### BIRTHDAY DINNER

Mr. and Mrs. Earl Hall gave a six o'clock dinner, Sunday, Oct., 19, 1919 to their grand-father, Mr. A. F. Witherspoon, celebrating his 85th birthday. It was also Mr. Hall's birthday. Those present were Mrs. G. M. Hall, Gus and George Hall, Mr. and Mrs. C. E. Hall and Jimmie Friend, the honoree and host and hostess.

Mr. Witherspoon is very spry for one of his years and only Friday returned from a visit to his son, Chas. Witherspoon, in north Oklahoma. He was accompanied by Mrs. Witherspoon, who stopped at Ft. Worth for a few days visit before returning home.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

**Which Wagon?**

The One that Fits the Road—or the One that Rides the Ridge

Recommended by the Government.  
 The standardized wagon fits the pre-  
 vailing track made by automobiles and  
 is the wagon you will want to buy.

This Wagon is Out of Date. This 60"  
 wide track wagon no longer fits the  
 roads when they are muddy and soft.

**WOULDN'T** you rather buy the style of wagon recommended by your Government,  
 especially when it is designed to pull easier, ride smoother, and last longer—the  
 wagon that fits the roads and does not ride the ridge?  
 The Standardized Weber "Auto-track" Wagon saves wear on itself, other wagons,  
 automobiles, and rubber tires.

The Weber fifth wheel and swivel coupling wagon is either sold at a price much too low  
 or most other wagons are sold at prices much too high, quality considered. Compare and draw your own conclusion.  
 To date the leading wagon manufacturers of America have sold at the most conservative estimate 100,000  
 standardized auto-track wagons. From this introduction it is but a step to universal use of this type of wagon.  
 Wouldn't you rather be identified with progress and recognized as an up-to-date farmer by doing your hauling  
 with such a wagon than to be classed as an unprogressive "back number" by buying a 60-inch wide-track  
 wagon, thereby helping some manufacturer and dealer to "unload" an obsolete type? Think it over—and then  
 come and see us about a standardized auto-track Weber.

## ANTI-BOLSHEVIK ARMY PRESSING FORWARD

YUDENITCH CONTINUES ADVANCE REPORTS OF CAPTURE OF KRONSTADT.

Stockholm.—A dispatch just received here says the army of General Yudenitch has entered the suburbs of Petrograd.

London.—Up to the present hour the British authorities have received no confirmation of the report of the entry of General Yudenitch's forces into Petrograd. The belief is expressed that General Yudenitch's men had not advanced so far as the former Russian capital.

A Bolshevik official communication received here by wireless reports stubborn fighting ten versts (about six and a half miles) west of Krasnaya Gorka and in the region of the Krasnoye-Selo and Gatchina, and also 55 versts northeast of Pskov.

The Helsingfors correspondent of the Daily Mail claims to have authentic information that neither Petrograd, Gatchina nor Pskov has been taken.

There appears some doubt whether the fortress of Kronstadt, outpost at the water approach to Petrograd, had capitulated to British naval forces, as indicated in reports. The British admiralty had received no confirmatory advices and the accuracy of the news is questioned in admiralty circles.

Dispatches from Scandinavia have announced the capture of Gatchina, 25 miles south of Petrograd, by the Yudenitch forces, and stated that Yudenitch was advancing on Tsarskoe Selo, former summer residence of the late Emperor Nicholas, and Krasnoye-Selo, near by.

Reports of the capture of these places by the anti-bolshevik army, however, seemed of doubtful accuracy.

### TYLER MAN PRESIDENT TEXAS FIRE MARSHALS

Fort Worth Is Chosen as Place of the Next State Convention.

Dallas.—J. J. Daglish of Tyler was elected president of the Texas City Fire Marshals' association and Fort Worth was chosen as the meeting place for the seventh annual convention in 1920 at the closing session of the 1919 convention in this city. F. F. Bennett, fire marshal of Dallas, was elected first vice president; W. E. Bidder, chief of the Fort Worth fire department, second vice president, and H. B. Savage of Belton, secretary and treasurer.

The state fire escape law was explained by State Fire Marshal S. W. English. He said that the war being over and plenty of material being available for fire escapes, the law will be strictly enforced. He reminded the fire marshals that the last Texas legislature appointed a fire escape inspector to see that all buildings have adequate and safe fire escapes and to cooperate with fire marshals along that line.

