

## Star Lites

By Bill Ellis

**BILL STOVELL**, manager of Hi-Pro Feeds' Animal Health Division, spoke to Ye Editor's Lions club a couple of weeks ago, and reported on the comeback that Hi-Pro has made since the June 2, 1995 tornado, which could have put the big industry out of business in Friona, had the Friona Industries' leadership so chosen.

"This was never an option," Stovell said. "The ownership called immediately, and there was never any doubt that Hi-Pro would rebuild on the same location that the tornado had ravaged," he said.

Friona Industries owns five feed yards in the sprawling High Plains area, and FI's lots have a one-time capacity of 189,000 head of cattle, making it the seventh largest cattle feeding enterprise in the world.

The Friona plant is the hub of four Hi-Pro feed outlets. Other feed outlets are located in Dexter, N.M., Lubbock and Marfa.

The Friona operations, with its two feed mills, churns out 230,000 tons of cattle feed per year. That will make 56 18-wheel trucks per day.

FI has 455 employees, and the Hi-Pro Division employs 223 people. Of this total, 121 jobs are manned at the Friona plant. Hi-Pro's overall payroll is over \$5 million, and that for the Friona plant is crowding \$2 million.

"We contribute considerably to the local economy," Stovell told the Lions. Those of us who run small businesses couldn't take issue with this statement, an understatement if there ever was one. It pretty well underscored how lucky Friona leaders felt we were when Hi-Pro decided to pick up the pieces and rebuild locally.

In addition to the benefit of a big local payroll, Hi-Pro is a leading buyer of local crops, using 40,000 tons of cottonseed meal, 130,000 tons of corn, 30,000 tons of alfalfa and 6,000 tons of molasses in manufacturing its feed.

Hi-Pro has been the second-largest taxpayer in Parmer County for most of its history.

The local feed manufacturer has become the third-largest cattle feed-maker in the U.S. The Purina Company is thought to be the leader, followed by a feed plant in Louisiana.

Hi-Pro's name, along with the three triangles used in its logo are both trademarked. Another company had used "Hi-Pro" in its name, but Friona's leadership produced records which proved that the local industry had used the Hi-Pro name before the other one was "born," thus the trademark was issued.

Stovell has been the head of Hi-Pro's Animal Health Division for a number of years. There are over a hundred jobs in the company's 11 animal health outlets. These stores, which sell everything from birdseed to veterinary supplies, serve some 22,000 active customers across a five-state area.

We've heard a lot of unusual stories dealing with the tornado, including the fact that Stovell took his daughter's new car out to a sheltered place at the plant, because a severe hailstorm was first forecast.

After the tornado, the vehicle was an unrecognizable heap of metal. He came home on a break from digging in debris to tell his daughter "Honey, there's good news and bad: 1) I couldn't find a single hail dent in it, but 2) it's only about two feet thick!"

In the main office, Stovell said there were a stack of first of the month bills, and another stack of checks made out to Hi-Pro. The bills were almost untouched, but the checks were scattered from here to Amarillo.

Thanks, Hi-Pro, Bill and all of your compatriots! We couldn't make it without you, and thankfully, we don't have to.

**MAIN STREET MERCHANTS**--Owners of Main Street business firms filled the meeting room at City Hall Wednesday to find out what plans the Texas Highway Department has in store for them. A portion of Main Street also serves as Highway 214 which is badly in need of repair.

## Main Street 'Owners' Briefed On Project

Virtually every business and/or property owner on Friona's Main Street attended a meeting at the Friona City Council's Meeting Room, where they were briefed on the Texas Department of Transportation's (TxDOT) plans to rebuild Main Street's pavement.

The project will see not only the new paving, but also new curbs and gutters completely new sidewalks.

The sidewalks will be handicapped-accessible, with ramps at the end of each block. The TxDOT also plans to build a sidewalk along the west side of the City Park, and make this sidewalk handicapped-accessible.

The contract for the project is expected to be awarded next March, with construction beginning in June or July of 1997.

Steve Perez, the area engineer with TxDOT, conducted the meeting, and told the building and property owners that the Highway Department will try to be as reasonable as possible with local merchants.

Although a number of businesses have canopies which extend out into the

TxDOT's property, and might ordinarily have to be moved, all but Ethridge-Spring will not have to remove or re-structure their canopies. The one at the local insurance agency's canopy was anchored into the right-of-way, and might somehow be a safety hazard.

The TxDOT official explained that the right-of-way measures 80 feet, and it is basically from the front of a building on one side, extending to the front of the building(s) across the street.

The state agency had surveyed the street, and found that many buildings, including that housing the Friona Star and Pappy Jack's Donuts, was exactly the width of a brick into the Highway Department's property.

"It would not be feasible for businesses to remove their brick exterior, just to comply with state and federal requirements," Perez said. He indicated that if a business sold, and the new owners decided to change their existing canopy, or build onto present buildings, they will have to comply with the new requirements.

Elvie and Virginia Jennings received some good news in regard to their property just south of Fifth Street on Main. The Jennings' property has been designated as a historical site, and as such will not be affected. The steep sidewalk on the south end of the property could not be torn out, it was noted.

Perez explained that many of the buildings on Main Street were built back "before there were highways," which explained why the R-O-W variance exists.

The building owners are liable for re-locating gas and water lines. The present water lines along Main Street are located in the center of the street, and these service lines will need to be located in the alleys.

Most of the new construction will be from the curb, extending out into the street on each side of the street. The middle portion of the road will basically be left as is, but the outside lanes need to be rebuilt, in order to handle truck traffic, which uses Main Street as a connector from U.S. Highway 60 to State Highway 214.

