "I thoroughly enjoy cooking outdoors, but never use recipes. Our favorite meat dish is broiled steaks." The recently-run patio at the back of the house and a red-wood fence under construction indicate that by the time the weather is warm the Stringers will be broiling steaks outdoors.

Those of us who have never had the experience can't imagine what it would be like to move several hundred miles away from members of our families and friends that have lived near us all of our lives. Upon being asked about their feelings after making the decision to move from Vernon to Friona, Mrs. Stringer replied, "Of course, Weldon and

I both had our doubts about whether or not we would like it here before we came, but were determined to make an effort to adjust to our new surroundings."

"The people here have been wonderful and we have thoroughly enjoyed living here." Perhaps the fact that they have been busy getting set up in their new home has kept them from being lonely. As a joint hobby the couple enjoy boating and other outdoor sports.

Mrs. Stringer's favorite cake recipes are simple. The first one that she gave us has been tried by a number of members of the Hub Home Demonstration Club, of which she is a member. It is a loaf cake with broiled icing.

- 2 cups sugar
- 1/2 cup shortening
- 2 eggs
- 3/4 cup buttermilk
- 1 teaspoon soda (dissolved in milk)
- 2 cups flour
- 3 teaspoons cocoa
- 1 cup boiling water.

Mix all ingredients together and bake in long pan at 350 degrees 30-40 minutes. For the filling mix 1 cup brown sugar, 1/4 pound butter or oleo, 5 tablespoons canned milk and 1 cup chopped nuts. When cake is baked, remove from oven and spread filling over cake while it is still hot. Then replace in oven and set heat selector on broil. Broil until bubbles form all over the top.

- The next cake recipe she gave us permission to print is for a Never Fail Pound Cake:
- 2 cups flour
- 1 3/4 cups sugar
- 5 eggs
- 1/2 pound butter or oleo
- 1 teaspoon vanilla

Cream butter well, add sugar. Then add eggs, one at a time and beat well after each addition. Add vanilla and flour and mix well. Bake one hour in a 325 degree oven.

up into small pieces in the salad.

Re-heat bacon grease and pour over salad. The grease should be hot enough to partly wilt the spinach.

ed). Drain, add sugar, egg, grated cheese, 1/2 cup bread crumbs, salt, pepper and oleo. Beat until light. Place in buttered casserole. Top with remaining bread crumbs and dot with butter.

Bake in 350 degree oven until cheese is melted and egg is set. Serves 8.

Small invitation will serve a beggar.

Catch the bear before you sell his skin.

He who knows no guilt can know no fear.

REAL PRAYER

There is power in prayer provided the requirements are met. Just to pray as a duty has little power. To fall on one's knees and give orders to God is not prayer. To rush into the presence of God and immediately rush out again is not prayer. Real prayer costs thought, a sense of God's love, a deep need of right relations with God, a penitent heart, a need of divine help, a surrendered will and, above all else, to know God's will with a determination to do it. Be sure to attend church this week --- your church needs you and you need the church.

8TH GRADE BOYS QUARTET---Providing musical entertainment for members of the Friona Lions Club at their regular meeting last week was the quartet above. Left to right, members are Tom Gee, Billy Thomas, Moose Dickerson and Robert Houlette. Accompanied by Mrs. Troy Ray, they presented several musical selections.

Lions Hear 8th Grade Boys Quartet

Members of the 8th Grade Boys Quartet of Friona entertained members of the Friona Lions Club at their regular meeting last Thursday night at the clubhouse.

The boys, Robert Houlette, Moose Dickerson, Danny Thomas and Tom Gee, under the direction of Mrs. Troy Ray, sang three songs for the Lions.

Following their presentations Gary Sherrieb and Gene Pope were presented gift certificates good for the purchase of a Western hat by the Lions Club.

These two boys, who served as superintendents at the Parmer County Junior Livestock Show, helped the Lions with all sorts of errands, advice and counsel in preparing sale orders and just making themselves useful in general and taking a lot of the load off the

club members during the show. Bill Nichols, secretary of the club, made the presentations.

Plans for the Lion Club Show and plans for the Broom Sale were discussed during the business meeting.

Two club projects will be given a "going-over" at a special meeting of the club directors at a breakfast at Shermans Cafe Thursday morning.

The next regular meeting of the club will be Thursday, May 14, and for this meeting only the time will be moved back until 7:30 p.m. in order that the members of the play cast can eat, then get over to the high school for a dress rehearsal for the program which will be given the following night.

ALMOST NEARLY, BUT NOT QUITE HARDLY---Sue Baxter shows the strain of high jumping as she tries to clear the mark during the Girls Track Meet Monday. Sue didn't quite make this jump, her last effort, and was disqualified when the marker fell off the posts.

HIGHLIGHTS AND SIDELIGHTS

Legislature Faces Special Session

BY VERN SANFORD

AUSTIN, TEX.--With just about three weeks left in the regular session, legislators will be under much pressure--to do many things and do them fast.

Each day that passes without agreement on financial matters heightens the possibility of a special session as soon as this one ends.

Many measures will be trampled under or pushed aside until '61. But as Speaker Waggoner Carr told the House, the problem of raising some new money "won't go away. It has to be faced."

NO EASY OUT
Like every other tax proposal made this session, the huge "something for everybody" omnibus tax bill recommended by the House Tax Committee brought howls of protest.

It would raise an estimated \$151,000,000 a year by raising some old taxes and placing new taxes on hundreds of items. Tabbed for increases are natural gas, motor vehicles, cigarettes, liquor, wine, beer licenses.

New targets include hotel rooms, restaurant meals, cigars, chewing tobacco, snuff, aircraft and auto parts, dozens of luxury items (jewelry, furs, cameras, watches, silver, etc.), radio and TV parts, business machines, commercial rentals, club dues, construction materials, dance studios, reducing salons.

Officially, the bill is known as the Tax Committee substitute for H. B. 727. Unofficially, it's called a lot of other things. House members showed no more eagerness to rally behind this broad-based approach than they had for Gov. Price Daniel's less "spread out" plan.

GIVE LITTLE, TAKE LITTLE
Two appropriations bills of varying sizes have been passed by the House and Senate. Differences will be adjusted by a conference committee of members from the two houses.

Both bills call for spending nearly \$2,500,000,000 during the next two years. House bill is slightly larger. It calls for approximately \$333,000,000 from general revenue. Senate would spend only \$307,000,000 in general revenue.

To satisfy both houses, the conference committee will try to reach a compromise between these two figures. However, it's worked out, it's already clear that spending will considerably exceed the \$281,000,000 spent

from general fund for 1958-59.

ROUGH SLEDDING
Governor Daniel's "abandoned property act" barely squeaked by its first test on the House floor by a 71-69 vote. Measure would allow the state to take over money and property unclaimed for seven years or more. Estimates of how much it would bring in immediately range from \$20,000,000 to \$50,000,000.

Many bankers fear such a law would cause people to be afraid to put their money in banks and decide to stick it in a sock instead.

Backers of the measure say the banks and other businesses are holding and getting the benefit of property that does not belong to them, should be used to benefit all the people.

CO-OP BILL SHUNTED ASIDE
A bill to allow rural electric coops more "elbow room" has been sent to the Attorney General for an opinion.

Rep. Alonzo Jamison of Denton, sponsor, protested to the House State Affairs Committee that this would kill the bill. This late in the session, delay is usually fatal.

Highly controversial, the bill would allow coops to add new customers after the area of their lines is annexed to a city.

ADVERTISING BILL ADVANCES

A state-financed advertising program for Texas moved close to final enactment despite heated opposition from an advertising man in the Senate.

Proposed bill would create the Texas Development Board to supervise tourist advertising by the Highway Department and industry advertising by the Texas Industrial Commission.

Sen. George Parkhouse, an advertising man from Dallas, objected, not to the idea of state advertising, but to the way it would be handled. He declared the suggested \$100,000 appropriation would be wasted.

But the bill gained final approval in the Senate and next-to-final passage in the House. FIRE-POLICE BILL GAINS
A shorter work week for many city firemen and policemen is near to legislative approval.

