SUPPORT OUR HOME TOWN

SWEET N' SOUR

By A. Dill

"Dull November brings the blast. Then the leaves go swirling past."

That's the good word Mother Goose has for this month of ours and perhaps in her part of the world November was a dreary, cold, and blustery month but in West Texas she's the Queen of the autumn season—sometimes vain, certainly flamboyant, but never drab or lacking in imagination.

Our first frost came last week and soon now the hills and valleys will be ablaze with the fires of Autumn—the scarlet, copper, and topaz of November leaves. Let the learned scientists propound their theories that leaves color in Autumn because of their sugar and carbohydrate content. We'll denounce it as rank heresy, because you and I and every six year old child know exactly who paints those leaves. To give credit to anyone other than Jack Frost would be highly irregular and could very well mean trouble with the Union of Fairies, Elves, and Gnomes, and even international complications if the leprechauns and pook-wuggies become aroused.

We had a wonderful Halloween at our house. Some seventy goblins came trooping by and you've never seen such an array of hats, cats, 'n witches in your life. Tommy and Vicki Varner came by, and so did Charlene, Ada, and Eva Black, Rhonda and Kerry Walton were out spooking and so were Cathy and Mike Reeves 'n a friend named Dinky. Then there was Norman Harris, Johnny Strange, and Jeanie, Barbara, and Brenda. Leland Jackson and his sidekick, Ervin Bates came over, and you should have seen Jeff Jackson, and Debbie Mass. The Abernathy youngsters, Lee, Ruby, and Joaquin came over, and we were delighted to welcome Barbara, Bobby, Johnny Voights, Clara Sue and Donnie Kelly, Stevie, Teresa, and Bob Parks were very nice Halloween guests and so were Mike, Susan, and Sharon Young, Carle Carricoe and Bobby Jack Sims. Jimmy Trowbridge deserved a prize for his spook costume and so did Larry and Alan Towler. Larry Newton came as a clown, and Randall C. Jackson Jr. was positively the cutest Count Dracula you ever winked an eye at. Benny Brame and Larry Monroe signed our guest book and so did the Stanley clan—Chris, Bob (dead-ringer for one of those glamor boys on a "wanted dead or alive" poster) Stevie, Debbie, and Paul. Tommy Barton, Jim Jackson, Jimmy Ault and brown eyed Monty all came by and then those Abernathy gals, Donna and Linda whipped in for a call. Nadine and Doris Ann Shelnett, Rea and Dana Corn, and Mary Jo Thompson were Halloween guests and we counted it a real treat when Diane, Stephen, Gregg, and Chet Webb made their appearance. Some sugarsweet visiting spooks were Bun Barry, Terry, Jan, and Jimmy Alexander, Yvonne Shelnett, Kay Glibbreath, Jeraldeen Neal, and Sharon Jeter all came by and about the last goblin to come hobblin' in was Charlie Correll—and we thoroughly enjoyed each and every one of those visits.

Thursday was a red letter day for the Bear Cubs football squad and the Elementary School Pep Club—that was the day when they celebrated the winning of their football conference with a hot dog party at the Legion Hall—but more of that next week when we can give you a guest list 'n furnish more of the delicious details.

Mr. and Mrs. J. B. Pitzer had special guests this week, Mr. and Mrs. J. B. Pitzer Jr and son, and Mr. Pitzer's mother—so it was an extra nice week-end for the Pitzer family.

The 4H Club-FFA barbecue supper Saturday evening at Patterson's Cafe was an enormous success from any point of view. The crowd who attended were very generous with their donations, equally generous with their good-will too (which counts even more) and by ten o'clock the supply of barbecue beef was completely exhausted but the memory of a pleasant evening with many good friends lingers on and on.

The Beauty Contest last week at the High School Auditorium also comes under the head of "Big Success" and the Annual Staff wishes to thank (profusely) its sponsor, Mrs. W. Clyde White, who engineered and directed the entire proceedings, Mrs. Hugh Ross for her excellent

Clyde To Open New Cemetery

Plans are being drafted for the newly acquired 15-acre tract for a City Cemetery, according to Mayor Cleve Young.

