

**mack's**  
**tracks**  
 -by dave

Saturday night was a big night for many local youngsters. That night the All-Star games climaxed the local baseball season for the area's youngsters. Several awards were presented (these are covered in a story on this front page) and two of the best baseball games matched anything you could see at home on the TV set were viewed by an overflow crowd. Both games were close, hard-fought battles with many outstanding highlights.

The looks on those boys' faces as they came forward following the contests to get their awards is hard to describe. You just had to be there to view it for yourself.

Those looks alone make it worth the while to support the summer baseball program and in addition the boys get a lot of learning to play and contest with each other.

Our hats are off to the managers, sponsors and the American Legion and Chamber officials who made this possible.

Also, congratulations to the boys who played in the All-Star games, they were great!

Saturday was a day of mix-ups for us.

That morning we dragged down to the office to find things just a-buzzin'.

This is unusual for most of the time we have the whole plant all alone on Saturdays.

After our first surprise of seeing some of the Plains Publishers' crew up and at 'em we asked what in the heck they were doing down here.

It seems that one has to be a General to get things done.

As many of you know Plains Publishers print the "Mach Meter" which is a base paper for Clovis Air Force Base.

This paper is printed each Friday.

Well, anyhow Friday they printed the MM and it was delivered.

But--HORRORS!

The General's name was misspelled in a headline so all of the papers had to be reprinted.

Wish I was a general.

We laughed at the mistake, but as the saying goes, he who laughs last laughs loudest--and it was true Saturday for us.

Saturday night we went out to the baseball field all prepared (we thought) to take pictures of the boys as they received their awards.

We checked the camera before and all was well, but then when the time came to take pictures--no flash.

Despite our efforts to find the cause, no results... So--it was due to this malfunction that our paper doesn't have shots of the boys receiving their hard-earned awards.

Chicken one day and feathers the next!

Saturday was full of surprises for many folks.

The Boy Scouts really made everyone aware of the bad driving habits they acquired over the years.

All the fine money was turned over the local Boy Scout troops and from what we hear they really made out.

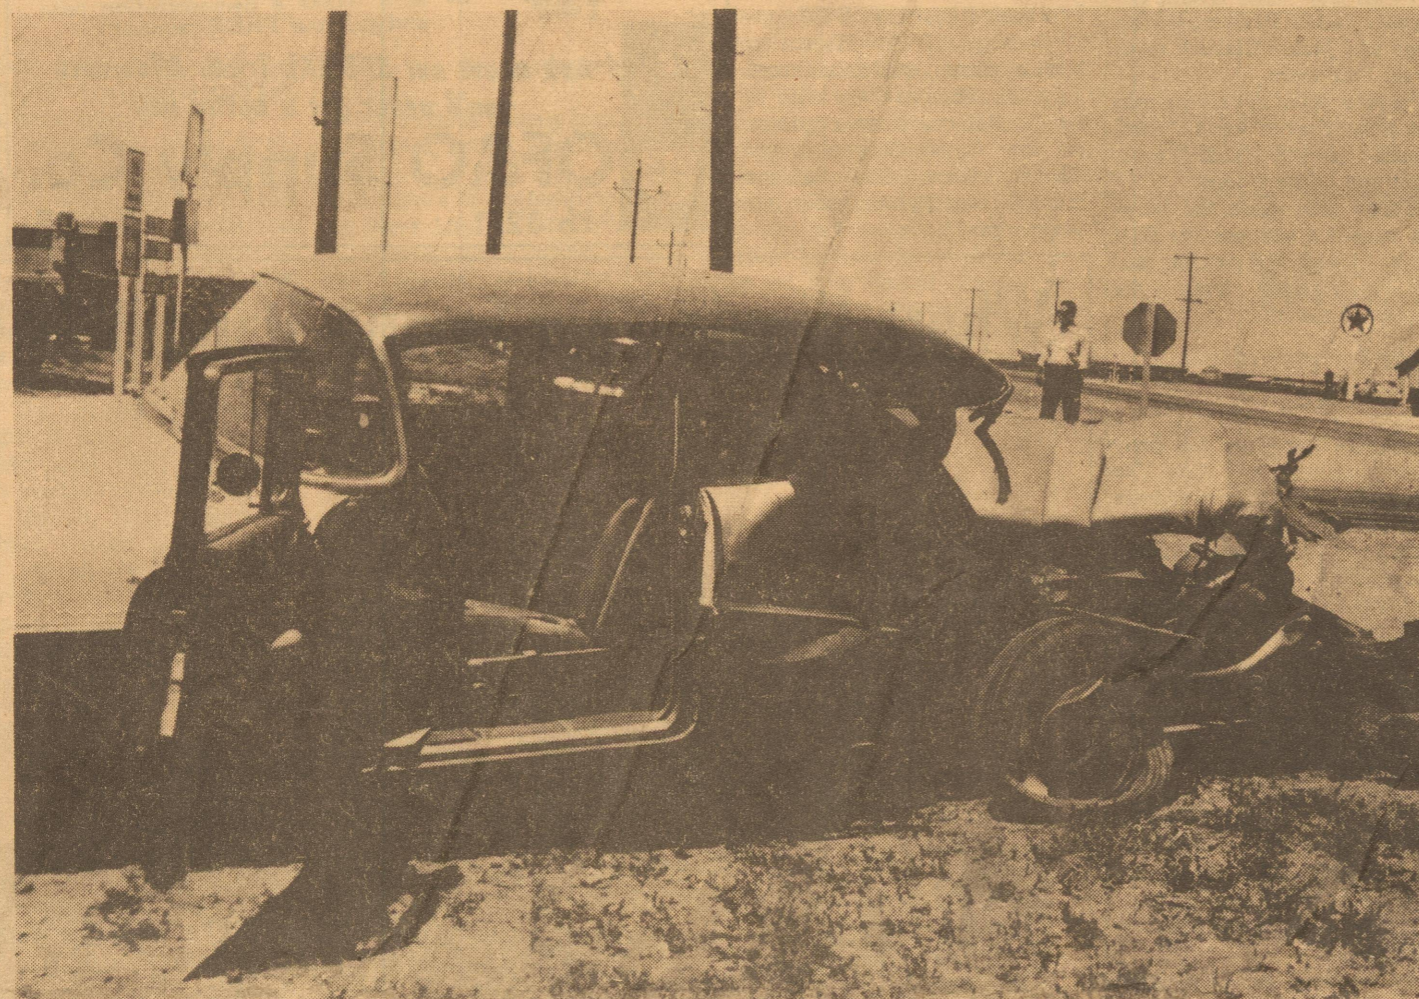

We've never seen such careful drivers as there were in Friona about noon.

By that time most folks had already received one and

GIL WENNER'S YARD GETS VISITOR---Following the crash when this Mack diesel truck hit an Oldsmobile in the intersection in the background it swerved out of control and came to rest in the yard of Gilbert Wenner who lives at the Hub.

JUST A MATTER OF INCHES---According to those who witnessed the crash it was just a matter of inches that saved the life of a Plainview man at the Hub last Thursday at noon. The automobile above was hit just behind the driver's seat and sent spinning off the right-of-way by the tractor trailer which hit it.

# Plainview Man Injured in Crash

A. T. Eiland, 81, of Olton Route, Plainview, was reported to be improving at Farmer County Community Hospital, Tuesday following a collision Thursday about noon at the Hub corner.

Eiland was driving a 1955 Oldsmobile toward Dimmitt when his auto was struck by a 1953 Mack diesel truck loaded with potatoes which was going south toward Muleshoe as the vehicles met in the Hub intersection.

The wreck was identical with

the fatal crash last year at the intersection which claimed the lives of six persons.

The truck, which was driven by J. I. Reames of Amarillo had loaded with potatoes at Hereford and was headed to Midland when the crash occurred.

Eiland was charged with failure to yield right of way following investigation by Don Tabor of the Texas Highway Patrol who investigated the accident.

Witnesses to the crash say that Eiland never slowed down for the stop sign but was proceeding right on across the intersection when the truck hit the car.

The auto was hit just behind the door post on the left side and spun around without overturning and throwing Eiland out.

The truck, which was thrown out of control when Reams hit

his air brakes and swung to the right in an attempt to miss the auto, continued on across the intersection and rocking back and forth overturned when it hit the barrow ditch and came to rest in the garden of the Gilbert Wenner place on the corner of the intersection.

Reams was not injured in the wreck.

The Olds was damaged to an estimated total of \$800 and the truck suffered an estimated

\$10,000 in damages not counting the value of the load of potatoes.

Eiland apparently owes his life to the fact that the truck hit just about two feet to the rear of the driver's seat and that his auto never overturned.

In the never-to-be-forgotten crash last September the truck in this instance passed entirely over the car and every occupant was either killed instantly or died within a few hours.

## Entry Rules Announced For Maize Queens

Parmer county girls who wish to enter the annual Maize Days Celebration Queen contest are asked to begin making plans for the annual event, announces Mrs. Eva Miller, chairman of the Queen Contest this year.

All girls who are residents of Parmer county are eligible to enter the contest. The girls must be sponsored by either a club, organization, community or business and be of high school age.

The entry fee of \$7.50 plus a photo of the contestant must be turned in to Mrs. Miller by Monday, September 7, in order that the girl may be included in the contest.

The girls will make two appearances during the contest itself which is slated to be held in the Friona High School auditorium Thursday night, September 10. The girls will appear in formal wear and again in bathing suits.

All those interested in entering the contest are urged to get their names in early in order that they may be used for advance publicity for the annual Celebration.

The Maize Days Queen will reign over the three-day Celebration following her selection and will ride the Queen's Float

in the parade.

Other plans for the Celebration are advancing rapidly, reports Flake Barber and Bob Ginsburg, co-chairmen of the event.

The Celebration will be held in Friona September 10, 11 and 12.

## Dan True To Speak to Lions

Dan True, known over the Panhandle area as the weatherman from Amarillo will speak to members of the Friona Lions Club at their regular meeting Thursday night.

The meeting will be held in the Friona clubhouse and will begin at 8 p.m.

All members are urged to attend and bring a guest if they desire, says George W. Jones, boss Lion.

## McLaughlin Plays For Sodbusters

Gary McLaughlin, outstanding tackle for the Friona Chiefs the past season, will participate in the City Slickers vs. The Sodbusters game to be held in Price Field at Amarillo on August 22.

McLaughlin will play for the Sodbusters. Players on the Sodbusters' roster include players from the Class B, A and AA schools in the area.

Players on the City Slickers are made up from schools in Class AAA and AAAA.

McLaughlin, who made all district and all regional last season, will attend West Texas State College this fall. He has accepted an athletic scholarship from that school.

