

BODY OF MR. GIBBS TAKEN TO CLIFTON

Brief Funeral Service Under Auspices of Knights Templar Were Held Here

From The Sunday Times. Short funeral services under the auspices of the Knights Templar...

Those accompanying the body from here were: Mrs. Gibbs, Owen Gibbs, Travis Gibbs, Mrs. R. C. Smith, F. M. Kell Jr., Mr. and Mrs. Frank Morrison...

These telegrams of regret and sympathy from prominent businessmen and others were received by Mrs. Gibbs when the death of her husband became known.

The following letter was sent out from the Fort Worth office of the Texas Grain Dealers' Association...

"Gentlemen: I am sure that every one of you will be shocked and grieved to learn that our beloved secretary, Mr. G. J. Gibbs passed into the Great Beyond at his temporary home, 907 Bluff street, Wichita Falls at noon today.

"Mr. Gibbs served as president of the Texas Grain Dealers' Association from May 29, 1902 until May 21, 1904 and was elected secretary on June 4, 1905, which office he had held since, although he was in ill health he has not attended to his office duties since November 22, 1912. He served on some committee practically all the time he was not an officer as above and was one of the most beloved and popular members of our association and I am sure every member will feel his loss.

The funeral will take place at his old home, Clifton, Texas, Sunday morning, Feb. 22nd at 11 o'clock. The remains will pass through Fort Worth Saturday morning arriving here about 7 p. m. over the Denver and leaving at 7:30 p. m. for the Panhandle. Friends desiring to attend the funeral and possibly Mr. Gibbs and I feel that others of our members will also attend. Yours very truly, H. B. DORSEY, Sec. Sec."

TEACHERS PARTICIPATE IN GOOD PROGRAM

From The Sunday Times. The teachers of the city schools held their regular meeting Saturday afternoon at the high school building. Nearly all the teachers were present.

"Reasoning"—E. L. Vance. "Reasoning as Applied to Science"—Miss Rich. "Development of Reasoning"—Miss Shelton. "Experiments in Reasoning"—Miss Ball. "Reasoning as Applied to Reasoning"—F. A. Hein. "Diplomas"—Miss Harding. "Credits"—Miss Hunter. "Methods"—Miss Anderson. "Manual Training"—Miss Roney. "Realizations"—J. B. Jones. "Training of the Teacher"—Miss Hetzer.

Among the points emphasized in the talks and discussions were the following: One of the primary functions of school work is to stimulate original investigation along lines of the student's interest. One of the errors in teaching to be avoided is that of "filling out" information without permitting the pupil to make experiments and discover the truth for himself. The study of science and mathematics is especially beneficial in developing the reasoning powers. Induction and deduction are the two processes of reasoning. Without induction there can be no deduction. It is the process of induction that develops new truths. Diplomas in themselves mean little. The main question to be considered is "What does the diploma stand for?" Good results are obtained by permitting the pupil to select those studies he wants and give him credit for it towards graduation. We should stress method, not memory less in our teaching. Pupils should be taught how to find information—how to use books, as well as the information itself contained in the books. The standards of the schools is that of the community in which the school is found. The product of the public school is largely what the citizenship of a community demands. The responsibility of a teacher is with his training is essential to success.

"INFORMED" FOR BALL

WICHITA COUNTY PRO DEMOCRATS ADOPT RESOLUTION FAVORING BALL

DELEGATES NAMED

Resolution Against Proxies For Fort Worth Delegates Adopted—Lane Supports Awaiting

Wichita county prohibition Democrats at their mass meeting at the court house Saturday afternoon voted to send a full quota of representatives to the elimination conference at Fort Worth next Saturday adopted a resolution instructing that such delegates be "informed"—mark the word—that a majority of those attending the mass meeting favored the selection of Tom Ball of Houston as the gubernatorial candidate and voted that no proxies be given by Wichita county delegates not attending the conference.

Thirty persons attended the meeting and out of this number only two did not vote for the resolution expressing a preference for Ball. These two were favorable to the candidacy of Mayor Lane had an opponent at the meeting; in fact, several of those present indicated they meant Lane when they delegated they did not want to participate in the meeting if it was understood that they thereby bound themselves to support any candidate who the Fort Worth conference might designate. It was only after it had been declared that the meeting was not a convention but a conference and that only the candidates would be bound by the action of the Fort Worth meeting that a majority of those attending announced that they wished to participate in the proceedings.

Despite the declaration that there was "nothing political" about the meeting, to one who is familiar with the "conference" bore an aspect that was indeed political.

Bullcock Opens Meeting. The meeting was called to order by W. J. Bullcock who has been designated by the district chairman for this duty. "Most of us want a new deal in politics," said Mr. Bullcock in opening his remarks. "We are tired of political power and legislative red tape. We want a statesman, a man of affairs, a progressive Democrat, as our governor. We want a man with the red blood of courage and the spirit of reform. We need a political Moses."

"All eyes are now turned toward Fort Worth. I believe the reform forces will be united. In my judgment we're going to name a man who will be who will sweep the State like an avalanche. The forces for right are lining up and we'll nominate a candidate worthy of this great State."

Mr. Bullcock was elected chairman and declared the meeting open. Immediately thereafter J. P. Montgomery, in a speech of great interest, pointing out that those who participated in the meeting would be considered bound to support the choice of the Fort Worth conference. He declared there were some candidates who would be before the Fort Worth meeting whom he could not support. J. M. Blain and several others joined Mr. Montgomery in asking the status of the meeting in this particular.

Meeting Only a Conference. Judge P. A. Martin declared that he did not think the meeting could be considered a convention in any sense that it was an "conference" among prohibitionists themselves to discuss who would be the strongest and most available candidate. He said that it was understood the action of the Fort Worth conference would be binding only upon the candidates themselves. "It is only an advisory meeting as I understand it," he said.

Judge Carrigan declared that he was anxious to know just what was expected from those who participated, declaring that there was one candidate whom he could not vote for. "I think he is just a prohibitionist for the loaves and fishes," he said.

Mr. Bullcock in accordance with the instructions of the mass meeting announced the following delegates from Wichita county to the Fort Worth conference next Saturday: W. J. Bullcock, J. P. Montgomery, George Carrigan, J. W. Hill, J. S. Ford, P. Kelly, Charles R. Fuller, J. M. Blain, W. R. Ferguson, George Simmons, E. P. Haney, E. H. Middleton, N. L. Lyman, N. W. Self, E. E. Shoberg, W. J. Bullock, J. L. Moran, T. J. Wagoner, Ed Howard, P. Cox, W. H. Downing, Ed Flibber, P. Abernathy, E. A. McCleskey, J. P. Morgan, J. B. Wintley, O. T. Smith, J. R. Pace, J. A. Padman, W. L. WICHITA COUNTY YOUTH IS VICTIM OF SHOOTING

Robert Pace, Shot During Hazing Episode at Stamford, Resides Near Iowa Park

From The Sunday Times. Robert Pace, the Stamford College student who was shot and seriously wounded recently during an alleged attempt to hazing two other students in a Wichita county box, it is learned, is the son of Mr. and Mrs. J. R. Pace residing on Route two, Iowa Park and has an excellent reputation in his home community.

Pace with a number of other students of Stamford College, was trying to enter the room of two of the young men of the college, when one of the latter fired through the closed door, the bullet striking Pace in the abdomen and inflicting a wound which it was feared for a time would cause his death and his condition is still very serious.

College Station.—The cadet corps of the Texas A. & M. college is planning to attend the Panama-Pacific exposition in San Francisco, in June, 1915. The trip will be made in special trains and the boys about 800 in number, will spend two weeks at the exposition and will inspect points of interest in San Francisco. They will be under military discipline while away.

NEW POOL FOUND NEAR IOWA PARK

WELL ON SUNDAY FARM IS AN EIGHT OR TEN BARREL PUMPER

OIL FOUND AT 740 FEET

Other Wells Are To Go Down in Vicinity Immediately—Griffith and Burt Owners

The well on the J. P. Sunday farm northwest of Iowa Park has been drilled in and is an eight or ten barrel pumper at 740 feet. While this is not as good as the first reports from that vicinity indicated, it is sufficiently productive at this depth to stimulate work in the county immediately north and west of Iowa Park and it is believed that it will lead to putting that community very decidedly on the oil map.

Griffith and Burt of Houston own the well and the delay in drilling it was occasioned by their being out of the city when the sand was reached. They have already made location of another well on the same tract and will probably start work within a few days.

A coincidence in connection with this well is that it is on the Sunday farm and the oil sand was reached on Sunday which as one near humorist put it, ought to make a "good" well.

SAYS THAT MAD DOG IS LARGE IN CITY

The following notice was left at The Times office this morning: "A dog with hydrophobia escaped from his master last night. The dog is a big black grayhound and is now believed to be running loose in the city. The police are asked to look for him and kill him."

The notice was signed "Anne Morgan." The escape had not been reported at police headquarters this morning and no notice of the supposed mad dog has been learned.

He later declared Lang was the man referred to.

Rev. J. W. Hill declared that he was going to do his full duty in the primary by voting for Thomas Ball of Houston for governor. This remark brought forth enthusiastic applause.

Binding On Nobody. A motion by Mr. Montgomery declaring that it is the sense of this meeting that no man participating will be morally or otherwise bound to support any candidate whom the Fort Worth conference may select, was adopted by an unanimous vote.

A motion was next adopted that the chairman prepare a list of delegates from all parts of the county to attend the Fort Worth conference. Upon this motion the roll call was taken and representation at the Fort Worth meeting was one delegate for every ten votes cast for statewide prohibition. This entitles the county to about 100 delegates.

After disposing the delegate question Judge Martin moved "That it is the sense of this meeting that the delegates to Fort Worth be informed that a majority of those present favor the selection of Tom Ball of Houston."

A Tribute To Mayes. In speaking against resolution Prof. G. H. Carpenter paid a stinging tribute to his former fellow townsman WILLIE H. MAYES OF BROWNWOOD. He said he had no objections to Tom Ball whatever but that he was supporting Mr. Mayes. "He will make a clean, practical, sane governor," he said. "He is not in any sense erratic, but is a man of good common sense. There are men in Texas of greater ability, I know, but there are none more honest. He is a much stronger man than you might think. You've got to know him personally to appreciate fully his great worth."

Judge Carrigan opposed the resolution saying that he believed the representatives of this county knew whom the people wanted and that they should be unshackled. Judge Carrigan later voted for the resolution, it being adopted with only two dissenting votes. There were only two dissenting votes in the motion prohibiting Wichita county delegates from giving proxies.

List of Delegates. Mr. Bullcock in accordance with the instructions of the mass meeting announced the following delegates from Wichita county to the Fort Worth conference next Saturday: W. J. Bullcock, J. P. Montgomery, George Carrigan, J. W. Hill, J. S. Ford, P. Kelly, Charles R. Fuller, J. M. Blain, W. R. Ferguson, George Simmons, E. P. Haney, E. H. Middleton, N. L. Lyman, N. W. Self, E. E. Shoberg, W. J. Bullock, J. L. Moran, T. J. Wagoner, Ed Howard, P. Cox, W. H. Downing, Ed Flibber, P. Abernathy, E. A. McCleskey, J. P. Morgan, J. B. Wintley, O. T. Smith, J. R. Pace, J. A. Padman, W. L. Rogers, George Ansell, Ed Smith, A. A. Honaker, T. B. Barwell, J. T. Wadsworth, L. E. Pinkerton, J. W. Willis, D. Daniel, R. E. Moore, J. F. Gullett, J. D. Cooper, W. H. Gwinn, W. P. HOSPITAL BOND ELECTION CALLED

COUNCIL FIXES SAME DATE AS COUNTY, MARCH 21, FOR VOTE ON ISSUANCE

DELINQUENT TAX REFUND

Good Excuses Prove No Avail When Petitions Are Presented—Other Matters Receive Attention

From Friday's Daily. The city council at its meeting this evening passed an ordinance calling for an election to vote on the issuance of \$25,000 bonds to be used for the erection of a joint county and city hospital and the building of cottages at the county farm for the care of patients with contagious diseases. The election was called for March 21st, the same date as the county election for that purpose. There will be two polling places for voters in the city bond election. One will be at the city hall and the other at the court house. Those who vote at the election will vote on the usual county elections will vote there in the city bond elections; those who vote at the court house in the county elections will vote there also on the city bond issue.

