NUMBER 113

CROPS RETARDED BY BAD WEATHER

Excessive Rain in Eastern Texas Also Halted Cultivation, Report For State Says.

LABOR BECOMES SCARCE

Harvest Coming on as Cotton Needs Attention—Weather Change Aids General Outlook.

HOUSTON, Texas, June 11.—The unusually cool temperatures during May and excessive rainfall over the eastern half of the State have had a retarding effect upon the growth of crops and their cultivation, according to the June 1 crop report for Texas by the United States Department of Agriculture. Since the May 25 report on cotton a continuation of heavy rains did further injury except in the west and northwest where moisture was needed. However, lately, fair weather with high temperatures and abundant sunshine have made possible the working of the fields. Planting and replanting is almost finished and chopping is making progress.

There has been a material improvement in the crop outlook since the change in weather conditions according to the June report of the U. S. Division of Crop Estimates. However, with the wheat and oat harvest coming on at a time when cotton needs attention, the labor situation has become of unusual importance. On June 1, the ratio of labor supply to wheat was 96 per cent on May 1; the supply shows a decrease and the demand an increase. Corn is late, but is now doing well; the early planted in the south is ripening. The grain sorghums and broomcorn have been held back with much replanting necessary. While the rice crop is somewhat late, the favorable weather now prevailing is making prospects good. Grasshopper are a menace in many sections of the State.

Wheat harvest has begun in the central and western sections of the belt and a start has been made in the north, but little will be ripe in the northwest until after the middle of June. The recent rains were of great benefit to the crop in the North Plains particularly where it was just beginning to head. Hail and rust reduced the earlier prospects in a number of counties. The June 1 condition of 84 per cent forecasts an average yield of 13.6 bushels per acre and a production of 16,483,000 bushels on the 1,212,000 acres remaining for harvest. The United States condition forecasts a production of 509,319,000 bushels as compared with 572,340,000 bushels of winter wheat harvested in 1923.

During May wind and hail did considerable damage to Oats in various localities and rains interfered with the harvest. The drouthy conditions prevailing in portions of the northwest were largely corrected. Improvement is noted in the north, center and west center. The June 1 condition averages 86 per cent of normal which is 9 points above the 10-year average and 2 points above the average on June 1, 1923. An average yield of 32.5 bushels per acre and a total production of 46,832,000 bushels are forecast. The United States condition of 83 per cent forecasts 1,231,000 bushels as against 1,299,823,000 bushels in 1923. It is estimated that 80 per cent of this year's crop in Texas will be cut for grain, 11 per cent for grain and forage before maturity, 5 per cent cut green for hay and 4 per cent pastured or abandoned.

T-P ASKS BONDS

Would Issue \$4,400,000 Six Per Cent Notes For Additions During Federal Control.

By The United Press. WASHINGTON, D. C., June 11.—The Texas and Pacific railroad today asked the interstate commerce committee for the authority to issue \$4,400,000 of six per cent notes, maturing March 3, 1930, to be delivered to the director general of railroads for additions and betterment made during federal control.

The road proposed to issue \$5,500,000 in general and refundable mortgage bonds as security for the notes.

Miss Frances Hamilton of Farmersville is visiting friends in Sweetwater.

Five Cents Per Foot For Snakes On Open Market

By International News. HUTCHINSON, Kas., June 11.—Live snakes—no dead ones desired—were quoted at 5 cents a foot on the Hutchinson open market this week. Led by bull snakes, the market opened bullish with rattlers, water moccasins and black snakes losing strength.

A few days ago Koon C. Beck, Hutchinson naturalist advertised for snakes. The French government placed an order with him for thousands of reptiles, to be turned loose in a mouse infested district in France.

Church Meeting Tonight. There will be a business meeting at the Lamar Street Church Wednesday night.

FLAMES GUT BIG DALLAS BUILDING

Loss Estimated at \$300,000 When Fire Destroys Three-Story Building Housing Clothing Store

THREE PERSONS INJURED

Fireman Has Arm Broken and Two Sales Ladies Overcome by Heat—Same Block Burned Recently

DALLAS, Texas, June 11.—One fireman was injured, two women overcome by heat, and damage estimated at \$300,000 caused by fire which swept the three story building occupied by I. Rube's clothing store today. The fire is said to have originated among clothes stored in the third floor. Captain J. W. King, in charge of a tower squad, suffered a broken arm when he was struck by a lever on the operating device of the tower. Misses Billie Belcher and Mattie Pownslay, sales ladies, were overcome by the heat, but were later revived at the emergency hospital. The same store was damaged by fire six weeks ago.

Goes To Temple.

Mrs. Tom Whittenburg is in a Temple Sanitarium where she was expected to undergo an operation Wednesday.

TECH HEAD HERE

Dr. Horn at Work Selecting Faculty—Receives Many Inquiries Regarding Lubbock College.

Dr. Paul W. Horn, president of the Texas Technological College at Lubbock, visited in Sweetwater Wednesday morning between trains while enroute home from Dallas. In the latter city he attended a luncheon of the Chamber of Commerce wherein textiles and the possibility of the manufacture thereof in Texas played a conspicuous part.

