Zowe--e--e!

East Texas got cold, but never like this. We awoke Saturday morning and even with a fire going the front room was colder in a well-digger's belt buckle.

We'd figured on account of the weather men having this cold wave all figured out and predicted that we'd probably as not miss it, but boy they sure were right about it this

Unofficially reports had the terrerature around Friona running from five to three degrees below zero early Saturday morning.

And, that wind sure didn't help anything.

But--if we can get enough snow out of this to help the wheat crop it will be worth it.

Saturday will be a big day for some little boy or girl. Lange, over at the Rockwell Lumber yard is giving away a fancy doghouse to some lucky child.

Os' friends say that Os is going out on a limb in giving away his "second home."

Of this particular part of the doghouse's history we aren't too well informed, but we have see the doghouse and it is surely a nice one.

Yep, all the kids have to do is register and put their name in the pot for an insulated, well-constructed doghouse--fitten for a Kingl

Sunday night we thought for a minute Bill Wooley was up to his old tricks.

you have probably heard this time, a big tractortrailer full of ammonia turned over south of town about 9 p.m. Sunday night a week

When we heard about it, we ortunately, no one was injured, and Bill Wooley wasn't even close by at the time.

Speaking about the weather, we heard a joke which pretty well describes the situation here in Friona this cold Sat- County banks are up. urday morning---

We would like to acknowledge the receipt of another letter from Uncle Bill Callaway, an old-timer who was one of the crow that surveyed the XIT Ranch back around the turn of the century.

Uncle Bill lives in Mexico, Ill., now and is an ardent reader of The Star.

One of his letters which we received recently was in reference to the picture we ran on the front page back in December showing the sunset.

this letter, we are printing in this week's paper. Another letter from Uncle Bill included a couple of clippings from their paper up there

describing some recent snow. The snowfall amounted to 3 1/2 inches on the ground, and judging from the picture in the clipping they must not have much wind up there for the gound was covered with a thick blanket of snow.

Other pictures clipped from the paper showed ears of corn which the farmers around Uncle Bill's town had raised.

Uncle Bill says, "These pictures show what Missouri can produce with help from fertilizers, no irrigation, but abundant rainfall."

Montgomery County had many fields which produced more than 100 bushels per acre, but we don't have any pictures of the fields."

The pictures which Uncle Bill sent were of two men.

One is L. J. Wilson who (Continued on page 7.)

### Barber Joins Staff Of Ethridge-Spring

JOINS ETHRIDGE-SPRING AGENCY--Flake "Bud" Barber, formerly of Amarillo, has joined the staff of the Ethridge-Spring Agency in Friona as an insurance solicitor. Barber is a '53 gradudate of Texas Tech and is a former special agent for a major crop-hail insurance company in the Amaarillo, has been announced as a new addition to the staff at

the Ethridge-Spring Agency. Barber, who was born and reared in Hereford, was graduated from high school at Lubbock and later attended Texas Tech where he received a BS degree in 1953 in agriculture education.

Following his graduation, Barber worked 18 months with the Texas Department of Agriculture as an inspector and from that position took a job with a major insurance company in Amarillo as a crophail special agent.

Barber and his family, his wife Sarah and their four children moved to Friona last week and are making their home in Credit Union the Ferrell house south of Friona Motors.

Barber is a veteran, having served 36 months in the United Annual Meeting States Air Force.

The Barber children are Kelly, 6; Tracy, 3; Tom, 2 and Federal Credit Union will meet Charles age 10 months. The Barbers are members of

the Presbyterian church. of an insurance solicitor.

and specialize in crop-hail slate. policy handling.

The Agency handles all types of insurance and loans.

were \$3,642,400.52.

was reached at Friona State Friday morning. They soared to \$4,600,000. The previous record was \$4,500,000. That figure was reached in 1955.

December 31 deposits at the comparatively new First National Bank in Bovina were \$1,266,679.20. At the end of '57 the total was \$1,161,557.18. This is an increase of \$105, 122.02.

Alfred Moody of First National points out that it (1958) was certainly a better year for farmers than was '57. There's not an outstanding difference but economic conditions are. better this year than last," Moody believes.

An all-time high in deposits

rolet Company, about 30 years ago. The firm was then known as Galloway Hardware. Later Mr. Galloway added Baldwin combines to his business and changed the name to Galloway Implement Company.

