## Band boosters meeting and television raffle

The Friona High School Band Boosters are raffling a 50" flat screen television which has been generously provided by Bi-Wize Pharmacy and Furniture. Tickets are \$1 and available from any Band Booster. The drawing will be held on Saturday, October 4 at 1 p.m. at the FHS Band Boosters booth in the park during the Maize Days celebration.

The Chieftain Band Boosters will meet Monday October 6 at 6:30 p.m. in the high school band hall. They will be finalizing plans for the week of the band's marching contest. All parents and boosters are urged to attend.

## Pink Out Chieftain Field Oct. 24

October is Breast Cancer Awareness month, and the Cancer Coalition is sponsoring a "Pink Out" game October 24, when Friona hosts River Road. Everyone is invited to participate. Pink Out shirts are available through October 8 by preorder only at the Chamber office, Library, or by contacting the coalition at (806) 206-0743.

Games are also being played this year in Lazbuddie, Farwell and Bovina, throughout the month. If you wish to participate in one of those games, please contact the local high school office.

The Parmer County Cancer

Coalition has given back almost \$35,000 to local cancer patients since 2010. The Coalition has had the opportunity to affect well over 60 families in the county with their medical expenses.

In addition, the Coalition contributes to the larger goal of cancer treatment by funding the American Cancer Society on a yearly basis. Through donations and participation in fundraisers, the community has given over \$16,000 to the ACS.

Those interested in receiving help from the coalition through our grant program may complete the grant ap-

plication printed in the Friona Star, and return it to the address listed.

We are thankful for the many people who have given their time and donated their money to helping fight cancer in Parmer County. We receive numerous memorials and donations throughout the year from loved ones who have lost someone to cancer, or from people wishing to simply help the cause.

Memorials and donations can be made any time by deposit at Friona InterBank, or by mail to: Parmer County Cancer Coalition, 1205 W 6th, Friona, TX.

## PMC & Friona Health Clinic offering flu shots

The influenza shot clinic that Parmer Medical Center offered last year at Friona Senior Citizens was such a success, they are going to offer it again this year. The influenza (flu) vaccinations will be given at the Friona Senior Citizens building located at 1410 Washington on Thursday, October 9 from 11:00 a.m. to 1:00 p.m. The charge for the vaccination will be totally covered if the recipient is a subscriber to traditional Medicare. For all other vaccination recipients the cost for the injection is \$29.00.

Medicaid will not cover the charge for the vaccinations received at Friona Senior Citizens but will cover the cost for vaccinations received at Friona Rural Health Clinic located at 1307 Cleveland Avenue. For more information, call Rhonda Wilkins at 806-250-2754 or Susie Spring at 806-250-2781.

## Panel discussion to focus on health care

By Rhonda K. Sanders, LMSW

A panel discussion to focus on health care in the community and advanced care planning will be held on Tuesday, October 14 from 6-7 p.m. in the Friona Heritage Estates Day Room. Refreshments will be provided.

The topics of aging in place, health care, advanced directives, caregiver roles, doctor's appointments, help in the home, etc. are generally not part of family conversations until they begin to occur or are needed immediately.

The purpose of the panel discussion is to help raise awareness of the benefit of collaborative community health and advanced care planning. A diverse panel member will be present to have an open dialogue regarding issues that are prevalent with taking care of a loved one or aging in place.

The U.S. Bureau of Statistics (2010) reports that persons over 65 years of age in Parmer County is 12.4%. In Texas, the statistic report for persons over 65 years of age is 11.2%.

By 2030 it is projected that one in five peo-

ple will be 65 or older (Federal Interagency Forum on Aging-Related Statistics, 2000). The population of persons over 65 years of age is on the rise.

Parallel to this figure is the need for some type of assistance with activities of daily living due to decline in physical and/or mental health related to aging of a disease process.

The community is encouraged to attend the panel discussion to consider advanced care planning and collaborative community health issues.