## Legion To Install Officers

A dinner and other festivities will highlight the installation of officers for the coming year for the American Legion and Legion Auxiliary in Friona Monday night at 8 p.m.

Hayden Cason is preparing the meal and ladies will be in charge of the salad and dessert.

Sam Williams will be installed as commander of Friona Legion Post 206 and the Auxiliary officers will be named at the installation ceremonies.

All Legionnaires and Auxiliary members are urged to attend says Loyde Brewer, retiring commander of the post.

## Gun Club Enthusiasts To Organize

All persons in this area who would be interested in the organization of a gun club are asked to meet Friday night at 8 p.m. in the city hall according to an announcement by Ben Moorman and Don Tabor who are heading the effort.

"We hope to get things rolling and get a place where target shooting, skeet and perhaps rifle matches can be held locally," the duo says.

All persons have to be 17 and over.

If we can get enough people interested we can become affiliated with the NRA (National Rifle Association) and really have something to offer gunners in this area, Moorman says.

## Star Wins First In Press Contest

The Friona Star was announced as the first place winner and presented with a handsome sterling silver serving tray for winning first place in the West Texas Press Association's annual Ad Composition contest.

Winners were named at the annual WTPA Convention held last week in Big Spring, Tex. In addition to winning first honors in the advertising division of the contest The Friona Star was named as third place winner in the General Excellence division.

W. H. "Sonny" Graham Jr., of Farwell, co-owner and publisher of The Star accepted the award at Big Spring on behalf of the newspaper.

The award has been placed on exhibition at the office of The Star and an invitation to all local residents is extended to drop by and view the award.

## Beene, Garrett Win Sportsmanship Awards

Jay Beene of McCaslin and Donnie Garrett of Friona Motors won the sportsmanship trophies for their respective leagues Saturday night at the presentation of awards held at the Friona baseball park.

The Black nine won the first place trophy for the inter-

mediate league with Hub winning the second place trophy. For the Pee Wee league, Bengier Air Park nine won the first place trophy with Ethridge-Spring winning second place.

In league action the past week, Hub defeated Reeve by a score

of 8 to 3. Winning pitcher for the game was Teddy Renner and losing pitcher was Billy Taylor. Taylor hit the only homer during the game with no men on base.

Black defeated McCaslin by a margin of 14 to 5. Winning

pitcher was Ricky Coon and losing pitcher was Tim Herring. The official record book was not complete on this game and no records of any homers were made.

Friona Motors defeated Rockwell by a score of 11 to 4. Winning pitcher was Jay Potts and losing pitcher was Bobby Gutierrez. No homers were recorded for this game.

When the season ended officially Saturday night, the team records were listed in the official scorebook as follows:

For the intermediate league, Black won first spot with a nine won and one loss record. Hub was second with an eight won and two loss credit on the books. Third place was captured by Brookfield with a seven won and a three loss record, followed by Reeve with six won and four losses. McCaslin and Plains-Hurst ended in a tie for fifth spot with each having a nine loss and one win record.

In the Pee Wee league, Bengier was on the top of the ladder with a six won and two loss record, followed by Ethridge-Spring who holds a five won and three loss credit on the books. Friona Motors won third with a four-four record and Rockwell, who also has a four-four record but who lost a play-off game to Friona Motors, holds the fourth position. Co-op is in the cellar with a one win and seven losses

## TO REPLACE BENTZ

## Frank Smith Named Friona Band Director

Frank Smith of Lubbock has been hired as the new Friona High School band director, it was announced this week. Smith

FRANK SMITH

comes to Friona from Wilson, where he directed the high school band there the past year. Smith is a graduate of Texas Tech college, holding a B. A. degree and a Master's Degree from that institution.

He is attending a band marching clinic at the University of Mississippi the week of August 9-15. Smith has called a meeting of all High School band students for August 20, at 8 a.m. at the band hall for a get-acquainted session and to map plans for daily marching drills prior to the opening of school.

Smith replaces Richard Bentz who resigned to accept a similar position at Olton. Bentz, a graduate of ENMU, has directed the Friona Music Department the past two years.

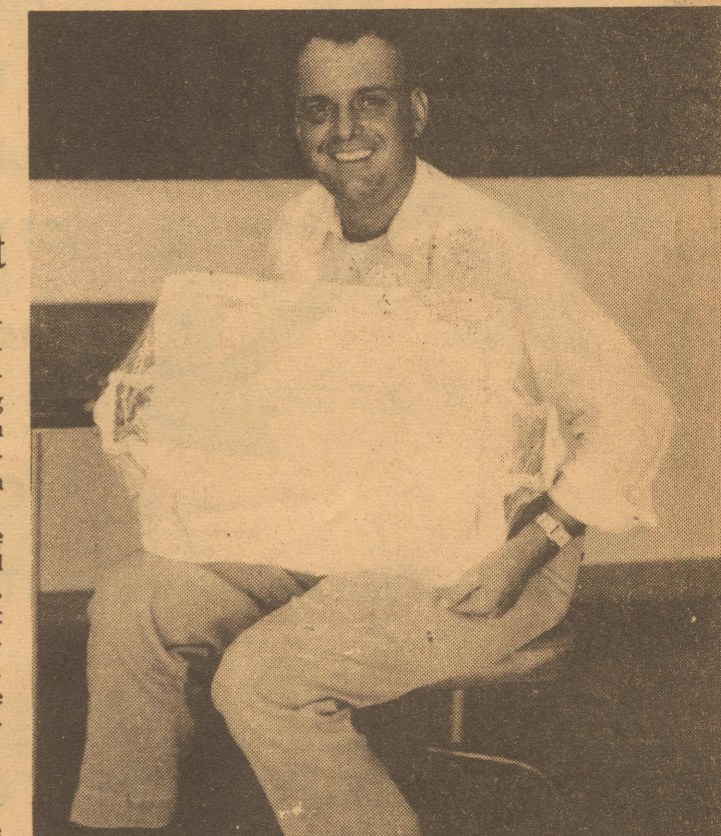

Bentz said he regretted leaving Friona, but that the move was a step up for him and he just couldn't turn it down.

## Beene, Garrett

record. The All Star players for Saturday night's games were made up of the different teams on both leagues.

For the Intermediate league North All Stars, players from Black, Brookfield and Plains-Hurst made up the team. For the South All Stars in the same division, players from Hub, Reeve and McCaslin made up the team.

The North All Stars came out on top at the end of Saturday night's All Star game for the Intermediate League by a score of 19 to 17. Pitchers for the North team were Braxton, Stowers and Rushing. Pitchers for the South team were Clark and Taylor.

According to the official books, Jackie Clark made the only homer with one man on base.

In the Pee Wee division, the North All Stars were made up of players from Bengier and Friona Motors. The South All Stars were made up of players from Ethridge - Spring, Rockwell and Co-op.

The South All Star team came out on top by a score of 11 to 10. Pitchers for the South team were Schwab, and Gutierrez. For the North, pitchers were Barker and McFarland.

The players from the various teams that made the All Star teams were Gene Weatherly, Ray Braxton, Rickie Coon, Bill Weatherly, Dale Milner, Tommy Sherley and Dwight Whitaker all of Black.

From the Hub team, players that made the All Star team were Jackie Clark, Teddy Renner, Doyle Mabry, Larry Johnson and Eldon Long. From Brookfield, George Rushing, Ronnie Brookfield, Dennis Howell and Jackie Stowers made the team.

Players from Reeve that were chosen to play with the All Stars were Billy Taylor, Danny Murphree, Johnny Claborn and Kenneth Squyres.

From McCaslin came Tim Herring, Jay Beene and Pete Everett, and Chuck McKinney made it from Plains-Hurst.

The All Star Players that made up the Pee Wee League all star teams were David Reeve, John Bill McFarland, Michael Garth, Dale Neal and Ronnie Hill.

**FOR SALE -- Kelvinator Foodarama.** Reason for selling will not fit in my home. Contact Alton Farr Phone 5322. 44-3tc

**WANTED--Listings for land, to buy or sell.** Buske-Magness Cattle and Realty Co. Phone 3462 Friona 1 tnc

**\$15 REWARD WILL BE PAID for return of brown female dog 9 years old with bad teeth.** Weighs about 25 lbs. Last seen at 5th & Main in Friona in June. W. W. Wheeler, 3105 Washington, Amarillo. 45-3tp

From Ethridge-Spring, players were Ramey Beene, Randel Schwab, Gary Rogers and Bob Bales.

From Friona Motors came Johnny Barker, Eddie Barker, Donald Garrett, Jay Potts, John Baxter and Walter Carlton.

From Rockwell, Bobby Gutierrez, Galen Brewer, Rickey Davis and Jackie Claborn made the all Star team.

Players from the Co-op nine that were chosen were Freddy Hughes, Nickie Hand, Rickey Hurst and Eddie Woods.

Those who made the baseball season a success are Earl Smith, Johnny Nazworth, and the managers from the respective teams.

## Tracks

sometimes two fines for their driving efforts and boy I've never seen the likes of signals blinking and arms waving as there were Saturday afternoon.

Perhaps it would be a pretty good thing for the boys to remind us more often of how sorry we are when it comes to driving for the money goes to a good cause and the lessons come cheap that way.

Last weekend we were in the BiWize and as we turned to leave this happy-faced individual poked a cigar in our face saying--IT'S A BOY!

It was none other than Dub Ingram.

We've seen a lot of proud poppas, but we'll venture to say that Dub gave all of them a run for their money in being proud of that new son. Congratulations to Mr. and Mrs. Ingram.

## Band

Two other Friona faculty members resigned the last week. Mrs. Maude Thibodeaux, who taught in the 6th grade the past year, resigned to accept a position as math teacher in the Stratford school system. Mrs. Thibodeaux had been with the Friona School system the past three years.

The other faculty member who resigned was Dempsey Watkins. Watkins had been scheduled to teach high school math, but resigned to accept the position as head basketball coach with the Sudan High School. He had been with the Friona school system the past five years.

New teachers who will be with the local school system the coming year have also been announced by Alton Farr, superintendent.

W. K. Huff has been hired to teach seventh grade math and science. Huff holds a BA

degree from Oklahoma State University and has recently taught at Cameron Junior College in Lawton, Oklahoma.

Mrs. W. K. Huff has been hired as an additional home-making teacher. This will be two homemaker teachers for the system, Farr explains. Mrs. Huff has had seven years' experience and holds a BA and an MA from Oklahoma State University.

William Ralph Bennett has been accepted to teach high school science. He is a native of California, but has taught at Post, Texas the past three years. He is doing his graduate studies at Texas Tech.

James C. Lane, formerly of Olton, has been employed as the high school agricultural teacher. Lane holds his degree from Oklahoma State University and has had four year's experience in Oklahoma and four year's experience at Olton.