"I am getting many inquiries concerning the new college every day," Dr. Horn told the many Sweetwater men who met while here. "In one mail there were letters from prospective students from three states—Oklahoma, Mississippi and Arkansas." Present plans include the opening of the Tech in September, 1925, one year from this coming fall. A meeting of the Board of Regents has been called for June 27 at which time it is planned to let contracts for the buildings.

Dr. Horn is at work now on selection of a faculty. While none of the professors or instructors have yet been decided upon, available and desirable material is being lined up unofficially.

The first year, only freshmen and sophomore work will be given in the new college. Students who graduate from high school this year may attend Texas Tech next year if they so desire, going on with the sophomore year work there.

Although Dr. Horn has passed through Sweetwater a number of times since he took up his residence at Lubbock the first of the year, this is the first time he has stopped over here and met local citizens.

Included among the men who met him here was R. A. Steward, presiding elder of the Sweetwater District of the Methodist Church, who formerly went to school to Dr. Horn.

PREPARING FOR G O P PLATFORM

Trouble Looms Over World Court Plan as Beveridge Threatens to Start Fight.

NEW V. P. BOOM STARTS

Legion Backs Maj. Gen. Harbord For Coolidge Running Mate—Predict Thrilling Race.

By The United Press. CONVENTION HALL, Cleveland, O., June 11.—While the resolutions committee smoothed out the difficulties in the platform drafted by the sub-committee through an all-night session, the Republican National Convention today in a brief session cleared the way for final action on the platform.

Rumblings of an impending storm over the World Court were heard. The plank drawn by the sub-committee reached the convention leaders early today. It was to head off the possibility of a threatened out-break by such leaders as former Senator Albert Beveridge that Chairman Mondell among a din of "noes" gavelled the convention into a recess at 12:30.

The delegates were told to reconvene at 8 p. m., when the party leaders hope to have drafted a platform with all the planks attuned to the wishes of those who are threatening opposition.

Former Senator Beveridge—reported to have the support of Senator Watson—let it be known that he would not stand for an unequivocal approval of the world court proposal, and if such approval is embodied, he will make an open fight from his delegate's seat on the floor.

In the desire to avoid any trouble in an otherwise peaceful session, the convention decided to keep the platform within the confines of the resolutions committee room until all differences had been ironed out.

Backed by militant members of the American Legion, a boom for Major General James G. Harbord as running mate for President Coolidge shook the second day of the national convention.

Urged in conferences of ex-service delegates and by such administration spokesmen as Secretary of War Weeks and Assistant Secretary of the Navy Roosevelt, the Harbord campaign received added impetus from the Kansas delegation, and swung up along side Hoover for a finish fight that is expected to have all the dramatic qualities of the presidential nomination four years ago.

CARPENTERS QUIT

Union Men Walk Out on State Fair Job at Dallas.

By The United Press. DALLAS, Texas, June 11.—Thirty union carpenters employed by the State Fair Association were called off their jobs by union officials today.

The employing of six non-union men by the association was given as the cause for the walk out.

SPOONERS SUE PARK POPULAR

Ask \$18,000 From Constable Who Arrested Them Near Lancaster, Charging "Spooning."

By The United Press. DALLAS, Texas, June 11.—Damages totaling \$18,000 are asked in a suit filed by J. H. Rice of Detroit and Miss Grace Sneed of Dallas against C. C. Lowery, constable at Lancaster.

The petition alleges that Lowery arrested the couple as they were sitting in an automobile on the Lancaster-Hutchins pike, the afternoon of May 28, and accused them of "spooning."

He then forced them to drive seven miles to Lancaster, the petition alleges, where they were later released by a Justice of the Peace. The petition states that Rice and Miss Sneed were properly conducting themselves, and were not guilty of the accusation.

To New Mexico. Mr. and Mrs. Otto Carter and family plan to leave Thursday forning for an automobile tour in New Mexico. They plan to go by way of Roswell, Cloudercroft, Tularosa and will visit various points of scenic interest on a ten day or two weeks trip.

MILLERAND QUILTS THE PRESIDENCY

Socialists Who Demanded His Head Force Resignation of French President.

SCORNS HIS OPPONENTS

Charges Refusal of Offer to Collaborate—Resignation Opposed to Constitution.

By The United Press. PARIS, France, June 11.—Alexander Millerand, who became president of the Republic of France in September, 1920, tendered his resignation at a meeting of the cabinet today, beaten by the vote in the Chamber of Deputies of the left wing, who won over his supporters in the recent national election.

The resignation was to be read in the chamber of deputies at 3 o'clock this afternoon. Millerand's passing marks the climax of one of the stormiest sessions in modern French political history. His downfall was due to opposition to his efforts to make the President of France the active leader of the country.

He formed the bloc national, which kept M. Poincare in power. The Socialists defeated the Bloc National at the polls, and demanded Millerand's head.

"Tomorrow in the ranks beside the good citizens of the country, I will struggle for liberty, the Republic, and France," Millerand said in his message accompanying his resignation.

"I expected to collaborate with them in entire loyalty, but my offer was refused. They demanded my resignation. This was an unjustifiable pretension, opposed to the spirit and the letter of the constitution."

