VOL. XXIII—NO. 65 (P) Means Associated Press MIDLAND, TEXAS, THURSDAY, MAY 24, 1951 TWO SECTIONS—22 PAGES Daily 5c; Sunday 10c

WEATHER
Considerable cloudiness with scattered showers in Panhandle, South Plains and Pecos Valley eastward Friday. Maximum temperature Wednesday 82 degrees; minimum Thursday 55 degrees.

UN Tanks Smash Into Red Korea

FOUR DIE IN FLASH FLOOD—A diesel motor grader, carrying persons who were rescued from their flooded homes in Hays, Kan., arrives in a section of the city where the water from a flash flood was shallow. Four persons died and 2,000 were made homeless by high water which was more than four feet deep in residential sections of the city.

Midland First In Drilling

Midland County is the most active in the United States today from the standpoint of drilling operations, James C. Watson, oil editor of The Reporter-Telegram and vice chairman for West Texas of the Oil Industry Information Committee, told members of the Midland Rotary Club at their meeting Thursday noon in Hotel Scharbauer.

Watson, in reviewing the rapid development of Midland and the Permian Basin Empire during the last eight years, said the outlook today is much brighter than at any time in the past. The program was arranged by A. H. Vineyard, program chairman.

"In the 90 day period between February 22 and May 22, there were 100 Spraberry producers completed in the Spraberry trend area of Midland, Martin, Glasscock and Upton Counties," the speaker declared. "This was an average of 13 new oil wells a day, bringing the total number of producers in the huge field southwest of Midland to 188."

Watson said the new wells represented an expenditure of \$10,000,000, approximately half of which was for labor.

Operations Listed
There now are 145 drilling rigs operating in the Spraberry trend area—89 in Midland County, 37 in Upton, 10 in Glasscock, six in Reagan and three in Martin.

The speaker quoted the Oil and Gas Journal as saying some geologists predict 500,000 acres of land will be productive in the Spraberry trend area, with the ultimate yield estimated at 2,500,000 barrels of oil.

The May allowable for the Tex-Harvey field 15 miles southeast of Midland, is 275,040 barrels of oil, and for the Germania field, 40,000 barrels, Watson stated. He said both fields will make their allowables.

Watson mentioned other discoveries and fields in Midland County: The Glass-Spraberry field 10 miles north of Midland has one producer; Scharbauer field in West Midland County, two producers; Hi-Lone-some field, five miles southwest of the city, one producer; South Midland field, 10 miles south, one producer; Sweetie Peck field, Southwest Midland County, 23 producers; Pegasus field, Midland and Upton Counties, 34 producers; and Preston and Midkiff ranches in South Midland County, five producers. He (Continued On Page Six)

EX-COMMUNIST—Novelist Budd Schulberg, appearing before the House Un-American Activities Committee in Washington, admitted he belonged to the Communist Party in 1937 but broke with the Reds in 1939. His wife, right, listens intently as Schulberg gives his testimony.

Daring Move Cuts Escape Line Of Reds

TOKYO (AP)—A great Allied tank-task force smashed across Korea's 38th parallel Thursday in a bold, 12-mile drive that split retreating Chinese armies.

The powerful force fought through Red screening troops and seized Choyang River crossings in Red Korea. The daring move cut the escape route for Reds still south of 38 on the east-central front.

"We expect great things of this effort," said Lt. Gen. Edward M. Almond, who planned and directed the operation.

Non-Battle Losses Told By Bradley

WASHINGTON (AP)—Gen. Omar Bradley Thursday told senators he thinks President Truman was right in firing General MacArthur but the "method" of doing it "probably could have been handled better."

This implied criticism of the summary fashion in which MacArthur was dismissed came at a session with Senate investigators in which Bradley also:

1. Disclosed that total U. S. casualties in Korea—both battle and non-battle—total 141,955. This includes 72,679 non-battle casualties, and 69,276 combat casualties, with 10,880 listed as killed in action and 612 dead of non-combat causes.

Accidents, illness, frost-bite

Non-battle casualties are those resulting from such things as accidents and illness. In this case, it includes also the frost-bite victims of last winter's cold. The latest Defense Department announcement listed 69,216 casualties.

2. Testified the North Atlantic Treaty nations "do not have the capability, right now, of stopping an aggression by Russia."

3. Said that while Iran is a danger point he is "not too sure the Russians are going to start something in Iran before they start it somewhere else."

4. Declared that in his opinion the issue of whether to admit Red China to the United Nations should (Continued On Page Six)

Another Half-Inch Of Rain Recorded In Brisk Showers

Rainfall on Midland measured .47 inch Wednesday night to bring the May moisture total to well over an inch and a half. Precipitation in the surrounding ranch and oil sectors has been much greater.

There were at least two intense showers during the night. One fell about 7 p.m. and the other about midnight.

Hill-Skip Downpours Continue In Widely Scattered Sections

By The Associated Press
Drought-breaking rains as heavy as 4.73 inches at Crystal City fell in South Texas Thursday. Hill-skip thunderstorms dotted the state.

More than 300 telephone lines were reported out of order in Crystal City as a result of heavy rains and high winds beginning about midnight. At about 8 a.m., the rains ceased and clouds began lifting.

It was good news for Zavalla County, which hadn't had a good rain since last September. The rain was needed for cotton, cattle ranges, spinach and carrot fields.

Good rains also fell at Del Rio on the Texas-Mexico border, where 1.87 inches was recorded. Marfa had .70 inch and Midland .47.

Scattered thunderstorms were predicted throughout West Texas through Thursday night, and in the Panhandle, South Plains and Pecos Valley eastward Friday.

Hill Hikes Alpine
In the Live Oak County section around George West, slow rains brought additional moisture to crops damaged earlier by hail. The Nueces River was rising. North of San Antonio, in the Kerrville area, rains were welcomed by ranchmen, who described the situation as the "best crop growing weather in years."

Wednesday night, a severe hail, rain and wind storm struck the Alpine area, in far West Texas.

The roof of the new \$40,000 tabernacle at the Falsado Baptist Encampment was damaged and a number of windows were blown out. The wind gust piled up deep drifts of hail. An estimated five inches of rain fell during the storm.

West of Alpine, U. S. Highway 90 was flooded three feet deep in several places.

Highest temperature in the state Wednesday was 96 degrees at Laredo. Most other maximums were in the 80's.

Rodeo Stock Arriving For Midland Show

That tough rodeo stock from the Dublin ranch of Everett Colborn and Gene Autry already has begun to arrive in Midland.

One of the corral at the site of the 17th Annual World Championship Midland Rodeo, May 30-June 3, Thursday held a herd of the meanest-looking Brahman bulls in the nation.

Another pen contained more than 100 of the buckingest broncs in the business, including Chief Tyhee, Gold Nugget and other famous broncs.

These were the first of the rodeo stock shipped here for the big doings next week.

Next to arrive will be the steers, calves, and the saddle horses and their grooms.

Colborn, producer of the annual extravaganza, has a reputation for furnishing the roughest, toughest stock obtainable.

NPC Names Panel For Quebracho Survey

WASHINGTON (AP)—The National Petroleum Council Thursday appointed a committee to determine the oil industry's needs—and the possible chemical substitutes—for quebracho.

Quebracho, made from the bark of a South American hardwood, is used extensively to provide the desired texture for drilling muds.

Members include George E. Cannon, Walter F. Rogers and A. W. Thompson, Houston; Harold Denton, Beaumont; Robert L. Foree, Dallas, and A. H. Rowan, Fort Worth.

* LATE NEWS FLASHES *

SANTA ANA, CALIF. (AP)—Crime investigators Thursday disclosed that they have found apparent bloodstains in the trunk of an automobile borrowed last Saturday night by Henry Ford McCracken, a suspect in the disappearance of 10-year-old Patricia Jean Hull.

WASHINGTON (AP)—The House Thursday voted against asking that India repay in strategic war materials for any food loan made by the United States.

WASHINGTON (AP)—President Truman, asked Thursday whether he would run for the presidency again next year, told a news conference he has made up his mind what he is going to do but is not ready to disclose his intentions.

WASHINGTON (AP)—Gen. Omar N. Bradley completed his testimony at 1:01 p.m. Thursday in the Senate investigation of the firing of General MacArthur.

Two Sailors Drown As 50-Foot Launch Capsizes In Storm

NEWPORT, R. I. (AP)—Two sailors drowned and about 125 more were pitched into icy seas Thursday when an "edge-of-hurricane" storm capsized a 50-foot launch returning members of a shore leave party to their ships in the harbor.

Capt. T. G. Templeton, of the naval base here, said "I don't believe anyone is missing." But he said he couldn't be sure until after a check of five vessels to which the men were returning.

Twenty-four men were hospitalized.

Seconds after the launch overturned in wind-whipped seas between the city of Newport and the naval base island, at least 15 other boats raced to the rescue.

Help Rescue Buddies
Sailors on other liberty party boats dived overboard to help rescue their buddies and in minutes the waters were a confusion of men and life preservers.

"It was a rescue by the grace of God," said Templeton. "It was only by that grace that the harbor was so full of boats going back to other ships."

The Navy said the launch went down after putting out from the fleet landing at Long Wharf in Newport, bound for four destroyers, the Power, Glennon, Bailey and Perry, and the destroyer tender Yellowstone.

The rescued, along with those who dived in to help them, were put aboard a Navy tug and sped ashore to waiting ambulances.

Lions Carry Rodeo Tidings To Clubs At Kermit, Lamesa

Midland Lions took to the road again Thursday to tell neighboring cities all about the 17th Annual Midland Rodeo, which opens a five night engagement here next Wednesday.

Morris Howard, Noel Cason and Yates Brown met with the Kermit Lions Club Thursday noon, while J. M. Cox and Delbert Downing were meeting with the Lamesa Lions Club.

Goodwill trippers have been out in the territory each day this week, and another round of rodeo booster runs is scheduled Friday.

Truman Calls On Congress To Vote Vast Aid Program

WASHINGTON (AP)—President Truman Thursday asked Congress to vote a vast, new foreign aid program costing \$8,500,000,000 to help thwart "Communist dreams of world conquest."

Of the total, \$6,250,000,000 will go to strengthen the defenses of this country's friends around the world, Truman told Congress.

He said the money is needed as part of a plan to build up within Russia "internal pressures" which will cause Soviet leaders to abandon their policy of aggression.

"It is too early to predict how or when this policy will change," he said in a special message sent to Capitol Hill. "But this free world can produce such results if we act in time."

"No system based on slavery and terror can long withstand the tremendous human energies that are released by the advance of freedom."

Truman said that for the time being, emphasis must be placed on building up the free world's defenses to "put a stop to the Kremlin's hope of easy conquest." But economic aid is needed, too, he added, because "growing prosperity in the free countries will frustrate Soviet political warfare."

"In these circumstances," the President said, "the Soviet rulers will face growing internal pressures. x x x The rulers of the Soviet Union will be forced by these pressures (Continued On Page Seven)

Demos' Resolutions Endorse Efforts Of Truman And Acheson

DENVER (AP)—Western Democrats Thursday prepared an endorsement of what they called the "courageous efforts" of President Truman and Secretary of State Acheson to win world peace.

In a significant move, a resolutions committee headed by National Committeeman Carl V. Rice of Kansas laid before a party conference resolutions backing the President and his secretary of State and reaffirming the policy of civilian control over the military.

The latter was regarded as a direct slap at the proposals of Gen. Douglas MacArthur for broadening the Korean war.

Acheson, prime target for Republican attacks, has been conspicuously absent from the party gathering. The party faithful thus far have failed to mention his name in their speeches.

Kerr Praises Truman
If Acheson went unmentioned by name, Truman drew his share of applause when he was praised at a party banquet Wednesday night by Senator Kerr (D-Okla.) in the course of an attack on what the Oklahoma called Republican attempts to create confusion on foreign policy.

Delegates gave a 30-second standing ovation to Kerr's declaration that—even if he talks when he should be silent and doesn't always approve the right bills—Truman is "one of the most courageous, loyal, (Continued On Page Six)

September 1 Seen As Probable Date Of Income Tax Boost

WASHINGTON (AP)—The House Ways and Means Committee Thursday drove to complete the rough draft of a \$7,200,000,000 tax increase bill after voting a 12 1/2 per cent increase in individual income taxes.

That provision, and another controversial one raising the corporation excess profits tax by some \$730,000,000 a year, were inserted by the Democratic majority of the committee Wednesday in a rip-roaring session behind closed doors.

Even if the committee completes all its preliminary decisions Thursday, however, and turns the bill over to the experts for drafting, it will be some time between the first and the middle of June before it can reach the House floor.

The committee plans to go over the bill a second time, deciding whether to order further major revisions. The bill is expected to go through the House under procedure prohibiting amendments by individual members.

The Senate Finance Committee will hold a month or six weeks of hearings before going into closed session for a point-by-point examination of the bill.

Thus it may be Autumn before the tax increases finally reaches the White House. It is almost certain the individual income tax hike will not become effective before September 1, the date selected by the Ways and Means group.

New Street Lights Being Installed

Texas Electric Service Company has begun installation of street lights at 87 intersections, City Manager W. H. Oswald said Thursday.

A large portion of the new lights, he said, will be installed in the Latin American and negro sections while the remainder are in newly annexed areas.

The installations were authorized last March by the City Council.

Fire Causes Slight Damage To Truck

A fire broke out shortly after 11 a.m. Thursday on a concrete mixing truck at Main and Wall Streets but was extinguished quickly by city firemen.

Firemen reported that a wire had short-circuited in the truck, setting the gas tank afire.

The truck, owned by Pannell Brothers, was damaged slightly.

Subversive Board Chairman Resigns

WASHINGTON (AP)—A hearing by the Subversive Activities Control Board on registration of the Communist Party broke up in confusion Thursday after Board Member Charles M. LaFollette suddenly withdrew as presiding officer.

LaFollette, a former Republican congressman from Indiana, stepped down from the chairmanship of the three-man hearing panel because of what he described as differences with Peter Brown, another panel member.

The panel subsequently recessed until June 4, amid confusion over its future makeup.

Arrest Of Argentine Atom Wizard Reported

RIO DE JANEIRO (AP)—The newspaper Tribuna da Imprensa says President Juan D. Peron of Argentina has ordered the arrest of Dr. Ronald Richter, the European scientist hailed by Peron two months ago as the discoverer of a new process for releasing atomic energy.

Tribuna's story, carried on the front page under a banner headline, said Peron issued his orders after learning that Richter has discovered something more than "a spectacular process for obtaining the Peronista Medal of Merit."

Korea-Bound Youth To Take Texas Flag

Bob Sutton is taking a Texas flag overseas with him.

His dad, Dr. W. L. Sutton, picked up the flag for him Thursday at the Midland Chamber of Commerce office.

Bob is at Fort Hill, Okla., and has asked his parents to visit him before he leaves soon.

So the dutiful dad, who believes a Texas flag is necessary equipment in foreign lands, got one for him.

Odessa Man In Serious Condition After Shooting

ODESSA—Jack Gearhart, 33-year-old Odessa, was in a serious condition in a hospital here Thursday morning after being shot twice in the back Wednesday night outside his home.

A 25-year-old Colorado City man was being held in connection with the shooting.

Police said the Colorado City man was seen to enter Gearhart's house early Wednesday night. A few minutes later, Gearhart ran from the house and then was felled by two shots from a .32 caliber pistol.

