Plainview, Hale County, Texas, Friday, July 1st, 1921

Number 14

## WHERE CENTURIES OF HISTORY WAS MADE

MODERN THINGS COMING INTO CONTACT WITH 400 YEARS OF OLD

San Luis Potosi, Mexico, June 21.— Though a stranger in a strange land each of the two mornings that I have been in the republic of Mexico the song of an old friend has rang in my ears when I have awakened, for each morning it so happened that when the train was standing at a station and in the trees alongside the track mocking birds were singing their matin carola, and you know that we Texans consider the mocking bird the sweetest singer of all birds.

Monterey is the capital of the State of Nuevo Leon, and is a city of 10,000 people. About a hundred Americans live in the city, many of whom had to leave the states for committing some crime. There are more British than Americans, more Japs than British and more Germans than all other foreigners combined. They have the Foreign Club, where they gather and no prejudice seems to be held against the Germans by the other foreigners on account of the war. The club has game rooms, library, reading room, parlors, cafe and a bar, the latter seeming to be the most popular. Drinks and meals are served in the balcony.

A drive over the city was very interesting to me. The streets are narrow but well paved. There is a good street car system. There are numerous public buildings, such as the state house, the court house, city hall, penitentiary, courts of civil and criminal appeals buildings, and the great Catholic cathedral of huge proportions, high spires, beautifully carved exterior and more beautifully decorated interior, and numerous bells and chimes in the towers. In the outskirts a woman's university is being built, and I doubt very much if in the United States there is a finer main building nor more beautiful dormitories and faculty homes at any woman's university than are being erected here. There are many plazas and parks about the city, and also great triumphal or victory arches and of great men who helped to liberate Mexico from Spain. Quite a number of modern business houses and banking buildings are to be seen, and there is quite a good deal of building going on, which indicates that the Mexicans have quit fighting and gone to work, and that is a very progressive city.

**Home Life of the Mexicans**  
There are many beautiful homes with pretty grounds and flowers and vines and trees. Wealth and culture show themselves on every hand. The sons and daughters of the wealthy Mexicans are educated in the leading universities and colleges of the United States and Europe, and are as cultured people as can be found in the world. They are very exclusive and aristocratic. The men are the rulers of the affairs of the republic.

The well to do or middle class have more modest homes, which set flush with the streets, maybe a number of homes are built around an entire block, with few barricaded windows and doors facing the street, the buildings being of stone or adobe brick and flat-roofed. But behind each home is a court with trees, vines, shrubbery and flowers and likely a spraying fountain, and it is here the family lives, and I am told they live sane, happy lives.

**Important Commercial Point**  
This is a very important commercial point and its trade covers a great scope of country. There is mining in the mountains, ranching on the ranges agriculture in the valleys and irrigated sections. It is destined to grow rapidly now that peace has come to Mexico.

As an illustration of the new constructive policy of Mexico, in the railroad yards in Monterey, I saw two carloads of thoroughbred Holstein milk cows just received from the states to be distributed to dairy farmers.

Bananas, figs and oranges grow here, also many other fruits which I have never seen before.

**Climbing Toward Mountain Tops**  
Leaving Monterey at about three o'clock we began to climb the mountains and continued to do so until sundown, when we reached the top of the pass in the Lampasas mountains. I have been all over the Rocky mountains and the Coast ranges of the Northwest States, but I have never seen such evidences of great volcanic upheavals as I have seen here. Great quantities of granite and marble thousands of feet high have been thrown up by some great force. Oil men on the train say these upheavals caused the great oil fields of Tampico.

As we ascend we see irrigation ditches here and there, and small patches of crops, plowed with the oldest implements such as a crooked stick drawn by a donkey or an ox. Here and there great herds of goats

and a few sheep. The people live mostly in adobe huts and a few live in caves in the mountains.

After being pulled by two locomotives to the top of the gap a wider irrigated district is found, and there are larger patches of tomatoes, peppers and other crops, and there are beautiful trees and pretty drive ways. The houses are better, in fact some of them are pretentious. A large town is found, with a great grain elevator and flouring mill. We are now on the great plateau of Mexico, over five thousand feet high.

Coming up the mountains we noted the manner in which the people terrace the sides of the mountains, so as to conserve the little moisture that falls, so it will raise crops. This is the manner in which the ancients did, which shows that they were not as ignorant about agriculture as we would likely think. These people have been practicing irrigation for four hundred years, and old abandoned irrigation plants and ditches are to be seen most everywhere.

**Saltillo Gives Joyous Welcome**  
Our schedule was fixed so as to reach Saltillo, the capital city of the State of Coahuila, at 5 p. m., but we did not get there until after midnight. The city council and Chamber of Commerce had planned a great demonstration, but it was curtailed by our late arrival. However, the Municipal Band prominent citizens and officials were on hand to greet us. Speeches were made by members of our party and Saltillo citizens, including the principal of the high school, of commendation reciprocity and welcome. The speech of the high school man was quite able and sounded a high principle of peace, closer commercial relations, education and patriotism.

The party was then taken to the Alameda, where the band concert was continued, after which a stroll was enjoyed under the lights through this beautiful and progressive city of 45,000 people. There are numerous plazas and the streets are well paved and clean. The homes are nice and glimpses into them and the courts behind are interesting. The middle and higher class have their homes well furnished with handsome modern furniture. The windows are barricaded with strong iron bars, behind which one often gets a glimpse of a pretty dark-eyed Senorita.

There is a government built normal school here, which is housed in a handsome building fully four times as large as the Canyon Normal building. An English Woman's school is under construction to cost a million dollars. This city has a very large trade in minerals, cotton, cereals and cattle. About 100 Americans live here. The people are very friendly.

After leaving Saltillo last night, we were soon out upon the high Plains, where the air was cool and we were still cold. This morning found us on a plain of vast extent, Spanish daggers, bear grass trees twenty feet high, and a waste of desert, with but few miserable Mexican huts here and there. Barefaced women came to the train to sell us milk in bottles, baked bread, fruits and other eatables, but they made no sales, as it almost gave us the cholera to look at them in their dirtiness.

In the centuries ago this was a very fertile, thickly settled and prosperous country, so we are told, and the ruins of old buildings and towns, the broken down walls and fences, and the network of old irrigation plants and ditches prove it to be true. It was a thickly wooded country in those long ago days, but the people cleared away the forests and as they did so the rainfall grew less until it ceased, and the country became a desert and a reminder to the world that whenever a tree is cut down another should be planted in its place.

**San Luis Potosi Ancient City**  
At 8:30 in the morning our train arrived in the ancient city of San Luis Potosi, capital of the state by that name, and a great railroad center. It has 90,000 people, and is a very interesting city. A committee consisting of the mayor, the president of the Chamber of Commerce, and other prominent citizens met us at the depot, and escorted us to the municipal theatre owned by the state, a magnificent building covering a block and containing five thousand people, having six circles of seats besides the ground floor auditorium. The building is a very ornate one. In Mexico the government owns or at least partly owns the theatres, and looks after the amusements of the people, bringing European and American opera singers and companies here.

Then we were escorted to the Chamber of Commerce building, where we were welcomed in short speeches which were responded to. The entire body then visited the governor of the state in his palace. The governor is a young man, clean shaven, dark complexioned, and quite an able man. He responded to our greeting in very broken English and told how happy he was to have us in his city, state and nation.

The party then broke into small groups and we had a very genial

## BIG CELEBRATION WILL BE STAGED MONDAY, JULY 4, BY THE LEGION

### Many Interesting Feats in Store for Those Who Visit Plainview on the Fourth—Big Basket Dinner

Ray Blakemore Post, American Legion is planning big things for the Fourth. Seventeen Posts have been invited to take part in the parade and to be the guests of the local Post. Plainview's Bugle Corps and the well known Chamber of Commerce Boys Band will furnish the music.

Three families returned from Plainview's camp. Jake Burkett brings back big supply of fish stories—Saw Big Herd of Deer.

