## MY TURN

By Carol Ellis

**DO I DARE SAY IT?** Tom J., Ben F., John A. and the other good old boys who wrote the Declaration of Independence were wrong about one thing. They shouldn't have put so much emphasis on that "pursuit of happiness" deal. It has gotten us into a whole heap of trouble.

Maybe the real problem is that we just don't know what happiness is. I imagine that most people who are currently serving prison terms were in pursuit of what they thought would make them happy when they committed their crime... robbed a store, stole a car, sold some drugs, killed a person, etc.

Well, nobody said life was going to be a real picnic or a bed of roses, but a lot of folks just don't seem to be able to cope with the daily frustrations of life. I think the reason so many people watch those talk shows on television ("Cross-dressing drug-users who cheat on their spouses") is because these shows make the viewers' own dull, anxiety-riddled existence seem so much nicer by comparison.

And if watching the mis-fits on TV don't do it for you, there's always alcohol abuse, drug addiction, overeating, gambling, and other self-destructive activities to indulge in while pursuing your happiness. Maybe using the correct underarm deodorant, drinking the right cola, using the "in" perfume, or driving the classiest vehicle would be the answer to your pursuit. These things are just quick fixes that fail to live up to expectations.

The founding fathers should have said...the citizens are endowed with the right to "life, liberty and the pursuit of enlightenment," or perhaps "the pursuit of meaningful achievement."

We get so caught up in our frenzied pursuit that we sometimes lose sight of the intended goal. We spend money we don't have to buy things we don't need to impress people we don't care about.

And people will steal anything that isn't nailed down. Stores now have fancy surveillance equipment, security guards and store detectives just to keep people from walking off with all the merchandise. People put all sorts of alarms and devices on their cars to try to keep people from stealing them.

If you need to get rid of something at your house, just put it out in your front yard and somebody will rip it off. Someone once said "The best things in life are free," but I don't think this is exactly what they had in mind.

Each individual has something to be glad about if we just take a minute to think about it: falling in love; watching the sunset or the moonrise; cheering your youngster around the bases after a terrific hit; chocolate chip cookies; listening to the church choir on Sunday morning; fresh fruit and vegetable stands along the roadside; cuddling a freshly-bathed baby; birds gathering at your backyard feeder; homemade ice cream; catching a twelve-inch rainbow in a mountain stream on a misty morning; puppy breath; driving home from work with the knowledge that you put your best into your job today; waving to neighbors and strangers alike as you take your evening walk.

If each person would do an unsolicited act of kindness each day without expectation of recognition or reward, but just for the satisfaction of doing, then everyone would feel a little happier inside. It's sort of like the Boy Scouts old "good deed for the day" thing, but try it...it works!

Ask yourself if you are happy and if the answer is "no," then, first, quit talking about how miserable you are (misery loves company and you are only trying to make everyone else miserable, too) and then, second, lighten up a little bit in your frenzied pursuit of the "happiness" goal and maybe it will happen for you today.

**UNCLE AUSTIN SAYS:** Just because things go wrong, it doesn't necessarily mean that we have to go with them.

## Pennies For Park Grant Has Been Approved

(From The Texas A&M Agriculture Information Service Newsletter, July, 1994.)

By KATHLEEN DAVIS

About 90 years ago, settlers on the western High Plains founded Friona and staked out some of the flat earth hoping to land the Parmer County Courthouse.

But county business went to Farwell, a decision that apparently so annoyed turn-of-the-century Frionans that their chosen site of county government was left a vacant reminder of what would have been.

"The land for the Courthouse sat there with nothing on it all these years," said Teresa Buske, executive vice president of the Friona Chamber of Commerce and Agriculture.

Maybe the property never will host judges and juries, but the community has handed down a new ruling: it now shall be a park centered on the restored Santa Fe depot with playground equipment, restrooms, a gazebo and 15 much-loved trees.

To make the improvements, the chamber's Women's Division started Pennies for the Park—placing canisters in stores around town and at the schools—to collect funds.

That money enabled Friona to apply for a Small Business Administration National Tree Planting Program grant through the Texas Forest Service. Recipients of these grants must provide at least 45 per cent local matching funds in cash or in-kind services and use small businesses to purchase the trees, plant them, provide landscape design or install irrigation systems.

Friona's Pennies for the Park project received a \$3,374 grant from SBA to go with \$2,761 from local coffers.

"We've taken lots and lots of rolls of pennies to the bank," Mrs. Buske said. "This has turned into a community-wide effort."

She said the trees will be an important part of the park for shade and beauty.

"We'll be planting the trees in November during the proper season. We're planning a big ceremony for that," she said.

Without the SBA grant, Friona would have only been able to afford two trees.

Friona is but one of 109 projects funded by SBA grants in Texas this year, according to Pete Smith, grants administrator at the Texas Forest Service.

Statewide, SBA is granting \$1,184,540 to plant more than 9,300 trees in more than 90 communities. Those communities are supplying almost \$1.4 million additional dollars to purchase, plant and maintain the trees. Nationally, the SBA is putting almost \$18 million into the tree planting program this year, Smith said.

For many, the SBA grants made planting new trees possible. The SBA Texas report indicates that 80 per cent fewer trees—some 1,800 trees—would have been planted if the grants weren't available.

Smith said the SBA program, which has been available in Texas since 1991, will have planted 50,000 trees when all of the 1994 projects are completed.

Money was divided among 13 regions, based on population, to make sure the funds would flow into all parts of the state, according to the Texas Forest Service. At least 25 per cent of the SBA funds were reserved for places that had been declared federal disaster areas. Almost 20 disaster counties qualified for more than \$697,000 of the funds to be used to replant trees in damaged areas.

## Accident Sends Two For Check

A grinding collision on U.S. Highway 60 at Euclid Street last Saturday evening sent two Clovis, N.M. residents to Parmer County Community Hospital, where they were treated and released.

Friona Police Department spokesman Steve Jones said that a 1979 Dodge Ram pickup driven by Antonio Jimenez Nava, 34, of Bovina, ran the stop sign at Highway 60 and crashed into a 1969 Chevrolet pickup driven by Ronald Gene Stevenson, 50, of Clovis. The Stevenson vehicle was headed west on Highway 60. Nava was northbound.

The impact knocked the Stevenson pickup into the fence that surrounds the Friona Junior High football field. Emergency workers had to use the Jaws of Life implement to open the Stevenson vehicle door and extricate he and his wife Kathy.

Nava was cited for driving while intoxicated, no driver's license and no insurance.

