MRS POLLY TICKK SCORES BIG HIT

De Molay Play Well Presented to Capacity House—All Characters Are Cleverly Presented.

TICKK LEADS TOUGH LIFE

Men of 1975 Vintage Sport Ruffles, Darn Socks, Care For Babies, While Wifey Steps Out.

The Sweetwater Chapter, Order of De Molays presented to a packed house at the Palace Theater Tuesday night, the three act musical-comedy, "Mrs. and Mr. Polly Tickk," and according to many who saw the play Tuesday night, it was one of the best and most highly entertaining amateur performances ever staged in Sweetwater.

The entire cast of 51 members knew and delivered their parts to perfection after a week of rehearsals under the direction of Mrs. Nelle Edwards Hargrove of Shreveport. Mrs. Hargrove has directed this play in several cities recently, and stated Wednesday that the best she had ever seen it performed was in Sweetwater.

"Mrs. and Mr. Polly Tickk," a clever slant into the year 1975, when, according to the play, the women have ousted the men from political offices and placed them in the home, opened a unique prologue with chorus girls, nattily dressed, singing "What Do the People Want?" Father Time, played by William Ponder, and Dame Fashion, played by Miss Pauline Zacharias, introduced the characters in the prologue contrasting between the days that were and the day that are, in 1975. These included the girl of 1850, Miss Jimmie Crenshaw, a girl of 1975, Miss Melrose Myers; the beruffled dude of 1975, Leroy McGlaun; the male flapper of 1975, Charles Kelsey; the woman who wants to vote, Miss Ethel Harkins; a woman who won't vote, Miss Ava Lee Scott; and Capt. Bridget O'Brien, who is the only one of the 1975's who is not a Republican. C. S. Boyles Jr.

The first act opened with a storm in the domestic life of the Tickk family. John Tickk, played by Osler Leach, and Polly Tickk, played by Mrs. Lloyd Schurdevin, were two exceptionally well-played parts and these difficult roles were carried out perfectly by Mr. Leach and Mrs. Schurdevin throughout the performance. Mr. Leach scored a big hit with the audience with his song, "The Hosiery." The Tickk children were Mary Louise Toler, Leona Ruth Butler, Juanita Holland, Alden Berge, Jim Boothe, Juanita Fewell, S. A. Ritter Jr., and Inez Ritter. These little tots were perfect in their lines and songs and showed exceptional ability.

The action of the play got off to a good start when Sullivan O'Brien, J. W. Herndon Jr., announced to a party of beruffled husbands who were attempting to enjoy a knitting party at the home of John Tickk, that the women were attempting to put through congress the anti-pants bill and so placed the men in skirts. Billy Lawson, played by Earl Freeze, a regular bachelor of 1975, spurred the men to action and when Senator Zella Highbrow of Oklahoma arrived to speak, in the second act, at the voting precinct on the Anti-Pants Bill, she was kidnapped by Lawson, Sullivan and Tickk.

Billy Lawson, disguised as the Senator from Oklahoma, attended the women's meeting at the balloting place, was discovered just as the men stormed the polls, carried off the women and frustrated the attempt to pass the bill.

A snappy love affair between Billy Lawson and Miss Daisy Ann Gray, played by Miss Ina Lee Ely, who was a candidate for Congress, was carried on during the three acts. As Billy Lawson, the leading man of the play, Mr. Freeze brought great applause with his splendid portrayal of the leading and difficult role. Miss Ely especially delighted the audience by her singing.

The curtain lowered on the final scene when, after Daisy Ann had accepted Billy's proposal by singing the Honeymoon Song, and "I'll be Waiting at the Gate," the entire cast appeared on the stage and sang with Billy and Daisy Ann, "Say it With Flowers" and "In a Cozy Kitchen Apartment."

Election Bets Now Among Biggest Of Wall Street Deals

NEW YORK, Aug. 13.—Election betting has grown to such magnitude that it now ranks with other high powered transactions along Wall street. It is estimated that between \$5,000,000 and \$10,000,000 will be wagered on the various candidates and already close to the minimum figure has trickled through the hands of the commissioners.

This amount is greatly in excess of other years. In 1920, a trifle over \$5,000,000 was wagered on the possibilities of Harding and Cox. In 1916 something over \$10,000,000 was wagered on the fight between Wilson and Hughes.