The acreage which lies south of the Clyde cemetery and separated from it by the Denton-Oplin Farm Highway, was recently purchased by the City of Clyde for \$350 an acre, or a total of \$5,250.

The area will be cut up into three sections—one for family plots, one for general use and one for individual-lot purchasers.

A restriction by the City Commission will require that all grave markers lie flat and even with the surface to enable mowers and other tools to be used without difficulty.

The present cemetery, which lies north of the proposed city-owned burial area and just across the street from the Clyde Public School plant, has been a community-operated affair. It has been depleted of most available burial plots, Mayor Young said.

STORES TO REMAIN OPEN NOV. 11

A majority, if not all, Baird business houses will remain open for business Tuesday, November 11. This is the decision of merchants contacted in regard to remaining open or closing.

Clyde, Wylie Draw, 14-14

The Clyde Bulldogs roared back in the waning seconds of play at Clyde Friday night to tie Wylie, 14-14, in District 10-A high school football action.

Tommy Cook copped hero honors with a 40-yard pass to end Leon Chrane for the winning touchdown, then hit Chrane for the two extra points, that knotted the count.

Wylie scored in the first quarter on a one-yard sneak by Ronnie Green following Don Martin's 60-yard scamper to set up the score. Martin ran the points.

Clyde made it 8-6 in the same stanza with a 12-yard end run by quarterback Harold Hicks, but the visitors took the lead, 14-6, in the second quarter on a nine-yard pass from Green to Vernon Allen.

Then Clyde came back for the touchdown that tied the score.

Clyde Harvests Big Pecan Crop

The pecan crop in Clyde is regarded as the greatest in the history, according to Mayor Cleve Young.

"Trees are loaded until some limbs have broken under the weight of the nuts," Young said.

Most homes in Clyde own large papershell variety trees. Some owners sold pecans before they had been gathered. However, most will gather and store for personal use, growers said.

The long lines of trees along a drainage ditch flanking the T&P railroad, in the center of town, are already dropping maturing nuts.

Baird Passes Swamp May

The aerial artistry of Terry Joy gained a 52-6 sweep for the Bears over May Friday night in District 7-B.

Joy pitched for five touchdowns. He was also responsible for a two-pointer on a pass.

The Bears' Harvey Christensen capped a sustained drive from the two and ran the extra point to give them an 8-0 lead. The second score was a result of a 10-yard pass from Joy to end Gary Gilliland. The same Joy-Gilliland combo picked up a conversion on a pass.

In the second quarter Joy added to the Tigers' woes by pitching a TD to Mike Odom for 60 yards. Odom ran the extra ball and Baird led 24-0. Christensen ran over his second touchdown of the night late in the second period on a 20-yarder. Odom ran the extra point.

Joy and Gilliland were the batteries in both the Bruins' third period scores. One was 20 yards and the other 15. Joe Lynn Ault caught the fifth TD pass in the end zone from the five. Kenneth Robbins converted.

The Tigers finally broke the ice in the waning moments. A 50-yard pass play from Richard Ferguson to Clayton Chambers netted May's only score.

U.S. Saving Bonds Laws Changed

WASHINGTON, D. C. — The Secretary of the Treasury today announced that effective December 1, 1958, owners of Series F and G Savings Bonds may apply the proceeds of their bonds maturing on or after December 1, 1958, as well as proceeds of any unredeemed F and G bonds which matured before that date, toward the purchase of Series E and H Savings Bonds without regard to the annual limitations of \$10,000 (maturity value) for each series.

This privilege, which has been available to individuals and personal trust estates beginning September 1, 1958, is now extended to all owners of outstanding Series F and G bonds except commercial banks.

Series F and G Savings Bonds were issued beginning May 1, 1951, and matured beginning May 1, 1953. Their sale was discontinued April 30, 1952.

