NUMBER 118

FRANK DISCUSSIONS OF THE CITY'S NEEDS

MEMBERSHIP MEETING OF CHAM-
BER OF COMMERCE / LAST
NIGHT WAS MOST SUCCESSFUL

EARN ESTNESS

Get-together Spirit Was in Evidence
and Projects for Concerted
Action Suggested

One of the most successful mem-
bership meetings of the Chamber of
Commerce yet held, was that of last
night at the St. James Hotel, where
about one hundred members gathered
for a "heart-to-heart talk."

The success and value of the meet-
ing arise, not from what was actually
accomplished, but from the plans that
were laid for the open discussion of
the city's needs and the needs of
the Chamber of Commerce and the hear-
ing of suggestions for the city's ma-
terial advancement.

The meeting was characterized by
earnestness rather than enthusiasm,
though the latter was not lacking. It
was decided to hold another such
meeting in a month or six weeks and
the plan is to have the gatherings
frequently during the winter.

Among the city's needs, as set forth
by the numerous speakers, were: "A
new charter, by Mayor Bell; a branch
of A. & M. College, by Patrick Hen-
ry; betterments in the schools and
changes in the fiscal arrangements,
by Prof. Carpenter; a federal court,
by Postmaster Bacon; more frequent
meetings and a more cordial greet-
ing for new-comers, by Fred House-
holder; a hospital, by Dr. J. W. Hill.

As to the needs of the Chamber of
Commerce, these were: frankly and
plainly set forth. A. H. Britain said
that new blood in the directorate and
a touch of high life for the organiza-
tion were the things most necessary.

The supper was a simple one, con-
sisting of sandwiches, coffee and the
trimmings.

When the cigars were lit up, Presi-
dent Huff arose and in a brief talk,
outlined the purpose of the gather-
ing. It was the first, he said, of a
series of regular membership meet-
ings, which were to continue through
the winter. The Chamber of Com-
merce, he said, wanted the co-opera-
tion of every class; in the past it had
been a very potent organization, but
recent times had witnessed a waning
in the enthusiasm, and it was felt
that the members should be brought
closer together in a heart-to-heart
talk.

The meeting was called, Mr. Huff
said, in order that the members might
renew their devotion to the cause,
and in order that suggestions for the
city's up-building might be interchang-
ed. It was intended to co-operate
with other organizations he said.

Mr. Huff declared that prospects
were never brighter than at present
for the growth and material advance-
ment of the city. He cited that Dal-
las and Fort Worth, when they were
no larger cities than Wichita Falls
now is, had prospects much less favor-
able, because they did not have the
fruity purpose and the determina-
tion that possesses Wichita Falls.

Mayor Bell was called upon for the
first talk of the evening. This was
the first opportunity, Dr. Bell said,
to thank the citizens publicly for elect-
ing him mayor; he had had occasion
to feel the honor keenly, but the re-
sponsibility more than the honor.

The need for a new city charter
was the principal theme of Dr. Bell's
talk. He pointed out that while
Wichita Falls had a right to be proud
of the past and of what had been ac-
complished, the time had come to
strike out as a city and for this a
new charter was necessary. He dis-
cussed the specific needs of the city

along this line and said it was the
intention to call a mass meeting in
the near future to discuss the ques-
tion.

J. W. Bradley was called upon by
Mr. Huff to discuss the duties of the
merchants toward the Chamber of
Commerce. Mr. Bradley spoke briefly
on the work of the Merchant's As-
sociation, saying it was an exception-
ally efficient organization, both as an
exchange for the business men, and
as a means of keeping record on
credits. Through the latter depart-
ment, he said, the credit business of
all the merchant had been made
much more profitable. The associa-
tion was deserving of the support of
every citizen. Mr. Bradley concluded.

A. H. Britain, who was called on to
speak for the young men, gave a frank
discussion of the present conditions
here. The Chamber of Commerce, he
said, was merely a means to an end
and as such, it had not the strength
it once possessed. The speaker said
that there seemed to have grown up
a lack of confidence in the organiza-
tion and in its efficiency.

He suggested that changes in the
directorate be made so as to put new
blood into the managing force of the
organization; there must be a restora-
tion of confidence, he believed, be-
fore the Chamber of Commerce could
again be a thoroughly efficient organ-
ization. He concluded with the sug-
gestion that a touch of "high life"
might not be amiss.

Patrick Henry, democratic nominee
for the legislature from this district,
was next called upon. Mr. Henry
pledged himself to aid in every pos-
sible way in getting the new charter,
and said that definite concerted ac-
tion by the citizens was first needed,
in framing the charter. Mr. Henry
called attention to the recent agita-
tion for branch A. & M. schools at
Victoria, San Angelo, and Wichita
Falls and said that he wanted the as-
sistance of the Chamber of Commerce
and the citizens in getting this
through.

E. P. Haney, nominee from the leg-
islature from Clay and Archer coun-
ties, was the next speaker; he said
that although he considered himself
from Clay county, he was with Wich-
ita Falls in every movement for the
city's up-building. The question of
branch A. & M. schools, he said, he
had already discussed with members
of the next legislature and he found
none of them opposed to it. He said
that Wichita Falls record as a pro-
gressive city would help to secure
favorable action from the legislature
and he pledged his best efforts to
help this city's interests.

Superintendent G. H. Carpenter
was the next to be singled out by
Mr. Huff. Prof. Carpenter said that
before he came here he had heard
many things about Wichita Falls and
when he arrived. He had found a citi-
zenship, he said, that was rare and
he felt much encouraged.

Discussing the needs of the schools,
the superintendent said that it would
not be long before another bond is-
sue would be necessary to build a
six room addition to the Austin
school, which he said was crowded.
Next year might find some of the
other schools badly crowded. Speak-
ing of the demand for a new charter,
Prof. Carpenter said that it might be
well to take up the question of the
city's control of the schools, rather
than leaving it to the school district;
he was not yet prepared to make a
recommendation on this, present
taxes were insufficient, he said and
the question promised to be a serious
one in later years. He told briefly
of the improvements and work in the
manual training department and clos-

Another Strike of Lawrence Textile Workers Precipitated

By Associated Press.
Lawrence, Mass., Sept. 27.—As a
protest against the imprisonment of
J. J. Ector and Arthur Giovannitti,
the Industrial Workers of the World
organizers, 4,000 textile operatives
struck here today. The Washington
and Wood mills of the American
Woolen Company were the first plants
affected by the walkout. A general
strike of the Industrial Workers of
the World has been advocated by Wil-
liam D. Haywood and other leaders of
the organization, as a protest against
the imprisonment of Ector and Giovan-
nitti, whose trial on a charge of be-
ing accessories to murder is to begin
at Salem next Monday.