There are only two vacancies in the faculty at this time, Farr explained. These vacancies are the result of the two resignations received last week. We now need a sixth grade teacher and a high school mathematics teacher.

## FORMER RESIDENT DIES

Mrs. C. G. Nelson of Norton, Kans., died at her home July 28. She was the wife of C. G. Nelson, former pastor of the Union Congregational Church here. The Nelsons moved from Friona about two years ago.

## G. C. Gaisford Buried Thursday

Funeral services for G. C. Gaisford of Shattuck, Okla. were conducted at the First Christian Church there. Gaisford, long time resident of the Oklahoma Panhandle, died at Shattuck hospital Tuesday. Burial was in the Gage, Okla., cemetery.

He was the father of Mrs. Fred Helmke of this city. Mr. and Mrs. Helmke and Karen were called to Shattuck early last week. Helmke returned home late Sunday but Mrs. Helmke and Karen remained for a few days.

Fred Lloyd and Barbara

and Mr. and Mrs. Joe Morris of Friona and Mr. and Mrs. Dave Bender and Patsy of Higgins, Texas, toured Carlsbad Cavern Saturday. They returned to Friona late Sunday.

No ideal is as good as fact.--Richard C. Cabot.

## Former Resident Dies

Max Brownlee, a former Frionan, died recently at Houston. Funeral services were conducted at Dimmitt Monday afternoon. Mesdames Pearl Kinsley, C. W. Dixon and Bert Chitwood attended the services. Burial was in the Dimmitt cemetery. After moving from Friona to Dimmitt, Brownlee served as mayor of that town several years.

We're happy to serve you --the more often you come in, the more pleased we are. For we know, then you're saving regularly--building your financial security. Get into the habit of saving consistently.

# Seven Girls Prepare For Nursing Career

IS THERE A DOCTOR IN THE HOUSE?—Actually, who needs a doctor when there are seven well-trained nurses around to see to your ills. The girls are members of the Future Nurses' Club of Friona High School. Seated from left to right are Lois White, Jacquelyn Magness and Joella Taylor. Standing from left to right are Jerre Cochran, Jolynda Stokes, Judy Taylor and Lynda Perry.

BY DON WATKINS  
(Ed. Note:—This is the eighth in a series of articles designed to promote the good qualities of our local youth. It is an answer to all reports, past and present, saying that juvenile delinquency is rampant among the majority of our young people.)

It is wonderful to live in a community where adults are conscious of the merits of our young people. I am aware of it everyday when I listen to people talk or see them act. To better get the point I am making across, I am going to reprint a letter written to four local parents in connection with their teenage daughters.

The reader will understand fully the situation when they have read this letter.

"Dear Mr. and Mrs. Ben Stokes,

"I spent a few days in the hospital with surgery and am at home feeling fine with the help of the doctors and the hospital staff, and I think your little daughter and three other teenage girls were very wonderful and they were always doing their job so well and in such a pleasant way and I am sure you have done a good job on your part.

"I am expressing my ap-

preciation by saying thanks to you and the parents of the other three.

"I am sure they will be wonderful ladies in the future. "It's nice to think we have teenage girls like yours that will get up and be on the job from 6 a.m. to 2 p.m. and from 2 p.m. until 10 p.m. and doing such a good job so pleasant and they seem to want to do something extra.

"I am 64 years old and don't have a granddaughter yet and if I had some like your daughter and the others, I would think a lot of them as I think they are wonderful and so much better than if out on off roads and wild parties like some do this day and time.

"If we had more parents raising girls and boys that way it would be a better world to live in.

"I hope I have expressed my appreciations right in my weak way.

"I think I owe a few kind words to your daughter as I think all children need a boost once in a while when they are doing their best.

"I wish I could express my appreciation in a better way and could give her a big boost.

"Please take this \$1.00 and get her some little thing she might like as a token of appreciation and give her my

best regards.

"Yours truly,  
T. W. Bewley"

Mr. Bewley has stated he wished he could express his appreciation in a better manner, but I believe he has done an excellent job. It doesn't take much to please young people where gratitude is involved.

The girls Mr. Bewley is speaking about are members of the Future Nurses Club at Friona High School. Seven of the girls are working this summer at the Parmer County Community Hospital to gain actual experience. One girl, Lynda Perry, has been accepted by the Northwest Texas Hospital in Amarillo to attend their nurses' training school this fall.

The Future Nurses Club in Friona is a part of a state-wide program. The state organization is the Texas Association of Future Nurses, with approximately 230 local clubs and 5,000 members participating.

The local club here is under the sponsorships of the school nurse, Mrs. Marie Carroll and a representative of the county medical auxiliary, Mrs. Paul Spring.

There is an active membership of 10 girls. The aim of the club is to provide a setting in which young people who are interested in nursing as a career can meet and share

that interest and to explore the opportunities and requirements in the nursing profession. Statistics are not yet available but it seems certain these clubs will help reduce the now staggering percentages of drop outs in the state's nursing schools.

The seven local girls who are taking part in the summer program at the local hospital are Jolynda Stokes, Joella Taylor, Jerre Cochran, Lynda Perry, Lois White, Judy Taylor and Jacquelyn Magness.

Jolynda is the 18-year old daughter of Mr. and Mrs. Ben Stokes. She is Chaplain of the Future Nurses Club, a member of the Future Homemakers of America and the high school pep club. She is a senior girl scout and helps teach second year Brownies.

Joella is the 15-year old daughter of Mr. and Mrs. B. J. Taylor. She is vice-president of the Future Nurses Club, a member of the Future Homemakers of America and the high school pep club.

Jerre is the 14-year old daughter of Mr. and Mrs. Walter Cochran and is a member of the local nurses club, the Future Homemakers of America and the pep club.

Lynda Perry is the 18-year old daughter of Mr. and Mrs. C. B. Bruce. She graduated last spring. She was a member of the science club, the Future Nurses Club and the pep club. She will continue her nurses' training this fall in Amarillo.

Lois is the 16-year old daughter of Mr. and Mrs. Ed White. She has been a member of the Future Homemakers of America for two years, a member of the nurses' club and a member of the high school choir for two years. She has been a member of the Order of the Rainbows for Girls for four years.

Mr. and Mrs. Bob Crozier returned late last week after spending two weeks vacationing. They fished at Lake Texhoma and visited Crozier's relatives in the vicinity of San Antonio.

Mr. and Mrs. F. R. Strate of Harrisonville, Mo., spent the weekend with Mr. and Mrs. E. W. Talbot and Oscar Pope. Mr. Pope accompanied the Strates home for an indefinite stay.

HOW ABOUT A PICKLE?—Tim Rhodes doesn't seem baffled by the fact that a cucumber 8 inches in diameter and 7 1/2 long is in a bottle with a half inch top and neck. The cucumber was grown by M. H. Sylvester who farms about 7 miles southwest of Friona.

**NEWS FROM BLACK**

BY MRS. GENE WELCH

**LITTLE LEAGUERS WIN FIRST PLACE.**

The Little League boys from this community won first place in the league and were presented a trophy Saturday at the All-Star game in the intermediate tournament.

Seven members of the Black team were chosen to play on the North All-Star team. They were Ricky Coon, Dwight Whitaker, Ray Braxton, Tommy Sherley, Dale Milner, Gene Weatherly and Bill Weatherly. Other team members were picked from the Brookfield and Plains-Hurst teams.

The North All-Stars won the game by a two point margin. Manager of the Black team is J. R. "Pete" Braxton.

Mr. and Mrs. Travis Stone and family, Mr. and Mrs. Bill Carthel and Mr. and Mrs. Gene Welch attended the wedding of Aundra Boothe of Dimmitt and George Frye of the Summerfield community at the First Baptist Church in Dimmitt Wednesday evening.

Mr. and Mrs. Fern Barnett and Mr. and Mrs. Ralph Price attended the All-Star game between Hereford and Brownfield Friday evening. Hereford won the game.

Mr. and Mrs. Lester Dean

and daughters and Mr. and Mrs. Weldon Tatum attended funeral services for Mrs. Annie Kasinger at Sundown Tuesday. Mrs. Kasinger was the grandmother of Mrs. Tatum and Lavohn and Sherry Dean.

Mr. and Mrs. Dick Rocky visited in the W. G. Rocky home in Lubbock Sunday.

Mrs. H. H. Elmore and Mrs. Dick Rocky shopped in Clovis Monday.

Mrs. Jerry Houlette and daughter, Debbie, Tommy Tatum and Joe Dillingham of Albany spent the weekend at Ruidoso.

Clyde Hays attended funeral services for an aunt, Mrs. Hatie Hayton in Dallas Friday. Hays left Thursday and returned Saturday.

Mr. and Mrs. Woodrow Whitaker and son, David Bryan, made a business trip to Amarillo Friday.

Mrs. T. J. Presley and Mrs. Beatrice Bradey visited with Kate Dixon in Hereford Friday.

K. E. Deaton spent a few days last week in the Farmer County Community Hospital in Friona, but is at home now.

Visitors in the Roden Smart home this week are his brother and family.

Mrs. J. H. Graves of Houston has been visiting in the home of her daughter, Mrs. Giles Cobb. Mrs. Graves re-

turned home Friday.

Visitors in the home of Mr. and Mrs. Gene Welch Thursday were Mrs. W. E. Millwee of Carnegie, Okla., Mrs. F. B. Harkins of Plainview and Mr. and Mrs. Earl Harkins and son. Mrs. Milwee is Mrs. Welch's grandmother, Mrs. F. B. Harkins is her mother and Earl Harkins is her brother.

Ira Bruce Parr, student at Texas Tech in Lubbock, spent Saturday night in the home of his parents, Mr. and Mrs. Bruce Parr.

Sunday guests in the L. L. Deaton home were Mrs. Deaton's brother, W. G. Crow, and his wife and daughters, Glena and Veatrice of Hereford. The girls are spending the week in the Deaton home.

**TRAVIS STONES VISIT PARENTS**

Mr. and Mrs. Travis Stone and children and Brenda Deaton went to Lamesa Saturday to visit with Stone's parents, Mr. and Mrs. Mart Stone, former residents of this community.

Sunday dinner guests in the Stone home, other than the Black residents, were Mr. and Mrs. Harland Stone and Jean and Mr. and Mrs. Hoye Butler all of Lamesa; Mr. and Mrs. Rex Biggerstaff and family of Abilene; and Mr. and Mrs. Bill Stone and family of Adkerly.

Mr. and Mrs. Travis Stone returned home Sunday evening, but Linda and Connie Stone and Brenda Deaton stayed for a longer visit.

