The sun shines through the Old Depot windows Wednesday morning and snow begins to melt after the area received a dusting of snow Tuesday night. The depot is the center of many activities in the community. The Depot Heritage Society board met Monday evening. The group oversees the upkeep and maintenance of the landmark. Funds are needed to replace several windows. If you or your organization would be interested in donating funds contact Bill White or Nancy Edelson.

## Choir selling singing valentines

The Friona High School choir is once again selling singing valentines. Due to a scheduling conflict with the director, the valentines will be delivered on Tuesday, February 12. They are still only \$10 each.

Your valentine will get a love song sung to them, choreographed by the students, and a personalized valentine card from you. This is a major fundraiser for the choir. Proceeds will help the students earn money for the spring trip in May.

Valentines can be ordered from any Friona high

school choir member or by calling Allison Johnston at 806-220-1610, or by email at [ajohnsto@frionaisd.com](mailto:ajohnsto@frionaisd.com). Leave a phone number or email address where you can be reached and she will get back to you as quickly as possible.

Mrs. Johnston said, "This is the 10th year for singing valentines. Help us make it the biggest year ever. There are 26 groups going out this year and each of them are working hard to make sure your valenting is made to feel extra special. Don't miss out!"

Huseman Construction continues the framing for the new activity center at the high school. The crane at the left was brought in to hang the pre-fabricated trusses in the ceiling of the activity center.

## SnackPak4Kids program continues to grow

From Jo Beth Gipson

SnackPak4Kids continues to grow here in our hometown. We have been blessed with generous donations and gracious volunteers.

At this time we are serving 27 children in the primary and elementary schools. We are exploring how best to serve junior high and to establish a summer program to meet the needs of hungry children.

Many of the participating schools throughout the Panhandle have reported improvements in categories ranging from behavior to performance. You can't ask a child or any human to be at their best when they are starving. They are preoccupied with basics—food, shelter, and clothing.

This preoccupation makes it difficult to succeed in areas such as analytical thinking, long-term planning, and creativity. School curriculum is very rigorous even in the lower grades and this provides us with the opportunity to assist these children by providing some basic nourishment during the weekends when they may not have adequate food.

We must continually seek food donations and monetary donations to sustain this program.

Food donations consist of boxes of Pop Tarts and 18 oz jars of peanut butter. These donations may be brought to the Friona Star office, Friona United Methodist Church, and First Baptist Church, or to the Senior Citizen building on Monday and Thurs-

day. Monetary donations may also be given at the Star and the churches.

If you or your organization would like to sponsor a drive you can contact Becky Jones at 806-382-3984. If you are interested in volunteering contact Jo Beth Gipson at 806-336-1983.

Thanks Friona! Let's keep this worthy project going strong!