### MAYNARD WILL MAKE FLIGHT TO DALLAS

Will Be Only Stop for "Flying Parson" on Trip From Mineola to San Diego.

Cleveland, Ohio.—Lieutenant B. W. Maynard, "the flying parson" has received orders from the war department to make a one-stop flight from Mineola, N. Y., to San Diego, Cal. upon completion of his present flight. The route will be by way of Dallas, Texas, which will be the only checked stop.

A De Havilland 4 equipped with a Liberty motor of the same type he is using on the present flight will be used by Lieutenant Maynard. The flight will be made by himself, he said, the observer's place having been removed to increase the capacity of gasoline to 300 gallons.

### Would Stop Quail Shooting.

San Antonio, Texas.—Efforts will be made to have quail hunting made unlawful in Texas for a period of ten years, according to K. L. Highfill, state crop and nursery inspector. Mr. Highfill has just returned from a tour of inspection through the southern part of the state. Quail are rapidly becoming extinct in Texas, Mr. Highfill says, and he connects the ever increasing boll weevil menace with the fact.

### Noted Baptist Minister Dead.

Americus, Ga.—Dr. Lansing Burrows, aged 77, who for more than 30 years was secretary of the Southern Baptist convention, and one of the leading ministers of that denomination in the country, died at a hospital here recently of bronchial pneumonia.

## INDUSTRIAL GROUPS STILL "PLAYING TAG"

DIFFERENCE BETWEEN LABOR AND EMPLOYERS DEADLOCKS INDUSTRIAL MEETING.

### AGREEMENT IS SHATTERED

Employers Insist on Adding Clause Declaring for Their Right to Bargain Individually.

Washington.—Solution of the difficulties seriously threatening the national industrial conference seems more hopeless than ever after the conference's central committee failed to conciliate the differences between the labor and employer wings.

The tentative agreement reached Saturday on the question of collective bargaining was shattered when the employer's group insisted on adding to the substitute resolution declaring for the right of "employers and employees to bargain individually." This clause was rejected unqualifiedly by the labor delegates.

Previous to the introduction of the "individual bargaining" clause an apparent solution to the problem had been reached. The original Russell-Endicott resolution, providing for the recognition of the right to collective bargaining and the right of employees to choose their representatives at will, was revamped, divided into four sections and amended to read "the right to organize into trade and labor unions, shop and other industrial associations." The section granting to labor organizations the right to choose representatives without restrictions was amended to read "by representatives chosen by a majority of their own members."

The compromise measure as amended met with the approval of the labor and public groups and some members of the employers' wing when brought before the committee. Later, however, the employers insisted on the addition of a fifth section, the individual bargaining clause which was promptly vetoed by the labor group. This left the central committee deadlocked just as it was when the conference adjourned Friday.

### FLYING PARSON WINNER IN VICTORY AIR RACE

Flies Twice Across Continent in the Greatest Air Contest in History.

Mineola, N. Y.—Lieutenant Belvin W. Maynard was declared the victor in the army's air race across the continent and return, the greatest aviation endurance test of history, upon landing here. Lieutenant Maynard's official landing time was 1:50:05.

Lieutenant Maynard flew the 142 miles of the last stage in his flight from ocean to ocean and return at a speed of nearly two miles a minute several minutes before he landed his plane was visibly flashing across the cloudless sky in the brilliant sunshine of a perfect autumn day.

The first persons to greet him as he stepped from his machine at the conclusion of his historic flight were his wife and two little girls, who rushed across the field amid the frantic cheering of the hundreds of spectators who were marshaled at a safe distance by special details of soldiers.

The first words uttered by Lieutenant Maynard when he put his foot on mother earth again were a generous tribute to Sergeant N. E. Klein his mechanic and companion on the flight.

### VICTORY FAIR CLOSURES WITH GRATIFYING ATTENDANCE

Captain Charles Theodore Was Making Attempt to Out-Rival Locklear.

Dallas.—While endeavoring to surpass the aerial feats of Lieutenant Ormer Locklear, Captain Charles Theodore, aviator of Dallas, fell 500 feet to his death Sunday afternoon 400 yards northwest of the university of Dallas.

