Maize Days Set To Roll

Friona's Sesquicentennial edition of Maize Days, which also denotes the city's 80th birthday, is ready to unfold.

Preparations are underway for the 1986 Sesquicentennial Maize Days celebration.

The Miss Friona Pageant will kick-off the festivities on Saturday, September 13. The talent portion will begin at 2 p.m. at the High School Auditorium, with the evening performance at 7:30 p.m.

The Little Miss Pageant will be held Tuesday, September 16 at 7:30 p.m. in the High School Auditorium.

The Pride of Texas Shows' Million Dollar Mid-Way is scheduled to open September 16 on the Community Center grounds. The carnival will operate nightly, plus all day Saturday, September 20.

The Sesquicentennial parade will begin at 10:30 a.m. September 20 on Main Street. Everyone interested in being in the parade is asked to stop by the Chamber office to pick up an entry form.

The barbecue will be catered by K-Bob's of Hereford this year. The serving line will begin promptly at 11:30 a.m. inside the Community Center.

"The Maize Days Madness Coupon Packet have been mailed out. Be sure to shop Friona for spectacular savings during Maize Days week," says Kathy Beard.

Wednesday, September 17 will be costume day for Friona retailers. All store employees will be asked to dress in costume relating to the early settlers in Parmer County.

The winning business will receive free barbecue tickets from the Chamber of Commerce.

Everyone is invited to shop the Maize Days Madness Sale and view the costumes.

Many, many other activities are planned this year for Maize Days. From money dolls, to food booths, pet shows, country stores and bingo--plan to be part of it!

DRIVE SUCCESSFUL...The Larry White benefit concert, held by the Easter Opry Road Show was a big success. Friona Evening Lions, sponsors of the concert, are represented by Mike Hanes and Bill Ellis. Also shown are Edward and Doris White. Holding the check are sons of Larry White: Randy, four, and Jason, five.

FIRST CORN...McLellan Farms marketed the first load of wheat for Friona Wheat Growers' elevator this week. Bill Brown, custom cutter from Snyder, Oklahoma, is shown with Donita Martin of Friona Wheat Growers atop the first load.

Queen's Pageant Slated Saturday

Seventeen young ladies will be seeking the "Miss Friona" title on Saturday when the 30th annual pageant is held in conjunction with Friona's Sesquicentennial celebration of Maize Days.

The pageant will be held at the Friona High School Auditorium.

The talent portion of the pageant will be held at 2 p.m. Admission will be \$2.00, with no reserved seating.

The pageant finals will begin at 7:30 p.m. Reserved seat tickets are \$3.00 each. Serving as master of ceremonies is Bryan Johnston. Tickets at the door will be available on a first-come, first-served basis.

Those entered in the pageant are: Teresa Allen, Irrigation Engine Service; Shannon Atwell, Friona State Bank; Cristie Blackburn, Welch Auto Supply; Stacie Dodson, Eclectic Ideas; Glenda Ellis, Friona Star; Jill Herring, Herring Implement; Tricia Ichtertz, Ethridge-Spring; Chrystina Ellis, Friona Cablevision.

Also, Beth Johnson, Ruthie's; Christy Jordan, Milner Seed; Rachel McMurtrey, Friona Ford Sales; Tammy Noey, Bi-Wize Health Mart; Lacye Osborn, Parmer County Pump; Ronda Ratcliff, Friona Noon Lions; Jana Renner, Monty's Flowers; Karla Skipworth, D.L.'s Thriftway; and Stormi Upton, Modern Study Club.

Friona Flashbacks

....from the files of The Friona Star

55 YEARS AGO--SEPT. 4, 1931

The tonsil and adenoid clinic held under the auspices of the Parmer County Health Association this past week was a tremendous success. Dr. R.R. Willis operated on 23 children during the two-day clinic, originally scheduled for one day, but extended by the good response.

50 YEARS AGO--SEPT. 4, 1936

A WPA project has been accepted for straightening, broadening and deepening that part of the channel of Frio Draw which passes through or just south of the city limits. Surveyors have been busy on the project for several days and the actual work of moving dirt will begin in the near future.

A two-weeks singing school closed Saturday night, August 31 at Rhea. An average of 40 persons attended the school.

45 YEARS AGO--SEPT. 5, 1941

The 1941-42 term of the Friona Independent School opened in earnest Monday, when a large enrollment of both grade and high school students arrived at the buildings and got down to the work of the term. Superintendent of Schools W.L. Edelson seemed mighty well pleased with the enrollment and the spirit of both the teachers and the students. A total of 170 students were enrolled in high school. (Editor's note: total enrollment was unavailable.)

40 YEARS AGO--AUG. 30, 1946

A local building boom finds several new residences under construction, with others having been just recently completed. Among those in the process of finishing new homes are Euel White, H.C. Davis, H.H. Lloyd, J.H. Hinds, Guy Latta, W.C. Osborn and Milton Blalock.

The Parmer County Hospital Board has secured the administration building from the Prisoner of War Camp at Hereford as a temporary home, it was announced this week. The building is to be moved to the hospital grounds as soon as

possible.

35 YEARS AGO--AUG. 30, 1951

Twenty-three boys have signed up for football this year, and Coach Raymond Cook says he anticipates a good year, as nine of the players are seniors with three years' experience. The seniors returning are Max Cruse, Max Wells, Doyce Barnett, Walter Haws, Ross Miller, Frankie Allen, Frank Reed and Jay Cobb. Juniors are Ben Jordan, Arnold Fangman, Darrell Robbins and D.O. Robason.

30 YEARS AGO--AUG. 30, 1956

In a slight deviation from the way most of the Panhandle counties went in the gubernatorial race, U.S. Senator Price Daniel rolled over his opponent, Ralph Yarborough, 1036-627 in Parmer County in the Democratic primary runoff Saturday. On the local scene, E.G. Phipps captured the office of county commissioner, and will represent Precinct One for the next four years. He won over E.R. Day by a tally of 471 to 348.

25 YEARS AGO--AUG. 31, 1961

Joe Coronado was hired and began work this week as golf pro at Friona Country Club.

Friona's city commission Monday approved a \$166,705 budget for the fiscal year starting October 1, 1961.

20 YEARS AGO--SEPT. 1, 1966

The Friona Chamber of Commerce ended its search for a manager last Thursday by hiring Mrs. Chuck (Mary Kaye) Everitt for the position.

Carolyn Hamilton, 18-year-old daughter of Mr. and Mrs. James Hamilton, was crowned Friona's "Miss Sugar Beet" in a contest here last Saturday.

15 YEARS AGO--SEPT. 2, 1971

Parmer County scholastics totaled 3,137 at the beginning of this week. The figure was probably a record for the beginning of school, as two schools indicated all-time records. Friona led the way, with 47 per cent of the total.

Enrollment in Friona schools stood at 1490 on Monday. This was up 42 from the first-day total and an increase of 45 from the same date a year ago. The Farwell school system showed 675 scholastics, up slightly from a year ago, according to Superintendent W.M. Roberts. Bovina's enrollment on Monday stood at 662, also up slightly from a year ago. The total enrollment at Lazbuddie amounted to 310 students.

10 YEARS AGO--SEPT. 5, 1976

Residents of the Friona area watched a tornado funnel dance around in a cloud northwest of the city just before noon on Thursday. However, the funnel did not get on the ground to stay, and no damage was reported.