Wichita Falls voters can vote on the issue once on the issuance of bonds by the city and once on the issuance of bonds by the county. City polling places will be established at these two places for the convenience of the voters.

The proposed bonds will bear five percent interest and will run for 30 years, the city retaining a privilege to redeem them after ten years.

Refuse Penalty Refund. Tom Weidman, J. B. Pitts, L. Davis, George L. Heavis and J. W. Stone were named election officers for the hall ball and E. M. Wintley, J. P. Jones, Ed Howard, S. B. Howell and William Vaughan for the court house.

At Thursday night's meeting the council again made its annual declaration of inability to refund penalties on delinquent taxes. Representatives of the city and county, a local public service corporation and a local merchant appeared making requests for refunding penalties for delinquent payments. The public service corporation had drawn a check for its taxes in full on January 18, but through some clerical error the check was not cashed until February 2; the railroad company, also through an oversight had failed to send a check to cover the full amount of its taxes and was notified by telegraph by a revenue collector to forward a check, which it never did, until after January 31; the merchant through an error had failed to send a check sufficiently large to cover the full amount of his taxes, and thought as January 31 came on Saturday and the city could not use the check until the next day, he had no difference anyway if the check did not get in until Monday so was in no hurry about mailing it.

City Attorney Bonner advised that he knew of no way to abrogate the law which made it mandatory for the collector to collect the taxes on the first day of the month. He assured the petitioners that while they had their sympathy and "moral support" they could do nothing unless the petitioners could show them a way by which the relief asked for might be given.

Action On Other Matters. Following these petitioners C. N. Henderson appeared to ask for the refund of \$1,000 a city poll tax paid by him which he was not required under the law to pay. The refund was ordered upon the presentation of this necessary evidence.

A claim for \$50 damages presented by N. H. Rodding for the loss of a horse which fell into a sewer ditch was rejected, it appearing that the horse was running loose in an alley where it fell into the ditch.

Reports of the city collector Robert J. Martin, regarding the work and other officers were checked and approved and other routine business transacted. The session was not adjourned until nearly midnight.

A. T. Keiser for Justice of the Peace. The Times is authorized to announce A. T. Keiser as a candidate for the office of Justice of the Peace, Precinct One, subject to the action of the Democratic primary election to be held in July. At the present time Mr. Tucker is deputy sheriff under Sheriff Taxalder. He has, however, had considerable experience as a justice of the peace, having served six years as a justice of the peace in Clay county. He is a genuine Democrat, never having voted anything but the straight Democratic ticket. The Times respectfully submits his candidacy to the voters for their careful consideration at the polls.

DOHONEY CANDIDATE FOR CONGRESSMAN AT LARGE. By Associated Press. Paris, Texas, Feb. 16.—Col. E. L. Dohoney who wrote the present prohibitive laws into the constitution of Texas today announced his candidacy for congressman at large.

INSTITUTIONAL SERVICE TODAY

REV. FREDERICK DATSON TO BECOME RECTOR OF GOOD SHEPHERD PARISH

PLANNING HIS WORK HERE

Anglican Clergyman Will Conduct Services—This City Is Supplied to New Divine

From The Sunday Times. Delegation from Electric, Burkburnett and Iowa Park as well as all the citizens of Wichita Falls who are interested in better roads are expected to gather in the Chamber of Commerce rooms at the city hall at three o'clock Tuesday afternoon when steps for the organization of a better roads association will be taken. W. C. Travilla, good roads expert, who is directing the expenditure of the million dollars voted by Tarrant county, will be here for the meeting and will be one of the speakers.

Those back of the movement are planning to form an organization that will not cease to exist until every road in this county that is traveled at all generally has been improved.

J. E. Hood, the oil man, was largely instrumental in bringing Mr. Travilla here and who is one of the moving spirits behind the proposed organization. He wrote to Mr. Travilla recently and secured the expert's promise of co-operation.

200 Letters Sent Out. All Wichitans are invited to attend the meeting and it is hoped to give the organization a good start. Over 200 letters were sent out yesterday to residents of this county, urging their attendance and it is believed that each of the smaller communities will send a number of citizens.

A good roads system of approximately ninety miles is the plan of the organization. It is estimated that for \$6000 per mile a road can be constructed that will stand every variety of traffic and every variety of weather for an indefinite period. This would include roads leading from Wichita Falls to the Wilbarger county line via Electric and Iowa Park; to Burkburnett; to the Archer county line; to the Clay county line toward both Henrietta and Petrolia; from Iowa Park to Burkburnett and from Burkburnett to Electric.

Such a road system would cost approximately \$550,000, would serve every part of the county and touch every important community in the county. It is the consummation of such a good roads plan that the efforts of the new association will be directed.

PARRISH NO MATCH FOR CHARLES DELIVUK

Austrian Throws Clay County School Teacher; First Fall in Ten Minutes

From The Sunday Times. J. Ben Parrish, the former Clay county youth who has won a number of wrestling contests recently, proved no match for Charles Delivuk of Umanis Friday night. In a contest at the Moore hall Delivuk quickly won the first fall and Parrish collapsed before the second had progressed more than a few minutes, the honors going to Delivuk. The Austrian seemed to have decidedly the better of the argument so far as knowledge of the wrestling game was concerned; Parrish was possessed of far superior strength but was neither quick enough nor expert enough to use it to advantage.

Delivuk secured the first fall in about ten minutes, using a wrist lock and head scissor; at no time did the Austrian seem in real danger of being thrown. After the second had progressed a few minutes, Parrish seemed to be trying fast and asked Delivuk to stop the match long enough for him to get a drink of water. Delivuk declined to do this and a moment later Parrish collapsed upon the mat. He was all right when being permitted to rest for a short time but no effort was made to continue the match.

Parrish is said by those familiar with the wrestling game to be an unusually strong man, but without much knowledge of the science of wrestling. He was undoubtedly much stronger than Delivuk who is about forty-five years old but the Austrian's long experience in the wrestling game made him a comparatively easy victor.

CONSIDERS LANE'S RULING INEFFECTIVE

Attorney General's Department Declares Hotels in Wet Territory Can Serve Drinks

By Associated Press. Austin, Texas, Feb. 14.—The Attorney General's department today declared unofficially that the ruling of Controller Lane relative to serving of liquor in hotels to be discontinued, two months ago, was in conformity with the former holding of the attorney general's department.

The department recently ruled that such action would be in violation of the Alcoholic law and was permissible in wet territory. The Controller refused to recognize such ruling and was attempting to enforce the non-sale of liquor in hotels in dingy rooms on the ground that it was in violation of the Robertson-Kilgough law. The attorney general's department considers that this law was covered in their recent ruling and that hotels in wet territory may serve drinks in dining rooms without violation of the law.

WELL SHOOTING IS A RISKY JOB

ONLY TWO DEGREES LESS DANEROUS THAN BEING A FERAL CAPTURED BY RESS

HOW WELLS ARE SHOT

Explosive Must Be Handled Carefully—Well Shot Holds Increased Production

From The Sunday Times. Production at the rate of 100 barrels daily has been put into the tanks by McBride No. 7 Chenaut, the well which was shot several days ago and which increased so decidedly following the shot. The rate at which the well is holding up is considered remarkable and owners of wells throughout the Burkburnett country are "shot crazy" as some one expressed it. Arrangements are now under way for shooting a number of other wells in that section.

The "shooting" of an oil well—that is, the exploding of nitroglycerin or dynamite in the oil producing sand—is a dangerous procedure with a most interesting one. In Oklahoma where many of the oil sands are hard and where much shooting is done, the "shooter" is a more or less common figure but as yet is comparatively unknown in this section. One reads not infrequently where a shooter met death by his trade; it sometimes happens that the shot instead of increasing the production, wrecks the casing and ruins the well altogether. Shooting is not without its risks and its disadvantages by any means.

Lowering the Shot. The McBride No. 7 had eighteen feet of sand and forty quarts of nitroglycerin were used. The "nitro" was placed in long tin tubes, and the shooter lowered one of these carefully and cautiously into the hole. A tin tube full of dynamite, dangling at the end of a string is a thing to be respected and the shooter handles it that way; if it should strike something in the hole before he gets it down into the sand, the shot, depending upon the amount of nitro in the tube, it would be all day with the shooter.

When the tin has finally reached its resting place at the bottom of the hole, the shooter lowers another and perhaps a third, down upon top of it until the hole through the casing is filled with nitro, so to speak. Where the sand is eighteen feet thick, probably three such tins would be required.

The nitro safely in the hole, the worst part of the shooter's work is over. It is set off either by means of a fuse or by electricity. The former method being used in the McBride well. The explosion occurs and sends out mud and other things from the mouth of the hole; the nitro has rippled out into the interior of the sand and loosed up the casing formation, so that the fluid may flow easily into the hole and be pumped out to be made into boarding house, butter, kerosene, chewing gum, roofing and the other things that petroleum eventually becomes.

Casing Raised Before Shooting. Before the shot is made the casing is pulled sufficiently far to leave twenty or thirty feet of "open hole" that is, hole without casing, above the sand. This is done to minimize the danger of the casing being wrecked by the shot. If the explosion wrecks the casing, being raised means no more oil from that well.

The dangers that attend the shooting process begin when the nitro is manufactured and do not end until it has safely exploded. The explosive may have to be hauled over a few dozen miles of rough country road and it is no cinch but that the teamsters will not be a widow before the trip is through; upon arrival it has to be handled some more, placed in the tin tubes all of which is dangerous as can be and tends to make well shooting a most dangerous business. It is a fact that a few years ago a well was shot in a federal jail captured by the rebels.

PAVLOVA TO DANCE HERE SATURDAY FEBRUARY 28

Definite Arrangements Are Made For Appearance of Russian Dancer In This City

From Thursday's Daily. Definite arrangements have been closed for bringing Pavlova, the famous Russian dancer and her company to Wichita Falls on Saturday, February 28th. If the advance sale of seats for the night performance justifies it is probable that a matinee performance will be given.

The prices will be the same as in Dallas. Forty box seats and sixty seats beneath the fifth and sixth levels in the parquet will be sold at \$5. The remainder of the parquet will be \$3. Seats in the first balcony will go at \$2.50 and in the second balcony at \$2.

Ed. Howard, General Manager

While the delegates appointed to represent the prohibitionist Democrats of Wichita county at the Fort Worth convention, selected by the mass meeting yesterday at the court house in this city, were not instructed a resolution was passed to the effect that it was the sense of those composing the mass meeting that the nomination for governor of Texas should be given to Tom Ball of Houston.

The Cumbre tunnel horror, in which Castillo and his bandits fixed a trap that led to the destruction of the lives of some thirty passengers, including a number of Americans, aboard a train on the Mexican Northern Railroad, demands immediate, drastic action which will stop nothing short of the extermination of his entire band.

If the press dispatches are to be relied upon, Villa is making good his threat to exterminate that bunch of out-throats. Castillo was executed shortly after being captured, and it is safe to predict that those of his followers who were captured along with their leader have shared his fate.

The Times notices from the Commerce Commercial and the McKinley Examiner that ex-Congressman C. H. Randall is to be a candidate for congressman in that district against Hon. Sam Rayburn, the present incumbent.

The Times is requested by Mr. S. W. Stout, business manager of the local order of the United Brotherhood of Carpenters and Joiners that the organization of carpenters is not supporting any candidate for either city or county office.

From the looks of things now it would seem there was no great demand for either Lane or Mayes to be governor of Texas. Even Cullen Thomas, who had withdrawn from the race ran ahead of Lane.

If the prohibition Democrats of Texas to meet in conference at Fort Worth next Saturday endorse a real big man as their choice for governor, the chances are that he will win in the July primaries.

A FEW WORDS ABOUT MR. BRYAN

The editor of the Dallas News says Mr. Bryan a high compliment in the following paragraphs:

"The country will hardly concur in the President's measure of Mr. Bryan as a diplomat. As a Secretary of State Mr. Bryan has, as we believe, been somewhat of a disappointment to the country, though we think it ought to be added that several misadventures that have been held up as evidence of his inaptitude in diplomacy are in fact the result of unavoidable circumstances, are consequence of blundering on the part of his predecessors.

