

## OUR SECOND ANNUAL FAIR A LITTLE MORE EXTENSIVE AND BETTER THAN EVER

Most Successful Fair Yet Held—Hundreds of Exhibits in Farm, Livestock and Textile Departments.

While this display was not nearly as large as it might have been, there was a fine exhibit of wheat, oats, speltz, corn, Kaffir, maize, peanuts, pepper, popcorn, peas, potatoes, turnips, beets in varieties, beans, onions, cabbage, cauliflower, cotton on stalk, cotton bolls, cucumbers, melons, celery, okra, alfalfa, and all other products in this line were extensive, and would be hard to beat in any country for size, quality or yield.

The Horticultural Department was well represented, especially in the fruit line—big red apples, and apples of many varieties, peaches, pears, plums, grapes in many varieties, demonstrating that we have a fruit country second to none.

Mr. J. F. Garrison, president of the Fair Association, has been untiring in his efforts to make this fair a success, while his assistants, Geo. Schick, superintendent of the grain and farm products; E. Dowden, of the fruit department; Clint Shepard, livestock department; W. A. Shofner, cotton department; and Mrs. L. A. Knight, of the textile and woman's department, rendered valuable aid, and for which they have each fairly won the blue ribbon.

In the farm, vegetable and fruit departments the prize winners were as follows:

- Best display salsify, Mr. Chumley.
- Best display winter cantaloupes, W. J. Espey.

**Livestock Department.**  
This department was represented in all lines—heavy draft stock, and, in fact, stock for all purposes, from 1,750-pound draft stock down to Shetlands about the right size for watch charms; fine draft mules, fine colts and fine jacks; fine cattle, in the way of Herefords, and the gentle, meek-eyed Jersey, the favorite family cow—all fine specimens of the families to which they belonged.

Hogs of various colors, breeds and sizes were in evidence; also fine sheep; and the poultry was exceptionally fine.

The stock show was the finest ever seen in Hale county. Messrs. Frank Harp, C. E. White and O. M. Unger were the judges.

**Department of Fancy Work, Preserved Fruits, Juries, etc.**

Great is Plainview and great is Hale County. This fact has been demonstrated by the beautiful and varied display of textile goods, canned fruits and vegetables, paintings, hand-painted china, artistic needle work and other things dear to the lovers of the beautiful, whether they be old or young, man or woman.

(Continued on Page Eight.)

**RACES AN ATTRACTIVE FEATURE.**

Both Tuesday and Wednesday afternoons large crowds followed the race track to the tracks, south of town. The races were good, and afforded much pleasure to the lovers of this sport.

**FIRST DAY.**  
Free-for-all trot, purse \$100.—Gov. Ross, owned by Shepard, first money; Orville Woodruff, owned by Brewer, second; J. J., owned by Grimes, third.

Buggy race, purse \$20.—Darkie, owned by Carter, first; Man Hunter, owned by Taylor, second.

Half-mile free-for-all, run dash.—Sule, owned by Shepard, first.

Shetland pony race, purse \$15.—Teddy, owned by Joe D. Harrison, first; Rebel, owned by Mitch Dana-way, second; Gypsy Queen, owned by Flamm, third.

**SECOND DAY.**

Three-year-old and older, three-eighths-mile dash, purse \$40.—Sule, owned by Shepard, first; Dixie Lee, owned by Shepard, second; Cut Leg, owned by Reeves, third.

Six-hundred-yard dash for two-year-olds.—Dixie Lee, first; Sule, second; Dago, third.

**ALBERT TAYLOR CO.**  
Albert Taylor and his company were given a hearty reception, at the Schick, on Wednesday and Thursday nights. Wednesday night this company presented the original comedy, "Our Attorneys," and Thursday night the romantic comedy, "We Are King." Both nights the seating capacity was crowded to the utmost, and by appreciative audiences—just such a crowd as greets Mr. Taylor in this city, to which he is no stranger. He always makes good, and his return is always appreciated.

**AT THE SCHICK.**  
The Spence Company played a two-nights' engagement at the Schick on Wednesday and Thursday nights of last week, producing "Slaves of the Orient" and "The Land of the Skies." Both plays were well staged, with the company's own scenery. The house was crowded the first night to witness the "Slaves of the Orient," but rain and threatening clouds obscured "The Land of the Skies" from many who were afraid of the storm. Both plays were good, and were appreciated by all present.

Pen S. C. Brown Leghorns—First, B. Towery; second, 672.

Pen White Orpingtons—First, S. S. Sloneker.

Pen Buff Orpingtons—First, J. W. Bishop.

**LADIES PICK COTTON.**

The Ladies of the Home Mission Society of the M. E. Church, South, picked a total of 483 pounds of cotton last Friday for W. A. Miles, and they did well for ladies not used to this kind of business.

Mr. Miles thinks a better record would have been made if the water-melons had not been so handy.

Mrs. Ferguson made a neat little sum by furnishing dinner to the husbands whose wives were out picking cotton.

The following is a list of the pickers and amounts picked: Mrs. Miles, 25 pounds; Mrs. Williamson, 49 pounds; Mrs. Dunaway, 46 pounds; Mrs. Ansley, 32 pounds; Mrs. Ray, 36 pounds; Mrs. Mayfield, 28 pounds; Mrs. Bull, 17 pounds; Mrs. Watrous, 48 pounds; Mrs. Mayhugh, 24 pounds; Mrs. Leach, 39 pounds; Mrs. Caster, 31 pounds; Miss Gilliam, 60 pounds; Miss Glover, 35 pounds; Mrs. McClendon, 7 pounds; Mrs. Morter, 6 pounds. Mrs. Owens, weigher.

**COUNTY COURT.**

County Court convened last Monday, with the following list of jurors: Chas. Vincent, T. H. Knupper, J. F. Sander, Wiley Johnson, Mont Carter, E. H. Perry, W. J. Mitchell, R. J. Frye, C. E. White, W. C. Clubb, B. Ritchy, J. M. Malone, B. T. Ansley, Jr., and W. C. Fyffe.

Two cases have been heard: Rockwell Bros. & Co. vs. P. B. Snyder; judgment for plaintiff.

First National Bank vs. C. C. Frank and F. F. Faulkner; judgment by default for plaintiff.

**A NARROW ESCAPE FROM DEATH.**

Thursday of last week, Mr. E. B. Thomas, who lives a few miles southwest of Plainview, narrowly escaped death or serious mutilation in rather a peculiar manner. He was running a row binder, having his whip thrown carelessly over his shoulders, when, from some cause, the lash caught in the gearing and pulled his head down onto the bull wheel, knocking out some teeth and badly lacerating his right jaw, before he could stop the machine. He had the wounds dressed, and we are told he is getting along nicely.

**BROOM CORN A PAYING CROP.**

Last week, Mr. H. M. Packard, of the Spring Lake country, drove in with a four-horse load of broom corn, which he sold in this city at \$100 per ton. He lacked 70 pounds of having five tons, which brought him the snug sum of \$496.50. Pretty good for one man and team. This is a fine broom corn country, and about the best we know of for its successful growth and handling. It need never be hurt by mildew in this country.

Commissioner's Court held a called session Tuesday, for the purpose of approving the bond of Ed Guthrie as public weigher of Hale Center.

## SHRINERS HAVE COME AND GONE--CITIZENS GIVE THEM ROYAL WELCOME

Large Class from Panhandle and South Plains Initiated into the Mysteries of This Ancient and Noble Clan.

Potentate Edgar L. Pike, Secretary and Recorder John G. Hunter, of Hella Temple of the Mystic Shrine, together with a patrol, arrived here on the 7th, and met a hearty reception at the hands of our people. The Shriners, in uniform, marched through the streets to the hall, and from there to the Ware Hotel, where a fine luncheon awaited them, after which the visitors proceeded to initiate the following persons into the circle of the Mystic Shrine:

I. W. McPhaul, Harris; A. C. Goen, Floydada; E. A. Branson, Amarillo; C. A. Gilley, Amarillo; O. J. Hardin, Amarillo; Rufus Holland, Plainview; Lee Shropshire, Plainview; P. M. Blakeman, Plainview; W. J. Lohman, Sweetwater; F. A. Beach, Amarillo; John R. Ralls, Oklahoma City; J. M. Love, Plainview; G. C. Keck, Plainview; J. D. Starks, Floydada; J. H. Slaton, Plainview; J. W. Willis, Plainview; J. R. DeLay, Plainview; J. C. Johnson, Crosbyton; L. L. Gladney, Plainview; A. M. Mood, Amarillo; Samuel Wood, Amarillo; Edwin Weary, Amarillo; J. D. Sweeney, Amarillo; J. W. Taylor, Plainview; H. C. Von Struve, Plainview; E. Harlan, Plainview; R. W. Brahan, Plainview; T. W. Tomlinson, Tulsa; D. S. Morgan, Plainview; L. R. Stringer, Tulsa; J. C. Boding, Floydada; J. C. LaPrade, Tulsa; I. R. Powell, Crosbyton; R. A. Underwood, Tulsa; W. T. Montgomery, Floydada; G. A. London, Plainview; E. B. Thompson, Floydada; C. E. McClelland, Plainview; C. G. McCormack, Plainview; C. F. Vincent, Plainview; W. M. Donnelly, Carlsbad, New Mexico; A. H. Lindsay, Plainview; E. C. Nelson, Floydada, and W. Peterson, Plainview.

