LUFKIN, Feb. 19.—A gun-blazed and a meeting of farmers at Ora was broken up last night when Bunyan McClure ran amuck and stampeded the gathering.

35 PER CENT AUTO LICENSE CUT PROVIDED

AUSTIN, Feb. 19.—After first voting eight to seven for a 50 per cent cut in registration fees on private passenger automobiles the house committee on highways and motor traffic today reported a bill calling for only 35 per cent reduction. Privately owned trucks are decreased 19 1/2 per cent. Common carrier trucks and busses are to have their fees fixed in another bill motorcycles and tractors take the same fees at present under the bill reported favorably.

Four-Year-Old Girl Is Object of Greatest Hunt Ever Carried on in History of San Francisco

SAN FRANCISCO, Cal., Feb. 19.—The greatest hunt in the history of San Francisco was under way today for Doris Virginia Murphy who has been missing more than 90 hours. After a night of fruitless search for the four-year-old child, all available San Francisco police reserves were called out and ordered to join immediately in the hunt.

AUSTIN, Feb. 19.—Indications are that the entire day will be consumed in getting a jury to try Democratic Congressman-elect Augustus McCloskey on trial here charged with alteration of election returns in the November general election in which he apparently defeated Republican Congressman Harry M. Wurzbach for re-election from the 14th congressional district.

Approximately 15 of 40 prospective jurors, the result of two draws from the jury wheel, were examined during the morning. Two youths were observed eyeing each other with interest during the examination. One was the 23-year-old district attorney of Travis county, Henry Brooks, who is tackling his first big case, and the other was Clay C. Cunningham, 22-year-old son of John H. Cunningham, who with his father, are members of the defense counsel. This is young Cunningham's first case.

Five indictments, charging alterations of election returns in the November election, were brought in against McCloskey by the Texas county grand jury in December. It is understood that the case on which McCloskey is now being tried will be used as a test case. Prediction has it that if a verdict of acquittal is brought in, the other four cases will be dismissed.

SAN ANTONIO, Feb. 19.—The din of battle was heard for several moments here today by south side residents when 100 pounds of powder exploded and 2,900 rounds of rifle and pistol ammunition was set off by an unknown cause.

OKLAHOMA CITY, Feb. 19.—The house of representatives today refused to give the state highway commission permission to acquire, construct and maintain bridges. A bill, returned to the highway committee, provided specifically for the highway commission to acquire jointly with Texas the interstate toll bridges over the Red river. The measure was drawn up by assistant attorney generals of the two states and was similar to a bill already passed in the Texas legislature.

PROBE SALT CREEK AFFAIR TO CONTINUE

WASHINGTON, Feb. 19.—The senate public lands committee probably will continue its investigation of royalty oil contracts in the Salt Creek fields of Wyoming, its members indicated privately today after the report of the special committee investigator had been read. The report recommends continuance of the investigation. It is learned.

WASHINGTON, Feb. 19.—Prohibition can not be enforced even with use of the army and navy and within ten years it will be forgotten, Rep. Robert H. Clancy, wet Republican of Michigan, told the United Press today.

TOLL BRIDGE COOPERATION IS EXPECTED

OKLAHOMA CITY, Feb. 19.—The house of representatives today refused to give the state highway commission permission to acquire, construct and maintain bridges. A bill, returned to the highway committee, provided specifically for the highway commission to acquire jointly with Texas the interstate toll bridges over the Red river.

HALLIFAX, N. C., Feb. 19.—A message broadcast from Cape Race said the Belgian steamer Carlier had struck a submerged object early today in latitude 44.30 north, longitude 42.06 west and was drifting southeast in the Atlantic with her tail shaft broken.

Proposal Aimed at Preventing Expenditure State Bond Money by an Appointed Commission

AUSTIN, Feb. 19.—No money secured by a state road bond issue ever can be spent except under the supervision of an elected state highway commission, if the senate adopts an amendment offered to the road bond proposal today by Sen. Archer Parr.