Senate has passed the bill finally, and a House committee has recommended passage.

Bill limits firemen's working hours to 72 in cities of 10,000 to 60,000 population, 63 hours in cities of 60,000 to 125,000 and 60 hours for all larger than 125,000. Policemen would work the same hours as other city employees.

City officials have protested the measure would raise local expenses and aggravate an already acute revenue-raising problem.

TEXAS DERBY?
Not given much chance of passing, but exciting some interest is a proposal to legalize horse racing and betting in Texas.

Rep. Homer Koliba of Columbus introduced the measure which was sent to a House subcommittee. Thoroughbred horse breeders pointed out that

legalized pari-mutual betting could bring in a lot of tax money.

Opponents, including Dr. W.R. White, president of Baylor University, charged it would bring on crime, poverty and immorality.

Pari-mutual betting was outlawed in Texas in the thirties, but proposals to return it come up frequently, always giving rise to lively legislative debate.

SHORT SNORTS
A youth vs. age battle was abandoned when the House failed to give enough votes to a proposed constitutional amendment to raise minimum age for Senators from 26 to 30, House members from 21 to 25. Opponents countered with a measure to set maximum age for legislators at 60.....Guards are needed by the Texas Department of Corrections, according to Director O. B. Ellis. Men interested in permanent employment by the department should contact J. F. Heard assistant director in charge of business and custody, Box 32, Huntsville.

Department of Public Safety officials said today there is a large number of motorists who fail to appear in court after giving their written promise to appear on a traffic violation.

Major R. A. Crowder, Commander of Region #5, issued a reminder to motorists that a charge of "Failure to Appear" can be filed in addition to the original traffic charge in the event the defendant fails to appear in court for violation of the Uniform Traffic Act. The motorist may be found guilty of a misdemeanor and fined up to \$200.00 for failing to appear even though found not

guilty of the original traffic violation.

The Major said that the problem is serious, in that serving warrants on motorists who fail to answer a traffic summons requires many man hours away from necessary patrol duties of traffic supervision.

In an effort to combat this, Crowder stated that he has issued instructions to all personnel under his command to advise those persons arrested that they may have a charge of this nature filed against them if they fail to appear in the proper court within the designated time. When the defendant realizes that one additional charge was brought about by his failure to keep his promise that he made when he signed the traffic ticket, he may think twice before disregarding the next summons.

Sparse Crowd At Labor Meet

Enthusiasm of those in attendance made up for lack of numbers at a special meeting in Friona High School Auditorium Saturday night to discuss the question of proposed Federal regulations concerning farm labor.

Al Muldrow, former secretary of state for Texas and member of the 48-Man Committee on Labor for the United States, and John Kendrick, executive vice-president of First National Bank, Brownfield, were principal speakers.

Muldrow described events which have led up to the Secretary of Labor's making his latest move to raise farm labor wages to \$1.25 per hour, curtailment of the bracero labor, unionizing farm hands, and putting farm labor under the Federal Wage and Hour laws.

Muldrow told how for the last seven years he and his colleagues from all over the United States have met each winter in Washington to hear proposals of the department of labor.

"At first Mitchell would meet with us; we would all discuss the labor problem and I held the highest regard for the secretary."

"Later we (the members of the special committee) noticed that more and more Mitchell was absent from our meetings, and last year when we were finally informed of the department's plans, we were refused the right to even an appointment with the secretary."

Muldrow's committee was made up of a farmer (or a stockman) from each of the 48 states which was supposed to meet with the labor department and discussed proposed labor laws. Muldrow told how instead of counseling with the committee to see what they thought of the laws in their

proposed form, the labor department has through the years finally worked the committee around until they can't even have a voice in the problems at all.

"Since we can't function as a committee anymore, we (committee members) have been working as individuals in order that farmers and stockmen of our nation can be informed of the plans of the labor department," says Muldrow.

Describing the latest actions of the two U. S. Senators from Texas, Muldrow read an article on the close battle for the amendments to the Kennedy Labor bill which passed in the Senate by only a one-vote margin.

"I got a letter from Sen. Johnson only recently and he told me he would take care of us down here and keep our problems in mind," Muldrow told the group, and read Johnson's letter concerning the labor problem.

"But then Johnson turned right around and he and Ralph Yarborough both voted against the Labor Bill of Rights."

"This labor reform bill was opposed by members and supporters of organized labor." "We can only judge our representatives by what they do, not by what they say their actions will be," Muldrow warned.

"Organized labor is not writing the laws of our land," Muldrow warned, pointing out that "it is up to you and me to voice our opinions and keep in touch with our representatives and make our points heard."

Kendricks, following Muldrow on the program, warned that despite the way the ballots are labelled the U.S. now has a "three party system."

"We must not forget the Labor Party," warned Kendrick.

"If we are to survive we

must fight labor with our vote and our influence.

"They are already working on their Black Lists for the 1959 and 1960 elections," Kendrick told the group, reading a list of senior statesmen whom

labor has named to go (the list included many anti-labor names, including Sen. McClellan of Arkansas, chairman of the congressional committee which has had so many of the Fifth Amendment union bosses

on the carpet in Washington the last several years.

"We are selling out our birthrights by neglecting to do our duties as citizens," Kendrick says.

Local Lions Attend District Convention

Several Friona Lions have made daily trips to Plainview to attend the District 2T-1 convention Sunday, Monday and Tuesday.

Sunday afternoon about two

dozen Friona Lions and Lionesses attending the opening program which included a luncheon, entertainment by the Wayland International Choir and the Lion Queen Contest.

Miss Nancy Outland, daughter

of Mr. and Mrs. Hank Outland of Friona represented the Friona Lions in the contest.

Mary Kay Woddall of Amarillo was named from a field of 65 contestants as the District Lions Queen Monday afternoon.

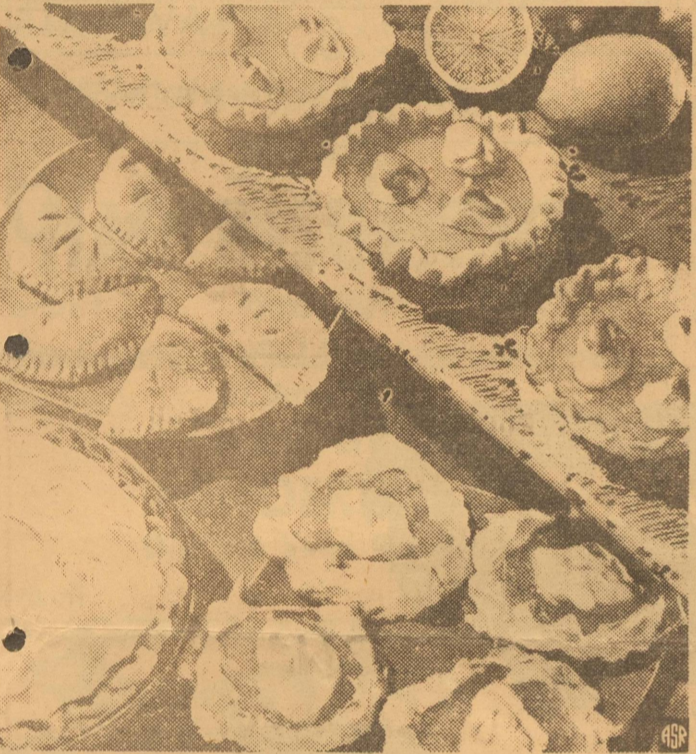

Monday the program included business and committee reports and hearings.

Tuesday the new district governors for District 2T-1 and District 2T-2 were named.

The district was split thus having the election of two governors.

Frionans who have attended the convention include Boss Lion Deon Awrey, Bill Nichols, Marion Flite, Grady Dodd, Steve Messenger, Preach Edelman, Wesley Foster, Kenneth Williams, Flake Barber, Joe Ferrell and George W. Jones.

Lemon Sweets To Suit Your Whimsy

As whimsical as a new spring hat, this lemon filling can take any form you want... in a pie with a swirl of meringue, in little party tarts... as well as in pastry turnovers or fluffy light meringue shells. It's just the right note for a menu lift!