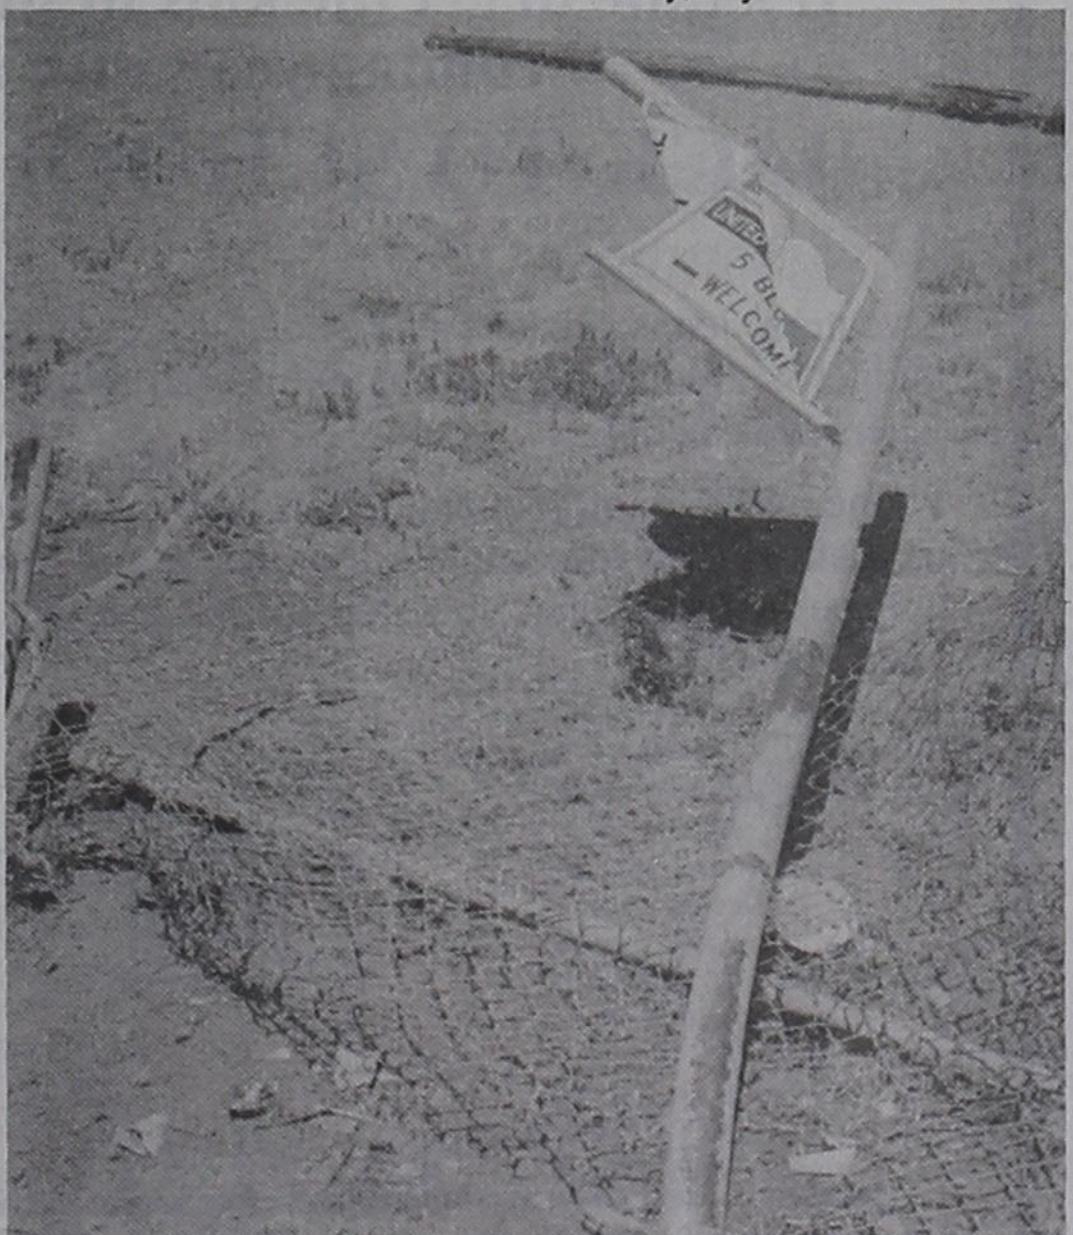

The accident happened at 7:15 p.m. on Saturday, and was investigated by the Friona Police Department and the DPS.

## City Gets Light Rain

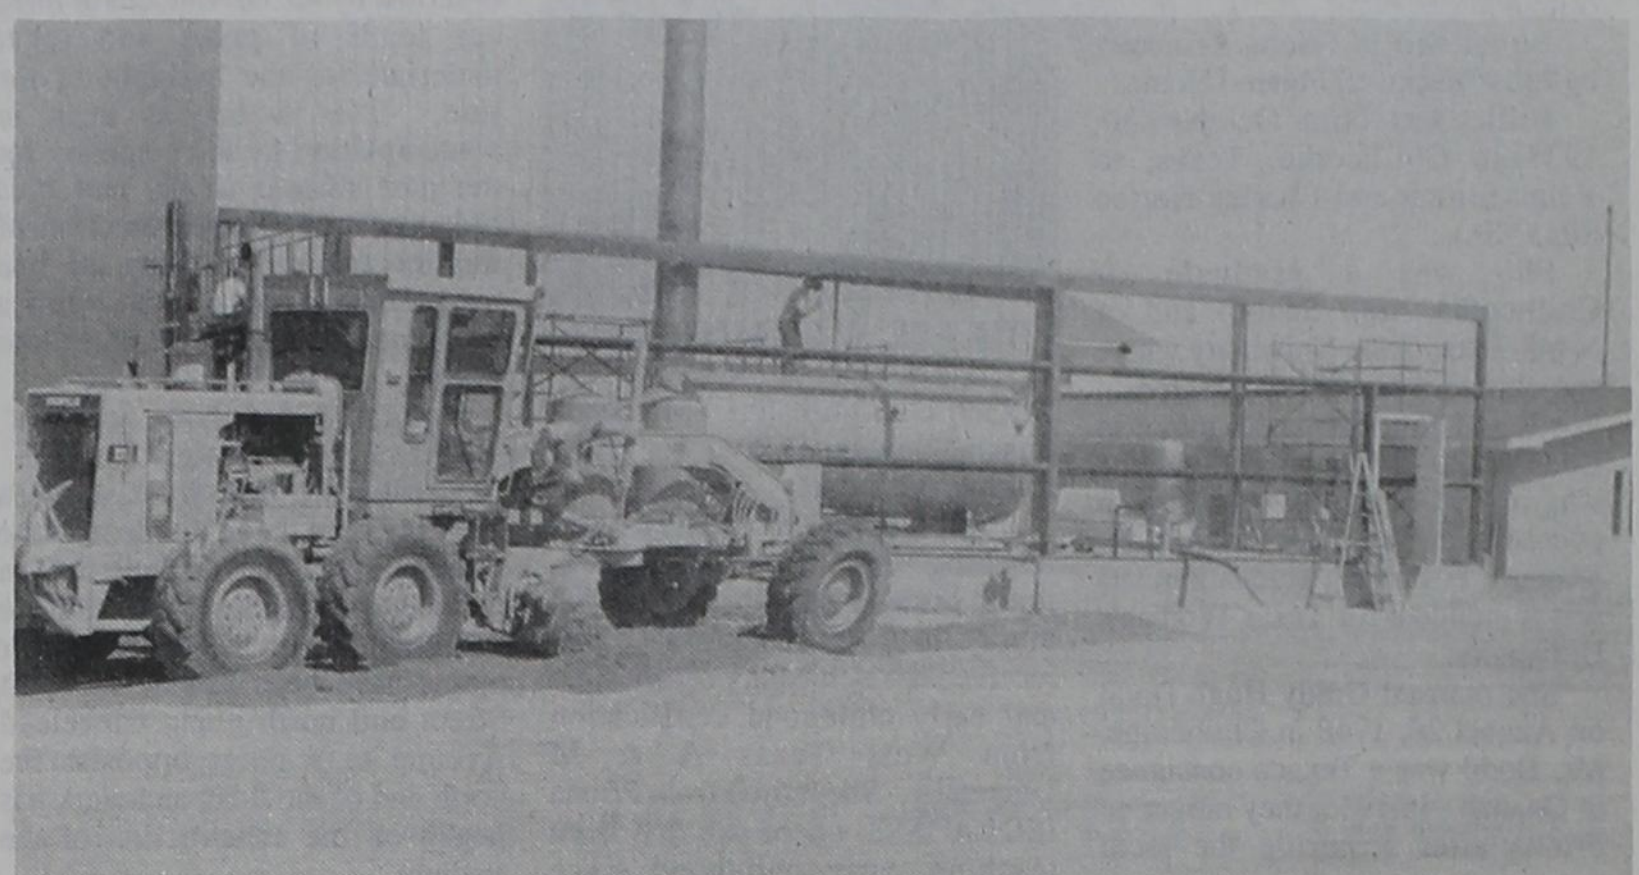

Friona received .20 inch of rain Wednesday night. A cool front dropped the temperature to 58 degrees on Wednesday and Thursday mornings, a welcome relief.