B&N Reagan Test Is Assured Major Spraberry Opener

A major discovery from the Spraberry sand of Northwest-Central Reagan County has been assured in The Blackwood & Nichols Company of Midland No. 1 Weddell. At last report the new field opener was on a 24-hour production test from open hole at 7,145-7,185 feet. Hourly gauges for the first three hours were as follows: first hour, 14 barrels of oil, second hour 11.7 barrels and the third hour 11.7 barrels.

The open hole section had been Hydratraced with 3,000 gallons. No water has been reported with the oil.

The closest completed Spraberry wells are 11 miles to the west in the Benedum-multipay field.

Lower Spraberry
No. 1 Weddell is getting its flow from the lower Spraberry which was topped at 7,180 feet, elevation 2,856 feet.

Operator will request the Railroad Commission of Texas to designate the well as the opener of the Weddell-Spraberry field.

Location is 680 feet from north and west lines of section 19, block K, H&W-T survey.

The project was drilled to a total depth of 11,548 feet in the Ellenburger where only water developed.

Snowden Schedules Spraberry Wildcat In C-N Reagan Area

Three and three-quarters miles west and slightly south of The Blackwood & Nichols Company No. 1 O. Daniels temporarily abandoned wildcat in Central-North Reagan County, James H. Snowden and Associates spotted location for No. 1 Gidney.

It will be drilled as a wildcat to test for Spraberry production.

No. 1 Daniels is at plugged back total depth of 6,411 feet. The Spraberry was topped in that project at 6,200 feet, elevation 2,887 feet.

Location for the new prospector is at the center of the southwest quarter of the southwest quarter of section 37, block 36, T-3-S, TP survey.

That puts it 10 miles north of Blackwood & Nichols No. 1 Weddell.

Moore 1 Baumann Still Attempting To Establish Circulation

Moore Exploration Company No. 1 A. R. Baumann, North-Central Midland County wildcat, three miles south of the southeast side of the city of Midland is still at total depth of 11,291 feet in an unidentified formation.

The project is still mixing and trying to establish circulation of drilling fluid to the bottom.

The exploration has not made any new hole in approximately 85 hours since it started kicking out gas and drilling mud Sunday afternoon.

Some small amounts of new 45-gravity oil have been kicked out on the pits along with the mud and gas.

Due To Drill Deeper
Operators plan to drill a little deeper—if and when the circulation is properly stabilized—and then they will probably run a drillstem test.

Exact age of the zone making the gas and showing the signs of oil has not been established.

The wildcat prospect is 487 feet from west and 680 feet from south lines of the east 200 acres in the southeast part of section 14, block 38, T-3-S, T&P survey.

Three More Oilers In Tex-Harvey Pool

El Tex Oil Company, El Capitan Oil Company and Amerada Petroleum Corporation each added a new producer to the Tex-Harvey field of Central-East Midland County Thursday.

No. 2 P. K. Jones, the El Capitan oiler, was finalized for a daily flowing potential of 154.56 barrels of 37-gravity oil and no water on a 24/64-inch choke.

Open hole from a 6,965 to 6,930 was Hydratraced with 2,250 gallons. Gas-oil ratio was 1,181-1 and tubing pressure was 80 pounds.

Location is 1,980 feet from south and east lines of section 31, block 36, T&P survey, T-3-S.

El Tex No. 2-13 Floyd Estate, 696.7 feet from south and 690.1 feet from east lines of section 13, block 37, T&P survey, T-3-S, was finalized for a daily flowing potential of 330.26 barrels of 33-1/2-gravity oil and no water on a 2 1/8-inch choke.

Production is from open hole at 6,965-6,985 feet.

Amerada completed its No. 1 Hugh Dixon for 131 barrels of 37.3-gravity (Continued On Page Seven)

'Miss America' Contest is 'Miss-Take' Says Mr. Varga

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Atlantic City's annual "Miss America" is "Miss-Take" as far as Varga, creator of the Varga girl, is concerned. Working on a long-impeded, black lingerie-clad Shelley Winters for a movie bill board, Varga steamed: "The Atlantic City beauty contest has gone far beyond what it was intended to be. It's completely out of line. It isn't beauty anymore—it's whether a girl can sing, dance or recite. What that has to do with beauty I haven't figured out."

"Look, I'm an artist. I enter a drawing in a contest. They don't ask me whether I can sing or dance or play canasta. They judge my drawing. That's the way to judge a beauty contest— with what a girl walks in with."

Varga's sketch of the half-clad horizontal Shelley to ballyhoo the movie, "Behave Yourself," is a real eye opener. "I'm afraid," mused Varga, "that she'll be banned in Boston."

Promised and hoped for: Marjorie Mann in a grass skirt in her next with Percy Kilbride, "Ma and Pa Kettle in Hawaii."

Two Top Air Force Commanders in Far East Are Replaced

WASHINGTON (AP)—The two top Air Force commanders in the Far East are being replaced.

Lt. Gen. George E. Stratemeier, who was stricken with a heart ailment in Tokyo last week, will be succeeded by Lt. Gen. O. P. Weyland as commander of the Far East Air Forces.

Maj. Gen. Frank F. Everest, assistant chief of staff for operations at Air Force Headquarters, was named to succeed Lt. Gen. Earle E. Partridge as Fifth Air Force commander in Japan.

Announcing the changes Wednesday night, Gen. Hoyt S. Vandenberg, Air Force chief of staff, said he and the whole Air Force "deeply regret the illness which has made it impossible for General Stratemeier to continue in command of the Far East Air Forces."

General Weyland, 49, and a native of Riverside, Calif., returned from the Far East only last month. He said Wednesday night he assumed he was assigned to his new command because he is familiar with the situation "over there."

Stratemeier Very Ill
He and General Everest will leave for Japan this weekend.

Stratemeier has held the key Far East command since April, 1949. Weyland formerly was his vice commander for operations.

Latest dispatches from Tokyo said Stratemeier still was very ill. The Air Forces did not mention any resignation for him.

General Partridge will become commander of the Air Research and Development Command, with headquarters at Wright-Patterson Air Base at Dayton, Ohio.

He will succeed Maj. Gen. David M. Schlatter, who will be given a new assignment.

General Stratemeier has been mentioned during the Senate inquiry into Gen. Douglas MacArthur's dismissal because of his public statements seeming to favor United Nations strikes at Communist air bases in Manchuria.

An Air Force spokesman, however, said that had "absolutely nothing at all to do" with the shift. The sole reason for sending a replacement for Stratemeier, he said, was that he is too ill to carry on.

Quick Thinking By Mother Saves Tot Who Falls In Well

KILGORE (AP)—Gary Mike Johnson, 28 months old, escaped drowning in an abandoned well because of his mother's quick thinking.

The youngster fell through some boards covering the well Wednesday and plunged 15 feet into 10-foot water. Mrs. Leon Johnson quickly threw a board in the well for Gary Mike to hang on, then climbed down after him.

She reached the boy just as he began to lose his grip on the board.

FCC Blocks Hike In Telegraph Rates

WASHINGTON (AP)—The Federal Communications Commission has blocked, for the present at least, an \$11,000,000 annual boost in Western Union telegraph rates.

It ordered Wednesday that the company hold up on a scheduled June 1 increase at least until September 1 pending an FCC investigation.

Western Union gave public notice early this month of its intent to raise rates on telegrams by approximately 10 per cent, and on telegraph press rates by about 15 per cent.

The company said the increases were designed to offset proposed wage hikes.

Youths Sentenced To Prison Terms In Poteet Bank Robbery

SAN ANTONIO (AP)—Four San Antonio youths have been sentenced to federal prison for the May 8 holdup of the Poteet State Bank in which \$1,648 was taken.

The quartet pleaded guilty in federal district court here Wednesday. J. Arthur Pugh, 22, and Donald McKay, 19, were assessed two terms each of five and 15 years, to run concurrently. Robert Klingaman, 21, got sentences of 12 and five years. Donald Coats, 19, was assessed a seven-year term and a five-year term.

Top four industries, in terms of capital investment, are agriculture, railroads, public utilities and petroleum.

The MATURE PARENT 'Too High Standards' Tough On Parents, Also

By MURIEL LAWRENCE

Do you remember the chapter in child guidance books warning that if we set Johnny's standards too high, he'll get so discouraged he won't try for any standards at all? If anyone in the American family has a right to be discouraged by standards that have been set so high, it's not Johnny; it's his parents.

It's doubtful if Myrna Loy and Mother Macree, together, could combine to offer the patience, cheerfulness, serenity, control and all-around endurance demanded of this generation of fathers and mothers.

"Look, everyone, I am Marian A. I sew, clean, cook, market and collect the children from school. Sometimes I get tired. I'm not the heroine of a women's magazine serial on young family life, so I'm apt to get mad when I'm tired, especially when the children track mud in on my just-mopped linoleum.

"I'm not the maternal pin-up girl of child guidance idealists, so I'm not afraid of showing my children I am mad. When they step out of line, I think it's my duty to put them back into it, just as the women at the Supermarket will put me back in my place if I try to push them around.

"I am Marian A., American, free, any race, creed, or color you like, and she is who I intend to go on being."

Some day Mrs. A. will speak up. She will make her little emancipation Proclamation, and stop occupying her nervous system by imposing a 24-hour-a-day control upon

her feelings. She'll stop wondering if her children's emotional health will break down under a "Don't" instead of a "Do."

The Robot Parents
Whose idea was it anyway—this 20th Century superdeluxe Parent Robot, with its metallic hide guaranteed against denting by all juvenile bad temper, impertinence and slight?

Relax, parents. Nobody can quite figure out how we got caught on this mass production belt in the first place.

But they do know one thing. If the general purpose was to make us ashamed of being indignant and outraged when our children insult us, we are going to be in trouble.

The Shakespeare who said, "To thine own self be true," also said, "Let every eye negotiate for itself and trust no agent." John Milton said it, too: "The just honoring of ourselves is the fountainhead from whence worthy enterprise issues forth."

Ponder their points of view when the standards of the Robot Parent make you uncertain whether God knew what He was doing when He made fathers and mothers human beings.

SMALL PARTICLES

Oil and wax will not dissolve in each other until they are broken down into particles three-millionths of an inch in diameter—so small that an electron microscope is needed to see the emulsified particles.

Shopping 'Round Town

For Proms And Dances—
Give your best girl a lovely corsage and know you'll make the right impression with your thoughtfulness. She knows that her new outfit will be even more stunning with the added beauty afforded by a corsage of beautiful flowers. BUDDY'S FLOWERS, 1505 West Wall, will create one to match the color of her formal, and deliver it at your convenience. If you're proud of your date, this is the way to let her know it. Call 408 for deliveries.

Engraving Service—

In the publishing business, speed is important. You can depend on REYNOLDS ENGRAVING SERVICE, 211 East Wall, for one-day service on special color work, half tones and full-page engravings. Printers and publishers will find this company prepared to offer guaranteed work. Forest Reynolds and son, Hugh, owners and operators of the engraving service, have a background of experience in the business. Call 3839 for further information on engravings.

Light Up Your Way To Profits—

Build traffic! Let everyone see your name! Brilliant neon signs in your color choice, advertised for you night and day at low cost, by displaying your name up and down the streets. Installations are guaranteed when PLYANT SIGN ADVERTISING, 508 West Indiana, builds and installs attractive neon signs for you. These colorful signs sell for you without tiring. They are styled by Plyant Sign Advertising to suit your store. Add to your sales. Call 944.

Power Makes The Difference—

The big difference between moving the hard way and just breezing through the job is power and the better the power the bigger the difference. That is why we say—A Jacobson Power Mower from WILCOX HARDWARE, 506 West Wall, for a better buy. There's no huffing, no puffing—just guide your Jacobson Mower. Other power mowers include Johnston, Worthington, Toro, Whirlwind, Reo, Sherrill, Moto-Power and Exello.

Invest In Comfort—

When the sun beats down outside, your home will be cool and comfortable with an Arctic Circle Air Conditioner. For home or office, this is an economical cooling system, easy to install. THE STAR AIR CONDITIONING COMPANY, 293 South Main, is the authorized dealer for this low-cost unit, which has General Electric motor and welded cabinet that won't rust or corrode. Both roof type and window models are available.

The Finishing Touches—

The security that only home ownership can give is something every family should have. ABELL-MORARQUE MILLWORK DIVISION, 1800 North West Front Street, will be pleased to advise you on all measures and supply you with millwork units for the finishing touches. The company always features a complete selection of window and door units and built-ins for kitchen and bath. These units are ready assembled or they can be built to your order. Call 3830 for estimates.

Your Furniture Carefully Loaded—

Moving day need not be such a tremendous burden any more. You have no cause for worry when CITY TRANSFER COMPANY, 313 South Baird, moves your possessions. Whether it's delicate china, valuable paintings or priceless furniture, these experienced men know just how to place each item in the van so there will be no damage. They appreciate the necessity of caution and careful handling and they have a reputation for dependability. The service is prompt, too. Call 3381 when it's your move.

SPEDDY TRAVEL

The SS President Jackson, one of the newest luxury liners, is powered by cross-compound turbines. Its cruising speed of 19 knots will permit the ship to circumnavigate the world in 14 weeks.

Household Handy!

Say goodbye to buffet bungling and lap juggling and put your mind at rest and your guests at ease by using a Serv-Rite Tray Table from MIDLAND HARDWARE AND FURNITURE COMPANY, GIFT DEPARTMENT. It is made of enameled metal and ingeniously hinged to metal frame with rubber-tipped legs, braced for strength to prevent slipping. The tray is designed in dolly patterns or plain colors. The Serv-Rite Table is another household handy that folds in the center. It makes a man-sized table for serving a thick, juicy steak on an oversized plate with plenty of room for coffee cup, napkin and silver.

Enjoy Plenty Of Hot Water—

When you invest in a copper lined water heater, you're looking ahead to years of service. Hoyt Copper Lined Water Heaters, featured by SANITARY PLUMBING COMPANY, 2816 West Wall, give you all the hot water you need for household use. The Hoyt Water Heater has "quick recovery" therefore supplying a continuous supply of clean hot water. It is available in 20- and 30-gallon capacity. Call 1686 for more information.

"Loomed For Hairlooms"

The George Washington bedspreads at MIDLAND HARDWARE AND FURNITURE COMPANY LINEN DEPARTMENT were loomed for hairlooms. They are beautifully woven of eggshell yarn with heavy fringed edges. They are just the spreads you need for your guest rooms. Colorful chintz and luxurious satin spreads are also signed for Milady's boudoir and treed and tailored spreads were designed for men's rooms. There is a beautiful selection of satin sofa pillows in all colors that are excellent to give or keep—chances are you'll do both.

Just What Every Grad Wants—

You'll invest in quicker, better work when you invest in a new streamlined Royal Portable Typewriter from WEST TEXAS OFFICE SUPPLY, 204 West Texas. If your high school graduate is going to college, he or she will be delighted with this fine new model, with its magic margin and "finger flow" keys. Visit West Texas Office Supply and see the newest models on display. They're just what every graduate wants. Terms can be arranged.

Polio Policy—

With one policy you can protect your entire family in the event of polio. NEELEY AGENCY, in the Crawford Hotel, offers a low-cost insurance policy that provides medical care for every member of your family for only \$12.00 per year for the first year and \$10.00 per year thereafter. Call 1858 and let a representative explain this protection plan in detail. It is a low-cost means of avoiding financial worry. In the event of polio, the medical bills are paid by the policy.

