FORDSON

\$625 f. o. b. Detroit

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your own farm. Just phone us or drop us a card.

Some day there will be a change, though. People will not stand the burden always.

All Texas eyes are turned to the Plains and her big wheat crop. This is indeed a wonderful country.

Fort Worth under her new mayor has refused to permit street carnivals from showing in that city, because they are accompanied by crooks and other disreputable people.

Editor Dow continues to grouch because the people of Lubbock voted down a proposed increase in the school tax. Be a sport, Dow. Isn't vox populi vox Dei?

Government operation of railroads was an expensive experiment to Uncle Sam. The cost above receipts was al-

most two billion dollars. Government ownership and operation is a pretty theory, but it is a failure.

There is money in drawing cartoons and funny strips—if they catch with the public. Bud Fisher, who draws "Mutt and Jeff" in the newspapers, has received more than two million dollars for his work during the past four years.

Despite the increased use of automobiles, it is stated that the demand for good saddle horses is now growing rapidly in the cities. Joyriding in a car is exhilarating, but it is no more so than riding a splendid single-footing horse.

An Amarillo woman in police court Thursday declared that she did not mind her husband beating her if after he was through he would say he was sorry he had done so—as she loved him. How can a woman love a man who beats her? A man who strikes his wife deserves having the lights shot out of his worthless carcass.

President Harding will have opposition in his own party for the presidency in 1924. Already the friends of Gov. Lowden of Illinois and Senator Hiram Johnson of California are pushing their interests for the republican nomination. If Mr. Harding doesn't mind his stess somebody will get his political goat.

Mr. Harding, head of the federal reserve banking system, was in Texas

last week. He is optimistic for the future, and foresees better times the coming winter. He says business is returning to normal. Here on the Plains a big wheat crop is being harvested, and will bring in lots of money, which will make things hum. But, remember, the Plains is the finest part of the entire country, and on an average has better crops than other sections.

The Rotary clubs of the world at their convention in Scotland last week resolved to lead a movement for disarmament. The American Federation of Labor at its annual convention in Denver passed a resolution favoring disarmament. Most everybody seems to be for disarmament, but it don't seem to do much good. It is ridiculous that in a civilized country like this 90c out of every dollar paid out of the federal treasury is for war. The American Federation of Labor has shied away from the Irish question. That is what all patriotic Americans should do. Let England and Ireland settle their own affairs. No good American will try to mix this country in the matter. We have enough troubles at home to keep us busy solving them.

Since the editor of the News has become a man of great (?) wealth all sorts of "investments" have been offered to him to get in on the "ground floor." The latest is a fellow wants us to take stock in a Fort Worth leather belt factory. Nothing doing: for when a kid he got belting to last him the rest of his days. Besides, everytime he got in on the "ground floor" he has lost money; in the future nothing lower than the third or fourth story will interest us.

The federal reserve banking board declares it is unavoidable that America will in time acquire a large portion of the German reparation bonds. The nations to whom Germany will issue these bonds will have to use them to settle with the United States for what they already owe our citizens and to buy our products. In time it is likely that our country will own the larger share of Germany's reparation bonds. This will mean, naturally, that we will become more actively connected with affairs in Europe, as we must insist that Germany pay these bonds and the interest on them. Try as we may to keep from being involved in European affairs, it is safe to say we cannot escape.

Judge Wilson of the federal court in Amarillo in a case last week declared that only by infliction of severe punishment can the crime of theft of automobiles be stopped. Isn't this true in regard to all other species of crime? Notwithstanding that Editor Joe Pope seems to think that only moral suasion, suspended sentences, parols and pardons should be used in dealing with crime. Whenever people quit honey-fuggling criminals and go to using the iron hand with sure and severe punishment, then crime will become unpopular. Crime is something that cannot be compromised with. Gov. Neff's program for punishment of crime should be adopted by the legislature.