Sunday morning the visitors were taken in autos on a run through the city; then on a visit to the great irrigation pumping plants of J. H. Slaton and E. H. Perry. From there they visited the farm of E. Dowden, where a fine barbecue was spread for their delectation, consisting of barbecued meats, son of a —, and all the dainty dishes of the cowboy camp that are so well calculated to tickle the palate of the epicure. Mr. Dowden had a pile of apples, about 300 bushels, of which all were invited to partake. Also new, sweet cider, older cider, hard cider and cider with a squire, and other luxuries.

This band of Shriners have traversed this State in response to calls from benighted sons of men, but say nowhere have they received a more royal reception or spent a more pleasant time than was extended to them by the citizens of Plainview.

**SETH WARD COLLEGE NOTES.**

President J. S. Barcus went to Abernathy last Sunday, where he preached at the morning hour.

Mr. B. F. Wilkin went to Lubbock last Sunday, and filled his regular appointment near there.

Ben Monning spent last Saturday and Sunday at his home in Amarillo.

Miller Curry, who lives at Ceta, Texas, had to leave school this week on account of sickness. It is hoped that he will be able to return soon.

Bro. Sweeney, the pastor of the Methodist Church at Hale Center, was out at Seth Ward last Tuesday, visiting his daughter, Miss Hattie.

Mr. Boehms, of Silverton, was also at the College this week visiting his son, Emmet.

Mr. Forrest, Prof. Keene and Prof. Herrmann went to Clarendon last Saturday. Mr. Forrest and Prof. Keene saw the football game there between Wayland and Clarendon Saturday afternoon, and returned on the morning train Sunday. Prof. Herrmann stayed until Tuesday, and gave a pipe organ recital there Monday evening.

The enrollment is still increasing. Several new students have entered, since we wrote our last notes. But what the exact enrollment is we do not know. We will try to make a correct statement of the number next week.

The Seth Ward football team played its first real game of the season with Wayland College Wednesday afternoon, on Wayland's field. A large crowd witnessed the game, and it was an interesting one from start to finish. The score was heavy in favor of Wayland—34 to 2—but the game is new to most of the Seth Ward players, and the game serves well to show them their weak places. Much more

through training is needed along some lines. They will be the better able to defeat Canyon Normal next Monday. Seth Ward is well satisfied with the game Wednesday, and feels that Wayland gave a fair and square deal on every hand. Let both sides continue this feeling.

**PARENTS' AND TEACHERS' ASSOCIATION ORGANIZED.**

Monday afternoon, at the Central School Building, the teachers of the Plainview Public Schools met in conclave with a number of the mothers of Plainview, for the purpose of organizing a Parent and Teachers' Association. A few of the sterner sex were present, including W. H. Grimm and J. M. Bull, both of whom made excellent talks bearing on the subject.

Miss Floy Pippin began the impromptu program with a beautiful and appropriate reading.

Miss Ellen Robinson, superintendent of city schools, stated the object of the meeting, and asked the co-operation of the parents in the proposed organization.

By request, Mrs. W. E. Armstrong read an article from The Texas Motherhood Magazine, after which Mrs. J. M. Bull and R. A. Brahe were elected chairman and secretary pro tem.

The Association was then organized, with the following duly elected officers: President, Mrs. Alex Anderson; vice president, Mrs. A. W. McKee; secretary, Mrs. J. F. Owens; committee on constitution and by-laws, W. H. Grimm, Miss Ellen Robinson and Mrs. L. C. Perry.

In conclusion, little Misses Vella Mae Grimm, Mildred Perry, Mattie McClendon, Christel Owens and Alma Lipscomb gave a beautiful little motion song which captured the hearts of their hearers.

About seventy-five names were enrolled as members.

**MORTUARY.**

Hally, 14-year-old daughter of J. M. Cook, living in the old M. E. parsonage, died of palpitation of the heart Tuesday at 4 p. m. She had been in bad health for the past year, but she was not thought to be in a serious condition. Just before her death, her mother went to the daughter's bedside to inquire if she wished for anything, when the mother found her in a dying condition. Funeral services were held at the residence of the parents Wednesday morning, Rev. Ferguson officiating.

Lalenie E. Lovvorn, wife of J. M. Lovvorn, died at her home in this city Sunday morning, October 8, after a lingering illness of several years, at the age of 43 years. Funeral services were held at the residence, conducted by Rev. Chas. R. Lee, pastor of Calvary Baptist Church.

Martha Angeline McCarroll, wife of M. F. McCarroll, died at her home Saturday night, the 7th inst., of tuberculosis, at the age of 35 years, 10 months and 17 days. The funeral services were held at her home Sunday, Rev. Chas. R. Lee officiating. The burial took place at Plainview Cemetery at 4 p. m.

Miss Elizabeth Meester, daughter of Mr. and Mrs. M. B. Meester, died at Hale Center October 1, aged 16 years and two months. Death was due to rupture of the appendix.

**COLORADANS VISIT PLAINVIEW.**

B. F. Flowers and a Mr. Elliott, of Fort Collins, Colorado, and W. C. Lemaster, banker and capitalist, of Denver, have been in Plainview the past week, looking at this country with a view of buying Hale County land. Mr. Lemaster is an experienced irrigation man, and well posted on the irrigation situation of Colorado, and, in comparing the advantages of this country with Colorado on irrigation, he says that a deep well equipped with proper machinery in this shallow water belt is better than any water right he ever saw in Colorado. These gentlemen are well pleased with our climate, soil and water.

Mrs. E. T. Coleman and children left Sunday for Houston, where Mrs. Coleman goes as a delegate to the Grand Lodge of Eastern Star, which convened there this week. While away, they will visit relatives at Timpon and other East Texas points.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING: You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published there in, but if not, then in any newspaper published in the 64th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for Four weeks previous to the return day hereof, Frank Sevasin, whose residence is unknown, to be and appear before the Honorable District Court of Hale County at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, on the

27th day of November, A. D. 1911, then and there to answer a Petition filed in said Court, on the 9th day of October, A. D. 1911, in a suit numbered on the docket of said Court No. 658, wherein James W. Johnson is Plaintiff and Frank Sevasin is Defendant. The Nature of the Plaintiff's demand being as follows, to-wit: Now comes James W. Johnson, who resides in Adair County, Iowa, hereinafter called Plaintiff, complaining of Frank Sevasin, whose residence is unknown, hereinafter styled Defendant, and for cause of action Plaintiff represents to the Court that heretofore, on or about the 26th day of January, A. D. 1909, defendant made, executed and delivered to John W. Campfield and E. E. Winn his two several promissory notes for the sum of One Thousand Six Hundred and Fifty (\$1,650.00) Dollars each, and each bearing date on day and year aforesaid, and due on

or before January 26, 1910, and January 26, 1911, respectively, and payable to the order of John W. Campfield and E. E. Winn, bearing interest at the rate of 7 per cent per annum from February the first, A. D. 1909, and further stipulating that all past due interest should bear interest at the rate of 8 per cent per annum, and stipulating an additional 10 per cent on both principal and interest as attorney's fees in case of suit or if placed in the hands of an attorney for collection: And plaintiff further shows to the Court that on or about the 15th day of November, A. D. 1909, E. E. Winn duly transferred, for value, in writing, to John W. Campfield his undivided interest in said notes, and that later, to-wit, on or about the second day of September, 1911, John W. Campfield duly transferred, for value, in writing, to plaintiff herein said notes: And plaintiff further shows to the court that on or about the 27th day of March, 1909, defendant and plaintiff (with plaintiff as surety) made, executed and delivered to The First State Bank of Adair County, Iowa, their certain promissory note in the sum of One Thousand Four Hundred (\$1,400) Dollars, payable to said Bank or their order, at Orient, Iowa, on or before the 27th day of March, 1910, with interest at the rate of seven per cent per annum from date until paid, and at the time of the execution of said note defendant executed and delivered to plaintiff his certain Mortgage or deed of trust, which said deed of trust is of record in the deed of trust records of Hale County, Texas, in Book 3, page 337, to secure this plaintiff against the payment of said note; that on or about the 28th day of February, 1910, plaintiff paid said note and said note was turned over to plaintiff; whereby, by reason of the matters and facts set forth above, defendant became bound and liable to pay and promised to pay plaintiff the sum of Money in said notes specified, together with all interest thereon according to their face and tenor thereof. That the said first two described notes were given for a part of the purchase-money of the following described real estate situated in Hale County, Texas, to-wit: The South One-Half of Survey No. 10, in Block R, surveyed for the public free school fund of Texas, by virtue of Certificate No. 599, E. L. & R. R. R. Co., and containing 320 acres of land; That said property was heretofore, to-wit, on or about the 26th day of January, A. D. 1909, conveyed by John W. Campfield and E. E. Winn to defendant, by their deed of writing of that date, in consideration, among other things, of the first two notes herein described, and in said deed of conveyance a lien was reserved thereon to secure the payment of the said two notes; that in the transfer of said two notes above described the lien against the land was also transferred;

SHERIFF'S SALE. THE STATE OF TEXAS, County of Hale. NOTICE IS HEREBY GIVEN, That by virtue of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 9th day of October, 1911, by the Clerk of said Court, for the sum of Two Hundred and Eighty-seven Dollars and Fifty-five Cents (\$287.55), and costs of suit, under a judgment, in favor of A. E. Harp, in a certain cause in said Court, No. 636, and styled A. E. Harp vs. J. D. Hanby and Eva Hanby, placed in my hands for service, I, G. A. London, as Sheriff of Hale County, Texas, did, on the 20th day of August, 1911, levy on certain Real Estate, situated in Plainview, Hale County, Texas, described as follows, to-wit: All of Lots Nos. 7 and 8, in Block No. 20, in the original Town of Plainview, Hale County, Texas, and levied upon as the property of J. D. Hanby and Eva Hanby. And on the first Tuesday in November, 1911, the same being the 7th day of said month, at the Court House door of Hale County, in the Town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. D. Hanby and Eva Hanby. And in compliance with law, I give this notice by publication, in the English language, one week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County. Witness my hand, this 9th day of October, 1911. G. A. LONDON, Sheriff, Hale County, Texas.