More moisture is badly needed by area crops, however.

**ACCIDENT SCENE....**The fence and a sign on U.S. Highway 60 were battered when two pickups collided last Saturday, July 23. DWI charges were filed against one of the drivers.

**FEEDYARD PROJECT....**Work has been underway at West Plains Feed Yard the past couple of weeks to re-surface the parking lot. Manager Bill McCoy said that as of Wednesday evening the new asphalt surface was completed, which will be extra-nice for customers. In addition, West Plains is building a new mechanic's shop, and adding a new boiler room to the mill with a 300 HP motor, increasing their volume by 50 per cent. "These are improvements that have been badly needed," McCoy said.

## Survey Results Pend Catching 'Stragglers'

The survey of city residents undertaken this week by the City of Friona, in conjunction with the city's application for state grant funds to pay for city water development costs, was within two or three per cent of the necessary response rate as of Thursday morning, according to City Manager Paula Wilson.

"We need a response rate of 75 per cent of the total city residents, and we're currently on 72-73 per cent," Mrs. Wilson said.

Mrs. Wilson indicated that there were 20 to 30 households that had been visited at least twice in the evenings this week, without finding anyone at home. "We plan to try once more, in the daytime, to see if we can catch them," she said.

"Everyone was very cordial and cooperative with our surveyors, and we appreciate the residents taking time to help our survey team. I know it seems nosy to ask people about their income, but at least they only had to indicate that their income was above or below the stated level (in this case \$18,000).

The City must show from the survey that 51 per cent of the persons which benefit from the proposed project are persons whose income is 80 per cent or less of the median income in Parmer County, which is \$18,000 per capita.

"I feel like the figures will show that over half of our residents' income is less than the median income, but we won't know for sure until next week," Mrs. Wilson continued.

This criteria will need to be met before the City can pursue the application, which would seek to fund three new water wells to augment the city's water supply.

The City of Friona has had a very "close" summer in regard to water supply, with residents asked at the beginning of the summer to assist by watching their water consumption.

"One day, two of our wells went down, and the supply in the water tower dropped drastically. It took us a couple of days to regain our supply. But it seemed that every time we were just on the verge of trouble, we would get a little rain, and that would tide us over," the city manager said.

Mrs. Wilson explained that the city has completed drilling one new well, and it appears to be a good producer. But it will have to be approved

by the state water commission before it can be put "on line" to help the city's water supply.

The new well will cost the city approximately \$65,000.

The grant application seeks to add three more wells to the city's water system, which would cost over \$200,000. The city would pay a share of this amount even if a grant were received.

"Our water bills (rates) are reasonable, compared to other cities, and we are striving to

keep them as reasonable as possible. But we need money to develop our water supply, and that's the reason for the application," Mrs. Wilson said.

The grant is being sought through the Texas Department of Housing and Community Affairs (TDHCA), which reportedly allocated more money this year for applicants—but more applications than usual were also expected.

## Cancer Screening Clinic Set Aug. 17

The Women's Center of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital will again conduct a breast cancer screening clinic at Parmer County Community Hospital, 1307 Cleveland, on August 17 from 10 a.m.-2:30 p.m.

Breast cancer affects one in nine women. The key to boosting your chances of winning the battle against cancer are early detection by having an annual breast exam, mammogram and performing a breast self-exam each month.

Each participant at our screening will receive a breast exam and one-to-one instruction in breast self-examination by a Registered Nurse specially trained in breast cancer detection, and a mammogram by a mammography technician. Our mammography machine is certified by the American College of Radiology ensuring a quality film.

The American Cancer Society urges all women to have their first mammogram by age 40. Those who have a close relative with breast cancer or other risk factors may be asked by their doctor to have a mammogram at an earlier age.

The total cost of the screening is \$70. Ask about funding that is

available for free breast screenings. Please call the Women's Center at Harrington Cancer Center at 1-800-377-HOPE (4673) or (806) 359-4673 today for more information or to schedule an appointment.

## New Variety Store Signed

Dollar General, a variety-type store with headquarters in Kentucky, signed a lease on Thursday with property owner Leland Hutson to take over the building which formerly housed Winn's on West Highway 60. The company will take possession of the building on August 8. No projected opening date has been announced at this time.

Friona Chamber of Commerce executive vice president Teresa Buske announced the intentions of the Kentucky corporation while addressing the Friona Evening Lions Club Thursday evening. She said that Dollar General operates 1900 stores in 24 states.

"It is a very stable company, and we are pleased to have them coming to Friona," Mrs. Buske told the Lions Club.

**OWNERSHIP CHANGE....**The Brandin' Iron Cafe next to the Friona Golf Course is announcing new ownership. Bonnie Dutton, former owner, has sold to Lucky Whipple who says the restaurant will remain basically the same as it was in regard to hours, menus, same cooks, waitresses, etc.

### Services Were Held For Billie Dodd Carmichael

Billie Carmichael, 68, passed away July 22, 1994, in Prairie Acres Nursing Home after a lengthy battle with a rare neurological disease.

Services were held July 25, 11 a.m. at the Sixth Street Church of Christ with Leon Talley, minister, officiating.

Burial was in Friona Cemetery by Ellis-Blackwell Funeral Home.

Billie was born October 30, 1925 in Chillicothe, Texas, to Velma Burch and Charles Norton Sims, Sr.

She was a graduate of Chillicothe High School and of North Texas State University where she earned a Bachelors Degree in Foods and Nutrition and a minor in Chemistry. While in college she was a Girl Scout summer camp counselor and a model for Nieman-Marcus. Following graduation, she was a dietician for Texas Women's University.

She married Grady Hugh Dodd on August 26, 1948 in Chillicothe. Mr. Dodd was a Texaco consignee in Quanah. In 1956, they moved to Friona after acquiring the local

Texaco consigneeship. Mr. Dodd passed away May 1, 1981 following a stroke.

Billie's teaching career included teaching fifth grade in Friona, fourth grade in Quanah and remedial math in Port Arkansas. She received her elementary certification and early childhood certification from West Texas A & M University. She retired from Friona ISD in 1988 where she had been teaching early childhood since 1981.

D. L. and Billie Carmichael were married on June 14, 1986 in Hereford at the home of D.L.'s twin brother, Troys and Ruby Carmichael. Mr. Carmichael is a retired farmer and past manager of Friona's Co-op Gin.

Billie was a member of Texas State Teacher's Association, National Educators Association, Delta Kappa Gamma Teacher's Sorority, First Baptist Church of Friona, The Order of Eastern Star. She was a local Girl Scout leader and Mother Advisor for the Order of Rainbow for Girls. Her hobbies were painting, playing bridge and sewing.

Her family includes her husband, D. L.; a daughter and family, Fran and Robert Tucker, Brady, Michael, and Kelsey of Edmond, Oklahoma; a brother and family, Charles and Kathryn Sims, Corpus Christi; a stepdaughter and family, Susie and Steve Knox, Erin and Peter of Los Alamos; a stepson and family, Danny and Shirley Carmichael and Daniel of Amarillo.

