Jaycee Stock Show Will Be Thursday in Rodeo Arena

38 Calves, 58 Hogs Have Been Entered

At Least \$2,300 In Premium Money Slated

A total of 75 firms have contributed more than \$2,300 in premium money for the 13th annual Terry County Junior Livestock Show.

The tally was announced this morning by Brownfield Jaycees, sponsors of the yearly event.

Site of the April 18 show is the Rodeo Arena, and Jaycees today urged that all boys and girls with animals to show put in their appearance at the arena by 7 a. m.

As it was last year, the show is termed "commercial," in that all calves and swine will be placed in three groups by the judge and will be sold by groups to commercial buyers.

Stanley Anderson, associate professor of animal husbandry at Texas Tech, will try to get the judging of swine started at 8:30 a. m. Calf judging will follow.

Hank Mathews of Anton will auction the livestock at 1:30 p. m.

Entries to date number 38 calves and 58 hogs. Brownfield FFA chapter will show 33 of the hogs and 18 calves. Meadow FFA has entered 5 hogs and 7 calves, and Wellman, 7 hogs and 2 calves.

Terry County 4-H members will show 13 calves and 14 hogs.

Bob Etheredge, Jaycees general chairman of the show, explained this morning that ribbons would be given to 10 places.

By laws of the annual event limit entries to those by active members of Terry County FFA chapters and 4-H clubs.

The Jaycees listed the following firms and contributions:

- Continental Oil Co., \$10, Bob Thompson Plumbing \$5, Village Grill \$5, Stell's Grocery \$10, Hoy's Flowers \$5, Broadway Cleaners \$5, Lowe's Studio \$5, T. A. Hicks Gulf \$5, Newton-Webb Implement \$15, and Kersh Implement \$200, Sunest Motor \$5, Terry County Insurance Company \$5, Cadenhead Servis Gas \$40, Farmers Co-Op Station \$25, Western Cottonoil \$30, Swart Optometric Clinic \$5, Dennison-Eaves \$15, Meadow Co-Op \$75, West Texas Gin Company \$10, and B&H Feed Store \$25, Roberts-Ashburn Butane \$25, J. B. Knight Company \$200, Sonny's Feed Store \$100, Travis Gin \$100, Newsum Gin \$100, Kyle's Grocery \$75, South Gin, Inc., \$100, Nelson's Pharmacy \$50, Jack Bailey Chevrolet \$50, Bailey's Conoco \$5, Crites Humble Station \$5, and McBride Pontiac \$10.

- Needmore Gin \$75, Baker Grocery \$5, Burleson Grain Elevator \$10, Cobb's \$25, Pillow Ice Company \$15, City Drug, \$2, Godin Drug \$5, Portwood Motor \$25, Western Auto \$10, Lindsey's \$5, K&B Refrigeration \$5, and Fenton's Shoes \$5, Pate Collier \$5, Western Grain and Feed \$100, Bowers Liquefied Gas \$50, Western Pump \$50, Collins \$75, Brownfield Saving & Loan \$100, Tudor Sales \$50, Copeland Hardware \$25, Griggs & Goble Furniture, \$50, Herman's Gin \$75, and Smith Machinery \$50, California Spray Chemical \$25, Field's Mens Store \$25, Brownfield Co-Op Gin \$50, Harding Motors \$25, Frank Daniel Electric \$20, Cicero Smith Lumber \$50, Higginbotham Lumber \$50, Shamburger Lumber \$50, Farm & Home Appliances \$20, Terry Country Lumber \$25, Bryant Tractor \$15, Mason Oil Company \$10, Dunlap's \$25 and Klein's \$10.

Early Arrivals Urged

The Jaycees announced that the following firms would give prize money in amounts yet unknown: Brownfield State Bank & Trust Company, Plains Liquefied Gas, First National Bank and Goodpasture Grain & Milling Company.

Bob Payne, Jaycee president, this morning said that it was important that all entries be at the arena early for weighing. The club will be using the scales which it bought last year.

Both Jones and Hutson expressed their appreciation for the help of the public in the election of a new president.

See PIONEER Page 2

OPENED BANK — Most of the officers and directors of Plains State Bank are pictured above. Occasion was the institution's formal opening last Saturday. From left back row: John J. Kendrick of Brownfield, director who also is executive vice-president of First National Bank here; R. N. (Rusty) McGinty of Plains, director; Lee York, director who also is vice-president of First National Bank at Lubbock; R. B. Jones of Plains, director, and W. B. (Red) Tudor, of Brownfield, director who also is president of First National Bank here. From left front: David Levens, cashier, and Bill Lloyd, president. Other directors not shown are Clovis Kendrick, of Brownfield, Robert K. Field of Bronco, and A. B. Carpenter, M. W. Luna, Glenn Cleveland and Roy Fitzgerald, all of Plains. For more pictures and story of bank opening, see Page 2 of Section 2.

Trustee Elections Get Light Turn-Out

Voting was light in county-wide school trustee elections last Tuesday. The results:

Brownfield: J. L. Newsom, 162 votes, L. J. Richardson 151, and C. G. Griffith 89. Incumbent Newsom was returned to office. Griffith, trustee for the past nine years, was unsuccessful. Only two positions were available.

Meadow: Incumbents Lee Bartlett and Curtis Huise, re-elected, with 139 and 127 votes, respectively. Olane Caswell and Winfred Tucker drew 45 each, and Willie Blair 34. Bartlett was president; however, the board has not been organized.

Wellman: Unopposed, G. I. (Bogie) Sims and Alton Lee were returned to office.

APRIL 19 AND 23-24

Chest X-Rays Will Be Available This Month

Annual chest X-rays will be available here April 19 and 23-24.

Place: Tudor Sales showroom at 622 West Main. Price: for free!

Times: from 1 p. m. until 5:30 p. m., April 19, and from 8:30 a. m. until 5:30 p. m., April 23-24.

Sponsors: Terry County Tuberculosis Association and South Plains Health Unit, in cooperation with the Texas State Health Department.

Association officers: M. J. Craig Jr., president; Frank Gorton, first vice-president, and Mrs. Sherwood Gill, secretary.

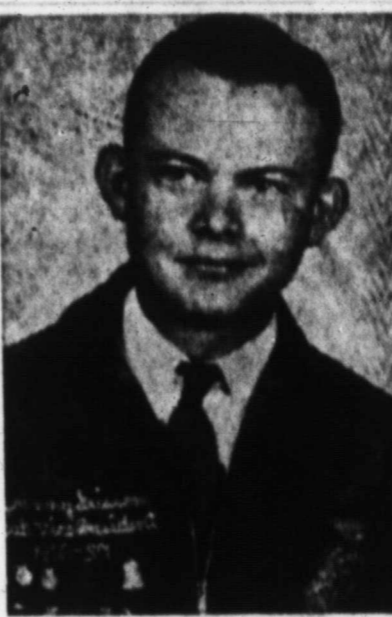

and vice president, Bobby Jones, treasurer, and Mrs. Earl Jones, executive secretary.

Said Mrs. Jones: "It will take precious few minutes for each person to complete the X-ray. No clothing need be removed."

A telephone barrage will be laid down by members of the following groups, their purpose being to encourage participation:

Jessie G. Randal, Frances Bell, Junior High School, Colonial Heights and Phyllis Wheatley parent-teacher associations, Girl Scout Troop 5; and

Junior Woman's, Alpha Omega, Delphian and Maids and Matrons study clubs; Brownfield Country Club, Order of the Eastern Star, Rebekah Lodge 56, Cub Pack 74, and the 10 Terry County Home demonstration clubs.

JOHNNY GRISSOM

Parent-Son Supper Scheduled Tuesday By Future Farmers

Brownfield Chapter of Future Farmers is making last-minute plans for its annual Parent-Son Banquet, to be held at 7:30 p. m., Tuesday in Junior High School Cafeteria.

The event is the year's highlight of FFA's work program, and is financed by fund-raising activities. The outstanding chapter member of 1956-57 will be recognized.

Principal speaker will be the state vice president, Johnny Grissom of Lamesa. Brownfield High School's stage band will entertain.

Members of the FFA cattle judging team attended the Great Southwestern Dairy Show last Tuesday in Portales, N.M., placing third in a field of 30.

At Portales were Wesley Britton, Johnny O'Neal, Earnest Hyman and Leslie Britton.

The dairy products, dairy cattle and land judging teams will compete Saturday in the Panhandle-Plains Dairy Show at Plainview. Land judges are Byron Evans, Wayne Wheeler and Glenn Cheshire. Dairy cattle men are Wesley Britton, O'Neal, Hyman and Leslie Britton.

Dairy products team comprises Avon Floyd, Tommy Brokery, Herbie Pickett and Mike Smith.

General Telephone And Communication Workers Sign Pact

"General Telephone Company of the Southwest and the Communications Workers of America, Local 6180, on April 9 signed a 12-month contract which was agreed upon last week after 31 days of negotiating, according to F. W. Hamper, industrial relations director for the firm.

Highlights of the new contract include increased wages and benefits which amount to nearly one-half million dollars and a provision which will allow the company to schedule plant craft employees on other than a five consecutive work-day week.

Wage increases up to 12 cents an hour were granted depending upon the group and classification of the employee.

Some employees of the former Texas and Oklahoma Telephone Companies will receive additional wage increases in order to place them on the General Telephone Company wage schedule.

The new work schedule feature will give the company an opportunity to provide a more effective and efficient method of scheduling work forces.

Other provisions under the new contract will make changes in termination allowances, military leave, town reclassification, and double time on certain Sunday work schedules. A new agreement also was reached on a plan for employee disability benefits.

Last Supper Will Be Enacted On Sunday

The Maundy Thursday Tableau, an enactment of Christ's Last Supper, will be presented at 9 p. m., Sunday, in Brownfield High School auditorium.

The event is being sponsored by Brownfield Scottish Rite Club, whose members will have the full-costume roles. It will be directed by Lee Brownfield, President Cecil Smith and Jim Miller.

Smith said this morning that the public is invited. Admission is free. The club hopes to make the tableau an annual event.

Members who'll have roles are Harry Goble, J. L. Newsom, Kenneth Sadler, Monk Parker, Sawyer Graham, Morgan Copeland, T. C. Williams, Glen Akers, E. W. Wilgus, Dennis Lilly, Tiny Nelson, John Hill and Brownfield.

Junior High School's Band To Give Concert

Junior High School band will appear in concert at 7:30 p. m., Friday in Brownfield High School auditorium.

The event is being sponsored by Brownfield Band Boosters Club, and there will be a small admission fee.

TO FORMER MEMBER-PRESIDENT

Board Expresses Thanks

(EDITOR'S NOTE: The following letter was mailed this week to C. G. Griffith, who was unsuccessful in Saturday's Brownfield school board trustee election. It was signed for the board by the newly elected president, T. A. Hicks.)

Dear Griff:

Looking back over the nine years which you served Brownfield Consolidated Independent School District, seven of which you served as president of the Board, we feel a large measure of the success of our schools during that time was due largely to your consistent and excellent efforts.

No one, other than members of the Board, can realize how much time you spent away from your personal business in behalf of the people of this District.

We want to tell you how very much we appreciate your tireless efforts in developing an outstanding school. Your splendid work vastly simplified our job and for that we owe you a real vote of thanks. You also deserve the gratitude of every citizen of this District for contributing so much to them.

As compensation for the sacrifice, however, you have the knowledge of an extraordinary length of responsibility, ably and conscientiously performed. We know that we will be able to consult with you as a citizen and have your considered advice on problems that may arise in the future.

It is our earnest wish that the relinquishment of the cares which you have so faithfully borne will give you many happy memories and will result in continued service to your community, in this and other fields of endeavor.

Effective May 1, business offices at Brownfield City Hall and Pioneer Natural Gas Company will be closed all day on Saturdays.

The Saturday closing was announced jointly Wednesday by city officials and B. F. Hutson, Pioneer manager here.

Explained City Mgr. Eunice Jones: "The decision to remain closed all day Saturdays was made this week after a full year of study."