Lawn Mower Service—

With a new and completely equipped shop, WILCOX HARDWARE, 506 West Wall, is prepared to keep your lawn mower in perfect working condition, regardless of model. New equipment includes the Ideal Grinder, the Modern Grinder, the Poley and the Yard Man Lapping Machines. All blades from a five-inch, to a 36-inch tractor mower blade, are sharpened and guaranteed to work like new. Call 44 for pick-up and delivery service, or take your mower to Wilcox Hardware, next to Safeway.

Exterminate Household Pests—

Make war on those pesky roaches that invade your pantry and cabinet. It's so simple. Just brush on a little Johnson's No-Roach wherever they are likely to appear. It knocks 'em dead! Johnson's No-Roach is sold at MIDLAND HARDWARE AND FURNITURE COMPANY, in plastic for \$1.49 and 8-ounce bottles for 89c. Completely odorless and stainless, it's perfectly safe to use in the home and the effect lasts for months. It also exterminates water bugs and ants.

Planned For Gracious Living—

Here are distinctive, modern homes with all the up-to-the-minute features you've always wanted in a home of your own... paved streets, central heating, concrete walks and drives, slab doors, casement windows, Youngstown cabinets, tile baths and Venetian blinds throughout. The Quinlan homes in House Line are planned for gracious living. Let the C. L. CUNNINGHAM COMPANY, GENERAL CONTRACTORS, show you how easily you can own a home in this rapidly developing addition. Call 3924 for more information.

Eastern Star Honors Babies

CRANE—The Crane Chapter of the Order of the Eastern Star held a dedication ceremony for three baby girls Sunday in the Masonic Hall. Kitty Margaret Cowden, Denise Sales and Melante Schuster were the honorees. Each was presented the five colors of the star and white Bibles. A large bouquet of pink and white carnations centered the altar. The mothers wore corsages of pink and white carnations. Mrs. Peggy Hill was chairman of the program and refreshments were served by Mrs. Bessie True, Mrs. Edith Fletcher and Mrs. Johnnie Sharp. Joyce Whitwell and Eleanor Sims sang a number dedicated to the babies. Approximately 50 babies attended.

TO SATIRIZE HOLLYWOOD
The Bob Richard Dance Studio will present a dance revue satirizing Hollywood Studios at 8 p.m. Friday in the junior high school auditorium. The revue will be in two scenes. "The Auditioning" and "Stage Nine."
Freetown, Sierra Leone, was so named because it was set up in 1870 as a homeland for freed slaves.

Scout Troops Have Final Picnic, Tea

A picnic supper and a tea closed the season Tuesday for Brownie Troop 51 and Girl Scout Troop 13, respectively. Brownie Troop 51 held its picnic in Cole Park. The group presented gifts to its leaders, Mrs. Carl W. Covington and Mrs. Fred Uhrig, in appreciation for their services during the year. Guests were Mike Beadle, Mrs. Walter Beadle, Mrs. Bob Parks, and Mrs. David Breith. Members present were Janna Beadle, Patricia Breith, Kristi Carlson, Carol Covington, Joan Hill Hamilton, Kissiah Howell, Jerry Lee McMullan, Martha Miller, Judy Lynn Uhrig, Joyce Lynn Wilburn, Sue Parks and Sue McAllister. Troop 13 held its tea in the home of leader Betty Jo Green. The mothers of the members were special guests. Movies of the year's activities were shown by Mrs. W. W. West and Mrs. J. L. Greene. Those attending were Mrs. A. J. Hill, Janice Hill, Mrs. George Oliver, Jan Dickerson, Mrs. Kathleen Speed, Mimi Speed, Mrs. E. D. Williams, Linda Williams, Ann Williams, Mrs. H. L. Hensley, Margie Hensley, Mrs. R. M. Queen, Brownie Queen, Mrs. Emmett Williams, Ann M. Williams, Mrs. D. M. Aldridge, Darlene Aldridge, Mrs. George G. Jones, Theresa Jones, Mrs. W. W. Study Club Has Annual Dinner

CRANE—Mrs. Harry Cowden was installed as president of the Crane Study Club at the annual dinner held Monday in the Community Hall. An "Italian Cafe Scene" was the theme. The tables were covered with vivid colored cloths and centered with candles. Mrs. B. W. Ervin introduced Mrs. C. W. Spikes of Grand Falls who installed the new officers. Each officer was presented a musical instrument and a scroll. Other officers installed were Mrs. R. V. Wilson, Jr., first vice president; Mrs. J. O. Coffey, second vice president; Mrs. Troy Kadel, third vice president; Mrs. H. H. Currie, secretary; Evelyn Riden, corresponding secretary; Mrs. W. B. Hanley, treasurer; Mrs. I. M. Haskins, reporter; Mrs. O. E. Stevenson, parliamentarian, and Mrs. W. B. Ervin, federation counselor. Mrs. Cowden presented a past president's pin to Mrs. Ervin and told the significance of the pin. A letter of thanks from David Wood, superintendent for the home for aged in England, was read. Hostesses for the dinner were Mrs. Currie, Mrs. Tom Coffield, Mrs. R. E. Wesberry, Jr., Mrs. Izzy Leaman, Mrs. I. M. Haskins, Mrs. W. H. Haralson and Evelyn Riden. Special guests were Mrs. C. C. Taylor of Rankin, Mrs. Paul Grandell of Rankin, Mrs. Spikes and Mrs. T. A. Garrett of Grand Falls and Mrs. J. C. Mayes of Austin.

PLANS WEDDING—Mr. and Mrs. F. H. Franklin announce the engagement and approaching marriage of their daughter, Betty Elene, to Raymond Leigh Hillies of Midland. The bride-elect is a graduate of the Hobbs, N. M., High School and attended Highlands University in Las Vegas, N. M. She is employed by the Midland Hardware Company. The future bridegroom is a graduate of Odessa High School and Texas Technological College. He is employed in Midland as a junior geologist for the Superior Oil Company. The wedding will take place June 16 in the First Baptist Church in Hobbs.

Girl Scouts Have Anniversary Meet

ANDREWS—The Andrews Girl Scouts celebrated their second anniversary recently in the Community Building. Mrs. Ray Frazier, president of the Girl Scout Council, opened the program with the lighting of the candles on the birthday cake. This honored the five girls who have been with the organization longest in Andrews. They were Judy Frazier, Sandra Gerber, Sue Rhodes, Barbara Roach and Betty Lou Ashley.

A covered dish supper was served after the ceremony. The table was decorated with green and yellow and centered with an arrangement of spring flowers. After a brief talk by Mrs. Frazier on Juliette Low, founder of the Girl Scouts, leaders and members of the scout council were introduced. Lynn Adell Tubbs was mistress of ceremonies.

A song of welcome was given and the flag ceremony presented. Supt. T. D. Hamilton addressed the group and urged the girls to read with understanding their Scout laws and promises and strive to live up to those ideals. A "Court of Awards" ceremony also was held. Approximately 75 Scouts and their mothers attended.

Future Of Iran's Oil

While American lawmakers focus on the future of war-torn Korea, a struggle of potentially much greater strategic importance is taking place in Iran.

How serious all this is for the West can be seen by resort to a few elemental statistics. Iran's annual oil output of more than 30,000,000 tons represents more than a third of the Middle East's total production.

These properties supply 25 per cent of Britain's total petroleum products, and they also fuel a substantial part of the industrial and military machine in other western nations.

In a recent dispatch from Paris, Leon Dennen, NEA correspondent in Europe, quoted a former Soviet oil official as saying General Eisenhower's entire North Atlantic defense program may be jeopardized by a drastic oil drought if the flow from Iran and perhaps other Middle East sources is cut off.

To be sure, British oil men do not fear that Iranian oil will be barred deliberately from Britain, or sold in great quantity to Russia.

The Iranians now rely on 2,700 skilled European workers, but they want to replace them with natives. A British oil economist compares this outlook to the situation in Mexico after that country expropriated foreign oil holdings in 1938.

So long as Iran insists on ousting foreign oil workers and managing production entirely on its own, therefore, prospects are dark.

The United States is the only other important source from which NATO countries could get oil to make up any Middle East deficiency.

No communique from the Korean front is more vital to the West's future than the dispatch from Tehran which will tell what finally is to happen to Iranian oil.

Middle Eastern Type Bomb

The Washington Merry-Go-Round

By Drew Pearson

WASHINGTON — For many years the minister of Switzerland, popular Charles Brugmann, had the benefit of a vegetable garden cultivated by one of the capital's most famous gardeners—a Vice President of the United States.

Both reports also stress the critical issue of defense. Of Hawaii, the report solemnly reminds: "Pearl Harbor, for all its tragedy, served one grimly useful purpose. It made the United States aware that its western front was not the coast of California, but a group of islands some 2,000 miles southwestward in the Pacific."

Of Alaska, the report warns that a "mere 54 miles of the Bering Strait separate it from Soviet territory. . . . It is the only part of the American continent which suffered actual invasion and enemy occupation in World War II. . . . The shortest, most direct air route between Soviet centers and inland cities of the United States, such as Detroit, Omaha, Denver, is across the narrow Arctic waters which wash Alaska's northern shores. The strategic importance of Alaska perhaps can be summed up in the succinct words of America's air-power pioneer, Gen. Billy Mitchell: "He who holds Alaska holds the world."

Turning to economic reasons, the report points out that Alaska "has the greatest reserves of untapped raw materials—minerals, forest and sea products—under the American flag. . . . Statehood for Alaska should supply the needed stimulus for enterprise and private capital to make that area of vast riches one of the strongest segments of the American economy tomorrow."

The Hawaiian report also underlines the heroic record of Hawaiians, particularly the Japanese-American soldiers, "in fighting for and shedding their blood for the ideals of American democracy."

The cold statistics show the distinguished record of Hawaiian units in World War II, including the most decorated unit in American military history, the Japanese-American 442nd Infantry, is now being repeated in Korea.

"In Korea, as of April 17, 1951, Hawaiian battle casualties totaled 681," the Senate committee reported. "This represents a casualty rate of 1.36 per thousand of Hawaii's population. . . . Thus, Hawaii's battle casualties in the Korean fighting are something like three and a half times those of the rest of the country."

"It is submitted," the report adds, "that if the ultimate test of loyalty and patriotism is the willingness to fight and die for one's country, then Hawaii has nobly met this test also."

There were four friends and they agreed that, whichever one died first, the others each would put \$1,000 in his coffin. One died and James put in \$1,000. Then Sullivan entered and put in his \$1,000.

Then Cohen entered, put in his check for \$3,000, and took the \$2,000 as change.

Uncle Jim was asked, "Did you hear the bullet?" He replied, "Yes, sub, I heard it twice; once when it passed me and once when I passed it."

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service

The player who held the North cards in the hand shown today is the sort of man who likes to call a spade two spades. His slam try of five hearts was sheer madness.

West should have opened the ace of trumps, continuing with a low trump. North's bidding indicated acute shortage of diamonds, and West should have acted to reduce dummy's ruffing power.

Now, South is not one of those experts who can spot all the difficult plays 10 moves ahead of

Bridge score table showing North (D) 24, West 46, East 43, South 43. Includes a list of cards and a small diagram.

WASHINGTON COLUMN

U. S. Diplomats See Danger In Putting Heat On Allies

By PETER EBBSON

WASHINGTON—It took four months for the United Nations to move from its resolution declaring Red China the aggressor to ordering an international arms and strategic materials embargo on Communist China and Red Korea.

The U. S. pays the biggest share of the UN bill, doesn't it? The U. S. is furnishing most of the troops and supplies in Korea, isn't it? Then why doesn't the U. S. tell these other countries off and make the UN come clean?

In further support of this point of view, it is claimed that the glorious allies wouldn't dare desert the U. S. They're dependent on this country for economic and military aid.

All this makes an impressive argument. If that's all it did, there might not be much harm in it. If it goaded the British into a little faster action on drying up shipments of rubber from Malaya to Red China through Hong Kong, that would be all to the good.

But to the working-level diplomatic staffs who handle U. S. relations on a day-to-day basis with the other United Nations, that is not the whole effect of what is becoming known as American "dictatorial methods" in dealing with allied countries.

Their attitude is that Soviet Russia can dictate to its satellites and get away with it. Red China, Romania, Poland and the others do as Moscow directs or else. But if the United States adopts an "or else" attitude, Washington becomes just another Moscow.

Can't Be Browbeaten. The principle of independence for free countries has to be lived up to if it is to mean anything. So our allies can't be browbeaten into behaving just as some isolationists in Congress might like.

Take one specific example. John Foster Dulles is leaving for England soon to reach an agreement with the British on the Japanese peace treaty. There is one U. S. element which no doubt would get a great kick out of it if Dulles were to insist that the British take the treaty draft just as he has drawn it up.

Overlooked, however, is the fact there is a proportionately large element in Britain which would be more than delighted if British Foreign Secretary Ernest Bevin were to

Clubs K-Q-J-9-6-2. What do you do? A—Bid five no-trump. There should be a very fine play for a slam, and this bid requests North to make his choice from among six clubs, six hearts and six no-trump. Conceivably, if he made a bad overbid in jumping to three no-trump, North may even pass—but this is unlikely.

TODAY'S QUESTION

The bidding has been: North East South West 1 Heart Pass 2 Clubs Pass 2 Hearts Pass ? You, South, hold: Spades J-3, Hearts Q-J-4, Diamonds K-10, Clubs K-Q-J-9-6-2. What do you do? Answer Tomorrow

So They Say

In common with all animals we make two basic sounds, a whine and a groan. We must learn to speak from our groan (diaphragm). Ladies and gentlemen have low voices.

Women ought to rid themselves of the notion that it isn't ladylike to tread in the political field. Mrs. Henry D. Cossitt, member of Toledo's labor-management-citizens' committee.

Remembering the discussion on bloomers and the YW, he was cautiously avoiding another short circuit. "I can't understand what all they do that takes five hours a day."

ON the following day at 1:10 p. m., Miss Dottle was lecturing the New Girls on stimulating the blood to achieve That Inner Glow. Her listeners were neither standing, sitting, nor lying. They were suspended by their heels on objects resembling surf boards, propped at a 45-degree angle.

Lucilla, rigid with the strain of staying in place on the board, heard the words with a vague sense of surprise. "Gravity makes your muscles sag toward the ground instead of soaring upward, produces those droopy chins and abdomens, those horrid facial lines. You're not

fooled. I thought if you gave me the name, I could check up on the place at the office. Miss Nitz is some of the other girls are bound to have heard of it."

Lucilla continued to think of arm curves from 3 to 4, while the New Girls under the instruction of Monsieur Jellieu brushed their hair out and away from their heads. Mrs. Coips, sitting in front of Lucilla, attacked her abbreviated black curls furiously. Once she whispered, "Doesn't your scalp feel kind of raw, after awhile?"

Teacher, Building Shortages Critical, Says National P-TA

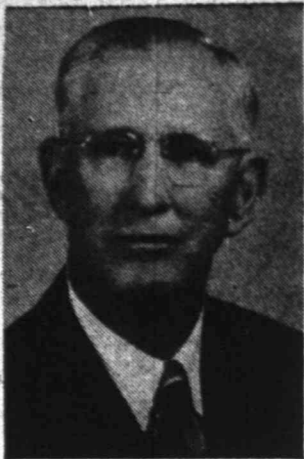

MIAMI BEACH, Fla.—(AP)—Deep concern over the growing shortages of school teachers and buildings is expressed in the 1951 platform of the National Congress of Parents and Teachers.

