

NORTHWEST TEXAS CONFERENCE

WILL MEET HERE NOVEMBER 1,
FOR A SIX DAYS' SESSION.

Preparations Being Made to Care for
All Visitors—Many Preachers and
Delegates Are Expected.

The Northwest Texas Methodist Conference will convene in this city on November 1, for a six days' session, including Sunday. This conference comprises sixty-six counties, and a large attendance is anticipated. In fact, three hundred delegates and preachers are expected, and these are to be housed and cared for by the citizens of this town during their stay. Besides these preachers and delegates, it is expected that during Saturday and Sunday fully five hundred people from the country and adjoining counties will be in attendance, and these people should be made to feel welcome while in our city. The pastor of the local church expects all members to do their duty toward these strangers, and will appreciate all courtesies shown by any citizens of the city to visiting brethren and sisters.

This conference will be presided over by Bishop Atkins. Several distinguished men from Louisville, Kentucky, and Nashville, Tennessee, will be present. A most interesting and profitable session is expected.

EL PASO HERALD A BOOSTER.

The El Paso Herald's Sunday edition of the 8th inst devoted pages of its spaces to the exploitation of the new states of Mexico and Arizona, taking up the states by counties and giving in their various resources as to timber, agriculture and mineral wealth, their various soils and the comparative value of them. It gives many illustrations of public buildings, irrigation plants, a clear and fairly concise report on the manner of irrigation in the various sections, and telling of the astonishing results in growing all kinds of crops, and dwells particularly upon the success of apples, peaches and grapes produced in New Mexico, and also tells the people how to proceed if wishing to procure a homestead in either of the new states.

A GOOD MOVE.

Hats off to the sheriff of Wichita County, who closed down a few side shows which were accompanying a circus because performances of an indecent nature were given. It is to be hoped that the day will soon come when the officers of every county in the State will follow his example. And the officers should go further. An indecent show should be closed wherever found—moving pictures, carnival companies or patent medicine exhibitions. It has not been a thousand years since a medicine company sprang some vulgar "gags" on a prominent corner in Abilene, which were, to put it mildly, rank. For this, The Reporter is laying no blame at the doors of the peace officers, but, knowing them as it does, it believes, had one of them been present, a medicine show would have been unexpectedly terminated.—Abilene Reporter.

McGILL IN MEXICAN POLITICS.

Judge Bill McGill, of La Landes, N. M., was recently nominated by the Democrats as a candidate for attorney general of the new state of New Mexico. The Judge is well known in this county, as district judge and as lawyer. We all know he will have a vigorous campaign, and he has the nerve and averdupois to back his assertions on the rostrum.

MARRIAGE OF MISS PERRY.

News has been received in this city of the marriage of Miss Nell Perry to William Cole, of Oklahoma City. The bride is the daughter of our fellow-citizen, E. H. Perry, and during her visit to Plainview made many friends by her charming personality. Mr. Cole is an official in one of the banks of Oklahoma City.

CAR OF HOMESEEKERS.

The Soash Land Company arrived Thursday, with their special car loaded with prospectors. This is their third trip to this country this year, and, as they were successful on their two previous trips in selling to their men, it is safe to say they will succeed in consummating several deals this trip.

TO FORM ASSOCIATION.

Sheriffs are gathering from the various sections of the Panhandle, to be present in a two days' meeting, beginning this forenoon at 10 o'clock, in the district court rooms. Among those who came in yesterday are J. S. Tally, of Ochiltree; J. D. Falls, of Throckmorton; G. A. London, of Hale; A. C. Goen, of Floyd, and G. O. Walker, of Canyon.

It is expected that fully twenty-five to thirty-five officers will be in attendance upon the meeting. The purpose of this meeting is the formation of an organization for the sheriffs of Northwest Texas. The form of organization will be much like that of the Texas Association. It is stated intention to co-operate fully with the state organization. In this manner this section of the State will have a better representation, it is stated.

Sheriff Burwell, in connection with one or two of the other leading sheriffs of the Panhandle, started this agitation a few weeks ago, and their plans are panning out ever better than they had hoped, considering the short time in which they had to work, incident to the initial meeting. There is an expressed opinion that every sheriff in the Panhandle country will be enrolled in this organization.

While no definite statement could be made yesterday afternoon as to the scope of the organization, with special reference to membership, it was stated that there is a probability that deputy sheriffs, constables and police constables or city marshals will be admitted to membership in the organization, for the reason that they are eligible in the Texas Association.—Amarillo Daily Panhandle.

BISHOP TEMPLE IN WACO.

Will Leave Today for New York Meeting of Bishops.

Waco, Texas, Oct. 15.—Bishop E. A. Temple, in charge of the missionary district of North Texas, Protestant Episcopal Church, is in this city taking part in the services today at St. Paul's Church. He is accompanied by Mrs. Temple and their infant son. Tomorrow afternoon Bishop Temple leaves for New York to attend a meeting in that city of the house of bishops, composed of all the prelates of the Episcopal Church in America. While he is in the East, Mrs. Temple and baby will be the guests of the former's father, J. T. Davis. Bishop Temple is the youngest man in the United States to occupy that exalted position in the Episcopal Church. He was consecrated here last year, and his see is located at Amarillo. He was formerly rector of St. Paul's here.

Bishop Temple is bishop of the diocese in which Plainview is located, and has confirmed several members of the Episcopal Church at this place.

BAD WRECK IN NEBRASKA.

Omaha, Neb., Oct. 15.—Seven people were killed and twenty-two hurt, four of them seriously, in a collision between Missouri Pacific passenger train No. 105, northbound, and a fast freight train at Fort Crook at 10 o'clock this morning, ten miles south of this city. The accident is believed to have resulted from a misunderstanding of orders by the freight crew.

A relief train was sent to the scene at once. Shortly before noon the relief train reached the city with the injured and several of those who were slightly hurt.

Gov. Gilchrist, of Florida, was a passenger on the northbound train, but was uninjured.

PRESIDENT BROOKS HERE.

S. P. Brooks, president of Baylor University, came in Saturday, and remained in our city until Wednesday. He preached at the First Baptist Church Sunday morning and gave a lecture at the same place Tuesday evening. Dr. Brooks has done a great work for the institution of which he is the head, and he is at present engaged in raising \$400,000, which, if he succeeds, will be supplemented by a sum of \$200,000, a gift from John D. Rockefeller, for the endowment of Baylor University.

BOYD GROCERY CO. Wants your Produce.

HE'S A WORKER.

The following is clipped from the Presbyterian Advance of Nashville, Tennessee, and will be of interest to our people:

Anson, Texas—Sunday, October 1, closed the pastorate of the Rev. Sterling Park of Anson, Texas. Five persons were received into the church. The services are reported especially fine in all respects. The entire church and community regretted very much that Mr. Park was leaving. He has been at Anson about two and one-half years. During his time, a large indebtedness has been paid; the church has been well organized, with Ladies' Aid and Missionary Societies, Senior and Junior Endeavor Societies; the Sunday school has taken on new life; many members have been added to the church and the congregation increased all the while. Mr. Park's work has not been confined to the church alone. He has been identified with every advanced movement in the community. During the recent prohibition campaign he was very active in making speeches and otherwise promoting the cause of temperance. He was called on more than any other minister in the town for public addresses. Hon. W. R. Chapman, one of the leading elders, declared on the floor of presbytery that the church was in better condition than ever before in its history. The work of Mrs. Park, who was the pastor's assistant without salary deserves special mention. Her work as teacher of the young people's class was a splendid success. Mr. and Mrs. Park leave Anson with the love and esteem of everybody in the town. They go immediately for Plainview, Texas, where we have good property and a fine opportunity for development.

MARINES RUSHED TO PEKIN.

Washington, Oct. 16.—An order has been issued by the navy department for the immediate transfer of one hundred marines from Manila to Peking to guard the United States legation there. The situation in China is regarded as exceedingly grave, and it is feared that the powers may be forced to intervene, and, in such event, the United States would probably be forced to take the leading part, as being the power most friendly to China.

Manila, Oct. 16.—The United States cruiser "New Orleans" sailed today for Shanghai. The New Orleans, which belongs to the Asiatic fleet, was under orders to return home, but instructions were changed at the last moment. One hundred American marines were today ordered to Peking to reinforce the legation guard there. They will sail on Wednesday.

WIDSTOE HEADS DRY FARMERS.

Utah College President Named President of International Congress.

Colorado Springs, Colo., Oct. 17.—Dr. John A. Widstoe, president of the Utah Agricultural College, was elected president of the International Dry Farming Congress at its session here this afternoon.

American vice presidents elected are: John Lennox, Colorado Springs; J. H. Hamilton, Bozeman, Montana; E. A. Burnett, dean of the University of Nebraska.

Vice presidents were elected to represent every country on the globe. J. E. Waggoner, of the International Harvester Company, Chicago, discussed the influence of farm machinery on agricultural production. He said that at the beginning of the last century 97 per cent of the American people were on farms, not by choice, but because, as a rule, farm implements then in use were so imperfect that one man could produce but little more than was required by his own household. Today but 35.6 per cent of the population are farmers, the one-third now being able to feed and clothe the other two. He ascribed the change to the development of farm machinery, and intimated that the future of the dry-land West will in like manner keep pace with the development of agricultural implements suited to its methods and needs.

Prof. H. L. Bolley, of the North Dakota Agricultural College, spoke of "Flax as a Dry-Land Crop." He said that the variety which is raised for the production of seed for linseed oil purposes is especially adapted to the dry-land West, that there are few crops that can withstand the amount of drought that the flax seed can, and that it can be produced in paying quantities farther west and higher on the foothills of the great plains than any other of the small grains. He said that flax does not use much

LAST ELECTION CHAPTER BEGUN.

Publication of Legal Notice Declaring Results Starts in Today's News.