But more than being versatile, the fresh lemon filling is so good... and so easy to make. With the help of a prepared pie crust mix and meringue mix, your most luscious desserts can be turned out in minutes... with very little fuss and much success.

Lemon Whimsy

- 5 tablespoons cornstarch
- 1 cup sugar
- 1/4 teaspoon salt
- 1/2 cups water
- 1/3 cup fresh lemon juice
- 1 teaspoon grated lemon peel
- 3 tablespoons butter
- Few drops yellow food coloring

Mix cornstarch, sugar and salt in saucepan. Add water gradually, stirring until smooth. Bring to a boil over medium heat; cook for 6 to 7 minutes, stirring constantly. Remove from heat. Add lemon juice, peel, butter and food coloring. Cool. Makes about 2 cups filling.

NOTE: This is enough filling for one 9-inch pie, three large tarts or six small tarts, four meringue shells or six pastry turnovers.

NEW LETTERJACKETS--Four seniors on the Squaw basketball team show off their new letterjackets for the public. The girls sporting the jackets above are LaVon Fleming, Jonnie Hand, Janiece Bock, Robbie Boggess and Elaine Holcomb.

NEWS FROM BLACK

The Black Home Demonstration Club is sponsoring a film on cancer of women to be shown at the club house on Monday night, May 4 at 8 o'clock. Dr. Anderson of Friona will be present to answer questions following the film. All ladies in the entire county are cordially invited to attend and bring a guest. Refreshments will be served. We ask that you do not bring your children as this is an adult film and will be ladies only.

Mrs. R. E. Barnett is back home after spending a few days in the Deaf Smith County Hospital in Hereford. She is feeling quite a bit better.

Mr. and Mrs. Clyde Hays were in Amarillo Thursday on business.

Mr. and Mrs. John Bengier attended the county teachers meeting in Lazbuddie Thursday night.

The Black Home Demonstration club met Thursday at the club house with Mrs. Howard Elmore serving as hostess. After the business meeting the program was turned over to Tom Lewis, who gave a cosmetic demonstration using Lucille Rocky as a model. Refreshments were served to members; Mildred Barnett, Ann Carthel, Opal Cobb, Helen Fangman, Maxine Price, Altha Presley, Eleanor Prewett, Lucille Rocky, Inez Sherley, Mildred Welch, the hostess and three visitors Mrs. Hubert Singleterry and Mrs. Henry Lewis both from Friona and Mrs. Neal Clearly of Amarillo who is the daughter of Mrs. Sherley. Next meeting will be May 7 at the club house with Mrs. Presley as hostess.

Mr. and Mrs. J. R. Braxton returned home Friday from a business trip to El Paso. While there they took sight seeing tours of both El Paso and Juarez. They also attended a bull fight.

Jim Tartley of Santa Anna, California and Mrs. Jim Bookout of Hereford visited in the Clyde Hays home Friday night. Mr. Tartley is Mr. Hays' uncle and Mrs. Bookout is his sister.

Mr. and Mrs. John Bengier spent Saturday evening in Amarillo.

Mrs. Weldon Tatum and daughter Pamela, Mrs. Jerry Houlette and daughter Debbie,

CHARLES BEATON, son of Mr. and Mrs. Estes Beaton, was recently promoted to the rank of sergeant in the army. He is currently stationed in Europe.

and Mrs. Ellis Tatum went shopping in Amarillo Saturday. Mrs. Beatrice Brady of Clinton, Oklahoma is visiting in the home of her sister Mrs. Tom Presley. Mrs. Brady has been in Fort Huachuca, Arizona since March visiting her daughter Mrs. James Dixon. The Dixons formerly lived in Hereford.

Gene Welch and daughter Veveca and Bill Carthel went to Amallo Saturday afternoon. The Welchs' visited his brother Mr. and Mrs. Wayne Welch who moved to Venango, Nebraska over the week-end. They also visited his brother Bob Carthel who underwent surgery Tuesday morning. Bob is now at home and reported to be getting along well.

Pamela Tatum, daughter of the Weldon Tatums of Canyon, spent last week with her grandmother Mrs. Ellis Tatum.

Wesley Barnett, student at Texas Tech, visited over the weekend in the home of his parents, Mr. and Mrs. Fern Barnett.

Mr. and Mrs. Roden Smart returned home Sunday morning from Gainesville where they had been for about a week.

Mr. and Mrs. Johnnie Bengier attended a family reunion in Borger Sunday. Mrs. Bengier's brother Clifford McMillan of Houston also attended.

Mr. and Mrs. Mel Clayton of Tulsa visited in the Clyde Hays home Sunday.

Mr. and Mrs. Lloyd Prewett and Ann visited their son Graham at Texas Tech Sunday. The Prewetts also visited her sister Mrs. R. L. Bray while in Lubbock.

Mrs. Gene Welch visited with her sister-in-law, Mrs. Earl Harkins of the Frion community Monday afternoon.

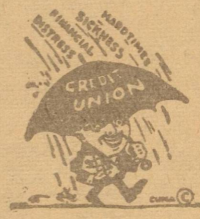

DUSTY DUSTY WORK--Clyde Fields, hidden amidst the dust on top of the street sweeper, guides the machine down the curb along Main Street in Friona Tuesday morning in preparation for retopping the curb area of the Street.

Stock panel doors turned on their sides are ideal as wainscoting for the walls of a dining room, family room, or enclosed porch. Properly fitted and painted or stained, these doors of ponderosa pine give the appearance of rich, custom-made paneling at a fraction of the cost.

REROOFING APPLICATION AVOIDS WEATHER ILLS
In reroofing, asphalt shingles usually can be applied directly over the old roofing material. One big advantage of this is that the house is not left unprotected if a sudden rainstorm blows up before the new roofing is in place.

Fear always springs from ignorance.

Five Attend FHA Convention

A group of Frionans left Canyon about 10:30 Thursday morning for Dallas where they attended the state FHA convention. The two girls making the trip, Lawana Houlette and Jacquelyn Magness, participated in the band contest at Canyon that morning.

They were accompanied by Mrs. Wesley Foster, Mrs. H. T. Magness and Mrs. Ernest Osborn, FHA advisor. Convention headquarters were at the Adolphus Hotel, where the group had reservations.

In addition to attending several sessions of the organization and hearing leading educators from over the state speak, the Frionans went shopping, sight-seeing and toured the SMU campus.

The group left Dallas early Saturday morning and arrived in Friona early in the evening.

Want to keep a happy home? Learn to cook well. Divorce statistics reveal that the rate of separations decline sharply where the wife is a good cook. As any good cook knows, the result of her handiwork has a special charm to which beauty is not a shade of competition.

Atomic energy promises new wonders in the production and preservation of food. Recent Army Signal Corps tests using gamma rays to destroy microorganisms that cause decay showed that perishable foods were kept in excellent condition for months at room temperatures. A two-month-old loaf of bread stayed fresh and mold-free. Where untreated potatoes sprouted and shriveled, treated ones remained in perfect condition for six months. Meat and fruit showed like benefits of exposure to gamma rays.

Treated foods have been fed to animals and military volunteers without harmful effects. Congressmen have eaten entire gamma-sterilized meals.

When you buy new cottons, save the washing directions. These instructions are the result of tests and research by the people who know their business. By following them, you can lengthen the life of cottons and save money.

Having trouble with a water-stone buildup on the bathroom tile near the shower? It's a condition found in hard water areas. An effective tile and tub cleaner is household lye. One teaspoon in a gallon of water does an excellent job and saves you work. Rinse clean after using this solution. Do not use on trim made of aluminum.

An age-old beauty tip for fingernails is to rub them over a bar of soap before doing chores such as dusting, gardening, etc.

Bible Reading

If any man suffer as a Christian, let him not be ashamed; but let him glorify God on this behalf. (1 Peter 4:16.)

On a cold winter's day, St. Francis of Assisi and Brother Leo were walking together. For a time they traveled in silence. Then Francis began to talk about the nature of real joy. He said one does not find perfect joy by setting a good example, nor by doing miracles; nor by having great knowledge, nor by the ability to preach so that souls become converted.

