State School Inspector Visits Schools

PAYS HIGH COMPLIMENT TO EVERY PHASE OF OUR SCHOOL. RATING SHOULD BE HIGHER

Prof. R. G. Bressler of the University of Texas, who holds the position of State Schools Inspector, was an honored visitor in Pecos this week on his inspection of schools in this portion of the State.

Prof. Bressler evidently was very agreeably surprised during his visit to the Pecos schools, as his remarks during an address to the student body of the school would indicate.

He spoke very highly of the school here, and encouragingly, inasmuch as he stated that he could give this school a higher rating in their affiliation with our universities and colleges over former and present rating of the school. After careful investigation he said the Pecos school was entitled to a total of sixteen units, the present rating entitles the school to 14 1-2 units. This means much to our schools in Pecos and, incidentally to our children.

Back of this fine showing stands an efficient corps of teachers, and to this body Mr. Bressler paid his respects in highest terms. He said we had a greater number of teachers according to the size of the school, who hold degrees, than many schools in the State. This remark can also be construed as complimentary to the citizenship of Pecos who always demand the best.

The equipment of our school, the sanitary conditions, the arrangement of facilities that build up both body and mind, all were the subject of praise from Prof. Bressler. "Pecos indeed has a school of which it need not be ashamed for many years to come," was the substance of his remarks.

One need, however, Prof. Bressler hopes soon to see supplied, and that is the addition of the agricultural and mechanical branch. For the propagation of these branches arrangements are made whereby the State pays one-half the salary of the teacher in this department, the citizens paying the other one-half. This fact is true also of the Industrial Department should we see our way clear to incorporate it into the regular curriculum of the school.

WSS
CLAUD B. HUDSPETH CANDIDATE FOR CONGRESS

In this issue will be found the announcement of Claud B. Hudspeth, of El Paso, for the office of Congressman from this district. Mr. Hudspeth as State Senator for the past fourteen years at Austin, has proved himself altogether capable and worthy of the high office he seeks.

He has worked unceasingly for West Texas and his record shows for itself. He is too well known to the people of this district for further introduction to our people, but he wants it known that he wants the office and will be in the race to the end.

WSS
GEO. CLEMENTS A VISITOR IN PECOS THIS WEEK

George Clements of El Paso, campaign manager for Zach L. Cobb, candidate for Congress, was here with Mr. Cobb for a day or two this week looking after political fences.

Mr. Clements is an old newspaper man and has done much valuable work in that line, being a splendid gentleman and a versatile writer.

WSS
Geo. Ewing, with the Standard Operating Co., left the forepart of the week for Detroit and other points east on a visit of some two or three weeks with relatives.

reasonable price, it may be expected that those who take stock in the company will reap rich returns for their investment.

It is proposed to manufacture the machines in El Paso and to not only push the manufacture and sale of the machines but to make quick returns to those who invest their money in it. It is the sincere opinion of The Enterprise that this will be a quick results.

County Represented at Great Highway Meeting

A. D. LINTON WILL LAY MERITS OF THIS SECTION BEFORE NATIONAL ASSOCIATION

A. D. Linton left on the early morning train today for the meeting of the National Highway Association which will be held at Little Rock, Arkansas, on the 16th inst. He goes first to Texarkana to meet with the Texas delegation on the 13th, where plans will be formulated to secure the Ozark Trail in connection with the Bankhead Highway through Texas. The Bankhead Highway will be built from Washington City to Los Angeles, California. The Ozark Trail will be built from Fort Sill, Oklahoma, to Fort Bliss, Texas. The entire Texas delegation will make a hard fight to bring both of these great highways through Texas and along the Texas and Pacific Railway.

Mr. Linton goes to represent the interests of Reeves county at this, the greatest highway meeting ever held in the United States. He went at the request of the Pecos Valley Commercial Club. An informal meeting of the Commercial Club was held Thursday morning at 10:30 o'clock, and Mr. Linton was unanimously chosen to go on this most important errand. He will speak in the interest of the Pecos Valley, and his efforts will be worth many times the cost of the trip in the way of advertising this Valley and its great resources. If we get these highways it will put Pecos on the map and make a great city of it. All Reeves county and the entire Pecos Valley is behind this movement, as it means more for us than anything we could get unless it is the Red Bluff dam. Should we land both these great enterprises it would indeed be wonderful for this Valley and this entire country.

Eighteen years ago when Judge Ben Palmer was a member of the Legislature he was a strong advocate and worked hard in the interest of good roads and has never let up. On this occasion, besides donating liberally, he solicited subscriptions and raised the money with which to send Mr. Linton to Little Rock.

WSS
ZACH L. COBB FOR CONGRESS

In this issue appears the announcement of Zach L. Cobb, of El Paso, for congress, subject to the Democratic primaries in July. Mr. Cobb was here in person this week and opened his campaign for this office.

He has for the past four and one-half years been collector of customs at El Paso and resigned the position to make the race for congress. His speech at the Music Hall this week was well attended and loudly applauded.

He asks the support of the Democrats in the July primaries and, if elected, will, no doubt, make the people a worthy representative.

WSS
BACK HOME FROM FRANCE

Nathan Slover and E. R. McCarty arrived home Sunday morning from France where they had been in service as civilian laborers. They were honorably discharged, and their places were filled by men of the selective draft.