The platform, adopted Wednesday at the last general session of the P-TA convention, recommended these alleviating steps:

1. That school teaching be classed as an essential profession, to halt draft board and defense industry raids on an already critically short supply of instructors.
2. That top priorities be granted for materials for school building construction.
3. Adoption of the seven-page platform without argument ended the three-day convention of the 6,500,000-member organization. An all-day closed meeting of the Board of Managers was scheduled Thursday.

ADVICE TO TROUBLED WIVES

Going Through Change of Life
 Afraid that early nerves, your nagging, jealous, upset feeling may cause marital discord? Forget it! Thousands of wives are delighted at their increased energy and renewed zest for life, thanks to Cardui. A great stomachic tonic, Cardui helps nature build resistance against the strain of functional disturbances. Being also an antispasmodic, Cardui encourages a soothing sense of calm and confidence, so valuable in helping dispel tension and anxiety resulting from periodic pain, often exaggerated at this time. For an entirely brighter outlook on life, try Cardui!

H-SU SPEAKER—Dr. P. D. O'Brien, pastor of the Big Spring First Baptist Church, will deliver the commencement address at Hardin-Simmons University Monday. Approximately 285 students will receive degrees conferred by Dr. Rupert N. Richardson, president.

City Panhellenic Has Seated Tea And Style Show

The Midland City Panhellenic held a seated style show tea Wednesday in the garden of Mrs. H. C. Hood, vice president of the organization.

In the receiving line were Mrs. Dana Richardson, president; Mrs. John Cornwall, secretary; Mrs. W. B. Fletcher, treasurer, Mrs. Gilbert Bowen, rush chairman, and Mrs. Hood. Mrs. Frank Paup presided over the guest register. Guests were greeted at the garden gate.

The refreshment table was covered with a pink satin cloth and centered with a flower arrangement in shades of fuchsia, pink and green. Mrs. Robert E. Byars, national president of Delta Gamma Sorority, poured.

Fourteen models participated in the style show which began with the fashions of 1851, the year Alpha Delta Pi, the first Greek letter sorority, was established and continued on up to the present time. Mrs. W. F. Pennebaker opened the program with a pantomime. Narrator was Mrs. Jack Bliss and Onan Vaudeil, organist, furnished the music during the afternoon.

Committees for the tea were as follows: House committee, Kappa Alpha Theta; food committee, Chi Omega; table, Zeta Tau Alpha; entertainment, Kappa Kappa Gamma; flowers, Delta Gamma, and invitations, Pi Beta Phi and Gamma Phi Beta.

Approximately 150 guests called.

Writers Group Studies Verse

The Richard Armour book, "Writing Light Verse," was reviewed Wednesday night by Sue Powell at the meeting of the Midland Writers Group. E. J. Elliott was the hostess.

Mrs. Powell gave the author's definition of light verse as "poetry written in the spirit of play." She gave the author's point of view on subject matter, meter and titles, illustrating the points with verses which he had written.

Following the program the group read light verse from other authors. Original contributions from manuscripts which they are working on were read by Mrs. Powell, Sue Sax, Miss Elliott and Frances Sidwell.

Midland Club Has Luncheon

A luncheon and officer installation service was held Wednesday in the Midland Country Club by the Woman's Wednesday Club. The group presented the outgoing president, Mrs. Robert Turpin, with a book.

Mrs. C. M. Goldsmith gave a resume of the recent convention held in Houston. Mrs. Victor Chanceller of Venezuela, South America, was a guest at the meeting.

Others present were Mrs. C. W. Chanceller, Mrs. Ida Fay Cowden, Mrs. Andrew Fasken, Mrs. George Glass, Mrs. Paxton Howard, Mrs. W. L. Kerr, Mrs. N. Dave McKee, Mrs. R. L. Miller, Mrs. W. B. Neely, Mrs. Erle Payne, Mrs. John Perkins, Mrs. Ernest Sidwell, Mrs. C. R. Steinberger and Mrs. W. G. Whitehouse.

Gamma Phi's Plan Summer Rushing

Plans for rush activities were discussed by the Gamma Phi Beta Alumnae Association Wednesday at a meeting in the home of Mrs. Fred Kotzka.

The next meeting will be held June 6 in the home of Mrs. John Richards, 1604 West Texas Street.

National Guard Unit Holds Variety Show

The National Guard Variety Show, consisting of 18 numbers, was presented Wednesday night in the high school auditorium.

The program, which featured amateur talent, was composed of vocal and instrumental music and dance routines.

The show was presented by Company E, Second Battalion, 112th Armored Cavalry Regiment, Texas National Guard.

Officers Club Plans Dance

The Midland Officers Club will have a cocktail party and dance Saturday in the clubhouse for members only. The cocktail party will be held from 6:30 p.m. to 9 p.m. and the dance from 9 p.m. to 1 a.m.

Surgical Patient

Mrs. Greda Donelson, 400 West Maiden Lane, was admitted to Midland Memorial Hospital Thursday for surgery.

Living Cost Spurt Is Dying Down, Index Discloses

WASHINGTON—(AP)—The sharp 10-month living cost spurt is dying down and a government expert Thursday forecast a period of at least temporary stability.

Ever since the June outbreak of war in Korea, the official cost-of-living index had been leap-frogging ahead every month. But Wednesday's index for mid-April showed only an upward flicker over mid-March. In fact, by one alternate formula it stood stock still.

Midland Woman Ill

Admitted Thursday to Midland Memorial Hospital as a medical patient was Mrs. Edith Harris, of 513 East Montgomery Street.

Hand Injured

Presley Leverett, oil field worker, was given emergency treatment Wednesday in Midland Memorial Hospital for an injured hand.

Summer Course In Homemaking To Be Offered

A Summer course in homemaking will be offered from June 4 through June 22, it was announced Thursday by Clyde Farnely and Faye Massey, high school home economics teachers.

Suggested activities which the students may choose from are in five major divisions: Crafts, home decoration, sewing, experimental cooking and nursery school work. Under the crafts division, students may participate in work with shells, copper, rugs, aluminum, textile paints, leather, milk screen paints, raffia and knitting. Home decoration includes slip covering, making curtains and draperies and refinishing furniture.

The nursery school will be held in the North Elementary School from June 6 through June 20 for pre-school children. A meeting of parents who are interested in enrolling their children is scheduled for 7 p.m. Monday in North Elementary. Parents who are interested may contact Faye Massey or Clyde Farnely at the high school or by telephoning 987-J or 2848-M.

One-half credit, the equivalent of one semester of homemaking, will be awarded to students who complete the course. Adults also are invited to attend the classes. Hours will be from 9 a.m. until 12 p.m. and from 2-4 p.m. Although the class period ends in June, students will have the entire Summer to complete their projects. Home visits will be made to evaluate each girl's accomplishments.

Coffee Honors Scout Leaders

More than 60 persons attended the coffee honoring Girl Scout leaders Wednesday in the Little House. Hostess group was the Midland Girl Scout Association.

Mrs. Fred C. Bauchens, association president, presided. Plans for recruiting new leaders and organizing new troops were discussed by Mrs. James D. Martin, organization chairman. It was planned to launch new troops at St. Ann's School and at the Sam Houston School in the Fall.

Mrs. Martin introduced the following school organization chairmen: Mrs. Victor Horn, West Elementary; Mrs. Emmett Williams, David Crockett, and Mrs. Brown Hughes, South Elementary.

400 Expected For Baptist Meeting

The State Conference of Baptist Training Union leaders will convene in Midland Friday, June 1.

More than 400 Baptist leaders from all sections of the state are expected to attend, according to the Rev. Vernon Yearby, pastor of the Midland First Baptist Church.

Mrs. T. C. Gardner will preside over the program for the day, which opens with an organ prelude at 9:45 a.m. and closes with a reception following adjournment at 4 p.m.

Rich Red Blood

if your diet is deficient in Iron and Vitamin B₁

Why suffer from deficiency symptoms like FATIGUE, CONSTIPATION, UNDERWEIGHT, "NERVES" simply because you do not get enough of the vitally important B-Vitamins and Iron in your diet?

BESEL SPECIAL FORMULA MAY DO WONDERS FOR YOU

Mr. and Mrs. Brady Denton of Saginaw, Michigan, and two of their three sons inspect a telephone switchboard.

Meet the MILLIONTH OWNER of the Telephone Business

For the first time in history, one business is owned by one million people. That business is the telephone company.

No other company has half so many owners!

A few days ago, Brady Denton, an automobile salesman of Saginaw, Michigan, and his wife bought seven shares of telephone stock. They became the millionth owner of the Bell System.

The Dentons are typical of the people in 19,000 communities all over the country whose savings have made your telephone service possible. Among them are 15,000 of your friends and neighbors here in Texas—enough, with their families, to equal a city almost the size of Port Arthur.

It is the money of our million owners that has bought the switchboards, wire and cable, poles and instruments, and all the other things that make up the telephone system that serves you.

This widespread ownership is one of the main reasons that America today has the most and the best telephone service in the world—so important in normal times, so vital in an emergency.

Since World War II, we have spent \$336 million in Texas. But to keep your service growing and improving, we need many more millions in new investment money. That's why telephone rates should be enough to allow a fair return to those friends and neighbors of yours who put their savings in the business... it takes satisfied investors as well as satisfied customers and employees to provide good telephone service.

A FAIR PRICE... WILL BE FAIR TO ALL THREE!
 Telephone Customer... Investor... Employee

SOUTHWESTERN BELL TELEPHONE COMPANY

Midland—

(Continued From Page One)
also told of possible discoveries, which now are testing.
"In 1940, when Midland had a population of 9,382, the Permian Basin Empire had an average daily production of 265,000 barrels of oil," Watson declared. "Now, with Midland's population at the 25,000 mark, the Permian Basin, of which Midland is the headquarters city, has a daily average production of 1,187,750 barrels. This represents a 33 per cent production increase over a year ago, as compared with a 23 per cent increase in production over the entire United States during the last 12 months."
"And the big development perhaps is yet to come."

The big Sydney Harbor bridge is an Australian national symbol, similar to the Eiffel Tower or the Statue of Liberty.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions such as stress and strain, cause this important function to slow down, many folks suffer nagging backache-foot misshape. Minor bladder irritations due to cold or wrong diet may cause putting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the thousands of kidney tubes and filters flush out waste. Get Doan's Pills today!

Bradley—

(Continued From Page One)
have no place in negotiating a settlement of the Korean war.
Senator Wiley (R-Wis.) asked Bradley: "Do you think that General MacArthur was treated in the way he should have been treated in handling this matter?"
Bradley replied: "From a military point of view, I agree that he should have been relieved."
"As to the method of relief, I agree that it probably could have been handled better."

13,349 Americans Missing
Bradley, chairman of the joint chiefs of staff, testified before the Senate Armed Services and Foreign Relations Committees. They are making a joint inquiry into MacArthur's dismissal.
When giving the casualty figures, listing 13,349 Americans as missing in action, Bradley said:
"In fighting the Germans we usually got back a very large percentage" of the missing, but "in fighting the North Koreans I am afraid the percentage we get back will be much smaller."

Senator Byrd (D-Va.) asked: "Would you say that two-thirds of those are likely dead?"
Bradley: "I would even hesitate to make an estimate, senators."

"As far as any individual fighting in Korea is concerned this is just as hard a war as we have ever fought and harder than a lot of others we have fought. So far as the man in battle is concerned, it is certainly a war."

The world's most northerly land-based radar station is being built by the Norwegian polar institute at Svalbard.

Demos—

(Continued From Page One)
patriotic Americans who has ever lived."
"The good thing about Harry Truman is that most of the time he is right," Kerr declared. "The awful thing about the Republican leadership is that most of the time they are wrong."
Swings From Hip
Kerr swung from the hip at MacArthur and the Republicans to the obvious delight of a dinner audience.

The hefty Oklahoman drummed at the theme that Senator Taft (R-Ohio) and other members of his party were "bewitched, bothered and bewildered," in the terms of a former popular song.

Asserting that the GOP is "beating the tom-toms of war," Kerr continued:

"They demand that the command-in-chief and the joint chiefs of staff expand the war which would sooner or later force us to send our troops into the mire and jungles of Red China."

"They stress the number of casualties in Korea and blame the Administration for them. Yet they insist on an all-out struggle with Red China which would increase our casualties ten times, risking the intervention of Russia, which would increase them one hundred times."

RECEIVES FOOT BURNS

Evelio Maldonado, an employe of Sheppard Roofing Company, was treated Wednesday at Western Clinic-Hospital for burns on his foot suffered when hot asphalt was spilled.

Canada's first steam railway began operation in 1836 from LaPrairie to St. Johns, Que.

Beautiful Girl Teaches Life On Artificial Legs

Girl with a swirl is double amputee Lella West, demonstrating her dancing ability in her studio. With two artificial legs, she is an expert dancer and also plays golf and tennis.

NEW YORK—(NEA)—Lella West is a very lovely girl with rich blue eyes, a neat figure and a soft Tennessee drawl. And there was a time she wished she was dead.

"I don't like to talk about that time," she says. "It's as if I were talking about a different person. But—"

Lella West was born with her legs crushed. They were so badly deformed that the soles of her feet were twisted around and faced upward. Her legs were so short that when she was fully grown she stood just a few inches over four feet.

But she learned to walk, after a fashion. Of course, her childhood wasn't pleasant. Play with other children was out of the question. Doctors said they were sorry, but nothing could be done.

She went into a shell. She found refuge in books, but not too much refuge. For years, she refused to look in a mirror—she didn't want to see what she knew it would show. She did all her shopping by mail. She wore only cut-down slacks, no dresses. She didn't have much to live for.

She held down different jobs, but gradually an idea formed. People who'd had artificial legs for years and could barely get around on them came to her for help. She taught them how to adjust the limbs and how to use them properly. She decided to make such work her career.

With the help of wealthy John Hay Whitney, she set up a "studio-workshop for balance and coordination." It's a small place. One room, the studio, has a set of practice stairs, practice handrails for walking, and a special couch for practice sitting and rising. And there is a workshop where a limb-maker makes and adjusts artificial legs.

New Limb Occasionally
Her clients are persons from three to 70. She guides them to perfection in living on one or two artificial legs. Sometimes tightening a bolt, or bringing the leg closer to the stump, or some other simple adjustment will be of help. Occasionally, a new limb must be made.

Lella West helps them to walk and run and dance. She counsels them on things like what shoes to buy, which is something she learned through experience. For women, it seems, pumps are too heavy. She herself bought 13 pairs of wrong shoes when she first got her legs.

Clothes, especially for female amputees, are a problem. Skirts have to be loose. The "new look" was a break for them, as the long skirts hid the mechanism around the knee. Men have no problems of this sort.

MEDICAL TREATMENT
Manuel Alariz, a construction employe, received medical treatment Wednesday at Western Clinic-Hospital for removal of a foreign object from his eye.

EMERGENCY APPENDECTOMY
Barbara Miller, 309 West Florida Street, an 11-year-old student, underwent an emergency appendectomy Wednesday night at Western Clinic-Hospital.

Evidence Readied Against Suspect In Kidnap-Slaying

SANTA ANA, CALIF.—(AP)—Circumstantial evidence was being prepared Thursday for grand jury action against Henry Ford McCracken, held on suspicion of kidnaping and slaying 10-year-old Patricia Jean Hull, who has been missing since last Saturday.