Senator Tom Pollard's amendment to provide that no ad valorem tax ever shall be issued to pay off the bonds until a gasoline tax as high as five cents has been levied for the purpose was defeated. Nine senators voted for it and 16 against it. Pollard declared it merely made sure what the bond advocates were telling the people to let the bonds go before the people without such a guarantee, he said, is deceiving them.

MEXICO TURNS ATTENTION TO SONORA

MEXICO CITY, Feb. 19.—Mexico, engrossed with the religious situation, turned its attention today toward the state of Sonora, where Gilberto Valenzuela and his followers were preparing their campaign for the presidency.

Darktown Midnight Rambles Have Aftermath in City Police Court as Several Pay Fines for Affray

There was something doing at the Darktown Midnight Rambles staged in the negro section of Cisco Saturday and Sunday nights. The aftermath of these nocturnal festivities was enacted in the city court Monday, and resulted in several fines. Police were first called to the negro section Saturday night. Arriving there they learned that Mack McBride had assaulted another negro, but despite the quick arrival of the officers, had made his escape. Officers said they did not learn the name of McBride's victim.

Sunday night police were advised that a dance in one of the negro houses had terminated in a fight when two of the dusky swains became embroiled in an affray on the "ball room" floor. Arraigned in the city court Monday Raymond Foreman admitted that he had engaged in a fight with Henry Smith, another of the dusky dancers. Smith accused Foreman of stepping on his foot. Foreman claimed the fight followed. Smith said somebody had a gun, but he did not know who it was, but he was the only one that suffered any serious damage. He appeared in court with his head

swathed in bandages, and it was said that he had suffered an ugly cut inflicted with a beer bottle. He was attended by a surgeon after the festivities, and it required several stitches to close the wound in his head, inflicted by the bottle which was broken when it came in contact with his skull. Both Foreman and Smith were fined \$5 and costs, aggregating \$16.70 each, which they paid.

Will Barney pled guilty to vagrancy and was sent to Lake Cisco training camp to liquidate his fine and costs of \$16.70.

Other cases were for violation of the highway license laws: Jack Swer, dismissed; R. J. Herbs, posted cash bond. Remitted by the mayor. Dan McLaughlin, passed. John Neely gave Lund J. T. Martin, dismissed. Mr. McKinzie, of Minnesota, told the court that he had ordered his license sent to him in California from Minnesota. The mayor fined him \$1 and cost with the proviso that the fine would be remitted upon presentation proof that he had ordered his license.

A case against Will Tomlin, charged with speeding, is still pending, as is the case against

Charles Hagaman, charged with operating a car while under the influence of intoxicants.

RESIDENCE ROBBED.
Ed Aycock says there must be some truth in the old adage, "It never rains but it pours," as he is the victim of a second robbery within 30 days. About a month ago someone drove off his Chevrolet coupe, which has disappeared completely, as no trace of the missing car has been found. Saturday night he received a return visit from thieves when some one entered his residence and carried away a quantity of women's clothing, handkerchiefs, gloves, etc.

TO ORGANIZE B. Y. P. U.
The B. Y. P. U. of the East Cisco Baptist church presented a program at the Dothan school house Sunday afternoon, and made an appointment to organize a B. Y. P. U. at Dothan next Sunday. Members of the East Cisco B. Y. P. U. who went to Dothan to participate in the program were M. L. Agnew, Ovie Lee Elder, Lois Richardson, Olena May, Creola Richardson, W. H. Mullins, Haniel McCord, J. T. Richardson, Irene Lisbee, Harry Galvin, Cleo Evans and Mrs. Delia E. Donaldson. These were accompanied by several of the older members of the church.

SPECIAL ELECTION.
AUSTIN, Feb. 19. — Governor Meedy has called a special election for March 14 in Jack and Young counties to elect a successor to the late G. W. Ware as representative from the 19th district.