The last chapter of the local option election story in Potter County begins this morning, with the first publication of the legal notice, declaring the result of the recent election.

On November 15, one week from the date of final publication, the saloons will close in Amarillo. Prior to that date, it is stated, the licenses of all but three will have expired, which will leave but a limited number to be closed by statutory operation.

Time has eliminated the possibility of contest from any source, if such, indeed, were ever discussed or contemplated, as the law only allows 30 days for the filing of a contest after the declaration of the result of the election by the Commissioner's Court which occurred September 16.—Amarillo Daily News, Oct. 18.

ALWAYS WROTE THE TRUTH.

No wonder the editor is pointed out as the liar of the community—the town prevaricator, as it were. He seldom issues a paper that tells the whole truth. He prints an account of a "pretty wedding," when he knows that the bride is fearfully homely, the groom a gargoyles-faced freak and the whole wedding a slipshod, ill-appointed affair which all the neighbors poked fun at. He describes a church supper as a "sumptuous feast," when it is a notorious fact that it was one of the slimmest things that was ever held in the town. There wasn't enough chicken to go more than half way round, the buns were soggy, the coffee was nothing but slop, the cakes were the limit, and two or three of the sisters had a row about their spoons and other silverware after the preacher had gone home. The editor tearfully speaks of a man just buried as an "honored, upright citizen," when the facts are that the man was a dead-beat, a loafer and a general nuisance and the town is fifty per cent better off with him dead than alive. The editor tells about the "eloquent sermon" preached by Rev. Fourthey on the preceding Sabbath, but if you want to get the whole truth about the sermon, get some of those who listened to it to give their honest opinion of it, somewhere out of the hearing of somebody who would run and tattle to the preacher. The editor makes the local hotel a palace and its table a receptacle for Lucullian feasts, when the boarders and transient patrons know it is a hold-up joint and brand the landlord a horse thief and a porch-climber every time they think of him and his cockroach dump. In the editor's eye the most ignorant, puffed-up, swell-head of a woman in the town is a "charming hostess" and "one of our little city's most refined and educated ladies," yet he knows that the same old girl will throw it into him and his family like a tramp would throw a live skunk into a Sunday school every time she gets the opportunity to knock him. The editor speaks of some old scab of a mocher as "our worthy citizen and warm friend of the editor," and the editor never gets a cent or a pleasant look out of the same old cuss, who haunts the office every day to get the exchanges, mooches the editor's tobacco and matches and gives advice as to how the paper should be conducted. And in many other ways the editor is the premier liar of the universe. And you ask why the editor does not tell the truth? Easy enough. He wants to live in town for a while. If he told the truth, he would be tarred and feathered and run out of town.—Manson (Iowa) Democrat.

MADERO AND PINO SUAREZ.

Mexico City, Oct. 16.—Returns to the electoral college practically confirm the election of Madero to the presidency and of Pino Suarez to the vice presidency. The latter received practically 60 per cent of all the votes cast. Inauguration of these officials will take place on November 20.

moisture and does not make as heavy a draft on soil fertility as does either wheat, oats or barley, and that the general idea to the contrary is based on error due to the fact that the crop is frequently attacked by root diseases, which makes it impossible to grow flax on any ground that is once infected. Flax will generally compete with wheat in the matter of net returns.

BIG CROWD OFF FOR DALLAS FAIR

ASSOCIATION MEETS HERE.

The Panhandle Teachers' Association will meet in annual convention in Plainview next month, and a large attendance is expected.

YOU WILL KEEP WARM.

People who attend the Majestic Theatre from now on will keep warm. The management this week installed stoves in the building.

GROCERY CHANGES OWNERSHIP.

J. W. Wright, of the grocery firm of Wright & Dunaway, this week sold his interest in the above firm to M. F. Brashears. As soon as the incorporation papers can be changed the firm will be known as Dunaway & Brashears.

HIS BOOTS WELL KNOWN.

John Meisterhaus, our popular boot and shoe maker, is making boots for parties all over the State, and they are gaining a reputation in other states. This week he received an order for five pairs of boots from New Jersey.

NEW POOL HALL.

P. P. Andees, of Amarillo, has rented the basement of the Ware Hotel Building, and will conduct a pool hall in same in the future. Workmen are busy installing fixtures this week. This establishment will have six pool tables and one billiard table for the accommodation of the lovers of the ivory game.

6,000 BALES FOR FLOYD COUNTY.

Reports from Floyd County state that the combined cotton crop for this year is estimated at 6,000 bales. The gins at Lockney have already turned out 1,200 and at Floydada 500 bales. This is a remarkable showing for a country new in the culture of cotton.

CONTRACTS FOR BRICK BUILDING.

A contract was let this week by Dr. Woldert to the McRea Building Company for the construction of a brick building on the north side of the square, on the two lots made vacant by the recent fire. The size of the building is to be 50 x 100 feet. The front is to be of oxidized copper, plate glass and marble.

NEW FURNITURE STORE.

Messrs. J. L. Morgan and F. W. Beach, of Amarillo, are opening a new furniture store on the south side of the square, in this city. They are also proprietors of a similar business in Amarillo. The firm here will be known as the Plainview Furniture Company, and they say that they are stocking up to run in competition with mail order houses of the large cities in the East.

"Tempest and Sunshine" a dramatization of Mary J. Holmes popular novel, to be seen at the Schick on next Tuesday night, October 24th, is a play full of genuine heart interest, and is full of exciting scenes and surprising climaxes. It has an interesting plot and holds the audience spellbound through the four acts. It is acted by a company of performers, especially engaged for each and every part of such a production, which, together with the vast amount of new and beautiful scenery, keeps the audience in a suppressed state of excitement. It is a play that appeals to the innermost recesses of the heart, hence its wonderful success.

G. R. Caldwell, staff correspondent for The Amarillo Daily News, was in Plainview Thursday. He has been in Floydada the past few days, collecting data for a writeup of Floyd County's resources, to appear in the Daily News of the coming Sunday edition. The Daily News is doing a great work, through Mr. Caldwell, for the South Plains in devoting its columns to the advertising of its remarkable resources.

Doyle Powell, of the Hale Center Live-Wire was in the city the first of the week. He has been with The Lockney Beacon for some time, but resigned his position on that paper to join his brother in the publication of The Live-Wire. They ought to make a strong team and a good paper.

HUNDREDS GO FROM PLAINVIEW TO ATTEND STATE FAIR.

Many from Floydada and Lockney Join the Procession—Will Return Next Week.

The 11:40 train rolled out of Plainview today loaded to the guards for the Dallas Fair. One hundred and eighty-two tickets were sold by our local agents, and fifty tickets for sleepers. The second section of No. 27, the Dallas train, was composed of two chair cars, two tourist cars, one standard sleeper and one baggage car. A large number took the northbound train, as the fare was the same.

The Floydada and Lockney contingents came on in crowded cars. Many could find only standing room. Both of these latter towns were short on tickets, and the passengers had to buy tickets to this town, where they could get round-trip tickets. Every car was full when they left here, and if this train picks up passengers on the road it will also have to pick up cars for their accommodation.

This excursion extends five days, return day being next Tuesday, giving time to take in a goodly part of the Fair and all of the Pike.

RESOLUTIONS OF RESPECT.

Whereas, the Ruler of the Universe has seen fit to visit the home of Brother F. M. McCarroll, and take from him his wife and helpmate, be it resolved that we, Plainview Lodge No. 12 I. O. O. F., extend to the bereaved ones, our sympathy, Brother McCarroll is a member of the Slidell Lodge, but is well known to us all, and we assure him that we will ever be ready and glad to give him a hearty hand.

Be it resolved that a copy of these resolutions be spread on the minutes of the lodge and a copy sent to the home of Brother McCarroll, and a copy sent to the Hale County Herald for publication.

LINES ON LOCKNEY.

Carl McAdams will begin the erection of a nice residence in the west part of town soon.

J. B. Downs sold this week to E. E. Rushing, of New Mexico, the A. J. Byars house and lot on West Locust Street.

Dr. J. L. Guest sold, last week, his home place in Lockney to Bradford Wilson. The Doctor will build him a handsome residence in the Guest-Ramsey addition to the town of Lockney. Mr. Wilson will occupy his recently-purchased property.

On Tuesday the Cobb & Elliott elevator people of this place, shipped five cars of threshed maize and oats. This grain is from this year's crop. We understand that the railroad people can't furnish cars fast enough to handle the grain crop in the Lockney country. Threshers are, going all through this section of the Plains country, and an immense lot of grain will be shipped from this point in a short time.

The item published in last week's paper in reference to the Katy Railroad backing the Altus road, if true, means a great deal to Lockney and the South Plains country in particular. A trunk line is a much better proposition for any section of country than an independent line. From the reports that have been appearing in the press lately, there is evidently something doing on the Altus proposition, and ere long we Lockney people may expect to hear the toot of the engine coming in from Silverton.—Beacon.

Mr. W. P. Gordon, of Kingsville, Mo., came in this week to visit kin-folks, the Shipleys, and, incidentally, to look over some land which he holds in Floyd County, and says his health, which has been bad, seems to have improved already, and he may conclude to spend the winter here. He says our people are the healthiest looking lot he has seen for many years. Our pure ozone has a good effect on everybody.

Emory Davenport and T. V. McVicker were passengers for Dallas Wednesday.

ADMISSION 25 AND 35 CENTS

HALE CENTER NEWS.

Crops around Hale Center are unusually good and the light frosts have not damaged things materially.

Frank Creswell visited the football game at Plainview Wednesday.

Some of the exhibits of the Plainview fair were sent to the Dallas Fair.

Mr. and Mrs. Norfleet, of the Norfleet community, came in yesterday from Plainview, where they attended the fair.

C. D. Powell, brother of the editor, came over from Lockney Monday to assist in the publishing of the Live-Wire.

Mr. and Mrs. James Cox, Mrs. Goodlett and Mrs. Webb attended the show at Plainview Thursday.

