THREE DAYS OLD SPANISH TRAIL CONVENTION OF TEXAS DIVISION

WILL BE HELD IN THE PROPOSED STATE PARK IN THE DAVIS MOUNTAINS, EIGHT MILES WEST OF FORT DAVIS, TEXAS, JULY 6TH, 7TH AND 8TH

We will all take our camping outfit and go by auto. Not a single town between San Antonio and Ft. Davis will have hotel accommodations sufficient to care for our party, and besides, we want to get out into the mountains and camp two nights, so we can get the benefit of the Park from every angle.

Those who do not want to camp can get splendid hotel accommodations at Ft. Davis. In the event this town can't care for all those wanting hotel accommodations, it is only 28 miles over a good road to Alpine and 21 miles to Marfa, where at least 100 can get first-class accommodations. It is 38 miles to Balmorhea, where the hotel is good but small—road fair; 39 miles to Valentine—hotel good but small—roads fine.

The caravan will start from Orange on the East, picking up additional cars at all points along the route in to San Antonio. Another caravan will start from Brownsville on the South, gathering recruits from all towns in the Magic Valley and along the route to San Antonio, where the two caravans will merge and the San Antonio delegation will join, with probably twenty cars from other than OST towns.

The writer has just returned from an inspection and arrangement trip over the entire route West, selected the campsite for the convention and accepted the generous invitations of the towns along the route to be their guests for an noon and night meals, breakfast being the only meal we will have to prepare between San Antonio and the camp in the Davis mountains.

The caravan will leave San Antonio Monday morning, July 3rd, at 8 o'clock, and reach the Davis Mountains Thursday p. m., July 6. The Convention will open at 8 p. m. and last until Saturday, July 8th. On adjournment Saturday, we have a very pressing invitation to go to Alpine as the guests of the Chamber of Commerce for their annual celebration July 10th to 11th, Old Settlers Re-union and Cowboy Roundup. This will be the greatest attraction of its kind ever staged in West Texas.

The Alpine people have the reputation of doing things in a big way. You would know all this to be true when they had the nerve to invite every member of our Convention party to come over and be their guests from Saturday p. m. until Wednesday morning. Most of us know something of this beautiful and hustling city by its reputation when they tanded the Sul Ross State Normal there a few years ago, and now have 500 young lady teachers there for the summer normal.

The convention program will be given to the press for next Sunday. We will have some of the best speakers in the State. We want every candidate in the State for Legislature to meet us at the Davis Mountains and get first-hand information on what the Old Spanish Trail needs through this State, the real importance of this and the Bankhead Highway, also Central Texas Highway. All three highways join near the proposed State Park. "Mr. Senator and Mrs. Representative" won't you come out and take a look at the 5000 to 7000 people that will attend this convention and get acquainted with what these two big highways need. You must know already that they serve around 75% of the people of the State, and if the State Highway Department and Federal Government are to continue aid to Texas Highways, you gentlemen will have to do some law-making for us.

All towns within 100 miles of Ft. Davis have agreed to "throw in" to our convention with their fourth of July celebration. This will give us a tremendous crowd. We expect to take several hundred people from East and South Texas, and there will be cars joining us from nearly all large towns throughout the State. We have invited and expect, the Texas Highway Association, Bankhead, Jefferson Davis, and Central Texas Highway Associations, to all join us at the Davis Mountains and take over a part of the program. INVITATION. We extend an invitation to take their vacation with us at this convention. Write us for further information. Yours very truly, Old Spanish Trail Association, D. E. Colp, Manager Western Dept., San Antonio, Texas. June 12th, 1922.

All parties who have borrowed any of the furniture or dishes belonging to the Community House, will please return them and greatly oblige.

The Jolly Loafers Club held their first picnic Friday night down at the San Esteben lake in the Pool pasture. In addition to the members, quite a few invited friends attended, and all report having had a fine time. A fat young calf was barbecued for the occasion, and from the way it vanished, was proof that it was well prepared. The hours passed only too fast—playing games, telling stories, while some of the party tried their luck at fishing. The Jolly Loafers Club is made up of all the stage talent of our city, and they are a jolly lot of folks, full of fun and merriment, and to be around them is sufficient to quiet the most severe case of the blues.

