HPWD Board approves deadline extension

Following a Feb. 19 public hearing, the High Plains Underground Water Conservation District (HPWD) Board of Directors unanimously approved rule amendments allowing an extension of the reporting deadline for groundwater produced during calendar year 2012.

Problems with the district's meter reporting web site prompted the rule amendment which extends the production reporting deadline to June 1, 2013. The first annual production reports for calendar year 2012 were to be submitted to the district no later than March 1, 2013.

The amendment to District Rule 5.17 reads as follows: "Notwithstanding Subsection (d), the first annual production report required under this rule is for production during calendar year 2012 and must be submitted to the District no later than June 1, 2013. All annual

production reports thereafter shall continue to be due March 1 as required under Subsection (d). This subsection does not impact the temporary moratorium on fines established under Section VII of the District's Enforcement Policy and Civil Penalty Schedule. This subsection shall automatically expire and be of no further force and effect on January 1, 2014."

Two persons spoke in favor of the deadline extension at the public hearing, which was held immediately before the regular monthly Board of Directors meeting.

Lynn Tate of Amarillo, president of the HPWD Board of Directors, thanked everyone for their patience in working with the new system and asks anyone encountering problems with the reporting program to contact the district office at (806) 762-0181 or by e-mail at jed.leibbrandt@hpwd.com or gerald@hpwd.com.

Dr. Zerfas, Friona grad, earns awards

Dr. Terri Zerfas, Friona High School Class of 1968, was recently presented the 2013 Excellence in Education award by the Dallas Branch of the International Dyslexia Association. Terri's mother and sister, Judy Cummings and Lisa Gonzales attended the award luncheon. This is the highest award bestowed by the organization.

She earned a Ph.D from Texas A&M University-Commerce and is currently an adjunct instructor at Southern Methodist University's learning therapy program. This is a graduate level program that provides a two-year raining program to meet the requirements for Licensed Dyslexia Therapist in Texas.

Because of her work at SMU, Terri received the International Dyslexia Association's 2011 Outstanding University Educator award. Currently she is serving as the chair of Senate Bill 866, which will provide undergraduate education majors with much needed knowledge regarding the early identification of dyslexia as well as appropriate accommodations in

the democrats are coming

Democrats across the nation feel that they have Republicans at a disadvantage with today's low-information citizens. So they are launching campaigns to turn red states blue. In our efforts to show both sides, this week I am printing a letter received from Texas Democratic Party Chairman Gilberto Hinojosa, who seems to think his party will turn Texas blue. Here is his letter:

Dear Democrats,
Exciting things are happening in the Lone Star State! The Texas Democratic Party (TDP) is thrilled to extend a warm welcome to Battleground Texas, a new organization that launches today.
As you might have read, some of President Obama's top former staffers are behind this new organization. Battleground Texas will focus on grassroots mobilization that will make Texas a state that counts in local, state, and national elections.
There's still a lot of work to be done

before Texas is an official battleground. And the TDP is eager to continue that work along with Battleground Texas and other partners throughout the state.
Just last weekend Gov. Perry called a Blue Texas a "pipedream" and blathered that, "the University of Texas will change colors to maroon and white before Texas goes purple, much less Blue." If ignorance is bliss, he must be ecstatic!
Gov. "Oops" seriously underestimates those of us who believe in a better future for ALL the people of our great state. We

know that Texas can do better. We know that we can adequately fund our schools. We know that we don't need to have millions of uninsured Texans. We know that we're better than this. And we know that things are going to change—because we're the ones who're going to make the change.
Get ready Democrats, we have a lot of work before us—but we also have the numbers and the momentum on our side! Here's to a Blue Blue Texas Future.
Sincerely,
Gilberto Hinojosa

Kay Swafford's Family Legacy in Texas Independence

By Jim Swafford

March 2, 1836, Texas Independence Day commemorates the adoption of the Texas Declaration of Independence. This event marked Texas' independence from Mexico. Sixty delegates from all over Texas signed the declaration. Its language in many ways parallels the 1776 Declaration of Independence of the United States, which is observed on Independence Day, also known as "the fourth of July".
The Republic of Texas was annexed to the US by joint resolution of the US Congress nine years after the Texas Declaration of Independence was signed. The US Congress then admitted Texas as a constituent state of the Union on December 29, 1845. Texas Independence Day is an official holiday in Texas. Sam Houston Day is also observed on March 2, marking the birthday of the man

who led the Texans to victory over Mexican troops at the battle of San Jacinto.
Kay Swafford's family roots runs deep in Texas. She is a 5th generation Texan. She, her daughters and granddaughters are all members of the Daughter of the Republic of Texas.
Nicholas Washington Eastland (Kay's 2nd great grandfather), was an 1818-1822 graduate from the West Point Academy. It was in 1834 that Nicholas W. Eastland and family decided to go west to Texas. They settled in La Grange, Fayette County, Mexico. They joined John Henry Moore, who was the cousin to Fannie Bates Moore, Nicholas's wife. They were joined the next year by Nicholas Mosby Dawson, a cousin to the Eastland brothers. Nicholas W. Eastland was a volunteer soldier during the years

