Midlanders To Attend Camp Mitre Peak

Forty-one Midlanders have enrolled for the first two-week period at the Girl Scout Camp Mitre Peak beginning Sunday.

Presbyterian Circles Meet For Bible Study

Circles of the St. Andrews Presbyterian Church met Tuesday for Bible study.

Coming Events

FRIDAY: Nu Phi Mu Sorority will meet at 7:30 p.m. in the home of Ann Klebold, 1101 North Fort Worth Street.

SATURDAY: The Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland Public Library.

BRITAIN TO REWARD Nepalese Tribesman For Everest Junket

KATMANDU, NEPAL — (AP) — Britain is going to award its coveted George Cross to Tensing Norgay, the Nepalese Sherpa tribesman who guided the successful British expedition to the top of Mt. Everest.

EASTERN VISITOR: Mrs. Florence Bell, Greensburg, Pa., is visiting in the home of Mrs. Kate Black and Louise Potts, 311 North D Street.

Mrs. Tillie Lewis' 14-Day Diet Plan

Tillie Lewis, most famous woman in food, has spent more than 10 years in intensive research in the field of streamlined low calorie dietetic foods.

By TILLIE LEWIS: You can now actually put "Pop" on a low-calorie diet... without his knowing a thing about it! It's a fact. Thanks to the new streamlined, low-calorie dietetic foods, you can serve him sweet desserts and rich dressings...

Table with 3 columns: BREAKFAST, LUNCH, DINNER. Lists food items like Grapefruit Juice, Poached Eggs, Coffee, etc., with corresponding amounts and calorie counts.

This is the fifth in a series of daily diet menus incorporating the new dietetic foods introduced recently. The menus are nutritionally sound, doctor-approved, and planned to make dieting pleasant.

HOLLYWOOD TODAY! MOVIES - TV - RADIO

Behind the Screens: Something bigger than 3-D or wide screens is on the way—a revolt against Hollywood censorship.

First spearhead against the censorship lines is being made by Otto Preminger and F. Hugh Herbert in releasing "The Moon is Blue" without a film-industry purity seal.

Bruce Cabot didn't realize a penny from his auction of his household goods at a swank Beverly Hills going-gone gallery.

Liz Scott and Charles Heston deny the reports of a bitter, snarling vendetta during the making of Columbia's "Scapellato".

Ed Wynn, asked why he didn't retire after a long and successful career, retorted: "I would rather die on stage with the customers laughing than in bed surrounded by my relatives crying."

The revelation that the sale of popcorn, soft drinks, candy and ice cream in the nation's theaters now is running to almost 42 per cent.

OES Approves Establishment Of New Chapter

Unanimous approval of the proposed establishment of a new chapter here was voted when the Order of the Eastern Star met Tuesday in the Masonic Hall.

The petition for the new chapter, to be known as the Norman Reed Chapter, was read at the last meeting.

Following the business session, a Father's Day program was given, including a reading by John Reid and a song by Louise Wood.

It was announced that the Day Star Study Club will hold a picnic June 17 in the home of Mrs. Elmer Dillard, 202 West Jax Street, and the Night Star Study Club will meet on June 18 in the home of Mrs. Vera McLeRoy, 606 North Colorado Street.

Presiding for the meeting were Mrs. Clyde Hambleton, worthy matron, and M. V. Coleman, worthy patron.

Mrs. T. V. Immon was introduced as a transfer member and visitors were Mrs. Bob Maberry of Odessa and Mrs. J. A. Horn.

Refreshments were served from a table centered with an arrangement of orchid stock.

Bridge Luncheon Slated At MCC

The second in its weekly series of duplicate bridge games will be held Friday by the Midland Country Club Ladies Golf Association.

The bridge session will be held at 1:10 p.m., following a luncheon at 12:30 p.m.

Players are to bring their own partners, or contact Mrs. R. L. Spencer, telephone 2-3158, and players will be paired.

Carnegie Club Has Program Meeting

Marshall Wilburn and Mrs. Happy Bond were the speakers when the Dale Carnegie Club, International met Tuesday in the Wilkerson-Foster Building.

Each member attending also gave a brief talk on subjects drawn from a grab bag.

Mr. and Mrs. Happy Bond were voted as new members and Thelma Lamar was a guest.

Members present included Jack Moore, Bryan Denson, Bob Steanson, Mrs. T. F. Lineberry, Dr. Velma Scott, Francis Miller, Wilburn, Hester Williams, Andy McConnell, St. Perusek and Mrs. William D. Barnes.

Boone Class Names Leaders

Names of new group captains and co-captains were announced by Mrs. Ray Trammell at a meeting of the Boone Bible Class of the First Methodist Church Wednesday in the home of Mrs. V. G. Stolte, 1605 Bedford Drive.

They are Mrs. Jack Goddard, captain, and Mrs. J. L. Haney, co-captain, group one; Mrs. J. R. Mogle, captain, and Mrs. J. S. Yarnell, co-captain, group two; Mrs. E. W. Burkhead, captain, and Mrs. W. E. Crites, co-captain, group three; Mrs. Glen Shoemaker, captain, and Mrs. W. D. Hargrove, co-captain, group four.

Mrs. John Z. Kimberlin, captain, and Mrs. H. Y. McClure, co-captain, group five; Mrs. F. A. Crockett, captain, and Mrs. Frank W. Reeves, co-captain, group six. Mrs. W. J. Schumacher, captain, and Mrs. George Glass, co-captain, group seven; Mrs. Richard Story, captain, and Mrs. A. J. Jorgenson, co-captain, group eight.

Mrs. Karl Nichols presided at the short business meeting and announced that the July and August meetings will feature Coke parties.

Approximately 35 members attended.

Church Leader From Japan To Speak Here

The Rev. Moritaka Samejima, noted Japanese educator and churchman, will speak at 7:30 p.m. Friday in the First Methodist Church.

Now on a speaking tour of Methodist Churches in the United States, Mr. Samejima will appear in Midland under the sponsorship of the combined Methodist Churches of the Midland area.

A Methodist minister, Mr. Samejima is president of Chinsai Gakuin, Methodist secondary school in Nagasaki.

Midlanders Visit Grandparents

Carol and Tommy Wright, children of Mr. and Mrs. Fred S. Wright, Jr., 610 West Nobles Street, are visiting their grandparents, Mr. and Mrs. Fred S. Wright, Sr., in Fort Worth, and Mary Evelyn Wright, formerly of Midland, daughter of Mr. and Mrs. Russell Wright of Tulsa, Okla.

Mrs. Wright and her grandchildren will leave Friday for New York City, where they will spend ten days. They also will spend a week at the beach at West Point, Pleasant, N. J., and will stop in Washington, D. C., enroute home.

Vanderbilt Seeks Nevada Divorce From Fifth Wife

RENO —(AP)— Wealthy Cornelius Vanderbilt, Jr., who once declared he had tried to be "a good husband to five of the world's most beautiful women," has filed secretly for a divorce from his fifth wife.

The millionaire lecturer, who charged extreme cruelty, was not available for comment.

In New York, his wife, Mrs. Patricia Murphy Wallace Vanderbilt, 33, was served with divorce papers Tuesday. Her attorney, Andrew Weinberg, said:

"It's nothing better than an ordinary mail-order type of divorce which this state (New York) will not recognize."

Weinberg said an injunction would be sought to prevent Vanderbilt from proceeding with the divorce. Last year, Mrs. Vanderbilt filed suit for separate maintenance in New York.

Seven Rent Control Units In Texas Close

WASHINGTON —(AP)— The Office of Rent Stabilization will close seven of its Texas offices Saturday.

They are at Berger, Jefferson, Mt. Pleasant, Danglefield, Linden, Port Lavaca and Cameron.

Functions of the closed offices will be transferred to regional headquarters. The areas will remain under rent control until July 31.

4-H YOUTHS TALK SHOP

COLLEGE STATION —(AP)— Texas farm youngsters talked shop Thursday. More panel discussions were on at the Texas 4-H roundup at Texas A&M.

\$500 More Needed To Send Estes On Yugoslavia Visit

Midland's ambassador to Yugoslavia stood just \$500 away from his trip Wednesday, as Community Ambassador Project workers reported.

QUICK QUACK CALLS FOR TIME

ST. LOUIS —(AP)— John W. Shannon was sentenced to a year in the city workhouse Wednesday because a duck quacked out of turn.

The duck, hidden inside Shannon's shirt front, quacked while police questioned him about a broken window and missing duck last April 14. Shannon was found guilty of larceny.

He told Circuit Judge Michael J. Scott he had planned to have a duck dinner.

France Continues Search For Premier

PARIS —(AP)— The French government crisis entered its fourth week Thursday, and President Vincent Auriol looked again for a premier following the National Assembly's rejection of a third candidate, George Bidault.

In the Assembly balloting earlier Thursday, the 627-member lower house failed by one vote to give Bidault the 314-vote absolute majority he required for confirmation. The count was 313-228.

As Auriol began talks with the heads of France's many parties, one name mentioned unofficially as a possible contender was Louis Jacquinot, an independent. He was minister of overseas territories in the Rene Mayer Cabinet, whose defeat May 21 started the crisis.

Auriol announced he expected to name a fourth Premier-designate Thursday night.

Tracking Tornadoes By Radar Proposed

BALTIMORE —(AP)— A nationwide radar network to track tornadoes and reduce the loss of life and property from such catastrophes has been proposed by a weather expert.

Capt. Howard P. Orville, former head of the Navy's Meteorological Division, estimated such a system could be built at 35 key weather stations. He suggested it would cost about five million dollars a year over a 10-year period.

BUSINESS VISITOR

R. K. Grisham of Abilene attended to business Wednesday in Midland.

Eisenhower Names Two Disaster Areas

MINOT, N. D. —(AP)— President Eisenhower early Thursday designated flood and tornado-stricken regions of Massachusetts and Iowa as major disaster areas, qualifying them for federal aid.

Announcement of the action was made by Murray Snyder, assistant White House press secretary.

Snyder told newsmen telegrams notifying Gov. Christian A. Herter of Massachusetts and Gov. William S. Beardsley of the President's action were being dispatched later in the day.

There was no immediate indication how much federal aid would go to either state, Snyder said Herter asked for 10 million dollars.

There were indications here Eisenhower might decide to visit the Worcester area Saturday, when he is scheduled to fly from Rapid City, S. D., to Hanover, N. H.

TEXAS A&M CHANCELLOR IN GALVESTON HOSPITAL

And thine ears shall hear a word behind thee, saying, This is the way, walk ye in it, when ye turn to the right hand, and when ye turn to the left.—Isaiah 30:21.

End Of Colonialism? Secretary of State Dulles, who has not been as sure-footed a foreign affairs leader as expected, nevertheless was in firm stride when he declared the United States should promote self-government in the Near East and Asia and give no air or appearance of aid to colonialism.

We feel—with good reason—that the Asiatics and Near Eastern folk who allow this to happen are incredibly naive politically. They do not realize they are trading British and French overlords for Communist masters whose tyranny is unparalleled.

But there is no alternative. Continued colonialism, and continued help for it from us, carries with it the risk of disaster in the Middle East and Asia. Only communism can be the gainer, and in these territories communism already has gained far too much.

It's a lot more fun sitting back and thinking things over if you have accomplished something in life. Going around blowing your own horn all the time indicates you're in a perpetual fog. Folk wouldn't mind so much paying for a doctor's advice if they just had sense enough to take it.

Girlish Gambol crossword puzzle with word list including Eager, Part in a stage play, Uttered a quick cry, and others.

The Eagle's Nest

The Washington Merry-Go-Round

By Drew Pearson (Copyright, 1953, By The Bell Syndicate, Inc.) Drew Pearson says: Churchill's demand for big four meeting helps Malenkov stay in power; Ike's Korean promises in election campaigns strengthened Moscow's hand; MacArthur was both right and wrong in Korea.

WASHINGTON — Historians have one great advantage over modern-day statesmen — the advantage of hindsight. They don't have to predict in advance. Being no statesman and only a predictor, I nevertheless go out on a limb to predict that historians a few years hence will chalk up the following highlights of history as milestones taking us downhill in the continuing cold war.

So They Say I would be very happy to step down, not only from the government, but from the political scene. But I have a profound conviction I should stay. Italian Premier De Gasperi, on eve of elections.

Chinese troops in the Yalu River area when the area was teeming with them. That tragic defeat, just after MacArthur said the boys would be home by Christmas, was the worst blow of the entire Korean War. And historians are bound to present it as the turning point in a war nobly conceived to prevent aggression and protect little nations, but which ended with the aggressor still boastful and belligerent, and with the battle-scarred little nation protesting that the most discouraging diplomatic defeat in the snarled-up Korean fiasco was when England refused to break with Red China.

