Scouts To Dine With Men's Club

Baird Boy Scouts will hold a court of honor at the next regular meeting of the Callahan County Club, it was voted at the club meeting Wednesday. The vote was taken after Ace Hickman and W. W. Lofland reported on the Scouting activities of the local troop. A Scout executive will be present from Abilene, and the program promises to be interesting.

Reports were heard on a number of projects including the proposed lake, a veterans' hospital, highways, a frozen foods locker plant, the current Red Cross drive, and a number of other projects now in the making.

After a short talk by Supt. Olaf South, the club voted to give \$10 to the infantile paralysis drive for funds in Baird.

It was the expressed desire of those present for all of the business men in Baird and others over the county to take a part in the club and assist in the promotion of important projects in this section. Although a goodly number are always present, the importance of gaining new members in the club was voiced. It was stated that the club is open to all who wish to join the campaign for the betterment of Callahan County.

Old Jail To Become Modern Legion Hut

Eugene Bell Post No. 82, the only American Legion Post in the county, is sponsoring a move to have the old abandoned Callahan County jail converted into an attractive hut where veterans of World Wars I and II may meet together; a place for their pleasure and entertainment.

The American Legion owns the property which consists of two lots and the old building.

It is hoped to get work started very soon in order to have the place finished by the time Baird and Callahan County men come home.

While this undertaking is being promoted by the American Legion, it is pointed out that it should receive the wholehearted support of every true American in Callahan County. This, it is said, is the time for every good man to come to the aid of his countrymen.

MACK BISHOP ENLARGES BUSINESS IN BAIRD

To accommodate the demand for his increasing business of remodeling and refinishing theatre seats and fixtures, Mack Bishop has rented the office space next door to the Red & White Store. The repair work will continue to be done in the Barnhill building. Mr. Bishop is bringing in work of this type from all over West Texas, and Baird is headquarters for this rapidly growing concern. This location with reasonable rents is making it possible for them to make Baird headquarters.

Editor's Note: Property owners of the city might see from this example that reasonable rents and lower overhead for businesses of Baird make for the city's development.

Few Poll Taxes Issued To Date

Have you paid your poll tax? Payment of the poll tax of \$1.75 is an essential obligation of citizenship in Texas and this year, more than ever, there is no valid excuse for any citizen's failure to pay. January 31st is the last day the poll tax may be paid. A report from the Callahan County Tax Collector's office is that only 1270 have been paid thus far. If you are not among that number, go to the courthouse today and get the job done lest you put it off too long. Although this is not an election year, there will be many ways in which the citizen who pays his poll tax will be benefited. Don't be among that number who neglect to pay the tax and thus disenfranchise yourself.

A slice was served to all who were in the store, which included a large number of members of the Baird Garden Club. CLIFTON AND VALLEY MILLS ARE LUCKY COMMUNITIES

Mr. and Mrs. C. M. Isenhower and their little daughter, Wanda Jean, drove from their ranch at Valley Mills to spend Thursday and Friday with his mother, Mrs. W. M. Isenhower, at the family home at Putnam, C. M. and his brother, John D., visited The Star office on Friday.

We enjoyed the visit with the Isenhower brothers for they both are fine men who grew up in this county. C. M. Isenhower and the Star editor were closely associated during the past seven years while we were both employed by the Humble Oil and Refining Co. at the Ingleside refinery. Last October he resigned his position and bought a stock farm in the fertile Valley Mills country. Reports from there are that his new place is one of the choicest pieces of property in that vicinity and he is well on the road to success.

The Valley Mills and Clifton area gained a fine family of substantial people when the Isenhowers located there. The Humble company suffered a loss in the move. He had proven unusual ability in the process department of that big refinery and his keen understanding of the problems of working men in all the departments made him a real friend to many. His unselfish desire to assist in improving conditions for the working man and to help make Humble the best of oil companies marked him as a big man with a big heart. Humble lost a young man with executive ability when Isenhower moved to the farm.