A. G. Hemphill, Jake Burkett, W. H. Morris and their families returned Wednesday from the Plainview camp site in the National Forest Reserve where they had been on a two week's outing. All are enthusiastic over the country around the Plainview camp and are unanimous that it is more than fulfills the reports given out by the locating committee. As a new road is being built to the Plainview site and it is now impassable, they camped on the Mora Creek, a short distance below the Plainview site.

All caught a good supply of trout, but Jake Burkett seems to have been the champion in this respect—at least his fish stories take the cake. He says—and other members of the party verify it—that he caught fish by the dozen and that some of them were whoppers. One measured fully fifteen inches and several were from twelve to fourteen inches in length.

The male members of the party did much hiking and while on the top of the famous Grass Mountain they saw a big herd of deer frolicking in a grassy opening below. They estimate that there were forty deer in the herd. They report good roads to the camp and especially that part of the route between Plainview and Las Vegas.

**PLAINVIEW TRIMS FLOYDADA 14 TO 5 BY HEAVY HITTING**

Plainview batters showed little respect for the much touted "Lefty" Hubbard and pounded his deliveries at all corners of the lot in the first of a three game series with Floydada during the round-up and rodeo being held there, winning it fourteen to five. The Plainview boys started the big stick work early and never let up their efforts until the nine innings. In the meantime, Frank Helm, the local lat twirler, had the Floydada batters eating out of his hand and at no time was he in serious danger.

Graves lifted the ball over the right field fence in the last inning for a home run, scoring three men ahead of him. Brashear also had a good day, getting three hits out of four efforts.

Every member of the Plainview team was a home boy, while Floydada had a wicked aggregation of stars from all parts of the state.

**REAL ESTATE TRANSFERS**

B. W. Burns and wife to F. D. Young, a part of the Poliet Smith homestead survey in town of Plainview; consideration, \$1,275.

E. M. Carter and wife and D. Hefelfinger and wife to O. C. McClain, 10 acres of section 6 in block D-4, in Hale county; consideration, \$3,400.

J. H. Slaton and wife and E. M. Carter and wife to W. G. Willis, lots 7 and 8 of block 74 in Highland addition to town of Plainview; consideration, \$200.

J. Y. Riley to E. D. Carter, lots 8 and 9 of block 77 in the town of Abernathy, Hale county; consideration, \$2,700.

The water is very low in the reservoir, as no rain has fallen in the city for eleven months and not a good rain for eighteen months. However, just after our train left the city there was a cloud burst of rain and hail, and I am hoping it was sufficient to help Sam Luis Potosi, for the people were so hospitable and entertained us so courteously.

By morning the train was among the clouds, for the City of Mexico, is 7,400 feet above sea level, with Popocatepet's perpetual snow top gleaming in the sun several thousand feet higher than Pike's peak. As we drew near the city the farms increase in number until they join each other everywhere. Soon the Castle of Chapultepec, the most wonderful building on the Western continent and the official residence of the president is to be seen.

J. M. Adams.

## PLAINVIEW MUST HAVE CAMPING GROUNDS

Tourists and persons traveling in wagons through the country are boycotting Plainview because there is no camping ground available with the necessary facilities for the comfort and conveniences of travelers. The boycott should and will continue as long as there is no such site. The neighboring towns are getting the trade that would come to Plainview if there was a camping ground within the city limits with shade and water for the use of the tourists.

The News does not know where the fault lies. It merely urges that the fault be remedied.

It may be nobody's business, because it is everybody's business. Everyone claiming Plainview as their home is interested in its reputation for good, therefore, let the powers-that-be, whoever they are, take the matter in hand and see that Plainview has a camping site for the hundreds of travelers who go through this country every summer.

## PLAINVIEW FACES CAR SHORTAGE IN GRAIN SHIPMENTS

With the shipment of the new wheat crop just started, there is already a serious grain car shortage in Plainview. Several elevators are now filled to capacity and others are being filled rapidly. The same condition is said to exist on the branch lines from Plainview to Lockney and Floydada.

Local grain men estimate that at least twenty cars per day will be needed for thirty days and that fifteen cars per day will be needed for several months. Practically all grain from Hale and Floyd counties is being shipped to Galveston for export.

Federal Grain Inspector Wallace of Plainview is now inspecting from forty to sixty cars of grain daily. During the past week it has been necessary for him and his assistant to work day and night to handle the heavy shipments.

All of the grain is showing a high weight test, although the presence of moisture is causing some of it to be graded low. The majority of shipments, however, are testing a strong No. 1. The continued dry weather is causing shipments to improve in test and unless heavy rains fall before the remainder of the wheat is cut, Inspector Wallace believes that practically all of it will test No. 1.

## RELIEF FOR CAR SHORTAGE PROMISED FOR LOCKNEY

Washington, D. C. June 30.—At the request of the Panhandle-Plains Chamber of Commerce at Amarillo Representative Jones of Texas today appeared before the Interstate Commerce Commission and the American Railway Association, car service section and urged that steps be taken to relieve the extreme car shortage situation in that section, which is centering on Lockney, Texas.

Investigations were promised both organizations.

## SEXTON IN TIPTOP SHAPE FOR BATTLE WITH NELSON

"Bo" Sexton, Plainview's pride as a boxer, is now in the pink of condition for his bout with "Young Bat" Nelson of San Francisco, here the night of July 4. Sexton and "Clever Joe" Denton, the Tahoka terror, have been working out together for the past three weeks. They have gone through a daily grind of work which has amply prepared each for a fast encounter.

Sexton suffered an injured limb in practice bout with Denton early this week, but it has entirely healed and will give him no trouble in the match.

Nelson comes to Plainview with a formidable record of knockouts and closings, but Plainview fans believe the home boy will be able to more than meet him on equal terms. Any way, everything points to a rattling good match when the two meet.

## Will Hold Reunion

The Swisher County Old Settlers' Reunion will be held in Tulia July 16 to celebrate the organization of the county. The picnic will be under the auspices of the American Legion Post

## Randall Wheat Looks Good

Canyon, June 29.—Reports from farmers in this county who began cutting wheat with combines say that the quality of the grain will be fine, while the production is exceeding expectations of the farmers. With the clear weather now prevailing numerous machines are starting and expect to run day and night until the end of the season.

## Ice Will Be Cheaper

Beginning today, July first, the price of ice in Plainview will be lowered twenty per cent. It will be cheaper and more of it. A new section of the plant will soon be finished. It has a 25 ton capacity which gives to the plant a total capacity of forty tons of ice per day.

## EXCURSION OFFICERS FOR 1922 ELECTED BY C. OF C.

NOON LUNCHEON WILL BE HELD JULY 13 INSTEAD OF REGULAR NIGHT SESSION

At the regular meeting of the Chamber of Commerce Tuesday night officers and directors of the 1922 Plainview Trade Excursion were elected. A. E. Boyd was made general director and C. A. Pierce was elected as assistant general director. J. G. Chaney was re-elected treasurer and Homer Looper was named as general purchasing agent. Directors of departments elected were Sid P. Miller, publicity and T. C. Shepard, transportation.

The general director will name as many special assistants as may be needed and each director will name members of his department to assist in the work of that department. The treasurer is to name the finance committee to raise the necessary funds for expenses. In order to have a more equitable settlement of all bills, the purchasing agent will appoint a committee of three to investigate and pass on all bills before they are presented to the treasurer for payment. Purchases made by any department must be approved by the general purchasing agent.

**Will Try Luncheon**  
The expressed desire of many members to change the regular meeting time from nights to a noon luncheon resulted in a decision to have the next regular meeting, July 13, during such a luncheon. S. P. Miller and Secretary Boswell were instructed to make arrangements for this meeting. The first luncheon will be largely an experiment and if it proves successful in bringing out an increased attendance it is probable that it will be made the permanent meeting time.

**Watson In Charge of Membership**  
J. E. Watson was elected chairman of a permanent membership committee. He is to select the members of his committee and with them make a membership drive soon. He started the work early and secured several new members immediately after the meeting.

A contract between the Chamber of Commerce and G. A. Wright, director of the Chamber of Commerce Boy Band was approved by the organization.