Stephens, Goodlett, Stephens & Harrel are moving their grocery stock into their new building this week.

There are a few young fellows here in Hale Center who can take Ople Dillock's place in the comic section of the newspapers when he passes away.

Jinks Lemond has accepted a position with Stephens, Goodlett, Stephens & Harrel.

There has been about 75 bales of cotton ginned at this place to date.

Harry B. Gordon of Norfleet was in town Wednesday with a bale of cotton. While in town he paid this office a visit.

The foundation for the new school building has been completed and the brick work has started.

Bob Lemond was an enthusiastic rooter at the football game in Plainview Wednesday between Wayland and Seth Ward Colleges.

Several of our people saw the "Traveling Salesman" played at Plainview Monday night.

The Recital given by Miss Huff's music class Friday night was enjoyed by quite a number. They all did well.

Quite a crowd of our people attended the Plainview Fair Tuesday and Wednesday. All report the exhibit as being real good.

S. J. Whitacre has bought the J. M. Bull residence in the west part of town and will move his family into same this week.

SATURDAY MATINEE.

The Majestic will give their regular matinee Saturday at 3:30 p. m. Price, 5 cents. First-class pictures.

"TEMPEST AND SUNSHINE."

An aristocratic southerner of the old school, Joshua Middleton by name is left at the death of his wife with the problem of selecting husbands for his two beautiful daughters, "Tempest" and "Sunshine." The young ladies have decided opinions of their own worth and look with scorn upon the attention shown them by the youths of the village. Julia, better known as

"Tempest," is a black-haired, fiery tempered young girl of uncertain disposition who will resort to anything if she but gains her own aim and ends, in consequence of which innocent parties are made to suffer for the guilty.

Fannie, known as "Sunshine" is the direct opposite of her sister, being a lovable golden haired girl of a laughing disposition, who will suffer untold agonies rather than unjustly accuse another of deceit and hypocrisy. Joshua Middleton throws up his hands in despair at the complications which arise from his efforts at match making.

The scenery is beautiful. Everything used in the production being carried by the company. The costuming is quaint and pretty, the gowns be-

ing of the airy summery stuffs made in the fashion of 1850 which is the period of the play. Beautiful Southern melodies are introduced throughout. The story is both strong and interesting and is relieved with much comedy. "Tempest and Sunshine" is one of the big successes of recent years, and no one who enjoys a first-class play, presented in a first-class manner should fail to see the dramatization of Mary J. Holmes novel, "Tempest and Sunshine" to be seen at the Schick next Tuesday night October 24th.

JUSTICE HARLAN DEAD.

Washington, D. C., Oct. 14.—Associate Justice John Marshall Harlan, of the United States Supreme Court, died at his home here at 8:15 this morning, of acute bronchitis, his age being seventy-six. He was taken with a severe cold Monday.

Justice Harlan has served as Associate Justice since his appointment by President Hayes, in 1877, and his highest ambition was to serve until next June, when he would have exceeded in length of service any man who ever sat on the United States Supreme bench. As it was, his service was longer than anyone except Marshall and Stephen J. Field.

John Marshall Harlan was born in Boyle County, Kentucky, in 1833. He graduated from Center College in 1850 and studied law at Transylvania University; began practice in 1853, and became county judge in 1858. He took part in the Civil War as a Union soldier, but from 1863 to 1867 he was attorney general of Kentucky. In 1877, President Hayes, appointed him Associate Justice of the United States Supreme Court, where he served with distinction until his death—thirty-four years in all. In 1898 he served on the board of commissioners in the Bering Sea arbitration.

It is hardly necessary to go into details regarding "Tempest and Sunshine" dramatized from Mary J. Holmes' novel of that name. The story is one of love, hate, intrigue and jealousy between two sisters, one who stops at nothing to accomplish her ends. Plenty of exciting scenes and situations centering around these two sisters, but in the end the rights of both are demonstrated and all ends happily with love as the victor. Tempest and Sunshine will be seen at the Schick next Tuesday night, October 24th.

A SPLENDID SHOWING.

One Boy Makes Over Three Thousand Dollars Farming This Year.

The following, from the Slatonite, is an interview with Mr. Sam C. Spikes, of Lubbock, who is one of the most reliable and conservative citizens of the town, and who has for many years been in the mercantile business, and has at this time one of the finest grocery establishments in town:

"It seems that farmers who are struggling with the high-priced land, trying to make sufficient returns to pay the rent and replenish the soil for the next crop, would be eager to learn of a place where they can easily make from fifty to one hundred per cent returns on the investment. Speaking further along this thought, we are pleased to quote Mr. S. C. Spikes, in a recent conversation, as authority for what can be accomplished on this land. Mr. Spikes says:

"There are greater opportunities to make money on the South Plains than in any other section of the country with which I have been acquainted. I know a young man, only 18 or 19 years old, who has 125 acres in kaffir corn this year that will make forty bushels to the acre (everybody says it will). I have already offered him 90 cents per hundred for it—a total of about \$2,250.00. And he will also have fifteen bales of cotton, which will bring him approximately \$1,900.

"This young man took care of this entire crop by himself, not having paid out a single dollar for hired help. He will have to have help to pick the cotton and to head the kaffir. Tom Boles is this boy's name. His father paid \$5.00 per acre for the land six years ago; it is now worth \$25.00 per acre. The father died only a short time after buying the land, and young Boles had to go to work keeping up the farm. He has made money every year."

"A little figuring will show you that \$18.00 per acre on \$25.00 land is about seventy-two per cent on the money. Considering that the actual investment was only \$5.00 per acre, this would mean three hundred and twenty per cent.

"Mr. Spikes says that he can name a hundred others who have been making just as much here farming. A large number have more than paid for their land with the first crop. It will not be very many years until this \$25.00 land will be \$75.00 land. And the farmer who buys it will not only have the profits from his crops, but will know that his farm is increasing in value every year."—Lubbock Avalanche.

The above statement ought to attract the tenant farmers of Middle and East Texas. Just such results as were obtained by this boy can be obtained in every section of this Plains country. Work intelligently applied will assure satisfactory results on this great plateau, anywhere.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Hale.)

NOTICE IS HEREBY GIVEN, That by virtue of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 10th day of October, 1911, by B. H. Towery, Clerk of said Court, for the sum of Eight Hundred and Ninety-Three Dollars and Thirty-Five Cents, and costs of suit, under a Judgment, in favor of George Merriweather, in a certain cause in said Court, No. 632, and styled George Merriweather vs. F. F. Faulk et al., placed in my hands for service, I, G. A. London, as Sheriff of Hale County, Texas, did, on the 11th day of October, 1911, levy on certain Real Estate, situated in Hale County, Texas, described as follows, to-wit: Being 200 acres of Survey No. 80, in Block "A4, Certificate No. 958, described as beginning at the S. W. Corner of said Survey No. 80; thence North 950 varas; thence East 1187.5 varas; thence South 950 varas; thence West 1187.5 varas, to the place of beginning, and levied upon as the property of F. F. Faulk et al. And that on the first Tuesday in November, 1911, the same being the 7th day of said month, at the Court House door of Hale County, in the town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above-described Real Estate at public vendue, for cash, to the highest bidder, as the property of said F. F. Faulk et al.

And, in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County.

Witness my hand this, the 11th day of October, 1911.

A PURCHASED LEGAL ELECTION.

So much has been said about the extravagant and corrupt use of money in the election of United States Senators, the subject, it would seem, has been worn threadbare, yet that we may have due appreciation of this crime against the spirit of our institutions in Congress and on the stump have the continual statement of facts are never out of order. Monday, Senator Stephenson, of Wisconsin, was a witness in the senatorial investigation of his election. He said that he was legally elected and that in his campaign for the office he spent \$107,793. When men spend that sum of money for an office the salary of which is something near half of the amount, it means that honors in this country are bartered like titles in some of the decaying monarchies of Europe, or the advantages vouchsafed to a senator have values the public wots not of. Either horn of the dilemma is bad enough, and nothing justifies a man in the use of that much money for any office in which he serves the public.

The law requiring the publication of election expenses, together with the election of senators by a direct vote of the people, which will come in the near future, will make it more difficult for these huge outlays of money for the privilege of serving the dear people.

The persistent efforts of Democrats made these reforms probable.—Grand Junction (Colo.) Sentinel.

THE WISE INVESTOR.

I often buy gold bricks by mail; in fact, I'm always sending kale to fakirs here and fakirs there, and rainbow dealers everywhere. I've blown myself for bogus ore, and orange groves on Greenland's shore, and meerscham mines and moonlight plants, ginseng and rubber elephants. The fakirs get me in their snares, and sell me wild and Belgian hares, but when my fellow-townsmen talk, and ask me to invest in stock to help some local enterprise, I am conservative and wise. "Nay, nay!" I cry. "Your boosting schemes are merely wild and woolly dreams. I can not spend my hard-earned dough to help to make this village grow. Your schemes would yield but six per cent, which fills my soul with discontent. I want to see wealth increase hand over hand and never cease, so I'll buy ice in Hudson's bay, and mines a million miles away, and wireless stock and pickled snakes, and gravel pits and other fakes." I think my view is safe and sane, yet people say I give them pain, and now and then a vagrant egg breaks on my bosom or my leg, and now and then a long dead cat comes up and hits me on the hat.—Walt Mason.

Be Happy!

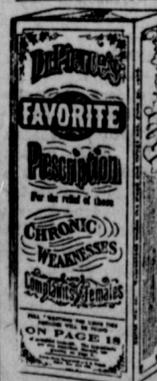

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

Cottolene

A Rational National Shortening

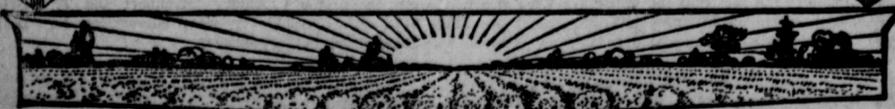

The woods are full of imitations of Cottolene—because Cottolene has made a pronounced success as "the perfect shortening." These imitations are of inferior quality, are packed in tins with ordinary removable covers, and depend largely upon substitution methods for their sale.