A LETTER FROM AUSTIN

Austin, Texas, June 21, 1922. Hon. K. C. Miller, County Judge, Marfa, Texas.

My Dear Sir:—I have been appointed by Gen. Nathan Bedford Forrest, Jr., of Atlanta, Ga., as State Chairman of the Jefferson Davis National Highway. This Highway traverses Texas from Orange, Texas, on the extreme Eastern part of the State, to El Paso, on the Western border. The length of this Highway is 1,480 miles, passing through 39 Texas counties. Branches radiate from San Antonio to Austin, to Laredo and to Brownsville. The route passes through your county. It becomes my duty to appoint a committeeman from your county. Will you please take this matter up with your local chapters United Daughters of the Confederacy, Camp Sons of Confederate Veterans and Mothers' Club and Parent-Teachers Association, and select some one to represent your County, and send name to me at the earliest possible moment.

It will be the duty of this committee, acting in conjunction with other duly constituted agencies to mark this Highway in every county with patriotic inscriptions and heroic names, which will tell to those who pass over this Highway the glorious story of our State's history. Am sure your people want a part and a place in this great movement in which we may honor the heroes of Texas and the South, and inspire the youth of all generations to come, to deeds of heroism, prowess and chivalry. I am, your comrade, LON A. SMITH, State Commander S. C. V.

NOTICE

All parties who have borrowed any of the furniture or dishes belonging to the Community House, will please return them and greatly oblige.

A. M. AVANT, City Marshal.

Meat Market Changes Hands

The City Meat Market was sold last Saturday by its owners, Willie O. Ray and Hart Greenwood, to Mr. R. W. Felts. Mr. Felts was for several years employed by the G. H. & S. A. Ry. during which time he made his home in Marfa, where he is well known as a very capable business man. Since taking over the business Mr. Felts has bought a fine bunch of fat young stock at Fort Davis, which he will butcher. Willie Ray will remain in his employ as expert meat cutter. SULLIVAN—WEBER

Last Tuesday morning, June 20th, at nine o'clock in the Sacred Heart Catholic church, Miss Hildagarde Isabel Weber and Mr. Mattes Sullivan were bound in holy wedlock by Father Palamo.

It was one of those happy June weddings that we all cherish to witness. The church was beautifully decorated for the occasion, with white daisies and sweet peas and many pot plants of green ferns and evergreens.

The ring ceremony binding this happy young couple was very impressive, and the remarks by Father Palamo were very appropriate for the occasion, for it bound in holy wedlock two devout young people of the Catholic church.

Prior to the ceremony, Mrs. H. H. Kilpatrick rendered the wedding song, "Dawning," with piano and violin accompaniment. As the sweet tones of the closing bars were completed, the strains of Mendelssohn's wedding march were taken up, the young bride was ushered in by her brother, Ferdinand and met at the altar by the groom. The bridesmaids were, Miss Mildred Childers and Miss Gussie Weber, accompanied by Mr. C. E. McFarland and Mr. Pete A. Weber. The ushers were Mr. Harry Young and Mr. Gus Elmendorf.

The bride was dressed in a beautiful gown of white crepe de chine, and carried a bridal bouquet of roses, while the groom was dressed in conventional black.

Following the ceremony, the young couple were showered with congratulations and good wishes by their many friends, after which they departed for the home of the bride, where a delicious wedding breakfast had been prepared for them.

In honor of the young couple, M. W. Morris and W. C. Kemp, of the Crown Cafe, gave a party at 6 o'clock dinner in the evening, to which the immediate family and a number of friends of the newly-weds were invited.

The large dining room of the Crown Cafe was beautifully arranged for the occasion and the long table was decorated with home grown sweet peas and sweet scented roses of many colors; also at each end of the table was a large basket of electrically illuminated artificial roses, which added to the already beautiful appearance.

A delicious three-course dinner was served, consisting of fruit salad, baked turkey with dressing, roast pork, asparagus tips, sifted peas, potato chips, and many other good eatables and topped off with ice cream and wedding cake.