Ector and Giovannitti have advis-
ed against such a strike. Within
two hours after the strike began to-
day, it had spread to other plants
and those on strike or enforced idlen-
ess number over 10,000. More than
one hundred policemen were on duty
in the mill section. Hundreds of idle
men assembled near the mills but
were dispersed without disorder.

Two Negroes Electrocuted.
Eddyville, Ky., Sept. 27.—Two
brothers were electrocuted in the
state penitentiary here today. They
were James and Charles Smith, the
negroes who killed an aged member
of their race in a small town in
Eastern Kentucky a year ago. Each
man went calmly to his death.

MEETING Y. M. P. L. DIRECTORS

MANY IMPORTANT MATTERS ACT-
ED UPON AT SESSION THURS-
DAY AFTERNOON

EXCURSION DATE IS SET

Trip to Dallas Will be Made on October
22nd Over the Denver—Other
Projects Planned

At a well attended meeting of the
directors of The Young Men's Pro-
gressive League held at the city hall
yesterday afternoon a number of im-
portant matters were taken up. Final
plans were laid for the Dallas Trade
Excursion under the auspices of
the League, the date being fixed as
October 22, the route being the Den-
ver Road.

A street lighting campaign was de-
termined upon; a new city charter
was endorsed; an amendment to the
local special road law was advocated,
to be followed by a road bond elec-
tion; petitions from the citizens of Hollis
and Wellington for better train service
to Wichita Falls were approved and
the assistance of the League pledged;

J. M. McFall and C. E. Bossey were
elected as members of the directorate,
and other matters of interest were
disposed of.

The meeting was called to order at
4 p. m. by President Huey with the
following directors in attendance: A.
H. Britain, C. B. Woods, J. M. Blank-
enship, P. H. Gohlke, F. W. House-
holder, M. Stanforth, E. G. Hill, B. J.
Bean, W. W. Gardner, W. N. Maer,
B. D. Donnell, and M. A. Marcus.

The minutes of the previous ses-
sion were read and approved.

It was announced that a rate of
\$4.65 for the round trip was the best
proposition that could be secured from
the railroads on an excursion to the
Texas State Fair, this rate being the
published schedule, the roads refus-
ing to vary therefrom because of hun-
dreds of such requests each year. Af-
ter a thorough discussion it was de-
termined to make the trip via the Den-
ver Road and a committee composed
of Messrs. Britain, Maer, Woods and
Gaston was appointed to take care of
the details of the trip. All tickets
will be sold in advance and paid for
on the same basis and decorations,
uniforms, etc., will be provided only
for the number who make arrange-
ments in advance with the committee,
at both Fort Worth and Dallas. An
effort will be made to secure tourist

DEATH OF COTTON PICKERS IS ACUTE

Mass Meetings Being Held at Many
Points to Devise Means of Secur-
ing Labor for Cotton Fields

The cotton fields are calling
throughout Northwest Texas and
Southwest Oklahoma for "Old Black
Joe" young Gage—Washington and
the rest of the culled family are not
answering, at least not in numbers
sufficient to dot all the cotton fields
with specks of black. Many cotton
fields are white with opened bolls but
pickers cannot be found for money
or any other consideration. The
death of the pickers or the demand
for them is the greatest known in the
history of the country.

At many points mass meetings are
being held to devise ways and means
of securing pickers and some places
in which persons of color have been
"non grata" heretofore, are now or-
ganizing and are offering bonds for
the security for negroes who will
deign to tarry with them.

A mass meeting was being called at
Vernon next Saturday to discuss plans
to secure 1,000 pickers for Willbarger
county. Such meetings are being
held at many other points.

Wichita county has not been as bad
off for pickers as some other counties
in this section but it is certain that
500 additional pickers could be used
here now. Some farmers have been
unable to find any pickers at all.
Several of these have inquired at the
Chamber of Commerce to know if that
organization could help in their dilem-
ma. So many inquiries have been
received that Secretary Forester will
bring the matter before the directors
at their meeting at ten o'clock next
Tuesday morning and asks that farm-
ers needing pickers attend this meet-
ing to discuss methods for securing
them.

CANADIAN BANK ROBBER CAUGHT

AFTER YEARS' CHASE MAN BE-
LIEVED TO BE LEADER OF
GANG THAT GOT \$320,000 IN
CUSTODY

WAS CAUGHT IN ST. LOUIS

Woman was Again the Pilot That Led
Detectives to Much Sought
Quarry

By Associated Press.
St. Louis, Sept. 27.—A year's chase,
following the \$320,000 bank robbery
in New Westminster, British Colum-
bia, ended in St. Louis in the arrest
of J. C. Adams who was declared to-
day to be wanted as one of the rob-
bers.

The arrest of his supposed wife,
known to the police as Jeannette Lit-
tle, in Edwardsville, Ill., early today
completed the task of local police
and detectives who have been holding
Adams since his arrest early in
November.

Adams who is known also as Wal-
ter Stacey, was declared to be one
of the two men who beat Police
Lieutenant Burns of Chicago into in-
sensibility in a saloon when Burns
tried, single-handed to capture them
on the night of Sept. 19. When Adams
was arrested in St. Louis, he was en-
tered on the books under the name of
Stacey and a charge of murder was
placed against him.

It was explained he was a suspect
in a local case, Adams or Stacey, is
believed to be Gorge West, reputed
leader in the Canadian bank robbery.
At the time of his arrest, the detec-
tives could have arrested his woman
companion who was walking ahead of
him. They hoped, by leaving her at
liberty longer, they could catch an-
other of the gang. So she was not
molested, but was kept under sur-
veillance until she left the city Thurs-
day on an interurban car. A man
met her at Gillespie, Ill., and the two
got off at Edwardsville and went to
a hotel. They were arrested, but ac-
cording to detectives, the man was
found not to be the one wanted and
was released.