Open dialogue before the need can prove very helpful. Addressing business and health care issues before a crisis is an enabler to making informed decisions, not forced decisions. The mind can operate more clearly if it is not operating from an emotional response.

For more information, contact Rhonda K. Sanders, LMSW at Bluebonnet Home Health and Hospice at 806-247-0057 or Dawn Campos, LVM at Friona Heritage Estates at 806-250-5599.

## love field finally grows up

On January 12, 1972, Billy Gene Hurst Jr. of the lobby, a USO lounge and restaurant on the mezzanine where people came to have lunch or dinner and watch the airplanes take off and land. Braniff's BI Club on the mezzanine where I spent a lot of time before boarding. Later on I had a lifetime membership in the Braniff Club but I've lived longer than it did.

Love Field was named by the U.S. Army in October 1917 for Moss L. Love, a soldier that died in a plane crash in September 1913 near San Diego. It was originally a WWI flight training base. The City of Dallas bought it in 1927. In 1932 they built the first paved runways.

In March 1939 there were 21 daily passenger departures, 9 American, 8 Braniff, and 4 Delta. The original Love Field terminal opened March 9, 1947. By 1952 Braniff had 52 daily flights, American had 45, Delta had 25, and Trans-Texas had 21.

In 1973 Love Field had 70 gates. Today the new terminal has only 20. Southwest refused to move to DFW Airport when it opened in 1974. They were subsequently restricted by the Wright Amendment to flying only to cities in Texas, Louisiana, Arkansas, Oklahoma, and New Mexico.

They could fly to other cities but they had to stop first in a city in one of the five states. For example, their Las Vegas flights stopped first in Amarillo which allowed Amarillo folks non-stop flights to Las Vegas. As of Monday October 13, 2014, they can fly nonstop from Love Field to Las Vegas, bypassing the Amarillo stop.

During my Braniff sales department days we were often sent to Love Field during busy holidays to assist passengers with luggage, direct them to their gates, and provide smiling PR for passengers in distress from delays and cancellations. Those were good days.

I loved Love Field. I wish it well.

On Monday, October 13, 2014, the sky's the limit for Dallas Love Field.

That is the day the restrictions on Love Field flights expire. Airlines using Love Field, notably Southwest, United, and Virgin Atlantic can fly to any destination. Unfortunately, this week the City of Dallas told Delta they could not fly out of Love Field after October 13. Southwest is planning to fly to a whole bunch of new destinations from Love Field.

The new Love Field terminal has 20 gates, 16 for Southwest and 2 each for United and Virgin Atlantic. American stopped flying out of Love Field several years ago but leases their 2 gates to Virgin Atlantic.

I started work at Braniff Airlines in April 1959. Over the next 25 years as an airline employee then travel agent, I spent a lot of time at Love Field. Took my first flight on a Braniff DC-7 propeller airplane to Denver with stops in Lubbock, Amarillo, and Colorado Springs.

I have good memories of the Love Field atmosphere. The big bronze Texas Ranger statue in

the lobby, a USO lounge and restaurant on the mezzanine where people came to have lunch or dinner and watch the airplanes take off and land. Braniff's BI Club on the mezzanine where I spent a lot of time before boarding. Later on I had a lifetime membership in the Braniff Club but I've lived longer than it did.

## Town Talk II

By Ron Carr • Phone: 250-2211 • Fax: 250-5127 • Email: frionastar@wtrt.net

I'm a little late with this info. Bi-Wize Pharmacy has started closing during the lunch hour 12-1pm. Just the pharmacy, not the whole store. Also if you or someone in your family takes the pain killer Hydrocodone, the rules for getting a prescription are changing as of Monday October 6, making it more difficult to get the drug. Ask Andy at the pharmacy for details.

Band boosters meeting Monday October 6 at 6:30 p.m. in the high school band hall. The boosters will be finalizing plans for the week of the band's marching contest. All parents and boosters are urged to attend.