"If these things do not give perfect joy, where can it be found?" asked Brother Leo.

Francis answered that perhaps they might come to their next stopping place, cold and

hungry and soaked with rain. The porter might refuse to let them in. He might accuse them of being good-for-nothing. St. Francis says if they could bear his abuse with patience and not think badly of him, then they would experience perfect joy.

It is in willingly enduring all things for Jesus' sake which makes a Christian joyful. Nothing then defeats him, for he belongs to his Lord.

PRAYER: O loving God, forgive us for our sins against Thee. Grant that the joy which was in the heart of Jesus may be in our hearts, too. Give us strength and courage necessary to endure all things for His sake. In His blessed name we pray, Amen.

THOUGHT FOR THE DAY: I will live today for Christ's sake and not for my own. Raymond W. Fenn (Nova Scotia)

PHEW-W-W--BARELY MADE IT--Darla Bingham zooms over the marker during the High School Division events. Darla made this jump and went on to place third in this event of the meet.

in and around FRIONA

WITH JUNE

One of the prettiest planters we have seen recently is on the lawn at the Sam Williams residence. Of course, it will be much prettier when the flowers that are being planted begin to poke their brightly colored heads out.

From the car window it looks as if the planter came into being in this fashion. Sam, an adept workman with tools, took some wheels off an old planter, cultivator or other horse drawn implement and brought them into town.

Next, he rummaged around somewhere and found some worn out chicken feeders. The tray parts of the chicken feeders were then mounted on the wheels in four different places. The resulting planter makes a very pretty addition to the Williams lawn.

There will be one disappointed passerby if verbenas aren't blooming there later in the summer.

How long has it been since we've had lilacs bloom two years in a row? Feel sure that several of the beautifully colored bushes we have seen in bloom are lilacs.

There is a lot of color in the Jim Cocannouer yard already. Think Jim and Sally share the hobby of growing flowers.

The Floyds enjoyed a lovely bouquet from their yard over the weekend.

Another spot of beauty that we enjoy each spring is the plot of lawn Mr. and Mrs. L. R. Dilger have for a tulip bed. This spring the tulips are beautiful there. If you haven't seen them, you've missed a treat.

Another case of mistaken identity caused this writer some embarrassment at the hospital Friday afternoon. Although Martha Mae Pruet is one of our favorite nurses, we haven't seen her in quite some time.

Friday morning we heard someone say that she had had surgery and later when we saw Tom, Melissa and a person we presumed was Martha Mae walking down the hall. Our first thought was that she was making satisfactory progress. Later we met the trio near the nurses desk. Even though the person we thought was Martha Mae showed no sign of recognition, our greeting went something like this, "How do you feel being a patient instead of a nurse?"

To which the lady we were addressing replied, "I see you think I'm Martha Mae. I'm her twin sister." After making some kind of stumbling apology, we started on down the hall and she very graciously said,

"Several people here have mistaken me for Martha Mae." Knowing we were not the only one who had made the mistake was some consolation.

Think the drive-in window at the bank is beginning to catch on. For several weeks there seemed to be very little traffic through the breeze way. Then the past few days we have noticed cars waiting in line several different times.

Several persons we have discussed this new service with have remarked, "If I can remember it, I'm going to drive around there the next time I have banking business."

Delwin Hinkle, young son of the Rodney Hinkles, talks very well for a boy his age and was greatly impressed with his new baby brother. In a conversation with his grandmother late Friday he said, "Grandmother, I don't see why we can't just take him home with us now that we've got him."

Any time you hear a lecture on the best way for young people to prepare themselves for the future, learning another language is high on the list. Those of us who can only speak one language will soon be as outdated as last year's hat.

Most of us could manage to learn another language if we put forth some effort. The children and grandchildren of the Rudolph Renners could very easily learn German as this couple speaks the language fluently.

Monday morning Mrs. Renner and her cousin, Mrs. Jael Wilhelm recently from Germany, were in the office and since Mrs. Wilhelm speaks very little English and June Floyd speaks absolutely no German, it was necessary for Mrs. Renner to interpret the conversation.

It is simply amazing how many one could carry on a conversation one minute in one language then immediately switch to another without losing the thought. Apparently Mrs. Renner wasn't the least bit disturbed.

Mrs. Wilhelm and her daughters, Bianca and Sonja, and granddaughter, Dagmar, spent several months last summer here then went to New York. Recently the four returned to Friona to make their home and are living in Oscar Pope's house at the corner of Prospect and Eighth streets here.

Sonja, a ballet dancer, is opening a dance studio and has organized a class for children. She taught ballet, tap dancing and gymnastics and plans other classes for children and adults.

Bianca is a professional photographer and is offering 24 hour service on developing, enlarging and reproducing photographs.

Mrs. Wilhelm is a dressmaker and will do plain or fancy sewing. She makes costumes to order, does remodeling and any other type sewing. Dagmar is a fifth grade student in the local school.

Most of the stumbling blocks people complain about are under their hats.

BOIL OILSTONE

Boiling an oilstone in clean water will remove the glaze of hardened oil and bits of metal that reduce its sharpening ability.

The term "pin money" comes from the time when pins were scarce and valuable, and were sold only on the first two days of the year. According to The World Book Encyclopedia, wealthy women flocked to the shops to buy the pins with money provided for this purpose by their husbands.

Of the 30 million women and young girls who are stitching their way to the biggest home sewing boom in U. S. history, about 5 million in 20 western states are eligible to enter the 1959 "Make It Yourself With Wool" Contest.

GET EARLIER BLOOMS Quick color for the garden can be obtained in spring and early summer by purchasing potted plants in flower or about to flower. With some annuals, such as marigold, petunias, and zinnias, you'll have a head start on blooms of as much as 6 to 8 weeks.

Radio Announcer: "Tune in again next week--same station, same time, same jokes!"

Definition of lipstick: Pucker Paint.

Thought for the week: Conscience gets a lot of credit that belongs to cold feet.

2 out of 3 buy insurance through an Independent Agent

Here are some of the reasons:

THE RIGHT INSURANCE—An independent insurance agent is ready to help his customers at any time. Over 100,000 independent insurance agents across the country who display this seal will help an insured car owner when he is away from home.

CLAIM COLLECTION—When a car owner has a loss, his independent insurance agent helps him file and collect his claim. The independent agent negotiates with the company.

AVAILABILITY—An independent insurance agent is ready to help his customers at any time. Over 100,000 independent insurance agents across the country who display this seal will help an insured car owner when he is away from home.

You get all these benefits when you insure your car through an independent agent. So be sure you do as two out of three car owners do—buy your insurance through an independent agent.

Only an Independent Insurance Agent Can Display This Seal

FILE COMPLAINTS
One of the worst evils of the home work racket is the fact that, though the perpetrator can eventually be stopped in his activities by the authorities, there is little redress for those who have already lost their money. The racketeers know this. Usually, there must be complaints to start an investigation. Many people do not complain. The promoters continue their operations until complaints have been received by the authorities, either from the public or from the Better Business Bureaus. It takes time to develop a case. When the Government is ready to proceed, the promoter often takes the name of the promotion off the door, and starts a new one under a new name, or starts the same enterprise under a new name.

The Thrill That Comes Once in a Lifetime

Bobby Sartain Fills Pulpit

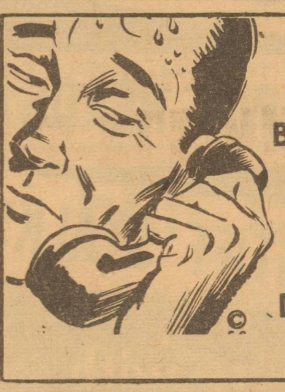

Bobby Sartain, son of Rev. and Mrs. L. A. Sartain, filled the pulpit at the First Baptist Church here Sunday morning in the absence of his father, who was assisting with a revival meeting at the First Baptist Church at Canadian, Texas. Bobby is a ministerial student at Wayland Baptist College, where he is classified as a sophomore. He has supplied in several churches, the most recent one being the First Baptist Church at Clarendon.