Joe Lewellen was appointed by County Judge Paul Fortenberry to fill out the unexpired term of Thomas Lewellen, Precinct 1 Commissioner, due to his recent death.

5 YEARS AGO--SEPT. 20, 1981

Penni Weatherly, 17-year-old senior at Friona High School, was crowned as the 25th Maize Queen Thursday night at the conclusion of the annual Maize Queen Pageant. She is the daughter of Mr. and Mrs. Phillip Weatherly. First runnerup was Erika Pope, 16, daughter of Mr. and Mrs. Jimmy Pope. Second runnerup in the pageant was Amber Smith, 17, daughter of Mr. and Mrs. Dale Smith.

Poppy Ann Grimsley, five-year-old daughter of Lynda and Jimmy Grimsley, was crowned Tuesday night as "Little Miss Friona." First runnerup was Stephanie Wilcox, daughter of Mr. and Mrs. Roger Wilcox and second runnerup was Misty Diane Renner, daughter of Mr. and Mrs. Conrad Renner.

Sr. Citizens To Meet

The Friona Senior Citizens will meet Tuesday, September 16, for their regular covered dish luncheon.

The representative from Belton Hearing Aid Company, as well as a nurse to take blood pressure, will be on hand during the morning.

A game session will be held in the morning and afternoon, preceding and following the luncheon.

The Sunshine Trio, Ada Beth Smith, Nancy Roden and Marca Lynn Herring, will present the program.

Activities get underway at 10 a.m. and all senior citizens are urged to attend the luncheon and bring a covered dish.

Group Opens Club Year

The Friona Women's Club met Wednesday, September 10, at 1 p.m. for their first meeting of the new club year, at the Federated Club House.

Following a brown bag lunch, the meeting was called to order by Geneva Williams, president. The invocation was given by Clessy Shroud. Roll call was answered by eleven members with "Vacation Memories."

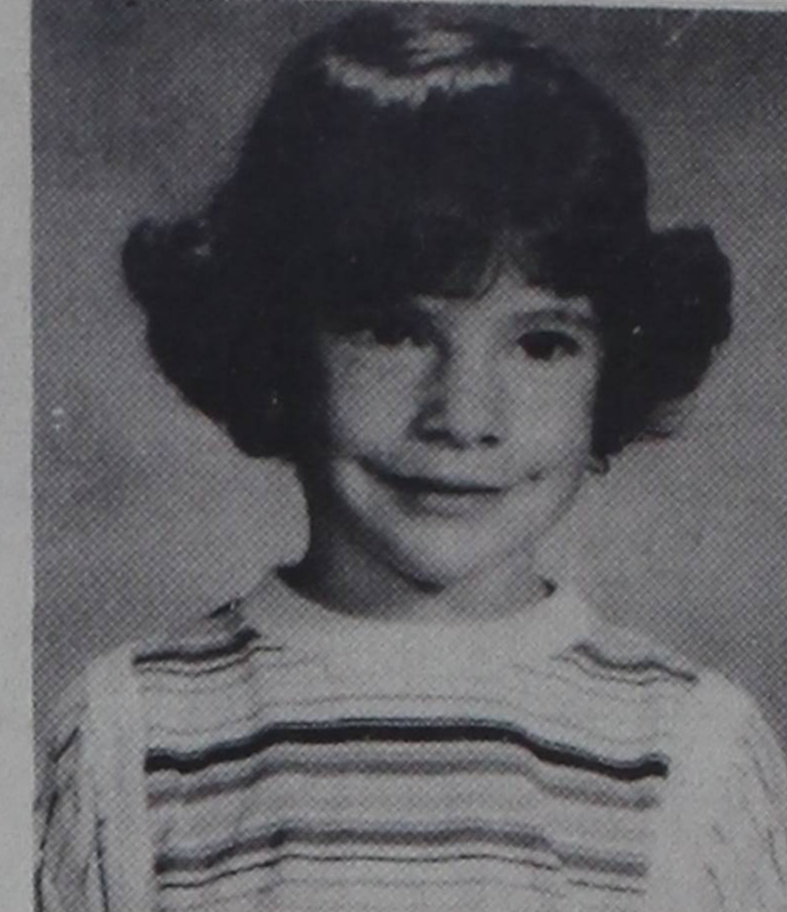

Hostesses for the meeting were members of the program committee, Eula Bradshaw, Mabel DeLong, Addie Moyer, and the president, Geneva Williams.

Letter To The Editor

Dear Bill,

We are hearing a lot lately from our local Chamber of Commerce concerning an effort to beautify Friona. Hats off to those individuals who are taking the time and effort to improve the appearance of our beloved Friona.

This summer we have especially enjoyed the garden area next to Ralph's Barber Shop and the beauty spot in front of Friona Cablevision as well as the colorful plants and flowers around Wilhelm's and not to mention the lovely flowers in the containers in front of many Main Street businesses.

Some of our business people have put much effort into an attempt to make Main Street more appealing, which is becoming increasingly more difficult as Main Street is now sprinkled with more

and more empty buildings.

Many of us are wondering, however, what happened to the flowers in the containers in front of the Chamber Office and our own city offices. Surely the plants in those containers in particular should have been cared for.

Each of those containers cost several dollars a couple of years ago when they were purchased. Does it make sense to have them sit empty from lack of care? Or perhaps there is another reason that these containers are empty. If so perhaps the reasons will be resolved by next Spring and our Main Street will be made more appealing by a colorful array of blooming flowers covering the top of EVERY planter along the sidewalks of downtown Friona. Let us hope so.

Jane Houlette

One of the biggest bashes of the sesquicentennial year, the State Fair, will commemorate both the 150th anniversary of Texas independence and the 100th anniversary of the first State Fair. This year's fair is expanded—from August 30-October 26. The focalpoint of the celebration will be a massive Texas pavilion with rare historical documents, maps & artifacts, multi-media shows, and computerized "hands-on" exhibits which will be used to recreate the rich heritage of the Lone Star State. Six Flags Begins 1986 Fall Season

Six Flags Over Texas begins its 25th anniversary fall season Saturday, September 6.

The Arlington theme park will be open on Saturday and Sunday only through November 2.

During the spring and summer seasons, Six Flags welcomed some two and a quarter million visitors from throughout the world.

General Manager Bob Bennett characterized the first two-thirds of the season as "outstanding." "After being rained out for seven weekends in the spring, attendance picked up steadily," he said. "Going into the fall season we find ourselves within one percentage

point of last year's figures. That's outstanding."

During September, Six Flags will be open Saturdays from 10 a.m. until 10 p.m. and Sundays from 10 a.m. until 8 p.m. In October, hours on both days will be 10 a.m. until 8 p.m.

The park will be closed the first three weeks of November as it is transformed into a winter wonderland for the second annual Holiday In The Park festival. It begins the day after Thanksgiving.

Last year, the event, with its elaborate Christmas decorations and shows, drew more than 100,000 guests.

CHIEFTAIN ON THE RUN...Friona's Lonnie Phillips looks for daylight in the first half of last Friday night's ball game at River Road.

Chieftains Outlast River Road, 21-13

The Friona Chieftains survived a second-half rally by a hard-hitting River Road team at Amarillo last Friday, to win their season opener, 21-13.

The Chieftains scored on two of their first three possessions in the game to take an early 14-0 lead.