At the conclusion of the dinner a toast was given by H. O. Metcalfe to the bride and groom on behalf of the Crown Cafe.

SHERIFF J. E. VAUGHAN GOES TO CALIFORNIA FOR PRISONER

Presidio County's sheriff, J. E. Vaughan, left a few days ago for California to bring back a murderer by the name of Francisco Campus.

This prisoner is a bad Mexican who has been hunted for several months and his apprehension is quite a credit to the officers who were instrumental in his capture. Campus is charged with the murder of Mr. Nunez, a merchant at Ruidosa, on the Rio Grande.

At the time Nunez was killed he was called to the door of his home and shot without any apparent reason, however it was reported at the time that ill feeling has existed between the two men for some time.

Campus is another one of those Old Mexico bad men that we people living in the Big Bend country have to contend with, without much protection from our Government.

GOURLEY—ADAMS

Last Sunday afternoon, June 28, at 3:00 o'clock, the marriage of Miss Allie Leona Adams, to Mr. John R. Gourley was solemnized at the home of the brides parents, Mr. and Mrs. Ike Adams, Rev. F. M. Johnson, Jr., of the St. Paul's Episcopal church, reading the beautiful ceremony.

A pretty wedding is always a pleasing sight, and this was an unusually pretty one, with all the immediate family and a few close friends seated in the large living room of the Adams home, all arranged for the occasion, when the bridal party walked slowly into the room and took their places, where they were bound by holy wedlock, with the beautiful Episcopal ceremony.

Beside the happy young couple stood Mrs. H. W. Schutze and Mr. Mattes Sullivan, as witnesses.

Congratulations and the best of good wishes were expressed by all present immediately following the ceremony.

It was indeed a happy event, full of joy and merriment.

A course of dainty refreshments were served, consisting of ice cream and cake.

Many beautiful and useful presents were arranged on a table in the hall, which displayed the high esteem in which this young couple were held.

Both of these young people are well known in Marfa and have a large circle of friends who are deeply interested in their happiness and success in life.

The young bride has been for years the chief operator of the local telephone office, where she has acquired the friendship of most everyone in Marfa, while the groom has been in the Government employ out at Camp Marfa for the past few years.

One of the outstanding features of this pretty wedding was the big banquet given the newly weds and their friends by the Crown Cafe, under the management of Mr. M. W. Morris and W. C. Kemp. This was indeed a very pleasant and appreciated surprise that shall remain in the memory of all those present on the occasion.

The long table in the dining room of the Crown Cafe was artistically decorated with home grown roses, and filled with the most delicious eatables that could be conceived of.

During the luncheon the guests gave the newly weds timely advice what to do to enjoy everlasting bliss, the men folks instructing the groom while the ladies posted the young bride, and many a good suggestion was handed them, which they faithfully promised to observe.

At the conclusion of the feast the party dispersed, the young couple departing for their furnished apartments at the home of Mrs. F. M. Kennedy, where they will remain only a few days, after which they will depart for Goldsboro, North Carolina, where they expect to make their future home.

TO THE VOTERS OF PRESIDIO COUNTY:

—The reason I have not been able to do much electioneering among the voters of Presidio County, was that I am honor bound to remain with my employer who had to move his cattle for lack of sufficient water on his ranch since his well was jammed by a piece of pipe falling into same.

I hope to soon be able to fish out the pipe and restore his well to use, after the completion of this job I shall strive to meet all the voters and push my candidacy for the office of Treasurer to a successful close.

In the meantime I kindly ask my friends to put in a good word for me whenever possible and anything they can do to further my progress in the coming election will be greatly appreciated.

Respectfully,
SAM W. WOOLEY,

MISSIONARY SOCIAL

One of the most delightful affairs of the season was the tea and recital given by the Methodist Missionary Society last Monday afternoon at the beautiful residence of Mrs. F. A. Mitchell.

Promptly at 4 o'clock the spacious parlor, living room and dining rooms were filled to overflowing with friends to hear the splendid program, after which delicious refreshments were served, consisting of fruit salad with mayonnaise dressing, crackers and iced tea.

