DON'T LOOK NOW, but indications at this point are that Soviet President Mikhail Gorbachev's Perestroika and Glasnost policies may be in a lot of trouble.

The Soviet leader has instituted a program for more freedom for residents of the Communist Bloc residents. He has also promised that there would be no police action in any of the communist states, such as was witnessed by the world in China earlier this year.

In recent weeks, for the first time in history a Communist regime was turned out in peaceful manner as Poland, one of the Soviet strongholds, ousted its Communist government for one with more democratic leanings.

Poland is Eastern Europe's most populous and most strategically-located country. For the time being, under Gorbachev, Poland has been allowed to choose their own leaders.

Last month, the Russian leaders admitted what historians in this country have known for years: that Hitler and Stalin made a secret agreement some 50 years ago to divide Poland and other parts of Eastern Europe into Nazi and Soviet holdings.

Stalin is supposed to have commented at one time that imposing Communism on the stubborn Polish people made about as much sense as "putting a saddle on a cow."

The iron-willed Poles finally broke loose of their Communist shackles in their August elections, and are now attempting to forge a government that will be more to their liking.

President Bush has been obliged to keep a "poker face" in the wake of the recent developments in Poland, although it is a known fact that the administration is well-pleased with the Polish election, and will be doing everything in their power to assure that the new government succeeds.

The other indication that Gorbachev's Perestroika program might be crumbling is the mass exodus of residents of East Germany through Hungary, to West Germany, where many were given immediate citizenship and jobs.

Thousands of East Germans have made their way to refugee camps in Hungary, and the Hungarian officials have been lax to stop their exodus from Communist territory. In fact, Hungarian troops have been under orders not to shoot the refugees.

It is an interesting point that many residents of Communist-controlled states, when given more freedom, opt to leave the country for areas outside the Communist Bloc, which they know to be REALLY free.

And perhaps they are fearful of the day that Gorbachev may lose his place as the Soviet leader, or finally have to admit that his reform program isn't working as he had intended, and place a "hold" on Perestroika.

Highway Brass To Push '60' Project

Following the deaths of two drivers on the single-lane strip of U.S. Highway 60 at Summerfield last week, Highway Department officials said they would renew efforts to see that construction on widening the highway can begin early in 1990.

Juan Morales, 36, of Hereford, and Mario Richard Chavez, 24, of Clovis, N.M., were pronounced dead at the scene of the accident.

A 1977 pickup and a 1979 Freightliner truck crashed virtually head-on just east of Summerfield at about 7:30 a.m. Monday, September 11. It was raining fairly hard at the time of the wreck. Both vehicles caught fire after the accident.

Highway Department spokesman Rhea Bradley said that the construction kickoff date on the highway will depend largely on how soon the right-of-way acquisition can be completed.

Bradley said that as of last week, there were approximately ten parcels of land from Friona to the

Deaf Smith County line which have not been cleared as yet.

If agreements cannot be made between the Highway Department and the landowners, then condemnation suits will have to be filed, and the highway construction date will depend on how quickly the court system works. The state attorney-general must act on cases involving condemnation suits.

There have already been two of the lawsuits filed on property between Friona and Summerfield, Bradley said.

For the most part, the right-of-way acquisition has moved along at a steady pace. Utility companies are also doing their part to relocate wires and pipelines in the area affected.

The Highway Department is hoping to be able to award a contract for construction on the road by February of 1990. Actual construction would begin within 30 days of the awarding of the contract.

Meyer Is Winner In Football Fete

Mike Meyer of 1409 N. Washington was the champion in the second weekly football contest, co-sponsored by The Friona Star and 20 area businesses and industries.

Meyer was one of four contestants correctly picking 15 of the 20 contest games. He claimed first prize on the basis of his prediction on the Friona-Brownfield tie-breaker score.

Meyer picked the Cubs to win, 35-6, which was 19 points away from the actual 51-3 game score.

Second place went to Raul Brailiff and third place to Rick Carr. Mitchell Smiley was the fourth contestant to pick 15 games, but finished out of the money on the score.

Meyer's misses were Dimmitt-

Slaton, LSU-Florida State, New England-Miami, Minnesota-Chicago and Seattle-Phoenix.

Brailiff was 21 points away from the tie-breaker score, with a 34-7 prediction. His misses were Dimmitt-Slaton, LSU-Florida State, Oklahoma-Arizona, Dallas-Atlanta and Washington-Philadelphia.

Carr missed the score by 23 points, picking the Cubs, 28-6. He mis-fired on Michigan-Notre Dame, Oklahoma-Arizona, Dallas-Atlanta, Minnesota-Chicago and Seattle-Phoenix.

Smiley missed the tie-breaker by 21 points. He picked Brownfield to win, 27-7. His misses on the contest blank were Dimmitt-Slaton, SMU-Connecticut, New England-Miami, Minnesota-Chicago and Seattle-Phoenix.

Nine other contestants correctly picked 14 games, missing by just one at being in the running for one of the weekly prizes. These were Patricia Carr, Brian Herring, Scott Houston, Vicky Moss, Mark Neill, Brenda Patterson, Mike Raymond, Koby Rogers and Ron Smiley.

In the race for grand prize, Bill Carter of DeLeon continues at the top of the list after two weeks, with a score of 29.

Six contestants are tied for second with scores of 28: Patricia Carr, Scott Houston, Charlie Morgan, Tommy Moss, Mark Neill and Ron Smiley.

Eight more contestants have scores of 27. They are John Aguirre, Rick Carr, Jackie Morgan, Kent Patterson, Koby Rogers, C.H. Veazey, James Warren and Bobby Wied.

Contestants are vying for the \$100 grand prize to be awarded at conclusion of the contest.

