JUDGE T. D. WEBB DIES SUDDENLY--HEART TROUBLE

WAS TALKING WITH A RELATIVE AND WAS DEAD IN A MOMENT'S TIME

Judge Thos. D. Webb died at his home in Kress Wednesday afternoon of heart trouble, from which he had been suffering for some years. He was talking with a relative, and passed to the next world in a moment without any warning whatsoever. He was told, so he informed the editor of the News several months ago, by a doctor that this would likely be the way he would pass away.

The funeral will be held at Kress this afternoon, with Rev. Vinson, pastor of the Kress Baptist church, conducting the service.

The editor of the News has known the deceased for more than thirty years, and esteemed him very highly, for he was a good man. He was born in Tennessee, so we understand, fifty-six years ago, and moved with his parents to Texas in an early day, settling in Erath county. He taught school for a few years, was then in the dry goods business in Dublin, later he moved to DeLeon and became a lawyer, then about twelve years ago moved to Channing and went into the real estate and law business, about eleven years ago moving to Plainview and engaging in the same business as a partner of Judge R. C. Joiner. Several years ago he retired to his farm near Kress.

He was an active Baptist and took a leading part in all church affairs. For many years he was chairman of the board of trustees of Wayland college.

He leaves a widow and two children--Mrs. Carroll McGlasson and Charles Webb, both of Kress. Mrs. W. M. Perdue of Plainview and Mrs. W. W. Cause of Kress are sisters.

A Newsy Local Paper

Just because the matter was suggested to us we counted the number of names of local people printed in Friday's News and found there were 544, all of whom had done something of news interest. There were 242 local items telling of what these 544 people had done. These items do not include editorial and miscellany.

Verily, the News is the real local newspaper of Hale county.

Another Caldwell Child Dies

Harless, the four-year-old son of Mr. and Mrs. S. D. Caldwell, who live eight miles west of Hale Center, died Monday afternoon from diphtheria and the remains were shipped on Tuesday morning's train to Decatur, Texas, for burial.

This was the second child the Caldwells have lost from this disease--a 13-year-old girl having died week before last.

Tearing Down Oil Derrick

A force of workmen arrived here Sunday and began work tearing down the oil derrick of the Tahoka Oil & Gas Company, south of town. The derrick has been sold to the Post Oil Development Co., at Justiceburg, and is being loaded on the cars for shipment to that point.--Tahoka News.

Volstead Prohibition Law Upheld

The federal supreme court this week upheld in full the Volstead prohibition enforcement law, which forbids the manufacture and sale of beer containing one-half per cent or more alcohol.

New Bank at Amarillo

The City National Bank of Amarillo is being organized. It will have \$100,000 capital and will begin business in ninety days. J. H. Pritchard, formerly of the National Bank of Commerce, will head it.

Says Bailey Won't Run

A Hale county citizen has received a letter from a prominent citizen of Gainesville, who is a close friend of J. W. Bailey, and he declares he is very sure Mr. Bailey will not be in the race for governor.

Miss Mary Fox of Henderson arrived Saturday to begin her work as teacher in the domestic science department of Plainview high school.

The Lubbock Baptists have launched a campaign to build a \$80,000 church in that town.

WILL CUT OFF DELINQUENT WATER AND SEWER USERS

All Those Who Fail to Pay by January 15th Ordered Cut Off by City Council

The city council Monday night passed an order for the superintendent of water and sewers to cut off all persons who are delinquent and fail to pay up by January 15th. The city secretary was instructed to send out bills at once, and he is now doing so. There is a great amount of money due the city in this department, some of the bills being very large and of old standing. It is proposed to make prompt collections in the future.

Motion prevailed that the east half of block 16 O. T. (the block in which the Nash rooming house is located) be declared outside of fire limits.

Order made that B. F. Yearwood be allowed to continue to use ground his scale office covers on city's lot for \$20 a year.

Bond of Erick and Bawden, who have contract to build new city sewerage disposal plant, was accepted.

Motion prevailed that the water meters be read every thirty days.

Motion carried to reimburse W. B. Abrams the amount of \$210 he has paid on his team, wagon and harness and take same back from him and employ another man to take his place in the street cleaning work.