ILLNESS JUDGE DAVENPORT IS VERY SERIOUS

J. E. T. Peters was at the bedside of Judge and Mrs. George L. Davenport Monday, both of whom are patients at the West Texas Clinic and Hospital at Ranger, suffering with erysipelas. Mr. Peters said that Mrs. Davenport was greatly improved today, but the condition of Judge Davenport was exceedingly grave. Mrs. Davenport was first admitted to the hospital to be followed in a few days by her husband, who was suffering with the same malady last Saturday.

Judge Davenport, who is judge of the 9th district court, adjourned court Saturday, and that tribunal will be in recess until there is a change in his condition.

The condition of Judge and Mrs. Davenport was so grave that their daughter, Mrs. A. E. Lundquist, was summoned from her home in New York. In Ranger, attending their sister, are Mrs. John M. Gholson, Mrs. Lulu Riddle, of that city, and Mrs. Lane, of Stamford. Mrs. J. E. T. Peters, also a sister of Mrs. Davenport, is keeping in communication with her.

Body of Missing Laredo News Reporter Found in Rio Grande River in Badly Decomposed State

LAREDO, Feb. 19. — One month ago today, Harry Williams, Laredo newspaper man, left his room at the Hamilton hotel here and became an object of international search. He disappeared as completely as though he had been swallowed up by the earth and officers searched the border for four weeks in an attempt to learn his whereabouts.

Monday he was returned to Laredo dead, his body having been found in the Rio Grande by Marcus Wormser, an onion grower, near an irrigation engine house on the river bank. The body was badly decomposed. Where Williams had been in the interim and how he met death were questions both American and Mexican officers sought to answer today. The most likely theory, officers maintained, was that he was mistaken by smugglers for someone else and kidnaped and murdered.

American Consul Stephen Aguirre at Nuevo Laredo wired Washington for permission to allow secret ser-

vice men to enter Mexico to search for his slayers. Williams was identified through letters in his clothes and two watches, one carried in his pocket and the other worn on his wrist. One watch bore his initials. Williams came to Laredo from Muncie, Ind. On the day of his disappearance he and a companion had crossed the border to Nuevo Laredo and returned at night. After leaving his companion Williams supposed to have gone to his hotel but investigation showed that he had not spent the night there. When he failed to show up after a few days police of this and other border cities took up the search. Williams is survived by his widowed mother and a brother who reside at Muncie, Ind.

ABANDON LINE.
WASHINGTON, Feb. 19. — The Houston & Texas Central and the Texas & New Orleans railroads asked permission from the Interstate Commerce commission today to abandon a line jointly operated by the two lines between Waco and Ros, Texas, a distance of 7 1/2 miles.

MANY DEATHS FROM FLOODS IN EUROPE

VIENNA, Feb. 19. — Many deaths in southern Jugo-Slavia, Macedonia, northern Greece and Thrace from disastrous floods were reported today in dispatches received here from Belgrade and Athens. The sections are among those affected by the recent cold wave which caused numerous deaths and untold suffering.

LONDON, Feb. 19. — Moderating temperatures through Europe brought fears of floods from thawing snows today and turned alarm over suffering to concern over crops, particularly wheat. Heavy and unusual snowfalls for the past week in some places as much as 16 to 20 feet deep made it almost certain that the rivers, already high, could not carry away the water as the snows melted.

Inhabitants of villages in Dartmoor, England, were preparing to

evacuate their homes. The thaw had already started there. The ice-jammed Wurm, in Germany, had left its banks between Karlsruhe and Obermenzig, driving people from their homes and threatening public works. A water allowance of one pint a person a day continued in Dartmoor and the district, isolated since Thursday by heavy snows, was suffering from lack of food. There has not been enough water for baths for ten days.