The 34-year-old guitar player, jailed last Sunday, said he knew "the evidence is piling up against me, but I believe I have a fighting chance."

Sheriff James Musick said he had subjected McCracken, a convicted sex offender, to exhaustive questioning but the prisoner still maintains his innocence.

District Attorney James L. Davis said the state will have 13 witnesses ready to testify Friday when he requests the Orange County grand jury to indict McCracken on charges of murder, kidnaping and child stealing, although the fate of the girl has not been determined.

EMERGENCY APPENDECTOMY
Barbara Miller, 309 West Florida Street, an 11-year-old student, underwent an emergency appendectomy Wednesday night at Western Clinic-Hospital.

Permian Basin Oil And Gas Log- Ellenburger Opener In Scurry Plugged

(Continued From Page One)
per day and no water. Gas-oil ratio was 90-1. Tubing pressure was 90 pounds.

Extender In Kent Flows To Finish

Sun Oil Company No. 1-C Billy Wallace, three-quarter of a mile southeast extension to the Clairmont-Lower Pennsylvanian field of Central Kent County, flowed 34 hours through a three-eighths-inch choke and made 389 barrels of oil and seven barrels of wash water.

The project is still testing to complete and put on production. Five and one-half-inch oil string is set at 6,739 feet and total depth is 6,748 feet. Top of the Pennsylvanian line is at 4,738 feet. Location is 1,980 feet from south and east lines of section 9, block 98, H&TC survey and one and one-half miles south of the town of Clairmont.

N-C Runnels Gets New Prospect

Richard King, Jr. of San Angelo has staked location for a 4,500-foot well in North-Central Runnels County as his No. 1 V. L. White. Location is one mile east of Winters and 3,800 feet from north and 2,400 feet from west lines of W. M. Baggis survey No. 326.

That makes it one and three-quarter miles northwest of the Nora-Gardner sand field. Operations will begin immediately.

La Gloria Corporation and G. B. Cree No. 1 William Ashton is an east offset to Russell Hays and Ed Watts of San Angelo, No. 1 William Fowler, Jr., recently completed Serratt sand discovery.

It is located 660 feet from south and 330 feet from west lines of the northeast quarter of section 150, J. H. Carpenter survey and three miles northeast of Ballinger. That puts it in South-Central Runnels county.

Canyon Discovery Is Fined In Stonewall

DeSoto Oil Company has completed its No. 1 V. B. Bullard as a lower Canyon sand discovery in Southwest Stonewall County. The well was completed for 419.3 barrels of 41.5-gravity oil daily through a three-quarter inch choke. Production was through perforations from 4,886 feet to 4,920 feet. Those perforations were Hydrated.

Gas-oil ratio was 500-1. Tubing pressure was 90 pounds and pressure on the casing was 30 pounds.

Aspermont Lake has been suggested as the name for the new pool, two miles northwest of its upper Canyon discovery in the Great pool.

It is located two miles southwest of Aspermont and in section 129, block D, H&TC survey.

SW Fisher Wildcat Plugged, Abandoned

Twin Oil Corporation and others No. 1 O. Terry, Southwest Fisher County wildcat, has been plugged and abandoned after getting sulphur water on a drillstem test from 6,711 to 6,739 feet.

Total depth is 6,739 feet. Location was in section 262, block 2, H&TC survey and five miles northeast of Gannon.

Lubbock Marine Dies In California Crash

LEUCADIA, CALIF. (AP)—Two Camp Pendleton Marines were killed and another injured seriously when their automobile crashed into a tree near here Wednesday. The dead: Pfc. Ernest Thornton, 28, of Oakland, Calif., and Pfc. Avelardo R. Garcia, 23, of Lubbock, Texas.

UN Tanks—

(Continued From Page One) moved through Chinese and Red Korean troops by surprise. The American force which took the key road-rail hub of Chunchon caught 800 Reds dog-trotting to the north. It moved them down. Directed From 'Cooper' But no other action approached the scope of the great column, stretching as far as the eye could see. Almond directed its jumpoff from a helicopter.

Chinese troops were firing on the lead tank before the full armored and infantry column was on its way.

Almond changed to a light plane to watch the tanks battle with a Chinese holding force up the road.

The task force pushed back up the line of Reds' most powerful offensive thrust, fighting as it rambled along. It reached the banks of the Choyang River in North Korea. Field dispatches did not pinpoint it, but presumably the task force thrust up the road from Hangey to Inje.

Other units in Almond's command gained more than three miles. Often they fought stiff actions with Red rear guards.

Chunchon is on the western flank of this sector, 45 miles northeast of Seoul. Americans driving into the town reported they captured "more enemy than we could handle." Nevertheless, the tank and infantry force in that sector pushed on across the Chyang River and headed north.

South Koreans, cleaning up the area south of Chunchon, advanced six and one-half miles.

Americans who had recaptured Kapyong, 32 miles northeast of Seoul, struck north along the highway toward Hwachon in Red Korea. On their western flank, British and Canadians advanced almost six miles without finding any Reds.

UN forces slowed up on the western front, where the spreading Allied advance began.

Red Drive Complete Failure Americans strengthened their lines around Uijongbu, north of Seoul.

Tank forces probing northward ran into an ambush less than six miles from the border. Long Tom artillery and 155 millimeters opened up on the Chinese.

South Koreans farther west, only one and one-half miles from the border, hunted down hiding Reds.

Allied bombers and fighters, flying ahead of the advance, blasted the Chongson-Kumwa-Hwachon triangle in Red Korea.

This was the buildup area for the Reds' May 16 offensive. Van Fleet said that offensive ended in "complete failure" but the Communists still have power to strike again.

He said his Eighth Army had seized the initiative and was "attacking along the entire front."

"There is no limitation on its objectives," Van Fleet said, adding: "The purpose is to kill as many Reds as possible and perhaps force them into another premature offensive. Communists fell back before the advance, even in the eastern mountains."

INJURES KNEE Wayne Dawkins, 1008 West Dakota Street, a chairman for Avery & Stanford Surveyors, received emergency treatment Wednesday at Western Clinic-Hospital for a knee injury suffered when he was cutting brush near Snyder.

DENTAL SURGERY Mrs. A. C. Davis of Snyder underwent dental surgery Thursday morning in Western Clinic-Hospital.

EMERGENCY TREATMENT Mrs. Ross Rutledge, an employee of King's Drive-In, was given emergency treatment Wednesday at Western Clinic-Hospital for hand burns received while cleaning a grill.

FINGER INJURED Curtis Brown, 909 Mississippi Street, a tile worker, suffered a cut finger Wednesday on a lathe. He was given emergency treatment at Western Clinic-Hospital.

German Reds Urge Party Loyals To Be Ready To Aid Russia

FRANKFURT, GERMANY (AP)—U. S. High Commissioner John J. McCloy, Thursday said Communist leaders in Western Germany are "indicating" to the party's inner circle that a Soviet attack may come any time "this year or next or the year after."

"When Red troops move westward, the faithful are told, party workers must be ready to perform allotted tasks of sabotage, erect road blocks, conduct partisan warfare and spot targets," McCloy said in his quarterly report to the State Department.

"Communist Party Leaders in Western Germany are intent upon imparting a sense of immediacy to trusted party workers," he added.

McCloy said that in recent months the major Communist propaganda effort has come into clear focus: "It is to undermine West German men's will to resist aggression from the east and predispose them to accept Communist rule."

Communist propagandists, McCloy said, have chosen three themes understandably close to the hearts of all Germans—peace, German unity and an early end to the occupation.

"The threat is made that German participation in Western self-defense must mean war, not peace, and the spirit of neutralism is actively fostered to impede such participation on the one hand and allegedly to guarantee peace on the other," he explained.

The Reds "also maintain that the (West German) federal republic's participation in West European defense would cost the West Germans money, which is true, and allege that this burden would crush the German economy and standard of living, which is not."

McCloy added that it appears unlikely these propaganda tricks "would find many buyers in the Western zones and least of all in Berlin, where Communist harassment continued but failed to slow down the gradual rehabilitation of its courageous people."

Communist influence is rejected by the bulk of the West German people anywhere it can be identified, he said.

Longhorn League— Two Games Rained Out; Big Spring Advances To Third

By The Associated Press
Rain washed out two games in the Longhorn League Wednesday night and the Big Spring Broncos were one of the idle clubs. But they made progress in the pennant race just the same.

The Broncos took over third place in the standing when Roswell bowed to Odessa. The two clubs were tied at the start of the game.

San Angelo and Vernon were rained out to stay static in first and second place. Sweetwater was rained out at Big Spring.

Odessa came to life for a 12-3 win over Roswell that caused the only change in the standings. Last-place Artesia beat Midland 7-3 in the other game.

Odessa counted seven runs in the fourth inning to break a 3-3 tie and start them on their way. Roswell had scored three in the second and Odessa three in the third.

Bill Reed pitched great ball for Midland for six innings, holding Artesia to one run, but he weakened in the seventh. Artesia scored five runs to break a 1-1 tie and added another in the ninth. Midland rallied for two in the ninth but fell short.

R H E
Roswell..... 030 000 000—3 7 3
Odessa..... 003 710 10x—12 12 3
Hees, Drake and Sanders; Guerrero and Castro.

**Killer Kyle Leaves
Diamond For Grid**

CORPUS CHRISTI—(P)—Kyle Rote, Southern Methodist football star, says he is leaving the Corpus Christi baseball team Wednesday to return to football.

Rote plans to fill several Eastern television engagements then join the New York Giants of the National Football League in their July training camp.

Since joining Corpus Christi of the Gulf Coast League on April 6, Rote has appeared in 16 complete games. He hit 23 times in 64 times at bat for a .353 average. He got seven home runs, three in one game, and drove in 17 runs.

**Hogan, Snead Picked
As Favorites In
Colonial Invitation**

PORT WORTH—(P)—Golf's ace shot-makers started the battle for \$15,000 in the Fifth Annual Colonial National Invitation Wednesday.

A star-spangled field of 42—largest ever to play in the ultra-exclusive tournament—moved out Wednesday afternoon with the spotlight on Ben Hogan, Hershey, Pa., mighty mite, and Sam Snead, the White Sulphur Springs, W. Va., slammer, as usual.

But Maunty Jim Ferrier of San Francisco and Dapper Lloyd Mangrum of Chicago promised all sorts of trouble in the fight for \$3,000 first money.

Ferrier, especially, was liked by the golf bugs. He shot a three-under-par 67 practice round Tuesday, then eased over the first nine holes Wednesday without pushing, explaining "When your game's in the groove there's no sense in fooling with it."

The best round of all, however, was shot Wednesday by tall Ed Furgol of Royal Oak, Mich., who did a blazing 66—just one over the course record held by Hogan. But Hogan's round was registered in competition in 1949 and equaled in 1948.

There have been 69's by Harry Todd of Dallas and Jack Burke, Jr., of Houston and 69's by Hogan, Jack Shields of Cedar Rapids, Iowa; Chuck Klein of San Antonio and Henry Ransom of St. Andrews, Ill.

The 7,035-yard, par 35-35-70 course has been none too tough thus far. The tournament runs through Sunday.

BASEBALL FOR THE GENERAL—Attending his first night game since his return from Japan, General MacArthur shakes hands with Yankee Manager Casey Stengel at Yankee Stadium in New York. Left to right at box, Joe DiMaggio, Yank Owner Dan Topping, the general and his wife, Stengel, Mrs. Weiss, Brown's Manager Zach Taylor and Gen. Courtney Whitney.

Sports

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 24, 1951

MAJOR LEAGUES—

Marion Shuffles Hurlers To Beat Boston Braves 6-5

By JACK HAND
Associated Press Sports Writer

Marty Marion has eliminated the caste system on the St. Louis Cardinal staff. No relievers. No starters. Just 10 pitchers. Everybody works every day if needed.

So far it has worked. In 32 games, Marion has used a total of 80 pitchers. Only 11 starters of his flu-stricken staff have gone the route. Still his Red Birds are perched in a second-place tie with Chicago, only two and one-half games off the Brooklyn pace.

Some managers spend 25 years in the business and never learn when to yank a pitcher. It's one of the tricks of the trade. Marion seems to have mastered it in his freshman year.

In recent games Marion has had the Midas touch with pitchers. Take Wednesday's 6-5 win over Boston, for example.

Boston roughed up Howie Pollet for three runs in the second. The Braves were ready for more in the third when Roy Hartsfield walked and Earl Torgerson doubled him to third with one out. But Marion had enough of Pollet. In came rookie Tom Poholsky, Saturday's starter to smother the threat.

St. Louis came back with four off Max Surkont to take a 4-3 lead in the fourth. Two more in the sixth chased Surkont.

Poholsky rolled along, pitching shutout ball until the ninth. With one run in, and men on first and third, Marion yanked Poholsky and called on Ted Wilks. Wilks struck out Hartsfield but gave up a run when Nippy Jones fumbled a grounder.

Marion called for Max Lanier to pitch to left-hand-hitting Torgerson. It worked. Torgery flied to Stan Musial for the final out.

Marion's magic may be lost in the shuffle if that Brooklyn gang continues to pound those home runs. Gil Hodges hit No. 14, three ahead

of Babe Ruth's record pace in 1927, and Billy Cox hammered one with the bases loaded Wednesday night in the Dodgers' 11-4 romp over Pittsburgh.

Wally Westlake's thirteenth homer and a two-run spurt off Don Newcombe in the last of the ninth gave Pirate fans little cheer. It was the Bronx' sixth straight loss, leaving them in the National League cellar all by themselves.

The victory wound up a successful Dodger road trip through the West. They come home with two and one-half game lead. Even Newcombe lasted all the way for his fourth win.

Maglie Wins Sixth

Sal Maglie skirted 10 Chicago hits for his sixth straight victory for the New York Giants 2-1 on the strength of Monte Irvin's two-run homer off Paul Minner in the fourth. Minner gave up only three other hits—all singles.

Cincinnati routed Jim Konstanty in the tenth for a 4-3 edge after the Phil's Dick Slater hit a homer in the top of the inning. Three singles off Konstanty tied the score. Ted Kluszewski then nicked Robin Roberts, third Phil pitcher, for a game-winning single.

Willard Ramsdell got away with a 12-hitter for his third victory.

The Boston Red Sox slugged the battered St. Louis Browns 12-0, with Mel Parnell throwing a four-hit shutout. Every Sox starter except Ted Williams hit safely in the 16-hit barrage. Williams walked five times.

Vern Stephens, who tied an American League record with 10 assists at third base, had three Boston hits. So did Lou Boudreau.

Rain probably saved the league-leading New York Yankees for they trailed Detroit 7-3 when washed out after three innings.

Bad weather also washed out night games between Cleveland and Washington and Chicago and Philadelphia.

**Church League
Softball Teams
Play Thursday**

Two makeup games are scheduled for Church League in the JayC-sponsored Softball League Thursday night.

Lutheran and St. Mark's Methodists are to meet in the first game at 7:45 p.m., with First Methodists and First Baptists scheduled for the second contest.

Both games will be played at Wadley Park.

**Frank Stranahan
Knocked Out Of
British Amateur**

PORTHAWL, WALES—(P)—Defending Champion Frank Stranahan of Toledo, Ohio, was knocked out of the British Amateur Golf Championship Thursday by Joe Carr of Ireland 5 and 4. Stranahan lost the first three holes and never had a chance to get them back.

