FRIONA HIGH SCHOOL has just survived the bi-annual ordeal which is known as UIL realignment, with a minimum of problems.

With Boys Ranch having petitioned the UIL to drop down to conference AA, leaving an odd number of schools in District 1-AAA, it was feared that the UIL's bi-annual realignment might send Friona into the northern district, since the school is one of the most northernmost in its district.

But instead, the UIL shifted the enrollment slightly, and dropped Canyon High School from 4A into 3A, and put Canyon, more centrally located in the Panhandle, into District 1-AAA.

Coaches had been speculating about the prospect of being moved into the northern district. It would have been one thing to have traded Littlefield, Tulia, etc., for the likes of a long, 384-mile round-trip to Perryton. But with Canyon dropping down, the benefits of such a trade would have been minimal, if you had to compete with Canyon High School year in and year out in all sports, as well as literary events.

There had been some talk about Friona trying to play both of the Canyon schools in football, including the new Randall High School. But due to Randall joining the nine-team District 1-4A, this possibility pretty well went out the window.

The Eagles, at one time a district \$12,00000 ponent, will more or less replace opponent, will more or less replace Portales on Friona's 1988 grid schedule.

It's nice that the UIL was able to collecting \$12,000.00 to date. leave Friona's District 2-AAA as it has been for the past two years. In projected goal. David Barnett, fact, most of the schools in the president of the United Way, urges district have been district mates for all workers to finish their packets at least the past 16 years, and some quickly. for even longer.

Panhandle goes. Can you imagine February. how it would have been if we had basketball game?? And yet, a lot workers. of schools have trips like that virtually every time they play (I contacted personally may still suppose Perryton does).

CRP Sign-Up To Begin February 1

February 1-19 is the next Conservation Reserve Program (CRP) sign-up period, according John Fancher, Soil Conservationist in Friona.

According to John, most landowners and/or operators have received notification of determination of their cropland fields being classified as highly erodible land (HEL) or non-highly erodible land (NON-HEL).

Fancher said, "Establishing HEL land to a permanent grass cover is one approved treatment of this land. The CRP has been accepted in Parmer County. About 45,000 acres have been entered into the CRP with about 26,000 acres having been planted and 11,000 scheduled to be planted this spring."

If you are interested in learning more about the Conservation Reserve Program, contact the Soil Conservation Service office at 1306 W. 9th, Friona, or call 247-2220.

41st Jr. Show Ready To Roll

The 41st annual Parmer County Junior Livestock Show will be held Monday-Thursday, February 1-4 at the Community Center-Showbarn in Friona.

Between 500 and 600 animals are expected for the show, which draws entries from all over the county. A decline in the number of steers at this year's show is expected, although the number of barrows and lambs should remain basically unchanged.

Weigh-in for the county show starts at 2 p.m. Monday, February 1. The barrow judging starts at 8 a.m. Tuesday, February 2.

Lambs will be judged Wednesday starting at 8 a.m. The steer show will be held beginning at 2 p.m. Wednesday, followed by the heifers.

The premium sale for this year's show will be held starting at 6:30 p.m. Thursday.

Terry Copley of Friona is general superintendent of the 1988 show. Mack Heald of Farwell is assistant general superintendent. Rick Seaton of Lazbuddie is swine superintendent. Shain Rhodes of Friona is in charge of the lamb show, and Roddy Berend of Friona is head of the cattle department.

Once again, Friona State Bank will be hosts for a free breakfast for exhibitors, buyers and workers, this year on Tuesday, February 2, from 6-8 a.m. at the showbarn.

HOMESTEAD EXEMPTIONS

Can lower the property taxes on your home A HOMESTEAD EXEMPTION lowers the property taxes

on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

YOU QUALIFY for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

EXEMPTIONS ARE AVAILABLE to all homeowners on their school taxes. Additional exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans. APPLY TO your local appraisal district office at the address shown below for all exemptions you may qualify for. Application forms are available at this office.

If you received a homestead exemption on your present home in 1987, you won't need to apply again for 1988 unless the chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions. If you haven't received an exemption on your present home,

or if you've moved to a new home, make a new application for 1988. THE DEADLINE for applications is April 30, 1988. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, Taxpayers' Rights, Remedles, Responsibilities, at your appraisal district office or from the State Property Tax Board in Austin.

group returned to Tulsa.

For several weeks, Mae had been looking forward to having every member of her family together and was somewhat pessimistic about the weather, so really didn't expect everybody to be able to travel to Tulsa.

In addition to her then existing family, she added four more names to her roster with the marriage of her youngest daughter, Jacquelyn Hight, to Ralph Franklin, also of Tulsa, the next day after Christmas.

Mae reported, "Jacquelyn and Ralph had planned a family wedding and included every family member in it."

"It was very well planned," she went on to say, "and only family members were present for the ceremony."

"That is," she explained, "except for Dr. Hultgren, pastor of Tulsa's First Baptist Church, who read the double ring ceremony.

Ralph's attendants were his three children, Chris, who lives in Dallas; Bethany, who attends Oklahoma State University at Stillwater, and Greg, who lives in Tulsa.

Singers were Richard and Marjore Chronister and her son, Cliff Magness, all of Los Angeles, visiting in the home of Mr,. and California. David Newton, Marjore's youngest son, was the photographer.

PROPERTY TAX RENDITIONS

Help you protect your rights as a taxpayer

A RENDITION is a report to the appraisal district that lists all the taxable property you own or control on January 1, 1988. You may also give your opinion of the property's value,

YOU MUST FILE a rendition if you own tangible personal property used to produce income-such as the machinery and equipment used by a business.

The appraisal district may require any taxpayer to file a Owanna Weatherley of Celeste, weekend visiting Friona kith and rendition by sending the taxpayer a written notice and a rendition form.

> YOU MAY WANT to file a rendition, even if you aren't required to file, to preserve some of your rights as a taxpayer: You put your correct mailing address on record so your tax bills will go to the right address. Even if your bill goes to the wrong address, the law still holds you responsible for paying your taxes on time or else paying extra charges for late payments.

> You can put your own opinion of your property's value on record. If the appraisal district then places a higher value on your property, it must notify you in writing of the higher value and explain how you can protest that value on the appraisal review board.

> By filing a special type of rendition called a report of decreased value, you can notify the appraisal district of significant damage to your property that occurred in 1987. The district will send someone to verify the damage and take it into account when assigning a 1988 value to your property.

> FILE RENDITIONS with your local appraisal district at the address shown below. Forms are available at this office. THE NEW DEADLINE for 1988 renditions is March 31. You can get an extra 30 days if you ask for it in writing before

> the March 31 deadline. For more information, get a free copy of the pamphlet, Taxpayers' Rights, Remedies, Responsibilities, at your appraisal district office or from the State Property Tax Board in Austin.