Just before his fall, Captain Theodore was hanging by his hands perpendicularly from a rope below the landing gear. A throng of spectators on foot and in automobiles lining the roads for a long distance watched him vainly attempt to pull himself up the rope and to throw his legs over the landing gear axle. After he had hung to the rope for a distance of three miles, Captain Theodore became exhausted, unloosed his hold and fell to his death.

### Railroad Legislation May Interfere.

Washington.—Pressure from administration sources for enactment of permanent railroad legislation may block the tentative plans for congressional leaders for adjournment about Nov. 10.

## Health About Gone

Many thousands women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to one from Mrs. Z. V. S. of Hayne, N. C. "I do not stand on my feet, just suffered terrible she says. "As my suffering was so great, he had tried other remedies, Dr. ——— had get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

GILLILAND,  
Editor and Proprietor.

What is the definition of a natural optimist? Answer: Anyone who lives in Baird and will say that they are proud of our gradeless streets and walkless sidewalks.

The coal miners threaten to strike on November 1st unless their demand for increase of wages and less working hours are granted. Coal mining is one of the most dangerous occupations and miners deserve good pay, but whether they should have all their demand is another question.

Some wealthy Frenchmen are paying as high as fifty thousand dollars for autos, which leads a noted French writer to say that the people of France are riding to hell in autos as fast as they can make the wheels turn. Lots of Americans are doing the same thing.

The Industrial Conference at Washington seems to have come to a dead halt. The Labor group withdrew Wednesday despite President Wilson's appeal to all parties to try to settle their differences. The failure of the conference is to be regretted by everybody who wants to see business get back to a peace basis.

Col. Henry Watterson, the famous editor of the Louisville Courier-Journal, was credited some months ago with saying that the only thing that can save the world from anarchy is the Christian religion as propagated by the teaching of Jesus Christ. As the months go by it becomes apparent that the aged journalist had a correct view of things before the public was aware of the dangers ahead.

In the fight between labor and capital the public occupy a place similar to the innocent bystander in a street broil. They have nothing to gain no matter which side wins and some are liable to get killed or lose all their property. It is about time both sides in these industrial wars are made to understand that the forgotten class, the public, that constitute nine-tenths of the population, should have some rights that must be protected.

Forty thousand dock workers are on a strike in New York in an attempt to tie up all shipping. United States troops are in charge of the government wharves and are handling freight over the protest of the mayor and the strikers. Uncle Sam intends to see that his part of the shipping to and from Europe is no longer interrupted by the striking dock laborers, who have been making trouble for the government ever since the American troops began to return home. The public does not know what all the row is about, but one thing certain the federal government should see to it that a lot of stay-at-home strikers should no longer be permitted to tie up shipping in the chief seaport of America.

thus retarding the return home of American soldiers, thousands of whom are still in Europe.

The people living east of Market street have done practically nothing in the way of sidewalk building in 38 years. They have so little interest in the matter that they have not got the courage to ask the City Council to put stepping stones across the street. In the last 32 years the Editor of THE STAR has paid \$450. in city taxes and in addition has paid over \$500. in water rents to the city. Nearly \$1,000. paid to support the city government by one taxpayer on one of the most populous streets in Baird and we doubt if the city has spent as much as \$100. grading that street in ten years. Not a stepping stone has ever been put in by the city on that street east of Mrs. A. Cooke's. True I have not asked the city for years to do anything in that line, because years ago they refused to do anything. The city refused for years to put in a crossing at THE STAR office, though it was one of the worst crossings in town. The editor and Jim Walker paid to have that rock crossing put there.

The time has come for the people to do something in the way of sidewalk building in the east part of town and to demand that the city grade the streets and put in some street crossings.