Jeannette Little, or Mrs. Stacey, as
she gave her name at a rooming
house, told her landlady she was a
cripple and at times used crutches.
At other times she discarded them.
In Adams clothes a letter was found
saying the bearer was deaf and dumb.
The police say the crutches and let-
ter were used as subterfuges in ob-

AUSTIN LEADS STATE IN CAMPAIGN CONTRIBUTIONS

Judge Cato Sells Issues Appeal for all
Communities to Raise Funds for
Wilson

By Associated Press.
Cleburne, Texas, Sept. 27.—Judge
Cato Sells, democratic national com-
mitteeman for Texas, yesterday sent
\$3000 to the New York headquarters
for the Wilson-Marshall campaign and
will send more soon. He said his ef-
forts in Texas are bearing fruit and
the outlook is good for increased re-
turns. However, he said, "The rais-
ing of \$50,000 is a very great under-
taking and if the amount desired is
raised, it must be the result of united,
aggressive and statewide action. It
is my urgent request that wherever
an active movement for the personal
solicitation of funds has not been
commenced that leading democrats
take it up at once and communicate
with me."

Judge Sells said Acting Chair-
man McAdoo writes him the commit-
tee is greatly in need of funds and
as the campaign is now well under
way it is highly important that no
time be lost. Up to now, Judge Sells
said, under the leadership of T. W.
Gregory, Austin has the banner re-
cord of all towns in this State for
contributions reported.

LONG STAPLE COTTON BEING RAISED HERE

FIRST SALE BROUGHT IN THIS
MORNING BY J. W. CRAWFORD
WHO LIVES NEAR LAKE

MEANS BIG THING

Following Announcement Concerning
Irrigation Project on Big Wichita
Experiment is Important

The first bale of long staple cotton
ever raised in Wichita county was
brought in this morning by J. W.
Crawford, who lives on the irriga-
tion ditch near Lake Wichita. The
staple measured one and three-eighths
inches and was pronounced by ex-
perts to be almost as good as the
Red River county staple. Mr. Craw-
ford has about ten acres of this cot-
ton from which he expects to pick
from eight to twelve bales. He sent
to Clarkville last spring for this
seed and from the success of his first
year's experience he believes that
long staple cotton may be grown any-
where along the irrigation ditch with
the proper cultivation and attention.

Mr. Crawford's crop will probably
bring him a hundred dollars an acre.
The success of Mr. Crawford's ex-
periment is of unusual interest at
this time following the announcement
in yesterday's paper that plans were
near consummation for the building
of a dam on the Big Wichita for the
irrigation of the lands along the val-
ley. If long staple cotton can be
grown successfully by irrigation from
Lake Wichita it is believed the greater
part of the valley of the Big Wich-
ita will be adapted for the raising of
this staple when irrigated.

Kuppenheimer Clothes

The man who wears extravagant styles today, displays either a disregard of prevailing fashions or a lack of taste and good judgment in selection.

And no man of character cares to be misjudged.

Kuppenheimer Clothes have an impressive individuality, without sacrifice of dignity.

They are such clothes as you'll see at the clubs and on the boulevards of metropolitan cities.

Come in and see them now.

THE GLOBE

Clothing and Furnishers
703 Ohio Avenue

Correct Dress For Men and Women

725-727 Indiana Avenue

Two Philadelphia newlyweds, Mr. and Mrs. Walter Miles, have started to walk across the continent on their honeymoon.

G. Alfred Hall and his twin brother, Alfred G. Hall of Washington, have celebrated their eighty-first birthday. Prosit!

The New Colonna Styles are ready

Colonna Toggery Shop

707 Indiana Avenue

RIGHT from the hands of expert men tailors come these pretty new Fall garments, which are clever reproductions of the LATEST FASHION IDEAS. Every garment represents an accomplishment of which we are justly proud, and which will seem quite to your liking. Here are found many garments of new materials in mannish cloth.

OUR MILLINERY, of course is superb. Mrs. Sparger comes to us as a Trimmer of class and merit.

Her styles are so different, so Frenchy, that really we are pleased to have you call and give us your candid opinion on her designs and fashions. We want your assistance in this matter, because it is our desire to give the people of Wichita Falls and surrounding country the best money can produce.

Cotton And Its By-Products

In a state which comparatively a few years ago, as it seems, was considered on the frontier, and given over largely to great cattle ranges, it seems almost a marvel that after these few years there should be acultivated product which in extent leads by far any other of thirteen states much older in point of cultivation, but this is true of Texas and its production of cotton.

Marvelous Productive Growth. In 1910-11 the total growth of cotton in the United States was 12,132,000 bales, of which Texas produced 3,135,000 bales or over one-third of the total crop of the country and the 1911-1912 world's production was 15,400,000 bales, of which the yield of Texas was more than one-fifth.

Of our own states, Texas produced more than Georgia, the next largest, with Florida, Tennessee and Arkansas thrown in.

The above figures will give some idea of the greatness of the cotton crop of Texas and of the growth of the state in extent of production. The time has arrived, however, in order to receive good prices and returns when it will be necessary to curtail or regulate the acreage to suit the world's consumption.

Welfare Commission's Labors. This important problem, worked out by crop diversification, and the financing, warehousing, holding and marketing of cotton and its by-products, and its local fabrication through the establishment of numerous cotton mills in the state, are all being successfully attended to and promoted by the Texas Welfare Commission through its three committees on cotton, cotton seed oil and seed by-products and cotton fabrication.

The cotton production and marketing committee is composed of W. T. Loudermilk, chairman, DeLeon, C. E. Dunlap, Waxahachie and J. M. Lindsey, Gainesville.

The commission was launched in October, 1911, at a meeting of the Texas Commercial Secretaries and Business Men's Association, to aid in covering and handling these great industrial problems which are constantly coming up, and to do it from the practical standpoint of business and professional men, rather than that of the professional commercial secretary. The title of Welfare Commission has proven an appropriate one in that their duties and aims are for the welfare of all lines of industry in the state.

Financing and Other Problems. Some of the leading questions which the cotton and cotton marketing committee have had to deal with, have been the reduction of acreage by diversification, in order to secure better prices, and the financing, warehousing and holding for gradual marketing. The selection of better seed, boll weevil eradication, long staple plantings, improved methods of cultivation and improved machinery, the labor question in picking and handling and numerous other questions have also received due attention of the committee.