The work will be done on a (Continued On Page 12)

## Friona Teacher Is Put On Suspension

A Friona High School teacher, Cynthia Smith, was suspended last Thursday, awaiting a hearing involving embezzlement of funds from the Parmer County Teachers Credit Union.

She had served as treasurer of the organization for some time.

The teachers credit union (PCTCU) has nothing to do with the teachers' retirement funds, nor does it have anything to do with the Friona ISD.

But as of October 1, the teachers' credit union has been merged with the Friona Texas Federal Credit Union. The former PCTCU made loans, handled certificates of deposit and passbook savings accounts, much like any other credit union.

As of Wednesday, Mrs. Smith had not been indicted or charged in the incident. Mrs. Smith was suspended with pay. "I felt that it was in the best interest of the school district to make the suspension," Ratcliff said.

If and/or when there is an indictment or a charge, it most probably will be in federal court, due to the credit union's federal deposit insurance.

Mrs. Smith has been a teacher in the FISD for 22 years.

## Schacher Squeezes Win With Best Tie-Breaker

First off, in the week 5 contest we listed Florida State-Miami as a pick. They didn't play, so everyone got a correct guess on that one, but there were 15 more to pick.

Two contestants turned in perfect 16 guesses. But it didn't stop there. Another 11 contestants picked 15 out of 16 games correct.

If it had not been for the Colts losing to Buffalo and Jacksonville losing to New Orleans, a lot more people would have been at 15 or 16 correct picks.

As it was, those two pro games, plus SMU's loss to Missouri by one point, were the three most-missed games of the week.

Then there was the tie-breaker score. Texas Tech ran away from Baylor by a score of 45-24. But our \$20 winner, Daniel Schacher of Muleshoe, had a tie-breaker guess of Tech 42, Baylor 27, only six measly points off in the high scoring game.

Regular contestant Jo Blackwell of Friona had 16 correct too, but, alas, her tie-breaker guess of Tech 27, Baylor 17, was a hefty 25 points off, so she had to settle for \$10 second prize.

Then we had to sort out a third place \$5 winner from the 11 contestants who had 15 correct guesses.

Hello again tie-breaker. Friona player Mark Neill collected the money with his

tie-breaker of Tech 38, Baylor 30, 13 points off. The only game he missed on the score card was SMU's loss.

In addition to Neill, here are the other players that had 15 correct guesses, the game they missed, and the points they were off on the tie-breaker: Clint Mears (Jacksonville, 20), Thomas Reed (Colts, 21), Jack Clark (SMU, 21), Don Max Vars (SMU, 22), Jerry Hinkle (SMU, 24).

Also, Roddy Berend (SMU, 24), Larry Rogers (Jacksonville, 31), Bobby Wied (SMU, 32), Sandra Berend (SMU, 34), and Myrtle Melton (SMU, 38).

That was an exciting contest and no doubt the race for total points tightened up a bit. Total point standings are listed elsewhere in the paper.

Friona's Jack Clark snuck into the lead in the overall point total race with 68. But he is followed closely by a host of contestants.

## Freeze Contest To Begin

The Friona Star Freeze Contest is officially underway. To enter, list the day you think the Friona area will receive its first freeze of the year.

Contestants are asked to include their name, phone number, the date of the submitted guess and the date of the freeze. You can mail your entry or drop it by the Friona Star office. There is no limit for entries, enter as many times as you would like.

If two or more people pick the same day for the freeze, the person that turned in their guess first, wins.

First prize will be a \$14.95 copy of *The Roads of Texas*. This revised edition lists over 25,000 state and county roads in Texas.

Second prize will be the \$5.99 book *Mommy's Little Angels*.

Hurry and make your freeze picks- there's no telling when the weather will change!

## Republicans Will Hold Mex-Meal

The Parmer County Republican Party is hosting a Mexican food dinner Saturday, October 19, from 6:30-9p.m. at the Friona Community Center.

A free-will offering will be taken to defray advertising costs for the local Republican Party's advertising in the Friona, Bovina and Farwell newspapers.

On hand will be county Republican candidates, Teresa Ancira, John Tannahill and Jerry Davis. State Representative candidate, Hollis Cain, will also attend.

Anyone interested in the November 5 election is invited to come out and meet the candidates. For further information, contact Teena Hughs at 247-2377.

## United Way's '96 Budget Shows Increased Needs

The board members of the United Way of Friona met Thursday morning, October 10 to set the 1996 budget.

The business portion of the fund raising program will kick off on October 29 with breakfast for the Directors and Pacesetters. This breakfast will be hosted by Cecil Maddox Insurance Agency.

The annual Telethon will be held Monday evening, November 4. This telethon has been very successful in

the past because it is a method of contacting most of the residential areas in a short time. The members realize they miss some residents and hope that everyone will feel free to send their donations to Larry Knowles, treasurer, at Friona State Bank.

The board members expressed gratitude for the generosity of the people of Friona. As you can see from the budget, most of the funds (Continued on Page 10)

## Local Agencies Sponsor Nat'l Helmet Program

The CNS National Helmet Program is being sponsored by the local D.A.R.E. chapter and Friona E.M.S. The helmets will be sold throughout the month of October.

"Helmets reduce the risk of head injury in bicycle crashes by about 85 per cent. Universal use of helmets by bicyclists in the United States between 1984 and 1988 could have prevented approximately one death daily and one head injury every four minutes.

"One-half to two-thirds of persons hospitalized following a bicycle crash have injuries to the head.