Weekend guests in the home of Mr. and Mrs. Giles Cobb were Mr. and Mrs. Tom Cobb and Lanetta of Dalhart, Mrs. J. H. Graves of Houston, Dr. and Mrs. D. M. Durham of Cotulla and Mr. and Mrs. I. D. Williams and children of Hereford;

Also Freddie Bell Williams of Amarillo; Pat Peters, Susie, Brenda and Bob of Amarillo and Fred Barker and children of Friona.

Mr. and Mrs. Bob Carthel and family of Amarillo spent Saturday night in the Bill Carthel home.

Mr. and Mrs. Lester Dean and girls spent Sunday afternoon at Fort Sumner, New Mexico.

Mr. and Mrs. Clyde Hays visited with his father, A. C. Hays, in Hereford Sunday afternoon.

Mr. and Mrs. Homer Morris of Enid, Okla., were Saturday night guests in the home of Mr. and Mrs. T. J. Presley.

Mr. and Mrs. Bill Carthel and family visited Mr. and Mrs. Dick Elliott and family of New Orleans in Amarillo Sunday.

Mr. and Mrs. T. J. Presley were hosts at an outdoor supper in their home Sunday evening. Guests were Mr. and Mrs. Woodrow Whitaker and family, Mrs. Beatrice Brade of Clinton, Okla., and Gary Rapstine of Amarillo.

Randy Price left Tuesday for Phoenix, Ariz., to spend two weeks with his uncle and aunt, Mr. and Mrs. Joe Woods. His mother, Mrs. Ralph Price, took him as far as Tucumcari.

**Sticky Fingers Get Saleslady Into Trouble**

Sticky fingers got a young saleslady deep into trouble with the Parmer County law last week.

Helen McGarrah, 18, is awaiting the September sitting of the grand jury in the county jail. She is charged with theft.

Miss McGarrah allegedly pocketed \$80 in cash when she was a visitor in the home of R. T. Jenkins at Lariat last Wednesday. She was traveling in company with a group of magazine subscription solicitors.

The young woman, who gives her home address as Fayetteville, Ark., has signed a confession admitting she took the money. She entered the Jenkins home selling subscriptions and when inside asked permission to go to the bathroom.

In the bathroom she found a small chest containing the cash and she helped herself to it. The family did not miss the money until the next day.

Sheriff Chas. Lovelace was notified of the stolen money, and he started out on a cold trail. An alarm detailing the theft was broadcast over the surrounding area, and officers began a methodical check of places where the troupe might be.

Thursday evening they located the group at a Clovis motel. Upon questioning, the woman admitted taking the money, but she claimed to have spent it and it has not been returned. She was arraigned and taken

**Jack Moseley Heads Local Methodist Men**

Jack Moseley was named President of the Methodist Men of the Friona Methodist Church at their regular monthly meeting last Wednesday morning.

Moseley replaced Ray Whatley who resigned to move to Clovis.

Marion Fite was elected vice

president to replace Moseley. Joe Salem of Sudan spoke to the group and presented the charter of the organization to Moseley following the morning breakfast.

Hoyt Smith was in charge of the meal and Dalton Caffey was in charge of music for the morning program.

Visitors at the meeting included Joe Fallwell, Dr. Bill Beane, Don Lewis and Larry Anthony.

The group meets monthly in the Fellowship Hall of the Methodist Church.

**Interesting Card Promised Fans**

H. E. Wester, promoter of the wrestling matches at the Hereford Bull Barn on Saturday evenings, has announced that a very interesting card will be presented Saturday evening, August 15.

The opening event will feature 1050 pounds of grapplers. In this event there will be a five man battle royal to see who is best. First man out will referee the remaining events on the card.

Second on the card will be the second man out versus the third man out. This will be followed by a bout featuring the fourth man out and the last man out.

"There will be no change in admission prices for these three events, which promise to be thrillers," says Wester.

before County Judge Loyde Brewer where her bond was set at \$1000. She is not expected to make bail before the grand jury meets.

The sticky-fingered miss apparently was making some other money on the side too. She increased a \$4 check given to her by V. O. Venable of Bovina to \$37. The check, given in return for a magazine subscription, was properly documented to the writer with a receipt for \$4.

The sheriff recovered the check and says he does not expect that charges will be filed on this offense, which occurred Thursday.

Ralph O'Neal Ryan, 40, of O'Sage, Kansas, was picked up by the sheriff at a Bovina service station Saturday evening. The hitch hiker had been put off there after a ride with a stranger.

Ryan was charged with drunkenness in Judge Roy Thornton's JP court. He pled guilty and was fined \$23.10. He is sitting it out.

**What's The Matter Here?**

I once saw a cartoon of a man standing on a garden hose. He was holding the end of the hose in his hand watching the water drip from it. With the look of desperation, he was saying, "What's the matter here. Something ought to be done about this low pressure! Can't expect a man to grow a garden without water, can you?"

Churches get a lot of criticism about what they are failing to do. Most of it comes from those who are not helping the church to do what it is doing. Anyone who withholds his talents of either time, attendance or financial support, or his spiritual and moral support from the church, is standing on the hose. This same hose he expects to feed the moral and spiritual fibre of his community and his country.

Read Hebrews 10:23-30. "Let us hold fast the profession of our faith without wavering . . . not forsaking the assembling of ourselves together . . ." Rev. Hugh F. Blaylock

## THE STAR'S EDITORIAL COMMENT

The Friona Star

W. H. Graham Jr., Publisher

Dave McReynolds, Editor

June Floyd, Society

Don Watkins, News Editor

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

In Parmer County.....\$3 Per Year  
Elsewhere.....\$4 Per Year

**MAYOR AND CHIEF FOR A DAY**—Billy Edelman and Garry Moorman was recently Mayor and Chief of Police respectively when Boy Scouts from troops 56 and 53 took over the town. Sitting between the two boys and director of the program is the "real" Friona Chief of Police, Ben Moorman.

## Our Thanks . . . . . to You

This past weekend The Star was honored by having been selected as the winner of the West Texas Press Association's annual Advertising Composition contest.

In addition The Star was named third place winner in the General Excellence division.

The real tribute for The Star being named the recipient of these honors goes to all of you . . . our readers.

Without your continued support it would be impossible to have any sort of newspaper.

These awards have made us feel mighty humble, and to you we say thanks.

In return we ask for your comments and help in making it possible for us to make The Star an even better media for the folks of this area.

We will try our level best to give you the type of paper which you deserve, perhaps we may not always do things the way you would have us do them, but you can rest assured that The Friona Star will always strive to print the truth as it is known to us and aim toward serving the people of our area.

Again . . . thank you for making it possible to work with, and for, all of you.

laughter is good medicine; it is recognized therapy, a real specific remedy for disorders of the body and soul.

A clean heart is a happy heart; that is why everyone should shuffle off the cares of every-day life and go out on a farm and watch the pigs and chickens serenely prepare for their ultimate destiny on the dinner table.

And when you and the Missus make that safari to the farm, be sure to include two or three small boys; if you have none of your own, borrow several from the neighbors or from the under-privileged section of the city. This is guaranteed to be very effective.

Good advice that most of us feel we don't need. "Don't worry about finding your station in life, someone will be sure to tell you where to get off."

After so long a time it seems that cotton in this area is beginning to grow properly. The only thing we see wrong with it is that it took too long to get started.

Since this year has been unusual in several ways as far as growing crops is concerned, maybe we will have a "later than usual" frost. And, if we do, we've got it made.

There is still need for a few places for teachers in the Friona school system to live. If you have available housing, please contact Mr. Farr.

Last week there was another tragic accident at the intersection at Hub. Surely something can be done to prevent accidents there in the future. It looks as if every precaution

## Girl Scouts Go Camping

Nine members of Girl Scout Troop 227 spent Thursday and Friday camping and swimming at Roaring Springs, near the town of Roaring Springs. The group left Friona by car about seven Thursday morning and arrived at the camp ground shortly before noon.

The afternoon and evening were spent swimming, wading and hiking. Late in the afternoon camp was made and the evening meal was cooked over a camp

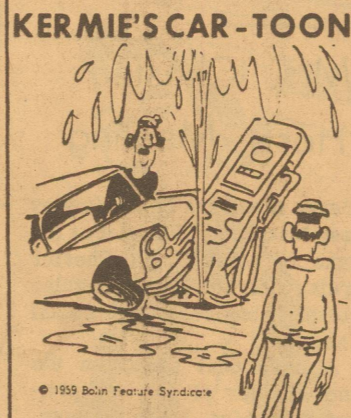

fire. After lunch Friday the group broke camp and returned home. Girl Scouts making the trip were Janet Stevick, Sarah Ann Fallwell, Gail Varner, Sylvia Stokes, Mary Ann Roberts, Diana Martinez, Connie Schlenker, Janet Rushing and Frieda Floyd.

Others in the group were Mesdames Herschel Johnson, Eric Rushing, Vernon Roberts, Preach Collier and Glenn Floyd; Also Jane and Billy Rushing and Susan Floyd.

has been taken. Maybe it would be a good idea if skeletons were painted and stood up a few hundred yards from the intersection.

There used to be some similar signs between Amarillo and Canyon. Think the idea was to put the number of persons who had lost their lives at a given point on the signs. If skeletons and damaged vehicles were placed in each direction from the traffic signal, surely all of them together would attract enough attention to save a few lives each year.

Seems that most vehicles involved in collisions there wind up in the yard near Gilbert and Mitzi Wenner's house. Feel sure they must keep on the alert to see that the children play on the opposite side of the house.

"If this is 'regular', I'll take 2 gallons!" It's not just our equipment . . . it's the way we use it that makes happy customers!

## Boy Scouts Police Town

Troops 56 and 53 of the Friona Boy Scouts policed the town Saturday and earned a total of \$228.00 by issuing traffic tickets that cost each offender \$1.00 per ticket.

The money earned by the two troops will be divided equally among them, giving each troop a total of \$114.00 to be used for the troop activity fund.

Friona Chief of Police Ben Moorman reported that the day went off good. There were no reports of disturbances of any kind and the community cooperated with the scouts to the fullest.

lest. The mayor for the day was Billy Edelman and Chief of Police was Garry Moorman. Approximately 16 boy scouts participated in the program.

### FRIONA

WITH JUNE

Think if you didn't get a ticket in town Saturday you are in the minority group. The Boy Scouts were out early and were busy most of the day calling our attention to our careless driving habits.

Like everything else, there were many amusing incidents during the day. One business man was heard to say, "I've already paid three fines and the morning isn't half over yet. Think I'll just take the car home and walk back."

We haven't seen the statistics, but think it would be interesting to know how many traffic violations were sighted by this group of boys. The driver's license check made should remind everyone that it is necessary for all drivers to carry licenses at all times.