One of the most successful outcomes of their labors have been their work in connection with that of Peter Radford, president of the Farmers Union, in the financing and holding of this season's distress cotton on a per cent basis, which has been most highly appreciated by all the cotton growers of the state.

Oil, Seed and By-Products. The Welfare Committee on the production and marketing of cotton seed oil and other by-products of cottonseed, are R. E. Huff, Wichita Falls, chairman; J. N. Simpson, Dallas; W. T. Loudermilk, DeLeon.

Among the great advances in industry and domestic economy of modern times has been the utilization and saving of by-products, which only so recently—little more than a score of years ago—were cast out as useless. But now, looking at the matter from the present viewpoint of advanced scientific knowledge, the greatness of former losses in discarding by-products can be seen. In 1910 the value of cotton seed, its oil, meal, etc., in the South was \$147,868,000 and in Texas \$30,000,000 or more than one-fifth of that of the total of thirteen cotton growing states. Thirty million dollars a year is a tidy little sum, either to save or to throw away as was formerly done, but Texas is not throwing this away any more. This

amount was equal to the entire truck crop of the state in 1910 or to the total wheat and oats crop, or to all the products of the state, except cotton, corn, livestock, lumber, minerals and natural grasses.

Committee's Good Work. There is a constantly growing demand for cotton seed oil for many purposes including its use in cooking, in the making of vegetable soaps, as a substitute for olive oil, etc. The meal is not only having larger demands as a concentrated food in mixture with roughage for stock and poultry feed, but is also now used for bread and cake making.

The committee on oil, seed and by-products as mentioned have lent large assistance in securing better methods for the conservation, milling, sale and marketing of all of these products, with the result that today this important branch of the great cotton industry is on a more solid, systematic and better paying basis than ever before, and further beneficial plans for the industry are in progress.

Fabrication and Mills. The Welfare Commission committee on the fabrication of cotton and cotton mills are O. S. Dunlap, Waxahachie, chairman; Paul Waples, Fort Worth and Thomas Finty, Jr., Dallas.

Although cotton manufacturing in Texas does not as yet make much of a showing as compared with the immense production of the state of the raw product, yet there were 67 active mills in 1911, with 194,628 spindles. The mills are located at Dallas, Bonham, Sherman, McKinney, Weatherford, Waxahachie, Hillsboro, Itaaka, West, Belton, Corsicana, Brenham, Gonzales, and Cuero.

Notwithstanding the small percentage of the manufactured product in the state compared to cotton production, a nice start in securing mills has been made, and there is little doubt in the minds of the above committee that this nucleus will, through their efforts, soon blow out and grow into a great volume and statewide industry embracing hundreds of large mills. They are inclined to this belief through correspondence and conversation with manufacturers and capitalists of the East and abroad, who point out Texas as probably the great future center of cotton manufacturing, and it is expected that many new mills will be established here in the near future, as soon as certain transportation rates and import tariffs are on a little more settled basis.

Mill Difficulties Removed.

The problem of cotton mill labor in Texas in competition with the cheap foreign and other labors of New England and of the Carolinas, Georgia and the Southwest, is one of the hardest questions in relation to cotton manufacturing in Texas, which confronts this committee. This, however, it is expected, will be solved in the most satisfactory way both to the citizenship of Texas and to prospective cotton manufacturers, by so improving conditions favorable to the mill as to offset the extra cost of shorter hours, better pay and better surroundings for and protection against abuses of child and woman labor which the natural sentiment in this state demands.

TIMELY WARNING TO CALOMEL USERS

Calomel is a Form of Mercury and if It Stays in the Human System Its Effect is Terrible.

Any physician will tell you that mercury if it remains in the body, will soften and rot the bones, a disease doctors call necrosis of the bones. Calomel is a form of mercury and to keep clear of danger it's a safe plan to take no calomel at all, especially as there is a better remedy.

Both children and grown people will find a perfect substitute for calomel in Dodson's Liver Tone, a pleasant, vegetable tonic that induces the liver to act and which never has any bad after-effects. In fact Dodson's Liver Tone will do every thing that calomel does without any of the dangers of calomel. A large bottle costs only fifty cents and Miller drug store will refund your money if you are not satisfied.

RAISED COTTON FOR CHURCH WORK

Citizens of Tye in Taylor County, Raise Staple by Co-Operative Efforts—Have Sold Five Bales

(Abilene Reporter) J. A. Boyce, the Chestnut street grocer, bought five bales of Baptist cotton, a new and curious kind of cotton you will probably say—but it is not.

It is just simply cotton, plain cotton, raised, cultivated and picked by the Baptist church members at Tye in order to get a little money for the church instead of making it by the many questionable methods of some churches in this day and time.

The cotton was brought in by W. L. King of that community and sold to Mr. Boyce, the five bales netting approximately \$290—and still there is more to be picked and sold of the crop.

Mr. King said the members of the church went together and co-operated in plowing the land, planting the

Crossett Shoes For Men

We are exclusive agents in this city for the Famous Crossett shoes for men, which combine style, comfort and durability. We show them in tan, Russian calf and gunmetal in many styles and lasts. If you want real shoe value and comfort it will pay you to try them. Priced at \$4.50, \$4

FRANK DISCUSSIONS OF THE CITY'S NEEDS

(Continued from page 1)

ed with a request for the aid and co-operation of the citizens.

President Huff, referring back to A. H. Britain's comment on conditions, said he wished to thank Mr. Britain for his frankness, which was just what the meeting had been called for. As to directorate changes, he was sure something of the kind would be beneficial and that some of the directors would be glad to lay down the burdens; he had no criticism for any other organization, but wanted the co-operation of all. There was no further program for the evening, he said, but invited any who wished to talk to do so. There were calls for ex-Mayor Noble, but he declined.

Postmaster Bacon wanted some action taken toward securing a new federal judicial district in this part of the State. Concerted action by the citizens, he declared, could secure it, which would mean the erection of a federal court house here and mean much to the city in other ways.

Mr. Huff brought a laugh by reminding those present that the Duke of Damask had vetoed the former request for such a court.

H. W. Gaston was called for and he expressed the hope that better things were in store for Texas at the hands of her legislators, whom he hoped to see adopt politics that would remove the bars against foreign capital. Every commercial organization, he went on, was in competition with that of every other city and new methods were continually needed. Organizations must be well financed, he continued, because it took dollars to get dollars and he hoped to see the work of the next year carried out on a firm financial basis.