Well Said, Warwick

The freeing of the five bootleggers by the district court in Hereford will be good news to bootleggers in general. Caught with the goods, they were acquitted under technicality. This technical stuff may sound reasonable to the legal mind, but to the ordinary layman, it is pure bunk. Instead of making more laws, the legislature should discard all existing laws, and write some that will hold up, giving common sense a chance to rule the land.—Canyon News.

THE MENACE OF THE WEED
 Beginning June thirteenth, a clean-up campaign was inaugurated in

Plainview, but some of the citizens are asleep on the job. They are in Plainview but not of it.

The weeds still grow and flourish, from the common yard variety to other kinds of various sorts and sizes, growing in rank luxuriance on the main residence streets of the town.

A. R. Miller of Dallas, State Fire Inspector, has been here this week inspecting the business portion of the city. He is also deputy Sanitary Inspector for Dr. Carrick, State Health officer and incidentally sends on a report occasionally in addition to his regular work.

Mr. Miller said: "I find Plainview particularly free from the tin can and decayed vegetable menace of the back alley, that is so frequently the case in the average small town." "But any town," continued Mr. Miller, "that is on the map like Plainview should have some regard to the appearance of its streets, and the opinion of the stranger within its gates, for the civic pride of a city is gauged by the appearance of its streets," added Mr. Miller.

Weeds are a menace to the safety of a town in summer and in winter. In summer they are hiding places for mosquitos and other insects. In winter they are tinder boxes waiting for a spark to start a fire. They mar the beauty of a town at all seasons and at all times. Cut the weeds by all means and enhance the beauty of the most beautiful town on the Plains.

J. H. Davis has been down in the Ranger oil fields the past week. Three oil wells have been brought in on his lands, and he made location of another to be drilled.

Outing in Palo Duro Canyon
 Mr. and Mrs. E. E. Warren and daughter, Miss Fayola, and Miss Louise Graves and Thelma McGee spent the week-end camping in Palo Duro Canyon near Amarillo.

Several Plainview bankers will attend the annual convention of the Panhandle Bankers' Association, to be held in Lubbock today and tomorrow.

Monzingo Is Doing Well

When passing through Sweetwater Saturday morning the editor saw E. E. Monzingo, who until recently lived west of Plainview. He owns the Pullman Cafe, across the street from the T & P. depot, has a nice place, and told us he was doing well. However, he longs to return to the Plains, and we wouldn't be surprised to see him back soon.

Sam Cates Granted Bond

According to information received the latter part of last week, Sam Cates, who has been in jail here for several months, and was sentenced once to life imprisonment for the alleged murder of Judge Burton, of Crosbyton, was granted bond in the

sum of \$15,000.00 by the Court of Criminal Appeals. Cates reported that a bond of that size could be raised immediately, but there seems to be some doubt attached to it.—Lubbock Avalanche.

The Chamber of Commerce at Floydada has begun work toward making the county fair permanent.

Boll weevils are thick in the cotton fields of Ellis, McLennan and other counties in Central Texas, and doing great damage.

MARSHALL FOCH TO ATTEND CONVENTION

Kansas City, June 17.—Marshal Foch of France has accepted an invitation to attend the annual convention of the American Legion here this fall, according to a telegram received today from Lemuel Bolles of Indianapolis, national adputant of the Legion. The telegram sent to Albert F. Hutchings, chairman of the convention committee reads:

"Just received official notice from Marshal Foch that he accepts the invitation to attend the Kansas City convention. Congratulations."

W. M. Glover and sister, Miss Glover left Friday for Atkins, La., to visit a brother for several weeks.

TOOTING AGAIN

Doggone it, yes—niggerhead is so alfred good, our enthusiasm is always at white heat. Then, again, we are reminded of the famous classic, "He that tooteth not his own horn, the same shall not be tooted," so we threw away our hammer years back and bought a horn. Our competitors are all good fellows and sell the best they can get, so we have no need for the hamner.

