TURN"

Carol Ellis

ONCE AGAIN, let's ponder some of the great mysteries of life:

WHY IS IT THAT diamonds are a girl's best friend, but man's best friend is his dog?

WHY IS IT THAT when you golf in the 70s it is because of your fantastic skill and expertise, but when you bowl in the 70s it is because you're just having a bad day?

WHY IS IT THAT a good long nap in the afternoon leaves you feeling worse than if you had gotten no rest at all?

WHY IS IT THAT just at a time when our nation's landfills are being closed, the large soft drink companies have stopped putting their products in returnable glass bottles?

WHY IS IT THAT when something is lost, you always find it in the last place you look?

WHY IS IT THAT professional athletes earn about \$100,000 a year, but teachers, to whom we entrust the minds of our future generations, usually earn less than half that amount?

WHY IS IT THAT we have to have about 35 million different laws on the books in order to

enforce the Ten Commandments? WHY IS IT THAT the government tells us that it is okay to burn our country's flag but we can't burn our city's trash?

WHY IS IT THAT you have to know how to spell a word before you can look it up in the dictionary?

WHY IS IT THAT gas and air fares almost always go up right before vacation time?

WHY IS IT THAT a remark usually hurts in direct proportion

to its truth? WHY IS IT THAT half the interest paid by people who will

mortgages? WHY IS IT THAT your plumbing breaks down, backs up when there are no service people available?

WHY IS IT THAT a ten gallon hat actually only holds about one gallon of anything?

WHY IS IT THAT we now have to go out to eat in order to find a place that serves old time home cookin'? (Black Eyed Pea, Po' Folks, The Cracker Barrel, Calico County, etc.)

WHY IS IT THAT the person who has everything, now needs an elaborate security system in order to keep other people from taking it all away from him?

WHY IS IT THAT "experts" tell us we were so much better off back in the good old days before pesticides, pollution, food additives, nuclear waste, plastics, flurocarbons, etc. etc.? Yet, our life expectancy is now about twice what it was at the turn of the century?

WHY IS IT THAT nobody hangs their laundry out to dry in the sun anymore, but detergent manufacturers work really hard at putting that outdoorsy sunshine smell into their laundry products? Sunshine doesn't cost a cent.

WHY IS IT THAT when you get old enough to know all the answers, nobody asks you any questions?

WHY IS IT THAT, 22 years ago most of the Texas counties downstate voted against diverting their flood waters up to the Panhandle area for irrigation of our crops, and these are the same areas which are now totally under water and washing away? It's hard to feel quite as sorry for these areas as we might otherwise.

WHY IS IT THAT copying material from one source is plagerism, but copying from many different sources is considered research? Portions of this column have been researched. It's up to you to figure out which ones.

MEET FRIONA STATE BANK'S EMPLOYEE OF THE MONTH

ર્નુ

4:

Larry Knowles

Friona State Bank would like to congratulate Larry Knowles as our Employee of the Month. This selection is made by a majority vote of our employees. Larry started to work at FSB in April of 1979, and in January, 1980 was promoted to controller. In January, 1985, he was made vice president, and another promotion in January, 1987 gave him the title of senior vice president. At that time Larry also became secretary to the bank's board of directors. He is responsible for operations, purchasing, and is personnel director for the bank. Larry began his working career at age 11. He worked during high school, graduating from Lubbock High School, and earned his BA degree from Texas Tech in 1970. Larry has attended various banking schools, seminars, and conventions. He is a member of the American Institute of CPAs, and the Panhandle chapter of the Texas Society of CPAs. Knowles has served his community as president of the Friona Noon Lions, Worshipful Master of the Friona Masonic Lodge, and secretarytreasurer of Lions. He is a member of the Eastern Star, is secretary-treasurer of the Little Dribblers board, a past board member on United Way, and was a member of the executive board of the Caprock Girl Scout Council. He also served on the Chamber of Commerce board. Larry's family includes wife Linda and daughters Rachel and Amy. They attend Sixth Street Church of Christ. We at Friona State Bank are very proud of our employees, and invite you to stop by and congratulate our employee of the month.

Opera Gala In Amarillo

At last, opera has reached Amarillo on a grand scale! Plans are being finalized for "Celebrating Opera Amarillo," a gala evening, Saturday, June 9, that will bring some of the finest voices of the New York Metropolitan Opera to the stage of the Amarillo Civic Center.

Among those already agreeing to participate in this extraordinary occasion are Giorgio Tozzi, bassbaritone, whose career spans opera, Broadway, films and television; Richard Cassilly, tenor, internationally recognized for his Wagnerian interpretations; Patricia Craig, soprano, the leading exponent of Madame Butterfly in the opera world today; and Betsy Nordon, lyric coloratura soprano, a favorite of Metropolitan audiences for her Puccini and Donizetti roles.

"This remarkable event will feature world-class performers in concert together for the first time-anywhere," revealed Jason Byce, a leading baritone soloist with several international and national opera companies. Byce, who was the featured guest at last year's Golden Nail Awards presentation, decided to help put "Celebrating Opera Amarillo" together, drawing on his personal friends throughout the world of opera, in part because he was impressed with the level of talent and appreciation of all the arts in this area.

