50¢ TWO SECTIONS

"MY TURN"

By Carol Ellis

IT WAS UTOPIA and we didn't even know it. I've often wondered why people are so drawn to the "fifties" era. Growing up in the 1950s was fun, but we didn't think it was anything extra-special until now, forty years later.

Practically every city of any size today has at least one restaurant or club which operates on a fifties theme and decor.

Anyone who is fortunate enough to own one of those lovely old vehicles from the fifties, generally considers it to be their most cherished possession. . .the big engines, the fins, all that chrome. They really were unique autos.

Some radio stations now play nothing but music from the fifties and sixties. We've seen a lot of today's TV shows and movies set in that time period. Friona's recent theater/talent show brought us entertainment from that decade.

We had it all! A chicken in every pot, a car in every garage, gasoline was 19¢ a gallon, Cokes were a nickel, and you could get a perfectly good hamburger for 25¢. Most kids got a quarter a week as an allowance. With that, you could go to the Saturday movie, get popcorn and a Coke and still have five cents left over to buy a comic book at the drug store after the show.

Television had been around for awhile but it was just becoming affordable for the average family in the early fifties. . .black and white, of course, and we watched everything that moved. Variety shows with comedy skits and music were the major fare at first. The quiz shows, situation comedies and dramas came a little later. There was a lot of "local" programming which was pretty bad, and this filled up the daytime hours, since the main network shows aired only in the evenings. The "Hit Parade" was a countdown of the top ten most popular songs each week and you tuned in to see the little skits they'd worked around each song. I guess this was the forerunner of today's music videos.

Backyard cookouts were just beginning to be popular. But you couldn't go out and buy a barbecue grill and there were no bags of charcoal briquettes at the grocery store. The dads would construct a barbecue of mortar and bricks out in the yard and you used wood chips and kindling for the fire.

Only wealthy folks had cars with automatic transmissions and air conditioners. These became more affordable in the late fifties and early sixties. Those who wanted to stay cool in the car could buy a little tacky tank-like affair that hooked onto the window of the car. You put water and/or ice in this thing and the wind blew through it as you were driving down the road and it was supposed to cool you.... sort of like a traveling swamp-cooler. You could stay just about as cool by riding around with the windows rolled down.

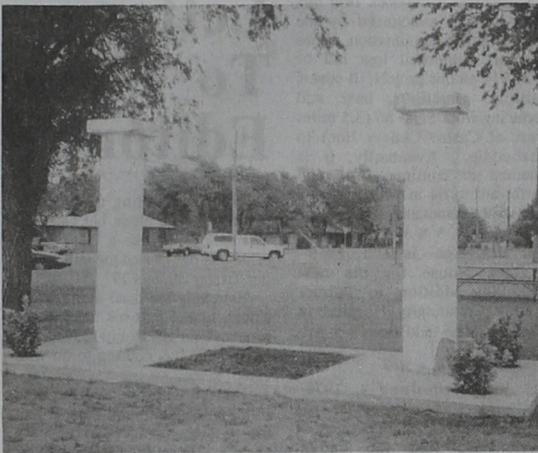

When thinking about fashions in the fifties, pony tails, poodle skirts and penny-loafers usually come to mind. Some of the other styles of that time were: fuzzy angora sweaters and wool plaid skirts, Bermuda shorts and knee socks, a hundred yards of ruffled net petticoats under those full-circle skirts. Sometimes you had a hard time fitting a girl with all those petticoats into a car. Putting white polish on your saddle oxfords every night was no fun, but you didn't go to school the next day unless they were dazzling white.

There was a school dance in the gym after every football game with some local group like "Johnny Flash and the Weasels" providing the music. At a sock-hop, you took off your shoes and danced in your socks. The Debate Club pondered such weighty questions as "Does rock and roll music contribute to juvenile delinquency?"

Those guys with the greasy hair, who rolled a cigarette package up in their t-shirt sleeves, were known as "toughs" and daddies didn't let their little daughters go out on dates with that sort of fellow.