About 10 years ago Bill Hannold, whose wife is the daughter of Uncle Ben, became associated with the firm and a new building was built in the middle of the 600 block on North Main Street. This building was the home of Galloway Implement Company until the recent

After the Allis-Chalmers company purchased the Baldwin Combine company, Hannold became agent for both lines. Uncle Ben died in the summer of 1952 and Hannold assumed full management of the firm.

In discussing the move, Hannold said, "We are in a new location, have better facilities for serving our customers, and have a new telephone. Otherwise, we haven't made any changes and invite all our friends and customers to visit us at any time in our new location."

# Mercury Drops to 11 Below

Frionans and their surrounding neighbors shivered as subzero weather, given an able assist by winds up to 25 miles per hour, sent temperatures tumbling to as low as 11 below zero in town Saturday morn-

Friday afternoon the mercury began dropping and this area got another one to three inches of snow during the day.

Late Friday the front moved in from the Arctic and gave this area of Parmer County full benefit of the cold weather. Many residents reported this was the coldest weather for

this time of the year in many moons. In Amarillo it was reported the cold snap was the coldest since 1912 when thermometers in that area recorded a 20-

below mark. In 1951 the Friona area was

hit by a cold wave which dropped to 20 below zero but at this particular time the cold

snap came later in the year. Many residents reported frozen pipes in their homes, and city officials say several water meters were reported to have frozen up during the week-

Residents who were away visiting during the holidays got a cold reception as they returned home to find frozen pipes, broken pipes, and in some cases, water running out of the house, as temperatures rose during the

The cold weather lasted through Sunday with sub-zero temperatures recorded early that morning. The weather began warming Monday and early in the week.

### **Insurance Question Befuddles Council**

The question of insurance for the benefit of members of the Friona Volunteer Fire Department was the big question which confronted members of the Friona City Council at their regular meeting in the City Hall Monday night.

The insurance question was discussed at length, with members still "in the dark" on the matter when the meeting adjourned.

A policy which brought up the subject is an accident pol-

## Coffman Out

#### Lion Official This is the first time there To Visit Local Club

W. F. "Bill" Hunter of Amarillo, district governor of District 2T-1 of Lions International, will be the guest of the Friona Lions Club at their meeting to be held Thursday night in the Friona Clubhouse.

Hunter is in the insurance business in Amarillo and is a member of the Amarillo Downtown Lions Club.

All members of the local organization are urged by Deon Awtrey, president and Boss Lion, to be present at this, the first meeting, of the new year.

icy covering members of the

Fire Chief Charley Bainum was present at the meeting and told the council the firemen had been covered with a policy in the past which had been written through Ethridge-Spring Agency.

When the insurance of the city was split among the four agencies in Friona earlier this year, this policy was then turned over to the L a L Insurance

Agency in the shuffle. This fall that agency renewed the policy and when a bill for the premium was sent to the city, City Manager Albert Field told the agency the policy had never been taken out by the

policy had been donated to the firemen by "anonymous parties" and Ethridge-Spring, who had handled all the city's business and had written the pol-

Tuesday, members of the Friona Insurance Association told Bainum and the city officials they would take up donations to again protect the firemen.

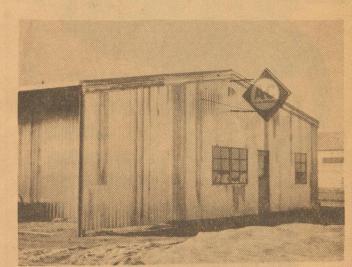

A total of 22 businessmen, concerns and individuals in and around Friona turned in \$248 for this purpose Tuesday afternoon.

In the meantime, Chief Bainum instructed Ethridge-Spring Agency, to write them a policy and the department members would stand the cost.

Tuesday night the firemen are insured b; one \$5,000 accident policy and have \$248 which was collected to pay for another insurance policy.

Other business at the council meeting included the appointment of Mary Houlette as deputy tax assessor and collector for the city and the appointment of Mrs. Cason Jones as city judge.

Those who contributed to the fund for the firemen include (Continued on page 7.)

### A Thought For 1959

As we enter this a new year, Man is faced with one of the greatest challenges in his history.

The ever-increasing danger of losing his individuality.

Our nation was founded by, and for the rights of the individual man.

Not just one man, nor one race of men, but for all men.

Today, with our nation's landslide toward the evil of Socialism we as a nation of individuals are quickly losing our rights as such.