The family suggests memorials be made to Prairie Acres Nursing Home, The Shrine Hospital for Children, or your favorite charity.

Evidence of the activities of the Texas Utilities Company in building the high line into Friona is shown by the arrival here of three car loads of poles and other materials for the building of the line. This work has been in contemplation by the company for the past several weeks and it is proposed to begin the erection of the line at once, building the line from Dimmitt to Bovina, with a spur line from Hereford north into Friona.

### 60 Yrs. Ago--Aug. 3, 1934

During the past week, quite a showing has been made on the Friona school's new athletic field in the way of bringing it into suitable condition for use. The city water mains have been laid across 11th Street and north along Cleveland Avenue to a point opposite the north end of the field, and work has begun on the construction of the stadium.

### 55 Yrs. Ago--July 21, 1939

Under the direction of Mr. Harley Bulls, band director of Friona Schools, a three-day band clinic will be sponsored Monday, Tuesday and Wednesday, July 24-26. Mr. Paul Coe, representative of the White Music Co. of Abilene, will be at the band room of the high school with a display of band instruments of all types for band work.

grain sorghum harvest exceeding the 1943 crop, it is not too early for farmers in Parmer County to take all possible precautions to have in sight storage room for their grain. It appears unlikely that the strain on local and terminal elevators brought about by the bumper wheat harvest can be relieved in time to cope with a big grain sorghum crop, not to mention a sizeable sudan storage problem.

### 40 Yrs. Ago--July 29, 1954

Extended area service between local Friona phone subscribers and rural connections on the West Texas Cooperative lines finally has reached the announcement stage, with the tie-in scheduled for August 1. This service, enabling communication from town to country and vice versa (for the Hub and Parmer exchanges) comes after two years of negotiations between the Co-op and the General Telephone company of the Southwest, formerly General Associated.

## BUSINESS SPOTLIGHT

sponsored by

### THE FRIONA CHAMBER OF COMMERCE & AGRICULTURE & THE FRIONA STAR

The FRIONA CHAMBER OF COMMERCE & AGRICULTURE and THE FRIONA STAR would like to salute INGRAM'S DEPARTMENT STORE, in our Business Spotlight this week. Chamber business members will be sponsored bi-weekly in this special feature.

INGRAMS..Cris, Sylvia, Candace and Colby Ingram are the owners and operators of Ingram's Department Store in Friona. They are featured in this week's business spotlight.

### INGRAM'S DEPARTMENT STORE

"The future belongs to those who believe in the beauty of their dreams."--Eleanor Roosevelt  
Ingram's opened their doors to the public in 1985. Their inventory consisted mostly of children's wear and a limited stock of women's wear and accessories.

Today, Ingram's is a valued Friona business which has grown and expanded through the visions and dreams of owners, Cris and Sylvia Ingram. With Cris in the farming business, Sylvia opened the store in 1985 as a sideline. Starting out in approximately 1500 sq. ft. at that time, the business was expanded in 1990 to its present location with 5000 sq. ft. They now offer gift items, bedding, kitchen items, trophies, footwear, accessories, lingerie, and clothing for the entire family. Ingram's goes to great length to meet the needs of their customer with quality merchandise.

Ingram's is not only an asset to Friona but to the surrounding area. Customers drive from as far away as Amarillo and other distant towns to shop Ingram's.

During the Christmas holiday season every year, Sylvia hosts an Open House honoring her many valued customers. Sylvia provides an elaborate display of refreshments and an overall atmosphere of good cheer.

Sylvia also services her customers and the community by providing style shows for various organizations, T-shirts and uniforms for the youth programs in Friona, and uniforms for the Bovina, Muleshoe, and Dimmitt bank employees.

Cris, Sylvia and their two children, Colby and Candace, will be celebrating 10 years as Ingram's Department Store, a family owned and operated business in January of 1995!

In the business world, Ingram's is rated as a business that offers POS (Positively Outrageous Service)!

JANET RECTOR

## Janet Rector Attends Texas Lions Camp

Janet Rector, 15, the daughter of Larry and Sharon Rector of Friona, recently attended the Texas Lions Camp in Kerrville, Texas.

benefit from these programs, call your local Lions Club or write: Texas Lions Camp, P.O. Box 247, Kerrville, Texas, 78029-0247 (512-896-8500).

Sponsored by the Friona Noon Lions Club, the camper enjoyed many exciting summer camp activities such as horseback riding, swimming and playing sports.

Established in 1949, the special camp has provided more than 43,000 children the opportunity to experience the joys of summer camp. Children who are visually or hearing impaired or have physical disabilities, ages seven through sixteen, attend. Camp programs are adapted, if necessary, so that everyone may participate. A well-trained staff supervises each camp activity at a ratio of one counselor to two campers.

The Texas Lions Camp is a non-profit organization funded by generous individuals interested in providing challenging programs for handicapped youth. There is never a fee for campers to attend.

## Prairie Acres Party Line

By CAROL McINTOSH

It sure is quiet around Prairie Acres today, since about 13 residents and several staff members have gone to the Mesman Dairy at Oklahoma Lane. I'm sure they will come home excited and a bit tired. We want to thank the Mesmans for having us out for another tour.

I have many other thank-you's, they are as follows: First Baptist Church for the clothes and sweaters; Rita Beene for the emergency oxygen tank and Closed Captioner; Johnny Brand for the potatoes; Mary Jane Wilson from Bovina for the pajamas and clothes; Wana Brewer for the magazines; Matilda Baca for magazines; the family of

Ruth Jones for the nice sweaters and clothes; Anne Barker for the pajamas; Nannie Rhodes for the magazines; the church ladies who have had hair care this month; and to the churches for having church services, which the residents look so forward to every Sunday. THANKS!!!!

Now, let me share with you our birthdays of the month: Bruce Emerson, 7-3-1916; Carol Hadley, 7-3-1909; Mabel DeLong, 7-11-1904; Nannie Rhodes, 7-16-1902; Beulah Miller, 7-20-1916; Mabel Kale, 7-25-1900; Mary Gripp, 7-27-1896; Salvador Gonzales 7-31-1908. Employees having a birthday are: Carol Jackson, Maggie Torres, Patsy Widner, and Kaye Funk. Happy Birthday to all!

We want to express our sympathies to the following families: Vivian Highes, who had been a resident since December 6, 1991; Ida Hadley, a resident since April 25, 1990; Billie Carmichael, a resident since September 3, 1991; and Lena Stephenson, a resident since June 23, 1993.

The following donations have been made to the Love Fund:

In Memory of Leo Bails: Mr. and Mrs. A. E. Cannon, Bob and Lydia Wylie, Nancy Hunter and Jessica, Tommie and Joe Mercer, John and Jo Blackwell, John and Debra Baxter and family, Opal Baxter and family, Tom and Betty Jarboe, Erma Brown.

## Jarah Redwine Competes At State Contest

Jarah Redwine of Lazbuddie FFA who participated in the State Public Speaking Contest was a winner at the 66th Annual Texas FFA Convention held July 12-14 in Fort Worth.

Redwine was previously chosen as an area winner and competed against nine other students for the state award. FFA advisor for the Lazbuddie chapter is Scott Burris.

The state winner will now prepare to compete in the Regional Public Speaking Contest. Four Regional winners will compete for the National award in Kansas City at the National FFA Convention.

FFA is a vocational organization made up of students enrolled in Agriculture Science and Technology classes. Texas FFA has over 59,000 members in 950 local chapters. More than 2,000 members were recognized for achievement and \$930,000 in scholarships were awarded at the recent State Convention.