FIVE OWN AMERICA.
WABASH, Ind., Feb. 19. — Five persons own America—not the nation—but all that is left of what was once a thriving Wabash county town. America was founded shortly after the organization of Wabash county in 1835. For a time it prospered, but when the Big Four railroad was built into northern Indiana it missed America, and was routed through La Fontaine, a few miles away. Without railroad service, America's decline was rapid. In 1881, even the postoffice was abolished. Today 35 lots, once part of the townsite, are being used for farming purposes. The lots are owned by William H. and Rebecca Brant, Fred and Ruth Hoke and Armand Stevens. Taxes on the land amount to \$34.70.

"Voila! reach for a Lucky instead of a sweet -

the trim figure is always fashionable

Paul Poirer, Famous Parisian Creator of Fashions

"If you want to keep slender (and who doesn't in these days) avoid sweets and smoke Lucky Strikes. There seems to be something about them; possibly the flavor, that satisfies the craving for the rich things that add weight.

"Voila, reach for a Lucky instead of a sweet—the trim figure is always fashionable. Advertisements that I saw when I recently arrived in America, said:—'The best way for sugar to be eaten is as a flavor of foods'. They are quite correct in cautioning a modified use of sugar. Sweets to excess are bad. I advocate a few puffs of the Lucky Strike toasted flavor when sweets tempt.

"I may add that I smoke Lucky Strikes myself, and I think they have contributed much to the state of mind which has helped me to create my greatest successes.

"Lucky Strikes are certainly an inspiration!"

PAUL POIRET

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

Recess Last Night Keeps House on Monday's Calendar; Evolution Bill Is Not Likely to Come Up

AUSTIN, Feb. 18.—By recessing last night instead of adjourning the house of representatives has cut off likelihood of the anti-evolution bill being reached today. It had been given the first place on Tuesday's calendar. Recessing keeps the house on Monday's calendar, which can scarcely be completed before 11 o'clock. At that hour highway legislation has been given a special right of way.

Both the senate and house sessions yesterday afternoon had protracted sessions. The house expressed by vote of 75 to 42, the Dunlap bill which legalizes Sunday movies after 1 p. m. An incorporated city or town may prohibit them by ordinance but unless the city or town adopts such an ordinance the movies can run.

Rev. R. J. Foster of Weatherford, who had been largely instrumental in defeating the horse-racing bill earlier in the day, plead with the house for another victory "against the forces trying to make inroads on the morals of the state." Rev. W. H. Wise of Paris also pleaded for Sunday observance and declared that while he had heard the declaration that boys and girls were better off in picture shows than "fouling," he did not believe they would permit an open picture show to keep them out of automobiles.

"Banishing of teachers" made him "hot" Rep. Joseph of El Paso asserted. "If you want me to go to hell" he said "just exempt me to go to church Sunday afternoon and listen to such ranting. It gets me in the mood to throw rotten eggs. These ministers who come from small towns and try to tell me what the people in my community can do, put me in a dangerous frame of mind. When ministers don't fire up

their automobiles and go out riding Sunday they can talk to the rest of us about not violating the Sabbath," asserted Dr. C. J. Sherrill of Bellevue. "And I can quote the Scripture on it."

"You can't legislate a man into heaven," said Rep. Jack Keller of Dallas.

"I wonder if you can't legislate him into hell," replied the Rev. Mr. Wise.

Rep. Mike Hoeg's bill to prohibit building of oil pipe lines into the Gulf of Mexico was finally passed by the house. A bill to raise the salary of the state banking commissioner from \$6,000 to \$10,000 a year was killed. The senate amended the proposed state road bond resolution to permit expenditure of bond money for county roads as well as state highways but adjourned when Senator Thomas Pollard sought to amend it so that a five cent gasoline tax must be levied before there is ever an ad valorem tax to retire state road bonds.

New measures introduced yesterday included a bill by Rep. George Kemple of Fort Worth that would make it a conspiracy in restraint of trade to interfere directly or indirectly with any rate making body or increase its burden or expense by refusing cooperation and assistance in fixing fair rates.