"There simply is not enough business to justify opening on that day. We also are trying to adhere to a 40-hour work week which is the practice in almost all other cities."

"As for any emergency in connection with water or electric services, we're asking that patrons telephone 4113, our police department. A service man will be available to them. The fire department is not, of course, affected."

Pioneer Natural Gas And City Hall To Be Closed on Saturdays

Both Jones and Hutson expressed their appreciation for the help of the public in the election of a new president.

VOL. 20 19 CENTS BROWNFIELD, TERRY COUNTY, TEXAS, THURSDAY, APRIL 11, 1957 NUMBER 15

LT. COL. GRADY WARREN STATIONED AT THULE

Former Terry Resident Plays Major Role As C-47 Pilot In Late Occupation of Island T-3, Somewhere Near North Pole

(EDITOR'S NOTE: Ice Island T-3 is floating in the Arctic Ocean. On it now is a U. S. weather station, maintained solely by air.)

Last month, a five-plane flight of U. S. Air Force personnel volunteered for the job of landing men and supplies on it.

Pilot of one plane was Lt. Col. Grady Warren, former Terry County resident and brother of Mrs. James Thurman of Route 5, Marvin Thurman of 509 Lanny Ave., and James and Tom Warren of Plains.

The mission was described in some detail in a letter to Mrs. James Thurman.)

Aboard a C-47 equipped with skis, and at the crack of dawn we were winging our way across the northern skies to a small airstrip on Ellesmere Island.

(Col. Warren is writing from Thule, Greenland, his current duty station.)

As we approached Ellesmere, we could see numerous peaks and ridges so covered with snow that you could not be certain whether they were mountains or fluffy clouds.

(Peary left Ellesmere in 1900 to begin his trek to the North Pole.)

42 Degrees Below

Approaching the strip at Eureka, on Ellesmere Col. Warren wrote, we were the third plane to land. The temperature was 42 degrees below zero, and we had to refuel the planes from 50-gallon drums using a hand pump.

It was so cold that to stand still even for one minute left you completed chilled. We wore plenty of clothing, but the exposed parts of our face would freeze if we didn't occasionally pull off our mittens and press our hands against the face.

My breath formed ice around my parka, ice as sharp as needles when it touched the skin. The boys with mustaches had a particularly hard time of it. The extreme cold makes the nose run, and of course it freezes before it gets too far, which means you have an ice chunk for an upper lip.

Family In Lubbock

Col. Warren is married to the sister of James Thurman of Route 5. She and their four

children—Denny, Mark, Donna and Grady Phillip—make their home in Lubbock.)

Our breath also froze on our eyebrows and lashes, leaving them snow white, so that when we had finished refueling we were, needless to say, a rather eerie lot.

While we were at the Ellesmere strip, a large white wolf came within 200 yards of us, allowing the Canadian stationed there to get off a couple of rifle shots at him before disappearing.

Polar Bear Country

It is well to mention that each plane carried an M1 rifle—this in case of trouble with polar bears, because we were in the heart of their country.

(Col. Warren's wife is the daughter of Mr. and Mrs. J. E. Thurman of 215 South Second. His sister in Plains is Mrs. L. B. Johnston.)

T-3 is situated northwest of Eureka. Winging toward it, we noticed with interest that there was, as much as 150 degrees variance among the three magnetic compasses aboard our plane. Sometimes, all three would circle aimlessly.

As we flew farther and farther north, the sky seemed to pick up the reflection of the great white expanse below, and to take on a whiteness instead of being blue as I had been used to seeing.

Like Ping Pong Ball

We couldn't tell where the sky began and the sea ended. It appeared that we might be flying inside a large ping pong ball.

Then we saw it up ahead: an area of whiteness where there were no cracks or pressure ridges. We circled once in trail formation, then the lead ship went down for landing.

In the spray and fog of flying snow, I mistook the landing plane for a C-47 which had cracked up in an earlier flight to T-3. But . . . the craft had landed safely.

Hydraulic Line Breaks

After we were down, I noticed a crimson spot coming from our right landing gear. Recognizing it as hydraulic fluid lost. However, we decided to attempt repairs.

While the mechanics were struggling with the hydraulic lines, the rest of us unloaded

Community Service Is Scheduled Good Friday

Communitywide Good Friday services will be held from 2 until 3 p. m., April 19, in First Methodist Church.

Speaker will be the Rev. Dudley Strain, pastor of First Christian Church of Lubbock.

Ministers from Brownfield churches will participate in the event.

The Rev. James Tidwell, First Methodist pastor, this morning urged the public to attend.

APRIL 20 ON FOUR LANES Highway 62 Widening To Get Under Way

Widening of Hwy. 62 to four lanes from north city limits to its intersection with Hwy. 51 near the John Deer Implement Company is to begin April 20.

Machinery and equipment for the construction will be moved here on the above date, City Mgr. Eunice Jones was told Wednesday by the contractor, Ray Boswell of Pampa.

With the addition of two service roads, the project will be six-lanes wide from Second Street to Hwy. 51.

The city manager urged that all owners whose property adjoins the project consider the April 20 date in connection with clearing right-of-way.

Carl R. Hart, Brownfield resident engineer of the Texas Highway Department, will be in charge of the work.

The Pampa firm was awarded the contract earlier this month on a low bid of \$339,464.

VICTIM IS WILLIE JOHNSON Sheriff's Office Is Investigating \$3,700 Robbery of Brownfield Invalid Negro

Terry County Sheriff James Fulford and deputies this morning still were investigating the reported robbery of a local invalid Negro man.

Willie Johnson, 65, told officers that three men rushed into his house in North Brownfield about 9 p. m., Wednesday, and took more than \$3,740 from a box.

Johnson explained that two of the men held him while the third rifled the box, which contained 22 one-hundred dollar bills and other assorted bills. They also took a pistol which Johnson had under his pillow.

Four Negro men were picked up in Seminole about an hour later for questioning in the robbery. The quartet had no money, but they still were being questioned early Thursday.

A Brownfield Negro was being held this morning and sheriff's deputies said he probably would be given a lie-detector test.

Roadblocks were set up on all highways leading out of Brownfield after the event was reported to Fulford, and an areawide alert was ordered.

The victim could give no description of his assailants other than that one of them was approximately 6 feet 2 inches, weighed about 200 pounds and wore a hat.

Johnson was robbed of more than \$500 about three years ago, Sheriff Fulford said. The robbers were never caught.

AN EDITORIAL

Needed Right Now: Teacher Salary Hike

The District 14 conference is past, and the biggest problem facing it was not solved—of course, could not be solved by that body. However, it was much talked about.

The knotty situation will not be solved until you and I take time to write our state senator, representative, speaker of the House and governor, urging them to push the Teachers Pay Raise.

Some persons may think the seriousness of the Teacher Pay Raise is being too much emphasized. Let us cite you this case:

One of our area's better teachers inquired about a job at the NEWS office this week. What he sought was a fulltime position, starting at the end of the May term of school.

Quite simply he explained that he cannot support his wife and the child which she is to have in the near future on \$235 a month.

If emergency House Bill 8 and Senate Bill 80 were to become law, only pay increase for our teachers would be some \$390 a year. Yet, it could mean the difference between some teachers staying in the field or getting out.

Dear Readers, to us this is a gloomy situation which we may be able to brighten if all of us act now.

Let us suggest that you write to Senator Preston Smith, Rep. Robert Bowers, Speaker Waggoner Carr and Gov. Price Daniel, expressing your desire that they do everything in their power to get the "Emergency Pay Raise for Teachers" passed during this session of the Legislature.

Co-Ops Schedule Meet

Between \$50,000 and \$60,000 in cash dividends will be given when some 1,000 patrons of Farmers Cooperative Society No. 1 Gin and Farmers Cooperative Fuel Station meet at 6:30 p. m., April 17 in The American Legion Hall.

Directors said this morning that a barbecue dinner will be served prior to the dividend

Warren—

the positive-down look to hold our gear in place until we were airborne.

Two Men Remain

As the two men who were to stay picked up their gear and started toward the campsite, I wondered what it was in a man which caused him to volunteer for a job like theirs. The thought ran through my head that they might have "sausage and gravy" for brains.

Then I remembered that my friends also thought I had lost my marbles when I volunteered to fly the stuff in. Guess there's a bit of the pioneering spirit left in most of

us—but few frontiers left to pioneer!

We had rather mild headwinds flying back to Thule, and as we arrived some 100 miles out we knew our fuel supply was going to be critical.

We therefore requested of the Thule tower a straight-in with ground-control coverage.

Landing Gear Works

My crew chief had poured two gallons of hydraulic fluid into the landing gear—but the device wouldn't come down. Therefore, I had him make a large hole in the next can, and with the gear handle in down-position, he poured it in fast. It worked.

Later as five tired crews

TO APPEAR IN RECITAL—Patricia Turner, left, and Emily Risinger will be presented in their annual piano recital at 4 p.m., Sunday, in Fellowship Hall of First Baptist Church. The 11-year-old musicians are daughters of Mr. and Mrs. Fred Turner of 1305 East Tate and Mr. and Mrs. Thad Risinger of 912 East Lake. Both are students of Jerry Gannaway. Both were chosen to play in the ensemble program in Lubbock which is sponsored by South Plains Music Teachers Association, and they have received high-

est ratings in this National Guild Auditions, of which Brownfield is a center. The Sunday event which climaxes four years of piano study for the girls, is an ambitious one, including classical compositions of Bach and Handel, as well as the famous "Für Elise" by Beethoven, and other selections. A suite, "Alice in Wonderland," will be presented with Jane Weiss, daughter of Mr. and Mrs. George Weiss of 502 East Buckley reading excerpts from the original story. The program will be open to the public.

went into the debriefing room, on a fine job and told us we the patch of enthusiasm was as high as back in my aviation cadet days, when we had done something a bit out of the ordinary.

The island of T-3 somehow reminds me of that back E-

acres on my farm at Gomez in the spring. The snowdrifts here well could be the sand dunes there.

Thus T-3 was occupied.

Presbyterian Choir Doctrines, Disciplines of Churches To Present Cantata Is Topic For Junior Women's Meet

"Easter Messiah", an abbreviated form of Handel's Messiah, will be presented by the chancel choir of First Presbyterian Church on Palm Sunday, April 14, 5:30 p.m., according to the Rev. Ralph O'Dell, pastor. Fred Smith will direct the cantata.

During the regular morning worship hour on Palm Sunday, confirmation of communicants will be held.

On April 18, Maundy Thursday twilight-candlelight communion services will begin at 7 p.m. The following day, on Good Friday, the Rev. Mr. O'Dell and his congregation will participate in a city-wide community service to be held at First Methodist Church from 2 to 3 p.m.

Easter Sunday, April 21, at 6:20 a.m., a citywide sunrise Easter service will be sponsored by the junior and senior Westminster Fellowship group of the church. At 8:30 a.m., early church service, with the Westminster choir singing, will be held at the church. At 9:45 a.m., Sunday school will be conducted, followed at 11 a.m. by special Easter services.

The Junior Woman's Study Club met Monday afternoon in the home of Mrs. D. E. Hewitt at 1213 East Reppto to study the doctrines and disciplines of some of the Protestant churches.

A panel, composed of Mesdames Jerry Gannaway, Robert Lee Craig, Billy Blankenship, Carl Elliott, Buddy Orr and Erwin Moore, discussed "How may we better understand the doctrines of these churches: Baptist, Methodist, Presbyterian, First Christian, Church of Christ, and Episcopal". Mrs. Dub Holleman was program chairman for the day and introduced the topic.

A business session was conducted by Mrs. E. B. McBurnett, Jr., president, and minutes of the last meeting were read by Mrs. Gannaway, secretary.

Committee reports were given by Mrs. Craig, finance chairman; and Mrs. Gannaway, social chairman, who announced that plans had been completed for the party to be given April 26 at the Seleta

Jane Brownfield clubhouse at which time members will entertain their husbands with dinner, bridge, canasta and "42". Reports were also given by Mrs. Orr, membership chairman, and Mrs. Holleman, fine collector. The members voted to send a contribution to a national Junior Club project, and it was decided that the club would have an entry in the Maid of Cotton parade in May.

