## Veggeberg, Ortiz, Murdock in the FHS Hall of Honor

Several years ago Friona High School established a Hall of Distinguished Graduates to recognize graduates who had gone on to distinguished careers. The name and criteria for inclusion has been changed now to the FHS Hall of Honor. The qualification process has been broadened to include

teachers, coaches, and staff of the school district who have served with distinction.

It was announced at Sunday's senior academic reception that the Class of 2014 gift will be funds to update and move the current Distinguished Graduates photos and bios into the Spirit Hall. The Spirit Hall is the hall leading into the main gym. Photos of the Distinguished Graduates are currently displayed in the hall by the school office. It was felt that by moving the Hall of Honor to Spirit Hall more of the public would be able to see it.

Gayle Murdock, FCCLA and LifeSmarts teacher/coach for 39 years, in the first staff member to receive the Hall of Honor induction. Ms. Murdock spent her entire 39-year career in Friona and will retire at the end of this school year.

She said when she graduated from Texas Tech and was looking for a job, FHS principal Tom Jarboe offered her a job. She said she did not even know where Friona was but Mr. Jarboe gave her instructions on how to get here and she has been here ever since.

Lisa Edelson Veggeberg, FHS Class of 1976, and Mike Ortiz, FHS Class of 2001, were inducted into the FHS Hall of Honor at Sunday's senior ac-

ademic reception.

Dr. Veggeberg is currently the Pediatric Medical Director of the Northwest Texas Women's and Children's Healthcare Center in Amarillo. She is married to Dr. Neil Veggeberg. They have three children, Eric of Chicago, Amy of Austin, and Kevin of San Antonio. She has three siblings, also FHS graduates: Mark of Austin, Kevin of San Antonio, and Karen of Enumclaw, Washington. Her parents are Von and Nancy Edelson of Friona.

She attended Texas Christian University and the Baylor Medical College in Houston. In 1984 she received her Doctorate of Medicine and received her diploma from famed heart surgeon Dr. Michael DeBakey. Dr. Veggeberg serves on the Golden Spread Council of the Boy Scouts of America and will be on the Board of the Amarillo Symphony beginning in June.

Michael D. Ortiz is currently a photojournalist for WFAA-TV in Dallas. After graduation at FHS Mike attended DeVry University in Irving, Texas and Odessa College in Odessa, concentrating in telecommunications management and computer networking. In Midland he worked for KWES-TV before moving on to TV stations in Harlingen, Weslaco, and

Baltimore, Maryland, before moving to WFAA in Dallas last year.

He has won many photojournalist awards including an Edward R. Murrow Award and an Ethnic Multicultural Media Academy (EMMA) award, along with winning an Emmy and receiving multiple Emmy nominations with the Lone Star Emmy Chapter. He has covered stories such as Hurricane Katrina, presidential visits, Obama's second inauguration, and the Newtown, Connecticut mass shooting.

His work has been aired on CNN, Good Morning America, The Today Show, ABC World News, and NBC Nightly News with Brian Williams. Mike was the photographer in a helicopter covering a train explosion with over 5 hours of live non-stop coverage for the national TV networks. He also does freelance sports coverage of the Dallas Cowboys, Mavericks, Rangers, and spring training in Phoenix.

Mike has two brothers, Stephen and Nicholas. He is the son of Fidel and Mary Ortiz of Friona.

Congratulations to Ms. Murdock, Dr. Veggeberg, and Mr. Ortiz on your accomplishments and the example you set for our FHS students.

## Letters to the Editor

Dear Editor,

So many people in my town have had everything taken from them by the Double Diamond Fire. Recovery is going to take a lot of time and money. I would like to ask that if your people are able to help, it would be greatly appreciated.

Following are foundations where 100% of the donations will go to the victims. They are not taking any overhead at all. Again, all the donations with these three groups will go to the victims.

The Hutchinson County United Way- 100% of that money will go to victims- no overhead. They have donated \$25K and are challenging companies to match it. Hutchinson County United Way P.O. Box 1430 Borger, TX 79008

Amarillo Area Foundation is working with Hutchinson County and 100% of that money will go to the victims. Checks made out to Amarillo Area Foundation The address is 801 South Fillmore, Suite 700, AMA 79101. Has to be noted in the memo that it goes to Hutchinson/Fritch. Online, you can go to AmarilloAreaFoundation.org but memo Hutchinson/Fritch there also.

If you could let your people know I would appreciate it. So many have lost everything. It is truly like a war zone. One house will stand, and then another is just a pile of ash, literally. I love living in the panhandle because of the people and their spirit. We are shell shocked right now and with the love and support of people around us, we will recover and hopefully be stronger than before the fire.