Tax Collector John Vaughn reported December collections as follows: Current taxes \$4,547.28; delinquent taxes, \$116.55; fines, \$23.90; occupation taxes, \$10.75; vehicle taxes, \$27.50--total \$4,725.98.

Geo. H. Saigling, city secretary, reported collections as follows: Water rents, \$178.21; sewer rental, \$70.

The health officer reported one case of scarlet fever in town.

W. T. C. C. to Hold Banquet

The West Texas Chamber of Commerce will hold its second annual banquet at Abilene January 22, and the editor of the News has received an invitation to attend it.

Among the speakers on the program at the banquet are President C. T. Herring of Amarillo, Secretary-Manager Porter A. Whaley of Stamford, Mayor Dallas Scarborough of Abilene, W. V. Crawford of Waco, F. S. Hastings of the S. M. S. ranch, H. P. Brelsford of Eastland, J. A. Kemp of Wichita Falls, Congressman H. P. Kincaid, chairman of the house committee on irrigation, Editor Louis J. Wortham of the Fort Worth Star-Telegram.

The second annual convention of the W. T. C. C. will be held that day.

Auto Driver Fined \$100

L. E. Tomlinson, a young man of the Lorenzo community, was arrested last week on charge of having run down R. Holland at the southwest corner of the square in Plainview several days before with his auto and then failed to stop and assist him. The young man plead guilty, was fined \$100 and promised to pay Mr. Holland's doctor bills, etc., and also make settlement with him for the injuries received.

Mexicans Kill 927 Foreigners

Secretary Lansing has sent to the President and the latter has transmitted to the senate, the number of citizens of foreign land other than Americans who have been killed in Mexico since the departure of President Diaz as 927, divided as follows: Chinese, 471; Spanish, 209; Arabia, 111; British, 38; Italians, 16; French, 14; Japanese, 10 and miscellaneous, 58.

Coal Needed at Court House

The supply of coal at the court house is about exhausted and unless an additional supply is received in a day or so will be without heat.

The present cold snap has caused many families to use all their coal, and while the yards are getting in coal each day or so there is still a considerable shortage.

Bought Muleshoe Elevator

E. P. Rogers and Jess Elrod of Muleshoe have recently purchased the elevator at Muleshoe from the Clovis Mill & Elevator Co. This elevator was recently completed and has a capacity of 12,500 bushels. Mr. Rogers formerly lived in Clovis and was with the First National Bank.

Poultry Show at Canyon

A poultry show will be held at Canyon Monday, and E. B. Miller of Plainview will be the official judge.

DISTRICT COURT WILL CONVENE MONDAY MORNING

FIFTY-EIGHT CIVIL CASES AND SEVERAL CRIMINAL CASES ON DOCKET

The regular winter term of district court will convene Monday morning, with Judge R. C. Joiner presiding and Austin C. Hatchell, district attorney.

District Clerk Jo. W. Wayland informs us that there are fifty-eight civil cases on the docket, and Mr. Hatchell informs us that there will be considerable criminal business to come before the court.

The following citizens have been summoned for the grand jury:

C. K. Shelton, L. M. Blakemore, Chas. Saigling, Geo. J. Boswell, D. B. Crouch, Wm. Britt, B. M. Johnson, J. F. Norfleet, G. W. Lowellen, C. W. Boyd, D. F. Morgan, T. J. Johnson, F. G. Hudgins, P. L. Wimberly, E. A. Gilbert, N. M. Akeson.

Announcements for Office

Geo. J. Boswell authorizes us to announce him as a candidate for tax assessor of Hale county. He has been a citizen of the county for twenty years, and is at present a farmer. He has had considerable business experience, is well educated, knows the land values of the county as well as possibly any other man, and is well qualified for the office. He served on the first school board when the Plainview public schools were organized, and has always been a very useful citizen of the community.

L. D. Griffin announces as a candidate for county judge. He is now serving his second term as county attorney, and has been vigilant in the enforcement of the law, without fear or favor. He was a school teacher for many years before becoming a lawyer and is well fitted to oversee the schools of the county. He believes in economy in public expenditures, and will have this in view when sitting with the commissioners' court. He is well qualified for the office he seeks, and wants the support of the men and women of the county in the July primary.