Never heard of him. Barnes growled, and Pete knew that again Zad lied. Barnes began to talk about what supplies the company would be likely to need.

Have A Laugh cartoon by Boyce House. A man says 'I'd like to see you with a camera.' The man replies 'I'd like to see you with a camera.' The man says 'I'd like to see you with a camera.'

Water-purifier unit, developed by the U. S. Army, can be flown to combat sites and set up in about 90 minutes. Operating on its own power supply, the purifier removes all, destroys bacteria and screens out disease-causing organisms. The unit delivers 2,400 gallons of drinkable water in an hour.

PETER EDSON'S Washington News Notebook

Economy Kidding At Its Best In State Department 'Memorandum'

WASHINGTON—(NEA)—One of the first orders issued by Secretary of State John Foster Dulles after he took office was that fewer State Department messages should be sent by cable and more should be sent by airmail. Following up on this economy move, stiffer orders have gone out to restrict the number of overseas telephone calls.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service How should you conduct the bidding when you have excellent distribution but when the opponents have most of the high cards? As a general rule, this is the time to make a shutout.

Card Sense Q—With both sides vulnerable, the bidding has been: North East South West 1 Heart 2 Diamonds 7-5-3-2. A—Bid two hearts. You can well afford this free raise since you have good trump support, with a total count of nine points—six points in normal high cards, one point extra for the king of partner's bid suit, and two points for the singleton.

Massacre Mountains by Frank C. Robertson

PETE MORRISON had time to shave and bathe before the supper gong sounded. He knew this safety depended upon Zad Barnes and he left his gun in his room and walked bareheaded into the dining room. Zad and four or five other white men were already seated at the table. Gabe Cox was missing. The men glanced at Pete, and their eyes revealed that they noticed the absence of Pete's gun.

FAMILY AFFAIR—Mrs. Elsie Spackey Broka adjusts her son's mortarboard as both receive degrees from Bowling Green (Ohio) State University. Mrs. Broka, a Fostoria, Ohio, elementary school teacher, entered the school 38 years ago and completed her degree this year. Richard and his mother were graduated from the College of Education.

Workshop Slated In August For Midland Teaching Staff

A past-year review of curricular services in the Midland School system, prepared by Charles F. Mathews, former director and now superintendent of Plainview schools, and submitted at the recent school board meeting featured, contrary to tense, something yet to happen. Tentative plans have been made. Mathews reported, "for the fourth annual workshop to be conducted for Midland teachers August 10 through 28."

"Theme of this year's workshop," he continued, "will be developing learning experience for the boys and girls of Midland, will feature discussions, reading, lectures, field trips and films concerning problems of real concern to Midland teachers."

Some of the general categories to be covered include laboratories in elementary and secondary education, utilizing community resources, marking and reporting to parents, audio-visual education, public relations, leadership and group processes, mechanics of child study, teacher-pupil-parent cooperation in learning, human development and behavior, and many others.

In the same general area, Mathews' report cited some 26 study group meetings held during May for Midland teachers. A. C. Murphy of the University of Texas and Mathews met with each group. Some 57 teachers received credit toward master's or doctor's degree from the University of Texas through this study plan.

Also included in the end-of-year review were the following: "The Midland City-Council of the TA Congress conducted a very successful day of instruction on May 4 in Hotel Scharbauer," Mathews noted. "Aiding in this work

were Frank Monroe, superintendent of schools; Wesley Martin, director of special services; Inez Parker, Mrs. May Anderson, R. C. Michener and Dwain Estes, San Jacinto Junior High School principal.

Mathews praised the music clinic conducted under the direction of Michener for all elementary school choirs. The music plan was climaxed May 7 by an elementary folk festival in which some 400 elementary school pupils took part.

A junior and senior high school music program was given May 8 with eight choirs and three bands joining in the event. Finally, films have been previewed by teacher committees which have, in turn, made recommendation for titles to be added to the school system's film library.

Stormy Weather Ends Over Nation

By The Associated Press
Generally fair and mild weather—in sharp contrast to violent storms in some sections earlier this week—was the pattern in most of the nation Thursday.

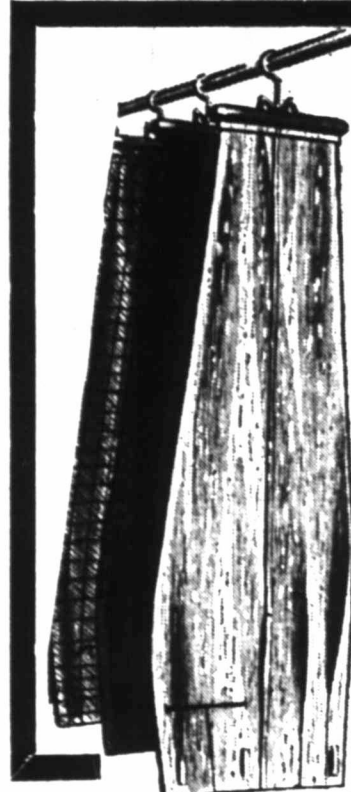

No stormy weather was reported throughout the country. There was light rain in Montana, Southern New Mexico and along the South Atlantic Coast. But clear skies prevailed in the Great Lakes region, the Southern Great Plains and in the far Southwest.

The hottest weather of the Spring season continued in sections of Kansas, Texas, Oklahoma, Colorado and the far Southwest. Temperatures again Wednesday climbed above 100 degrees in many cities.

Daddy Ringtail

Daddy Ringtail and Lazy Loafer

The Huffen Puffen is a friendly self. He lives there in the Great Forest—on the Elephant Path from the very tall tree where Daddy Ringtail, your monkey friend, lives in his monkey house. The Huffen stopped to talk with Mugwump.

After Mugwump and the Huffen had said a "happy day" to each other, the Huffen said: "Mugwump, little friend, little pal, your old friend, the Huffen Puffen, wants to talk to you, he does."

Mugwump listened.

Said the Huffen: "I was talking to Old MacDonald, I was, and he said I was a lazy loafer, he did."

Said Mugwump: "Was it Old MacDonald who has a farm?"

The Huffen said yes and yes indeed it was Old MacDonald who has a farm. "He called me a lazy loafer, he did," said the Huffen in

people wasn't lazy. "Why," said Mugwump, "if you got a job, nobody would say you were lazy."

The Huffen liked to hear it, and he thought maybe he would get a job, all right. Yeah, he would get a job to show people he wasn't

Texas GOP Invites Democrat Conservatives To Cross-File

By DAVE CREAVENS
 FORT WORTH —(AP)—Texas Republicans warmly have invited conservative Democrats to enter their names for local, district and state offices in the 1954 GOP primary.

The invitation came from Jack Porter of Houston, national committee chairman, who told a cheering rally of Tarrant County Republicans the party would hold state-wide primaries next Summer.

He said the party is looking for a "strong candidate" to run against Senator Lyndon Johnson and probably will seek to unseat several Democratic congressmen.

Porter began his Republican career in 1948 by running a strong race against Johnson after Johnson edged former Gov. Coke Stevenson in the Democratic elimination. He clinched his leadership by leading the successful Eisenhower campaign last year.

Porter told a fund-raising session of the Tarrant County Republican Executive Committee Wednesday night that under the cross-filing law, the GOP can and will defeat "dozens of sorry, lousy candidates" who will be put up by the Democrats.

He said conservative Democrats

who may be defeated by "left wing New Dealers" in the Democratic primary can win as Republicans under cross-filing.

The law permits Republicans to nominate Democrats, as they did in 1952.

Porter and state chairman Alvin Lane of Dallas presided over a closed meeting of the Headquarters Committee. It planned a \$100,000 fund-raising dinner this Fall.

Porter told the night rally the days of one-party dominance in Texas must end "because the self-interest of eight million citizens demands it."

Cites Rio Grande

He said the plight of water-hungry citizens on the Rio Grande was a good illustration of the fruits of one party domination.

"They are just finishing the first water — saving dam on the Rio Grande after all those years of Democratic rule," he said. "I can promise you that under the new administration there will be a speed-up of new dams long provided for under international agreement, but not built."

The Headquarters Committee added two new members: Jake

Hamon of Dallas and Bob Win-fuhr of Fort Worth.

Porter said Austin GOP headquarters would be closed and moved to Houston. Plans are afoot for further strengthening the central organization, he said.

Watch Worker Held For Tieg Son, 12, With Chain, Padlock

ELOIN, ILL.—(AP)—A 41-year-old watch worker was held in jail Thursday after police charged he had bound his 12-year-old son to a porch chair with an iron chain.

Louis Molner, Jr., was charged with endangering the health and life of a child. He was arrested Tuesday on complaint of neighbors.

Police said they found Molner's son, Gary, on a front porch chair with a 12-foot chain looped around his neck and padlocked to the chair.

They quoted Gary as saying that he was chained while his parents were at work because his father was dissatisfied with his performance in a Little League baseball game Sunday.

Molner told police that when he and his wife, Sylvia, came home for lunch Tuesday they discovered the boy had been playing with matches.

Gary was placed in a children's home pending disposition of the charge against his father.

HANDS 'N' FACES

Reds Ease Throttling Grip On East Germany, Churches

BERLIN —(AP)— East Germany's Red rulers announced sweeping cutbacks Wednesday night in the communication of the Soviet-occupied territory and signed a peace treaty giving the powerful Protestant church big concessions.

Both startling developments — Western quarters figured the Kremlin ordered them—apparently were aimed at making the East zone a more attractive candidate for unification with the more prosperous and free West Germany.

They appeared also designed to quiet the widespread fear and discontent among East Germany's 18 million residents which have sent thousands fleeing each week to the West.

Announcing the communication cutbacks directed by the ruling Politburo of the East German Communist Party, Premier Otto Grotewohl said the group "is aiming at the re-establishment of the unity of Germany which requires from both sides concrete measures to bring this about."

The concessions to the Germans from their Red rulers also gave new ammunition to West German opponents of Chancellor Konrad Adenauer's campaign to bring Germany's western half into military alliance with the NATO nations.

Prelude To New Action

Some Western officials here expressed belief that the moves were only a prelude to some other important Soviet action, perhaps a Kremlin calling for a four-power meeting on Germany.

The Politburo directives provided for:

1. No further extension of the collective farm system.
2. Making state bank credits available to private businessmen. Those who have been forced out of business will be granted permission to set up shop again.
3. Returning confiscated property and full civil rights to persons who come back to East Germany after fleeing to the West.
4. A general amnesty for all prisoners serving one to three years on charges of having damaged the state-owned economy.
5. Issuance of ration cards to all persons. The state recently withheld cards from 250,000 East Germans, regarded as outside the favored Red circle.

The church-state pact, announced following a three-hour meeting between Dibelius and Grotewohl, provided:

1. Recognition of the church's right of assembly. A government order requiring the church to announce all its meetings in advance, leaving them liable to a police ban, will be reviewed and relaxed.
2. "No further actions" against the Youth Communities and other church groups. All pupils expelled from schools because they were active in the church outfits, rather than the Red-sponsored Free German Youths, are to be readmitted.
3. Review of court sentences against more than 100 pastors now in jail on charges of opposing the state; "unjust punishments" will be rectified. Confiscated church property will be returned.
4. All state subsidies to the church—long customary in Germany—to be paid promptly.
5. The Ministry of Education to work out a plan restoring religious lessons to Soviet zone classrooms.
6. Elimination of discrimination against advanced students loyal to the church or to church groups.

German Catholic officials welcomed the agreement and said they hoped to obtain a similar promise of relief from Communist persecution.

Taft's Power May Increase In New Behind-Scenes Role

WASHINGTON —(AP)— Senator Taft (R-Ohio) has given up his front-row duties as Republican floor leader in the Senate, but few of his colleagues expect the forced stepping down to lessen his influence.

Eisenhower, now in the Midwest, sent Taft a message of cheer from Minneapolis Wednesday.

"I deeply regret this unfortunate development and hope that you will take every step to restore your health," the President's telegram said. "The country needs such as you. We shall look forward to your early return to full vigor."

Constant Attendance

The majority leadership entails almost constant attendance on the floor while the Senate is in session. The man who holds it is primarily responsible for guiding the Administration program through the Senate.

Taft said medical experts tell him he has a lesion or impairment of the left hip bone that will require weeks or months of treatment and less activity.