The long-driving American, who won the British title in 1948 and 1950, was badly off with his approach shots and his putting was ragged.

Carr, who also defeated Stranahan in the recent Walker Cup matches, shot the first nine holes in 35, one under par, and was one over par for the five inward holes. He is considered the brightest British hope to win the championship.

Bill Campbell of Huntington, W. Va., led the surviving Americans through the morning's fourth round with a 5 and 4 victory over Kenneth Fraser of England. The fifth round was scheduled to be played Thursday afternoon, reducing the field to the quarter-finals.

Indian Bats

Midland Indian batting averages through games of May 23, Wednesday:

	AB	H	Pct.
Hornsby, lf	9	4	.444

3B—Tanner 2, Escobar 2, Firnbach, White, Jones, Campbell, Potak, Cline.

HR—White 5, Tanner 2, Melillo, Hornsby.

Pitcher's records: Webb 1-0, Jacobs 10-3, McKenzie 1-1, Reed 0-4, McMellon 0-6.

**WT-NM League—
Windy Eldridge
Spoils Schmidt's
No-Hit Ball Game**

By The Associated Press

When the Amarillo Gold Sox win a game in the West Texas-New Mexico League this year that is news. When they score 10 runs in one ball game it creates a sensation in the Plains Country.

Wednesday night, they did both. They took the second game of a doubleheader from Pampa and they scored 10 runs to do it.

Amarillo and Pampa tangled in a doubleheader with Pampa winning the first game 8-1, but Amarillo took the second 10-8 for its eighth win of the season.

Albuquerque and Abilene remained tied for the league lead with wins over Lubbock and Borger. Albuquerque beat Lubbock 11-8 and Abilene shut out Borger 9-0. Clovis at Lamessa was rained out.

George Matthews and Red Dial teamed to pitch Amarillo to the victory in the second game with Pampa. Red Mann stopped the Gold Sox with five hits as Pampa won the opener.

Big Fred Schmidt gave up only one hit in blanking Borger, that a short single over third in the eighth inning by Windy Eldridge.

Manager Hershell Martin powered his Albuquerque Dukes to their win over Lubbock. He hit a grand-slam homer in the sixth inning then added a three-run round tripper in the seventh.

**Pat Garner Moves
To Semi-Finals In
Lubbock Golf Meet**

LUBBOCK—(P)—Consistent winning by favorites in the Texas Women's Golf Tournament here neared an end Thursday as the victors went into the semi-finals.

Polly Riley of Fort Worth, faced Mrs. L. M. Keating of Houston. Pat Garner of Midland teed off against Mrs. George Noble of Dallas. Betty Dodd of San Antonio played Mrs. Frank Goldthwaite of Fort Worth. Mrs. Harold Wellbacher of Houston faced Mrs. C. B. Lee of El Paso.

Miss Riley downed Mrs. W. K. Stripling, Jr. of Fort Worth 6 and 4 Wednesday.

Miss Dodd beat Mrs. M. W. Morgan of Baytown 3 and 2.

Mrs. Goldthwaite downed Mrs. Harry Scott of Houston 6 and 5.

Miss Garner won over Mrs. Lindsey Blayney of Houston 4 and 3.

Mrs. Noble defeated Mrs. M. E. Killian of San Antonio 3 and 2.

Mrs. Keating beat Mrs. Grady Prim of Sulphur Springs 7 and 6.

Mrs. Wellbacher won over Mrs. Harry Coffman of Houston 5 and 4.

Mrs. Lee defeated Mrs. Lucy Roe of San Antonio 3 and 2.

**Aggies Take Lead
In NCAA Playoff**

TUCSON, ARIZ.—(P)—Texas A&M scored two unearned runs in the ninth inning Wednesday night to defeat the University of Arizona 5-4 in a baseball playoff.

This was the first of a two-out-of-three series between the Aggies, representing the Southwest Conference and Arizona, Border Conference champs, for the right to represent District 6 in the NCAA tournament at Omaha. The teams meet again Thursday night.

The score:

Texas A&M..... 000 030 002—5 9 1
Arizona..... 002 001 010—4 7 3
Risher and Jenney; Hubert and Ogletree.

**Red Hot Dallas
Eagles Reach Top;
SA Missions Falter**

By The Associated Press

The red-hot Dallas Eagles reached their objectives Wednesday night. The hustling Birds made it 18 out of the last 18 games with a win over Fort Worth to take over first place in the Texas League standings.

The Eagles lost little time with their ancient rivals, scoring two runs in the first and two in the second to start them on their way to a 7-3 win.

The victory, coupled with a 2-1 loss by San Antonio to Houston, allowed the Eagles to climb into the lead, a place they gave little indication of reaching three weeks ago.

The club at that time was floundering in sixth place with 10 wins and 13 losses. Now they have won 26 and lost 15 to hold a half-game margin in the race.

Bill Abernathie pitched the Eagles into first place, notching his fifth win of the season. He called on Rugger Ardoino to get the last two men in the ninth when Fort Worth rallied for two runs, but there was little doubt of the outcome.

The resurging Tulsa Oilers swept a twin bill from Oklahoma City 6-0 and 14-3, and Shreveport nipped Beaumont 3-2 in 10 innings in other games.

San Antonio tried desperately to cling to its slim first-place margin but Fred Martin, Houston pitcher, stopped its late bid. He gave up eight hits in besting Bill Elbert in a fine duel.

Clarence Ziesler hurled one-hit ball in the first game of the doubleheader for Tulsa, John Stewart scattered 10 hits in the second game.

Bobby Wilkins singled to left with two outs and a man on third in the tenth inning to give Shreveport the win. Vern Petty had walked to start the inning.

**Hayden White, Midland
center fielder, slugged a pair
of home runs here Wednesday
night off the offerings of
Jose Lopez, but Lopez limited
the Indians to four other hits
and won a 7-3 ball game.**

Lefty Bill Reed was the loser. Take away the seventh inning when he allowed three hits, four walks and five runs, and the youngster pitched himself a ball game.

The loss was the first for Midland in its last four games. Artesia drew first blood in the fourth frame when Chley went to third on a three-base error by White. Julian Pressley, ex-Indian, then scored Chley with a long fly ball to the outfield.

Midland drew even in the fifth when Hayden White smashed the first pitch Lopez threw to him, over the left field wall. Chuck Cline, second baseman, tripled behind White but died at third.

That was all the scoring until the seventh. The Drillers then added five big runs off three hits and four consecutive bases on balls. Reed walked in two runs, then Pressley singled to drive in two more in the big inning.

The final Driller tally came off Reds Manager Harold Webb in the ninth. Bill Hornsby was hit by a pitched ball and reached first.

**White then lofted a long towering
ball over the left field fence for his
second four-bagger.**

The Indians go to Sweetwater for games Thursday and Fridays nights, before visiting Vernon Saturday night and Sunday. They return home Monday night for a single game with Big Spring.

**Bronchos Defeat
Jeff El Paso 10-3
To Reach State Meet**

By The Associated Press

Three teams—Odessa, South Park (Beaumont) and Miller of Corpus Christi—already have qualified for the state high school baseball tournament and five others will earn places by the end of the week.

The tournament will be held in Austin June 4, 5, 6.

Odessa beat Thomas Jefferson of El Paso two straight to capture the series and return to the tournament, where it is defending champion. Wednesday the Binbos won 10-3 in El Paso.

South Park took out Baytown in three straight games. This was supposed to be a five-game series.

Miller beat Edinburg in a series to get the state tournament spot.

King's Row

by LARRY KING

★ DOTS AND DASHES ★

Tugboat Jones, the MHS mentor, is sure his 1951 gridders will come around. "We had 32 sophomores and 12 juniors on our squad when we played the seniors," he said, "and with experience our boys will be OK." Hugh Fullerton, Jr., the New York AP sports scribe, devoted some space to the Midland Mifflits-Lubbock Leftovers touch football game played here recently.

You'll recall Glenn Davis, Bobby Layne, Mal Kutner and Paul Campbell were some of the performers. Bill Leonard, the sophomore defensive center, looked good for Tugboat Jones in the clash with Shreveport. Eddie Jacome, Midland's one-man pitching staff, is more elated over his base hits than his 10-3 pitching record. "I've got 11 hits," he beams, "and that's more than I usually have in two seasons." Seems all pitchers want to be hitters.

We still would like to see someone start the ball rolling on an appreciation night for Jacome. It's early for appreciation nights to start, but if it wasn't for Jacome's good right arm, we'd hate to think where the Indians would be. Chuck Cline, the new Indian second-baseman and a native of Nashville, Tenn., is as proud of his four-month-old son, Chuck, Jr., as he is of a triple play. Texas Tech coaches—who are recruiting top flight football players—would do well to pick up Midlanders Billy Medart and Jack Burris, who thus far haven't promised any school their services. A. Z. Stuges, the American Legion hurler, should be getting discouraged. He hasn't won a softball game this year, and has lost seven. By contrast, Jerry Matejak of Rotary has a 5-0 record. Number one Rodeo fan, Merwin Ratcliff. Rudy Escobar, Midland right fielder, missed the Artesia-Midland game Wednesday night because of an abscessed tooth. He's the latest addition to Harold Webb's hospital corps. End of the Row!

Hayden White

**Pat Garner Moves
To Semi-Finals In
Lubbock Golf Meet**

LUBBOCK—(P)—Consistent winning by favorites in the Texas Women's Golf Tournament here neared an end Thursday as the victors went into the semi-finals.

Polly Riley of Fort Worth, faced Mrs. L. M. Keating of Houston. Pat Garner of Midland teed off against Mrs. George Noble of Dallas. Betty Dodd of San Antonio played Mrs. Frank Goldthwaite of Fort Worth. Mrs. Harold Wellbacher of Houston faced Mrs. C. B. Lee of El Paso.

Miss Riley downed Mrs. W. K. Stripling, Jr. of Fort Worth 6 and 4 Wednesday.

Miss Dodd beat Mrs. M. W. Morgan of Baytown 3 and 2.

Mrs. Goldthwaite downed Mrs. Harry Scott of Houston 6 and 5.

Miss Garner won over Mrs. Lindsey Blayney of Houston 4 and 3.

Mrs. Noble defeated Mrs. M. E. Killian of San Antonio 3 and 2.

Mrs. Keating beat Mrs. Grady Prim of Sulphur Springs 7 and 6.

Mrs. Wellbacher won over Mrs. Harry Coffman of Houston 5 and 4.

Mrs. Lee defeated Mrs. Lucy Roe of San Antonio 3 and 2.

Texas League—
Red Hot Dallas
Eagles Reach Top;
SA Missions Falter

By The Associated Press

The red-hot Dallas Eagles reached their objectives Wednesday night. The hustling Birds made it 18 out of the last 18 games with a win over Fort Worth to take over first place in the Texas League standings.

The Eagles lost little time with their ancient rivals, scoring two runs in the first and two in the second to start them on their way to a 7-3 win.

The victory, coupled with a 2-1 loss by San Antonio to Houston, allowed the Eagles to climb into the lead, a place they gave little indication of reaching three weeks ago.

The club at that time was floundering in sixth place with 10 wins and 13 losses. Now they have won 26 and lost 15 to hold a half-game margin in the race.

Bill Abernathie pitched the Eagles into first place, notching his fifth win of the season. He called on Rugger Ardoino to get the last two men in the ninth when Fort Worth rallied for two runs, but there was little doubt of the outcome.

The resurging Tulsa Oilers swept a twin bill from Oklahoma City 6-0 and 14-3, and Shreveport nipped Beaumont 3-2 in 10 innings in other games.

San Antonio tried desperately to cling to its slim first-place margin but Fred Martin, Houston pitcher, stopped its late bid. He gave up eight hits in besting Bill Elbert in a fine duel.

Clarence Ziesler hurled one-hit ball in the first game of the doubleheader for Tulsa, John Stewart scattered 10 hits in the second game.

Bobby Wilkins singled to left with two outs and a man on third in the tenth inning to give Shreveport the win. Vern Petty had walked to start the inning.

Aggies Take Lead
In NCAA Playoff

TUCSON, ARIZ.—(P)—Texas A&M scored two unearned runs in the ninth inning Wednesday night to defeat the University of Arizona 5-4 in a baseball playoff.

This was the first of a two-out-of-three series between the Aggies, representing the Southwest Conference and Arizona, Border Conference champs, for the right to represent District 6 in the NCAA tournament at Omaha. The teams meet again Thursday night.

The score:

Texas A&M..... 000 030 002—5 9 1
Arizona..... 002 001 010—4 7 3
Risher and Jenney; Hubert and Ogletree.

Young GOP Club Is Forming Here

Formation of a Young Republican Club is underway in Midland. It began Tuesday night at an initial meeting headed by Frank Darden. Formal organization of the YRC was begun with appointment of a temporary steering committee composed of Joe Palne, Lewis Woolsey and Frank Seifert. The group announced that an invitation would be extended to David Brune, Austin, state secretary of the club, to address the club at a future meeting.

Patsy Charlton To Receive Degree

DENTON — Patsy Charlton, daughter of Mrs. Elora Charlton of Midland, will receive her BA degree from North Texas State College June 3. Commencement exercises will be held at 8 p.m. in the new gymnasium. John Ben Shepperd, Texas Secretary of State, will be the guest speaker. Miss Charlton majored in library service. Lignite is found in many parts of the world.

★ THE DOCTOR SAYS ★

Some Folks Are Sensitive To Caffeine In Beverages

By EDWIN F. JORDAN, M. D.
Written for NEA Service

It is not unusual, perhaps particularly among our brethren of Scandinavian descent, for a person to drink 18 or 20 cups of coffee a day or even more. This must be quite a strain on the budget today, and those who drink so much also should consider the possible effect on their health. Coffee, tea, and some other beverages contain an active drug known as caffeine. This drug has known actions on the heart, the blood vessels, and the nervous system. Indeed caffeine is sometimes used in medicine to produce some specially desired effects on these organs or systems. It seems strange, then, that it can be taken so freely in drinks without having more profound effects. Coffee (or tea) as ordinarily consumed acts as a mild stimulant. It increases the physical and mental energy and makes a person feel less tired. Perhaps other ingredients of coffee aid in this comforting effect—the heat for example—but it is the caffeine which doubtless makes coffee drinking so particularly pleasurable. There seems to be a good deal of individual variation between the ability of different people to tolerate the drug-like action of coffee. Some, especially those who live vigorous

outdoor lives, can drink almost unlimited amounts without noticing it. Others, especially those of a "nervous" temperament, find that coffee gives them headaches, digestive disturbances, interferes with the sleep or brings other unpleasant symptoms. Such things must be considered as evidence of chronic poisoning. Indeed if they stop coffee altogether the symptoms may get worse for a time and this is a sure sign that the coffee isn't doing them any good.

Be Reasonable
All this adds up to the fact most of us can drink a reasonable amount of coffee without harm. It makes us feel better for a while and often serves as a sociable occasion. But coffee contains an active drug to which some people are more sensitive than others. There also is a form of chronic poisoning against which coffee drinkers should be on the alert; if the signs develop the amount of caffeine consumed should be sharply reduced.