"Studies by the Texas Transportation Institute and the Texas Department of

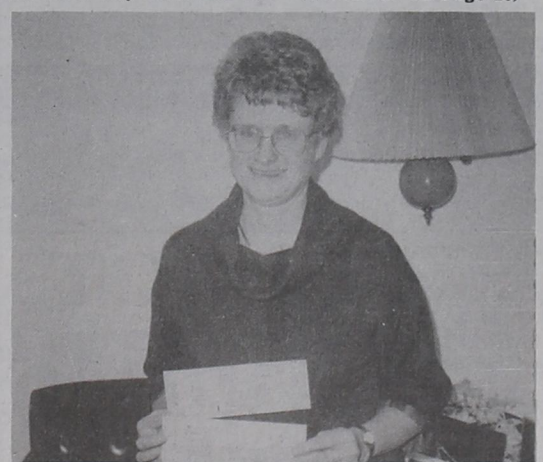

Health indicate that less than 10 per cent of bicyclists wear helmets," Officer Roy Don Smith stated.

For more information or to place your order, call Officer Smith at 247-2711 or Dana Hendrix at 247-2761 at a cost of \$9.00 each.

## Videos Are Available

Videos for the Maize Days celebrations will be available for the cost of \$10 each.

If you would like to order a copy of the Little Miss Pageant, Miss Friona Pageant or the Parmer County Feedyard Rodeo, please contact the Chamber office at 247-3491.

The proposed Texas Essential Knowledge and Skills (a blueprint for what every Texas public school student should learn) is a 2,000 page compilation of some of the silliest liberal ideas imaginable. Kindergartners are asked to list stress and coping strategies, fourth graders determine whether to discuss sex with their parents and high schoolers are encouraged to do volunteer work at places like Planned Parenthood.

"As your State Representative, I'll fight the liberals in Austin who think they know more about your children than you do. The personal, social and cultural aspects of a child's life should be left up to parents, not to the bureaucrats in Austin.

Our schools must stress the basics of reading, writing and arithmetic. They must teach our children about our Constitution and the true history of America. The liberal bureaucrats won't do it. It's time for legislators to set the basic academic standards for Texas schoolchildren. After all that's their job."

# Big Plays Spark Chiefs In 35-19 Win On 'Road'

## Three Players Top 100 Yds Offense

In Friona's first four games of the season, the Chieftains showed flashes of greatness.

But the team was always "shooting themselves in the foot," or seeing the fuse go out before the big explosion.

However the Chieftain machine was clicking on all of its cylinders last Friday night at River Road. The result was 486 yards of offense in the team's 35-19 win.

The total offense was the most productive Chieftain game since the game at Pampa in 1987, when Friona gained 533 yards. It's the fourth-best total in 36 years of Chieftain football.

The team came up with enough big plays in the first half alone to have made a pretty fair "highlights" film. Friona had gained 300 yards at the intermission, which was more offense than it produced in two of the team's games prior to last Friday.

Of the 300 first-half yards, a whopping 229 were gained in the team's last eight plays of the half.

The Chieftains converted first downs nine straight times beginning with its opening drive, and finished up making first downs nine of 11 times. But most usually they never got around to a third or fourth down. Friona ended up punting only twice.

Friona had three players who contributed at least 100 yards of offense. Two, Andy Kendrick (160) and Kyle Grimsley (122) each had over 100 rushing yards, and wide receiver Angel Vega contributed 120 yards in receiving.

"It was a big win for us. It definitely was good to see our offense get the numbers we had been shooting for. Our defense had been carrying us (in previous games)," Coach James Morton said.

After shutting the Wildcats down on their first offensive series, the Chieftains drove 65 yards in 15 plays to take the lead. It was a drive that used up over six minutes of the clock. The longest gain was nine yards. Both Kendrick and David Shelby had nine-yard runs.

On a first and goal from the River Road five, Shane Blackburn went around right end untouched. Vega's kick was good, and Friona had jumped ahead, 7-0 with 2:35 left in the quarter.

The Wildcats then made an impressive drive of their own, from their 20 to the Chieftain seven. But on a first and goal by the "Road," the Wildcat runner was hit a jarring lick by Cecil Cooper. The ball rolled into the end zone where Grimsley recovered, to stop the drive.

The Chieftains covered 80 yards in only seven plays for their second score. Grimsley hit Vega for a 28-yard gain on a big third and 11 situation. Vega outjumped his defender in front of the Friona stands, moving the ball to the River Road 42.

Two plays later, Grimsley pitched the ball to Kendrick on the option, and Kendrick ran 40 yards up the left sideline, crashing into the end zone. Vega's kick was low, but Friona led, 13-0 midway through the second quarter.

The Wildcats put a scoring drive together, getting a kickoff return to their 34. They drove 66 yards in only four plays. Quarterback Rowdy Lundegreen passed 40 yards to Andy Dunlap, to the Friona five. Cody Smith ran for the TD and Axton's kick made it a 13-7 game.

Touchdowns: Landen Martin, Noel Grajeda, Joseph Bandy.

with 4:32 remaining before the half.

To say that the Chieftains responded to the challenge would be an understatement.

Grimsley faked a handoff, then rushed into the secondary, found himself in the clear and outran his would-be tacklers, 80 yards to the goal-line.

Daniel Cuevas ran for two points and Friona had hiked its lead to 21-7. Only 14 seconds had elapsed since the River Road score.

But the Wildcats didn't roll over and play dead. Friona's kickoff into the wind was returned to the 'Road 40. The Wildcats reeled off runs of 17, seven, seven, 12 and Lundegreen crashed in from a yard out. The kick failed, and Friona still had a 21-13 lead with just 1:16 on the clock.

Friona didn't just run out the clock time. Kendrick gained five, then 38, having to be pushed out of bounds at the Wildcat 37. But only 25 seconds were left on the clock.

Grimsley found his favorite target, Vega, who came back for a catch good for 35 yards, but couldn't get into the end zone. Friona called time with just six ticks left. They tried a running play from the one yard line, but were stopped, leaving the halftime score at 21-13.