Hale is regarded as one of the outstanding men in the United States in livestock nutrition and on problems involving swine production and management, Reese said.

The Wednesday meeting was open to anyone interested in nutrition, feeding and livestock judging.

A&M Prof. Speaks At Baird Conference

FRED HALE

Teachers of vocational agriculture in the Abilene district met at Baird High School Wednesday at 4 p. m. for a conference on recent developments in livestock nutrition and feeding and livestock judging.

Fred Hale, professor in the department of animal husbandry at Texas A&M College, was in charge of the conference, according to E. L. Reese, Baird vocational agriculture teacher and chairman of the program committee.

Hale, a graduate of Tulla High School, received a BS and MS degree, with a major in animal husbandry, at Texas A&M in 1922 and 1925, respectively.

He has also completed some special courses in animal husbandry at Iowa State College.

Hale served in 1923 and 1925 as an assistant general livestock agent of the Santa Fe railroad. He was made swine husbandman of A&M in 1925 and chief of the division of swine husbandry of Texas Agricultural Experiment Station in 1925.

When teaching research and extension activities of the A&M system were coordinated in 1946, Hale was made head of the swine section.

Survivors include his wife; two sons, M. L. of Lampasas and B. T. of Hobbs, N. M.; one daughter, Mrs. J. T. Welch of Clyde; 11 grandchildren and nine great-grandchildren.

Baird Plays Jim Ned For Championship

The Baird Bears will be out to defend their 1957 district championship tonight when they host the Jim Ned Indians in a district 7-B showdown. Neither team will be forced to win their remaining game if they win this one. The winner will play Early High of Brownwood.

Jim Ned although with a slightly poorer record than the Bears, have been gunning for this one since 1956 when this year's crop of Senior boys were

humiliated by the Bears by a score of 72-6. Last year was 26-0 in favor of the Bears and this year the game should be a real close one according to Coach Jefferies.

Jim Ned hasn't beaten a Bear team since 1951 when they humiliated the Bears by some 40 points on a cold night. They have never been able to score over one touchdown in any of the other games. However in this year's team, they have

enough speed and power in the backfield to go all the way on any play.

Baird will set up their defenses for their outside plays and will probably allow the Indians to make short yardage inside tackles. Bill Swindle is the Jim Ned Indian who Baird will have to stop if they hope to win their district championship.

Swindle is the fastest back in Class B ball in West Texas. He is all-district and weighs 165 pounds. Along with Swindle is Bill Betcher the other half of the scoring team who plays opposite Swindle at right half. Betcher weighs 160 as well as their fullback Gary Grant. All 3 of the backs are Seniors as well as 6 of the starting linemen.

Their top linemen are a pair of Senior tackles in All District, L. G. Smith at 210 and James Kelly at 160 who plays tackle despite being able to run the dashes in track.

As for weight advantages, Baird will outweigh the Indians in the line about 6 pounds to the man but in the backfield will give up about 10 pounds to the man.

Bairds line will remain the same but the backfield will be Joy at quarterback, Christensen at fullback and Odell or Boyd at fullback and Odom at wingback. Dale Coley will not play because of a knee injury this week but could be ready for the playoffs if Baird should win.

Game time is 7:30.

"ALL IS NOT GOLD THAT GLITTERS"

Throughout recorded history there have always been reports about charlatans who exploited the sick.

We now have laws that protect you by only permitting a physician to practice medicine and a pharmacist to dispense medicines. Unfortunately there is a growing effort to increase the use of patent medicines by permitting their sale anywhere, instead of under the supervision of a pharmacist, who has the necessary training to advise you against wrong use. Any medicine can be harmful if improperly taken.

For your own safety, depend on your physician to advise you what medicine to take and always secure any medicine from a pharmacist.

Union Usuals and Unusuals

By Veda Yarbrough

Hi, neighbor. We had winter last week, but fair and warm weather here since Saturday. Most like summer today.