Next time you catch yourself wishing there was a nice clean place within driving distance for a family outing, just remember there is a wonderful place within four hours of us. Near the town of Roaring Springs, there is a man made swimming pool surrounded by high cliffs, trees and fishes and flanked by

a perfect picnic area.

Early Thursday morning we joined a group of Girl Scouts and sponsors and drove to this place, which, according to the marker is "Roaring Springs." It derives its name from the noise made as the spring falls over a rock cliff and hits the ground.

Water for the swimming pool comes from this spring, which also furnishes water for a clean wading stream. The Peace River runs directly by the picnic area which is shaded by large trees and covered with grass.

There is space for camping, adequate wood for outdoor cooking, shade and picnic tables. At the time we were there other troops of Girl Scouts have gone to Roaring Spring for several years and after having been there, it is easy to understand why those who have made one trip want to make another one.

Last week we intentionally didn't tell Edith Johnson that her mother was being featured as cook of the week. She was a member of the group we went

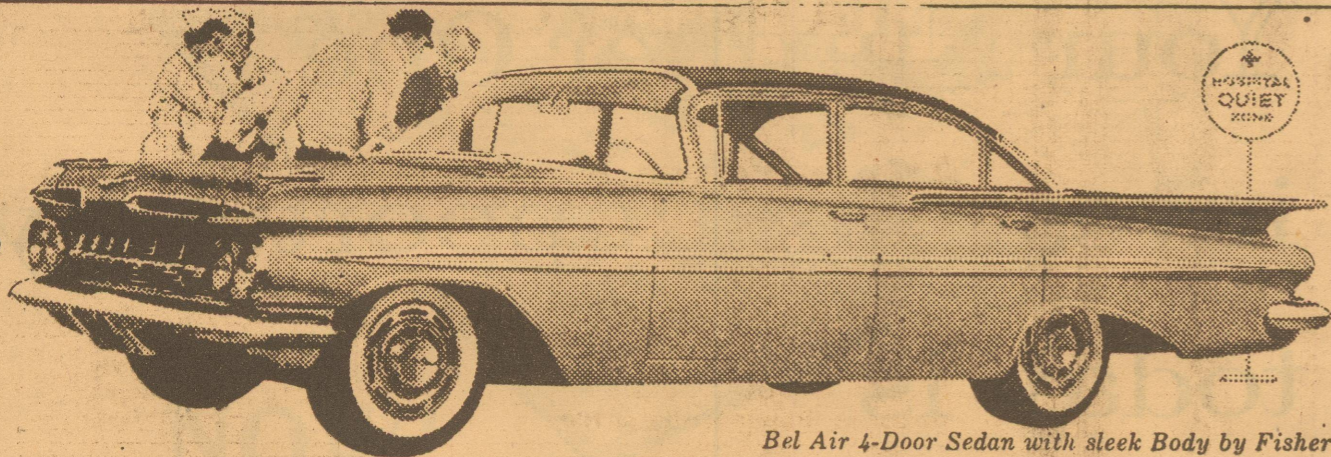

camping with and during the trip the conversation got around to age. Edith made the remark that she was beginning to feel "older."

After reading the Star upon her return home, she called to tell us that even though she felt "older", she still didn't feel like a grandmother and was surprised that we had made her one.

Due to a typographical error on our part, the story read, "The Johnsons have two grandchildren." What we meant was "The Moseleys have two grandchildren." This just goes to show that you can never tell what is likely to happen when a reporter is hurrying around to sandwich a camping trip between two papers.

Since August is generally known as the month of vacations, we've been saving a few paragraphs written by Stewart Rivers for this month. It reads as follows: "This is August--the months of vacations and smiles. This is the month when the indispensable man finds that he isn't. The really important executive is the man who has trained his associates to care for the details if he goes bass fishing or is locked up in the heart ward of St. Joseph's Hospital for a month.

Probably the best preventative of the heart troubles are smiles. Everyone knows that

Bel Air 4-Door Sedan with sleek Body by Fisher

## smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: " . . . the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

**BEST ROOM**—Official dimensions reported to A.M.A.\* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of

the leading low-priced three.

**BEST ENGINE**—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

**BEST ECONOMY**—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

**BEST BRAKES**—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

**BEST STYLE**—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

**BEST TRADE-IN**—A ny N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

## Who Runs Our Bank ?

We're always glad to answer that question. It gives us a chance to say again that our bank is operated by local businessmen.

We believe that to understand a community and its problems best, a banker and his directors should live at home. Participating in civic enterprises and knowing their neighbor enables them to employ the deposits of the bank wisely and profitably.

That's our idea of the way to do business.

Serving A Great Irrigated Area

Of Interest To  
**THE WOMEN**

**It's A Girl  
For Pattons**

Mr. and Mrs. Jimmy Patton of Amarillo became parents of a baby girl at St. Anthony's Hospital in that city at 4 p.m. Friday. She weighed 6 lbs. 3 ozs. and was named Charla Joan. Grandparents are Mr. and Mrs. G. Craffill and Mr. and Mrs. Coy Patton all of Friona. Great-grandparents are Mrs. W.M. Coventry of Springlake, A.R. Patton of Rotan and Mrs. Grace Crandall of Colorado Springs. Mrs. J.W. Wood of Lubbock is the great-great-grandmother. Mrs. Patton is the former Pat Craffill of Friona.

**RENNERS ATTEND  
FAMILY REUNION**

More than one hundred persons from several southwestern states attended a Renner family reunion at Shattuck during the past weekend. Frionans attending were Mr. and Mrs. Rudolph Renner Sr.; Also Mr. and Mrs. Rudolph Renner Jr. and children, Mr. and Mrs. Lee Renner and son, and Mrs. Jael Wilhelm and daughters. The group returned home Sunday evening.

**Circle Honors  
Mrs. R. Whatley**

A farewell party in the home of Mrs. Joe Moyer Saturday morning of last week honored Mrs. Raymond Whatley, who recently moved to Clovis. Assisting Mrs. Moyer was Mrs. Jean K. Anthony.

Fifteen members of the 1958-59 Mekka Circle of the Woman's Society of Christian Service of the Friona Methodist Church were present. A gift was presented to Mrs. Whatley by Mrs. Anthony.

As a surprise to Mrs. Moyer, retiring circle leader, Mrs. Newman Jarrell Jr. presented her a gift from the circle.

Refreshments of homemade ice cream and cake were served to Mesdames Jack Nelson, George A. Jones, Newman Jarrell Jr., Andy Hurst Jr., J. H. Boyle, Marion Fite Jr., U. S. Akens, Bob Ginsburg, Fay Reeve, Jesse Sinclair, Lucy Vestal, H. E. Barnett and the honoree by the hostesses.

**Boy Born  
To Dan Luttrells**

Darryl Talbot is the name Mr. and Mrs. Dan Luttrell of Cayanosa, Texas, chose for their baby boy, born Monday of last week. Grandparents are Mr. and Mrs. E. W. Talbot of Friona and Mr. and Mrs. M. B. Luttrell of Wheeler, formerly of Friona.

Darryl has a brother, Scott, and two sisters, Dana Uri and Tamara Susan. Oscar Pope of Friona is his great-grandfather. Mrs. Luttrell is the former Edd Uri Talbot.

**Mrs. Chester  
Hosts Meeting**

Seven members of the Kinsley Past Matron's Club met at the home of Mrs. E. E. Chester Friday afternoon for the regular monthly business and social meeting.

A devotional based on the tenth chapter of Job was presented by Mrs. Mack Bainum. Mrs. J. T. Guinn chose for her topic of discussion "Learn To Forget."

During the social hour the hostess served refreshments of lime float to Bessie Boggess, Ethel Chitwood, Vera Bainum, Sarah Ann Miller, Pearl Kinsley and Florence Guinn.

western State College in Louisiana one semester.

After a wedding trip to points of interest in New Mexico, Mr. and Mrs. Reeve will be at home at 908 Fannin Street in Amarillo. He will enroll at West Texas State College at Canyon this fall.

Out-of-town guests signing the register were Mr. and Mrs. Leo Bell and Regina, Mr. and Mrs. Fred Ashley of Melrose; Mr. and Mrs. Daryl Harrell, Mike and Denna, Mrs. Reagan Harrell and Mr. and Mrs. Fred Wilbanks from Portales;

Mr. and Mrs. M. E. Cone and Mr. and Mrs. Eldon Cone of Elk City, Okla.; Mr. and Mrs. Floyd E. Crume Jr. of Littlefield; Mrs. Esther O'Rear and Joyce and Mrs. Jesse Sparkman of Amarillo.

**Don Lewis  
Commissioned**

Cadet Don E. Lewis, son of Mr. and Mrs. Henry Lewis of Friona, Texas, received his commission as a second lieutenant in the United States Army Thursday during graduating exercises at the Fort Hood ROTC Summer Camp.

Cadet Lewis, a graduate of Mid - Western University at Wichita Falls, Texas, is one of 85 senior ROTC cadets who were commissioned during the final ceremonies of the six-weeks camp.

Lewis will enter the Army shortly after being commissioned for a six-month tour of duty and will be assigned to the Quartermaster Corps.

Cadet Lewis majored in music and was a member of fraternities Phi Theta Kappa, Phi Mu Theta, Phi Mu Alpha Symphonia, and Chi Eta. He was also student government president.

Recent guests in the home of Mr. and Mrs. Oscar Baxter and children were Mr. and Mrs. Curt Seigrist and sons of Elk City, Okla. Mrs. Seigrist and Mrs. Baxter are sisters. The Seigrists also visited in the home of Mr. and Mrs. Troy Young and daughters.

MR. AND MRS. DONNEY SPRING

**Gladys Dean And  
Donney Spring Wed**

Gladys Dean, daughter of Mr. and Mrs. Elmo Dean of the Rhea Community, and Donney Spring exchanged wedding vows at the Congregational Church parsonage in Friona Thursday evening, July 30 at 8. Spring's parents are Mr. and Mrs. Edward Spring of Bovina.

Rev. Fred L. Dean, pastor of the church, read the double ring ceremony. Mary Tom Spring, cousin of the groom, and Fames Stevens attended the couple. Others attending were Mrs. Dean and Eddie Spring, brother of the groom.

Mr. and Mrs. Spring are both graduates of Bovina High School and Spring has attended Texas Tech the past two years. At the present time he is employed by Friona Wheat Growers Elevator. They are at home in the Loveless apartments.

**Friona Group  
Goes Camping**

Mr and Mrs. Billy Dear Baxter and children, Mr. and Mrs. Eugene Bandy and sons, Mr. and Mrs. Dan Tims and children and Mr. and Mrs. Doyce Barnett and children left on a camping trip Tuesday morning.

The group planned to spend a week camping and fishing in the mountains near Durango, Colo.