Both of these young men have a store of wonderful information of the doings "over there," but our readers will have to get it from them first-hand as we hardly know just what portion of their narratives to blue pencil. However, their tales are of an optimistic nature.

WSS
REEVES COUNTY VEGETABLES

E. G. Bowles was in town Monday on business and after supplies for his ranch. He brought in with him a trio of lettuce heads which nearly filled a 100-pound grain sack. They were beauties and demonstrate what can be raised in Reeves county if the ground be broken, the seed planted, the whole well-watered and mixed with a little elbow grass. Auspicious Opening of Bond Issue Campaign

ENTIRE POPULATION IN HUGE PARADE.—\$30,000 SUBSCRIBED IN PECOS CITY ALONE

One of the largest parades ever pulled off in Pecos was that of yesterday secured by the Liberty Loan Committee. It was said by some that there were so many in the parade that there were practically none left to watch it. There were no less than sixty automobiles in the parade which started at the public school building and passed through the principal streets of the town.

During the parade one thousand handbills advertising the grand patriotic rally at the Baptist church Thursday night, were scattered, and every house in town was well advertised. As a result there was a fine crowd at the rally and about \$20,000 in Liberty Bonds were sold, making a total, including those sold last week, of \$30,000 for Pecos alone.

It is not doubted that Toyah, Balmorhea and Saragosa will do their part, and there is little doubt now but that in the Third Liberty Bond Sale Reeves county will go "over the top" and subscribe more than her quota.

Let every citizen of the county who is a liberty loving American bend every energy to put one over on the kaiser by going beyond our quota and showing to the world that Reeves county people are not slackers, but Americans in the fullest sense of the word.

W. W. Camp is proving a good campaign manager.

Pecos Headquarters for New Enterprise

NATIONAL ADVERTISING COMPANY, WITH \$500,000 CAPITAL HAS MAIN OFFICE HERE

The National Advertising Company is a new organization for Pecos and will have its headquarters here. This company is the outcome of an invention of our fellow townsman, T. E. Brown. He has recently received his patents on this machine, and more recently incorporated a company for the manufacture and sale of this machine under the laws of the State of Arizona, the capital stock of which is \$500,000.00. The charter has been received and the stock book issued, and Mr. Brown informs The Enterprise that he is now ready to issue stock to those who have purchased and become interested in the corporation.

T. E. Brown is designated president, B. T. Biggs, vice-president and W. W. Hubbard, secretary and treasurer. All these officers are of Pecos. The directors of the company are, Judge Clay Cooke and D. W. Bozeman of Pecos, N. A. Brown, of El Paso, and J. S. Oliver, of Carlsbad, New Mexico.

This advertising machine has been exhibited in many places in Texas as well as in other states and has received the highest commendation of business men wherever exhibited.

The men at the head of this concern are live wires, men who are not afraid to do things, and, inasmuch as they have a machine whose value is unquestioned and can be sold at a

County Gets Running Start on Third Loan

\$10,000 PLEDGED DAY BEFORE DRIVE'S SCHEDULE, AND IT'S "OVER THE TOP" THIS TIME

At an enthusiastic meeting of our citizens in the Commercial Club rooms on Friday of last week, at which many of our business men were present, an organization was formed for the purpose of assisting in the sale of Bonds of the Third Liberty Loan.

Several good talks were made and W. W. Camp was finally made head of the executive committee to push this work or raising Reeves county's quota of the bond issue. Mr. Camp appointed his co-workers in this cause and at once subscriptions were called for.

Mr. A. Tinally of the Standard Operating Co., started the ball rolling by stating that he would take \$2000 worth of bonds and pay for all the advertising, and in the latter line run an extensive campaign and, besides many smaller jobs in connection with the bond issue, has contracted with The Enterprise for four full page advertisements, the first of this series appearing in this issue. Other subscriptions were taken before the meeting adjourned to the amount of \$10,000.

The committee has been busy and the good work is going merrily on, and it is a safe bet that on this occasion, with such a leader as W. W. Camp, with his coterie of able assistants, that Reeves county will "go over the top" and will not be long about doing it.

WSS
H. Robbins and E. P. Stuckler, after spending several days in Pecos on business and visiting friends, left Tuesday morning, via auto, for Saragosa.

Schools of Reeves County Hold Meet

SATURDAY WAS GALA DAY IN PECOS WITH TRACK EVENTS, SPEAKING AND SPELLING

On the date set for the Reeves County interschool meet, Saturday, April 6th, Pecos was the scene of lively interest. Students for everyone of our public school, with the exception of Toyah, which had no representative, were in the city early to participate in a well-arranged program in which was included various track events, which took up the better part of the afternoon, and contests in spelling, declamation and essays at night, in the Baptist church.

A pleasing feature of this occasion was the fact that most of the pupils from the surrounding schools were accompanied by their parents, and these seemed to be as enthusiastic as were the children.

All our readers are familiar with the nature of these meets. Their purpose, mainly are to provide an incentive for better work among the pupils, and thus mould them into men and women of whom the future will not be ashamed. This idea holds good both as to physical and mental qualifications. That is the main reason why the athletic events are encouraged. In the events pulled off Saturday on the Fair Ground track, it was shown that we have some very promising athletes in Reeves county, and the good feeling that predominated throughout was gratifying.