Re-affirming his conviction that great danger lay in such precedent, Millerand said: "I would have believed myself guilty of a felony in becoming even by inertia a party to changes so filled with peril. I resisted. I have given in only after exhausting all legal means within my power."

ALLOW RICHARDSON BOND

Judge Over-Rules New Trial in District Court.

SAN ANGELO, Texas, June 11.—Over ruling a motion for a new trial, the District Judge here Tuesday granted a recognizance in the sum of \$1,500 to George Richardson, who Monday was found guilty on the second count in an indictment charging forgery and the passing of a forged instrument.

The bond insured Richardson's appearance whenever necessary pending action by the Court of Criminal Appeals at Austin on the appeal from the jury verdict will be filed.

Rives Leaves

J. Stone Rives and family, former superintendent of schools, left this week for Austin, where Mr. Rives will teach in a summer normal. They started on the trip in a car.

TOURISTS, CAMPERS, SWIMMERS, TAKE ADVANTAGE OF BATHING AND CAMPING FACILITIES.

From ten to thirty cars of tourists are camped daily in the Sweetwater Tourist Park, according to C. B. Reed, keeper of the City Park and Lake, and the number is steadily increasing with the warmer weather. As soon as the city officials provide a registering book, a complete record of all tourists who stop over in Sweetwater will be kept.

There were ten camps at the Park Wednesday morning, the majority of travelers leaving early and continuing their journey, while others stop over several days to rest up and swim and fish before going on.

The camping grounds are cleaned up and trash and weeds removed and the park is now in fine condition. A large crowd takes advantage daily of the fine swimming and diving offered by the City Lake which is quite warm now and in fine condition. Arrangements are being made to have several loads of gravel spread over the bottom of the lake near the beach and diving stands which will prevent the mud from being stirred up and keep the water clear.

Bank Robbed After Cashier Refuses To Buy Burglar Alarm

By International News. BRISTOW, Ok., June 11.—A burglar alarm salesman visited Bristow banks this week. He gave the bank official a strong sales argument, in an effort to get them to purchase alarm appliances.

For a straight 30 minutes he attempted to get the cashier of the Community State Bank to buy one of his alarm systems. He used every high-powered sales-talk to get an order. But the official was dead set and didn't sign on the dotted line.

"All right," said the burglar alarm salesman, "some day you'll remember that a big tall boy from Arkansas did his best to help you."

And that afternoon the Community State bank was robbed.

DRUNKENNESS ON THE INCREASE

Observations Convince Doctor Drunkenness Exceeds That of Prohibition Times.

ASKS FREEDOM FOR DOCTORS

Does Not Advocate Return of Liquor Author of Medic Resolution Declares.

By The United Press. CHICAGO, Ill., June 11.—Drunkenness is more prevalent now than it was before prohibition, Dr. Charles Chalmers, Forest Hills, told the United Press today.

Chalmers is the author of the resolution calling for a liberalization of the Volstead act as it affects physicians, adopted by the House of Delegates of the American Medical Association.

"From my observation, I am convinced that there is more drunkenness now than there was before prohibition," said Dr. Chalmers. "After prohibition, a change was effected for the better, but now the pendulum has swung the other way."

Dr. Chalmers does not advocate the repeal of the Volstead Act nor a change in the dry laws permitting the return of liquor, but does demand more freedom for physicians.

Weather.

Thursday generally fair.

OFFICERS HERE

All Day Fraternal Program Planned Thursday by Supreme Forest Woodmen Circle.

Members of the Sweetwater Grove of the Supreme Forest Woodmen Circle plan an all day fraternal meeting Thursday, when Mrs. Tressie Goldsticker, Stamford district manager for the circle, Mrs. Dora Alexander Talley of Omaha, Supreme Clerk, Mrs. H. A. Thomas, Fort Worth, State Manager, and Mrs. Annie Whitten, Brownwood, district manager and Supreme Delegate, will be here.

Mrs. Talley is Supreme Clerk or National Secretary of the society and in addition to her work in the Woodmen Circle, is chairman of the committee on the State of the Orders and Statistics, one of the most important committees of the National Fraternal Congress. Mrs. Thomas, in addition to being State Manager and Supreme Delegate of the society is the President of the Texas Fraternal Congress.

Mrs. Goldsticker is a district manager and also Supreme Delegate of the society and is intensely interested in the work of the society.

All four of these ladies are very much interested in the betterment of the women and children of the country. Mrs. J. H. Fultz is local deputy and clerk of the grove in Sweetwater.

MRS BURLESON DIES

Wife of Former Baylor Head Suffered Stroke.

By The United Press. WACO, Texas, June 11.—Mrs. Geo. J. Burleson, 91, widow of the late Dr. Rufus Burleson, former head of Baylor University, died at the home of her son here today. Mrs. Burleson suffered a paralytic stroke several days ago.

POWER LINE SOON TO BE COMPLETED

Eskota to Sweetwater Link Will Connect Sweetwater and Abilene Utility Plants.

NO SERVICE INTERRUPTION

Power From High Line in Case of Accident—Part of High Tension Connection System.