But if the country disagrees with the President's estimate of Mr. Bryan as a diplomat, it will join in the tribute he pays to his character and to the role that he has made, occasion to pay that tribute. For it must have become evident long ago that there was an organized effort on foot to discredit and belittle Mr. Bryan.

Some people have an idea that, in order for a city to make progress everybody must think alike. But that is a great mistake. You can find hundreds of towns and villages where the people are all of one mind, and the chances are they will remain small towns and villages, and get smaller as they grow older.

The Memphis banker who squandered about one million of the banks funds the other day would not have had such a fine opportunity to do that had Tennessee adopted a law for the protection of depositors like that of Texas.

A movement is on foot to have an election in this county to determine whether or not pool-halls shall be allowed to operate. Pool halls may be objectionable in some respects, but men and boys are going to have some sort of recreation.

This law has been held good by the higher courts, and it is a noticeable fact that in every instance where an election has been held to enforce its provisions, it has met with favor at the hands of the voters.

Now they say that none but "original" Wilson men can have postoffice in Texas. All right, Albert, Old Scout, but don't let the republicans who are cutting the provender the Lord intended for patriots to have stay in until it's all gone.

Say what you will in adverse criticism to Governor Colquhoun, even his critics are bound to give him credit for loyalty to his friends. Those who are closest to him say he most positively will not show favors to those who opposed his re-election if he can possibly avoid it.

LEGISLATION AND PERSONAL PURITY

We are getting to have a rather profound belief in the effectiveness of written laws, and this very belief may go far toward destroying their effectiveness.

Public sentiment is crystallized on but very few of the many questions that have lately been agitated by moral and political theorists.

When this government was established the American people were sure of what they wanted with reference to political, moral and social laws.

Changed conditions have almost revolutionized the structure of American politics and American society, and we are being afflicted with a mass of remedial measures at every session of every legislative body.

One tells us that race suicide is imminent and that young people must be encouraged to marry. Another tells us that the trouble is that too many young people are marrying who are not fit to become fathers and mothers.

BRYAN AND THE SENATE

(By Savoyard in Houston Chronicle) At a social party the other night given by a prominent democrat to entertain prominent democrats, Mr. William J. Bryan was a distinguished guest, and in the course of an eloquent address on that festive occasion he said: "From early boyhood my ambition has been to occupy a seat in the United States senate."

It was an infallible instinct that prompted him, and the country lost when Mr. Bryan was unselfish enough to allow "Everlasting Allen" to wear the toga that Bryan should have donned. I do not mean to discredit Allen. He is a noble fellow and a splendid man; but Bryan was the one who should have been senator.

For years the writer of this was not in accord with the preachments of Mr. Bryan, but there never was a day that I would not have made him senator in congress had it been in my power, and in my lame way I wrote some mile or two of stuff urging Nebraska to make a senator of her most distinguished and most eminent citizen.

But four presidential terms of Aldrich—1897-1913—and even less, drove me into the Bryan camp, all but 18 to 1, and by 1910, maybe earlier, I found myself on Bryan's side of the hedge. I do not think it humiliating to make such recantation, for he is a mighty poor scamp who will not say today what he sincerely thinks, though it make him as inconsistent as the wind.

Somebody has said that for half a generation the British parliament was a dialogue between Charles James Fox and William Pitt, and had Mr. Bryan entered the senate twenty years ago what an interest he would have lent to the dialogues he would have carried for privilege! If Bryan had been there in 1909, he would have whipped with a scorpion tongue that unfaithful set on the democratic side who launched a jolly-boat and was to the rescue every time Dooliver drove Aldrich to despair and the great apostle of monopoly and extortion flew a signal of distress.

What a team Bryan and Dooliver would have been in the Sixty-first congress. And oh, had Czarnacki been there!

while yet in the land of the living? If so, get a seat in the senate of the United States. Cols, my boy, I fear you don't know the United States senate. If you are what you are picture, the United States senate, to quote from "Gentleman Chucks," metaphorically speaking, will make you see more stars than God Almighty ever made, and cut more capers than all the dancing masters in France.

If, however, you must go into that lion's den, Cole, it's a free show, but I bet you ten to one the senate tames you before the first regular session is half over, and you will eat out of its hand like a tender, bleating, delicate quiet, timid, ladylike little lambkin. PRESIDENTIAL PRIMARIES.

A great deal of late has been said of the proposed presidential primaries. The bill which it is said has President Wilson's approval is about as follows: Primaries to be held throughout the entire Nation on the same day to choose the presidential nominees of all parties.

Primaries to be under jurisdiction of the state laws and the election machinery of the various states. Each state to prescribe the qualifications of the voters at the primary. The bill to provide temporary machinery until the states can enact the necessary laws so the next presidential nominees may be chosen by primaries.

Either the state or the congressional district to be the unit—the present sentiment is for the congressional district.

He is still here, and can be found at almost any hotel or restaurant. There is not the slightest danger that he will disappear entirely. Senator Stone of Missouri, is a man after our own heart when he comes out boldly and declares that while he favored the exemption of American coastwise vessels from the payment of Canal tolls, he sees the prospect of a serious embarrassment to this country if this course is persisted in, and is willing now to openly repudiate that part of the Canal act. It takes a bigger man to admit that he is wrong and seek to place himself right than to never go wrong at all.

Still, it seems hard that after Uncle Sam has gone and constructed the canal, paying out his good money for same, shall not be allowed to do with it as he pleases. This very embarrassing position in which he is placed was brought about through a blunder of one or more of our great American statesmen in the drawing of the treaty between the United States and England.

We are hopeful that the experiment in using unguarded convicts on the roads in Smith county will be as successful in Texas as it has been in other states. The plan of paying the convict \$15 a month with half of it going to his individual account to be repaid to him at his release, furnishes the incentive for his work; the fact that he is working in the free-air and with no armed guards over him will give the right sort of convict a feeling that he is doing a real man's work and trusted on his honor to refrain from escaping. Texas needs good roads; the more cheaply they can be built, the greater will be the immediate mileage. The use of short-term convicts on the roads has long been agitated without giving it a trial, and now that the ice has been broken, we should like to see other counties send convicts for road work, that the trial may be as thorough and under as many different conditions as it is possible to obtain.—Defton Record and Chronicle.

The express companies are bringing to bear all the influence and power at their command to restrict the parcels post from cutting into their business any more than it already has, but if Postmaster General Burleson is given the right sort of support by the Democratic administration it will not be a great while until packages weighing as much as 100 pounds can be sent by parcels post at about one-fourth the cost that express companies now exact and demand. If the general government can do this and still make money out of the business, the difference between what the express companies charge and the rates fixed by the parcels post is a direct saving to

We have mentioned once or twice before, but nevertheless are going to say it again: Invest your spare change in Wichita Falls real estate. There is hardly a chance to miss making a good investment at present prices. The Times would not offer the suggestion if it was not convinced that it will prove just as it says, Wichita Falls, some of us think, has been making rapid strides in the way of gaining population and wealth during the past five or six years, but it is nothing to what will be accomplished along that line during the next four years.

CHILTON NOT A CANDIDATE

The following letter from Honorable Horace Chilton to Dr. J. W. DuVal of this city sets at rest finally the generally accepted rumor that he was, or that he would be, a candidate for governor:

Dallas, Texas, Feb. 16, 1914. Dr. J. W. DuVal, Wichita Falls, Texas.

Dear Sir: The proffer of support conveyed by your letter is greatly appreciated, but I have seen no prospect of my becoming a candidate for governor.

The prohibition issue will be pushed and this will bring on an uncertain and expensive campaign. I am not financially able to make the customary Texas State campaign. Indeed, I have no wish to be governor, as the product of a victory for pros or antis. All the attraction of the great office would be lost unless I could go into it with the general backing of the best people on both sides, and thus be enabled to serve with a single hearted commission to renovate the affairs of the State.

Very truly yours, HORACE CHILTON. From this letter it will be noticed that ex-Senator Chilton places the interests of Texas above all else. While it is generally understood and believed that, on the prohibition question, he leans to the anti side, there are just thousands of pros who would be delighted to give him their loyal support for the governorship above any other man that has been mentioned in that connection. He would make Texas a great governor, and that is the kind of governor Texas needs.

The address of welcome by J. C. Hunt, superintendent, sounded a deep devotional note. The pastor, Dr. J. L. McKee introduced a fine slogan for the school. "Every member of the church in the Sunday school and every member of the Sunday school in the church."

Considering the fact that everything was new and that the Sunday school had to be practically reorganized, a number of the officers accepting their positions, showing good generalship on the part of the superintendent. The program moved along according to schedule finishing within a few minutes of the time set by the superintendent.

The teachers expressed themselves as well pleased with their new class rooms. The act of relocating prevailed everything and it was felt that yesterday marked a new era and that the school has stepped into the first rank of Sunday schools.

CARPENTERS WIN PRIZE FOR POLL TAX PAYMENTS

Printers and Broommakers Tie For Second Honors—Chamber of Commerce Awards Made

From Friday's Daily. Awards of prizes to the labor unions for the best showings made by their members in poll tax payments has been made by the Chamber of Commerce committee. The Carpenters' Union won the prize for the largest number of members paying poll taxes, sixty-nine resident members having paid the tax. This prize was \$125 in cash.

The Typographical and the Broommakers' Unions tied for first money for the largest percentage of resident members paying poll tax, each local reporting one hundred per cent having paid. First and second money in this contest was added and divided into two equal awards of \$57.50, each local receiving that sum.

The barbers were awarded the third prize of \$50. No other unions took part in the competition.

SCHEDULES ON VALLEY AND DENVER CHANGED

Will Permit Making of Direct Connections Here As Formerly—To Take Effect Sunday

From Tuesday's Daily. Folks from towns south of here on the Wichita Valley who for the past few weeks have been obliged to take two days when they wanted to make a trip to Wichita Falls, can now come and return on the same day, as the schedule will be changed so as to make connection with the Fort Worth & Denver trains.

The old time card had been abandoned on account of the heavy rains of November and December which made it impossible to maintain schedules with any degree of regularity. For the past month or so there has been no trouble of this kind and a return to the former schedule, with some changes will be effective Sunday.

The northbound Valley which now arrives at 1:40 will reach here at 1:20 and the southbound which has been leaving at 12:45 will not depart until 2:20, giving travelers a full hour to spend here; of course they will have a chance to spend something else, too.

The Denver's new schedule will be in substance the same as that in effect before the wet weather made changes necessary; that is the daytime north and southbound trains will meet here. No. 3, the northbound local will arrive at 12:20 instead of 12:30; No. 4 the southbound plug will arrive at 12:10 as at present. No. 1, the northbound, daytime through train will arrive at 1:55 instead of 1:40 as at present and No. 2 the southbound through train will meet No. 4, being scheduled to arrive at 2 o'clock instead of 2:45. The night trains will not be changed. No. 7, northbound will arrive at 3:45 a. m. and No. 8, southbound will arrive at 2:15 a. m.

JUDGE CARRIGAN WILL NOT ACCEPT JUDGESHIP

From Tuesday's Daily. Judge Carrigan has sent a telegram to Governor Colquitt thanking him for the tender of appointment to district judgeship but declining the honor.

It is generally understood that Judge Edgar Scurry, now district attorney, will be tendered the appointment and will accept. Judge Scurry, however, has made no statement for publication in this connection.

It had been reported that County Attorney T. R. Boone would succeed Judge Scurry as district attorney. Mr. Boone said this afternoon that he was not an applicant for the appointment.

GREEN RIVER COMPANY HAS OKLAHOMA GASSER

From Tuesday's Daily. The Green River Oil Company's well near Checotah, Okla., is reported to be good for between 3,600,000 and 10,000,000 feet of gas daily. The company has filed application for a charter in Checotah and is planning to furnish that town with fuel.

The well is located five miles from the town. The Green River Company's stock of which is held principally by Wichitans, owns about 1,000 acres of leases near Checotah. Julius Markowitz, general manager for the company returned from Checotah yesterday. He says that work will be started on another well as soon as the rig can be gotten ready.

OTHER PLACES TO COPY WICHITA-FALLS CHURCH

New Presbyterian Building in This City Attracts Attention From Throughout Country

From Thursday's Daily. The new Presbyterian church building has received a great deal of favorable comment from a number of sources, and has recently had quite a compliment paid it. In a recent number of the "Herald and Presbyter", published at Cincinnati, a picture of the building was printed on the front. This brought it to the notice of churches throughout the country and inquiries have been coming in for detailed descriptions.