Of later years, we find little use for the horn either, except a selection or two for the people who have never tried Niggerhead coal. After one trial we classify that man as a Niggerhead customer, as he will never voluntarily return to his old stamping ground.

Associated Charities

Plainview was asked to raise 100 pounds of winter clothing for the Near East sufferers and with her usual response raised over 900 pounds besides a large amount of summer clothing that was turned over to the associated charities. The collection consisted of all kinds of wearing apparel for men and women and children, much of it being in splendid condition, and all of it was useful clothing. The chairman of the com-

mittee and the committee wish to thank the newspapers for their advertising, the ladies who did so much telephoning, the Boy Scout Master and the Boy Scouts who did the gathering up of this collection, the ladies who helped to park, and the merchants who so liberally contributed.

Mr. and Mrs. F. B. Blocksom of 190 Park spent the week-end in Plainview, visiting Mrs. Blocksom's parents, Mr. and Mrs. T. H. Beebe.

Ask Some One Who Was There!

On Monday, June 13, at the Baptist Church, the New Edison proved that there is no difference between its RE-CREATION of music and the original music.

It was proof that would be good in any court of law.

If you did not attend, take the trouble to find out exactly what happened. Investigate all the details of this drastic test. It was given particularly for the music-lovers of Plainview,—so that they might know, through their own personal, experience that there is a phonograph which can give them the exact performance of the living artist.

Miss Helen Davis, popular Mezzo-soprano made the test. She stood on the platform

beside the New Edison. She sang. In the midst of her song, she stopped singing. The New Edison took up the song, and continued it alone. Thus, they alternated,—singer and phonograph.

The audience had to watch Miss Davis' lips, in order to be certain which was singing. The New Edison's triumph was complete and spectacular.

Miss Sibyl Sanderson Fagan made the same test of comparison with her whistling selections with the same successful result.

Remember that no other phonograph can sustain this test! Remember that you want a phonograph which does! And remember that the New Edison did it,—right here in Plainview.

The NEW EDISON

"The Phonograph with a Soul"

You can have, in your own home, the exact kind of instrument used in the test. This was an Official Laboratory Model, kindly loaned to us by R. M. Peace. Select any Official Laboratory Model in our store, and we will guarantee it to sustain the test of direct comparison, and to do everything

that was done in the test at Baptist church.

Ask us about our Budget Plan. It brings you this New Edison for a small payment. You don't have to sign an installment-house contract. A gentleman's agreement is good enough for us.

McMILLAN DRUG CO.

PLAINVIEW, TEXAS

Get an Instrument Inspected by Helen Davis and Sibyl Sanderson Fagan

Every one who selects his Official Laboratory Model now, receives one of these handsomely engraved documents, which certifies over the signatures of Helen Davis and Sibyl Sanderson Fagan that such instrument is the equal, in every respect, of the instrument used in their test. The artists have personally inspected all the Official Laboratory Models in our store.

Gibbs-Walker

Mr. and Mrs. C. Herbert Walker announce the engagement and approaching marriage of their daughter, Lorraine, to Mr. Guy A. Gibbs of Plainview, Texas, the wedding to be solemnized Tuesday, July the Twelfth at the Presbyterian church. No cards.

The above announcement of the engagement and approaching marriage of Miss Lorraine Walker is of wide interest in Panhandle Society Circles and also in Tennessee where the lovely bride-elect spent her childhood days, and her wedding the coming month will be one of the most important of early summer.

Miss Walker possesses a charming personality, which has made her popular not only with her own Society Set but all who have had the pleasure of knowing her. She is a graduate of the Cincinnati Conservatory of Music and for the past two years was head of the Piano department at Wayland College, Plainview.

Mr. Gibbs is the youngest son of Mr. and Mrs. Thomas Gibbs of Plainview and is proprietor of the G. C. Electrical establishment of that place.

The ceremony will be said by Reverend F. T. Charlton of Bucklin, Texas, former pastor of the church.