Another ten days will see the completion of the new electric high tension transmission line from Eskota to Sweetwater connecting the plant of the West Texas Utilities Co., at Abilene with the plant of the West Texas Electric Co., at Sweetwater. These two companies will buy or sell power to each other as their load conditions may vary. And in case of fire or other emergency at the plant, there will be no interruption to service; power being supplied from the high line.

The new high tension line is part of an extensive program whereby the power plants of Wichita Falls, Sweetwater, Abilene, Eastland, Brownwood will be interconnected by high tension transmission lines. The Abilene plant is connected with Wichita Falls at Seymour, with Eastland at Cisco. Intervening towns are being supplied as well.

The line from Eskota to Sweetwater is ten miles long and will cost approximately \$30,000. It is a three wire system for a three phase, 33,000 volt current. It is so constructed that the voltage can be stepped up to 60,000 should it be desirable in the future to do so. The high tension line west from Sweetwater through Roscoe, Lorraine, to Colorado has also been stepped up from 23,000 to 33,000.

The West Texas Utilities Co. now serves Roby with a high tension line via Stamford, Hamlin and McCaulley, will build from the present terminus of their line at Eskota over to Roby, thus completing the circuit. In case of a break in the line anywhere, current could be supplied from the other end to towns within a reasonable distance of the break.

SUBWAYS TIED UP

London Strike Puts Cars Out During Rush Hour.

LONDON, Eng., June 11.—No subways were in operation during the rush hour from 8 to 9 o'clock this morning, due to the overloading of the power stations, where a few loyal employees were on duty.

The walkout of 8,000 others in defiance of organized labor leaders showed no signs of abatement.

CHICKEN FIELD TRIAL

Called Meeting Amarillo Those Interested in Prairie Chickens.

AMARILLO, Texas, June 11.—A field trial in the famous prairie chicken country of the Texas Panhandle during the month of August is the plan of the Tri-State Field Trials Association, which is to be permanently organized at a meeting of sportsmen in the Longhorn Club Rooms of the Amarillo Hotel, at Amarillo, Thursday night, June 26.

Every sportsman in the Panhandle and Western Oklahoma and eastern New Mexico is expected to be present at this meeting which will be attended by L. C. Shaw, special representative of the Fish and Game Commission of Texas, who will assist in making the First Annual Tri-State Field Trials a success.

HOOVER SAYS NO

Declares He is Not a Candidate For Republican Nomination as Vice-President Interview.

By The United Press. WASHINGTON, D. C., June 11.—Secretary of Commerce Hoover who conferred with President Coolidge today, when asked as he was leaving the White House what his position was on the vice presidential nomination, said that he was in no wise a "candidate."

When asked whether he would accept the nomination, Hoover replied that it had not been proffered him. He discussed with the President the situation in the Light House service, caused by the failure of the deficiency bill.

AUTOS AND MOVIES.

Investment of \$1,500,000,000; permanent employment of 300,000 persons; pictures produced a year 700, weekly attendance at picture theatres 50,000,000; paid admissions annually 500,000,000; salaries and wages paid at studios \$75,000,000 a year—from these figures one gets an idea of the magnitude of the moving picture business, which only a few years ago was really an infant industry. Now it is eighth place in leading industries of this country and American picture makers are furnishing films to 80 per cent of the British theaters and almost as much to the other nations, some of which formerly led in its development. We of this generation have seen the inception of two industries from their discovery to their wonderful development. These two are the automobile and the moving picture, and as huge as their growth has been in the past 20 years, there is no indication of any let-up even yet in either. Both have caused some hurt perhaps, but who questions that both of them have been more beneficial than hurtful as a contribution to the education of the whole people, the one thru bringing distant places close to view, the other thru promoting intercommunication between places that were too distant in the horse-drawn vehicle days?—Denton Record-Chronicle.

FREE ADVICE

If you doubt that the world is willing and rarin' to advise you, free gratis for nothing, just wrap up your thumb and go down the street. When folks ask you what's the matter, tell them something—anything. Then, every one will tell you what to do. If you did everything told, you would have to buy out six drug stores, two chemical factories, and use up all the vegetation on a ten-thousand-acre densely wooded tract of land.

If people ever get in the habit of taking free advice, doctors and lawyers will have to go out of business—and so will a lot of business men who heed the advice!

Once there was a poor restaurant man whose place couldn't attract trade. He did everything that everybody suggested, and consequently came to ruin. Finally he paid a fortune teller \$6.35 for advice, and got rich—merely by naming his place "The Sign of the Seven Bells," and then putting up a sign that had only six bells on it. People noticed the discrepancy, rushed in to tell him, and stayed to eat. The thing got in the guide book, and his place became famous all over the world, including Scandinavia. But, he followed the bought advice, and got rich by refusing to follow the free advice—which was that he should put another bell in the sign.

But here's a little free advice story that drifted into our office the other day, under the guise of Anonymity: He had opened a fish shop and he ordered a new sign of which he was very proud. It read "Fresh fish for sale here."

"What do you put the word 'fresh' in for?" said his first customer. "You would not sell them if they were not fresh would you?"

He painted out the word, just leaving "Fish for sale here."