Attorney Fred Householder said that more mass meetings of this kind were necessary to help the citizens catch the get-together spirit. The time for concerted action, he said, was right now, because the conditions never seemed more favorable or the outlook more bright. The two organizations now here, he said, did not really conflict in their functions, but if there was friction of any kind, it should be eliminated now.

One suggestion by Mr. Householder was that the organization should get in immediate touch with the new citizens who were reaching here daily.

J. C. Ward, who was here when the townsite was put on the market, thirty years ago today, said that Mr. Huff was the only one he saw who was here when he came. He had done his little part in building up the city; it took houses to make a city and he had contributed his share of them. Through all the years, he said, he had never lost faith in Wichita Falls; the prospects were bright at present, he concluded and harmony was essential. Personally he did not favor two organizations, he said, but he wanted them strong and active, if there were to be two.

The last speaker of the evening was Dr. J. W. Hill, who said that during his nine months residence here he had been studying the city and its people carefully. If the Chamber of Commerce was asleep now, he said, he wanted to know what it was when it was awake. Population was not the only requisite for a city or town, he proceeded; a town or city is nothing but a large family.

He paid tribute to Secretary Forester, whom he characterized as a "fine Yankee." Discussing the needs of the Chamber of Commerce, he said he had not seen any moss, but that if "high life was needed to let it be forthcoming." One present particular need of the city, in his opinion, was a hospital.

Mr. Huff said he was much gratified at the attendance and wanted to know what the sentiment was for another meeting in a month or six weeks. A vote was taken, every one being in favor of it. Adjournment was then taken. Those present last night were:

President R. E. Huff, Mayor J. M. Bell, A. H. Britain, Dr. J. W. Hill, M. J. Gardner, T. J. Taylor, C. C. Huff, Dr. Wade H. Walker, E. P. Greenwood, J. C. Ward, J. L. Jackson, Mack Thomas, J. J. Simon, Ed Howard, C. E. McCarty, J. L. McConkey, O. P. Maricle, H. A. Fairchild, Prof. G. H. Carpenter, J. E. Frank, Dr. E. E. Jones, Dr. L. Mackechney, Frank Griffin, W. N. Maer, Mark Walker, John W. Thomas, D. C. Priddy, I. P. Roberts, Dr. J. W. Duval, H. B. Patterson, T. B. Noble, T. T. Reece, George Wagner, J. L. Lea, J. W. Bradley, C. W. Snider, E. P. Haney, H. Hines, A. L. Huey, H. W. Gaston, F. W. Householder, L. McConnell, R. P. Watts, Eugene Leopold, John Gould, Arthur Huff, C. W. Hendricks, H. R. Hiatt, J. K. Roach, J. P. Jackson, C. W. Beavers, M. L. AT THE CHURCHES

First M. E. Church, South.

The service at 11 o'clock Sunday morning will be in the special interest of the old people, who will occupy the middle tier of seats in the main auditorium. The old songs will be sung, given out two lines at a time, according to the custom of fifty years ago. A song leader, or "chune b'ister," will lead the congregational singing. At the close of the service the choir will render an anthem, thus gradually shading off into the modern order of worship. The pastor has arranged for automobile and carriage conveyance for all persons who telephone him, or otherwise inform him of their addresses. The service will begin in the evening promptly at 8 o'clock. The Epworth League meets one hour before. The Sunday school opens at 9:30 a. m. as usual.

J. W. HILL, Pastor.

First M. E. Church.

(Corner Seventh and Lamar) Sunday school at 9:45 a. m. Preaching at 11:00 a. m. Epworth League at 7:00 p. m. Preaching at 8:00 p. m. The pastor will occupy the pulpit both morning and evening. The ladies of the church will be entertaining by the September division of the Ladies Aid Society at the home of Mrs. G. W. Corkhill, 605 Lamar, Monday afternoon at 3 o'clock.

Central Presbyterian Church.

(Corner Bluff and Eleventh) Sunday school Sunday morning at 9:45 a. m. Preaching at 10:00 a. m. C. E. Society Sunday evening at 7:00 p. m. Preaching at 8:00 p. m. Prayer meeting Wednesday evening at 7:30 p. m. You are cordially invited to attend the above services. Strangers are always welcome.

FRED L. McFADDEN, Pastor.

Episcopal Church.

The Rev. C. E. Crittenton, archdeacon and general missionary of the Diocese of Dallas, will officiate at the Church of the Good Shepherd next Sunday at 11 a. m. and 8 p. m. Everyone cordially invited to attend.

Christian Church.

Bible school at 9:30 a. m. W. J. Bullock, Superintendent. Good singing, good teachers and classes for all ages. At the Bible school hour there will be given a program by the primary department in connection

with a class being promoted into the junior department. Everyone invited. The Junior Endeavor at 3 and Y. P. S. at 6:45 p. m. Prayer meeting and choir rehearsal Wednesday evening.

Sunday morning at 10:45 P. P. Walters will preach upon the topic "Prayer." The evening sermon at 7:45 p. m. will be "One Thing Thou Lackest," a continuation of last Sunday evening's sermon. Come prepared to give a scripture quotation.

First Baptist Church.

(Corner Austin and Tenth) Preaching by the pastor at 11 a. m. and 8 p. m.

Morning subject, "Two Phases of Our Task." Evening subject, "The Search of Love."

Sunday school at 9:50 a. m., W. L. Robertson, Superintendent.

B. Y. P. U. at 7 p. m., Burton Statton, President.

Sunbeams at 4 p. m., Mrs. J. B. Jones, Leader.

Juniors at 4 p. m., Mrs. P. E. Phillips, Leader.

Volunteers at 5:30 p. m., Mrs. T. M. Smyre, Leader.

The Men's Alliance Monday evening at 8 o'clock.

Prayer meeting Wednesday at 7:30 p. m., followed by the normal classes.

Teachers meeting Friday at 7:30 p. m., followed by choir practice.

Strangers and friends are cordially invited to worship with us.

Rohatch's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble.

This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases.

This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

A bald-headed Arkansas hunter, S. R. Erhman of Murfreesboro, was so

scared in a fight with a catamount his hair has begun to grow.

"I Like It"

Most Children do like

Instant Postum the New Food Drink.

But the big fact is that Children as well as adults can drink Instant Postum with fullest benefit.

