### Do You Care About Your School?

In the January 12 edition of this newspaper, the Board of Trustees of the Baird Independent School District published an order of election for the purpose of electing two trustees.

This election will be held on April 6, 1968, and to this date not one person has filed to be elected to one of the most important roles in our city, serving as a school trustee.

The question is, do you care about your school? Are you going to do a lot of talking about what should be done in our school system, and not make an effort to do anything about it? Remember there are people who discuss problems maturely and people who converse all day without saying a significant word.

The filing deadline is March 6, in the office of the County Judge at the courthouse, 30 days prior to the election date of April 6.

The Harlem Stars defeated the Baird All-Stars 49-48 in the comedy basketball game Friday night. It was a very enjoyable entertainment-filled hour in the Baird gym before a full house of spectators.

Supt. L. B. Howard expressed his appreciation for the supporting crowd and to all who helped. A special thanks to all the Baird All-Stars: Perry Jennings, Bobby Black, Tommy Higgins, Tommy Holland, Dyer Windham, Pat Sadler and Gary Franke.

—KK—  
April 15 is the deadline for your 1968 vehicle inspection sticker. Frazier Ford Co. and Check Chevrolet Co. are the inspection stations. The cost is \$1.75 so avoid the last minute rush and have your vehicle inspected early.

—KK—  
Three names were omitted from the Chamber of Commerce Banquet Committees in last week's paper. They are: Charles Reeves, Program; Mrs. Jon Hardwick, Decorations; and L. B. Howard Ticket Committee. The banquet will be held on March 22.

## S. N. Dunlap, Jr. Joins The Other Six For Commissioners Race

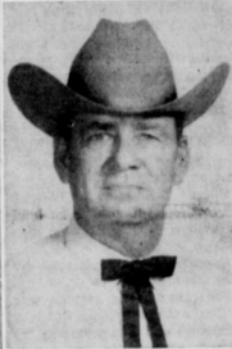

After careful consideration and at the insistence of many friends, I have decided to offer myself as a candidate for Commissioner of Precinct 1, subject to the action of the Democratic primaries.

I take this means to formally announce my candidacy and consider it a privilege to ask your support. I am 54 years old. I was born and reared in Callahan County and graduated from Baird High School. I was married in 1937 to the former Frances Matson. We have two children, both of whom reside in Baird. Rosalyn Schaffrina, a housewife, and Billy Dunlap, who is employed by the West Texas Medical Center in Abilene.

I spent 25 years working in the oil fields and for the past 7 years I have owned and operated Dunlap Texaco Service Station in Baird. I am a member of the First Baptist Church in Baird and of Baird Chamber of Commerce.

I believe that I am best qualified to perform the duties of this office due to my past experience, both in the operation of machinery and in business. I am fully aware of my county's needs and believe that I am in a position to serve it. If I am

elected, I will serve the people of Precinct 1 to the best of my ability -- with honesty, dedication, and integrity.  
Your vote and influence will be appreciated.  
S. N. Dunlap, Jr.

## Grayson Miller Out For Sheriff

The Baird Star has been authorized to publish the following political announcement of this candidate:

I, Grayson Miller, would like to announce to the voters of Callahan County my intentions as candidate for Sheriff of Callahan County.

I am a native of Callahan County and have spent my entire life, 47 years, here, other than the time spent in the US Navy during World War II.

At present, I am stock farming in the Eula Community. My wife, also a native of this County, is the former Jerraine Smedley. We have three sons David, Richard and Paul. David is employed by Abilene Flite, Inc., as a flight instructor, and he is married to the Melba Shelton, also of Baird. The younger boys are still at home and attend school at Eula. If it be the will of the people that I am elected to fill this position, I will do my very best to justify your confidence and fulfill my obligations to the best of my ability.

### Renews One, No Action On Two

The Board of Trustees of the Baird Independent School District met Monday night for the regular business meeting and faculty contract action.

The board accepted the resignation of Vernon Townsend, head football coach and history teacher for the past eight year, to become effective at the end of this school year.

Elementary School Principal Kermit Sorrells received a one year contract, which in turn extends his contract through the 1970 school year. He has been Principal of the Elementary grades for the past three years.

The board took no action in extending the contract of L. B. Howard, Superintendent of the school for the past nine years, and High School Principal Ed Cotton, who has served in that position for the past seven years. Each has one more year contract at the Baird school.

The Board will be accepting applications for a replacement for Mr. Townsend in the near future as his contract expires in May.

## Deadline Herds In Many Candidates

Burk Musgrove

A THREE MAN RACE has developed for the State Representative position from the 63rd District. The 28 year old incumbent Burke Musgrove of Breckenridge, elected 2 years ago, is seeking re-election. Former Callahan County Judge Byron Richardson of Cross Plains announced his Candidacy in Abilene Monday. Bob (Bobby Joe) Mann, a lifetime resident of Mineral Wells, to receive his law degree from UT in June makes the three candidates who will campaign in the five counties of Callahan, Eastland, Palo Pinto, Shackelford and Stephens.