The public generally sympathizes with labor unions because the belief prevails that only through organization can the day laborer secure fair and equitable compensation for his labor, but there is a well founded suspicion that a great many of these strikes are engineered by a lot of radical bolshevik and anarchists for sinister motives. The utterance of some of these radical strike leaders justifies this suspicion. Conservative labor will have to unhorse these radical leaders if they expect to retain the sympathy and good will of the public in the United States. Samuel Gompers, one of the greatest and fairest minded labor leaders this country has ever produced, sees the danger and is trying to avert it. If the radical leaders obtain control they will not only wreck the Labor Union, but bring untold misery upon the country. Every loyal American including every loyal Union Laborite, should rally to the support of the conservative labor leaders and squelch the radical element that would not hesitate to precipitate a bloody revolution if they secure power. Few people in this section of the country realize the critical situation that exist in the great commercial cities of this country, because we have no labor troubles here. But if they continue as they have for the last twelve months we will feel it. Radical labor leaders and uncompromising employers are responsible, and public sentiment should be aroused to protect the rights of the great masses, who have to foot the bills, for all this turmoil and strife in the end. This is no time for radical, uncompromising propaganda, yet thousands of public speakers and newspapers are doing their best to add fuel to the fires of discontent without excuse or justification. The people should demand a halt in this strike business and compel both sides to submit to arbitration on all questions when differences about wages and working conditions prevail. The common sense of the American people can solve every difference if the public can be aroused to the danger that threatens the destruction of the very foundations of our government.

A year ago at this time Americans who had sons, brothers and other relatives on the battle front in France, spent many anxious hours

day and night, waiting for news from the front, anxious for, but dreading to hear the news from loved ones, and many of them were fated to hear that their loved ones had fallen in battle or succumbed to disease. Then came the news of the armistice and the end of the war and joy reigned supreme throughout the world, that the greatest war in all history had ended in a triumph for justice and the right. A year after and here in America, where peace and plenty should reign supreme, we are torn by conflicts between labor and capital. Not only here, but all over the world. It looks as if some evil spirit has control of the minds of men and they see only their own selfish interests. As THE STAR said during the darkest hours of the conflict, when the end was nearer than we dared hope, "That some day He who rules the destiny of all, would say, Peace, be still, and the war would suddenly end," and the prophecy came true. We believe out of all this turmoil and strife over labor conditions in this country that a righteous solution will be found. We say this because we have faith that justice and right must and will prevail, and because we have unbounded faith in the patriotism and sound horse sense of a majority of the American people, regardless of what class they may belong. This must be so or free government among men will perish.

## MORE HELP AT POSTOFFICE

The amount allowed for clerk hire in the Baird Postoffice is the same that was years ago, while the business has more than doubled. The cost of living has increased more than one hundred per cent and competent clerks can no longer be expected to work in the postoffice at \$25 to \$30 per month less than is paid clerks in other lines of business. An increase for clerk hire is imperative, and can only be secured by prompt and energetic cooperation of the business men of Baird. We feel sure this will be cheerfully given when the patrons of the office learn that clerks in the postoffice here are the poorest paid clerks in Baird, while the work is the most responsible, hardest, longest hours of any which is anywhere from 12 to 14 hours a day. The street cleaners would not work for twice the pay the government allows for clerk here in the Baird postoffice.

Why should the government make a law of eight hours for some occupations, whose operators receive five to ten times as much as the postoffice clerks receive in Baird for 12 to 14 hours work. The work is harder, more tedious and requires more ability in postoffice work than is required of some railroad employe who receives more pay for 40 hours work than the best paid clerk in the Baird postoffice receives in 360 hours they have to work in a month, counting 12 hours a day or to put it another way, if the Baird postal clerks received the same pay per hour as some railroad employes receive that requires no more training than for postal clerks, the postal clerks would receive ten times as much pay as they are receiving now. They do not ask or expect any such increase, but do ask that an increase be given that will enable Mrs. Miller, the postmaster to employ and retain sufficient help in the postoffice.

it is the bank which depends upon business for success—not business upon the bank.

While it is true that no business can operate successfully without a strong banking connection, in a larger sense the bank itself can look for great success only in the ratio that success comes to its patrons.

The success for which this institution bids is that which comes to us as a direct result of intelligent co-operation and tangible assistance rendered to the friends and patrons of this bank.

### SHANTUNG QUESTION SETTLED IN SENATE

14 REPUBLICANS IN PRO TREATY LINE-UP—LODGE SAYS HE WILL CONTINUE FIGHT.

Washington—The long double-baited Shantung amendment to the peace treaty, presented by Senator Lodge and approved by the foreign relations committee, finally was rejected in the senate with a majority of an even score against it. In the vote of 25 to 25, 14 republicans swung over to the pro-treaty forces, while three democrats lined up with those supporting the proposal. Of the six senators absent, two republicans were put on record as in favor of the amendment, and one republican and three democrats as opposed to it.