The Chamber of Commerce awarded scholarships to the top participants in the Miss Friona pageant. Miss Friona Kendall Barnett receives a \$1,000 scholarship. Arianna Moreno, 1st runnerup, receives a \$700 scholarship, and Christina Green, 2nd runnerup, receives a \$500 scholarship. Receiving a \$100 scholarship were Karina Hernandez (3rd place), Courtney Bunker (4th place), Arianna Moreno, talent winner, and Kim DeWit Miss Congeniality. Thanks to all the girls who participated in the pageant.

The Friona United Methodist Church will have a special 100 year anniversary church service Sunday October 9 at 10:45 a.m. A catered luncheon will follow. They also are offering a cookbook with the church history for \$30, plus \$5 shipping if you want it shipped. To RSVP for the luncheon and/or order a cookbook call the

church office at 806-250-3045.

Flu shots will be given at the Senior Citizen building, 1400 Washington, on Thursday October 9 from 11:00 a.m. to 1:00 p.m. If you have Medicare the cost will be covered. For others the cost is \$29.00. Medicaid will not cover the shots at the Senior Center. Medicare and Medicaid will cover shots at the Friona Rural Health Clinic. For others the shots at the clinic are \$29. For more info call Rhonda Wilkins at 806-250-2754 or Susie Spring at 806-250-2781. Flu shots will not be available at the Bi-Wize Pharmacy this year.

The Maize Days parade will be held Saturday October 4 beginning at 10th and Main at 10:00 a.m. After the parade a Pumpkin Patch will be available at the Milk House Market, 1017 Main St, Main and Hwy 60. Great opportunity to get your yard decorations and Halloween pumpkins.

The Friona volunteer firefighters will be selling raffle tickets and sausage wraps at the city park Saturday. Tickets to win the 4-wheeler and trailer are \$10. The sausage wraps are usually a buck or two and they are very good. In the past they've had spicy and regular. Stop by their booth next to the Old Depot and support our local fire department.

Enjoyed a visit with a couple of folks from the past this week. Marlene Mueller, who was employed at the Star for 20+ years, stopped by last Friday. She and Joe are re-

tired and living in north Amarillo enjoying life. She said they bought a Mini-Winnebago and do some traveling. Marlene was in town to visit with her sister Mayme Gee who is in ill health in the hospital. It was good to see you and hug your neck Marlene.

After 13 years in the US Navy and two years living in Idaho, David Woody has returned to Friona. He is married with two kids now. Years ago when he was in high school and walked home after school he would often stop by the Star office and visit with me and Marlene. He stopped by Monday again to say hello. Thanks for your service David. You done good.

Memorial services for Raymond Auburg will be Friday October 3 at 10:00 a.m. at Victory Family Worship Center. His daughter Cindy says he loved John Deere so feel free to wear something John Deere green in his honor. He passed away Monday September 29.

How many plastic bags are used in California in a single day? Well Governor Jerry "Moonbeam" Brown just signed a law banning plastic bags in California effective in July 2015. The bill allows stores to charge for reusable or paper bags. Plastic bag manufacturers say it will result in a loss of jobs in California. (San Francisco and Los Angeles already have a ban on plastic bags.) Here in Texas, Austin has banned plastic bags and Dallas is talking about it. My son Zac lives in Austin. Guess I should ask him how the ban is working.

I stopped by Heritage Es-

tates Sunday afternoon for Mr. Kenneth Carson's 96th birthday party. He is Sherry Atwell's dad. Was good to see Kenda Dunnam and daughter Keeley and Shannon Bullard. Kenda and Shannon are Mr. Carson's granddaughters and Keeley is a great granddaughter. It was a four generation party with cake and ice cream. Enjoyed the visit.

At the Little Miss Friona pageant Pedro Ramos asked Little Miss escort Abram Rocha if he was glad he was an escort. He got some laughs from the audience when he said "no". Reminded me of what they taught us when I worked in airline reservations: never ask a yes or no question.

Monday October 6 is the last day to register to vote

in the November 4 election. Early voting is October 20-30 in Farwell. Early vote days at Friona Interbank will be October 21, 23, 24, AND 30. You can register to vote at FreeVotersGuide.com.