Byron Richardson

The deadline finally arrived and the gate closed around a herd of candidates at mid-night Monday as the last minutes of the filing day came to a close.

The Commissioner's race for Precinct No. 1 seems to be the most sought after post in Callahan County, with seven candidates in the race. Tim Spurrier, Cecil Mings and C. Lee Smith, all of Clyde; A. V. Curtis Jr., Irvin Corn, S. N. Dunlap Jr. and E. L. "Leon" Cheif, all of Baird.

The Sheriff's race will be one of the most interesting, with three men in the race: Grayson Miller of Eula, and J. W. "Wes" Patton of Clyde seeking the office and Homer Price up for re-election for a 5th term.

State Representative Burke Musgrove received two opponents, former Callahan County Judge Byron Richardson of Cross Plains, and Bob (Bobby Joe) Mann of Mineral Wells.

Callahan County Democratic Chairman A. E. Dyer Jr. announced the following list of candidates Wednesday morning, besides the 13 listed above:

For Congressman, 17th District, Omar Burleson.

For District Judge, 42nd Judicial District, Raleigh Brown.

For District Attorney, 42nd and 104th Judicial Districts, Ed Paynter and Richard Price.

TEXAS PRESS ASSOCIATION

AUSTIN—Around and around goes the Texas Liquor Control Board inquiry -- and where it stops nobody knows.

Threatened with disclosures that would "blow the top off" irregularities in operations of some of its field personnel, the board heard enough to rattle its windows at a one-day public hearing here.

Widely-heralded fact finding proceeding before the three-member board developed little evidence.

But the probe, according to LCB Chairman W. D. Noel of Odessa and First Assistant Atty. Gen. Nola White, coordinator, continue behind the scenes.

Gov. John Connally said the fact that only five witnesses showed up for the hearing (when 500 had been invited) was "very disappointing."

Ex-Inspector William B. Groce and Raymond L. Valenta, among seven Dallas LCB employees fired on December 13, provided most of the testimony. They denied any wrong-doing and demanded exoneration of any part in alleged rigged sale of a confiscated \$78 truck and the reported trading of 11 bottles of confiscated liquor to an auto painter.

Dallas Assistant Dist. Atty. William F. Alexander repeatedly questioned Groce and Valenta about their association with a 417-pound private investigator named Smoky Joe Smith. Smith is under indictment on charges growing out of alleged efforts to "fix" liquor license suspensions.

That some partiality was

shown in enforcing liquor laws in the Dallas area, was hinted by the ousted inspectors. But they denied pressure to put any body out of business or any knowledge of license suspension reductions by the board's state headquarters.

White commented after the hearing that no real evidence of wrong-doing developed. Further hearings in Jasper, Dallas, Odessa and Tyler have been suggested.

Meanwhile, new fuel was thrown on the fire by the firing or resignation of the board's supervisor of investigation John W. Crank. Crank said he quit because he was "fed up." The board said he was relieved of his duties.

BUDGET — State agencies now are in the process of presenting their 1968-69 budget requests to the Legislative Budget Board and the Governor's Budget Office.

Staffers in these offices have indicated they can be ready for a special legislative session by the end of February if that time should strike the fancy of Governor Connally.

Budget office personnel are confining their attention to agencies offering major changes in their proposals over funds allocated for fiscal 1968.

CONSTITUTION EVISION — A blue-ribbon constitutional revision commission has set itself a late-May deadline for the processing of study-group proposals for changing the state constitution by sections.

Commission granted its study sub-committees broad leeway as to whether to recommend sweeping "philosophical" rewriting or simple updating of basic laws and elimination of deadwood. Most members appeared to lean toward the latter, and some warned that the legislature is going to do as it pleases anyway with the final handiwork.

POLLUTION SUITS — Two Dallas corporations are suing the Texas Water Quality Board which ordered them to stop releasing untreated sewage into the Sabin River near Orange.

Meanwhile, the board has taken legal action against Harris County Water Control and Improvement District No. 60 to stop the discharges from its plant into Middle Bayou and Clear Lake. Board also called for Spring Branch Utilities, Inc.

**Pierre Kendrick Injured in Accident**

Pierre L. Kendrick, Box 2, Eastland, was seriously injured in a car wreck 2 1/2 East of Baird Monday when his Ford van, loaded with eggs, overturned. The driver was thrown from the vehicle.

Kendrick was taken to Callahan County Hospital for First Aid and then rushed to Kendrick Memorial Hospital for emergency surgery.

Investigating officers were Harold Hamrick and Don Christopher, Highway Patrolmen, assisted by Sheriff Homer Price of Baird.