The Chieftains took over the ball at the Wildcat 24-yard line after River Road mishandled a punt attempt. Only seven plays later, Lonnie Phillips ran five yards for the team's first score. Sam Montoya's kick made the score 7-0, Chieftains.

Friona had a threat in its second attempt, driving to the River Road 28. But on fourth down, Montoya's 45-yard field goal just missed.

A little later in the quarter, the Chieftains held River Road and forced a punt, to the Wildcat 43. Four plays later Daniel Echols fired an 11-yard pass to Shy Burney for the TD. Montoya's kick hiked Friona's lead to 14-0, with just 13 seconds left in the opening quarter.

Jimmy Williams' 18-yard run and a 14-yarder by Lonnie Phillips moved the ball downfield for the touchdown play.

Late in the second quarter, River Road mounted a drive that covered 80 yards. Quarterback John Pierce hit Shane McMinn with 56 seconds left in the half, and the Wildcat kicker converted for a 14-7 halftime score.

It was a Pierce to McMinn pass on third and 13 that kept the scoring drive going, and the combo connected on the TD play, McMinn bobbling the ball into the end zone, finally managing to control it long enough for the score to count.

Late in the game, River Road again got going, and the Pierce-McMinn duo clicked for another TD, with just 1:35 left in the game.

River Road went for the win, and Pierce optioned the ball to David Boydston, only having one man to beat. But Lonnie Phillips stopped the play for Friona and preserved the Chieftains' lead.

The Chieftains, having done some changes in their blocking in the late going, put together a quick, four-play touchdown drive to ice the win.

Phillips was the catalyst, and got the score on a 24-yard run. Montoya's kick brought the final margin to 21-13.

"We ran through them for two and one-half quarters. But they completed a couple of passes and got back in the game. The kids showed they have character. They came back and fought to win the game," said Chieftain Coach Tommy Moss, whose teams have a 4-2 record on opening night.

It was a tough physical game. Peter Malouf sustained a groin injury and has been held out of action this week. He will miss the Idalou game.

Tackle Jerry McDowell sustained an ankle injury, and also was doubtful for the team's second game. Phillips, who was named "Player of the Week" by the Amarillo Daily News for his game against River Road, also twisted an ankle, but is a probable starter vs Idalou.

"We're going to try to come along a little slower this year, and try not to peak until district play starts," says Moss, aware of the fact that District 2-AAA has some potent teams.

JV Chiefs Lose, 20-6

The junior varsity Chieftains lost their season opener to River Road by a 20-6 score here last Thursday.

Cody Bracken powered over from a yard out for Friona's only score in the fourth quarter.

River Road scored with just 20 seconds left in the first half to take a 6-0 lead. The Wildcats added two TDs in the third quarter and one

PAT conversion for a 20-0 lead.

Bracken led the Chiefs with 75 yards. Ben Osborn gained 31 yards and Joe Paiz six. Cody Burney completed two of eight passes. Jerry Lafuente caught both passes, for 22 yards.

Jacky Lafuente had an interception for Friona. The Chiefs recovered four River Road fumbles, and lost three to the Wildcats.

FIRST WEEK'S WINNER...Trell Taylor of TLC Service Center is shown presenting Jack Clark a check for winning the first place prize in the Friona Star Football Contest. Clark won the grand champion prize in last year's contest.

Jack Clark Takes First Place Prize

The "Old Professor," Jack Clark, picked up right where he left off the preceding year in the Friona Star Football Contest.

Clark, who was the grand champion winner in the 1985 contest, started the new season off on the right foot, winning first place in the first week's contest.

Clark was the only contestant entering the first week's event to correctly pick as many as 21 of the 24 contest games.

Four contestants correctly picked 20 games, and of this group, Junior Mariscal zeroed in on the Friona-River Road score within a point to claim second place. Mariscal guessed the score at 21-14, and the Chieftains won by 21-13.

Jayn Looper took third place, missing the tie-breaker by only six points. She pegged the score at Friona 24-10.

Also picking 20 games were Jo Blackwell (nine points off), and Lupe Aguirre (17 points off).

Ten contestants correctly picked 19 games, missing a cash prize by just one point. These were Adam Botello, Edward Castillo, Bobby Davis, Raymond Delgado, Jerry Hinkle, Mike Mariscal, Roger Peace, Cynthia Smith, Nita White and Bobby Wied.

Clark missed only Olton-Muleshoe, WTSU-Troy State and Houston-Green Bay.

Mariscal missed Post-Littlefield, WTSU-Troy State, Miami-Florida St. and San Diego-Miami. Jayn Looper missed Olton-Muleshoe, WTSU-Troy State, Cincinnati-Kansas City and Miami-San Diego.

Another contest appears in this edition of the Star. Contestants are shooting for the grand prize of \$100, to be awarded at the close of the 13-week event.

Coach Is Injured In Game

It was a tough game on the team's head coach, as well as some of the players when Friona played at River Road last Friday.

Coach Tommy Moss was hit on the chin by the steel down marker in the first quarter of the game. "I guess I was knocked 'cuckoo,' I don't remember much about the game from that point until late in the game," Coach Moss says.

"I've never had anything like that happen in 20 years of coaching," the Chieftain coach said.

The ball carrier was forced out of bounds, and somehow the metal down marker went flying into Moss' head. Watching the incident on the Booster Club's game film, it's hard to imagine that Moss didn't have a worse injury.

Chiefs To Host N.M. Eleven

Friona is almost a "border town" to New Mexico, yet this Friday's game with the Portales Rams in football is the first time in 17 years for the school to square off against a team from the Land of Enchantment.

It's the first time in 24 years for the Chieftains and Rams to meet on the gridiron, although the two schools first squared off 'way back in 1927. Friona has won only one of the five total games between the two schools, claimed by the outstanding 1944 team, 33-6.

The 1986 Rams team is expected to give Friona another good, tough, pre-district warmup game. The Rams played their rivals, the Clovis Wildcats, close before losing a 14-7 game in their season opener.

Portales will have one slight advantage in that they started their season a week earlier than Friona. This will be the Rams' fourth game as opposed to Friona's third.

Coach Tommy Moss will be hoping to have his squad in better physical condition for the Portales game, after two regular starters, Peter Malouf and Jerry McDowell, were expected to miss the Idalou game due to injuries.

The game will serve as the "football feature" for the city's 1986 Maize Days week.

Early Indians Cited As First Scientists In Texas

Texas didn't have any prehistoric Albert Einsteins or Jonas Salk. But it had plenty of "scientists" among the ranks of the Indians that lived within the state's borders.

That's the opinion of Mike Kingston, editor of the *Texas Almanac*. In the article in the 1986-87 *Texas Almanac, Science in Early Texas*, Kingston points out that like all early people, prehistoric Texans had well-developed senses of curiosity. "And that's really the beginning of science," Kingston notes. "First people want to know how and why something works and then how it can be controlled."

Evidence of this curiosity abounds, the *Almanac* editor asserts. The ancient atlatl, or throwing stick used to propel spears, required some understanding of physics. As a consequence, early man mechanically enhanced the strength of his arm.

Through experience in anatomy, the first Texans learned which parts of an animal were nutritious, and a primitive study of botany told them which plants were edible, which were poisonous and which had medicinal value. This early practice of science had a direct and immediate use, Kingston argues.

