### JENSEN UP ON FLIGHT FOR RECORD

ROOSEVELT FIELD, Feb. 6.—Martin Jensen, seeking an endurance air record, reported shortly after noon by dropping a note that his motor was all right, but that he was "chilly on the left side where window is open." He added, however, that he was "getting comfortable."

### ACTION ON MADDEN BILL TOMORROW

WASHINGTON, Feb. 6.—The house military affairs committee decided today to meet tomorrow to act on the Madden bill which would lease Muscle Shoals to the American Cyanamid company for fifty years. Hearings have been held on the measure opposed by the National Fertilizer association on the ground that such a lease would be a government subsidy to the company and would result in unfair competition with private fertilizing industry.

### EASTERWOOD IN ITALY TO PLAN BIG AIR RACE

ROME, Feb. 6.—Col. William Easterwood, of Dallas, Texas, conferred today with Italo Balbo, under-secretary for aviation, on plans for an air race from Rome to Dallas, via New York, for which Easterwood has offered a prize of \$25,000.

### Joint Meeting of Penitentiary Committees of Texas Legislature Will Make Final Recommendations

AUSTIN, Feb. 6.—Governor Dan Moody addressed the house committee on penitentiaries this afternoon urging the adoption of a plan for prison removal and centralization. Governor Moody supports the plan which leaves the power to make the change in the hands of the prison board.

AUSTIN, Feb. 6.—A joint meeting of the penitentiary committees will be held this afternoon to make final recommendations for prison centralization and reorganization. This was the outcome of a fight on the floor of the senate this morning. The senate committee on penitentiaries had reported favorable this morning on a bill incorporating the latest ideas of Gov. Dan Moody on the subject.

### STEWART TALKS WITH LAWYERS AT NEW YORK

NEW YORK, Feb. 6.—Colonel Robert W. Stewart, fighting to retain control of the Standard Oil company of Indiana, held a consultation, presumably over the fight, in the law offices of Kellogg and Enroy on lower Broadway.

NEW YORK, Feb. 6.—The spectacular flurry in the stock of Standard Oil of Indiana appeared at opening today to have run its course on the curb market. The first sale, a block of 7,000 shares opened at 98 7/8, down a quarter point from the previous close. Yesterday 70,000 was the first sale in the great burst of strength.

U. in October, according to announcement made by Mrs. Claude De Van Watts, state president, following the closing session of the mid-year executive meeting here. The next mid-year state executive meeting will be held in Fort Worth in March.

### QUEEN MOTHER DEAD.

MADRID, Feb. 6.—The Queen Mother Christina of Spain died at the royal palace at 3:30 a. m. today. For 17 years until her son, King Alfonso XIII, was crowned king in 1902, Christina was regent of Spain. She was 70 years old.

### NEW COLD WAVE FOR SOUTHWEST

CHICAGO, Feb. 6.—After the first brief thaw of the new year, another intensely cold wave will strike the midwest tonight, extending southwestward into Kansas and eastward across Iowa and Wisconsin, the weather bureau predicted today.

### NEW TRIAL IS REFUSED IN PHILLIPS SUIT

AUSTIN, Feb. 6.—District Judge George Calhoun here today refused a new trial and entered judgment for the state in its suit against Phillips Petroleum company and other defendants for 525 acres of oil land in Hutchinson county. The tract involved 50 producing oil wells. The state estimates the amount of the verdict at \$500,000 for oil already taken from the land.

### EFFORT TO BAR EDITORS FROM HOUSE BEATEN

AUSTIN, Feb. 6.—An attempt to bar members of the Texas Press association from the floor of the house of representatives when they visit Austin Friday was defeated by Representative Frank Baldwin of Waco, publisher-member.

Fort Worth, Feb. 6.—The aviation committee of the West Texas chamber of commerce, holding its first session here Tuesday, went on record as favoring creation in the house and senate of a state regulatory body, and that which the jury again held that the state notice of appeal was filed.

### PAINTER SLAIN.

EL PASO, Feb. 6.—George White, English painter, was slain in Chihuahua City, Mexico, yesterday, dispatches received here today said. The messages said it was believed White was killed by robbers. No details of the killing have yet been received here.

### ROOMING HOUSE BURNED.

MCKINNEY, Feb. 6.—A large two-story rooming house, operated by H. R. Chaddick, was destroyed by fire here today. Defective wiring is believed to have started the fire. Roomers escaped with the aid of fire ladders from the ground to the second floor.