When you ask for Cottolene be sure you get Cottolene. There's only one Cottolene—packed in patent air-tight tin pails, with our trademark on the face of the pail.

It pays to pay a little more for Cottolene because of its superior quality and the fact that, being richer, it will go one-third farther than lard or any of its imitations. Its use means economy in the end.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, that you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for eight weeks previous to the return day hereof, unknown heirs of R. B. Gant, deceased, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term hereof, to be held in the County of Hale, at the Court House thereof, in the City of Plainview, Hale County, Texas, on the 27th day of November, A. D. 1911, then and there to answer a Petition filed in said Court, on the 22nd day of September, A. D. 1911, in a suit numbered on the docket of said Court No. 652, wherein Jas. R. DeLay is plaintiff and unknown heirs of R. B. Gant, deceased, are defendants. The nature of the plaintiff's demands being as follows: Suit in trespass to try title, as set forth as follows, to-wit:

That on or about the 1st day of January, 1911, the plaintiff was lawfully seized and possessed of the following described tracts and parcels of land, situated in Hale County, Texas, holding and claiming the same in fee simple, to-wit:

Lots Nos. Twelve (12) and Fifteen (15) in Block No. Twenty-seven (27) in the Town of Plainview, Hale County, Texas; that on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected the plaintiff therefrom and unlawfully withheld from him the possession thereof, to his damage \$500.00. Plaintiff further represents to the Court that he claims and holds title to the above described real-estate by the following claim and chain of title, to-wit:

1st. Patent from the State of Texas to E. L. Lowe, conveying to said Lowe 160 acres of land, known as Survey No. 2, Block M. & L., which patent is duly recorded in Book IHE, page 385, Hale County deed records.

2nd. Dedication deed from E. L. Lowe and others to the County Judge of Crosby County, Texas, accompanied by map, platting the Town of Plainview, Hale County, Texas, and dedicating the streets and alleys of same to the use of the public, and, as a part of said town, showing Block 27 and Lots Nos. 12 and 15, above described, which said town is shown to have been platted out of and on said above described 160 acres of land, being Survey No. 2, and which are duly recorded in Book IHE, page 372, Hale County deed records.

3rd. Will and probate thereof of E. L. Lowe, deceased, as shown on the minutes of the Probate Court of Hale County, Texas, Vol. One, page 3.

4th. Application of C. H. Gilbert, administrator of the estate of E. L. Lowe, deceased, to sell property of decedent's estate, among which and including which is the above described two lots, duly recorded in Book One, page 11, of the minutes of the Probate Court of Hale County, Texas.

5th. Order of Court ordering the sale of property of said E. L. Lowe, deceased, by administrator of said estate, which includes the above described lots.

6th. Report of said administrator reporting the sale of Lots Nos. 5, 12 and 15 in Block No. 27, of the Town of Plainview, Texas, to C. W. Marsalis, duly recorded in Book One, page 17, of the minutes of the Probate Court of Hale County, Texas.

7th. Order of the County Court of Hale County approving the above sale and confirming same, duly recorded in Book One, page 19, of the minutes of said Court, Probate minutes.

8th. Deed from M. C. W. Marsalis to Geo. F. Watson and R. B. Gant, conveying to them Lots Nos. 2, 5, 12 and 15 in Block No. 27, Hale County, Texas, duly recorded in deed records of Hale County, Texas, in Vol. 2, page 293.

9th. Deed from R. B. Gant to Geo. F. Watson, conveying to said Watson the above described lots, duly recorded in Vol. 4, page 449, of the deed records of Hale County, Texas.

10th. Deed from Mrs. R. B. Gant to James R. DeLay, conveying to said DeLay the above described lots, duly recorded in Vol. 12, page 149, of the Hale County deed records.

11th. Geo. F. Watson to Jas. R. DeLay, deed conveying to said DeLay Lots Nos. 12 and 15 in Block No. 27, in Plainview, Hale County, Texas, duly recorded in Vol. 12, page 137, of deed records of Hale County, Texas.

12th. Deed from Geo. M. Slaughter and wife, Allie Slaughter, to J. R. DeLay, conveying to him all of their right, title and interest in Lots Nos. 5, 12 and 15 in Block No. 27, in Hale County, Texas.

13th. Deed from Janie A. Quillen, joined by her husband, C. A. Quillen, to A. E. Harp and R. C. Ware, conveying to them among other property the unsold part of all town lots in the Town of Plainview heretofore owned by said Janie A. Quillen, duly recorded in Vol. 13, page 101, of the deed records of Hale County, Texas.

14th. Power of Attorney from Janie A. Quillen and husband, C. A. Quillen, to J. L. Penry, granting to said Penry the power to sell lands belonging to them in Hale County, Texas, duly recorded in Vol. 12, page 270, deed records of Hale County, Texas.

15th. Deed from Janie A. Quillen, formerly Janie A. Lowe, and husband, C. A. Quillen, and J. L. Penry to R. H. Wilkin, conveying to said Wilkin all the lots or tracts of land which were attempted to be conveyed to other parties by C. H. Gilbert as administrator of the estate of E. L. Lowe, deceased, which plaintiff alleges includes the lots in controversy, and which deed is duly recorded in Book 12, page 609, Hale County deed records.

16th. Deed from R. H. Wilkin to Jas. R. DeLay, conveying to said DeLay, among others, Lots Nos. 12 and 15 in Block No. 27, of the Town of Plainview, Hale County, Texas, duly recorded in Vol. 23, page 547, of the Hale County deed records. And the plaintiff further represents to the Court, that the said Unknown Heirs of the said R. B. Gant, deceased, are setting up some kind of claim of title to the premises in controversy, the exact nature of which is not known to this plaintiff, but this plaintiff here charges that they are claiming same by reason of their heirship to the said R. B. Gant, deceased, and that the plaintiff's title to the premises in controversy is superior to the title of said defendants, as above shown and set forth.

And the plaintiff further alleges that Janie A. Quillen and Mattie Poulson are the only surviving heirs at law and were the only children of E. L. Lowe, deceased, and, further, that Geo. M. Slaughter purchased all of the title of said Mattie Poulson, which said Slaughter conveyed to the plaintiff, as above stated.

Wherefore, premises considered, the plaintiff prays that the defendants be duly cited by publication to appear and answer this petition, and that upon hearing hereof that plaintiff have judgment for the title and possession of the above described premises, and that writ of restitution issue, and for such other and further relief, special and general, as he may be entitled to.

HEREIN FAIL NOT, And have you before said Court, on the first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 22nd day of September, A. D. 1911.

[SEAL] B. H. TOWERY, Clerk, District Court, Hale County, Texas.

THE 101 RANCH REAL WILD WEST SHOW.

The word "real" has been incorporated in the title of the 101 Ranch Real Wild West Show in order that it may not be confused with other so-called Western shows that have periodically toured the country. Even today there are shows that claim to be of Western origin to whom the West is an entire stranger. Unscrupulous showmen have become possessed of the idea that any show with pistol shots and Indian whoops is a wild West portrayal. One show in particular, with a title combining many shows, has had the audacity to bid for patronage by advertising a wild West show in connection with a circus performance, and this same show has not the moral courage to advertise the circus. It has neither, and seeks to hide its deception under a conglomeration of meaningless titles, and in no way offers anything.

The 101 Ranch Real Wild West Show has but one title, and that is the one to which it is justly and honorably entitled. It is not a circus. It does not offer the old-time circus acts. It is not the vaudeville show

that circuses have degenerated into. It is a Simon-pure wild West show, and comes direct from the largest ranch in the world, the 101 Ranch at Bliss, Oklahoma. The performance it gives is one of truth and realism. It is Western depictions that are historical, and the participants in these reproductions are, in many instances, those who have made them historical. There is no wild West show in this world that could equip itself as has the 101 Ranch, because the equipment could not be procured from any other source than the home of this colossal aggregation. The many hundreds of Indians, cowboys, cattlemen, plainsmen, pioneers and general Western people are Western people, to whom the East is a new country, and which they are seeing for the first time. It is the genuineness of the exhibition given by the 101 Ranch show that recommends it. It is the truthfulness of its depiction that has made its reputation, and the honesty of its advertising that has made it worthy of patronage. The reputation of this show is universal, and when compared with others who have so unsuccessfully tried to imitate it, it is then that it appears to the very best advantage.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for Four weeks previous to the return day hereof, Frank Sevasin, whose residence is unknown, to be and appear before the Honorable District Court of Hale County at the next regular term thereof, to be held in the County of Hale, at the Court House thereof, in Plainview, on the 27th day of November, A. D. 1911, then and there to answer a Petition filed in said Court, on the 9th day of October, A. D. 1911, in a suit numbered on the docket of said Court No. 658, wherein James W. Johnson is Plaintiff and Frank Sevasin is Defendant. The Nature of the Plaintiff's demand being as follows, to-wit:

Now comes James W. Johnson, who resides in Adair County, Iowa, hereinafter called Plaintiff, complaining of Frank Sevasin, whose residence is unknown, hereinafter styled Defendant, and for cause of action Plaintiff represents to the Court that heretofore, on or about the 26th day of January, A. D. 1909, defendant made, executed and delivered to John W. Campfield and E. E. Winn his two several promissory notes for the sum of One Thousand and Six Hundred and Fifty (\$1,650.00) Dollars each, and each bearing date on day and year aforesaid, and due on or before January 26, 1910, and January 26, 1911, respectively, and payable to the order of John W. Campfield and E. E. Winn, bearing interest at the rate of 7 per cent per annum from February the first, A. D. 1909, and further stipulating that all past due interest should bear interest at the rate of 8 per cent per annum, and stipulating an additional 10 per cent on both principal and interest as attorney's fees in case of suit or if placed in the hands of an attorney for collection: And plaintiff further shows to the Court that on or about the 15th day of November, A. D. 1909, E. E. Winn duly transferred, for value, in writing, to John W. Campfield his undivided interest in said notes, and that later, to-wit, on or about the second day of September, 1911, John W. Campfield duly transferred, for value, in writing, to plaintiff herein said notes: And plaintiff further shows to the court that on or about the 27th day of March, 1909, defendant and plaintiff (with plaintiff as surety) made, executed and delivered to The First State Bank of Adair County, Iowa, their certain promissory note in the sum of One Thousand Four Hundred (\$1,400) Dollars, payable to said Bank or their order, at Orient, Iowa, on or before the 27th day of March, 1910, with interest at the rate of seven per cent per annum from date until paid, and at the time of the execution of said note defendant executed, and delivered to plaintiff his certain Mortgage or deed of trust, which said deed of trust is of record in the deed of trust records of Hale County, Texas, in Book 3, page 337, to secure this plaintiff against the payment of said note; that on or about the 28th day of February, 1910, plaintiff paid said note and said note was turned over to plaintiff; whereby, by reason of the matters and facts set forth above, defendant became bound and liable to pay and promised to pay plaintiff the sum of Money in said notes specified, together with all interest thereon according to their face and tenor thereof. That the said first two described notes were given for a part of the purchase money of the following described real estate situated in Hale County, Texas, to-wit: The South One-Half of Survey No. 10, in Block R, surveyed for the public free school fund of Texas, by virtue of Certificate No. 599, E. L. & R. R. R. Co., and containing 320 acres of land; That said property was heretofore, to-wit, on or about the 26th day of January, A. D. 1909, conveyed by John W. Campfield and E. E. Winn to defendant, by their deed of writing of that date, in consideration, among other things, of the first two notes herein described, and in said deed of conveyance a lien was reserved thereon to secure the payment of the said two notes; that in the transfer of

said two notes above described the lien against the land was also transferred:

And Plaintiff further shows to the Court that the mortgage or deed of trust above referred to was given on the above described land and premises as a second lien subject to the vendors lien above described, and to secure plaintiff against and in the payment of said note for one thousand and four hundred (\$1,400) dollars:

That each and all of said notes are due and unpaid, and defendant, though often requested, has failed and refused to pay said notes, each or either of them, or any part thereof, but the same remains still due and unpaid: That said notes have been placed in the hands of Geo. L. Mayfield, an attorney, for collection, and Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein.

Wherefore, Plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and cost of suit, and for the foreclosure of his liens on the above-described land and premises, and the same be decreed to be sold according to law, that the sheriff, or other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after the day of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.

GEO. L. MAYFIELD, Attorney for Plaintiff, JAMES W. JOHNSON.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your return, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, this, the 10th day of October, A. D. 1911,

LIVESTOCK RATES REDUCTION.

Oklahoma City, Okla., Oct. 14.—Voluntary reduction in live stock rates applying from Texas points to Oklahoma City have been announced by the Rock Island and filed with the Interstate Commerce Commission to be effective Nov. 16. According to George Henshaw, member of the Oklahoma Corporation Commission, the next tariff corrects a number of the alleged discriminations against the Oklahoma City plants, although it is not entirely what the commission asked for in the hearing before Commissioner Prouty here recently. Rates to packing plants in Kansas and Texas are not disturbed, as the reductions apply only to interstate shipments to Oklahoma, and do not affect shipments from the plants here.

GOOD WORK

Done Daily in Plainview—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Plainview still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Mrs. W. J. Mitchell, 700 Walnut St., Plainview, Texas, says: "I can say that Doan's Kidney Pills are a good medicine for kidney complaint, especially in children's cases. We got this preparation two months ago, from the R. A. Long Drug Co., and gave it to our child, who was afflicted with kidney weakness. Doan's Kidney Pills are the only remedy that ever had any effect in this case, and the good results they brought were gratifying."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

TELLS OF TRIP TO PLAINVIEW.

Pike Is Enthusiastic Over Recent Pilgrimage of Dallas Shriners.

Shriners returning last Monday from the ceremonial session of Hella Temple at Plainview declared that they had not only a delightful time in the usual work of the organization, but that their entertainment was excellent and that the country was surprising in its fertility and evidences of prosperity. Shriners who have attended many ceremonial sessions asserted that the Plainview work was the best they have seen anywhere.

There was a special car or two that left Dallas Friday evening, October 6, over the Rock Island, reaching Plainview Saturday afternoon. There was a parade in the Western city in the afternoon and the ceremonial work in the evening. The work was put on under the direction of the following officers of Hella Temple, Ancient Arabic Order Nobles of the Mystic Shrine: Edgar L. Pike, illustrious potentate; James E. Forrest, chief rabban; J. C. Phelps, assistant rabban; Charles W. Davis, Oriental guide; John G. Hunter, recorder; W. R. Ellis, director. The work was livened and illuminated by the evolutions of the Arab Patrol of the temple, sixteen of whose members from Dallas operated under the command of James E. Forrest.

Illustrious Potentate Edgar L. Pike said of the trip "The officers of Hella Temple, with members of the Arab Patrol, and many of the members of the Shrine, left Dallas October 6, at night, for the pilgrimage to Plainview. At Wichita Falls, Amarillo and various points along the route we met a large number of Shriners, who accompanied us to Plainview, where we were accorded a most hearty welcome.

"We found the people there most hospitable, energetic and full of vim. After giving a parade, the Arab Patrol doing some excellent drilling, we proceeded to Odd Fellows' Hall, where we initiated forty-three Sons of the Desert, gathered together from Plainview and from surrounding towns. At night we were served light refreshments after the ceremonial session, and speeches were made by the newly-created Nobles.

"The next morning we were taken for automobile rides to various farms and ranches, and there we witnessed the most wonderful sight in the way of irrigation, and land that formerly sold for \$6 and \$7 per acre, dry and barren, was converted into beautiful green pastures, fine fruit orchards and gardens and fields growing water-melons, cantaloupes, tomatoes and vegetables and fruits of many kinds

THESE are great times we're living in, the mystery of aerial navigation seems to be just on the edge of being solved, a few years more and we'll be traveling through the air with as much unconcern and security as we now ride in a railroad train.

Progress seems to be the dominant idea of the times; new discoveries, new triumphs of science; new wonders all along the line. But when you come to clothes--and we all have to come to clothes, every day, and probably will for a good many years--when you come to clothes you'd better come here and get into a

"For irrigation, water is obtained from wells, in which water is found in unlimited quantities at about twenty feet, fairly gushing from the earth and making everything fertile where before there was practically a desert land.

"We found the citizens fully up to date, for in the city of Plainview, with a population of hardly more than 5,000 persons, there are more than 300 automobiles, there are wide streets, seventy-five feet or more; up-to-date business houses and office buildings, banks, very pretty municipal buildings, and roadways in the city and around it in excellent condition.

"We were given a barbecue by citizens of Plainview Sunday at noon and half the town attended. Afterward we were escorted to our trail, leaving about 3 o'clock Sunday afternoon, arriving in Dallas at 3:30 Monday morning. This was certainly one of the most enjoyable pilgrimages ever made by Hella Temple, and we regret only that more of the Nobles did not have the benefit of the trip."—Dallas News.

"We want to meet all parties interested in irrigation machinery. If you intend to put in a plant any time soon call on us for figures. If you are interested in the development of irrigation in this section we want to meet you and get acquainted with you.

Good Things to Eat During Cold Weather

We always strive to keep up with the times and carry the best of everything the market affords in the grocery line. It has been our aim since entering business in Plainview to carry in stock any article that any other grocery has and in addition to this have on our shelves many things that our competitors do not carry. This is a great convenience to our customers and in a measure counts for the popularity this store has achieved. Not only this, but we feel safe in saying that the quality of our goods is better. If you have not given the "store of good things to eat" your business, all we ask is a trial order or a visit to our store. We feel sure we can convince you of the superior merit of our goods. Cold weather is now upon us, and in accordance with our usual custom, we are prepared for it with a choice line of special "cold weather eatables." Below we mention a few of these articles:

Fresh Fish and Oysters Celery Cranberries Fresh Mackerel Cod Fish Dill Pickles All Kinds of Fancy Pickles Dates Nuts, All Kinds Fresh Tomatoes Graham Flour South Texas Ribbon Cane Syrup Figs Grape Fruit All Kinds Fresh Fruit

We sell the celebrated Republic Flour--the best.

AROUND FLOYDADA.

The Floydada gin has oodles of cotton from early morn until dewy eve. R. C. Reagan, of the Sand Hill vicinity, was in town Wednesday. He reports people out his way too busy picking cotton and heading maize to come to town or to squander time in any way.

Many farmers report that their cotton will yield from one-third to one-half bale per acre. It seems the average yield per acre will be more than was expected at the beginning of the season.

People are so rushed with cotton picking and maize heading that even the schools in the country have been forced to suspend. Baker and Cedar suspended Monday morning for two or three weeks to enable the people to catch up with their work.

Every day numerous inquiries for places to rent for farming purposes are made in Floydada. Land that sells for \$15 per acre will rent readily. The good crops on the Plains are the occasion of many people from the lowlands of Texas coming to Floyd County. It is safe to predict that next year there will be double the acreage in cultivation that there is this year.—Hesperian.

The Ladies of the First Presbyterian Church will give a Thanksgiving Market and Chrysanthemum Show on Wednesday before Thanksgiving. Remember the date.

CONFIDENCE.