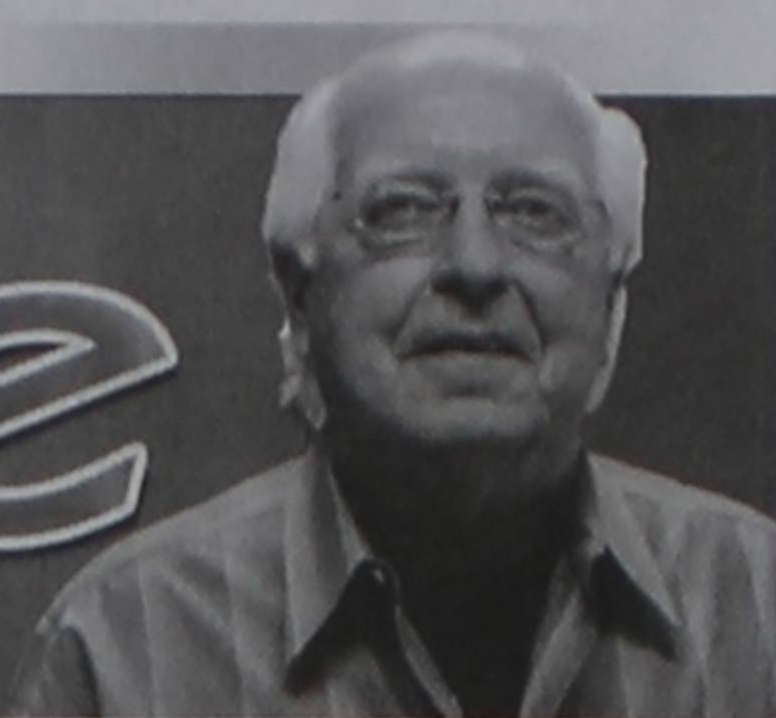

## Chamber of Commerce needs nominations!

The Chamber of Commerce is seeking nominations for Citizen, Man, Woman, Teacher, Boy Student, Girl Student of the Year and Most Courteous Employee. These awards will be given during the Chamber banquet March 5, 2013. Nomination forms available at the Chamber office or on the website, [www.frionachamber.com](http://www.frionachamber.com). The deadline for nominations is 3 p.m. Friday February 15. For information call 250-3491.

## thank you madam clinton

I have been waiting a long time to hear it.

Just wanted a high level Democrat to say it on the record. And Hillary came through last week.

Last Friday, January 25, 2013, during a congressional hearing on Benghazi, Hillary got annoyed that anyone would have the audacity to ask questions. During a series of questions about what she did or didn't do to protect the Americans in Benghazi, she shouted at them: "What difference does it make?"

I love it. That is how the Obama administration views us common Americans. We just don't need to know anything about their business. What difference does it make? They will tell us what we need to know and hide what we don't need to know. Remember the Fast and Furious illegal gun sales to Mexican drug dealers. We never found out the truth about that government sponsored program that got people killed. "What difference does it make?"

Since Hillary appeared in the hearings she has also done an interview on 60 Minutes with

President Obama and an interview with Greta on the Fox News Channel. That is more public interviews than she has done in the last four years.

The only reason Hillary Clinton would appear on Fox News is because she wants something. It is a clear indication that Hillary will run for president in 2016. There is no other reason that she would lower herself to appear on Fox News.

After all, President Obama this week blamed Rush Limbaugh and Fox News for the deadlock in Congress in passing his socialistic agenda. He can't blame George Bush anymore. He owns today's poor economic climate and massive debt. Today's social climate is on his watch. Got to blame somebody.

Last time I noticed there was freedom of the press. It is disturbing when a sitting president of these Untied States would use his office to try and destroy anybody that disagrees with his agenda. Compromise is not a difficult concept. Dissent and criticism are American

freedoms.

The Obamas blast the rich yet cater to them at the same time, taking their donations and doling out influence. Didn't Obama say he would kick out all of the lobbyists and run a transparent administration? Pshaw and pffff! He lied folks. Or you can sugarcoat it with some other definition but a lie is a lie.

"What difference does it make?"

By appearing on 60 Minutes together, Obama used the national forum to endorse Madam Clinton as the Democratic candidate for president in 2016. Not that any of you care since I get the feeling you don't pay much attention to politics.

Until, of course, they come to take your guns away, or reduce payments under the Farm Bill, or raise your income and payroll tax. Then you might pay some attention to politics. Let them take away a bunch of liberties, as long as they don't mess with my liberties.

"What difference does it make?"