### STIMSON WILL GIVE UP POST IN PHILIPPINES

MANILA, P. I., Feb. 6.—Governor General Henry L. Stimson admitted today that he was leaving the Philippines at the request of President-elect Hoover to take up another duty, but he preferred to let Mr. Hoover announce what the duty was. The statement was regarded here as confirmation of the general understanding that Stimson will be secretary of state in the Hoover cabinet.

### HOOVER FARM PROGRAM IS TO BE DRAFTED

WASHINGTON, Feb. 6.—A new farm relief program, embodying President-elect Hoover's idea, probably will be drafted by the house agricultural committee between March 4 and the time an extra session of congress convenes, probably April 15. Majority leader Tilton said the house is so well versed on the agriculture situation that a farm relief bill could be passed in one week to ten days. They said there would be no fight on the controversial equalization fee this year as "that is a dead issue."

### Marriage Ceremony May Absolve Couple, Taken Here, From Charges Connection With Mann Act Violation

The institution of marriage was invoked yesterday to legalize an illicit romance and clear the principals of impending charges in connection with the Mann act. Arrested in Cisco Monday morning charged with driving a car without 1929 highway license, R. Eekon of St. Louis was held for federal authorities for violation of the Mann act, when it was revealed that he and his young woman companion, Miss Mildred Silvers, were traveling interstate as husband and wife without having been legally married. When questioned both admitted their illicit relations. Federal authorities were notified and Mr. McDonald, of Dallas, representing the department of justice, arrived in Cisco Tuesday, investigated the case, and finally agreed not to institute prosecution under the white slave act provided they would agree to a marriage ceremony. Both readily agreed and accompanied by the department of justice representative, the couple left for Abilene, with the expectation that they would invite the good offices of a justice of the peace or other official authorized to perform rites of marriage at Baird. Justice of the Peace Tom White, of Baird, said this morning, however, that no marriage ceremony had been performed at the court house there yesterday. It was presumed that the couple and their official escort had gone on to Abilene before fulfilling the promise made here.

### LEAHY LOSES DEATH APPEAL

AUSTIN, Feb. 6.—Harry J. Leahy lost his gamble with death this morning when the court of criminal appeals refused him a re-hearing and made final his death verdict for the killing of Dr. J. A. Ramsey of Mathis, Tex. Leahy secured a new trial after a 50 year sentence. The second jury gave him death.

# JIM FERGUSON TAKES UP FIGHT ON PROPOSED STATE MILK LAW

## "When They Talk About Bacteria They Quote Figures That Would Scare a Populist," He Declares

AUSTIN, Feb. 6.—Former Governor James E. Ferguson appeared before a joint session of the senate and house committees on public health last night opposing the milk section of the proposed new state sanitary code.

K. V. Lipscomb of Dallas, president of the state milk dealers' organization; Dr. M. M. Carrick, Dallas public health officer; Sam Randall of Lancaster, president of the State Hardware Dealers' association; and T. H. McGregor of Austin, all opposed the milk section. Dr. J. M. Anderson, state health officer; Dr. C. M. Rosser of Dallas, member of the state board of health, and Dr. W. H. King, health officer of San Antonio, supported the measure.

Former Governor Ferguson asserted that under the code the state could order a two or three cow farmer to install a pasteurizing plant that would cost \$1,000. Dr. Anderson asserted that pasteurizing is not called for.

Ferguson asked what the bill meant by "processing." Anderson said it was separating milk and cream and then forcing air into the cream. "Any woman who goes out to buy milk for her children has right to know its grade as much as the man who buys cotton has to know its grade," said Dr. Anderson.

"bacteria," said Ferguson, "they quote figures that will scare a Populist. But don't get scared, it's the same old kind of milk we have been using for a life time." He urged that the cities should be left to control their individual supplies as at present.

Dr. E. P. Shelton of Dripping Springs questioned the practicability of applying the provisions to farmers with a few cows. Dr. Rosser asserted that the bill merely gave authority and that no board would likely ask the impossible.

A plumbing section in the 86 page bill was dropped and milk referred to a sub-committee. An unfavorable report was voted by the house committee on constitutional amendments on Representative J. Lewis Thompson's proposal to bar ministers from the governorship or membership in the legislature. Notice of a minority report was given. The same committee reported favorably a proposal to exempt homesteaded property up to \$10,000 from state ad valorem tax.