We Back up Our Statements with Our Personal Reputation and Money.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriad of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c, 25c, and 5c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The J. W. Willis Drug Co.

SIGNALS OF DISTRESS.

Plainview People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders.

Plainview evidence proves this statement.

P. C. Russell, 200 W. Third St., Plainview, Texas, says: "I got Doan's Kidney Pills from the R. A. Long Drug Co. and used them when I was suffering from lameness in my back and trouble from my kidneys. They are the only remedy that ever gave me relief, and I am continuing their use. I feel that it is my duty to recommend Doan's Kidney Pills."

A LIBERAL OFFER.

We Guarantee to Cure Dyspepsia—If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carmina-

tives and other agents. Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. The combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. The J. W. Willis Drug Co.

WHERE PEOPLE WHO DRESS BEST TRADE

101 RANCH WILD WEST SHOW.

The 101 Ranch Wild West Shows, which will be here on October 26th, while of colossal magnitude, have not attained this magnitude at the sacrifice of merit.

It is not an aggregation that features any particular display and then surrounds this display with a lot of inferior and cheap acts. With any other similar exhibition any act that is offered by the 101 ranch show would be a feature. With the 101 Ranch every act is a feature act and the beautiful part of it is, they are acts that no other tented entertainment would be able to furnish. An idea of the magnitude may be had when it is stated that three trains of double length cars are required to transport the shows from town to town. There are in the neighborhood of 1,000 people on the pay roll and the stable has in it five hundred head of western horses. This includes draft horses and those taking part in the arena display. The capacity for seating is so arranged that 10,000 people can be accommodated and every seat is provided with comfortable back and foot rests, so arranged as to give a full view of the arena at all times. The organization is the most perfect ever attempted. The executive staff is composed of the very brains of the amusement world. The clerical force consists of two book keepers, a treasurer, two stenographers, auditor, steward and paymaster. It carries its own detective corps, attorney and physician. There are twenty-two ticket sellers and forty ushers to care for the crowds that daily attend the performances. Over two hundred canvas men, trainhands, prompters, property men and chandeliers are required to put up and take down the show. The dining tents can seat 1,200 people and a corps of cooks and waiters equal to those employed by the largest hotel are necessary to care for the diners. They operate their own light plant and it is one of such perfection and proportions that the grounds at night are as light as day. Not only are the grounds well lighted, but all the streets leading to them. The Indian village consists of 200 lodges and there are nearly five hundred of these tribes in the Indian contingent. The cowboys, cowgirls, ranchmen, cattlemen, riders and expert riflemen and women are all products of the famous 101 Ranch at Bliss, Oklahoma, from which the shows derive their name and which is owned by the same enterprising men as is the exhibition.

One of the commendable features with this aggregation is the care that

is taken of the patrons. Two ticket wagons are on the lot and a ticket office established down town on the day of exhibition. There is no occasion for the jamming and hustling that has always been so apparent at tented exhibitions heretofore when purchasing tickets. The old time circus planks that served for seats, have been eliminated and in their places comfortable seats provided. The ushers and guides attached to the shows are under strict orders to answer all pertinent questions, politely and intelligently at all times. There is positively nothing that can offend the most exacting, and the absence of the usual catch-penny devices, that are only too frequently found on the lot when large tented exhibitions are in town, are conspicuous in their absence.

The 101 Ranch is not only an en- well. The westward march of progress is rapidly causing to disappear the many characters that have made them subjects for the brush of the artist and the pen of the writer. The prairies and plains are rapidly building up and the Indians, cowboys, trappers, guides, scouts and plainmen generally have been driven from place to place until it is only a matter of a few years before they will have reached their last stand. It is only on the large ranches like the 101 Ranch that the cowboy is of use, as the smaller ones have enclosed themselves in the wire fences and the vocation of the cowboy is gone. The Indians are rapidly disappearing. Deprived of the land that was their forefathers, they are either embracing the civilization that is offered them by their white brothers, or dying off. Many ailments and diseases that were unknown to them in their early days, they readily fall victims to now. The buffalo that formed their main sustenance at all times and which they only killed for food has been wantonly slaughtered by the hunters, until now as far as can be learned, there is not one wild buffalo left on the plains. There are several herds owned by private individuals and the largest of these herds roam over the buffalo reservation of the 101 Ranch. This is the only herd that has been known to multiply in captivity.

There is nothing of the artificial about the 101 Ranch Wild West Shows and it is the homely naturalness that makes its appeal to the lovers of unadulterated amusement. The performances here will be preceded by a street parade and it will be well for to see this western calvacade whether this performance is attended or not. So great have been the crowds at the performances of this aggregation that the management requests that ladies

and children, as far as possible and convenient attend the afternoon performance and thus avoid the crowd at night. Two performances will be given. The afternoon performance at 2 o'clock and the evening performance at 8 o'clock. Doors will be open one hour in advance of the performances.

IRRIGATION PROJECTS HAVE BEEN CONTRACTED FOR

D. L. McDonald returned from the east last Sunday, where he has been for the past three weeks raising money to put in big irrigation wells in the Hereford districts.

Monday he closed two contracts; Hester and Baskin will get the first well and A. W. Gregg the second well.

Work will begin on the first well the latter part of this week, it will be located in the "Baskin Heights" which comprises 610 acres of smooth land in the "Maby Addition." This land is under cultivation and the plan is to get as much of it seed to alfalfa by May 1st as possible. One acre of it will be dynamited for experimental purposes. Dynamite will loosen the ground down to a depth of five feet and the charge will all be set off at the same time. Mr. Gregg will dynamite one acre in like manner and Mr. McDonald will dynamite one or more acres.

These wells are being installed at a cost of \$4,000 lock and key job—fully developed and ready for business. Mr. McDonald proposes putting down a 24 inch hole clear to the bottom of the well, which will be a great improvement on any well ever sunk in this part of the country.

On his way back Mr. McDonald made a side trip out to Garden City, Kansas, and was surprised to see the government putting in an exact duplicate of his plant there. Mr. Fuller, the government expert, who inspected the McDonald wells here is in charge of the government work at Garden City. While here, Mr. Fuller pronounced the McDonald well the most modern private pumping plant in the United States.

Many contracts will be closed here in the next few weeks and our irrigation project now seems assured.—Hereford Recorder.

El Paso has added two auto engine driven machines to her fire fighting equipment. It is claimed by the chief of the El Paso department that it cost \$35 per month to keep two horses while \$3.50 will furnish a gasoline ration for the auto.

WHIST TO BE WORST HEREAFTER.

Denver, Colorado, October 16.—Progressive cards parties and whist for favors will take the place of roulette and poker among Denver women following the raid made Thursday night by the police on the Billie Sexton home on 1346 Sherman Street.

The police were assured yesterday that further gambling among society women will cease.

Women Swear Vengeance.

Women patrons of the two gambling "homes" in the Capitol hill residence district are swearing vengeance against the police for the "rough and outrageous manner" in which chief Armstrong and three detectives entered the Sexton home and carried away an elaborate roulette layout.

It had been understood by them that the gambling operations among the select circles should not be in danger of police interference. They had been so told and they felt safe in driving to the Sexton home and allowing their motor cars to stand for hours at the curb. A public official is supposed to have "squared everything."

That the delicate mechanism of the outfit confiscated was the product of an eastern concern was not doubted by the police until after it lay in sections about the floor. It was then that the stamp of a Denver concern was found about portions of the bronze and German silver castings.

Police to Probe.

The police will make a thorough investigation of the company turning out the fittings to ascertain if gambling paraphernalia is being manufactured here.

The second home where the select have been wont to gather to watch the final resting place of the ivory ball has concluded operations.

TULIA FAIR NOVEMBER 2-4.

Our neighbor on the north will hold a fair on the above dates, and invites all creation to attend, bring exhibits and compete for prizes. Purses aggregating \$450.50 have been hung up for the winners in running, trotting and pacing races. Various attractions will be on the grounds, and a grand display of farm, orchard and garden products will be exhibited; in fact, the illuminated posters announce that there will be a "grand and gorgeous celebration such as never before known." And they insist on the attendance of all dwellers in surrounding counties on this occasion. We shall endeavor to honor the occasion with our august presence.

SUGAR AND TARIFF.

Statement by John Arbuckle Brings One from Clarence C. Hamlin.

Colorado Springs, Colo., Oct. 15.—

That the statement of John Arbuckle, New York sugar refiner and coffee magnate, that he will go before Congress next winter to fight for free sugar, is the beginning of the first genuine battle between the beet sugar manufacturers and the cane sugar refiners, is the declaration of Clarence C. Hamlin, chairman of the executive committee of the United States Beet Sugar Industry Association, in a statement here today. Mr. Hamlin stated that while the condition of the sugar market this year had been bad, it would have been "infinitely worse but for the 500,000 tons of beet sugar America produced."

"It is this great industry, the one which Senator Bristow said was the best justification of a protective tariff, that the cane sugar refiners are seeking to destroy," he said.

"INSULT TO AMERICAN WOMEN"

So a Missionary Worker Charged with Insulting Salt Lake City Visitation

A vigorous condemnation of the recent visit of President Taft to Salt Lake City, Utah, was delivered Sunday morning in the Linwood Methodist Episcopal Church by Mrs. May Le Woodruff, of Lemington, N. J., president of the Woman's Home Missionary Society. She spoke at the anniversary of the foundation of the Women's Home Missionary Society of the church. She prefaced her remarks concerning President Taft's visit to Salt Lake City, Utah, by expressing her admiration for the President as a statesman and executive. Then she launched her condemnation of his recent visit to the home of the Mormon Church.

"On his recent 'swing around the world,'" she began, "President Taft thought it incumbent on him to visit Salt Lake City, the great stronghold in this country of Mormonism. As a matter of course, the President was honored in the Utah capital. But it was not necessary that he should be driven through the streets seated in the same car with Joseph Smith, president of the Mormon Church. Even that overlooked, had not President Taft's illegal method of living been known to the chief executive of the United States."