The meeting Tuesday night was well attended and all present entered discussions and activities with enthusiasm. It is hoped to make the luncheon next meeting time the best meeting yet held by the organization. Every member and prospective member is urged to make a reservation for the luncheon with Mr. Miller or Secretary Boswell at once.

## NEW WHEAT IS MOVING RAPIDLY

Yesterday was a big day at the Plainview Exchange. Fifty-two cars of wheat were inspected by J. B. Wallace, grain inspector. This gives a total of 415 cars inspected during the month of June.

Twenty-five cars were loaded yesterday, June 30, showing that wheat is on the move. The yield is much better than expected and threshing in some of the fields is going on with the harvesting.

The greatest difficulty the farmers say, is in getting hands. One farmer was heard to say this morning that he has had hands to quit in the middle of the afternoon when the need was the greatest. This too at the rate of \$3.00 a day and plenty of good chuck. And still men are out of jobs.

## Carter-Houston Co-operative Ass'n.

Honor Mr. and Mrs. A. C. Bledsoe  
Mr. and Mrs. A. C. Bledsoe, whose recent marriage at Abilene was quite a society event in that city, were the guests of honor Tuesday night at the home of Mr. and Mrs. Guy Pryor.

The members of the Carter-Houston Co-operative association, of which Mr. Bledsoe is a prominent member, were the promoters and hosts of the pleasant affair. Sweet peas and nasturtiums were the decorative flowers. Forty-two and other games were played until the hour for refreshments, when brick ice cream and cake were served to the following guests:

Messrs. and Mesdames A. C. Bledsoe, Ray Ivey, J. E. Sheon, Ellis Carter, George Bennett, Guy Pryor, Mesdames C. D. Boyd, Nell Dorsey, Charles Clack, Earl Sparks, Misses Fay and May White, Willie Young, Anna Walter and Messrs. Clinton Walter and Allison Chambers.

Later a business session was held at which the following officers were elected: Guy Pryor, president; Mrs. C. D. Boyd, vice president and Miss Anna Walters, secretary and treasurer.

S. C. Auld is in Crowell this week on business.

# PLAINVIEW

## WEST TEXAS AMERICAN

CONTESTS OPEN TO EVERY POST IN

### OLD FASHIONED BASKET

BRING A FULL BASKET AND ENJOY AN OLD TIME

#### EX-SERVICE MEN'S PARADE

In the ex-service men's parade there will be sections for visiting delegations of the American Legion (seventeen posts are expected to be represented), sections for men in uniform and in "civies." If you have a uniform, wear it. If you haven't a uniform, wear your divisional or corps insignia. Every ex-service man; whether a Legionaire or not, is invited.

#### PARADE WILL BE HELD AT NOON

Ex-service men's section will be followed by section filled with cars exhibited by members of the Plainview Automotive Dealers' Association. Next following will be sections for general public.

American Legion Bugle Corps, Plainview's famous Chamber of Commerce Boys' Band will furnish music.

#### BOXING BOUT

Between "BO" SEXTON of Plainview and YOUNG NELSON of Amarillo, Texas

A good clean event and the Ray Blakemore Post vouches for it. If you are a lover of the art—the good old clean, manly Army pastime you'll enjoy this event.

Wrestling bout to precede the boxing bout.

#### Joe Snyder will appear

This will be a good event.

#### FIREWORKS DISPLAY

Between the bouts outlined above there will be a big fireworks display. Holders of seats will be in most advantageous position to see the fireworks.

#### \$100 IN PRIZES

The Ray Blakemore Post, No. 260, American Legion, is open to any post in the Southwest and prizes are divided as follows:

**\$5**

For Best Set of Color Guards

**\$2**

For Second Best Set of Color Guards

**\$2**

For Best Delegation by Sign

Posts which cannot send color guards may exhibit more Post, American Legion, and color guards will be judged.

Legionaries, let's make this a big event for the Southwest and we'll meet you fifty-fifty when you need us.

#### LET THE SOUTHWEST LEGION

Everybody trying to show everybody else a good time

## Citation of Publication

**STATE OF TEXAS.**  
To the Sheriff or any constable of Hale county—GREETING:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Hale if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, William Ryan, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Hale, at the court house thereof, in Plainview on the 1st Monday in August 1921, the same being the 1st day of August, A. D. 1921, then and there to answer a petition filed in said court, on the 24th day of May, A. D. 1921, in a suit numbered on the docket of said court No. 1944, wherein Wm. H. Kammerer is plaintiff and C. H. Williams, Clarence Schulz and William Ryan are defendants. The nature of the plaintiffs demand being as follows, to-wit: **STATE OF TEXAS.**  
County of Hale.

In the District Court of Hale County, Texas, 64th Judicial District, August term, 1921.

To the Honorable F. C. Joiner, Judge of said court:

Comes now Wm. H. Kammerer, plaintiff, and a resident of the City of Kalamazoo, Michigan, complaining of C. H. Williams, Clarence Schulz and Wm. Ryan, defendants, the first and second of whom are residents of Hale county, Texas, and the other is a non resident of the state, whose residence is unknown to plaintiff, and as grounds for such complaint represents to the court as follows:

**FIRST.** That on or about the 3rd day of February, 1920, defendant Williams, executed and delivered to Plaintiff a series of seven certain promissory notes, signed by the said Williams and payable to plaintiff or order of the First State Bank of Abernathy, Texas, each in the sum of \$396, dated as of that date, and due respectively on or before 1, 2, 3, 4, 5, 6, and 7 years after date and bearing interest payable annually at the rate of 6 per cent per annum from date until paid, and providing that all past due interest on each of said notes shall bear interest after the annual maturity thereof until paid at the same rate as the principal; and each providing that a failure to pay same, or any installment of interest thereon when due, shall at the option of the holder of said series of notes or any one of them, mature all of said notes and they shall at once become due and payable; and in each of said notes it is further provided that if same is not paid at maturity and is placed in the hands of an attorney for collection or suit is brought to collect same, ten per cent, additional of the principal and interest then due shall be added thereto as attorney's fees, by reason of all of which the defendant Williams became bound, and promised to pay to plaintiff the several principal sums in said notes specified, together with the interest and attorney's fees, according to their face and tenor, effect and reading.

**SECOND.** That said notes were given as aforesaid as part of the purchase money for eighty acres of land out of Survey No. 73, in block A-4, certificate 727, T. T. Railway Co. situated in Hale county, Texas, more particularly described as follows, to-wit: Beginning at a point in the East line of said section 73, same being the Southeast corner of the tract set aside to A. S. Cates under partition proceedings in Cause No. 907, in the District Court of Hale County, Texas, styled Lillie P. Lockwood vs. A. S. Cates et al, and being 22,807 2-10 vrs. South and 3,801 8-10 crs. East of the Southwest corner of Section 2, block A-1 (otherwise known as the Bottle corner) thence west with the South line of the 107-acre tract set aside to said Cates in said proceedings, 796 vrs. to the Southwest corner of same for the Northwest corner of this tract; thence South 192 9-10 vrs. same being the Southeast corner of the tract set aside to said Lillie P. Lockwood in said partition proceedings; also the most easterly northwest corner of this tract; hence west with the South line of said Lillie P. Lockwood tract, 154 4-10 vrs. to the Northeast corner of a tract of 160 acres set aside to Arabelle Allingham in said partition proceedings, also the most westerly northwest corner of this tract; thence south with the East line of said Arabelle Allingham tract 314 7-10 vrs. to a point, thence East 710 8-10 vrs. past the northwest corner of the tract set aside to Frank L. Ellen M. and Catherine G. Fitzsimmons in said partition proceedings, in all 950 4-10 vrs. for the southeast corner of this tract, thence north with the east line of said section 73, 507 6-10 vrs. to the beginning, same being the land set aside in said partition proceedings to Frank, Kate and John T. Ollingham.

conveyed to the defendant Williams by plaintiff, by deed of like date with said notes, and in such deed a vendor's lien was retained to secure the payment of said notes.