Perhaps the best examples of observation come in the rock art and architecture of dwellings left by early inhabitants. There are drawings in at least two rock shelters that some astronomers think are attempts to record the supernova that created the Crab Nebula in 1054 A.D. If so, the Texas sky watchers were ahead of their European counterparts, who did not record the event, though Chinese astronomers did.

Along the Rio Grande, archaeologists from Texas A&M

University discovered a painting that they think is a record of a previous visit of Halley's comet or some similar phenomenon.

"The sky was important to all ancient peoples. From it they learned when to plant their crops, and religious ceremonies were based on the position of heavenly bodies, so they gave astronomical observations careful attention," Kingston says. In East Texas, there is some evidence that the ancient Caddoes built their houses with the doors positioned to catch the first rays of the summer and winter solstices.

While reviewing the development of science in Texas through the 19th century for the *Almanac* article, Kingston also notes that one of the most unheralded figures in the state's history is a scientist, Mark Francis of Texas A&M. "He developed an inoculation against Texas Fever and created a dip to kill the tick that carried the disease. With these contributions, Texas cattlemen could upgrade their herds with imported cattle that previously would have died from the fever," Kingston explains.

Why does the current *Almanac*

include a history of science in early Texas? Today we have ambitions to become a high-tech industrial state and a scientific research center, Kingston points out. "If we achieve that goal, we need to know how we got there. And this history is a small step in that direction."

The *Texas Almanac* is available at book stores and news stands, or it can be ordered from *The Dallas Morning News*, Communications Center, Dallas 75265. The book sells for \$8.95 in paperback and \$14.95 in hardback, plus tax and postage when ordered by mail.

McCathern Rally Is Set Here

Gerald McCathern, Democratic candidate for the 19th Congressional District of Texas, has been invited to address the FarmAid sponsored Farmers and Ranchers Congress which is to be held in St. Louis, Missouri. He will address the Congress at 4:30 p.m. on Friday, September 12.

McCathern, a Texas Tech graduate in Petroleum Geology, operates his family farm in Deaf Smith County, Texas, and is recognized nationally as a leader in agriculture circles.

Besides serving on the Texas Grain Sorghum Producers Board, he has held leadership positions in the National Farmers Organization, the Texas Farmers Union, the American Agriculture Movement, the U.S. Feed Grains Council and in the U.S. Department of Agriculture as a Special Assistant to the Secretary of Agriculture.

The Farmers and Ranchers Congress has been established in an effort to bring representatives of farm groups from all across the nation together to address the farm crisis and to draft recommended agriculture legislation which will be presented to the U.S. Congress. Twelve hundred working farmers are expected to attend the Congress.

E.M.T. Class Is Slated

The Friona E.M.S. will conduct an emergency medical technician school starting October 1, it was announced this week.

Those interested are asked to contact Randy Richards at 247-2209 or Roger Fields at 247-2761. It will be necessary to pre-register in order to attend.

Friona desperately needs some residents to take the EMT course, Fields says, and it isn't necessary for those taking the course to join the local E.M.S. group.

Police Report

WEEK OF SEPTEMBER 1-7

The Friona Police Department received fifty-four calls during the week.

Two citations were issued, no arrests were made and no juveniles were detained.

Two offense/incidents were reported--both thefts (one diamond wedding set taken from a residence, and one sprinkler taken from a vehicle).

Four new vacation requests were made and thirty-two security checks were made.

There were two accidents with no injuries.

Parents Warned About Stickers

Anyone who has a pre-schooler or school age child knows that kids love brightly colored stickers, hand stamps, and "tattoos."

Recently, however, police authorities have warned that a form of "tattoo" called "Blue Star" is readily available in some areas of the United States. "Blue Star" is a small sheet of white paper containing blue stars about the size of a pencil eraser. Each star is impregnated with LSD and can be removed from the paper and put in the mouth. Handling the paper can also result in absorption of the LSD through the skin.

Another way of making drugs available is through brightly colored paper tabs about the size of postage stamps. These stamps are decorated with pictures of butterflies, clowns, Superman, Mickey Mouse, or other Disney characters. They are often packed in a red cardboard box with a picture of Mickey Mouse on it. The package usually contains five

one-inch square stamps. A young child could happen upon these stamps and have a fatal "trip." Older children wanting to have some fun, or dealers seeking new customers, could offer the stamps to younger children.

Police in the Kansas City area have found a red stamp, called "Red Pyramid," being distributed. They also warn against "Microdots," which come in various colors and may be as small as a pin head, and another kind called "window pane," which has a grid on it that can be cut out. All of these are laced with drugs.

The drugs generally react very quickly in the body; some are laced with strychnine. Symptoms include hallucinations, mood change, and severe vomiting. Victims should be taken to the hospital as soon as possible.

If you or your children see any of these items, DO NOT HANDLE THEM! Contact your local law enforcement agency immediately.

Article Explores Texas' Six Flags Tradition

Texas Under Six Flags
The dates specified were intended to show the years when the different flags actually flew over Texas. There has been much confusion as to the dates when Spain and France ruled Texas. This is because their claims overlapped. Spain claimed Texas from 1519, when Alonso Alvares de Pineda explored the Texas coast line with a mapping expedition, to 1821, when Mexico won its independence from Spain.

The French claim extended almost from the beginning of Texas history until 1762, when France ceded Louisiana to Spain. The dates specified for French sovereignty (1685-1689) indicate those years during which the French settled an ill-fated colony under Rene Robert Cavalier in what is now Jackson Co.

When Mexico won her independence from Spain in 1821, Texas became a Mexican state. It wasn't until March 2, 1836, that Texas proclaimed independence from Mexico.

The Republic of Texas existed until February 16, 1846. On December 29, 1845, a mutual agreement between the Republic of Texas and the U.S. made Texas the 28th state.

Texas seceded from the Union on March 2, 1861. Although the last land battle of the War Between the States was fought in May of 1865, it was not until 1870 that Texas was readmitted to the union, after ratifying the 13th, 14th and 15th amendments.

For five months during 1813 the Magee-Guiterrez expedition and the Republic of the North ruled Texas. Some authorities recognize the "Green Flag," which the Republican Army of the North marched under, as having a legitimate claim to a place among the sovereign flags of Texas. However, no recognition by any foreign government was given to the new state.

The Alamo--Cradle Of Texas Liberty
Originally named Mission San Antonio de Valero, the Alamo was

established as an Indian school on the San Antonio River in 1718. The present site was selected in 1724, and the cornerstone was laid in 1744. According to some historians, the name was derived from a grove of cottonwood trees growing nearby--alamo, being the Spanish word for cottonwood. Most important, it was the scene of the Battle of the Alamo on March 6, 1836, when 187 Texans, fighting for Texas independence, were massacred by the Mexican Army under Santa Anna.

The State Capitol--Austin, Texas

The cornerstone of the Texas State Capitol was laid March 2, 1885, and the building was dedicated on May 16, 1888. It is constructed of Texas red granite which came from the quarries of Burnet Co. At the time it was built, it was said to be second only to the capitol in Washington, D.C., in size among capitols. The building covers 3 acres of ground and has about 18 acres of floor space.