MAX TRACKS--
the black monstrosity which occupies half our desk caught our ire Monday and Tuesday. Mainly because the \$\$\$#! thing wouldn't work.
Luckily on Monday and Tuesday folks could call us, but we couldn't call out.
Perhaps this worked out ok, for who likes for us to call them, but on occasions we enjoy dialing a number without having to go down the street to use someone else's phone.
But, from what little we know about telephone equipment, it seems that Friona is blessed with the PBX which served Noah on the arc.
Before we get too wound up on this subject we'll quit with this statement -- if our phone ever makes it through one 30-day period when it works we'll be sure to say something praising it!
If members of our staff seem to bother you a little earlier in the week than usual it is because we are going to try something new.
Beginning with this issue The Star will be printed Wednesday night and (we hope) will be in the post office for your convenience every Thursday morning.
We know Leo and his crew over at the post office will like this arrangement and we hope that our subscribers will like it better also.
But--such an arrangement calls for us getting the stories when it happens, instead of Tuesday night or Wednesday mornings, so we will have to depend upon your cooperation to make this move a success.
Advertising deadlines will remain the same, Tuesday noon, and those of you who have news items we encourage you to phone them in as early as possible.
We solicit your support in

GROUP TOURS PURINA FARM AND LABORATORY--Seven Frionans were among a group of approximately 300 farmers from this section of the country who visited the Purina Research Farm at Gray Summit, Mo. last Monday. Pictured here are Ellis Tatum, D. G. Hand, Ernest Anthony, C. H. Hammock, R. E. Rowland, Purina president, Harry Harvey of Portales, Melvin Sachs, Thomas Lewellen and E. H. Cummings.

notifying The Star when an event of general interest occurs.
Frequently we overlook an item, not because we don't want to print it, but rather because we just didn't know about it.
We pledge to you to make the Friona Star a hometown paper which you can be proud of, but it takes a little help, for we can't be everywhere at once and need your help and support to get all the news possible in the paper.

Buy . . . from the folks whose community interests are the same as your own

The Diary of a Dollar

It has been a busy day. Early this morning I was swapped for some medicine for his baby by a young fellow who got me in exchange for farm produce.

- The druggist gave me to the boy who sweeps out for him, and the boy spent me to get his suit cleaned and pressed for the school party tonight.
- The cleaner took me and

some of my brothers and paid his school taxes. I was in the bank only a few minutes when a school teacher cashed her pay check and I started around town again.

- Before the day ended I had changed hands twenty times, and had put \$20 worth of goods and service into people's hands . . . had accounted for \$20 worth of trade volume in the community, and had been in one poker game. Not

a bad day's work for one little old dollar.

- I'd like to hang around this nice community for a while longer. But I wound up the day in the hands of a city-shopper. Tomorrow I'll be on my way to go to work for city folks. It seems that some people want to get us dollars out of their sight and reach . . . maybe for fear we'll make their community a better place to live.

Better Corn Production Shown "In a Nutshell"

Increased interest in corn production for the 1959 growing season has recently developed in this area. The available information on corn production can be summarized as follows:

1. Land: Should be of medium to high fertility and fairly level to insure good water penetration.
2. Fertilizer: 100 to 150 pounds of nitrogen either pre-plant or sidedressed early, and on sandy lands or land that has previously given response to phosphate; 60 to 80 pounds of P205.
3. Planting: Plant as early as practical, usually from April 10th to May 1st. Earlier planting gives more opportunity to harvest before corn falls down.

Plant at a rate to get 16,000 to 18,000 plants per acre or one plant every 8 or 9 inches in 40 inch rows (usually 10 to 12 pounds per acre).

4. Irrigation: Moisture requirements are critical at silking and tasselling and the corn will probably need one irrigation after silking to develop ears. Corn will require three to five irrigations depending upon maturity type of hybrid, rainfall, type and contour of land.

5. Cultural Practice: About same as for grain sorghum.

6. Harvesting: Corn should be harvested when moisture gets from 15% to 20%. Some reports indicate that corn can be combined with moisture ranging from 20% to 25%. This

practice reduces harvesting losses and permits earlier harvesting, but requires drying the grain.

7. Varieties: There are many good commercial white and yellow hybrids of early, medium and late maturity. Some of these are: Texas 17W, 26, 28 & 30; Asgrow 104; Conrads 3; Watsons 111; Funks G779W & 740; TRF 9 & 10; PAG 485; Dekalb 1002 & 1023; Northrup King KW5.

8. Expected Yield: 90 to 150 bushels per acre.

(From information furnished by High Plains Station, Halfway.)

SOIL CONSERVATION DISTRICT NEWS

Beginning on the fifth Sunday after Easter and continuing through the following Sunday, soil conservation districts through the nation will observe Soil Stewardship Week.

The National Association of Soil Conservation Districts promotes Soil Stewardship Week in hopes that it will be an influence in awakening man to his responsibility as stewards of the soil.

Quoted below is a very

moving thought by Nolen J. Fuqua, who was, until a short time ago, President of the National Association of Soil Conservation Districts.

"Sometimes when I am riding in a plane - often at altitudes of three or four miles - I look down upon the crops and grazing lands far below.

"I see broad areas scarred by gullies and the white or grey patches of sterile subsoil where no good topsoil is left.

"This thought usually comes to me: This must be the way that God looks upon what we have done with His gift of soil.

"The sight can only bring sadness to Him.

"And I think of the many more millions of people who year by year will move into our nation and our world. Statisticians say the population on this country has passed the 170,000,000 mark - a gain of 18 million in six years. Three million a year!

"If we fail in our stewardship, the time may not be too far distant when our blessed abundance which has been our strength may give way to scarcity. Then there may come years when good crops will not be enough to meet our needs.

"Looking at our farms and ranchlands from high above makes me more certain than ever that there is a divinely conceived charge to mankind to use God's land wisely, and to pass it on in better condition to the next generation.

"Can a nation be neglectful of its stewardship of the soil and still be a religious person?

"This is God's earth. We ought to try seeing it as He sees it - and each of us may better realize our stewardship in the use of His land."

Remember Soil Stewardship Week May 3-10, 1959.

Work accidents on the farm kill 3,500 to 4,000 persons yearly, according to findings of the National Safety Council. Although there are more deaths in farming than in any other major industry, the death rate per 100,000 workers is not as high as in the construction or mining industries.

County Agent Leaves for Trip To Italy; Will Promote Maize

Joe Jones, Farmer County's agricultural agent, has been selected by the Grain Sorghum Producers Association to represent that commodity at several very significant agricultural meetings in Italy this spring.

The purpose of his trip will be to help stimulate the increased use of grain sorghum in the feeding rations of that part of Europe. This is a phase of an educational and promotional effort being made by the commodity group through the Foreign Agriculture Service.

Jones has been preparing himself for the month-long trip for several weeks. His passport

A PREVIEW FOR THE BIG SHOW is seen by Bob Crozier of the Farmer County SCS, as he visited in County Agent Joe Jones' office Friday. The agent is running the slide projector and describing scenes taken in the Farmer County area that will illustrate a talk he will make at a feed manufacturers convention in Rome.

COUNTY 4 H NEWS

BY LARRY POTTS

Dewain Phipps called the meeting to order. Dwight O'Brian led the 4-H pledge. Eldon Long, Charles Fry, Gary Lou Renner and Dewain Phipps gave a report on the county livestock show. Dewain Phipps then turned the meeting over to Joe Jones. Joe talked to us about our future projects and our tractor maintenance test. We were then given awards for the past year. The meeting was adjourned.

FRIONA SR. 4-H CLUB BY JOE TAYLOR

The meeting was called to order by president Dewain Phipps, the pledge leader led us in the pledge, and Gary Lou Renner gave a report on the pig show and Dewain Phipps gave a report on the calf show. Then the meeting was turned over to Joe Jones and we discussed our projects, and the tractor contest on Saturday. Some of the pins and ribbons were handed out and the meeting was adjourned.