Today it seems that eyeryone is looking for something for nothing.

A recent headline told the story of our times -- "Hoffa Looks for Police Union." We have always been, generally speaking, favorable in our approach to unions.

Here again is a danger looming ever larger on the horizon.

lames Hoffa is the greatest single danger to every man and woman in the United States

By his gangsterism and intimidating methods he has wormed his way into the very marrow which makes up the backbone of our working public.

This man, and those who surround him represent the most ruthless group of men that have threatened our nation since Benedict Arnold.

They, and all like them, have managed like Dante's Satan, to make honest workmen

#### sing away their souls and usurped powers that should never be in the hands of one

man and given the American Laborer the blackest eye since Unions began. In Washington and in the capitol of every

state nine out of 10 bills which are passed tend to take away more of our rights. It has taken centuries of trial, wars and anguish to establish the rights of man ... but in less time than it takes you to read this sentence these precious rights can be

A people whose sights are set on their own ends alone will not remain a free

They will quickly become instruments of those in power.

Is this to be the end of the "greatest nation in the world?

You and I hold the answer to this question. Will we sit on our "ends" and look for the lining of our pockets and the additions to our materialistic world.

Or, will we as a nation, take stock and lash out at those who threaten to enslave

Walt Whitman wrote over 100 years ago this which is ever true today--

"The whole theory of the universe is directed unerringly to one single individual

# Stratford

Members of the boys and girls basketball teams, the Chiefs and Squaws, will travel to Stratford this weekend where they will compete in the annual Stratford Invitational Basketball Tourney Friday and Saturday.

The tournament gets underway Thursday, although the Squaws play their first game at 12 noon Friday meeting Panhandle in that contest.

If they win that duel they will play Friday night at 8 p.m. Upon losing the girls will play at 9:30 a.m. Saturday morning. The Chiefs pit their skills for the first time in the tourney

at 1:15 p.m. Friday, playing the winner of the Channing vs Sunray contest. If they win they will play at 9:15 p.m. Friday night, if they lose they will play again at 10:45 a.m. Saturday morning.

Boys and girls teams from nine towns in the Panhandle area are competing in the contest. They include, in addition to Friona, Channing, Sunray, Stratford, Spearman, Perryton, Adrian, Panhandle and Texline.

Tuesday night the first district battles will get underway for the Chiefs and Squaws as both teams will pit their skills against the boys and girls from Dalhart here in the Friona gymnasium.

This will be the first AA competition for both the boys and

### Is Announced

Mr. and Mrs. S. A. Freeman of Lockney have announced the engagement and approaching marriage of their daughter, Wylene, to Bennie Williams of Oklahoma City.

Wedding vows will be read by Mr. Freeman, minister of the Church of Christ, at the Main Street Church of Christ in Lockney January 23.

The couple plans to make their home at Abilene where both are senior students at Abilene Christian College.

Billy W. Eldredge of Denison and Herbert O'Neal of Snyder, both students at Texas Tech were weekend guests in the home of Mr. and Mrs. G. B.

Joe Johnson and Mr. and Mrs. Dan Ethridge;

Also Mr. and Mrs. Hilton. Terry and Lee of Bovina, Mr. and Mrs. Nelson Welch, Mr. and Mrs. Eugene Boggess, Mr. and Mrs. Harold Lillard, and Wesley Foster, Mr. and Mrs. Mr. and Mrs. Loyde Brewer.

### THE BULWARK OF A COMMUNITY IS ITS CHURCHES

## A THOUGHT FOR THE WEEK

"This is the day which the Lord hath made; we shall be glad and rejoice in it." Psalm 118:24

Someone has said, "The nicest thing about the future is that it comes one day at a time." Let us take each day as belonging to God but made for and given to us. Thus, we will find cause for rejoicing. If all is not well, we have this day to work toward making them better. Many people spend all the days of their lives waiting for tomorrow to arrive to bring them the things they hope for. Like tomorrow, happiness never arrives. It stays just one day ahead of them.

Today I will walk with God and be happy.

#### NEWS FROM BLACK MRS. DICK ROCKEY

NOEL BENGERS VISIT RELATIVES

Mr. and Mrs. Noel Benger of San Jose, Calif., spent a week in the home of his father, John Benger, and visited other relatives and friends here. This was Mrs. Benger's first visit to Texas and she was very favorably impressed with the country and the friendliness of the people she met here.