LaFollette for president has the right to have its presidential electors placed on the official ballot in the November general election, the Attorney General ruled in an opinion given to a member of the executive committee of the new party today.

It was announced that R. E. Curtis of Fort Worth, chairman of the executive committee would in a few days make proper certification of the electors to the Secretary of State.

The party did not nominate a state ticket. An active campaign is contemplated, according to committee members.

Chancellor Marx Says the First Time the Allies Are Treating Germany On Equal Terms.

By The United Press. LONDON, Eng., Aug. 13.—"I think the conference will be successful on all points," Chancellor Marx of Germany told the United Press in an exclusive interview today.

"This is the most important conference since Versailles," he continued, "and for the first time—I repeat, for the first time—the Allies are treating us on equal terms."

Director Leaves.

Mrs. Nelle Edwards Hargrove left on the T-P Wednesday morning for Beville where she will direct, for the Epworth League of that city, the musical-comedy, "Mrs. and Mr. Polly Tickk." Mrs. Hargrove has successfully directed that play for the Sweetwater De Molays and is stated by many Sweetwater theater-goers to have staged one of the best amateur performances ever seen here.

QUAKE IN JAPAN

Tremor in Earth Stops Clocks, Breaks Dishes and Sends Residents Into Streets in Night Clothes.

By The United Press. TOKIO, Japan, Aug. 13.—An earth quake near Nagoya which stopped clocks and sent people scurrying into the streets in their night clothes was reported early today from Osaka.

The tremor was sufficiently strong to throw dishes and other articles to the floor, but there was no serious damage. No loss of life was reported.

Seismologist Makamura, who several weeks ago predicted the shock announced that he believed the quake originated 200 miles southwest of Nagoya in the sea. Interruption of the water supply was reported from Nagoya.

LOEB SHOWED NO MENTAL DISEASE

Alienist Who Examined Murderer on May 21 Found No Evidence of Mental Disorder.

FIGHT DEFENSE TESTIMONY

State Would Disprove Necessity of Mitigating Punishment—Claim Loeb Immature.

By The United Press. CHICAGO, Ill., Aug. 13.—"There was no evidence of mental disorder in Richard Loeb on May 21," Dr. Hugh T. Patrick, state alienist, stated positively today in the judicial hearing of Leopold and Loeb for the murder of Robert Franks.

Striving to break down the defense case of "diseased function of the mind" the prosecution took Dr. Patrick carefully along the line of the defense evidence in an effort to disprove every statement in the "mitigation of punishment."

The State asked Patrick whether he had formed an opinion of Loeb considering the statement of the defense that the defendant was immature, had three baby teeth, slight hair on the body, was forced to shave but once or twice a week, was subject to fainting spells, tremors of the hands and face, and whose "basic metabolism was minus 19."

"Yes, I have," the doctor replied. "What is that opinion," asked the state.

"I saw no evidence of mental disease, unless one were to consider that the committing of a crime was evidence of mental disease."

The attorney admitted other assumptions to the hypothetical question each time in asking Dr. Patrick whether he had an opinion regarding Loeb's mental condition in the light of the various assumptions.

Each time he replied that he had no opinion. "Loeb was murdered" and that the reason was that the evidence was insufficient to indicate mental disorder.

OFFER HEREFORD CALVES

Sweetwater Men Would Encourage Pure Bred Stock.

To encourage among the farm boys and girls of the county the breeding and raising of registered, pure bred cattle, J. D. Dulaney, G. E. Bradford and W. L. Boothe of Sweetwater have made a special offer to the farm club members of 20 registered Hereford fall heifer calves. The calves will be sold to the farm boys and girls of Nolan County and Fisher Counties for \$125, although the price such calves would bring is considerable higher, it is stated.

Farm boys and girls buying calves are expected to exhibit them in the Sweetwater Hereford show the latter part of February where expert judges will select the winners. The prizes offered are first prize, \$150; second prize, \$100; and third prize, \$50.

Degree Teams to Contest.

DENVER TO SOUTH TEXAS IN FLIGHT

Aviators Forced to Land at Grand Junction, Colo., Take Off For San Antonio Early Today.

CROSS WINDS CUT SPEED

Reduce Rate of Travel From 120 to 85 Miles Per Hour—Confident of Making Non-Stop Flight.