**Be Happy!**  
Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!  
Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.  
**TAKE The CARDUI Woman's Tonic**  
Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."

**No Man is Stronger Than His Stomach**  
A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.  
Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.  
You can't afford to accept a *straw* nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.  
The United States senatorial investigating committee has not yet located the man or men who got the heavy end of the pile, but have located little items of \$200 to \$700 that apparently were satisfactory to four of the recipients. The mills of the gods grind slow.

**ANNOUNCEMENT**

And Plaintiff further shows to the Court that the mortgage or deed of trust above referred to was given on the above described land and premises as a second lien subject to the vendors lien above described, and to secure plaintiff against and in the payment of said note for one thousand and four hundred (\$1,400) dollars: That each and all of said notes are due and unpaid, and defendant, though often requested, has failed and refused to pay said notes, each or either of them, or any part thereof, but the same remains still due and unpaid: That said notes have been placed in the hands of Geo. L. Mayfield, an attorney, for collection, and Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein.  
Wherefore, Plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and cost of suit, and for the foreclosure of his liens on the above-described land and premises, and the same be decreed to be sold according to law, that the sheriff, or other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof, within 30 days after the day of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.  
GEO. L. MAYFIELD, Attorney for Plaintiff, JAMES W. JOHNSON.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your return, showing how you have executed the same.  
Given under my hand and seal of said Court, at office in Plainview, this, the 10th day of October, A. D. 1911.

SHERIFF'S SALE. THE STATE OF TEXAS, County of Hale. NOTICE IS HEREBY GIVEN, That by virtue of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 10th day of October, 1911, by B. H. Towery, Clerk of said Court, for the sum of Eight Hundred and Ninety-Three Dollars and Thirty-Five Cents, and costs of suit, under a judgment, in favor of George Merriweather, in a certain cause in said Court, No. 632, and styled George Merriweather vs. F. F. Faulk et al., placed in my hands for service, I, G. A. London, as Sheriff of Hale County, Texas, did, on the 11th day of October, 1911, levy on certain Real Estate, situated in Hale County, Texas, described as follows, to-wit: Being 200 acres of Survey No. 80, in Block A4, Certificate No. 958, described as beginning at the S. W. Corner of said Survey No. 80; thence North 950 varas; thence East 1187.5 varas; thence South 950 varas; thence West 1187.5 varas, to the place of beginning, and levied upon as the property of F. F. Faulk et al. And that on the first Tuesday in November, 1911, the same being the 7th day of said month, at the Court House door of Hale County, in the town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above-described Real Estate at public vendue, for cash, to the highest bidder, as the property of said F. F. Faulk et al. And, in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County. Witness my hand this, the 11th day of October, 1911. G. A. LONDON, Sheriff, Hale County, Texas.

**"MOTHERS'-TEACHERS' CLUB."**  
The "Mothers'-Teachers' Club" met October 9, 1911, at the High School building, at 4 p. m. There were about twenty-five mothers present, and all the teachers. Miss Ellen Robinson acted as chairman. The following program was enjoyed:  
1. Reading—"The Bravest Battle"—Floy Pippin.  
2. Discussion of the Organization—Miss Ellen Robinson, Mr. Grimm, Mr. Bull.  
3. Paper—"Sympathy Between Teachers and Mothers"—Mrs. W. E. Armstrong.  
4. The following were elected: Pro tem. chairman, Mrs. Bull; pro tem. secretary, Mr. Bruce.  
5. Organization of the Club. Regular president, Mrs. Alex Anderson; regular vice president-elect, Mrs. A. W. McKee; regular secretary, Mrs. Owens; regular treasurer, Mrs. Brown.  
6. President appointed a committee to draw up constitution and by-laws, as follows: Mrs. Anderson, chairman; Miss Ellen Robinson, Mr. Grimm, Mrs. Perry.  
7. It was decided that the next meeting would be on Friday, Oct. 2, 1911.  
8. Five fourth-grade girls sang a song.  
9. Motion was carried to adjourn until next meeting.

YIELDS ARE INCREASED.

Dallas, Texas, Oct. 9.—Reports received by the Texas Industrial Congress from eighty-nine counties in the State amply justify its work during the present year in advocating the adoption of better cultural methods. Notwithstanding an unfavorable season and a prolonged drouth, the combined average yield (estimated) of corn per acre, raised by contestants for the prizes offered by the Congress, is 31 bushels, and an estimated average yield of 58-100 bales of cotton per acre. It is, of course, impossible for us even to approximate the average yield of the State, but it is not probable that the corn crop will average over 15 bushels and cotton over one-third bale per acre. The Congress will hold its third annual convention in Dallas within the next ninety days, as soon as the winners of the \$10.00 in prizes can be ascertained.

TEXAS LEADS IN NEW SCHOOL BUILDINGS.

State Superintendent of Instruction Bradley has given out a report in which he states that Texas has made more progress during the past two years than any other state in the Union in the erection and equipment of school houses. During the scholastic year ending August 31, 1910, 643 public school houses were erected in common, and 127 in independent, schools. This is at the rate of over two houses per day, at an average cost of \$2,340. The educational institutions of Texas are among the best equipped in the South, and the schools and colleges of the State are receiving a large per cent of scholars formerly sent away to the universities and colleges of other states.

WHITFIELD.

(Delayed from last week.) Mesdames Edwards and Wright, of Plainview, were the guests of W. C. Ooley's Sunday. P. A. Hubbard was the first to harvest a bale of cotton in this community. He found a ready market for it in Plainview. Mr. W. S. Carter and Baggett moved into this locality last week, from Kress. Also Mr. Roper and family. Joe Nations and family, of Kress, visited his folks over Saturday and Sunday. Henry King, of Plainview, was a pleasant visitor at the Short Horn Dairy farm Saturday night. W. G. Williams returned home Friday, from a trip south. He passed through San Antonio and Houston while away. A fine shower fell here Saturday evening. Jas. Pullen and wife, of Whitfield, were callers in Plainview the first of this week. A crowd from here took in the singing convention at Lone Star Sunday.

Best for Biscuits

A prominent teacher in one of the Domestic Science schools in Mississippi writes that she is using Cottolene with excellent results. She says: "For biscuits, Cottolene is all that could be desired. The biscuits are light and flaky, with none of that disagreeable odor often found in foods shortened with lard. Cottolene is also an excellent medium for frying croquettes and doughnuts. It gives them a clean, crisp, brown crust. Other noted experts, such as Mrs. Rorer and Marion Harland, have given similar testimony to the merits of Cottolene. It not only gives better results than lard but is much more wholesome and economical as well."

CAN HOLD COTTON, BANKS WILL HELP.

Crosbyton Merchants and Bankers for Higher Price; and \$40.00 Advance.

The banks of Crosbyton will advance \$40.00 per bale on all cotton brought to Crosbyton this year. The banks and merchants are taking care of all farmers who wish to hold their cotton for better prices. This gives the farmers the use of nearly all their cotton money as fast as the crop is gathered and the benefit of any advance that may occur later. Cotton has been lower already this season than it was expected to go and there is every reason to expect that it will go higher. Nearly all the farmers will want to hold, and this advance of \$40.00 per bale will enable all of them to do so.—Crosbyton Review. Thus the bankers have turned a clever trick and we are sure the farmers will appreciate this move of the banks.

SPECIAL ROAD LAW FOR ROBERTSON COUNTY.

The special road law for Robertson County which was passed by the called session of the 22nd Legislature was signed by the Governor on September 1st, and goes into effect on December 1st. The bill was written by the Calvert Business League, and carries a provision allowing the election by the voters of a special commission to disburse the amount raised by the sale of bonds for good roads and the election of a highway engineer. The Business League is to begin at once a campaign for the issuance of \$150,000 in bonds for building fifty miles of good road in the country around Calvert.

"THE COMMERCIAL TRAVELER."

All say, "The strongest company along the line," "Strongest play I have seen in years," "The only one I have seen this season that will stand repeating," "Have not heard an adverse criticism"—and that is the general verdict of every one who has seen "The Commercial Traveler." Lem B. Parker's latest and greatest success, a story of a modern problem, acted by a company of capable actors, a play with a plot, one that sends you home thinking. It is a play that every man, woman and child should see, a joy full of heart interest, pathos and good, clean comedy. This excellent company and the original production will be seen at the Schick on Oct. 16. Prices, 25c, 35c, 50c and 75c.

IS THE WORLD BECOMING BETTER?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gotch, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed until I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at all Druggists.

Canadian received her first bale of cotton on the 11th ult., and expects to receive in the neighborhood of 1,500 bales of cotton during the season.

GOOD WORK

Done Daily in Plainview—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Plainview still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Mrs. W. J. Mitchell, 700 Walnut St., Plainview, Texas, says: "I can say that Doan's Kidney Pills are a good medicine for kidney complaint, especially in children's cases. We got this preparation two months ago, from the R. A. Long Drug Co., and gave it to our child, who was afflicted with kidney weakness. Doan's Kidney Pills are the only remedy that ever had any effect in this case, and the good results they brought were gratifying."