Little folks are usually denied coffee "because it hurts them."

When Instant Postum is the beverage its delicious mild, Java-like flavour pleases all the family, yet no harm can result to young or old, for Instant Postum, rich as it is in taste, is made only of choice wheat and a small per cent of molasses—pure and free from the coffee drug, "caffeine."

Instant Postum requires no boiling.

Stir a teaspoonful in a cup of hot water, add sugar and cream to taste, and a perfect cup of Postum is ready instantly.

Grocers sell Instant Postum in tins containing sufficient to make about 100 cups at 50c. Smaller tins making about 50 cups at 30c.

Coffee Averages About Double That Cost.

A 5 cup Free Sample mailed for 2-cent stamp, to cover postage.

Wichita Falls, Texas, Sept. 27, 1912

503 CIRCULAR 503

It is just 39 days from today until the presidential election will be held, which makes the date Tuesday, November 5th.

Col. Bryan is somewhat of an optimist himself. In a recent statement he says he does not concede a single vote to Taft or Roosevelt. It is Mr. Hillis turn again. In figures given out a month ago the manager of the president's campaign was claiming everything with the exception of a small bunch of southern states.

It is the opinion of Mayor Bell that Wichita Falls has done just about as much in the public improving line as she can under the present form of government. In other words, the city is bonded for all the taxable values will stand for, and that if more improvements—such as street paving, sewers, etc.—are made a new charter will have to be obtained. There can be no question but that more improvements are needed and should be made, and if our present city charter will not permit the making of these improvements, another and a better one should be obtained. But it is well for the taxpayers to know in advance just what kind of charter will be asked for. There are various kinds of special charters, some of which put into the hands of a very few men entirely too much authority. The Times is now, as always, in favor of the adoption of a charter. It would like to see Mayor Bell's wishes gratified, and believes that a majority of the tax-paying citizens will and do share in this opinion, i. e.: that the city needs more money than is available under the present form of government with which to make public improvements that are essential to the progress and prosperity of all who make their homes here. But before taking definite action, the people should know as nearly as possible what they are going to get before they get it. In order that they might be done, a draft of the proposed new charter should be printed and circulated among those interested, and an election called to decide whether it should be adopted or not. This is the usual course pursued by cities contemplating the securing of new forms of government, and is fair to all.

CITY'S FIRE LOSSES WERE NOT HEAVY

Total Losses for Six Months of 1912 Were Only \$10,638—Property Valued at \$122,600 Endangered

Wichita Falls' losses from fires during the period from April 1 to September 20, practically six months, totalled \$10,638, according to a report just completed by Fire Chief Vic Stampfli. The total value of property endangered by fire in that time was \$122,600, leaving a balance of \$111,962.

The heaviest loss during that time was at a boarding house on Indiana avenue, where there was a loss of \$5000. The greatest possible loss on any one fire was estimated at \$100,000, which was involved when there was a small blaze in the City National Bank building. There were three false alarms during the period mentioned, and eleven fires, ranging in damage from \$10 to \$5000.

The causes of two of the fires are unknown, three were from gasoline, one from wiring, two from sparks, one from a cigar, one spontaneous and one from a stove.

The showing is much better than for the year 1910 in point of property saved, the total property involved in that year being \$36,250, and the total damage being \$33,250. From January, 1911, to April, 1912 the total valuation of property involved in fires was \$711,970, with a total loss of \$120,374.

Sixty-three-year-old Herman Ducker of Brooklyn has been sentenced to kiss his wife at least twice a day for the next seven years.

Opinions of The Press on Sneed Trial Invitation

Wichita Falls, through its Young Men's Progressive League, has asked Judge Browning of Amarillo, to transfer the Sneed trial to that city "because of its railway facilities, hotel accommodations," etc. Pity the Falls couldn't have had inside information. They could then have made a bid for the killing. That would put them in the spotlight, the one great desideratum with the Falls. This is the most brazen effort we have ever seen put forth by modern commercialism for the cooling of human blood into gold. We have not seen that Judge Browning replied to the communication of the Progressive League, but if he did it ought to have been a warm one.—Bowie Cross-Timbers.

At this time there is much criticism of the courts of the country, some of which is deserved and a part of it is without justification, based upon assumption and misinformation. The courts have both kinds of critics, friendly and unfriendly. There are those who believe that the present system riddled of its idiosyncrasies would be as nearly ideal as possible, while others believe that the entire scheme is founded upon the wrong theory and is therefore wrong in its entirety. Good citizens are applying themselves to judicial problems and hope that out of the present agitation will come a system that will free our judiciary of those things which do not tend to the promotion of justice. But it remains for Wichita Falls to make the most brazen proposal to commercialize the trial courts of Texas that has ever come to our notice. Anticipating that the defense in the forthcoming trial of Beal Sneed for the killing of Al Boyce Jr., would ask for a change of venue from Amarillo for obvious reasons, the Young Men's Progressive League of the former city had the unmitigated audacity to wire the presiding judge an invitation to designate Wichita Falls as the place to have the trial.

Attempts have been made by individuals to get financial gain out of sensational cases and crime, but never before so far as we are aware has an organized body, supposed to represent the sentiment of its community, asked for a case like the trial of Sneed to be held in its midst. It

is not out of order to assume that the trial would last over a period of some weeks; testimony would be given that will benefit no one who hears it; the shame of a destroyed home would be shared to the public gaze; there would be excitement; passion would be appealed to, and from the nature of the case there would be a possibility of still other homicides. Knowing these things it is surprising that a commercial body should desire to have them aired in its home town. One of two things must be certain, either those who were responsible for inviting the Sneed trial to Wichita Falls did so thoughtlessly, or they have a very low conception of the courts, and regard the morals of their community as secondary to money that might come their way as a result of its being held there. The invitation virtually says that if there is to be still more bloodshed in the unfortunate affair of the Young Men's Progressive League wants it done in Wichita Falls. Why not resurrect duelling, rope of an arena and charge admission?—Ver-non Record.

The Young Men's Progressive League of Wichita Falls showed very poor taste and but little realization of the properties when they wired Judge Browning to change the venue of the Beal Sneed murder trial to their town, as they had ample hotel facilities. There is such a thing as being so enterprising as to shock protective customers, which is a good business man will never do. Their action is on a par with that of the undertaker who would solicit a funeral job from the relatives of a dying man.—Quannah Tribune-Chief.