The result of the track meet for Junior boys was as follows:

Potato Race.—Duncan Kingston, Balmorhea, first; Arnold Totter, Saragosa, second; Tommie Anderson, of Pecos, third.

Killing of Americans on Border Must Stop

IN RINGING SPEECH R. M. DUDLEY DEPLORES SITUATION AND PROMISES RELIEF

Van Horn, Texas, April 9.—"The killing of American men, women and children by Mexican bandits raiding across the border must stop!" This was Representative R. M. Dudley's deft to the Mexicans under arms across the line from the Big Bend.

"I have ridden over the hills of Mexico with my wife and I have studied the Mexican leaders and the Mexican people at first hand," Representative Dudley told the Texans. "But I would not do it again, for those people have developed and their development has been along bandit lines."

"This is a dark hour for the Texas border when our Americans must consider moving away from their homes and from their holdings and leave them for the Mexicans because they cannot be protected from these Mexican raiders. I am not here on any political capacity."

"My time is at the disposal of the people of the Big Bend district. I am ready to go to Austin at my own expense and place the situation before the Governor. There must be no more murders of American ranchers and their families on this border and I am ready to do my part to stop it right now."

After he concluded his speech Representative Dudley was cheered for five minutes by the cattlemen who crowded the Culberson county court house. The wives of the cattlemen and ranchers came forward and congratulated Mr. Dudley. Many of them live on the border and realize the situation there.

PARENT-TEACHER ASSOCIATION

The Parent-Teacher Association met in regular business session Friday afternoon at the school auditorium. There was an interesting program of music and readings after which the business session was held.

In taking the census of parents present to ascertain where the book should be placed, it developed that the Fourth Grade had won. This is the second time this grade of enthusiastic youngsters have won a book, and they are justly proud of their acquisitions.

The next meeting of the association will be the last for the present school year, at which time officers for the ensuing year will be elected.

BOY SCOUTS DOING THEIR BIT

The Boy Scouts of Pecos are doing their "bit" during the present campaign in pushing the sale of bonds of the Third Liberty Loan.

Under the efficient supervision of their assistant Scout Master, Earl Collins they were kept busy all day Saturday last—the opening day of the bond sale. They distributed literature around the town, and in the stand over the fountain erected a replica of the Liberty Bell, and pairing themselves, did good work by ringing this bell throughout the day, reminding the people that the sale of bonds was on.

RESIGNS POSTOFFICE POSITION

Miss Doris Rogers, who has been the very efficient assistant in the post-office for some months, has resigned her position and will leave as soon as other help arrives, for a visit to relatives in Tennessee and Mississippi. Her service, both to the postmaster and patrons of the office has been very satisfactory, she being competent, fast in her work, painstaking, courteous and obliging.

Lend to Uncle Sam now or give to Bill the Butcher later on. The question is up to you.

Camp Travis Soldiers are Raising Gardens

IN FIGHTING, GARDENING AND BUYING BONDS THE ENLISTED MEN SET FINE EXAMPLE

War gardens are not restricted to civilians. Uncle Sam's nephews in arms are gardening with energy and success this spring at Camp Travis. Edibles share plots with plants whose only defense is that they delight the eye and the nostril—butter beans push above the crust alongside with shoots of convolvulus minor and cabbage. The gardens are marked off with borders of small stones and the stones are whitewashed, so that the springtime dress of the Camp Travis grounds is anything but unattractive.

A recent survey of the physical condition of the men at Camp Travis shows, on comparison with the data obtained at the time of their coming into the service, that they have gained from one-half to one inch in height and from five to twenty-five pounds in weight. It would be hard to find a more convincing demonstration of the effectiveness of substantial and nourishing food, regular hours, sanitary environment and also plenty of exercise.

Nothing is more provoking than to have a shirt come back from the laundry all drawn up until it is past buttoning, even if you can get into the pesky thing. But soldiers wear flannel shirts, and flannel shirts will draw up, even with the best of care in laundering. The problem was serious: Thousands of men were getting gradually larger with good food and exercised muscles, and at the same time thousands of shirts were getting gradually smaller with repeated trips to the huge Camp Travis steam laundry. But the problem has been solved and by a process discovered by the men in charge of reclamation of equipment, and it is now possible to stretch the chests of the soldiers' shirts by four inches and the collars by two inches. For the army doesn't waste a penny if forethought and ingenuity can save it.

These are the days when thoughts of the "ole swimmin' hole" come alluringly to mind. Memories of the improvised diving board, with one end under the root of a tree, and possibly a convenient limb of some giant live oak from which youthful divers used to launch themselves into the watery depths to "bring up bottom," find a place in the spring reveries of almost every man. The soldiers of the 90th Division are not compelled to take it out in mere recollection. A walk of a half mile or thereabouts and they can have the swimming hole with the diving board, and even the projecting live oak, all for their especial use. And the water comes from the purest of artesian wells. Enlisted men of the camp are encouraged to perfect themselves in the art of swimming, and organizations frequently march out in a body to take their plunge.

Increments of drafted men which have arrived in Camp Travis during the past week have made the best showing of any bunch of men received here thus far. Their excellent physical condition and general appearance have attracted favorable comment from the medical corps men who have examined them, and officers generally have expressed their pleasure in having men of such character in their commands. The new men appear to adapt themselves with unusual readiness to the routine and discipline of army life.