TEXAS INDUSTRIAL NOTES

The Agricultural and Mechanical College of Texas has reached the highway mark in registration, and more students are yet to enroll. Up to date, there has been 1,071 listed for the coming year, against 969 last year.

An interurban fund of \$20,000 has been raised in Sherman, and an executive committee, consisting of C. B. Dorchester, E. B. Caraway, D. B. Lyon, C. C. Mayhew and Joe Etter, has been appointed. This fund will be added to an interurban to Paris and Greenville, the one to Gainesville will be pushed vigorously.

The County of Culberson, the newest in Texas, has an area of 3,667 square miles, or 2,346,880 acres. Van Horn is the county seat, with a population of 300. Culberson was created by the last Legislature out of the eastern end of El Paso County, and was named for the senior Senator from Texas.

The International & Great Northern Railway of Texas is to spend \$3,000,000 in improvements. The 150 miles of light rails between San Antonio and Laredo are to be replaced by heavy steel rails, and the same improvement is to be made on the Fort Worth division.

The business men of El Paso will present the Pearson Syndicate a tract of land in the southern part of that city, valued at \$50,000, for a planing mill, box factory and paper mill, which is to be erected by those interests. Work on the big plant, which will give employment to several thousand men, will begin at once.

There have been 3,365 bales of cotton marketed at Winnboro up to date this season.

A Dallas County Good Roads Exhibit will be held during the Dallas Fair, on Good Roads Day. The Commissioners' Court of Dallas decided to carry out the project.

been exhausted or lessened, to all appearances.

The beginning of October shows \$687,584.81 of street paving now under construction in Dallas. This represents 68,204 lineal feet, and does not include storm and sanitary sewers, bridges, etc., being constructed in and near the city.

With the completion of the survey of the Naches River from Beaumont to its intersection with the Sabine-Neches Canal, and of that canal from the river to the Sabine Pass, the practical work of making a 25-foot channel from Beaumont to the Gulf will have begun. All of the work of the survey will be completed this week.

Geo. W. Baker, president of the Dallas Automobile Club, will begin the organization of automobile clubs throughout the State, for the purpose of promoting good roads in Texas.

The largest bond ever issued in Texas in the history of railroad circles was registered in the office of the Secretary of State Friday, when a temporary bond for \$12,000,000 and another for \$1,600,000 were registered by T. J. Freeman, of the I. & G. N.

Proof of final payment of capital stock was filed by the Southwestern Land Corporation, of San Antonio, at Austin last week, which showed that \$500,000 above the original capital had been paid in.

Plainview, in Hale County, is being promised a \$600,000 sugar factory, as the first result of a test proving that beets grown in that territory contain 17 per cent sugar, as against only 15 per cent in the far-famed Wisconsin products. An investigation made by an expert representing the sugar beet factory at Chippewa Falls, Wis., resulted in the discovery that the possibilities of Plainview beets exceeded those of Wisconsin, out of which great manufacturing profits have been made. He reported his findings to his employers, and they have begun plans for the erection of a big plant in Plainview. It is believed that the industry is assured, and that the acreage in beets in that district will be increased. The expert reported that Plainview is an ideal location for a beet sugar factory, as the soil is suitable, the climate particularly adaptable and water plentiful.

An election is to be held at Fairfield, in Robertson County, for the purpose of voting \$150,000 for building good roads.

The right-of-way, terminals, permanent surveys and estimates of the cost of construction, together with subscription of \$350,000, has been secured for building a railroad from Smithville to deep water at Aransas port.

As an incentive to good roads, it is as well to state that the development of auto traction and its possibilities applied to urban and interurban traffic have made good roads a necessity, and not a luxury. In Texas, as elsewhere, they are destined to prove a valuable help to steam railways, by concentrating short haul freight at distribution points, as well as placing the farmer's products in quick touch with the local markets.

"Light as a feather" BISCUIT

Shortens Your Food

Cottolene makes light, flaky biscuit that almost melt in your mouth. It contains no greasy, indigestible hog fat. Cottolene is made from choice vegetable oil, and is by long odds the most healthful fat for frying or shortening.

Lengthens Your Life

Cottolene may cost a little more per pound than lard, but it goes one-third farther and is therefore worth more.

### THE COTTON PICKER COINCIDENT WITH FLYING MACHINE.

Coincident with the near-perfection of the flying machine is the near-perfection of the cotton picking machine. Both these machines are valuable in their way, but the latter is by far the most important to the cotton-growing sections of the United States. Much time and money has been spent in building and exploiting cotton picking machines, but, until recently, all machines have been cumbersome and unwieldy; but now the difficulties are being surmounted, objectionable features obliterated to a great extent, and the machine is now doing good work; doing, in fact, cheaper and as good as any hand work. Like the flying machine, the cotton picker has come to stay, and this great Plains country would be an ideal field for the operation of these utilities, conditions being most favorable on the earth and in the air.

### JAKE WOLTER A CANDIDATE.

J. F. Wolters, chairman of the anti-prohibition forces in the late statewide campaign, has announced his candidacy for the nomination of the democracy of Texas to succeed Senator Joe Bailey. This places four aspirants in the field for the Gainesville man's toga. T. W. Ball and Morris Sheppard are pros and Randall and Wolters are antis. Randall has always opposed Bailey, while Wolters has supported Bailey. These two latter differ on some important questions that will be discussed by the Democrats in the next campaign, of which the initiative, referendum and recall will cut some ice. Randall favors and Wolters opposes these questions. They are all able men, and if no more candidates enter the field there will be an interesting four-cornered fight to the finish. As the battle is opening early, and time is ample, an interesting time may confidently be expected by the backers of the various candidates.

### WAR CLOUDS STILL LOWERING.

While we are a long ways from the scene of action, the war trouble between Italy and Turkey looks, at this distance, as though Italy rather forced the breach, when she issued her ultimatum giving such short notice to the Turks to come to terms. Perhaps Italy had become disgusted with the tardy tactics of the Ottoman Empire in dealing with nations, and is undertaking to give a lesson in modern and progressive methods of procedure. The Turk has been a hard fellow to deal with in business between nations, and has pretty well succeeded in disgusting all nations with whom he has had dealings. But he is a fighter, and has the backing of hordes of fanatics of the various tribes of Arabs that seem to take pleasure in surrendering to death in battle, and he may make it very interesting to Italy before the difficulty is settled.

### A LITTLE TARDY, BUT JUST.

Just before adjournment, Congress passed a law permitting homesteaders in portions of New Mexico and Arizona to absent themselves from their holdings during the winter and until the 15th of April, following. And from the tide of moving vans passing through our city towards the cotton fields east it looks as though some portions of New Mexico are being depopulated. They are being heartily welcomed by the cotton growers, who stand ready to cash their labor.

### A RECORD MAKER.

Judge Landis, who established the record for high fines by the \$29,000,000 fine against the Standard Oil Company, made a new low record the other day when he placed a fine of one cent on a business man for mailing bills in a transparent envelope. The Judge is as plump as a record maker.

We acknowledge receipt of the Ralls banner, published at Ralls, Crosby county, which made its debut Thursday, October 5. It is a neat and easy five-column quarto, and indicates that the publishers Morris and Morris are "onto their job." We wish the promoters success commensurate with their efforts, and their initial number indicates that they are the sort that win.

The new town of Ralls has voted a \$17,000 bond for the erection of a new public school building. The vote was unanimous, thus showing a perfectly healthy sentiment in favor of education. It looks good to see a new town at her best foot forward.

U. S. Senator Stephenson, of Wisconsin, whose election was being investigated, testified that he invested \$67,793.00 in his race for the senate, but expressed ignorance as to how it was spent, except \$11,000.00, for postage, as he left all details to his campaign managers. This investigation furnishes interesting reading for the layman. The average monied man generally knows where his dollars go when he hands them out by the thousands, or the barrel, but this venerable gent handles the cash as so much dross.

Hon. Cullen F. Thomas, of Waco, has decided to smother his ambitions, and not allow himself to become a gubernatorial candidate in the next campaign. Discretion is often the better part of valor.

Wild ducks are now plentiful in the lakes that dot this Central Plains country, and our sportsmen are in their glory.

### IRRIGATION.

#### New Firm to Assist in the Development of Our Shallow Water Belt.

Clingman-Hall Machinery Co. have opened an office in Plainview, and will soon have a stock of pumps, etc., to develop the Shallow Water field in this section, and to show their faith in the proposition, and to better show just what their irrigation plants will do. Mr. Clingman has purchased a tract of land near town and will begin drilling in a few days. He says this plant should be in operation early in November, and he hopes to demonstrate beyond question that he can deliver large quantities of water on our fertile lands at the lowest possible cost per acre—low enough to make this country, under irrigation, one of the most productive to be found anywhere.

We are glad that this territory looks good enough to these people that they are willing to buy and help develop lands in order to show just what can be done with their machinery.

Talking with Mr. Clingman, we find that his confidence in the outcome of irrigation here is as great as our own, or even greater, as his business has carried him actively into other irrigation territories, and he is well informed as to the large yields of many crops where an abundance of water is used in growing them.

He is especially confident in the assertion that this will soon become one of the greatest alfalfa producing sections of the entire country, and that it can be produced in competition with any state in the Union.