Brownie Troop 30 Has Nature Hike Monday

Brownie Troop 30 met Monday at the Girl Scout Little House for a regular meeting, with Mrs. Lal Copeland and Mrs. Bobby Payne leading. The group went on a nature hike through the park looking for insects, leaves and twigs.

TERRY COUNTY COMMISSIONERS COURT
 Herbert Chesair, County Judge
 E. S. Tankersley, Commissioner Precinct No. 1
 A. C. Stephenhen, Commissioner Precinct No. 2
 Mrs. B. R. Lay, Commissioner Precinct No. 3
 R. S. Burnett, Commissioner Precinct No. 4
 Wade Yandell, County Clerk

STATE OF TEXAS
COUNTY OF TERRY
CITY OF BROWNFIELD
 Notice is hereby given that in compliance with the laws of the State of Texas and the zoning map of the City of Brownfield, being Ordinance No. 1201 of said city, passed and approved by the City Council on August 28, 1946, that there will be held a public hearing by the City Council of the City of Brownfield on the 16th day of May A. D., 1957, on a proposed amendment to the official zoning map and ordinance of the City of Brownfield. The proposed amendment to the official zoning map and ordinance of the City of Brownfield, Texas, is to change the boundaries of the "H" zone on said official zoning map by moving or re-zoning the hereinafter described property from its present zone designation of "H" to an official designation of "B". Said property effected here is as follows:

The South 1/2 of blocks 2 and 3 of the Crescent Hill Continuation, Terry County, Texas, is proposed to be changed from an official designation of "B" zone to an official designation of "H" zone. That portion of Block 2 of the Williams Addition lying South of State Highway 380.

Beginning at the Northeast corner of said block 2, Williams Addition.
 Then 105 feet South
 Then East to the east line of said Block 2, Williams Addition.
 Then north 105 feet to the northeast corner of said block 2, Williams Addition.
 Then West along the south boundary line of the Tahoka Road to the North corner of said block 2, to the place of beginning.

It is proposed to be changed from an official designation of "B" zone to an official designation of "H" zone. That part of block 8 of the east addition to the town of Brownfield, Terry County, Texas, and lying south of the State Highway No. 380.

Beginning at the East line of the "H" Zone in block 1, of the East Addition to the City of Brownfield, Terry County, Texas.
 Thence East to the east line of said block 8 and south from the south line of Tahoka Highway a distance of 105 feet. Thence west to east line of present "H" Zone.

It is proposed to be changed from an official designation of "B" zone to an official designation of "H" zone. The public hearing as herein called from will be held on the aforesaid date at the City Hall of the City of Brownfield, in the Council Chambers at 10:00 A.M. At which time all persons interested therein may appear before the City Council and at which

HONORED — Left, above, is Mrs. Wayne Wilson, who was honored with a shower Tuesday afternoon by Terry County Home Demonstration Council. The event was held in The Party House. Mrs. Wilson is the former Miss Shirley Holbrooks. Her marriage took place Saturday in the Baptist Church at Douglass. In center is Hostess Mrs. A. J. Bell of Needmore Community. Other hostess is Mrs. Tom Pettigrew of 908 East Oak. More than 100 guests were registered. Mrs. Wilson is Terry County home demonstration agent. (Staff Photo)

time the City Council will hear his or her or their objections thereto. This proposed amendment has heretofore been approved and recommended by the Zoning Commission appointed and operating under the laws of the State of Texas and the Zoning Ordinance of the City of Brownfield.

At the first regular meeting following the public hearing on the date above mentioned, of the City Council of the City of Brownfield, Texas, action will be taken by the City Council in accordance with the laws of the State of Texas and the zoning ordinance of the City of Brownfield.

In witness whereof this instrument is executed this 5th day of April, A. D., 1957.

Arlie Lowrimore, Mayor, City of Brownfield, Texas

Alva J. Geron, City Secretary, City of Brownfield, Texas

Busy Days, busy days . . . it's six weeks' test time again, and all kinds of contests and activities are coming up.

The golf team placed second in the district meet in Kermit Friday and senior Don O'Neal brought home medalist honors. The four man team, coached by Doug Cox, and consisting of O'Neal, Mike Hamilton, Preston Glenn and Danny Powers, will compete in the regional meet Friday and Saturday at Lubbock Country Club.

Campus Quickies: Joe Bess Boston and Gerald Jordan from Wellman have been going steady since April 2.

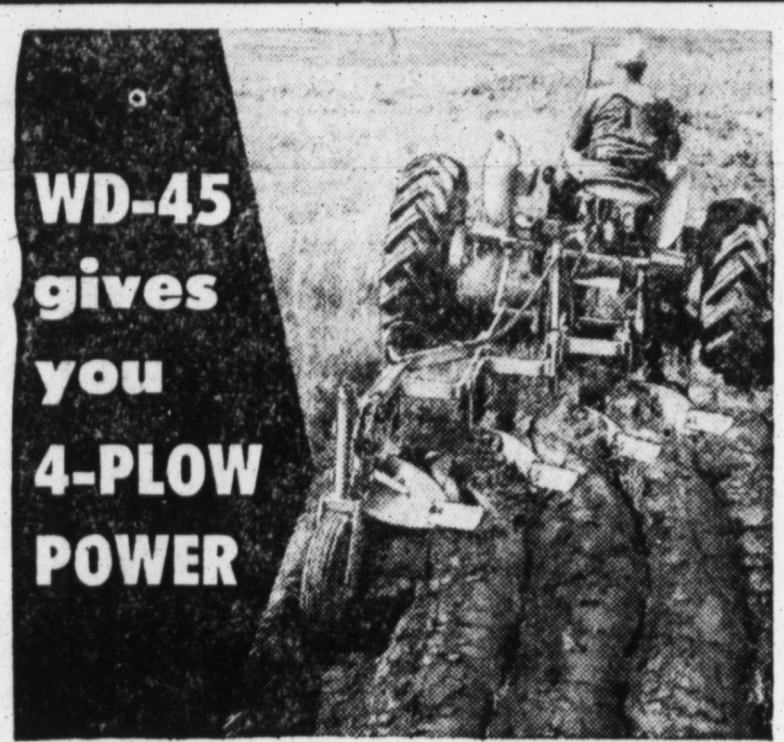

Thursday night the BHS band members and their guests enjoyed a party at the Party House, sponsored by

A. J. Geron, City Secretary, City of Brownfield, Texas

Hold Annual Easter Egg Hunt on April 19

Brownfield Lions will hold their annual countywide Easter Egg hunt at 3:30 p.m., April 19, which is Good Friday. The event will be in Terry County Park, and hunters will assemble at The Party House, said Dave Nicholson, directing this year's program. He also explained that the hunt would be in two sessions: one for children 7 years and younger, the other for children 8 years and older. Three prizes will be given in each section, winners to be the finders of certain eggs which are numbered.

Barbara Germany-Mont Muldrow, Patsy Fulton-Paul Brock, Kay Kessinger-Jerry Don Huckabee. The latest epidemic to invade B.H.S. is mumps. Among those suffering are Mary Jane Brownfield, Patti Thomas.

WD-45 gives you 4-PLOW POWER

When the Rush is on
 When work starts to pile up, you can count on 4-plow power from the Allis-Chalmers WD-45 to see you through. Pull a 4-bottom plow, 12 1/2 foot double-action disc harrow or 12-foot field cultivator.

TRACTION BOOSTER system adds weight automatically as needed to the rear wheels for extra pulling power. Lets you get over the acres and on to the next job.

SNAP-COUPLER hitch plus Power-Shift wheels cuts job change-over time. Two-clutch power control does PTO jobs faster and easier.

Miss Linda Keesee Is Married to Earl Brown

In a double ring ceremony at 8 p.m., Thursday, Miss Linda Eloise Keesee became the bride of Earl James Brown Jr., in First Baptist Church in Meadow.

The bride is the daughter of Linda Eloise Keesee, Meadow. Brown is the son of Mr. and Mrs. Earl J. Brown of 1165 East Cardwell.

Officiating was the Rev. Alton Polk, who performed the ceremony under an archway

mack. Organist was Glenda Belew.

Waltz-Length Dress
Bride's dress was of waltz-length satin covered with lace over the bodice, and with a circular net skirt. The lace jacket had long sleeves ending in points over the hands and trimmed with pearls and pleated nylon tulle. The collar was finished in matching trim.

Miss Rutledge wore a street-length dress of pink dacron, with square low neck and short sleeves. The dress was trimmed with white lace inset into the bodice, and skirt. The headpiece was topped with pink illusion net which covered the face.

After a wedding trip to New Mexico, the couple will be at

ed in Brownfield Friday with Mr. and Mrs. C. H. Brock.

Mrs. R. E. Castleberry and Mr. and Mrs. Baker were in Southland Saturday for the funeral of Mrs. J. C. Harris at the First Methodist Church. Mrs. Harris died Friday in a Slaton hospital.

Mr. and Mrs. John Thames of Lubbock were visitors at the morning services at the Baptist Church Sunday.

Mr. and Mrs. Louis Whisenand and children of Lubbock attended the revival at the Methodist Church Saturday night.

Betty Hester of Big Spring spent the weekend in the home of her parents, Mr. and Mrs. Clarence Hester, and family and attended the Methodist Church Sunday

morning.

Mr. and Mrs. Roy Gober and son, Randy, were dinner guests in the home of her mother, Mrs. Ruby Dalton, and family Sunday.

Miss Barbara Russell and Hollis Lloyd of Lubbock visited here over the weekend and attended church Sunday morning.

Everyone is invited to attend the Baptist Revival now in progress. The revival will continue through Sunday, April 14.

Mr. and Mrs. B. C. Horton visited Friday at Roundup with his sister and husband.

Dan Stone of Waco and Mr. Fowler of Deleon were visiting with relatives here during the week and attended services at the Baptist Church Sunday.

The attendance was good

at the Baptist services Sunday. The revival started, with Rev. Jack Pierce of Lorenzo doing the preaching, and Rev. L. P. Lee leading the singing. Services are at 10 a.m. and 7:45 p.m.

Mrs. Dot Castleberry spent Saturday night in the home of her daughter, Mrs. Wayne Harris, and family in Rally.

WOMEN'S NEWS

Brownfield Members Attend District Epsilon Sigma Alpha Meet At Plains

Iota Pi of Plains was hostess chapter to the District 9 meeting of Epsilon Sigma Alpha sorority at 2 p.m. Sunday in the Woman's Club room of the old courthouse in Plains. Principal speaker was Dr. Brandon Hull of Lubbock, who spoke on "Heart". New officers elected were Dorothy Lowe of Plains, president; Virginia Campbell of Lubbock, vice president; Gretta Hipp of Beta Theta chapter, Brownfield, recording secretary; Gwen Short of Plains, historian; and Mary Joe St. Romaine of Plains, corresponding secretary (appointed). Kay Billings of Beta Theta chapter in Brownfield announced that the district Spring

dance will be held May 4 at the Party House here at 8 p.m. Announcement was made that the Jonquil Dance will be held at Lubbock at Hillcrest Country Club April 26. Sudden won the attendance prize for two district meetings for a year. Beta Theta chapter of Brownfield was second and Kappa Zeta chapter of Brownfield was third. Punch and cakes, carrying out an Easter motif, were served to approximately 45 members attending.

Mr. and Mrs. Dorman Dumas visited their daughter, Royda, who is a student in the Baylor School of Nursing in Dallas over the weekend. They returned Sunday after seeing the storm-stricken area of Dallas.

Just Snooping . . .

By GEE GEE PRIVITT
NEWS Staff Reporter

Just in time for Easter and wonderful for the coming season for you "great expectant mothers" is a smart navy or black maternity frock of cotton and Cupioni blend deeply frosted with lace at the neckline, sizes 7 to 14. You'll find hats fashioned of the very same lace at the hat bar and smart gloves to make you look and feel like a million.