## Jody Copp Gets \$10,000 Scholarship

Jody Copp of Lazbuddie FFA was chosen a recipient of the \$10,000 Houston Livestock Show Scholarship at the 66th annual Texas FFA Convention held July 12-15 in Fort Worth. Copp was selected based on academic achievement, FFA and Agri-Science activities including the Supervised Agriculture Experience Program, leadership in school and community and interviews. FFA advisor for Lazbuddie is Scott Burris.

The presentation of the scholarship to Jody Copp was made by Dan Gattis, General Manager of the Houston Livestock Show. \$500,000 in scholarships were presented to Texas FFA members by the Houston Livestock Show and Rodeo this year.

## Facts About The **BIBLE** BY JOHN LEHTI

### WHO WERE THE PATRIARCHS?

THE TITLE IS ONE THAT IS GIVEN TO THE MEN OF GOD, AND THE HEADS OF FAMILIES AND CLANS, WHOSE LIVES ARE RECORDED IN THE OLD TESTAMENT AND WHO LIVED CHIEFLY BEFORE THE TIME OF MOSES. NATURALLY IT IS A TITLE FOUND ONLY IN THE NEW TESTAMENT AND COMES FROM THE GREEK WORD "PATRIARCHES," WHICH SIGNIFIES "HEAD OF FAMILY." IT IS APPLIED TO ABRAHAM (HEB. 7:4), ALSO TO THE TWELVE SONS OF JACOB (ACTS 7:8-9), AND TO KING DAVID (ACTS 2:20). IN THE PATRIARCHAL SYSTEM, THE RULERSHIP OF A CLAN IS REGARDED AS THE PATERNAL RIGHT AND IT RESIDES, THE FIRST INSTANCE, IN THE PROGENITOR OF THE TRIBE, DESCENDING FROM HIM TO THE FIRST-BORN SON, OR THE ELDEST MALE DESCENDANT. THE HEAD OF EACH SEPARATE FAMILY, INTO WHICH THE INCREASING GENERATIONS EXPAND, ALSO EXERCISES THE SAME RIGHTS WITHIN HIS OWN LIMITED SPHERE.

# Town Talk

By JUNE FLOYD  
Call 247-3681 With Your News Items

Since next week will usher in the month of August, it is time for all of us to begin thinking about our annual Maize Days celebration, which isn't very far away.

Friona Chamber of Commerce and Agriculture, the sponsoring entity, would appreciate suggestions from anyone who lives in And Around Friona, so come on folks. Let's help out in any way possible to make this festive occasion more interesting to past and present residents.

Wes, Susan, Clint, Kory and Tye Phillips join the Town Talk editor and all the Floyd family in expressing our most sincere appreciation for the care and concern which have been expressed since the tragic accident four weeks ago.

At the present time, Susan is making satisfactory progress in the Burn-Trauma ICU of the University of Utah Medical Center in Salt Lake City.

However, she has a long way to go yet. All of us will be needing your prayers during her extended stay in the hospital.

Helen Potts, a life long resident of the Rhea community, was honored with a birthday party in the home of her son and daughter-in-law, Jay and Krita Potts, who also live in that community, Sunday evening, July 17.

Helen may be the only person I know who has lived in the same place all her life. Her parents, the late Charles and Amelia Schlenker, lived in the same location as the present Potts home when Helen was born.

After Helen and Cordie were married, they shared a home with her mother several years then continued to live in the same house after Mrs. Schlenker moved into town to live with another daughter, the late Mabelle Hartwell.

Several years later when the couple decided to build a new home, they couldn't think of a better location than the one where they had been living, so just moved the old house a couple of hundred yards or so north and lived in it until the new one was completed.

Others attending the birthday supper were Marilyn and Dewayne Ridley, Debra Hodges and Rusty Ridley, all of Clovis; Troy and Nicole Talley of Lubbock; Larry, Judy and Ty Potts, who are neighbors to his parents, and Ryan and Kyle Potts.

One of the greatest compliments a youngster could pay a grandparent came from the mouth of Ty Potts, the youngest grandson, one day last week.

Some workmen who were assisting with the construction of a barn on the Potts farm were invited to eat the noon meal with Cordie and Helen.

As some discussion was taking place, Ty said, "If you see something on the table that you are not familiar with, don't be afraid to eat it 'cause if my Grandmother made it, it's good."

James and Linda Pope returned home early last week after spending about ten days visiting her father, Jack Simmons, who lives in Phoenix, Arizona.

While the Popes were in Phoenix, Linda flew to San Diego to attend the wedding of a relative.

She was also a special guest at a barbecue by the ocean and a

## It's A Girl For R. Robersons

Randall and Stormi Upton Roberson of Madison, Tennessee, became parents of a baby girl at 8:14 p.m. Saturday, July 22 at Donelson Hospital in Nashville, Tennessee.

She was twenty-one inches long, weighed eight pounds, six ounces and was named Leslee Amber.

Amber is the first grandchild for Martha Mars. Other grandparents are Joe and Bettye Roberson of Hermitage, Tennessee.

Great-grandparents are Minnie Knight of Friona, Joe H. and Alma Roberson of Nashville and Myrtle Brewer of Hermitage.

Amber and her mother were dismissed from the hospital on Monday.

reception. Highlights of the festivities for Linda were getting to visit with relatives she had not seen in several years, as well as a number of friends she rarely sees.

Linda reported, "It was the first time we had seen my dad, who is 77 years old and lives alone in four years. He lives alone and gets his exercise by swimming in his private pool."

Things are quieter at the homes of Wesley and Doris Barnett and Clarence and Peggy Monroe since the departure of their granddaughters, Morgan and Macy Barnett.

Chris and Renae Barnett, parents of the girls, spent one weekend with Friona kin then returned to their home in Carrollton, Texas, leaving the girls for a longer visit.

Gary and Kay Snead spent last weekend with Janet Payne of Albuquerque at the Paynes' summer home in Ruidoso. Getting away from their long time re-modelling of their home in the Hub community, was a much needed break for the Sneads.

Janice, Erin, Edy and Amanda Johnson of Warrensburg, Ohio, who have been guests in the home of Alton and Elizabeth Peak the past two weeks, returned to their home on Friday.

Alton and Elizabeth took their daughter and her family to Oklahoma City, where they were

met by their son-in-law, Ed Johnson.

Ivan, Bud, Marina and Joseph Sprouse of Duncan, Oklahoma came to Friona one day last week and spent the night in the home of Joe, Audrey, Derick and D'Nae Murphree.

The following morning, this entire group left for Phoenix, Arizona, for a four day visit with relatives.

They were guests in the homes of Mr. and Mrs. Ed Evans, Mr. and Mrs. Wally Avans, Mr. and Mrs. Deed Avans, all of Buckeye, Arizona; and Mr. and Mrs. Les Avans, who live in Phoenix.

Other visitors in the homes of Audrey's Arizona relatives were Beverly Avans and daughter, Beverly, who live at Salem, Oregon. Beverly Avans is Audrey's mother.

The Oklahomans spent one night in the Murphree home as they were enroute to Duncan upon their return from Arizona.

Several families are in the process of re-locating their homes at the present time.

Bubba and Mary Pipes and daughters, Rachel and Renae, who have been living in the Rhea community several years, left one day last week for Mount Angel, Oregon, where Bubba has accepted a new job.

Carolyn and Terry Foster of Oklahoma City and Allen Piercy of Elk City, Oklahoma, were here a

few days before the Pipes family headed westward.

Carolyn, who is Bubba's mother, and Terry and Allen also visited with Opal Baxter, the John Baxter family and Dave and Lou Behrendsen and daughters, Keaton and Kristen.