We welcome these people as a part of our business and social life, and trust that their coming will prove to be to the mutual interest of themselves as well as to our community, and that they will be able to assist largely in changing this section into an ideal irrigation district we have no doubt, where, upon twenty to eighty acres, will be found the thrifty farmer and his family enjoying the fruits of a bounteous harvest, not subject to drouth nor any uncertainty, but, depending upon our great underground streams of water, he knows that, so sure as he plants and cultivates, just so sure will the ample harvest be.

### SPRING LAKE.

Milton Ott had the misfortune to get his nose broken while catching at Big Square, last Saturday.

Miss Beulah Thomas, John Gehres and Ivan Stuch were enrolled last week as student at Spring Lake High School.

L. D. Lawrence, of Chicago, spent a few days in this neighborhood, buying broom corn.

Dr. Axtell's children had a small runaway while en route home from school Thursday. Paul was the only one hurt, and his wounds are not serious.

Roy and Mildred Gilbert, who are teaching at Hurley, spent Saturday and Sunday with home folks.

James Reddington visited friends in Olton Friday and Saturday.

A. D. Frederick and son, Clarence, were helping H. M. Packard seed broom corn the first of the week.

Among those from a distance who attended services here Sunday were Messrs. Dotson and Pilling, of Olton, and Messrs. Styles and Mick, of Big Square.

Nova White is entertaining a special friend from Amarillo this week.

Mrs. Giert was in Hereford Monday, where she went to meet her husband.

Canning tomatoes, by the woman, and using up binder twine, by the men, is the order of the day just now.

M. E. Cleavenger and family took supper with P. D. Vore's Tuesday.

Mr. and Mrs. J. W. Sullivan attended services here Sunday.

J. V. Rudd and family Sundayed with R. A. Frenzel.

Wheat buyers from Hereford were here last week, buying wheat from our farmers. They paid \$1.00 per bushel.

Miss Beatrice Vore spent the weekend visiting with Miss Nova White.

Rev. Hensell, former pastor of Spring Lake, was shaking hands with his friends here Sunday.

Mrs. Thompson spent Saturday with Victor Gilbert's.

Rev. Hurlburt conducted an "Echo" meeting here Sunday, those who attended the State Sunday School Convention at Amarillo taking part. A very fine program was rendered, and was enjoyed by a large and appreciative audience.

### SCHOOL NOTES.

Several new pupils entered the seventh and eighth grades on Monday.

Several of the rooms have a water cooler, and are enjoying a treat of ice water. There has been a marked improvement in the water this week, but it is not good yet.

On Thursday, Miss Ellen Robinson was standing in the doorway when some one unfastened the door. Miss Robinson put out her hand to stop it, but the wind blew it so hard against her hand that it went through the glass, cutting her hand severely. A doctor was called at once to dress the wound. Several stitches were taken. At present, the wound is doing nicely.

Mr. Bruce, in performing an experiment Tuesday, put too much sulphuric acid in a test tube of common salt, and the result was an overflow. Being excited, he held it over a senior's dress, and in a moment her dress was very badly eaten, leaving one hole about the size of a dollar.

Mr. Grimm, the former superintendent of the High School, made us a pleasant visit Monday.

Mrs. Cathey, sister of our superintendent, who has been a teacher in the Comanche schools for a number of years, was also a pleasant visitor on Monday.

The basket ball grounds are being prepared for practice.

The Plainview High School football team is going to Lubbock Saturday, October 4, to win a game, the second game played this season.

### B. Y. P. U. PROGRAM.

LOST—A Masonic Shrine pin, with Cutlass, with word "Al Malakiah" enamelled in blue. Reward, H. L. MASSIE, Agent 101 Ranch, Wild West, General Delivery, Prescott, Ariz. 41

### AVERTS AWFUL TRAGEDY.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. F. D. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough, and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price, 50 cents and \$1.00. Trial bottle free. Guaranteed by all Druggists.

### HEAVY FRUIT SHIPMENTS.

Up to the first of October, the Roswell Fruit Growers' Association had shipped one hundred and thirteen thousand boxes of fruit—more than two hundred car loads—and it is claimed that they are not more than half through with the job. These apples have been sold at \$1.50 to \$2.00 per box. The Pecos Valley is a great fruit country, but not better than this. Apple trees grow as fine here, bear as early, and, perhaps, are much longer lived here. We have no alkali, hardly a trace of gip or lime, and the water we use when necessary to irrigate is second to none on earth, or in the earth. A man can make an orchard here for less than half what it will cost in the Roswell country—counting everything.

Prize premiums taken by Lake View Farm: First on registered draft mare, "Black Bess," No. 43425; first on registered draft yearling colt, "Beauty C.," first on road mare, "Bay Bess," first on road colt, "Toney," first on best ten bushels white corn; second on Ben Davis apples. This farm is owned by E. Callaway, an all round farmer and stock grower.

E. CALLAWAY, Prop.

There were many exhibits that deserved special mention; also exhibitors who spent time and labor in getting up the exhibits, all of whom were up-tringing in their effort to make the Fair a success. For which they are entitled to the hearty thanks of our entire county.

### CARD OF THANKS.

We do not have the language where-with to express our feelings of gratitude toward our good neighbors and friends who so kindly aided and assisted us in the care of our dear wife, mother and daughter and sister, in her sickness and death. May the blessings of heaven rest upon those people who are the sincere prayer of F. M. McCARROLL, Family and Relatives.

### GRENADIER ROLAND,

of the Battle of Moscow, at the next Monday and Tuesday. Other pictures will be changed light.

and Mrs. G. L. Bruner, of Kress, Wednesday to take in the fair at Mr. Bruner's mother.

### GOOD CROPS ON THE PLAINS.

From all over the Plains comes cheering reports of good crops. There is considerable good corn, while maize and kaffir are turning out immense yields. The cotton is turning out one-third to half a bale per acre, and is being picked as fast as possible, though pickers are scarce. All in all our people can congratulate themselves on having the best crops of any section of the state and most of the United States.

### WHITFIELD.

The spacious reception room and parlor of Jas. Pullen's was the scene of merriment last Saturday night, it being a birthday party. A crowd of young folks assembled, and games were played until 11 o'clock, when the hostess served fruit and cake to the guests. All report a fine time.

Dr. Albert Woldert, of Tyler, has been here some days this week, looking after arrangements for the construction of a brick business house covering his lots on the burned district on the north side of the square. He took in the fair, and thought the exhibits good in all lines.

Mr. and Mrs. A. VanHoweling returned home Thursday from a six weeks' visit at Pella, Iowa. They were accompanied home by Mrs. VanHoweling's mother. Mr. VanHoweling says crops were fair where he was; but that the southern portion of Iowa was very dry, and he has returned with greater confidence than ever in this country.

The mammoth 100-pound pumpkin on exhibit was a great attraction to all lovers of the luscious pumpkin pie, and some experts estimated that this sample would make a stack of pies as high as Judge Lancaster could chin. We think the estimate pretty high, but—the Judge is high. This pumpkin was grown by Daddy Boswell.

EXAMINE YOUR FLUES.

Now is the time to have some competent man examine your flues, and see that they are safe, or made safe, for the fires that you will soon kindle. Timely inspection might prevent, not only you, but your neighbor, loss from fire.

Mr. M. H. Barows, of Bickwell, Ind., is visiting his son, seven miles south of this city, and took in our County Fair while here. He expressed surprise at our agricultural and horticultural exhibits, and thought the livestock exhibits would make a good showing at any fair.

NOTICE.

Some good resident properties for sale, small payment down, balance long time, six per cent interest. Also some good bargains in real estate near Plainview. See E. E. Winn Land Company, First National Bank, Plainview, Texas.

Mrs. S. M. Hooper returned Wednesday from a four-weeks' visit at Norman, Okla., and points in Kansas.

The Petersburg exhibit at our Fair was in charge of J. C. Ford. Every sample in this exhibit was raised without irrigation—nine varieties of apples; peaches, plums, onions, potatoes, pepper, corn of different varieties, wheat, oats, kaffir, maize, peanuts, melons and cotton—a fine exhibit from a fine section of our county.

REMOVAL NOTICE.—I desire to announce that I am now located for the practice of law in Plainview, with well-equipped offices, located on north side of the square, where I will be pleased to receive my clients and friends. After thirteen years practice in Texas, I feel competent to attend to your legal business. Y. W. HOLMES. 42

The Philathea class of the First Baptist Church was entertained with an animal party Monday evening by Misses Ethel Williams and Bessie Davenport, at the home of the latter. A very enjoyable evening was spent, in which the guests represented different animals. Refreshments, consisting of animal wafers and chocolates, were served, and all report a very enjoyable evening.

Mr. and Mrs. M. J. Tarbox, of Cedarville, Ohio, came down to this county last week, to look over their land interests near Hale Center. They took in the fair and were well pleased with the exhibits. They think of moving to this country in the no distant future. They also think they will arrange to have a nice apple orchard planted next spring, to be coming on pending their moving here.

H. W. Fairbanks, of Dallas, was in the city this week, telling the people about a cotton-picking machine which he has at Post City doing demonstration work. He says the Price Campbell cotton-picking machine can pick an acre an hour, and 5,000 pounds for about \$5.89, or about 12 cents per 100 pounds, and anybody coming to Post City can see the machine in operation. We believe this machine has come to stay.

Among the apple exhibits of E. Dowden was a specimen bearing his trade-mark, "E. D.," in good-sized letters, blown into the sample without marring the fruit. This is something unique, and when he perfects his system sufficiently, so that all his apples will grow his trade-mark, he will be able to protect a long-suffering people from buying inferior fruit. "None genuine" without the trade-mark, "E. D."