By The United Press. DENVER, Colo., Aug. 13.—Lt. James S. Doolittle and his observer departed from the flying field here at 5:20 a. m., in an attempt to fly to San Antonio without a stop. They left San Diego for Denver yesterday morning, and arrived here at 4:45 p. m., after landing at Grand Junction for fuel.

The big De Havillan plane was working perfectly and the flyers anticipated no trouble in reaching San Antonio without descending. They explained that yesterday's hop would have been easily completed with a landing had it not been for the continuous cross winds which reduced their speed from 120 to 85 miles an hour.

TAR WAGON BLAZE

Fire Department Given Wrong Tip on Location of Fire.

The iron tar wagon used by the city in street repairing work caught fire Tuesday afternoon at the rear of the Graves Furniture Store, the flames from the burning tar making it necessary for the fire department to extinguish the blaze. The tar was thought to have ignited from an overheated furnace under the wagon. A considerable amount of tar was destroyed, it is stated.

Through an error made by the person turning in the alarm, the fire department was misled as to the location before discovering the mistake.

By The United Press. TOPEKA, Kans., Aug. 13.—The Topeka Capital today printed an unconfirmed report of a deal pending for the consolidation of the Rock Island, Southern Pacific, and El Paso and Southwestern railroads into a trans-continental system.

The story as printed is to the effect that the Pennsylvania railroad system is behind the scenes in the consolidation, and the purpose is to give stronger competition to the Santa Fe. Senator Capper's paper said that the deal was reported not confirmed by railroad officials, but that it was current in rail circles.

TERRAL LEADING

Candidate For Governor in Arkansas 3,000 Votes Ahead of Casart, Ku Klux Candidate.

By The United Press.

LITTLE ROCK, Ark., Aug. 13.—Incomplete returns from 71 counties in the State early today gave Tom J. Terral a lead of more than 3,000 over his nearest opponent, Lee Casart, Ku Klux Klan candidate, in the race for the gubernatorial nomination.

Many of the remote rural precincts where Terral will have his greatest strength were not heard from, and the anti-Klan candidate was generally conceded the nomination.

Returns on the six candidates in order are: Terral, 15,000; Casart, 12,000; Martineau, 11,200; Wilson, 9,000; Williams, 7,10; Ferguson, 6,500.

GIVES UNBIASED POLITICAL DOPE

Careful Tabulation of Candidates As They Enter Field Shows Coolidge -Davis Neck and Neck.

LAFOLLETTE OMINOUS THIRD

Coolidge Can Claim 156 Electoral Votes, Davis 157; Experts Review Candidates' Standing.

By PAUL R. MALLON

(United Press Staff Correspondent) WASHINGTON, D. C., Aug. 13.—A careful tabulation of the fundamental strength of the three leading candidates as they enter the campaign shows President Coolidge and John W. Davis neck-and-neck with Robert M. LaFollette an ominous third.

These figures, which are based conservatively on the minimum claims of the candidates, the unbiased "dope" of political authorities and the records of presidential elections for the last 30 years indicate that today:

Mr. Coolidge can count 156 electoral votes as practically certain to be cast for him from 13 states.

John W. Davis can claim 157 electoral votes from 14 states as an absolute certainty.

Robert LaFollette may feel reasonably confident of a basic strength of 39 electoral votes from 5 states.

Sixteen states with 177 electoral votes can, with nominal assurances, be classed as doubtful.

This compilation reveals that both Coolidge and Davis need at least 110 votes each from the 177 doubtful to insure their election. It also displays how easily LaFollette can throw the election into the House of Representatives by merely holding his basic electoral strength and permitting the two leading candidates to divide the 177 doubtful votes between them.

Coolidge.

Mr. Coolidge has won out in 10 of the 13 states that are considered as doubtful. The New England districts of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont, are already being counted by the Republican chiefs because of the influence Mr. Coolidge holds in them and because they all have been consistently Republican states in presidential elections since 1892. They deserted Taft in the Wilson landslide in 1912, but the present campaign presents no similar situation and in nominal campaigns they are essentially Republican. New Hampshire broke away from the others and went Democratic in 1916, but the Coolidge personal influence of the present campaign is taken to off-set their irregular break.

Davis.

The strength of Davis, which can be counted as certain, lies almost wholly within the boundaries of the historically Democratic states of the "solid south."

No one can be found who can seriously protest against his basic claims upon Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia. In 1920 Tennessee fooled everyone by going for Mr. Harding, but the situation has changed to such an extent since that time that it is now considered safely for Davis.