**Memorial  
Services Set  
For Sunday**

Plans have been made for a memorial service for Lucy V. Goodwine who passed away in New York City on June 14. This service will be conducted at the Union Congregational Church at 4:30 p.m. Sunday, August 16.

Miss Goodwine, a pioneer educator, was the daughter of the late Mr. and Mrs. W. E. Goodwine early settlers of Friona. Before going to New York City to teach in 1924 she taught in rural schools of this area.

MRS. DON REEVE

**Double Ring Ceremony  
Unites LaVon Fleming  
And Don A. Reeve**

Miss LaVon Fleming, daughter of Mayor and Mrs. Raymond L. Fleming, and Don A. Reeve, son of Mr. and Mrs. Glenn E. Reeve Sr., exchanged wedding vows at the Sixth Street Church of Christ at 7:30 p.m. Tuesday.

The double ring ceremony was read by M. B. McKinney, minister of the church, before an arch covered with greenery and centered with gold colored bells. This arrangement was flanked by candelabra entwined with greenery and decorated with spice brown satin bows. Baskets of bronze mums with gold colored Camedor stood at either end. Family pews were marked with matching satin bows.

Jonnie Hand, soloist, sang "The Wedding Prayer." Other musical selections were recordings of the Broadway Church of Christ Choir of Lubbock and the "Millerettes" consisting of the bride, Nancy Outland and Jonnie Hand.

Nancy Outland was the maid of honor. She wore a rust colored cotton satin dress featuring a V-neckline with full skirt and cap sleeves. Accents were satin pumps, a picture hat and mitts of nylon organdy. She carried a bouquet of bronze mums with streamers of gold colored ribbon.

Jonnie Hand, Robbie Boggess, Jacquelyn Magness, Sharon Reeve, cousin of the groom, and Linda Gee were bridesmaids. They wore identical dresses of gold colored cotton satin styled like the one worn by the maid of honor. Their bouquets were of bronze mums with rust colored satin ribbon streamers.

The candlelighters, Cynthia Caffey and Darla Bingham, were dressed identical to the other attendants. Their headbands were of bronze pom pom mums trimmed with gold maline.

Glenda Reeve, niece of the groom, was the flower girl. She wore a rust colored cotton satin dress with fitted bodice, large sash, puff sleeves and full skirt. Her shoes were rust patent and she wore a headband of bronze mums.

The bride, given in marriage by her father, wore an original gown of all over Alencoa lace with fluted ruffles over taffeta. The fitted princess

bodice was enhanced with high Victorian collar studded with sequins and featuring long tapering sleeves. The billowing skirt had fluted ruffles in front and a cascading lace ruffle in the back which flowed into a chapel train.

Her finger-tip veil was attached to a fitted cap of matching lace studded with seed pearls. Her bouquet was of stephanotis topped with a white orchid from which streamers of gold ribbon fell. She carried it atop a white lace covered Bible. She wore a diamond bar pin belonging to the groom's grandmother.

Glenn Evan Reeve Jr., brother of the groom, was the bestman. Ushers were Ray Dean Fleming, brother of the bride, Jerrod Sheek of Shreveport, La., Philip Weatherly, Larnice Blake, Joe McLellan and Donnie Waller. Mike Harrell, cousin of the bride of Portales, was the ring bearer.

A reception in the annex of the church followed the ceremony. Guests were registered by Mrs. Glenn Evan Reeve Jr., sister-in-law of the groom.

The serving table was covered with an off white lace cloth and the bride's bouquet provided the centerpiece. Wedding cake and punch were served by Mrs. Leon Massey and Raye Jene Jones. Others in the house-party were Mesdames Floyd Crume, Larry Fairchild, and Philip Weatherly and Miss Ruby Grubbs.

Mrs. Reeve is a 1959 graduate of Friona High School. Reeve, a 1958 graduate of Friona High School attended Texas Tech one year and North-

**Your Number One  
investment opportunity  
today is  
your own home**

WHERE is the best place today to put money and have it grow?

This question, as never before, is the concern of millions of thinking Americans. Some are trying to find the "ideal" growth stock. Others are seeking "capital gains."

Many, we believe, are overlooking this surprising fact—U. S. Government figures show that family homes, by and large, have appreciated in dollar value over most other forms of investment.

Houses built as long as twenty years ago, kept in good condition, have doubled and even tripled in price.

Houses of recent date have also kept pace, mounting in market value, year after year.

Regardless of the age of your home, you are indeed fortunate to hold this ideal "blue chip" investment, a

safe hedge against future inflation, and one that pays you daily "dividends" of security and happiness beyond measure in dollars.

So, if you want to have more in your home to enjoy, don't be reluctant to make the investment. It's simply good business—because the dollars you spend usually increase its market value. And you have that rare thing today, ample credit for home improvements—at low interest rates.

Many new building products are so easy to apply that you can "do it yourself" during otherwise idle weekend hours. So your own time becomes an investment too.

But whatever home improvements you're thinking of, we do urge you to do it now. Keep your No. 1 investment up-to-date. Remember—when you look for the ideal place to put your money—there is truly "no place like home."

### Coffee Honors Mother Merrill

Mrs. Ida Merrill, who observed her 91st birthday Saturday, was honored with a coffee in the home of her daughter, Mrs. Lucy Vestal. Hostesses were Mesdames David Moseley, O. F. Lange and Bert Shackelford.

After a gift presentation to the honoree, refreshments of coffee and cake were served. Guests present were Mesdames Mayme Adams, Howard Mayfield, Mack Bainum, Loyde Brewer, Will Osborn, T. E. Blackburn and Jake Lamb;

Also Mesdames A. A. Crow, Lem Miller, Guy Latta, Herschel Johnson, Kate Brookfield, Olive McLean, Sarah Vernon, Rosa Anderson, Ella Sulser, Charles Russell and Lucy Vestal.

MRS. IDA MERRILL

### Personals

Mr. and Mrs. Alex Stevens and children from Amarillo were Thursday visitors in the home of Mr. and Mrs. Karl Bender.

Mrs. Grace Crandall of Colorado Springs is visiting in the home of Mr. and Mrs. Coy Patton and Virginia. Mrs. Crandall is Mrs. Patton's mother.

Troy Young and Gene Pearson spent several days attending to business in El Paso last week.

Mr. and Mrs. Karl Bender spent Sunday visiting with Mr. and Mrs. Harry C. Weis and Viddian Weis at Perryton. They returned home late Sunday.

Judy Edelman, daughter of the Claude Edelmans, is visiting in the home of her grandmother, Mrs. W. B. Rogers, and aunt, Curtie Mae Rogers, at Plainview this week.

Mr. and Mrs. Henry Marshall and Mr. and Mrs. Walter Ogletree and sons of Elk City, Okla., visited in the homes of Mr. and Mrs. Jim Baxter and Patricia and Mr. and Mrs. Sterling Graham and Gail last week.

### Choir Selects Bob Sartain

Selected for the 1959-60 International A Cappella Choir of Wayland Baptist College is Bob Sartain, Friona. Sartain, son of Mr. and Mrs. L. A. Sartain, has one year of experience with the Choir.

The Wayland International A Cappella Choir organized 11 years ago has sung in Mexico, Brazil and more than half the states of the United States. Two 10-day tours are made each session and similar tours are planned for 1959-60, according to Donnie J. Adams, director and head of the Wayland music department.

Mr. and Mrs. Lester Smith and son, Roy, of Clarendon were weekend guests in the homes of Mrs. W. M. Lloyd and other Friona relatives. Mrs. Smith is the former Ruth Lloyd.

salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Gov. Price Daniel. STATE EMPLOYEES--Lower-bracketed employees, from \$2,400 to \$6,000 annually, will get a \$180 a year raise. It's not a lot--\$15 a month more in the employees' pay envelopes--but it will cost the state about \$14,000,000 for the two years. JUDICIARY--Will receive \$9,336,769 from general revenue, a \$312,779 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

MR. AND MRS. J. R. SOUTHWARD

### Golden Wedding Anniversary Observed By J. R. Southwards

Mr. and Mrs. J. R. Southward, long-time residents of the Lakeview community, were honored with a Golden Wedding tea and open house in their home Sunday, July 26. Hosts were their children. All members of the family except a grandson-in-law, Robert Jameson of Altus, Okla., were present.

Floral decorations throughout the house featured many bouquets of summer flowers from the yard of the Southward home along with potted plants and cut flowers that were sent as gifts to the couple.

A floral arrangement of gold colored mums of various sizes centered the serving table, which was covered with a white lace cloth. Candles of gold were also used on the table. White

napkins with "Jim and Lee 1909-1959" printed in gold letters were used.

A large cake baked in the shape of the numbers "50" was topped with a miniature bride and groom. Cake and punch from a silver service were served. More than 100 persons signed the guest register.

Many local friends and neighbors of the couple and out-of-town relatives attended the tea. The couple received a number of gifts.

Mr. and Mrs. Southward were married at Memphis, Texas, July 25, 1909. They lived in Hall County a few years then moved to Hill County, where they resided in the Itasca community until 1917. At this time they moved to Headrick, Okla., and from there they

moved to their present home in 1940.

The Parmer County land was purchased by Mr. Southward in 1902.

Members of the family present were Mr. and Mrs. Wayne B. Mitchell and children, Davy and Roquette, of Morton; Mr. and Mrs. Ray Hope of Oklahoma City; Mr. and Mrs. J. O. Southward and daughters, Pat of Headrick, Okla., and Mrs. Robert Jameson and her two sons, Robbie and Stevie, of Altus, Okla.

Mr. and Mrs. J. W. (Bill) Southward of Stinnett; Mr. and Mrs. Marvis Southward and son, Arvis, of Hereford; Mr. and Mrs. Harold D. Southward and son, Jimmie, of Dallas; and Faye and Melvin Southward of the home.

### HIGHLIGHTS AND SIDELIGHTS

## Mammoth Sessions Squeaks To Halt

AUSTIN, Tex.--Quiet has settled over Texas' Capitol Hill after 202 days of hubbub.

As legislators packed up to go home, directors and employes of state agencies were filling scratch pads with figures. For most state-supported activities, the new budget which goes into effect Sept. 1 will mean more funds. Altogether, \$300,000,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restrictions in other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

BUDGET BREAKDOWN--Texas' new record high budget of \$2,418,000,000 was reported out after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108-to-30 vote in the House.

Spending from the general revenue fund, the state's multipurpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending -- or \$185,000,000 -- will have to come from the new tax bill passed this session.