Hereford Arrest Yields Guns From City Heist

By KAY PECK
Hereford Brand Staff

The incident started as a routine stop to check on a pickup parked by the side of the road. It ended in the recovery of approximately \$10,000 in weapons taken in a burglary in Friona last February.

Deaf Smith County Deputy Jimmy Hudgens was on patrol Tuesday when he spotted a pickup parked nine miles east of Hereford beside U.S. Highway 60. When the officer stopped to offer assistance, he spotted a number of firearms inside the cab of the pickup. A bed sheet obscured other items from open view.

Reports indicate that the occupant of that pickup, Audenago Ochoa, 25, of

Hereford, authorized a search of the vehicle. During that search, Hudgens and Deputy Robin Ruland—who was called to the scene as back-up—found a large number of assorted firearms and related equipment.

After a brief altercation with officers, Ochoa was arrested. As of 9 a.m. today, charges filed against Ochoa included false registration of a vehicle, public intoxication, aggravated assault of a peace officer and possession of stolen property.

A large number of rifles, handguns, shotguns, knives and other assorted items were found during the search of the pickup cab. Total value of these weapons was estimated at \$10,000.

This arsenal was traced to a list of weapons allegedly stolen in a burglary of Potts Guns and Ammo in Friona on February 5.

Parmer County Sheriff Rex Williams traveled to Hereford early Wednesday to identify and recover a number of the stolen weapons.

The items found by Deaf Smith County officers account for approximately half of the weapons and assorted equipment listed as stolen in the Friona burglary. Officials hope that a continuing investigation will uncover more of the missing weapons.

"It's been a long night," said Deputy Hudgens in the aftermath of his eventful "routine" traffic stop.

Five Are Vying For FHS Title

Five members of the Friona High School senior class are finalists in the voting for Homecoming Queen for 1989.

The five are Julie Howard, Nicole Potts, Susie Preston, Staci Mueller and Jennifer Cass.

The queen will be announced prior to next Friday's Homecoming game for the Chieftains against Dalhart.

High School principal Cliff Stephens said that in a change from the recent policy, the entire student body was given a chance to vote on the 1989 Homecoming Queen. The five finalists were chosen from preliminary voting.

The football team, which previously decided on the queen, plans to name a "Football Sweetheart" at a later date, Stephens said.

Chiefs Visiting Canyon Eagles

The Chieftain football team was visiting Canyon Friday, and Coach Tommy Moss said he planned to juggle the backfield somewhat to see if the team could move the ball better.

"We're going to try new ways to run the football," said Moss. He said that there were some seniors who would be given a shot at playing more, and that he hoped to get a better look at more players in different positions.

CRP Land Requires Upkeep

"It is time for all C.R.P. participants to begin shredding to control weeds that will cause off-site damage. All fields that need to control damaging weeds will be shredded by September 30," according to John Fancher of the Soil Conservation Service. "I would encourage anyone who has a question whether their land needs shredding to call our office at 247-2220."

If the land is not shredded by September 30, it will be in danger of being in non-compliance and turned over to ASCS for further action, Fancher said.

Programs and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regards for race, color, national origin, age, sex, religion, marital status, or handicap.

Moss said that the players had kept a good attitude this week, despite the bad defeat they suffered at Brownfield.

"They have come back with some good workouts. They have

"Emotions"

Managing The News

By John Ingram Walker, M.D.

We read too many newspapers and watch too much news on television. All the negative news boggles the mind: reports flood in of mayhem, rape, violence, war, terrorism, murder, each and every day. As soon as we come home from work we turn on the television set, plop down on the couch and watch blood and gore broadcast on the evening news. At ten o'clock we turn on the news again to see if we have missed any of the day's horrors. The more television we watch, the more paranoid we become—we begin to view the world as a hostile, murderous place.

Charlie Jarvis says that there are three types of people. The first type are blissfully unaware. They don't know nothing (they can't even write a proper grammatical sentence). Not only do they not know what's happening, they aren't even suspicious that anything has started. These naive people are the happiest people I know. They are too uninformed to be worried and depressed.

The second type has only one set of facts and sticks with them: there's no shade of gray in their black and white thinking. They think, "This is the way it has been done and this is the way it always will be." They have an opinion about everything and their opinion is always right. They are bigoted, rigid, hostile, humorless, opinionated, narrow-minded, and have a lot of friends who believe everything they believe.

The third type is well informed and open-minded. They know that the world is a complex place. They pay more attention to the positive aspects of living and are tolerant, kind and gentle. They are measured in their thinking and they're always learning and expanding their minds. They understand that there are two sides to most stories. They are empathetic, honest and genuine.

They also know that too much information can be bad for them. One day I was working in my yard in New Braunfels, Texas, when my

wife ran out the front door screaming, "Earthquake!" I turned green as a pea pod and yelled, "Where?" "Argentina," she responded. That will do something to your coronary vessels from which you may never recover.

I'm not saying that we should ignore all the news in the newspapers and that we shouldn't be informed. We need to be informed about what is going on in the world. We need to be concerned. But we also need to remember that, although the news tends to accentuate the bad, there is actually much more good than evil in this world. We need to remember that our attitudes about events can help us work toward improving things.

This is my suggestion for managing the news: Work on being the best you can be. Work on helping your family become the best they can be. Work on helping your community become the best it can become. Focus on those things you can do something about. You cannot control the news in Ethiopia or Bangladesh, but you can control your thoughts, emotions and feelings. You can't stop the chaos in Ireland but you can work on establishing peace and harmony in your family and in the groups where you belong. You can't stop the murders in China, but you can advocate tolerance for differing ideas within your own community.