Davis can also feel assured of the electoral votes of Kentucky and Oklahoma, even though they have been known to break from the Democratic ranks. His strength there is considered absolutely safe.

In West Virginia, Davis also is conceded the eight electoral votes because that is his home state.

Thus, Davis, with even more certainty than in some of the districts allotted to Mr. Coolidge, can feel sure that he will at least carry 14 states with 157 electoral votes.

LaFollette.

Five states are given to LaFollette, with reasonable certainty. Upon the hope of the present, more than of the past, he is practically conceded Minnesota, Montana, North and South Dakota and his home state of Wisconsin.

In Minnesota the Republican organization is shot to pieces and the Farmer-Laborites led by Shipstead and Magnus Johnson will certainly

SUCCESS

Sweetwater congratulates the Sweetwater Chapter of the Order of De Molay on the success of their clever play presented Tuesday night. The customary formula for success, hard work, put the play over in wonderful style. Sweetwater is proud of her talented sons and daughters who worked conscientiously to make the De Molay play one of the best ever seen here.

SQUIRMING

The Dohenys, father and son, under federal indictment for attempting to defraud the government and for offering a bribe to Albert B. Fall, former Secretary of the Interior, are seeking to have their indictments quashed because they allege Senator Walsh, main figure in the Senate investigation, broadcast a speech via radio in which he reviewed the oil scandal and attempted to influence mem-

The battery of attorneys retained by the parents of Leopold and Loeb in the Chicago murder hearing is employing every trick known to the profession in the efforts to save the millionaire slayers from the hang man.

Squirring is the natural result of getting into difficulty. Bad habits are easy to get into, but it is much more difficult to get out of trouble. And squirring isn't pleasant, especially when a long prison term or execution is hanging over the squirmed.

PROTECTION

Bank bandits who plan to swoop down on any of the towns in a certain Western county will find a reception committee of 110 men, each armed with a regular Army rifle, waiting for them. Activities of the robbers have forced the citizens of the county to band together for their protection.

DAVIS

Standing bare headed in a heavy rain while the thousands in his audience cheered him and refused to allow him to quit on their account, John W. Davis in accepting the Democratic nomination for President ripped into the Republican record at Washington and declared that the supreme need of the hour was to restore the confidence of the people in their government.

Shaken by scandal and rottenness that has cut off the heads of several of the nation's high officials and implicated many more, the confidence of the average voter in his government was naturally weakened. He will welcome the sincere declaration of the Democratic leader to clear the decks of favoritism and corruption.

Davis is a man who inspires confidence. He is the ideal leader for the task of bringing about a restoration of faith in the men who conduct the affairs of the nation. With spotless record he can demand clean government and receive the same response that men give an officer who leads them over the top, not one who follows.

The Democrats have chosen an ideal man to lead their fight against complacency in the face of corruption, gross favoritism to the privileged and utter disregard of the unprivileged, indifference to world peace and timidity in the conduct of foreign affairs, and disorganization, division, and incoherence.

AMUSEMENTS

When "Daddies" plays at the Palace Theater today you will have an opportunity to see one of the best screen offerings of the season. This is a picturization of the David Belasco stage success that had such a long and successful run in the New York and Chicago theaters. It is a delightful comedy drama, redolent with pathos and heart appeal, presented by a splendid cast.

Bachelor life, single blessedness, call it what you will, furnishes the motive power for "Daddies." It is the story of five Yale men who, while yet in college, form a bachelor's club. Each agrees not to marry unless he first pays a five thousand dollar resignation fee to the club. The story opens with the annual club banquet.

A suggestion is adopted at this banquet which, unbeknown to the members, signs the club's death warrant. Each member of the club agrees to adopt a war orphan. Later one member finds out his "orphan" is a beautiful girl seventeen years old. Another finds his "orphan" to be triplets. Then the bachelors each learn that adopting orphans is an easy matter but looking after them is a much different thing.

The attempts of the foster fathers to look after their charges give rise to some exquisite comedy, intermingled with real heart interest. Of course, the inevitable happens. Each finds, with the exception of the one who adopted the seventeen-year-old orphan, that child-raising requires the gentle hand of a mother. They had all fallen so deeply in love with their respective children that it seemed easier to get a mother than lose the child. In the case of the bachelor who adopted the young lady it is another story. But in the end everything is solved by all five getting married and providing nice homes and good parents for a bunch of promising youngsters.