FREED IN BOXER'S DEATH. KEWANEE, Ill., Feb. 19.—A coroner's jury here exonerated everyone of any blame in connection with the death of Eddie Chandler, Marine boxer. Chandler died Saturday night, after he had been injured in a bout with Lou Denny, Aurora, Friday. Hemorrhage, due to concussion of the brain, caused the boxer's death, the jury decided.

OFFICERS OF AMUSEMENT CO. NAMED

At the annual meeting of the stockholders of the Lake Cisco Amusement Co. officers for the coming year were elected when W. J. Armstrong was named president; Guy Dolney, vice president; and F. E. Hurrell, secretary-treasurer. The directors consists of the above named officers with the addition of W. T. Graham and F. D. Wright.

The directors decided on quite a number of improvements which include clearing off the grounds which will be sodded with grass, the laying of winding walks with numerous seductive nooks, and so forth.

P. W. Perkins, amusement manager, says negotiations are now under way for several entertainment features for the coming season. Special attention will be given looking picnic parties from neighboring towns, with reservations already arranged for several of these outings.

Preparations are going forward for the big dance to be given at Washington's birthday. He said the largest crowd of the season attended the dance last Saturday night. The Texas Rumples, one of the best orchestras in the southwest, have been engaged for the dance March 2. This orchestra is familiar to radio owners as they are frequently on the air broadcasting over W. B. A. P. Star-Telegram station.

The insistence of the public for the opening of the season at Lake Cisco was manifest Sunday when there were 400 or 500 cars at the lake, many making inquiries for the opening date, Mr. Perkins said.

KING BRINGS RING DEFEAT

SYDNEY, Feb. 19.—Norman Gillespie, prominent Australian boxer, has no use for telephones. At the Sydney stadium he was engaged in a contest with Jack Roberts, and was well ahead on points in the eighth round when a telephone at the ringside played its fateful trick. Gillespie, in the excitement of the encounter mistook the telephone bell for the song, and dropped his guard. His opponent connected with a powerful right to the body and Gillespie was knocked out.

STEPHENVILLE PLAYS HERE IN TITLE SERIES

The basket ball crown of this interscholastic league district, comprising Eastland, Stephens, Erath, Somervell, Palo Pinto and Hood counties, rests upon the outcome of a series of games between the Cisco Lobos and the Stephenville Yellow Jackets, the first of which will take place here tomorrow night at 7:30 in the high school gymnasium. A second game will be played Friday night at Stephenville, and if a third is necessary, it will be played at a place to be decided.

MUSCLE SHOALS MUST WAIT. WASHINGTON, Feb. 19.—Legislation affecting Muscle Shoals cannot be passed during the remaining days of the present session of congress. Chairman Snell of the house rules committee told President Coolidge Monday in discussing the legislative outlook at the white house.

JUDGE BUTTS BUYS GUDE HOMESTEAD

Judge J. J. Butts recently purchased the Gude homestead on the corner of H avenue and West Sixth street. The property belonged to the estate of the late Mrs. W. H. Gude, mother of Ernest and John Gude, and it was through John Gude, acting for the others, that the property was sold. This property occupies a splendid residence location, being diagonally across the street from the First Presbyterian church. The main structure of the residence on the lot is still in a splendid state of preservation. Judge Butts said Monday he had not decided what disposition he would make of the property, but probably would remodel it into a modern residence.

BILL CALLS FOR TWO NEW U. S. PRISONS

WASHINGTON, Feb. 19.—A bill authorizing erection of two new federal penitentiaries, one in the northeastern section and the other in the middle or southwest, was introduced by Rep. Boylan, Dem., N. Y. Boylan announced the purpose of these new institutions was to relieve overcrowded conditions existing at Atlanta and Leavenworth penitentiaries.