"In the carriage following in which President Taft rode, were several wives and five children of Taft of the three wives having been married since the so-called Manifestation of 1890, in which the Mormon Church represented to have renounced polygamy."

"This action of the President is an insult to the American woman, and an insult to American womanhood. His action in Salt Lake City, Utah, as if the President of the United States was countenancing plural marriage and polygamy." Mrs. Woodruff addressed a congregation of 500 persons.—Kansas City Times.

EXHIBIT ATTRACTS ATTENTION.

Many Visitors Highly Compliment the Boys' Corn Clubs.

Illustrative of the effect obtained by the proper selection of seed, together with proper treatment of the soil, and cultivation along modern lines, the corn exhibit of the Boys' Corn Club at the State Fair grounds is attracting a large amount of attention. The exhibit is located in a prominent part of Exhibition Hall, and, with the display arranged in an attractive manner, is receiving a great deal of attention, not only from the boys' clubs, but from all the visitors. The display has been arranged under the direction of James D. Greer, a representative of the United States Department of Agriculture, and includes selections from more than twenty different counties of Texas.

Each entry is composed of ten ears of corn grown on one acre of ground by a member of the Boys' Corn Club, acting under the direction and supervision of the Department of Agriculture. There are thirty-five varieties shown, ten of prolific corn, fifteen of large, white, single-ear corn and seven of yellow. Included in the exhibit is a large ear of white corn, said to be the finest ever grown in Texas. Mr. Greer states that he is well pleased with the showing made by the boys for this year. With a scarcity of rainfall in nearly every portion of the State, the boys have, by scientific agricultural methods, been able to produce corn that will compare favorably with that raised under favorable conditions under the old methods.

Some of the exhibits were late in arriving, it is stated, and as soon as all are properly placed the judging will begin. This will probably be done Wednesday.—Dallas News.

EDUCATION, NOT LEGISLATION.

The true solution of the marriage and divorce question lies with the

homes more than with the legislatures. It is more a matter of education and training than of legislation. The girl whose early education has been gained on the street, whose selfishness has been gratified at the expense of her parents and whose preparation for marriage has lacked an acquaintance with the common duties of the housekeeper is a standing candidate for the divorce court. The young man who has grown up without responsibility, who has wasted his youth and pawned his manhood to idle and dissolute habits is another. The ministers who are asking the state to prevent divorce and repress marriage have their responsibility in these cases, many of whom have been of their flock and under their spiritual supervision. The parents are mostly responsible for the negligence and mistaken kindness that unfits children for the duties of life. Good fathers usually train good husbands, and good mothers produce good wives. Like prohibition, the question seems to rest more upon the early training of the individual than with the law. "Educate, not legislate," is the motto for the reformer.—McGregor Mirror.

The merchants should spot the people who make a habit of patronizing catalogue houses and refuse to give them the same consideration they do people who are loyal to home industry.—McGregor Mirror. Who should spot the business men who send away from home for their printing?

THE HEAVIEST EVER.

On the fourth of this month, H. Currie of the Hapy vicinity, sold in Kansas City the heaviest grass fed steers ever shipped from the Texas Panhandle. This big beef bunch comprised nineteen head of 5-year-old steers, eighteen head of which weighed 26,530 pounds and sold at \$6.50, or a total of \$1,724.45. The nineteenth steer weighed 1,630, and sold at \$6.50, or a return of \$105.95.

A carload of corn-fed steers from the same cattle herd averaged 1,650 pounds all around, and sold at \$7.65.

LUDDEN-SUITER.

A. L. Ludden and Miss Myrtle M. Suiter were married yesterday afternoon at the home of the bride's mother, Mrs. Joseph Suiter, 562 East Fourth Street, Rev. R. F. Jenkins, pastor of the First Baptist Church, officiating.

Shortly after the marriage, that was attended by relatives and friends, Mr. and Mrs. Ludden left for a wedding journey to Los Angeles. From the Golden State the happy pair will return to Amarillo to make their home.

The bridegroom is a well-known and popular locomotive engineer for the Santa Fe, while his bride is the center of a large and admiring circle in which she moves.—Amarillo News.

INVITING THE TENANT FARMER

The Amarillo Real Estate Exchange, a new organization, at its first meeting, which was held last Monday, inaugurated some good movements that should be beneficial to this whole Plains country.

The question of attempting to interest the tenant farmers of the State was discussed, and it was suggested that this question be laid before the tenant farmers at their convention to be held at Waco in November, and to ask consideration of the Plains country as a field for investment, and to show them that the right kind of farming is sure of good results.

The Amarillo Daily News says: "All the members present at this meeting gave evidence of the keenest interest in all matters that came up for consideration by the Exchange, and many practical ideas for better advertising the City of Amarillo and its contiguous territory were expressed. The Exchange will adopt many of these ideas, and begin at once to formulate plans for publishing and disseminating much literature, in which nothing but facts and figures will be allowed. The Amarillo Real Estate Exchange has made up its mind to do all in its power to prevent the future misrepresentation of the Panhandle, and the pernicious and far-reaching results of the work of such distant land agents as sell Panhandle lands with inflated valuations. It is a well-known fact, spoken of in the meeting yesterday, that the only Panhandle "knockers" are those who have been duped by unscrupulous land agents whose offices are in Northern and Middle West states, and who fill their purses by selling our lands at prices far above the prevailing values. When the purchaser discovers that he has been 'caught as a sucker' by these agents, it is the most natural thing in the world for him to be a dissatisfied buyer and a 'knocker,' and he will then exert all the influence he can to prevent others from considering the Panhandle as a place for profitable investment. It is believed by many that, with the proper co-operation of the members of the Amarillo Exchange, and the support of this organization by the backing of the public, a remedy for such evils will soon be found.

"Fred C. Pope was elected to Associate membership in the local Exchange at yesterday's meeting. All citizens who have the welfare and progress of Amarillo at heart are eligible to Associate membership in the Real Estate Exchange. Mr. Pope has the distinction of being the first associate member to join the Amarillo Exchange. Quite a number of others will be added to the roster of the organization as active or associate members within the next few days, according to the reports of the membership committee. Those who make application before November 1st will not have to pay the regular membership fee.

"Following is a copy of resolutions adopted during the meeting: "WHEREAS, in order all the more effectively to eliminate 'curbstoners' and unreliable parties from the real estate business, the Texas State Realty Association, at the next session of the State Legislature, proposes to introduce a bill providing for the licensing of Real Estate Brokers, Agents and Dealers, thereby aiming to elevate the dignity of the profession of dealing in real estate, and to secure for the legitimate broker the confidence and support of the buying and investing public; and

"WHEREAS, The interests of the live-stock commission brokers demands a similar law that would regulate in like manner the business of handling live-stock on a commission basis; and because there should be mutual co-operation between realty brokers and live-stock brokers, since the interests of each are more or less in common, and the co-operation of these two classes of citizens will tend to the betterment of existing conditions in Texas and the greater development of the State, by promoting honesty, fairness, justice, and normal, as well as stable, land and live-stock values; be it, therefore,

"RESOLVED, That the Amarillo Real Estate Exchange petition, and it does hereby petition, the Texas State Realty Association to frame a bill that will provide for the licensing of live-stock brokers as well as realty brokers, said bill to be urged for passage at the next session of the Texas Legislature; and be it further

"RESOLVED, That the said Amarillo Real Estate Exchange urgently request the Texas State Realty Association to encourage and promote a greater spirit of co-operation between real estate brokers and live-stock brokers; and be it finally

"RESOLVED, That the Directors of the Texas State Realty Association be requested, and they are hereby requested, to give consideration to these matters at the next meeting of their Board, to be held, we believe, at Dallas, Texas, on the 23rd day of October, 1911.

"The secretary of the Amarillo

Real Estate Exchange is hereby directed to forward a copy of these Resolutions to the Secretary of the Texas State Realty Association, to the Secretary of every local Exchange in the State, and to each of the daily papers of Amarillo for publication.

"Adopted, this 16th day of October, in the year of our Lord, 1911.

"J. F. MCGREGOR, President.
"P. T. COSTELLO, Secretary."

FULL PANOPLED AND ARMED FOR BATTLE.

Instead of merely throwing his glove into the arena as a promise that he would soon follow, as did his predecessors, Mr. Wolters jumped into the Senatorial scramble full panoplied and armed for battle. He comes, to make some modification of the figure, with a fully prepared platform in his hip pocket, and we are not left, in his case, a season in which to speculate as to just what his candidacy stands for. It would seem unlikely that there would be any other entrants, but, until Mr. Ball and Mr. Sheppard shall have composed their declarations of principles, none of us who, in choosing a Senator, wishes to exercise as much sense of discrimination as is usually shown in selecting a necktie, will know which of the four best harmonizes with our individual political complexions. All one may know as yet, from official documents, is that Mr. Randell and Mr. Wolters differ chiefly as to their attitudes with respect to the initiative and referendum and recall, the one being for and the other against these implements of self-government. If now Mr. Ball and Mr. Sheppard shall likewise array themselves on opposite sides of this issue, there would seem to be no reason why every one should not be able to suit his taste as to Senatorial styles. If one is against prohibition and likewise against the initiative, referendum and recall, there is for him Mr. Wolters. If one is against prohibition, but for the initiative, referendum and recall, there is for him Mr. Randell. Are prohibitionists to have equal facilities for the nice matching of their individual views?—Dallas News.

UGHT TO BE UNNECESSARY.

