POSTMASTER AND MRS. Roy Gilbreath have received a letter which, in a sense, seems to have actually been written to our entire community. It was written by Daniel Perez-Majul, one of four students who stayed in the Gilbreath home during the visit last month by the group from

The letter reads:

"I am writing you this letter in behalf of Pedro, Pancho, Pepe and myself. We all sincerely appreciate the generous and warm hospitality you both gave us.

Those two days will always be in our hearts. In your home we found the love and expressiveness of a wonderful family. This memory we will always carry in our hearts of "the American family." Regretfully, we stayed only two days in your beautiful home, but we grew to He succeeds Raymond Young. love both as our Texas mother and father.

"We would also like to thank the whole town of Baird, Tex. for taking us into their hearts and homes. The memories of the friends, the durg store, the cafe, the Dyer Ranch (the bull rides), the cute Baird girls, the basketball games, the square dancing, and you our "mother and father" of Texas will always be cherished in our hearts.

"Wishing that one day soon we can all meet again, especially in our homes, in Lima -which is your home always."

AS USUAL, Baird should be well represented Monday night | when our Bearettes face Goldthwaite at Brownwood.

Keep in mind that the game will begin at 7:30 p. m., and will be in the Brownwood Junior High gym.

We find it difficult to refer to that field house as the junior Essay Winners high gym. It was completed, as the Brownwood High gym, only a few months before we graduated from high school there in 1951. But it has since been replaced by a new gymnasium -side of town.

Room No. 3 is called the 'Salt Water Room.' He makes taffy, occasionally. But not in that room.

By now you fishermen have guessed what this is all about This gentleman is an ardent angler. He's a methodical type of man and a perfectionist to the highest degree.

In closet No. 1 he has all of his fishing gear of the spinning type. Included are spinning rods and spinning reels both open and closed faced. Also lures to match. Here he keeps canvas and leather cases for transportwife are two daughters, Mrs. W. ing his spinning rods and reels. Even ultralight equipment isn't Johnny Medford of Haskell; a overlooked. Also a couple of son, James Cliff of Clyde; his tackle boxes with those extras that go with spin-type fishing. n the second closet are his casting rods and reels with the parents are a brother, Greg, 6; to the James Berrys and the shorter rods and thumb-operated spool-type reels. He has a variety of reels and each with a different weight line. Here again you'll find lures appropriate to that type of fishing including the heavier top-water lures and the heavier underwater jigs, etc. Needless to say, his tackle box includes a quantity of artificial worms, bottle of pork rinds in white, black, green and polkadot. Also he has a number of sliding sinkers.

This guy doesn't go in for live bait fishing so in his tackle box you won't find either in room number one or number two any corks or floats. Also very few split shot and the only hooks evident are the triple hooks which he substitutes on the various lures. He has a penchant for sharp hooks so in all his tackle boxes he carries a hone. He buys the sharpest hooks he can find. Almost without exception he will substitute his own special selection of hooks for those that come with his brand new lures.

In Room No. 3 is all of his salt water fishing equipment. That includes short rods (very short and very stubby for pulling in the deep sea monsters). -1256 Baird Also the extremenly long ones

A friend of mine has three reels are in the heavyweight

ger than either of the other two types. He has a lighter-weight rod on hand for salt water bay fishing.

As you can tell, he's geared to go almost on a moment's notice and in each tackle box he has the customary pliers, hook ejectors -- the whole gamut down to adhesive tapes, bandaids and the like. Not overlooked is a bottle of suntan ointment, for protection against the sun's rays which are more intense over salt water.

Appropriate stringers go with each tackle box.

We just wonder if his wife would allow him another closet if he went in for fly fishing. I suppose he would name it the 'Fly Room' and in it would be all the gear that's necessary for that type of pasttime.

We felt real good after seeing his place because the wife is always riding herd on us about the purchase of fishing gear. In fact there used to be a place in Austin called Dan's which specialized in everything for the hunter and the fisherman. It was like a country store, except not as orderly, and we enjoyed browsing around. Of course we bought something on every trip. What gear we had was stored in one closet and it didn't surprise us too much -but it did amuse us -- when we came home from one buying expedition to find a sign over the door reading "Dan's Number Two." A gentle hint?