Blood Drive To Be Held At Excel

In order to keep a safe, reliable blood supply for the Panhandle, Friona Excel along with Coffee Memorial Blood Center would like to invite you to join them in a "Commitment to Caring" by attending the Blood Drive on Wednesday, May 31 from 12 noon to 5:30 p.m. in the Training Room at Excel.

"Please give this matter your most serious and immediate attention. Your blood donation is a vital part of your community's lifeblood," said a spokesperson for Coffee Memorial Blood Center.

Before someone can receive blood, someone special must give blood. Friona Excel blood donors have always shared in this special "Commitment to Caring."

Friona Flashbacks

....from the files of The Friona Star

65 Yrs. Ago--June 6, 1930

One of the saddest affairs that has visited Friona and community in many years occurred Monday morning, resulting in the death of Paul Highfill, the fourteen-year-old son of Mr. and Mrs. J. W. Highfill, whose farm home is a few miles southeast of Friona. It appears that Paul had ridden his pony to the pasture to bring in a cow and a young calf and nothing more was known of him until the pony appeared at the home with his lifeless body attached to it by means of a small rope, one end being tied around the boy's body while the other was tied to the pony's neck. The body was considerably mangled and death had evidently resulted from being dragged or kicked by the pony.

Much of the news due to appear in the Friona Star today does not appear because a first class mail sack was stolen from the Santa Fe station in Panhandle Tuesday night, which contained letters from Friona with news and advertisements, as well as hundreds of other pieces of mail. Letter To The Editor

Dear Bill,

Isn't it interesting that we can get men on the moon but can't get a simple thing like a "leak" in a cable that has caused the removal of our Trinity channel 19?

Evidently the head man for our Friona branch has his head in the sand and our girl Robin has to carry on and she has nothing to do with cable "leaks."

I talked with Eddie at the head office in Midland and he said that the problem could be fixed easy enough. He said the leak could be fixed or change to another channel.

This channel is church for our shut-ins and a good channel to watch for us who are not shut-in.

I would encourage our people to call the office in Muleshoe 1-806-272-3310 in regards to this. With enough "hammering," maybe we can get this problem corrected.

Thank You,
Nola Vestal

In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below.

We are the dead.
Short days ago we lived, felt dawn, saw sunset glow,
Loved and were loved and now we lie
In Flanders' fields.

Take up our quarrel with the foe,
To you from failing hands we throw
The Torch--be yours to hold it high;
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders' fields.

Cancer Center Sets Breast Screening

The Women's Center of the Don and Sybil Harrington Cancer Center and High Plains Baptist

Hospital will again conduct a Breast Cancer Screening Clinic in Friona at Parmer County Community Hospital, 1307 Cleveland Avenue on Wednesday, June 21.

Each participant at our screening will receive a breast exam and one-to-one instruction in breast self-examination by a Registered Nurse specially trained in breast cancer detection, and a mammogram by a mammography technician. Our program is certified by the FDA, American College of Radiology and the State Health Departments of Texas, Oklahoma and New Mexico.

Breast cancer affects one in eight women. The key to winning the battle against cancer is early detection by having an annual breast exam, mammogram and performing breast self-exam each month.

The American Cancer Society urges all women to have their first mammogram by age 40. Those who have a close relative with breast cancer or other risk factors may be asked by their doctor to have a mammogram at an earlier age.

The total cost of the screening is \$70.00. Financial aid is available for breast screening and mammograms to individuals who qualify.

Please call the Women's Center at Harrington Cancer Center at 1-800-377-HOPE or (806) 359-4673 today for more information or to schedule an appointment.

American Library Assn./Excel Donates Books To Local Library

The American Library Association and Cargill/Excel will donate a collection of children's books to each of the 250 community partners including Friona Public Library as part of the Cargill/ALA Family Literacy project.

The family literacy project between Cargill, Incorporated and ALA was launched in 1992 during the ALA Night of a Thousand Stars, an event sponsored each April during National Library Week.

The partnership between Friona Public Library and Excel, like all Cargill/ALA literacy partnerships, was formed to support family literacy.

Cargill facilities worldwide joined with libraries, schools, day care centers, community colleges and other organizations in both rural and urban communities to develop 250 community literacy projects in 28 states and 30 foreign

countries as part of the Cargill/ALA partnership.