G. W. Rogers and Harvey Johnson, of Henry County, Illinois, spent some days here looking over this country, and while here were the guests of W. W. Jones. These gentlemen live in a good section of Illinois, and in the same county in which this writer spent several of his youthful years and acquired his first knowledge of the "art preservative," on the old Genesee Republic. We have watched land values advance from \$1.25 an acre to \$150.00, and then some. This country will witness the same rise, only it will be more rapid.

The Philo Maethan Class, better known as class No. 2, of the M. E. Church, South, Sunday School, held a business meeting last Tuesday night, at the home of Miss Rebecca Ansley. Various business for the betterment of the class was transacted. The rolls were adjusted and given in charge of Miss Frona Bell, Miss Effie Gilliam, Dr. N. C. Letcher and A. E. Harris. The button contest roll will be in charge of Miss Willie Young. From now on the Philo Maethans will hold a business meeting every last Monday night of each month, and each member is requested to be present.

Poison from the handling of money caused the death of a banker in Waltham, Massachusetts, recently. The victim, some time ago, while counting money, scratched a small pimple back of his ear, thus poisoning himself, which resulted in death.

The little town of Black River Falls, Wisconsin, was swept by a flood last Friday evening, when the swollen water broke through a dam at Hatfield, and half of the business section was destroyed.

NOTICE.

All persons interested in the advancement of poultry raising in Hale County, whether members of the Poultry Association or not, please be present at a meeting to be held Oct. 28, 1911, at 2 p. m., in the County Court room at the Court House in Plainview.

S. S. SLONEKER, President, South Plains Poultry Ass'n.

Rev. Abney had a nice exhibit from his garden in this town, consisting of nearly everything in the truck line, and including some strawberry plants in bloom.

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for eight weeks previous to the return day hereof, unknown heirs of R. B. Gant, deceased, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Hale County, Texas, on the 27th day of November, A. D. 1911, then and there to answer a Petition filed in said Court, on the 22nd day of September, A. D. 1911, in a suit numbered on the docket of said Court No. 652, wherein Jas. R. DeLay is plaintiff and unknown heirs of R. B. Gant, deceased, are defendants. The nature of the plaintiff's demands being as follows: Suit in trespass to try title, as set forth as follows, to-wit:

That on or about the 1st day of January, 1911, the plaintiff was lawfully seized and possessed of the following described tracts and parcels of land, situated in Hale County, Texas, holding and claiming the same in fee simple, to-wit:

Lots Nos. Twelve (12) and Fifteen (15) in Block No. Twenty-seven (27) in the Town of Plainview, Hale County, Texas; that on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected the plaintiff therefrom and unlawfully withhold from him the possession thereof, to his damage \$500.00.

Plaintiff further represents to the Court that he claims and holds title to the above described real-estate by the following claim and chain of title, to-wit:

1st. Patent from the State of Texas to E. L. Lowe, conveying to said Lowe 160 acres of land, known as Survey No. 2, Block M. & L., which patent is duly recorded in Book 1HE, page 385, Hale County deed records.

2nd. Dedication deed from E. L. Lowe and others to the County Judge of Crosby County, Texas, accompanied by map, platting the Town of Plainview, Hale County, Texas, and dedicating the streets and alleys of same to the use of the public, and, as a part of said town, showing Block 27 and Lots Nos. 12 and 15, above described, which said town is shown to have been platted out of and on said above described 160 acres of land, being Survey No. 2, and which are duly recorded in Book 1HE, page 372, Hale County deed records.

3rd. Will and probate thereof of E. L. Lowe, deceased, as shown on the minutes of the Probate Court of Hale

County, Texas, Vol. One, page 3.

4th. Application of C. H. Gilbert, administrator of the estate of E. L. Lowe, deceased, to sell property of decedent's estate, among which and including which is the above described two lots, duly recorded in Book One, page 11, of the minutes of the Probate Court of Hale County, Texas.

5th. Order of Court ordering the sale of property of said E. L. Lowe, deceased, by administrator of said estate, which includes the above described lots.

6th. Report of said administrator reporting the sale of Lots Nos. 5, 12 and 15 in Block No. 27, of the Town of Plainview, Texas, to C. W. Marsalis, duly recorded in Book One, page 17, of the minutes of the Probate Court of Hale County, Texas.

7th. Order of the County Court of Hale County approving the above sale and confirming same, duly recorded in Book One, page 19, of the minutes of said Court, Probate minutes.

8th. Deed from M. C. W. Marsalis to Geo. F. Watson and R. B. Gant, conveying to them Lots Nos. 2, 5, 12 and 15 in Block No. 27, Hale County, Texas, duly recorded in deed records of Hale County, Texas, in Vol. 2, page 293.

9th. Deed from R. B. Gant to Geo. F. Watson, conveying to said Watson the above described lots, duly recorded in Vol. 4, page 449, of the deed records of Hale County, Texas.

10th. Deed from Mrs. R. B. Gant to James R. DeLay, conveying to said DeLay the above described lots, duly recorded in Vol. 12, page 149, of the Hale County deed records.

11th. Geo. F. Watson to Jas. R. DeLay, deed conveying to said DeLay Lots Nos. 12 and 15 in Block No. 27, in Plainview, Hale County, Texas, duly recorded in Vol. 12, page 137, of deed records of Hale County, Texas.

12th. Deed from Geo. M. Slaughter and wife, Allie Slaughter, to J. R. DeLay, conveying to him all of their right, title and interest in Lots Nos. 5, 12 and 15 in Block No. 27, in Hale County, Texas.

13th. Deed from Janie A. Quillen, joined by her husband, C. A. Quillen, to A. E. Harp and R. C. Ware, conveying to them among other property the unsold part of all town lots in the Town of Plainview heretofore owned by said Janie A. Quillen, duly recorded in Vol. 13, page 191, of the deed records of Hale County, Texas.

14th. Power of Attorney from Janie A. Quillen and husband, C. A. Quillen, to J. L. Penry, granting to said Penry the power to sell land belonging to them in Hale County, Texas, duly recorded in Vol. 12, page 276, deed records of Hale County, Texas.

15th. Deed from Janie A. Quillen formerly Janie A. Lowe, and husband, C. A. Quillen, and J. L. Penry to R. H. Wilkin, conveying to said Wilkin all the lots or tracts of land which were attempted to be conveyed to other parties by C. H. Gilbert as administrator of the estate of E. L. Lowe, deceased, which plaintiff alleges includes the lots in controversy, and which deed is duly recorded in Book 12, page 609, Hale County deed records.

16th. Deed from R. H. Wilkin to Jas. R. DeLay, conveying to said DeLay, among others, Lots Nos. 12 and 15 in Block No. 27, of the Town of Plainview, Hale County, Texas, duly recorded in Vol. 23, page 547, of the Hale County deed records.

And the plaintiff further represents to the Court, that the said Unknown Heirs of the said R. B. Gant, deceased, are setting up some kind of claim of title to the premises in controversy, the exact nature of which is not known to this plaintiff, but this plaintiff here charges that they are claiming same by reason of their heirship to the said R. B. Gant, deceased, and that the plaintiff's title to the premises in controversy is superior to the title of said defendants, as above shown and set forth.

And the plaintiff further alleges that Janie A. Quillen and Mattie Poulson are the only surviving heirs at law and were the only children of E. L. Lowe, deceased, and, further, that Geo. M. Slaughter purchased all of the title of said Mattie Poulson, which said Slaughter conveyed to the plaintiff, as above stated.

Wherefore, premises considered, the plaintiff prays that the defendants be duly cited by publication to appear

and answer this petition, and that upon hearing hereof that plaintiff have judgment for the title and possession of the above described premises, and that writ of restitution issue, and for such other and further relief, special and general, as he may be entitled to.

HEREIN FAIL NOT, And have you before said Court, on the first day of the next term thereof, this Writ, with our endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 22nd day of September, A. D. 1911.

(SEAL) B. H. TOWERY,  
Clerk, District Court, Hale County, Texas.

**WATER, SOIL AND SUNSHINE.**

Some months ago, D. L. McDonald, of the McDonald Irrigated Farms, adopted as a slogan of campaign the significant words, "Water, Soil and Sunshine." The theory was that the Panhandle possessed these elements in just the right proportion to make farming a success. That the slogan was well selected is now a matter of fact, as a visit to the farm will demonstrate. The McDonald Irrigated Farms are located beginning three miles north of Hereford, on the east side of 25-Mile Avenue. There are two wells, each of a capacity of over 1,000 gallons of water per minute, and these supply sufficient water for 320 acres and more. The field this year has been planted to wheat, oats, kaffir, maize, cotton, alfalfa, onions, sugar beets, millet and potatoes. All the crops, without an exception, are good. All who have visited the farm recently pronounce the millet extra fine, and old-timers say the kaffir and maize is a wonder. Experts who have seen the beets and onions report both crops good, with the onions in the lead. It is estimated that the sugar beets will make from 15 to 26 tons per acre, the millet about 2 1/2 tons per acre, the kaffir and maize 50 bushels per acre besides the fodder. The cotton will easily turn out a half bale. The alfalfa planted only four weeks ago is showing up fine. Mr. McDonald is having a beautiful, little bungalow built for the use of the tenants. Other improvements will also be added. All who have seen the farm during the season have become enthusiastic, and, as a result, we shall expect no less than 25 more wells of a large capacity to be installed in the near future. Some half dozen of our best farmers have about come to the conclusion to make contracts for wells.