The building is noticeable for its outward beauty and symmetry and for the inside arrangements as well. Two churches in Kansas City, one in Paxton, Ill., and one in Cincinnati have written for details, presumably with a view to reproducing something similar. Bulger of Dallas was the architect.

The name "Westminster Guild" was selected for the name of the young ladies society of the First Presbyterian Church at a meeting held Monday afternoon with Miss Alice Burnside. In addition to the selection of a name other business was transacted. The different articles of the constitution were read and adopted with amendments. The Guild planned for the Colonial Tea scheduled to be given at Mrs. Richolt's

on Saturday, Feb. 21 both afternoon and evening. A committee to take charge of all arrangements and appointed necessary committees was formed. Those enjoying Mrs. Stoyton's hospitality were: Misses Helen Stone, Audrey Addicks, Harris, Hiline, Kirby, Landers, Jackson, Coffield, Kahn, Richolt, Mears, Moorg and Dorothy Heavers.

MISS CELIA STAYTON HOSTESS AT PARTY SATURDAY EVENING.

Saturday evening, Feb. 14 Miss Celia Stayton entertained a number of friends. The game of "Bunco" was instituted early in the evening and a series of games were played. Dancing and other diversions offered amusements to the guests. The rooms were decorated with symbols of the Valentine season, strings of hearts being used very effectively in the door ways and windows. The score cards were in heart shape and the number of the tables were marked on large red hearts. In the ice course the Valentine idea and colors were carried out in the white ice topped by Maraschino cherries and heart shaped cakes. Those present were: Misses Audrey Addicks, Stewart, Stone, Ruby Moore, Pauline Richolt, Hines, Landers, Kane, Ruby Bachman, Fain, Murph, Mears, Hermin Heavers, Messrs. Nussbaum, Barry, G. Barry, Nelson, E. S. Roberts, B. B. Shober, Douglass, Victor Jungk, English, Clout, Nelson and Earl Fain.

HAS FRIENDS TO DINNER FOR ELEVENTH BIRTHDAY.

Monday, Feb. 9, Miss Josephine Bullock entertained a few of her girl friends at 6 o'clock dinner, the occasion being her eleventh birthday. The color scheme carried out in the table decorations was pink and green, this being observed in every possible detail. A most enjoyable repast was served to the Misses Sadie and Louise Tavis, Ella Louise Best, Annie Dell Bradshaw, Thine Huff, Audrey Ferguson, Alice Downing, Maud McGrath and the hostess.

YOUNG WOMAN'S AUXILIARY HAS VALENTINE RECEPTION

Saturday afternoon, Feb. 14 the Young Woman's Auxiliary of the Baptist Church held a very pretty Valentine reception Saturday afternoon at the home of Mrs. Elmer Filgo. The house was decorated with red hearts and carnations. The table was covered with red and white carnations. The guests were met at the door by Miss Smoot and were ushered to the receiving line which was composed of Mrs. Elmer Filgo, Misses Lillian Parrish, Carrie McClaren. They were seated at a dining room table presided by Misses Simmons, Philow and Burgess. In the dining room in addition to the general decorations of hearts and potted plants, the table was covered with red and white carnations. Seats around the centerpiece being of lace fern in a glass fern dish. Here Mrs. G. W. Filgo presided at the tea service and a delicious salad course was served by Misses Leitch and Brown. Before leaving each caller was presented with a miniature cupid carrying a Valentine, favors of the afternoon by Miss Karisewick. During the afternoon Miss Cook presided over social selections, which were much enjoyed. A number of friends called during the reception hours to partake of the young ladies delightful hospitality.

ERANNAH MEETS AT THE C. O. M. AND A.

Saturday afternoon, Feb. 14 the College of Music and Art entertained for the Mozart Club, which is made up of the young students of the college. All during the afternoon a number of merry games were played, the guests enjoying themselves immensely. A heart drawing contest was engaged in, the children attempting to draw a heart blindfolded. In this contest Karina Yeager was successful, receiving the prize a pretty Valentine. Refreshments of ice cream and cake were served in the dining room, which was decorated in red. The table had a centerpiece of carnations with ferns charmingly intermingled. About thirty-five members of the club were present, the afternoon as guests of the college.

MESDAMES AVIS AND FISHER ARE VALENTINE HOSTESSES.

A most charming Valentine party was given Saturday afternoon, Feb. 14 by Mrs. Piner Avis and Mrs. J. A. Fisher at the home of the latter. The spacious-Fisher home was beautifully decorated for the occasion, red hearts being used in large numbers and a color scheme of red and white being followed in all the decorations. Carnations and scarlet geraniums were the chosen flowers used in the decoration of the rooms jointly with the hearts and ferns. The broad stairway was entwined with trailing vines and a background of green. On entering the guests were ushered into the dining room where they were

served refreshing punch by Misses Ruth Jennings, Ruby Greenwood and Fannie Minier. The table was covered with a handsome "Clay" lace cover and the punch bowl was unenclosed in a bower of sweet peas and amilax. Bridge and forty-two were the games played, the score cards being in heart shapes decorated with law pies. The forty-two players cut for the favor, Mrs. Ed Howard being the fortunate one. Both prizes were handsome pieces of hand-painted china. At the conclusion of the game brick cream in red and white with heart shaped cakes was served, the color scheme being carried out in the cake by the use of cherries. The guest list included: Mesdames Darrell, Montgomery, Pounds, Rivick, Strib, Moore, Harrington, Gwynn, Weeks, Burnside, Grisham, Loeb, Sanders, Abe Marcus, Morris Marcus, Mays, E. L. Smith, Shepherd, Bolding, Maer, Fulton, Cullinan, Mytinger, Greenwood, Whitely, Messrs. Allen, Deane, Straus, Letcham, Bullington, Pridden, Carrigan, Roberts, Hartsook, Thomas, Huey, Guest, Kirby, Snider, Noble, Langford, Kahn, Webb, Lynch, Freear, Fred Harrington Martin, Kelly, Ferguson, Anderson, Holgers, Gies, Clark, Jodel, James, Walker, Griffin, Mike Walker, Jennings, Dan Moore, Tarrill, T. B. Smith, A. B. Huff, R. E. Huff, Culbertson, Cravens, Ed Howard, Thomas, Richolt, Misses Leopold, Dent and Roderick.

PRESBYTERIAN LADIES AID IN SESSION MONDAY EVENING

The Ladies Aid of the First Presbyterian Church took in quite a nice sum at their "pig killing" held Monday afternoon at the home of Mrs. A. H. Carrigan. The meeting was opened with devotional services and a business session. This was followed by the "slaughter." The entire amount taken in amounted to \$208.57. Mrs. J. W. Culbertson having the largest amount in her pig, was given an enormous pig to fill. A mouling contest was then engaged in, the prize for the best pig awarded out of a drawing going to Mrs. Gaffney, the prize being a sewing pig. The hostess served refreshments of big shaped ham sandwiches, pickles, olives and coffee. About fifty-five or sixty ladies were in attendance.

WICHITA FALLS RECIPES.

Prune Souffle.
(By Mrs. R. L. Yates)
Two cups of cooked prunes, remove the stones and mash the pulp. One cup of sugar and the beaten whites of five eggs, add to the fruit and brown to the oven. Serve with whipped cream. This souffle can be baked in the individual Guernsey casseroles and served in the same dish.

Doughnut Recipe.
(By Mrs. J. L. Mears)
Three tablespoonfuls of butter or cottolene, two eggs, one cup sugar, two and one-half cups of flour, one cup freshly mashed potatoes, one-fourth cup of sweet milk, three teaspoons baking powder, one-half teaspoon ground nutmeg, one-half teaspoon salt. Cream butter, add sugar then eggs. Stir in the potato and milk, add flour and other ingredients, adding more flour if necessary. Roll to a thickness of one-half inch and fry in deep fat. These doughnuts took the prize in the "Times" cooking school contest held last spring.

Soda Biscuits.
(By Mrs. J. T. Fleming)
One quart of flour, one heaping tablespoonful of lard, one cup of buttermilk, half teaspoonful of soda, teaspoonful of baking powder, pinch of salt; sift the flour, baking powder and salt together and add the soda to the milk.

Recipe For Nut Custard.
(By Mrs. W. H. Bachman)
Three eggs, half cup of sugar, one tablespoon of flour, one cup of nuts, one and one-half cups of sweet milk. Mix ingredients and flavor. Bake in an undercrust-pan about forty minutes in a moderate oven.

"\$1,000 EAR" OF CORN IS STOLEN AT DALLAS
Prize Specimen of Grain Disappears Mysteriously—Was Property of James J. Hill

Dallas, Texas, Feb. 17.—An ear of corn from Minnesota, known at the exhibition as the "\$1,000 ear," which was one of the attractions at the National Corn Exposition here, was stolen last night. J. J. Furlong, president of the Minnesota State Fair, in charge of the ear, told the police it was stolen from the desk in the lobby of a hotel here.

James J. Hill awarded a prize of \$1000 for this ear, which is fourteen inches long. It was Mr. Hill's property.

County Organization To Be Formed With Bond Issue As Aim—J. C. Travilla Is Speaker

From Monday's Daily
Following an address by J. C. Travilla, road expert in charge of the road building in Tarrant county at the Chamber of Commerce rooms Tuesday afternoon where good roads advocates from every section of the county were gathered, initial steps were taken for the formation of a county good roads association with the ultimate view of petitioning the county commissioners for a bond election.

A committee of six, three of whom are women and three men were appointed at the meeting from each of the four commissioners' precincts in the county. These committees were instructed to call mass meetings in their precincts and agitate and discuss the road question and the advisability of bond issues, and report at a meeting to be held here on Tuesday afternoon March 3rd at two o'clock in the district court room. At that meeting it is expected steps will be taken for a bond election.

Women To Co-operate.

The appointment of women to an equal representation on the precinct committees was decided upon following a stirring good roads talk by Mrs. Brown of Iowa Park. It had already been moved that precinct committees be appointed when Commissioner McClesky, declaring that he believed in equal suffrage and opposed taxation without representation, offered an amendment increasing the committee members to six, three of whom should be women. The amendment carried with a whirl. The precinct committees were named as follows:

Commissioners' Precinct No. 1.—D. P. Talley, Lee Prescott, Myles O'Reilly, Mrs. A. H. Carrigan, Mrs. T. R. Boger, and Mrs. E. T. Anderson. D. P. Talley being out of the city Morris Marcus was appointed to serve as chairman in his place until his return.

Commissioners' Precinct No. 2.—Ben Schweiger, R. L. Eads, A. J. Betts, Mrs. A. B. Lipscomb, Mrs. E. W. Ramming and Miss G. Kaubla.

Commissioners' Precinct No. 3.—Frank Boyd, Jake Cobb, L. C. Denny, Mrs. Brown, Mrs. Frank Boyd and Mrs. Mattie Parker.

Commissioners' Precinct No. 4.—J. R. Brewer, J. F. Winston, S. W. Walker, Mrs. J. H. Howell, Mrs. W. J. Sheldon and Mrs. C. E. McDonald.

The committees named were given authority to appeal whatever sub-committee they thought necessary.

J. C. Travilla Speaks.
About seventy-five citizens were present at the opening of the meeting and more came in during its progress. R. E. Huff was made chairman and W. M. Fuller, secretary. J. C. Travilla introduced the speaker of the afternoon, J. C. Travilla, the expert in charge of the Tarrant county road work, where \$1,600,000 is being expended in the improvement of the highways.

Mr. Travilla told how this money was being expended and gave advice for the creating of a sentiment for good roads here. He said that when the work of road building was first undertaken in Tarrant county it had been attempted with day labor by the county itself. Thousands of dollars had been expended with little to show for it when citizens committees prevailed upon the commissioners to place the work in his hands. The work was then let out by contract, which he recommended as much more satisfactory. In letting the contracts, however, he said it had been stipulated that wherever possible home labor and home materials must be used.