Friona Public Library, locally organized in 1963, became an adult basic education literacy sponsor in 1987 and a family literacy partner in 1992.

"With donated books and magazines, we supply a reading area in the "break" room at Excel for Excel employees to read at work and for them to share," said Darla Bracken, librarian.

The book collection includes books that encourage families to read together. The books will be donated to Friona Public Library.

The three-year "umbrella" literacy partnership between Cargill, Inc. and ALA officially concludes in 1994. However, "More than 60 percent of the projects that were developed in the first and second years plan to continue their local partnerships," said Arthur Curley, president of ALA. "Librarians and local literacy

providers accepted the challenge and have really done a fantastic job of working together with Cargill volunteers to establish community coalitions," he added.

"We want to show our appreciation for the tremendous response to this program from Cargill volunteers and their local partners throughout the world," said Bill Fielding, chairman of the literacy project and president of the Cargill Meat Sector.

The American Library Association is the oldest and largest library association in the world. Its 56,000 members represent all types of libraries, including public, school, academic and special libraries.

Cargill is a privately held merchandiser, processor, transporter and warehouse of agricultural and other bulk commodities. The company employs nearly 70,000 individuals in more than 58 countries worldwide.

Facts About The

CITY OF REFUGE!

THERE WERE SIX CITIES WHERE ANYONE ACCUSED OF MANSLAUGHTER COULD FLEE AND FIND REFUGE FROM AN AVENGER OF THE DEAD MAN! MOSES APPOINTED THREE CITIES EAST OF THE JORDAN, BEZER IN REUBEN, RAMOTH-GLEAD IN GAD, AND GOLAN IN THE TRIBE OF MANASSEH (DEUT. 4:41-43). AFTER THE CONQUEST OF CANAAN, JOSHUA, AND THE HEADS OF THE TRIBES, DESIGNATED THREE MORE - ALL ON THE WEST SIDE OF THE JORDAN - THERE WERE KEDESH IN NAPHTALI, SHECHEM IN EPHRAIM, AND KIRJATH-ARBA (HEBRON) IN THE MOUNTAIN OF JUDAH (JOSH. 20:7). NO PART OF PALESTINE WAS FAR FROM A CITY OF REFUGE, SO, NO MATTER WHERE HE WAS, A SLAYER HAD A REFUGE HE COULD FLEE TO! OF COURSE, HE MIGHT BE OVERTAKEN ON THE WAY AND SLAIN BY AVENGERS OF THE DEAD MAN, BUT IF HE MADE IT TO A CITY OF REFUGE, HE WAS TAKEN IN AND RECEIVED A

FAIR TRIAL! IF HE WAS GUILTY OF WILLFUL MURDER, HE WAS PUT TO DEATH, BUT IF HE HAD SLAIN A PERSON BY ACCIDENT OR IN SELF-DEFENSE, HE WAS GRANTED ASYLUM IN THE CITY. IF HE LEFT THE CITY, THE DEAD MAN'S RELATIVES MIGHT STILL KILL HIM, SO HE LEFT IT AT HIS OWN RISK. HOWEVER, ON THE DEATH OF THE HIGH PRIEST, HE WAS AT LIBERTY TO RETURN TO HIS HOME AND ENJOY THE PROTECTION OF THE AUTHORITIES (NUM. CH. 35, DEUT. CH. 19, JOSH. CH. 20) THE MATTER WAS BETWEEN MAN AND GOD AND THE DEATH OF THE HIGH PRIEST, WHO REPRESENTED THE PEOPLE BEFORE GOD, CLOSED THE CASE!

Memorial Day Holiday

Memorial Day weekend, the holiday gateway to warm weather driving. For many, it is a time to celebrate the school year's end. Many will remember those who have served to protect and defend our freedoms. Too many will violate the freedom of others, causing needless death and injury on our highways and streets this holiday weekend.

Beighle urges motorists to buckle up, drive with headlights on day or night, and drive alert. As you drive, study your changing scenery for defensive options, should you come upon an errant driver.