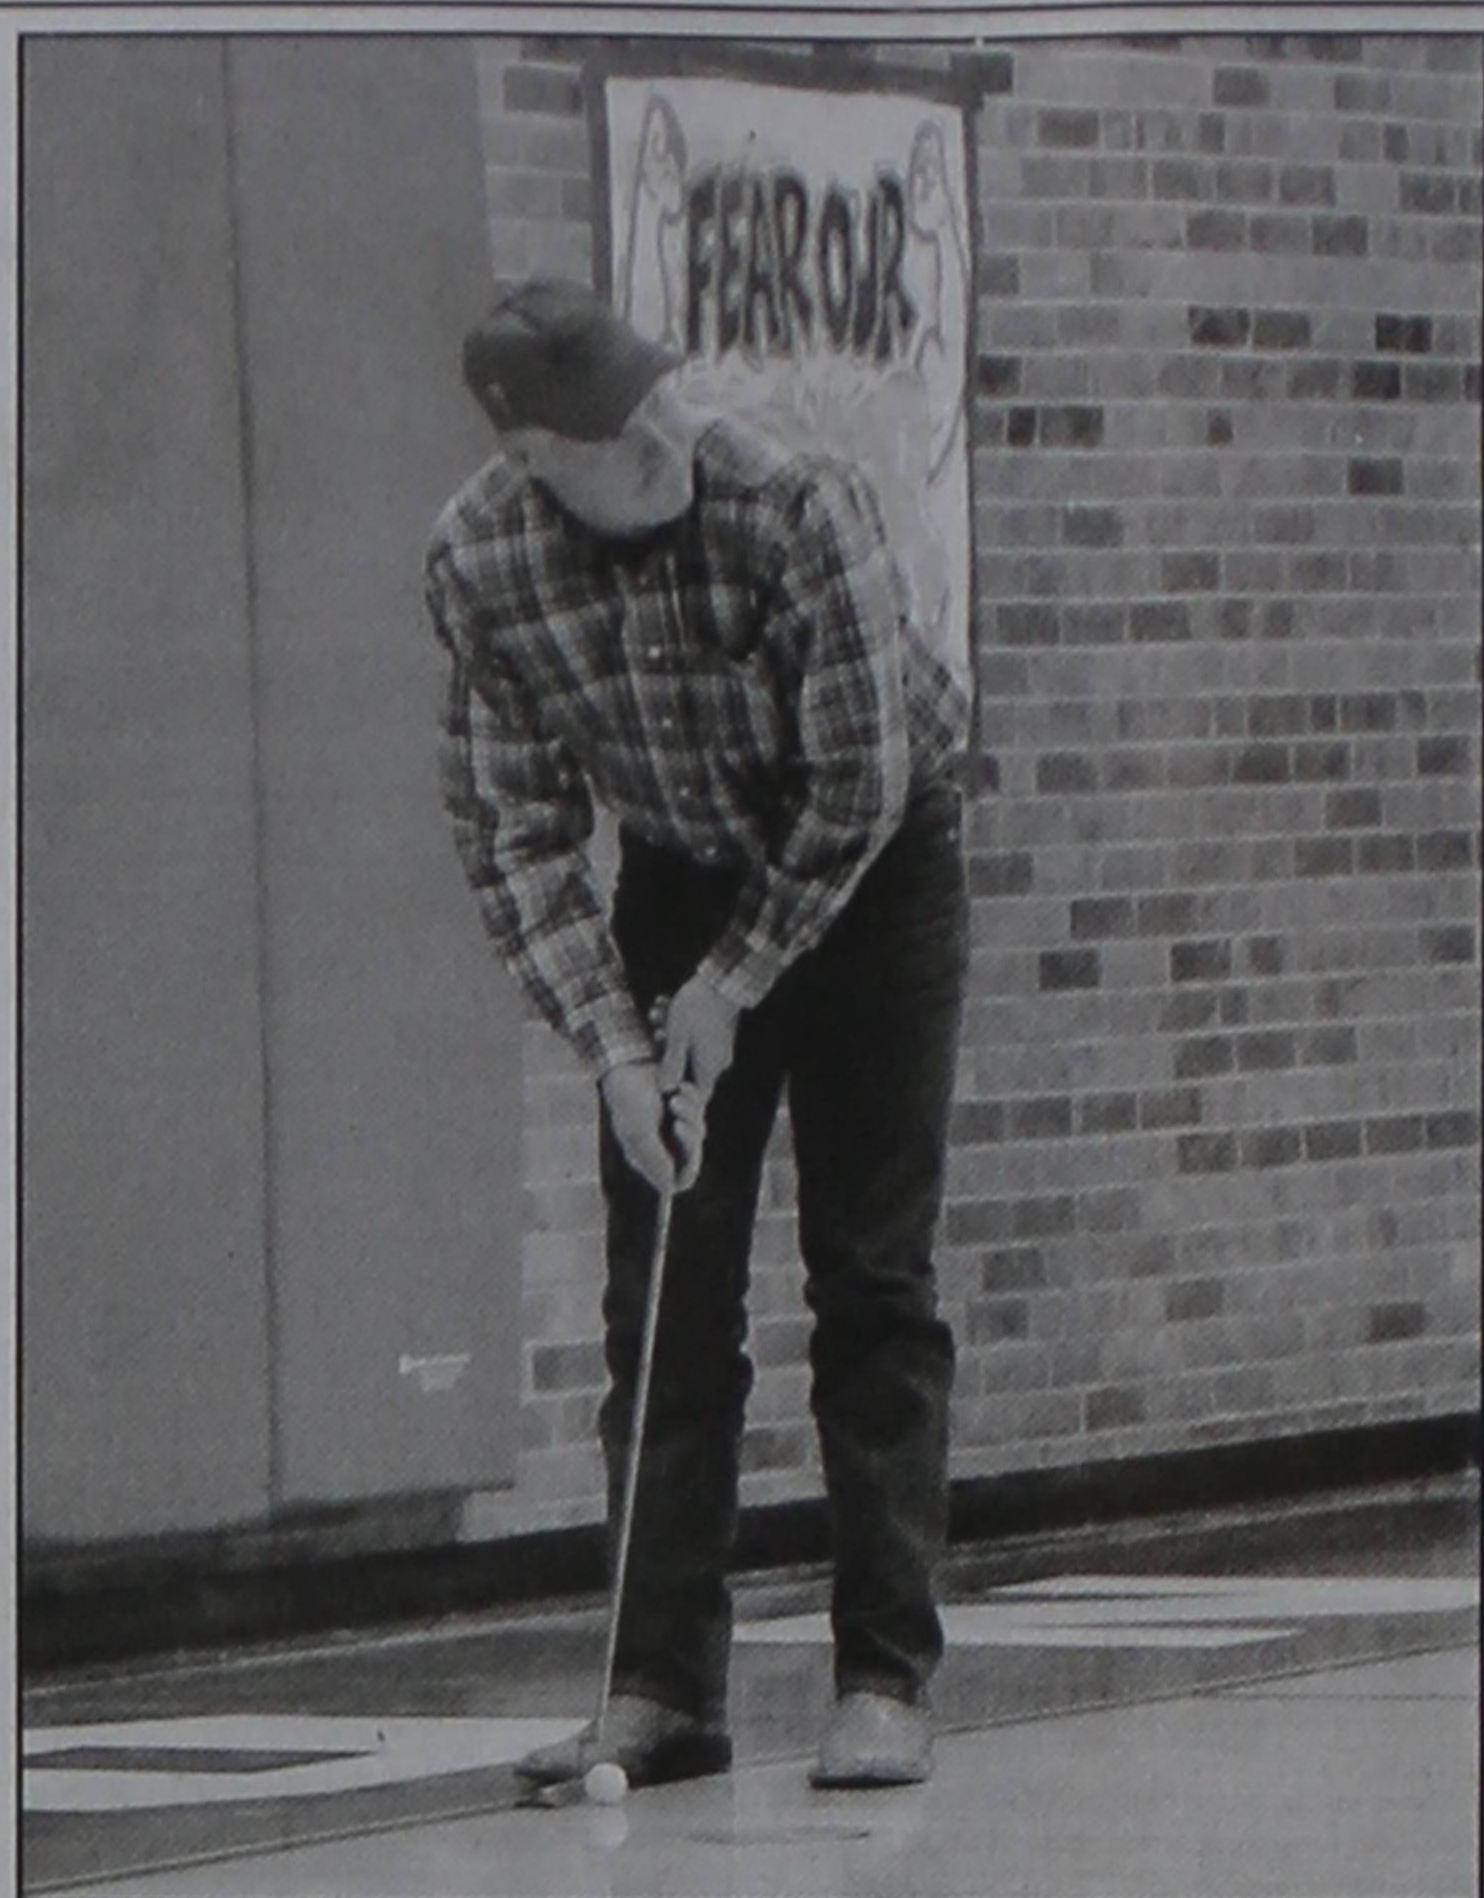

If Hillary does run for president (she has already started) you can look for her "What difference does it make?" comment to be played endlessly by the Republicans.

Having said all this, it is time for me to put this weekly Out Here column to rest for a while. I don't want to spend the next four years bashing Hillary and the 'Crats. I will still write an opinion column or editorial when the situation calls for it. I will write the occasional social commentary too. You may see more Friona history in this Page Two space. And then again maybe not.

If there is something to write about I will, if not I won't. So don't look for me every week. I will be moving the weekly Town Talk into this Page Two space starting next week and expanding the commentary. You won't want to miss it.

I thank Hillary and the Democrats for my new found freedom and philosophy and attitude.

"What difference does it make?"

## Town Talk II

By Ron Carr • Phone: 250-2211 • Fax: 250-5127 • Email: frionastar@wtrt.net

The burn ban is still in effect in the county. Our drought conditions continue. Fortunately fire calls have been quiet. The volunteer firemen did answer a fire call about 5:20 p.m. Sunday at CR 12 