Talk about your "eternal fitness of things," one of the business clubs of Wichita Falls has put in a bid for the transfer of the Sneed trial from Amarillo to that city, and cites the convenience of many railroads, plenty of hotel accommodations for a big crowd, and so forth and so on. That's getting up and going some, even in this section of Texas. It might be remarked, however, that whenever Wichita Falls sees anything it wants laying around, it's citizens take an axe and go out and get it.—Quannah Observer.

MEETING Y. M. P. L. DIRECTORS

(Continued from page 1)

sleepers for all who desire such accommodations. The going trip will be on the morning of October 22 and return can be made on any train within the three-day limit of the tickets. This, it is believed, will be of interest to many of the excursionists. The Chamber of Commerce was extended a cordial invitation to participate in the trip.

A communication was read from the Citizens of Wellington and Hollis asking that the schedule of the short train between Altus and Wellington be changed so as to give citizens of Wellington, Hollis, and a few smaller towns, better facilities for reaching Wichita Falls. It appeared that to reach Wichita Falls under the present schedule it is necessary to lay over several hours, both going and coming, at Altus. It also appeared that the original schedule which was changed recently provided the accommodation asked for and the people interested are merely asking a restoration of the old service. The League directors voted to take the matter up actively at once and to ask the Chamber of Commerce for its assistance. The petitions were turned over to the League by W. M. Priddy to whom they were sent by the citizens signing them.

The League decided to ask all farmers needing cotton pickers to communicate with the League, whereupon efforts to secure pickers will be made. The secretary was authorized to send a night telegram to L. A. Coulter, state secretary of the Y. M. C. A., who will be in Chicago in a few days attendant upon the international railroad men's Y. M. C. A. conference. The telegram will ask that Mr. Coulter keep his promise to urge before the convention the merits of a railroad Y. M. C. A. proposition for this city.

A communication was read from the Postmaster General announcing that as soon as methods for the distribution of the government road fund have been adopted, the Progressive League will be communicated with further and in detail. In this connection the League voted to endorse the curbing of the present defect in the special road law, the amendment to be placed before the next session of the legislature, and the calling of another road bond election will be urged immediately, upon the passage of the amendment, and thereafter steps will be taken to secure Federal co-operation.

A communication was read from a party at a distance who desires to locate here an institution very badly

ELMER WRIGHT, Manager

100 SHERMAN BUSINESS MEN TO PICK COTTON

Sherman, Texas, Sept. 27.—A petition reading as follows was signed by 100 business men here today: "We, the undersigned citizens and business men of this city, do hereby agree that we will for the next six days, weather permitting, assemble together at 4 o'clock every afternoon for the purpose of going to the cotton fields and assisting the farmers in gathering their cotton crop."

MOON BUGGIES ARE THE BEST

We offer a selection from a new car load, just received of the Celebrated Moon Bros. Buggies and Carriages. The line includes every desired style, from steel-tired runabouts to two-seated rubber-tired fall top carriages, and each style is warranted by the makers, and by us, to be the best it is possible to make. The Moon Bros. Carriages have a reputation the world over for durability, style and strength. Combined with these features, we offer them at very low prices. They are the ideal vehicle for farm or city use.

We have also just received a car load of Superior Drills.

Farmers Supply Company

Mississippi Street. J. T. GANT, Manager. Phone 648

In the number are bankers, physicians, merchants, carpenters, blacksmiths, and, in fact, every class of citizens in Sherman. In accordance with the self-imposed agreement several automobiles were assembled on the court house square promptly at 4 o'clock and the men left for the cotton fields. It has been determined by the business men of Sherman and citizens generally that the cotton crop of Grayson county, which is one of the largest in its history, shall be gathered.

Grapevines that also produce a crab-apple are boasted by William H. Steckert of Hastings-on-Hudson.

A blaze at the Farmers Union cotton gin called out the fire department this morning. The blaze was extinguished after small damage. But for the prompt work of the fire department the blaze would have been a most serious one. It originated in the flume that carries the cotton from the wagons into the gin and in believed to have been started from a match dropped into the loose cotton on the wagon.

SCHOOL CHILDREN'S Eyes should receive attention. We Know How. DR. J. W. DUVAL

MILLS CONCLUDES HIS TESTIMONY

(Continued From Page One)

er-in-law, were placed on the stand and testified that the relation existing between Arthur Mills and his father had been of the very best; that he was a dutiful and loving son and had shown the utmost respect and love for his aged parent, and to their knowledge there had never been a cross word passed between them.

J. B. Vannoy, brother-in-law of the defendant, testified that he arrived at the Mills home at 2 o'clock Sunday morning after the tragedy and carried the body of Arthur Mills to the morgue. He testified that he had seen the defendant after the death of C. C. Mills, who was still alive, and who did not die for several days.

The defendant was placed on the stand about 7 o'clock and on direct examination testified that he was 38 years old; that he was raised in Young county, Throckmorton county, graduated from the high school of the town of Throckmorton, attended the State University for nearly three years, taught school at various places in Baylor and Throckmorton counties, was teacher of English and principal of the Seymour high school in 1907.

On the night of the murder of his father, he father communicated with him and asked that he come and take charge of the ranch in Young county; that he and his father went out to the ranch in Young county May 5, and from May 5 until the night of the murder they rode over the different portions of the ranch discussing the new management; that on the night of the murder his father retired early after supper, that he retired about 10 o'clock; that, sometime about 4 o'clock in the morning he was awakened by a noise apparently the heavy breathing of his father, and became conscious of the fact that someone was in the room and he undertook to make his escape through a window on the south side of his bed and while he was trying to get out through the window someone struck him with a heavy instrument of some kind, inflicting a severe wound on the face. He made his escape through the window, then running around to the door of the room occupied by Hyner Patton, that he took a light and a gun and went into the room where his father had been murdered; that they found no one there, and in about an hour he went to his nearest neighbor's and gave the alarm.

Upon cross examination, which was very severe, he told practically the same story, making an excellent witness for himself. The state failed to bother him in the least. He was still on the stand when court adjourned.

The case will not likely get to the jury this week.

Every man on the jury hearing the evidence in the Mills case is a farmer, with the exception of one, who is a ranchman. Nine of them are married and three single. The first panel of the special venire called for 100 men, but on account of a number of the men drawn having left the country, but eighty-five responded. From this eighty-five but three were acceptable to both the state and the defense. Another panel of 100 men was drawn, and from these the remaining nine were obtained.