The roll call, which came at the end of another six and a half hours of sharp debate, in reality swept away six amendments instead of one, each change in the treaty text having been numbered separately by the committee in its decision to strike out the word "Japan" and substitute the word "China" throughout the sections relating to the Province of Shantung. By unanimous consent, however, the six changes were debated and voted on as one.

Only three of the committee's 46 amendments now remain to be acted on by the senate, 36 previously having been rejected. Of those remaining, one relates to American representation on the reparations commission and two to equalization of voting power in the league of nations assembly.

After the vote was completed Senator Lodge announced that later he would move to strike out entirely the sections awarding the Shantung rights to Japan. Notice also was given by a number of the republican senators who opposed the committee that they would present reservations assenting from the Shantung award.

### RUSSIAN BOLSHEVIK ARE BEING DRIVEN BACK

Armed Press in on All Sides and Fall of Petrograd is Threatened.

Heligoland—The bolsheviks are evacuating Petrograd because the troops are unwilling to fight, according to a message received here.

London—Forced back by the onslaughts of enemies on four fronts the armies of the soviet government of Russia appear to be facing a period pregnant with disaster. General Brusilov's conquests from the south, Polish forces from the west, northern Russian legions on the north, west, and northern Russian troops from the north, have during the last few days forced ahead until it seems the bolshevik armies are between the upper and nether millstones.

Petrograd is doomed to capture, in the opinion of observers. General Yudenich having passed Gatchina, and is less than 20 miles south of the former Russian capital.

### VESSELS ARE DIVERTED TO GALVESTON FOR GRAIN

British Ships in North Atlantic to be Used to Expedite Texas Wheat.

Washington—Ships headed for north Atlantic ports are to be diverted to Galveston for loading of wheat, outlined in a letter from Walker D. Hines, director of the railroad administration to Representative Ferris of Oklahoma. Mr. Hines says that in order to secure a more rapid movement of grain through Galveston, it may be found necessary to erect temporary storage facilities in Oklahoma and Texas. In order to secure more rapid movement through Galveston, the government officials have been in communication with the British government, with the result of ships being diverted to the southern port.

According to records of the railroad administration, 2,424,000 bushels of wheat are stored in Galveston's facilities, 2,147,000 bushels are on the tracks at Galveston, and there are in transit 1,507,000 bushels, a total of 5,777,000 bushels, whereas the elevator capacity at Galveston is only 2,900,000 bushels.

### San on Undesirable Foreigners.

Washington—With government reports showing that alien radicals are agitating strikes and disorders in all parts of the country, the house has voted overwhelmingly to continue for one year after conclusion of peace, the wartime ban against the entrance into the United States of undesirable foreigners.

### Federal Aid for Farmers.

Washington—Congress is asked to appropriate \$100,000 to provide free cotton seed to farmers in Aransas, Kinney and San Patricio counties of Texas, whose crops were destroyed by the recent gulf storm.

### STRIKE ARBITRATION PLAN IS OPPOSED

LABOR'S PROPOSAL DISCUSSED IN CONFERENCE, BUT AGREEMENT IS NOT REACHED.

Washington.—After a heated session, devoted almost entirely to discussion of labor's proposal to arbitrate the steel strike, during which two attempts at postponement and a substitute resolution by Thomas L. Chadbourne of the public group, met with defeat, the national industrial conference adjourned without having taken other definite action than the appointment of three subcommittees.

Another attempt to obtain action in the steel controversy, however, will be made by members of the public group, through a new compromise proposal.

The labor resolution was laid before the conference without recommendation by the central committee, but with an amendment proposed in committee by Samuel Gompers, president of the American Federation of Labor, providing that the arbitration committee be chosen by the conference. In reporting the resolution, chairman Chadbourne announced that, while the resolution was favored by a majority of the members of the committee, it had received the negative vote of two groups, and, therefore, could not be favorably reported.

The climax of the tense sessions came when Samuel Gompers, leader of the labor delegation, made an impassioned plea for intervention in the steel strike and reviewed the negotiations leading up to the calling of the strike on Sept. 22.

Given permission to speak on the arbitration resolution, Mr. Gompers described the labor proposal as the "most generous and comprehensive proposition ever submitted in the entire course of the struggle of labor to emerge from slavery to serfdom and thence to waged labor." Mr. Gompers said he believed that fair-minded employers, employes and public alike regretted the evident attempt to defeat the strike arbitration resolution.