Everyone at Prairie Acres would like to welcome the following: Forist Williams from Muleshoe, Betty Sweatt from Arkansas, John R. Hadley from Texico, N.M. and R. B. Cunningham also from Muleshoe. As always be sure to come by and get acquainted.

I want to thank the following very thoughtful people: Kelly Harrelson for the beautiful wall decorations, Lorine White for the magazines, the family of Mary Jane Wilson for the beautiful flowers they shared with us, Thomas and Ruth Parson for the quilt scraps, Anna Mae Thomas for coming up to play the piano at our Mother's Day Party, Hospice of the Plains for the cottonwood tree they donated to us, the Gospel J's for the tapes they donated, Florian and Lorraine Jarecki for the bedside commode, and to anyone that I might have missed.

A very special thank you also goes to Jonell Clark for the lovely painting that she donated to Prairie Acres in memory of her parents.

Several residents really enjoyed their trip to Clovis to go to the movie theatre. They have also had several van rides around town. They all agree it's always nice to get out and do something different. That reminds me-- Dairy Queen and Sonic also deserve a great big "Thank You" for supplying the refreshments for the ones who go on these outings.

The following donations have been made to the Love Fund:

Summer Tennis League Planned

A Friona Summer Tennis League has been announced, with play to begin June 6. Entry deadline is July 1, according to Coach Mario Ramirez. Call 2247-3911 to enter.

An entry fee of \$8 will be charged, which will be used to purchase trophies or medals for first, second and third places.

League winners will be determined by figuring winning percentage of total games played throughout the season.

Matches will include singles, and shall consist of three "no ad" sets. Tennis balls will be provided by the players.

Players must play on assigned courts, as specified by schedule. If there is an open court on which play has been completed, both players must agree to change. All league matches must be played on the Friona High School Courts.

The league is open to all players, male, female, adults, high school and eighth grade-aged players.

All league matches must be reported within 48 hours. Martinez will attempt to keep a current results record, as posted on the scorecard.

Should there be any conflicts with the Tuesday and Thursday league playnights, players may jointly decide to reschedule to some other night that week.

Should a player fail to report within 15 minutes of the scheduled playing time, the match will be forfeited. If both players fail to show, both will receive a forfeit score.

In matches involving males vs females, males must get first serve in. Females may choose to hit into the doubles area, decided before beginning the match.

A player may use a substitute in their place, no more than twice during the league season.

To report scores, call 247-3911 and give to Martinez or his answering machine.

The league is intended to promote tennis, provide fun, competition and activity for the townspeople while enabling school players a change to practice for the upcoming school tennis season.

Town Talk

By JUNE FLOYD
Call 247-3681 With Your News Items

Billy Dean Baxter, who had to spend a few more days as a medical patient in High Plains Baptist Hospital in Amarillo, was dismissed and came home last Sunday. He is convalescing satisfactorily at home.

A family party in the home of James and Sue Procter, Sunday evening, honored Charlotte and Barry Procter, daughter and son of Ted and Glenda.

Charlotte is graduating from high school and Barry will be a freshman this fall.

Others present were Ron and Libby Procter, Dwayne, Cheryl and Darla Procter and Leslie Johnson.

Charlotte is the ninth member of this family to graduate from Friona High School. This total includes the three sons of James and Sue: Ron, Dwayne and Ted; and five grandchildren: Jeff, Darran, Wade, Jenny and Darla.

One day last week, Mikie Bishop of San Saba, Texas and Bob Welch of Carlsbad, New Mexico, visited by phone and arranged to meet in Friona in time to accompany their parents, Nelson and Lorraine Welch, to Amarillo, where Nelson had a doctor's appointment the next morning.

Since San Saba is so far away, it was necessary for Mikie to leave at noon that day. Bob left Carlsbad several hours later.

Mikie pulled into the Welch driveway first, but before she got out of the car, Bob drove in right behind her. How is that for good timing?

Out-of-town visitors in the home of Doris and Eugene Boggess over the weekend were Robbie Rucker and Jim Wright, both of Midland, Texas; Lisa and Tanner Prewitt of Houston and Mitch Welch and his fiancée, Melissa Lavender, who live in Los Angeles, California.