A new shipment of half sizes has just arrived, and these are some of the most elegant I've seen. In blue or orchid, with jackets . . . these are the most heavenly colors I've seen this Spring. Sizes 16½ to 18½, and you'd best hurry. You know these half sizes go like hot cakes.

Also hot out of the tissue at SHELTON'S are simply luscious, luscious hats that look good enough to eat . . . new Dacron dresses in solids with lace insertion (these are so cute!), tucks, etc. and checks in tailored styles that you'll just live in this summer . . . new sleep wear that almost sends you to the land o' nod to look at the smart orchid or pink striped plisse baby doll p.j.s, dress length gowns or the very new sleep coats and the yellow dotted swiss batiste baby dolls and shorty gowns with matching negligees . . . these also match perfectly with the new washable scuffs I've told you about, and they will all make wonderful graduation, bride or mother's day gifts . . .

I can't begin to tell you about the many, many darling little infants dresses and suits that are awaiting your selection at Ida Mae's. The little dresses are cloud puffs of the softest, loveliest materials imaginable, styled with puff sleeves, demure lace trimmed collars and appliqued or embroidered trim. To top them, sweet pink dotted pink dusters with matching bonnets . . . as well as darling little white eyelet and lace trimmed bonnets to wear on Easter Sunday. Also all sorts of casual clothes for the wee ones . . . dashing check diapers, dainty sprigged ones, soft pastels, to name a few . . . as well as all sorts of fun-sun suits. Go down right away and see all the latest arrivals for the diaper set, as well as for yourself, at SHELTON'S. Adv.

Mrs. Bowman Entertains

Mrs. J. T. Bowman was hostess to Pleasure bridge club in her home Tuesday evening. German chocolate cake and coffee were served to Mesdames Perry Bear, Lee Brownfield, Grady Goodpasture, George Weiss, Joe Henderson, Tom Harris, Joe Shelton, Sherwood Gill, J. L. Kemper, Jack Hamilton, J. T. Hoy, and Ed Wilder. Mrs. Hamilton was high scorer and bingoed, and Mrs. Henderson was second high.

MISS JANIE HODEL

Desk & Derrick Club Hears Oilman Speak On "Drilling An Oil Well"

The members of the Brownfield Desk & Derrick Club found the difference when George S. Wilson, Assistant Superintendent of the Magnolia Producing District, spoke to them March 25th concerning "Drilling an Oil Well". They found that a rotary table is not a lazy susan, a cat walk is not the backyard fence, and a Kelly is not necessarily an Irishman. Mr. Wilson used an opaque projector to illustrate various drilling rigs and closer, blown-up views of different parts of rigs, explaining their names and uses.

The girls found that drilling a well was old stuff to the ancient Chinese who drilled

for water, cable tool style. They found that today's deeper drilling requires expensive rotary bits, diamond tipped, and that the cost of drilling depends on the strata underground, but is always expensive. Many of these terms are used in the girls' daily work, but Mr. Wilson made their application make more sense to them.

At the conclusion of his explanation, Mr. Wilson showed a lively, colored movie made by Shell Oil Company and the George Pal Studios in Hollywood entitled "Birth of an Oil Field" where the girls watched the rigs in all their difficult operations.

A black ceramic ash tray with a small gold desk and standing derrick was presented to Mr. Wilson for his presentation.

Mr. Ronnie Parker, with Permian Mud Company, entertained the members and Mr. Mr. Wilson with a steak dinner at the Melody prior to the meeting.

Donna J. Newsom Is Sorority Chairman

Kappa Kappa Gamma, Texas Tech social sorority, has elected officers for 1957-58. Donna J. Newsom, daughter of Mr. and Mrs. J. L. Newsom and a freshman foods and nutrition major, was named assistant scholarship chairman.

Hodel-Noble Vows To Be Read Here

Mr. and Mrs. Jacob Hodel of Gatesville announce the engagement and approaching marriage of their daughter, Janie Ruth, to Don Noble, son of Mr. and Mrs. Robert L. Noble of 801 Tahoka Road. The couple will exchange double ring vows in a candle-light ceremony to be read at 6 p.m. June 22 in the local First Presbyterian Church. The Rev. Boyd Pearce, pastor of Emmanuel Baptist Church, will officiate.

Miss Hodel is teaching English in Brownfield High School for the third year. After graduating from Gatesville High School, she received degrees from Howard Payne College in Brownwood and George Peabody College for Teachers, and Vanberbilt University, both in Nashville, Tenn.

The prospective bridegroom completed his studies at Brownfield High School, has studied at Texas Technological College in Lubbock and is a graduate of the University of Texas. He is language arts teacher in Brownfield Junior high school.

MISS JANICE MARTIN

Miss Martin To Marry Mr. Good

The engagement and approaching marriage of Miss Janice Martin to Kenneth Ray Good is being announced this week by her parents, Mr. and Mrs. W. I. Martin of Denver City.

The wedding date has been set for June 4 at the First Baptist Church in Denver City. Miss Martin, a graduate of Denver City High School, is employed with the Yoakum County State Bank.

Mr. Good, the son of Mr. and Mrs. H. R. Good of 1312 North A, graduated from Denver City High School in 1955 and is now attending Texas Tech, where he is majoring in industrial business.

Mrs. Ralph Spain Hostess to Club

The North West Home Demonstration Club met in the home of Mrs. Ralph Spain Monday, April 8 at 2 p.m. for a business session, with Mrs. Roy Howell presiding.

Devoational was given by Mrs. Wayne Cadenhead, and Mrs. Lee Holden led the recreation. A report on the TH-DA district meet held in Levelland was given by Mrs. Cadenhead, stressing the many beneficial points that Judge Bob Robbins of Hockley county gave in his speech on "Adult Responsibility for Juvenile Delinquency".

The club voted to be represented at the Terry County Cotton Carnival to be held May 17-18.

A round table discussion on favorite foods for buffet meal service was led by Mrs. Howell.

Coffee and cake were served to Mesdames Holden, Cadenhead, Spain, Raymond Vardeman, Gilbert Bell, A. J. Bell, and a new member, Mrs. Bryan Spain.

The next meeting will be April 23 at 2 p.m. with Mrs. Curtis Richey, when Miss Shirley Holbrooks, county agent, will meet with the group.

Mrs. Dale George Hostess To ESA

Mrs. Dale George was hostess when Beta Theta chapter of Epsilon Sigma Alpha met in her home at 803 East Lons April 4.

"Graciousness" was the theme of a talk given by Mrs. Alfred Gore, taken from the book "Self Expression." A round table discussion followed.

Announcements were made that seven members attended the district meeting at Plains, when Mrs. Gore was elected recording secretary and Mrs. Pat Hipp was elected treasurer.

Lime punch and cookies were served to Mesdames Hipp, Gerald Kehoe, Steele Bayless, Buck Howell, Gore, Jimmy Billings, Billy Coats, Gerald Hopkins, J. C. Jennings, George and Miss Gladys Swain.

Message of Church Is W.S.C.S. Study

The W. S. C. S. of the First Methodist Church met April 9 at 9:30 a.m. at the church for the fourth lesson in their new study of "Paul's Letters to Local Churches". Mrs. G. S. Webber is leader of the study.

Mrs. W. B. Downing opened the meeting with a prayer, followed by the devotional by Mrs. J. H. Griffith. The lesson, "The Message of the Church" was presented by Mrs. J. C. Criswell. Scripture readings from Romans were by Mesdames A. W. Early, J. B. Worsham and Jess Smith. Mrs. Ray Elmore was a guest.

IN THE PICTURES — First depositor in Plains State Bank at Plains, formally opened last Saturday, was John E. Fitzgerald, Yoakum County rancher since 1902. From 9 a.m. until 7:30 p.m., a total of \$1,058,129.75 was deposited in the new bank, first for Plains since 1924. The institution is located in temporary quarters immediately south of Plains High School. Granted a charter March 7 by the State Banking Board, the firm was organized with a capital stock of \$75,000 and surplus and reserve of \$75,000. Pictures above were taken during the open house, attended by more than 1,000 persons. From left in lower panel: Cashier Dave Levens talks with Vance Glover, former Brownfield resident who now owns a dry cleaning firm in Plains. From left in lower middle panel: R. B. Jones of Plains, one of the bank's directors; W. B. (Red) Tudor of Brownfield, a director who also is president of First National Bank here; Ray Brownfield, prominent Terry County rancher who lives in Brownfield, and Will Ed Harris, of Carrizozo, N.M., who helped Brownfield's father organize Terry County in 1904. From left in upper middle panel: Leo Holmes, executive vice-president of Brownfield State Bank & Trust Company; D. P. Moorhead, vice-president of Yoakum County State Bank at Denver City, and A. B. Carpenter of Plains, bank director. From left in upper right panel: Frank Gorton of Brownfield, teller at First National Bank, enters deposit of Rogers Curry, former Brownfield resident and now mayor of Plains. From left in extreme upper middle panel: Mrs. David Levens takes deposit of Mrs. Francis H. Smith of Plains. From left in extreme upper left panel: Tudor; Miss Annie Armstrong, prominent Yoakum County ranch woman, and J. O. Gillham, president of Brownfield State Bank & Trust Company. B. E. Loyd, former vice-president and cashier of Citizens National Bank at Roby, is president of the new bank at Plains. (Staff Photos)

Easter music will be presented by the choir of First Methodist Church Palm Sunday evening, April 14th, at 7:30 o'clock as they sing the cantata, "The Crown of Life".
 Members of the Cantata Choir are Mrs. John Badgwell, Perry Bear, Mary Jane Brownfield, Mrs. Leonard Chesshir, Joe Collum, Doug Cox, Mrs. M. J. Craig, Jr., Mrs. Carmen Davis, Mr. and Mrs. Foy Dickinson, Patricia Dillon, Don Fredegrick, Mrs. Harvey Gage, Myrl Gary, Mr. and Mrs. Bill Gorby, Mrs. Ray Hardin, B. F. Hutson, Jr., Charles Keese, Claude Lee, Mrs. John Luckie, Walter Meyer, Mrs. U. L. McPherson Mr. and Mrs. Clifford Niles, Mrs. Kenneth Plotner, Mrs. Mel Pope, Mary Kate Ramsey, Mrs. James Thurman, Mrs. James Tidwell, A. V. Wall and Wanda Williams.
 Solos and special parts will be done by Joe Collum, Mr. and Mrs. Foy Dickinson, Myrl Gary, Mrs. Ray Hardin, B. F. Hutson, Jr., Mrs. John Luckie and A. V. Wall.
 The cantata is under the

direction of Mrs. Newell Reed and Newell Reed is organist. The choir and Reverend Tidwell, minister of First Methodist, extend an invitation to the public to attend.
 The choir will also present special Easter music during Holy Week services, and will participate in the Good Friday Community Service at First Methodist.

Attended Region Meeting of Clubs

Maxine McMillan (Kobe, Inc.) and Mary James (Magnolia Petroleum Co.) were the Brownfield delegates to the Region V meeting of the Association of Desk & Derrick Clubs of North America in Wichita Falls April 6 and 7. Region V includes West Texas and New Mexico. The two-day meet was held in the Kemp Hotel and presided over by

Kathryn Nabors (Abilene), Regional Director. Panel discussions and question-and-answer sessions included such club topics as program, membership, finance, club bulletins, etc.
 Irma Cline, national President of the Association, and a past president of the hostess Wichita Falls Club, detailed the recent Association Board meeting in Dallas for the Club delegates and highlighted some of the plans for the National Convention to be held in Chicago next August.

Turner HD Club Has Flower Study

Turner Home Demonstration Club met Wednesday, April 3, with Mrs. Allen Rollins as hostess.
 Roll call was answered by 19 members with "Something I Like outdoors about Spring". Mrs. Rollins gave the council report, and Mrs. Barfield Forehand gave a report on the district meeting at Levelland.