That the slogan, "Water, Soil and Sunshine," is a good one is now admitted by all. Even knockers are coming over.—Hereford Brand.

**ONE MILLION DOLLARS FOR A GOOD STOMACH.**

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals have recently had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

The great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it was incurable.

His misfortune serves as a warning to others.

Every one who suffers from dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the wall of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them, and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, J. W. Willis Drug Co.

**SUN NEVER SETS ON TEXAS PRESS**

The Texas press circulates in every state in the Union, and some of our papers cross the ocean. It can be truly said that the sun never sets on the Texas press.

With a quarter of a million copies of Texas newspapers singing the praises of Texas in every clime and country, we are able to account for the marvelous influx of men and money into our state. There is no more effective way of advertising Texas than for our citizens to subscribe for the local paper and have it mailed to persons outside the state, and no better service can be rendered our friends in other states than by giving them an opportunity of learning about Texas through the columns of our local papers.—Waco Semi-Weekly Tribune.

**THE 101 RANCH REAL WEST SHOW.**

The word "real" has been incorporated in the title of the 101 Ranch Real West Show in order that it may not be confused with other so-called Western shows that have periodically toured the country. Even today there are shows that claim to be of Western origin to whom the West is an entire stranger. Unscrupulous showmen have become possessed of the idea that any show with pistol shots and Indian whoops is a wild West portrayal. One show in particular, with a title combining many shows, has

had the audacity to bid for patronage by advertising a wild West show, in connection with a circus performance, and this same show has not the moral courage to advertise the circus. It has neither, and seeks to hide its deception under a conglomeration of meaningless titles, and in no way offers anything.

The 101 Ranch Real Wild West Show has but one title, and that is the one to which it is justly and honorably entitled. It is not a circus. It does not offer the old-time circus acts. It is not the vaudeville show that circuses have degenerated into. It is a Simon-pure wild West show, and comes direct from the largest ranch in the world, the 101 Ranch at Bliss, Oklahoma. The performance it gives is one of truth and realism. It is Western depictions that are historical, and the participants in these reproductions are, in many instances, those who have made them historical. There is no wild West show in this world that could equip itself as has the 101 Ranch, because the equipment could not be procured from any other source than the home of this colossal aggregation. The many hundreds of Indians, cowboys, cattlemen, plainmen, pioneers and general Western people are Western people, to whom the East is a new country, and which they are seeing for the first time. It is the genuineness of the exhibition given by the 101 Ranch show that recommends it. It is the truthfulness of its depiction that has made its reputation, and the honesty of its advertising that has made it worthy of patronage. The reputation of this show is universal, and when compared with others who have so unsuccessfully tried to imitate it, it is then that a title combining many shows, has

SENATE PROBERS MAKE REPORT.

Gives Details of Testimony During Investigation of Election.

Austin, Texas, Sept. 30.—The report of the senatorial investigating committee was filed with the journal clerk, R. M. Gilmore, and made public today. The report details the testimony taken during the house and senate committee's sessions, and then proceeds to make recommendations. The report is signed by chairman Horace Vaughn, and all members of the committee except Senator Terrell of McLennan county, the only anti on the committee. Probably the most important feature of the report is the recommendation which reads as follows.

"We, your committee believe that the adoption of the constitutional amendment known as the initiative, referendum and recall, and another providing adequate pay for legislators, would secure for better service, minimize the power of money to influence legislation, and bring the government under the control of the people."

The committee recommends the enactment of a law providing for the publicity of campaign funds, and also recommends that the law be so amended as to require payment of poll tax in person and not allow the same to be paid by an agent. The committee says that in the opinion of its members that evidence discloses much similarity of methods of men engaged in the liquor traffic in various portions of the country, even though widely separated from each other, to procure poll tax receipts for others, especially for negroes.

"Evidence convinces your committee," continues the report, "that there was a conspiracy entered into by interested persons, to provide with necessary poll tax receipts a large number of negroes, and some white men, as many as might be relied upon to vote as those in the conspiracy desired."

A TEXAS WELFARE COMMISSION.

Conditions in Texas to Be Investigated and Recommendations to Be Made.

Dallas, Texas, Oct. 9.—"What's wrong with Texas?" If anything, a Texas Welfare Commission will find out.

Governor Colquitt will be asked to name several of the line members, and to clothe the commission with official State sanction. Then an investigation will proceed to determine why Texas has not developed commercially, industrially and civically as her capabilities admit.

Prime movers behind the project are the State builders, known as the Commercial Secretaries' and Business Men's Association. Plans were outlined by President Ben B. Cain at the annual convention, in Dallas.

Under instructions from the convention, the executive committee will set about to form the commission. It is proposed that the personnel shall include representatives from the Farmers' Union, Cattle Raisers' Association, Industrial Congress, bankers, insurance men, manufacturers, merchants and commercial secretaries.

Sittings will be held in different cities of the State.

Hearings will be open, and representatives of Eastern capital, railroad financiers, insurance companies, manufacturers, factory builders, immigration agents, civic workers or of any organization of interest will be welcome to appear and present facts affecting the growth, welfare and development of the State. In this manner, it is proposed to diagnose Texas' condition and get down to a definite basis from which legislation and development proposals that promise to push Texas forward may be made with a tone of authority.

One chief advantage of the commission, President Cain pointed out, will be in its serving notice on outside capital that, regardless of the past, Texas is now going to open her gates to every reasonable extent to foreign wealth that wishes to come in and develop the state's latent resources, reaping for themselves fair and just profits.

Another undertaking of the secretaries calls for substantial aid to be rendered by the business and financial interests of Texas to the Farmers' Union in its cotton-holding, slow-marketing scheme for better prices.

J. E. Pearson, executive committee-man of the Farmers' Union, told the business men that if they aided the union in getting fair returns on cotton, the farmers would have enough money to build all the good roads the business men are trying to promote.

"Give us good prices and we'll give you good roads," promised Mr. Pearson.

"We can't trade with you," retorted President Cain, "but we can, independent of a trade, aid you in getting fair prices for cotton, and you can aid us in getting good roads."

So it was agreed, and a resolution was passed calling for a committee of fifteen business men and farmers—no politicians—to co-operate with the union in financing the holding movement.

Other resolutions adopted—Ask for State commission to study cotton factory problems, and seek to induce location of spindles in many counties;

Favor conserving production of lumber to relieve mills of losses due to lack of railroad development;

Denounce exorbitant personal injury verdicts against railroads, and commend system adopted by the State of Washington, establishing state control on a compensation-insurance basis;

Declare need of foreign capital to aid in developing Texas and support legislation to induce inflow of outside money;

Boost good roads as annual economic saving far beyond cost;

Call for amendments to stock and bond law that will induce construction of 41,900 miles of needed railroads.

THE REAL COWGIRL.

The impression that has been given of the cowgirl is most decidedly contrasted by the real cowgirl that is seen with the 101 Ranch Real Wild West Show. She is not the hoyden that has been pictured in fiction and by artists whose only knowledge of his beautiful type of the American woman is imagination. She is a beautiful composite of a perfect woman, reared in the lap of nature, whose rough edges have been smoothed down by a college education. A fearless, muscular and graceful daughter of the plains in lingerie, possessing just enough of the manish to bring out prominently the gentler traits of her ex and conspicuously set forth the unadulterated types of her perfect womanhood.

There is no more perfect type of the real American woman than is the western cowgirl. Serious flirtations, she has no knowledge of. Matrimony to her is a sacred institution, that once indulged in is the venture for life. Flattery to her is obnoxious, while any allusion to her personal

charms would be met with deserved resentment. It must not be inferred from this that she is entirely devoid of all the charms that make woman attractive. Far from it. It is her extreme honesty to herself and to others that makes her taboo many traits so prominent in her sisters who have been reared in the center of the social whirl. She is the real, and not the one who has been spoiled by the embracing of the artificial. From infancy, her horse and her gun are her playmates, until she arrives at the age of desire for enlightenment, and when her college days are over she is back on the ranch, from the eastern institution of learning, with her love of the playments of her earlier days increased a thousand fold. It is a silent admiration that is bestowed upon her at social functions of the other ranches or at the more pretentious gatherings in the cities. She does not become fascinated with the swell society man. His blandishments are all lost on her. He is just endured. In her little suit of buckskin or corduroy, when the cowboys are rounding up the cattle and showing their expertness with rope and gun, when they are dashing with neck-risking speed over the prairies, she will show more interest and confer more compliments than to the society beau of the drawing room. It is the real that appeals to her, and not the artificial.

When the 101 Ranch Real Wild West Show comes to Plainview, there will be a bevy of the real cowgirls with it, and many of them have friends in this vicinity, who were school companions during the school days of the cowgirl. Many pleasing little reunions have been planned.

A large percentage of the stage directors and producers of the day seem to pay more attention to the scenic effects and stage lighting than to the actor and the proper rendition of his lines. What theatre-goer has not noticed the decline in stage enunciation and modulation in the past few years? The people on the stage have mumbled their lines, they have talked at break-neck speed, in loud but uninflected voices. Not so with Mr. Frank Richardson, of "The Commercial Traveler Co." He is one of the most thorough stage directors in the country, and insists that every line is properly read, every scene, picture and climax properly made. The result is, he is bringing to the Schick, on Oct. 16, in "The Commercial Traveler," not only the strongest acting company that will play in our city this season, but the biggest scenic production. The entire eastern production is carried intact.

A MOVING PICTURE.