for Texas and were killed." **William Mosby Eastland**, brother to Nickolas W. Eastland, was captured in the Battle of Mier on December 26, 1842 and was the first to draw a fatal Black bean, the only officer of the expedition to do so. Captain William Mosby Eastland was shot to death on March 25, 1843. William M. Eastland was a participant at the Battle of San Jacinto and a Texas Range. Eastland County, Texas was named in his honor.
Nicholas Mosby Dawson, nephew of Nicholas W. Eastland, while attempting to join forces under Mathew Caldwell on Salado Creek near San Antonio, Dawson and his men were surrounded by a large number of Mexican cavalry on September 18, 1842. The battle known as Dawson Massacre, resulted in the death or capture of nearly all Texan. Nicholas Mosby Dawson and Robert Moore Eastland, son of Nickolas Washington Eastland, were among the casualties. Dawson County, Texas was named in his honor.
John Henry Moore a cousin to the Eastland. John Henry Moore fired the first shot that started the war with Mexico. John Henry Moore is said to have designed the "Come and Take It" banner. John Henry Moore was a participant in the Battle of San Jacinto.

In 1848 the Republic of Texas went to Mexico and reclaimed William Mosby Eastland's remains, together with those of the Mier Expedition victims and moved them to Monument Hill near La Grange, Texas. Also William Mosby Dawson and the victims of the Dawson Massacre were entombed at Monument Hill. Sam Houston President of the Republic of Texas attended the ceremony of Monument Hill and was a guest of Nicholas W. Eastland

Letters to the Editor

City Council of Friona
623 Main St.
Friona, TX 79035

Dear Council Members,
I am puzzled and concerned. I do not understand why the city streets are not cleared after a snow storm. I realize our latest snow was unusual but even with less amounts, when the highway is plowed, the excess is pushed into the intersections of the city street and the highway.
On my way to work this morning I saw three people stuck in these intersections. Luckily I was not one of them. I can understand that the city may not be able to clear all the streets, however, Cleveland is especially bad at the intersection of the highway. This is the street all hospital employees, physicians, and the EMS use to reach the hospital and ER.
I have been told by some that the city streets are a county responsibility. I certainly do not understand that but, if they are, then I will address my concerns to the county.
It seems to me that it would be advantageous to the entire community to at least clear the streets surrounding the hospital. Thank you for your time in considering my concerns. I hope to hear from you soon.
Kindest regards,
Susie Spring

Ron,
I want to thank all the good people of Friona that donated for my dental work. I could never have done it without your help. I'm so proud of my teeth. Thank you and I love all of you.

Panhandle Parables Snowball Effect

JEFF PROCTER, Minister, 6th St. Church of Christ

Wow what a blizzard! How thankful we are to have the moisture. Did anyone get out and make a snow man? It is hard to believe when you think of a single snowflake that it can become this massive ball that leaves you straining with every fiber of strength to push one more foot. As you know, it has the ability to grow the more you roll, the more it collects, the more it collects, the larger the ball, the larger the ball, the more it collects...you get the idea. It is known as the snowball effect.
Life has a way of becoming a snowball, doesn't it? You begin collecting things, some of which are necessary, but nonetheless, things. You get married, have kids, job demands increase, more toys for you and the kids, which means more "batteries"(demands on time) Before anyone even notices you are straining to move a giant snowball another foot.
Why do we continue to do things that weight us down and root us deeper in soil that is NOT eternal? For some it will be financial burdens, others will juggle the many responsibilities of stuff. The monster of all burdens is our sin, but it is not the only thing that entangles. There are many distractions that aren't sinful, but are burdensome.
The Hebrew writer puts it this way, "... let us throw off everything that hinders and the sin that so easily entangles, and let us run with perseverance the race marked out for us." (12:1 NIV) The text goes on to talk about focus and fixing our eyes upon Jesus. It seems that when we lose focus we start collecting things that keep us from our race. Do you find yourself pushing a large ball of burdens around to no avail? Maybe it is time for a change of focus, one that includes Jesus Christ, Him crucified.

Town Talk II

By Ron Carr • Phone: 250-2211 • Fax: 250-5127 • Email: frionastar@wtrt.net

The talk of the town and the Panhandle this week is the blizzard that buried Parmer County on Monday. As predicted blowing snow overnight Sunday until Monday afternoon caused massive drifts, road closures, and a halt to mail delivery and closing of schools and businesses. I did not venture out of the house until Tuesday morning. Official weather guy John Gurley said he recorded 7-inches of snow, 0.77" moisture. Seemed like more than that to most of us.

The county commissioners meeting scheduled for Monday was rescheduled for Friday March 1 at 10 a.m. The courthouse was closed Monday due to the blizzard that paralyzed the county. County Judge Trey Ellis lifted the burn ban this week until the Friday meeting when the commissioners will decide on whether to extend it. We try to post current info on our Friona Star Facebook page. If you are on Facebook search Friona Star and 'like' us.

