A Safe Preventive against

Blackleg

Blackleg-Aggressin (Natural) is germ-free—therefore can not produce blackleg in vaccinated animals.

One dose usually protects for life by immunizing the animal through its entire susceptible age. These important advantages explain why this product has been so extensively used since its discovery in THE MULFORD LABORATORIES in 1909.

JACK KNIGHT FOR TAX COLLECTOR

In another column of this issue of the New Era our readers will see the announcement of O. A. (Jack) Knight, who seeks the office of Tax Collector of Presidio County, at the coming election, subject to the action of the Democratic Primary, July 22, 1922.

Everybody knows Jack Knight. He was born at Shafter, Texas, but raised and schooled in Marfa. For eleven years he was in the employ of Muphy & Walker, where he had charge of the Hardware Department. For the past several years he has been foreman of the Pruett ranch South of Marfa, where he resides with his wife and two children.

If elected, Jack would no doubt make Presidio County an efficient officer, as he is personally acquainted with every resident in the County, and is well posted on the location of all the ranches, as he has covered the County many times.

Jack is a good, square young man, always ready to do some good for his fellow-man, and is public spirited as well as a good Christian.

He was for years Marfa's Fire Chief and saved our city from many a conflagration.

GEORGE HARPER ANNOUNCES

George Harper, who has been Presidio County's efficient tax collector for the past two years, announces in this issue of the New Era for the same office he is now filling.

The good work Mr. Harper has accomplished during his incumbency bespeaks for him nothing but praise. He has toiled faithfully until his records are now in a

shape and he can lay his hand on the record of any piece of taxable property in Presidio County in two minutes time, which was an absolute impossibility for any one to do prior to his taking the office.

Mr. Harper is a gentleman in every way and numbers his friends by the score. He is a man of few words, minds strictly his own business and does things in public work as they should be done.

It can be done and it will be done, so come to the meeting and put your shoulder to the wheel and let's have it all over with on Tuesday April 25th.

Not Tooting Our Own Horn

One beauty about being a newspaper editor is that we do not have to toot our own horn, for there is always some good brother editor who toots it for us. Here is one of the latest tunes:

Back at the Cases

Henry W. Schutze, who founded the West Texas News, after spending many years in various lines of business, has gone back to his old love. He is now running the Marfa New Era, a paper that he owned before coming to Del Rio.

Mr. Schutze has cores of friends in Del Rio, who wish him well and hope that if he did not make a fortune in the mercantile business, he will soon make one in the newspaper business.

Henry is a good fellow; we all like him, and here is luck from Del Rio.—West Texas News.

Ingram Is Wonderful Artist
Noted Contralto of Metropolitan and Chicago Opera Fame to Sing at Chautauqua

The announcement that Frances Ingram, famous American contralto, formerly with the Metropolitan Opera Company and the Chicago Opera Association, is to sing at Chautauqua on the second night is creating no end of comment among those who appreciate the best in music. She is a star of the first magnitude. In addition to having a great natural voice which has already been termed by many competent critics to be the most genuine contralto of the decade, she has an extraordinary personality which combines to make her an artist whose name will go down in history as one of the adored of the musical world. She will appear in recital, assisted by the Stearns-Hellekson Trio, a company of brilliant assisting artists for the famous contralto. Miss Ingram's concert and operatic successes have been equally great.

America's Annual Record of Fire Loss Averages
624 CHURCHES

Totally Destroyed

It is often an exceedingly difficult matter to finance church construction. Loss by fire would be felt keenly.

Good judgment demands therefore that fire insurance be secured through a good agency and placed in the hands of the Hartford Fire Insurance Company.

Insurance Fact—
Fire Insurance Companies work together constantly to help America reduce her fire loss.

BRITE LITES

Mr. and Mrs. John R. Daniels and little Jane, were recent visitors to the Brite ranch.

Mr. Aud. Garlick has been confined to his bed for several days with a severe sore throat, but is fast recovering.

Mr. and Mrs. John Pool, Jr. were in last week purchasing ranch supplies. Mr. Pool reports his cattle doing well, although he is feeding a few heifers.

A car of pipe was consigned to Brite Store, consisting of 6 miles of one inch and one and one-half inch, has recently been unloaded at Quebec. This pipe will be used in conducting stock water on the Brite ranch, and will be the 4th carload installed this year.

Mr. Ben Birdwell, who has been in charge of the Cinega ranch, is taking a vacation, and is visiting the Rufoosa Hot Springs. Mrs. Birdwell is visiting her daughter in El Paso.

Mrs. Chas. E. Brite has again been appointed postmaster at Brite, and doubtless will serve the people with his usual efficiency.

Mr. Van Neill, ranch manager, is experiencing considerable difficulty with the pipe line West of the ranch which brings the water out of the rim rock mountains. This line frequently becomes choked with oil residue. The most plausible remedy suggested is to sink a well on the syncline in the valley below and drain the oil in that direction.