Spend more time in understanding yourself, improving your weaknesses and cultivating your strengths. Spend more time in prayer and scriptural study. Spend more time in communicating with your family. Spend more time with each individual in your family, giving each your undivided attention and support. Spend more time going to community meetings, attending church functions and getting involved in helpful voluntary associations.

Here's a good test for you: Count the number of people with whom you come in direct contact on a normal day. You'll be amazed at the number. You can influence these people with your positive mental attitude and devotion to excellence. You can offer a tremendous impact on the community simply by your presence. Work on developing a peaceful influence on others and the world will become more peaceful.

Cubs Add Insult To Injuries In 51-3 Loss

The Brownfield Cubs took advantage of turnovers and an injury-ridden defense to score a 51-3 win over the Chieftains last Friday in a game at Brownfield.

The loss was the worst ever suffered by a Tommy Moss-coached FHS football team, and the most lop-sided Friona loss since FHS fell to Plains, 51-0 in the third game of the 1962 season.

The Chieftains were in the ball game until the third quarter when an untimely penalty helped spur Brownfield's momentum.

Friona had been unable to mount much offense in the first half, until Brian Brogden hit Jeff Stowers with a 24-yard pass with just three seconds left on the clock.

Junior placekicker Mike Scott came in and booted a 36-yard field goal into a fairly brisk wind, as time expired in the half. Scott's perfect kick helped the team avoid a shutout.

Scott's kick made the score 16-3, favoring the Cubs, going into halftime.

Brownfield had a drive going in the third quarter when it appeared

Friona had made a bid to gain some momentum.

Defense back Brogden picked off a Cub pass at about the Chieftain ten, and ran it out of danger, or so it appeared. But Friona was flagged for being offside and Brownfield kept the ball. They scored on the next play and that widened their lead to 23-3 with 5:12 gone in the third quarter.

"That play being called back changed the entire outlook of the game," said Coach Moss. Brownfield went on to score four more touchdowns before the game ended.

Meanwhile, Friona could never mount a sustained drive. The Chieftains never had two consecutive first downs in the game, except for a penalty against Brownfield after a completed pass.

Sophomore Scott Houston's running, in fact, kept the team out of the hole in the rushing department. Houston had a 32-yard scamper in the fourth quarter, on a reverse play. He gained 54 yards on five tries for the

game, and has 74 yards on only six carries for the season.

"We DID have some people who played a good game," said Coach Moss, trying to find a bright spot in the game.

Shannon Cochran, from his safety position, saved two other Cub touchdowns with open-field tackles, or the score might have been even higher than it was.