Worker Confesses Strangling Woman

HUNTINGTON, W. VA. — (AP)—A 26-year-old factory worker told police he strangled a woman to death in a culvert after giving her 15 minutes to pray. Cecil Vernatter was charged with the murder of Mrs. Goldie Gibson Richie, 45, in a warrant issued Wednesday night by Magistrate H. M. Adkins. Detective Chief Herman Frazier quoted Vernatter as saying he killed Mrs. Richie after she told him his girl friend was not true to him. "I can't stand anyone to talk about

my girl friend," Vernatter told officers, "so I told her I was going to kill her." She pleaded for time to pray, the police report continued, so Vernatter allowed her to kneel in the culvert 15 minutes. Then he said he strangled her with a strip torn from her slip. Her body was found in the culvert Wednesday, half-buried in sand. Eddies thrown off by the Gulf Stream are found well to the north near Nova Scotia.

Youth Center Chatter

BY JOYCE HOWELL AND GAIL BAKER

Nowy, Kids! Rodeo week—Midland Rodeo Week—approaches. The big show opens Wednesday. A large time is in store for Midland teenagers.

Saturday the Youth Center was closed for bond election. We hope the visitors to the Center took time to see the improvements which have been made since the last voting took place in the Center. The balcony in particular is a place of which we all are quite proud. With the newly covered chairs and couch, the new curtains, and the new paint job on the walls, the balcony is a lovely lounge for the girls.

However, even though the Center was closed Saturday, many teens were seen driving by, first in the car and then in another. We saw Nancy Steadman, Sarah Hendricks, Mark McKinney, Pat Douglas, Griffet Alstern, Jane Beaky, Georgia Stump, Jack Burris, Gail Dixon, and Earl Padgett (from Lubbock) at one time or another parked at the side of the Center.

The Senior trip to Carlsbad last week still is being talked. About 90 of the Seniors packed up their swimsuits and left early last Friday to go to Carlsbad, New Mexico. We went through the Caverns in the morning and in the afternoon visited the amusement park in the City of Carlsbad. Naturally, everyone enjoyed the trip through the Caverns and we were all quite hungry by the time we arrived at the luncheon.

Merry-Go-Round
The amusement park offered many interesting things for all of us to do. Swimming in the river, sliding down the slides into the water, and diving took up a good bit of the time. Toys Chapple just literally fell in love with the speed boat rides. Last time we talked to her, she had been in the speed boat four times!

Swan Hagler and Isleta Terry didn't enjoy the ferris wheel too much—it seemed as though their partners wanted to "rock the boat."

Although the merry-go-round was for the younger children, a few of the teens got a big thrill from riding it. While singing "Horsie, Keep Your Tail Up," "Daffy" Taylor and Margie Cramer rode the little horses backwards.

Tommy Parker, Dolan Brinson, Beverly Keating, and Bobby Jenkins got quite a thrill from riding on the small train which was in the park.

Of course, a lot of the teens played miniature golf, always a favorite. We noticed Sue Johnson, David Laverty, Phyllis Bufkin, Guy Vanderpool, Jo Ann Nelson and Winifred Brinson with a "do or die" expression on their faces. Winifred was slated to discover he was low-point man—at least, he had a lower score than any of the others he talked to.

Billy Criss received a lot of compliments on his roller skating ability. Wilma Lika, Barbara Vandenberg, Shirley Harrison and several others also spent a good part of the afternoon skating.

During supper, Susie Young, Doug Atwell, Richard Hall, Carolyn Cook, Wanda Burdette, Peggy Great-house and others tossed bits of their supper to the ducks which enjoyed having an audience as well as getting a little extra to eat.

A little after eight o'clock that evening, the entire gang of sleepy Seniors started the long trip home. With the exception of a few extremely noisy Seniors who were determined to keep everyone else awake, the teens slept most of the way back. Glen Baker was so tired he slept in the luggage rack—and a few others slept on the floor of the buses.

About two o'clock Saturday morning, we arrived back in Midland. Cars left by the teens or their parents were parked around the Youth Center and everyone was more than glad to pile in them and go home. Did everyone have a wonderful time? Just ask any Senior, and he will reply, "Wonderful isn't the word for it!"

We told you last week about the band barbecue which was to be held last Saturday. After we had gone to press, however, the band members were informed the date of the barbecue had been changed to this Friday night. It will be held at Cole Park.

Monday was a big day at MHS—the annuals were distributed. There was an annual-singing party in the gym from 8 until 9 Monday night. Our congratulations go to Miss Boyd, the Catoico sponsor, and her staff for a beautiful annual!

Tuesday night inter-squad football game was played between the seniors of '61 and the '51--'52 graders. There was quite a bit of "betting" as to which team would win.

The National Guard Variety Show was held Wednesday night. Susie Young and Pat Grover were busy selling tickets to this performance. Many MHS'ers were seen there.

The YG is sponsoring a semi-formal dance Saturday night at the Center. Many of the members are planning to be there. Music is to be furnished by the juke box.

Well, that time is here again! Yep, it's now time for final exams! So many MHS'ers surely are worried about their grades.

The baccalaureate service is to be held in the MHS Auditorium Sunday night. Wednesday is Class Day for the seniors (there has been quite a bit of discussion about the Class Will and Class Prophecy!).

Then that "long awaited day" will be here Wednesday, which is Graduation Day. I (the lower half of this column) surely will miss all the seniors next year. What'll I do without JOYCE??? But the seniors probably will be so involved in college life they won't have time to think of us poor high school "children"!!

Monday, the mothers of some of the seniors are having a dance for the class members.

We mentioned last week about the dance to be held after the graduation exercises for the juniors and seniors and their dates.

The seniors who did not go on

Alabaman Plans To Walk To California

PHENIX CITY, ALA.—(AP)—Want to live longer?

James Spott, a self-styled vagabond, says all you have to do is to walk 10 to 20 miles a day.

The 63-year-old adventurer believes in practicing what he preaches. He plans to start out about for California. And he says he intends to turn down any rides offered him on his cross-country jaunt of about 2,500 miles.

He estimates it will take all Summer. For companionship he will have two dogs.

Such long distance excursions are old stuff to Spott. Last year he rode a bicycle from Phenix City to Chicago. He says his varied career also includes a hitch as commander of a Yaqui Indian corps in Pancho Villa's Mexican bandit army. And once he established a matrimonial agency.

He'll step out to the West Coast by way of Birmingham, Memphis, Kansas City, Denver and Salt Lake City.

Destination: San Francisco.

Biblical Methods Of Fishing Repeated

PORT ROWAN, ONT.—(AP)—Fishing methods of Biblical times are repeated on the shores of Lake Erie's Long Point Bay near here by fishermen who cast their nets into the shallow water and draw them into shore.

One end of their long nets is anchored close to shore, and the other pulled through a long semicircle by men wading or in boats. The fishermen begin their season when the ice leaves the bay, and end only when it freezes over.

The senior trip were seen roaming around Friday afternoon. We saw Billy Morningstar, Bob Burks, Buddy Johnson, Asa Bland, "Lil Earl" Chapman, "Doogie" Cooper and Harold Drew (who graduated last year).

Fishing Trip Accident
Early Saturday, Jim Ervin and Earl Chapman went to San Angelo to go fishing. All was going well until Jim got the hook on his fishing pole caught in a tree. Jim climbed up the tree to set it down, and had quite an accident on his way down. He fell out of the tree. He got a bad cut on his back, too. We surely are sorry about your accident, Jim.

We have a Youth Center member from Lubbock—Ardith Campbell. Ardith moved here about three weeks ago, but we failed to mention it in the column. We surely are glad to have you here, Ardith, and hope you like it.

Speaking of Lubbock, three of our Lubbock friends (whom we have mentioned quite often in the column—Lyndell Ross, Dean White (Mary Jo and Evelyn Nell's cousins) and Joe Dee Kemper—are moving to Midland for the summer. They are going to work just outside of Midland.

Tom Hance, whom we met this time last year from Houston, is back again. Tom was visiting the Center with George Glass and Alan Olson. Glad to see you again, Tom!

Bye, partners! See you next week!

'Roaring Twenties' Still Roaring

Rehearsal for "Roarin' 20's": On opening night, Don Roth (seated) had his fingers crossed.

CHICAGO—(NEA)—"The Roarin' Twenties," a vest-pocket musical comedy, has had the longest run of any floor show in Chicago history. More important to its producer, it's accompanied by a merrily-tinkling cash register.

When the show celebrated its first birthday, it had clocked in 836 performances, witnessed by more than 300,000 people. It's the brainchild of Don Roth who inherited the Blackhawk Restaurant from his father in 1938. He also inherited a tradition, dating from 1926, of featuring name bands.

By 1950, a name band had become a mighty expensive package. And the big-name orchestras chiefly lure the younger set, who were finding it harder and harder to afford Roth's tabs.

When Roth arrived in New York to share another name band early in 1950, he found that somebody else had already signed it up. So he hired Mervyn Nelson to write and direct a trimmed-down musical comedy.

Nelson weaved some old songs, some new ones and some parodies into a typical 20's story of a get-rich-quick boy, a play boy, a couple of good girls and a bad girl. He and Roth then cast the show with nine youngsters who had been doing bit parts or understudy jobs in Broadway musicals. In a month or so, they whipped up a brisk, 55-minute show.

Roth had all his fingers crossed on opening night. His young cast (average age: 23) had never

played night clubs, where there's no opening curtain to silence the tinkling of ice cubes and raucous chatter. Roth also feared that his patrons, who came primarily to eat and drink, might be too busy doing both to follow the show's thin story line.

But everybody seemed to like it. The young crowd, plus a sprinkling of nostalgic oldsters, flocked in by the thousands—25,000 a month. Roth found that each patron spent an average of \$5 during his stay.

He is already planning another condensed musical comedy to take the place of "The Roarin' Twenties" is certain to break the all-time record for the longest floor show run, 14 months, set by a Billy Rose revue.

BIBLES FOR JAPAN

TOKYO—(AP)—Gen. Matthew B. Ridgway has announced the Protestant Testament League has distributed 7,000,000 Bibles to the Japanese through its foreign secretary, Glenn W. Wagner.

All you have to do to bake bananas to serve with ham is to peel the bananas and place them in a well-buttered baking dish; brush well with butter or margarine, sprinkle lightly with salt, and bake in a moderate oven until tender.

Automobile Follows Woman Into Market

ARCADIA, CALIF.—(AP)—Mrs. Lillian May Evans got a surprise when she looked up and saw her car following her into the market. She had parked the auto on an incline. Apparently the brakes slipped. As Mrs. Evans walked through the door, the car rolled through the market's big plate glass window.

Picture of a young man enjoying FRYERS from SAFEWAY

Watch a youngster (age 6 to 60) bite into a piece of fried Safeway chicken. The happy expression that comes to his face is ample proof of the wonderful flavor of these select fryers. It's flavor that is grown in the bird through special feeding which produces tender, sweet meat. This goodness is carefully safeguarded by means of rigid quality control to bring the chicken to you at its very best. Each bird is completely cleaned and dressed—ready for the pan.

Dinah Sings Song Pitfalls

By DINAH SHORE
Written For NEA Service

NEW YORK — For every youngster who yearns, as thousands do, for a career as a popular singer, there are pitfalls waiting. I know, I've learned about them the hard way.

The biggest single pitfall for most ambitious young singers with talent is, of course, New York. But it's also a must. It's the place where all the breaks are to be found—radio, stage, television and the agencies. I arrived in New York with \$200 in my handbag. I wouldn't advise anyone else to try that. For one thing, the cost of living is higher by far now than it was when I broke in. For another, I had a family to help me over the rough spots. Not every hopeful singer can count on the help of a family.

In New York, the biggest pitfall is the phony agent. The town is full of them. These are the people who will tie up a young singer with an iron-bound contract, giving her nothing but encouraging words in return. These contracts

Dinah Shore: "Very few singers become tremendously popular through mimicking another singer. It's essential to develop a distinctive style."

only hamper the singer since no other agent can handle her. She's likely to find her career at a standstill.

There's a third pitfall that begins as soon as you decide to sing professionally. How do you get the necessary experience?

The answer is to sing, for free, in your home town whenever you get the chance. The pay will come later. In doing this, you develop style and get rid of some of that nervousness that plagues all singers for always. You'll never quite lose it all and, actually, it does help you to stay on your toes.

Whenever you have the opportunity, record. Professionally, I'm under contract to RCA-Victor. For my own advancement, I also record at home. Use those little acetate or tape recordings that you can play back for study. Listen carefully to pitch and phrasing.

LAUNDER RIGHT AT Launderette

413 WEST TEXAS

You do it — or we do it!
Shirt and uniform finishing is our specialty.

FLAT WORK

Listen objectively for faults and favors.

And, above all, don't fool yourself! If you haven't got the basic talent I mentioned, you'll be the first to know it when you hear your own voice. If you have, correct the things you don't like and learn the one that you do like.

By studying your own voice, you will avoid becoming a mimic. Having a favorite singer can be an inspiration, but it can also be a deterrent. There are few cases on record of popular singers who got that way by singing just like so-and-so.

In picking your material, it's safest to stay with the tried and true. Sing tunes the public has heard and wants to hear again, popular tunes and standards. Never sing brand new, untried, special material until you're so established as a singer that the public will take it from you.

My belief is this: selling your voice is enough for the first few years. Then, when you've sold your voice professionally, you can sell a new song.

You need one last thing to help you along. That's luck—and I do hope you have lots of it!

When you're planning to hard-cook eggs, take the eggs out of the refrigerator and let them stand at room temperature for a while before cooking. This will help to keep them from cracking.

Cheese Industry To Observe 100th Birthday In U. S.

As an art, cheesemaking is thousands of years old; as an industry it celebrates its hundredth birthday in the United States June 2, with appropriate ceremonies at Rome, N. Y., where the first commercial cheese factory was put into operation in 1851.

America's first cheese factory, which led the way to large scale production of the basic dairy food, came into existence long before the days of "career women."

But it was a woman all the same, who was responsible for the application of the industrial system to cheesemaking. A charming young woman who married into a family of expert cheese-makers!

The story, as they tell it in Rome, goes this way: Jesse Williams, son of a Revolutionary War hero, long had made cheddar cheese of such excellence that his fame spread far beyond his native Oneida County—as far away indeed as England and the Continent.

When Jesse's son, George, married, he settled on a nearby farm intending to follow in his father's footsteps and go into cheesemaking on his own. All cheese was made in the home dairy of that day.

A Woman's Way
But his bride had different notions. She had no wish to try to equal the cheesemaking prowess of her father-in-law. So she urged him, with some guile and a great deal of success, to expand his own cheesemaking operations to include using the milk produced on her husband's farm.

It was as simple as that. If George's bride had been less charming, or Jesse Williams less reasonable—cheesemaking might have remained a home dairy operation for some time to come.

At any rate, once the Jesse Williams factory was set into operation near the banks of the old Erie Canal, cheesemaking as an industry truly was launched. The merits of centering the complex operations of cheesemaking in a central plant were readily apparent; many disciples came from all parts of the country, and some foreign countries, to learn how Jesse Williams did it.

And factories sprang up by the hundreds. America rapidly became the most important cheese-producing nation in the world.

Poach leftover egg yolks (when you're using the whites for meringue or angel-food), cool, and rub through a small coarse strainer as a garnish for a vegetable salad.

Gas Stove Has Double Purpose

HOT FOOD COOKED ON A FOLDING STOVE—it's a picnic even if it's only in your back yard.