**THIRD.** That subsequent to the execution and delivery of said notes and said deeds the defendant Williams conveyed said land to defendant Clarence Schulz, in which deed conveying said land to said Schulz by said Williams said Schulz assumed the payment of said notes and as part of the consideration for such land in said deed from said Williams to said Schulz said Schulz executed to said notes, the amount of which plaintiff does not know; and thereafter and

subsequent to said conveyance by said Williams to said Schulz, the latter conveyed said land to defendant William Ryan, and in said conveyance, as part of the purchase money for said land, said Ryan executed certain purchase money notes therefor, retaining in said conveyance, a Vendor's Lien to secure the payment of such notes, the date of such conveyance, notes, and the amount of such notes and the maturity thereof, plaintiffs does not know at this time, and that said purchase money notes executed by said Schulz to said Williams, and by said Ryan to said Schulz constitute a second and inferior lien upon said land to that of plaintiff's thereon.

**FOURTH.** That in assuming the payment of plaintiff's said notes as aforesaid by said Schulz, he, hereby, became bound and liable to plaintiff and promised to pay plaintiff said several principal sums, together with the interest and attorney's fees thereon.

**FIFTH.** That said notes were seasonably presented to said bank for the payment of the principal sum of the first to mature, together with interest on all of them, which payments, the defendants failed and refused to make, by reason of which, plaintiff declared all of said notes due and payable and placed them in the hands of W. W. Kirk, an attorney at law, for collection, and agreed to pay him a sum of money equal to ten per cent of the principal and interest due, which sum is the usual and customary fee in such cases, and is a reasonable sum or compensation for his services herein.

**SIXTH.** That said notes are past due and unpaid, and although heretofore requested, defendants have failed and refused and still refuse to pay same or any part thereof to plaintiff's damages.

**WHEREFORE,** premises considered, plaintiff prays that the defendants Williams and Schulz be cited to appear and answer herein, and plaintiff's attorney having duly represented herewith, the required affidavit in such cases, prays that the defendant Ryan be cited by publication, as is by law provided in such cases, and that upon hearing hereof, he have judgment against said Schulz and Williams for his debt, interest and attorney's fees, and for foreclosure of his lien as against all of the defendants and for order of sale as is provided by law in such cases, and for all costs of suit, and for such other and further relief, special and general, in law and equity, that plaintiff may be entitled to.

W. W. KIRK,  
Attorney for plaintiff.

## Oil Pulls are Built to Last

The supreme endeavor of the makers of the Rumely Oil Pull tractor has always been, and always will be, to build into each machine such perfection that even under the roughest use and abuse of farm work it will establish a record of dependability, economy and long life that can be equalled only by other Oil Pulls.

That's why there are hundreds of 10, 11 & 12 year old Oil Pulls still on the job.

## ENROLL NOW

Young women are now filing their applications with the Temple Sanitarium Training School for Nurses for entrance in the June class.

If you are a young woman of average intelligence, physically strong and of good moral character, we are interested in you. If you wish to earn your own livelihood; if you care to receive a training that leads to a profession much in demand, we wish to advise you to become a nurse. The nursing field is broad, and the demand is far greater than the supply.

When you are a graduate of The Temple Sanitarium Training School you are assured of a place in the nursing profession. Board and tuition free, with a monthly allowance while you are receiving your training. Write today for illustrated booklet. Address Miss Wilma Carlton, R. N. Supt. of The Temple Sanitarium Training School for Nurses, Temple, Texas.

## CYLINDER GRINDING

We do cylinder and crankshaft grinding by the same method as used by factories. And with accuracy and finish second to none.

Don't put new pistons in your motor without having your cylinders reground. You will then have new true cylinders.

If we grind your cylinders and fit your pistons you will get the same life and efficiency that you would get from a new motor.

Remember that grinding is the only method used successfully today to finish fine machine and tool work. Our new prices on this work will interest you.

## LIVED UP TO THEIR NAME

Few Able to Penetrate the Disguise of the "Mystery" Ships During the Great War.

The mystery ships were so effectively disguised that even the most experienced eyes could not discover their real character. For weeks they could lie in dock, the dockmen never suspecting that they were armed to the teeth. Even the pilots who went aboard to take them into harbor never discovered that they were not the merchant ships which they pretended to be. Captain Hanrahan, who commanded the American mystery ship Santee, based on Queens-town, once entertained on board an Irishman from Cork. The conversation which took place between this American naval officer—who, in his disguise, was indistinguishable from a tramp skipper of many years' experience—disclosed the complete ignorance of the guests concerning the true character of the boat.

"How do you like these Americans?" Captain Hanrahan innocently asked.

"They are eating us out of house and home!" the indignant Irishman remarked. The information was a little inaccurate, since all our food supplies were brought from the United States, but the remark was reassuring as proving that the ship's disguise had not been penetrated.—Admiral Sims, in World's Work.

## FLYERS IN DOUBLE DANGER

Wild Beasts Added to Ordinary Perils of the Air in Service in East Africa.

In East Africa it was almost impossible to find any open ground suitable for an airdrome, and space had to be cleared in the dense bush sufficient to allow a skillfully piloted machine to rise and land, writes Maj. W. T. Blake in the Wide World Magazine. Frequently the airmen were away from headquarters for weeks at a time, dropping their reports in message bags at headquarters and then returning to their lairs in the bush. Lions and leopards attacked the camps and waited for anyone who dared to move far from the tents at night; on at least one occasion elephants charged down upon an airdrome and did tremendous damage.

A forced landing in the bush meant almost certain death, for even if pilot and observer survived the crash it was highly probable that they would lose themselves in their efforts to return, or be killed by wild beasts during the journey.

## CALF'S FATAL MISTAKE.

Thomas Gerloch, farmer, near Redding, Cal., is grieving over the death of what he asserts was the most valuable calf in California. The calf was permitted to roam at will over the farm because it protected the chickens against hawks, says Gerloch.

Every time a hawk would flash down from the sky to grab off a chicken, the calf was on the job, ready to give battle and frequently there were fierce fights between calf and hawks.

One day lately Lieutenant Goodrich from San Francisco was flying over the farm in an airplane when his engine went dead, and he was forced to land. The calf had been watching the great plane, apparently believing it some new sort of hawk, bent on a hen raid.

As the plane landed the calf dashed up. The propeller still was spinning. Before Lieutenant Goodrich could leap to the ground and chase the animal away the calf had butted the machine in the nose.

## SHORTEST NAME IN ARMY.

Hawaii has the distinction of having provided the United States army during the war with the soldier with the shortest family name. The name is "Ii," not unusual there, but so interesting to the war risk insurance bureau at Washington that a publicity story is sent out about it.

The story says that of the 4,500,000 soldiers, sailors and marines whose names are on file in the bureau's offices, the shortest family name was borne by two soldiers from Hawaii. Both bore the name of "Ii."

## A PUZZLE.

"Everything is in a ferment just now."

"Then what do you suppose the prohibitionists will do about it?"

I've tried them all but give me a Camel

I'm through experimenting. No more switching. No more trying this and that. It's Camels for me—every time.

They're so refreshing! So smooth! So mellow mild!

Why? The answer is Camels exclusive expert blend of choice Turkish and Domestic tobaccos. There's nothing like it.

No other cigarette you can buy gives you the real sure-enough, all-day satisfaction that comes from the Camel blend. Camel is the quality cigarette.

Give Camels a tryout. Buy a pack today. Get your information first hand. You'll tie to Camels, too.

R. J. REYNOLDS Tobacco Co. Winston-Salem, N. C.

# Camel

## RUB IT ON A LITTLE THICKER GIRLS, FOR IT LOOKS LIKE RAIN

Yes, she was at least twelve years old, and her face, that is her lips and cheeks were redder than a turkey gobbler's snout—and she really thought she was pretty, and smart—good to look it. She hobbled down Polk St. carrying a look just as serious as that of her grandmother. It was not a difficult task for even a nut of our type to note that she was pretty well pleased with herself.

Indeed, this is a great old world, but a lot of people are certainly abusing themselves. It is a sin, a shame, and a disgrace for a child to pass over the path's of childhood without living. There is no good reason why they should become adults, before they reach their teens. They are merely robbing themselves of that pleasure which rightfully belongs to them. If, by chance they do not smother out their own lives before they reach manhood and womanhood, they will have a sufficient number of years to live as grown-ups. And, then, too, it will be too late for them to enjoy the pleasures which go hand-in-hand with childhood.