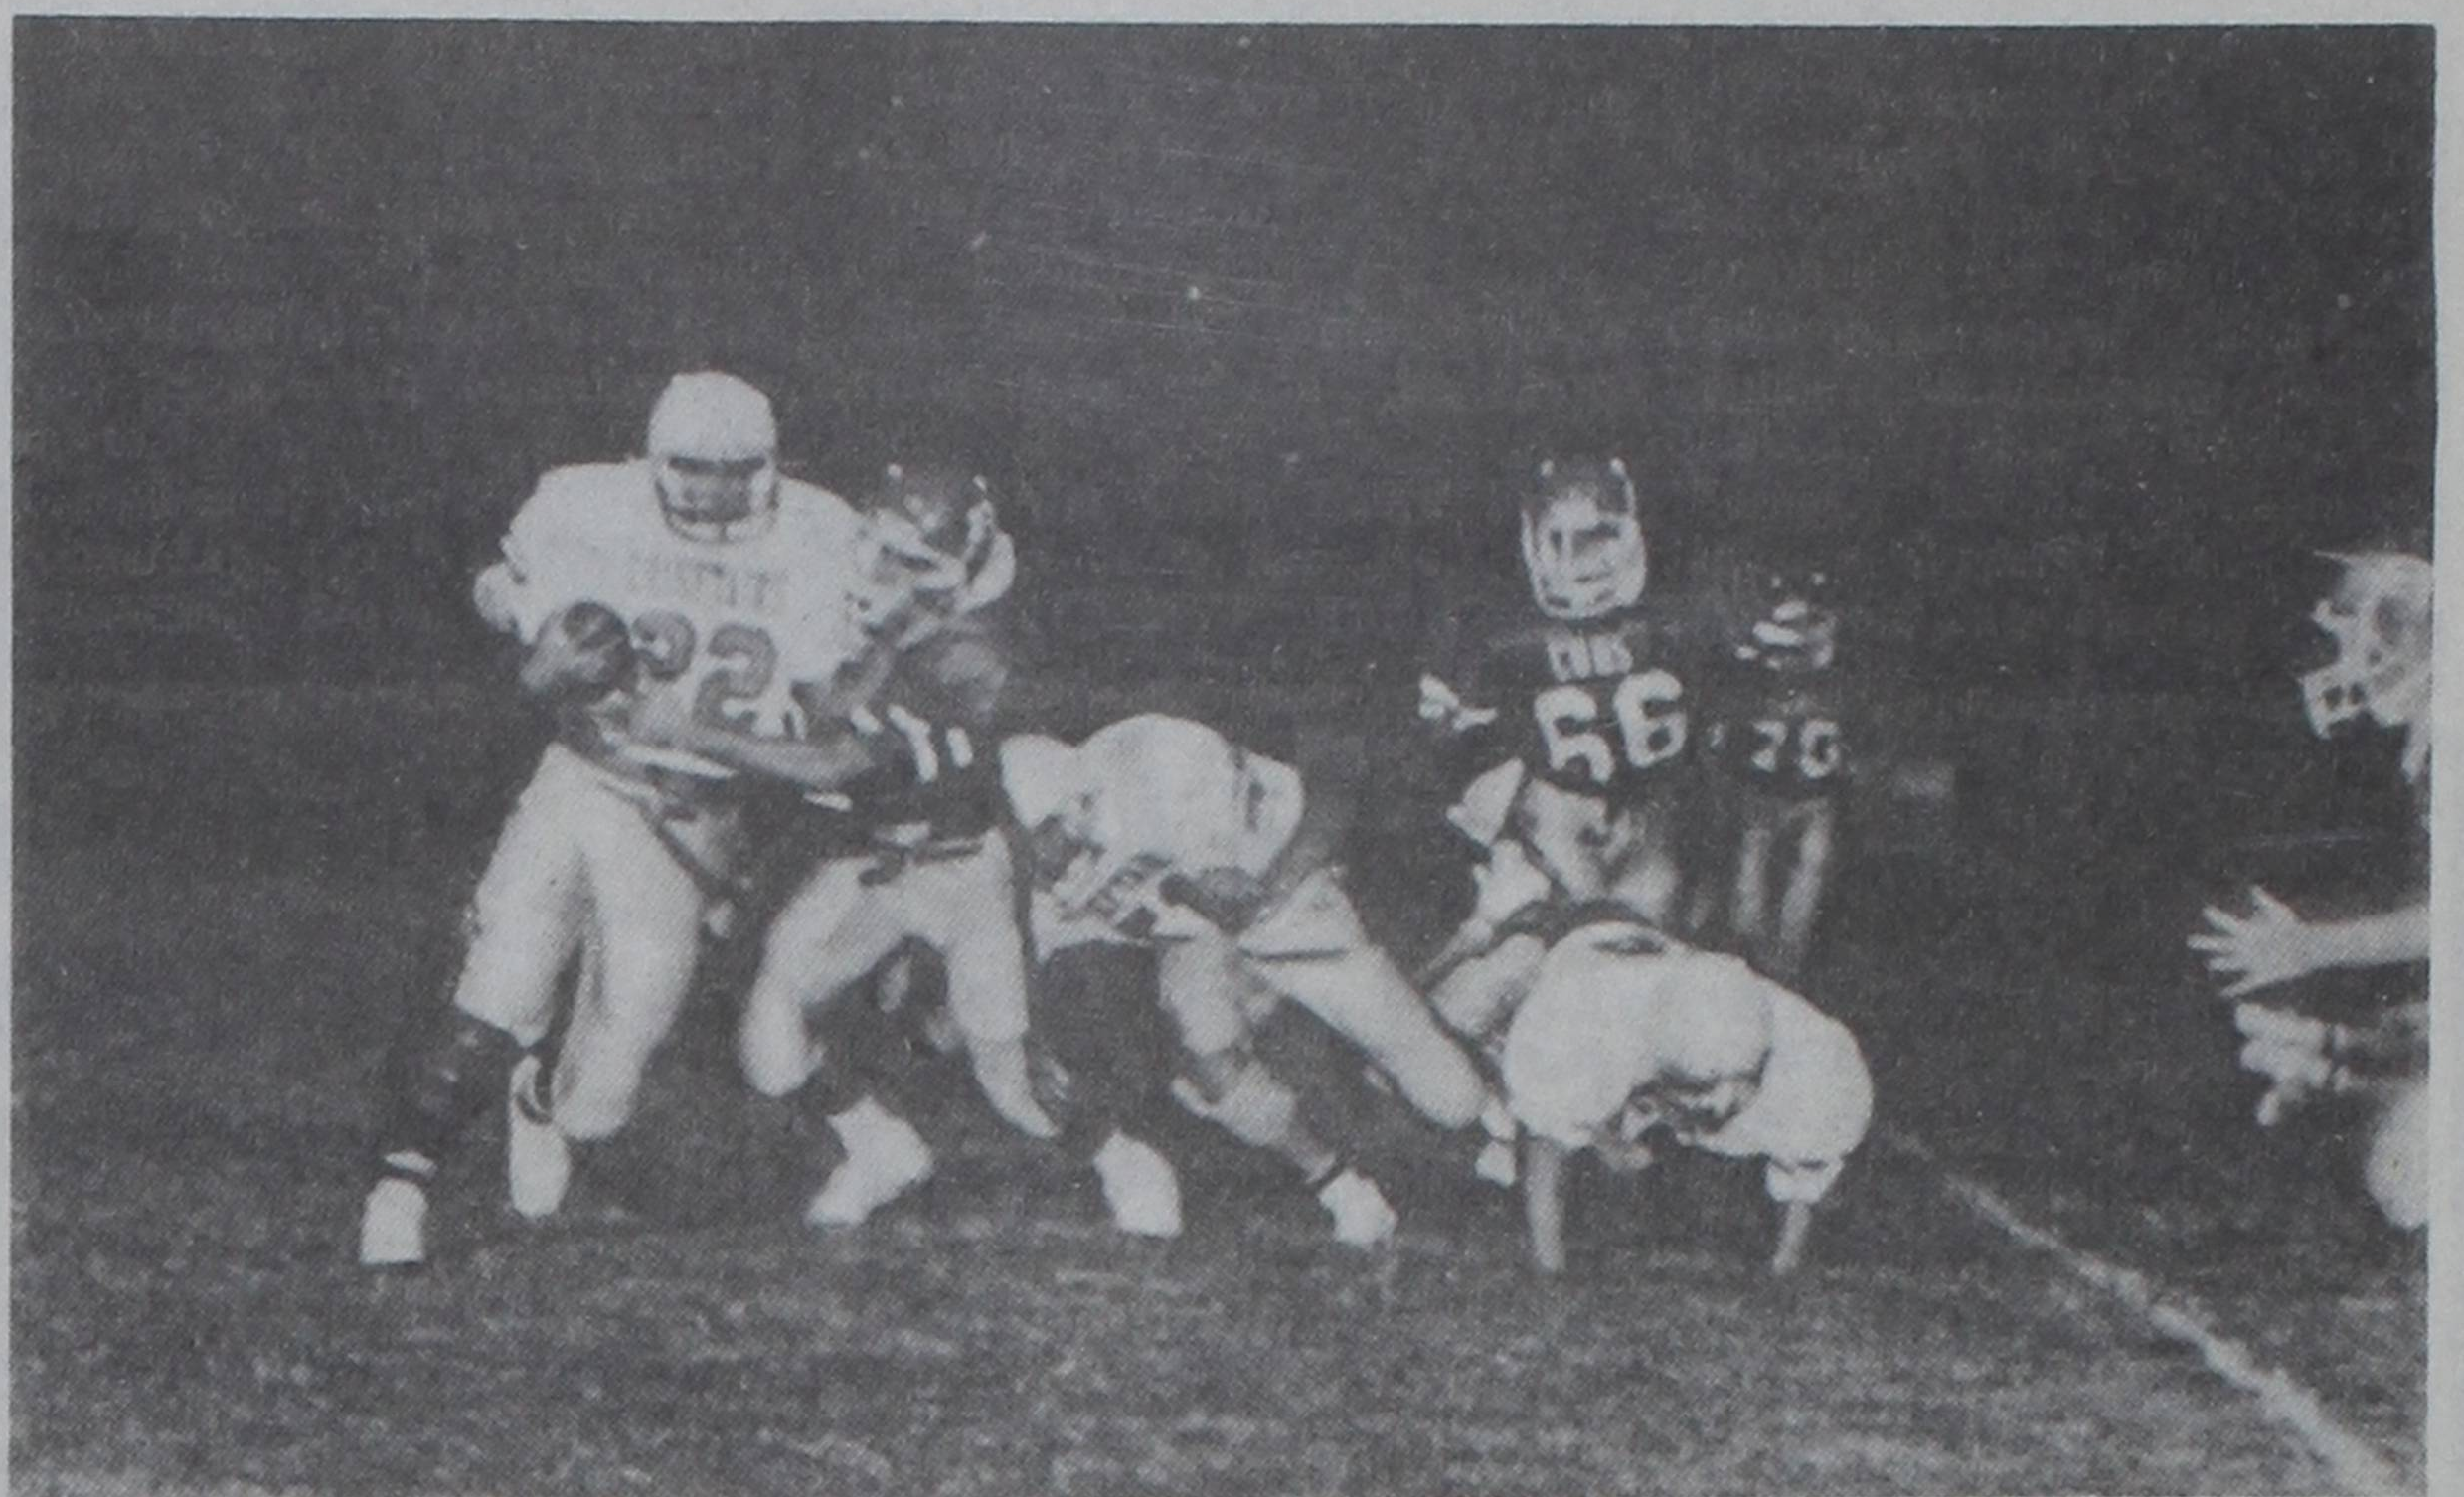

"Turnovers got us in a hole. We had to throw the ball, and they knew it. Then we got some boys hurt and had to train some folks in the middle of the ball game," said Coach Tommy Moss.

Among those hurt against Brownfield were tackle Toby Brito, with a dislocated shoulder; guard David Rejino, with a badly sprained ankle; and center Troy Talley, a sprained knee.

"This makes us pretty thin on the line. We'll have to make some adjustments," Moss said.

Moss said he felt as though if the pass interception by Brogden in the third quarter hadn't been called back, it might have been a different game.

"We were still playing pretty well at that point, and we would have had good field position," the Chieftain mentor said.

END OF LINE...Chieftain runningback Andre Duran is shown attempting to make a gain for the Chieftains, but the Brownfield defense was waiting, as it was all night. Duran was held to only four yards net for the game.