Mark, Ollie and Gayle Burnam went to Abilene Sunday. Glenn Burnam and family left for Hobbs, N. M. Sunday. Kim and Keaven spent Saturday night with their grandparents. Those kiddos sure didn't want to go to Hobbs. Don't much blame them as they have such a good time as they have such a good time to come very often.

Sunday we had a real pleasant surprise visit from Uncle Lige Burnam, his wife, Annie Mae and his sister Lucille Kelley. We

were so glad to see them. We gave them some green beans, turnips and greens.

I cooked some turnips for dinner. They were real good. Mildred spent last week with us and we really enjoyed her visit. She went home early Saturday morning.

Mildred, Roma and I went to Abilene Thursday afternoon. We could not go until after school. We shopped a while and had dinner at Arthur's Cafeteria. Had a good time and got home by nine o'clock.

Mr. and Mrs. Guy Elland of Stanton visited Wednesday night on their way home from Waco. Guy is doing better now. He has been sick most a year now.

Wednesday morning, Graba Elland and Annie Yarbrough visited Mildred and me a while.

Mrs. Louise Isenhower and boys visited Sunday afternoon with John and Roma McIntire. Louise and Roma came up here a while. Louise said they just brought another oil well in the field west of their house. Said some thought it would be a 25 barrel well. Hope so as we need some oil around here.

Guess I better go feed my baby calf. It is about that time. It will be two weeks old Wednesday. I guess it is doing OK considering all last week was wet and cold. I have to feed him many a time before I get to sell him.

Guess I better say good night. I'll see you next week.

Barnhill-Dyer Rites Rites Read At Clyde

Patricia Jane Barnhill became the bride of A. E. Dyer, Jr., in a double ring ceremony read Thursday evening, Oct. 30 at 8:00 o'clock at the Clyde Methodist Church with the Rev. Lee Crouch, pastor, officiating.

Parents of the bride are Mr. and Mrs. L. G. Barnhill of Baird. The bride groom is the son of Mr. and Mrs. Dyer, Sr., Baird.

The bride wore a blue polished silk suit, soft white fur hat, and other accessories of pale beige. Her corsage was lovely snow white carnations.

Mrs. Bill Shelton of Clyde, sister of the bride was matron of honor. Best man was James Dyer of Baird, brother of the groom.

Only close relatives and friends of the couple attended the quiet ceremony. The couple will make their home in Baird, following their wedding trip.

Reminiscing with Sidney Harville

Some times kind memory takes me back to several years I was manager of a cotton gin. And I also remember how times have changed in our own, and our community life now and then. Two years of my life was at the Oplin gin, and then several over at Lawn. I sure spent some long hours at the gin, for sometimes the gin was running at early dawn.

The biggest problem that a ginner had was to buy and sell the farmer's cotton, for sometimes the market and demand was good, and sometimes the market sure was rotten. One time we had a big fire at Oplin, and Walter McBride was my ginner. Walter had ginned cotton a long time and he sure was not a beginner. We had a fire from the air line cleaner at each stand and back to the press. It was the first gin fire I had ever seen and I thought it sure was a mess. We turned on the steam and water hose and each gin stand emptied clean out. Each hand was on the job in a run, we were doing our best all around about. The fire destroyed three bales of cotton and we thought we got off mighty light, but I wanted to be sure it burned no more, so I placed a watchman back there that night.

One year at Lawn all the cotton I bought, my buyer shipped it direct to Japan. I guess our ladies bought it back in silk-finished cloth of pink or tan.

One time in the years gone by, Oplin had two gins, and they ginned around two thousand bales. But most folks would think this day and time, I am telling them fairy tales.

Esso Extra Out-performs many gasolines selling for 1¢ more!

Esso Extra sells for premium—not super-premium—price, but it out-performs many gasolines selling for 1c to 2c more.

Out-performs them in clean-burning characteristics: it burns so clean that spark-plugs last up to 50% longer.

Out-performs them in anti-knock operation: its octane rating is high—higher, in fact, than the octane rating of many gasolines for which motorists pay a super-premium price.

Out-performs them in quick starting . . . in smooth, safe acceleration . . . in mileage.