Mrs. Ray Jones gave a demonstration on flower arranging.
 The next meeting will be April 17 at 2 p.m. in the club room. The program will be "Safety in the Home" and will be given by Mrs. B. J. Smith of Denver City.

A Family That Prays Together, Stays Together

FIRST STEP

Baby's first step is always an exciting occasion. Fathers often argue about whose child walked earliest because the first step is a landmark of growth. There are other first steps that must be made in life, sooner or later, if one is truly to grow to maturity. The spiritual step is one of them. Sometimes the first step spiritually is made very late in life — when this happens to a person he is always sad about the years that have been wasted without knowing God, but thanks be to Him, it is never too late to be accepted by Him. If your first step is still to come, make it now — Go to Church this very week.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church in everyone!

Brownfield PTA's Stage Successful District 14 Conference Here

329 Persons Sign Register From 29 Area Towns; Local Units Show Well in Awards

IN THE PICTURES — Here are some of the persons who took part in the 29th annual conference of District 14, Texas Congress of Parents and Teachers, held Tuesday and Wednesday in Brownfield High School's new auditorium. From left in upper left panel: Mrs. J. M. Harper of Lubbock, district president; Mrs. P. R. Cates of Brownfield, district vice-president; Mrs. W. D. de-Grassi of Amarillo, state president; Charles Mathews of Plainview, state legislative chairman; Mrs. Tom Karrh of Plainview, aide to the president, and Mrs. W. O. Lockwood of Lorenzo, district vice-president. From left in middle left panel: Charlotte Hurd talks with O. W. Marcom, superintendent of Levelland schools. Miss Hurd is the daughter of Mr. and Mrs. Howard Hurd of 1008 East Tate, and was one of 15 pages furnished by Girl Scout Troop 5. From left lower left panel: Mrs. de-Grassi; Mrs. H. G. Stinnett of San Antonio, national vice-president; Mrs. E. M. Pittman of Anson, state parliamentarian, and Mrs. W. S. Pickett of Karnes City, state vice-president. From left in upper right panel: Jerry Kirk, superintendent of schools at Muleshoe; Mrs. E. E. Simpson of Levelland, area vice-president; M. E. Wheeler of Levelland, superintendent of elementary schools, and Ralph Schilling, superintendent of schools at Littlefield, site of next year's conference. From left in middle right panel: Mrs. Glenn Gatewood of Sudan; Mrs. Doyle Tapley of Amherst and Mrs. Jack Robinson of Ralls. Behind them sit Mmes. J. O. Bass Jr., left, and Louis Cummings of Plainview. In lower right panel: Fred Smith directs the BHS band, which entertained at first general session. Here are

other items concerning the event: A total of 329 persons were registered from 29 cities in 13 counties, 40 of the registrants being presidents of local units. Board members numbered 2 national, 4 state, 6 district, 19 chairmen, 4 city council presidents and 1 county council president. Four life memberships were recognized at the Tuesday night banquet: Miss Hazel Crouch, Miss Creola Moore, Mrs. Norene Hudspeth and Kenneth Browning, all Brownfield school teachers. The following Brownfield units were recognized in the following manner: Frances Bell PTA won a blue ribbon (superior) for its publicity book; Colonial Heights, Jessie G. Randall, Bell and Junior High PTA's won blue ribbons for their history books; Junior High and Randal rated superior for their year books; Bell, excellent; and Colonial Heights, good. Jessie G. and Colonial Heights were recognized for having offered the most hours (360 and 588) in education for family living. Dr. Tim Faulkenberry, speaking as president of the Brownfield PTA City Council, expressed appreciation for services given the conference by the following: Chamber of Commerce, Lions, Rotarians, Jaycees and Kiwanians. Here are towns within the district which were represented: Shallowater, Lakeview, Plainview, Levelland, Littlefield, Karnes City, Anson, Muleshoe, Anton, Abernathy, Lorenzo, Lubbock, Ralls, Sudan, Amherst, San Antonio, Olton, Spade, Post, Seagraves, Wellman, Petersburg, Floydada, Lockney, Tahoka, New Home, Cone, Wolforth and Whitharral. Counties comprising District 14 are Bailey, Cochran, Crosby, Floyd, Garza, Hale, Hockley, Lamb, Lynn, Lubbock, Terry, Yoakum and a portion of Gaines.

Austin Newsletter

By R. L. BOWERS JR.
State Representative
9th District

This week began with the passage of H. B. 3—a Code of Conduct for officers and employees of state agencies, legislators—and legislative employees—and H. B. 10—the Lobbyist Registration Act. Both of these bills are a step in the right direction toward cleaning our own House.

Also passed Monday was H. B. 527 which provides for the issuance of \$100 million additional bonds for extension of the Veterans Land Program. These bills have now been sent to the Senate.

The house also passed S. B. 22 and S. B. 94 this week. S. B. 32 regulates the handling and sale of chicken eggs. This bill will include Texas among the majority of states in the nation who require a uniform egg grading system. Prior to passage of this bill there was no egg grading system or regulation in Texas, and many states were "dumping" inferior eggs upon the Texas market. Now this practice will be curtailed, and Texans will be restored their fair competitive market.

Brothers Home On Leaves This Week

Both Dennis and Bobby Chaffee, Ark., April 19. His wife, the former Barbara Hodges, lives at 201 South Second street.

Bobby received his basic training at the U. S. Naval Training Center at San Diego, Calif. He will report to Norfolk, Va., on April 22.

Dennis, a 1952 graduate of Brownfield High School, received his basic training at Fort Bliss. He will report to Camp

Hobbies Is Study Topic For Club

Mrs. M. J. Craig, Jr. was hostess when Alpha Omega Study Club met at 4 p.m. Tuesday at Seleta Jane Brownfield Clubhouse.

"Hobbies are Fun" was the topic of study for the day, directed by Mrs. Jake Gore. Mrs. C. R. Lackey discussed Antiques, Mrs. M. R. Paddock spoke on Creative Hobbies, and Mrs. A. J. Geron's subject was Collections.

Lilacs decorated the club house. Appie pie and coffee were served to Mesdames Ben Christopher, Perry Bear, William Cope, Craig, Geron, Grady Goodpastures, Gore, Jack Hamilton, Tommy Hicks, Earl Jones, Lackey, Fred Smith, Curtis Sterling, E. Y. Wilder and Paddock.

During the business meeting, Mrs. Hicks and Mrs. Arlie Lowrimore were named club delegates to the state Texas Women's Federatead Clus convention to be held in Waco May 1.

Mrs. Stice Hostess To Las Amigas Club

Mrs. Orb Stice was hostess to Las Amigas bridge club April 3.

Dessert and coffee were served to Mesdames Joe Christin, Frank Ballard, Wilson Collins, Troy Noel, Burton Hackney, Tom Harris, Walter Hord, Clovis Kendrick, Al Muldrow, Lal Copeland, Coy Barnett and Kenneth Watkins.

Mrs. Collins scored high and Mrs. Christian was second high. Mrs. Noel and Mrs. Hackney binged.

Mrs. Ballard Hostess To Gala Bridge Club

Gala bridge club met with Mrs. Eddie Ballard Tuesday Tuesday night.

Banana nut cake with ice cream, coffee and punch were served to Mesdames Walter Hord, Ted Hardy, Orb Stice, Herb Chesshir, Burton Hackney, Frank Ballard, R. N. Lowe, J. O. Rodgers, Harlan Glenn, Mike Barrett, Harry Cornelius and Coy Barnett.

Mrs. Hardy was high player, and Mrs. Hord was second high. Mrs. Cornelius and Mrs. Chesshir binged, and Mrs. Rodgers received the travelling prize.

Mrs. Tommy Willis Complimented With Personal, Miscellaneous Showers

Mrs. Tommy Willis, the former Miss Sharon Kay Lindsey, was honored with a miscellaneous bridal shower in the home of Mrs. Waymon Todd March 28 from 4 to 6 p.m.

Hostess with Mrs. Todd were Mrs. Merlin Hobbs, Mrs. Edd Morton, Ada Altum and Betty Cole.

Mrs. Todd received guests and presented them to the honoree and her mother, Mrs. Bill Lindsey.

The honoree's chosen colors of blue and white were used in decorations. The serving table was laid with a lace cloth over blue linen, with streamers running the full length of the table proclaiming "Tommy and Sharon." Wedding bells and bows were used elsewhere in the house for decoration. Coffee, punch and decorated cake squares were served.

Mrs. Morton registered approximately 35 guests who called.

A personal shower complimented Mrs. Willis on March 22 in the home of Mrs. James L. Riley at 506 W. Cardwell. Hostesses with Mrs. Riley were Ada Altum and Darlene Mathis.

The serving table was laid with a blue cloth. Individual decorated cake squares and punch were served. The punch bowl was given to the honoree as a gift.

Mrs. Jean Nutt registered guests.

Mrs. Nicholson New PTA Leader

Mrs. David Nicholson was elected president of the Junior High PTA at a meeting held last week. She will succeed Mrs. John Jennings.

Other officers named were Mrs. Herb Chesshir, first vice president; Mrs. Eddie Hill, second vice president; Mrs. E. E. Preston, secretary; and Mrs. J. R. Blackburn, treasurer.

The new officers will be installed May 16.

Down Wellman Way

Martha Goza
Margaret Ingram

Hello everyone!
The main topic of the week is the Junior-Senior Banquet which will be Friday, April 12. It is going to be in the Top of the Plains Restaurant at Lubbock, Texas.
The girls who played basketball have started playing softball. These girls are entered in a softball tournament sometime next week.
The sophomore play was presented Tuesday afternoon at 2:30 in the high school auditorium.
Mrs. Akers and Mr. Ancell will take the representatives

of Wellman High School who won at the District Interscholastic League Meet to the Regional Meet which will be Saturday at Texas Tech. Peggy Burnett will enter poetry reading; Pat Runnels will enter senior girls' declamation; Jerry Carmichael will enter slide rule, number sense, and extemporaneous speech.
Toostie and Buddy Hawkins are glad to have their mother home again. She is recuperating from a major operation.
Mr. Alton Loe, one of the trustees of Wellman district,

"Defense Against Communism" Topic Of Delphian Study Club Program

"Defense Against Communism" was the program topic when Delphian Study Club met at Seleta Jane Brownfield clubhouse April 3. Hostesses were Mrs. George Steele and Mrs. E. C. Pool. Mrs. Virgil Bynum was program chairman, and introduced Mrs. W. P. Norris, who spoke on the program topic.
Mrs. Weldon Callaway, conducted the business meeting. The group voted to give a \$5 prize to the student in Phyl-

has returned home after surgery in the Methodist Hospital at Lubbock.
Mr. H. E. Stevens, principal of Wellman Grade School is attending a meeting of Texas principals this week in Austin.
The junior high boys and girls received their jackets that they got for participating in junior high sports.
Jenelle Hulse is district winner of the Good Citizen Award. This award is sponsored by the Daughters of the American Revolution.
The sophomore class lost two students last week. James Duncan moved to California and Evelyn Branch moved back to Megargel, Texas.
The freshmen class project of selling a "Birthday calendar" is now in progress. The freshmen class will carry this project out through their four years in high school. They will be glad for you to buy of these calendars.
A fire drill was held Monday. The students were led outside of the building by the teachers. Everyone waited outside the building until a "safety" bell was rung.
The Athletic Banquet will be held Friday night, May 3 in the lunch room.
The seniors only have five more weeks of school. We congratulate you seniors, but we do envy you. Oh well! Our day will come.
The thought for the week is "Think, before you louse something up."

lis G. Wheatley school who collects the most tags from people who take advantage of the TB-Ray mobile unit which will be here April 19, 23-24. A new member, Mrs. Buck Howell, was also voted into membership in the club.
The table was laid with a pastel pink cloth and featured an Easter centerpiece. Raspberry sherbet punch and cookies were served to Mesdames Bynum, Callaway, Tim Faulkenberry, Crede Gore, Al Hallbauer, Norris, Pool, K. B. Sadleir, K. D. Senedeker, Steele, and John Hansard, and Mrs. Weldon Thomas, a guest.
The next meeting will be April 17, with Mrs. Sadleir as program chairman.