The annual Nazarene Christian Academy auction in Hereford is Saturday, October 4. See the ad elsewhere in this Star for more detail.

Carol Ellis took a tumble a while back and broke her wrist. She had surgery on it Monday and is home recuperating. Take it slow and easy Momma Carol and heal soon.

Well, the homecoming game and Saturday Maize Days celebration are finally here. Looks like it is going to be some really

good weather Friday and Saturday. Homecoming queen ceremony will start at 7:00 p.m. and Chieftain kickoff vs. Lubbock Roosevelt is at 7:30 p.m. The game will be broadcast on KNNK 100.5 FM and WT Services channel 6, and online at KNNK.com. The Maize Days parade begins at 10 a.m. Saturday morning with activities in the city park following. Everybody enjoy Maize Days.

I was overjoyed to receive my Medicare & You 2015 book this week. It is 152 pages of mind numbing information about Medicare and me. I still haven't read my 2014 book yet. Oh well. Hope you got your copy. If you find something in it I need to know call me please. Until then!

Mr. Kenneth Carson celebrated his 96th birthday Saturday with family and friends at Friona Heritage Estates. He is Sherry Atwell's dad. Shown with Mr. Carson are Jim and Sherry Atwell and, standing, granddaughters Kenda Dunnam and Shannon Bullard with great granddaughter Keeley Dunnam, center.

### Into the sunset

Last Wednesday was the last time that the Friona Star will be printed just 21 miles away in Hereford at North Plains Printing.

Last Friday was the last time the hum, thump, slap, thunk of a newspaper press would be heard at North Plains Printing. The sounds will echo throughout that building for eternity.

The smell of paper and ink permeates every inch of every wall in the building.

No longer will print suddenly appear on blank white pages with blue, red and yellow added to create colorful newspapers.

Soon North Plains Printing will be erased from the books and be only a memory. Nevertheless, the one person that will remember is the pressman that ran that press for over 40 years.

According to the pressman, North Plains Printing did not start its life at its present location. It was opened along the railroad tracks on Hwy. 60 for easy access for paper deliveries that were shipped in by train.

He began his career in that building while still in high school. His boss, Casper, helped him work his way up from "catching fly" (bundling the papers as they came off the press) to editing film and to eventually running the 6-unit press.

He spent forty years learning every click and bang of that press. She became his baby.

His eye for color made the papers he printed the best and most appealing papers for the customer and the reader.

He learned how to correct a mistake so that even the writers and designers would never know there was a mistake.

When he began his career, he was just one of a staff of 6 to 10. By the end of his career due to cost cutting measures that staff was he and one assistant.

There was always an assistant to help with the burning of plates (a large metal sheet with the newspaper burned onto it), putting plates on the press, cleaning the press and catching fly.

The assistants have come and gone but the one constant was the pressman.

His pursuit for the perfect newspaper/print job was brought to an abrupt end last week.

No longer will he order semi-truckloads of paper and ink.

No longer will he have to southern engineer the press to make it work a little longer.

No longer will he have to deal with customers who have issues with deadlines.

He will no longer pace up and down checking

and rechecking every nuance and tension of the press and the current print job.

I had the honor of working with this pressman for over three years. It was indeed an honor to watch him in his search for perfection. I caught fly for him a few times while I was at the Hereford Brand. It is harder than it looks.

I watched him last Wednesday go about the job of printing the Friona Star as if the business was not closing.

However, there was a shadow that crossed his face when he looked at the press, his baby, knowing that soon she would be taken apart and sold to the highest bidder. It was the sad expression of one saying goodbye to a beloved family member before they passed away.

What will happen to the pressman and his assistant?

The assistant will move on to another job but for the pressman forty years of his life was spent honing his craft. He will find something to do but he will have a cavern as deep as the Grand Canyon in his life and heart that will never again be filled with the fulfillment of a job well done.