Club to Celebrate Anniversary.

The Sorosis Club, held a called meeting Monday afternoon at the court house when attractive plans and entertaining program was discussed for the celebration of the club's silver anniversary, which will take place at their second meeting in September.

The Sorosis Club is the oldest literary club in the city and was organized twenty five years ago. Some of the charter members of the club still reside in the city and some in near-by vicinities, will be invited to be present, the idea being to turn it into a regular "home-coming affair."

The books for the study course were reported here, being sent out by the State University. Mrs. E. H. McLane's name was added to the membership roll.

Mrs. Holmes Returns.

Mrs. Elizabeth Holmes has returned from a buying trip to Dallas where she inspected the new fall and winter models of ladies and children's hats. She bought an attractive line for her local millinery business, which is now on display.

Self Culture Club to Meet.

The Self Culture Club will hold a called meeting at the home of Mrs. W. W. Davis, club president, Friday afternoon at 4 o'clock. Every member is urged to be present as there is important business to come before the club in regard to plans for the coming year.

Prayer Circle Met.

The Bowie Street Prayer Circle met Wednesday morning, at the home of Mrs. R. L. Farrar, for their regular circle of prayers. Mrs. Lloyd Rogers directed an interesting Bible study. Next Wednesday's meeting will be with Mrs. Lloyd Rogers and Mrs. J. F. Gotcher will lead the Bible study.

BECKMAN GIVES KARNAK CREDIT FOR HIS HEALTH

"I attribute my present good health entirely to Karnak," states Joseph W. Beckman, 1705 40th St., Galveston, Texas, in telling how this medicine restored him after everything else failed.

"I had about as bad a case of stomach trouble as one could have," he continued. "My stomach seemed to tie up in knots and the worst kind of cramping pains would shoot all over my body. My legs would play out so completely I could not stand up, and I was so weak and nervous I could hardly sit at the table to eat a meal."

"But Karnak has brought me health after everything else has failed. I now eat, sleep and feel as fine as anybody in Galveston and am gaining weight and strength every day. There is nothing good enough that I can say for Karnak."

Karnak is sold in Sweetwater at the Sweetwater Drug Store.

Virginia Lady Says That Many of Her Long-Suffered Ills Have Fled Since She Took Cardui.

Bristol, Va.—"I can sleep good at night now, something I have never done before in my life," says Mrs. Deala Hawks, of 712 Prospect St., this city, "and it is due to Cardui."

"I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ills from which I have suffered for years have fled."

"I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it."

"I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me."

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.

POLITICAL DOPE

(Continued from page one)

swing their 12 electoral votes to the Independent.

The machine dominated by his running mate, Senator Burton K. Wheeler of Montana, is expected to carry that State for the Independents. In North and South Dakota he will have the tacit support of a group of Republicans and because of the strength of the LaFollette farmers there he is given these two states. No one will contest his power to carry the 13 electoral votes of his home state, Wisconsin. Thus we have LaFollette with five states and 39 electoral votes already in the bag.

A Joy of Motoring That's Wholly New

The Imperial

Chrysler has pioneered the way to an entirely new degree of performance and economy in motoring—a high speed range from 2 to over 70 miles an hour, combined with gasoline economy safely over 20 miles per gallon, and extraordinary oil economy, due to the Chrysler oil filter which cleanses and purifies all the oil in the crankcase once in every 25 miles of driving. Furthermore, with a touring car weight of 2705 pounds, ready for the road, and an overall length of 160 inches, the Chrysler Six rides even more comfortably than cars of twice its weight because of the Chrysler spring suspension and the use of six-ply special high-speed balloon tires.

The Chrysler Six

Pronounced as though spelled Chrysler

No matter how wide and varied his motor experience, the Chrysler Six owner finds himself taking his place behind its steering wheel with all the glow of pride and anticipation that come to a boy driving his first car.

Men and women who for years haven't had a thrill out of driving, discover in the Chrysler Six a joy of motoring heretofore unknown.

Owners will tell you that Chrysler smoothness is the nearest approach to frictionless motion—that it is difficult to realize its speed, its power is so easy and effortless. Its remarkable ease of handling, its phenomenal pick-up, its powerful braking enable you to drive through heavy traffic with safety, and without tension or nervous strain.

We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan.