Favorable house committee report was given the bill to license beauty shop operators and employees.

House bills offered at the close of yesterday's session included a county civil service bill proposed by Fort Worth representatives, an occupation tax on chain stores and reciprocal exemption of auto registration fees for motor tourists.

## OF A SOCIAL NATURE

**Cisco Girl is Bride.**  
Mr. and Mrs. R. F. Weddington announce the marriage of their daughter, Theresa, to Mr. Alton J. McMerrill, December 22, 1928 in the New England Congregational church of Chicago. Rev. Heyworth officiated with a double ring ceremony. Preceding the ceremony Mrs. Marge Zundel Perry sang two lovely numbers, "Tonight," by W. T. Mosch, and "Oh Promise Me," by De Koven. The wedding march was played by Miss Alicia Appelmann. The bride and groom were attended by Mr. and Mrs. Elias Day and Mr. Paul Jors. The bride was beautifully gowned in a lovely French draped model of golden brown chiffon trimmed in bands of gold over a gold cloth slip, with hose and slippers matching, and wearing a small French gold mesh hat, and a gorgeous arm bouquet of yellow roses and orchids completed the costume. Mrs. E. V. Day wore a lovely gown of blue tulle over silver, with hat and slippers to match, and carried a beautiful bouquet of chrysanthemums. Mrs. M. Z. Perry was gowned in a creation of scarlet and old lace. Miss Alicia Appelmann's costume was a two-toned blue crepe trimmed in heavy lace. The church was beautifully decorated with holly wreaths and Christmas candles. Following the ceremony a delightful wedding dinner was served at the home of Mr. and Mrs. E. V. Day. Mrs. McMerrill has been studying drama with Mr. E. V. Day at Bush conservatory in Chicago for the past two years, and is a member of the Phi Beta Professional Fraternity of Drama and Music, and is also secretary of the 1928-29 senior class. Mrs. McMerrill is a graduate of the Cisco high school, and received her diploma and post graduate diploma from the Woodrow School of Drama in Dallas, Texas, and was artist instructor of dramatic art at Randolph Junior college for three years. She has a host of friends here who wish her much joy. Mr. McMerrill is connected with a business firm in Canada.

**Tales** led by Mrs. Eugene Lankford. Mrs. A. J. Olson told the story of the "Magical Crocodile." Mrs. S. E. Hittson, "The Lost Jewel," and Mrs. H. I. Stock "The Tale of Two Brothers." All members of the club took part in the discussion of the lesson. Closing the program, Mrs. S. E. Hittson favored the club with a piano selection by Greg.

**Mr. and Mrs. W. W. Wallace Entertain.**  
Saturday night Mr. and Mrs. W. W. Wallace entertained a number of their friends at their home in Humbletown. Five tables were arranged for the guests and a series of interesting bridge games were played, in which Mrs. F. L. Mullinix won high score for the ladies, Mrs. A. E. Jamison, low score. Mr. J. R. Almond won high score for the men and Mr. R. B. Carswell, the low score. Refreshments, consisting of sandwiches, peach cake with whipped cream, candy and coffee were served to Mrs. and Mesdames R. B. Carswell, C. M. Simpson, A. E. Jamison, F. L. McMahon, O. C. Cape, Johnny

Mullinix, J. R. Almond, F. D. Meyers, Mesdames Celeste Merrill and Jack Kelly and Miss Myrme Davis.

**Honoring Mr. and Mrs. Lee.**  
Tuesday evening Mr. and Mrs. R. Q. Lee were honored at a dinner party given by Mr. and Mrs. J. V. Heyzer at their home on N. avenue. The interior of the home was given added beauty by the development of a pink and green color scheme throughout. Tall baskets and vases of magnificent Richmond roses were most effective in arrangement. Pink shaded lights gave a soft glow over the table, which was covered with a lace banquet cloth over pink satin. Pink rosebuds filling a low bowl, occupied central position on the table, while tall pink tapers were effective in crystal candlesticks. The four course dinner consisted of: Cherry and grapefruit cocktail, olives, salted almonds, oyster soup, salad, fried chicken, cream gravy, candied sweet potatoes, dairy molds of creamed potatoes, baked peaches, hot biscuits, coffee and Lady Lee Pie. Covers were laid for Messrs and Mesdames R. Q. Lee, J. J. Butts, Mrs. J. W. Mandell, Mayor J. M. Williamson, A. B. O'Flaherty, and Mr. and Mrs. Heyzer.