Here's how the pie was finally sliced on major items: PUBLIC SCHOOLS--Received an appropriation of \$774,904,500, an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

HIGHER EDUCATION--Got the biggest increase from the general revenue fund of any program. It was boosted by more than \$12,000,000 to a total of \$130,933,424 for the state's 18 tax-supported colleges and universities. Increase was only about half what was asked by the Commission on Higher Edu-

cation. University of Texas officials saw one of their fondest dreams come true in that the "available fund" (income from the University's permanent fund) was left free for buildings and "excellence" programs.

HOSPITALS, SPECIAL SCHOOLS, YOUTH COUNCIL

--Allotted a total of \$90,456,554, an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a new dormitory for delinquent boys at the Gatesville school and a new building at the Gainesville School for Girls. It will also cover some

# THE HIGH PLAINS FARM AND HOME

## Phosphorous Pays In Sandy Soil

COTTON BLOOMS and a lovely girl are a welcome sight anytime but the blooms are about two weeks late this year in most fields because of the early summer rains. Susie Estes, seventeen-year-old daughter of Mr. and Mrs. Herman Estes of Bovina, tends to make worrying over an early frost remain in the background.

Fertilizer trials conducted on irrigated wheat for 1957-58-59 shows that phosphorous with nitrogen pays significant dividends in sandy soil.

Tests were conducted in the Lariat area. Fertilizer in each trial was applied in bands prior to seeding wheat. Dr. Al Pope of Southern Great Plains Research Station at Bushland conducted the trials.

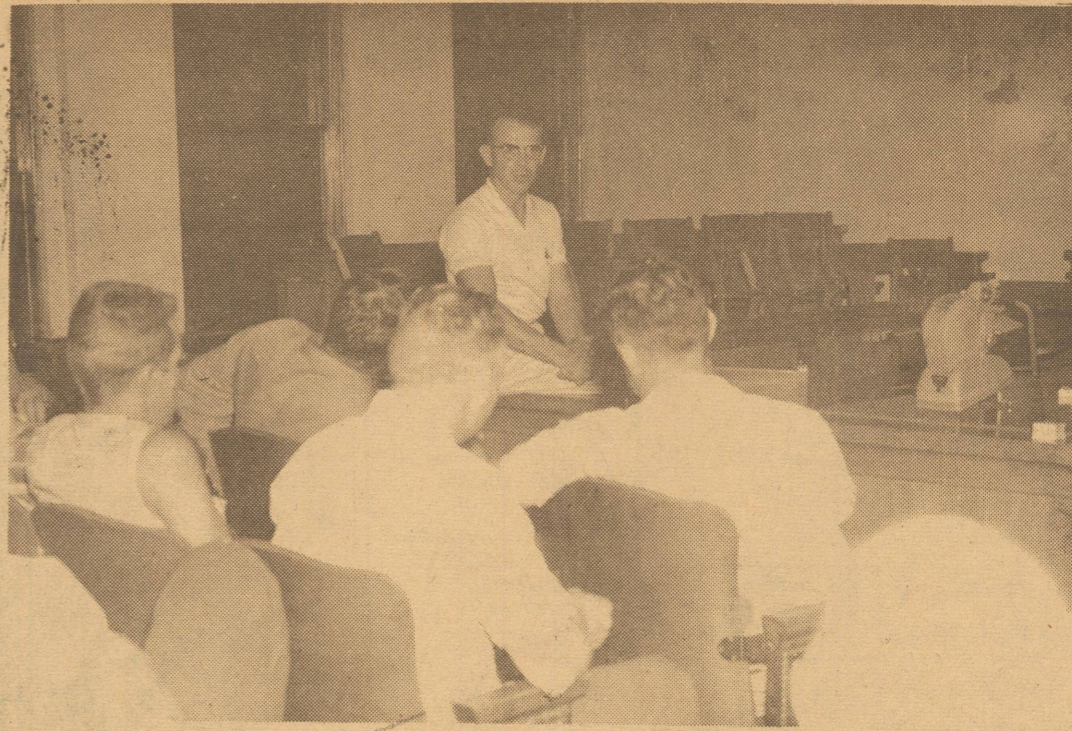

In 1957 the first of four tests was run on the Walter Kaltwasser farm near Lariat. Best yield was produced with 120 pounds of nitrogen and 80 pounds phosphorous. Yield was 58.5 bushels per acre. Without fertilizer, a yield of 27.5 bushels per acre was produced. Eighty pounds of nitrogen with no phosphorous produced 41.2 bushels per acre, while 80 pounds of phosphorous produced only a 28.4 yield.

A test on the Burl Nix farm in 1958 showed 80 pounds of nitrogen and 40 of phosphorous produced the best yield. Top yield was 60.30. A higher yield, 62.52 bushels per acre, was produced with 80 pounds of both nitrogen and phosphorous but the extra 40 pounds of phosphorous wasn't compensated for in the increase.

The land produced 18.40 bushels per acre without fertilizer and 40.72 with 120 pounds of nitrogen and no phosphorous. Eighty pounds of phosphorous and no nitrogen produced 19.40 bushels per acre.

A treatment of 80 pounds each of phosphorous and nitrogen applied in a '59 test on the Kaltwasser farm produced 82.0 bushels per acre. Without fertilizer a yield of 41.6 was produced and 120 pounds of nitrogen without phosphorous produced 50.8 bushels.

A higher yield, 83.9, was produced on a plot treated with eighty pounds each of nitrogen, phosphorous and potassium but the slight increase wasn't enough to justify the potash.

NITROGEN WITH PHOSPHATE PAYS, Dr. Al Pope of the Bushland Experiment Station told Farwell-Lariat area farmers Monday night at the courthouse. Dr. Pope has conducted tests for the past three years which give conclusive evidence that a combination of nitrogen and phosphate can produce large yields of wheat in sandier type soils of that part of the county.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"A young man or woman cannot be a Communist unless he or she is free of religious convictions." Consider this statement from Lenin if you are ever inclined to be soft in your regard for Communists or fellow-travelers.

John Agee, FB director of Lazbuddie Community, met with members of the nominating committee, of which he was temporary chairman, Monday night. They were to make preparations for nominations of four directors whose terms expire this year, and a president. The directors, who may either be replaced or re-elected in the October Convention, are Jack Patterson, Rhea; Harry Hamilton, South of Friona area; J. T. Jones, Bovina; L. F. Bruns, Lazbuddie area. Your present president is Roy V. Miller, northwest of Friona. We are sure that if you have suggestions of names for any of these areas, the committee would like to have you tell them. Members of the committee, besides Agee, are M. T. Glasscock, I. W. Quickel, D. H. Nelson, Frank Hinkson, Walter Schueler and Raymond Schlabs. Talk to them.

Membership in Texas Farm Bureau, as of July 31, was 1,708 ahead of the same time in 1958. That is a total of over 76,000. The goal for 1959 is 80,000, and the goal is expected to be reached by the first of November. Parmer County is presently about 45 below the figure of a year ago, and that is expected to change, too. It is about 55 above the March membership figure.

Directors, at the request of some members who drive on the highway improvement areas, discussed means of getting a change in the methods of graveling these roads to cut down on the damage to automobiles, windshields, etc. We are sure a resolution will be introduced to this end at convention time.

CONSIDER THIS: By long forbearing is a prince persuaded, and a soft tongue breaketh the bone. Proverbs 25:15

## Timely Showers Help Sorghum

Showers that fell in a general pattern over the High Plains Friday night were very helpful to farmers who have large acreages of grain sorghum in the Parmer County area.

The early summer rains of June left off suddenly three weeks ago and a mid-growing-season drought set in, meaning all the water the crop needed had to come from irrigation wells.

Farmers were wasting no time getting this water pumped, but in many cases there was just too much drying out crop-land to get to without damage to the crop. Sorghum was definitely beginning to "hurt" under the oppressive sun.

Rainfall amounts, as always, vary. However, from three-quarters of an inch up to two inches has been the range of reports, and about an inch and a quarter is the most common report.

This has not meant a shutting down of irrigation wells, but merely a chance for farmers to catch up a little in one of the most important jobs in raising a crop on the High Plains.

On the whole, the grain sorghum crop is in very good shape, and early-planted portions started heading out two or even three weeks ago. Some of these ultra-early plantings

are already turning. As is the usual case, cotton was benefitting from the dry weather.

## Fertilizers Have Carryover

Fertilizer applied in one year can result in additional profits at the end of the following year's crop. In fact, increased yields from carry-over fertilizer can often pay for the original cost of the fertilizer, said W. F. Bennett, extension soil chemist.

Two demonstrations conducted by County Agent Bill Taylor in Hockley County in 1958 demonstrated these points, stated Bennett. In both cases,

the fertilizer was applied prior to planting in 1957 and yields were taken in both 1957 and 1958.

On the Wayland Fred farm near Pettit, only two out of the six treatments applied failed to return enough of an increase to pay for the fertilizer costs, said the chemist. One rate, a 70-70-0, returned a profit of \$21.80 in 1958 over and above the 1957 fertilizer costs. There were no yield increases from these fertilizer applications in 1957 due to a poor season.

In the demonstration conducted on the Morgan Rust farm near Levelland, all fertilizer treatments in the demonstration gave a highly profitable increase in yield in 1957. Looking at 1958 yields, all treatments gave sufficient yield increases to more than pay for the cost of the fertilizer the chemist said.

One treatment in the demonstration, a 30-60-30, gave a profit above 1957 fertilizer costs of \$29.35. Considering the increased profits for both 1957 and 1958, the 30-60-30 treatment returned \$121.75 for an investment of \$12.30.

WEEDING ONIONS—Laborers cut weeds on the Bob Jones farm southeast of Friona. The onions will be ready for harvest around October and farmers hope current low prices have risen by then.

1 cup butter or shortening  
1 cup white sugar  
1 cup brown sugar  
3 eggs, well beaten  
1 teaspoon vanilla  
2 cups quick oats  
3 cups flour  
1 teaspoon soda  
1 1/2 teaspoons baking powder  
2 cups coconut  
1 cup chopped nuts  
pinch of salt  
Cream butter and sugar; add beaten eggs. Sift flour, soda, baking powder and salt. Add vanilla, coconut and oats. Mix well. Roll into small balls, flatten with fork. Bake in greased pans or on cookie sheets until brown at 400 degrees.

"Okra Production in Texas" is the title of a new Texas Agricultural Extension Service publication. Copies are available from local county extension offices or the Agricultural Information Office, College Station, Texas. Ask for L-433.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

One of the newest items that will make home sewing easier we've read about recently is a washable cotton stiffener for skirt and dress belts that irons on and will not wash off. This belting comes in various widths and only needs cutting for length.

We're wondering what a person is to do about buttonholes or fasteners, but since the manufacturer has probably already figured this out, perhaps there's nothing for homemakers to worry about.