Esso Extra is the No. 1 premium in Texas . . . first in premium sales . . . first in premium performance.

Use this great gasoline in your car. You'll prefer its performance, you'll like its mileage, and most of all, you'll be pleased with its economy.

Fill up under the Humble sign in your neighborhood. *Every time!*

HUMBLE OIL & REFINING CO.

A must for cars with air-conditioning, power brakes and power steering. It's the gasoline for the 1939 models.

Dependable Quality at Regular Price

If your car performs well on regular gasoline, Humble Motor Fuel is your gasoline. Every gallon is made to exacting quality specifications.

You get three distinct advantages: (1) continuous improvement; (2) uniform quality wherever you fill up; and (3) a patented solvent oil that keeps engines clean.

Miss Ruth Carolyn Arnolds Weds Lonnie Lawrence In San Antonio, Saturday

The Harlandale Church of Christ, San Antonio, was the scene of the wedding of Ruth Carolyn Arnold and Lonnie Alfred Lawrence both of Abilene, Saturday evening.

Paul Stevens, former minister of the Harlandale Church of Christ performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Van H. Arnold of San Antonio and Mr. and Mrs. Charles W. Lawrence of Baird.

Given in marriage by her father, the bride chose a gown of slipper satin designed with an empire waistline and chantilly lace jacket. Her fingertip veil of illusion fell from a sequin cap. She carried a white orchid surrounded by a corsage of white carnations.

Mrs. Paul M. Tuller was matron of honor and Mrs. Clyde M. Lanford was bridesmaid. They are both sisters of the bride from San Antonio.

Their dresses were designed like that of the bride. Mrs. Tuller's was of peacock and Mrs. Lanford's was in coral. They carried cascade arrangements of white flowers edged in the color of their dresses.

Ray Lawrence of Baird attended his brother as best man. Candlelighters were Bill Johnson and Edward Sammons, both of San Antonio. Clyde M. Lanford of San Antonio and Robert Arnolds Hicks, cousin of the bride from Uvalde, were ushers. Paul M. Tuller was groomsmen.

A chorus directed by J. I. Thomas presented wedding music. Soloists were Jane Kersey and Gene Hicks.

The bride's parents hosted a reception in their home. Members of the houseparty were Misses Kersey, Mae Briggs, Reda Mae Allen, Roberta Lawrence and Sharon Thomas.

When the couple left for a wedding trip to East Texas the bride was wearing a cobalt blue wool suit with black and white accessories.

The bride teaches in Abilene Public Schools and the bridegroom is employed by Camera, Inc. She was graduated from Burbank High School in San Antonio. She attended Southwest Texas State College and was graduated from Abilene Christian College.

The bridegroom was graduated from Baird High School and attended ACC.

A rehearsal dinner was held in the fellowship hall of the church.

Mrs. Roy Gilbreath attended funeral services for her grandmother, Mrs. A. J. Penn, age 88, held at Brownwood Friday.

IT'S THE LAW In Texas ...

TRAFFIC LAW KNOWLEDGE SAVES LIVES MONEY

In the midst of the annual series of football weekends, the thoughts of many Texans are turning toward traffic safety. There can be no doubt but that a better acquaintance among drivers with the "rules of the road" and other traffic safety regulations could greatly reduce the death toll of our highways.

To obtain correct and authoritative information about driving is a simple matter. A letter or postcard to the Department of Public Safety, Driver's License Division, Austin, Texas, will bring an official publication, the "Texas Driving Handbook", to anyone who requests it.

Aside from considerations of personal safety, proper driving habits and observance of traffic laws help prevent financial loss. This is true in spite of the fact that most people now carry liability insurance as a protection under the Texas "Drivers Responsibility Act." Jury verdicts in personal injury cases tend to go higher and higher, and the likelihood of suffering an adverse judgment for an amount in excess of the limits of your liability policy is ever present.

Fault, or liability, is determined by applying the law to the particular facts of an accident. In Texas the law is in several forms—the statutes as enacted by the Legislature, the ordinances of each city and town, and the court decisions in cases similar to the one to be decided.