## OIL NEWS OF SOUTHWEST

**COLEMAN Feb. 6.**—Intervenor oil men here were picking up this week with the testing of the pay horizon in the Hubert oil company and associates. No. 1 Weaver, nine miles east of Coleman. During 18 hours Sunday night and Monday morning 150 barrels of oil was swabbed from the hole.

The sand was topped at 1,815 feet and was drilled through Sunday. The bit struck shale at 1,831 feet but no water was found. The absence of water leads oil men to believe that the Weaver area promises a field similar to the Fry field across the county line in Brown county, which was discovered more than three years ago. The Weaver test is located in wildcat territory and immediate increase in drilling operations is expected.

**HAMILTON Feb. 6.**—Two pipe lines for gas will be laid into Hamilton giving access to the X-Ray and Rising Star gas fields. This is the result of a deal consummated between F. O. Stevenson of Fort Worth and the city of Hamilton for furnishing the city with fuel gas. Work is expected to begin at once.

**BIG SPRING, Feb. 6.**—The American Maracani oil well is estimated to be good for 790 barrels a

day, following a 300 quart shot yesterday from 2,225 to 2,325 feet. It is located 960 feet from the east line and 230 feet from the north line of section six south.

**PALESTINE, Feb. 6.**—Finding oil while drilling a shallow well for water is an experience that does not come to everybody. J. L. Worley, owner of a farm near Jarvis, got to a depth of 29 feet in his search for water and struck a rich, heavy oil-bearing sand. Shallow tests for oil in the Jarvis section 20 years ago showed rich oil sands but the deep tests failed to show oil in paying quantities. Worley's well is less than a mile from the last deep test drilled near Jarvis by the Humble Oil company last year.

## HAWKS' FLIGHT HAILED DARING AVIATION FEAT

NEW YORK, Feb. 6.—Experts who had waited skeptically at Roosevelt field yesterday for a rimson and silver monoplane torawl up the western horizon today hailed the record trans-continental flight of Capt. Frank Hawks and Oscar Gribb as an avian daring feat in aviation's annals.

Eighteen hours, 21 minutes and 36 seconds after they left Los Angeles, the fliers brought their record down in a dramatic spiral here to a better by 36 minutes and one second the record of Art Goebel and his Yankee Doodle.

Today the full story of the terrific battle which Hawks and Gribb waged against seemingly insuperable odds became known. It was a tale largely of Gribb, the mechanic, jammed into a narrow cabin, groggy from gasoline fumes, totting up empty fuel cans with a air of tinner's shears to that he might have room enough to pump gasoline into the tanks.

Behind him in the cockpit sat the fur-clad Hawks, hungry and haled, pitting his plane against the speed of the winds and his voracious against the power of the storm. When the plane came to stop on the Long Island field, Gribb staggered from the cabin, ramped and still dazed from the gasoline fumes. He gulped air to his lungs and soon was now again. Hawks clamped his legs on a cigarette, swung his legs over the cockpit, and delivered the following terse, prosaic account of the 2,700-mile flight:

"We had bad winds almost all the way across—wind, clouds, rain, and snow. We hit the high water at Roswell, N. M., and got out of it until we hit Virginia. All the time I was flying between 8,000 and 14,000 feet trying to get away from the water. My wings had begun to pat with sleet when I was over New Jersey and I veered south of my course in an effort to fly round the rain and between the loud layer where I could fly safer. I would have made it three hours sooner with decent weather, but there were times when I didn't know whether we would ever land at all."

**CONGRESS TODAY.**  
Senate: Considers war department appropriation bill.  
House: Calendar Wednesday for education committee. Ways and means committee hearing tariff revision. Military affairs committee hearing on Muscle Shoals.

## THREE LEAD IN RACE FOR CUE CROWN

NEW YORK, Feb. 6.—The first round of play in the world's 18-2 billiard tournament having been completed, Jake Schaefer, Chicago; Welker Cochran, New York; and Kinrey Matsuyama, Japan, stood out today as leading contenders for the crown now held by Edouard Horremans of Belgium.