and CR G west of Friona. It was a small fire and was quickly extinguished. Some old dead trees had caught on fire. One fireman said it looked like someone had been cutting firewood with a chain saw. Be careful during these dry times. We did receive a dusting of snow Tuesday night. Grass was covered Wednesday morning but it was gone by mid-day.

\*\*\*\*\*

Oops! I got busy (or forgetful) and did not open the front door to the office Monday. The closed sign was up all day but we were here. If you came by and saw the closed sign I apologize. Wish I could say it will never happen again but we will work to "open" Monday, Tuesday, and Wednesday, our normal open hours. Regular customers know to come around to the back door to see if we are here. Apologies if you were inconvenienced.

\*\*\*\*\*

Happy anniversary to Salud and Angie Tirado. They celebrated 30 years on Tuesday January 29.

\*\*\*\*\*

The United States and Japan have agreed on terms to pave the way for expanded exports of U.S. beef and beef products. It is estimated that the new agreement will result in hundreds of millions of dollars in beef exports in the coming years. Has to be good news to beef producers like our local Cargill beef plant.

\*\*\*\*\*

Received the following info from the Cargill corporate office: As a result of the Plainview beef plant idling, other beef processing plants in the region (Friona, Dodge City, and Fort Morgan)

will receive cattle that would have previously been harvested and processed at Plainview.

The additional cattle going to Cargill's other three beef plants in the region will allow them to more consistently operate at capacity, 40 or more hours per week.

Cargill has no plans to reduce operations at any of its four remaining fed-cattle beef processing plants in the U.S. Cargill intends to maintain its position in U.S. beef production.

If the drought in Texas, the southern plains and other parts of the U.S. persists, the U.S. beef industry will likely need to reassess the situation in the near future and make adjustments due to the ongoing liquidation of the U.S. cattle herd which is at its lowest level since 1952. Cargill has taken the action it believes it needed to take to address this situation.

Thomas Hefner of Bovina was recognized for outstanding academic accomplishments by being named to the LeTourneau University Dean's List for the fall 2012 semester. He achieved a grade point average between 3.50 and 3.99 for the semester.