In most cases nothing pleases the fisherman more than a new lure or a new rod or a new reel or a new motor or better yet, a new boat. Just as in golfing, there's no end to what he can buy, nor what he wants. But we've always been inclined to believe that the tension it relieves, whether golfing or fishing or whatever you are doing outdoors and away from your job is more than paid for by the doctor bills that would have been incurred had you not taken time off to relax.

So we say to the fisherman's widow don't be too hard on him about those purchases. Sure, there a limit -- but there's also a limit to man's life. And, incidently, fishing is good for the fem, too. We know some ladies who are expert fishermen.

So not only might you go along with him on his purchases but you might also go along with

You'd love it! And he would too!

Sen. Dorsey Hardeman is opposed to some of Connally's programs. This has led to talk of pressure tactics. Forces of Speaker Ben Barnes, who support Connally, may hold up action on Hardeman's bill to transfer San Angelo College to state-supported status on September 1.

Hardeman, long a power in the Senate, heads the Senate Finance Committee which will make the fiscal decisions on many programs. This kep position makes it vital to Connally that he have acquiescence, if not support, from Hardeman.

The San Angelo senator, who represents a West Texas region as big as some states, demonstrated his power twice recently. He blocked, at least temporarily, a rule change designed to delay or defeat the \$45 a month teacher pay raise proposed by the Texas State Teachers Association. Windham to Compete In Houston Scramble

Tom Windham, Baird 4-H Club member, will be a contestant in the calf scramble at the Houston Livestock Show and rodeo March 5 at the 7:45 p. m. performance. He will see "America's Wildest and Largest Rodeo' as a guest of the show at this performance.

Houston show's calf The scramble will again qualify as the "world's greatest" when the first of a series of 19 contests takes place in the Sam Houston Coliseum Feb. 24.

When the Houston show held its first scramble in 1942, 24 calves were awarded. It was not dreamed that the project would result in putting some 4000 boys band, Mr. and Mrs. Dad Poininto the cattle business in the next 23 years.

Calf scramble contests have become so popular with rodeo audiences that for the past 16 years, there has been a contest included as an event in each of the 19 rodeo performances.

Garden Club to Meet

Baird Garden Club will hold its next regular meeting at 3 p. m. Tuesday, March 2, in the home of Mrs. Ace Hickman.

Mrs. Dugan Is **OBSERVATIONS** Honoree of Tea

The Oplin area received some good rains last week. At least most everyone reported a fraction over an inch of rain.

Mrs. Herbert Rogers and her daughter and family, Mr. and Mrs. Tommie Johnson, Eddie and Cindy, attended the open house last Sunday afternoon honoring her sister-in-law and huband, Mr. and Mrs. April Jones of the Rogers community on their 50th wedding anniversary. Mr. and Mrs. Ray Floyd also attended and I sincerely meant it to be a compliment when I told them I was sure glad I lived close to them when I was a little girl.

Mr. and Mrs. A. W. Wilkinson of Tuscola visited a short time last Friday afternoon in the home of her brother and wife, Mr. and Mrs. Ray Floyd.

Mr. and Mrs. Howard Chatham were at the bedside of her father, Bert Evan of Burkett, who suffered a heart attack and was on the critical list several days. Mrs. Evans is a former resident of Oplin so everyone was pleased to hear that he was doing better.

Friends of Mrs. Walter Matthews, the former Artie Steakley, are indeed sorry to hear that she has been back in the hospital the past three weeks. She seems to be getting weaker due to cancer.

Mr. and Mrs. Roy Lee Lambert were weekend visitors with his parents, Mr. and Mrs. Thurman Lambert.

Mr. and Mrs. Ray Floyd have had her father, W. S. Barrett of Lawn visiting in their home the past week.

Lewis Hopkins, from down near Fort Worth planned to return home the first of the week after visiting the past week in the home of his sister and husdexter.