F. H. Andrews announces in this issue of the News for city marshal. He has been a citizen of Plainview for quite a long while, and has been serving as night watchman. He was city marshal of Stamford for years before coming to Plainview, and is well qualified for the place. He asks the support of the voters in the city election in April.

We are authorized to announce the candidacy of John Blair for city marshal. He has been on the Plains since the pioneer days, and has served as a peace officer for years in times past. He is well known and is well qualified to handle the place. He wants you to consider his candidacy.

Army Recruiting Party Here

Lieut. W. R. Shafer of the 82nd field artillery and a squad of soldiers have been here the past week recruiting men for the service. They had a tent on the court house lawn for a day or so.

Boy Killed at Silverton

G. B., three-year-old son of Mr. and Mrs. Perry Fort of Silverton, fell from a wagon New Year's day, breaking his neck, dying almost instantly.

Mr. and Mrs. J. J. Lash write to us from Los Angeles, Calif., that they have a nice little home in that city and will at least spend the winter there. They say the weather is fine and everything is lovely.

Mr. and Mrs. Curtis McKinley will go this week to the Eastland-Comanche oil fields, where he will work about three months. He has planted a good-sized field of wheat and gotten his land prepared to plant row crops on a farm near Runningwater, and thought he would be to the oil fields until spring planting begins.

Mrs. I. N. Brooks went to Lubbock Wednesday to be with her sister, Mrs. Albright of Post City, who a few days before had undergone a serious surgical operation in a sanitarium.

J. G. McCaffee and daughter went to Slaton this morning to spend the time with a daughter while he does the carpenter work on a building.

SIX-INCH SNOW AND FOUR DEGREES ABOVE ZERO

UNPRECEDENTED WARM WEATHER OF 61 DEGREES DROPS --IS FAIR AGAIN

The unprecedented warm weather that had been prevailing for some days, attaining 61 degrees above zero Monday and Tuesday, gave place to a six inch snow Wednesday and yesterday, and this morning the thermometer stood at 4 degrees above zero, about as cold as any previous day this winter.

The moisture in the snow amounted to .35 of an inch, which will be of some benefit to wheat.

The snow drifted badly and is two feet and more deeper in places, making the roads almost impassable. The rural and star route mails were blocked yesterday.

HALBERT DECLARES 1920 WILL BE WET YEAR

More Excessive Rain Than in 1919 Predicted--Peculiar Change in Weather

H. A. Halbert of Coleman predicts that the year 1920 is to be even wetter than the wonderfully wet 1919. He says in his annual forecast for 1920 that only those crops which can flourish during a wet year should be planted in Texas. Among other things he says, "Texas as a whole and the contiguous states in the year 1920 will be another prosperous year with excessive rains in many sections in the eastern and central portion, to interfere with the planting cultivating and gathering of crops. In fact in accordance with cycles of a decade in duration 1920 is due to be the wettest year of the present cycle. This rule prevailed in Texas for 100 years up to the year 1920, that each year ending the digit nought had the greatest amount of rainfall. Possibly a cog has been jumped in the revolution of the planetary system for the next 100 years up to the year 2000, so that the years ending in the digit nine will be the wettest years of the decade. It is to be hoped so, anyway, for Texas will never need another year as wet, much less wetter, than 1919. Anyway, prepare for a wet year. Cotton and corn are safest and most profitable crops to plant a wet year. They can be gathered and marketed by the individual farmer and are not dependent upon someone else to get them ready for market, like small grain and hay, with a thrasher or baler. Millions of dollars' worth of grain and hay were ruined in fields by excessive rains before any thrasher or baler appeared. During the year 1920 cotton and corn will remain longer in the fields without damage, than any other crop and can be gathered far into the next year. Cotton prices will be on a high level another year, even with a 15,000,000 bale crop, if the manipulation of the cotton gamblers can be prevented. The world will need and is willing to pay a good price for such a crop. Plant all the feed stuff you will need first and then do not be afraid of an excessive cotton crop. Even if the acreage may appear excessive you will have no assurance of an excessive yield. The cotton planter will have all the insects to contend with next year that are known to the cotton plant. The army worm will appear early in the season to strip the plant of its leaves in many sections of Texas, if not all over it. Then the boll worms and weevils will exact a large toll."