CLASS PICNIC

The class of young girls at the Methodist church, taught by Mrs. C. B. Jordan, were given a picnic Friday evening at the Harris place, as a reward for having again won in the Automobile contest. Their car, the "Winston Six," was the first to reach Salt Lake City. A delightful time was reported.

BALFOUR KERR

“Keep the Home Fires Burning”

Tonight there will be American boys in lonely listening posts far out in the desolation of No Man's Land, American boys in the darkness and the mud and cold of the trenches under the ceaseless thunder of guns and the scream of shells, American boys tramping along the pitch-black, shell-torn roads.

Through the long, dreary hours, as they wait and watch in the dark, while dangers lurk on every hand, their thoughts turn to the homes they have left behind, homes on distant farms, in scattered villages, in great cities, and they see in imagination the pleasant home lights shining out into the night.

They Are Fighting to Keep Those Home Fires Burning

You, back here in the peace and safety of the homes they love, can help in the bitter struggle that our boys must face tonight, and tomorrow night, and every day, and every night, until the final VICTORY is won. You, too, must work to keep the home fires burning—for our sons in France.

They need guns and more guns, shells and more shells,

they need tanks and transports and airplanes, good food and warm clothes and medicines and hospital supplies—an ever increasing abundance of all the vital materials of war, if they are to drive the ruthless German invaders back within their own borders, and establish for all time the sacredness of American liberty and the safety of America's homes—their homes, our homes.

For these lads that are fighting and dying for you—do your share to send them to VICTORY. Invest today in Bonds of the Third Liberty Loan—ALL the bonds you can. Keep the home fires burning.

This paper has enlisted with the government in the cause of America for the period of the war

Is Pecos and Reeves county going to fly one of the Honor Flags given by Secretary McAdoo for subscribing its quota to the third Liberty Loan? You bet we are.

One great reason why the Red Bluff dam should not be built has been discovered: Some smart aleck rises to remark that should it be built the candidate will thereby lose one of the strongest planks in his political platform.

We don't hear much these days about the hyphenated American. It has dwindled down to just two kinds in this country: For and against. Uncle Sam has been pretty busy to these many months weeding out his garden, and it won't be long until only tried and true Americans only will enjoy the fruits of the human liberty they espouse. Your Uncle is some gardener when he rolls up his sleeves, grabs the pruning knife and wades in.

In odd times, our boys over there are busy putting an edge on their bayonets. Sounds gruesome, doesn't it. But, when one thinks of four "square-headed" Huns overpowering a wounded American soldier and holding him while a fifth cuts his throat from ear to ear, we wish our boys were armed with dull auger bits to slowly grind and twist into their Hunnish vitals, giving them plenty of time to think of the error of their ways during the operation.

The American spirit must spread pretty fast. The prime minister of France must have imbibed a generous share of this self-same spirit, judging by his remark when his attention was called to a statement of the Austrian premier, Czernin, that France was making overtures for peace. Clemenceau's answer was to the point and tinged with typical American brevity: "Czernin lied," was his answer. On with the fight, and as Marse Henry Watterson puts it, "To hell with the Hapsburgs and Hohenzollerns," and their peace parleys.

Did you read our letter from Camp Travis this week? Those boys are not content with buying Liberty Bonds to buy the wherewithal for themselves with which to lick the everlasting stuffing out of the kaiser, but, on top of this they are gardening. From some of the letters home, the majority of them we might say, we wonder where that spare time comes in. But, that's neither here nor there, the fact is they are raising food—doubling up on their "bit" we might say. This must sting many of the people who have made no effort at all to increase the food supply, but when things gets tighter, as we believe they will, and the old corn dogger instead of scratching will tickle the most delicate goozle, these same people will howl the loudest. We understand conditions locally and many who are putting forth their best efforts will have scant reward in the end. But we must remember that we will be weighed in the balance by the efforts expended, not by the results attained.

A subscription list—with a twenty-five-cent limit—is being circulated in Pecos this week to swell the baseball fund for the boys in service. Some may look askance at this move but we assure you that the cause is a worthy one. The man at the head of this phase of patriotic service is Clark Griffith, part owner and manager of the Washington Baseball Club. No greater exponent of the sport can be found in America than Clark Griffith, and he has played no small part in raising the game to its present high level. He started the work on a small scale individually, and the idea gained such momentum that the officials saw the possibilities in it for driving the blue devils from our camps here and abroad, and an organization was born, whose aim it is to see that our boys, especially "over there," are supplied with bats, balls and gloves. Why shouldn't they long for the game? Is it not our National Pastime? If they did not care about indulging in this great sport, then would "National Pastime" be a misnomer. Our victory over the brute Huns depends on the condition of our boys over there. If they had no pleasures, no exercise other than the routine drills, their morale would soon ebb, their fighting would be as listless as the Hun hordes and victory would be delayed, to say the least. Baseball will drive the blues further than the German long range gun can shoot with ten relays; baseball will keep every muscle in the body on edge twenty-four hours per day (new or old time); baseball is the one sport that Americans crave. So when asked to contribute to the baseball fund kick in with your two-bits, and we will vouch for the fact that if it reaches the hands of Clark Griffith it will be applied where it will do the most good.