This little child we mention is in truth a babe. If she is an orphan, and has never known a mother's love; if she has never been given an opportunity to learn those things which are so necessary, or if she has a mother who will fully permit her to live as she is now living, God knows she is to be pitied. In all probability she will never read these lines, and so far as we are concerned it may be well that she does not. Yet, there are others.

Little girls, and big ones too, we want to say that if you are painting because you think it improves your looks or appearance, or because men like to gaze upon your hand painted mug, you are mistaken. Honestly, many really beautiful girls mar themselves with an over supply of paint

and powder. They spread it on so thick that it can very easily be scraped off with a stick, and their otherwise face resembles a circus poster.

Plain Dealer is not kicking, for it's none of our business, but it's simply awful for young girls—mere babies—to begin painting before they know they are blighting their own lives.—Plain Dealer.

## Citation of Publication

THE STATE OF TEXAS.

To the sheriff or any constable of Hale county—GREETING:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Hale if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, C. S. Boyd whose residence is unknown, to be and appear before the Hon. District court, at the next regular term thereof, to be holden in the County of Hale, at the court house thereof, in Plainview on the first Monday in August, 1921, same being the 1st day of August, 1921, then and there to answer a petition filed in said court, on the 17th day of December, A. D. 1920, in a suit numbered on the docket of said court No. 1885, wherein O. M. Cox is plaintiff and C. S. Boyd, Fred Batchlor and V. G. Woodruff are defendants. The nature of the plaintiffs demand being as follows, to-wit: Plaintiff sues defendant Boyd to recover on two notes, one for \$750.00, and the other for \$250.00 which bears a credit of \$195.00, both notes dated August 9th, 1920, both providing for 10 per cent interest per annum from date and 10 per cent attorney's fees; plaintiff alleges further that said indebtedness was secured by a chattel mortgage given by said Boyd to plaintiff on the following personal property: 1 15x30 Rumley tractor, 1 oil tank, 2 section 5 disc plows, 1 roan horse, 16 1-2 hands high, 8 years old, no brand; 1 gray horse, 10 years old, 16 hands high, no brand; 1 black mare, 16 hands high, 8 years old, no brand; 1 brown horse, 16 hands high, 7 years old, no brand; 1 sorrel horse, 15 hands high, 8 years old, no brand; 1 bay horse 18 1-4 hands high, 7 years old, no brand; that under the terms of said mortgage said indebtedness has matured; that defendants Fred Batchlor and V. G. Woodruff are claiming some interest in or a lien upon said tractor and plows which is inferior to plaintiff's and asking for judgment for his debt and foreclosure of his lien.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Plainview, Texas, this, the 15th day of June, A. D. 1921.

W. D. DABBY,

Clerk District Court, Hale county, Texas.

By M. Della Ansley, deputy.

## Cigarette

No cigarette has the same delicious flavor as Lucky Strike. 300253 Lucky Strike is the toasted cigarette.

## DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Plainview case.

Mrs. T. R. Alexander, says: "My back was so sore and lame I could hardly stoop over to do my work and it just ached all the time with a steady, bearing-down pain. At times, the pains would shoot up through my shoulders. When I bent over, I would get dizzy and little black specks seemed to float before my eyes, blurring my sight. I also suffered from severe headaches. My kidneys were weak and acted irregularly. I was advised to try Doan's Kidney Pills and purchased a supply from R. A. Long's Drug Store. They gave me instant relief, regulated my kidneys and put me in fine shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Anderson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

# ATTENTION

We will be glad to meet our friends in our new location in room 8 over Third National Bank. Come in and list your property with us. We are expecting some buyers from the east soon, if you have a bargain, see us.

Do you want a good suburban home? We have two worth the money and can handle a good car on each of them as part payment. One good five room house, 75 ft. east front, good neighborhood, only \$3250.00. This is a bargain. Better see us at once.

We have three quarter sections, that are worth the money, for sale and can handle a home in Plainview on each of these; also have a good home to put in as first payment on a half section. What have you to offer?

160 acres of as good land as is to be found in Hale county at \$35.00 per acre with \$1600.00 cash, balance 1 to 5 years at 6 per cent. This is a bargain, got a foot of waste land, and in 1 1-2 miles of good two teacher school.

Several black land farms to exchange for Plains lands. Also good lands to trade for income property. Give us a list on your lands.

## Sloneker & McInnish

### PERSONAL MENTION

Miss Willie Young returned Tuesday from a visit to Lubbock and Post City.

J. L. Dorsett of Corpus Christi, who lived in Plainview for many years is here this week shaking hands with his many friends.

Mrs. L. Staar left yesterday morning to visit her parents at Des Moines, Iowa.

Meade F. Griffin went to Tulsa yesterday.

Mrs. F. W. Vanderpoel and children, of Plainview are here this week visiting at the home of Dr. Lattimore.

Miss Nancy E. Kritzer, Nutrition worker for the Red Cross, left this morning to spend her vacation at her home in Taylor.

Mr. and Mrs. E. H. Perry left Wednesday for Temple where she will undergo an operation for appendicitis.

Mr. and Mrs. C. D. Boyd and Mr. and Mrs. Ray Ivey will leave next week on a camping trip to the mountains in Colorado.

### WEIGH YOUR COAL

I have been advised from several sources, that some of my competitors who cannot stand the Gaff of legitimate competition are resorting to unscrupulous and crooked methods of getting business, but putting out and circulating false reports regarding my weights of coal.

Customers and men who have dealt with me for years know these to be lies, and only an unprincipled and crooked effort to get business.

Parties buying coal of me, will do me a favor by having their coal weighed on the public scales, and should my weights not be substantiated to their satisfaction, bring the coal back and get your money, and also pay for your trouble.—E. T. Coleman, Coal & Grain Dealer. 14-2t

Resolutions of Sympathy for the Living and of Respect to the Dead (From the Baptist Sunday School)

Whereas, our Heavenly Father has taken to be with Him, little Clayborne Formby, one of our Sunday school pupils, whom we shall miss, but we

realize that God doeth all things well; Therefore, be it resolved, that we as a Sunday school and the class of which he was a member especially express our deepest sympathy to his bereaved father, mother, brothers and sisters in their great bereavement and commend them to our Heavenly Father, who is able to comfort and cheer their hearts in this sad hour.

2nd. That a copy of this resolution of sympathy be sent to the family.

Committee—

Mrs. R. E. L. Farmer,  
Mrs. S. W. Smith,  
Mrs. J. M. Malone.

### LIBERTY

June 30.—The elevator at Finney Switch, is showing up, helps the looks of the country.

Little James Seipp was seriously ill last Friday driling Seibert fly poison. He was ushered to a doctor, where medical attention was given him. He is getting along nicely.

Mrs. Geo. Gains is with her sister, Mrs. Willie Wise, east of Kress during harvest.

Will Rogers of New Mexico did not know the dump just northwest of Finney Switch was impassible to get through, the water having been over it for several weeks. He drove into it with his team to a covered wagon, one horse slid off and was drowned. Seems as if some kind of a sign should be placed on these dumps to prevent such accidents. Mr. Rogers is now at work for Geo. Wilson until he can replace his horse, as he only had the two.

Headers are running both early and late and several of them run all day Sunday.

There will be Sunday school and church Sunday at this place.

Mrs. J. G. Seipp and daughter, Miss Dora, called on Mrs. Clifton Fuller Thursday afternoon. She is a patient at the Plainview Sanitarium.

Miss May Parks spent one day last week with Dianna Groff.

Mr. Dick Phillips of Eastland is employed by Rayford Davis.

Miss Frances Seipp spent Monday night with Eula Mae Sloneker of Seth Ward.

Z. Bickwell and family of near Kress spent Sunday with his parents.

A number of our people were shoppers in Plainview Saturday night.

Rayford Davis and family and Clifford Groff spent Sunday at the Dawson home near Silverton.