Band Boosters Club Has Meeting Monday
The High School Band Boosters club met Monday night at the high school band hall, with Mrs. Grady Goodpasture presiding.
The nominating committee gave its recommendations and the following officers were named: Mrs. Goodpasture, president; Lee Brownfield, vice president; Mrs. David Nicholson, secretary.
Following instructions concerning the regional band contest to be held here April 26-27, the Rev. Ralph O'Dell of First Presbyterian Church, spoke on the subject "Potato Salad".
Cake and coffee were served to approximately 25 members by Mr. and Mrs. Lee Brownfield and Mrs. R. J. Clements.
After visiting for the past month in the Philip Bradfield home, Mrs. Bertha Rose, Mrs. Bradfield's mother, has returned to her home in North Hollywood, California. Besides visiting in several of the area towns her trip here was climaxed at the Saturday evening performance of Ice Capades in Lubbock.

Tour Of Newspaper Made By Brownies

Brownie Troop 3 made a tour through the Brownfield NEWS office and plant Monday. They were accompanied by their leaders, Mrs. McWherter and Mrs. Howard Hurt.
Members on the trip included Karen Jones, Connie Jo Key, Linda Campbell, Sherril Kirschner, Dianne McPherson, Anita Louise Williams, Terri Lynn Henderson, Glenda Fay King, Barbara Bigard, Jaclyn Ann Tidwell, Kathryn Ann

Austin—

privileges.
S. B. 94 was passed by the House, and will allow representatives of the press to attend precinct, county and state conventions and report the same. These Senate bills become law when signed by the Governor.
The special "Cox" investigation committee turned over to the district attorney certain evidence uncovered by their committee. The full import of this will not be public until the Travis County grand jury has acted. It has been presumed that some of the material may make quite a large disclosure when made public.
Also turned over to the district attorney were the findings of the House special I. C. T. investigating committee, and indictments are possible in this connection.
The general appropriations bill, H. B. 133, was greatly amended in the Senate, and the amendments were not acceptable to the House. Committees from both the House and the Senate are trying to "iron out" the differences at the present time.
After a very busy week, which saw the passage of 21 general bills, and 51 local bills, the House adjourned Friday afternoon for the weekend.

Here's what makes it a new kind of Ford

The frame is wider . . . wheels are lower
(Lets you ride sweet and low)
Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the way front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quieter-going "Inner Ford."

The power is bigger
(Most power in Ford's 25 years of V-8 leadership)
And what a V-8 engine! You can have the kind of Thunderbird power that smashed records at Daytona . . . set a new stock car mark at Indianapolis . . . traveled 50,000 miles in just 20 days at Bonneville, Utah!

The comfort is greater
(You've never had it so plush)
You sit in the lap of luxury. There's head room, hip room, leg room galore. And wait till you get a load of those new upholsterys and color schemes!

The body is "beefier"
(Up to 9 inches longer, 4 inches lower, with full head room, full road clearance)
From top to floor, front to rear, this body is built like a "battlehip." You ride surrounded by new strength.

...and best of all it's the lowest priced* of the low-price three!

Challis News

By MAE HENDERSON
NEWS Correspondent

Mr. and Mrs. C. S. Carroll and family visited her sister and family, Mr. and Mrs. J. C. Armstrong, in Ropes Sunday.

Mrs. Lee Hogg has returned to her home in Lamesa after spending a few days with her daughter and family, Mr. and Mrs. Wayne Bagwell.

Mr. and Mrs. W. J. Hend-

erson visited their son and family, Mr. and Mrs. J. T. Henderson in Albany Thursday and Friday.

Mr. and Mrs. L. R. Bagwell and Janice visited her sister in law in Levelland, who is in a hospital there.

Rev. and Mrs. Oscar Kinsey were visitors in the E. N. Corley home Sunday.

Mrs. L. P. Price is on the sick list this week.

Mrs. John Garner visited Mrs. C. S. Carroll Monday.

Mrs. Joe Doak was hostess Tuesday to the Meadow-Challis Home Demonstration Club in the home of Mrs. W. J. Moss.

Mrs. Sam Gossett, president, conducted the business meeting. Mrs. L. P. Price gave the devotional.

Roll call was answered with each member naming her favorite accessory. The program, Tips on Choosing Accessories,

was led by the program chairman and members gave a style show.

Mrs. Loyal Henson was in charge of the recreation period.

Reinstallments were served to Mmes. Hicks, L. P. Price, Ira Cason, Cecil Farrar, W. J. Henderson, T. C. Pettigrew, Joe Henson, Earl McCutcheon and Loyal Henson.

The next club meeting will be April 16, with Mrs. McCutcheon as hostess in the home of Mrs. Price.

JENELE HULSE

Wellman HS Senior Wins DAR Honors in Statewide Event

Jenelle Hulse, Wellman High School senior, is district winner in the annual Good Citizens Contest, sponsored by Texas Society of Daughters of the American Revolution.

Miss Hulse was judged on her dependability, leadership, service and patriotism. A certificate of award and a good citizen pin will be presented to her at the school on Award Day.

Eldridge Ancell, principal, explained this morning that Miss Hulse is Student Council president, FHA president, pep squad president, editor of the Wildcat annual,

GEE GEE'S Chit Chat!

This Sunday evening, as soon as local church services are over, members of the Brownfield Scottish Rite club will present a tableau, in full costume, depicting the Last Supper. Entitled "The Maundy Thursday Tableau," the pageant is free to everyone, and the members hope that it will be well enough received that they can make an annual production of it. The tableau is under the direction of Jim Miller and Cecil Smith, who is also president of the club. The time, approximately 9 p.m. Sunday at the high school auditorium, no admission charge.

interior of the post office looks very sharp, too.

Next week will probably be a very busy one for all us local yokels. The Jaycee Stock Show is slated for next Thursday, April 18 and this is an affair I always enjoy, dusty though it usually is. Encouraging our youngsters to learn all the phases of raising stock including profits and loss is something of value that you simply can't get around. Be sure to make this.

Something else of great value that you want to take in is the free mobil tuberculosis X-Ray event scheduled for Brownfield April 19, 23 and 24. Unless you've really thought this thing out, you can't realize how valuable the chest x-ray can be, because it not only detects tuberculosis, but many other unsuspected diseases. Every

single citizen should take advantage of the free chest x-ray not only this year but every year.

Easter is just around the corner and if you haven't done your shopping yet, be sure to get it done early next week. Your local merchants have outdone themselves this year in providing attractive, quality wear, so when you Easter shop be sure it's in Brownfield.

FARM NEWS

SECTION THREE

Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution
Vol. 21 Brownfield News-Herald, Thursday, April 11, 1957 No. 15

MEANS MORE INCOME FOR FARMER

Budget Analysis To Uncover the Small Leaks of Quarter, Dollar Size Is Urged

Modern farming is an expensive business requiring a high maintenance outlay as well as a large initial investment, says C. H. Bates, extension farm management specialist.

A careful "budget analysis" to uncover small leaks of the quarter and dollar size will pay sizable dividends over a year's time. Check your operations today, he advises, it may mean increased net income and better family living.

Since prices of many farm products are now depressed, Bates urges farmers to use every practical means to reduce costs. Raising products of higher market value at or near the same cost is a good start, says the specialist.

Cutting costs of specific jobs and doing more at the same cost are also effective weapons against the "price-cost squeezes."

Bates encourages farm-

ers to use individual thought in applying such general practices on their farms, but says that many applications are standard. For instance, a soil test tells a farmer the basic nutrients needed on his land, enabling him to spend his fertilizer dollar more efficiently.

The specialist lists several handy, money-saving hints which may be applied to most Texas farms. Consider odd-size seed corn kernels, he advises, and plant with suitable plates since they usually cost less per acre planted and yield as well as others.

Lower fertilizer rates over many crops acres usually give greater total returns than higher rates on fewer acres, he adds.

Other "universal" tips include: combined field operations such as pulling harrows behind discs to reduce time and power costs; rubber flaps

DECLINE IN INFECTED COLONIES

Texas Apiary Inspection Report Given

A number of factors influence the percentage of American foulbrood among Texas bee colonies, says State Entomologist C. J. Burgin.

Some of the most important are the extent of migratory beekeeping, number of new beekeepers unfamiliar with the disease, weather conditions, in-

on press wheels to aid in quick seed germination; feed buying at bulk or volume prices; better tractor fuel utilization by using long row patterns to reduce end travel and;

Taking advantage of price breaks by having machinery overhauls done during servicemen's slack season; and practicing "tax-wise" farming by using all legal means to reduce taxes.

spection policies, and proper use of preventative drugs.

Burgin reports a decline in infected colonies from 74 per cent for 1954-55 to 39 per cent in 1955-56. This reduction was due in part to several dry seasons which brought about a reduction in the number of "slipshod-managed" colonies.

Many colonies died of starvation because of the lack of sufficient nectar secretion, and combs were destroyed by the wax moth larvae. This insect also consumes combs in honeybee colonies which die of disease, thus reducing the spread of American foulbrood.

Knowledge of official inspection policies has caused experienced beekeepers to examine their colonies closely and era-

Texas Safety Group Names New Officers And Gives Awards

Recognition certificates were presented to groups and individuals for their outstanding contributions to farm and home safety during 1956 by the Texas Farm and Ranch Safety Council as a part of their annual meeting held in Houston last week.

Group awards went to the McMahan Progress Club of Caldwell county; the Walnut Hill Progress Club, Jasper county; the Black Neighborhood Club, Farmer county; and the Cibolo Grange of Guadalupe county.

Through their organized community efforts, each of these groups conducted outstanding farm and home safety programs last year.

The individuals cited for outstanding service included Paul Walsler, Soil Conservation Service, Temple; Katharine Randall, home editor, Farmer Stockman, Dallas; Marvin Simms, county agent, Castro county and H. M. Nichols, associate county agent, Carson County.

The new officers elected included C. G. Scruggs, associate editor, Progressive Farmer, Dallas, president; Harold Freeman, agricultural representative, Humble Oil and Refining Company, Houston, vice-president;

Mrs. R. C. Wood, president, Texas Home Demonstration Council, Port Lavaca, vice-

REGIONAL WINNER — Mrs. Maurice Forsyth, wife of a Furr employee, is the regional winner in the annual "Checker of the Year," sponsored by Super Market Institute of America. She is pictured above with her husband as they left Hobbs airport last Thursday for Cleveland, Ohio, where she'll compete for a national title. Mrs. Forsyth has been a Furr employee since November 1954.

president and Dr. W. E. Ulich, agricultural engineer, Texas Agricultural Extension Service, secretary. Various committee chairmen will be named by a later date, said Scruggs.

Mrs. Agnes Beaton, Automotive Safety Foundation, Washington, D.C., told the group at-

ending the meeting that the survey had barely been scratched so far as traffic accident prevention work was concerned. By 1966, she said, the experts are now estimating that some 53,000 deaths will be caused by traffic accidents. Engineer-

Don't Forget...

Plan Now To Attend

The Terry County Junior Livestock Show Thursday.... April 18

At The Rodeo Arena!

We Are Proud Of Having Participated In The Prize Money For This Show Every Year Since Its Beginning

TO THE CITIZENS OF TERRY COUNTY...

Each year the boys all over this County go to a lot of trouble and expense to show their animals in this show. You may not know it, but it means a lot to these boys to have you visit on this day to view their animals which represents many hours of labor!

TO THE PARENTS...

If you ever doubt the value of having your boys participate in 4-H and FFA Club work, we invite you to talk with adults now who were once in these organizations. We SALUTE YOU... for your part in making this show successful.

TO THE JAYCEES...

We want to give credit to a fine young organization of men who have successfully sponsored this show for a number of years.

TO THE 4-H AND FFA BOYS...

We believe in giving credit where the credit is most due and that is to you boys who have successfully completed your animal feeding projects.

CONGRATULATIONS FOR A JOB WELL DONE AND GOOD LUCK TO EACH OF YOU IN THE YEARS TO COME!