PLAINVIEW BANKS MAKE THEIR BEST SHOWING

EACH BANK HAS LARGE DEPOSITS, AGGREGATING OVER THREE MILLION DOLLARS

The call for statements of banks for December 31st found the Plainview banks in the best condition they have ever been. The total deposits were \$3,137,155.17. Had they been made this week though they would have shown several hundred thousand dollars more.

ALF-ALFA PAINTS ROSY PICTURES

In a recent issue of the Plainview News, Jess Adams, editor of that sterling publication and originator of Alf-alfa Tea, indicates that he expects to go to heaven. We had some doubts, up to that time, as to the "kick" of this new drink, but now we are firm advocates of its ability to paint rosy pictures in the brain of man. Any drink that would make Jess believe he was a fit subject for heaven--well, it's got a "kick" alright.--Clarendon News.

Why should not Jess Adams go to heaven? Of course he drinks the Alf-alfa, and sees strange things, but he is a good scout after all. There is no mistake but this Alf-alfa has the kick of several Texas mules, but we can't see as yet it is effecting his mental habits. He still writes good stuff. He drinks and writes, and writes and drinks. At times this tea gives Jess the wander lust. Yesterday we received a personal letter from him way down in Texarkana. We don't know what he is doing down there. He may be headed break-neck speed towards wild-cat hollow. Texarkana is near the border of Arkansas, or rather the gate way to this country of "moonshine." He made a trip to this section about a year ago. It lasted pretty long but guess it is about out. He stated in his letter that he would be back home in a few days. We will see more and better editorials in the News as soon as he returns. He is returning with another year's supply of editorial inspiration. It comes from wild-cat hollow. Its not Alf-alfa Tea. We have known for a year that his Alf-alfa Tea was some joke, just a stall. Jess has a private still in Arkansas.--Lockney Beacon.

Marriage Licenses
M. F. Thomas and Miss Daisy Rice, Jan. 5. Both parties live northeast of Plainview.

H. J. Pankratz and Viola Underwood, Jan. 8. Both parties live in Amarillo.

James Black and Miss Delia Odell, Jan. 9. Both parties live at Petersburg.

W. O. Goodson and Miss Katherine Elizabeth Darden, Jan. 9. He lives in Amarillo and she lives at Abernathy.

St. Mark's Episcopal Church

Service next Sunday at 11 a. m. Holy communion and sermon.

A cordial invitation is extended to all.--Archdeacon Garner, Rector.

Mrs. Boone and little son left yesterday morning for Eastland to make their home. Prof. Boone, the masseur, has been there for several weeks.

The Buffalo Springs ranch in the northern part of Dallam county, several miles east of Texline, sold a few days ago for one million dollars. The ranch consists of 80,863 acres and is well improved.

Paducah is to have a new bank of \$75,000 capital, which will begin business in February.

J. O. Garrett, a cotton picker, was shot and killed by Silas Puckett in the Chalk community in Cottle county. Puckett is out on \$3,000 bond.

L. T. Lester has sold an eight section ranch twelve miles southeast of Canyon for more than \$100,000 to W. B. Witte of Iowa.

The derrick of the oil well test at Justiceburg was burned last week.

Mrs. Eula Merrell writes to the News from Harrison, Ark., that "we are still liking this country. We have had no severe weather, and have not suffered on account of the coal shortage as there is an inexhaustible supply of wood here, as you know."

We are hoping that every old maid
in Hale county will annex a husband
this goodly leap year.

Plainview's building record for
1920 bids fair to surpass any other
year in its history.

The McLean News is "sweet sixteen."
Editor Moody is publishing a
very creditable local paper.

Great oil fields have been opened
in Kentucky. Producing oil is much
better than producing old Bourbon.

Patience is a virtue that is forced
on one who deals with the railroads,
express and telephone companies.

If you desire to make Texas "safe
for democracy" and decency, pay
your poll tax not later than Jan. 31.

This year is again the chance for
the girls. It is leap year and the
soldier boys are all back at home.
Pick your out one and go after him.

All cities and towns are reported
crowded with people, but this cannot
be said of the farms of the country,
where there is still plenty of room for
workers.

The women of Plainview could
easily burst up the bunch on the
corner. Nearly every member of the
bunch is married, hence, if their wives
go to work they should soon be
starved into working. Why, why
not try it?