The Bluebonnet--The State Flower

The bluebonnet is also called buffalo clover, wolf flower, and "el conejo" (the rabbit). Its scientific name is *Lupinus texensis*. Its blossoms resemble tiny sunbonnets set close together along the stem, forming a heavy cluster or spike. *Lupinus subcarnosus* is closely related and is accepted also as the state flower in those parts of the state where it grows. It was adopted by the 27th Legislature in 1901 at the request of the National Society of Colonial Dames in Texas. (Acts of 1901, regular session of 27th Legislature, page 323.)

The Pecan Tree--The State Tree

The pecan tree was named as the Texas State tree by the 36th Legislature at its regular session in 1919. It is commonly supposed that its adoption resulted from the request of Gov. James Stephen Hogg that a pecan tree be planted at his grave. (Acts of 1919, 37th Legislature, regular session, page 155; also Acts of 1927, 40th

Legislature, page 234.)

The Mockingbird--The State Bird

The Mockingbird was chosen as the State Bird by the 40th Legislature in 1927 upon the request of the Texas Federation of Women's Clubs. (Acts 1927, regular session, 40th Legislature, page 486.)

The San Jacinto Monument

The San Jacinto Memorial is located about 20 miles from the city of Houston in the San Jacinto State Park, the site of the Battle of San Jacinto. It was erected as a part of the Centennial program of 1936 to be a memorial to all Texans who fought in the battle under General Sam Houston. The monument, completed in 1937, is constructed of steel and concrete and is faced with Texas limestone. It rises 570 feet, to the top of the massive star. Elevator service has been installed to the top of the structure. The cost of the construction of the monument and the improvement of the surrounding grounds, \$1,868,000, was borne by both the Federal and State governments.

Bank Has New Service

Friona State Bank announced this week a new local Visa and MasterCard credit card program.

The new program will be administered locally, without having to go through Amarillo.

"We feel we can better serve you by establishing a local credit card program," said Robert Neelley, bank president. In addition, the new program will not require an annual fee, as is the case with some credit cards.

"Come by and ask us about this new program," Neelley said.

State Fair Extended For 1986

As one of the show pieces of the year long Texas Sesquicentennial celebration, the 1986 edition of the State Fair of Texas has been extended to 31 days.

The gates to the Fair Park, a 277-acre urban oasis located two miles east of downtown Dallas, are scheduled to open at noon on September 26 and will close when the last weary visitor trudges to his car, sometime after midnight on October 26.

It's not often when you see or hear homage paid to the lowly mule—but his statue, located in Muleshoe, does just that. The tribute equates the mule in importance with the buffalo and the longhorn in helping to make Texas what it is.

Texas Trivia Items Given By Almanac

Here's a quick Texas trivia quiz: What former capital of Texas was located in neither present-day Texas nor Mexico?

It was Los Adaes, located near Robeline, La. "And the Louisianans have done a superb job preserving the site," says Mike Kingston, editor of the 1986-87 *Texas Almanac*.

The current *Almanac* presents a feature article on this former state capital that few Texans associate with their state's history. But from 1721 to 1773, it served as a frontier capital of the Spanish province of Texas.

"Very little of present day Texas was developed at the time," Kingston explains. "And the capital was located near a French port at Natchitoches to give the Spanish a presence in the area."

The *Almanac* recounts the establishment of a mission at the site in 1717 to serve the Adaes tribe of the Caddo Indians. The French expelled a small Spanish garrison in 1719, but the mission and a presidio were re-established by the Marquis de Aguayo in 1721.

"Trade between the French and Spanish settlers was forbidden," the *Almanac* editor notes. "But archaeological excavations have found that this wasn't enforced.

Both English and French artifacts, as well as Indian, have been found in the remains of the dwellings at the site." Spanish trade policy required settlers to buy only goods imported at Veracruz and transported overland to Los Adaes, which skyrocketed the prices. So the Spanish settlers did what all consumers do naturally: they looked for the best deal they could get, and that was from French traders.

Even after the French ceded the Louisiana Territory to Spain in the early 1760s, Los Adaes remained the capital of Texas. In 1773, the capital finally was moved to San Antonio.

Residents of Robeline have preserved the site since the 1930s, and the State of Louisiana has built an archaeological laboratory on the site. Further development is planned when funds are available. In 1986, the U.S. Department of Interior gave the site official status as a National Historic Landmark.

"Los Adaes served as a Texas capital much longer than more venerated sites at Washington-on-the-Brazos, Velasco, Columbia or Houston," Kingston points out. "It deserves a more prominent place in the state's history."

MD Roping Plans Made

The Friona Riding Club will host a steer roping on Saturday night, September 20 during Maize Days.

The roping will be at the club's arena west of Friona and will start at 8 p.m.

There will be two divisions--open and novice--being six head for \$32.00, progressive after one.

Excel Corporation is donating prizes for the roping.

The Riding Club will have the drawing for the saddle at the roping that night. See any club member for your ticket.

Location Changed For Club

The location of Modern Study Club's Maize Days activities has been changed from that which was previously announced in last week's paper. The Country Store, Photography Show and Sesquicentennial Quilt ticket sales will be held in the "Steer Washing Room" at the Community Center, which is located in the northwest corner of the building.

Rules for entering the Photography Show on Friday morning are the same as was announced in the Friona Star, September 7 issue, page 5. Please see the previous article for further details or call Carol Ellis at 247-3053.

The quilt is on display at the City Library and tickets are available there and from all the club's members. Tickets for chances on the quilt are priced at \$1.00. Drawing will be held the Saturday of Maize Days at the Community Center.

As usual, there will be interesting craft items, fresh produce, canned goods, baked goods, etc. at the Modern Study Club Country Store.

SESQUICENTENNIAL QUILT....A quilt commemorating the Texas Sesquicentennial will be raffled off at Maize Days by the Modern Study Club. The quilt was designed and hand-worked by the members of the club. It will be on display at the City Library until the Maize Days activities get underway at the Community Center next weekend. Tickets are on sale at the Library and from all club members. The drawing will be held Saturday afternoon, September 20 at the Community Center.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Cur-

rently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Deaf Smith Electric Delivered!

Deaf Smith was the first to serve our rural areas, and they are still the best. They pioneered electric service, providing a modern, efficient, low cost, member-owner electric system to serve anybody anywhere in the area who had no power and no way to get it.

Now I get first rate electric service, power at its lowest possible price and my share as a member of \$5½ million in capital credits.

If you want to see the future, take a look at the past.

The domino games are still going on every day. If you have time to come and play with us, please do. We play regular dominoes and "42" and we would enjoy your visit.

We have once again enjoyed fresh vegetables this week. We say "thank you" to the Lookingbills, Margie Herring and others for sharing with us.

Christine Zorns has given us a hair dryer to use in our beauty shop. The women from the Bovina United Methodist Church did nail and hair care Tuesday and the women from the Sixth Street Church of Christ will be here this Tuesday.

Mabel Pffingsten is in the hospital and we have a new resident who moved into our home Thursday. She is Ruth Edelman, a retired school teacher, who has been living in Friona. We welcome her to our family here.

The Bovina United Methodist Church held our services Sunday and the Congregational Church will be here this Sunday at 4 p.m. We invite you to join us.

Persons celebrating birthdays this week are Bill Johnson, who will be 91 years old on September

22. Employees' birthdays are Rachel Burkart on the 18th, Lupe Guerra on the 19th and Bertha Perez on the 20th.

We appreciate new visitors who have come by throughout the summer. It is good to see new faces and familiar ones, too. We thank Wana Brewer for her frequent visits here with the residents. It is nice to have people come by faithfully and maintain relationships with us.