Jake Schaefer won his first match of the tournament last night, defeating Felix Grange of France, 400 to 305 in 17 innings. The Frenchman, in the 15th inning, broke loose with a brilliant run of 114 to take the lead, 292 to 157. Schaefer, however, came back in the 16th with a run of 135 which left him only eight short of the goal. He ran out in the following frame. Cochran's brilliant run of 158 in the 18th inning of his game with Eric Hagenbacher, of Germany, was responsible for his 400 to 283 victory.

## IMPROVEMENT MADE ON C. & N. E. RAILROAD

BRECKENRIDGE, Feb. 6.—B. H. Gaines and B. C. Crow, officials of the T. & P. this past week completed their tour of inspection of the 65 miles of railroad between Cisco and Throckmorton.

The year 1928 and the first months of 1929 were busy months on the line. During that period, the road between Cisco and Breckenridge representing the 28 miles originally built by Congressman-elect R. Q. Lee and his associates, underwent changes that have made it the match of the 37 miles between Breckenridge and Throckmorton. The extension to Throckmorton was completed about a year ago, it having been built according to standard requirements as to width of roadbed, weight of rails, concrete culverts, etc. The work on the connecting link between Breckenridge and the main line of the road at Cisco was to put in new ties, widen the roadbed to the requirements of 20 feet, the putting in of culverts and other improvements. During the past 13 months 65,000 new ties have been used in standardizing the track; 9 concrete culverts have been built and 2 concrete bridges with 2 steel 80-foot spans and 2 piers added. The bridges were over Genolus Creek, one two miles south of this place and the other inside the city limits.

**AGGIES WIN.**  
COLLEGE STATION, Feb. 6.—Plashting a better offensive than they have shown so far this year in conference play, the Texas Aggie dribblers last night swamped the Southwestern university quintet 43 to 16 in a non-conference game here. It was the Aggies' second victory in two nights and their fourth of the series with the Pirate quintet.

George Washington couldn't tell a lie. What a wonderful juryman he would have made. A jury can't tell anything about any of the testimony.

# "I sure was right - I lit a Lucky"

"So many people have made a fuss over me because in rowing back to the 'America,' after we had picked up the 'Florida' survivors, I was smoking a Lucky Strike. I can't see why there should be any excitement about this—it was the natural thing for me to do. Before we started out from the 'America' I made sure that my pack of Luckies was with me—I wanted the comfort and pleasure of Luckies no matter what happened. I sure was right. I'll have to admit that after we picked up the 'Florida' crew and started back, my nerves were completely let down. So I did the thing I always do at such times—I lit a Lucky. As long as I live, I'll never get another kick as I did from the sweet old toasted flavor of that Lucky as we were tossing about on the old Atlantic. I'm a hundred percenter when it comes to reach for a Lucky instead of a sweet. I lay off the things that would make me flabby and light up a Lucky instead. There's too much action going on in my life to have me moving around with a lot of excess weight which I don't need. There's another thing about Luckies. The toasting process, in removing the impurities, is a blessing to us who follow the sea. It prevents throat irritation which is a constant nuisance to those who are regularly exposed to salt air."

Even in hard water, dirty dishes are easy to wash

But before washing them, you must soften the water with Melo. Soft and soft water never make scum. In soft water no dirty ring forms around the dishes. Dishes sparkle in soft water and grease is cut. Water softened with Melo is a wonderful cleaner, with or without soap. Melo makes soap more effective, saving from 1/2 to 2/3 the amount ordinarily used. Use Melo wherever you want soft water. Tom Ross, Escaped Texas Convict, Killed Self in Canada, Telegram to Ranger Captain Hickman Says

AUSTIN, Feb. 6.—Tom Ross, wanted since his spectacular escape from the Huntsville penitentiary November 29, 1925, is dead in Canada, according to a telegram received late Tuesday by Ranger Captain Tom Hickman.

The telegram gives the name "Charles" Ross alias Charles Gannon. Hickman says the name Charles Gannon was used by Tom Ross after his escape. The telegram was from an officer who had been keeping Hickman posted on Ross' movements in Montana while Hickman was arranging to go there to re-arrest Ross. The telegram said here that Ross had killed a man February 4 and then killed himself.

SOVIET BANS FILMS FROM HOLLYWOOD

MOSCOW, Feb. 6.—Hundreds of foreign films bought by the Soviet cinema trust, many of them already exhibited, have been condemned by the "Glavserkino," the chief commission for judging pictures, as undesirable. It is reported that more than a thousand pictures in the hands of the largest cinema organization, Sovkino, were again considered by the Glavserkino. Some of them have been considerable popular successes.