Plains Liquefied Gas

Welcome To The
Terry County Junior Livestock Show
Thursday - April 18.

Congratulations:

- Terry County FFA Boys
- Terry County 4-H Club Boys
- Brownfield Jaycees
- Parents of These Boys
- County Agents - Jim Foy & Bob Etheredge
- FFA Teachers

Each of you are to be commended for doing such an outstanding job in making our show one of the most successful in this entire area.

WE ARE HAPPY INDEED... To have had a part in the prize money each year since we moved to Brownfield. We are also glad many of you boys bought your feed through our store.

WE ALSO WANT TO EMPHASIZE THE IMPORTANCE OF THE GENERAL PUBLIC TAKING TIME TO VISIT THE LIVESTOCK SHOW

WESTERN GRAIN AND FARM STORE

ONE PUZZLING QUESTION UNANSWERED

What Happens When We Drink?

Years of study, experimentation and applied research at Yale University's famous Center of Alcohol Studies have revealed almost everything anybody would want to know about plain and fancy drinking. Almost everything... for there is still no physiological explanation of why one drinker becomes an alcoholic and fourteen others do not.

According to Dr. Leon A. Greenberg, who now heads up this research, the stark fact that 4.7 million of the 70 million US drinkers become alcoholics, "appears, mainly to be a personality problem. The evidence today is that the problem isn't only alcohol — it's people."

But many of the facts that Dr. Greenberg and his staff have established are reported by Herbert Yahraes in the April Reader's Digest, and should be of interest, even to those who have done some research of their own.

If you are a large person, Yale studies show, you will feel less effect than a smaller person, since you have more blood and other body fluids to dilute the alcohol.

If you add water to your whiskey the alcohol gets into your blood stream just as fast. If you add soda-water, it will get there even faster, because carbonation speeds passage through the stomach — which explains why champagne goes to your head so quickly.

A little alcohol — the amount found in two or three cans of beer — calms the nerves and eases tensions. A can of beer contains about the same amount of alcohol as an ounce of whiskey, but beer and wine contains solid materials such as protein and carbohydrate which slow up the rate at which alcohol gets into the blood.

If you take an hour and a half to drink half a highball or three-quarters of a can of beer, the alcohol will be oxidized by your liver as rapidly as it is absorbed and you will not feel it.

What about the permanent effects of drinking? "In the moderate drinker we haven't found any," reports Dr. Greenberg. "Alcoholics — people who can't stop after a few drinks — are another matter. They often suffer severely from nutritional deficiencies. Most of them have a disturbed liver, too, and one in ten has delirium tremens or some alcoholic mental disease."

Interesting and enlightening — but here's the hint for longevity: "A multitude of tests show that after two or three cocktails or highballs we react a trifle more slowly to the flash of a light or the ring of a bell... However, since our center of judgment is depressed, we think we can do everything better. The chief danger in driving after a few drinks probably lies in the fact that our confidence zooms — and we take chances."

As Dr. Greenberg said, "... the problem isn't only alcohol — it's people." And all too often, it's people in cars!

Brownfield News Editorials

This Week in Austin

By PRESTON SMITH
State Senator

The ever-present "pressure groups" of almost every legislature are not missing from the 55th.

In fact, recent years have seen new methods developed by these groups in their attempts to encourage action on bills favorable to their own purposes.

One of the current pressure groups working on the House and Senate is the representation of the municipal policemen and firemen. This group has presented a strong front by entering the legislative halls in goodly numbers, persistently plugging for the flood of wage, longevity and hour bills introduced in both the House and Senate.

Opposing these efforts on the part of the policemen and firemen is the League of Texas Municipalities. The municipalities claim that favorable response by the legislature to the pressure group on wage and hour bills would place the law-maker in the position of dictating to home rule cities, at the expense of municipal workers other than those who would benefit under the bills.

Harold R. Downs, president of the League of Texas Municipalities, has charged that legislative sponsors of the firemen and policemen bills "are setting themselves up as superduper city councilmen at a five million dollar annual expense to the

Prefers to Do His Own Worrying

THE AMERICAN WAY

NATIONAL SUNDAY SCHOOL WEEK

By George Peck
PAN-AMERICAN FRIENDSHIP
By George Peck

Repeatedly in this column, it has been pointed out that the best way for America to make friends of, and influence the peoples of other nations is to let the business men of this nation do the job. The billions of dollars that Uncle Sam has strewn around the world in such lavish manner have failed to buy him any friends.

And so, during Pan-American Week, April 8-14, let us take time out to be thankful that our relations with other countries in the Western Hemisphere, for the most part, are growing increasingly strong and healthy. Today we enjoy tremendous benefits stemming from these mutual friendships such as collective military security, active trade programs and the availability of vital natural resources to supplement our own.

To U. S. businessmen must go most of the credit for helping to build and maintain

friendly ties with the Latin Americans. Operating in South America, at their own risk, they have demonstrated an effective recipe for making friends abroad through taking to them and putting to work free enterprise, how-how and capital investment.

The National Planning Assoc. See AMERICAN, Page 3

of Port Arthur (same as HB 36 by Representative Charles E. Hughes of Sherman) minimum wages for firemen and policemen, \$409.374.

SB 103, by Senator A. M. Aikin of Paris (same as HB 66 by Representatives Don Kennard and Warren C. Cowen of Fort Worth) maximum hours for firemen, \$2,285,832.

American—

ation has conducted a series of studies on American business performance abroad. One of these "case histories" concerns the Creole Petroleum Corporation, a U. S. company operating in Venezuela. The story of Creole is an eyeopener, and significant to us not only as a

lesson in excellent business diplomacy, but also in terms of how U. S. enterprise can work hand-in-hand with the people of another nation to build a prosperous and dynamic modern civilization, without free grants or so-called "give-aways."

The formula for Creole's successful performances in Venezuela is based on the company's philosophy that in helping the nation develop its natural resources (in this case oil) it must act as an invited guest, with the same consideration and dignity that one would use when invited for dinner at the home of a friend or acquaintance.

This is not all. Economically, Creole helped establish a "partnership" theory that has enhanced our operations abroad immeasurably. Under

this system, Creole worked out an equal—50-50—arrangement with the Venezuelan people whereby they would receive each year an amount at least equal to half of the company's net profits. Last year, Creole paid Venezuela \$334 million — an amazing figure under any standard. Most of this money is channeled back by the government into the Venezuelan economy in terms of new highways, education, housing projects and other public works. This in turn puts the money to use, through wages, providing tremendous sums of purchasing power. That is why the Venezuelans bought from the United States, in hard cash, more than one million dollars worth of goods and services last year. In fact, Venezuela is our best customer in South American and our second best

on a per capita basis in the world. And so, U. S. business, when operating in a statesmanlike manner, can turn our capital investments and our free enterprise approach into productive use both for the foreign nation as well as for our own country. Of course, Creole does more — much more — than this. According to the NPA report, the company has built and run schools, hospitals and other similar facilities. It has cooperated with the Venezuelan people on a number of projects, material as well as cultural.

All this has led to a situation where U. S. business and the people of a foreign nation have respect and friendship for each other. Today, Creole has more than \$1 billion invested in the country — the largest single investment of any U. S. company in any nation abroad — and recently H. W. Haight, president of the company, announced that Creole would invest at least another \$169 million this year to develop further Venezuela's petroleum resources. This amount will be considerably more with the new concessions recently granted to Creole.

What does all this mean to us? We not only have a big market for our goods in Venezuela — providing some 17,000 jobs here in the U. S. — but have a friend and a valuable ally which has stuck with us through wars as well as through peaceful negotiations at the United Nations. Venezuela is outspokenly anti-communistic, she buys tremendous quantities of our goods, and she has huge oil reserves (Venezuela exports more oil than any other nation, produces more oil than any nation excepting the U. S.), which are

Texans Give \$69,883 To CARE Programs And To Hungarians

NEW YORK (Special)—Texans contributed \$69,883 to CARE's Hungarian relief and food crusade programs during the past holiday winter season. The state total was announced by Richard W. Reuter, executive director, at CARE headquarters, 660 First Ave., New York City.

Nationally, Americans contributed a total of \$2,000,000 for CARE aid to Hungarian refugees in Austria and Yugoslavia, and to the people inside Hungary. Food Crusade contributions totalled \$3,250,000 representing that number of dollar packages containing over 65,000,000 pounds of U. S. farm surpluses, which were distributed to the needy in 19 countries of Europe, Asia, the Middle East and Latin America.

Actual Implements Given
While the Hungarian relief and farm-food distributions are continuing, CARE's main effort throughout the spring and summer will be to provide the needy in underdeveloped lands with the tools to help themselves.

Under the CARE Self-Help Program, the "tools" delivered as funds become available, range from actual working implements for farmers and craftsmen to new books, school

invaluable supplements to our own irreplaceable reserve.

Creole has set a pattern in Venezuela — it has demonstrated that American Business is the best instrumentality for the making of friends abroad.

supplies, medical equipment and other materials needed to stimulate lasting economic, health and educational improvements.

Eggs, Beef Topping Plentiful Foods List

April has always been known as the noisiest month of the year so far as nature is concerned. Spring induces birds

to sing, insects to drone and hens to cackle. This April there will be an egg to match almost every cackle. The Agricultural Marketing Service says that April egg production is heading for a new high. So eggs along with beef have

earned the top on the U. S. Department of Agriculture's April plentiful food list throughout the country. Record numbers of cattle in feedlots with plenty of grain to fatten them have produced unusually heavy supplies of quality beef — U.S.

Spring Cleaning Means Safer Farms

Get in the swing and clean up for spring. is the word from the Texas Farm and Ranch Safety Council. The lengthening spring days will provide extra time for farmers everywhere to give their farms a new look and make them safer places to live and work. Help nature by cleaning up

around the farm and in the farm home. Make it easy to keep clean too, the Council urges, by assigning everything a definite place and keeping it there. Disorder ranks second only to poor judgement as a cause of accidents, according to Safety Council statistics. One out of every five people con-

tacted in a recent study of hospitalized home accident cases was put there by disorder. Accidents happen far more often in cluttered, untidy surroundings. Fire finds a breeding place in paper, rags and rubbish tucked into closets, attics or corners. Volatile fuels, paint, cleaners and insecticides are other important fire hazards. Check your farm for overloaded circuits; lubricate all electric motors; and take a god look at your

home ventilating system. Eliminate fall hazards by keeping stairs, halls and alleyways clear of obstructions. Check light bulbs and clean all lamp shades to make stairs and hallways safer. Careless clean-up practices can result in serious foot injuries to humans and livestock. Remove nails from used boards; pick up broken glass and loose wire. Rodents don't like a clean farmstead! Creating an atmosphere of cleanliness will help rid your farm of countless rodent-influenced dangers such as disease, fire and pulling deterioration. Include a paint-up campaign in your spring cleaning for safety as well as appearance. It can accentuate hazards! Remember, a clean and orderly farm produces more at lower cost.

BY STATE SPECIALIST

Deferred Grazing Said Top Range Rebuilding

Deferred grazing can give the good perennial range grasses the boost they now need for survival, declares A. H. Walker, extension range specialist.

In some areas of the state, such grasses as sideoats grama, little bluestem and switchgrass are now making seed. This situation, according to Walker, is most unusual since these grasses normally produce seed in the fall.

Overgrazing and the prolonged drouth have interfered with the normal growth habits of the range plants and "mother nature" is doing her best to reseed the ranges.

Give her a chance to succeed by deferring as much range now as is possible, advises Walker, for the improved moisture situation should materially add to the benefits to be derived from deferred grazing.

Grasses need top growth because of the drouth, root systems are far below normal and need time to get re-established. Walker believes that ranchmen generally should be able to rest at

least a fourth of their range without overstocking the remainder.

He emphasizes that it is better to remove all stock from a pasture than to stock lightly. A few animals can graze off the good plants left and keep them from making seed.

Walker suggests that the best conditioned pastures be rested first. On these will be found more of the good grasses and their recovery will be faster. The rest period will vary, he says, but the longer the better or until the good grasses have produced a seed crop.