\*\*\*\*\*

Madeline Garcia, daughter of Laura and Noel Garcia of Lubbock and granddaughter of Bill and Carol Ellis, received her letter to join Texas Tech University Alpha Lambda Delta Phi Eta Sigma National First Year Honor Society for students who achieve a grade point average of 3.5 or above during the freshman year. Membership provides the opportunity for local and national scholarships for undergraduates and graduates.

Madeline is going to join and attend the first meetings where she will receive graduation cords, a pin, and other items at the initiation meeting.

Mark your calendar for Thursday February 14, the date of the next Friona blood drive. Time will be from noon to 7 p.m. at Calvary Baptist Church fellowship hall. Now 16-year-olds are eligible to donate. Previously you had to be 18 or over. Watch next week's Star for more blood drive details.

\*\*\*\*\*

If you are saving your Lowe's receipts for the primary and elementary schools you can now drop them off at the Chamber of Commerce office. Probably more convenient than leaving them at the schools.

\*\*\*\*\*

More landscaping going on at Reeve Lake behind Fast Stop this week. Workers were planting trees and there were some big boulders there too. Looked like they were grading dirt for the pavilion. We will take photos when there is something to take a photo of.

\*\*\*\*\*

Dana Campbell said they served about 575 people last Sunday at the German sausage dinner at St. Ann's Catholic Church in Bovina. It is always a very popular meal.

\*\*\*\*\*

Becky Soto, of Becky's Burritos fame, is now open to 5 p.m. daily and from 7 a.m. to 12:30 p.m. on Saturday. She is planning a second location in Hereford. It will be located on west Hwy 60 just as you go under the overpass entering Hereford. The adobe looking building there on the left. There have been a lot of businesses in that little building. We wish Becky all the best in the new venture.

\*\*\*\*\*

And McDonald's in Hereford reopened last week. When I went by on Thursday, their first full day back open, cars were lined up all the way out onto Hwy 60.

I may stop in to see what they did in the remodeling.

\*\*\*\*\*

Thank you Donna Mears for the IBM Selectric typewriter. I was more excited to get it than I was a new computer. We still use a typewriter on occasion for labels and envelopes (don't tell me, I know I can do labels on a computer). The old Selectric had been around the Star for probably 25+ years and finally ground to a halt. Donna donated one she hadn't used in years along with more than a lifetime of typewriter ribbons and three font balls. Thank you again.

Darlene and Benny Case went to Vernon, Texas last weekend to celebrate her mother's 100th birthday. Her mom's name is Georgia Mount and she is in an assisted living facility in Vernon. Darlene said everyone, including her mom, had a great time at the party.

\*\*\*\*\*

In case you didn't notice, stamps went up a penny to 46-cents on Monday (actually Sunday). I know the postal service is running at a deficit but 46-cents is still a bargain to send something to my daughter down in Denton, Texas.

\*\*\*\*\*

News of Floyd Reeve was not good last week. He spent the week on a ventilator and they were considering a tracheotomy this week. Don't know if that was done. Docs are trying to determine what kind of infection and condition that he has. Betty and Becky remain in Dallas. They have not been back to Friona since Floyd's transplant on Christmas Eve. We send our thoughts and prayers to Floyd and all of the Reeve family.

\*\*\*\*\*

I attended the Depot Heritage Society's meeting Monday night.

The Depot board has 12 members that oversee the Old Depot's maintenance and upkeep. Membership is open to anyone. Dues are \$10 per person, \$20 for a family. Mickey Griffin was elected to the board and Bill White will replace Nancy Edelman as board president. Judy Cummings is secretary and Sarah Gerries is treasurer. Board member Dave Thompson was not present because he was playing saxophone in the Clovis Community Band. Mrs. Edelman reported a couple of leaks in the Depot had been fixed. The group needs funds to replace several windows. Fundraising ideas were discussed. Maybe you want to give a donation. If so contact Nancy Edelman or Bill White, or any board member. The Old Depot is the center of this town's many activities. It certainly needs care and preservation.