Fifty-five guests were present. The out-of-town guests were Mrs. J. H. Derrick, Mrs. Frank Williams, Miss Dorothy Derrick, all of Alpine, Texas; Mrs. Vougly, of Sherman, Texas, representative for Kid-Key Conservatory; Mrs. Murray of El Paso, Texas and Mrs. Lemley of Homer, La.

The Society wishes to thank Mrs. Mitchell for the use of her lovely home and splendid piano, and all those who took part in the program, also the many friends who contributed so generously. In all \$30.00 was received for the Centenary Fund.

W. J. YATES ANNOUNCES

W. J. Yates has announced himself for re-election to the office of Justice of the Peace, Precinct No. 1, subject to the action of the Democratic Primary, July 22nd.

Mr. Yates is one of Marfa's popular business men, having been for years local agent for the Magnolia Oil Co., and prior to that time, he was publisher of the Alpine Avalanche at Alpine, Texas.

During the time that he has held the office of Justice of the Peace, he has had quite a number of different cases to contend with, which he disposed of in a very efficient manner.

If re-elected to this office he will no doubt give us the very best service as a public official, in the future as in the past.

"Ain't there anything in it but milk?" Muggs, the New York pickpocket, had not tasted milk on purpose since he was a kid. He thought it was something to be added to whiskey, just as Vermont is to make a cocktail. Being from the city, he knew prohibition only as a name. So when Ma Bascom, on the farm, served him with a glass of real milk, it tasted so good he was mystified. PRESIDIO COUNTY IS BUILDING GOOD ROADS

Presidio County has employed a large force of men, and under the able direction of Paul Propst, the popular road builder, will rebuild many of the county roads.

The first work started this week was on the Shafter and Presidio road out of Marfa, south. Already eight miles of road has been rebuilt and rolled with the heavy steam roller.

It is the intention of the County to work each road leading out of Marfa as soon as possible.

It is indeed wonderful to note how quick this work is progressing. Mayor Hamie took the editor over a section of the Shafter—Presidio road the other day and we were amazed to note the good work already completed. Especially the road leading up the hill just south of Marfa, back of the Army Camp. Formerly this hill was very rough and full of rocks. Now it is as smooth as a paved city street.

The commissioners are to be complimented on the stand they have taken toward building good roads in our county.

There are two things of vital importance that our commissioners should strive to care for and they are: good schools and good roads.

From all appearances we have entered an era of good road building, which will be a blessing to all concerned. Better school facilities will be the next big question our commissioners will tackle and we already have the assurance that substantial improvements will soon be made.

Mr. and Mrs. James Stewart, of Fort Davis, received a telegram this week announcing the arrival of a fine grandson at the home of Mr. and Mrs. Claude A. Smith, who are now living in California. Mr. Smith formerly held large ranching interests in the Davis mountains, but disposed of his property some years ago and has gone into the fruit growing business out in California, where he is making a big success.

Invents a Most Wonderful Camera

Frank Duncan has invented a camera to take pictures of the interior of a well, no matter how deep.

His first try-out has proven a big success, for he photographed the interior of the Holmes well Thursday night at a depth of 728 feet and made a wonderful picture of the jammed casing and pipe for the Marfa Manufacturing Co., who have the contract to restore the well to its usefulness.

The picture is so clear and complete that every scratch on the pipe can be clearly seen.

Mr. Duncan intends to patent his invention, for such a camera will be of great value in the oil fields, where hardly a day passes without some well losing the tools or the jamming of the casing or pipes.

As we go to press we hear that the Marfa Manufacturing Co. had succeeded in pulling the shattered pipe thirty minutes after they returned to the well with the picture that Mr. Duncan took for them.

We understand Mr. Holmes offered a thousand dollars for pulling this shattered pipe and restoring the well. This goes to prove the immense value of such a camera as Mr. Duncan has invented. We understand he will receive a liberal reward for the good service he has rendered the Marfa Manufacturing Co. by the taking of this picture.

—For Enchiladas, Chili Con Carne and Hot Tamales, go to the Palace Chili Stand in the Marfa House. Under new management. Everything clean and sanitary.