**Vehicle Stickers Deadline April 15**

April 15 is the deadline for vehicles to be inspected for the 1968 stickers. Inspection stations are Frazier Ford, and Check Chevrolet Co. in Baird.

The 1968 sticker will be \$1.75 instead of \$1.00 as was formerly paid for inspection. You are urged to have your vehicle inspected and avoid the rush in the last few days.

Col. Homer Garrison Pr. reminds car owners that, under new provisions of the law, the inspection will include front seat safety belts in cars where the anchorages are part of the manufacturer's original equipment, 1962 models through the 1968 models. Also the steering wheel of the vehicle cannot have more than a maximum of two inches of play; wheels and rims will also be inspected as part of the new provisions of the law.

to show cause why it should not be ordered to stop pollution of Spring Branch Creek in Houston and Spring Valley with sewage plant effluent.

Inwood Development Co. and Westgate Corporation, owners of Riverside Homes Addition near Orange U. S. Naval Station filed suit after the board told them to tie into the Orange sewage system. Petition claimed the board has no authority over Sabine River since it is the subject of a Texas-Louisiana boundary dispute. Also involved are questions of proof that the plant release is detrimental to health.

Board also learned that Shell Chemical Co. is building a \$4,000,000 secondary waste-water treatment plant at Houston.

COLLEGE SALARIES — A new report from the Coordinating Board, Texas College and University System, has pegged

Dallas County Junior College as the highest paying junior college in the state.

Salaries there average \$8,962 annually. But the highest individual income for a junior college teacher \$13,600, is reported from Tarrant County Junior College in Fort Worth.

One with the lowest average salary rate is Hill Junior College at Hillsboro. Average salary there is \$6,525 per year.

**Helicopter Lands For Fuel Tuesday**

## "WEEKLY MEDITATIONS"

**ALL IS OF GRACE**  
"Romans 4:13: 'Is it not through law that there came to Abraham or to his seed the promise that he would inherit the earth, but it came through that right relationship with God which has its origin in faith.'"

To Abraham God made a very great and wonderful promise. He promised that Abraham would become a great nation, and that in him all families of the earth would be blessed (Genesis 12: 2-3). Now that promise came to Abraham because of the faith, and the trust, and the confidence and the commitment Abraham showed toward God. It did not come because he piled up merit by doing works of the law. It did not come from anything that Abraham had done. It was a result of the outgoing of God's generous grace in answer to Abraham's absolute faith. The promise as Paul saw it was dependent on two things and the things only - the free grace of Abraham. The Jews were still asking, "How can a man enter into a right relationship with God so that he too may inherit this great promise?" Their answer was, "He must do so by winning, earning, acquiring merit in the sight of God by doing works which the law prescribes." That is to say, he must do it by his own efforts. Now Paul saw with clear understanding just what that Jewish attitude had done - it had completely destroyed the promise. It had done so for this reason - no man can fully keep the law; no man can ever live such a perfect life that he never transgressed the law; no man, in his imperfection, can ever satisfy the perfection which is God; therefore, if the promise depends on keeping the law, the promise

can never be fulfilled.

Paul saw things in terms of Black and White. He saw two mutually EXCLUSIVE ways of trying to get into a right relationship with God. On the one hand there was dependence on human efforts; on the other, dependence on divine grace. On the one hand there was the constant losing battle to obey an impossible law; on the other, there was faith which simply takes God at His word.

When we realize that it is not our effort but God's grace and power which matters, then we become optimists, because we are bound to believe that with God nothing is impossible.

## NEW DRIVERS LICENSE OFFICE HOURS TO RENDER BETTER SER.

Major E. K. Browning, Regional Commander of the Texas Department of Public Safety's West Texas Region, announced today that the Driver License offices in El Paso, Odessa, Midland, Abilene and San Angelo will render a better service to the public with longer office hours.

Major Browning stated that Driver License offices in these locations will be open from 8 a.m. to 6:30 p.m. on Tuesday, Wednesday and Thursday. He said, "Since all driver license must be renewed in person, we feel this will help the person who can not come to the office during normal working hours." Office hours of Monday and Friday will be from 8 a.m. to 5 p.m., with the offices being closed on Saturday and Sunday. In Region 4 of the Department of Public Safety these extra hours will be only in the El Paso, Odessa, Midland, Abilene and San Angelo offices. The smaller offices will have normal working hours of 8 a.m. to 5 p.m. Monday thru Friday. Due to the limited personnel these extra hours will be primarily for renewal of driver license.

As a result of a change in the driver license law all driver license must be renewed in person at the various Driver License offices. A person will be given a visio ntest and have his

or her picture taken at the time of renewal.

Major Browning said, "This is another step in continuing to improve the service to the citizens of Texas."