People of Reeves county you must buy a bond of the Third Liberty Loan if within your power even to the extent of personal sacrifice. The destiny of all free people for all time to come hangs in the balance right now. Our boys are in the thick of it as we pen these words. Yesterday came from France the largest casualty list since we entered the war. We're at the throat of autocracy in earnest, and the outcome of the next few weeks—days mayhaps—will prove whether you or yours will in future enjoy the fruits of a freedom bought in 1775-83 with blood, noble as ever stained God's earth. That blood sealed the freedom of America from the blight of autocracy. Was it spilled in vain? Shall our indifference undo the greatest work of man this side of calvary? It will if we do not awake, and stop thinking of the war as a thing far removed from our own shores. As sure as a just God reigns above us, this indifference will act as a boomerang to our undoing. Buy a bond. Don't figure that the issue will, like others, be oversubscribed. Suppose all should get that idea? It is your DUTY to buy a bond if possible. Let's go to it! Let's go over the top in this county. The eyes of the world is upon us. The kaiser especially, is glaring, his synthetic blood running wild with frenzied hope that the hell-hounds turned loose among us (and still unhung), have done their work well, and that we will fail at some point along the route. Can you imagine this arch-fiend's feelings should we fall down? EVERY BOND YOU BUY IS A SWIFT KICK TO PERDITION FOR THE KAISER.

Cattlemen Attention! Do you borrow money? The National Stock Yards National Bank of East St. Louis, is in the market for cattle and sheep loans. Either write them direct at National Stock Yards, Illinois, or writ or wire me at Eldorado. W. B. SULLIVAN, Texas Representative. Advertisement

FOR CONGRESS I am a candidate for Congress subject to the Democratic primaries. For Woman Suffrage. Was Wilson delegate at Baltimore. Was Wilson Collector of Customs at El Paso. Re-signed to run for Congress. PLATFORM—100 per cent. Americanism; Stand by the President; Help Whip the Kaiser.—ZACH LAMAR COBB. (Political Advertisement) WSS 100 PER CENT AMERICANISM

Mr. Cobb is a candidate for congress on a platform of 100 per cent Americanism. One hundred per cent Americanism is likewise a cardinal plank in the platform of Mr. Hudspeth, also a candidate for congress. No man doubts that both Mr. Cobb and Mr. Hudspeth are 100 per cent American. It would be extremely difficult to conceive of their being anything else, since both were born and reared in this country and come from a long line of 100 per cent American ancestors. It is safe to say that neither could be anything but a 100 per cent American if he tried. Unlike Mr. Cobb, however, Mr. Hudspeth does not claim being a 100 per cent American entitles him to election to congress or to anything else save the privilege of serving his country to the best of his ability. Mr. Hudspeth goes before the people of

this district on his record of sixteen years of faithful service in the state legislature, during all of which time he has worked tirelessly for the interest of El Paso and the district, as well as of the State at large. The results of his work are to be seen on the statute books of Texas. They are to be seen in such institutions as the State School of Mines in El Paso, in the Sul Ross Normal at Alpine, in the establishment of such tribunals as the Eighth Court of Civil Appeals, the Sixty-fifth district court and the county court at law in El Paso; in the creation of the counties of Culberson and of Hudspeth. Women voters, who have been told that Mr. Cobb is the original and only friend in public life of the women of Texas, may see the results of Mr. Hudspeth's work in the eight-hour law for women and the laws requiring comfortable conditions for women in their places of employment. Cattlemen in the lately drouth-stricken regions of West Texas may see the results of Mr. Hudspeth's efforts in the measures taken by the state government for the relief of the conditions which threatened them with ruin. In practically every community of the district his friends can point to some thing done by Mr. Hudspeth in Austin for the benefit of that community. Mr. Hudspeth has served for sixteen years at the state capitol, and at a salary which even the most economical member finds barely adequate to meet his expenses for board and lodging during the session of the legislature. On the other hand, Mr. Cobb, for the past four and one-half years has filled what is considered the best-paid

and most-desirable political position in this section of the country. He has filled it creditably, it is true, and to the general satisfaction of the government and of the people who had business to transact with the custom house. He admits that the work has been pleasant and he has enjoyed every minute of it. In his speech last Thursday at the Texas Grand theatre he took occasion to intimate that there were times during his term of office when he might by diverging just a little from the straight and narrow path, have made some easy money. Surely he didn't mean to intimate he was entitled to any particular credit for resisting a temptation to become a grafter. No one who knows Mr. Cobb could conceive of his being anything else by upright and honest. But uprightness and honesty are the commonest of virtues. So common are they that they are seldom mentioned save in cases where their possessor has absolutely no other claim to distinction. Uprightness and honesty, like 100 per cent Americanism, are things expected of everyone. They are the beginning. They are indispensable to the foundation, if you will, but a man should possess some other claims to distinction before he asks the people of this district to honor him with the highest position within their power to bestow. Mr. Cobb claims to be as close to President Wilson as are the cabinet officers. He told his audience Thursday night the highest officials at Washington were his personal friends and intimated he possessed influence in the National capital greater than any man who dwells in this section