He said he will continue to attend White House legislative conferences, Senate Republican strategy sessions and committee duties, unless the medical treatments interfere.

ing over the day-to-day floor leadership to Senator Knowland (R-Calif.), although the Ohioan will continue to retain the title.

Knowland is chairman of the Republican Policy Committee.

Eisenhower, now in the Midwest, sent Taft a message of cheer from Minneapolis Wednesday.

"I deeply regret this unfortunate development and hope that you will take every step to restore your health," the President's telegram said. "The country needs such as you. We shall look forward to your early return to full vigor."

Illinois Democrat Asks Heavier Slash From Postal Funds

WASHINGTON —(AP)— Senator Douglas (D-Ill.) asked the Senate Thursday to lop \$33,450,000 off funds for postal operations in the coming year.

His amendment was offered to a House-passed bill carrying \$3,444,145,000 to run the Treasury and Post Office Departments in the new fiscal year starting July 1.

Douglas told the Senate Wednesday he was "grievously disappointed" with the measure. Two Republican senators, Williams of Delaware and Dworshak of Idaho, also said they had hoped for deeper cuts.

The House bill was approved without change by the Senate committee. Capitol veterans were unable to recall when, if ever, this had happened before.

The bill allocated \$2,229,450,000 to the Post Office Department for postal operations.

"The Post Office is notorious for its inefficiencies and we should force improvements," Douglas said. Among other things, he suggested consolidation of rural mail routes and "more letter carriers on bicycles and tricycles."

the one sure way to lose weight*

Tillie Lewis
 Most Famous Woman in Food brings wonderful news for anyone with a dieting problem.

LET'S FACE IT. The only sure way to reduce your weight and trim your figure is to reduce the number of calories you take in every day. Your doctor has undoubtedly told you this.

BUT NOW for some good news. Flat, tasteless, "hard-way" diets are no longer the only way to cut down calories. There's a better way. A method that takes into consideration the fact that you're human—and would like to enjoy your meals and the taste and texture of your food.

THE NEW WAY to cut down calories easily and enjoyably is made possible by the new kind of dietetic foods... Tasti-Diet. With Tasti-Diet Dietetic Foods you can enjoy sweet, satisfying desserts—and still make big reductions in calories consumed under your diet. You can eat fine California fruits, swimming in sweet-as-honey syrup—and make savings of up to 76% in the calorie count. You can eat regular meals and still lose pounds—thanks to Tasti-Diet. Try Tasti-Diet Dietetic Foods today.

ATTENTION DOCTORS. Tasti-Diet Low-Calorie Dietetic Foods have been accepted for advertising by California Medicine and other leading medical journals. For samples and complete analyses, write: Tillie Lewis, President, Tasti-Diet Foods, Inc., Dept. D-1, Stockton, California.

Eden's Condition Termed Satisfactory

BOSTON—(AP)—British Foreign Secretary Anthony Eden, who underwent surgery Wednesday, was reported in "satisfactory condition" Thursday at the New England Deaconess Hospital.

The operation to ease an obstruction in the main bile duct was performed by Dr. Richard B. Cattell of the Lahey Clinic staff.

Iran, Russia Sign New Trade Treaty

TEHRAN, IRAN—(AP)—Iran and Russia have signed a new trade agreement which Economic Minister Ali Akbar Akhavi says will make the Soviets his nation's best customer.

Akhavi, announcing the pact Wednesday, said it would double business between Iran and its Iron Curtain neighbor.

Iran has sold none of its nationalized oil to the Soviet Union or other Communist countries. In the year ended last March 30, however, Iran sent to the USSR about 23 million dollars worth of tobacco, rice and cotton in exchange for sugar, cloth and tableware of about the same value.

FROM MONAHANS
Mrs. J. T. Dodson and Mrs. Ford Neal of Monahans attended to business Wednesday in Midland.

MAYBE HE'S PART MONKEY—This Puerto Rican horse likes to eat bananas, which, according to the book, horses do not do, but maybe he didn't read the book. The horse, named "Coco," will go to almost any extreme to get his favorite fruit, as shown in the picture. His owner is Victor Ortiz Peres, shown astride his pet.

Crop Reports Point To More Restrictions Than Ever in 1954

WASHINGTON—(AP)—Secretary of Agriculture Benson, an avowed foe of government controls, Thursday faced the prospect of having to apply restrictions on more crops in a single year than any of his predecessors.

An official crop report Wednesday put the wheat supply at a surplus level which—unless there is an unforeseen major development—will require Benson to invoke rigid marketing quotas on the 1954 crop.

Growers already have approved 1954 controls for the major types of tobacco and for peanuts. Benson announced this week he will impose marketing controls of this year's production of sugar in Puerto Rico and in the domestic cane sugar area.

Reports on cotton planting indicate production of this crop may put supplies in a surplus class, also requiring controls on next year's production.

Returning from a recent farm conference in the Midwest, Undersecretary of Agriculture True D. Morse said it appeared that the corn acreage would be larger this year than last. Thus, it would be possible for the corn supply to reach a surplus mark also requiring quotas next year.

Car, Truck Collision Kills Sailor, Family

HARRINGTON, DEL.—(AP)—An automobile and a truck sideswiped on Route 18 Wednesday night, killing a sailor, his wife and two children.

The victims, all occupants of the car, were Cyril M. Novak, 31, Dickson City, Pa.; his wife, Mary, 30; and their two children, Mary, three, and Joanne, two months.

Novak was returning with his family to Norfolk, Va., where he is stationed, after a visit to their Pennsylvania home.

The truck driver, Charles Henry, 43, of Cheriton, Va., was uninjured.

Texas Wheat Crop Estimate Slashed 4,000,000 Bushels

WASHINGTON—(AP)—The Agriculture Department Thursday forecast Texas' 1953 wheat crop will total 19,192,000 bushels—more than four million bushels below last month's low forecast of 23,031,000 bushels.

Nationally, however, the department boosted its estimate from 1,040,000,000 last month to 1,132,500,000 bushels—a jump of 92,500,000 bushels.

Texas' 10-year average wheat crop is about 58,000,000 bushels. Last year's yield was 34,626,000 bushels, almost twice the estimate for this year.

Funeral Conducted For W. R. West

Funeral services were held at 10 a.m. Thursday in the Newlie W. Ellis Chapel for Warney Roland West, 53-year-old carpenter, who died unexpectedly at his home on Cotton Flat Road of heart seizure Tuesday.

Rev. Charles Hedges officiated, with interment in Sunset Memorial Gardens, Odessa. Members of the Odd Fellows Lodge were pallbearers.

West came to Midland in 1943 from Carlsbad, N. M., but most of his life was spent in Captain, N. M. He was an employe here of Cecil Kinsey Construction Company.

Survivors include his widow, a son, Marshal of San Francisco, Calif.; two daughters, Juanelle West of the Panama Canal Zone and Mrs. Rita Merle of Santa Fe, N. M., and his parents, Mr. and Mrs. M. C. West of Williamsburg, N. M.

The national estimate put the prospective supply at a surplus level. Under present crop laws, Secretary of Agriculture Ezra Benson would be required to invoke controls to hold down production next year.

Even so, the national crop would be far short of last year's 1,291,447,000 bushels.

The department forecast a Texas grapefruit crop of 400,000 boxes, the same as last year. It predicted Texas would produce 1,000,000 boxes of oranges, also the same as in 1952.

Railroad tank cars range in capacity from 4,000 to 16,000 gallons.

Phils Down Cubs Twice

By The Associated Press
The Philadelphia Phillies have the day off Thursday but their pitchers have been working so often they may show up at the ball park and begin throwing just from force of habit.

Amateurs Tee Off In Texas Title Chase

AUSTIN—(P)—Medalist Stan Moseel of San Antonio and Defending Champion Billy Erfurth of Lubbock led the championship flight Thursday as match play began in the Texas Golf Association tournament.

The freckle-faced Moseel won the medal Wednesday in a sudden death playoff with Pete Hessemer of the University of Houston and Ernie Vosler, Fort Worth plumbing contractor.

Each had a three-under par 67. Moseel won with a four-foot birdie putt on the first extra hole. Hessemer and Vosler missed 15 foot putts.

Erfurth, exempt from qualifying drew the No. 1 spot in the title bracket. Medalist Moseel heads the lower division. Erfurth was paired with long-hitting Raleigh Selby of Troup. Moseel's opponent was Julian Oates of Waco, holder of the Southwest Conference links championship for the University of Texas.

Thirty-two players had scores of 18 or better Wednesday to qualify for match play in the championship flight.

Thirty-two players had scores of 18 or better Wednesday to qualify for match play in the championship flight.

has a winning ball club. The Phillies have taken eight out of 13 and four straight since their current home stand opened a week ago Tuesday. They won a pair from Chicago Wednesday night, 9-1 and 8-5, and moved within four games of the league-leading Milwaukee Braves.

The Braves kept a game in front of the Brooklyn Dodgers by edging New York, 6-5. The Dodgers hammered 13 hits off Cincinnati pitching to whip the Redlegs, 13-3. St. Louis won for the third time in 10 road games, 8-1 over Pittsburgh.

In the American League, the New York Yankees trimmed Detroit, 11-4, for their thirteenth straight and Cleveland nipped the Washington Senators, 3-1, for their seventh in a row. The Yanks lead the Indians by five and one-half games.

Boston moved into third place with a pair of victories over the St. Louis Browns, 11-2, and 3-2, with Jimmy Piersall equalling a major league record with six straight hits in the opener. Philadelphia edged Chicago, 2-1.

The big blows in Milwaukee's success were home runs by Eddie Mathews and Sid Gordon. Mathews' poke was his eighteenth of the season. Gordon's came with two aboard in the eighth and provided the winning runs.

Brooklyn broke open a 3-3 tie with three runs in the sixth and frosted the cake with seven more in the eighth.

The Cardinals got heavy hitting from Ernie Schnitzer, four for four, and Stan Musial, a double and a single in three trips.

Pinch-hitters Johnny Mize and Noel Behr sparked a seven-hit seven-run Yankee rally in the sixth inning.

Mike Garcia set the Senators down on four hits at Cleveland.

The Cards clinched the first-half championship of the South Little League Wednesday by dropping their closest foe, the Eagles, 9-1, behind the four-hit pitching of Bobby Fisher.

Bob Dickey paced the Cards' attack with two doubles and a triple in three trips.

Eagles 000 001-1 4 4
Cards 043 20x-9 8 2
Franklin, Curtis and Wallace, Fisher and Easterwood.

DUTCH TREAT—Puck Brouwer was a treat for track fans' eyes warming up for the 110-meter sprint at the Wealdstone meet in London. She ran second in the Olympic Games, is a former beauty queen of Holland. (NEA)

Sheriff's Posse Clips Sports To Earn Share Of West Title

The Sheriff's Posse scored three runs in the top of the sixth Wednesday to down the Sports, 13-12, and move into position to battle the Elks Friday for the first-half West Little League championship.

The Elks meet last-place Johnny's Barbecue Thursday, and if they win they will be tied with the Possemen for the lead.

Jimmy Poteet stole home after doubling in Bobby Dickey and Steve Brown to win his own game Wednesday. Poteet had moved up on an error permitting Bill Birch to reach first.

Mike Garcia set the Senators down on four hits at Cleveland.

Pinch-hitters Johnny Mize and Noel Behr sparked a seven-hit seven-run Yankee rally in the sixth inning.

The Cards clinched the first-half championship of the South Little League Wednesday by dropping their closest foe, the Eagles, 9-1, behind the four-hit pitching of Bobby Fisher.

Bob Dickey paced the Cards' attack with two doubles and a triple in three trips.

Eagles 000 001-1 4 4
Cards 043 20x-9 8 2
Franklin, Curtis and Wallace, Fisher and Easterwood.

State Skeet Shoot Opens

The firing opened Thursday in the twenty-first annual Texas State Skeet Championships at the Midland Gun Club, and when the shooting is over Sunday, some 60,000 rounds will have been expended.

This pinnacle of clay pigeon destruction has drawn the elite of the world's skeet shooters, for Texas is it that breeds the best marksmen as the past national skeet shoots records will attest.

They began drifting in Wednesday and by late afternoon the six shooting areas were reverberating with the sounds of exploding shells. Some 150 in all are expected.

At 8:30 a.m. Thursday, the championships took on an important aspect as the shooting opened in the 410 gauge division in all five classes—A, A, C and D. Next, came the 410 gauge event for the ladies followed by the Texas State Industry championship with the 410.

Other events on the day's program, which was expected to run through late afternoon, were the two-man team 410-gauge championship, the 28-gauge men's, ladies and industry events, and the 28-gauge two man team event.