Mr. and Mrs. Santos Quiroz.

wonderful for the whole family

Nature rebels against heavy foods in warm weather. Much illness in summer is caused by overtaxing the stomach. Change your diet—and keep snappy in mind and muscle!

Kellogg's Corn Flakes with cold milk and fresh fruit are wonderful for the hot days—for breakfast, for lunch, for supper or for "snacks." They digest without taxing the stomach and supply the nourishment the body needs.

For children, for the workers and for the aged there is no more delicious, sustaining summer food than Kellogg's Corn Flakes.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

The Wonderful Red Star Oil Burner

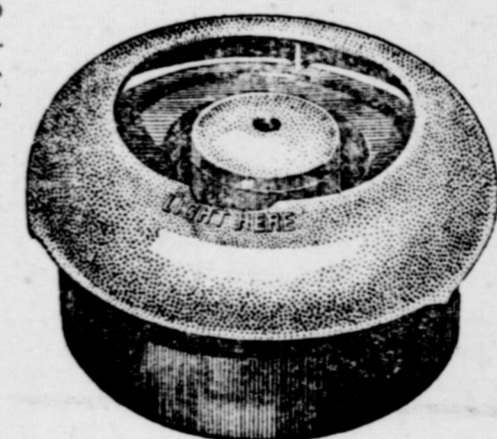

Red Star Burners have no wicks or wick substitutes. Fuel is vaporized into gas, giving a clear, blue flame.

Heat condenser is an inverted cone-shaped casting which holds the heat and forces it to strike utensil squarely.

Burners are made from solid grey iron castings annealed to withstand heating and cooling; last a lifetime.

This is an illustration of the Red Star Burner. It is made entirely of grey iron castings, there being no wicks or wick substitutes. The fuel flows directly into a double ringed channel or vaporizer and the slotted burner parts rest directly upon it. As soon as the fuel strikes the vaporizer it is immediately mixed with air, forming a gas which produces a very hot, steady flame, the same as a city gas range and may be regulated at will.

The fuel in this stove is piped directly into each burner through heavy iron pipes, therefore there is no possible chance of fuel leaking anywhere in the stove. The burners, being made of solid grey annealed iron, simply rest in place,

Double ring flame of intense heat directly under cooking. Burns all the fuel without smoke or smell.

Castings fit in place without fastenings. Easily taken apart for cleaning. Seldom needs any attention.

Fuel flows directly into the double vaporized rings and is mixed with the air to give perfect blue flame.

and should they become dirty by spilling anything into them, they can be readily lifted off and cleaned.

THE HEAT CONDENSER

Is a shallow cone-shaped casting that rests on the burner—see illustration. You can readily see how it holds and forces the heat to strike the cooking utensil squarely, allowing none to escape without doing full service. This method of intensifying the heat gives a much hotter and steadier fire with a great saving of fuel. It also tends to prevent anything boiling over into the burner.

What CERTO is and What it Does

CERTO is a standardized concentrate of that substance found in some fruits that makes jelly. It's "Mother Nature's Jell Maker" and contains no gelatine or preservative.

By old methods, jells and jams could only be successfully made from those fruits rich in this substance; and as ripe fruit contains less of it, housewives were obliged to use under-ripe, under-flavored fruit. Moreover, they had to boil it from 1/2 to 3/4 of an hour, thus destroying both color and flavor. Failures were frequent and the cost high.

By the CERTO Process, jells, jams and marmalades can be made from any fresh fruit as well as from canned or bottled fruit juices, canned fruits and dried fruits. Only one minute's boiling is required, thus saving color, flavor and time. Every batch is a success, thus saving needless worry and loss. Moreover, you get 50 per cent more jam or jelly from the same amount of fruit because you save the juice formerly boiled away, thus saving money.

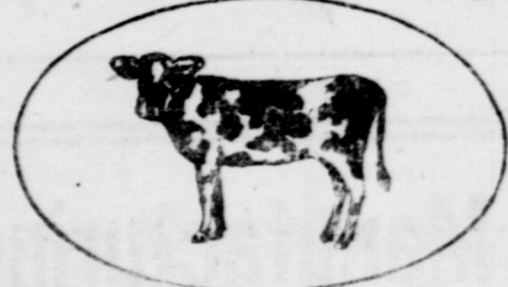

Jams, Jellies, and Marmalades are healthful, appetizing and strengthening foods; and when made by the simple easy CERTO Process are inexpensive.