The Dallas News, in speaking of the announcement that Dr. Abbott, the State's Pure Food Commissioner, is soon to begin a militant campaign against vendors who expose fruits and vegetables unscreened, says: "It is a commendable work, and yet it ought to be wholly unnecessary for the State to engage in it. Whenever they get ready, the people who buy fruits and vegetables can force the vendors of them to use screens, and do it much more effectively than it is possible for the State to do it. They have only to refuse to buy fruits and vegetables that are unscreened to make it certain that screens will be promptly forthcoming. That they don't exercise the tremendous power of their patronage to enforce this hygienic rule is to be explained only on the assumption that despite all the preachments, they do not appreciate the power of the fly to spread disease. An effort is being made to exhibit some moving pictures at the State Fair of the fly's operations. If the effort is successful, we bespeak for those pictures a large and careful consideration."

BLOODED CATTLE FOR PLAINS.

Panhandle Becoming Recognized as Natural Home of the Herds.

Judge O. H. Nelson has returned from a business trip to Northwest Kansas. The Judge is said to have shipped more good cattle to Texas than any other man in the State. In 1883 he brought the first white face cattle to the Panhandle. On this trip the Judge closed a sale of some of the best bred cattle in Kansas to come to the Panhandle. The purchaser is Gus B. Coats, of Hartley County, Texas, and the seller is Chas. H. Currier, of Sheridan County, Kansas.

In the herd purchased is 98 registered Hereford cows, 2 fine herd bulls and 68 calves. The Judge has handled thousands upon thousands of white faced cattle, but, in his opinion, this is the best herd of its size that ever came to the Panhandle. Every animal is registered, and the breeding tip top, and, as individuals, nearly every animal looks like a prize taker.

The purchaser, Mr. Coats, was born and raised in the Panhandle. He owns 22,500 acres of fine grass land, and leases 6,000 acres additional. For years he has been a raiser of good cattle, but sold out last spring at the following prices, which indicate the quality of his even grade cattle, which he has been raising in the Panhandle: 1,100 cows sold to Kansas buyers at \$40 a head; 500 3-year-old steers to Landergin Bros., of Vega, Texas, at \$45 a head; 500 two-year-old steers to same parties at \$35 a head.

Even raising grade cattle that sell at these prices, however Mr. Coats de-

cid to go even better and have nothing on his place but pure bred white faced cattle. He will hereafter raise Hereford bulls to sell to his neighbors at a moderate price.

The Panhandle of Texas is making rapid strides in the improvement of her cattle. Already famous for her excellent quality of cattle, the Panhandle, step by step, is coming to be the breeding ground of many herds that, for quality, can not be beaten, not only in the State of Texas, but in many states.

Judge Nelson is of the opinion that the Panhandle today is the best stock country in America. As a stock-farming country, the Judge thinks we should be more widely advertised. While, occasionally, the straight grain farmer makes big profits, yet the sure, safe business, in Judge Nelson's opinion, is to work more toward stock-farming. In the Panhandle, and in any country, for that matter, the man that makes the money is the man that sells his crops on hoof.

Judge Nelson says wheat in Northwest Kansas was a total failure this year. Alfalfa is good, but other feed crops are not so good as in the Panhandle.—Amarillo Panhandle.

BANKER FALSIFIES RECORDS.

Oklahoma City, Oct. 14.—Abner Davis, formerly president of the Night and Day Bank of this city was today found guilty by a jury of falsifying records. He was charged with making entries on the records showing forty thousand dollars remitted to Kansas City and St. Louis banks, when none was remitted.

ELECTRIC TRUST DISSOLVED.

In a suit recently terminated in the United States District Court for the Northern District of Ohio, Judge Killits rendered a decree in favor of the Government in the case brought by the United States attorney general last summer in Cleveland against the General Electric Company and about forty subsidiary companies controlled by the General Electric Company, under the Sherman anti-trust law.

The decree, in effect, orders the General Electric Company to conduct all its business under its own name and the dissolution of the Northern Electric Lamp company and about thirty-five subsidiary corporations. The petition was dismissed as to the Kentucky Electrical Company.

The contention of the Government was that the General Electric Company and its subsidiary corporations had entered into an unlawful combination in restraint of trade.

This sweeping decision opens the way whereby the United States attorney general expects to reach some of the other big business concerns that are alleged to be combinations in restraint of trade.

PRE-COOLING PLANT AT SAN BENITO.

For the purpose of better handling the fruit and vegetable business of Southwest Texas for Northern and Eastern markets, the Frisco Railroad system has begun the construction of an \$80,000 pre-cooling plant at San Benito, in the lower Rio Grande Valley.

This plant will be ready to handle the early spring crop next year. In connection with the plant, the company will operate 2,500 special refrigerator cars, orders for the construction of which have already been let.

The pre-cooling plant will be the first of its kind in Texas, the second of its kind in the South and fourth in the United States. There are now two such plants in California and one in Florida.

Instead of cutting the fruit and vegetables green for long shipments, under the pre-cooling system it is left on the tree or plant until it is thoroughly ripe. It is immediately placed in the pre-cooling plant and thoroughly chilled to a low degree of temperature that stops all further ripening process. It is shipped in U.S. state directly to the market for distribution.

Consumers living thousands of miles from the place where tomatoes, for instance, are grown, are enabled to tickle their palates, under this process, with the genuine, natural flavor of the fruit, a thing that is impossible under the old system of cutting the fruit green, to ripen en route. It is reported by parties returning from the Rio Grande Valley that the work on the plant is now well under way.—Houston Post.

In Society's Realm

Missionary Society Notes.

The Missionary Society of the M. E. Church, South, is the name applied to the united organization of the Home and Foreign Missionary Societies.

While the work will hereafter be accomplished through the one organization, there will yet remain the two departments--home and foreign. At the regular meeting Monday afternoon the foreign work claimed the attention.

This being the last meeting during the present conference year, there were numerous reports to be made and owing to the pressure of business, the program was postponed. The detailed reports made by various officers proved the interest and efficiency of the heads of these departments. Special attention will be given to the entertaining of the delegates representing other societies during the annual conference which convenes in Plainview November 1st.

PRESS REPORTER.

Mystic Club.

The fourth meeting of the Mystic Club for the present season was held last Saturday afternoon in the ladies rest room at the court house, with Mrs. Robert Brahan in the chair. Immediately after convening, a business meeting was held, at which Mrs. O.

M. Unger was unanimously elected to fill the vacancy occasioned by the resignation of one of the members.

The furnishing of the new club room, so kindly offered by the county commissioners was then discussed, and a committee appointed to purchase rugs, and handsome mission furniture for the future gathering place of the Club.

With Mrs. Robert Tudor as leader, a most interesting study hour was spent in discussing Gray's Elegy, and the church yard immortalized by the beautiful, though melancholy lines. The life and works of John Wesley formed a part of the program, also the common schools and Christmas customs of England. Both of these topics were ably discussed by Mesdames W. L. Harrington and H. W. Harrell.

The Mystic Club will continue the study of the Bay View course during the winter in the handsome new club room. The next meeting will be held October 28.

Box Party.

For her friend, Miss Gwendolyn Truscott of Amarillo, Miss Jo Keck gave a charming box party last Thursday to see Albert Taylor in "Because He Loved Her So." The personnel of the party consisted of Miss Truscott, Miss Edwina Pumprey of San Antonio, Misses Edna and Florence Harrington, Bettie Knight, Ina Dowden, Allie

Ware, May Kinder, Mildred Buchheimer and the hostess.

After the matinee the young ladies adjourned to Willis' where they enjoyed iced dainties.

Five Hundred Club.

One of the most pleasant of the early autumn club parties was that on Tuesday afternoon of this week, when Mrs. J. C. Anderson was hostess for the Five Hundred Club at her home, 610 Slaton street. Punch was served to the coming guests, and confections offered throughout the game. A salad course was served the members and Mesdames E. Dowden, H. W. Harrell, L. A. Knight and C. C. Gidney, who were the invited guests of the hostess.

Presbyterian Social.

The ladies of the Presbyterian church, U. S. A, held a pleasant tea last Friday afternoon at the home of Mrs. Norman.

Quite a number of ladies called and were served a dainty and abundant salad course for the small sum of a dime each, they said dimes being added to the treasury of the aid society. The pleasant affairs will be held monthly during the coming winter.

HYMENIAL.

Hamilton-Graham.

John G. Hamilton and Mrs. E. A. Graham were married Wednesday evening at 8 o'clock, Rev. J. H. Abney performing the ceremony, at his residence on Restriction Street.

The groom has lived in this city for several years, and is now serving the

people as country treasurer for the third term, giving services that have met the approbation of all. He commands the confidence and respect of all who know him.

The bride is the mother of E. Graham, of this city, and is a most amiable lady. She has lived in our town several years, making friends of all she meets. The Herald unites with their many friends in extending congratulations to the happy couple.

Saathoff-Beinde.

Marriage license has been issued to John Saathoff and Grace Beinde. We are informed that they live near Olton.

THAT CHICKEN PIE DINNER.

The chicken pie dinner given by the ladies of the Calvary Baptist Church was a fine spread, and was thoroughly enjoyed by many of the town people, as well as by hosts of visitors to the fair from this and adjoining counties. The menu was excellent, and included several well-served dishes, while nearly a score of ladies waited upon the diners, to see that they were copiously supplied with the "good eats" that were provided in abundance. Though dished up at 25 cents per meal, the ladies realized a snug little sum toward the object for which the dinner was given--to help seat the church.

HIGHLAND CLUB.

The Highland Club, oldest of the social organizations of Plainview, met yesterday afternoon at the beautiful home of Mrs. J. H. Slaton, 400 Prairie street, with Mrs. J. F. Garrison as hostess. Lavender and white were the pretty colors used in decoration and menu.

Five tables were filled with the Club members and the following invited guests: Mrs. A. W. McKee, Mrs. Harbert, of Coleman, who is visiting her sister, Mrs. J. M. Adams; and Misses Effie Casey, Alice Harrel and Rosa Fowle.

After several enthusiastic games of Forty-Two, an elaborate course was served.