These statements must be true, for we cannot conceive of Mr. Cobb trying to misrepresent things before an audience of his friends. Let us admit Mr. Cobb is close to the president and the high officials of the government; let us admit he is the possessor of influence at the National capital greater than any living El Pasoan. Mr. Cobb, during his term of office, has made frequent visits to Washington. Can anyone remember of his having exercised this influence or used this friendship for the benefit of El Paso and this section of the State? And, in the not distant past, there have been many occasions when El Paso badly needed a powerful friend at the National capital.—Editorial from El Paso Times of April 10th. (Political Advertisement) WSS

LIKE THE OLD DAYS OF INDIAN TIMES

C. E. Buchholz went up to the silver and copper mines south of Van Horn last week to take charge there. He will remain there for some time. Oscar Buchholz now has charge of the city market and received a letter from him the first of the week in which he stated that since the raid on the Neville ranch the cowmen are moving nearly all of their cattle from the Rio Grande and the people also are moving to more secure places in others parts and that it is like the old days, for everybody goes well armed and even carry their guns when they go to work and keep them handy for use.

WONDERFUL FREE

WAR-RELIC EXHIBIT!

The Train Bearing this Priceless Collection

WILL STOP AT

PECOS, SATURDAY, APRIL 20

5 P. M. AND REMAIN ALL NIGHT

All are invited to view these battle-scarred relics. Cannons, Aeroplanes, Zeppelin Bombs, etc.

Speakers will accompany the train to describe the exhibit.

Get a first-hand view of what this war really means.

These relics belong to the French Government.

DO NOT MISS IT!

Will You HELP Bring Back The Boys of This Community?

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

This Space Paid For and Contributed By

ALFRED TINALLY

Reports are received every two weeks by the Food Administration from the 19 binder twine establishments of the country. According to a recent statement there we be an ample supply of twine for the 1918 harvest.

The Australian wheat crop for the season of 1917-18 is estimated at 114,020,000 bushels, compared with last year's yield of 152,565,000. The 25 per cent decrease is a result of reduced acreage and unfavorable conditions.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

The surgical dressing workers take the lead this week, making, on April 5th, with 19 present, 75 8x4 compresses and 80 many-tail bandages; on April 8, with 17 present, 50 8x4 compresses and 45 many-tail bandages, making a total of 250 articles since last week's report.

The Merry Wives Club.—On Wednesday ten sewed for five hours making a total of 17 garments.

Red Cross Friday Unit, under the

direction of Mrs. Collier.—7 present, completed 10 garments.

Glover Unit.—6 present, 6 garments finished.

Randals Unit.—5 present, completed 6 garments.

Box shipped containing 134 bed shirts and 45 suits of pajamas.

All of the units are not sending in their reports of the week's work. Kindly send in your reports.

RED CROSS REPORTER.

Doings at Saragosa

Mrs. Martha Adams of Pecos, was here Sunday visiting.

Rev. C. A. Dickson went to Imperial Friday last to fill his regular appointment.

Rev. Brooks, the Methodist pastor, commenced a series of meetings here last Sunday.

Mrs. Wm. Ikens and children left Wednesday for a few months' visit with friends and relatives at Mineral Wells.

The Farmers Agricultural and So-

cial Society held a meeting Tuesday night to devise ways and means to meet the labor problems as to help and wages.

Several from this place went to Pecos last Saturday to attend the County Interscholastic Meet, and we are proud of the fact that the Saragosa school carried off honors both in the field events and in the exercises at the Baptist church in the evening. Raymond Honaker won first place in the 100 yard dash for seniors, first in the 220 yard run for seniors, second place in the 440 yard run; also first place in shot-putting, and second place throwing the baseball for distance. Elsie Zuber captured first place in the junior spelling, and Mabel Totter second place in the senior spelling and first place in essay writing. Raymond Honaker was awarded first place in the county in field events, with a total of 17 points to his individual credit. The Saragosa school, with 32 points, was given second place in the county.

WSS—

Every War Savings Society should report its organization to the State Director at Dallas. Has your Society done that. Has our county received credit for its organization?

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion For A Few Cents and See For Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to also whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so that no pulp gets into the bottle and then this lotion will remain pure and fresh for months. When applied daily to face, neck, hands and arms it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply 3 ounces of orchard white at a very little cost and the grocer has the lemons.—Adv't.

Schools of Reeves County Hold Meet

(Continued from page 1)

50-Yard Dash.—Geo. Ross, Pecos, first; Ottis Bush, Saragosa, second; Duncan Kingston, Balmorhea, third.

220-Yard Run.—Geo. Ross, Pecos, first; Ottis Bush, Saragosa, second; Noley Burton, Pecos, third.

100-Yard Dash.—Geo. Ross, Pecos, first; F. Van Deren, Balmorhea, second; Duncan Kingston, Balmorhea, third.

Running High Jump.—Bert Ross, Pecos, first; W. D. Cowan, Pecos, second; Duncan Kingston, Balmorhea, third.

Running Broad Jump.—Bert Ross, Pecos, first; F. Van Deren, Balmorhea, second; Ed Caroline, Pecos, third.

Putting 8-Pound Shot.—Edwin Vickers, Pecos, first; Wycliff Hefner, Pecos, second; F. Van Deren, Balmorhea, third.

Summary of Junior Boys' Track Meet.—Pecos first, 33 points; Saragosa, second, 22 points; Balmorhea, third, 7 points.