The sign-up period for the city council, mayor, and school

board election is Friday March 1. As of our press time this week here are sign-ups so far: for mayor, Rick White and Ross Paiz; for city council, Charlie Pope and Alan Monroe; for school board Ricky Barnett, Victor Guerrero, Jose Cigarroa, and Jason Rector. The mayor election will be a special election for a one-year term to fill the term of current Mayor J.B. Douglas will be resigning in April. City council terms are two-years and school board terms are three years.

Mr. Jim Dixon tells us he will be going to college Station for his 58th Texas A&M class reunion and he and Jane will celebrate their 55th wedding anniversary.

Joe and Anita Lafuente are going to be first time grandparents. Their daughter and son-in-law, Natasha and Jarrett Butler, are expecting a baby in September. Also, Kim and Mitchell Smiley will be grandparents again thanks to Ashley and Jayson Gutierrez of El Paso. They are expecting in July. Congrats to all.

Chieftain baseball is limping along thanks to the weather. They beat Lubbock High JV 10-5 but lost to Tulia 5-3. The Monday game at Dimmitt was canceled thanks to the snow. They are scheduled to play in the Littlefield tournament this weekend and host Muleshoe here at 5 p.m. Tuesday March 5 which is the same date as the Chamber banquet.

The Friona varsity track meet is scheduled to be here Friday March 1. Junior high meet is Thursday Feb 28. The varsity meet will begin around 3 p.m. On Tuesday I was at the high school and noticed a couple of guys with snow blowers trying to get the snow off the track. Should be good to go by Friday.

The Hereford fast pitch traveling team is looking for a few girls to play on a competitive level. Girls must be 11-12 years old. If you want a tryout for your daughter or have questions contact head coach Gilbert at 806-346-5376.

Received a note from Hugh

Moseley that Ruddene Crowley passed away February 17, 2013 in Granbury, Texas. She was 92. She was buried in the Mitchell Cemetery in northern Curry County on February 23, 2013. She formerly lived in Farwell.

Haden Smiley and Holly Johnston won district in CX Debate and will go to the state meet March 10-12. It is their second trip to state in CX Debate. They were second in district last year. Jake DeWit and Cassidy Malone placed 4th in district. Erika Montana, speech and drama teacher, said the District UIL Academics competition will be in Abernathy March 27.

The one-act play this year is titled "The Diviners." There will be a public performance of the FHS one-act play on Sunday March 17 at 2 p.m. District one-act is Thursday March 21.

Don't forget the St. Teresa's Mexican dinner Sunday in the parish hall. Serving is 11 a.m. - 2 p.m. Cost is \$10 adults and \$5 children 10 and under. Enchiladas, tacos, salsa, and cake. Always tasty. See you there.

Daniel Blackburn had a kidney and pancreas transplant in a Houston hospital last week. His parents are David and Laura Blackburn of Amarillo. David is a Friona grad. Daniel is reported to be doing well. He has moved from ICU to a regular room. His uncle Mike owns the hardware store here. We wish the best to Daniel and the family.

The news about Floyd Reeve is still not good. The family met with doctors this week and

were told they were taking him off of much of his medication to see if that helps. He remains unresponsive for the most part. Thoughts and prayers continue for the Reeve family.

This is a good time to pause and thank all of the folks who did get out during the blizzard: the TxDOT workers that worked under tough conditions to plow the highways, the Sheriff's Office and DPS Troopers who were helping stranded motorists, and regular citizens who brought their front loaders to clear parking lots and driveways. For example, east of town on Hwy 60, Joyce Wells got stuck in her driveway Tuesday. Good Samaritans Mike Chaney and Tom Villa stopped

and pulled her car out of the snow. There are many stories of neighbor helping neighbor. We are grateful to all of you here in small town America.

A lot of news did not happen this week thanks to the blizzard. Folks hunkered down Monday and were cautious Tuesday. No mail and no Amarillo newspapers for two days is almost more than a guy can stand. But this should make you feel better. Our Congressman Randy Neugebauer's weekly email reported that your government has spent \$2.2 billion so far in 2013 for free cell phones. Send us your local news and announcements and stuff. See you next time. Until then!

God's Grace & Glory

BRETT HOYLE, Pastor, First Baptist Church

God loves you, and He has been gracious to you and wants you to follow Jesus and glorify God with your life. You, me, churches, cities, schools, nations and the world exist to glorify God. 1 Kings 10 shows us of the height of Israel's power and dominance. This was a time of great abundance, splendor, blessing, evangelism and giving glory to God. The reality that God's blessing on Israel brought Him glory and fame is clearly seen in the visit King Solomon received from the Queen of Sheba.

She came to see him because of her curiosity and to challenge his power, but it actually gave Solomon an opportunity to display the grandeur of God and glorify Him. By the time her visit is over, she leaves amazed and gives glory to God for His abundant blessings on the nation.

When others see your life, family, church, city and nation do they see God's grace poured out on you through Christ. Remember, you were created to glorify God and live in relationship with Him, which comes only through Jesus Christ.

The First Baptist Church clothes closet will be open Saturday, March 2, from 11 a.m. to 12 noon. Everyone is invited to come by.