If the good people of Valley Mills and Clifton are really awake to their gain in having the Isenhower family, they will put C. M. Isenhower's name at the head of every list of citizens who work for the civic and domestic improvements of that region. They will harness that dynamic personality and let it pull for the betterment of those who call that section their home. We say these things because we know that C. M. Isenhower is a good man of sterling character and unquestioned ability. We like to see qualities such as his in force.

A BEAUTIFUL WOODEN TRAY

Howard Barton recently moved to Throckmorton last week. He is associated with Herman Betcher Tanking Company.

Mrs. Ruth Kiser from Winters has been visiting her father, J. P. Tunnell and her grandmother Tunnell, who was 90 years old a few days ago.

GENEVA ISENHOWER WEDS WILLIAM A. FETTERLY, JR.

A wedding of interest to both Cisco and Baird took place in Cisco, at eight o'clock Saturday evening, January 13, when Miss Geneva Isenhower, of Cisco, became the bride of Ph. M. Jr. William A. Fetterly, Jr. of the United States Coast Guard.

The First Baptist Church in Cisco was beautifully decorated with white chrysanthemum and gladioli against a bank of fern which carried out the traditional bridal colors.

Myriad candelabra were lighted by Mrs. Olin Odom, Jr., and Miss Reda Clark to the strains of soft wedding music. Miss Ida Louise Fetterly, of Baird and Palacios was at the piano.

Mrs. Olaf G. South, of Baird, sang "Love's Old Song."

The bride, attended by her sister, Miss Dorothy Isenhower, was given in marriage by her father, Mr. William M. Isenhower, to the strains of Wagner's "Lohengren."

The groom was attended by Mr. Tom E. Friery, of Palacios.

The beautifully impressive double ring ceremony was performed by the Reverend W. A. Flynn of the First Methodist church of Cisco.

The bride wore a street length dress of powder blue with brown accessories and carried a white Bible with white carnations and satin ribbon.

The bridesmaid wore a street of cocoa brown with brown and pink accessories and carried a bouquet of pink carnations.

The ushers were Mrs. Thomas B. Smarrt, of Cisco and San Diego, California, and Mrs. Jack Everett of Baird and Cisco.

The wedding reception was held in the home of the bride's parents, Mr. and Mrs. William M. Isenhower. The beautiful tiered wedding cake decorated in green and white and topped by a miniature bride and groom, was served by Mrs. Tom E. Friery, of Palacios, sister of the groom. Mrs. Fulton Largent, of Cisco, poured.

Mrs. W. C. Andrews of Dallas, was in charge of the bride's book.

Out of town guests were Mrs. H. A. McWhorter, Mrs. Col. Dyer, Judge and Mrs. L. L. Blackburn, Mr. and Mrs. Bob Norrell, Mr. and Mrs. Ace Hickman, Mrs. S. L. McElroy, Mrs. Viva Tucker, Mrs. Olaf G. South, Mrs. Jack Everett, Mr. and Mrs. William A. Fetterly, Sr., all of Baird, Miss Ida Louise Fetterly, Mr. and Mrs. Tom E. Friery and daughters, of Palacios, Miss Dorothy Weaver, Mrs. E. T. Little and Mrs. W. C. Andrews, of Dallas, and Miss Patricia Bomar, of Lubbock.

After a short wedding trip the bridal pair will visit their parents in Baird and Cisco, and will visit briefly in Palacios, Texas.

Mrs. Sarah Magill heard from her son, Pvt. Albert Magill, from somewhere in Germany and he writes that he is still alright.

'FRENCHMAN'S CREEK' DAYS OF PIRATES

The picture which comes to the Plaza Theatre, Thursday and Friday nights. Paramount's "Frenchman's Creek," is first of all an exquisitely beautiful Technicolor production. If you are affected by color, as is this reviewer, you will be delighted with the seascapes which the camera has caught in full panoramic beauty.

Filmed in northern California, a locale most nearly resembling the rugged Cornish coast where the story action takes place, the sea and the clouds, the seagulls spiraling to the water and the pirating La Mouette cutting its way through the warm blue waters, are all captured by the camera in myriad breath-taking color sequences. "Frenchman's Creek" is unquestionably the most amazing beautiful Technicolor picture ever produced, as far as this reviewer is concerned.