The Chieftains got the ball to begin the second half, putting the ball in play at their 20. Aided by the light south wind, Jamie Axton managed to put all of his kickoff into or out of the end zone.

Friona went the 80 yards in just nine plays, converting three of three third down plays. The biggest third down conversion came on the scoring play, when Grimsley again lofted a pass to Vega, who was wide open. Vega caught the ball at about the 25, and as the large Friona crowd roared its approval, raced up the left sideline for the score. The play covered 53 yards.

Barely having time to catch his breath, Vega booted the PAT, and had personally hiked Friona's lead to 28-13. Only 3:52 had elapsed in the second half.

The Wildcats, spurred by a 62-yard punt that bounced out of bounds at the Friona two, put together a 48-yard scoring drive in seven plays. The drive started late in the third quarter, and ended on the second play of the final stanza. Hugo Santiago sacked Lundegreen on a two-point conversion try, and Friona's lead had been trimmed to nine at 28-19.

Shelby had a brilliant 30-yard run nullified by a clipping penalty, and the Chiefs again had to punt. The team had gone two straight possessions without scoring, for the first time in the game.

But Vega got one more gem, this time on a punt. Helped by a good roll, he booted it from the Friona 34 to the River Road 10-56 yards.

The Wildcats tried to mount a comeback, making three first downs, as they moved the ball all the way to midfield. But Cooper sacked the quarterback, and on third down Shane Blackburn stepped in front of the intended receiver to intercept the ball at the Friona 22. Time remaining was 5:08.

Grimsley ran 18 yards, and Shelby raced 30 yards to set up Friona with first and goal from the four.

Two plays later, Shelby got the well-deserved TD, and Vega's kick was good in spite of a slightly high snap. Friona had scored the clincher, taking a 35-19 lead with 2:24 remaining.

Coach Morton singled out Fidel Rodriguez, who had five unassisted and seven assisted tackles, plus a QB sack, and Blackburn, who

had three unassisted, five assists and the big interception late in the game.

Friona's five TDs were scored by five different players. The Chieftains scored on drives of 65, 80, 80, 80 and 78 yards. One of the "drives" (Grimsley's run), consisted of just one play.

Most Chieftain fans said they couldn't remember a game with as many big plays--and most of them made by the Friona players.

## Chiefs Have Wary Eye To Mules

The Chieftain varsity was approaching Friday night's contest with visiting Muleshoe with "cautious optimism," even though the Mules come into the game at 0-2 and 0-5.

"The coaches have been talking, and the players have been talking, about not taking Muleshoe too lightly. Muleshoe always gives us all we want when we play them," Coach James Morton said this week.

Muleshoe will bring a young team, which is gaining experience as they go. "Muleshoe could 'make their season' if they beat us, so we're going to have to play hard," Coach Morton added.

Friona might need to be reminded that two years ago when Friona won its first district title in 30 years, a similar Muleshoe team came to town, and it took a late touchdown for the Chieftains to pull out a 9-6 win.

The Chiefs are in good physical condition, considering its tough game week.

## Rites Held Wednesday For Rhodes

Funeral services for T. E. Rhodes, Sr., 96, of Bovina were held Wednesday morning, October 9, at the Bovina Church of Christ, with Alan Rhodes, Doug Sims and Pat Sims officiating.

Burial was in Bovina Cemetery, under the direction of Ellis-Blackwell Funeral Home.

Rhodes passed away Monday, October 7, at Parmer County Community Hospital.

He was born November 7, 1899, in Honey Grove, Texas. He married Nannie Ellison on December 23, 1923 in Marlow, Oklahoma. She died June 4, 1995.

Rhodes was a member of the Bovina Church of Christ, and had served as a deacon. He previously had served as a school board member for the Bovina I.S.D., and was a member of the Bovina Senior Citizens organization.

A retired farmer, Rhodes had lived in Bovina most of his life. He spent some of his later years in Oklahoma and

T. E. RHODES, Sr.

at the Palo Duro Retirement Village in Canyon.

Survivors include one son, Thomas E. Rhodes, Jr., of Bovina; one daughter, Dorothy Sims Wilson of Amarillo, one brother, Woodrow Rhodes and a sister, Otha Watkins, both of Duncan, Oklahoma.

Seven grandchildren and 16 great-grandchildren also survive.

Pallbearers include Mike Sims, Pat Sims, Doug Sims, Scott Sims, Alan Rhodes, Mark Rhodes, Terry Howard and Mark Moudy, all grandsons.

## Allsup's Road Race To Be Held October 19 in Clovis

The Allsup's 22nd Annual Fall Road Race is scheduled for October 19, 1996. The Road Race is unique since the event offers four different types of races: a 1/2 marathon, 10,000 meter, 5,000 meter and one mile run.

Since its inception in 1975, with only seven runners participating, Road Race registration has grown immensely. Over 350 runners are expected to participate this year. The Road Race offers widespread appeal since the versatility of the four races makes it a fun event for not-so-serious and serious runners alike.

In the 22nd year of the Allsup's Road Race, a total of 184 finely crafted Nambe plates and medallions will be awarded to the first three finishers, male and female, in each race, and each age group. The awards will be presented on the same day of the race at 11:30 a.m. at the Clovis High School stadium.

All runners will receive specially designed long sleeved T-shirts as well as post-race fresh fruit, Gatorade and Pepsi. Numerous prizes will also be given away to lucky registered runners at the conclusion of the race.

The course consists of a flat, asphalt-surfaced loop. Elevation in Clovis is 4,280 feet. The average temperature range at the time of the race is 50 to 70 degrees.

