CITY-WIDE CLEAN-UP IS Postponed because of rainy NOW WELL UNDER WAY

POLIO PRECAUTIONS

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Premises Should Be Tidied Up by Final Pick-Up Saturday

NUMBER 50.

Mayor Wade H. Greenslit reported after a mid-week inspection trip that he was gratified by the response to his proclamation for City-Wide Anti-Polio Clean-Up Campaign April 23-29. A majority of the streets were lined with neat piles of trash placed in containers at the curb, ready for the arrival of the haul-off wagons.

The Council's generous offer of free hauf-off service still holds good through Saturday, he said, and those property owners who missed out on the first date still have time to get their premises tidied up and trash put at the curb for removal by the final date, Saturday, April 29.

There were two incentives for the proclamation, as he stated in previous announcements. Of first consideration, of course, comes consideration of community health. With poliomyelitis still raging over the state and nation, would be unfortunate to have conditions here conducive to contraction and spread of this dread disease. Then too, of course, a city presents a better appearance to visitors and inspires more pride on the part of citizenship when it is cleaned up.

Spring is an ideal time for this annual promotion of public wel-fare. Hico has a reputation to guard in that it always has been considered neat and healthful. Those residents who delay their action on their good intentions beyond this week end may be a little shamefaced when looking over neighbors' premises.

MATTERAL

Don't go through another summer with a refrigerator that's too small. Trade it on a new ELECTRIC and have more space for everything.

Most 1950 ELECTRIC refrigerators provide up to onethird more storage space in the same or less floor space than models of just a few years ago. Some are cold clear to the floor.

And, of course, being ELECTRIC, they give you ample reserve power for the hottest summer weather plus low cost of operation that's measured in pennies per day.