It is expected that 4,000,000 women
will take part in the big campaign
which the treasury department in-
tends to inaugurate to reduce the cost
of living. The purpose of the move-
ment will be to induce women to keep
careful accounts of their daily ex-
penditures so that they may discover
what items may be eliminated. The
campaign will continue until April 1.

Joe Bailey and Jim Ferguson con-
tinue to denounce the preachers. In
this they are lining up with the Bol-
shevists and other anarchists, for
they also "have it in" for the pulpit.
Whenever you hear a politician at-
tacking the preachers you can put it
down he is a discarded politician, a
liquorite, a chronic grouch or weak
in the upperstory—and maybe afflict-
ed with all these complaints.

Rhode Island and Kentucky legisla-
tures ratified the woman's suffrage
amendment Monday—making a total
of twenty-four states that have rati-
fied it. Only twelve more are neces-
sary and it is thought they will
ratify before April. The women in
every state will undoubtedly vote for
president at the November election.
Carry the news to the Joeites, the
Jimities and the Bobities.

The many friends of Ben F. Looney
are very much gratified that he has
at last repudiated Joe Bailey, whose
personal and political friend and par-
tisan he has been for so long. Looney
is a good man and stands against
those things that Bailey represents.
Looney is an able man and served the
state with distinction as attorney
general for six years. He is now one
of the leading candidates for govern-
or, and his platform is a good one.

The Chicago Federation of Labor
has adopted strong resolutions pro-
testing against the raids being made
on the anarchists and bolshevists of
the country by the federal depart-
ment of justice. The Chicago union
laborites see in the raids a huge con-
spiracy to destroy organized labor in
the United States. The facts are,
a larger per centage of the members
of organized labor in the North, East
and West are little less than anar-
chists. If organized labor wants to
continue to exist in this nation it
must re-organize, throw out every
member tainted with anarchy and
kindred revolutionary ideas, and be-
come thoroughly Americanized. This
will mean that likely only one-fifth of
the present membership would pass
muster. At the present time the
anarchistsbolshevists and other-revo-
lutionists are carrying on their pro-
pagandi work almost solely through
and with organized labor. Most of
the strikes can be traced to these
cults, whose object is to bring on
revolution and destruction of our
government.

The United States starts out its
new year on the "water wagon,"
which will undoubtedly continue so
for all time to come, for the world
can be depended upon to continually
evolve a better and higher civiliza-
tion, and of course liquor has no part
in a better civilization. It is estimat-
ed that in normal times before the
war the actual cash outlay for liquors
in this country was \$2,500,000,000 a
year, and that the total cost of the
traffic including crime, pauperism,
insanity, shortened life, lessened ef-
ficiency, decreased production and so
on, totaled nearly \$10,000,000,000 per
annum. The war hastened the over-
throw of John Barleycorn possibly
ten years, hence the saving will pay
the cost of the war several times. It
is true 50,000 American soldiers were
killed during the conflict, but they
died heroes and are honored by the
people. Alcohol killed more than
twice the number each year, and
brought the victims to disgraceful
ends. Besides, think of the tremen-

dous misery, sorrow, degradation and
disgrace brought to the families of
those who drank liquor.

Prof. Porta, the astrologer, who
predicted the world would be destroyed
on Dec. 17, and was in a way sided
by Weather Prophet Foster, says the
reason why the world was saved was
that the sun turned; it was the sun's
failure to stand still, thus causing a
spreading out of the sun spots, that
saved us. It always happens thus—
when the destruction of the world is
predicted—something happens to save
it. The world has been in existence
for uncounted millenials, and will
doubtless continue to be. If the bible
is true, and there is no question about
its infallibility, the devil must needs
be chained for a thousand years be-
fore the great blow-up—so we are
all safe for at least ten more centur-
ies.

KEEP BOOKS THIS YEAR

The people of the United States, of
Texas, and the Plains country are
enmeshed in a frightful saturnalian
debauch of extravagance, of spending
money for everything their hearts
desire and the dealers offer to them.

Most everyone is declaring against
profiteering and the high cost of liv-
ing—and at the same time grabbing
at everything that is offered them in
the stores, and sending away for
things they can't get of the local
dealers.

Most everybody has more money
than they have ever had before—but
they are saving little.