We are grateful for the pleasant weather this week and have been watching school children and football games since fall is here.

Marine Lance Cpl. Vohnya P. Tongate, son of Joe D. and Billie R. Tongate of Friona, recently reported for duty with 2nd Force Service Support Group Camp Lejeune, North Carolina.

A 1983 graduate of Friona High School, he joined the Marine Corps in March 1985.

STORMI L. UPTON, sixteen-year-old daughter of Martha Mars, is being sponsored in the Miss Friona Maize Queen Contest by Modern Study Club. She is 5'3" tall, has light brown hair, brown eyes and is a junior at Friona High School. She will sing for her talent in the contest.

APRIL MICHELLE POPE is the five year old daughter of Mike and Bonnie Pope. She is being sponsored in the Little Miss Friona Pageant by C.L. Lillard.

LACY MARIE VENHAUS is being sponsored in the Little Miss Friona Pageant by Excel. She is the six year old daughter of Greg and Mary Lou Venhaus.

Hereford Concert Schedule Is Given

Ann Meyer, drive chairman for the Hereford Community Concert Association, has mailed the tickets for the coming season to all subscribers.

These tickets will entitle the holders to attend the four concerts scheduled in Hereford, as well as the performances set for Dimmitt, Plainview, Pampa, Borger, Dumas, Dalhart and Tucumcari, New Mexico. Included in Meyer's mailing, was the complete schedule for all of these fine arts opportunities.

Any person who bought a community concert membership during the spring campaign who has not yet received his tickets and schedule is urged to call Mrs. Meyer at 578-4486 to insure delivery.

Scheduled for presentation at the Hereford High School

Auditorium are the following: The Tennessee River Boys on October 27; Phil Coulter's Pops Orchestra of Ireland on February 1; The Alexandria Quintet on February 26; and Arthur Woodley, bass-baritone, on March 31. All performances will begin at 8 p.m. on these dates, except Phil Coulter's Pops Orchestra of Ireland will be at 3 p.m.

"We are grateful for the wonderful support given to the Hereford Community Concerts Association by our Friona friends who subscribed for a membership. Persons who have given funds in addition to their regular memberships are especially appreciated as we strive to keep our high level of excellence in the offerings," says Mrs. Ernest Langley, co-president with her husband.

Out on the JOB

WATCH UP FOR POWER LINES

Out on the job, power lines bring needed electricity to the site. But they can be dangerous . . . if you don't watch up! You need to be especially careful when you are handling re-bar, pipes, scaffolding, or tools that are long enough to contact overhead lines. Contact with power lines is also a potential danger to operators of front-end loaders, dump trucks and any other equipment of unusual height.

Keep an eye up for power lines. Watch up, for safety's sake.

History Of The San Jacinto Battlefield

Early Settlers Near the Site

The first land grants in the area where the Battle of San Jacinto was fought were issued by Stephen F. Austin in the summer of 1824. Austin, his secretary Samuel May Williams, and the Land Commissioner, Baron de Bastrop, issued titles to settlers who had already taken possession of the land. Among those who received land were Nathaniel Lynch and Arthur McCormick.

Arthur McCormick received the land upon which the battle was later fought. McCormick, his wife Margaret (often called Peggy), and his two sons built a home in 1824 in the area southeast of where Santa Anna's camp was later located. Arthur McCormick was drowned in 1825 while attempting to swim Buffalo Bayou on his way back from San Felipe de Austin.

Peggy McCormick, for whom Peggy Lake is named, ranched the land which is now the battlefield with her two sons. Nathaniel Lynch began operation of a ferry across the San Jacinto River in 1830. This ferry was located approximately where Harris County operates ferries today, at Lynchburg.

The Establishment Of Lynchburg

In the early 1830's Lynch built a salt works and opened a store near the site of his ferry. A small settlement developed which was first called simply Lynch's Ferry, and, later, Lynchburg. One of the first steam-powered sawmills in Texas was started at Lynch's Ferry in 1931 by David G. Burnet, who later became the first president (ad interim) of Texas. Burnet also built his home nearby.

Another early settler and neighbor of the McCormicks was Lorenzo de Zavala. De Zavala was an ardent supporter of democracy who had been appointed Mexico's minister to France by Santa Anna but broke with the Mexican leader when Santa Anna seized power. De Zavala moved his family to Texas and settled across the river due north of the battlefield in December 1835.

Effects of the Battle on the Site

When the Texas and Mexican armies collided at San Jacinto, they faced each other across Peggy McCormick's north pasture. Although the McCormick home was within a mile of the route Santa Anna's army took from New Washington to the battle site and was within a few hundred yards of the Mexican camp, it was not disturbed.

After the battle, Peggy McCormick's land was littered with the bodies of dead Mexican soldiers and their equipment. When Mrs. McCormick returned from her flight across the San Jacinto River several days after the battle, she immediately paid a visit to Sam Houston. She demanded that the dead soldiers be removed from her land. Houston refused, and the bodies remained there all during the summer until local residents finally gathered the remains and buried them.

Peggy McCormick asked the Republic of Texas for damages done to her property during the battle. She asked to be paid for two horses, 140 head of cattle, and 75 bushels of corn. She never received anything. In 1854 she burned to death in her home. In 1875 her sole surviving son drowned in Buffalo Bayou near the spot where his father had drowned fifty years before.

Use of the Site Following the Battle

The battlefield became a tourist attraction for a brief time after the battle. It was a powerful magnet for the Texans returning from the Runaway Scrape. The land also attracted the attention of sawmill operators, and there are far fewer trees on the site today than there were in 1836.

The McCormick land continued to be ranched by different owners for many years after the McCormicks died. Part of the land was sold to Conrad Habermehl in 1860. The Habermehls built a two-story home near the present site of the monument and had a stable and dairy barn in the area of Houston's camp.

At the junction of Buffalo Bayou with the San Jacinto River, a small town called San Jacinto grew up, with sawmills, blacksmith shops, and stores, but destruction by storms and the growth of Houston led to its demise.

Establishment of the Park

The first purchase of park lands took place in 1883, when the State of Texas bought ten acres of land from J. Campbell in the north end of the park, where the heroes' graves are. By that time the area was overgrown with brush, and portions of the site were being used as a potter's field by area residents.

In the 1890's the Sons and Daughters of the Republic of Texas conceived the idea of purchasing the site and making it a state park. A group of participants in the battle visited the site in July 1894 and located prominent landmarks. In 1897 the State of Texas began negotiations for the purchase of an area not to exceed 250 acres. Additions to the park

over the years have increased it to its present size of over 750 acres.

Certainly Sam Houston and his ragged army were not imagining the changes that would come to the place where they struggled that April afternoon. Sam Houston's thoughts turned to a seventeen-year-old girl he had met in Texas, and had courted for several years. Perhaps he hoped a message from the plain of San Jacinto might sway her. In the Hall of State in Dallas, rest today, four dried oak leaves gathered by Houston 150 years ago. With the oak leaves is a yellowed love note to the girl who, unlike Santa Anna, was never conquered by the hero of San Jacinto. The note reads:

To Miss Anna Raguet
Nacogdoches,
Texas

These are the laurels I send you from the Battlefield of San Jacinto.