Mr. and Mrs. Trey Ellis and family have moved from 1117 Etta to the former home of the late Dr. Bill Beene and his wife, Rita, which they have purchased, last week.

David and Jana Barnett and children, Beau, Briann, Briar and Brenner, will be moving into the former home of Kenneth and Lawanda Moore, out at the corner of Austin and West Tenth Street

soon. This family has been living on a farm southeast of town.

Ted and Glenda Procter and children, Charlotte and Barry, are busily engaged in painting and re-decorating the former home of Mr. and Mrs. Cliff Stephens and family at 1305 West Seventh.

Soon they will be moving from the London farm southeast of town where they have been living several months.

One day this week I visited with a local resident who did not know that our community had access to Fax service. The following information is especially for anyone else who was not aware of this fact.

Mike Hanes at Bi-Wize Drug provides this service for us for a nominal fee. The Fax number is 247-2245. Anyone who wants to Fax something, may take it to the drug store.

Or, if incoming Fax service is what you need, just give this number to the person who needs it.

Travis and Kory Stewart, who live in Seattle, Washington, are visiting in the home of their maternal grandparents, Von and Nancy Edelman.

Their mother is the former Karen Edelman.

The most confusing newspaper error I've read recently read, "The date of the deaths was not immediately unclear."

# Happy Homemaker

By JUNE FLOYD

Any early day record of events in Parmer County would be incomplete without mention of the comings, goings and other doings of the family of the late Charles and Amelia Schlenker, who came to the Rhea community from Iowa in 1906.

This family published a cookbook titled, "Family Favorite Recipes," in 1983. It is a very unique publication as each family member was invited to share recipes in original handwriting. Some recipes are old, some are new and some are amusing.

For the next several weeks, we plan to share excerpts from this interesting book with our readers. What could be more "Parmer County" than this collection?

## REVELATIONS 21:8 LAKE OF FIRE CHILI

**Kenyon Schlenker**  
3 pounds chili meat  
1 chopped onion  
6 cups pre-cooked chili beans  
8 full match New Mexico red chilies  
2 good handfulls Juarez jalapenos and 1-1/2 cup juice  
1/4 cup chili powder  
Salt to taste

Brown meat. Add onion, chili pepper and 2 cups water. Cook approximately 30 minutes. Add all other ingredients in slow cooker and cook for 30 minutes to one hour.

**\*WARNING:** The surgeon general has determined that this dish may be hazardous to your health.

(A drawing of satan tending a fire with a pitchfork accompanied this recipe.)

## ONE POT #3

**John D. Schlenker (Uncle John's Grandson)**  
1-1/2 to 3 pounds meat  
1 decent onion  
Miscellaneous vegetables  
Seasonings

1-15 ounce jar store bought spaghetti sauce

Cube and brown meat. Throw in pot. Dice and fry onion. Throw in pot. Dump sauce in pot. Prepare vegetables and add to the mess. Begin seasoning, continue throughout the simmering process, 1-1/2 to 4 hours. Done when meat falls apart easily.

Recommended: meat-stew meat, any tough beef. Pork works, but not very well. Vegetables--corn any kind of beans, carrots, celery; seasonings--any pepper or celery salt. To re-heat leftovers, add a fistful of frozen corn. Stew, spaghetti sauce or chili. It's your choice. Beats me what it is.

## MEATBALL STEW

**Kay Noble**  
1-1/2 pounds ground beef  
1/3 cup bread crumbs  
1 egg  
1/2 cup chopped onion  
1/2 teaspoon salt  
1 can golden mushroom soup  
1 package frozen stew vegetables  
1 can beef broth  
1 can tomatoes, cut up  
1/2 teaspoon basil  
1/8 teaspoon thyme  
1 small bay leaf

Mix beef, bread crumbs, egg, onion, salt and dash of pepper. Shape into meatballs. Brown meatballs and pour off excess fat. Add remaining ingredients and bring to boil; reduce heat. Cover and simmer 20 minutes or until done.

Gradually blend 1/2 cup water into 1/2 cup flour; stir until smooth. Slowly stir into stew, stirring until thickened.

Sandwich spread--what you get from eating between meals.

## BLENDER BROCCOLI SOUP

**Ann Frahm**  
1 package chopped broccoli, cook and drain  
1 cup chicken broth  
2 tablespoons onion, chopped  
1 teaspoon nutmeg  
Cook six minutes.  
1 can cream of mushroom soup  
1/2 pint sour cream  
2 tablespoons butter

Blend all ingredients together one minute. May be served hot or cold.

Since there are two family members with the same name--Florence Schlenker Dorsey, who lives here and is better known as "Jackie," and Florence Dean Sifford,

who grew up here but is now living in Arkansas, the title of this next one could be misleading.

However, Louisa's explanation at the end removes all doubt as to the identity.

## FLORENCE'S HAMBURGER SOUP

**Louisa Wilson**  
Fry 2 pounds chuck until done. Add salt, pepper and garlic to taste.

Add 2 cans bouillon, 2 cans tomato juice, one medium onion chopped, 4 or 5 potatoes chopped, one package frozen vegetables and any other vegetables you like.

Simmer for several hours and add water as needed. This gets better as the days go by. I have

used this recipe since Florence made it at Bula's when we five sisters were there in 1979.

## SKILLET CHICKEN STEW

**Pauline Tischler (Harold's daughter)**

1 fryer, cut up  
6 slices bacon  
1 cup chopped onion  
1 cup chopped celery  
2 cups cabbage  
1 can (16 ounces) tomatoes, cut in quarters  
1 teaspoon salt  
1/8 teaspoon pepper

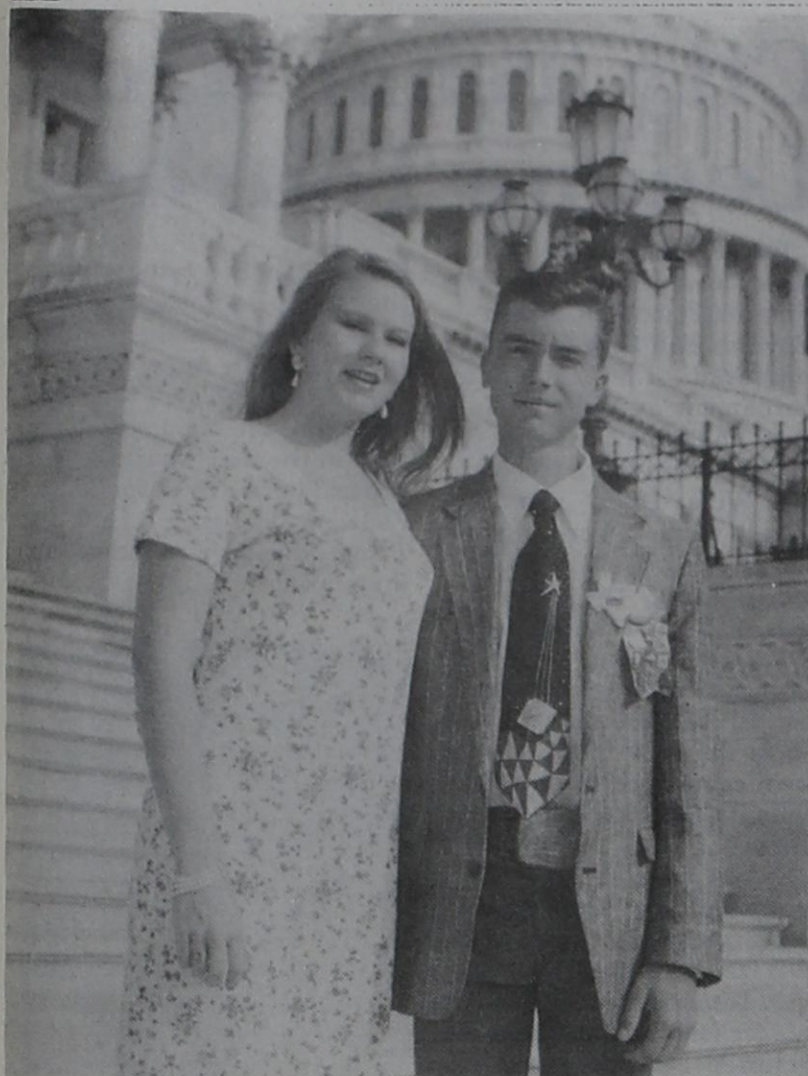

In a large electric skillet, cook bacon on medium heat until crisp. Remove bacon and turn heat to

high. Add chicken and cook about 10 minutes, turning to brown on all sides.