From the Friona Star staff, Thank you Rick for making our newspaper look so great! You will be missed.

## It's Maize Days

Congratulations to all of our Miss Friona contestants, Little Miss contestants and to our Friona Chieftains who make our Maize Days a success. We also look forward to seeing all of our Friona Exes at Homecoming.

Thanks to our Chamber of Commerce for making it happen.

### Ronin Matthew King

"After much anticipation, Rhett and Andrea King would like to announce the birth of their first child and son, Ronin Matthew King. Ronin was born on August 31, 2014 at 3:20 a.m. in Irving, Texas, weighing in at 7 lbs. 0.9 oz. and 19.75 inches long. Randy and Sarah Geries, parents of Andrea, drove all night from Friona to Irving as he was making an early debut! Elaine King, mother of Rhett, was also in attendance for the grand reveal, as she hails from Duncanville. We are happy to share that dad, mom and son are all doing well! The Kings currently live and work in Dallas, Texas."

The Friona Evening Lions Club met Thursday, September 25. Darla Bracken, Friona Public Library administrator Darla Bracken, right, spoke to the club. Also attending were, left to right, Dr. Martha Horton, of Aspen, Colorado and program chairman Clarence Martin.

### Bracken addresses Evening Lions

The Friona Evening Lions met Thursday, September 25 with Friona Public Library administrator Darla Bracken presenting the program. Clarence Martin was the program chairman with sixteen members and guests present for the meal and meeting.

Bracken spoke on the book "The Things They Carry" by author Tim O'Brian. O'Brian's novel is the fictionalized account of his military service in Vietnam. The book follows the lives of several men who were in the war.

"The title tells all the many items soldiers might carry into battle," stated Bracken. "Each man had at least 85 pounds. This would include extra boots, a helmet, flack jacket, poncho, weapons, ammunition, mine sweeps and other survival equipment. Then each man might add a personal thing, like a Bible or a letter or a good luck charm"

### Obituary of Somebody

? - 2014

JEFF PROCTER, Minister, 6th Street Church of Christ

Sad news came today in the loss of one of our dear brethren. Somebody was a hard worker for the Lord. In fact, Somebody did most of the work that Anybody could have done.

Somebody always checked on Anybody and Everybody. He visited the widows when Nobody was around. He volunteered down at the hospital to help out Everybody.

Somebody taught class for most of his life. Nobody remembers a time without Somebody teaching.

Everybody use to say, "Boy Somebody should get that done." Thankfully Somebody showed up to do it.

Nobody knows what all Somebody did, but if it didn't get done, Somebody was to blame.

Everybody loved him and was thankful for all the work he did.

Nobody found him early one afternoon, because Everybody needed him to do something for Anybody. He passed away from apparent exhaustion never finding anytime to rest because Nobody did anything to help lighten Somebody's load, and Anybody could have helped. Everybody knew Somebody was get-

ting older, but Nobody even knew when he was born.

We are truly saddened at the loss, but thankfully, Somebody is survived by his son, Somebody Else. Our hope is that Somebody Else will fill the shoes of Somebody so that Nobody will have to step up and Everybody will be happy again.

The irony of the whole little tale is most of the stuff Somebody did, Anybody could have done. But then again, you don't want just Anybody doing the Lord's work.

What if it were different?

Somebody showed up to find Everybody and Anybody working hard so that Nobody was left without a job. Everybody was happy because the work that use to belong to Somebody and his son Somebody Else was now done by Anybody and Everybody gave praise to the Lord for the work that was done.

"Anyone, then, who knows the good he ought to do and doesn't do it, sins." James 4:17 NIV

Inspiration from Acapella's song, "Everybody Said..."

## All that You Do...

BRETT HOYLE, Pastor, First Baptist Church

Just recently I was amazed at the clarity of a picture of our car's license plate that was used to bill us for using a toll road in the metroplex area. Although we will probably never know the extent of the data mining, NSA Surveillance or vast records that are kept regarding you and I, we can be sure that all that we do is being monitored.