Scheduled for Friday were the 30-gauge championships, men's, ladies, industry and two-man team. Among those present were such

names as D. W. Conway of Clint Fred Staacke of Randolph A. F. B. San Antonio, Col. O. T. Edwison of Bergstrom A. F. B. Austin, Grant Iseng of Houston, Charles H. Foulton of San Antonio, K. C. Miller of Tyler, Fred Alford, of Dallas, J. P. Skotts of Abilene, Wright E. Cowden, Clyde Cowden and George Glass, Sr. of Midland. Outstanding ladies on hand are Mrs. Fred Alford of Dallas, Miss Ann Maraovich of Fabens and Mrs. Alphonso Ragnard of Dallas. George Glass, Jr., 1952 state champion, is in Boulder, Colo. and will not defend his title.

Jimmy Clark's 66 Is New Oakmont Course Record

OAKMONT, PA.—(P)—The two experimental qualifying rounds of the fifty-third National Open Golf Championship have shown that the manufactured "monster," Oakmont, can be mastered like any mechanical toy.

Thursday 187 of the nation's best golfers set out in dead earnest to reassert their mastery of the storied golf course in the 72 holes of what used to be the entire Open.

All previous scores, including Jimmy Clark's six-under-par 66 that set a new competitive record for the 6,916-yard Oakmont course were wiped out with the start of the

tournament proper.

Not a player of importance failed to finish inside the qualifying limit of 156 strokes for the two rounds. One, Defending Champion Julius Bonas, was exempt. So about all that was proved by the new qualifying round, sharply criticized by some of the players, was that Oakmont can be licked.

That was done quite thoroughly by Clark, a 32-year-old touring pro who has won little more than peanuts in four years on the tournament trail. His round of 34-32-66 Wednesday was the best ever recorded in competition at Oakmont. And his two-day total of 138 earned him the qualifying medal and \$250 cash prize by a two-stroke margin over 1949 Open Champion Cary Middlecoff.

And the course over which only one player had broken 300 for 72

holes in two previous National Open Championships submitted meekly to a handful of other unswerving golfers.

Actually, the narrow, deep-roughed Pittsburgh Field Club course, where half the qualifying rounds were played, proved a tougher scoring proposition.

Long-hitting Chick Harbert shot a 66 there Tuesday—and skied to an 82 at Oakmont Wednesday. But three of the four rounds in the 60's were played at Oakmont and par was broken oftener there.

Ben Hogan, winner of three of the last five Open championships, qualified with ordinary rounds of 77-73-150. He hurt his back Tuesday on the first round, had it treated and then didn't notice it again until the last three holes Wednesday, when he tired and went five strokes over par. Still he's regarded as the man to beat.

BOYD HUFF FAILS TO MAKE LIMIT

Boyd Huff of Midland failed to qualify for the National Open Wednesday as he scored an 81 to go with his 79 for a 160 36-hole qualifying score. It took a minimum of 156 strokes to qualify.

Jack Harden of El Paso, whom Huff beat at the Lubbock sectional qualifying, breezed in under the wire Wednesday with a 79 for a 154 total to qualify.

The Civitans defeated the Pirates, 10-3, Wednesday in a Northeast Little League game. Glenn Dixon got a single, double and home run, and Johnny Young a brace of singles for the winners. Teddy Tredford got two of the Pirates' three hits.

Pirates 300 000-3 3 4
Civitans 101 17x-10 11 1
Fernandes and Tredford; Thornton, Bailey and Dixon.

About 2,500,000 American boys are Boy Scouts.

SPORTS HASH... Leo Gets In And Out Of Jam In Hurry

From Associated Press Reports
A wealthy New Mexico lumberman, M. R. Prestridge, has announced he and other Alamogordo, N. M., businessmen may bid for the Longhorn League's now defunct Winters-Ballinger franchise next Fall.

Lesbia Lobo, defending champion, advanced into the quarter-finals of the State Women's Public Links Tournament Wednesday.

Ernest Shadid, president and manager of the Gainesville Owls, has been suspended indefinitely by President Cal Clanton of the Sooner State League.

Leo Durocher, who in 18 hours talked himself into and out of a suspension by National League President Warren Giles, has agreed to a truce with the umpires.

Leo mouthed off that the umpires were ganging up on him and then retracted his statements.

Darrow Hooper, Texas A&M shot and discus star, has accepted a Humble Oil and Refining Company scholarship for the 1953-54 school year.

Then he'll enter the Army and hopes to make the 1956 Olympics.

Babe Zaharias returned to the golf links Wednesday but confined her golf to the Colonial Club's pro shop.

The Texas Longhorns and University of Houston Cougars appear to be two of the best teams in the NCAA baseball tournament which opened Thursday.

Texas plays Duke and Houston meets Boston College.

Man Described As Maniac Seized For Threats To Ike

NEW YORK —(AP)— A man described by the Secret Service as a maniac has been seized for allegedly writing death threats to President Eisenhower, Truman and Roosevelt. The suspect, who gave his identity as Albert J. Drewny, 40, was arrested Wednesday in nearby New Rochelle, N. Y., where he was reporting for work on a new job. "Object of a nation-wide hunt, Drewny was described as a 'homicidal maniac' by Secret Service Chief U. E. Baumgardner. From his office in Washington, Baumgardner said Drewny mailed a death threat to Eisenhower from Lancaster, Pa., sometime in March. The Secret Service head said Drewny was arrested in 1941 in San Francisco for writing threatening letters to President Roosevelt. Drewny also threatened the life of President Truman, Baumgardner said. Drewny further was described as having been in half a dozen mental institutions during the last 12 years. Secret Service men tracked Drewny to Manhattan Tuesday night. An employment agency head here

THIRD HEARSE IRKS ROBERTA

DALLAS —(AP)— When the third hearse pulled up in front of her home, pretty Roberta Lee almost felt like getting in. The Highland Park teacher had been harassed almost 24 hours by phone calls and stunts arranged by a so-called practical joker. Fifteen taxicabs turned up for a party of 45. When the cab driver left, night clubs called to ask when the party would arrive. Moving vans showed up for the furniture, a stove truck came after her fur coat and hearse came for her. Miss Lee told them she wasn't dead and called police.

TORNADO DEALS IRONIC TOUCH

WORCESTER, MASS. —(AP)— Undamaged by Tuesday night's tornado was this sign on the Worcester City Hall: "Worcester now leads the nation in safety. Help keep the record, now 15 deathless days."

JUBILANT GI'S—U. S. soldiers, dressed and armed for a night patrol against the Reds near Panmunjom, cheer as they hear the news that the path has been cleared for an armistice in Korea.

Permian Basin Oil And Gas Log—

(Continued From Page One)
a 5,500-foot bottom.
Location is 660 feet from north and east lines of the northwest quarter of section 16, block 40, T-1-N, T&P survey and 14 miles northwest of the city of Midland.
The new oiler is Magnolia No. 1-36989 University, Devonian Extension in the Magutex (Multipay) field of Northeast Andrews County.
It was finished for a daily flowing potential of 494 barrels of 42-gravity oil through a 12 9/16-inch choke and perforations at 12,572-12,808 feet. Gas-oil ratio was 816-1.
Location for the new oiler is 660 feet from north and east lines of section 7, block 8, University Lands survey and one-half mile north of the closest other Devonian production.
tion 11, GC&SF survey and 4,100 feet west of Strawn production in the Tankersley field.
Rotary tools will be moved in and drilling will begin at once.

Kirk Takes Potential At New Pool Opener In NE Nolan Sector

T. A. Kirk of Eastland No. 1 J. W. Lynch, wildcard in Northeast Nolan County, has been completed as a Caddo discovery from open hole pay at 6,048-6,120 feet.
The new pool opener was completed for a daily flowing potential of 149 barrels of oil and three barrels of water through a one-half-inch choke. Gas-oil ratio was 500-1. Gravity of the oil was not reported.
The new oiler is one and one-half miles north of the Faver (Ellenburger) field and 660 feet from east and 1,180 feet from south lines of block 299, Daniel Magee survey and four miles east of Sweetwater.

Magnolia Recovers Free Oil On DST At NE Crane Test

Magnolia Petroleum Company No. 5-16 Texas University, three-quarters mile south of Gulf Oil Corporation and Stanolind Oil & Gas Company No. 1-EH University indicated multipay discovery in Northeast Crane County, developed shows of possible production on a drill-stem test in lime and dolomite.
Test interval was 7,240-7,332 feet. Tool was open two hours. Recovery was 185 feet of free oil, gravity 25.2; 90 feet of mud-cut oil and 90 feet of slightly oil and water-cut mud and 420 feet of oil and mud-cut salt water.
Flowing pressure was 400 pounds and 15-minute shut-in pressure was 2,575 pounds.

Hill & Hill, Emco Will Dig Delaware Wildcat In Reeves

Hill & Hill and Emco Producing Company of Fort Worth No. 1 Hartford Accident & Indemnity Company is a new wildcat in Central-East Reeves County.
Drill site is 330 feet from north and west lines of section 50, block 4, H&GN survey and four miles northwest of Pecos.
Projected depth of the new venture is 4,600 feet to test the Delaware sand. Rotary tools will be used to drill the test, beginning at once.

Ellenburger Tester Set For SE Iron

Southwestern Natural Production Company will drill a 7,800-foot Ellenburger wildcat in Southeast Iron County.
It is No. 1 Tankersley Estate and is located 660 feet from south and 1,980 feet from west lines of section 11, GC&SF survey and 4,100 feet west of Strawn production in the Tankersley field.
Rotary tools will be moved in and drilling will begin at once.

Ellenburger Reached At Field Prospector In C-E Ector Region

The Ellenburger has been reached at Texas Gulf Producing Company No. 3 E. V. Headlee, Ellenburger project in the Headlee field of Central-East Ector County.
Operator found top of that formation at 13,090 feet, 11 feet low to the discovery well of the field.
More hole was being made below 13,174 feet in dolomite.
Location is 1,980 feet from west and 660 feet from north lines of section 17, block 41, T-2-N, T&P survey.

Lone Star Finishes Field Stepout In Scurry Region

Lone Star Production Company No. 3-B C. T. McLaughlin, one location stepout from production on the east side of the Diamond M. (Canyon) field in South-Central Scurry County has been completed as a flowing producer from the reef lime pay.
The new well is eight miles southwest of Snyder and 1,242 feet from north and 320 feet from west lines of the southeast quarter of section 184, block 97, H&TC survey.
It flowed 24 hours on the completion test through a 16 5/8-inch tubing choke and produced 192.83 barrels of oil. There was no water. Gas-oil ratio was 1,482-1. Flowing tubing pressure was 320 pounds.
The production came from an open hole between 6,725 feet, where the 5 1/2-inch casing is cemented, and the total depth of 6,742 feet. The pay section had been washed with 500 gallons of mud acid.

Coden Venture In Howard Plugs

Coden Petroleum Corporation No. 1 D. D. Crawford, Central Howard County wildcat, two and three-quarter miles east of Big Spring has been plugged and abandoned on total depth of 9,825 feet in lime and shale.
It logged slight shows of oil and gas, but not enough to make a producer.
Location was 675 feet from south and 760 feet from west lines of section 47, block 32, T-1-N, T&P survey.

Caddo Wildcat Is Set For Runnels

Thomas D. Humphrey & Sons, Ltd., staked location for a 4,300-foot Caddo wildcat in East-Central Runnels County as No. 1 Thomas C. Hall.
Location is 330 feet from north and west lines of section 153, ET survey and three-quarters of a mile southeast of the 3,800-foot Gardner sand discovery in the Beddo field.
Rotary tools will be moved in and drilling will begin at once.