The popular and efficient ranger, L. E. Trimble, who recently received a bullet wound in his endeavor to keep order at a dance in Candelaria, has been stopping over here a few days. His wound is rapidly improving.

Mrs. Van Neill and two daughters, Elizabeth and Alma, and Mrs. John Daniels and daughter, motored to El Paso last week.

L. C. Brite and Van Neill, in company with Judge Bogel and Ben Pruett, went last week with Crawford Mitchell to his ranch for the purpose of seeing in operation the new cake feeder invented by Lloyd Mitchell. They saw Lloyd alone, in less than six hours, distribute a pound each to 4200 cattle scattered over a 70-section pasture. The machine and feed are carried in a jitney and running at a speed of as high as 25 miles an hour, evenly and accurately distributes cake to cattle on the range. This device is destined to prove a great factor in the range cattle business, and doubtless will improve the demand for cottonseed cake as a feed.

Bro. H. M. Bandy, of Alpine, filled his regular monthly appointment by holding services here Monday night. Bro. Bandy is a typical pioneer Christian preacher. He was reared in West Texas and has always worked in the West, organizing many congregations, among which is Seymour, Wichita Falls, Amarillo, Lubbock, Pecos, Albuquerque and Globe, all of which have developed into strong congregations.

Mrs. Jack Rawls and Jack, Jr., are visiting Mrs. Rawls' sister, Mrs. Oscar Wells, who resides at the Buena Vista.

ELSIE.

EASTER EGG HUNT

The children of the Baptist Sunday school greatly enjoyed an Easter egg hunt at the home of Mr. and Mrs. A. C. Hasterling in Buena Vista addition. This home is ideal for such occasions, there being lots of room, and the children had a merry time romping and playing on the beautiful bermuda terrace. There were thirty dozen eggs hid in the bushes, under rocks and other places about three hours before the hunt began, and when the hunt was over with, it was discovered that only about half of the number of eggs hid were found. To the amazement of all, it was discovered that the crows had made a raid on the eggs before the hunt began, and devoured about half of them, still there were plenty for everyone present. Ice cream cones were served.

Missionary Society Meets

The Missionary Society of St. Paul's Episcopal church met Thursday evening at the home of Judge W. W. Bogel, Mrs. Bogel and Mrs. Hubbard being the hostesses.

After the lesson and talk upon China by members, Mr. Garrison gave a short description of his travels in that interesting country.

The evening ended by singing old-fashioned songs, Mrs. Fennell at the piano and Mrs. Graves Bogel playing the violin.

FORTY-TWO CLUB

Mrs. Harry J. Hubbard entertained the Forty-two club Friday evening. Those present were: Mr. and Mrs. F. L. Anderson, Mr. and Mrs. Homer Colquitt, Mr. and Mrs. Tom Crosson, Mr. and Mrs. E. R. Mabry, Mr. and Mrs. C. E. Mead, Mr. and Mrs. H. O. Ketchum, Mr. and Mrs. F. H. Rosson, Mr. and Mrs. Graves Bogel, Mr. and Mrs. W. W. Bogel.

The guests had a most enjoyable game, after which delicious refreshments were served.

ANOTHER BEAUTIFUL HOME

Marfa already has so many beautiful homes that it is hard to judge which are really the prettiest, where one has the prettiest outside appearance, there are others that are even more beautiful and more appropriately built on the inside, but this week we wish to call to mind the beautiful new home of our good friend, Gus Elmendorf.

The Elmendorf home has just been completed under the supervision of Contractor E. C. Tedford ably assisted by George Chastain. The plans were drawn up by Mr. Elmendorf himself, with suggestions from his wife and embraced every feature that would add to the comforts of a comfortable and permanent home.

This home was built on a space covering 8 lots, just in back of the Marfa Manufacturing Co., built entirely out of tile, even the partitions and cross walls were built of tile; the ceiling out of metal lathe and plastered. The entire outside is finished in stucco and pebbledashed.

There are seven rooms in the house, besides a bath room, pantry, a large hall, a well-arranged basement, a cement screened in rear porch and also a front porch.

Mr. Elmendorf gave instructions to the contractor to build his home as near fire proof as possible, and this has been done throughout its construction—the only wood used was in the frames, floors and roof.

Outhouses, consisting of garage and servant's quarters were built of tile and finished to match the home.

290 feet of cement sidewalks were laid around the house on the inside of the yard, while 285 feet of cement walks were laid on the outside of the new fence, which incloses the entire property.

Mr. and Mrs. Elmendorf can be justly proud of a home like theirs, which also adds much to the appearance of our city, and is a credit to the contractors who erected the same.

CIVIC IMPROVEMENTS

We are glad to note that the Marfa Manufacturing Co. are going to tear down the two old buildings just East of their big shop. These buildings will be torn down as a precaution and to lessen the fire risk in that section of our city. One of the buildings is now being used as a restaurant, while the other is used as a residence, but both are very old—in fact, they are among the oldest buildings in Marfa. Such improvements go far toward reducing our fire insurance rates.