TULSA, Okla., Feb. 19.—Proration of crude oil production in the Seminole field last week was responsible for the first decrease in daily average yield of the nation in both light gravity oil and the total recovery since November 3, 1928. The Oil & Gas Journal's production report for last week showed Oklahoma dropping from 727,820 barrels daily average to 707,435 barrels.

National production declined from 2,690,350 barrels to 2,667,518 barrels, while the light gravity decreased 22,720 barrels. California climbed from 787,250 barrels to 795,000 barrels with curtailment efforts delayed by refusal of town lot operators to join major companies in cutting down production. West Texas dropped from 375,349 barrels to 372,139 barrels. Kansas increased 95,585 barrels to 95,840 barrels.

Total Midcontinent daily average was 1,448,095 barrels as against 1,327,596 barrels the week before. Since the first of December, 1928, there had been a steady increase in production. The daily average for the week ended December 1, was 2,569,163 barrels, while for the week ended February 9, 1929, it was 2,690,350 barrels, an increase of 181,187 barrels.

ORIENT SEEKS AUTHORITY TO ISSUE BOND

WASHINGTON, Feb. 19.—Authority to issue one \$250,000,000 first mortgage bond and 55,000 shares of common stock, was sought from the Interstate Commerce commission Monday by the Mexican and Orient, which was recently purchased by the Atchison, Topeka & Santa Fe railroad. Proceeds from sale of securities will be turned over to the Atchison for advances it has made in the former road.

"JEW" BATES IS SUSPECT IN GANG MURDERS

CHICAGO, Feb. 19.—A police order was issued Monday for the arrest of Dave "Jew" Bates as a suspect in the massacre of seven members of the "bugs" Moran beer running gang last week in a northside garage. Bates is said to have a long criminal record and is reported to have worn a policeman's uniform in some of his alleged hi-jacking exploits. The fact that Bates had a reputation for using the disguise of a policeman dovetailed with the report that two of the firing squad which committed the garage massacre wore police uniforms.

SHE FEARED AN OPERATION WAS HER ONLY HOPE

"I just feel like going from house to house and telling the people about this wonderful new Sargon treatment."

MRS. AMANDA FORD.

"For fifteen years I suffered with a complication of troubles. I had gradually lost weight until I was just a shadow of my former self, and was so weak I could hardly walk a block. I was told an operation was my only hope and even that might fail. My digestion was so bad that even toast would sometimes disagree with me. I was constipated and bilious, and suffered almost continually with sick headaches and dizzy spells. "I tried all kinds of medicines and treatments, without benefit. I will always bless the day I heard of Sargon and began taking this wonderful medicine. From the very beginning I felt better. Now I eat everything I want, and my strength and energy have come back to me. I have gained seven pounds. Sargon and Sargon Soft Mass Pills have made me a well woman after fifteen years of miserable suffering, and I never have an ache or a pain of any kind now. I will never be without them." The above statement was recently made by Mrs. Amanda Ford, a well known and highly esteemed resident of 816 Cherry street, Fort Worth. Sargon may be obtained in Cisco at Elliott Drug Store and Corner Drug Store.—Adv.

Fumbled Football Recovered by Opposing Team Will Be Dead at Point of Recovery by New Rule

By GEORGE KIRKSEY

NEW YORK, Feb. 19.—Under the new football rules there will be no such thing as long runs for touchdowns after scooping up fumbles. In the past, a ball which had been fumbled was free and might be picked up and advanced by either team. Now a fumbled ball recovered by the opposing side will be dead at the point of recovery. The fumbling eleven, however, may pick up the ball and continue its advance.

Roy Reigels' famous wrong-way run in the California-Georgia Tech game at Pasadena New Year's day would have been impossible under the new legislation announced yesterday by the National Football Rules committee after a three day session at Absecon, N. J.