By GAYNOR MADDOX
NEA Staff Writer

The season of outdoor cooking is with us. So also, whether we talk about it or not, is the tension caused by world events. The other day as I tested some new portable metal stoves, which use unleaded gasoline, it occurred to me that these sturdy cooking gadgets would make very practical standby equipment in case of an emergency.

Let's take a look at some of them with cooking in the backyard or on the picnic grounds foremost in our minds. There's a single burner camp stove which can be set right on the picnic table. It is somewhat like the Coleman GI stove, but is built lower and the flame can be regulated.

There are two folding camp stoves that call for making hamburgers and broiling franks, or even fancier foods, for the crowd on the lawn. One has two flames, the other

three, and they can be regulated. Large windshields protect the flames. These also use unleaded gasoline.

Although an outdoor fireplace may be more romantic and cooking over charcoal certainly has its advantages, these gasoline stoves fill a very definite need. They do not tie the outdoor cook down to a particular spot, they do not demand last-minute hunting about for firewood, they do not smoke and there's no problem in putting out a fire—as of course all good campers must do. Easy to pack up and transport, they are adding their call to outdoor cooking, which is usually the summertime hobby of the men of the family.

Perfect Hamburgers
(3 hamburgers)
One lb. top round, ground twice, salt, pepper and nothing else.
Shape the meat into three ham-

burgers, ever so lightly. Do not pack or handle. The lighter you keep them the juicier the finished products will be. Get a heavy iron pan very hot. Do not grease it. It should be plain, dry and sizzling. Flank the hamburgers on to the sizzling pan, cook about 1 1/2 minutes on one side (for rare), turn and cook a little more on the other.

Serve at once on soft rolls, season with salt and pepper and a little garlic salt, and a pat of butter. There is no finer hamburger. It will be charred on the outside, tender and red on the inside.

The hornbill, a bird of Malaya, sheds not only its feathers once a year, but also the lining of its crop.

DADDY RINGTAIL

Daddy Ringtail And Little Fishes

By Wesley Davis

Mugwump Monkey, the monkey boy had an aquarium up in the monkey house. The aquarium was a glass box with water in it for fish to live in. Sand was on the bottom. "Sea-weed" grew in the water.

What fun it was to look through the glass and watch the fish as they swam about. One of the fish was little and black. His name was "Black Boy." His wife's name was "Mrs. Black Boy." She was also little and black, but her fins were somehow different from her husband's.

There was another, larger fish. She was almost as long as Mugwump's finger. She had a face like a bulldog. Her husband's name was "Mr. Swordtail," because his tail was long like a sword.

Two snails also lived in the water with the fish. They carried their shells around on their backs as they crawled along over the sand or along the sides of the aquarium.

Sometimes they drew themselves inside their shells when Black Boy swam up to play a game of nibble at them.

Black Boy had no teeth. None of the fish had teeth, and so they couldn't nibble really. But the

By Wesley Davis

snails would go inside their shells in a hurry—and then—when the fish had turned to swim back across to the other side of the aquarium—the snails would come out of their shells just far enough to slide and slide very slowly along the aquarium wall.

The snails opened wide their mouths as they slid, licking at the side of the wall to clean it. The snail was the cleaner-upper for all the aquarium. Cleaning-up was the snail's job.

Mugwump lay in his bed and watched the goings-on inside the aquarium all day long, day after day, while he was sick in bed with measles or something. What fun! Why, you can't really know what fun it was, until you have an aquarium for yourself.

If you ever are sick in bed very long, I hope you can have an aquarium to watch. It doesn't cost much money to have one, and it isn't much trouble, and I will tell you how to do it, if you will write me sometime to ask. Happy day!

(Copyright 1951, General Features Corp.)

Welding such metals as aluminum and copper without the use of hot flames or electric arc is possible with a new cold pressure process. It can be used with many non-ferrous metals.

JAC
CANA

Lorenzo Dressing, often used in fine restaurants. This dressing is a food combination, and sliced tomatoes.

A French cook knife—with an almost straight cutting edge—is excellent for mincing vegetables, cutting through bundles of vegetables, and for cutting sandwiches. It can also be used for carving.

Writer Sketches Personal Portrait Of Beauty

Celeste Carlyle, who has made a career of developing the loveliness of other women, demonstrates her techniques for achieving tip-toe good looks. After determining her client's type, she sketches a proper wardrobe (left) and designs a correct hair-style (right) to enhance this particular kind of charm. Suitable make-up and tricks of behavior round out the picture for this "portrait beauty."

BY ALICIA HART
NEA Staff Writer

If Celeste Carlyle's philosophy of beauty could be boiled down into one sentence, it would probably be limited to two terse but meaningful words—"know thyself."

Miss Carlyle, whose new book, "Individually Yours," was recently published, has made a career of developing the inherent loveliness of other women.

Through studio interviews, lecturers, television programs and now through her "guide to personal beauty and charm," Miss Carlyle conducts her followers toward good looks and happiness.

To make the best of your particular brand of beauty, Miss Carlyle stresses the importance of self-knowledge. This should not be based upon faded memories of your pink-and-gold girlish charm, nor upon the treasured compliments of kindly friends. Your mirror, she

stresses, "has all the answers, so learn to use it."

It's important, Miss Carlyle points out, to type-cast yourself, and then to play that natural role to the best of your ability.

She lists six types, emphasizing the fact that she's referring to physical appearance, not to personality inclinations.

"You may not care a fig for golf, tennis or anything more strenuous than walking" yet you still may possess the good bone structure and muscles without fat that are referred to as athletic.

If your build is an athletic-appearing one, make the most of it with tweeds, leather accessories, sturdy jewelry and color, she advises. As a general rule, bows and ribbons, frills and froth, will "make a mockery" of your sturdy frame.

Next on Miss Carlyle's list is the gamine or ingenue type. If you are small and elfin, you'll find it good

policy to stress daintiness and delicacy in your costume and make-up.

The most feminine of this type, the coquette, can present with great effectiveness a Valentine prettiness—complete with lacy hankies, flowery hats, veils and tiny nosegays.

The secret of success for the dramatic type is a "wrapped-in-cellophane" appearance. Grooming and neatness are of utmost importance. If you've a flair for the arresting and striking in your wardrobe, coiffure and mannerisms, make certain the picture is not marred by such fuzzy-at-the-edges details as unkempt nails or a hanging slip.

The patrician type, according to Miss Carlyle, "does not need the props provided by jewelry, flowers, feathers and furs." To accent subdued elegance and quiet reserve, subtlety is your best bet. Gowns of subdued color and good cut provide a just-right background for the monograms, hand-made accessories and heirloom jewelry that speak of quality and breeding.

The romantic type is the truly feminine woman, Miss Carlyle continues. Usually cuddly, warm and charming, she "makes men aware that here is a kind of woman who needs male protection," preferably that of the particular male at hand—be he six or sixty. If she chooses lace veils, flounces, muffs, pumps with bows, her clothes will faithfully reflect her personality.

About the sophisticate, Miss Carlyle remarks, "her loveliness is streamlined, her theme modernity." She scores last year's leftovers; she

avoids like the plague the fashions everyone else is wearing. She is very much herself, her individuality pointed up by some distinctive touch that serves as her trademark—a rare perfume or an unusual brooch.

Start with what you have, Miss Carlyle urges, and make the most of it. Think, plan and act! A sleeping beauty rarely attracts a prince, except in fairy tales.

Disc Erases Facial Hair

By ALICIA HART
NEA Staff Writer

The peach-fuzz that enhances the bloom of youth must often be described in less delicate terms as a woman grows older.

If your beauty is marred by coarsening hairs on your chin and upper lip, you may find helpful an eraser

This mature woman roughs up the surface of an eraser disc preparatory to removing unsightly facial fuzz.

disc created especially for facial use.

To remove superfluous hair by this dry method, begin by roughing the pink, powdery surface of the disc with an emery board supplied for that purpose.

Then, with a light touch, erase the hairs that are shadowing the loveliness of your face.

Hairs growing in again will not be stiff or bristly, the maker claims.

Mashed potatoes are delicious seasoned with finely grated onion, and bacon fat. Use a teaspoon of the onion and three tablespoons of the fat to three cups of mashed potatoes, pile into a deep pie plate and heat and brown under the broiler.

★ RUTH MILLETT ★

So Mom's Got A Week Coming! Well, How Does She Get It?

By RUTH MILLETT
NEA Staff Writer

A HOME-MAKING Institute has figured out that the average housewife could have at least a week more vacation a year if she would grocery-shop once or twice a week instead of every day.

Sounds good on paper, but any housewife can point out the flaw in that kind of reasoning.

How is she going to store up those extra minutes saved every day and turn them into a week's vacation?

Suppose she goes to the trouble of setting up a fancy bookkeeping system, putting down every day just how many minutes she has saved by not marketing and can prove at the end of the year that the time adds up to one week—then what?

The time is gone, isn't it? And, probably frittered away on something just as useless as every-day marketing.

Tell It To Pop

Let her try to tell Papa she has a week's vacation coming to her and see how far she gets. Because what can Papa do about her accumulated time that is supposed to add up to a vacation?

He can't very well say, "Okay, I'll take a week off from the office and you can go take that week's vacation you've saved up for yourself."

That's why the efficiency experts seldom get housewives very excited when they point out that they can save so much time by doing a particular job a certain way. The housewife knows very well that if she saves ten minutes a day on the job of bed-making, say, that she'll just turn around and decide the silver needs polishing.

There's not too much percentage in cutting minutes off of house-keeping jobs. Because housekeeping is a job, it's hard to quit and run out on. You just never say, "Now all my work is cleaned up for the day."

You can do that with a desk job. But homemaking is something else again.

(All rights reserved, NEA Service, Inc.)

The time is gone, isn't it? And, probably frittered away on something just as useless as every-day marketing.

Tell It To Pop

Let her try to tell Papa she has a week's vacation coming to her and see how far she gets. Because what can Papa do about her accumulated time that is supposed to add up to a vacation?

He can't very well say, "Okay, I'll take a week off from the office and you can go take that week's vacation you've saved up for yourself."

That's why the efficiency experts seldom get housewives very excited when they point out that they can save so much time by doing a particular job a certain way. The housewife knows very well that if she saves ten minutes a day on the job of bed-making, say, that she'll just turn around and decide the silver needs polishing.

There's not too much percentage in cutting minutes off of house-keeping jobs. Because housekeeping is a job, it's hard to quit and run out on. You just never say, "Now all my work is cleaned up for the day."

You can do that with a desk job. But homemaking is something else again.

JACOBY ON CANASTA

By OSWALD JACOBY
Written for NEA Service

Let's sit behind a canasta expert and see how he plays a difficult hand. Both sides need 120 for the first meld and our hero makes his first draw from the stockpile. He then holds:

A, K-K, Q-Q, 10-9, 8-1-3, 3-2.

He cannot meld, so his only problem at the moment is his discard. He doesn't dream of discarding the ace. He may need aces to get the count, and so may the enemy. One general principle to remember is that you don't throw an ace except from a really good hand.

He doesn't throw the black three because he may need a safe discard later but doesn't desperately need one so early in the hand. The question is whether to throw a ten-point card or a five-point card.

A high card is slightly more dangerous than a low card and should be selected for just that reason. Our expert decides to throw the ten (the nine would have been just as good, of course), and then awaits developments.

As it happens, the left-hand opponent now draws from the stock and discards a nine, so our expert makes up his mind to throw his nine at his next turn. He will then be able to throw low cards for a few rounds, by which time one side or the other will probably meld. We will come back to this hand in our next article, but will interrupt it at this point to answer a question or two.

Q—A player wants to meld out with three black threes. May he discard—or is he forbidden to discard in this case?

A—Whenever you meld out you may discard or not—as you please. This rule is always true, whether or not you meld black threes.

Take A Duck To The Picnic

DELICIOUS PICNIC DUCK is served up with savory mayonnaise and chilled soft drinks.

By GAYNOR MADDOX
NEA Staff Writer

Tomorrow, or any other time you go on a picnic, vary the menu with picnic duck instead of the usual chicken. This recipe produces a crisp, non-fatty crust to the duck and a flavorful meat. Serve cold with a savory mayonnaise. What goes well with picnic duck? Salad greens, radishes, green pepper rings, also well-iced bottled soft drinks with tart-sweet tang.

Picnic Duck
One duck (about 5 pounds), dressed and drawn, 1 bottle lemon-lime soda (7-ounce size), 1/4 cup brown sugar, 1/2 teaspoon salt, 1/8 teaspoon cinnamon, dash mace, dash ginger, 1/4 teaspoon grated lemon rind, 1 1/2 cups diced apples, 1/3 cup raisins, 1 1/2 cups cubed bread.

Singe duck over direct flame to burn off hairs and fuzz. Wash skin with soft brush or cloth; rub lightly with salt. Run water through cavity and sprinkle well with additional salt.

To Prepare Stuffing: Combine sugar, spices and lemon rind; mix together with apples, raisins and bread. Blend in 1/3 of lemon-lime soda; recap bottle and return to refrigerator until needed.

To Stuff and Truss Duck: Fill neck opening 3/4 full; lap skin of neck onto back and fasten with skewer or food picks. Fill body cavity 3/4 full; close opening with skewers or toothpicks and lace with cord.

To Roast: Place duck, breast side up on a rack in uncovered roasting pan. Prick skin all over with fork to let fat run out during roasting. Roast in moderate oven (325 degrees F.) 40 minutes per pound. After first half hour, pour a little lemon-lime soda over duck and repeat at half hour intervals. If necessary, pour off fat as it collects in the bottom of the pan.

Mayonnaise for Duck
(Makes 1 1/2 cups)
One-third cup lemon-lime soda, 1 cup mayonnaise, 1/2 teaspoon curry powder.

Blend ingredients together. Pack in jar for carrying.

Television Owners Buy Fewer Clothes

LOS ANGELES—(AP)—Television may have brought families closer together, but it has also reduced the family income spent on clothing, according to Norma N. Shenk, home economist at the University of California.

Miss Shenk claims that payments on TV sets, together with increased food and housing costs, reduce savings of middle groups for clothing.

"The silver lining to the problem," she says, "is that people don't need as many new clothes when they stay at home watching video."

Miss Shenk explains that small boys from six to 12 years of age usually need a pair of new shoes about every two months, but with TV keeping the youngsters indoors, shoe requirements have dropped.

Japanese POW's Studying English

SINGAPORE—(AP)—Japanese serving sentences in Singapore's Changi prison are making their time count—40 of them are studying English and radio mechanics.

With their prison earnings, they are buying Japanese-English dictionaries to help them in their studies. Commander G. E. W. W. Bayly, Commissioner of Prisons, said efforts now are being made to get lecturers from the University of Malaya and debating societies to come to Changi and talk to the prisoners.

ARMY GOES AGAINST THE GRAIN—This detachment of the Chilean army is highly mechanized—but it's in farm tractors instead of tanks and motorized artillery. To mechanize her agriculture and increase crop yields, Chile is training her soldiers in the operation, maintenance and use of U.S. farm machinery. The soldiers above are all set to harvest a grain field.

Salvation Army Gets Donation From Korea

PITTSBURGH—(AP)—The Salvation Army no sooner opened its Pittsburgh fund campaign than a small woman walked into campaign offices, put down \$5 and wept.

Between tears, Mrs. Albert J. Konieczny explained her son, Sgt. F. J. Konieczny, sent the money from Korea and asked that she give it to the Salvation Army.

"Everywhere and wherever I went in Korea," she quoted the son, "they were willing and able to meet my needs."