"The farmers in Tarrant county who at first opposed the bond issue as a result of this stipulation are more prosperous today than they have ever been," said Mr. Travilla, "and are today the best boosters for good roads in the county. For instance at Azle where there was a large majority against the bond issue every man today is a booster. They didn't know what it was going to mean to them; they didn't have confidence in the intentions of those advocating the bond issue." Now that they are using the roads and know how much they mean to them in ev-

ery way they are the most enthusiastic good roads advocates in the county.

Decide Plans First.
"In Tarrant county we have given frequent reports as to the money expended and what has been done, to the press and citizens committees appointed to advise with the commissioners are so well satisfied that they have ceased to come around at all."

Mr. Travilla said he did not believe it ought to be decided what roads were to be built before the bonds were voted. "Decide how many bonds you can vote and after they are voted let a citizens committee with representation from every part of the county outline the roads to be improved. Then let an engineer estimate the cost. The heavier traveled parts can receive more money than the lighter traveled parts," he advised.

He said that the first step in any movement for better roads ought to be the organization of a good roads association with a view of conducting a campaign of education. In this connection the association ought to have a publicity man he said. "A good plan is to interest the women," he said, "tell them what good roads mean to the school and church and to better rural life. You want to keep out of the campaign any impression that the bonds are to be issued solely for automobile owners. Of course the number of farmers who will own automobiles will be greatly increased with better roads but it isn't necessary to educate the people who already own automobiles."

Estimated Cost Per Mile.
Some Tarrant county roads were costing from \$600 to \$550 per mile, others were costing up to \$650 per mile and the Dallas plan was costing \$850 to \$570 per mile. Some other roads costing as low as \$350. He believed a conservative average would be \$600.

In reply to questions Mr. Travilla said he believed the gravel found in this section would make a very good base for a crushed rock surface. He also said that any kind of crushed stone no matter how soft could be used for a base. Some gravel, he said, might be used as a surface for some roads.

He declared that it would be inadvisable to vote too many bonds at first; that the people could be depended upon to vote more bonds when they saw that the money was being properly expended and that good results were being obtained. All roads should be diked, he said, but declared that a mistake was often made in the kind of oil applied. "Oil with a paraffine base is sometimes used which makes the roads slick and greasy, when an oil with an asphalt base should be used," he said.

Mr. Travilla answered many questions as to materials used in road building, cost, etc., and at the conclusion of his talk was extended a vote of thanks.

HEED THE WARNING

Many Wichita Falls People Have Done So
When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill smelling urine, full of "brick dust" sediment and painful to passage. Shaggy kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Wichita Falls people endorse Doan's Kidney Pills.
Willis Holston, barber, 1011 Indiana avenue, Wichita Falls, Texas, says: "One of my family occasionally has an attack of kidney trouble and always find Doan's Kidney Pills a fine remedy at such times. They do all they are advertised to do."

MISS ETHEL BEAN HONORS VISITOR FROM PETROLIA.
An afternoon Valentine party was the hospitality with which Miss Ethel Bean chose to honor a number of her sick friends on Saturday afternoon, Feb. 14. The season was suggested in the very appropriate decorations of red hearts which were in evidence every where. Dainty hand painted booklets were passed to the guests, these containing a contest, "A Floral Love Story" to be answered with the names of flowers. In a cut the prize, a dainty Valentine was won by Miss Pauline Mears. After this contest the guests were invited into an adjoining room where on a table covered with red crepe paper, a number of red hearts were lying. Each girl picked up one and under it found a comic Valentine. These were read aloud, the verses affording much amusement. Following this came an attempt to draw a heart on a black board, blindfolded each contestant placing her name in the heart. In this contest Miss Landers won the prize for the worst drawing, a big

ENGLISHMAN IS REPORTED SLAIN

SAID TO HAVE MET DEATH AT HANDS OF GENERAL VILLA RECENTLY

NOTIFY BRITISH CONSUL

Rebel Leader at First Denies Any Knowledge of Affair, But Later Makes Admission

By Associated Press. El Paso, Texas, Feb. 20.—William S. Benton, the British subject who disappeared in Juarez Tuesday night, is dead, according to news brought to Mrs. Benton by Thomas Edwards, American consul at Juarez. Benton was tried by court martial and found guilty of complicity in a plot to fake General Villa's life. He was executed by a firing squad Wednesday night.

Villa, whose act is stigmatized by Benton's numerous friends as wanton murder, left suddenly for Chihuahua today. No single act of any of the recent revolutions, not excepting the Cumbre tunnel disaster, has so stirred indignation. Benton's ways were blunt, but his friends admired him for them and there were moist eyes and muttered imprecations among them when they heard the news.

"No foreigner is safe in Mexico," was the general comment, and a suggestion that a mass meeting of protest be held here met with favor.

BRYAN TO INVESTIGATE KILLING OF ENGLISHMAN

By Associated Press. Washington, Feb. 20.—Secretary Bryan, after a cabinet conference, today ordered an immediate investigation of the killing of Benton at Juarez. He was advised today of the death of W. S. Benton, an English ranch owner, in Mexico, recently reported in the hands of the rebels. No details were given. Secretary Bryan said an official dispatch from Consul Edwards merely announced the death of the Englishman. Sir Cecil Spring-Rice, the British ambassador, was notified. Benton was arrested in Juarez Tuesday and his wife and friends feared he had been executed by Villa. Villa at first denied knowledge of Benton's whereabouts, but yesterday admitted he knew something about the Englishman and added that Benton had threatened him with a revolver.

Benton was interested in mining and had a 100,000 acre ranch in Chihuahua. Benton had gone to reimburse Villa with the depositions of rebels on his ranch which is considered one of the best in Mexico. He was unarmed.

THAW'S FIGHT IS RENEWED IN CONNECTICUT TODAY

By Associated Press. Concord, N. H., Feb. 20.—Harry K. Thaw's fight for liberty was renewed before Federal Judge Aldrich today. There were two points at issue—the discharge of the prisoner on a writ of habeas corpus, thus preventing his extradition to New York and the right of Thaw to bail, pending the disposition of his case by the federal courts.

FAVORS PUBLIC WHIPPING INSTEAD OF JAIL TERM.

Houston, Texas, Feb. 20.—County Judge Clark C. Wren has come out in favor of public whipping of petty criminals, those of the incorrigible class. "Judges should have authority to order whippings," asserted the judge. "Many young men come to my court whose families cannot control them. They probably were not whipped when children. It would do 100 per cent more good to give them public whippings than to confine them in the county jail. It would also remove the stigma of a jail sentence. A man would do most any thing before taking a public whipping, even if he had to reform."

TREATY RATIFICATION BY SENATE SEEMS SURE

Test Vote Taken Today Shows Substantial Majority in Favor of Upholding President

By Associated Press. Washington, Feb. 20.—The Senate today by a vote of forty to thirteen, rejected the amendment of Senator Chamberlain to the Spanish general arbitration treaty to exempt from arbitration questions relating to Panama tolls, immigration, admission of children to state schools and all the questions involving the Monroe doctrine. The vote on the Spanish treaty would indicate that President Wilson's program for renewal of all the treaties in their regular terms, including those with Great Britain and Japan, has the support of a substantial Senate majority.

BALL IS SILENT ON ACCEPTANCE

IS ONE OF FIRST PROHIBITION LEADERS TO ARRIVE IN FT. WORTH

"WAIT UNTIL I GET IT"

Has Only One Answer To His Questioners—Brooks and Ramsey Are Also on Hand

By Associated Press. Fort. Worth, Texas, Feb. 20.—Though he was the first of the prohibitionists to arrive on the scene of tomorrow's elimination convention, Thomas H. Ball was just as reticent today as ever about his acceptance of the nomination for governor, if tendered him.

"Wait until I get it," was the text of all his answers to questions today. Prominent leaders began to arrive today. Besides Ball, S. P. Brooks of Waco and Judge W. F. Ramsey of Austin were on the scene. Leaders now in the city do not believe that other than a gubernatorial candidate will be selected tomorrow. Any effort to name an entire ticket will be fought desperately. None of the leaders, however, would be quoted on this.

Masked Men Stop New Orleans Limited Near Birmingham and Loot Express Car

By Associated Press. Birmingham, Ala., Feb. 20.—Definite information as to the amount of money obtained last night by three masked robbers who held up near here last night the Queen & Crescent passenger from Cincinnati to New Orleans was lacking today but estimates indicated the loss was much more than \$40,000.

No trace of the robbers has been found. L. Sevier, general executive agent of the Southern Railway and allied lines, issued a statement today in which he said no exact estimate of the loot could be had until checks had been completed. He said the express and passenger coaches were not disturbed. Other railroad officials and postoffice employees today could give no exact estimate of the amount obtained.

CONSOLIDATED PLAN FOR REGULATION OF TRUSTS

Various Bills Now Pending in House Likely To Be Considered Together

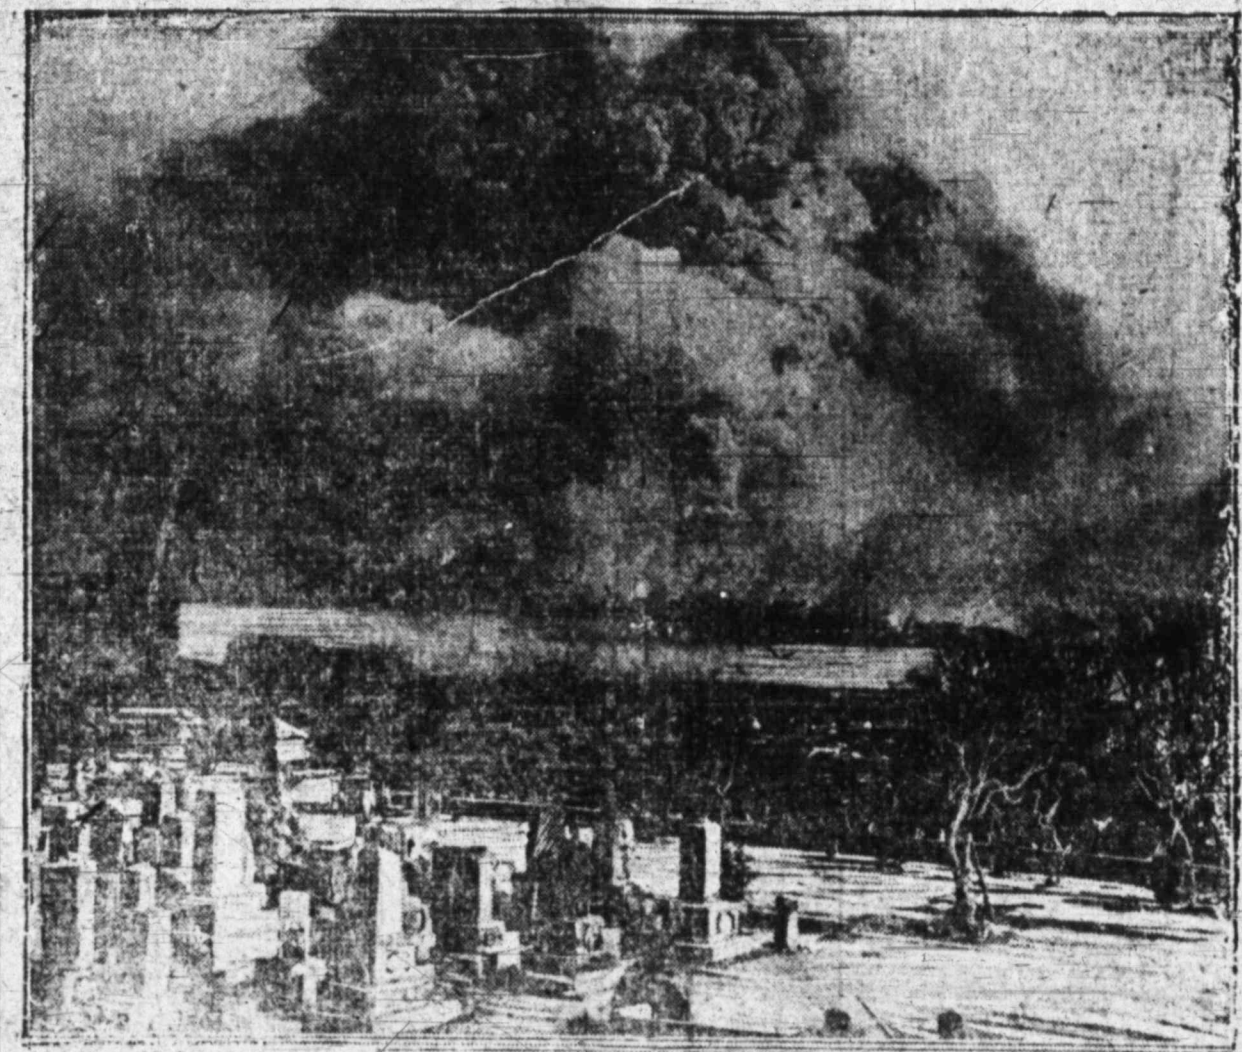

By Associated Press. Washington, Feb. 20.—Work of framing the administration's anti-trust and commercial regulation bills went forward in the House today. Indications were that the bills relating to heading companies, trade relations, interlocking directorates and defining trade restraints would be presented finally to the House as a single consolidated plan to strengthen the anti-trust laws.