The new rule will not apply in case of forward or backward passes which are intercepted before striking the ground, nor will it apply to blocked kicks, which will be played as heretofore. Three other

important changes were made in the rules for 1929 as follows: All kicks legally recovered by the kicking side may now be advanced in accordance with the uniform rules. This rule now includes free kicks and kick-offs, whereas it formerly applied to kicks from scrimmage.

On forward passes no player on the side in possession of the ball who has crossed the line of scrimmage shall interfere with an opponent until the ball has been touched except in an actual attempt to catch the ball.

The try for point after touchdown will be made from the two yard line instead of the three yard line. The "screened" pass was further legislated against when the committee amended its 1928 ruling to such an extent that any attempt past the line of scrimmage by the attacking side to interfere with a defensive player except in an actual attempt to catch a pass will be ruled interference. E. K. Hall of Dartmouth was re-

lected chairman. Other members of the committee present were W. W. Roper, Princeton; Tad Jones, Yale; H. J. Stegeman, Georgia; Alonzo Stagg, Chicago; M. F. O'Hearn, Missouri Valley; D. X. Bible, Texas A. & M., who goes to Nebraska next season; M. W. Hughes, Rocky Mountain division; George Varnell, Seattle, Wash.; and W. S. Langford, Trinity.

WEIGH WHAT YOU DESIRE

If you over-weigh, the cause may not be in over-eating or under-exercise. It may be in a fault in nutrition which modern research has discovered. And which science now corrects.

The method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. And many of the people you envy—with slender figures, new vivacity and health—will urge you to adopt this way. The use of Marmola does not require abnormal exercise or diet. In every box you will find the formula, also the reasons for results. You will know just why your weight comes down and why every effort is helpful. Learn the facts, and do it now. Do so by asking your druggist today for a \$1 box of Marmola.

STEAM That Has Fourteen LIVES!

WHAT a giant of power is the steam locomotive as it thunders up the grade. Yet the roar of its exhaust tells the tale of tons of living steam that go to waste.

... In the generating stations of the West Texas Utilities Company are power giants of another kind—softly humming turbines with the strength of a thousand locomotives on their shafts.

... Not so much as a wisp of steam escapes. Rather, each jet of steam is made to multiply its power fourteen times. Not until the last ounce of its energy is exhausted is it released, and even then its heat is used to warm the water for the boilers.

... Every detail in the operation of this company is planned to yield the utmost in efficiency and economy. That is why the modern electric motor can pull the load of other engines many times its size at but a fraction of their operating cost.

MERCURY DOWN TO 18 DEGREES THIS MORNING

The prophecy of the ground hog appears more and more facetious to Cisco people today as they shiver in the grip of another "norther" which this morning sent the thermometer on the front of the Daily News building down to 18 degrees. This figure, while low, would now appear mild to local people, though, were it not for the dampness and wind that adds to the penetrating chill of the weather. The temperature, 18 at 7 o'clock, maintained that level practically all the morning. A fine snow began falling early in the day. Shortly after noon the sun came out and the mercury rose to 26 degrees.

icy winds out of the northwest sent the mercury tumbling this morning in the 42 counties served by the West Texas Utilities company, according to reports received by the traffic department. The lowest temperature recorded was in the area from Quanah, north to Shamrock and northwest to Clarendon. South of Abilene mercury was near the freezing point, with a heavy mist falling. A like condition existed southwest as far as McCamey.

WOMEN HELD ON CHARGES OF FORGERY

SAN MARCOS, Feb. 19.—Two young women who had posed as students of San Marcos State Teachers college were placed in jail here last night by Sheriff Allen, one charged with forgery and the other as an accomplice. Five checks, ranging from \$1 to \$9.90, were given to firms here Monday dawn on a bank at Hutto. When arrested both claimed to be married and to have come from Fort Worth. They left here about noon on a bus, got off at Kyle, caught a ride and were arrested on the outskirts of Austin by Sheriff White, who was notified by Sheriff Allen.