A kind friend at Honey Grove, knowing State Press' high appreciation of all manner of art works, was good enough to send S. P. a snapshot of Editor J. H. Lowery, of The Honey Grove Signal, engaged in his labors. Looking at the mute but eloquent likeness of Editor Lowery, one would (if a stranger to him) say: "Here is a pious man, an earnest man and a man without guile busy about his business." Observe that sober mien; that mobile brow reaching clear back to where his suspenders cross; those tremulous tufts of hair above those insouciant ears; that stern yet humane smile in which the mouth is framed—what a picture it is of serious purpose! What a sermon it is, what a lecture on the moralities! Oh, if only the picture of Editor Lowery had been taken, and his surroundings blurred! Why did not the artist discreetly wash out the scenery which surrounds Editor Lowery at his office? Why did not the man with the camera erase the furnishings of the Loweryan desk and the Loweryan sanctum? We wot not. We can only see—and sorrow. For just above the editor's head, where his eyes rest on it every time he looks up from his writing, is a picture of three little girls (about 20 years old) from school—three little maids from the seminary, if in bathing, but merry. At his right hand, within easy reach, stands a giant jar of mineral water, the kind a man drinks when his mouth feels like he has been chewing a blanket; at his left lies a somnolent cigar, half lead, and giving off an odor that almost shows in the photograph. At his back, piled high on a book shelf, is a collection of books of varying sizes and numerous titles, from the "Seven Hundred Years of Rome" to the "Three Weeks" of Elinor Glyn. Further around behind him is a map on the wall, showing the wet and dry counties of Texas, and underneath that a calendar with a picture and an advertisement on it. We can't make out the lettering, but we judge from the picture that it is an underwear ad. We have seen some a good deal like it in the magazines. There are other bits of landscape and objects of virtue shown in this graphic photograph of Editor Lowery in action, but we haven't time to specify them. We can only sit and marvel at the tout ensemble and say: Here sits a man—we shall not see his like again—until Press Day at the Fair.—State Press in Dallas News.

USING OPPORTUNITIES.

Lack of success is not caused by a dearth of opportunities. Men grow their opportunities, but they fail to harvest the crop. Every day has its own particular kind of fruit of opportunity, which must be gathered on that day, if ever.

Opportunity beckons ability. She stands with open arms. She offers prizes for effort and development. Train yourself—don't envy success. It comes with constructive work. Opportunity says to the worker: "They do me wrong who say I come no more."

"They do me wrong who say I come no more. When once I knock and fail to find you in; For every day I stand outside your door.

And bid you wake and rise to fight and win. Wait not for precious chances passed away.

Weep not for golden ages on the wane; Each night I burn the records of the day.

At sunrise every soul is born again." The world has always been full of opportunity. It exists everywhere for those who, with hands, eyes, ears and brains are seeking to render service that serves.

What has been done in the world's history can be done again through the operation of the same laws and forces. We can be men and women of power or we can be men and women of impotence. The moment one grasps the fact that he can rise, he will rise, and he can have no limitations except those he sets himself in the efficiency of his work.

The world is crying out for workers who can carry things of all kinds to where they are needed. It wants workmen who can create desire for its wares where there was no desire before. It offers rewards for those willing to increase their efficiency and then sell their services at a profit to themselves and the institution that employs them.

All big corporations as well as individual employers are alive to the value of the worker who strives to earn more and is not afraid of doing more work than he is paid for, and who is not so much worried about wearing out his brains as he is about using them too little. In short, dear reader, "The world rears its loftiest shafts to the men who deliver the goods; with plow, lever, hammer, brush, pen or press, they deliver the goods, and while we their eloquent

epitaphs scan, they say in the world's work they stood in the van, we know but this section will be heard from before the ballots are all in.

Constructively using opportunity, I win.—Barnhart Book.

Hon. L. C. Alexander of Waco has given notice that he will enter the race as a candidate for the U. S. Senate to succeed Bailey. This gives us four avowed aspirants for this coveted office, Sheppard, Ball, Randell and Alexander, all brainy specimens, and with each a good following of backers, that promise to make this contest interesting from start to finish. # The Big Fair Is Over and the Ribbons Awarded

The exhibits were first class, in fact, no country could or would dare try to produce better. Hale county's 1911 crop has made good--it has proved the broadest claims made by any of our citizens. Our farmers have all delivered the goods, and--Mrs. Quisenberry of Hale Center and Mrs. Unger, in this booth was the exhibition of the Hale Center Embroidery Club, and such a fine array of beautiful work was never before seen in Plainview. The Club carried away about fifty ribbons. The prize winners were: Silk Pillow--First, Mrs. Finney; second, Mrs. Finney.

It is the business of this house to please its customers, and we do it. We've been holding down this claim for some little time, and we're now ready to make "FINAL PROOF". We know that we unquestionably deserve a clear title to this **You, Mr. Business Man** claim and WE'RE ANXIOUS TO PROVE IT TO--(?)--YES, TO

## SECOND ANNUAL FAIR BETTER THAN EVER.

(Concluded from Page One.)

The art booth, on the left of the entrance, under the supervision of Mrs. R. C. Ware, was a marvel of beauty and artistic arrangement. Various pieces of hand-painted china attracted the eye, and testified to the ability and taste of the artists.

On the right of the entrance, Mrs. L. Lee Dye and Mrs. L. S. Kinder sold excellent home-made cider and candy to the throngs of sight-seers, thus helping to defray the expenses of the Fair.

On either side were a number of beautifully decorated booths, each under the supervision of two competent and energetic ladies. Conspicuous among these was the booth of Decorative Art, under the care of Mrs. E. B. Hughes and Mrs. J. O. Wyckoff, and the Curio Booth, managed by Mrs. F. N. Catto and Miss Edna Mayhugh. Both of these departments contained rare and beautiful articles owned by some of the citizens of the town and county.

The neighboring town of Hale Center had a magnificent display of fancy work, the handiwork of the members of the Needlework Club of that town, which has the honor of being the largest club of its kind in this part of the State. The collection was in charge of Mrs. H. A. Quisenberry, of Hale Center, and consisted of more than two hundred pieces.

Noticeable was the booth containing specimens of needlework by ladies over sixty years of age. This department was in charge of Mesdames T. R. Alexander, J. L. Boswell and R. T. Jones, the first two getting prizes for their dainty handiwork.

Down in the center of the building was an array of beautiful house plants from the hot houses of Messrs. James Brown and W. H. and J. A. Jeffries, which is located a mile or two northwest of the city. These enterprising gentlemen demonstrated the fact that Hale County can produce rare and lovely flowers as well as fine fruits and vegetables. Their display consisted of ferns, geranium, lantanas, and other pot plants, whose beauty elicited exclamations of delight from all who attended the Fair. These plants found a ready sale, and as fast as they were carried away they were replaced by others equally as beautiful.

The entire Department of Fancy Work, etc., was in charge of Mrs. L. A. Knight, assisted by Miss Rosa Fowle, who was general supervisor over the whole building, and much of the success is due to her efficient management and thoughtfulness.

Below is published a complete premium list, including the display of Mrs. E. B. Shankle, of Petersburg, which was in charge of J. C. Ford, and which took a prize of \$2.00:

Mrs. Catto and Miss Edna Mayhugh presided over Booth No. 9, relics, curios and old books. In this exhibit there was a land patent dated June 16, 1856, signed by Franklin Pierce, president, to A. U. Buchanan, of Lawrence county, Ark., in which a tract of government land near Batesville, Ark., was granted to Buchanan. This old legal paper was exhibited by Mrs. Grimes.

Dr. McClendon exhibited a piece of the Atlantic cable; also a powder horn that saw service in the Revolutionary war.

Mrs. W. E. Armstrong showed a pair of andirons over 100 years of age; also a sword presented by the governor of Arkansas to Mr. Armstrong's father.

Mrs. L. M. Frye showed a coffee mill over 110 years old.

Mrs. Catto had quite a number of Egyptian and Assyrian curios and pieces of embroidery, which she acquired when on a tour of the Orient; also several Indian relics and suits of clothes from the Pacific northwest.

Mrs. Phillips exhibited a quilt over 100 years old, and a braid of hair, in which the hair of six generations of the family were woven.

There was a piece of lace sixty years old, exhibited by Mrs. J. H. Abney, and a cup and saucer 110 years old, which was owned by her grandfather, who was a first cousin to John C. Calhoun, and also related to Ben Franklin. There was also a carving-set more than 110 years old, which belonged to Mrs. Abney's grandmother, who was a relative of Morse, inventor of the telegraph.

In this booth was shown a violin made by Daniel Reven of Plainview last June, and it is of the best workmanship.

Mrs. J. F. Garrison showed a dress she wore when only four years of age. Possibly the most interesting object was a book, "Ceremonies and Religious Customs of the Jews and Roman Catholics," published in London in 1733. It is one of seven large volumes owned by L. R. Grimes. Mr. Grimes has many old books, some of them dating back 400 years.

There was a Persian pistol and scythe, each 150 years old, and many other interesting curios and relics.

Art Department--Mesdames R. C. Ware, R. G. Herd and Mrs. J. F. Garrison in charge. The prize winners were:

Water Color--First prize, Miss Barker; second prize, Miss Betts.

Oil--First prize, Mrs. Grover Smith; second prize, Mrs. Stanley Huff.

China--First prize, Miss Betts; second prize, Miss Barrow.

Geo. Cox left Monday for Floydada, where he will construct a brick business house.

## HELPFUL HINTS ON HAIR HEALTH.

### Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect the scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat, a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and to make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Plainview only at our store--The Rexall Store. The J. W. Willis Drug Co.