Mr. and Mrs. Johnnie Benger took the Noel Bengers to Amarillo Saturday evening to meet a plane for their return to California.

Other guests in the John Benger home during the past week were Mr. and Mrs. Loyd Benger of Fargo, Okla.; also Mr. and Mrs. Henry Casler and children from Colorado Springs. Loyd Benger is John Benger's brother and Henry Casler is Mrs. Loyd Benger's brother.

Mr. and Mrs. Bill Carthel Danny, Donnie, and David and Mr. and Mrs. Dick Golden of Wildorado spent several days during the holidays vacationing at San Antonio, Freeport, and

Gary Stone, young son of Mr. and Mrs. Travis Stone, is a medical patient at the Deaf Smith County Hospital in -Hereford.

Mr. and Mrs. Clyde Duncan and children are moving from our community to Dimmitt this

Some of our college students who have returned to school are Graham Prewett, and Wesley and Judy Barnett who attend Texas Tech at Lubbock; Jimmy Patton who is a student at Amarillo Junior College; Weldon Tatum, who attends West Texas State College at who is enrolled at South Plains Junior College at Levelland. Mr. and Mrs. Fern Barnett,

Barnett's parents, Mr. and Mrs. E. McMurry, and family at Alamogordo last week. Mrs. R. E. Barnett is coned to her home this week due

BUYS HIS WIFE

Brahms and Brubeck . . . an unlikely combination? Not to the man who recognizes the "best of its kind," be it arpeggios or appliances. That's why he insisted on a new GAS Clothes Dryer for his wife. He sees the advantages of instant heat (turn it on and it's en), and no heat hang-over (gas off, heat's gone!). He's observed how gentle Gas heat blows moisture away instead of baking it out. Clothes come out fluffier, more wrinkle-free and easier to iron! They last longer, too. Yes, in every way-economy included-GAS gives you more. And where the finest is truly appreciated . . . Gas belongs!

Final Rites Set For Wife Of J.C. Mears

Arrangements have been completed for the funeral services of Mrs. J. C. Mears of Borger, who died at 2 a. m. Wednesday at Underwood Clinic in Amarillo following a brief illness.

Final rites will be conducted at the Friona Methodist Church at 10 a. m. Friday with Rev. O. A. McBrayer, pastor of the Wesley Methodist Church of Borger, delivering the funeral message. Rev. Hugh Blaylock, pastor of the Friona Methodist Church, will be the officiating minister.

Margaret Evelyn Page was born at Dumas June 21, 1939 and lived at Friona with her mother, Mrs. Margaret Page, several years. She attended school here prior to her mar-

riage to J. C. Mears. Survivors in addition to her husband and mother are two children, James Glen, 3 years and Janice Lynn, 16 months. The body will lie in state at the Claborn Funeral Home until time for the funeral. Burial will be in the Friona cemetery under the direction of Claborn Funeral Home.

Several members of the Lutheran Church and their families went Christmas caroling in this community and in Friona Sunday evening.

Mr. and Mrs. C. L. Calloway made a combined business and pleasure trip to Amarillo Thursday of last week. However, the trip turned out not to be much pleasure. Mrs. Calloway became ill before they got there. Then the couple spent the night with Mr. and Mrs. John McDowell. McDowell is Mrs. Calloway's brother.

Sorry! We Goofed

Due to an error in the Star Office, names of two families were left off the giant Christmas card which listed names of all those who chose to donate funds to the Project Christmas Card Fund rather send greeting cards to local friends and relatives.

After checking and double checking, two names somehow slipped by all of us and were omitted. They were the G. Cranfill family and the Dalton Mimms family. Perhaps in the future, we will learn to expect to run one .Christmas greeting then follow up wima New Years greeting.

These two families were among the first to contribute to the project and we offer our apologies for leaving their names off.

Charles Wagner and Irene Drager are home from college during the Christmas holidays. Visitors in the Francin

Bauer home Friday and Saturday were Calvin Dollard of Lubbock, and Mr. and Mrs. I.L. Bauer, Janette, LeRoy, and Rickey of Canyon.

Lots of our Rhea folks have gone visiting for the holidays. Some of them are the Jack Pattersons, who are visiting relatives in Georgia; Carl and Velma Schlenker and children, who are vacationing and visiting relatives in California; the Will Wall family is visiting Mrs. Wall's family in Washington, D. C.; and the Elmer Deykes are visiting her parents in Boulder, Colorado.