Robbie is the couple's daughter, Lisa and Mitch are their grandchildren and Tanner is their great-grandson.

The Lakeview community has four new residents this week. Recently Jodie and Detricia Miller Lewellen purchased an acreage and improvements across the road south of Dale and Tito Milner's residence.

They are both Friona natives and graduates of Friona High School.

Last weekend, Detricia's parents, Johnny and Beulah, assisted the couple and their two daughters, Chantell and Charee, in their move from Buffalo, Oklahoma. Jodie's parents are Joe and Ibbey Lewellen.

Jodie plans to open a welding business here soon.

Welcome home! It is good to have you back in our midst!

Lynn Welch of San Antonio was a weekend visitor in the home of his parents, Louis and Mamie Lou Welch.

Jane Arrington, a friend of Mary Crump's who is also the mother of her son-in-law, of Marlow, Oklahoma, came to Friona, Thursday, and spent the night.

On Friday, these two drove to Colorado Springs, Colorado for a visit in the home of Johnny and Patti Crump Arrington.

Mary reported, "We had a real nice time and the two of us did several interesting things while the kids were at work."

Upon her return home on Wednesday, Mary was pleasantly surprised to receive a check for \$25 along with a notification that one of her poems had placed first in a monthly contest of Poetry Society of Texas.

She has also won first in a special contest of this organization and third in the monthly humor competition.

Another honor coming Mary's way is selection for the headliner at the monthly Country Breakfast of the Cowboy Poet's Association in Amarillo, June 10.

Apparently, Mary has more time to pursue her interest in poetry since she has retired. Plans are in the making for publication of a book. "Way to go, Mary!"

A going-away party in Fellowship Hall of Sixth Street

Church of Christ, Sunday evening, was a courtesy for David and Laura Blackburn and children, Mitchell, Daniel and Traci, who will soon be moving to Amarillo.

David has been employed in the Potter County Capital City several months and has been commuting. This family will be sorely missed in the community and it will be very difficult for anyone to take David's place on our E.M.T. team.

The Friona Star staff joins the community in wishing this family much success in their new location.

Nelson and Lorraine Welch returned home Thursday of last week after attending the commencement of Texas A&M University at Galveston.

One of their grandsons, Shawn Bailey, a member of the graduating class, was one of the two class members who were accepted for Navy Pilot School at Pensacola, Florida.

The Welches drove to Friona from San Saba, where they spent some time in the home of their daughter, Mikie, and husband, Dwayne Bishop. They were joined by Michael Bishop, who attends South Plains College at Levelland. Then, these four drove to Galveston.

Shawn's mother and sister, Monte Sue and Heather Bailey, who live in San Antonio, were also present for the graduation.

Paul and June Spring returned home Tuesday from Fort Worth, where they had spent five days visiting their daughter, Susie. On their way down they stopped in Post for lunch and ran into Nelson and Lorraine Welch as they were returning home.

Then, this past Saturday, the Springs spent the day in Canyon visiting with Johnny, Christy, Travis and Christian Spring. In the afternoon, they attended a ball game in which Travis participated.

Tommy and Kristi Carr and children, Kendra and Jerrod, spent the weekend in Amarillo. They returned to Friona late Sunday afternoon.

Lessie Watson, a resident of Prairie Acres and longtime resident of this community, has always had an avid interest in the "comings, goings and other doings" of her children, grandchildren and great-grandchildren.

She regrets that she is no longer able to attend special events in any of their lives and this spring she has had to miss several graduations. A great-granddaughter, Jamie Taylor, graduated from high school at Dillon, Colorado; a great-grandson, Shawn Bailey, graduated from Texas A&M University, Galveston. Another great-grandson, Jay Bates, graduated from Lubbock Christian University and his sister, Melissa, graduated from Lubbock Christian School.

Then, Ben Welch, another great-grandson, graduated from high school at Carlsbad, New Mexico. Of course, all five of these young people know their great-grandmother's best wishes are always with them.

The many friends of John and Mary Bingham, who have been living among us between thirty-five and forty years, regretted to see them move away, but they have moved to Conroe, Texas.