### COAL MINERS' STRIKE SCHEDULED FOR NOV. 1

Government Will Take Action Seeking to Prevent Shut-Down of Mines.

Washington.—Immediate steps to avert the threatened nation-wide strike of bituminous coal mine workers are to be taken by the federal government. After President Wilson's cabinet had discussed the situation, Secretary Wilson of the department

of labor, announced that he would invite John L. Lewis, president of the United Mine Workers of America, and John L. Brewster, representing the operators, to confer with him. While efforts of the miners and operators to reach an agreement on the demands of the workers have failed, Secretary Wilson is hopeful that some amicable adjustment can be made.

### FREE STATE IN FIUME ACCEPTABLE TO ITALY

Certain Conditions Intended to Safeguard Italian Interests Are Imposed.

Paris.—Italy has agreed to the creation of a free state in Fiume, the port remaining under control of the league of nations, says the Petit Parisien, which claims to have received reliable information on the subject.

At the same time, it is said, Italy is understood to require there shall be no gap between the free state and Italian Istria in order that Fiume may not be surrounded by Jugo Slav territory.

### Love Field Not Provided For.

Washington.—Indications are the house subcommittee on military affairs will in a few days report in favor of the purchase of Ellington field at Houston and Kelly field at San Antonio, and for building of additional warehouse facilities at San Antonio. No proposal is made for retention of either the Fort Worth or Dallas aviation fields, and as soon as released by the war department, they will be salvaged, in the opinion of members of the subcommittee.

# PRINCE ALBERT

the national joy smoke

Copyright 1919 by R. J. Reynolds Tobacco Co.

Tony red bags, 14 1/2 red tins, handsome pound and half-pound tin humidors—and that elegant, practical pound crystal glass humidior with sponge moisture top that keeps the tobacco in such perfect condition.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

OBITUARY

On the eve of September 1st, 1919 the death angel hovered around the home of Mr. and Mrs. Norbin Sikes and claimed for its victim their little girl, Violet Joy Sikes.

She was sick from Saturday until Monday. By a mistake the sweet little baby drank gasoline. Its suffering was intense, but she bore it with patience and knew all until death struck her. Had she lived until November, 3, 1919 she would have been four years old. Her little body was laid to rest in the Admiral Cemetery.

Weep not dear parents, God in infinite wisdom knows what is best. She was a bud here, only to bloom in heaven. None know thee but to love thee. Always full of childish glee.

She died in beauty like the rose,  
Blown from its parent stem.

She died in beauty like a pearl,  
Lost from some diadem.

She died in beauty like a lay,  
Along a moonlit lake.

She died in beauty like the song,  
Of birds amid the brake.

Joy looked as pure as snow,  
And of flowers dissolved away.

She passed as a beautiful star,  
Lost in the light of day.

She lives in glory like night gems,  
Set around the silver moon.

She lives in glory like the sun,  
Amid the blue of June.

A Cousin.

Teachers' Examinations—Special

Examinations will be given for teachers' certificates at Baird the 7th and 8th of November. This is an emergency examination throughout the State. Callahan County now needs about twelve teachers at \$65 to \$100 per month.

BAPTIST SERVICES

On account of the bad weather and sickness our Sunday School and Preaching services have not been so well attended in the last few weeks, so let us make next Sunday a banner day.

Sunday School at 10:00 a. m. Preaching at 11:00 a. m., and 7:00 p. m. This is in accordance to new time, after having been set back an hour.

In this hour of need I appeal to every loyal Baptist to be present whose membership is here, or he who is living here and membership elsewhere. Let him who has not been so loyal in the past come into his own now, and rally to his denomination.

D. E. Adams,  
Pastor.

PRESBYTERIAN CHURCH

Next Sunday morning at 2:00 we turn our clocks and watches back one hour to the regular and standard time. Don't forget this, and let us be in our places at Sunday School and church.

Remember we are expecting the Sunday School pupils to stay for church at the morning services at 11 a. m. The evening worship will begin at 7:00 o'clock p. m., old time. Endeavor, 6:30 sharp.

We cordially invite all visitors and strangers to worship with us. A warm welcome awaits you.

We extend a hearty invitation to the young people to attend our Endeavor Society. We thank you for your cooperation in the past. May the future be as pleasant and profitable.

Sincerely Yours,  
The Session of the Presbyterian Church.