O. M. Wells of Sweetwater spent Wednesday night with C. P. Seipp.

Miss Jessie Hobbs of Plainview is spending this week with her sister, Mrs. Dee Alexander.

Mrs. M. B. Davis of Waco is here to spend the summer. She is a well known newspaper woman, having at one time been connected with the Dallas Morning News and the Waco Times-Herald.

## CHURCHES

### First Christian Church

The pastor will preach on "Who's Who In the Kingdom Come," next Sunday at 11 a. m. Everyone is most cordially invited.

G. W. DAVIS, Pastor.

### Pluggers Class

The Pluggers were indeed glad, their teacher, Mr. R. A. Underwood, was able to be with them again Sunday. While he did not teach the lesson his presence among us was inspiring.

It was a great pleasure to have as visitors, the Wesley Girls Class, to listen with us to the splendid message Mrs. Erwin delivered, also to the beautiful solo by Mr. Fraser.

### Services at the Baptist Church

There were 350 in Sunday school in spite of the rain right at Sunday school time. The congregation at the morning hour was large but not so large at night. The pastor preached at both hours and Mrs. Knoohuizen sang and Miss Mary Ruth Matthews played the offertory at the morning hour and at night Miss Lura Miller sang and the orchestra gave the offertory. There were two additions at the morning service.

We had more than sixty in prayer meeting Wednesday night, but we are counting on one hundred next Wednesday night.

All services next Sunday as usual. The pastor will preach at both hours. The choir and orchestra will be in their places to render good music and special numbers will be arranged. You are invited.

HARLAN J. MATTHEWS, Pastor.

### Wesley Girls Met With Pluggers

The Wesley Girls of the Methodist Sunday school met with the Pluggers on last Sunday morning, by special request.

Mrs. Erwin of the Evangelistic party, met with the classes and gave them a very inspiring talk. Mr. Fraser of the Evangelistic party closed the session with a gem of a song, which was thoroughly enjoyed by the young people.

It is the aim of the Wesley Girls to have a very enthusiastic season of summer work. All the young ladies and young married women of Plainview and any guests that may be in our city over Sunday are most cordially invited to meet with the class every Sunday morning at 9:45.

Reporter.

### Circle No. 2 of Methodist

Missionary Society Meets

Circle No. 2 of the Methodist Missionary Society met Monday afternoon with Mrs. Will Martine, with Mrs. Bell and Mrs. O. R. Martine as hostesses.

Thirty-three were present, including one new member and five visitors. We had a very interesting Bible lesson conducted by Mrs. A. B. Miller. Thirty-four visits reported to sick and strangers. Collection for dues and refreshments, \$13.30.

The next meeting will be with Mrs. A. B. Miller, July 25th, at 3:30 p. m.

After the business of the circle was disposed of the hostesses served delicious refreshments of cake and ice cream. We had a very pleasant social hour.

Reporter.

### LAKEVIEW

June 29.—Harvesting is progressing nicely in this community. Some are thrashing as they cut, which is a great time saver.

Last Sunday was Children's Day at Pierce's Chapel. A nice program was rendered by the children, which was enjoyed by those present. Dinner was served on the ground. We think each one present fared sumptuously. There were several visitors from Abernathy, Petersburg, and other places. We are always glad to have them and hope they will come again. In the afternoon we had some interesting talks on Sunday school work by Revs. Hembra and Howell of Abernathy. Miss Jesse Boyd of Petersburg sang a beautiful solo.

About four o'clock Sunday afternoon the funeral services of Miss Dorel Landers were held at Pierce's Chapel. Interment at Pierce's cemetery. She had been sick for some time.

Miss Willie Whitfield of Plainview visited Mrs. R. B. Havenhill and family last week.

A swimming party was enjoyed by quite a crowd of young people in the pool near Bob Elliott's one night last week.

Garry C. Thomas of Abilene is a visitor in the home of his aunt, Mrs. W. H. Gregory.

Mr. Lu. Scott, who was called to the bedside of his wife in Temple has returned. Mrs. Scott is better.

Mr. and Mrs. Goldston are spending awhile in New Mexico on account of the latter's health. She is suffering from nervous prostration, we hope the visit will be a benefit to her.

Mrs. R. B. Havenhill and Miss Willie Whitfield of Plainview, who was visiting her, were real sick last Wednesday. They had ptomaine poison, caused, they think from eating salmon.

Miss Mae Hardin was a business visitor in Abernathy Tuesday.

Judging from the number attending the Sunday night prayer meetings at the school house, quite an interest is being taken in same.

Mrs. Harry Ragland and children

## We Can Prove It With a Dozen New EDISONS

We did prove it,—absolutely and conclusively,—with a single New Edison. You know we did,—from the results of the test made Monday night, June 13th at the Baptist church, when Helen Davis and Sibyl Sanderson Fagan, compared their singing and whistling with its RE-CREATION by the New Edison.

We can prove it again,—with any other Official Laboratory Model in our store.

Monday, June 13th, marvelous exhibition was not the achievement of a special New Edison. It was simply a regular performance for any Official Laboratory Model.

## The NEW EDISON "The Phonograph with a Soul"

Buy one of these Official Laboratory Models on our easy payment Budget Plan. Then you have the one phonograph that sustains the one vital phonograph test. Then you have music so perfectly RE-CREATED that you feel that you are listening to living artists.

We guarantee that any Official Laboratory Model, which you select from our stock, will do everything which was done by the instrument used in Monday, June 13th, test.

## McMillan Drug Company Plainview, Texas

JUST A FEW LEFT

Every one who selects his Official Laboratory Model now, receives one of these handsomely engraved documents, which certifies over the signatures of Helen Davis and Sibyl Sanderson Fagan that such instrument is the equal, in every respect, of the instrument used in their test. The artists have personally inspected all the Official Laboratory Models in our store.

# REINKEN'S The Home of Good Clothes

Prices are low compared with one year ago.

See our window and be convinced. For instance a suit retailing for \$65.00 a year ago is now selling for \$40. Shoes that were selling for \$16.50 and \$17.50 one year ago can be bought now for \$10.00 in calfskin and \$12.50 in kid.

In fact you can buy a complete outfit now—including suit, hat, shoes, shirts, underwear, etc., for the amount you paid for a suit of same quality a year ago.

Almost every other line in our store will show as much, or a greater reduction. Also remember we carry nothing but the best, and never sacrifice quality to make a cheap price.

## REINKEN'S Correct Dress for Men

## The Plainview News

Published Tuesday and Friday at Plainview, Hale County, Texas.

J. M. ADAMS, Editor and Owner

Entered as second-class matter, May 23, 1906 at the Postoffice at Plainview, Texas, under the Act of Congress of March 3, 1879.

Subscription Rates  
One Year \$2.50  
Six Months \$1.35  
Three Months .75

"Look at those lovely trees," said a lady visitor recently. "Yes, answered the gentleman with her 'I have always thought Plainview a beautiful town.' It is a beautiful town. It is not all weeds and high grass. Some of the most beautiful homes and lawns in West Texas are to be found in Plainview.

The courthouse lawn with its well kept grass and numerous trees, is a beauty spot of which Plainview is justly proud. Many of the business houses, too, have window boxes and ornamental plants to beautify their lots and civic improvement is on the increase. Many of the weeds have been cut, but many more still remain. If they are cut and burned before the seeds scatter, strangers will continue to say from season to season, "I think Plainview a beautiful town."

### TRUTH

If you would win friends, you must be friendly.

He who can learn and will not, is the most ignorant of all idiots.

If you must be a hog, be a ground-hog and pull in the hole after you.

Even the traveling man who goes

## CAN LAUGH AT THEM ALL

Lord Curzon Much Criticized, but He Has Found Life Cast in Pleasant Places.

The Countess Curzon of Kedleston, who was Grace Hinds, daughter of the late J. Monroe Hinds, sometime United States minister to Brazil, is one of the handsomest women in English society.

She was married first to the late Alfred Duggan, a South American millionaire, who died four years ago, and a year later she was married to Lord Curzon. She is tall, graceful, dignified and charming, with Titanesque hair and brown eyes. Her taste in dress is renowned in Mayfair drawing-rooms and none among them can wear their clothes with more effect.