Get a bottle of CERTO and book of CERTO Process Recipes today; also some grape juice, canned pineapple, some oranges, grapefruit or strawberries today, and get the economical habit of serving CERTO Process jams, jellies and marmalades with every meal.

Blackleg

Blackleg-Aggressin (Natural) is germ-free—therefore can not produce blackleg in vaccinated animals.

One dose usually protects for life by immunizing the animal through its entire susceptible age. These important advantages explain why this product has been so extensively used since its discovery in THE MULFORD LABORATORIES in 1909.

We handle the MULFORD (original) PRODUCT.

C. R. Sutton Receives Many Compliments

C. R. Sutton returned from San Angelo last week, where he assisted in the prosecution of T. F. Hickox, Upton County ranchman, who murdered Lamar Schrier at Rankin on July 20th, 1921.

Hickox was found guilty and was sentenced to life imprisonment.

This was a very brutal murder, and owing to the wealth of the accused, the case was bitterly contested. However the prosecutors won their point and had their man convicted.

Many of the West Texas newspapers are complimenting Mr. Sutton for the good services rendered the State in this case. Space forbids that we reproduce the comments, but we wish to mention the fact, in justice to one of Marfa's leading lawyers.

FORT DAVIS

Thou jewel of the Lone Star State,
Nature's setting makes thee great;
Mid prairies green and mountain peaks,
With cooling breezes and laughing creeks.

Gorgeous canyons with rock-ribbed walls,
Echoing back they water-falls;
Beautiful peaks lifted high,
Kissing the clouds passing by.

From rock to rock I climbed on high
And gazed on the landscape and painted sky,
Blooded cattle grazed the prairies wide
In a sea of grass on every side.

Fields and hills and skies were aglow;
Blended colors would come and go,
Odors would float and drift and beat
From flowers crushed beneath my feet.

Nature had wrought with lavish hand
And piled up grandeur for the love of man;
Made it great for the rich, the sick and the lone.

As I stood on these heights alone,
I thought of the Red man who had come
and gone,
And gazed, like him, to yon hunting ground.

Still I stood, enraptured with the scene,
And cried, "a product of the Master's dream."
The more I gazed the more I mused,
And wondered at the result from what He had used.

And felt like asking Him, who wrought this sod;
And made me too, of the self-same clod—
Why endow one with lasting time
And cut the other down in the midst of his prime?

Then I remembered I am more than a clod,
For I am endowed with the soul of my God,
And when these rocks will have crumbled down.

And all are leveled with the rest of the ground;
And finally when the scene and all will have
passed away—
Like the Red man who had come and had
his day;

I shall still live beyond this sod
In a land as permanent as the eternal God.

Then His presence wrapped me like a dream;
So near to Him my soul did seem;
And my thoughts rose on high,
Where no time e'er passes by.

On and on to the outskirts of His creation,
Where He is still bringing in new addition,
Then I carve my name on a live oak tree;
I knew it would pass—but I am Eternity.

If you are a writer and want a creation,
Go to Fort Davis and get an Inspiration—
If you want a cool place for the summer to
stop—
Go to Fort Davis and climb to it's top.

If you are sick and need a rest,
Go to this place that nature has biest—
If you don't like where you have roamed,
Then go to Fort Davis and make it your
home.

Sam H. Neill received a few days ago a letter from his son, L. L. Neill, who lives at Urapan, Michuacan, Mexico, enclosing a draft for one hundred and fifty dollars, which he sent to help defray his campaign expenses. Sam said it made him feel proud to think that his son remembered him with such a snug sum, which was more than his whole campaign would amount to.

Col. Short of the 7th Cavalry, with headquarters at Fort Bliss, arrived in Marfa last Wednesday on an inspection tour of the first squadron of his regiment. Rumor has it that the soldiers now stationed here will leave the Big Bend country by September 1st and that the 1st Squadron of the 8th Cavalry will be sent here from Fort Bliss to relieve those now stationed here.