With great appreciation,  
Tara Huff

The old and the new. After more than 40 years, the Friona Star building on Main St. has a new sign. The old wood letters have withstood the sun, rain, snow, and wind but were showing the wear. Bobby Thompson and his son Collin installed a brand new sign on the front of the building last week. Bobby is the owner of Glass Pros and he is a sign pro too. The metal sign, designed to look like the newspaper masthead, should last for another half century. We saved the old wood letters and will preserve them for history.

Is it raining yet? The weather people say it is going to maybe rain for several days. Let's hope they are correct. The first day of summer is not until June 21.

We hope you like this week's Class of 2014 Graduation Issue. We have featured the 77 graduates of the Class of 2014 and hope that all of their goals and dreams come true. They will embark into the real world following commencement ceremonies at 8:00 p.m. Friday May 30 at Chieftain Field.

Darla Bracken's grandson Morgan Paul Davidson was a cast member of the Seminole one-act play, "The Golden Boy", that won the 3A state one-act play competition Monday.

Clara Rector Trowbridge of Hereford celebrated her 91st birthday May 7. Her son Murl May from Del Valle, daughter Teena Zavattieri of Powder Springs, Tennessee, and son David May and wife Sandy of Amarillo all attended her birthday. Clara says she likes to work the Texas Crossword puzzles in the Friona Star. Happy birthday Clara.

Kim DeWit, daughter of Harry and Margret DeWit, has plans to spend the summer in Holland helping her grandparents on their asparagus farm. Margret said her parents har-

vest asparagus and sell it from a barn on their property. The DeWits own Blue Sky Farms/High Plains Dairy. Have a great summer Kim.

The Friona swimming pool has a new paint job and maintenance thanks to the city employees. The pool will open in early June. Kendall Kimbrough will be the manager. We will try to have more pool details next week.

Andy Montana is moving his insurance office to John Mars' building on Hwy 60 next door to Blackburn Hardware. The move is official June 1.

Mr. and Mrs. Mitchell Smiley celebrated 33 years of marital bliss last week. Congratulations to Mitchell and Kim and all of their Smiley family.

The 2014 Friona High School yearbook is being dedicated to Gayle Murdock. Gayle is retiring after 39 years as an FCCLA teacher/coach for Friona ISD. She was also inducted into the school's Hall of Honor Sunday. See the neat photo I took of Gayle on the front page with a cake, flowers, strawberries, and punch. Enjoy your retirement Gayle and thanks for your years of service to the kids of Friona.

A short Memorial Day service will be held at 1:00 p.m. Monday at Friona Cemetery.

The service is sponsored by the American Legion and everyone is invited to attend to remember our veterans. The cemetery always looks great on Memorial Day with the flags flying.

Over in Bovina, Alice Stone is retiring after 34 years at Bovina ISD. Been friends with Alice and Jessie since 1995 when I visited Bovina every week when we published the Bovina Blade. She is a fine lady and I wish her well.

Former Friona teachers Terry Hunt and Stephanie Barrett will be teaching in Bovina next school year. Terry is a half-day teacher for dyslexic students and Stephanie will teach math.

According to the Castro County News the Dimmitt Country Club and Golf Course will close July 15. The owners have attempted to find a buyer but have not been successful, plus there are water and maintenance expenses. Lack of revenue and memberships were cited as causes of the closure.

Let's hear it for former resident and Friona grad Justin Boyd. He graduated from law school in Oklahoma City after three years of study and is now free to get back to Texas. He follows in his dad Byron's lawyer footsteps. Good job and much success Justin.

They gathered the aluminum cans from the senior class trailer there on the south side of Kendrick's Farm Store. People had been donating cans for most of the year. They hauled them to a recycler in Clovis and made \$596.00. The money is used for the all-night drug free party held after graduation. So thanks to all who pitched in a can.

Don't forget the teacher retirement reception next Wednesday May 28 from 3:00 to 4:30 p.m. at the Fisd administration building as six of our teachers hang up the chalk and erasers. (Yes I know that is old fashioned.) Everyone is invited to drop by and have a cookie and say bye and good luck to our retiring teachers.

I write a lot of words every week but at times words fail. Our sympathies to the Osborn family on the tragic loss of Mark and Deirdre's son Aaron. He died in a traffic accident in Lubbock last Sunday afternoon. Aaron was 22 years old, a 2011 FHS graduate. A memorial service will be held at 4:00 p.m. Thursday May 22 at First Methodist Church.

If you have any news or events taking place in the summer let us know. We have to work hard to find news in the lazy days of summer so help us out. Send us your favorite vacation photo or any other news/photos that would be interesting to your neighbors.

I did not write my weekly Out Here column this week. We ran out of time and space trying to put together this graduation edition. If you were wondering what I might have written about, watch the national and cable TV news about how the Obama Democrats are still misleading the American people, now screwing up the Veteran's Hospital system. That is just one issue plaguing the Democrats. Do not see how an informed voter could vote for the Dems this year. No doubt I will return to my column next week. See you there. Until then!