The following are the classes offered by the race this year: Men's and Women's divisions by age, 0-14, 15-19, 20-29, 30-39, 40-49, 50-59 and 60 and over.

Entry forms are available at all Allsup's store locations. Interested runners can also

call the Allsup's corporate office at 505-769-2311 and ask for Dawn DeHaai. Completed entry forms should be mailed with a check to: Allsup's Convenience Stores, Inc., P.O. Box 1907, Clovis, New Mexico, 88101.

Registration fees are \$10.00 per person. Pre-race packets can be picked up at the Clovis High School gym on the morning of the race or at the Allsup's corporate office at 2112 Thornton from 5 p.m. to 9 p.m. on Friday, October 18.

All four races will commence at 8 a.m. M.S.T. from 21st Street and Thornton. Runners should be at the Clovis High School to check in at 7:30 a.m.

## BRANDIE MUNOZ B. Munoz Is Student Of Week

Sophomore Brandie Munoz was selected as student-of-the-week this week. She is the daughter of Fidel and Catalina Garcia and has attended Bovina schools since first grade.

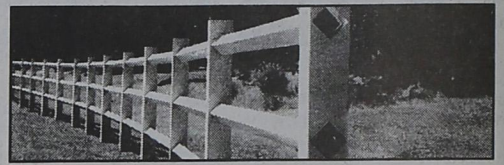

She is a student council member and flag corps member.

Munoz was nominated for the honor by three different teachers, Bill Drumma, Linda Lewis, and Eugenie Brown. They describe her as an excellent student, always willing to help, always in a good mood, quiet but sweet. According to Brown, Munoz always shows up for flag practice early, gives her best, and is very helpful.

## Methodist Church Sets Revival

Bovina United Methodist Church will hold its fall revival services October 13-16. The revival will begin with the morning worship services at 11 a.m. which will be followed by a pot-luck dinner in the fellowship hall.

The evening services will be at 7:30 p.m. each night, Sunday through Wednesday. The evangelist will speak to the youth at 6 p.m. on Sunday evening and at a breakfast on Tuesday morning at 6:30 a.m.

The evangelist this year is Rev. Steve Rogers who is a general evangelist in the United Methodist Church. He was appointed in 1990 and has served since that time as a minister who is called to build up the church by helping Christians understand the truth of the scriptures.

Steve, who is a graduate of Texas Christian University and Asbury Theological Seminary, has experience as a pastor of the local church, and has taught "Bethel," "Trinity," "Active Parenting," and "Walk to Emmaus" programs.

The focus of the revival this year will be "Discipleship: Deepening Our Walk With the Lord."

"As I have ministered in dozens of churches since 1990," Steve said, "I have seen many Christians grow in their faith and deepen their commitment to Christ. People are hungry to understand the Bible's message."

"We hope you will join us in these days of revival services and grow in Christ with us," a church spokesman said.

## The Laney Agenda for Texas

- Balance the state budget without raising taxes
- Monitor the new, expanded prison system and continue cutting parole for violent offenders
- Ensure that agriculture and agribusiness have a strong voice at the Capitol
- Continue creating jobs in the Panhandle and the South Plains so there can be better opportunities for future generations
- Improve our schools by promoting more local control and bringing technology to the classroom
- Keep taxes down so the economy grows

# Out Here

By RON CARR

It is a quiet, unassuming brown building. No windows. Sits over in the 900 block of Cleveland, just behind the junior high school.

Up until last year it was used as a special education and physical therapy building for Friona ISD.

Half of the building is still used for the special ed students and children requiring physical therapy.

The other half is now used for students that require a different kind of therapy. Like character building, decision making skills, and discipline.

At the beginning of the 1995-96 school year, the south half of the building at 904 Cleveland became Parmer County's alternative education classroom, under the supervision of P. E. teacher and coach Mike Herbert.

In common terms, it is where students are sent when they mess up more than just the average daily mess up.

According to Mike Herbert, alternative education classrooms, or a variation of them, have been around for quite a while but are just recently being tried by smaller school districts.

Parmer County's classroom started last year. This year, the Dimmitt ISD has opened one.

The classroom is utilized by Friona, Bovina, and Lazbuddie schools. Farwell chose not to participate because of the distance required to bus students to Friona. (Hmm! Does that complaint sound familiar?)

Bovina and Lazbuddie students are bused to and from the classroom, which explains why I've seen the small Bovina school bus on occasion at the drug store or donut shop.

Herbert says that there have been no Lazbuddie students sent to the classroom. The attendees thus far have been from Friona and Bovina.

The classroom will accommodate 16 students in austere cubicles furnished only with a table desk, a chair, and a plastic holder on

the cubicle wall for their individual papers and assignments.

Bovina students arrive by 8:30 a.m. and leave at 3 p.m. Friona students stay in the class from 8:05 a.m. to 3:45 p.m. The minimum stay for a student is five days. There is no maximum stay. Students could spend an entire semester here, or more.

The classroom serves students in grades six through twelve. Students are sent to the alternative education classroom by their school principal, but obviously with recommendations from teachers.

A variety of "sins" can land a student in the facility. Constantly disruptive behavior, fighting at school, or general belligerency are among the reasons.

Circumstances outside school can also cause a student to be sent to Herbert's class. Students who get in serious trouble with law enforcement may be "sentenced" to the classroom to help themselves, and also for the safety of other students.

Herbert says that this latter example has not yet occurred in Parmer County however.

Prior to the alternative education program, students who "messed up" were either simply expelled or suspended. Some were given noon or after school detentions.

I'm sure to some kids, a suspension in those days was like a mini-vacation, lolling around at home watching TV.

Not any more. But lest you think this is a jail sentence for the youngsters, let me put your mind at ease. There is discipline, which is what most students who end up here need most anyway.