Aside from this feature is the story itself. Adapted from the best-seller by Daphne du Maurier, who wrote another Joan Fontaine starrer, "Rebecca," the story concerns the flight from reality of a very beautiful and important English lady of the seventeenth century. Leaving behind her the pomp and deceit of a sophisticated wanton society, as well as a foppish bearded husband, Lady St. Columb, played by the beautiful Miss Fontaine, retires to her country estate in Northern England. Upon arriving at the desolate, sparsely populated province, she is advised of a very imminent danger — the presence in the coastal waters of a dangerous French pirate.

Needless to say, Lady St. Columb takes heed, but not as her good advisers intended she should. The pirate represents the first glamorous prospect in her otherwise dull life and she prepares for his possible appearance by applying her finest powders and perfumes. The Lady and the Frenchman meet. In fact, for many months he had been using her home for his land retreat leaving behind his own personal servant when he went to sea.

Arturo de Cordova plays the part of the pirate. A newcomer to the American screen, he'll probably be known as well in this country after his appearance in "Frenchman's Creek" as in Mexico, where de Cordova is the country's favorite male star, having won the actor's award for three consecutive years.

A handsome, dark, stalwart fellow, Arturo has warm brown eyes and a flashing smile. The part of the adventurous Frenchman whom all men fear meeting and whom all the ladies dream of meeting, is perfect for this talented new discovery, who gives the characterization fire and glamour and vivid strength.

Together, Miss Fontaine and de Cordova bring to the screen one of the most beautiful of love stories.

JOAN ESTES MARRIED TO PVT. A. E. LASTOVICA

The marriage of Joan Estes, daughter of Mr. and Mrs. John L. Estes to Pvt. Alfred E. Lastovica, son of Mr. and Mrs. Paul Lastovica of Smithville, was solemnized in a candlelight ceremony at the Clyde Church of Christ Monday night. The bride's uncle, W. G. Black officiated at the double ring ceremony. The bride is a student at the Hendrick Hospital School of Nursing in Abilene and the bridegroom has been stationed at Camp Hood.

A white arch, bedwined with ivy, was the setting for the service. At each side were tall standards of white gladioli, Hattie Cleora Stinchomb sang I Love You Truly and Because, Bobby and Jean Estes, young brother and sister of the bride, lighted the candles.

Patsy Howe of Sweetwater was the maid of honor and the bridesmaids included Nancy Faye Estes, Mrs. Leo L. Herndon, Willetta Ethridge, and Eleanora Lastovica, a

sister of the bridegroom. Rudolph Lastovica and Billy Max Waldrop were the ushers. Carolyn Chambers was flower girl and Dillworth Estes, the train bearer.

The bride, given in marriage by her father, wore a white slipper satin gown with lace yoke, snug fitting bodice, long lace and satin sleeves and a full skirt and train. A Mary Queen of Scots' cap with a fluted edging of net held in place a fingertip veil. She carried white carnations on a white Bible and wore a single strand of pearls. Her attendants wore gowns of pastel tints and carried sweet peas and carnations.

After several day's stay in Dallas with a sister of the bridegroom, the newlyweds will go to Smithville for a visit with the bridegroom's parents until his departure for a California camp. The bride will resume her studies at the hospital. Prior to entering the army three months ago, Pvt. Lastovica was a watchmaker with Crowell Jewelry.

EDITORIAL

By Ruby Mae Atwood
 We the Junior Class of 44-45 wish to express our thanks to the Senior Class for letting us publish the Bear Facts this week.
 We consider it a great honor, and our only hope for next year is, that we may do as well as those before us.

SOCIETY

By Mary Lou Settle
 Mr. Hugh Smith of Moran visited B. H. S. for a few minutes last Thursday afternoon. He and Mr. South went to Austin for several days on business. Everyone was glad to see Mr. Smith and hear him tell his usual witticisms.