Culberson Venture Plugged, Abandoned

The Texas Company No. 1-AK State, southwest offset to the Delaware sand discovery in the March pool of Northeast Culberson County, had been abandoned at total depth of 2,766 feet in barren Delaware sand.
It was located 660 feet from

Swords Of Union Speaks To D&D On Wednesday Night

E. L. Leonard Swords was the guest speaker for the monthly dinner meeting of the Midland Desk & Derrick Club Wednesday night. His subject was, "The Fundamentals of Geophysics." Dunson Dunaway of Shell Oil Company assisted Swords in his presentation by showing movie slides to illustrate the address.
Dunaway also screened a film produced by his company titled "Prospecting for Petroleum."
The organization voted to sponsor a \$1,000 membership in the Midland Women's Club after that matter had been explained by Fannie Boss Taylor and Mrs. Ernie Hughes, Given To Club.
The membership has been given to the D. & D. club by a Midland independent oil operator who desires to remain anonymous.
Reita Beights, vice president of the organization introduced the speakers.
Tom Smith of Odessa, editor of Drill Bit, oil industry magazine spoke briefly regarding the relation between his publication and the Desk & Derrick club.
New members introduced were Able Reese Harvey with The Western Company and Sue Guest of Seaboard Oil Company of Delaware.
Guests Listed
Guests at the meeting were, Donnie Blington with The Superior Oil Company; Pat Cannaday with The Western Company; Clara Jo Green and Dolores Benson with Great Western Drilling Company; Myrtle Alice Tool, with Shell Oil Company; and Jane Hasencamp with Diamond Oil Well Drilling Company.
Swords, the guest speaker, is an assistant division geologist for Union Oil Company of California for that company's West Texas division which covers West Texas and Southeast New Mexico.
The meeting was held at Ranchland Hill Country Club.

Red Chinese Crack Allied Defense Line Near Outpost Texas

SEOUL —(AP)— Chinese troops in almost regimental strength cracked through a main-line Allied position in Central Korea Thursday and fought off bitter counterattacks by South Korean forces.
To the west, troops of the 15th Regiment, U. S. 3rd Division smashed back six Communist attacks northeast of Chorwon as an estimated 8,000 to 10,000 Reds hit American and South Korean positions along the front.
The 3rd Division reported killing and wounding about 600 Chinese. A briefing officer said two Chinese battalions broke through the main-line position defended by South Koreans, then quickly reinforced to almost regimental strength—perhaps 3,000 men.
In the Outpost Texas area of the east-central front, Reds attacking along a 2,000-yard sector drove South Koreans from three important hill positions, the Army said.
Officers of the 8th South Korean Division estimated the Reds fired 54,000 rounds of artillery and mortar shells during the night and after dawn Thursday.
Some observers said the Chinese appeared to be trying to grab all possible territory before an armistice since ground won now may be a gain in the truce settlement.

Plainview Center Has First '53 Polio Case

PLAINVIEW —(AP)— The West Texas polio center here has received its first polio case of 1953. The victim, Mary Sue Travis, 15, of Brownfield, was described as not in critical condition.
The center treated 196 patients last year.
FROM BORGER
James I. Masters attended to business here Wednesday from Borger.

RETURN FROM TRIP

Mr. and Mrs. L. C. Rose, Gulf Camp, have returned from a visit in Sweetwater. Their son, Doony, who has been visiting in Monahans, returned to Midland Wednesday.

Runnels Prospector Dry And Abandoned

Davis Brothers Oil Company and Ab-Tex Drilling Company No. 1 W. F. Minzenmayer, wildcat in Central Runnels County, has been plugged and abandoned at 4,711 feet on elevation of 1,927 feet.
Location was 330 feet from north and east lines of the northwest quarter of section 58, block 45, ET&S survey and five miles southeast of Winters.
The test was originally filed as J. K. Hughes Oil Company No. 5 Minzenmayer.

That New Car Lands Franks Back In Grips Of Law Again

HOUSTON —(AP)— Former convict Alton Franks, who got \$19,000 from a prison buddy, wrecked his new car and got more traffic tickets Wednesday night.
The convertible made a sharp turn, struck a ditch and plowed into an open field. Neither Franks nor his wife Betty, 16, was hurt. Asked why he fled, Franks said he "just got scared and took off."
Franks was stopped for a minor traffic violation last week. Mayfield and Wright then found a revolver. The couple had planned to leave for Los Angeles to appear on a radio station.

Two Are Indicted On Bomb Violation

BONHAM —(AP)— Indictments alleging unlawful possession of a bomb have been returned against two Dallas men held as suspects in a bank burglary at nearby Trenton.
J. E. Donihoo and Adolphus Wurzburger were named by the Pannin County grand jury. Officers said the pair had a dozen dynamite caps, a pistol and sledge hammer when arrested in Trenton before dawn May 18.

RETURN FROM TRIP

Mr. and Mrs. Austin Six, 311 East Golf Course Road, have returned from a visit with relatives in Tulsa, Okla., and Dallas. Their daughters, Judith and Linda, remained for a longer visit in Tulsa with their grandmother, Mrs. H. A. Baker.

Sand Again Blows In Texas Panhandle, Plains, But No 'Dust Bowl' Is Likely

By The Associated Press
Sand blows again in the Panhandle and South Plains of Texas but it can't turn them into another "dust bowl."

Weather conditions are right for sand. Rains have been little more than sprinkles. Wind and sun burn the wheat fields and scorch the bleak ranges.

But great changes have been wrought in two decades. The region has matured economically, shifted its forces and developed its resources to withstand the adversities of nature.

The winds and the drought that scathed the Panhandle-Plains in the early 30's struck at a country whose main livelihood was agriculture and livestock ranging, vulnerable "dry land" operations. The blow that was almost a knockout fell during the worst economic depression of modern times.

Today there is no depression. What is perhaps more important, it is a changed and changing land that the wind blows over today compared to the Panhandle-Plains of the 30's.

Land, Water, People
The land, the water, and the people—these are the prime ingredients of any country. In the 30's, there was little water; what land wasn't blowing was dry and barren; and the people had to fight it out alone.

The plainsman still has his tenacity and now he also has other strong weapons. He has shaped the land and welded its resources into strong allies.

What are the changes? Principally they are these:
Development of underground water resources for irrigation.
Development of gas and oil resources and the related industries.
Decrease in rural population and the number of farms.

The shift of population to urban areas and the growth of the cities. The spread of soil conservation practices and the retention of surface waters.

These have not been independent changes, but intertwined and interrelated ones, each of which has helped to shape the others.
Steel Hats, Irrigation
The development of underground water has changed the farm picture of the Panhandle-Plains area and in doing so it has been a major factor in the changed population pattern. Oil and gas and resultant industries have made little cities big and big cities bigger. The steel hat of the oil field workers has become as much a symbol of the Plains country as the farmer's straw and the cattleman's Stetson.

Continued farm mechanization and soil conservation practices have tended to make fewer but larger farms. Soil and range conservation "know how," advanced mechanization, and in many instances irrigation, have developed better and more prosperous farmers.

Better and more prosperous farmers, with their soil tied down and money in the bank, are in a better position to weather the droughts and winds.

Cousin Of Midland Resident Interred

MINERAL WELLS — Mrs. Mary Walker, 66, of Mineral Wells died last week at the home of her daughter, Jewell Smith of Mineral Wells, following a long illness.

Services were conducted at the Baum-Carlos Funeral Home in Mineral Wells Saturday with interment in Greenwood Cemetery in Fort Worth.

Survivors include her daughter, Jewell; one brother, Robert Walker of Frankston; and five grandchildren. A cousin, Mrs. Wesley Paddock of Midland, attended the service.

A wolf to symbolize the Remus and Remus legend and an eagle to symbolize the Roman standard are kept in the heart of Rome.

Author Unable To Solve Mystery

"Say," asks the man at the filling station, while he was running some gas in the car, "who writes those ads for the paper?"

"We had gone to bed the other night," when the phone rang and some guy's weeping voice, with a background of juke box music, rasped out, "I've got a bet up on this, buddy, who writes those ads?"

"One of our friends buttons holes us in the postoffice. 'Where do you get those ideas for the ads?'"

"Dingbust it, we don't know! We don't really write the ads, we just report them to the rest of you. It's you, and you, and you who really make the ads, everytime you take home a sack of that superbonded Turf Special Organic Fertilizer, or make life easier with the purchase of one of those slick Jacobson Power Mowers. All we do is set them down on paper, and slip in a line or two of advertising, like we did right here."

But, the one that ties it, follow. One of our nice lady customers tells us that her kids won't go to bed at night until she has read them the Turf Special advertising. Hot! Hum! Here we are yawning again. Time for bed.

Pecos, Toyah Conservation Areas Note 10-Year Record

PECOS—With cultivation at its highest acreage in history, officials of the Upper Pecos and Toyah-Limpia Soil Conservation Districts this week released a progress report showing the giant strides made in conservation in this area during the last 10 years.

Toyah-Limpia cooperators can boast the oldest district, it having been originated in 1940. At the end of 1941 the district had received 26 applications for technical assistance on 200,000 acres of land.

Fourteen agreements were prepared and approved on 82,222 acres. At the end of 1952, the district had received 221 applications for assistance on 1,180,000 acres and 945 plans had been prepared and signed. There were 164 active conservation plans on 831,138 acres of land.

J. O. Kingston, Toyahvale; L. W. Stone, Alpine; R. H. Bell, Saragosa; H. E. Sproul, Fort Davis; and S. M. Watts, Pecos, are district supervisors.

The first annual report made by the board of supervisors of the Upper Pecos district in 1947 showed there had been 44 applications with 34 approved. Different practices

PECOS MAN GETS DEGREE
PECOS—Dr. W. J. Nelson, son of Mr. and Mrs. Joe Nelson of Pecos, received his M.D. degree in Galveston this week. He attended East Texas State College and the University of Louisville. Nelson will serve as an interne in Fort Worth.

then as compared to 1952 were cover cropping—275 acres (11,878), crop residue management—84 acres (1,271), range improvement—55,175 acres (220,212), seeding of range and pasture—21 acres (633), irrigation land preparation—24 acres (36,110), improved water application—300 acres (38,449).

Hawaii grows 25 per cent of all sugar produced under the United States flag in an area less than that of New York City.

Youth Center Chatter

By NANCY LOU KLEINGLER

In the good old summertime, in the good old summertime, strolling through the shady lane (where's a shady lane around here?) Hmm that's all the song we know. Oh, well!

Have you noticed the new Summer schedule? If you haven't seen it please observe it. The Youth Center will use those hours for the rest of the Summer.

Z-z-z-z-z! There went a red convertible! Wonder whose it was? Now we recognize it. It's Mona Leigh's white convertible with a red paint job on the outside. You surely have fooled a lot of people with it, Mona.

Tuesday night Ardith Campbell came flying in the Youth Center yelling, "Guess where I'm going to go pretty soon?" No one knew, so Ardith got to tell us. She's going to Acapulco, Mexico. If you have any advice to give Ardith, please give it to her.

The various swimming pools over the city have been attracting the attention of many, many Midlanders. Everyone has been coming to

the Youth Center with sort of a reddish cast of their skin.

"Peter Pan" seemed to attract quite a few "Bess" as well as those still in school, Patsy Yeager, Jojo Newberry, John Pettit, Ray Young, Bessie Sorrell, Katherine Carter and James Johnson were a few of the ones seen, while those still in school were Ruth Ann Dickenson, Barbara Gline, Don Evans, Kenneth Schrum, Sally Houston, and many more we didn't get. They all seemed to enjoy it as much as the little folks did.

Headed For Colorado

Dona Ingham has left her old stomping grounds for the Summer. She has gone to Colorado to stay on their ranch. From what we've heard from her, the weather seems to be a little bit cooler up there than it is down here.

Also on their way to Colorado is the Mashburn family. First they went to California and from there on back to Colorado. Coach will be back in time to start registering all of the lucky kids who get to go back!

About seven Texas Tech football players came in the Youth Center Tuesday night to see John Tom Baker. At first it sort of had everyone puzzled—then we remembered Myrt's real name. It looked as though it turned out to be a Tech reunion.

Glad to have Sylvia Kroenlein back in our midst once more. We think she is going to go to school here in Midland next year. Sylvia attended Hockaday this past year. The three ping pong tables seem

to be going all of the time. Sure must be a lot of ping pong enthusiasts in the Youth Center. They seem to be attracting more attention lately than the pool tables have. One table actually was empty the other night. Maybe they are fixing it, don't know.

At night, everyone seems to be enjoying the lawn, or at least they set like it. Yes, everyone likes to go out and sit on the steps. When the concrete gets hard they all come in for a little while then back out again they go.

Cool and Comfortable

It's really cool and comfortable in the Youth Center now with the air conditioner going full blast. Also, Paxton Howard loaned his portable air conditioner for the Summer and everyone seems to be enjoying it very much.

While speaking of the portable air conditioner, John Crowley seemed to be taking advantage of it by just standing in front of it for about 30 minutes.

If you can't think of anything to do during the Summer, ask Retta Hazlip, Jane Calley and Margie Miller, what there is to do. The other night they thought up so many things that could be done around here IF. Finally Don Frits and Paxton Howard, Jr. took them out to the rodeo.

Summer school is quite a popular place. Maybe it is quite a place but not so popular.