Results in Senior Boys' meet:

100-Yard Dash.—Raymond Honaker, Balmorhea, first; Van Deren, Balmorhea, second; Hoyt Jones, Pecos, third.

220-Yard Run.—Raymond Honaker, Saragosa, first; Steve Ward, Pecos, second; Hilliard Camp, Pecos, third.

440-Yard Run.—Hoyt Jones, Pecos, first; Raymond Honaker, Saragosa, second; Hilliard Camp, Pecos, third.

Running Broad Jump.—Jim Prewitt, Pecos, first; Hilliard Camp, Pecos, second; Van Deren, Balmorhea, third.

Running High Jump.—Hoyt Jones, Pecos, first; Van Deren, Balmorhea, second; Odell, Balmorhea, third.

Putting 12-Pound Shot.—Raymond Honaker, Saragosa, first; Van Deren, Balmorhea, second; Hoyt Jones, Pecos, third.

Baseball Throw for Distance.—Hoyt Jones, Pecos, first; Jim Prewitt, Pecos, second.

Summary of Senior Boys' Meet.—Pecos, first, 47 points; Balmorhea, second, 15 points; Saragosa, third, 9 points.

The main interest, however, was centered in the exercises which were held at the Baptist church in the evening, and at the appointed hour the building was comfortably filled with pupils and patrons of the county's public and rural schools.

Opening and declamation were the oracles of contest, and a remarkable degree of proficiency was shown by each contestant. We are sorry that space forbids any special mention of following were the winners in these oracles:

Declamation, Junior Girls, Julia Alagee, Pecos. Junior Boys, John Hill, Pecos. Senior Boys, Burette Heimer, Pecos; Senior girl, Viola Linton, Balmorhea. Rural schools, Everett Stratton, Porterville and Melba Evans, Porterville.

Spelling, Seniors.—Estelle Durdin, Pecos; Juniors, Ethel Zuber, Saragosa.

In the Essay Contest honors went to the Saragosa school, Mabel Totter winning first place.

Cincinnati Man Discovers Drug That Loosens Corns So They Lift Out

Good news spreads rapidly and the drug freezone, the recent discovery of druggists here are kept busy dispensing a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any drug store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn or toughened callous and instantly the soreness is relieved and soon the corn or callous is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

MERRY WIVES CELEBRATE

The members of the Merry Wives Club observed their Sixteenth Club Anniversary Friday night with their annual banquet in honor of their husbands. This occasion was celebrated at the home of Dr. and Mrs. Jim Camp.

The decorations were in the club colors of pink and green. Tables were arranged and interesting games of progressive "42" were played after which delightful refreshments were served to Mr. and Mrs. T. Y. Casey, Mr. and Mrs. L. W. Anderson, Mr. and Mrs. C. M. Wilson, Mr. and Mrs. Jno. B. Howard, Mr. and Mrs. Will Cowan, Dr. and Mrs. H. N. Lusk, Mr. and Mrs. Albert Sisk, Mr. and Mrs. Wm. Garlick, Mr. and Mrs. E. L. Collings, Mr. and Mrs. Gid Rowden, Mr. and Mrs. J. W. Moore, Mr. and Mrs. H. H. Johnson, Judge and Mrs. W. A. Hudson, Dr. and Mrs. Jim Camp, Mrs. B. R. Stine, and Misses Poe and Cummings, who were guests.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Chas. D. Lyon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Reeves County, to be held at the Court House thereof, in Pecos, Texas, on the 4th Monday in April, A. D. 1918, the same being the 22nd day of April, A. D. 1918, then and there to answer a petition filed in said Court on the 27th day of March, A. D. 1918, in a suit, numbered on the docket of said Court No. 1781, wherein J. G. Massie is plaintiff and Chas. D. Lyon is defendant, and said petition alleging that the defendant executed a certain promissory note bearing date of June 17, 1911, as follows: On the 17th day of each and every month after the 17th of June, 1911, the said Chas. D. Lyon promise to pay to John H. Wolf the sum of Twenty (\$20.00) Dollars, until the full sum of \$1320.00 was paid, with interest thereon at 5 per cent from date, interest payable \$20.00 per month after the principal of \$1320.00 had been paid, said note providing that failure to pay any installment when due thereon should, at the election of the holder, mature said note; said note providing for 10 per cent attorney's fees, and being signed by Chas. D. Lyon and payable to said John H. Wolf. That said note was given for a part of the purchase money of the following described land situated in Reeves County, Texas: The East one-half of Subdivision No. 2, in Section No. 1, in Block No. 2, H. & G. N. R. R. Company's survey, containing 20 acres. That said property was on said above named date conveyed by said John H. Wolf to said Chas. D. Lyon, and a lien was retained in said conveyance to secure the payment of the note described above. That said John H. Wolf has transferred and sold said note to the plaintiff, J. G. Massie, and that defendant has failed to pay the installment of \$20.00 due on January 1st, 1917, as well as a number of installments previous thereto and that he has paid none of the installments subsequent to said date. That the plaintiff has declared said note due and has placed the same in the hands of attorneys for suit, and prays judgment for the amount of said note, principal, interest and attorney's fees, and for a foreclosure of his lien on said above described land, and for costs of suit.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Pecos, Texas, this the 17th day of March, A. D. 1918.