Graze the deferred pastures moderately during the winter he advises, in order to plant the seed and distribute the litter.

As for reseeding, Walker says, if as much as 15 percent of the good or key grasses are left on the range, defer rather than reseed. Reseeding is expensive and hazardous and requires some type of

Presently, insurance securities are handled by the Insurance Commission, general securities by the secretary of state's office.

Sen. Jimmy Phillips introduced a bill putting insurance

securities under the secretary of state. That's just in case the consolidation bill doesn't pass, he said.

Water Bill Signed—Governor Daniel signed into law a measure allowing the water board to cancel unused water permits.

Water conservation programs leaders had claimed the new rule would solve 75 per cent of Texas' water problems.

Wider Choice' For Farmer Is Sought In Future Referendum

DALLAS — (Spl)—A meeting to discuss whether or not cotton growers should have a wider choice in referendums is scheduled here April 24, according to J. Walter Hammond, president of the Texas Farm Bureau.

The meeting, one of four being sponsored by the American Farm Bureau Federation in the cotton growing states, will be held at the Baker Hotel, beginning at 9 a. m.

"Alternative programs to be discussed would not supersede the present program," Hammond explained. "Farmers simply would have the choice of the present program or any alternate program that is developed," he said.

Commenting on the purpose of the meeting, Hammond stated: "It is generally recognized that the present program leaves no choice to the cotton farmer."

It is hoped, he said, that these meetings sponsored by AFBF will develop a "more

Governor Daniel has given his blessing to a plan for a new building for the state Library and Archives and the General Land Office.

A bill providing \$2,500,000 for such a building is before the Legislature. Funds would come from a surplus in the drivers license fee fund.

Ad Bill Passed—House added an industry-matching amendment before passing a Senate measure to allow state advertising.

Proposed constitutional amendment would allow use of state funds for advertising as long as they are matched by private interests.

House sponsors said they hoped the conference committee would eliminate this feature.

Short Snorts—Time is running out to have cars safety inspection, warns the Department of Public Safety. Deadline is April 15. . . . House passed a bill to regulate egg-labeling and license dealers. Senate already has passed, so measure needs only minor adjustments and the governor's signature. . . . Senate Transportation Committee Jop Fuller had to break a 5-5 tie to allow the committee to vote out a bill to increase truck load limits. Highly controversial measure is backed by truckers, opposed by railroads. . . . Irked by the Building Commission's failure to air condition their chambers, Legislators have passed a resolution to put in temporary air conditioning.

SIGNIFICANT CHANGES ARE LISTED

Fertilizer Sales Show Increase

Total fertilizer tonnage sold during the fall of 1956 was five per cent higher than 1955 figures and about 23 per cent below the 1950 total, reports State Chemist J. F. Fudge.

Although there were significant decreases in tonnages of fertilizers sold, Fudge says the concentration was such that tonnage of primary components used during this period was greater than ever before.

Sales of mixed goods were about four percent over 1955, and one-third greater than 1950. Fudge also points out that while 1956 sales of materials were only 52 per cent as great as 1950, they were five per cent over sales made in 1955.

For the first time, sales of 10-20-10 were significantly greater than 5-10-5. Sales of 5-10-5 were 17 per cent lower than a year ago, but 10-20-10 sales were 39 per cent higher. Fudge says. Seventy-five per cent of the total mixed goods tonnage sold and primary components used during the fall of 1956 were goods of 1-2-1 ratio with an average composition of 8-16-8.

Superphosphate sales were down approximately 7,500 tons and rock phosphate

realistic" referendum choice.

"In order for any such alternative plans to be presented to growers in the next referendum, of course, necessary legislation will be required during the present session of Congress," he said. "Therefore, time is of the essence."

Hammond encouraged all cotton growers to attend the Dallas meeting and "make their thoughts known" on the matter.

was down about 1,000 tons. However, Fudge says the tonnage of materials supplying both nitrogen and available phosphoric acid was much greater during 1956 than any previous year.

Mixed goods accounted for 83 per cent of the total tonnage sold in East Texas and about 40 per cent of the Gulf Coast and North Central totals, but constituted less than 4 per cent of West Texas sales.

East Texas used 53 per cent of the nitrogen, available phosphoric acid, and potash in mixed goods while West Texas used 82 per cent of the total tonnage of anhydrous ammonia.

Average composition for the state was about 25-15-0. Fudge says this is significantly higher than a year ago and markedly different from the 4-20-0 average of 1950.

Letter to Editor

Dear Editor,

I would like to write and tell you what a nice deputy sheriff Bill Gordon is.

The night of the tornado which struck Dallas (April 2), I went to see Mr. Gordon and he put a call through to the sheriff of Dallas, and the sheriff went out and saw that my family was safe and that the tornado hadn't hit their house, although it did a lot of damage just four blocks away.

My family in Dallas includes a daughter, son-in-law and their two children. They live in the Oak Cliff Addition, and I didn't have

any way of getting in contact with them until I talked to Mr. Gordon.

No one knows what a relief it was to me to know they were safe. And I couldn't have known without Mr. Gordon's help, which I thanked him for and really meant it.

I would like for other people in Brownfield to know what a swell person Mr. Gordon is, for they may need the same kind of help some day and they will know where to go get it. So I take this way of thanking him so that all can see it.

Yours truly,
Mrs. G. B. White

TOP POWER makes a GMC TOP VALUE

NEVER BEFORE has a light-duty truck packed the tremendous wallop of GMC's 206 horsepower.

It's the most powerful light-duty truck ever built.

It actually has more power than many trucks rated at 4 times its capacity. That means ability to move the toughest loads without grunting — and move them at a timesaving clip.

Then look what goes along with it — as standard equipment:

A fast-ratio cruising axle for up to 17% better gas mileage.

Recirculating ball-bearing steering for finger-tip handling. Longer, easier-riding, heavy-duty springs.

Plus boulevard styling and a luxury cab your wife will love to be seen in — boulevard performance to make you proud.

Come in and see why Blue Chip quality makes the dollar proud of its purchasing power. Do it today.

Pontiac Springs Another "First!"

-Lowest Priced Car with Tri-Power Carburetion!

Pontiac started 'em all talking by tagging this eye-popping Chieftain below 30 models of the low-price three. Now Pontiac has tossed another firecracker into the low-price field... with Tri-Power Carburetion available at extra cost on any model. Pontiac alone at so low a cost offers this sensational track-proved carburetion system that has officially outperformed super-charged and fuel injection cars. Here's how it works: For normal driving, only one of three double-barrel carburetors is in operation. When you want a safety-surge of power, press your toe and pronto—the other two carburetors pour out a bonus of go as long as you need it. Ease up... and you're back to the gas-saving economy of one-carburetor operation! In short—your new Pontiac Chieftain can be tame or terrific—at the touch of a toe! Try it, and you'll see why they're biting their nails in the low-price field. Check the car... check the price... and all bets are that you'll graduate to Pontiac with plenty left over in your budget to celebrate the occasion!

More Facts Known About Dreaded Cancer Than the American Public Generally Realizes, Says State Health Commissioner

By HENRY A. HOLLE, M. D. State Health Commissioner
AUSTIN — Ever since the first spark of life appeared on this earth, cancer has been one of the most fearsome, most enigmatic diseases mankind has had to contend with.

But we know more about it than generally is realized. We know enough, in fact, that a diagnosis of cancer need not be considered a sentence of death.

We know that all types of cancer are different since they affect different tissues of the body. We know cancer has no respect whatever for age, although it does occur more frequently after 40. Conversely, we know it causes more deaths than any other natural cause in children between 9 and 12.

Cancer is not inherited, except in perhaps two rare types. A tendency toward cancer may be passed from one generation to another, but the actual cancer cell is not inherited. This we also know.

We know that cancer is not contagious or communicable from one person to another. We know that certain agents or conditions will cause certain types of cancer or are factors in causing cancer.

For example, exposure to sunlight over long periods of time (farmers, seamen) is known to cause certain types of skin cancer. Certain chemicals such as aniline dyes may cause cancer in experimental animals.

An injury or prolonged irritation of the mouth or lip area such as sometimes comes with habitual pipe smoking is also a factor in causing cancer. Prolonged exposure to x-ray or radium also may cause cancer of the skin or other parts of the body.

We know that certain malignancies are self-limiting; that is, they have the curious property of curing themselves without treatment. This is an

unusual happening, but it does occur for some unknown reason.

Perhaps the most important thing we know about cancer: Many cases can be cured by early removal by surgery or by irradiation with x-ray or radium or a combination of these techniques. Rapid strides now are being made in treatment of certain types of cases with chemical compounds.

Since it can be cured, why do more than 10,000 people die in Texas with cancer each year? Because by the time the disease is recognized it is too far advanced for effective

treatment. Half of these persons could be saved by early and adequate treatment.

If this one cardinal fact could be drilled into the minds of people until it moved them to action at the appropriate time, cancer deaths would skid downward almost overnight.

Here again are cancer's seven danger signs. It will pay to memorize them: irregular bleeding or discharge from body openings, unexplained change in normal bowel habits, sore that does not heal properly, persistent cough, any lump especially on breast, constant indigestion, unexplained weight loss, and change in moles.

BY SCS TECHNICIANS

Huge Volume of Facts On Soils Sought Here

By MARVIN WHITMIRE Brownfield Office Soil Conservation Service
More facts about the soils in Terry Soil Conservation District are being observed and recorded than ever before.

The Standard Soil Survey, begun here late last year, is the most concentrated effort ever made to classify fully all soils of the area.

For several years now, the U. S. Soil Conservation Service has been making surveys for TSCD's use in planning and applying conservation programs to individual farms. They were called Farm Planning Conservation surveys.

The PFC survey gave the minimum information needed to recognize the limitations and hazards of the soils of a particular farm.

Recommendations Made
The PFC information enabled SCS technicians to classify land according to its capability and to make recommendations for its safe use and sound treatment—all of this to ensure lasting production.

The following is a comparison between the old and

new soil surveys as to amounts and kinds of facts furnished by each:

1. Both New and Old provide identification number.
2. The New provides numbers for the soil series.
3. The Old mapped to 20 inches. The New survey maps to 72-inch depth.
4. The Old described texture of only the surface horizon, whereas the New describes the texture of all soil horizons to six feet.
5. Only the New survey gives color of the horizons, and this to six feet.
6. The Old survey gave soil structure to 20 inches deep. The New goes down 72 inches.
7. Soil consistency was not told in the Old, whereas consistency of all horizons is shown in the New.
8. Only the New gives biological activity of all horizons, and this down six feet.
9. The land slope class is contained in both surveys.
10. The presence or absence of free lime down to 20 inches could be read in the Old; it's down 72 inches in the New.
11. Stoniness to a 30-inch depth was described by Old. It's 72-inch depth for the New.
12. Same applies to soil permeability.
13. Presence of hard rock was determined only to a 20-inch depth by Old. It's down to 36 inches in the New.
14. Only the New gives color, textures, structure and reaction of soil parent material.
15. Although the Old approached land capability satisfactorily, the New does so to a higher degree and is more acceptable on a nationwide basis than all other kinds of soil surveys.

Kwame Nkrumah, first Negro to become prime minister of a British colony (Ghana), has a name that means "Saturday's 13th Child."

Winnipeg, Canada, had a population of 1,600 when it was incorporated as a city in 1873.

ALCOA LITE-LINE PIPE
Now You Can Afford Irrigation...

20-ft length 4-in. diameter Complete with coupler.

Brand-new Alcoa® Lite-Line Irrigation pipe is priced right, priced to bring portable irrigation within reach of every farmer. The price is the lowest ever offered for quality pipe.

New Alcoa Lite-Line is designed to give years of efficient service under all normal irrigation needs. It has an extra-strong alloy, a superior corrosion resistance. It's all available at far less cost.

We handle a complete line of Alcoa Lite-Line pipe and quality pumps, couplers, risers and sprinkler heads. Our engineers can give you details for your own farm.