Wonder where the feminine voice was that called Milton Jones the other night at the Youth Center? Wilton said he was staying with his grandmother and she was phoning to tell him to come home, but the time was only 8:25, so must not have been grandma. Must have been Othanna Gadberrry.

The Hornets whipped the Eagles last week in a thrill packed game. Wayne Cooper hit a triple and Jack Harris was reported to have played a good game. (Guess who gave us that information? Couldn't be two sisters could it?)

Congratulations to Dan Ratcliff and Ann Beauchamp for being the best clowns in the rodeo parade. They rode tricycles all during the parade except at the end when Ann gave up and another clown pushed her in the wheel barrow.

Tommy Underwood is one of the very few who haven't had their hair cut for the Summer season. Tommy's hair is longer than never. Looks real nice but wonder if it ever gets hot?

Wonder who the three girls were who went out to the Driscoll Ranch west of town? They seemed to have had quite an exciting adventure

Jersey City Takes Romance From Daily Off-To-Work Ritual

JERSEY CITY — (AP) — Husbands can't kiss their wives at Journal Square bus stops any more.

Louis Grasso, president of the Central Avenue Bus Line, appeared before the Hudson County Board of Commissioners Wednesday to complain about amorous husbands.

He said buses can't pull into their regular stops in the morning because too many husbands, in automobiles, are kissing their wives goodbyes as they part for the day.

Commissioner President James Clark putting himself on the side of "kissless bus stops," ordered police to keep the cars out of bus zones.

THIS WITNESS DIDN'T MUMBLE

READING, Pa. — (AP) — The main witness against Francis Pivalls was a mongrel dog named Skippy.

He came into Berks County Common Pleas Court to display burns he received when Pivalls threw a bucket of scalding water on him.

Skippy, however, barked so much that Judge Robert Mays ordered him out of the courtroom.

Pivalls was convicted of malicious maiming of a domestic animal. Sentence was deferred.

Monday night.

Jim Atwill seems to have the record bug. Yes, everytime we see Jim he's buying or listening to new records. Just the opposite is Don Fritz. Don is the camera bug around town. But no more does he have the bug. The reason he went around taking everyone's picture was that he was snapshot editor for the Catalico.

Myrt To Canada

Myrt is going to Canada on his vacation. When we asked him when he would leave he said he didn't know.

New equipment has been ordered for both of the pool tables. Should be here pretty soon.

Here's the good news! Finally he gave in and let us have one. There will be a BULLDOG STOMP Saturday night starting at 8:30 and winding up at 11:30. This dance is for members only. You MUST have your membership card in order to get in. If you've lost your card be sure and talk to either of the directors and arrange something with them. Don't forget Saturday night at 8:30.

That's it for this week, so adios until next week at this same time.

PILES Hurt Like Sin! But Now I Grin

Get speedy relief from misery of piles. Amazing formula developed by famous 12-year-old Rectal Clinic brings fast palliative relief from sagging pain, itching, soreness. Helps nature shrink swelling, soften hard parts. Makes life worth living again—get the medication proved by experience with 71,000 clinic patients. Get **Therose** with 71,000 clinic patients. "You never had it so clean!"

Never before Tide was it possible to get your family wash so clean!

NEVER BEFORE SUCH CLEANING POWER!

When science brought you Tide, it gave you the greatest cleaning power the washday world had ever known . . . a cleaning power that got clothes CLEANER than any other washing product you had ever used. TID Tide came along, you never had it so clean!

SO MILD! SO SAFE!

And now Tide combines its terrific cleaning power with wonderful mildness. Tide is so kind to hands . . . more so than any other detergent known. And Tide is so safe for all wash colors. Colors love Tide's gentle suds!

DAZZLING WHITE CLOTHES! NO BLEACHING! NO DYEING!

Except for stubborn stains, no need to bleach! No need to dye! All by itself, Tide gets shirts, towels, sheets so dazzling WHITE, you'll be amazed! Try Tide—see for yourself!

No wonder more women use TIDE in their automatic washers—in fact, in all kinds of washing machines—than any other product!

Nothing Else Will Wash as Clean as Tide —yet is so mild!

No washday soap—no other detergent known—

Locations For 40 New Sites Set In WT Area

Locations for 40 new petroleum explorations in district No. 3 of Texas were reported to the Midland office of the Oil and Gas Division of the Railroad Commission of Texas during the last week.

Seven wildcats were reported in the area. Andrews County reported two of the new prospectors. The remaining new wildcats were divided one each among Gaines, Garza, Midland, Pecos and Yoakum Counties.

Crane and Glasscock Counties led the list of field projects with four each. Cochran, Gaines and Pecos Counties each reported three new locations.

Andrews, Ector and Reeves Counties each reported two new explorations.

The remaining new sites were staked one each in Dawson, Garza, Hockley, Howard, Kent, Loving, Midland, Sterling, Terry and Ward Counties.

Andrews County
Wildcat—The Texas Company No. 1-1 State, 2,096 feet from south and 2,109 feet from east lines of section 22, block 12, University Lands survey, rotary to 10,800 feet.

Emma (Holt)—Leland Fikes of Midland No. 2-H University, 990 feet from south and west lines of southeast quarter of section 35, block 10, University survey, rotary to 5,750 feet.

Block 11 (Devonian) — Superior No. 2-11-B University, 660 feet from north and 1,650 feet from west lines of section 27, block 11, University survey, rotary to 10,000 feet.

Amended: Wildcat—Magnolia No. 2-2A Faaken Block, 660 feet from north and 1,980 feet from east lines of south half of section 12, block 42, T-2-N, T&P survey, rotary to 12,800 feet, to change field name and permit depth.

Wildcat—Fred Turner, Jr. of Midland No. 1 J. E. Parker, 1,842 feet from north and 1,873 feet from east lines of section 19, block A-44, pal survey, rotary to 8,000 feet.

Cochran County
Slaughter—Warren-Bradshaw Exploration Company of Tulsa No. 3 C. S. Dean, 440 feet from north and west lines of labor 11, league 20, Lipscomb CBL survey, rotary to 5,100 feet.

Levelland—Cities Service No. 7-A Starnes, 800 feet from north and 1,772.8 feet from east lines of section 11, block A-44, Harrison & Brown survey, rotary to 5,050 feet.

Levelland—Landa Oil Company of Dallas No. 1 F. O. Masten, 660 feet from east and south lines of labor 7, league 152, Randal CBL survey, rotary to 5,300 feet.

Crane County
Sulphur Hills (Tubb) — Oulf No. 190 W. N. Waddell, et al, 1,980 feet from south and west lines of section 19, block B-26, pal survey, rotary to 4,700 feet.

Jordan—T. M. Evans of Dallas No. 2 and No. 3 University, No. 2 is 990 feet from south and 380 feet from east lines of southwest quarter of section 14, block 35, University, No. 3 is 1,850 feet from south and 330 feet from east lines of southwest quarter of same section, block and survey, rotary to 3,700 feet.

Amended: Unnamed — Magnolia No. 5-17 Texas University, 660 feet from north and east lines of section 16, block 30, University survey, rotary to 12,000 feet, to change permit depth.

Block 31 (Devonian) — Murphy Corporation, et al of Odessa No. 1 University, 660 feet from south and west lines of section 14, block 31, University survey, rotary to 10,000 feet.

Dawson County
Mungerville (Pennsylvanian) — Cities Service No. 2 Brennan, 1,650 feet from south and 467 feet from west lines of section 78, block M, EL&RR survey, rotary to 8,700 feet.

Ector County
Amended: Yarbrough & Allen — Humble No. 24 Yarbrough & Allen, et al, 660 feet from south and east lines of section 17, block B-14, pal survey, rotary to 10,900 feet, to deepen.

pany of Odessa No. 1-B Brokage, 230 feet from north and 570 feet from west lines of southwest quarter of section 4, block 28, H&TC survey, rotary to 3,000 feet.

West County
Cogdell (San Andres)—Chapman & McFarlin No. 16-B-A D. M. Cordell, 1,140 feet from north and 1,401 feet from west lines of section 772, block 97, H&TC survey, rotary to 2,000 feet.

Loving County
Mason, North (Delaware Sand)—Ohio No. 8-A Minnie Kyle, 2,310 feet from south and 990 feet from west lines of section 10, block 35, T-1, T&P survey, rotary to 4,100 feet.

Eisenhower Sword Traced In Germany

BELOGRADE (AP)—Discovery of an ancient, artistically wrought sword in the little Slovenian town of Lasko has excited Yugoslav antique experts upon learning that the blade bore the engraving "Eisenhauser."

Hopeful of establishing a historical link between the family of the President of the United States and this country, Yugoslav authorities sent a picture of the sword and details of its discovery to German experts with a request for information on its origin.

The Germans experts replied the sword probably was forged somewhere around 1700 in Germany and that the inscription probably was that of the craftsman rather than of the owner.

Sweden has about one automobile for every 20 people.

New Liquid Kills Roaches and Ants

Scientists Discover Easy Way to Kill Crawling Insects

ROACHES and ants are the most difficult household pests to control and they can be brought into the home at any time. Science has recently discovered a colorless brush-on insecticide that not only kills, but controls crawling pests. It is called Johnston's NO-ROACH.

Developed after years of research, NO-ROACH is an invisible, odorless, stainless liquid, so powerful that one application remains effective for months. Best of all, NO-ROACH may be brushed on, without having to move your pots and pans. It is not a contaminating spray or messy powder.

Farmers In Reeves, Loving Get \$83,985 Conservation Funds

PECOs — Reeves and Loving County farmers received a total allocation of \$83,985 to assist them in carrying out approved soil conservation practices during 1952.

This was revealed in a recent bulletin released by Marjorie Smart, administrator of the Reeves and Loving PMA Office.

Of the total, \$78,833 went to 127 Reeves farmers and \$7,152 went to seven Loving County farmers.

Reeves County approved practices were 397.7 acres land leveled, 16.6 acres grade restored, 875 cubic yards permanent irrigation reservoir, 33 farms reorganized irrigation systems, 48,186 feet of pipeline installed.

Also, seven stock wells totaling 1,490 feet, six dams or reservoirs for livestock water, 186,891 pounds superphosphate applied, 64,043 acres deferred grazing, 1,627 pounds seeded to permanent pasture grasses and 12,200 acres planted to winter legumes.

In Loving County, the assistance went for one stock well totaling 125 feet and 42,843 acres deferred grazing.

The PMA administrator also announced that \$7,773 bales of Reeves County cotton was placed in the 1952 loan program and to date 1,264 bales have been redeemed and notes paid.

When Venus is closest to the earth it is 26 million miles away.

Reeves Man Trains; One Now In Korea

PECOs—Word has been received of two more Reeves County men who are serving in the armed forces.

Pfc. Roger Gallardo, son of Mr. and Mrs. Pedro Gallardo of Pecos, recently completed his Marine training in San Diego and is undergoing combat training at Camp Pendleton.

He volunteered for service March 11, before entering the Marines he was a freshman at Pecos High School.

Pvt. Ines Hernandez, son of Mr. and Mrs. Roman Hernandez of Balmorhea, has joined the Third Infantry Division in Korea. The Third Division has participated in many of the Korean battles.

Pvt. Hernandez entered the Army last November. He worked in Pecos before going into the Army.

Midland's National Guard Unit Awarded State Rating

FORT HOOD—Midland's Company B of the 11th Armored Cavalry Regiment, Texas National Guard, received a nineteenth place rating in unit achievement at a recent ceremony here which saw Company A of Brownsville become the first unit of that regiment to get the Lt. Jack Knight trophy as the Regimental Honor company.

Presentation of the award was made by Mr. and Mrs. Roy Knight of Millap, parents of the World War II hero who was killed in Burma during action for which he posthumously received the Congressional Medal of Honor.

Governor Allan Shivers reviewed the troops of the 11th after the Honor Award presentation, then met with officers of the regiment at a reception following the ceremonies.

Awards are made on a point system which included Summer field training, annual inspections, attendance during the year, ordnance inspection and the like. Company A, commanded by Lt. John P. Owens, had 95 of a possible 100 points.

The Midland company got 70 points.

Also on the reviewing stand with the governor and Col. Frederick Weston, commander of the 11th, were Lt. Gen. Ernest O. Thompson, commander of the Texas National Guard; Major General K. L. Berry, Adjutant General of Texas; Brig.

Gen. Edward G. Ferrand, deputy commander of the First Armored Division; and Brig. Gen. Arthur P. Watson, 90th Division commander.