LAZBUDDIE JR. 4-H CLUB BY RONALD ASHFORD

The meeting was called to order by D. H. Foster. Buddy Embry read the minutes. The pledge was led by Lloyd Bradshaw. Lloyd Bradshaw and D. H. Foster gave a demonstration. Gary Coker, Ronny Miller, Hoppy Jennings, Bobby Gleason, and Bobby Redwine gave reports on the county fat stock show. Lloyd Bradshaw gave a report of the demonstration day held at Farwell Saturday, April 18th. Six club members bought record books. Seven members plan to write essays in the Sears gilt contest. Four boys will enter the crops contest this year. Four boys plan to feed calves for the county show next year.

FRIONA SR. 4-H CLUB BY GARY BROWN

The meeting was called to order by Harrol Redwine. Carol Redwine led the pledge. Eugene Houston read the minutes. Calvin Mason gave a report on the Friona show. Carol Redwine gave a report on the sheep at the show. Harrol Redwine gave another report on the Friona show. The meeting was turned over to Joe Jones. Joe talked to us on how to prepare a project for showing.

The National Safety Council says auto seat belts can help prevent death and serious injury in highway accidents. A recent study of fatal auto accidents showed 17.4 per cent of the persons in the persons in the cars without seat belts were thrown out and killed. Only 2.2 per cent of those in cars with seat belts were killed.

Now Ready!

Complete lines of new coaches by Great Lakes and Midway

We have just taken on American coaches.

Valley MOBILE HOMES Clovis

1121 W. 7th PO2-1206

In recent months the U. S. government has indicated an interest in stimulating consumption of feed grains overseas. A special working agreement was made between the USDA and the grain sorghum association to cooperate on a joint educational and promotional program to that end.

Jones' trip is a result of this plan to stimulate grain sorghum exports.

The local county agent will return home by way of Washington, where he will report to the Foreign Agricultural Service on the results of his trip.

It's Planting Time!

Cottontail: We Have Some.
Corn: We Have Nearly Every Variety, especially Asgrow's white and yellow corn.

Vegetable seed and lawn grasses.
Weed sprays, bindweed and johnson grass killers. Pest insecticides and grain fumigants. Better inspect the grain bins. Use weevil killer. Hybrid grain sorghums are plentiful right now and we can take care of your requirements. Some of these popular varieties will be scarce later on.

See us for your favorite hybrid sorghum.

James Mabry, Celia Berry To Be Honored at Banquet

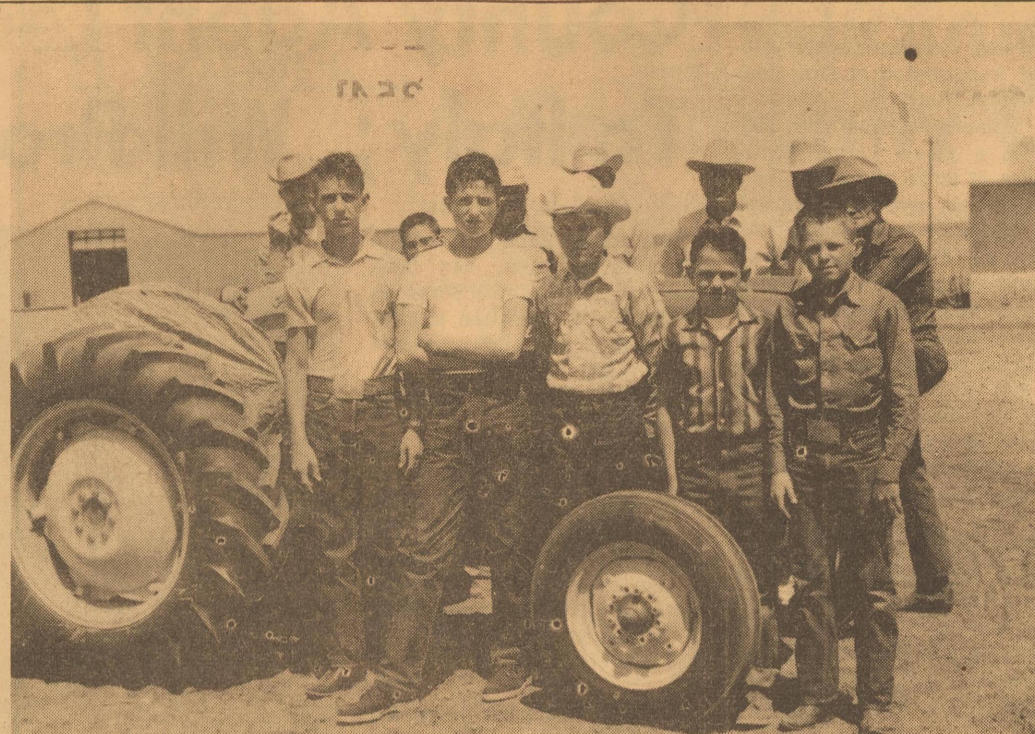

Two Parmer County people who won awards in the annual Ft. Worth Press "Save the Soil and Save Texas" conservation contest will be recognized at a special soil conservation banquet in Wellington May 16.

They are James Mabry, Hub farmer, and Celia Berry, Bovina High School student. Mabry was judged first place winner in the Region I contest, which included the Panhandle and South Plains area. He has the title, "Outstanding Conser-

vation Farmer of Region I" and will receive \$100 for the win. Miss Berry won second place in the regional essay contest, and will receive a trophy for this accomplishment. She was the winner of the Parmer County Soil Conservation District essay contest this year.

Mabry was picked by the local SCD as soil conservation farmer of the year.

Both will receive additional recognition at the annual Parmer County SCD banquet which will be held in the fall.

THE 4-H TRACTOR DRIVING CONTEST was in Friona Saturday morning. Boys who competed are on the front row. They are, left to right, Dwain Phipps, 2nd; Dwight O'Brian, 3rd; Gary Foster, 1st; Royce Gibson, 5th; and Gerald Foster, 4th. The boys were also given written and "daily check" examinations. In the background are county adult leaders in the 4-H tractor maintenance schools.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Well, full refund of road use tax on farm-used gasoline is assured for one more year. Hundreds of telegrams from members supporting Farm Bureau Legislative teams in Austin each year keep this the way it is. Now if we are successful in making it an annual, simplified procedure, it will be much better . . .

About twenty five Friona FFA

boys and Mr. Gee accompanied the weed committee to Bushland for the annual noxious weed demonstration last Thursday. Members and others working with the committee who attended were Raymond Schueler, chairman; J. T. Jones and Gus Schlabs, members; Joe Jones and Bill Nicholas, associate members. Friona State Bank paid for the meals for the FFA boys. Work is being planned for the season's operations in the county. We hope you will cooperate with every proposal to get rid of noxious weeds. *****

Wheat: Mr. James Dyess, Commodity Stabilization Service, testifying before a House subcommittee on wheat made the following statement with regard to the OVERSEEDING OF WHEAT: "The larger farms in 1958, those subject to penalty seeding above 15 acres, planted about two million acres more than their allotment . . . The small farms, those under fifteen acres, planted about 4.5 acres in excess of their allotment." So you can see where the bulk of the surplus came from. *****

More than thirty telegrams that we know of have been sent from Parmer County, in fact most of them right around Friona, urging influential people like the president, vice-president, secretary of agriculture, Senator Dirksen, and the Republican national chairman, Thurston Morton, to block Secretary of Labor Mitchell's plans to extend the Wage and Hours Act to agricultural and retail people. Meetings are being held in every area within the state in an effort to keep this thing from happening. Farm Bureau has always opposed this kind of move from the local, state and national level. *****

Roger Babson, economist, ended his last week's column thusly, speaking of the problem

of unemployment: "Also, all of us must be willing to fight the liquor evil, which is one of the causes of unemployment."

Fungicides Aid In Controlling Cotton Disease

Use of in-the-furrow fungicides at planting time may be an effective aid for controlling cotton seedling disease in some areas, says Harlan Smith, extension plant pathologist.

Cotton seedling disease is one of the major diseases attacking cotton in Texas, Smith pointed out. Last year it cost Texas farmers a little over 4 1/2 million dollars.