Anybody, no matter if his or her
wages were half what they are at
present, could by right management
live fairly well and save some money.
This assertion is made in earnest and
applies to the people of Plainview pri-
marily; in fact, we have several cer-
tain persons and families in view in
making it.

It is all in the system—of applying
your income, whether wages, salary,
profits from business operation, in-
terest, rents or farming. One fam-
ily by proper thrift can and does live
much better on half the money a
neighbor family of same size and
class spends.

No matter what a person's income
he should spend less every week and
month than he receives—he should
do it if needs be by practicing the
utmost economy, just as did John
Rockefeller, Andrew Carnegie and
other noted rich men in their be-
ginnings. Of course, there can be
sickness and calamities which could
make this impossible.

A capital system to use in doing
this would be to keep books. Divide
the income into a budget—so much
for food, for rent, for clothing, for
education, church and amusements,
and so much to be saved. It can and
should be done, and by keeping a
strict account one can trim off here
and there, and the ways of thrift
grow with practice, you know.

The News would be glad if many
families in the Plains country would
begin with this new year to keep
books along the lines it has mentio-
ned, for it knows if they will do so
they will have bank accounts when
the next new year comes.

IN A MINOR STRAIN

The editor of the Beacon, who has
weak eyes, should at once begin ne-
gotiating for a pair of smoked glasses,
for the fashion journals tell us the
girls will wear their skirts knee high
next spring.

The reason why a good housekeep-
er spends two days cleaning up the
house is because she wants to be able
to apologize to callers because the
house is so dirty.

When a man wants to supply an
affidavit with every statement he
makes we know that he is a liar.

One way to get popular and remain
popular is to make a habit of getting
people to believe that they know more
than you do.

Doubtless Joe Bailey and his crowd
think that Texas democracy does not
need being baptised half so much as
it needs being distilled.

Back in the days before prohibition
took the state we noticed that those
fellows who contended that "beer is
poison" were always hungry.

Our observation is that the man
who "hits the ball" and does a full
day's work regularly never becomes
a bolshevist or wants to overturn the
government.

Why kick at the cost of high living?
It is said that the people of America
of all stages of wealth, now own more
than a billion dollars' worth of dia-
monds, or half of all these gems in
the world. As long as there are pret-
ty women or women whom men
adore, men will buy diamonds for
them. And, why not?

The popular program these days
is to eat, drink, be merry—and then
grouch at the amount of the bill.

**We Can Make Your Shaving
Easier**

Shaving in the modern way—with modern utensils—is a real
pleasure rather than a nuisance.

However, even some of the latest shaving devices are not a big im-
provement over the old. But we are in position to know which are
the most worthy, as we have had an opportunity to investigate
them all.

We tender you a most hearty invitation to inspect our worthy as-
sortment of razors, strops, hones, blades, brushes, soaps in all forms,
soothing ointments, etc.

According to the financial letter
for Jan. 1, issued by the National City
bank of Chicago, a recent canvass
shows that the country lost last year
fully \$1,950,000,000 from strikes and
various forms of labor disturbances.

The war cost the nations in it at the
rate of ten million dollars an hour.
Yet, there are people who think Uncle
Sam should go around with a big
army and navy chip on his shoulder
bluffing the whole world.

What we can't understand is how
a woman can go out in near-zero
weather and face a blizzard with the
front of her spider-web waist cut to
just north of the equator, and never
even take a cold.

Statisticians estimate that the peo-

ple of the United States spent more
than three billion dollars for Christ-
mas presents and such things during
the ten days preceding Dec. 25.
Well, what of it? All of it was
spent toward making somebody hap-
py and little of it was spent for li-
quor to debauch and cause sorrow or
for things to destroy and kill.

What we want to see most is a
silver lining that hasn't a cloudy
wrapping.

Speaking of bad marksmanship, they
say a certain Lubbock man "couldn't
hit a cow with a Ford."

This is a world of ups and downs.
Alexander F. Kerensky, who became
head of the Russian government when
the czar was dethroned, and who was

dictator and ruler of 175,000,000 Rus-
sians until he was ousted by the Bol-
shevists, is now a waiter in a cheap
London restaurant. Then "why
should the spirit of mortal be proud?"