Thine,
Houston

Bank To Display Arts, Crafts Items

Friona State Bank will be hosting a display of Sesquicentennial arts and crafts, as well as items to be sold or raffled during Maize Days.

The display will be Monday through Friday, September 15-19, in the Community Room of Friona State Bank from 9 a.m.-3 p.m. each day.

Items for display will include a handmade quilt by Vuthill Loafman with scenes such as the old depot, Farmer County's largest elevators, the Alamo, and many other interesting appliques and embroidery. This quilt was made as a keepsake for Mrs. Loafman's grandchildren and is not for sale.

Mary Pryor's seventh grade history class for 1986 each designed a block of material depicting a part of Texas culture and Mrs. Pryor commissioned Alice Hough to quilt all the blocks together and make two quilts, which will be on display.

Zora Gaede has made a wall hanging of the Texas Sesquicentennial logo that is appliqued and embroidered.

The oil painting of the Friona Coat of Arms, by Bobby Wied, will be on display.

The Modern Study Club will be displaying its beautiful red quilt, that was handmade by the club members. This quilt will be given away on Saturday, September 20.

Tickets sell for \$1.00 each and can be purchased from any club member.

Also on display will be matted prints of an oil painting of the Farmer County Court House when it was first built in 1917. The painting was commissioned by Johny D. Cruse, a 1947 graduate of Friona High School. The prints are being sold by the Community Heritage Society for \$25.00 each and you may call Lois Norwood at 247-2766 for more information.

The Six Flags of Texas have been handmade and will be on display. The flags were made by Louise Widner, Marie Perkins, Mary Rose Brito, Billie Fairchild and Zora Gaede.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

School has started, harvest is beginning, we've had some nice moisture and next week will be Maize Days in Friona. Local merchants working with the Chamber of Commerce and Agriculture have planned, promoted and financed this annual community-wide celebration since 1957 and the 1986 edition promises to be one of the best ever.

The compassion and generosity of Friona merchants was very much in evidence at the Saturday evening appearance of the Easter Opry Road Show, which was a benefit performance for Larry White and his family.

An admission fee of \$5 per person was charged, but Friona Evening Lions Club members in charge of taking tickets at the door reported that many many attendees presented bills larger than needed and walked on with a cheerful, "Keep the change."

Then, near the close of the show, Jim Tucker, who emceed the program, announced that more money was needed and the Lions Club members accepted offerings, which amounted to several hundred dollars.

Maybe I'm prejudiced, but to my way of thinking, THERE JUST AIN'T A BETTER PLACE IN THE WORLD TO LIVE THAN FRIONA.

Bill Stewart's company has gone home. His daughter, Billie Chandler of Santa Fe, New Mexico, along with her daughter, Melanie Chandler and granddaughter, Nicole Dewey, both of Phoenix, Arizona, have been here.

Before these three left, they honored Bill with an early birthday party. Billie and Melanie showed a film of pictures they made on a trip to Italy. Then refreshments of birthday cake and homemade ice cream were served.

Guests were Eufaula Ethridge,

Mr. and Mrs. J.T. Gee, Arvilla Elmore and Mr. and Mrs. Tommie Jones.

Bill, who has lived here since 1948, was born September 22, 1900 in Arkansas. His wife, Willard, lives at Prairie Acres.

For several years before the Stewarts moved to Friona, they had lived in Texarkana, where Bill was employed by Texarkana National Bank.

He said, "The bank was on the Texas side, and we moved across the state line several times, but considered ourselves Texans."

All senior citizens need to remember that when a month begins on Monday it doesn't take very long for the third Tuesday to get here. Tuesday, September 15, will be the third Tuesday and that's the day all of us, who are senior citizens, need to take advantage of fun, food and fellowship at Friendship House.

There's a game session in the morning, a covered dish luncheon at noon, a program, then more games for everyone who wants to play.

If you're a newcomer to our town, it is a wonderful place to get to know folks.

In the spring of 1973, Alvin Gaines accepted a position as Chief Maintenance Engineer at Parmer County Community Hospital. Since that time his smiling face and interest in the welfare of others has become a fixed asset to the hospital.

For more than 13 years Alvin has been carefully doing everything that needs to be done to keep things running at the hospital. Doctors, nurses, other staff members, as well as patients have learned that he's available for any need which arises.

Beginning October 1, Alvin will be retired. Last week, Sterling Graham, a long time farmer in the area, began working with Alvin

and will be the new Chief Maintenance Engineer.

Mae Magness, who had been a medical patient at the local hospital several days, was dismissed Monday and is convalescing at home. One of her daughters, Jacquelyn Hight of Tulsa, Oklahoma, has returned to her home.

The other daughter, Denise Dillon, who also lives in Tulsa, is still here. Her husband, Jerry, joined her on Thursday and plans to be here a few days.

Meeting up with Bill and Audine Wells at the local Post Office Tuesday morning was a pleasant surprise. It seems that Bill's retirement didn't last very long.

They are opening a new shop at 2302 Wolflin Avenue in Amarillo. It is A&B Pack & Mail. They will be offering gift wrapping service, as well as wrapping packages for mailing.

Something new is being added to Main Street. Jo Anne Jennings Hill has purchased the building next door north of Foster's, which was formerly occupied by Walt's Quality Printing, and will soon be opening a new business there.

Its name will be Cho's Institute of Martial Arts-Tae Kwon Do/Karate/Kung Fu. More details will be reported in a later edition of the Friona Star.

Jo Anne grew up here. She's the youngest daughter of Elvie and Virginia Jennings. She and her son, Chris, live in Amarillo, where she's employed by the Country Squire Dinner Theatre.

Recent out-of-town visitors in the home of Mr. and Mrs. Tommy Carr and daughter, Kendra, have been Mr. and Mrs. Andy Carr of Baird, New Mexico, and Don Carr of Wichita Falls.

The New Mexico Carrs are Tommy's parents, and Don is his

nephew.

For more years than she likes to remember, Doris Barnett, a busy mother of five, has been thinking, "As soon as school starts, I will have more time."

Since she has spent so much time this summer taking her youngest son, David, to tennis tournaments, and doesn't have any other children at home, maybe this is the fall that she will indeed have more time.

At the end of the 1985-86 school year, David won first place in the district junior high tennis competition.

Since that time he and his mother have spent a lot of time going to tournaments. Their first trek was down in the Midland-Odessa area, where he competed several times. Then, enroute home, they stopped in Lubbock for a tournament.

More recently he has placed first in a Dimmitt tournament; second at Perryton and first at Hereford, where he played in a Y.M.C.A. tournament.

Then, he went to Canyon, where he played in a tri-county Texas State Tennis Association meet.

Doris reported, "He enjoyed the tournament very much, but the

competition was very stiff and he didn't place."

In summarizing the summer, Doris said, "We've gone a lot of places, had a lot of fun and I've done a lot of sitting."

Sunday guests in the home of Selma Habbinga were Mr. and Mrs. James Nixon and children, Stacy and Nickey, of Amarillo. Mrs. Nixon is the former Glenda Mingsus.

The true act of memory is the art of attention.