JURY OUT SHORT TIME

trial Had Been Hard Fought by Both Sides—Wichita Falls Attorneys In The Case

A telephone message received here last night from Graham announced the acquittal of Arthur Mills who had stood about 7 o'clock and on direct examination testified that he was 38 with the murder of his father, a well known stockman of Young county, Throckmorton county, graduated from the high school of the town of Throckmorton, attended the State University for nearly three years, taught school at various places in Baylor and Throckmorton counties, was teacher of English and principal of the Seymour high school in 1907.

The jury was out only a few hours and the verdict of acquittal was reached after a few ballots.

Wichita Falls attorneys were on both sides of the case. District Attorney Edgar Scurry conducted the prosecution while Hon. A. H. Carrington acted as prosecutor.

Y. M. P. L. ASKS COUNCIL TO ENACT BUILDING ORDINANCE

The Young Men's Progressive League has addressed the following open letter to the city council:

To the Mayor and Council of Wichita Falls: This organization respectfully asks, if you are consistent with good government that you enact an ordinance requiring all citizens to secure building permits from the city tax office, to the end that there may be maintained an accurate record of the building operations in this city in the years to come.

The permit fee can be made small, say 25 cents each, and the good results likely to accrue will more than compensate the builders for the trouble and expense to which such an ordinance will subject them.

We feel that this ordinance should cover buildings both within and outside of the fire limits.

Trusting this may receive your early consideration, we have the honor to remain, Respectfully, "Young Men's Progressive League."

VENUE OF SNEED TRIAL IS LIKELY

(Continued From Page One)

Sneed was begun by Judge W. H. Kimbrough of this city for the defense.

The attendance was large, with a good many women anxiously hanging on the words of the attorneys in the plea for bail.

CORN TROUBLE and RELIEF. Illustration of a man sitting in a chair and another man standing next to him.

Is nature's way of making you take the proper care of yourself. If a corn did not hurt you so that you would cure it or at least protect it, it would sooner or later result in a serious and dangerous ulcer.

It is your own fault that you have them in the first place, but maybe you did not realize it at the time. At any rate you deserve no sympathy for the painful trouble, when for a little care and a few cents spent for a package of our corn cure, you can have relief in a short time and permanent cure, if you will follow directions.

"THE ROSARY" OPENS SEASON HERE TONIGHT

Good Advance Sale of Seats For Opening Play at the Wichita Theatre

There has been a good advance sale of tickets for the performance of the Rosary opening the season at the Wichita theater tonight.

The Rosary tells a story of a modern Garden of Eden, in which the serpent enters in the form of a rejected suitor, who wrecks the home and happiness of a married couple by playing upon the jealousy of the husband. There is diffused throughout the drama a remarkable air of purity, faith and hope from the opening scene, which pictures the happy couple about to celebrate their second marriage anniversary, and surrounded by all the creature comforts of modern civilization to the last act when the twin, broken in health and fortune, and wrecked by jealousy come like two weary children at the feet of the old priest who has fathered them throughout their troubles. In the days of their prosperity they had built a chapel for their old friend the priest, and in their adversity they come back to the little edifice one Sunday morning, just as the chimes send their music rolling through the valley. The story is interestingly told, and with a cast comprising as Father Kelly, Wanda Brinkley, Helen Ross, Bethel Barth, Harry O'Lynn and Claude Boone, and with scenic effects that are brilliant. The production is worth attending.

FOR SICK HEADACHE AND CONSTIPATION

After Old Time Remedies Fail Try Gentle, Bitasul Hot Springs Liver Buttons

Don't condemn this wonderful bowel, liver and stomach remedy just because pills, salts, waters and oils have not given satisfaction.

Hot Springs Liver Buttons are a scientific remedy; the formula of the best medical brains in Hot Springs, Ark. One little button, easily taken, will do the work and do it so well that you will be joyfully astonished.

Take one each night for a few days and feel the tingle of health in your blood.

We urge you to give them one trial—we want you to know and feel the supreme relief that one little button will bring. We know you won't be satisfied with common every day cathartics after one trial. 25 cents a box at Stonecipher & Smiths Drug Store, Hot Springs, Ark.

For sale by Stonecipher & Smith and all first class drug stores.

TOOK FRENCH LEAVE BUT WERE RECAPTURED

Two city prisoners took French leave of the city jail yesterday afternoon, prying out some of the bars in their cell window and making a getaway. They were later recaptured and placed in more secure surroundings.

When first locked, the prisoners shouted and sang at the top of their voices and made all the fuss possible. When, a few minutes later, their end of the jail suddenly became quiet, the officers' attention was attracted and the escape discovered. The men were found on the street an hour later and returned to durance.

FREE SAMPLE OF INDIGESTION REMEDY

Finest Ever For Gas, Sourness, Fermentation, Heaviness and Upset Stomach.

Send name and address to Booth's MIONA, Buffalo, N. Y., and say, "Send me sample of MIONA," and you will have an opportunity to try for yourself a remedy for indigestion, dyspepsia, gastritis or catarrh of the stomach that has relieved and cured thousands upon thousands of people throughout America.

So certain are MIONA stomach tablets in any case of disordered stomach that Fooshee & Lynch will supply you with the distinct understanding that if you are dissatisfied with results they will refund the purchase price.

Could anything be fairer? For dizziness, biliousness, headache, nervousness, sleeplessness or any disease arising from an upset or weak stomach, 50 cents a box all over America.

Notice. We contemplate erecting in the near future a five story office building, located at the corner of Indiana and Eighth. All parties desiring space in the building, we will be glad to have them call and confer with us. To those who desire making lease for a term of years, we would undertake the arrangement of offices to suit their convenience.

REBEL SOLDIERS DANCE WITH FEDERAL OPPONENTS

By Associated Press. Juarez, Sept. 27.—Federal and rebel soldiers dance together at Casas Grandes which is held by government forces, and there seems to be no effort made by federals in that district to check rebel raids, according to Park Look, who arrived here today. He came to report to his father George Look, that their ranch was raided yesterday and their Mexican ranch manager held for ransom.

According to Mr. Look, rebel outposts come into Casas Grandes and participate in dances with federal soldiers who are known by their identity.