Within the next three months there will be several regional fairs that we'd certainly like to see some Parmer County homemakers enter products in. The Tri-State Fair at Amarillo and the Panhandle-South Plains Fair at Lubbock are the two largest ones.

Some of the divisions in the Women's Department of the Panhandle-South Plains Fair in which Parmer County homemakers could enter are: textile; embroidery; cut work; applique; hemstitching; quilts; comforts and rugs; sewing;

leatherwork; china painting; crochet, knitting and tatting; culinary; and flowers.

The culinary division has a large number of sub-divisions ranging from yeast breads to canned fruits and vegetables. There are also sub-divisions for the other divisions. Think it would probably be safe to say, "Any kind of handwork you do could be entered in the fair."

Most of us attend these two fairs and enjoy the exhibits at both of them. It surely would be good to see some Parmer County entries this time.

Since it is utterly impossible for those for whom you prepare a meal to always make it on time, it is good to know a few short cuts to keeping food hot and fresh.

When making cornbread, you can add 1 tablespoon syrup to your batter without changing the taste very much. Then if it is necessary for you to wait to serve it, it will not dry out if left in a warm oven a few minutes.

A colander over hot water keeps creamed potatoes, macaroni or other like dishes warm up to an hour without changing the taste or appearance.

The top of a double boiler can be used for keeping just about any boiled vegetable warm any given length of time.

Since the advent of wrought iron lawn furniture, we have observed quite a number of wash pots, tea kettles and other old household items made of cast iron that are being used for flower pots and other decorative purposes on a lawn.

Within a few years the old-fashioned iron wash pot will be a forgotten item, yet it makes a very attractive addition to any lawn if it is hung by the handle and filled with petunias, verbenas or other small flowering plant.

If you are fortunate enough to have an old cook-book around, be sure to make use of it. Many of the practices of our great-grandmothers that didn't make sense to our grandmothers and mothers were given up. Later scientists discovered that the practice was sound.

One such practice that we happen to think of right now was that of putting grape leaves in the brine when cucumber pickles were being made. A recent release from the kitchen of one of our largest pickle

making organizations contained the following:

"Old recipe books used by grandmother called for putting grape leaves in the brine when she made cucumber pickles.

This seemed troublesome to later women who gave the practice up.

Now scientists with the department of agriculture have proved grandmother was right.

Manufacturers, after losing as much as a million dollars some seasons on spoiled cucumbers, asked the scientists to study the problem.

They found that an enzyme in the cucumbers caused them to soften. Sent to the grape leaves by the old recipe, they found the leaves have an extract that stops the enzyme action.

Now large scale tests are underway to find methods of producing enough of the extract to use it commercially."

## Farmers Learning Value Of Conserving Water

PUMPS MORE THAN THREE WELLS--Hardy May poses with the pump on the lake that catches "tail water" on the Elmer Euler farm southeast of Friona. Water from the lake is pumped into underground tile. It can be used to irrigate some 600 acres.

be pumped from such a lake." Dale Carmichael, whose farm is east of Friona, started pumping from a surface lake recently. The lake isn't large and neighbors estimated it would be pumped dry in one day but a pump that produces 1200 gallons per minute watered 60 acres twice and the lake still has "lots of water in it."

Carmichael's pump is powered by a six cylinder Plymouth engine that runs at half throttle while producing as much or more water than a larger, more expensive engine on a well. Aluminum pipe transports water from the pump to the ditch. It costs about one dollar per foot but Carmichael's entire system cost only about \$800 dollars leaving quite a margin between its cost and that of a large engine required for lifting water from a well.

The Elmer Euler farm southeast of Friona has a large scale system for catching "tail water" and pumping it back on crop land.

A lake catches wasted water off a section of land from six wells. The six-inch pump, powered by a small engine that idles while pumping, can pump more water than three wells according to Harley May who farms on the Euler place.

"We haven't seen a ditch yet that can hold all the water it pumps," May says. "We can put water on 600 acres from the lake."

Proof that a significant amount of topsoil is carried away by "tail water" can be seen in the lake on the side where the water runs in and the lake has had to be cleaned out twice in the two years the system has been used. It will soon have to be dug out again.

Silt from the lake will be used on a nearby farm to fill in a low place that drowns out in wet years. "There is no way to distribute the topsoil back on the land it came from," Zetzsche says. "But catching it in a lake and making some use of it is better than letting it run down a ditch to gradually fill up a depression somewhere. We don't have enough topsoil here to wash it away like that."

Zetzsche urges farmers to investigate possibilities of pumping water from a lake to crops. "Usually they have no idea how much inexpensive water is available in the lakes," he says.

Farmers in Parmer County and the High Plains are becoming more conscious of water conservation as they realize that the water supply, once thought inexhaustible is not only exhaustible but is nearing the danger point rapidly.

Proof of this realization is evidenced in the increasing amount of "tail water" systems that put run off water to use instead of letting it run to a lake. Also, more and more wet-weather lakes are providing irrigation water.

U. S. Geological Survey and Board of Water engineers have equipment for measuring rise and fall of the water table and both organizations have done considerable work to determine how long the underground water supply will last. They have found that in most cases, the water level in plains irrigation well drops about three and one-half feet per year. "If this drop continues, pumps will be sucking air instead of water in a very few years," says Robert Zetzsche, Parmer County soil conservationist.

Zetzsche says he believes that more and more farmers will adopt water conservation practices on their farms as they learn how near water shortage is for this county.

"A good cheap source of water that farmers often overlook is surface lakes that are usually full in the spring when pre-watering is being done," Zetzsche says. "Farmers do not realize how much water can

The Texas Farm and Ranch Safety Council urges rural residents to include water safety in their family and community programs. Drownings, point out the Council, are increasing in number and only those who participate in water sports can cut the toll. Are you doing your part?

The present price outlook for hogs does not warrant the dispersal of commercial breeding herds as has been done in the past by many Texas producers when similar price situations have been faced. But, it does mean, say extension specialists at Texas A & M College, that every practice which will increase efficiency of production must be put to use.

#### COLOR TRENDS FOR FALL

Vivid color effects give way to subtleties this fall, according to Rhea Merle Boyles, extension clothing specialist of Texas A&M College.

"Muted" is the word often used in writing and talking of colors. Quiet, gentle, grayed, subtle, rich, deep and beautiful are other adjectives used to picture colors we'll be seeing in fabrics and ready-to-wear.

Yellow and brown are doing much influencing. A golden amber added to beige, for example, gives a warm vicuna. A faint touch of it in blue gives us the flattering Teal. In greens, it makes soft moss and lichen green, in reds it creates paprika. Muted gold, represented by Mustard Gold, camel, vicuna, and the nut tones (pecan shell, for one) are strong with yellow brown influence. Sun Gold, or sparkling gold, will be important for accents and for evening wear.

Graying makes the new colors smoky--taupe brown, heather green, mist gray. The grays are important in their own right and are seen in everything from medium or men's wear gray to oxford--and on to almost black charcoal.

Reds are influenced by yellow or blue; in the first category, we have paprika and brick; in the second, burgundy, plum, cranberry, mountain berry and candy apple. Some bright reds will be used in young clothes, bearing such vivid names as Red Hot, Scarlet and Fire Engine.

Greens are more muted than they were last year. There are new subtle versions of olive and forest green and loden; such greens are much used in the Ancient Tartans and in other plaids and prints. Deep blue greens are destined for dress wear, especially at holiday celebrations. One small note of brilliance in this category, parrot and emerald will make sharp accents in trimmings and accessories.

Blue with a green cast, as in Teal, is very much in the picture. Sapphire blues, clear, sharp electric blues and inky blues will have a favored place in junior apparel. Purplish versions are high fashion, especially for dress wear.

It's going to be a great time for black, particularly combined with the burnished browns

and golds. These will be important for formal wear.

#### B VITAMINS NEEDED FOR NERVE STABILITY

For most of us the tempo of living is pretty fast these days and sometimes pressures bring on an "edgy" feeling.

B vitamins are important for nerve stability, reminds Frances Reasonover, extension foods and nutrition specialist of Texas A&M College. Enriched corn meal and grits are important dietary sources of these vitamins. Other whole grain and enriched products provide variety and flavor change.

The Texas Food Standard states that for a good diet each day, a person should have a serving of whole grain and other enriched cereal or bread. . . . Surveys show that many Texans do not get this needed food daily.

Thiamine helps prevent nervousness, depression, tendency to tire easily, poor appetite, poor digestion and slow heart beat.

Riboflavin helps to prevent red and granulated eyes, dim vision, sensitivity to light, skin disorders, sores at the corners of the mouth, the tendency to age early and improper growth in children.

Niacin helps prevent pains in the abdomen, skin sores, sleeplessness, depression, loss of appetite, nausea and vomiting and poor memory. It helps prevent pellagra.

For information on buying and using enriched corn meal and grits get a copy of "Corn meal and grits--Selection and use," from your county home demonstration agent.

SPUDS ROLL IN at Friona Growers and Shippers Friday afternoon. These workmen send the potatoes into their first bath on the way to grading and sacking in the Friona shed. Movement remained slow because of the low prices.

Life will give you what you ask for if only you ask --E. Nesbit.

dishwashing done in half the time -  
**ELECTRICALLY!**

Yes, it has been proven -- by tests at Ohio State University -- that an electric dishwasher does the job in half the time. And they didn't just do the dishes once -- but for 30 days.

That's just one reason electric dishwashing makes sense. Some others are the fact that the dishes are out of sight -- in the dishwasher -- between loads -- your hands stay lovelier -- and so do your dishes -- and the kids want to help with the dishes because the dishwasher makes it all so easy.

So, don't be a dishwasher -- buy one.

#### ATTENTION, HUSBANDS

Your wife can spend half the time in the kitchen and be twice as happy with you for just 1/2¢ a day. That's Reddy's daily wage for electric dishwashing.

▶ is a big, sad little word  
but it shows the way to

# Better Times...for You

No other word than "if" starts off so many hard-luck stories. No other word explains so many failures. Yet it's the backward-looking word which crystallizes our experience . . . and when used as a guide, enables us to look forward with more wisdom.

▶ For example, we might say "IF every dollar of local money that has been needlessly spent outside of this trade area in past years had been spent at home, those of us who live in this community would be more prosperous, happier and more secure."

▶ And thus contemplating what might have been . . . IF . . . we can make our plans and our resolutions to avoid the costly habits we have let ourselves take up in the past.

▶ We can see more clearly how a dollar here and a dollar there . . . saved from dribbling away into the economic life-stream of some other community, will soon add up to brighter and more prosperous times . . . for us and our children, and for our friends and neighbors.

Buy at home . . .  
where there's  
no "if" about  
more value for  
your money

*It Pays to Buy  
where you Live*

These Friona Business Establishments Are Genuinely