Except for bathroom breaks and a lunch break, students sit at their cubicle desks and study. The cafeteria brings hot meals over to the alternate school students. Extra curricular activities are not allowed.

Maybe you remember the flap in Perryton where several athletes were assigned to an alternate classroom and not allowed to

participate in football because of the locker room hazing incident.

Mike Herbert and his teacher's aide assistant, Deborah Raymond, are far from prison guards in their treatment of the alternate students.

Although the regimen is strict, students are treated with respect and care. Tough love some might call it.

Students bring classroom assignments from their teachers with them so they do not fall far behind. Herbert says often their teachers come over to check on them and assist with homework.

There is a computer in the classroom with tutorials in algebra, math, history, english, etc. so the students can keep up and in some cases learn more than they normally might.

The "Character Wall" is at the center of the program. Listed on the wall are the following characteristics: Reason, Logic, Responsibility, Morality, Self-Control, Empathy, Courage, Vision/Purpose, Community, Honor.

There is a decision-making exercise where students are given eight problem situations and asked to write their course of action in each and the reason they made the decision applying the appropriate selections from the Character Wall.

As a part of the disciplinary program, students are not left alone in the classroom. Either Mr. Herbert or Mrs. Raymond are there throughout the day.

During my visit on Wednesday there were two students. Herbert said earlier in the week there were seven. And yes, at one point last year, all sixteen cubicles were filled.

Not all students are happy to be there. Herbert says that sometimes boys show up with a chip still on their shoulder.

He works with them and explains that this is their last resort in the education process. Beyond the alternative classroom program,

there is no resource except the street.

Mike Herbert is married to fifth grade teacher Christi. They have two daughters, Brooke, 6, and Brittany, 3.

In addition to his alternative classroom, he coaches the Chieftain offensive backs, is head JV coach, and is junior high girls basketball coach.

To my way of thinking, after the "confinement" of the alternative class, coaching gives him an outlet to blow off some steam.

Sometimes teachers need therapy too.

## Health Fair Set Oct. 18

The health of Parmer County residents will be the focus on Friday, October 18, as over thirty area health care providers join together for the first ever Friona Health Fair.

The event will be held at the Friona Community Center and is sponsored by Parmer County Community Hospital Home Health and the Texas Department of Health. The fair will begin at 9:30 a.m. and last until approximately 3 p.m.

The event will feature free health care information and screening services for all ages, plus drawings, prizes, and giveaways. Blood pressure and glucose screening, as well as events in conjunction with National Breast Cancer Awareness Day are also scheduled.

Health care providers sponsoring booths at the fair include Parmer County Community Hospital, Friona Medical Clinic, Prairie Acres Nursing Home, Hereford Regional Medical Center, the American Heart Association, the NWH Diabetes Center, Adult and Child Protective Services, Texas Rehabilitation Services, Planned Parenthood, the Domestic Violence/Rape Crisis Center, and the Bovina Rural Health Clinic.

Parmer County Community Hospital Home Health Director Brenda Martinez, R. N. said the agency is excited about sponsoring the health fair, and she hopes the fair will become an annual event.

"We're happy to be a part of it," she said. "The (hospital) board has been wanting to do a health fair for some time, and we're glad we now have the opportunity to bring an event like this to Friona."

For more information about the health fair, interested individuals can contact Martinez or other hospital and home health staff members at (806)-247-2754.

## Friona Girl Scouts Thank United Way

This year the Friona Girl Scouts have 82 active members in their service unit. We have a total of eleven troops that meet each week.

The Girl Scouts do sell cookies as their main fund raiser each year and this covers some of their troop expenses, such as crafts and supplies for badge work.

They do thank the United Way for their funding, which helps them out with building upkeep and insurance and makes it possible for them to offer a quality program to the girls.

Any contribution you make to the United Way Fund helps support the youth of Friona and helps us continue for years to come in making the Scout Program available to the girls of Friona.

Their motto is "No contribution is so great, as one to the life of a youth, to help them grow tall and straight!"

## Cub/Boy Scouts Appreciate United Way

The Scouting program in Friona serves 65 boys. Throughout the year, the boys have several fund raisers, some being popcorn sales and Christmas tree sales.

When you give to the United Way Fund, you are investing in the youth of Friona. Some of the United Way money goes to the boys to help with the upkeep of their building and activities.

The Cub/Boy Scout program has camps that the boys attend as well as weekly meetings. When you donate to the United Way, all the money is kept locally.

With United Way money the boys have a quality program that keeps growing every year, thanks to your generosity!

IOLA NELSON

## Former Friona Coach Buried At Perryton

Edwin F. (Eddie) Williams, 78, died Tuesday, October 1, 1996.

Services were held Thursday, October 3, in First United Methodist Church with the Rev. Todd Dyess officiating. Burial was in Ochiltree Cemetery by Boxwell Brothers Funeral Home.

Williams was born in Mansville, Oklahoma and had lived in the Perryton area since 1955, moving from Dalhart. He married Martha L. Workman in 1939 at Tulia.

Williams taught school, and served as football coach in Friona from 1940-42.

He also coached at Dumas

## Iola Nelson's Services Scheduled Saturday

Funeral services for Iola Nelson, 85, of Friona, are scheduled for 2 p.m. Saturday at Friona United Methodist Church.

Burial will be in Friona Cemetery under the direction of Ellis-Blackwell Funeral Home.

Mrs. Nelson died Wednesday, October 9, 1996 at Parmer County Community Hospital.

She was born March 14, 1911 in Denton County and married Jack Nelson on October 1, 1941 in Amarillo,

Texas. He died December 31, 1976.

Mrs. Nelson had been a resident of Parmer County since 1958, moving from Portland, Arkansas. She was a member of the Friona United Methodist Church and was active in the WMU.