This isn't anything new, though, because even in Ancient Israel, everything people were doing was also being monitored and recorded.

2 Kings 13:10-13 tells the story of King Jehoash, a King who did what was evil in the sight of the Lord, and who was under complete surveillance by God Almighty. The scripture tells very little about this king, but it

does mention that "all that he did" was recorded in another set of history dealing with Israel.

This phrase, "all that he did," is a reminder that the Lord notices all you or I do, and we will be held accountable for this. Revelation 20:11-15 depicts the Great White Throne of Judgment, in which God opens His books and judges people "according to what they had done."

In fact, next to this book, was also the Lamb's Book of Life, which contained the names of all who are saved by the blood of the Lamb, which is a reminder that the most important decision you can make is to come to Christ in genuine repentance and saving faith, which brings eternal and abundant life.

## Jesus' Death Shows God's Mercy

By TEENA HUGHS

In a recent Bible study, I had to answer the question: How does Jesus' death show God's mercy?

I had to first think about what MERCY is, and simply put, it is not getting what we deserve from God.

And, we do not get what we deserve when we sin. We experience consequences for our sin; but we deserve punishment; in some cases, we deserve condemnation; in others, we deserve death.

But, God is love, and He is patient and kind. He wants us all to acknowledge our sin, ask Him for forgiveness, and repent. For this to happen, He allowed His Son, the only perfect One to walk planet Earth, to die the most horrible of horrible deaths on a cross so I can be forgiven of my sins and not receive the punishment I deserve. And, He does this over and over for me every time I sin.

Is it fair that Jesus, the only perfect One, the One without sin, had to endure so much for you and me? After all, He lived His life as God told Him to; He had a relationship with his Father God; He fulfilled all of His Father's purposes on Earth; He did what we are supposed to be doing. So, after being obedient and perfect in every way, why was it fair that He had to take on the sins of the world?

It boils down to that four-letter word: LOVE. God's love is a love we cannot begin to imagine, because who among us would willingly sacrifice a child for someone else and their sins? He paid the ultimate price demonstrating His love for us. Let us live our lives showing appreciation for what He did for us, and what He does for us ever day; let us live our lives sharing our love for Him with everyone.

Have a great week, and remember to live your life as a praise to God!

**Exempt well registration offers spacing protection**

Persons can now register their domestic water wells, or other exempt wells, with the High Plains Underground Water Conservation District (HPWD) to have the well protected by the district's water well spacing requirements.

"Exempt water wells are defined as those wells that produce 17.5 gallons per minute or less. HPWD Rule 4.2 allows persons to register both new and existing exempt wells," said HPWD General Manager Jason Coleman.

Once registered, Coleman said the well is protected under district spacing requirements from the nearest valid well site or proposed well site. In addition, registered wells are protected by the district's requirements for minimum distance from the nearest property line.

"This can help prevent large capacity wells from being drilled too close to smaller domestic wells," Coleman said.

Persons can register their wells using a one-page form available online at the district's web site ([www.hpwd.org/forms](http://www.hpwd.org/forms)). An accompanying instruction sheet provides details on how to submit the form to the HPWD office in Lubbock. Print forms are also available upon request.

"The latitude and longitude of the exempt well is important for proper registration. Persons can obtain this information for the form by using either Google Maps or a GPS device. Use of Google Maps is discussed in more detail on the instruction sheet," Coleman said.

A \$100 application fee applies if a landowner supplies all necessary information on the district's well registration form, including latitude and longitude.

A \$250 application fee applies if district personnel visit the site to obtain the latitude and longitude of the well.

Once the district receives the well registration form, the well owner will be notified regarding fee payment.

"Well registration for existing wells is completely voluntary. HPWD offers this service to landowners with exempt wells as a means to protect their well site from potential interference," Coleman said.

Additional information about the exempt well registration process is available by contacting Permit Supervisor Juan Peña at (806) 762-0181.