The first-year Spanish class presented a program over at grade school January 12, 1945. Bobby Wagner, the president of the Spanish Club, was the first speaker, and in turn, introduced the song, "Cuando Ali Se Pasa Lista", which the audience sang, led by Carol Ivey, Emily Cauthen, Virginia Stevenson, Mary Lou Settle, and Gene Walls. John Hardwick gave the pledge to the Flag, the before-mentioned quintet sang "El Rancho Grande", and "Cielito Lindo". Jackie Gilliland played "La Paloma," and "Marabe Campa Tiel," on her accordion, then Jane Swinson played "El Caballero" on the piano. The program was concluded by a reading by Ruth Campbell, "Between Two Loves." Each member of the cast had on Mexican Regalia and the program was enjoyed by all.

GOSSIP

Why is it that some girls can't get dates without asking for them, people should know that leap year is over. More diamond rings are going around school. Could it be that some are not engagement rings? If not, Dan Cupid, has been working overtime. Girls, girls, simmer down. B. P. isn't the only boy in school. We wonder why a certain sophomore girl was so excited at the basketball game Tuesday night. Broken glasses don't grow in trees. Flash! Doyle finally made it to school on time this week!

BOOS AND BOUQUETS

Boos to all students who skip detention. You brought it on yourself. Bouquets to teachers who can put up with the antics of their students. Boos to mid-term exams and all the woe that accompanies them. Bouquets to the basketball boys for the victories Tuesday night.

See the happy moron, he looks just like a ham, I wish I were a moron. Gee! Maybe I am!
 From the looks of things the girls are getting to be like old flowers. When they fade, they die (dye).

Advice to the lovelorn:
 Dear D. N.

I am sorry but I cannot do anything about your girl. Why not try and be on time for your next date?
 No S. G.,

Minerals vs. Pasture

There's the mistaken idea among many cattle raisers that they can eliminate the feeding of a mineral supplement during pasture feeding time. This is incorrect. Pastures are just as deficient in minerals as the ground on which crops are grown. When cattle eat grass, they eat less grain and thus fail to get proper minerals.

When you eliminate minerals during pasture feeding, a deficiency is often set up in the animal. Then when mineral feeding is started after they are put in the barn, it must be fed for weeks to make up the mineral deficiency.

The Milk Market Reporter of Chicago has made this statement: "The cost of a good mineral mixture is so very slight and the advantages in the long run are so certain that it is recommended that all milk cows, growing calves and breeding stock be given an ample supply the year round."

For most profits from your dairy and beef cattle, feed Watkins Stock Mineral Compound, either mixed with the feed or mixed with salt, THE YEAR ROUND.

Say, H. L. B. how is your engagement coming along? Some girls get boys out of bed after 10 o'clock to go riding. What is the world coming too. Do all the boys have permanents sleep on hair nets? A man may smile in the face of death, but there will never once be found, a student who can draw placid breath, when his grades are coming down.

SPORTS

BEARS STILL UNDEFEATED

The Bears played their second conference game Tuesday night, January 9. There was a very large crowd which we all appreciated very much. The "B" team played first, and it was a very good game. The Bears kept the lead all the way. Ray Young was the high-point player of the "B" string. He plays forward, and he made 11 points for the "B" team. The final score was 40 to 30, favor the Bears.

The Bears were still not satisfied with the score. The "A" team went to work, and the Bears lead the score all the way. At the first quarter the score was 12 to 2 in favor of the Bears, then at the half it was 23 to 7, favor the Bears. After the half the Bears left the Plowboys far behind the score at the end was 54 to 18, favor the Bears.

Out in front of high scoring honors was Horace Bains, forward with the credit of 14 points. Tom Odom, center, made 13 points; Benny Pierson, forward was next with 12 points; Oscar Jones, guard, was fourth with 9 points, and Red Barner, and Harry Varner made 2 points each.

This game was with Roscoe, which makes the Bear's "A" string 13 victories. They won ten non-conference games, and three conference games. The "B" string has played five games, and the Cross Plains "B" string beat them for their only loss.

The Bears went to Snyder Friday night, January 13, and carried off a victory of 29 to 11. The "B" string beat them 24 to 9. The highpoint players are as follows: Bains, forward, 10 points; Pierson, guard, 8 points; Odom, center, 4 points; Jones, guard, 6 points; and Varner, guard 1 point. The score at the end of the first quarter was 6 to 2 favor the Bears; at the half it was 11 to 9, and the final score was 29 to 11.