Earlier in the year, the Bingham's decided to sell their Friona property and move downstate, and within a two month period were able to do this.

We wish the Bingham's well, and will miss seeing them around Friona.

Cris and Sylvia Ingram and children, Colby and Candace, have moved into the former Bingham residence at 1626 West Ninth from 1120 Etta, where they had been living about fifteen years.

Real soon, Ky and Lanis Graham and children, Kyla, Krista and Kaison, will be moving in from a farm west of town. They have purchased the former home of Richard and Janette Collard at 1603 West Seventh and are in the process of re-doing it.

Johnny and Beulah Miller honored their mothers, Sarah Ann Miller of Amarillo and Pauline Moore of Clovis, with a Mother's Day dinner in their home in the Lakeview community.

Others present were Carlos Moore of Clovis; Jodie and Detricia Lewellen and daughters, Buffalo, Oklahoma and Mark, Deirdre, Adrienne and Aaron Osborn, who live here.

Recent out-of-town visitors in the Floyd home have been Joel and Rhonda Osborn of Stillwater, Oklahoma--he's my number one grandson; Laurie Wright of Clovis--a former Friona Star and Plains Publishers employee; and Paul and Tammy White and children, Chassidi, Corbin and Camber of Sunray, Texas, where Paul is a coach and teacher.

Incidentally, Paul's father, Glenn White, who currently lives at Stratford, lived here during the fifties.

Jim and Sherry Atwell had their entire family at home Mother's Day. Brad and Shannon Lane came up from Lubbock and Louis, Kendra, Alex and Keeley, who live at Springlake, Texas, joined them.

Sherry's dad, Kenneth Carson of Clovis, New Mexico, was also present.

The Friona Star staff enjoyed having Amy Knowles filling in at our office last week. She had just completed her school year at Lubbock. Our bookkeeper and receptionist, Marlene Mueller, was on vacation, so we gave Amy a call

and she assisted us. Amy worked as a typesetter for us when she was a senior in high school and we always enjoy having her in our midst.

Her parents are Larry and Linda Knowles of Friona.

There can be no true greatness where truth is absent.

Compound Your Earnings With Dividend Reinvestment

Albert Einstein once observed that the most powerful force is not atomic energy, but the compounding of money. Compounding occurs when investors put the interest and dividends earned on investments back into their investments. This technique allows investments to grow more quickly than if investors were to take their earnings in cash. Compounding is familiar to many mutual fund shareholders, who often take advantage of a mutual fund service called automatic reinvestment. With this service, the mutual fund uses a fund's dividends and capital gains to purchase more fund shares for the investor's account. In essence, investors begin earning dividends and capital gains on top of dividends and capital gains.

However, many people who own common stocks are unaware that they, too, can put the power of compounding to work through automatic reinvestment. Typically, these investors simply pocket their quarterly dividend checks. What they may not know is that many publicly owned companies offer plans that allow shareholders to reinvest their dividends into additional shares of stock.

These plans are usually easy to join, requiring only the shareholder's approval. Investors typically must own at least one share of a company's stock to participate in dividend reinvestment, and some companies may charge a small fee for this service.

To illustrate how dividend reinvestment works, suppose you are due a \$100 dividend on stock that you own. Rather than sending you a check, the company will use your dividend to purchase additional shares. To compute how many shares your dividend can buy, the company uses the average trading price of your stock on the dividend pay date. In this example, assume the average price is 10.1250. With dividend reinvestment, your dividend would be used to add 9.8765 shares to your account (\$100 divided by 10.1250). This is all handled automatically by the company.

It's not uncommon for individuals who reinvest dividends for years to accumulate more shares through reinvestment than they originally purchased. Not only is dividend reinvestment a great way to compound your investment, it's also a means of dollar-cost averaging. Put simply, dollar-cost averaging is regularly investing the same amount of money in a stock or mutual fund. In this way, investors continuously build their investment while averaging out the ups and downs in the price of a stock or mutual fund.