In 1967, Mrs. Nelson was honored by the Chamber of Commerce at its annual banquet as "Most Courteous Employee."

She retired from Friona State Bank in 1976 where she worked as an executive secretary. She worked at the bank for 17 years.

In 1936, she went to Baltimore, Maryland with the Civil Service Administration to prepare records for the beginning of Social Security on January 1, 1937. She worked for the Social Security Administration in Amarillo from 1937 to 1941 and in Los Angeles, California from 1941-1946.

Survivors include two sons, Rex Nelson of Perry, Oklahoma and Roger Nelson of Friona; one brother, Gibbs Rucker of Farwell; and one sister, Polly Whitley of Clovis, New Mexico.

Three grandchildren, Moriah, Nathan and Kristen, also survive.

# OCTOBER IS CO-OP MONTH

40,000 cooperatives work hard for their member-owners and their communities.

In big cities, small towns and rural areas, cooperatives owned and operated by 60,000,000 people provide a tremendous variety of goods and services—electric and telephone service, farm credit, credit unions, farm marketing and farm supply, food, health and day care, and insurance.

Cooperatives work because they meet people's needs efficiently and economically. That's why co-ops have scored high marks for quality goods and services for more than half a century all across America.

Co-op people point with pride at what their cooperatives have achieved for their friends, neighbors and communities. Co-ops are true American success stories.

When cooperatives work, all America benefits.

### Julie Goddard Is Named SMU University Scholar

Julie Anne Goddard of Friona is one of nearly 400 first year students chosen to be University Scholars at Southern Methodist University this fall.

University Scholars are selected on the basis of several factors, including academic record and extracurricular activities in high school. She will receive an award of up to \$12,000 over four years.

SMU is a private, comprehensive university located in

Dallas. It has an enrollment of more than 9,000 students and a full-time faculty of nearly 500. SMU offers undergraduate programs in Dedman College of Humanities and Sciences, Meadows School of the Arts, Edwin L. Cox School of Business, and the School of Engineering and Applied Science. Graduate and professional programs are offered in these schools and in Perkins School of Theology and the School of Law.

## Children To Learn About Banking

Friona State Bank and Friona ISD have teamed together to offer children the opportunity to learn the principles of saving through a School Savings Program.

A curriculum has been developed to teach the children how to save money, while utilizing math and computer skills. This is endorsed by the U. S. Department of Education.

By participating in the School Savings Program, the children will learn what a savings account is, advantages of saving, how savings earn interest, and how to compute interest.

Each child will learn how to read an account statement, and gain an understanding of other banking services.

The accounts are designed for deposits only, but withdrawals are possible in emergency situations with both student and parent's signature as appears on a signature card.

So that every student can participate in the School Savings Program, Friona State Bank will open an account for each student who has a valid social security number, and will make the child's first deposit of \$1. The account will earn interest and there will be no monthly or quarterly service charges on these special accounts.

According to bank officials, the School Savings Program will be available to students in kindergarten through fifth grade. Applications and information were distributed to these grades by bank officials on Thursday, October 10.

## Chicken Dinner Has New Date

The Parmer County VFW Post is planning a chicken dinner on Sunday, October 27, a week later than originally announced, at the Post Home, Sixth and Euclid Streets.

The menu will consist of chicken, potatoes, gravy green beans, salad, dessert and milk. The prices of the meal are \$5 for adults, and \$2.50 for children.

Take-out orders will be available, call 247-2317.

## David Davilas Have A Girl

David Davila, Jr. and Beth Davila of Friona are the parents of a baby girl born September 27 at 3:45 p.m. (New Mexico time) in West Plains Medical Center in Clovis.

The baby weighed eight pounds, one ounce and was twenty inches long at birth.

Samantha Beth is the first child for the couple.

Grandparents are Maria Davila of Friona, David and Ema Davila of Friona and Pita and Nick Manzanaras of Tucumcari, New Mexico.

## Sr. Citizens Lunch Set

The Friona Senior Citizens will hold their monthly luncheon on Tuesday, October 15 at Friendship House.

The group meets at 10 a.m. During the morning hours, someone will be present to take blood pressure and check blood sugar.

A covered dish lunch will be served at 12 noon, followed by a program by Betty Louise Rector and Anna Mae Thomas.

"We all continue to enjoy our local talent. You are invited to come and enjoy the day. For those that may not know, the group accepts memorials. This is a wonderful way to let family and friends know you care," a spokesperson for the organization commented.

# Town Talk

By JUNE FLOYD

Call 247-3681 With Your News Items

The tempo at the country home of Joe and Tommie Boeckman was somewhat accelerated during the month of September. Early in the month, these two met their daughter, Kathy Steen, and her two sons, Kyle, who is three, and Kevin, one, at Rolla, Missouri and the boys returned to Friona with their grandparents.

Kathy and her husband, Greg, who live in Fort Wayne, Indiana, were making plans to spend two weeks in Italy while the boys were in Texas.

Greg, an aerospace engineer with a master's degree from Texas A&M, College Station, had designed the wing of an airplane for a project and the design had been entered in international competition in Sorrento, Italy. His design placed sixth in the competition.

Earlier he had been invited to show the design and present a paper in Dallas, Texas and Reno, Nevada.

After his presentation, he and Kathy spent some time in Venice, Florence and Rome before returning home. Upon their return, Joe and Tommie took the boys to Fort Wayne and spent one week. They also did some sightseeing as they were going and coming home.

One of the highlights of the trip was a side trip to Chicago.

Tommie reported, "Having the boys is always fun, but after they are gone, I realize more fully the wisdom of God in giving young children to younger people."