Mr. and Mrs. Walter Schueler and family were guests in the home of her parents, Mr. and Mrs. E. D. Woolover, at Swan Saturday night. Others present were Mr. and Mrs. H. D. Parish

still have two of their fouryear terms to serve, are Chas. Lovelace, sheriff; Lee Thompson, tax assessor-collector; E. G. Phipps, commissioner of Precinct 1, and J. H. McDonald, commissioner of Precinct No. 3.

It is a Parmer County custom to install officials on the erst day of the year even though it is a holiday. It is permissible by law to make installations on a non-holiday, but Parmer has stayed with the January 1 idea down through the years.

#### MACK'S TRACKS--

farms a 6 1/2 acre field of orn which yielded 165.78 bu. to the acre. He plowed down 350 pounds of 3 1/2-10-25 and 300 pounds of 33-0-0 per acre. He figured his fertilizer costs at approximately \$24.95 an acre. The variety was MFA-118, and it was planted on May 16. Rows were 38 inches apart.

Wilson described the land This prairie upland is relanew ground--timber taken off about 25 years ago." The land was in corn the previous year also.

The other picture shows William E. Snell of Centralia, Ill., who averaged 163.74 bushels an acre. Rows were 40 inches apart and the variety was MFA-118. It was planted May 10. and Snell plowed down 500 lbs. of 12-12-12 per acre and used 100 pounds of 12-12-12 as a starter fertilizer. The cutlines didn't say how large the plot of land was which Snell farm-

OK--Uncle Bill, those are pretty good yields we admit, but I bet both the plots were pretty small acreage, judging the first cutline. Let them do that on a section and we'll say they did ok. Write again soon.

#### Past Matrons Exchange Gifts

Members of the Kinsley Past Matrons Club met at the home of Ethel Chitwood Friday afternoon of last week. The devotional "Christmas Once More" by Florence Blakely was presented by Bessie Boggess.

Christmas decorations were used and refreshments of fruit cake, salad, and coffee were served by the hostess. It was decided to remember the older members with gifts for Christ-

Those present were Bessie Boggess, Pearl Kinsley, Faye Southward, Martha Russell, Florence Guinn, and Mrs. Lem Miller. The next meeting will be January 2 in the home of Faye Southward.

#### Granddauahter For Tom Gibsons

# Farm Income Hits New Peak In Parmer County

### \$27 Million-Plus Surpasses Previous High Set In 1956

Parmer County farmers got on the "comeback trail" in 19 and surpassed their previous cash crop (gross) income. For the 12 months ending December 31, they posted estimated receipts totaling over \$27. million. That is a whopping increase over the \$21,735,000 of last year and a jump of over \$1 million in 1956 which was

These figures are shown in annual year-end report made by County Agent Joe Jones.

Such eight-digit figures don't reflect the true "spendable" income of the 1100 farm families in the county, naturally, but the cash crop income is of vast significance, nevertheless. It is a measure of the health of the county's farm plat as a whole, and a year of big farm gross always means a perked-up local economy.

Parmer County is almost wholly dependent on the returns from its fertile soils for susoperators, seed dealers, implement houses, butane and fertilizer supply establishments, and soon. Those who supply goods and services directly to farmers are, understandably, the ones who benefit first.

this income to find itself felt in many other lines of business also, both wholesale and retail. The merchant on Main Street of Parmer County cities can tell you pretty quickly how thes are down on the farm. His business tells him that.

The third round of farm income finds itself into the pockets of salaried persons and wage earners, who are directly or indirectly serving the farmcentered local economy. This group includes professional people and job holders of every description--all who would,

discover that the farmer is at the head of the fountain.

Further emphasis should not be required to prove how vital it is for the farmers of this part of the irrigated High Plains to continue to grow crops and receive money for them. Without farming and its allied service industries, Parmer County would truly be little more than a wide place in the road with plenty of room but little else.

income this past year was King Cotton. He was responsible for more than his share of the increase because 1958 appears all-time "good one" for cotton growers. It will even beat 1956, if reports are reliable.

than 1957 there's little ground Parmer County farmers produced just slightly over 50,000 a bad year, but they came out tenance. When farmers are tak- on the short end of the stick ing in money so are elevator at the market place, where unusually low grades knocked the generated about \$5 million income last year.