Information concerning use of in-the-furrow fungicides at planting time, a relatively new seedling disease control prac-

ture, was first published by the Texas Agricultural Experiment Station in January of 1958. About 400 Texas producers used the practice on a total of 26,523 acres last year.

Most of the treated acreage was centered in the High Plains and Lower Rio Grande Valley.

For general use a mixture of Captan, Zineb and PCNB applied as a spray or dust is recommended. As a spray, 5 pounds of a formulation containing 15 percent active Captan, 22.5 percent active PCNB and 26 percent active Zineb applied in water at the rate of 7 gallons per acre is suggested.

As a dust, 10 pounds of a formulation containing 7.5 per-

cent active Captan, 11.5 percent active PCNB and 13.0 percent active Zineb per acre is effective. Nabam applied as a spray at the rate of 1 gallon per acre should give good re-

sults in soils with a pH below 7.3.

The wise man looks ahead.

4-H Clubbers Go to District

Parmer County 4-H students will be in Canyon Saturday to compete in the district 4-H contests. Those from Parmer County who will be competing, and the contests in which they are entered, are as follows:

JUNIOR CONTESTS
VEGETABLES--Charlotte Seaton and Johnnie Ivy, Lazbuddie.
SAFETY WITH GUNS--Jimmy Mace and Mike Watkins, Farwell.
POULTRY MARKETING--Peggy Carrell and Judy Koelzer, Lazbuddie.

DAIRY FOODS--Phyllis Christian and Linda Phillips, Farwell.
INDIVIDUAL--Patsy Chitwood, Lazbuddie.
ELECTRIC--Bruce Billingsley and Janice Billingsley, Farwell.
SENIOR CONTESTS
DAIRY FOODS--Barbara Rea of Bovina and Janice Hillcock of Farwell.
ELECTRIC--Judy Billingsley of Farwell and Virginia Rea of Bovina.
SOIL AND WATER CONSERVATION--Roy Donaldson and Jimmy Armstrong, Farwell.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Homemakers in our area who raise gardens are already thinking in terms of fresh vegetables for the table with enough to fill the freezers and empty jars. It is interesting to listen to homemakers discuss the freezing and canning of vegetables.

Most of us have already learned which vegetables go best at our house canned or frozen. Then, there are always new methods of preparing foods for freezing that we are anxious to try. It isn't at all unusual for a family to enjoy a vegetable prepared by one method and reject the same vegetable prepared differently.

Since squash is one vegetable that the Floyds enjoy eating fresh, we have been most anxious to discover a method of canning or freezing it so that it will be eaten.

Recently Mrs. Weldon Stringer gave us a recipe for Scalloped Squash and it is being printed in our Star cook of the week feature. It is possible that a person could utilize canned well.

TRACTOR DRIVING--Gary Foster of Farwell.

squash in this dish, and if so, we plan to can squash this summer.

In a recent magazine article this question was asked, "Do you play games with your children?" The writer gave a number of good reasons why any mother should arrange to spend some time playing games with her children of all ages.

There are a large number of new educational games on the market that will teach as well as entertain. Those that are especially recommended are the ones that deal with words.

Outdoor games were recommended for exercise, fresh air and companionship. Maybe if more of us participated in outdoor games with our children instead of acting as referee when disputes arise there would be less confusion and we would have less umpiring to do.

At least, it is something we should think about.

Most of us read and hear a great deal about mental health and realize that it is important to our physical well being to be well adjusted mentally and for this reason spend a great deal of time endeavoring to help our children become well adjusted adults.

In a recent issue of the Parents Magazine, the following article was printed. The suggestions were made by Dr. George S. Stevenson, medical consultant for the National Association for mental health, Ten Safety Signs For Good Mental Health

1. A tolerant, easy-going attitude toward yourself as well as others.
2. A realistic estimate of your own abilities--neither underestimating nor overestimating.
3. Self-respect.
4. Ability to take life's disappointments in stride.
5. Liking and trusting other people and expecting others

6. To feel the same about you, and having a sense of responsibility to your neighbors and fellowmen.
 7. Acceptance of your responsibilities and doing something about your problems as they arise.
 8. Ability to give love and consider the interests of others.
 9. Ability to plan ahead and set realistic goals for yourself.
 10. Putting your best efforts into what you do and getting satisfaction out of it.
- *****
- If there is someone in your family who is allergic to milk and eggs, you will appreciate the following recipes.

APPLESAUCE CAKE
 1/2 cup shortening
 1 cup sugar
 1 1/2 cups applesauce
 1 1/2 teaspoons baking soda
 1 teaspoon vanilla extract
 1 1/2 oz. package raisins
 2 cups sifted flour
 1/2 teaspoon baking powder
 1/4 teaspoon salt
 Cream shortening and sugar. Add combined applesauce, soda and vanilla. Do not be concerned if mixture separates. It will blend as ingredients are added. Stir in raisins. Sift together flour, baking powder and salt, add to creamed mixture. Mix well and turn into greased 8X8X2 inch cake pan. Bake in moderate oven (350 degrees) 50 to 60 minutes or until cake is well done.

BANANA CUPCAKES
 2 cups packaged biscuit mix
 1/3 cup brown sugar
 3/4 cup mashed banana
 1/4 cup water
 2 tablespoons melted shortening or salad oil
 1 teaspoon vanilla extract
 Combine biscuit mix and sugar. Add mashed banana and water alternately stirring after each addition. Stir in shortening and vanilla. Bake in greased cupcake pans or paper cups in moderate oven (375 degrees)

H. D. AGENT'S CORNER

Jimmie Lou Waincott

Have been practicing with the 4-H demonstration co. winners this past week. Monday worked with Charlotte Seaton and Johnnie Ivy at Lazbuddie on their vegetable demonstration. Wednesday I attended a family economics training meeting in Amarillo conducted by Mrs. Eula J. Newman, home management specialist from College Station.

Wednesday afternoon late I went to the Dee Chitwood home at Lazbuddie and helped Pat Chitwood with her dairy foods demonstration. Thursday after school I met Judy Billingsley and Janice Hillock and we went to Bovina and practiced with Virginia and Barbara Rea on their dairy foods and electric demonstrations. Then that night Linda Phillips and Phyllis Christian came to my home and we worked on their 4-H records that they have to turn in for their dairy foods jr. team.

My plans for next week are to go to Lazbuddie to practice with Johnnie and Charlotte again and to practice with Judy Koelzer and Peggy Carrol on their poultry demonstration; Wednesday to judge the women's advanced dressmaking review at Tulia; Thursday to prac-

Unused Allotments A Community Concern

Cotton is a commodity which creates a good "multiplier" effect in the economy, says Bob Cherry, economist for the Texas Agricultural Extension Service, because most of the cotton farmer's dollar is usually dropped into the money stream of the community. Though the dollar's identity may be quickly lost, it tends to circulate through all the avenues of trade and commerce.

The loss of cotton income, on the other hand, can adversely affect a commodity's whole economy, points out Cherry. For that reason, adds the economist, communities can look upon unused cotton allotments as a matter of community concern. Last year, for example, about one out of each 20 allotted acres was neither planted nor put in the soil bank.

The law under which cotton farmers are now operating contains provisions for the voluntary release and reallocation of 1959 cotton allotments. Where the release is made, the released acreage is retained on the releasing farm as his-

... tice with Judy, Janice, Barbara, Virginia, Linda and Phyllis, Bruce and Janice Billingsley. Bruce and Janice have an electric demonstration.

I have a recipe that I got from Mrs. Agrin Draper, county home demonstration agent, Hereford, that her club women have really enjoyed. The Cherry Crunch contains things most of us have in the cabinet all the time and is really nice to serve a crowd. So thought you might like to try it too.

CHERRY CRUNCH
2 cans Cherries
1 1/2 cups sugar
5 T. cornstarch
30 Graham crackers
3/4 cup sugar
1 1/2 stick butter
Thicken cherries, sugar and cornstarch. Put crust of creamed butter, sugar and cracker crumbs in 9x13 pan. Save 1/3 for top. Put in cherries. Top with meringue and sprinkle with some of crust. Bake at 375 degrees oven until brown.