Lt. Gen. John E. Dalquist, Fourth Army commander, inspected units of the 11th in the field Tuesday.

Thursday afternoon the troopers will return to their tents from their bivouac areas where they have been since Monday. Saturday will find the 1,451 present in camp on their way to their homes.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor kidney irritations due to cold or wrong diet may cause getting up in the morning or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used occasionally by millions for over 60 years. It's amazing how many times Doan's gives happy relief from these discomforts—helps the 15 million of kidney troubles and fixes them out waste. Get Doan's Pills today!

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little PASTERIN on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get PASTERIN at any drug store.

GUARDING AGAINST PHONIES—

Kinsey Report On Women Previewed; Due August 20

By ALTON L. BLAKESLEE
Science Reporter

BLOOMINGTON, IND. (AP)—Dr. Alfred C. Kinsey will disclose his zealously guarded findings about the sex life of women in 10 weeks, on August 20.

Newspaper and magazine writers here this week are reading proofs of his long-awaited book, "Sexual Behavior in the Human Female."

They are pledged not to tell anyone but their editors what the book says until August 20. The Kinsey book itself actually will be published "a few weeks later."

One reason for the secrecy is to prevent some book authors from jumping the gun—publishing what purports to be condensations of the female book, Dr. Kinsey explained.

Five "Cheaters" Ready
"There are five books, to my knowledge, which hope to beat us out as condensations," he said. "One already is in type, with just blanks to be filled in with our actual data as soon as the author can learn it."

Dr. Kinsey said he had refused an offer of \$100,000 from one publication for exclusive rights to the female book. As with the book on sex life in men—which sold 250,000 copies—all income from this book will go to Kinsey's Institute for Research here at Indiana University.

Research here at Indiana University. Kinsey is permitting these confidential pre-readings, he explained, because he wants the public to have the widest opportunity to learn, factually, what has been discovered through interviews and other studies of women.

Study Takes Time
The female book has been in preparation 15 years—the book on men took nine years. The women's book will be a "human document," organized differently from the 800-page book on males.

Publication had been expected earlier, but there was just too much information to be collected and analyzed, Dr. Kinsey said.

"People have advanced many reasons for the delay," he remarked. "Some said it was because of censorship. Others said it was because women wouldn't talk. Others said it was because the women talked too much."

Other Works Due
This second book is part of a long-range project to learn all kinds of facts about sex behavior in humans. Underway simultaneously are studies of sex offenders and conflicting sex laws; sex life in institutions; homosexuals; development of sex attitudes in children; sexual factors in marriage adjustments; physiological studies of sex; prostitution; and erotic elements in art.

Already, 16,500 confidential personal case histories have been taken, 40 per cent or more by Dr. Kinsey himself. Only about 10 per cent of all this information has gone into the first two books on men and women.

Toastmasters Tack Aliases On Each Other In Fun Event

Midland Toastmasters felt nicknames crashing round their necks this week as they launched into a "very man for himself" meeting.

"It was Jerry (Hairy) Harris' idea," wailed J. R. Braue, club officer. "Each of us drew cards and all who held a club were destined to take part in the program."

Ace of Club holder was J. R. (Rack 'em Up) Brack—who was chief Toastmaster. His top duty was to introduce other club-holder speakers.

First, Bob (Superb) Conaway assumed that Ralph Smedley, founder of the Toastmasters Club, had walked into the room. He showed due respect by introducing each and every member to the non-existent guest.

Then, came Guy (Pop) Brennehan, who spoke of "that man is guilty."

Taking the entire audience as the "guilty person," Brennehan accused the "person" of taking candy from a baby girl. He demanded the death penalty at the end of his "impassioned plea."

Unscrambling the inscrutable took

a five-minute beating by Bob (Lion) Pine, followed by Bruce (Bunny) Shade who gave an "on-the-scene" report from the midst of a Guatemalan revolution (he's been through six).

"We had one serious note to the program," Braue confessed. "Topic Master Goodrich (Hades) Hejl gave a very fine talk on whether it is feasible to have the government go into the water business through flood control, dam construction and the like in the Northwest United States."

General critic was William Donald (Wild Bill) Senter, who introduced the four critics, Jim (Clinging) Ivey, Uncle John Braue, Wesley (Teacher) Martin and Chuck (Upper) Chambers.

Grammarians were Tom (Groom) King and Dr. L. (Doc) Walsh, Timekeeper was Oindo (Geronimo) Oiraro.

The Toastmasters meet each Tuesday evening.

Pecos Girl Graduating From Nursing School

PECOS—Mrs. Eliza Calderon Morales, daughter of Mr. and Mrs. Sllgio Calderon of Pecos, will be a member of the July graduating class at the Hotel Dieu School of Nursing.

She has been a member of the student body choir, voted the best student nurse, a member of the Children of Mary Solidarity, received the merit chart medal, member of the student council and attended a three month course in psychiatric nursing.

CHRISTIAN SCIENTIST CENTER—Headquarters for all Christian Science churches is the Mother Church, The First Church of Christ Scientist, in Boston, Mass., shown here from across the park maintained by the denomination. The domed building is the Extension, dedicated in 1906, and adjoining it, with chime tower, is the original edifice, dedicated in 1895. The Christian Science Church was founded by Mary Baker Eddy in 1866. She published the Christian Science textbook "Science and Health with Key to the Scriptures," in 1875.

Retiring Pecos Postmaster Watches 20 Years Of Growth

PECOS—Retirement June 30 of Pecos' popular Postmaster Morris Collie will end 20 years on the job. Collie has watched Pecos' tremendous growth and has seen an equally amazing amount of business be handled by the post office.

Only last year, the gross receipts of the post office rose to the \$11,112 mark. This figure is huge compared to the total registered in 1935 when the post office moved from a nondescript old building downtown to its present Pecos Federal Building. That year \$17,000 was the total.

Born in Lebanon, Ky., Collie moved to El Paso in 1902 and began a long and colorful career with the Mountain State Telephone Company.

He recalls one of his most interesting experiences during that time. It was during the Villa revolution in Mexico and the Mexicans were fighting just across the river from El Paso.

Francisco Madero, fighting with Villa and later President of Mexico, wanted a phone and Collie was sent to install it. He had occasion to talk several times to Villa, Madero and the others and still has souvenirs of the experience.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE—

It sloughs off the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG, keratolytic fungicide, T-4-L, at any drug store. If not pleased in ONE HOUR, your 40c back. Now at Cameron's Pharmacy.

He came to Pecos as division manager of the telephone company and in 1923 resigned to open his own business which is still operated by his son. Collie helped found the Electric Gin in Pecos and even then the gin processed 3,000 bales of cotton per year.

Collie was appointed postmaster July 1, 1933, by President Franklin D. Roosevelt.

ROUND AND ROUND—Two brave passengers—and one who's not quite sure about her whirling steed—hang on tight as they make the rounds at Cole Park. Providing the power for this summertime ride is Mrs. Dorothy Tolle, 1721 South Atlanta Street. The little girl crouched in the center probably is having the time of her life—but she's taking a safe view of things.

Congressmen Tout New Drug Made From Bean Sprout Juice

By ED CREAUGH
WASHINGTON — You've heard of "wonder drugs" extracted from the bile of oxen (cortisone). Now comes a new medical product discovered, of all places, in the mung bean sprout juice vat of a chop suey kitchen.
B-N-G tyrosinase is the name approved by Food and Drug officials for this new substance. It's still undergoing tests by the doctors, but several members of Congress say there's nothing like it for the treatment of burns.
It's a little unusual for a medical discovery to be touted by congressmen rather than disclosed by learned writers for scientific journals. But Representative Wickersham (D-Okla.), who first called his colleagues' attention to it several weeks ago, says B-N-G tyrosinase is a highly unusual drug.
So does Representative McMillan (D-C), the latest House member to report on B-N-G tyrosinase in the Congressional Record. McMillan said it's been used on his young son and "worked as a magic."

"I have never seen any type of medicine that could compare with it in combating second and third-degree burns," declared the South Carolinian.
Starts With Explosion
Here's the story, as the Record gives it, of B-N-G tyrosinase's discovery.
One day in 1944, two men named Zaremba were boiling down scraps to make hog food in a chop suey canning plant they operated in Oak Lawn, Ill. A boiling vat exploded, scalding almost a dozen employees. While waiting for ambulances, fellow employees applied the only liquid they could lay hands on—mung bean sprout juice, extracted from a bushy annual legume and much fancied by chop suey eaters.
Doctors in Chicago hospitals, the account goes on, were astonished to find no blistering, no pain and no shock in any of the scalded patients.
So medical science took over and extracted the healing substance now known as B-N-G tyrosinase from the mung bean sprout juice.
Case After Case
The interested congressmen—none of whom is known to represent a mung bean sprout juice producing district—give case after case of seemingly remarkable recoveries after treatment with B-N-G tyrosinase. One is an Arlington, Va., boy burned so badly his skin came off with his T-shirt. One application of the new drug and he stopped crying, slept well that night and wanted to go out playing the next day.
McMillan says the University of Illinois is making tests of B-N-G tyrosinase now.
"I am delighted to learn," he adds, "that some of the armed forces are considering using this medicine. I believe that it will prove to be a lifesaver to thousands of veterans who receive burns while in battle or in service."

Troops Stationed At Infamous Dachau Concentration Camp Find Plenty To Do

By GRACE HALSELL
Reporter-Telegram Special Correspondent
DACHAU, GERMANY — Texans such as Lt. Ewald H. Hammett of Waco who are stationed at this former infamous concentration site where human beings were thrown into flaming ovens as so many cords of wood, say they stay busy enough on their Army jobs to have little reminder of the inhuman crimes committed here.
"It really is almost impossible to realize—to get it into your mind—that such things can happen in this age," Lieutenant Hammett said.
The concentration site is located only a short distance, about five minutes' walk, from the Dachau Detachment of Munich Military District.
The Texas officer, who has been here only two months, is assistant executive officer for the detachment. He is studying German, enjoying the lakes near Munich—as beautiful as ones can find in Europe—and, he says, "trying to learn as much as I can while I am over here."

Another Korean veteran now at Dachau is Pvt. Bobby Patterson, 31, of Bonham.
"They said Korea was just 'police action,'" he recalled. "When I got over there, I was ready to turn in my police badge."
The tall red-haired Texan, son of Mr. and Mrs. T. W. Patterson of Bonham, now is a jeep driver at Dachau.
"Texans make good drivers . . . and good lovers," he kidded.
Asked how he liked the European girls, he said "These will do for the time being."
The private has a brother, Billy Patterson, attending the University of Houston.
Other Texans stationed at Dachau to whom Lt. Hammett talked are:
Pfc. Blas Herrera, son of Mrs. J. R. Gonzalez, 1115 East Vandell, El Paso, a jeep driver here, who says he misses the states "because it's just not the same here as in the U. S. A."
Pfc. John Shuster, Jr., 18, son of Mr. and Mrs. J. D. Shuster of Vosh, who is in charge of field equipment and does some cooking

in the field from one of the big mobile kitchens.
Pfc. O. D. Wilson of Lubbock, who never had been over to the Dachau camp "because they tell me it's not very pretty."
Cpl. Loyal Bond, son of Mr. and Mrs. T. D. Bond of Bonham, a gunner here. He is married to the former Bebe Brackett of Bonham and they have a child, Vicky Lanette. Bond misses home, his wife and child. "I don't like anything about being overseas," he said.
Pfc. Juan Lopez, son of Mr. and Mrs. A. Lopez of El Paso, overseas since March, 1952, who thinks the Dachau Detachment "not too bad."
Pfc. Farrell Williams, a Waco resident who says home will look good to him. He was very happy to get news from home and learn that none of his family or close friends were injured in the tragedy which struck there.
An early newspaper, the Observer in England, reported the Battle of Trafalgar without headlines, according to the Encyclopaedia Britannica.

Stanley Companion Saluted In Africa Amid Old Wrangle

LUANDA, PORTUGUESE ANGOLA — A long forgotten old man suddenly has become the center of a dispute of generosity between Belgian Congo and Angola newspapers. He is Manuel Nunes Teixeira, the last surviving companion of the great Stanley.
Teixeira was taken on by Stanley while he was 16, when the explorer, who had just been sent to the new Congo Free state, created by the Berlin conference, stopped over at Madera. Teixeira accompanied Stanley on many a trip until he settled on the Angolan side of the Congo-Angola border near Maquela do Zombo. Teixeira never made a fortune and, at 87 now, has a rather hard time.
At least three Congo newspapers have asked that the Belgian government pay a pension to the old man and invite him to the forthcoming inauguration of the new monument that is to be built in Leopoldville in honor of Stanley. The Luanda press answered by asking that the Angolan authorities should not tolerate a Portuguese to live from foreign charity and that they should grant him a pension.
Maine's forests cover 16,788,000 acres, or 84 per cent of the total land area of that state, and greater than the combined forest area of all other New England states.