In contrast, income from cothitting \$9 million, estimates the But it doesn't take long for county agent, who thinks that a guess of 60,000 bales will the figures are all in. (60,579)

ladder also. In 1957, the income from this -- Parmer County's biggest acreage crop--was an estimated \$11,200,000. In 1958, farmers reversed what had been a gradual swing from milo to plant an all-time high of over 250,000 acres. This pushed the mers. gross from the crop to \$12,-740,000 for the year.

ful increase from \$3,230,000 posted in 1957 which was also considered to be a good wheat year. In fact, wheat is about the only crop that did well year before last.

\*\*\* After the "big three" have been accounted for, the excitement sort of dies down in the income department. No other single crop accounts for as much as a million dollars to the county farm income till.

True, farm leaders and outside advisers have been suggesting a trend to other crops for a number of years, but so far no challenger has risen to Leading the comeback in farm meet the power of wheat, grain sorghum and cotton--especially the latter two.

In 1957, corn looked like a "comer." tripling in acreage almost certain to become the from the previous year. Farmers grossed over \$1 million from the crop then, but met with many problems getting At least, it's so much better the money in. Apparently, they soured on the hopes of making for comparison. Last year, corn a significant part of the county farming picture, because acreage was reduced from bales of cotton. That wasn't around 20,000 to somewhere near 10,000 for this year. That produced a gross of about \$600, -

modity is put at \$200,000. Sorghum-type seed crops constitute one of the most difficult sources of farm income to keep track of. Because acreage is usually small and production and sales cannot be easily kept track of (such as would be the case with grain sorghum placed in government loan), any guesses as to income figures fall into the "uneducated guess" category, Jones thinks \$100,000 would be as

County farms which has not not listed, nor are they included in any simply 'miscellaneous' group as so often appears in a comprehensive analysis of this kind. Their effect would be almost unnoticeable on the county as a whole.

THE HIGH PLAINS

AND

However, one phase of county agriculture which ought not to pass by without any mention in a run-down of a farm income is livestock. The year 1958 brought back a year when good margins of profits were available to almost all livestock operators who were conscious of good management practices.

Improving market conditions for beef was the main reason for this. Prices trended upward sharply almost all year and this stimulus was noticed as the livestock population--especially on wheat pasture--jumped substantially.

So, the farmer had another 'cash crop'' in wheat pasture cattle, which, according to Agent Jones, produced from \$30 to \$40 a head for many operators.

Pork production is trending up also, as more and more farmers consider marketing their grain by the "conversion" process of changing it into meat. Pork prices were good through the most part of 1958 which helped encourage this trend, although they tapered off quite a bit during the last part of the year. They didn't drop as drastically as lamb prices, though, which underwent a severe adjustment.

Just the same, with all things considered, 1958 must certainly be regarded as a banner year for Parmer County farmers, and the \$27,225,000 cash crop income estimated by County Agent Jones is very probably on the conservative side!

You've reached middle age when it's a doctor who tells you to slow down instead of a police-

JEWELRY & LOANS No. 2 in the Village Clovis, N. M.

Poppy growers tell us that the ideal time to start your poppies for next spring is when the temperature is low and there is snow on the ground. If those two factors are to be desired, the only thing that could be lacking this week is having the snow in the proper ter melted in saucepan. Add

If the bed you want to grow minutes. Blend in flour, add poppies in isn't covered with pepper. Mix dry milk with snow, perhaps you could move water and add. Cook until the snow, then scatter the seeds thickened. Blend in egg by on top of it. Think the rea- first adding small amount; of soning behind this is that the hot mixture to egg--then mix nitrogen that is in the snow into hot dried beef. Add corn adds to the color of the blooms (if frozen it need not be preof the plants. It might be a cooked.) good idea to make sure that poppy beds are filled with snow casserole. Sprinkle with grated every time it snows.

The saying, "An ounce of prevention is worth a pound of cure." is never more true than when you are baking a cobbler, pudding, or casserole dish. When you put the baking dish in the oven, slip a cookie tray under it. Then if it drips or bubbles over, you can remove the cookie tray, soak it in detergent, then clean it much easier than if the drippings or bubbles are in the oven. It is much easier to keep your oven clean than to clean it once it catches the drippings and gets drippings burned on it.