Next Winter's Coal Supply is Uncertain

ADMINISTRATION URGES ALL TO SUPPLY WINTER'S NEEDS DURING THE SUMMER

It is announced by the Fuel Administration that while the warm days of spring have arrived, the very serious fuel shortage of the winter just passed must not be lost sight of, and that immediate steps must be taken to prevent the recurrence of fuel shortage for private consumption next winter. A careful analysis of the situation has shown that unless the coal mines and other sources of fuel supply are operated every single day this spring and summer, there will not be sufficient fuel to take care of the country's needs, and at the same time accumulate enough to keep our families warm during the winter of 1918-19.

It will be readily understood that fuel cannot be stored at the point of production, nor have the wholesalers and retailers in coal, wood, etc., sufficient storage capacity to carry what will be required for private consumption next winter. Consequently, it is imperative that the consumer buy and take immediately what will be needed to keep his family warm.

Aside from the necessity explained in the foregoing, there is a decided advantage to the consumer in following this suggestion, for the reason that the price of fuel as set by the Fuel Administration is lower this month than it will be in May; and it will be lower in May than in June. The price of fuel will be increased month by month until September, at which time the price for the following winter months will be fixed; there will be no decrease in price after that date.

The Fuel Administration at Washington, operating through the State Administrators, therefore, is sending out this urgent appeal to every private consumer to lose no time in ordering from his retailer for immediate delivery, the equivalent of fuel that he required during the winter just ended, and from every standpoint of self-protection, as well as patriotism the appeal should be heeded and acted upon at once.

VICTORIA CLUB OF TOYAH PLEASANTLY ENTERTAINED

The Victoria Club of Toyah was very pleasantly entertained on last Thursday afternoon, April 4th, by Mrs. Woolfolk, of Saragosa.

On the guests arrival at 12 o'clock, a regular meeting of the club was had, disposing of routine business, and at the conclusion of the session the hostess invited the ladies into the dining room where a delicious and well-appointed six-course luncheon was served. At each plate was a favor from the hostess, and as each were opened Mrs. Woolfolk read a verse fitting to all and the use to be made of their gifts. Mrs. Woolfolk's poem was original and well gotten up.

Following luncheon music on the Victrola was enjoyed and the remainder of the afternoon was enjoyed playing bridge.

Those present were Mesdames Andrews, Grisham, McAlpine, Ruhrup, Troxel, Miss Ruhrup, and Mr. Troxel, all of Toyah, and Mrs. Dee Davis and Mrs. W. C. Welborn, of Saragosa.

A GUEST.
CALOMEL, DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose A Day's Work
Calomel Salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of vitality and ready for work or play. It's harmless, pleasant and safe to give to the children; they like it.

STATEMENT OF OWNERSHIP

Statement of the ownership, management, circulation, etc., required by the Act of Congress of August 24, 1912, of The Enterprise and Pecos Times, published weekly at Pecos, Texas, for April, 1918.

State of Texas,)
County of Reeves.)ss

Before me, a notary public in and for the State and county aforesaid, personally appeared John Hibdon, who, having been duly sworn according to law, deposes and says that he is the editor, publisher, manager and owner of The Enterprise and Pecos Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the name and address of the publisher, editor, managing editor, and business manager is John Hibdon, Pecos, Texas.

2. That the owner is John Hibdon, Pecos, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding a per cent of more of the total amount of bonds, mortgages, or other securities are: W. H. Drowning, Jr., J. C. Love, Trustees for the Pecos Valley State Bank; F. W. Johnson and M. L. Stone of Pecos, Texas, hold a mortgage and note for \$500.00, including interest, and there are no other debts whatever holding against the plant or once.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest, direct or indirect in the said stock, bonds, or other securities than as so stated by him.

JOHN HIBDON, Owner.
Sworn to and subscribed before me this 11th day of April, 1918.

(Seal) **BEN PALMER,**
Notary Public, Reeves Co., Texas.
My commission expires June 1, 1919.

CLUB WILL CONTINUE TO SEW
The Twentieth Century Club

Pecos has just completed its year's work as a club, but instead of adjourning as is their custom, will continue as a unit to do Red Cross sewing all summer, or until the war is won by America and our Allies.

Is Reeves county one of the few of which the State Director has no record of a War Savings Society formed? If our societies have not reported their organization to him they should do so at once.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. 75c.

Their friends in Pecos trust they may have the greatest of success.

A WORD TO MEN ABOUT CLOTHES

EXPERIENCE has taught the public to look with suspicion upon clothing which comes from unknown and hidden origins—particularly with wool growing scarcer—prices going higher—the temptation to cheapen and adulterate becoming stronger and stronger.

The clothesmaker who has no reputation at stake—no fixed pledges to bind him—may decide it is more profitable to give way to the pressure than to resist it.

An unlabeled garment is an evasion of responsibility.

In affixing their label to a garment, on the other hand, the Kirschbaum clothesmakers say, "For this garment and for every process in its making, we assume full responsibility. Upon its ability to satisfy the wearer we stand or fall."

No eye—not even the eye of the expert—can detect a slight mixture of cotton in an unworn fabric. Nor can it tell from the surface of the suit whether the inner and unseen details have been well or badly done.

Your certain protection, and ours, is a label which identifies the garment as coming from a maker whose name is a guarantee of all-wool, and the excellence of workmanship that belongs with all-wool—the Kirschbaum label.