"Why do you say 'here'?" asked his second customer. "You are not selling them anywhere else are you?"

So he rubbed out everything except "Fish for sale."

"Why use 'for sale'?" asked the next customer. "You wouldn't have

CANDIDATE VISITS HERE

JESSE R. SMITH, Breckenridge, candidate for State Senator from the 24th district, visited Sweetwater Wednesday. Mr. Smith's supporters recommend him as a high-class gentleman, clean and capable, a business man, and a school man. The 24th district is composed of Eastland, Stephens, Throckmorton, Callahan, Shackelford, Taylor, Jones, Haskell, Nolan, Fisher, Mitchell and Scurry Counties.

fish here unless they were for sale, would you?"

So he rubbed out everything but the word "fish," remarking: "Well, nobody can find fault with that sign now, anyway."

A moment later another customer came in.

"I don't see the object in having that sign 'fish' up there," said he,

"when you can smell them a mile away."

One very successful man says: "A good rule to follow is: Listen to all the free advice that folks want to give you—and then use your own judgment!"

AMUSEMENTS

The Bull in a China Shop has stepped from a figure of speech to a fact.

Signor Luigi Montagna, more widely known as "Bull" Montana, is a glass blower in "Painted People," the First National picture heading the program at the R and R Palace Theater today and tomorrow.

In trying to blow one small bulb at a Los Angeles factory where the scenes were made, he stumbled thru several hundred dollars worth of glass and enjoyed himself immensely.

Signor Toro Montana is in excellent company in "Painted People." Other players who support Colleen Moore, who has the featured role, are Ben Lyon, Charlotte Merriam, Charlie Murray, Sam De Grasse, Joe Striker, Mary Alden, Russell Simpson, Mary Carr, June Elvidge and Anna Q. Nilsson.

Clarence Badger directed the production, which offers Colleen Moore a splendid opportunity to blend her beauty with dramatic ability in a story of rare humor and pathos.

At The Lyric.

A search for practical experience for use before a motion picture camera led Walter Heirs, star in Paramount pictures, into some new and unexplored fields of excitement.

In his new comedy, "Sixty Cents an Hour," which will be the feature at the Lyric Theater next Wednesday and Thursday, Mr. Heirs performs the duties of a soda fountain clerk. But he had no knowledge of how to mix drinks, which was necessary to the success of the role. At Director Jos. Henabery's suggestion, Mr. Heirs decided to work behind a real fountain for a few days and acquire a little technical experience.

Mr. Heirs' first attempts to "jerk sodas" were ludicrous. Some of his fancy sundaes resembled Chinese chop suey in appearance, and almost in taste. Economy with his flavoring extracts caused his first few drinks to taste exactly like carbon water.

Misses Wilma Ramsey, Beatrice Green and Robbie Griggs of Baird returned to their home there Tuesday after visiting their aunt, Mrs. Ray Hickman of Sweetwater.

WARS ON SPEEDERS

Tulsa Judge Will Give 'Em Terms in Jail.

TULSA, Ok., June 11.—A warning that during his term as criminal assignment judge, jail sentences would be given all persons arrested and con-

victed for drunkenness and reckless driving, was sounded by Pleas Judge Allen today. A fine will be tacked on the sentence, he said. To convince the violators he meant business he followed his announcement by sentencing several arrested persons to terms of varied length in the city bastille.

INCREASE PAVING

Property Owners Take Advantage of City Plan—B. C. D. Invites Epworth League.

The first property owners to take advantage of the city's new paving plan whereby the city pays one-fourth and adjacent property owners the balance, was reported at the regular meeting of the Board of City Development Monday night.

The paving contemplated is Elm Street, on the block between Second and Third Streets, also a strip on Second street, in front of the new

buildings erected by Manroe and Morris.

Similar action on the part of other property owners in the city is expected. Details of the paving can be obtained from Mayor Joe H. Boothe.

The board extended a formal invitation to the Epworth League of the Northwest Texas Conference to hold their next annual convention in Sweetwater in 1925. The invitation was wired to the Sweetwater delegates at Lubbock Tuesday.

There was an extended discussion of Sweetwater's candidacy for the 1926 convention of the West Texas Chamber of Commerce but no action was taken on the matter.

TO SPEAK HERE

Senator Collins, Gubernatorial Candidate, Has Record as Creator of Legislation.

Senator V. A. Collins, candidate for Governor, who speaks in Sweetwater Saturday, at 3:30 p. m., in the interest of his candidacy was first elected to the Senate of Texas in 1910 from the 14th (Beaumont) District.

While a member of the Senate, Senator Collins was responsible for much legislation that has a far-reaching effect on the citizenship of the state. Among the more important measures for which he was responsible was the State-wide Statutory Prohibition Law, the Primary Woman's Suffrage Bill, and the 54-hour Female Labor Law.

In addition to the foregoing measures, Senator Collins was author of the Workman's Compensation Act of 1913. This Act was a preferential demand of the State Federation of Labor and generally met the approval of the big employers of the State. Senator Collins says: "Under the provisions of this Act, \$25,000,000.00 has been paid injured and disabled workmen in this State; much litigation avoided and a finer spirit of cooperation brought about between employer and employe."