The next time you prepare a salad that contains sliced dish. Top with the mushrooms bananas, try soaking the slices and turkey or chicken. Mix in pineapple or grapefruit juice together the salt, pepper, cel-30 to 40 seconds before adding ery salt, mushroom soup and to the salad. This will keep the banana from turning dark room mixture. and the taste will be altered very little.

Before transplanting a plant cheese. Bake in a preheated oven about 35 to 40 minutes or to a new pot, soak the pot in until the top is browned and water over night. The moisture needed to fill the pores of the new pot will not be drawn from the plant. If this is done, the transplanted plant rarely wilts even for a day.

# THE

Nutritionists seem to agree that breakfast is the most important meal of the day. Yet there are many many grownups, as well as children, who do not eat adequate breakfasts. Anyone who drinks one or more cups of coffee then skips breakfast entirely is often inviting stomach disorders that could

Every homemaker should make an effort to encourage each member of her family to eat an adequate breadfast every morning. Sometimes the same menu can be served day after day without the man of the house or other members of the family tiring of it. Then at other times it is necessary to vary the menu to keep up the interest of those for whom the meal is prepared.

A tasty addition to the morning meal can be easily and quickly made with canned biscuits or biscuits which the homemaker has prepared. Simply roll the batter thinly on the doughboard and add butter, cinnamon, and sugar, then roll, cut and bake. When canned biscuits are used, they should be rolled thin and stacked together after being spread with butter, cinnamon, and sugar.

#### **ESOIL CONSERVATION** DISTRICT NEWS

The Parmer County Soil Conservation District held their regular monthly business meeting in Friona Tuesday morning. Those present were A. L. Black, Bruce Parr, Joe Jones, Robert Zetzsche, Steve Messenger, and A. L. Logan.

The District annual plan of operation and the district needs were reviewed and discussed by the supervisors. Items to be given special emphasis promoting soil conservation in the District during 1959, include promotion of survice irrigation systems and location of underground laterals to obtain irrigation water management that meets district standards.

The Board then reviewed and approved the repairs and operation of the District equipment operated by A. L. Logan.

We have planned with S. L. McLellan, Sloan Osborn, and Eric Rushing to improve their water penetration by land leveling. Now is the time of year and the SCS technicians are ready to give you assistance to improve your irrigation system. Come by in the next few days and lets talk it over.

#### THE PARMER FARMER

by W. H. Graham Jr.

For the first time since we've pretending to report the news on the Parmer County area farm scene, we've missed the boat on what we consider a routine but nonetheless important task--our annual survey of gins in the county.

This is due in part to our negligence, and due in part to things we had no control over. in the first place, we put off making our rounds too long. That wasn't apparent at the time, but it is now.

The week that we picked to finally get out and get the job. done (and this sort of a survey is no light touch), Mrs. Graham, our mother, suddenly became very ill. Naturally, our concern for her interrupted the work

schedule. Then came Christmas, which would have been a poortime for all concerned. We braced for our final attempt on Monday a week ago. Our early start was greeted by a howling Plains blizzard. After the weather finally leveled off, time had run out, Most all gin personnel is now "out of pocket" especially in the case of non-resident ownership.

That means that we have just plain missed the boat for thisyear. We wanted very much to get a year-end total on ginnings, plus other information, from the ginners last month, but we just didn't get the job done.

This doesn't mean that the information we sought is a total loss of course. Figures will trickle down from other sources. The really "official" ones are from the U.S. Department of Commerce. However, those probably won't be available for at least another two months ago about what the folks

up in Sherman County were doing. Concerned about the often apparent limitations on their farms, and with an eye to the future and what its possibilities might be, they hired the Doane people to came in

and make a survey. This survey, which was very extensive (and probably a little expensive, too), was followed up by a long list of recommendations to insure the growth and prosperity of Sherman County as an agricultural

Cary Joe Magness, Farwell businessman, brought up this subject the other day, and the question arose as to what we thought of it. We said then-and have said before and plan to again -- that we're "for" such a survey in the Parmer County area 1000 percent.

However, we think that if we do try to organize and bring in an independent fact-finding group, we should not expect miracles from them. On the contrary, what we would fully expect to hear them report to us would be things that we have known all along . . . but simply never got around to put-

ting into practice. The Doane people could help us appraise ourselves--more or less take a barometric reading of where we are and where we can go from here--but they can't do much else but report

If you're wondering what good vey, it's this: It would focus the minds of the people on themselves. It would point up our weaknesses and make us look them in the eye. It would also The Hub community, or just show our strong points and