BOMB EXPLOSION TODAY WRECKS CHICAGO STORE

Proprietor's Refusal to Pay Attention to Demands for Money Followed by Blowing Up

By Associated Press. Chicago, Feb. 20.—Three buildings were partially wrecked, a dozen persons were injured and windows a block away were shattered today when a bomb was exploded in the doorway of Leonardo Molone's grocery in the Italian quarters. The grocer told the police he had received a letter demanding \$2000 three months ago. He did not comply and four days ago received another letter saying the store would be blown up unless he paid \$6000.

AT THE HEIGHT OF ERUPTION

New York, Feb. 20.—Photos of scenes attending the eruption of the volcano of Sakurajima in Japan have just been received here. They reveal the horrors of the occasion when flame and lava wiped out the big city of Kagoshima and killed a total of 80,000 people. The remarkable photo shown herewith was snapped by a daring camera man of the American Press Association, who stood in a Japanese cemetery overlooking Kagoshima watching the terrifying spectacle. Later in the day the spot from which the photo was taken was covered deep with dust and burning lava.

GOETHALS IS OPPOSED TO FREE PANAMA TOLLS

Says Waterway Should Be Ready For Merchant Ships By First of July

By Associated Press. Washington, Feb. 20.—Col. George W. Goethals said today barring unforeseen accidents the Panama Canal will be opened for merchant ships July 1. He added he always had been opposed to the exemption of American coastwise shipping from the payment of tolls because that would decrease the revenues that would not accrue to the benefit of consumers but merely increase profits of the ship owners.

He declined to discuss its legal aspect or bearings on treaty relations, however. "The canal fortifications are entirely adequate," said Goethals, "and I do not think there is the slightest danger of its being captured."

BIG JOINT CELEBRATION IN DENVER TONIGHT

Denver, Feb. 20.—In an effort to nationalize patriotism in the United States, to make the citizens of every nationality come together in a body and celebrate as one people instead of individual nations, the patriotic societies of Denver, under the name of the Washington-Lincoln Commemorative Association, have joined to celebrate the birthdays of Abraham Lincoln and George Washington simultaneously tonight. The promoters hope that their plan will be followed by patriotic bodies all over the United States next year.

Governor Elias M. Ammons is one of the principal leaders in the movement. The celebration will be held in the Municipal auditorium. Red, white and blue will form the principal decorations but each nation represented has been given one box to decorate in its national colors. In this box will be seated the representatives of that nation garbed in their national dress.

The program will reinstate every nationality in the United States. The flag salute by school children will open the program followed by the highland fling and Scotch, Irish, Welsh and Swedish songs and patriotic drills by Italian, Greek and Japanese societies, German, English, French and Russian songs, concluding the program with the national American anthem "The Star-Spangled Banner."

GUNPOWDER EXPLOSION DOES DAMAGE IN SCOTLAND

By Associated Press. Glasgow, Scotland, Feb. 20.—Seven workmen were killed, a large number injured and many buildings destroyed today at Ardeer, Ayrshire by an explosion of the Nobel gunpowder works.

WEATHER FORECAST

Tonight and Saturday, unsettled.

WICHITA COUNTY PRO'S GOING TO FORT WORTH

Number from This County Will Attend Elimination Conference There Tomorrow

"Informed" for Thomas Ball of Houston as the preference of Wichita county prohibitionists for governor, delegates to the elimination conference at Fort Worth tomorrow will leave tonight for that place. Among those who will go down on tonight's train are W. J. Bullock, Hon. P. A. Martin and Ed Howard. Several others are expected to go from here and Burkholder, Iowa Park and Electric will be represented among the delegates. Superintendent H. Carpenter, who is on his way to Richmond, Va., to attend the National Educational Association convention will stop off in Fort Worth for the conference.

Col. Ball left Houston last night for Fort Worth and will be at the convention. "Should the Fort Worth delegates tender me an endorsement as the prohibition candidate for governor I will make answer them," Col. Ball is quoted as having said last night. "All I can say now is that I would be less than human not to deeply appreciate the tribute paid me by so many counties in the state."

At Dallas last night Lieut. Gov. Will H. Mayes indicated that his attitude would be governed by a result of a conference of his friends in Fort Worth Saturday morning. "I am waiting for Col. Ball to announce his candidacy and his platform," Mr. Mayes said last night. "When that is done I expect to make a statement, but until that time there is little for me to say."

Reports from Dallas indicate that a movement to have the convention endorse a complete ticket for state officials in the July primaries is gaining support. Wichita Falls delegates appear to have no decided views as to the propriety of endorsing a complete ticket of candidates and are united and insistent only in favor of Ball for the gubernatorial preference.

A report that Postmaster General Burleson would attend the convention tomorrow appears to be erroneous. At Dallas last night Mr. Burleson said he was on his way to Austin on personal business. He expected to return to Washington by way of San Antonio and Houston and if this plan is followed will not be in Fort Worth tomorrow.

Another report that Col. E. M. House, a close personal friend of President Wilson would be in attendance also lacks confirmation.

Chas. Hurdleston, Once Division Superintendent, Gets Verdict For Large Amount

By Associated Press. Fort Worth, Texas, Feb. 20.—Chas. Hurdleston, formerly division superintendent on the Katy was awarded \$65,000 damages today for injuries alleged to have been received in a wreck at LaGrange in 1912. He lost a leg and is otherwise crippled.

WHO WANTS TO BE A MAYOR OF NORTH DAKOTA TOWN?

Fargo, N. D., Feb. 20.—Advertisements appeared in many papers throughout the state today announcing that any person who cared to become a mayor of a town could do so if he cared to buy the town of present owner and mayor of the town has tired of the job and wants to sell out to some other more desirous of political honors. Sanders sprung up almost in a night when the St. Paul railroad crossed Cook's farm. A station was established there and shortly afterward two grain elevators arose and later followed a couple of stores. As Cook retained title to the land he became the duly recognized mayor and his title will fall upon his successor.

LAW ASSOCIATION MEETS IN ANNUAL CONVENTION

Chicago, Feb. 20.—Delegates from all sections of the United States were here today when William H. Sexton, corporation counsel of Chicago, formally opened the annual convention of the Fraternal Society of Law Association with an address of welcome. Routine opening business with an address was scheduled for today and the actual sessions of the convention plan to adjourn tomorrow night. The Fraternal Society Law Association is an organization of lawyers who are particularly interested in the practice of law governing fraternal benefit societies.

HIDALGO COUNTY CANAL SYSTEM CHANGES HANDS

Brownsville, Texas, Feb. 20.—The canal system of Hidalgo county has changed hands. John Closser, F. W. Sprague and others have bought the La Loma Land and Irrigation Company holdings, making the biggest irrigation deal in the Rio Grande country for some time. The canals water about 20,000 acres and they will be extended and improved. One of the water tracts is owned by J. J. Young and consists of 7,500 acres.

John D. Green, Jr., new federal attorney. Washington, Feb. 20.—President Wilson today nominated John D. Green, Jr., of Texas for United States attorney for the southern district of Texas.

WILSON'S POLICY ON CONSERVATION

ADMINISTRATION HAS DEFINITE PLANS FOR LAWS ALONG THIS LINE

GIVE CONTROL TO STATES

No Surrender of Powers of Federal Government To Regulate, is Contemplated, However

By Associated Press. Washington, Feb. 20.—Conservation, particularly as it affects the building of water power projects in the navigable streams of the country was added today to the chief administration policies under public discussion.

The general principles of the administration's plan, it was learned, contemplate no surrender of the constitutional power of the federal government to regulate what shall not be one in the navigable streams of the country, but to the States is given entire supervision of the actual operation of the plan. Briefly the administration plan permits:

Federal permits for water power projects would be given only to individuals or concerns duly incorporated as public utilities.

Public utility commissions of the various states would be expected to regulate operation by such supervision as would prevent discrimination or monopoly.

Water power rights would be given only to those states which had good public utility laws.

All benefits, financial and otherwise, would accrue to the states.

OVER MILLION OF BANKS CASH GONE

SHORTAGE AT MEMPHIS ASSUMES TREMENDOUS FIGURES

GRAND JURY IS PROBING

Intimated That Other Indictments Besides That of President May Be Returned

By Associated Press. Memphis, Feb. 20.—Despite an actual shortage of \$1,001,750, creditors of the wrecked Mercantile bank will realize about fifty cents on the dollar, according to the report of J. L. Hutton, state superintendent of banks, made public today.

The bank closed its doors following announcement of the default of its president, C. H. Rains now in jail.

The grand jury resumed its session today. It is said additional indictments in connection with the bank failure will follow the investigations.

SPAIN HEARS RUMORS OF MASSACRE OF SPANIARDS

Reports of Incidents During Siege of Torreon Received and Are Widely Circulated

By Associated Press. Madrid, Feb. 20.—Stories of the shooting to death of seventy-five Spaniards and the burial alive of many others by Mexican rebels at Torreon, are published in most of the newspapers of Madrid and the province today. The incidents were narrated by Spanish refugees arriving from Vera Cruz at the port of Cadiz.

COTTON CORPORATION IS ALLEGED TO BE BANKRUPT

Involuntary Petition is Filed in Dallas Today—Officer Says Company is Solvent

By Associated Press. Dallas, Texas, Feb. 20.—An involuntary petition in bankruptcy was filed in federal court here today against the Southern States Cotton Corporation. The petitioners are W. D. Smith, T. C. Wadsworth, J. M. McCoy and Mrs. Mary V. Wadsworth who claim various sums due on cotton sold to the corporation.

The corporation was organized under the laws of Alabama with \$1,000,000 capital and operates throughout the South. Its announced purpose was to try to hold cotton for a uniform price of fifteen cents per pound. W. B. Yeary, vice president of the company, said the corporation is solvent. Mr. Yeary added: "The papers filed are absurd and we will easily knock them out. The corporation is able to pay every cent on cotton being held, according to agreement. We are at present holding about 55,000 bales of cotton."

EFFICIENCY OF TRUSTS PROBED

COMMISSIONER OF CORPORATION QUESTIONS WHETHER MONOPOLY IS ECONOMICAL

CLAIM OF CHEAPER COST

Inquiries Indicate Best Results are Obtained in Smaller Units on Competitive Basis

By Associated Press. Washington, Feb. 20.—Does the monopolistic system contain in itself the seeds of its own decay? That question Commissioner Jos. E. Davies of the bureau of corporations declared, in his annual report made public today, a federal investigation now under way hopes to answer.

In a review of a working program for the bureau Commissioner Davies points out that aside from an economic study of the trust question, retail price maintenance is one of the questions to be taken up. Trusts, their efficiency and reforms, however are to comprise the principal work for the coming year. The need of some federal body for the purpose of investigation and publicizing trust affairs, whether it be the bureau of corporations as now organized or a commission as proposed in the pending administration bills in Congress, Commissioner Davies emphasized.

In his report he discussed the monopoly question at length, saying in part:

"The question is whether the trust form of organization is really efficient. If it be found that smaller competitive units in industry can produce commodities more cheaply or even as cheaply as monopolistic units, and that they have other and greater advantages than those claimed for the monopolistic or trust system, then the problem is finally settled in favor of the competitive system and the chief argument for the regulation of monopoly is destroyed. This is a scientific question of fact, and it is the plan of the bureau to investigate this question. "While from a governmental point of view there are various aspects of the trust question which are of great importance, such as the relation of trusts to popular government and their effect on the social and economic conditions of labor, there are two aspects of it which are peculiarly within the domain of the bureau, namely, the effect upon the cost of production and distribution and the effect upon the price to the consumer."