Senator Collins takes a special pride in his authorship of the law providing for the sanitary inspection of factories employing female labor. He was also author of the Eight Hour Law, Contracting Stevedore Law and valuable amendments to the State Child Labor Laws.

ages bearing above trade mark.

Fringe

This dinner frock of black satin has little to distinguish it but the fringe overskirt woven in triangular patterns to give the effect of heavy embroidery. Fringe is very fashionable this season because it falls naturally into the straight lines that are imperative if one achieves the smart silhouette.

Concho Needs Farm Hands.
Special to The Reporter.
PAINT ROCK, Texas, June 11.—
Five hundred farm hands are needed right now in Concho County. Farmers are paying \$1.50 a day and board for cotton choppers, and believe if they can get their cotton chopped, they will make the biggest crop in the country's history.

TRADE AT HOME!

Legion Boss Real Horseman!

John R. Quinn, national commander of the American Legion, isn't masquerading as a cowboy. He is a full-fledged one. Quinn owns a 12,000 acre ranch near Bakersfield, Calif.

No Monkey Business, Doc!

Mike, business partner of a Washington, D. C. organ grinder, nigger has toothache. Dr. Quells, of the capital city, performed the unusual operation.

Dinner Frock

The black dinner frock of this season is usually pepped up by a little color or the use of brightly-colored beads or jewels. Here we have a large bird of brilliant color doing the trick. The skirt is plain in the back and front and full at the sides. The neck is rather lower than we have been wearing, but it has the sanction of Paris.

ROBERTSON NEXT

Dallas Candidate For Governor Will Address Voters Here Friday Night.

Judge Felix D. Robertson, judge of Criminal District Court No. 1, Dallas County, will outline the platform on which he seeks the democratic gubernatorial nomination, to Sweetwater voters Friday, June 13. He is making a tour of the Panhandle and Plains section and after completing his campaign in West Texas on June 21, will go to the Rio Grande Valley.

A native son of a native son, Judge Robertson was born in McLennan County more than half a century ago. His father was General Felix H. Robertson, who was born in Texas and served with distinction in the Civil War. His father, by the way, was born at the old town of Washington before the Battle of San Jacinto.

His grandfather was General B. Robertson, commander of Hood's Brigade.

Living practically all his life in Texas, Judge Robertson, who served as Major in the World War, declares that it has been his life-long ambition to serve his native State and its people.

Educating himself in law, the candidate embraced his profession in Waco and served as an assistant district attorney under Cullen Thomas and with Pat M. Neff, also an assistant under Thomas. He moved to Dallas many years ago, whence he left to join the colors during the world conflict.

Judge Robertson's advance notices say that he is known in Dallas as the "Common Sense Judge" and that his platform is based principally on common sense, old Texas horse-sense and a desire to lead Texas back to constitutional, christian government.

He is an ardent prohibitionist, advocate of women's suffrage and tells his audiences that he believes it to be

the duty of every man and woman to become politicians.

He admits that he is and has been a politician for 30 years and will be one until he dies, but disclaims being born on a farm. He also says he doesn't know whether he was born a Democrat, but insists that he early acquired Democratic leanings.

Economy in government, law enforcement, and better educational facilities, prison reform and aid for ex-service men are advocated by Judge Robertson.

PLUM CREEK NEWS

Plum Creek defeated Moodyville, 15 to 6, in a base ball game here Saturday afternoon.

Jone and Vivian Boyd and Earline Bennett are attending summer school at Sweetwater.

Grasshopper damage in this community has not yet become serious. The pests are numerous, but are being poisoned by the farmers.

Mr. and Mrs. George Boyd of the Bitter Creek community visited here Sunday afternoon.

Mr. and Mrs. Gerald Witt of Sweetwater spent the week-end with Mr. and Mrs. Nick Williams.

Is impossible without the peculiar advantages of the electric range.

Hotpoint Range

Apply the heat to the bottom of the cooking utensil—nowhere else.

There is no open flame—dangerous to children and to heat the room.

The heat of a Hotpoint can be regulated to any desired temperature, just the right amount for the item that is being cooked.

There is no smell, no smoke, no soot, to blacken utensils, smut walls, ceilings or drapery.

And the cost of operation is not more than other less desirable methods of cooking—with our special low range rate for electric current.

Buy a Hotpoint, and pay a little each month as you use it.

*Music, Eats, And a Big Welcome
Will Await Everybody,
Saturday, June 14*

NEXT SATURDAY, a representative of Wilson & Co., of Oklahoma City will be here with us. We have framed up a big party to celebrate the occasion and want everybody to come and join us. There will be coffee, sandwiches, and other refreshments all day and in the afternoon and evening there will be music. It goes without saying that there will be a hearty welcome for everybody, too. We want you to come.

YOU KNOW, we have been making some rather big statements about what we think of this market of ours and about the products we sell here. Saturday will be a splendid chance for you to come and see for yourself what we have been talking about. We want you to closely inspect our market, our new freezing room, as well as other storage facilities, our electric barbecue oven and the many other things we have installed so that we can take care of your needs better. It will cost you nothing, of course, and we will feel honored to be able to entertain you.