Push chicken to one side of skillet. Add onions and celery and saute for five minutes. Add cabbage and cook five minutes more.

Remove any excess oil. Add tomatoes, salt and pepper and bring to a boil. Cover and simmer over low heat for about 20 minutes or until fork can be inserted in chicken with ease. Crumble bacon on top and serve over rice. Makes 6 servings.

"It's only the family tree that bears nuts the year round."

CASSIDY WILHELM and CHAD JENNINGS

## Area Youngsters Make Youth Tour

Cassidy Wilhelm, daughter of Dean and Dianne Wilhelm of Nazareth, and Chad Jennings, son of Leland and Vickie Jennings of Dimmitt, represented Deaf Smith Electric Cooperative during the 1994 Government-in-Action Youth Tour to Washington, D.C., June 10-22. The Youth Tour is sponsored by the electric cooperatives of Texas and is coordinated by Texas Electric Cooperatives, Inc.

President Lyndon Johnson promoted and encouraged the idea of the youth tour during the 1950s when, as a senator, he selected outstanding young people and offered them an opportunity to observe their national government at work.

While in Washington, the Texas teenagers visited with their congressman and observed the

legislative process in action. Other highlights of the trip included visiting the many famous monuments, memorials and other attractions of Washington, D.C. Among these attractions were the White House, Arlington Cemetery, the Smithsonian Institute, Ford's Theater, Mount Vernon, the National Archives, the Supreme Court, and the Vietnam Memorial.

Special activities included Rural Youth Day, participating in the wreath-laying ceremony at the Tomb of the Unknown Soldiers in Arlington National Cemetery, viewing the sunset parade at the Iwo Jima Memorial, and attending the U.S. Army's production, "The Spirit of America."

Chad is the grandson of Pat and Pat Kunselman of Bovina and great-grandson of Doris Wilson, also of Bovina.

## Church Sets Sales Tax Rebates VBS Series Show Good Economy

The annual Vacation Bible School at Sixth Street Church of Christ is scheduled for August 1-5. This year's theme is "David....A Man After God's Own Heart."

Activities begin at 9 a.m. with a general assembly in the auditorium, then classes begin at 9:20 a.m. and last until 11:30 a.m.

Activities include: Bible stories, songs, puppets, crafts, skits and refreshments. On Thursday evening, all parents are invited to bring their children back at 7 p.m. for a class presentation, open house and refreshments.

All children of the community, ages three through sixth grade, are invited to attend.

"A special analysis by our office shows that sales tax returns in cities across the state are averaging 7.57 per cent ahead of the first half of last year, which is further proof that the overall local economy is growing stronger." State Comptroller John Sharp said this week.

Figures show that Parmer County's payments for 1994 totaled \$93,615.33 compared to last year's total payments of \$91,879.09, a 1.88 per cent increase.

Friona had a 2.82 per cent increase in sales tax with a 1994 total of \$56,791.40 compared to last year's \$55,231.04.

Bovina had a 8.01 per cent increase with the 1994 total sales tax of \$13,780.06 compared to last year's \$12,758.04.

Farwell had a 3.54 per cent decrease in sales tax with a 1994 total of \$23,043.87 compared to last year's \$23,890.01.

"The adjusted local sales tax revenue for the first half of 1993 was \$708 million, while the adjusted revenue for the same period in 1994 totals \$761 million.

"One of the few things that economists will agree on is that sales tax revenue is a good barometer of local retail sales activity. To better gauge the true level of local economic activity, we've adjusted local tax revenues to delete such non-economic factors as sales tax rate changes, audits or reallocations," Sharp said. "Those adjustments allow us to compare apples with apples, or more importantly, sales tax revenue for the first six months of this year with the first half of 1993."

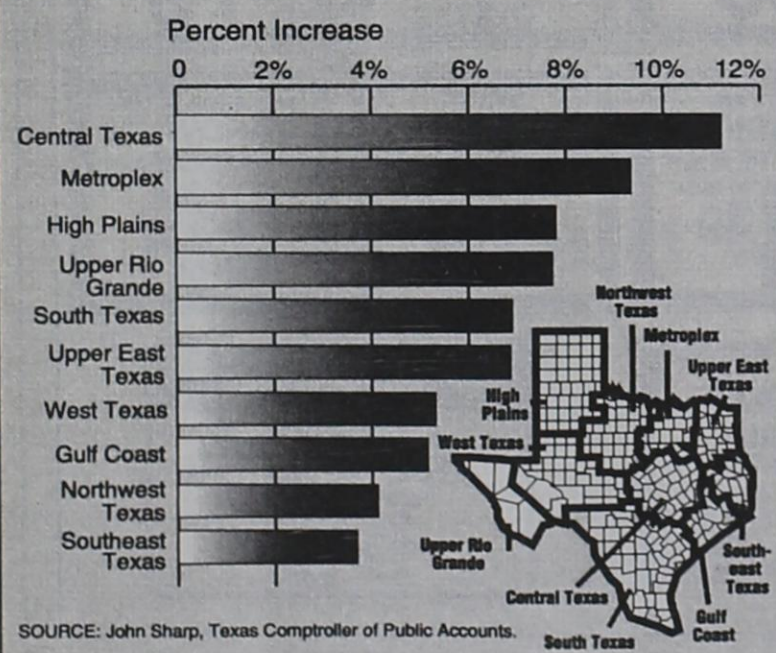

The adjusted sales tax revenue varies by regions of the state. According to Sharp's analysis, local sales tax revenue is up in each of the 10 economic regions of Texas. Those increases are: Central Texas, up 11.2 per cent; Gulf Coast, up 5.2 per cent; High Plains, up 7.8 per cent; Metroplex, up 9.3 per cent; Northwest Texas, up 4.1 per cent; South Texas, up 3.7 per cent; Upper East Texas, up 6.9 percent; Upper Rio Grande, up 7.7 per cent and West Texas, up 5.3 per cent.

Approximately 500,000 Texas businesses collect the state and local sales tax from their customers and remit the money to the Comptroller's Office on a monthly, quarterly or annual basis, depending upon the size of their operation. The state sales tax rate is 6.25 per cent, while the local rate can be as much as two per cent.

The Comptroller deposits the state's share of the tax revenue into the State Treasury and returns the local share back to the communities to help fund a wide variety of programs and services.

### Tax rebates increase

Adjusted sales and use tax rebates by Comptroller regions increased in every region from 1993 to 1994.

## City Team Wins League Tourney

The Friona teams which have competed in the Dimmitt-Friona-Nazareth Pony Baseball League for 1994 competed in a league tournament at Dimmitt July 14-16, and came home with the first and third-place trophies.