SCHEDULE FOR NAT'L LEAGUE STILL MYSTERY

NEW YORK, Feb. 6.—The National League baseball schedule for 1929 still is a mystery today although the managers have held their annual spring schedule meeting. The inability of Boston officials to decide whether the Braves should be issued a permit to play baseball on Sunday has checked the National League heads temporarily.

# CRUISER BILL GOES TO HOUSE TODAY FOR RATIFICATION

## \$274,000,000 Naval Measure, Starting Biggest Peace Time Defense Program, Expected to Pass House as Prepared

### RAY HOLDER WILL OPPOSE RACING BILL

DALLAS, Feb. 6.—Representative Ray Holder, of Lancaster, will not support the Avis horse race bill although he has been asked by the directors of the State Fair of Texas to do so. In fact, he is going to oppose it. In a letter to the fair directors Holder says he thinks those gentlemen are in error in their idea of the practical working of the law, and expresses himself as opposed to any form of gambling.

### SATURDAY LAST DATE TO ENTER CAGE TOURNEY

SNYDER, Feb. 6.—Saturday, February 9, is the final day for filing of entries in the West Texas girls' high school basketball tournament that will open here Thursday, February 14 under the official sanction of the Texas A. A. U.

Twenty-three teams have already entered, which is larger than last year's meet at Dublin, where 59 schools have asked for entry blanks. The trophies, costing \$250, have already arrived and are on display.

The tournament, which is under the auspices of the Lions club, will be the largest three-day athletic event ever staged in West Texas, and preparations are being made to handle a crowd of 5,000 people at Well Park, where all games are to be played. In case of too many teams, Colorado and Roby high schools have offered their gyms. The entire citizenship of Snyder is welcoming the teams of West Texas to come and be their guests for this notable event. Snyder being the first West Texas city, west of Breckenridge to be honored with such a meet. Nine towns have already been mentioned as wanting the meet for 1930.

### TESTIMONY IN HIGHWAY PROBE TO BE RESUMED

AUSTIN, Feb. 6.—Testimony in the legislative investigation into conduct of the state highway department and board of control is to be resumed this afternoon with John Morris of Dallas and Jack Jones of Austin called to tell of reported payment of freight on prepaid road machinery. Their names were furnished the committee yesterday by Roy I. Tennant as his informants.

Tennant testified that the contract made for highway oil and gasoline, contrary to recommendation of the highway department, cost \$300,000 over the bid the department recommended. Tennant said Governor Moody approved the cheaper contract. Highway Commissioner Johnson and Tennant clashed over delivery station. Tennant asking Johnson why action had not been taken on the \$150,000 performance bond if deliveries were not satisfactory. Hearing in the legislative investigation of the state land office is to begin tomorrow morning.

By PAUL R. MALLON. WASHINGTON, Feb. 6.—Written the way congress wants it and not the way President Coolidge would like to have had it, the \$274,000,000 naval cruiser bill went to the house today for ratification of some undisputed amendments.

Republican leaders say the house will accept the amendments and the bill will be laid on Mr. Coolidge's desk for signature before the end of the week in the same form in which it was passed late yesterday by the senate. They have information Mr. Coolidge will sign it.

With the swift passing of these events in the next few weeks, there will be launched the largest peace time national defense program this nation has ever experienced. None of the building plans of pre-war days approximate it. The bill calls for construction of 15 new speedy 10,000 ton cruisers which can outrace and outshoot the lumber battleships and an aircraft carrier built in modern style at a cost of \$19,000,000. The cruisers are to cost \$17,000,000 each. Under terms of the bill, their keels must be laid at the rate of five a year during the next three years.

Mr. Coolidge wanted to eliminate the three year time limit so his successor, President-elect Hoover could negotiate further disarmament before starting to build, but the senate was adamant and refused to accede to his wishes, just as the house refused a year ago.

### \$1,000,000 Air Line to Begin Operations Between St. Louis, Dallas and Ft. Worth This Month

DUNCAN, Okla., Feb. 6.—A million dollar air transportation line, backed by eight Oklahoma oil men and others, will begin operation between St. Louis, Fort Worth and Dallas before the end of the current month. The line, announced this week, is owned by the Oklahoma Oil & Gas Co., president and general manager of the line, announced this week. Halliburton owns the Oil Well Cementing company here and is himself a millionaire. Five wing tri-motors, all-metal planes carrying fourteen passengers and two pilots have been purchased. The first plane will be delivered at St. Louis and Texas cities will begin a few days after the third plane has been delivered. Halliburton said. The fourth and fifth planes have been promised for March delivery.