Jim and Sheryl Snead of Albuquerque, New Mexico were Sunday night guests in the home of his parents, Rene and Jinx Snead. They had been to Lubbock for Saturday's football game.

Their son, Clint, is a student at Texas Tech University.

Curtis and Gertrude Murphree returned home Saturday after spending five days in Cool, Colorado.

Incidentally, Gertrude reported, "We drove as far north as Denver by way of Raton and the colors were beautiful all the way."

They visited her brother, Dumont Short in Denver; a niece, Marilyn McVicker and her husband, Blain, at Pueblo and her sister, Virginia Loflin, who lives at Canon City.

Loren McCutchan of Dallas and Alice Black, who is a student at Baylor University in Waco, flew to Lubbock on Friday and spent

the night with her maternal grandparents, Deon and Fern Awtry. Then drove to Friona to spend the weekend with her parents, Keith and Sharen Black.

This was Loren's introduction to country living and small town life in the Texas Panhandle. He grew up in Euless and had never lived outside the Metroplex area until he started to college in Waco.

He holds a master's degree in business administration and accounting and is employed by DeLittle's & Touche LLT in Dallas.

Since he and Alice have been friends, she has been a regular reader of the Friona Star and was interested in finding out more about our town.

Otis Neel, who has been a patient at Parmer County Community Hospital several days, has been dismissed. Two of his sons, Dewayne of Evergreen, Colorado and Gerald, who lives in the Denver area, have been here since he has been at home.

On Tuesday he moved into Prairie Acres.

All Lee Gee, who spent one week in Methodist Hospital, Lubbock, after having emergency surgery, has been dismissed and is at home.

Her condition is reported to be satisfactory.

One of Friona's most active nonagerians, Roy V. Miller, Sr., has had another birthday. He was 91 on Sunday and he and one of his great-granddaughters, who has the same birthday, celebrated together.

Amanda Gerles, daughter of Randy and Sarah Gerles and granddaughter of Sam and Donna Mears, was twelve and she shared honors with her great-granddad Miller at a family dinner.

Then, on Monday, Don and Eva Kimbrough hosted a birthday dinner for Roy and Eva.

Late last week, the Millers met their youngest daughter, Janice Miller, who lives in Los Alamos, in Tucumcari. She had brought apples fresh from the orchards for her parents to preserve for winter use.

Eva said, "Most of Roy's birthday was spent making applesauce and apple butter."

How's that for a good way to spend your 91st birthday? Congratulations, Roy!

Darrel and Anita Harris drove down to Roswell, New Mexico, their former home, and spent some time with their kin, who still live there.

They visited Mr. and Mrs. Jeff Tutor and daughter,

Sarah Marie, and Jason Tutor. While they were there, Diana and Dale Williams of Amarillo were also there.

Diana is Anita's daughter and the mother of Jeff and Jason.

The Harrises had an interesting experience earlier last week. Darrel wears a hearing aid and had some trouble with it, so prepared it for mailing and started to the post office with it.

Before he got in the car, his attention was distracted and he placed the package on the car instead of inside it.

When he discovered what he had done, the package had fallen off and he was not able to find it. His spirits were low when he returned to the house. The next morning, Anita went to do an errand and while she was gone, a kind lady who had found the package knocked on the door and returned it.

Darrel was so surprised to have the package returned to him that he failed to get the lady's name.

Anita said, "We were so grateful that an honest person found it and returned it and would like very much to know her name."

Again, I repeat, "Aren't we glad we live in Friona?"

Tuesday, October 15 will be the third Tuesday this month and that means that the regularly scheduled covered dish luncheon will be served at Friendship House.

As usual, festivities begin with a game session about 10:30 a.m., the meal is served at twelve and a program is presented before the afternoon game session. Those who attend will be in for a very special treat. Betty Louise Rector will be the guest entertainer. She's a very talented lady and is sure to present an interesting program. She will be accompanied by Anna Mae Thomas.

Zonah Bass, president, joins all members of the organization in inviting anyone who is interested to attend.

Lloyd and Betty Louise Rector and Allen and Emma Lou Stewart attended the air show at Cannon Air Base Sunday afternoon.

The highlight of the afternoon for them was watching Jim Harmon and the Wing Walkers perform in a stagger wing bi-plane.

Floreine White observed

her 80th birthday on October 3. Her family members gathered on September 28 in the home of Teddy and Sharon White to celebrate. A noon meal was provided with a cake decorated by Jaqueta White.

Present were Bill, Jeri Lynn and L.R. White, all of Friona; Brent and Elaine White of Norman, Oklahoma; Max, Gail, Jeremy and Amy White of Shallowater; Kirk and Cindy Hughlett of Lubbock; Kent, Karla, Amber and Awbrey Hughlett of Nacona; Marie Hughlett of Flower Mound; Kathi Troublefield of Lewisville; Jimmy and Jaqueta White of Fort Towson, Oklahoma and Kyle White of Stillwater, Oklahoma.

BY THE WAY...Learn to say "No!" It will be of more use to you than being able to read Latin.

## YOUR EYES

### Don't Neglect Eye Safety

When we concentrate on visual acuity -how well the eyes can see- and correction with glasses where necessary, it's important to consider too how safe those glasses are.

Ordinary eyeglasses, whether glass or plastic, may not be adequate for active people-especially active children. There can be serious eye injuries if glasses shatter on impact or fail to shield the eye from injury. The wisest choice is often grinding lenses of polycarbonate, a tough and virtually indestructible material created for the space program. This special plastic may add considerably to the cost of eyeglasses, but the added protection for eyes is priceless.

Polycarbonate lenses are an important safety feature for those without vision problems, too. They are the first choice for sports goggles, for racquetball and baseball, and for contact sports as well.