Texans Respond To Illiteracy

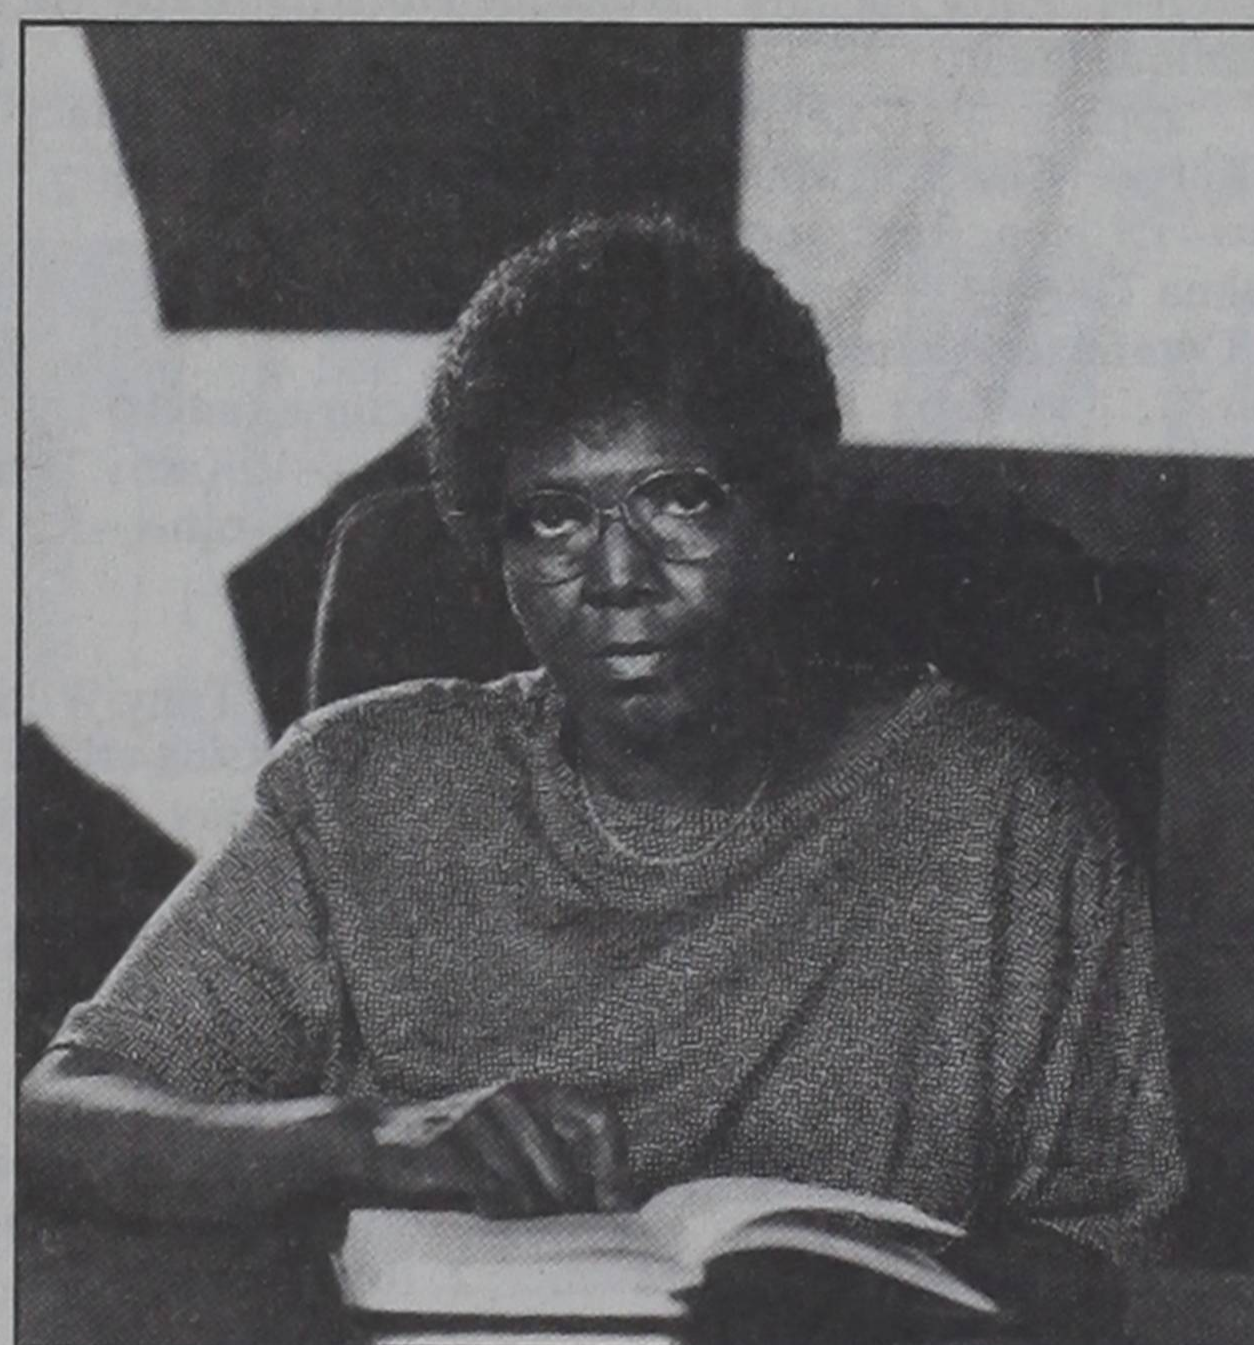

"Texas is in trouble.

One third of the adults in Texas today lack the reading and writing skills necessary to function in the modern workplace.

Without the participation of these 3.3 million Texans, Texas cannot keep up with today's technological advances or compete for tomorrow's more specialized jobs.

Unless we act now to overcome this devastating situation, Texas will be left behind."

—Barbara Jordan

Literacy Volunteers of America-Texas Responds To Illiteracy

These efforts are important, but they are not enough.

Texas needs your help.

Module XI: Planning For The Future--Prepare For Crises

One of the most difficult things we face is the complexity of the modern world. As we grow older, the past, as we remember it, seems so much simpler than the present.

"Why can't things be like they were?" is a question often asked. Of course, nothing stays the same. Things change, and how we handle change determines, in large, our success or failure.

This was brought to my attention in a very poignant way. A woman, recently widowed, asked my help in some financial affairs. Ordinary finances had become unbearably complex for her. "Why must things be so confusing?" she asked. "Why can't they be simple like they used to be?"

The empathy I felt could not alter the fact that things were more confusing, and things would never be as they had been. It was now a matter of accepting this change.

What does this have to do with investments? It illustrates two important facts we all should consider before crises.

First, pay as close attention to future financial planning as you do to everyday financial survival. As age and life status change, so too, do financial needs, both present and future.

This woman was left with a sizeable portfolio of aggressive common stocks. Most paid no current income because they were bought years before for capital

appreciation. In most cases, the stocks did appreciate, but rather than repositioning those gains into more secure investments, they were left unattended at risk of losing profits already made. They now offered little or no income at a time when safety and current income were of paramount importance.

Although circumstances had changed over the years, the financial plan had remained the same.

Each year, your assets and financial plan should be reviewed to determine whether they're still doing what you want them to do. Satisfy yourself that these are the best investments available to meet your needs. Keep a financial plan that will, at your death, present your spouse or heirs with a minimum of investment changes.