Three Friona High School FFA students traveled to Warren Caterpillar in Amarillo on Wednesday, September 24 to undergo Safety and Operation Training on different types of equipment that will be used in a feedlot situation. Those students were, left to right, Jose Rocha, Lee Caywood and Antonio Adame. These students will also undergo welding and cutting tests, along with a written test and interview conducted by Texas Cattle Feeders on October 21. Passing these areas will provide the students with the Machinery and Maintenance Certification portion of the TCFA Feedlot Technician Certification Program.

## Program offers classes for couples

Wedding planning is hard, but marriage can be harder. Thanks to a program sponsored by the Health and Human Services Commission, couples approaching marriage can build a solid foundation and save the \$60 marriage license fee as well.

The Twogether in Texas program offers premarital education to engaged couples across the state through a network of providers. Couples who go through a class can have their marriage license fee reduced by \$60 and waive the 72-hour waiting period after they get their license.

"The premarital education that couples get in the Twogether in Texas program can set a strong foundation for a marriage and give couples a better idea of the challenges

and others offer free classes.

Couples who complete a class get a certificate that they can take to their county clerk when they apply for their marriage license. The certificate is good for one year and serves as proof that the couple is eligible for the discounted marriage license fee.

Program facts:  
•The marriage education classes and discount for a marriage license were authorized by House Bill 2685 from the 2007 Texas legislative session.

•29,000 people statewide completed the classes in FY 2014.

•There are 2,600 organizations in Texas that provide marriage education classes that qualify for the marriage license discount.

### Parmer County Cancer Coalition Community Assistance Program

To qualify for assistance from the Parmer County Cancer Coalition, an applicant must be a resident of Parmer County for the last 90 days, provide verification of an active/current cancer diagnosis and be actively seeking treatment or hospice care. Applications will be considered yearly. \$500 per qualified applicant will be awarded for the 2014-2015 fiscal year, while funds permit.

## McFarland posts almost perfect picks

Rusty McFarland, of Friendswood, TX, almost perfectly picked all the winners of Week 4 of the Friona Star Football Contest. McFarland picked fourteen games and missed out on a perfect entry by missing the Minnesota/Michigan game. Picking thirteen for a close second were Eric Geske of Friona and Mack McFarland of Crane. Both missed the Minnesota/Michigan game as well as Green Bay/Chicago. Eight prognosticators tied with twelve picks. Those were Jess Dearing, Lester C. Fennell, William Gromowsky, Logan Loflin, Greg O'Brian, Roberto Rios, Christen Stowers and Jimmy Walker. Emcee for the Miss Friona/Little Miss Friona pageant, Pedro Ramos, bonded with the contestants over the Friona Star Football Contest last week. He also managed to get three of the contestants to fill out entries. Chelsie Gomez picked 11 correctly while Ramos had a score of 10. Samantha Davila and JoJo Chacon both correctly picked 9. After four weeks of play Greg O'Brian has pulled into the lead in the overall standings with a total score of 44. William Gromowsky, Mack McFarland and Rusty McFarland are not too far behind at 42.

The Friona Star Football contest has eight more shots at taking away the grand prize of \$100. Just remember to clearly print your name, address and phone number on an official entry form and return it to the Friona Star by 4 p.m. on Friday. Weekly winners earn \$25 and bragging rights.

## Private pesticide applicator training in Amarillo

By Kay Ledbetter

A private pesticide applicator license training will be offered October 9 at the Texas A&M AgriLife Extension Service office in Potter County, located at 3301 E. 10th Ave. in Amarillo.

The training session begins at 9 a.m., according to Nathan Carr, AgriLife Extension agent for Potter County. The three and a half hour training will provide information needed to take the private applicator license test, which will be administered by the Texas Department of Agriculture.

Cost of the training is \$60 and all materials will be provided, Carr said. He said anyone in the Texas Panhandle is encouraged to participate if they need a private pesticide applicator license. The license is for agricultural producers and landowners who apply restricted use pesticides on their property.