The Bears went to Merkel Tuesday, January 16, to play the undefeated, unfied Merkel Bedgers. Both of these teams were tied for first place in the conference. Also the Bears will play Lorraine tonight at the gym at Baird, and this will be a close game. These games will come out in the next week's paper.

We enjoyed a visit with Mrs. Wiley Clinton of Putnam Friday. While here she visited The Star and renewed her subscription to the paper for another year.

Mrs. H. G. McFarlane and little daughter, Sandra of Denison are visiting her grandmother, Mrs. Henry Lambert and family. She was accompanied by her brother, Joe Evans and Johnny Dillard who returned to Denton yesterday.

BY FAITH INCLUDES WHAT?

In every case the phrase "by faith" includes obedience to all things commanded. "Perfect faith is taking God at his word, and doing what he says." Is not that a good definition? Is it not true? Try substituting this definition in a few examples found in the eleventh chapter of Hebrews. By taking God at his word and doing what he said Noah built the ark. By taking God at his word and doing what he said Abraham offered up Isaac. By taking God at his word and doing what he says we are justified. Certainly if we did not take God at his word and do what he says we would not be justified.

Thus it will be seen that faith in every instance includes whatever acts of obedience God had commanded in that particular case. This is faith made perfect by works, the faith by which we are justified.

"By faith they passed through the Red Sea as by dry land; which the Egyptians assaying to do were swallowed up (Heb. 11:29). They crossed the Red Sea "by faith," but they were not on the other side the moment they believed. They spent a night of anxious toil and great fear before they could sing the song of deliverance on the other side. Here the phrase "by faith" spans the Red Sea, and includes every step they took in crossing.

By some it is thought that because Paul says we are justified by faith baptism is excluded. But in the examples so far considered the phrase "by faith," instead of excluding the acts of faith, which, in reality, make faith perfect, actually includes obedience. And it can be plainly shown that "by faith" in this case includes baptism. Paul says: "For I would not, brethren, have you ignorant, that our fathers were all under the sea; and were all baptized unto Moses in the cloud and in the sea" (1 Cor. 10:1,2). They crossed the Red Sea by faith, and in crossing they were baptized. "By faith" includes what was done in crossing. But is crossing they were baptized. Therefore, "by faith," in this example, includes baptism. From this conclusion there is no escape. Send letters and comments to the Church of Christ, Baird, Texas, Lloyd Connel, Minister.

'AND NOW TOMORROW' STARS LADD WITH LORETTA YOUNG

Immediately upon Allan Ladd's release from the Army on a medical discharge, Paramount producers started the cameras grinding on the screen version of the Rachel Field best-seller, "And Now Tomorrow."

In this romantic drama by the author of "All This and Heaven, Too," Ladd co-stars with Loretta Young in what we are told is one of the most beautiful love stories to reach the screen. Ladd's characterization is a complete departure from his famous "killer" roles. He plays the part of a medico who falls in love with his patient, Loretta, who is engaged to another.

The film, which opens Sunday and Monday, January 21, 22 at the Plaza Theatre, features Barry Sullivan as Miss Young's fiance and Susan Hayward as her younger sister, with whom Barry falls in love. Ladd accidentally learns of the situation but is professionally restrained from telling Loretta, and speaking of his own love. Loretta and Ladd were last seen in the hit production, "China," which was the latter's last picture before joining the armed forces. His return to the screen in "And Now Tomorrow" terminates a two year's absence.

Cpl. Daniel S. McGee, of Ellington Field, attended the funeral of James R. Gibson here January 4.

FOR A FIGHTING NATION

Sugar, the essential energy food of our nation, was drafted when America marched off to World War II. Since that day the Sugar Industry of the Southwest has performed miracles in service to the Allies and to civilians at home.

Today, in fox-holes, on the sea, in the air . . . sugar and its many by-products are fighting side by side with the Allies. On the home front sugar is keeping our people fit, giving new energy for the hard tasks that confront civilian life.

From field to consumer it is the privilege of the Texas and Pacific to serve this great industry in Peace as in War.