Since this woman's spouse had taken little time for prior planning, she was faced with the necessity of making changes. Here was a problem that would not go away.

"But this is so confusing," she protested as we reviewed several investments that would meet her need for safety and income. To benefit, however, she first had to recognize the need for change and then make those changes.

This incident is not meant to minimize the difficulty of change. It is simply to point out the necessity of change and the need to plan for the future. The more preparation taken before a crisis, the better your chances of making a proper decision when one arises.

Town Talk

By Geneva Williams
Call 247-3249 With Your News Item

"X-cuze me-I did it again last week. In reporting names in the class of 1939 and my personal visiting with some of them, I reported Lawrence Lansdown was here and it was not Lawrence but Orville. I am sorry for the error but thank you for correcting me."

I have some real nice neighbors--old and young and it is the young ones that keep me on my toes and keep me going. Rusty and Jordan Peace live just south on the corner and Valerie Izzaguirre lives on the end of my block. They visit with me quite often.

Rusty was here late one afternoon and he and I had a "personal" visit and then he helped me with my flower bed and we were really getting along with the work when his mother called him in for the night. It is interesting to visit with these kids and try to figure out what they are really thinking. As Jimmy Dean says in one of his records, "I'd give a \$5 bill to know what they are thinking." But thank you for visiting with me.

Mr. and Mrs. B.O. Elder have had some interesting visitors. Mr. Elder was a school teacher back in the dirty 30's at Spade, Texas and two of his students visited them. They are Mr. and Mrs. Norvell Strawn from Bovina.

Norvell and Doris Garrett Strawn were students during the seven years that Mr. Elder taught at Spade. Don't you know the memories got a little wild!

Other visitors in the Elder home have been granddaughters, Stacy Dodson, on Saturday and Sunny Dodson over the weekend. These girls are attending Texas Tech University at Lubbock and are daughters of Connie and Laquita Dodson.

Also, Mrs. Elder's cowboy grandsons from Amisted, N.M. were a real treat. These boys are Travier Stevenson, age seven, and Trey Stevenson, age six. They are real cowboys. Preston Cargile and son from Clay's Corner were also visitors with the Elders.

Shirley (Teddy) Fangman reports the death of her grandmother, Leone McCloud of Ponca, Nebraska. She was 90 years of age and was buried September 16, 1989. She raised 15 children, with ten still living, had 64 grandchildren, 102 great-grandchildren and nine great-great-grandchildren.

Shirley is next to the oldest grandchild. Shirley and her parents, Mr. and Mrs. George Schulte of Hereford, and her sister, Judy Kitten, Amarillo, attended the funeral.

Other relatives including the ten surviving children came from Alaska, California, Texas, Missouri and Florida. A rich heritage has been left for this family. Shirley reported a nice visit with aunts, uncles and cousins that she had not seen for several years.

In spite of the feeling of the loss of a loved one there is always that renewing of kinship that we all need to stay in touch with our roots.

Myrl Buske has enjoyed an eight-day visit with Deann and Rick Styles in Abilene. Abilene is a pretty part of Texas this time of the year, says Myrl, but she is always glad to come back to Friona and her home.

Dean and Carolyn Shipp took a second honeymoon and had a great time seeing the wonders of nature in Arizona and points in between. Carolyn said that this was the first time she and Dean had been off together since they started their family and they truly had their second honeymoon.

They visited the Painted Desert, Petrified Forest, Meteor Crater near Winslow and Flagstaff, Arizona, the Grand Canyon, Oak Creek Canyon at Sedona, and of course they had to visit Las Vegas for one day.

They enjoyed Old Tucson and then Tucson and Tombstone, Arizona and on their return trip they visited Las Cruces, N.M. and the White Sands in New Mexico. Carolyn said she took so many rolls of film that they would have to borrow money to pay for the developing, but I know they will have the pictures to enjoy their trip

for years to come.

Jean and Ora Mae Anthony have been on the move the biggest part of the summer. Her sister, Ruby Glidewell at Oklahoma City, was buried September 5, 1989 and they were there for some time and she visited with her brother during this time.

Jean and Ora Mae have been to Ute Lake, N.M. twice and one time Abbie and Kater Crume, Hereford, went with them and of course, they all had a good time. Jean has been under a doctor's care and this has had them busy but he has a clean bill of health again. Ora Mae said that between doctors, funerals and canning that their summer has been pretty well spent but they are always ready to go when they have a trip planned.

Irene Anthony, Frances Smith and Jean and Ora Mae Anthony spent some time at Red River, N.M. This was a beautiful trip, she said.

Mrs. Ralph (Sammy) Tedford from Lincoln, Arkansas has been visiting in Friona. She was a house guest of Marie Sanders and they visited the ones that were friends and neighbors of the Tedfords when they lived in and near Friona.

Jack and Betty Tedford of Lincoln, Arkansas brought her to Friona and enjoyed the anniversary celebration at the Pentecostal Church and then Roy Lee and Bobby Tedford Jones, Garden City, Kansas drove to Friona to take Mrs. Tedford home with them.

Marie Sanders and Mrs. Tedford enjoyed visiting with friends and neighbors here and then they went to Clovis to visit with Chili and Fern Sanders.

Roy Lee and Bobby Jones and Mrs. Tedford visited with Roy Lee's mother, Lillian Jones, while they were here.

Lillian Williams and Town Talk were business visitors at Clovis, N.M. last Saturday and noticed several other Friona people in Clovis, also. We saw the Larry Knowles family, Ann Kelley and her friends, Ralph Robinson and Mrs. Herb Oliver and her sister, Evelyn Faulkner.