"It is contended by some that with the increase in the size of industrial enterprises there goes a reduction in the cost of extraction, manufacture and distribution and that such reduction in cost is accompanied by lower prices to the consumer and does not involve a reduction in wages or an impairment of the conditions of labor."

"Even if these claims were true the question would still remain, of course, whether the evil resulting from large combinations would not be greater than the alleged advantages of cheaper production and distribution. It is contended, on the other hand, that the source and origin of monopoly is found chiefly in the desire to exploit the general public by stock jobbing schemes for the immediate profit of the promoters or for the purpose of obtaining control of the market and exacting unduly high prices from the consumer."

"Many large combinations have failed and, demonstrated their economic inefficiency. Combinations which have obtained control of the market and it is admitted, have prospered, but this is alleged to be due to their monopolistic position, and not to superior efficiency. According to those who hold this view, there is a point beyond which the increase in size of operations does not result in an increase in economy and efficiency, but rather in loss and waste, so that the maximum efficiency is not attained by large combinations, but instead by concerns of moderate size. If this latter contention be true then, as has been said, the monopolistic system contains in itself the seed of its own decay."

"Again, some of those who dispute the superior efficiency of large combinations contend that this claim is made merely as a blind for the purpose of selling watered stock. They say that such organizations are established for the purpose either of getting control of the market and exacting excessive prices from consumers or of issuing large amounts of watered stock for the purpose of selling such stock to the public. In the first case, it is argued such combinations are not concerned with the promotion of greater efficiency but merely with obtaining a monopoly; in the second case they are chiefly concerned with selling the stock and as they can not claim to the general public that it has a great value due to monopoly, they are obliged to find another selling argument, namely, superior efficiency."

"Of almost equal importance with the determination of the question of comparative efficiency is that of the price policy of such large industrial combinations as have achieved a

FIRST SPRING SHOWING OF MILLINERY TOMORROW

Jeza Dickson Shop Will Have Opening With Display of Early Tailored Styles

The first formal showing of the early spring tailored styles in fashionable feminine headgear will be made Saturday at the Jeza Dickson millinery shop. The shop is one of the newest of the sort in the city and thoroughly modern and up to date in every particular and the very latest creations shown can be put down as the very latest word in style and chic. This early only the most tailored hats are shown, gaily trimmed amlors and Tuscan being much noticed.

The colors that this shop is featuring are virgins blue, lettuce and mysterious green, bee root, amber and all of the larger shades. The fango shades even with the Balkan favorites of last spring in the riot of color. These shades are found in ribbons, fruit and flowers for trimmings and in the hat itself. Mrs. Dickson is also showing a great deal of Roman striped ribbon used in trimmings, the trimming, be it flower, ribbon or fruits is high and toward the front. There is somewhat of a suggestion of a return to the bandeau of former days in the spring hat, amounting to more than a suggestion in some. These Chinese models has some charming variations is shown. In this shop the Paris whim of the moment for jet is indulged in strongly, the jet being used on tussans, malines and laces. Some very pretty imported French pattern hats are on display in the tailored modes.

The show room is very pretty with its light tan walls and harmonious hangings of green, making a proper setting for the charming spring styles. The latest and best of the ultra-fashionable headgear, culled from a recent trip to the eastern markets are on display for the opening. George Washington souvenir will be given to the ladies at the opening Saturday. It is the intention of the shop to have several showings following this one to acquaint the public with their line of ladies, misses and childrens fashionable millinery.

FILE PETITIONS FOR COUNCILMEN

ALL OF PRESENT BOARD WILL STAND FOR RE-ELECTION AT APRIL POLLS

OTHER CITY CANDIDATES

Those Aspiring To City Officers Must Have Petitions Signed By at Least Fifty Voters

Petitions asking that the names of J. A. Richolt, J. F. Reed, J. W. Bradley and M. J. Gardner be placed upon the ballot as candidates for councilmen at the April election are in circulation as is also a petition asking that the name of A. H. Briffin for mayor be placed on the ballot.

The petition asking that the name of J. T. Young for alderman be placed on the ballot has already been filed with City Secretary W. A. McCarry as have also been petitions for number of other candidates. Recently the question has been asked or the city council. The filing of a petition for Mr. Young and the circulation of petitions for the other members of the present council makes it certain that there will be enough candidates to fill the councilmanic offices. None of the councilmen are active candidates it is believed all will consent to serve if elected.

Petitions for nearly all the other candidates are already on file with the city secretary. Those on file include J. L. Gaston, M. H. Moore and home Meredith for city health officer; Edgar Rye and R. H. Whitworth or recorder; W. A. McCarty for city secretary; H. F. Robertson for city assessor and collector; L. C. Juckley, city engineer; W. N. Boner and Horace Nutt for city attorney.

The new charter provides that petitions signed by at least fifty qualified electors must be filed with the city secretary before a candidate's name may appear on the official ballot. These signatures must be acknowledged before a notary public.

ANNIVERSARY OBSERVED BY PYTHIANS THURSDAY

Golden Jubilee of Founding of Fraternal Order is Celebrated by Local Lodge

Pioneer Lodge Knights of Pythias celebrated the close of the half century period of the founding of the order last night, the date of the regular meeting of the local lodge falling on February 19 exactly fifty years after the first meeting of the order was held in Washington.

No elaborate program was prepared by the lodge other than initiation in the third degree and an address by Dr. J. L. Gaston. Dr. Gaston is one of the few members of the local lodge who was alive at the time of the founding of the order and though he did not become a member until long after he has studied carefully the history and work of the body which has now grown to a membership of more than two million men, scattered all over the United States. Dr. Gaston was very eloquent in his address, illustrating with gems of verse the foundation principle which is universal peace and good to man. A very large number of the members were present to hear him and to applaud the beautiful manner in which he illumined the story of the friendship of Damon and Pythias.

The lodge also extended an invitation to the local lodges at Olney and Iowa Park to be present next Thursday night at which time the Olney lodge will bring four candidates for initiation in the third degree by the degree staff of the local lodge. On the occasion a luncheon will be arranged in the lodge hall and a considerable number of visitors are expected to be present.

It was on February 19, 1864 that Justin H. Rathbone, a New Yorker, who was employed in one of the government offices at Washington, called together a few of his friends to discuss the formation of a fraternal society. It was just at the close of the civil war and the time was considered auspicious for the forming of such a society. The initial steps were taken and it was decided to call the order the Knights of Pythias.

The order prospered from the start. From its humble beginning in Washington it has spread to every part of the United States and Canada. The total membership is 716,000. Ohio, Indiana, Pennsylvania and Illinois have upward of 50,000 members each. The Pythian Sisters, the women's auxiliary to the order, is organized throughout the country. The military department boasts of 20,000 members, while the insurance department with its headquarters in Indianapolis has about 75,000 members who carry the aggregate of nearly \$10,000 in insurance.

FIFTEEN CHINAMEN ARE ARRESTED AT GALVESTON

Galveston, Texas, Feb. 20.—Fifteen Chinamen have been arrested here charged with cooking opium. They were caught in a den raided by International Revenue Collector L. W. Elliott and his aides. Three gallons of opium ready for use and twenty outfits were seized. The penalty for cooking the drug is five years in the penitentiary and \$10,000 fine. There are several hundred "smokers" in every pound of the drug.

Roses in Winter.
Roses in winter, needing not the careful florist's sheltered plot; rarest of sights, I hear you say; Yet two are daily seen by me. Two roses that, bewitchingly, Are reddest on the grayest day; As sunsets when the world around is whitest are on the reddest found Two red, red roses; come and see Their beauty and admire with me! But do not fix on them your eye Least there be seen commingling hues Like roses clouds in a rose sky; But look, and quickly look away, Happy to dream of them some day! Dear roses—may they never fade! That have my winters summer made The duty that to them I owe Is that most tender of all care Which love—that gives the light and air Off solely needful—can bestow How sad their perishing would be From thoughtless negligence be me! —Shaw in Boston Transcript.

Mr. Foshee is the owner of a telephone exchange. He is a son of Mr. and Mrs. J. A. Foshee of this city and has many friends here who will be glad to extend their congratulations.

Mrs. S. G. Naylor has gone to Dallas where she will visit friends.

Mrs. A. G. Jones and Mrs. G. B. Yelds have returned to their home in Haskell after a visit with Mrs. Larry Naylor.

Mrs. M. J. English and daughter, Mrs. Wilson returned today from a short stay at Burkburnett.

The chorus practice on the cantata which was to have been held Thursday afternoon in the Sunday school rooms of the M. E. Church, South, was postponed on account of the illness of Mrs. G. Fred Thompson. The regular meeting of the Musicians' Club will be held next Thursday afternoon at 2:30 at the M. E. Church, South.

Among the affairs scheduled for tomorrow afternoon and evening is the Colonial Tea given by the Westminster Guild at the home of Mrs. J. A. Nichol. Also Mesdames Watts, Whitney and Burnside will be joint hostesses to the Daughters of the Revolution and the New Century Club at the home of the last named.

A student recital will be given at the College of Music and Art this evening. A good program has been prepared for the occasion and the public is cordially invited.

CHRONIC COLDS

Are Contracted by Changeable Weather. A Simple Remedy

Sudden changes are particularly trying for old people or those who suffer from a weakened, run down condition, chronic coughs, colds or bronchitis, but if such persons would apply any common-sense methods in the treatment of their condition, such discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance and accomplish this nothing equals Vinol, our cod liver and iron tonic. Mrs. M. J. Grimes of Springfield, Ohio, says: "I was badly run down, nervous and weak, and while in this condition I contracted a heavy cold and rheumatism. Vinol was recommended and I am happy to say it cured my cold and restored me to health again."

Old people, delicate children, run-down, overworked and tired women, none suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return our money if it does not help you. Fuller Drug Store.

ANCIENT PALISADE OF ALAMO MISSION FOUND

San Antonio, Texas, Feb. 19.—Workmen excavating for a telephone company this week discovered the ancient palisade of the famous Alamo missions. A row of cypress and cedar posts, closely united and located in a line, investigation showed the spot to be where the breastworks had been built. The line of posts formed part of a circle, giving additional proof of the discovery.

WILLIAMS IS PREPARED FOR COMPTROLLER'S WORK

Washington, Feb. 19.—With the federal reserve bank organization committee expected to return here by Sunday, from its trip through the West where regional bank hearings were conducted in many of the big cities, Acting Secretary of the Treasury John Skelton Williams today was prepared to step into his new position as comptroller of currency. Immediately after the committee returns he will resign as assistant secretary of the treasury and be inducted into his new office.

How to Have the BEST Coffee Every Day

Reese Building, 710 Ninth Street

It is simple—tell me to send you SEAL BRAND coffee and then use your ordinary good judgment in preparing it each morning and you will have a cup of coffee fit for the president of the United States and he couldn't get any better, no matter how much he paid or where he got it.

There is absolutely no other blend of coffee any better and so far as I know, none equal to SEAL BRAND and I've seen pretty nearly every brand of coffee that is produced and tried most of them.

I personally stand back of every can of SEAL BRAND Coffee that I sell with this iron-clad, rock-rubber guarantee. If you don't like it and say that it is the best coffee you ever had at any price, tell me so personally and I'll refund your money.

I'm looking for people who can't be suited with SEAL BRAND coffee and I haven't found any yet. 45c for 1 lb can, 80c for 2 lb can, \$1.20 for 3 lb can.

Wichita Falls, Texas, Feb. 20, 1914

The Waco majority three corner ed contest was settled in favor of ex Mayor J. W. Riggins in a primar; held for that purpose.

The Bull Moosers of Ohio have about settled on James A. Garfield, a son of President Garfield, as their choice for governor of that state. Mr Garfield was one of the organizers of the Progressive or Bull Moose party and that it is not dead was evidenced from the fact that its candidate for president in 1912 ran second to Will son, the Democratic nominee.

Senator Gore insists that it was a "frame up" to bring about his political defeat. We believe the evidence bears out the statement. It also appears as though the senator fell for the "frame up" quite readily. The fact of the business is there may be a few modern Mrs. Pottphars going about the land, but the Josephs played out several centuries ago.—Denton Herald.