VITAMIN C IS NEEDED DAILY
An apple a day may keep the doctor away, but it takes an orange a day -- or its equivalent -- to provide the vitamin C recommended for maintaining good nutrition, according to extension foods and nutrition specialists.

A food consumption survey carried out by the U. S. Department of Agriculture showed that among more than 6,000 U. S. families whose food purchases were studied over a week's time, one in four was not receiving recommended quantities of vitamin C.

Citrus fruits are rich enough in vitamin C to yield a day's supply in one average serving such as a whole orange or a half grapefruit. Potatoes, tomatoes, peppers, Brussels sprouts and cabbage, as well as greens such as spinach, mustard and turnip tops also contain vitamin C. However, more than one average serving of these other foods is needed to provide enough of the vitamin daily.

Vitamin C is not stored in the body, remind the specialists. That's why you need to include it in your diet on a regular day-to-day basis.

An argument raised against auto seat belts is that it's hard for a person to get out of a wrecked car if he's wearing a seat belt. The argument says this could be fatal if the car caught fire or was submerged.

A National Safety Council survey showed approximately 3,000 rural residents die in home accidents every year, and 430,000 others are injured.

Fire losses on American farms have increased steadily since 1940. National Safety Council figures show the present farm property loss due to fires is more than \$152,000,000 yearly.

... tory and is used in figuring future allotments as though it were planted. But, Cherry points out, it will not qualify a farm for an old farm allotment as having planted cotton in one of the three previous years.

It is very important that released allotments be reapportioned and planted on other

farms in order to hold county and state planting history. The released and reapportioned allotments must be planted if they are to remain a part of the acreage history for the county and state, emphasized Cherry. Released allotments may be reallocated to any old or new cotton farm on which additional acreage is needed and will be

planted. Any excess of released allotments in a county may be surrendered to the State Agricultural Conservation and Stabilization Committee for re-

apportionment to other counties only after each cotton farmer in the releasing county has received all of the allotment he can plant.

2 1/4 Bales per Acre With Ammo-Phos for Grow Power

Rev. Jack Jeter, Jack Morris, and Bud Crump, Manager of Parmer County Farm Supply

In 1958, I had 76 acres of cotton. Thirty-five acres of this land was not fertilized and made a good bale to the acre. Forty-one acres was fertilized with 200# of Mathieson's AMMO-PHOS water soluble 13-39-0 and produced 2 1/4 bales per acre.

I chiseled my land 7" deep, drilled 200# of 13-39-0 and planted April 22nd. I irrigated three times -- the first time when the crop started fruiting and the last time on August 18th. I saved my bottom crop with an early insecticide program.

This year I will use 200# of Mathieson's 13-39-0 on all of my cotton. I only wish that I had used it on all of my cotton in 1958.

Mayfield Collection Boasts Over 700 Pencils

Howard Mayfield is one of the few men in Friona who has a hobby of collecting pencils. Mayfield has been collecting them for some eight years and finds them a source of enjoyment and achievement.

He says that he got the idea when in a cafe happened to see a small pencil collection and decided to build himself a case with which to display his pencils.

The case that Mayfield made was a wooden one with a glass front designed to hang on his bedroom wall. At the time he began his collection Mayfield had only a few wires strung across the case to hold his pencils, but at the present time has

many more strung across the case. He plans to build a new and larger case in addition to the one he already has.

Mayfield has well over 700 pencils at the present time. He says that they consist of ever-sharps and ball-points. He has a few two-foot models given him from merchants. These models bear clever inscriptions advertising their particular store.

Mayfield says he has never bought a pencil for his collection. They were all given him by family and friends. He says at one time a friend gave him 21 pencils.

He says if he sees a particular one which he does not

happen to have he tries to trade the owner for it or often waits for it to run out of ink.

He tells of one possessed by Sam Williams which he had to wait two years for. Says Mayfield, "I thought it never would run out of ink!"

In the past Mayfield had an opportunity to collect pencils from a variety of people, as he was a truck driver and visited many of the people on his calls.

He still has a good chance to collect his pencils as he is employed by the school as custodian. Chances are if one were to visit the school they might find him trading one of the high-schoolers out of an un-

usual pen. Mayfield and his wife, Mary are at home in Friona in a home located in the eastern part of town. Mrs. Mayfield is also employed by the school; she serves as cafeteria manager.

Mr. and Mrs. Norvel Strawn of Bovina spent Sunday in the home of Mr. and Mrs. Jack Patterson and family.

Mrs. Arnold Martensen was a Sunday evening guest in the home of the Ray Martensens.

Mrs. Malinda Schlenker returned home last week after spending several months in Claremont, Calif., visiting her daughter, Mrs. Amelia Rankin, and other relatives. She was accompanied home by her sister, Mrs. Oscar Schlenker of Bellflower, Calif.

Edwin Whatley and Gaylen Brewer of Friona spent Friday night and Saturday with Larry and Jay Potts.

Dewayne Bauer observed his 6th birthday Saturday, April 18. Mrs. Herman Schueler, Dewayne's grandmother, baked the birthday cake. Those present for his party were Vicki and Wayne Allen Schueler, James, Floyd and Carleen Schlenker, Rhonda and Karla Beth Bauer, Mrs. Herman Schueler and Mrs. Herbert Schueler.

'News From RHEA'

MARILYN POTTS

Mr. and Mrs. E. O. Woolver of Sudan and Mr. and Mrs. Lee Myers and Homer of Levelland were Saturday and Sunday guests in the home of Mr. and Mrs. Walter Schueler.

MAYFIELD AND HIS PENCILS---Howard Mayfield looks over his collection of some 700-odd ball point fountain pens.

Personal Articles Stolen Sunday

Personal articles were stolen from the homes of Claude Coffey and J. A. King Sunday night. The Coffeys live near Highway 60 about three miles east of Farwell, and the Kings live on Mabry Drive about three miles west of Texico.

Sheriff Chas. Lovelace, who investigated the Parmer County burglary, says the crime occurred while the family was attending church. Clothing, food, appliances, and other articles were taken. "They stole some of about everything they had," said the sheriff of the breakin.

Officers agree that whoever took the belongings were also the ones who entered the King home while the family was away and also burglarized personal effects there.

Last week Emanuel Webster, 47, Friona, was convicted in county court of possession of unstamped liquor. He pled guilty before Judge Loyde Brewer and was assessed a fine of \$250 and costs, and given 30 days in jail.

Webster was picked up in his home Sunday a week ago. John M. Bussell, 42, also of Friona, charged with theft of calves from W. D. Cooper, north of Friona, appeared before Judge Brewer and had his bond set at \$5,000. He is in jail now and will await the action of the next session of the grand jury.

THEY'RE OFF TO THE START---Ten speedsters crowd the track during the 200 Yard Relay at the Friona Track Meet Monday in Friona. This picture was taken as the girls handed off their baton. Friona won this event in a time of 25.5 seconds. Team members were Tommy Lewellen, Charlotte Bock, Lavada Hand and Lawana Houlette.

Houlettes Move Scout Troop 53 Camps at Conchas

Rev. and Mrs. E. E. Houlette are moving from Hereford to Plainview this week. Houlette, a long time resident of Friona, has accepted a call to work with the United Pentecostal Church there as pastor.

Prior to moving to Hereford about a year ago, the Houlettes lived in Friona and operated the City Steam Laundry about twenty years. They are the parents of Kenneth and Jerry Houlette.

Eighteen members of Boy Scout Troop 53 of Friona spent Saturday afternoon and Sunday camping, hiking and fishing at Conchas Lake this past weekend. The boys, accompanied by several troop leaders and parents made the trip by pickup and auto to the site where they pitched three tents and utilized the Taylor cabin for their headquarters. In addition to Scoutmaster Lee Blaylock and Assistant Scoutmaster Durward Taylor other adults making the trip included Paul Fortenberry, Pappy Thornton, Leo Reed, Ben Moorman, Joe Mann and Bill Schwabs. Scout Troop 53 is sponsored by members of Friona Volunteer Fire Department.