Mabel DeLong has been to Madison, North Carolina visiting her son and family, Connor and Lora Kelly, grandson and family, Thomas and Bee Kelly, Sean and Kerby. Mabel flew out on August 22 and returned to Friona September 18. She said she had a real good time but is so tired that she does not think she will get rested, but I am sure she will catch up soon. But we are glad to have you back in Friona.

Joyce Coffman and her daughter, Sharon Gallon of Alva, Oklahoma, have been to Washington, D.C. attending the

Poet Writers Convention and to receive the award for her poem, "Inspiration," which she wrote about the lost boot at Boy's Ranch.

Joyce drove to Alva, Oklahoma and she and Sharon flew from Wichita, Kansas to Washington, D.C. Joyce said that Texas poetry writers took first place in five divisions and that the person who won the big prize was a school teacher from Brownfield. Joyce promises to have a full story of her trip for the Star later on.

Joyce and Martha Hamilton visited Boys Ranch when First Lady Barbara Bush made her visit. Joyce said Mrs. Bush was a very gracious lady and won the hearts of the citizens of Boy's Ranch. As she was leaving, she went down the aisle and touched hands with the boys and girls as she left. Joyce and Martha visited with Jack and Jackie Gast Walker at Vega on their way back to Friona.

Lester and Geneiva Riethmayer Stanley are back home after doing quite a bit of traveling and visiting in the northwest.

We have several people in hospitals and nursing homes over our area that we are concerned with--Beth Thompson, Amarillo; Doyle Cummings, Lubbock; Artis Fallwell, Lubbock and Huck Nichols, Lubbock. Mary Roberts, Farwell Convalescent Nursing Home, is making slow progress.

Reports from June Floyd in Elkhart, Kansas are that she continues to make slow progress but "hang in there June, we are all pulling for you."

Society Is Planning For Meal

St. Teresa's Ladies Society held their regular monthly meeting on Monday, September 11 at the Parish Hall with ten members present.

Mercedes Williams, president, called the meeting to order. Minutes were read and approved. The treasurer's report and the Parish Council report were given.

Plans for the German sausage dinner were discussed, and the date has been set for Sunday, October 1, from 11:30 a.m. to 2 p.m. at St. Teresa's Parish Hall. Price per plate will be \$4.50 for adults and \$2.50 for children.

The menu will consist of homemade sausage, kraut, mashed potatoes, green beans, relish plate, cake, tea and coffee.

Co-chairmen for the event are Mercedes Williams and Sylvia Roth. Plans for a "country store" were made, along with door prizes to be given on the day of the dinner.

GOLDEN WEDDING ANNIVERSARY....Mr. and Mrs. Don Bruns of Muleshoe will be honored at a 50th wedding anniversary reception on Sunday, October 1 from 2-4 p.m. at The Depot, West American Blvd., Muleshoe. The event is being hosted by their children, Mrs. Donna Pittman of Amarillo; Bud Bruns, Mrs. Debbie Kemp and Mrs. Tammy Black, all of Muleshoe. Don Bruns and Francis Robertson were married September 30, 1939 in Clovis, New Mexico. The former Francis Robertson is the daughter of the late Maggie and J.C. Robertson. The wedding was witnessed by Don's sister, Ruth, and her husband, Kenneth Briscoe. The children of Francis and Don Bruns request your presence. Please come. Your presence is all the gift they ask. Club Hears Book Report

Modern Study Club met Tuesday, September 19 at the Woman's Clubhouse for their regular meeting.

Club president Iona Cook read a poem to open the meeting.

The roll call was done with "comments about the latest book you have read."

Donna Mears and Mrs. Cook presented the music. They sang "Tell Me the Stories of Jesus" and "The Love of God." Mrs. Cook accompanied the duo on the autoharp.

Luann Hough reviewed the book, "Joys of a 60-Second Christian," by Gary Collins.

The meeting was closed by the repeating of the club collect, led by Vera Beil.

Refreshments were served to seventeen members and one guest, Mrs. Hough, by Carmaleet Truitt and Gerry Taylor, hostesses.

The Friona High School Class of 1964 held its 25th year class reunion on August 5 at the Lubbock Plaza in Lubbock.

Dinosaur Days Sets Performance Oct. 7

The Don Harrington Discovery Center is pleased to announce the spectacular song and dance extravaganza, *Dinosaur Days*, at the Amarillo Civic Center Concert Hall on Saturday, October 7 at 10 a.m. and 1 p.m.

Slim Goodbody, a well-known children's health educator who appears twice weekly on the Captain Kangaroo show, is the producer of this entertaining drama designed for children of all ages.

Dinosaur Days is the story of Terrible Tyrone, the Tyrannasaurus, who unwillingly adopts a baby Brontosaurus named Herbie.

Dinosaur Days will provide children of all ages with an opportunity to view professional theater and learn more about dinosaurs and the prehistoric world. Children will also gain insight into "peer pressure"—how it feels and how to deal with it.

Dinosaur Days is being presented to the public in conjunction with the "Vacation Invasion! Dinosaurs" exhibit at the Discovery Center, which will be in Amarillo through November 5.

School groups may register for two performances on Friday, October 6. Tickets for *Dinosaur Days* may be purchased at the Discovery Center for \$2.50. Please call 355-9548 for more details.

An investment in Your Future

...ATTEND CHURCH

"For where your treasure is, there will your heart be also"

A REASON FOR EVERYTHING

The giraffe was given a very long neck and legs so that he could feed on the leafy part of trees. The giraffe is the only animal that can not make a sound. We do not know the reason for this. God has revealed many things to us, but not all things. Men delve deeply into theology and find many things that cannot be answered, but God has given us the answer to all things pertinent to our salvation.

Attend church, study God's word and grow in faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