The prenuptial music will be rendered by Miss Rose Angell and Miss Kathryn Charlton of this city and Mr. W. L. Fleeman of Pratt, Kansas.—The Dalhart Texan.

Evening Bridge Club

The Wednesday evening Bridge club will meet tomorrow night with Mr. and Mrs. Geo. Wyckoff, 709 El Paso street.

Announcement

Circle No. 2 of the Women's Missionary Society of the Methodist church will meet with Mrs. Will Martine, June 27. All members are urged to be present and visitors welcome.

Homer-Ford

Tuesday of this week at the home of Dr. and Mrs. J. L. Guest of Plainview, Mr. J. H. Homer, of San Antonio, and Miss Ruth Ford, of Lockney, were united in marriage. The ceremony was performed at 8 o'clock a. m., and the happy young couple left on the 9 o'clock train for San Antonio where they will make their home.

The groom is a prominent business man of San Antonio, being president of the oil refinery. The bride has been practically raised in Lockney

and is the daughter of Mr. and Mrs. Frank H. Ford who are at present residing in California. She taught music in our public school this year and is quite talented in her profession. Miss Ruth has a wide circle of friends and acquaintances in this country who esteem her for her many graces and lovable character. The marriage, while coming as a surprise to her many Lockney friends, they are, nevertheless, one in wishing for her a long and happy life in wedded state.—Lockney Beacon.

Public Installation

Plainview Lodge No. 709 A. F. and A. M. and Plainview Chapter No. 228, R. A. M. will hold a joint installation Friday night at eight o'clock. Friends of the Order will be welcome.

Cline-Cavett

Seburne Cline and Miss Ella Mae Cavett were married Saturday afternoon at the Presbyterian Manse, Rev. H. E. Bullock, officiating. Both parties lived at Ralls.

Sunbeam Program

Sunday, June 26th, 3 P. M. Group I Opening song—"To the Work". Scripture reading, Deut. 10:12—

Thetis Boyd.

Instrumental music—Helen Ruth Reeves.

Scripture Reference, Math. 6:24—Curtis Lovelady.

Reading—Ella Marguerite Shelton.

Song—Marie and Maurine Warren.

Story—Murray Waller.

Sentence Prayers.

Benediction.

Episcopal Services

Rev. Milton Joseph Swift of Canyon held service Sunday morning at St. Marks Episcopal church. He will continue to come to Plainview on the first and third Sunday of each month during the summer.

On those Sundays services will be held at 10:30 a. m. On the alternate Sundays, Meade F. Griffin, lay leader for the church will hold services. All members of the Episcopal church in Plainview are urged to attend these services and the public in general will meet with a warm welcome.

The Guild meets on the first and third Mondays in each month.

The membership is increasing and garments are being made to send to a mission station. A choir is also being organized and much interest is manifested in the various departments of church work.

\$69.00 CASH AND MERCHANDISE GIVEN AWAY Absolutely Free for Best Acreage Wheat Yields in Hale County

No ifs or ands of this plan—as a Hale county wheat raiser you come to our store, register your name, amount of acreage and yield per acre. When harvest is over, two disinterested Judges will figure awards from this register. Since it is absolutely unfair to include yields from dry farming and irrigation in this contest, and since most of the total acreage is non-irrigated, irrigated yields will not enter into competition. No acreage under 20 acre plots will be considered. The idea is to encourage commercial wheat growing.

Winners will be announced in our advertising at the close of Harvest and lists of Entrants, their acreage and yields will be published at that time.

Four Awards will be made in this Contest as follows:

First Prize: \$20.00 in Gold.

Third Prize: John B. Stetson Hat.

Second Prize: Pair Justin Boots.

Fourth prize: \$10.00 in Gold.

This Harvest promises to be a big thing and we are going to make it a grand success. Your money will buy just THREE times as much at this store this harvest as you did one year ago. So buy what you want and buy it now.

Cecil & Company