If business warrants, the line will be extended from Oklahoma City to Wichita Falls, Midland, El Paso, Tucson, and Los Angeles. Stops at Oklahoma City and Tulsa have been planned on the St. Louis-Texas line daily. Backers of the project include, besides Halliburton, the following Tulsa business men: Waite Phillips, Pat Hurley, J. C. Halliburton, W. G. Skelly, F. V. Rogers, Robert Campbell, and E. W. Moore. Each plane will be equipped with upholstered seats, hot and cold running water, toilet and heaters.

EXPENSIVE PURCHASE. BANBURY, Eng., Feb. 6.—A woman pulled the emergency communication cord when her train was about 100 yards outside the station. The train stopped with a jerk and the guard hurried through to find out what the trouble was. The woman explained that she had given sixpence to a boy on the platform to get her some fruit and he had not returned with his change. The fine for pulling the communication cord was 25.

### 22 LIVES LOST IN RIOTING IN BOMBAY, INDIA

BOMBAY, India, Feb. 6.—Twenty-two lives had been taken today in the rioting which started Monday when Hindu mill workers sought revenge on high caste pathans whom they believed guilty of kidnapping young Hindus for offering to the gods. Fifteen pathans and a British policeman were among the dead. Local Mahomedans in the mill area joined the pathans today in attacking the Hindus in a bloody fight which resulted in death for three Hindus while a number of others were injured seriously. British troops continued to patrol the affected areas. Although the fights were attributed to the Hindu belief that pathans were kidnapping young Hindu children to be buried alive in newly constructed temples in

the provinces, some here believed that was merely a pretext. A number of pathans recently were used as strike breakers when the Hindu mill workers left their places in the cotton factories here, and a desire for revenge because of that was given by some as the actual cause.

## LOBOES TAKE SECOND GAME WITH BULLDOGS

According to a Ranger sports writer the Ranger high school Bulldogs have the idea that they can beat the Lobos every time they meet them. The Bulldogs failed in their attempt to halt the Big Dam Lobos drive for the basketball championship of Eastland county. The Lobos made it two straight over the Bulldogs Tuesday night when they won from these athletic rivals by the score of 36 to 17. The scoring punch and the driving attack that the Lobos displayed in the first encounter with the Bulldogs were missing Tuesday night but at that the Lobos made a rather large score. The Lobos were missing passes and shots that were made good on the Ranger court Monday night.

"Cotton" Phippen, blond haired center of the Lobos led in the scoring with fourteen points. Whitehead, whose remarkable goal shooting in the second half of the game Monday gave the Lobos a tremendous lead, made thirteen points to take second place. Brown, center of Ranger was next with seven points.

The Lobos jumped into the lead from the start of the game and were never in real danger. The first quarter ended with the score 11 to 3. At the half the Lobos had increased this lead one point the score being 19 to 12. In the third quarter the Bulldogs, although behind, resorted to stalling, holding the ball in the back court. This stalling game is often resorted to by a team in the lead but a team that is behind in the score hasn't its own chance to score by stalling. The Bulldogs may have been trying to hold the score down or they may have been trying to draw the Lobos defense out. Anyway, the scoring in the third quarter was very little, the Lobos making six points to two for Ranger.

In the fourth quarter, the Lobos made 11 points despite Ranger's stalling tactics and held the Bulldogs to 3 points. With only a few seconds left to play, the Lobos captain, George Van Horn, looped a beautiful shot from the center of the court. The line-ups for the game: Lobos—Forwards: Whitehead and Little, center, Phippen; guards, Ray and Van Horn; Ranger: Mills and Seay; forwards, Brown; center, Black and Love; guards, substitutes, Baker for Mills, McLaughlin for Love, Retterer, Curtis, (Texas).

The Lobos will play an official game in the Cisco high school gym tonight with Deddemona. The game will be for the Class A championship of Eastland county. It has not been definitely decided whether Cisco and Deddemona will play one game or a series of three games for the championship. The winner will play the winner of the Kokomo-Seranton game for the championship of the county. Kokomo and Seranton will play in the Cisco high school gym tonight after the Cisco-Deddemona game.