Board member Judy Cummings has special memories of the depot. It was her first job and what brought her to Friona. She worked for the railroad at the de-

pot when she was 18-years-old and used to walk to her 11 p.m. to 11 a.m. shift.

\*\*\*\*\*

I visited with Greg Huseman this week. His construction company is building the new activity center at the high school. He lives in Canyon. He built the new gyms at Gruver and Sunray and specializes in school related projects. They started "raising iron" at the activity center this week and work on a parking area on Etta near the tennis courts continues too.

Tuesday night the Squaws won and the Chiefs lost in their games vs. Dimmitt. Next Tuesday Feb 5, will be senior night as the teams host Tulia. It will be the Squaws final game of the year. Video of the Dimmitt games will be shown starting at 10 a.m. Saturday February 2 on WT Services channel 76. Hope you have a great Ground Hog Day. See you next time. Until then!

The first graders at Friona primary school would like to thank Friona State Bank, Friends of the Library, Friona Banking Center, and the Friona Federal Credit Union. These businesses donated money to purchase a hard-cover book from the Book Fair for each first grade student. Thanks to continued community support the primary school Book Fair was once again a huge success.

## Panhandle Parables

### Little Light of Mine

JEFF PROCTER, Minister, 6th St. Church of Christ

Sometimes we need to be reminded to fan into flame the gift of God. (Take a moment and read 2 Timothy 1:6-10) Remember there is no fear. We are not to be timid about our salvation and th know that we are called to a holy life because of that salvation.

This has been God's plan before the beginning of time. So what does your flame look like? Is it the gift God has given you a roaring beacon of light or a smoldering ash? If it is the previous be sure and share it. If it is the latter then hang on, don't give up, gently breath, and feed the little fire that it may too one day be a beacon by which others can see. Remember Phillip P. Bliss' song "Let the Lower Lights Keep Burning."

*Brightly beams our Father's mercy, From His lighthouse evermore, But to us He gives the keeing of the lights along the shore.*

*Refrain: Let the Lower lights be burning! Send a gleam across the wave! Some poor struggling, fainting seaman, You may rescue, you may save.*

*Dark the night of sin has settled, Loud the angry billows roar; Eager eyes are watching, longing, For the lights along the shore.*

*Trim your feeble lamp, my brother; Some poor sailor, tempest tossed, Trying now to make the harbor, in the darkness may be lost.*

You never are really sure who may or may not be watching. They just may need the encouragement they find in the way you live. So "let it shine, let it shine, all the time let it shine."

### A Prayer of Dedication

BRETT HOYLE, Pastor, First Baptist Church

1 Kings 8 is the lavish, holy and sacred ceremony in which Solomon's Temple was dedicated unto the Lord. This dedication took place over a Jewish

festival week and was a time of national euphoria as the temple ministry began there. The heart of the dedication ceremony in 1 Kings is Solomon's surprising prayer before the people, unto the Lord.

He began the prayer by paying homage to God most high, who has kept his promises to Israel and established a Temple for His name and glory. This type of praying you would expect, but soon Solomon changes the content of his prayer to a plea for God to hear when the people repent of their sins against God and one another.

In fact, the focus on the people's sin, repentance, and God's restoration consumes the body of the prayer. Such a focus on repentance and forgiveness at first seems odd in this prayer but it is actually a bulls-eye regarding why we worship. We worship God because He is worthy of all worship, and because He is loving, gracious, and forgiving oward sinners like you and me when we repent and place faith in Him.

## Library to sponsor free community concert

Ronald Radford

The Friona Public Library will sponsor a free concert by noted American Flamenco guitarist Ronald Radford. It will be held Tuesday February 12 at 7:30 p.m. in the junior high auditorium.