A negligent or intentional act is necessary in order to impose legal liability for damages. Where both parties to an accident are negligent, the court will very likely say that both are at fault, and that each must pay for his own damages.

Two of the most important legal rules pertaining to accidents are those having to do with "proper look-out" and "proper control". Driving in a lawful manner and complying with all ordinary traffic rules is not always sufficient. In addition, the driver is expected by law to be alert to all that is happening around him.

If an accident should occur and the driver has not been alert — has failed to keep a proper look-out — he may be charged with "improper look-out" as a traffic violation and also held liable in damages to the other driver. The courts call a "proper look-out" such a look-

out as a reasonably prudent driver would have kept under the same circumstances.

Of equal importance is the rule of "proper control". This rule means pretty much what those words imply — that the driver should have his car under such degree of control as to be ready for any emergencies as might arise. It may be breached even though no violation of ordinary traffic laws is involved.

For instance, a driver may be complying with the legal speed limit but still be driving at a rate of speed which is unsafe under the existing circumstances.

Even though legal speed limits are expressed in terms of a certain number of miles per hour, conditions may arise which prevent the driver from maintaining "proper control" of his automobile at that speed. On a rainy day on a slick street or highway, or in heavy traffic, the reasonably prudent driver will know that he should reduce his speed considerably below the legal maximum.

Raid World War I Vets Organize

A full slate of officers will be elected at a meeting of veterans of World War I desiring to increase their government benefits here Nov. 17.

At an organizational meeting Friday night the group voted to support a pension of \$100 a month for all honorably discharged World War I vets and widows.

They also agreed that the pension should be in addition to other retirement benefits, and that a veteran or widow should be allowed to earn \$4,000 without it being a bar against a pension.

Roger Q. Evans, a former Callahan County agriculture agent, was the principal speaker at the meeting Friday. He is now state organizer of the veterans and also senior department vice commander of the organization.

Temporary officers appointed at the meeting were Robert T. Wall, commander, and R. H. Roberson, quartermaster.

Clyde Peanut Crop Best In Years

Peanut growers in the Clyde area are harvesting one of their best crops in years, and farmers in the peanut belt from Clyde to Cross Plains are expecting a bumper crop of No. 1 peanuts.

Rain has hampered the peanut harvest and has caused the hay to turn black, but as yet has done little damage. A shortage of threshing machines is also slowing the harvest.

P. L. Spitzer, who has 15 acres of peanuts, says he should make from 25 to 35 bushels per acre.

Harold Holden, who has 40 acres, says he will average about 30 bushels, as will Seth Holden with 45 acres. J. Little, with 73 acres, also will average 30.

Hal Broadfoot says his 21 acres of Span-Tex peanuts averaged 35 bushels. Jess Jennings with 75 acres, expects 35 bushels per acre.

Continued wet weather could interfere with the harvest, but farmers are expecting a large peanut crop.

No License Big Offense of Fishermen

Fishing without a license dominates game and fish violations even in the middle of the hunting season, according to the director of law enforcement of the Game and Fish Commission. September arrest report showed 104 tagless fishermen, compared with only 19 arrests for hunting without a license.

Hunting violations continue to rise, however, the director said. There were 182 counts of illegal hunting methods and other game law violations during the month. This figure includes 21 arrests for hunting in closed season, 20 for killing quail out

of season, 19 for trespassing, 17 for hunting at night, 17 for exceeding dove bag limits, and 15 using unplugged gun.

Of a total of 357 arrests, 3 cases were appealed to a higher court, while 10 served time in jail. Convictions cost violators \$8,635 in fines.

The director reminds hunters who are not sure of the laws that they may get copies of game and fish regulations from game wardens, license dealers, or by writing to the Game and Fish Commission in Austin.

Mr. and Mrs. Presley Reynolds of Monahans, visited relatives in Baird Monday and attended the funeral services for their uncle, Lee Smith.