A Great CELEBRATION In Friona

HAPPY BIRTHDAY FRIONA ...80 YEARS
HAPPY BIRTHDAY TEXAS....150 YEARS

HUB GRAIN HUB FERTILIZER

Rites Are Held For Former Resident

Graveside funeral services for Bob Finley, 59, of Amarillo, were held Tuesday, September 9, at 11 a.m. in the Friona Cemetery with Leland Hutson, minister of the Tenth Street Church of Christ, officiating.

Born December 21, 1926 in Farwell, he married Violet Mahurin February 24, 1952 in Portales, New Mexico. He had lived in Amarillo for the past four years, moving there from Friona. He had attended Bovina Schools. He was a feed mill operator at the Randall County Feed Yard.

Finley died Sunday, September 7, at the Parkland Memorial

Hospital Burn Unit. Finley and another man, Steve Bentley, were badly burned July 29, when grain dust in a Randall County Feed Yard elevator caught fire and then exploded. The two men were attempting to put out a fire which had started in the elevator, but when they opened a door at the bottom of the elevator, the dust exploded.

Finley suffered burns over 90 per cent of his body. He and Bentley, who was less critically injured, were airlifted to Parkland Burn Unit after initial treatment at Northwest Texas Hospital.

Survivors include his wife, Violet of the home, 4010 S. Tyler, Amarillo; two sons, J.V. Finley of Cleburne and Maron F. Finley of Amarillo; one sister, Ruby Finley of San Angelo; one brother, Woodrow Finley of Amarillo; and five grandchildren.

Memorials may be made to Parkland Memorial Burn Unit, c/o Parkland Memorial Hospital, 5201 Harry Hines Blvd., Dallas, TX 75235.

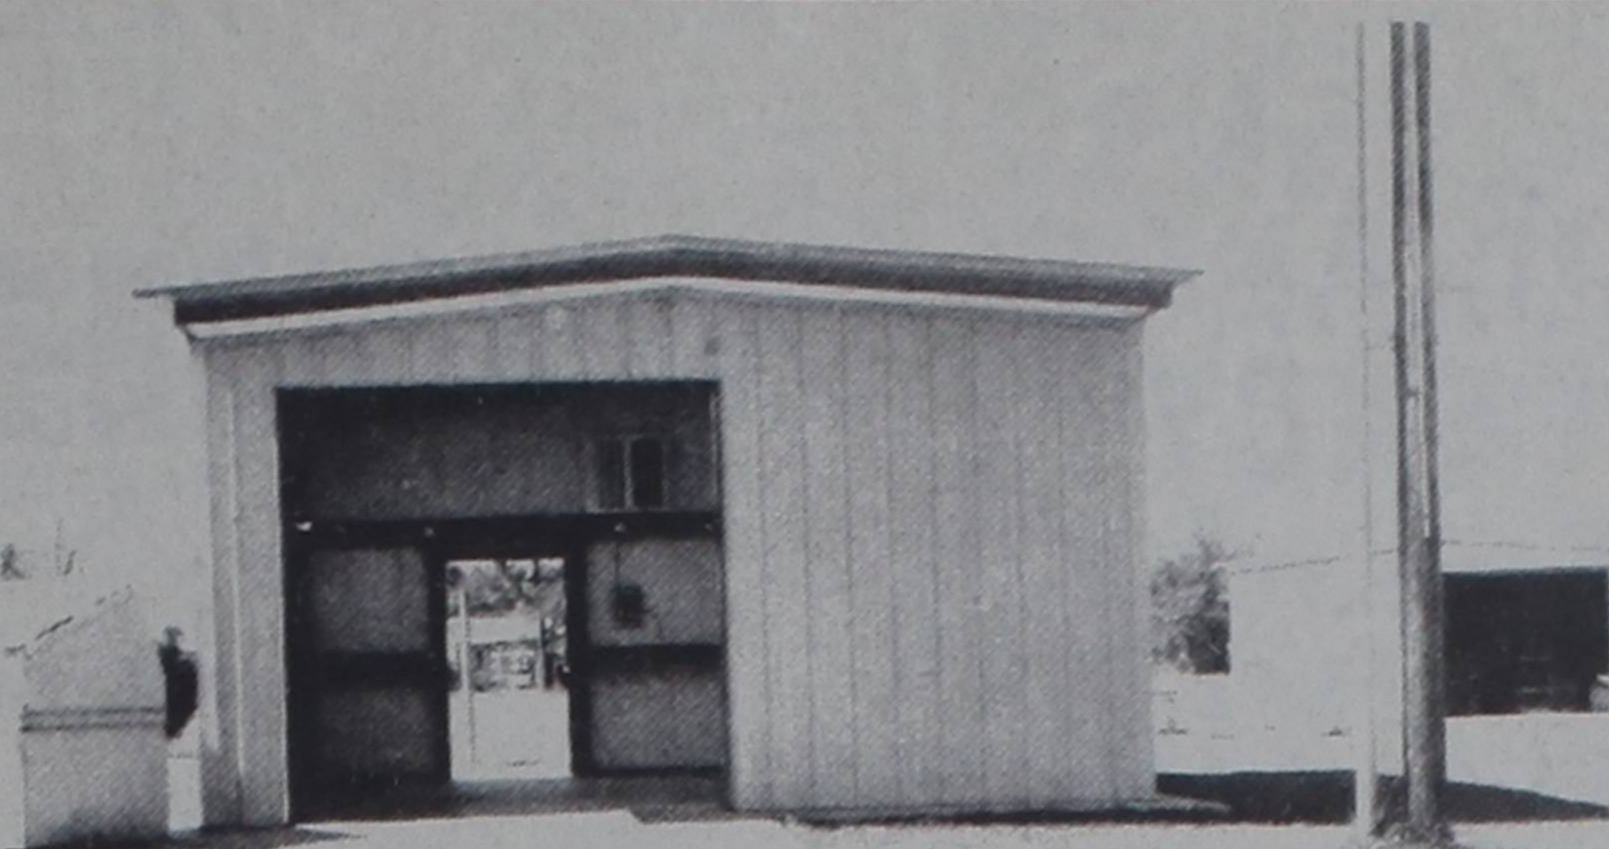

Ex-Resident's Rites Held In Perryton

Funeral services for Rolla L. Truax, 79, of Perryton, were held Thursday, September 11, at 10:30 a.m. in the First Christian Church with Rev. Tracy L. Wilson, pastor, officiating.

Burial was in the Ochiltree Cemetery.

Truax was born in Ellis County, Oklahoma and moved to Perryton 30 years ago from Friona. He was a member of Wheatheart Shrine Club, Masonic Lodge and Khiva Temple. He was a farmer. He died Monday, September 8.

Survivors include his wife, Lorena of the home; a daughter, Beverly Robertson of Buffalo, Oklahoma; two sons, Larry Truax of Deming, New Mexico and Don Cook of Perryton; a step-son, John Bagwell of Phoenix, Arizona; one sister, Margie London of Friona; seven grandchildren and four great-grandchildren.

NEW GARAGE....The new garage building at Prairie Acres nursing home has just recently been completed. The project was made possible through local donations.

The Light Touch

The trouble with telling a good story is that it invariably reminds the other person of a dull one.

No one is more appreciated by his successor than he who leaves time on the meter.

We all wish for things we don't have--but what else is there to wish for?

An opportunist is a fellow who, when he finds himself in hot water, decides he needed a bath anyway.

Relativity is why the red light is twice as long as the green light even though both are twenty seconds long.