70 Miles an Hour; A 3-Inch Motor; High Gas Mileage

The Phaeton

When you ride in the Chrysler Six, you will note with amazement that it can be driven in comfort at 60 miles an hour and upward over rutted roads or cobbled streets. Due to scientifically distributed weight and a center of gravity lower than ever before; to perfect spring balance and a new type of spring mounting, the Chrysler Six rides as smoothly and steadily as a car of twice its weight.

The Touring, \$1335 The Phaeton, \$1395
 The Roadster, 1525 The Sedan, 1625
 The Brougham, 1795 The Imperial, 1895
 All prices f. o. b. Detroit; tax extra.

Anyone can build a car that will give 70 miles or more an hour.

It takes engineering genius to build a car that gets such speed out of a three inch motor; that, weighing only 2705 pounds, holds the road like a two-ton car; that gives a high gear speed per hour of 2 to over 70 miles per hour; gasoline economy well over 20 miles to the gallon.

It takes production genius, again, to build this kind of performance into a car that is priced, in the touring model, at \$1335, and that at every point shows ready proof of finer construction. We are pleased to extend the convenience of time-payments Ask about Chrysler's purchase plan.

HUBERT TOLER

ATTEND MEETING

County Agent and Club Boys Go to District Gathering at Lubbock Wednesday.

Accompanied by J. E. Cole of Sweetwater and four representatives of Boys' Club in Nolan County, County Agent W. C. Calvert attended a district meeting of boys' clubs at Lubbock Wednesday. An all-day program of poultry and live stock judging and other club work will be held.

Experts from A. & M. College will be at the district meeting to instruct the club members and judge their work. The finest live stock and poultry from the six counties in the district will be brought to Lubbock for the judging. The best and worst points of stock and poultry will be demonstrated to the boys, and lectures on field crops will be given during the day.

The representatives of the boys' club in the county who will attend are: Walter Porter, Trueman Cope and Felix Jarret, of Champion school, and Milton Sneed of the Bolin community.

Dodge Man Here.

C. G. Powell, field representative of the Dodge Brothers Motor Co., of Dallas was in Sweetwater Wednesday conferring with H. B. Allen, local distributor. Mr. Powell reports good business in Texas generally with specific reference to the sale of cars of the company he represents.

McKISSICK TO LEAVE

To Dedicate Church at Lexington— Reception New Members.

Rev. J. T. McKissick plans to leave Thursday morning for Lexington, Ky., where Sunday he will dedicate the new Forest Hill Christian Church for an old schoolmate and friend.

Tonight there will be a reception at the first Christian Church for the new members. There will be a program of short addresses followed by baptismal services.

Prayer Meeting at Mrs. Hall's. The Central Prayer Meeting will be held Thursday morning at 10 o'clock at the home of Mrs. N. L. Hall, 400 E. N. Third Street.

May Operate on Humphreys.

Word received here Wednesday from John Humphreys at Paris, Texas, indicates that he is resting nicely but will probably undergo an operation for appendicitis this week. Up to the time of his illness several weeks ago, Mr. Humphreys was on the staff of The Reporter.

Received Stolen Goods.

J. T. Underwood of Roscoe was placed in jail here Tuesday night on a charge of receiving stolen goods in connection with a cotton theft here some time ago. He waived examining trial in Justice Court and was jailed pending the making of a \$500 bond.

Mr. and Mrs. J. A. Roach and family, and Mrs. Doc Hickman and family returned Tuesday from a ten days' fishing trip on the Llano and San Saba rivers.

SOME FISH STORY

Henry Rogers and Party Send Back Wierd Report From Llano.

Twenty pound yellow cat fish are nothing in the life of Henry Rogers and the members of the Sweetwater fishing party on the Llano River, according to reports that have been received here.

Apparently 13 pounders are the smallest fish to which the Nolan County anglers pay any attention. Fish that do not show the proper fighting spirit are thrown back in the river until they gain more weight and courage. The members of the party report a wonderful time. They expect to return home early next week.

BACK FROM ODESSA

Sheriff Yarbrough Accompanies Wichita Falls Victim West.

Sheriff Yarbrough has returned from a trip to Odessa where he accompanied the Wichita Falls girl who accused two boys of assault while in Nolan County. The girl's father brought her to Sweetwater from Wichita Falls and the three went on west where the girl positively identified the place where the assault took place as being in Ector County.

The accused boys were released in Wichita Falls on a technicality, but when the case comes to trial, it will be in Ector County and not Nolan. The complaining witness is only 14 years of age.

Family Reunion.

The family of E. F. Merrell Sr., held a reunion at the home of a daughter, Mrs. Lucy E. Andrews, seven miles east of Fort Worth Sunday. Three sons, E. F. Merrell Jr., wife and daughter, of Dallas, Thos. H. Merrell and wife of Dallas, R. Ben Merrell and wife of San Angelo, four daughters, Mrs. Mary Potts, sons and daughter of Henrietta, Mrs. Luther Myers and family of Denton; Mrs. Harry Moore and family of Waco, the hostess, Mrs. Lucy E. Andrews and family, Mrs. Nannie E. Thompson and family of Argyle, Charles M. Thompson of Waco and W. H. Thompson of Dallas, were present.