This brilliant American Flamenco virtuoso has evoked standing ovations on four continents. He has performed in Mexico City, Carnegie Recital Hall, and the Kennedy Center. As a protégé of Carlos Montoya, he lived and traveled in Spain where he immersed himself in the musical wisdom of the Gypsy Flamenco guitar masters Diego del Gastor, Pepe de Badajoz, and others. He is the only person to be awarded a Fulbright Scholarship to Spain in Flamenco guitar.

He is currently on tour to colleges and concert series across the U.S. His CD, Viva Flamenco, and DVD, Live Your Passion! are available world-wide. Radford was born in California, grew up in Oklahoma, and now lives in St. Louis, Missouri.

Mr. Radford's Flamenco expression has been described by noted guitarist Oscar Ghiglia this way: "It is rare, even for a Gypsy, to have the gift to lead one into the somber, unforgettable world of sounds of the real Flamenco and yet he—an American—is among the few who have given me this artistic experience."

## Ag marketing courses in Amarillo

Drought, record tight feed grain supplies in the U.S. and world markets, and the lowest cattle inventory in 60 years are just some of the factors that will lead to volatile markets in 2013, according to a Texas A&M AgriLife Extension Service economist.

To help producers understand and manage their way through these markets using a variety of marketing tools such as futures and options, AgriLife Extension will host two workshops, said Steve Amosson, AgriLife Extension economist in Amarillo.

The 2013 High Plains Short Course series, featuring two workshops at the Texas A&M AgriLife Research and Extension Center, 6500 W. Amarillo Blvd. in Amarillo, is co-sponsored by AgriLife Extension, Panhandle-Plains Land Bank and Tru Trading Co.

The first course, "Intro to Futures and Options," is set for 9 a.m. to 4 p.m. Feb. 12. This

course is designed to help participants gain a better understanding of the basics of how futures and options can be used in agricultural markets, Amosson said.

The "Feedgrains Workshop" will be from 9 a.m. to 4 p.m. Feb. 13-14. This workshop will delve deeply into what and how fundamental and technical factors are affecting the feed grains market for the upcoming year, he said.

"We could easily see a \$3 swing in prices this year, so risk management is going to be critical," Amosson said. "The ultimate goal of this workshop is for the producer to be able to develop a written marketing plan for the 2013 crop."

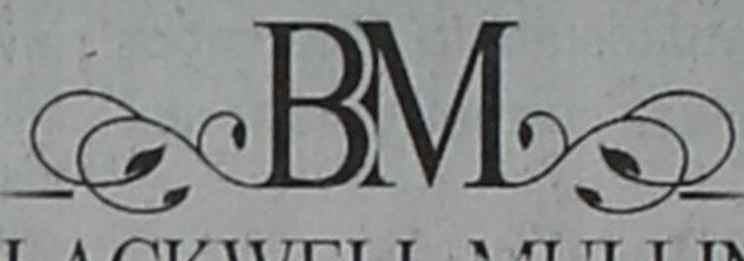

Amosson and Dr. Mark Welch, AgriLife Extension grain marketing specialist in College Station, will be the primary instructors for both courses.

Guest speakers for the feed

grains workshop will include a panel of area lenders, brokers and grain merchandisers who will address key issues facing local producers in the upcoming marketing year. In addition, Krissy Scotten with the National Weather Service in Amarillo will provide the weather forecast for the upcoming growing season.

The cost is \$50 for the Feb. 12 event and \$125 for the Feb. 13-14 program. This will cover costs associated with instruction, breaks, meals and materials, Amosson said.

To register and pay for these courses, go to: <http://agrilife-register.tamu.edu>. While this is the preferred method of registration and payment, Amosson said payments will be accepted at the door. However, all registrations must be completed by Feb. 8, either online or by contacting Leon Guerrero at 806-677-5626 or lguerrero@ag.tamu.edu.