WILL SET A PRICE FOR NEXT YEAR'S CROP

Wheat-Growers, Not the Government Will Set the Price, Says Organization

Hutchinson, Jan. 8.—Wheat growers of the middle-west intend to fix a price on their wheat for the 1920 crop, regardless of boards of trade or "consent of any class or nation."

"This action was decided on today" by the convention of the National Wheat Growers' association, in Hutchinson.

"Delegates were present from Oklahoma, Kansas, Colorado and Nebraska."

W. P. McMichael, of Cunningham, Kan., was elected national president; Charles R. Lord, Spivey, Kan., national vice president, and P. J. Ery, Medford, Okla., secretary-treasurer.

It was decided to appoint a committee to determine a minimum price for wheat and the association members voted to agree to hold their wheat and not sell below this price. The price will be announced at another convention to be held in Hutchinson on May 18. In the meantime the price committee will procure reports and make investigations as to the cost of production.

"The price we will demand will be the cost of production plus a reasonable return for our investment and labor," declared President McMichael, "that is all we demand, but we demand that."

Horrible Accident

On Monday afternoon of the present week Joseph E. Smith of Stratford met a most tragic death under the wheels of a tractor while engaged in plowing near Stratford.

According to reports the accident happened while endeavoring to get the tractor started. Horses had been attached to the tractor in an endeavor to start the motor, the tractor being employed in pulling plows. While the horses were pulling the tractor, Smith devoted his attention to squirting gas into the carburetor, and it was while running alongside the tractor that he slipped and fell, the wheels of the tractor passing over him and crushing his skull.

The unfortunate man was rushed to the Hanford sanitarium immediately following the accident, but died from his injuries at about 10 o'clock in the evening.

The deceased leaves a wife, son and daughter (Mrs. Wm. Fields), to mourn his death.

At this writing the remains are at the Phipps & Russell undertaking parlors in Lemoore awaiting funeral arrangements. Lemoore, Calif., Leader.

He was a brother to Mrs. T. B. Campbell of this city, and also lived at one time near Whitfield. His father moving to this county in 1891. He has many friends scattered throughout the Plains country, who will regret to hear of his tragic end.

THE CRACK O' DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

Almost delightful Christmas meet-

Are You Feeling Good?

If not you ought, after this fine snow this country has, of course you do, we know that the farmers all rejoice and we town people all rejoice with them, for if the farmers fail to make a good it hurts us all.

Just a Word About Groceries

We are well pleased with the change we made from "free delivery" to "cash and carry." Our business has increased and we feel that it's money to us as well as our customers. When you buy from us and have your goods delivered you know what it costs you, but when you have your goods delivered free you have to pay for it in the extra price you pay for your goods.

Just get this in your "noodle" you get nothing free, you pay for any extra service you get.

We reduce the price to offset this extra expense and you will save several dollars each month by buying from us, we make the prices that will do it. Buy your staples in larger lots, they will not spoil, try it one month and see the difference. The farmers and others in the city who pay cash and carry their goods do not have to pay for free delivery for others.

No special prices but cut prices every day and you will find our prices cheaper than others. Everything marked in plain figures, come look and compare prices with what you are paying at other stores.

Nothing free but full value for your money.

Circle No. 2 of Methodist Women
Met with Mrs. O'Keefe

Circle No. 2 of Methodist Missionary Society met on Dec. 30, at the home of Mrs. R. W. O'Keefe, with Mrs. O'Keefe, Mrs. Phelps and Mrs. Cram as hostesses.

Devotional was led by Mrs. Dye, reading a part of the 7th chapter of Matthew, followed by a sentence prayer of "Something We Have to Be Thankful For," by each member present. The minutes of the previous meeting were read and approved.

The election of officers for the year 1920 was then taken up and resulted as follows: Mrs. W. B. Martine, chairman; Mrs. B. L. Spencer, secretary; Mrs. L. Lee Dye, treasurer.

After the election, books for Bible study were given out and discussed and Mrs. Dye was appointed leader for the next meeting. There being no further business, delicious refreshments were served by the hostesses to eighteen members and five visitors.

Mrs. O'Keefe favored her guests with a beautiful vocal solo and all were reluctant to leave, each one expressing their pleasure of being permitted to enjoy such a pleasant afternoon with such charming hostesses.

Circle No. 2 will meet on Friday, Jan. 23rd, at 2 o'clock.