There were four generations in attendance. Forty-two descendants enjoyed the day and a fine dinner. Mrs. E. F. Merrell Sr., was formerly of Sweetwater, and Mrs. E. F. Merrell Jr., is a sister to G. E. Bradford and Mrs. Ralph Mims of Sweetwater.

Dodge Bros. Motor Cars Lead MORE THAN 90 PER CENT STILL IN USE

Over One Million Built

DEPENDABLE ECONOMICAL COMFORTABLE

SOME FACTS SHOWN IN FIGURES

Note the figures on total registration of various groups of cars compared with Dodge Brothers.

There are more Dodge Brothers Cars in Texas than any other make of automobile.

Excluding Fords*

REGISTRATIONS AS OF JANUARY 15, 1924

CAR	STATE	REMARKS
Buick	33,685	
DODGE BROTHERS	37,209	
Studebaker	14,561	
Hudson	5,552	
Nash	6,033	
Total	26,146	
DODGE BROTHERS	37,209	
Chevrolet	31,172	
Essex	3,578	
Durant	832	
Total	35,582	
DODGE BROTHERS	37,209	
Overland	23,023	
Oldsmobile	4,493	
Maxwell	9,015	
Nash	6,033	
Total	36,531	
DODGE BROTHERS	37,209	
Hupmobile	5,437	
Oakland	7,094	
Maxwell	6,033	
Totals	27,579	
DODGE BROTHERS	37,209	

Bear in mind in considering these comparisons that Dodge Brothers manufacture but ONE chassis, whereas practically all the other motor vehicles mentioned are built in two and three distinct types of chassis, reaching into two or three separate price fields.

DODGE BROTHERS LEADERSHIP IS FOUNDED UPON THE SOLID BASIS OF ENDURANCE

The figures shown in this statement were compiled from Holland's Automobile Chart for 1924, and published by Holland's Magazine and Farm and Ranch, Dallas, Texas.

The first stop will be Grand Forks, North Dakota, where they will visit their little son, P. T. Jr., who has spent the past year with Dr. Quast's sister, Mrs. J. T. Thayer. A little niece, Katherine Quast, of El Paso, will accompany them on the trip.

On return they will visit Marquette, Michigan, Chicago, Cincinnati, St. Louis and other points of interest. They will make the trip by auto, and expect to cover eight or nine thousand miles.

Real bargain in lunch room; must sell at once. Irwin and McBurnett. 113tfc

R AND R LYRIC

TODAY AND TOMORROW
"Laugh and Grow Fat"

WALTER HBIERS
"60 Cents an Hour"
JACQUELINE LOGAN
A Paramount Picture

Admission is always the Same—
ADULTS 25c and Children 10c

We also have another picture that is called "Under Western Skies"— This is the picture version of the play that the high school put on at the Palace in May — You know what it is like on the stage with local folks— Now see this play and see who is the best. All together, it makes some show.

R AND R PALACE

TODAY AND TOMORROW
"The Coolest Place in Town"

"PAINTED PEOPLE"

with
COLLEEN MOORE

This is a Comedy Drama that is a sure cure for that "hot weather" feeling — A story of two classes — the "highbrow" folks and the "swamp angels" Colleen Moore plays the part of "Tom Boy" and is the best baseball player in town. Folks, you may not feel like coming out on account of the heat, but, listen, this is "The Coolest Place in Town"— So come early, stay a long time and be comfortable.

You have often heard the expression "as clumsy as a bull in a china shop" — In this picture it is an actuality — Bull Montana plays the part of a glass blower and in trying to blow one small bulb he falls and breaks hundreds of dollars worth of glass ware. Our comedy is called "DANDY LION." It's a scream.

ADMISSION—Adults 40c, Ladies 10c, Children 10c

SPOILED by filthy flies!

Hideous and vicious germs are swarming over the food a fly has just left. They infest the milk a fly has touched. You can't see them with your eye. But a microscope would show them to you in all their death dealing power.

Food touched by a single fly is spoiled! Throw it away. Better still, get rid of flies. This is the only way to be sure that the food you have prepared is clean.

Fly-Flu will do this for you. Spray a room with Fly-Flu and all germ carrying insects are finished! Papers, powders, swatters and other preparations kill some flies. Fly-Flu, properly used, kills all the flies and other insects.

Best of all, Fly-Flu is harmless to plants and humans. It is an excellent deodorant, does not stain or damage food supplies, draperies or wall paper.

FLY-FLU

Kills every insect—
Harmless to humans

Let this be your happiest summer! Spray every room today with Fly-Flu according to directions. Insure complete freedom from these pests!

Trade Marked by Fly-Flu Corporation. Manufactured and distributed by LEHN & FINK, Inc., 635 Greenwich St., New York, N. Y.

Fly-Flu Kills

Fly-Flu the new sure-death preparation while absolutely harmless to humans or plants

Kills Flies, Roaches, Mosquitoes, Ants, Water Bugs, Fleas, Moths (and their eggs,) and all Germ-carrying Insects.

Handy sprayer with each bottle