Bi-Wize Drug was the overall winner, downing the Dimmitt Sox, 11-10 on Friday, and beating the Dimmitt Reds, 10-9 on Saturday.

Cattle Town downed Nazareth in the first round, then fell to the Dimmitt Reds, 9-5 in the semi-finals. Cattle Town came back to down the Dimmitt Sox, 14-7 for third place.

Only two game reports were available. They showed that Brandon Stephens paced Bi-Wize in their 11-10 win over Dimmitt's Sox with a four for four performance that included a double. He

knocked in the tying run in the sixth, and then scored what proved to be the winning run on a hit by Angel Vega.

In Cattle Town's third-place win, the team scored six runs in the first, sparked by a two-run homer by Jesus Mata. Four walks and a hit by Tammy Spencer rounded out the scoring.

# Did You Know?

By GEORGE RUSHING

In 1774 the British closed the Boston port. William Prescott wrote to the citizens these words, "We heartily sympathize with you, and are always ready to do all in our power for your support, comfort, and relief, knowing that Providence has placed you where you must stand the first shock."

"We consider that we are all embarked in (the same boat) and must sink or swim together... Let us all be of one heart, and stand fast in the liberty wherewith Christ has made us free. And may He, of His infinite mercy, grant us deliverance out of all our troubles."

I was just reading an article that was written explaining "guidelines" proposed by the EEOC, Equal Employment Opportunity Commission. This regulatory commission determines what constitutes sexual harassment, racial discrimination and life conduct.

They want to apply all the previous civil rights legislation to a new offense they call "religious harassment." In short, the commission wants to make it illegal to share one's faith - or even show evidence of it - if a single employee objects to that witness.

One Senator listed 25 actions that could be prohibited by the EEOC. I will list just a few:

- (1) Wearing a cross on any openly visible part of the body.
- (2) Displaying a Bible or other religious book.
- (3) Inviting a fellow employee to a synagogue, church, temple, or

other place of worship.  
 Jesus said, "Blessed are you when men revile you and persecute you and say all kinds of evil against you falsely, on account of Me. Rejoice and be glad, for your reward in heaven is great, for so they persecuted the prophets who were before you. You are the salt of the earth; but if the salt has become tasteless how will it be made salty again? It is good for nothing any more, except to be thrown out and trampled under foot by men."  
 Matthew 5:11-13.

William Prescott told the people of Boston that, "We are all in the same boat." But from today's perspective I don't believe we are all in the same boat.

Luke 24:46, 47 "Thus it is written, that the Christ should suffer and rise again from the dead the third day; and that repentance for forgiveness of sins should be proclaimed in His name to all the nations, beginning from Jerusalem." Christians are told to proclaim His name to the nations.

I remember years ago I used to wonder how strong I would be if Russia were to take over our nation and begin to outlaw all Christian activities. Something more dangerous than Russia may be upon us. For this one may be easier to compromise with.

Where does the answer lie when we are being trampled under foot of men?

God said you are the salt of the earth. Has the salt become tasteless? Lord, make us salty.

FUN TIME...A group of Friona youngsters is shown competing in the sack races during the recent July 4th celebration in Friona. The youngsters had a great time.

# Parmer County Gets Approval For Haying/Grazing Acreage

## Approval Of Emergency Haying and Grazing CRP Acreage:

Parmer County has been approved for haying and grazing acreage under the CRP program through September 30, 1994. In order to qualify, the following requirements must be met.

The cost to hay or graze the CRP acreage will be 25 per cent of the annual CRP payment per acre hayed or grazed. This cost will be held out of the CRP annual rental payment scheduled to be made after October 1, 1994, or may be paid in advance. Ex. CRP annual payment rate \$40 x 25% = \$10/acre reduction.

CRP participants who own or lease livestock and have suffered a 40 per cent loss of normal production of hay and pasture may use hay harvested and grazing from CRP acreage.

CRP participants may sell harvested hay or rent or lease standing CRP acreage to a livestock producer, in an approved county, who has suffered a 40 per cent loss of normal production of hay and pasture.

Before any haying or grazing takes place, participants must agree to:

--file an application on CCC-653, to determine a 40 per cent loss of hay and pasture, if the participant owns or leases livestock and will

use the feed from CRP acreage.

--sell harvested hay, or rent or lease standing CRP acreage, only to an approved livestock producer, in an approved county, who has suffered a 40 per cent loss of normal production of hay and pasture, and has filed a CCC-653 with the county office.

--re-establish, at the CRP participant's own expense, any destroyed or damaged cover resulting from emergency haying and grazing.

All livestock producers, renting or leasing the CRP acreage, or purchasing hay harvested from CRP

## FINANCIAL FOCUS

BY IKE STEVENS  
Edward D. Jones & Co.  
(See Related Adv. Below)

IKE STEVENS

### The Rules Of Asset Allocation

Managing money is not an exact science, because expectations can be altered by national and worldwide economic changes. In the 1980s, for example, we experienced double-digit inflation and unprecedented interest rates. Today, we're faced with the lowest interest rates in more than 25 years.

What's the best way to manage money through all kinds of economic conditions? Most experts agree that diversification, or asset allocation, is one of the safest approaches.

Investors can find financial professionals everywhere offering "asset allocation." The term may refer to anything from a simple diversification of investments to elaborate computer programs that analyze a wide array of variables. The same thing happened in the 1980s when the term "financial planning" became more of a sales buzzword than a term describing a legitimate way to structure one's finances.

Anyone offering you asset-allocation services should take into account the following four

concerns:

1. Inaccurate assumptions can make major differences in investment results. For example, if your financial professional allocates assets based on stock market returns over the past 10 years, you may be disappointed, because returns over the past decade were twice what they have been over the past 70 years.

2. History has a way of repeating itself, but relying too much on historical returns can be disappointing. For example, the historical relationships between stock and bond movements are relatively good indicators. On the other hand, real estate values can appear quite differently when using appraised value rather than real returns, which includes the effects of inflation. Money managers should use history as a guide, not a rule.

3. Planning is important, but implementing an allocation plan is vital. Investment professionals and clients first must agree on how funds are to be allocated. Then the plan should be implemented. Factors such as age and earnings in the future need to be reviewed.

4. Finally, make it simple. Plans that are overcomplicated, filled with theory and jargon, can be confusing to the point where it's difficult to take action. Any asset allocation plan, along with expected risks and returns, should be simple to understand.

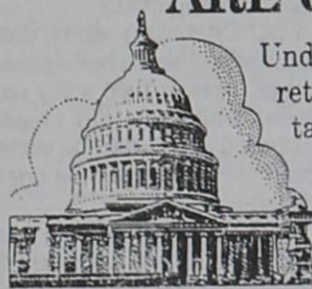

Investors should know the rules and recognize the pitfalls when working with financial professionals to develop asset allocation plans. Know your professional, and expect him or her to consider the concerns discussed in this article.

## YOUR EYES

### What Good Are Tears?

inhibiting substances.

We are not usually aware of this fluid until it builds up into tears. Excess tears flow from the eyes through small ducts in the inside corners. Some of this fluid escapes the body through the nose; that's why the nose runs when a person cries. These vital tears clean the eyes thousands of times a day as the eyelids blink 12 to 30 times a minute. Each blink cleans the eye and protects it at the same time.

Some people don't have enough tears. Many are given artificial-tear drops to compensate. Similarly, contact lens wearers use a sterile solution when inserting their lenses to avoid discomfort and to supplement the natural tears.

If your eyes feel dry, make an appointment soon for a complete examination with your optometrist.