Although Lord Curzon is generally dismissed with the remark that at Oxford he was dubbed "a very superior person," and has grown more and more "superior" with the passage of years, he has contrived to marry two of the most beautiful and wealthy American women who have adorned London society in the last quarter of a century. It is complained that he addresses the house of lords like a college don lecturing an indifferent class, and that he resents criticism with the same indignant surprise that might be expected of a professor whose omniscience might be questioned by an impertinent sophomore.

But he gets there all the same, though how he does it is something of a mystery, as he has never been a conspicuous success in any office.

### DIDN'T SHOW GRATITUDE

Earnest Attendant at Lecture Evidently Had Forgotten Little Courtesy of the Moment Before.

At a recent teachers' convention there was a dearth of seats in one of the assembly places. Also there were some very courteous young men teachers. One afternoon one of them happened to notice an interested listener, standing across the hall from where he was sitting. He motioned frantically until he gained her attention and indicated that she was to come and take his seat. She did so and he stood until some one, two seats in front of the one he had been occupying, left. Then he slipped into this seat.

As the lecture progressed he turned to make some remark to the man next him when he felt a tapping on his back; and then a voice whispered across the row of people behind him: "If you don't be still so I can hear this lecture I'll poke you in the back with my umbrella." Amazed he turned around and discovered that the whisperer was in dead earnest. More than that he observed also that she was the woman to whom he had given his seat a little while before.—Indianapolis News.

### MEADOW LARKS.

Meadow larks have been known to nest within a few yards of occupied houses, but, as a rule, they show very little confidence in man, a fact I have always regretted, writes Frank W. Chapman, in "Our Winter Birds," for I am sure that these strong, wholesome, hardy birds would be well worth numbering among one's friends. But they prefer their own company to ours, and usually nest where they are free from intrusion. The uncult and unused portions of golf courses make admirable meeting places for meadow larks. Here, in early May, they construct their arched nests of grasses and lay four to six white eggs, spotted and speckled with brown.

### JUTE CROP LOOKS WELL.

It is estimated that there was an increase of 10 per cent in the acreage planted in jute in India for the year 1919, and that, because of the favorable weather, the yield will be about 11 per cent better than the previous crop, totaling approximately 9,000,000 bales, which should be more than enough to meet the world's requirements under prevailing conditions.

### UP-TO-DATE AVIATION.

First Aviator—Got a job doing ocean police this morning.

Second Aviator—Ocean police! What's that?

## Trusting Pastor Gives Collection for Bad Check

Riverside, Cal.—The pastor of a local church was taking a special collection. Eighteen dollars in small change had been received but \$2 more was needed. After repeated pleadings by the minister a stranger arose and said:

"If you will cash my check I'll make it \$20." The offer was accepted and the stranger departed with the entire collection.

That was Sunday evening. Next day the pastor reported to the police that the check had been returned marked "no funds." The stranger had disappeared.

## RAILWAYS COSTLY TO FRENCH

When State System Takes in 100 France People Put Up 57 Francs.

Paris, France.—Charges that the French government usually suffers a loss in its business ventures were made in recent debates in parliament. It was asserted that the government's operation of the state railroad, post office, telephone and telegraph lines, the gasoline monopoly and its sale of American and French supplies left over from the war, were all unbusinesslike, and the cause of heavy balances on the wrong side of the ledger.

The state railroads' estimated deficit for 1921 is given in the budget as the equivalent of \$59,450,000. "Every time the state railway receives 100 francs," says the senate public works commission, "the taxpayer must take 57 francs out of his pocket to balance the railroad's accounts."

Operation of posts, telegraphs and telephone calls, in the budget, for a deficit of about \$44,802,000.

Government trade in gasoline—a monopoly held over from the war—it was said in the chamber has been costing the state \$1,125,000 monthly. The government has on hand eight months' supply, bought on a higher market and worth now on the world's market, according to oil experts, about \$150,000,000 less than it cost.

## USE STORAGE FOR FURS

West Virginia Professor Making Experiments, Asserts Heat Kills Moths Quickly.

Morgantown, W. Va.—"Hot" storage as opposed to "cold" storage for many things affected by insects, but not by heat, may be realized soon if the experiments of Prof. L. M. Pears of the department of entomology of the University of West Virginia prove entirely satisfactory.

Professor Pears has met with a great degree of success in showing the practicability of hot storage for such articles as carpets, clothing, particularly woolsens and furs, as well as cereals, dried fruit products and other materials unaffected by dry heat.

Professor Pears has used grain and carpet beetles and other insects of a similar nature in demonstrating that they do not develop at a constant temperature of 100 degrees Fahrenheit.

He has concluded that hot storage with a uniform and constant temperature of 100 degrees would prove more effective than cold storage in many cases.

## "RED" IS ONLY A PAINTER

Police Are "Scary" When They Find Him Counting the Windows in Jail.

New York.—Patrolmen Ward and Rattigan in front of police headquarters guarding it from a possible attack by Reds, saw a man with a bundle under his arm stop in front of the building and scrutinize it from cellar to roof. The stranger began counting every window in the building.

"What's the big idea?" asked Ward and Rattigan, each keeping their eyes on the bundle.

"Oh, don't be alarmed, officers," said the stranger. "I'm a painter and expect to get the contract for painting this building and just wanted to see how many window frames there were. Here's my card."

Ward and Rattigan plucked the bundle a couple of times and finding the contents very soft, allowed the stranger to depart. "Elias Schwartz, General Painter," was on the card the stranger gave them.

## SEEKS BIBLE TIME CHARIOTS

Doctor Fisher of the University of Pennsylvania Will Delve in Ruined Cities of Holy Land.

Philadelphia.—Dr. Clarence S. Fisher, curator of the Babylonian section of the University of Pennsylvania museum, left here for Palestine to undertake what he described as one of the most important excavations ever made in the Holy Land and the first since the beginning of the World war.

He expects to find among other things some of the iron chariots mentioned in the Bible which prevented the children of Israel from capturing Bethshan, near which city some of the greatest battles of early history were fought.

Bethshan is near Nazareth, close to the Mount of the Transfiguration. It has been uninhabited for centuries.

## RUSSIAN "LIBERTY" A FARCE

Lenine Maintains Himself in Power Only by the Exercise of Autocratic Authority.

And another funny thing about bolshevism is that while it affects to despise the wage scale and the employing classes, Lenine himself is probably the greatest single employer of labor in the world today, Porter Emerson Browne writes in Collier's. Hundreds of thousands of men work for him by the day and for a daily wage. They have no rights that he respects. They cannot organize. And if they question his supreme authority they are shot at sunrise. And not only that, but they are paid this daily wage for killing their helpless fellows.

His is not even the excuse of war. In his lust for power and his besotted desire to demonstrate an unworkable theory, he sets Russian to kill Russian. No economic tyranny on earth ever equaled in autocratic power of the individual, in abject helplessness of the masses, the freedom of bolshevist Russia. The label on the bottle says "Liberty," but the contents are triple-distilled oppression.

## IMPOSSIBLE

"When we move, I suppose you'll have to get a permit to take the baby along."

"What on earth for?"

"You know, dear, he's a bottle baby."

## LUTHER BURBANK'S NEW JOB

Luther Burbank, noted as the originator of new plant species, has entered a contract with G. Imai, one of the leading silk producers of Japan, to perfect a mulberry tree superior to that in most general use at present. Imai, a member of the imperial Japanese senate, recently concluded a business visit to the United States. Part of his mission was to make a contract with Burbank. Burbank said a larger leaf or better quality was desired, and a tree of more rapid and compact growth, because for silk-producing purposes it is cut back each year. He expects to have the new variety of mulberry ready for use in four years.—San Francisco Chronicle.

## REDEEMS HER PROMISE.

A promise made 25 years ago has just been redeemed by Lady Pender of Donhead, St. Andrews, Wilts.

At her silver wedding celebration in 1892 she gave threepenny pieces to a number of children, who were told that they would be exchanged for half-sovereigns at the golden wedding.