Regular tickets to this once-in-aproduction lifetime "Celebrating Opera Amarillo" will be priced at \$10 and \$20, with discounts available for groups, students and senior citizens. Tickets will go on sale beginning April 30 at the Amarillo Civic Center.

For more information, contact Larry Manuel, Mary Sinner. Jason Byce in Amarillo, or Marion Stroup, area liasion, 665-5734

ATTEND INTERNATIONAL FAIR....Julia Warren and Abraham DeLaO attended the 41st International Science Fair held in Tulsa, Oklahoma last week. Both students competed in the chemistry category. The International Science Fair invites over 700 students to participate in a week of competition, sightseeing and other activities. The exhibitors represent the top winners of each regional fair held throughout the United States and various international communities. Participants compete for awards, scholarships, cash prizes and summer trips to engineering and science centers around the world. Next year's fair will be sponsored by and held at Disney World in Orlando, Florida.

Series Is Scheduled

The Texas Pro-Stock Championship series is slated for Amarillo Dragway.

Seven-second mountain Motors factory hotrods will compete. They have over 700 cubic-inch engines. Some call them the 190 mph missiles.

There will also be the Championship point series event, with a large money purse.

Gates open Saturday and Sunday at 10 a.m. Eliminations are at 2 p.m. Saturday afternoon and 1 p.m. Sunday.

Rabies Clinic Set May 19

The City of Friona will host its annual rabies clinic on Saturday, May 19 from 1-3 p.m. at the Friona Fire Station.

Cost of the rabies shots and city tags will be \$5.00.

Dr. Gary Cash, Friona veterinarian, will administer the innoculations.

All animals kept within the city limits are required by law to be registered and to have their annual rabies shots.

TOP SCHOLARS...James Warren and Kristin Holland had the highest scholastic averages in Friona High School for the 1989-90 school term.

Thirty-six people attended the Holley's names were drawn for Friona Senior Citizens' regular door prizes. They each received a third Tuesday luncheon on May popcorn container. Every time the 15. Jessie Douglas was hostess, P.A. system is activated we thank assisted by Eva Miller. Agnes Friona State Bank and those who Fulks was registrar.

Roy Miller, president, welcomed much needed aid. those present, "We appreciate your supporting Friendship House with your presence here with us," noting that there was so much happening right now.

Marca Lynn Herring brought a can of popcorn from Friona State Bank. Miller also thanked those from Prairie Acres for coming across the way for the occasion.

So many of us live alone and do not prepare meals in our own homes for more than a very few friends and are thankful that we can freely share our small town, Texas-hospitality here at these luncheons.

Otis Neel echoed this thankfulness in his prayer before the noon meal. Cris Drager entertained following the luncheon with his violin, accompanied by Eva Miller, pianist.

Those listening to that fiddling wanted more of that footstomping, hand-clapping rhythm. They swayed in enjoyment to the waltzes. In the absence of Mary Johnston, blood pressures were checked by Debbie Sweatt from Prairie Acres.

Selma Habbinga was taken to Parmer County Community Hospital with erratic pulse where she was admitted for observation.

To dispel the rumors that Beltone would be somewhere else in Friona, on some other date, the Beltone representative, who was there until noon, as he has been for about the last nine years, assured senior citizens that he would continue to service their hearing needs.

PAINT . . . Protects wood and metal GOD'S WORD . . . Protects the soul

As paint protects wood and metal from decay, rust, and corrosion, so the promises found in God's word protect the soul from the evils of sin, anxiety and despair. Hear God's wonderful promises proclaimed from the pulpit in the church of your choice this Sunday. These promises so heard will accomplish wonderful things in your soul and heart, for God says of His Word, "It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Mr. and Mrs. Stanley Massey of Long Beach, California, have returned to their home after a visit with local relatives. These two were met at Amarillo Airport on Tuesday by Neal and Betty Massey Young of Levelland.

The two couples came to Friona and for the next few days the Masseys were guests in the home of Mr. and Mrs. V.M. Ferguson.

On Wednesday, the Masseys, Fergusons and Youngs were joined by Bessie, Glenna and Reba Holt; Doris, Heather and Alicia Smith and Geneva Williams, all of Friona, and Russell and Louise Massey of Amarillo.

Mother's Day guests in the home of Ira and Bessie Holt were Mr. and Mrs. V.M. Ferguson, Geneva Williams, Herman and Weltha Nibert, Fred and Shirley Ferguson, Reba and Glenna Holt and Doris, Heather and Alicia Smith.

Mr. and Mrs. Wendell Gresham, Friona, and Wendy Gresham, Dimmitt, were Mother's Day guests in the home of Mr. and Mrs. Tracy Straughan, Hereford.

Mrs. Straughan is the former Sheila Gresham.

Randy Weatherley, the next door neighbor, took off a long weekend from the feed and supply store and went down to central Texas where it has been raining. (Don't know why he didn't bring some of it back to the Panhandle

with him.) He tended to livestock business and visited his mother, Mrs. T.B. Weatherley, who lives in Celeste.

Since Glen and Ruth Stevick aren't in the habit of making a big deal out of their wedding anniversary, Thursday was just an ordinary day for them until they returned home from Clovis early in

the evening. As soon as they entered their home, they noticed several things which were not like they had left them and were momentarily puzzled. However, they soon