If dividend reinvestment interests you, first select a stock that you would like to own for a long time. Make sure the company has a favorable history of dividend payments, and find out if it offers dividend reinvestment. After you've made your purchase, call the company and ask for its dividend reinvestment package. Usually a simple application will start you on your way.

Remember, however, that even though you don't receive your dividends in cash, you still owe income tax on them. Be sure to keep accurate records of dividends reinvested. This will become part of your cost basis and is not taxed if you eventually sell your shares.

Reinvesting your mutual fund and stock earnings: You don't have to be Einstein to see how this basic technique can help compound the value of your financial future.

FHS Student Is Honored

Friona High School sophomore student, Eric Espinoza, is this year's representative to the Eighth Texas Panhandle Leadership Seminar in Amarillo, held April 28, 29 and 30 at the Bishop Quarterman Conference Center, Amarillo.

Approximately 100 outstanding sophomores, each representing a different high school throughout the Texas Panhandle, attended, for a weekend of being in an educational environment that teaches, through discussions and demonstrations a variety of subjects relating to profit, economics, business, self-improvement, motivation and leadership skills.

The Texas Panhandle Leadership Seminar, an affiliate with the Hugh O'Brian Youth Foundation (HOBY), is one of five seminars held in Texas. There are a total of 92 seminar sites in the U.S., Canada and Mexico. Each provides a setting of education and motivation for sophomores who have exhibited leadership qualities. Eric became eligible by being motivated by his principal this past fall.

All discussions and presentations centered on the theme, "Don't Stop Thinking About Tomorrow." Seminar topics included: News Media, Does It Report Or Create The News?; Entrepreneurship-Making Your Own Way; Land Is It Yours?; The Future-Hi-Tech Healthcare; Cost Of Healthcare, Is It Out Of Control?; The American Dream, Does It Still Live?; Exploration Of Space. The emphasis was on motivating the young people to make a positive contribution to their school and community and to be aware, active and responsible citizens of their world.

Youth-Led Revival Is Scheduled Here

A three member youth-led revival team will be leading a revival at Calvary Baptist Church, Friona, June 3-10, said Chuck Flowers, youth evangelism associate in the Texas Baptist Evangelism Division.

The team leader is Tommy Wilson, who will also preach. A native of Dallas, Wilson is a student at Dallas Baptist University.

Leading music and working with youth will be Doyl McMurray from Wichita Falls. He is a student at University of Mary Hardin-Baylor, Belton.

Susan Cummings, Hawkins native and student at Hardin-Simmons University, Abilene, will be working with children.

The group will be leading other revivals in the Caprock Plains Baptist Area throughout the summer: First Baptist Church, Sundown, June 10-17; Templo Bautista, Plainview, June 17-23;

First Baptist Church, Kress, June 24-July 1; First Baptist Church, Cotton Center, July 1-8; First Baptist Church, Dimmitt, July 8-15; First Baptist Church, Quitaque, July 15-22; First Baptist Church, Hart, July 22-29; and Northside Baptist Church, Plainview, July 29-August 4.

The team is one of seven teams working in six associations and areas. Together, the 21 students will conduct revivals in 63 Texas Baptist churches this summer.

Last summer, 21 students led revivals in 11 associations, resulting in 750 decisions for Christ, 351 of them professions of faith. Since youth-led revivals were resumed six years ago, they have led to nearly 1,600 professions of faith.

The Evangelism Division is part of the Baptist General Convention of Texas, the missions arm of the 5,600 Southern Baptist congregations in Texas.

YOUR EYES

Why Contacts?

Folks who wear contact lenses swear by them. And it's not just because these people look better without glasses—they actually see better, too. There are real visual benefits.

Because contact lenses move with the eyes, they eliminate the distortions sometimes caused by glasses, especially as one looks off to the side. They also provide vision that is more natural and truer to size. Side vision is improved with no frame edges.

Weather isn't a problem. Unlike glasses, contacts won't fog up or get splattered.

Where vision is considerably different in each eye, contact lenses can help the eyes work together as a team to provide better depth perception. They may also be used to control an eye that has a tendency to cross. And in certain unusual eye conditions—for example, kerataconus, or bulging cornea—contacts are the ideal way to provide good vision.