Nearly thirty of the recipients returned their silver coins when Sir James and Lady Pender celebrated their golden wedding this year, and each one has received the promised half-sovereign.

Lady Pender has had the threepenny pieces gilded and made into a necklace as a souvenir.—London Mail.

## LITTLE PLATINUM IN SIGHT.

According to James M. Hill of the United States geological survey, department of the interior, there seems to be little hope of any marked increase in the output of platinum in the United States or Canada over the small output heretofore made, and as the supplies are below normal and the demand is large, it is reasonably certain that the price of platinum metals in this country during 1920 will be at least as high as it was during the last quarter of 1919 and possibly higher.

## SARCASTIC OBJECTION.

"I see where the Dutch women do not want to promise to obey their husbands in the marriage service."

"Oh, what is the use of trying to get rid of all the pleasant little fictions of life?"

## WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield, Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams, describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. 'I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E53

## PRESTIGE FROM WORLD WAR

Development of French Trade is Expected to Follow Victory Over Hunns.

That the military prestige gained by France in the world war may be of great use in the development of her foreign commerce is shown by information that has reached the national foreign trade council.

The Brazilian government has recently entered into a contract with the French government for the loan of the services of General Gamelin—who is to reorganize the Brazilian army on a modern basis. The preliminary plans call for an immediate expenditure of about \$10,000,000 for new equipment, and it is certain that French manufacturers will secure a large share of this.

The financial interests of France in Brazil have always been very large, her investments amounting to about \$850,000,000, mostly in the nature of federal and state loans. With the establishment of many branches by the Credit Foncier de France et des Colonies in the most important towns, her interests are now undergoing considerable expansion, and will undoubtedly prove a strong competitor for commercial supremacy in this valuable market.

All free contests will take place on the square except the fireworks which will be at Lamar park, two blocks east of S. E. corner of the public square.

#### Out Where The West Begins

Out where the hand-clasp is a little bit stronger,  
 Out where the smile last a little bit longer—  
 That's where the West begins.  
 Out where the sun shines a trifle brighter,  
 Out where the snow falls a trifle whiter,  
 And the bonds of home are a wee bit tighter—  
 That's where the West begins.

Out where the sky is a trifle bluer,  
 Where friendship formed are a trifle truer—  
 That's where the West begins.  
 Out where a fresher breeze is blowing,  
 Where there's laughter in every stream that's flowing,  
 Where there's more of reaping and less of sowing—  
 That's where the West begins.

Out where the world is in the making,  
 Where fewer hearts with despair are breaking—  
 That's where the West begins.  
 Where there's more of singing and less of sighing,  
 Where there's more of giving and less of buying,  
 And a man makes friends without half trying—  
 That's where the West begins.

—Wilbur Chapman

**Bride Party**  
Mrs. J. P. Woodriddle entertained yesterday afternoon with five tables of Bridge, honoring her house guest, Mrs. E. E. Roos of Amarillo. A salad course was served.

**Rotary Club Meeting.**  
The regular weekly meeting of the Rotary club was held Tuesday at the Hotel Wayland with the usual noon luncheon.

President J. C. Anderson, Jr., presided. Rotary songs were sung and talks made by the visitors present.

**Nutrition Class Entertained**  
Miss Nancy E. Kritzer was hostess yesterday afternoon for the members of her Nutrition class at the home of Dr. and Mrs. J. R. Ferguson. The cream and cake were served and a pleasant time enjoyed.

**B. B. Club**  
The B. B. Club met yesterday afternoon at three o'clock with Mrs. Hoyt Suggs, with a good attendance.

The afternoon was spent pleasantly with needlework and conversation as diversions. The next meeting will be held at the home of Mrs. Geo. Sides, Thursday, July 14th.

**Call to Club Women**  
Mrs. Carl Goodman of Abernathy, president of the County Federation of Women's clubs and president elect of the First District urges the club women of the county to celebrate July Fourth as Citizenship Day. For nearly a century and a half the Fourth has been celebrated as Independence Day. Now it has a newer and truer meaning, that of making better and more patriotic citizens of the men and women, girls and boys.

The General Federation of Women's clubs gives the following reasons for observing the Fourth of July as Citizenship Day.

To become a citizen of these United States is one of the great experiences of life—whether to the boy and girl born on American soil or to the newcomer from other lands.

There ought to be a day of celebration—of public recognition—of unforgettable and reverent observance of new citizenship.

The whole community ought to open its arms in welcome. These new citizens are our guarantee to the future of all the greatness of the past. They pass on the torch of democracy.

What day so appropriate as July 4th, the day when American citizenship was born—and when the whole country has a holiday.

A call has been issued to the club women of the county to meet on the Fourth and celebrate Citizenship Day. Incidentally the News suggests that a good way to celebrate the day will be for the women of Plainview and vicinity to bring full baskets and help feed the visitors. Don't let Plainview's hospitality go below par.

When the people of Plainview attend the singing conventions held elsewhere, or go to celebrations at any of the neighboring towns a good and abundant dinner is always forth coming. Let Plainview do the same.

Good feeding makes fundamentally good citizens. If the ex-service men and others who come to Plainview Monday go away hungry, there will be a lot of disgruntled citizens and patriotism will be at a low ebb just at that time.

**Shamrock Man Quietly Weds Plainview Girl**

Shamrock, Texas, June 27.—The latter part of last week M. L. Williams, manager of the McAdams Lumber company here, returned from Plainview with his bride, who was formerly Miss Mildred Frye of Plainview. Mr. Williams had quietly left town a few days before without advising any of his friends as to his intentions and it was a surprise to his many acquaintances when he returned with his wife.

Mr. Williams is a man of exemplary character, splendid business man, and although he has not lived in Shamrock a great while he is well and favorably known.

**Morning Bridge**  
Honoring Mrs. Gamaliel Graham of

Leray, Texas, Mrs. Geo. Saigling entertained Wednesday morning with five tables of bridge.

Bowls of sweet peas and nasturtiums decorated the rooms for the chosen guests. Sweet peas were given as favors and bud vases of the same flowers centered the tables when a salad course was offered at the close of the games. Mrs. Claude Power assisted Mrs. Saigling in serving her friends.

High Score was won by Miss Lucile Kinder. The list of invited guests included Mesdames Gamaliel Graham, Ben F. Smith, Charles Saigling, P. B. Barber, T. C. Shepard, D. P. Jones, Geo. Bennett, L. C. Wayland, Meade E. Griffin, Guy Jacob, Paul Barker, C. A. Malone, R. M. Malone, D. H. Collier, Oscar Collier, Geo. H. Wilson, Tom Foster, J. F. Duncan, J. C. Anderson, Jr., W. E. Armstrong, G. T. Morris and Misses Lucile Kinder and Celestine Harp.

**Announcement**  
The Cemetery Association will meet

Tuesday, July 5th, in the office of the County Judge at 3 p. m. Members and those interested are urged to be present.

**Announcement**  
The Library Board will meet in the room of the Public Library, Wednesday afternoon, July 6th, at 3 o'clock. Following the Library meeting, the Civic League will meet in the same room at 4 p. m. Remember the date, July 6th.

**Call Meeting**  
Mrs. Carl G. Goodman, president of the County Federation of Women's clubs, has called a meeting of the Executive Board for Monday morning at 9:30 at the Public Library. All members of the board are urged to be present.

**I AM**  
I am a bouquet that may be placed in the hands of the living but not on the pier of the dead. I drive anger

from the face of the fighting man, fear from the lips of a child, and arrest the depredations of self-destruction. I am the emblem of universal friendship, a token of love and the greatest asset of the business world. I have changed poverty to opulence, gloom to gladness and turned right-about the course of those whose feet had taken hold on hell. I lighten the burden of the struggler, temper the day of toil and illuminate life's darkest hours. I am that with which a beggar has bought a crust of bread, the traveler a draught of water and the enchantress the throne of a king. I am a smile.—Exchange.

**LOST**—Yesterday on Plainview and Lockney road, bundle containing pair of trousers, shirt, collars, tie. Bring to McMillan Drug Co. and receive reward. 14-11-p