### WHY?

"Why? Why? Why?" Sounds like the end of an episode of "I Love Lucy". When Lucy cried it sounded like she was saying "Why". But, when you think about it, 'why' is one of the first questions we learn to ask as a child. "Mommy, why is the sky blue?" "But why Mommy?" and on and on. As we get older we just keep up the habit. "Why do I have homework?" "Why am I grounded?" "Why can't I go out with my friends?" These days I catch myself asking "Why" on a regular basis. I know what you are thinking, "You are a reporter. You have to ask questions for a living." Some 'whys' make us cry and others make us scratch our heads in wonder. Lately my 'why' questions are centered around life in general. Why do we wear makeup? Why did I comb my hair on

this windy day? Why do we love? Why do we hurt? Why do good people have to die? Why did I turn at that corner? Why are these wrinkles showing up now? Why are we lonely when we are surrounded by people? Why did they bring back 'Dallas'? Why is life so hard sometimes? Why does this or that hurt? Why did they cancel my favorite show? Why didn't I just say yes? Why are there so many people using the word 'racist' these days? Why can't people admit to their faults? Why can't we just admit when we are wrong and say 'I'm sorry'? Why do movies and television make life, and love, look so darn easy? Why is everyone in such a

hurry? Why is she going on about why? Of course, many of these questions could be followed by "What, How, When, Where and Duh?!" I don't remember having an infinite number of "Why's" when I was younger. It just seems as I get older they dominate my thinking process. Maybe I am going through my second childhood and 'why's' are the new norm. I wonder why they call it a 'second' childhood? Wasn't one enough? I would like to thank the churches and school organizations that have provided me some of the most delicious meals in the last six weeks or so. We have a saying in the newspaper business. "We work for food!" Thank you again for a lovely time and the yummy food!

He wanted to be around family and friends every minute. He wasn't one to sit around, he had to be busy playing guitar, going to the farm, or coyote hunting. ## Panhandle Parables

### I Forgot

**JEFF PROCTER, Minister, 6th St. Church of Christ**

Let me see here, what was it that I was going to share with you this week? I made a note so I wouldn't forget, but now I can't seem to remember where I put that note. It must be in the last place I had it; at least that is what my mom would say when I lost a toy or something. Ok, I do know that it was important...nope still nothing. Maybe I could... Wait, wait it is coming to me, wait for it...wait...NOPE, nothing, nada, zilch.

Seems like sometimes remembering things is tough, we get so distracted by so many things you just forget, UNTIL you remember which is usually too late. I don't think I am alone in this world of forgetting and then remembering later only to forget that I forgot in the first place, and if by chance I am alone its ok I will likely not remember that either just give me a minute.

Ok back to this article, what was it that was so important that I didn't want to forget to share because I wanted you to remember it too? Mother's day!! That's...no that's not it that was two weeks ago. Graduation is next...well that is sometime soon but that doesn't ring a bell either. It's a big thing, people will be traveling, cooking out and launching summer... OH, I remember, Memorial Day.

Memorial Day, a day to stop, remember and give thanks for those who have served this country so valiantly, many of which did so at the cost of their life. We are to remember. God, through His Word often reminds us to remember things. He told the Israelites to remember the Exodus. Jesus told us to remember Him at the partaking of the Lord's Supper. There is something powerful about remembering that helps us walk into the future.

So I encourage you take a little time, drive out northeast of town, you can't miss it the flags will be everywhere out there and remember those who served and are now gone. Remember, if you don't forget.

## Dangerous Deceptions Regarding Homosexuality (pt. 3)

**BRETT HOYLE, Pastor, First Baptist Church**

Homosexuality has gone to great lengths to present itself as a healthy lifestyle that is viable in our day and age, but the truth is that homosexuality is not a healthy lifestyle.

For example, homosexuals have a shorter life expectancy than their straight counterparts. Two decades ago a study placed their life expectancy at 20 years below the norm, the Government's Center for Disease Control is clear that the leading demographic of new HIV infected persons are gay men.

The homosexual lifestyle is unhealthy as shown by the higher likelihood to contract sexually transmitted disease and decreased life expectancy.

Further, homosexuals are more likely to battle depression, anxiety and even attempt suicide than the heterosexual population, although this is hesitantly admitted by the homosexual community. For example the Government's CDC website says it this way, "The majority of gay, bisexual, and other men who have sex with men (MSM) have and maintain good mental health, even though MSM are at greater risk for mental health problems."

The truth is that God made men to be masculine and women to be feminine and express their sexuality within the marriage covenant, heterosexually, not homosexually. When you follow God's design there is great blessing and joy, as seen in recent studies that married couples live longer, healthier and happier lives than any other demographic.

To enjoy God's design, though, it begins with a personal relationship with Jesus Christ, and from there a person is able to pursue God's plan for their life. (For more on this topic visit [www.fbofriona.com](http://www.fbofriona.com) & the message dated Feb 9, 2014.)