Those planning to attend are asked to call Carr at 806-373-0713 by Oct. 7 to reserve a seat.

From the left, Aubrey, Kendall, Samantha, Christina, Courtney, and Paige give a Squaw cheer after scoring a good point.

## Squaws district starts Tuesday

From Coach Bryan Masse

Last Saturday the Squaws hosted the River Road Lady Cats.

The C team started slow and could not find their game and lost 11-25. In the second game they showed they were not going down without a fight and won game two 25-20. River Road rebounded in game three and won 25-20.

The JV played a good match with some awesome serving and won game one 25-14 and hung on for a 25-21 win in game two. The JV team looks to be getting better at the right time before district play starts October 7.

IN the varsity match with River Road the Squaws were not on their game and had trouble playing with energy. Although they struggled to get any rhythm going the ladies still had chances to pull out the win but lost game one 27-29.

Game two was also close until twenty but River Road Made the plays they needed and pulled out a 25-19 win. Game three was a copy of game one. The Squaws had plenty of chances to keep their home record intact but made too many mistakes and fell 24-26.

On Monday the junior high Maidens played Tulia here and came out with two wins. Both the 7th and 8th grade teams swept the Lady Hornets 2-0. The 7th grade used good serving for a 25-6 win in game one. In game two the Maidens played well for a 25-13 win. The 7th A team is 6-1 on the season.

In the 8th grade A team match the Maidens

faced off with a good Tulia team with lots of height. The Maidens used their ball control to come out on top with a 25-19, 25-18 win. The 8th A team is now 10-0 for the season. Next up for the 7th and 8th A teams is the Tulia tournament Saturday October 4.

Tuesday afternoon the teams traveled to Denver City for a non-district match. The C team lost to the Fillies 0-2. The JV was the bright spot of the day as they revenged an earlier loss to the Fillies. The JV Squaws started off hot and won game one 25-21. In game two the Squaws played even for the first half but Denver City got hot with a couple of servers and pulled away to a 25-15 win. In the all-important third game the JV girls handled the pressure and won 25-22.

The varsity team started slow in game one and struggled with serve and serve receive. The squad from Denver City took advantage of the Squaws mistakes for a 25-8 win. In game two the Squaws passed and served better and took a 25-22 win.

Game three was close for a while but errors by the Squaws let Denver City take a lead and finish 25-13. IN game four the Squaws again had problems with passing and serving and lost the match 9-25.

The Squaws host Post and Clovis Christian here beginning at 12:00 p.m. Saturday October 4. District play opens Tuesday October 7 here as the Squaws host Dimmitt. Game times are at 5/6/7 p.m.

# We Support Maize Days!

### J. D. Heiskell & Company | Since 1886

Established in 1886, J.D. Heiskell is a 127-year-old grain and commodity trading business that also operates livestock feed manufacturing and trans-loading facilities in eight western states, and exports grains and commodities to Mexico, the Pacific Rim and the Far East. Since the year 2000, our enterprise has evolved from a small feed company with one manufacturing facility in Tulare, California to one of the nation's premier providers of feed, grain and commodity inputs. Today we have feed handling assets and / or offices in Pixley California, Hanford California, Bliss Idaho, Gooding Idaho, Twin Falls Idaho, Mountain Home Idaho, Wiggins Colorado, Friona Texas, Goodland Texas, Rogers New Mexico and Portales New Mexico and dynamic trading offices in Elkhorn Nebraska, Ankeny Iowa, Amarillo Texas and Portland Oregon. Privately held and professionally managed, J.D. Heiskell and Company is among the top trading companies in the USA and is the country's fourth largest feed manufacturing company by volume. Our culture is driven by relentless pursuit of the highest standards of integrity, accountability, professionalism, excellence and innovation. Customer satisfaction and employee growth opportunities are the benchmarks by which our success is measured. We welcome you to visit our Friona facility located at 1680 US Hwy 60 and meet our team managed by David Musick. Here at J.D. Heiskell we value our surrounding communities and look forward to serving you.