Frank Rosson has greatly improved the appearance of his home in East Marfa by having cement sidewalks laid all around his place. He has also made other improvements on his property and now has one of the best arranged chicken farms in Marfa.

Will Delve a Bit in "Spiritism"
Paul Fleming, Noted Magician, to Stage "Ghost Dance" at Chautauqua

Sh! Spooks! You bet—and they'll appear right before your eyes when Paul Fleming summons 'em from ethereal realms to dance about on the Chautauqua stage! Impossible, you say? Well, after you've seen the growth of the magic orange tree, the puzzling appearance and disappearance of the golden ball, and dozen of other mysterious maneuvers, you won't be one bit surprised when the spirits assemble for the regular evening jamboree. Of course, it might be well to remark right here that the whole thing is accomplished by trickery, but they'll be there just the same. With his company of three persons, Mr. Fleming will present the finest and most elaborate program of magic ever seen on the Chautauqua platform. It's a program that will be remembered and discussed for weeks.

THE I. O. O. F. PICNIC

One of the largest picnics ever pulled off in the Big Bend country was the one held Friday by the Odd Fellows out at the A. J. Tippit ranch.

Lodges from Pecos, Alpine, Fort Davis, Fort Stockton and Marfa were in attendance, several hundred strong.

Addresses by some of the most noted Odd Fellows from over the State were heard. A barbecue and delicious eats of every description was one of the leading features of the occasion.

Practically every member of the lodge of the I. O. O. F. No. 64 were in attendance, and each and every one reported an exceptionally good time, and that everything passed off fine and dandy as planned by the various committees.

Mrs. W. M. Ellison and Mrs. W. H. Cardwell entertained the Mexican Kindergarten children Friday morning with an Easter hunt at the home of Mrs. Cardwell. After spending a pleasant half-hour playing on the lawn, they were presented with little Easter baskets filled with candy eggs and chickens, and the automobile ride given them to and from school made the day one long to be remembered.

The classes which come the last period in the afternoon will be heard first. This is being done on account of the Chauhanqua. School will close at 3 o'clock.

Methodist Missionary Society Meet

The Ladies of the Missionary Society of the Methodist church met last Monday with Mrs. Raetzsch.

The subject for the afternoon was "Monterrey."

Mesdames, Mead, Rosson, Snyder and Duty gave interesting talks on the work conducted by the missionaries there.

At the conclusion of the program delicious refreshments were served and all enjoyed a social half hour.

THE HOUSEHOLD SCIENCE CLUB

Mrs. Gordon Haynes was the hostess for the Household Science Club April 20. The lesson, a continuation of the dress-making lessons, was led by Mrs. La Monde. Those responding to roll call were:

Mesdames, Kerr, Casner, Metcalf, McKie, Mitchell, Rosson, Murray, Ray, Greenwood, Davis, Hoffman, Maurer, La Monde, Anderson and Haynes.

The next meeting will not be until May 18, when Mrs. Gus Maurer will entertain.

All members were delighted to have Mrs. Kenneth Smith with us.

THE RED CROSS ALWAYS WORKING

If a person does not give the work of the Red Cross its due credit they are evidently overlooking the many things that are being accomplished for the good of mankind, even in our own local chapter.

Recently two boxes of clothing have been made by the ladies of Marfa and Fort Davis. There were 250 new garments, together with many used ones in these boxes. Part were consigned to Russia, the others were sent to Red Cross headquarters to be forwarded to those most needing them.

Each church in Marfa played its part in getting together these garments and though the work was done under the direction of the Red Cross. Credit must also be given to the church organizations for their efforts.

The Red Cross is not overlooking the needy and distressed people in our own community either. Clothes and food have been furnished in a number of cases and medical attention given to many of our Mexican families when they were not able to pay for medical care.

The Red Cross is filling a vital need, and in a large measure, meeting the problems of its mission.

Though there are no funds available, still with individual donations and personal work, the Red Cross goes on.

Lend your support.

An additional High School teacher will be employed in order that new courses may be added. This is being done with hope of securing additional affiliation in order to place the school in a class more distinct.

W. B. Mikesell, of the Department of Education, spent Tuesday inspecting the Public School. He is the first inspector to visit grades and reported that he found them in good condition.

Can't have report on courses in which we are asking for affiliation until papers are sent in and judged by the Department of Education.

To Give Union Picnic

On next Saturday, April 29th the various Sunday Schools of Marfa will give a union picnic at the Greenlee ranch, about 15 miles East of Marfa. Everybody invited to attend. The only requirement being that you bring a well-filled basket. Those attending will meet at the Community Hall at 8:30 a. m. on the morning of Saturday, April 29th. Those who do not have any way of going, just meet at the Community Hall, as provisions will be made to see that everybody gets to the picnic grounds.

It is requested that boys having baseballs, bats and gloves be sure and bring them, as there will be several games of baseball played during the day.

Remember that everybody is invited, as this is a joint union Sunday School picnic. The more the merrier, and remember, this will be an old-fashioned basket picnic, so don't forget to bring a well-filled basket.