FUNNY BUSINESS

"Storm nothing! It's Chief Red Nose and his mother-in-law, each trying to get in the last word!"

Flight Packs Aid Handicapped Persons

DALLAS — The flight packs you thumb through to while away part of the time on air trips may have been prepared by physically handicapped persons.
Year-round employment is being given three handicapped persons by a national air line with headquarters in Dallas through a contract with Goodwill Industries, a Community Chest agency.
The workers assemble 30,000 flight packs a month. Each cellophane bag contains items such as maps, luggage stickers, post cards and travel information.
The dome on a railroad tank car permits the liquid in it to expand.

Bukils Hone Their Teeth For Spring War Or Wedding

MANILA — The Bukils have their neighbors teasing again. They're sharpening their teeth and usually this means one of two things: war or marriage.
The Bukils are tiny, kinky-haired Negro tribesmen. They inhabit the rugged Zambales Mountains, northwest of Manila and still adhere to the customs of hundreds of years ago.
The Bukil men chisel their teeth with knives. The idea is to get them as pointed as possible before they set out on the hunt—for either an enemy or a bride.
A tribal war would mean poison arrows in the dark, ambushes, abductions and cattle-rustling, but observers among neighboring Negrito clans are inclined to minimize the preparations of these fierce little men. They say the Bukils are not using red coloring on their teeth—usually an important item in their war paint.
Spring is considered the ideal time for mate hunting according to Bukil legend, but marriage to a Bukil is no fun either. It means financial worries for the girl's parents—a

dowry large enough to last the bride for a lifetime. It also means the girl's parents have to pay her expenses when she is ill or when she delivers a child.
Pecos FFA Boys Feed 19 Lambs For Contest
PECOS — Ten Pecos Future Farmers of America are feeding 19 lambs to enter in the State Fair in Dallas this year. Lloyd Rumsay, vocational agriculture teacher, has announced.
Boys feeding the lambs include Alton Waldrop, Joe Taylor, Kevin Baker, Marcos Martinez, Bill Price, Dan Davis, Jimmy Wheelers, Earl Woodley, Gary Elliott and Henry Elliott.

California Well Nears 19,000 Feet
BAKERSFIELD, CALIF. — The deepest oil well in California is down 18,781 feet, or more than three and one-half miles. An Ohio Oil Company spokesman said the depth broke the previous State record set by Superior Oil's Limonera No. 1 in Ventura County, which bottomed at 18,734 feet before it was abandoned in 1949.
He did not say how much deeper the record breaker would be sunk. Only two wells have gone deeper than the Ohio Company well, he said.
Superior's Pacific Creek well in Sublette County, Wyoming, set the world mark in 1950 at 20,521 feet. It later was abandoned as a dry hole.
The second deepest well, he said, was a 20,450 foot duster drilled several years ago in Mississippi.
Water is about 800 times as dense as air.

GREATEST SHOW FOR TOURIST MASSES

England Has Proudest Hour In Crowning New Monarch

By FATE ABBOTT
Reporter-Telegram Staff Member
LONDON, ENGLAND (By Air Mail) — In the coronation of a queen, England had her proudest hour—and thousands of tourists, their greatest show.

It was homecoming, Mardi Gras and New Year's Eve in Times Square all rolled into one. The actual ceremony and the 45-minute procession which followed were the climax of months of preparation and excitement. Stands had been erected to utilize every window, every open space along the coronation route. It was not uncommon to see the bronze head of a statue peering ludicrously over the canopy of a living room.

Police thoughtfully had erected barriers around monuments which they explained were favorite climbing targets for inebriated celebrants. The police also had mapped out transportation routes and points of entry for coronation visitors. Decorations were lavish and colorful.

Strain On Hospitality
Then the crowds came, and the British accepted philosophically the new strain on their patience and hospitality. This was the time when a man might walk down the street for a cigar and not get back for two hours. Increased bus and subway facilities did their best to shuttle the crowds back and forth, but it was too much for them. One ticket-taker surveyed the mob surrounding the bus stop and admonished cheerfully, "Don't crowd, folks. There'll be another bus tomorrow."

The traffic situation further was complicated by the early birds who were determined to hold their places on the curbs at all costs. They arrived as much as two days early

and literally pitched camp on the spot. Blankets, books, food supplies and camp stoves made obstacle courses for pedestrians in the area. Coveted spots along the Mall and Whitehall disappeared first, but by coronation eve the entire route was lined with the more hardy and enterprising first-comers, and most of the vantage points were gone.

Cold And Rainy
The weather was depressing — cold and rainy — but hangers-on whiled away the time reading and singing. A favorite song was "It's A Long Time to Coronation," sung to the tune of "It's A Long Way to Tipperary."

Among the curb-sitters I talked with were an Australian girl who, with her family, had sailed to England in a 60-foot ketch, and an Englishman who had worked late into the night mounting jewels on the queen's bracelets before taking his stand on Oxford Street to await the procession.

Determination to witness the event was manifested in other ways, too. A Pan-American Airlines hostess staying in my hotel reportedly "twisted her ankle" to avoid a coronation morning flight. At the latest report she thought she would be able to walk to the coronation.

The day itself was a long one for most tourists. Ticket-holders were warned to be in their seats by 7 a.m. or risk losing their seats by 8 a.m. alarm clocks, mine included, began jangling at 3 a.m. Members of the hotel's dining room staff had stayed up all night to prepare

box lunches for coronation visitors and to begin serving breakfast at 4 a.m. Private cars called for visiting dignitaries while less fortunate observers walked or rode buses or subway trains to the positions on the route.

My own place must have taxed the ingenuity of some ambitious gentleman with an eye to profit. It was located four stories up in a window overlooking Oxford Street. I got a fine panoramic view not only of the procession but of most of London as well.

Since the procession didn't pass our area until returning from the abbey in the middle of the afternoon, I had plenty of time to observe the crowd below. The first break in the monotony came when a practical-joking Cambridge student wearing white shorts and a blue T-shirt decided to workout by sprinting along the coronation route. A little later, members of the Royal Air Force arrived to line the street, forcing the campers to stand during the rest of their vigil.

The crowd relieved the tension by cheering when the street cleaner came by and again when the RAF cadets were handed sandwiches for lunch.

It was about 3:45 p.m. when the forerunners of the colorful spectacle arrived. Leading off was an officer of the War Office staff, followed by four military bands. Next came military contingents of the colonial empire, and after them, the corresponding commonwealth contingents.

Britain's own military representa-

tives preceded the carriage procession of colonial rulers, among them the queen of Tonga—a plump brown-skinned ruler with a flair for the dramatic. She won cheers from the crowd by spurring the closed carriage of her fellow monarchs for an open vehicle from which she bowed and waved with more enthusiasm than dignity.

Notables in the carriage procession of prime ministers were Jawahar Nehru of India and England's own Winston Churchill, who rated an ovation second only to the royal family itself.

The parade continued with the carriage of the princess and princesses of the royal blood, after which came the glass coach conveying the Queen Mother and

Princess Margaret, both smiling and waving to the crowd.

When at last the elaborate gold state coach hove into view the crowds raised a cheer which would have rocked Yankee Stadium. There was more than homage in it — there was a genuine affection for one of England's most popular queens of all time. With her was her husband, the Duke of Edinburgh, who also seems to have won a place in the hearts of his people.

Crowds Scamper
Only after the last cheers had died away and the last vestige of the royal procession had disappeared down the street did the crowd begin to break up. Curb-sitters and standees who had remained immobile for hours suddenly remembered how tired they were and raced pell mell for the nearest exit. Policemen tried to make order out of chaos, but the patience the watchers had shown for days was gone. The event they had waited for was over—and they were going home. This common purpose was shared by the more fortunate ticket-holders, too. Some were anxious to get to coronation balls, others home to their TV sets, but whatever their plans, they seemed to feel an urgency for action.

In a few hours nothing remained but the litter left by the on-lookers—and the still patient street cleaner bent on wiping out even this trace of history-in-the-making.

New Experimental Vaccine Is Encouraging Gain On Polio

By EDWIN F. JORDAN, M. D.
Written for NEA Service

The hoped-for development in polio research is some means which will prevent this terrifying disease. The time has not yet arrived, but it is possible now to report encouraging progress in this direction.

It has been known for a good many years that the cause of poliomyelitis was a virus, which is a tiny living organism too small to be seen under the ordinary microscope. This knowledge alone, however, is not enough to solve the problem.

For example, there are at least three major strains or kinds of polio virus, and bodily resistance or immunity to one strain does not necessarily mean there is resistance to one of the others.

Furthermore, the study of polio is made difficult by facts such as that viruses grow only in living tissue and that there are few experimental animals which are susceptible to the polio virus.

The major effort in developing a means of preventing polio is directed toward deriving a vaccine which can be given to human beings and which will cause human tissues to build immunity without bringing on an attack of the disease. The technical problems of preparing such a vaccine are, of course, immense.

During the last year a group of researchers, whose work is itself based on studies of many others, has succeeded in preparing such a vaccine and has even tried it on a small group of human beings. The results were encouraging and there is naturally much impatience to try to make this available to everyone.

We must, however, curb our im-

patience. The vaccine is not yet advanced enough to be sure that all the kinks are out of it. It will, in fact, be after the 1954 polio season, at the earliest, before the vaccine can have been adequately studied in all necessary respects. Meanwhile, we must be patient, knowing that all needed studies are being taken with the greatest possible speed.

Gamma Globulin Short

One other development during the last year should be mentioned. This is the use of gamma globulin, a substance obtained from human blood, which apparently can be used to give a temporary form of resistance to polio.

Although this has been discussed previously in this column it should be said again that there will not be enough gamma globulin to go around this summer, and that consequently it can be used only in those places in which an unusual amount of polio seems to be occurring.

Nevertheless, in all probability, gamma globulin will be successful in preventing serious cases of polio in some places this summer.

Pecos Man Faces Desertion Charge

PECOS—Jim W. Ashing, Pecos, a deserter from the United States Army, was arrested in Pecos Sunday by Police Lt. Blakely Wingo and an agent of the FBI.

Charles W. Brown, special agent in charge of the FBI, El Paso, announced that Ashing deserted from the Army at Fort Lewis, Wash., on January 15. Ashing is 24, and married. He was held in Reeves County jail pending transfer by military authorities.

OUT OF DOORS with Field & Stream

By AL McCLANE
Fishing Editor

I met a fellow yesterday who invented a portable surfboard for angling. At a quick glance the "reefer" looks like any other surfboard, but a close inspection reveals a chrome-plated rod socket, a plexiglass panel for viewing underwater life, a waterproof tackle box, and numerous other fixtures which only a bathing suit fisherman would appreciate.

If you've ever had a yen to slip right into a school of fish, this is the ticket. You can troll, cast, still-fish, or spear-fish while sitting six inches above the water. The reefer weighs 46 pounds, is highly maneuverable, and can be carried like a suitcase.

The big pitch, of course, is that the reefer can be tossed in a pond, river or the ocean, and you can paddle to the fishing grounds. So far it has been used mainly by Southern reef fishermen — hence the name. But on a bonefish flat you can stalk the wily monsters without showing a ripple. And there's room aboard to store a spear gun.

If mamma doesn't fish, she can spend the afternoon exploring the bottom through the blue glass panel on deck. A rubber face mask around the panel makes long hours of window shopping a cinch. Smart operators are using the window to locate the biggest fish in a school

before lowering their baits or slipping over the side for spearing.

But one woman added a new wrinkle to surfboard angling recently while trolling over a Bahamian reef. Spying a school of large barracuda, she put her bait

in front of a five footer; when old razor mouth latched on, our heroine turned her drag down tight and had a sleigh ride—Nantucket style.

The barracuda pulled her reefer for some distance before taking to the air. There was no point in sharing the surfboard with such an agile playmate, so she prudently cut her line.

Pecos Lions Club Band Due On Radio Program

PECOS—The Pecos Lions Club band is becoming a "celebrity." Members of the band have been invited as guests on Don McNeill's Breakfast Club program in Chicago on July 7.

McNeill wrote the band a letter extending the invitation while Pecos members are in Chicago for the national convention.

The band will not play on the program, says Glen Stafford, band manager, but will be part of the program.