There is considerable ground right now for the belief that the anti faction in Texas politics is preparing to do some "eliminating" itself, and a Denton man, usually well informed on the inside workings of that side of the democratic fence, is strongly inclined to the belief that when the "elimination" is over with, Horace Chilton will be the "designee." And with Col. Ball and Judge Chilton up, while we personally prefer the former, it would be a certainty that, whichever was elected, Texas would have a man for Governor big enough to rise above any petty factionalism and big enough to fill the governor's chair as it should be filled.—Denton Record and Chronicle.

Tomorrow the big thing comes off at Fort Worth, and from present indications things are not going to work as smoothly as at first anticipated. The friends of Lieut. Gov. Mayes are going to be there in great numbers, and while it is true Mayes is not the choice of the pro-Democrats of Texas according to the results of last Saturday's county conventions, he is going to make a strong fight to secure the endorsement of the Fort Worth convention, and if he falls in that, no one can figure out just what course he will pursue. Mayes is just about as strong with the anti-as he is with the pro, and this may lead him to believe he can win in the July primaries with or without the pro endorsement. Lane has gracefully accepted the results of Saturday's county conventions and will be a booster for Ball tomorrow at Fort Worth.

There is no doubt but that Peter Radford is a man of considerable ability and influence in Texas, but when he attempts to eliminate the question of prohibition in Texas by saying, it is an issue for the people in the cities and towns to settle for themselves, he is flying right in the face of the men who make their living by and on the farm. If that question was to be settled by the people residing in the cities and towns without interference from those who reside in the country there would not be so many cities and towns that are now "dry"—made so principally by the fact that the people residing in the country voted "wet" that way. If you cut the farmer's vote away from the prohibition vote in Texas, there won't be much "dry" territory in the state. But the farmers

re not going to take Peter's advice long those lines. They think they have a right to speak in such matters, and when that right is denied them, r when they are censured for exercising that right, then there is going to be some trouble for Peter that he probably has not calculated on.

For years the people of the United States have been forced to pay exorbitant express rates. When complaints of this were made through the proper channels, the express companies were always in a position to show y their books that they were merely making a reasonable amount above xpenses on the capital invested. But now of their own accord, the express companies have reduced their rates in some instances as much as 50 per cent. Why did they do this? It was not because they were forced to it by aw, but from the fact that the inauguration of the parcels post law was taking from the express companies a good share of their business. Now, it is proposed to extend the limits of the parcels post and permit it to carry packages that weigh as much as 100 pounds or more, and the express companies are scared. It is perhaps well they should be. If the government can turn the parcels post into express companies and do the work for the general public that is now performed by the express companies at about one-half the cost and still make a profit, there seems no just cause why this should not be done. The money saved the people will amount to a considerable sum in a year's time. The only surprising thing concerning this matter of increasing the weight of parcels post packages is that it is being opposed by some of the South's leading statesmen—men like Senator Hoke Smith of Georgia, and there is no doubt but that men of that calibre have great influence. What is needed now is for the people of the South and West to encourage their representatives in congress who stand with Postmaster General Burleson on this matter of increasing the weight of parcels post packages in every way possible. The express companies are busy and losing no opportunity whatsoever to give encouragement to the senators and congressmen who are opposed to extending parcel post privileges beyond what they are now, and unless the people interest themselves the chances are they will lose out.

THE CORN SHOW A UNIVERSITY. In the scope and variety of its exhibits the National Corn Show now in progress at Dallas might well be termed an agricultural university, if the reports of those who have visited the exposition can be credited. Low round trip rates are in effect to Dallas and the farmer, or for that matter any one else who has the money and can get away cannot afford to miss this exposition.

An editorial in Wednesday's Dallas News says: "While the unfavorable weather prevented a very large attendance at the National Corn Exposition at Dallas last week, the News is gratified to learn that the milder temperatures of the present week have caused a marked increase in the number of visitors at the fair. This was to have been expected, for the people of Texas have never had such a splendid opportunity to learn ways of increasing both the quantity and the quality of the products of the soil. This exposition far exceeds the expectations of even its promoters, and the prediction is made that those who fail to visit it will express great regret when they come to understand what they have missed."

"Although denominated a National Corn Exposition, this is, in truth a "National Exposition," embracing not corn alone, but the widest range of agricultural products; exemplifying the resources of most of the states of the Union and of Provinces of Canada. The United States Government exhibit is pronounced an education in itself. And to these displays have been added amusement features—airplane fights, championship riding contests, circus and vaudeville acts, band concerts. There are unusual inducements in the art gallery. In short be the desire recreation or instruction—entertainment or improvement, or both, this exposition affords a pleasant opportunity for its gratification.

"And so it is well that the people of this city and of this section are coming to a better appreciation of the value of the National Corn Show while yet its attractions are available. It is a school of the agricultural knowledge of the world; the fruits of the experiments of many years. It brings to the doors of Texas agricultural benefits of substantial possibility. With those it combines amusement offerings of a high type. A National show of this magnitude is bound to inspire the pride of the city and state, and the News is glad to see such increasing evidence of this pride.

HOW DUNDEE GOT ITS NAME.

Ablene parties interested in the town of Dundee and surrounding country have recently been asked by many the origin of the name Dundee, since such flattering prospects for oil in that section has been found out throughout the country. Col. Morgan Jones of this city, president of the Ablene and Southern railroad, stated that in February, 1893, the Wichita Valley railroad was started from Wichita Falls to Seymour, a distance of sixty miles, which was built by September 1st of the same year. Col. Jones, desiring to please his friend, Geo. Somerville of Fort Worth, then a director of the Fort Worth and Denver, also interested in the purchase of 300,000 acres of land near Dundee, named the best prospect for a town on the road in honor of Mr. Somerville's native town and home, Dundee, Scotland. Mrs. Somerville now resides in Dundee, Scotland, where she returned soon after the death of her husband, which was caused by a fall from a windmill.

In selling several large tracts of land near Dundee, Col. Jones has retained the oil interests on these lands, which will likely prove the great fortune and business ability, of which he has so wonderfully shown on other transactions.—Ablene Reporter. The only thing we see wrong about the above is the date of the construction of the road. The writer of this came to Wichita Falls in June, 1891, and if our memory serves us right, the Wichita Valley was at that time running a mixed train over its rail-

to Seymour. There might have been a regular schedule for the arrival and departure of the train, but generally we waited to hear the whistle of the engine.

THE MENACE IS A MENACE

The Enterprise receives a paper called The Menace. It comes unolicited. We do not know who is sending it, but presume it is being sent by the publishers. This paper is published for the sole purpose of disseminating anti-Catholic prejudice. It is arraying the people as much as it can by telling all sorts of stories about Roman Catholics, many of which are absurd, most of which are unbelievable.

The editor of the Enterprise is not a Roman Catholic, but he has always believed in fair play, has always felt that such papers as the Menace are really a menace to good government among the people who otherwise would go along peacefully about their business without prejudice or feeling against their neighbors who have a different religious belief.

There are several such papers in the United States whose owners live entirely upon the prejudices and passions of those who read the paper. Good people everywhere should discourage them, for they are stirring up feeling that might easily be inflamed into dangerous action.

substantial control of the market. Those who allege that such industrial enterprises result in greater economy and efficiency in production often overlook the equally important question whether or not they absorb all the benefits of such economies in increased profits without conceding any share thereof to labor in higher wages or to consumers in relatively lower prices or improved quality of goods, etc. The determination of the facts in respect to this question also might not be such as to establish broad generalizations or conclusions but the importance of having the facts is none the less obvious.

In Rome to control governments, but do not lay at the door of the American branch of the church what may be done by Italians far across the ocean.

As for that matter, there is not a church in the world that would not control government if it could. The safety from such a thing lies in the large number of different beliefs and religious government.

This government is perfectly safe from the domination of any church. The writer has many Roman Catholic friends, and they are just as good citizens, just as loyal to the country, just as patriotic, and just as conscientious as those who belong to other churches.

There are entirely too many people in this world who are self-constituted guardians of the nation, and find big fires where there is only a feeble, blimy smoke. The Menace is a menace to the peace and safety of a very large proportion of the citizens of this government.—Cleburne Enterprise.

"DAVID COPPERFIELD" AT MAJESTIC THEATRE FRIDAY

The managers of the Majestic Theatre will show "David Copperfield," Charles Dickens' masterpiece today for the benefit of the Austin Mothers' Clubs. Hardly could there be a more delightful subject, selected for the occasion than this one. The Hepworth productions is in seven parts beginning with the childhood life of David at the Rookery Blunderstone and depicting the more important incidents up to the time of his marriage with Agnes terminating with the Yuletide dinner. It would be quite impossible to put into any single production all the little comedies and tragedies included within the covers of the famous story. Rare discrimination has been shown in the choice of events so there is a story in pictures that holds together and does not require a profound knowledge of the story itself in order to obtain the fullest enjoyment from the seeing of it.

Much of the beauty of this picture lies in the scenes of old England, the producer having gone to the actual places of which the story tells—and given views of Canterbury and the Cliffs of Dover. Bits of comedy occur now and then to enliven the scenes and there is something of a thrill in the wreck where Stenforth loses his life and Ham is killed in a brave attempt to save him.

SAN MARCOS OLD-HAUNT

San Marcos, Texas, Feb. 20.—San Marcos was formerly a Spanish presidio. This discovery has just been made by Herbert E. Bolton, formerly of the Texas University but now with the department of history of the University of California. Bolton made the discovery from Mexican manuscripts found in the archives there. The Spaniards located here early in the sixteenth century. Research is planned to unearth Spanish relics and ruins of buildings.

A marriage license has been issued to Jarvis D. Harg of Wichita Falls and Annette Gelman of White-wright.

FEATURES FOR TODAY AT MOVING PICTURE THEATRES

All of the picture shows are showing features in two or more reels today. The offering at the Gem consists of the favorite "Doc Yak as a Moving Picture Actor," a Solig and a Lubin special, "The Parasite," featuring Arthur Johnson, Lotie-Brisson, Howard Mitchell and Florence Hackett. This picture is sure to please the most critical with such a number of public favorites playing the leads.

At the Victoria a Thanhauser comedy is playing "The Annual Trimmer." This comedy features Sidney Brayer, Ethel Cook and the Thanhauser Kidlets and is full of fun. The other picture shown today is an Irish drama, "The Harp of Tara" in two reels.

The New Majestic is showing the great Dickens' masterpiece, "David Copperfield" in seven parts. The story is one that is well known as one of Dickens' best and the picture has been superbly staged. The Austin Mothers Club receives a benefit from today's show at the Majestic.

JUST ONE LOOK WILL CONVINCING YOU

that the restricted district of Floral Heights is destined to be the bon-ton residence section of Wichita Falls for all time to come. It will be impossible to have any other restricted property like it. It is a charming property, ideally located. Situated on the car line with the highest elevation between the city and Lake Wichita, the view in all directions is one of magnitude of stretching landscape as far as the eye can see. You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence to two whole lots and no residence shall cost less than \$3000.00. Just think; you can purchase a pair of these lots for \$660.00, one-third cash, balance on or before one and two years at 8 per cent interest. The Company only has a few of these lots left, and there is no limit to the prices you will see these lots sell for in the future. Two of the finest homes in the city are in this restricted district. Come to our office today and let us show you these beautiful lots.

Would \$1,000,000 Buy Your Eyesight?

Then why—through neglect or carelessness—do you endanger it? Little things lead to big things. A slight itching, burning while reading or sewing may lead to something more serious or even to total loss of sight. Can you afford this? Our business is to tell you, after thorough examination, whether you need glasses.

Don't put it off. See us today.

LITTLE GIRL MEETS DEATH BY FALL FROM WAGON

Hereford, Texas, Feb. 20.—Louise Wren, six year old daughter of Mrs. Babel Wren met death in a peculiar manner here. The family was in a canvass covered wagon and the girl was playing inside the wagon. She fell against the canvass which gave way, fell through, and rolled under the vehicle. The girl set up, walked about and laughed but soon afterwards became ill and died. Then it was learned the wheels had passed over her stomach.

A Lady Said To Us

On last Saturday night: "I have traveled pretty well over the United States and drank coffee in the leading hotels and cafes in America and have never drunk a coffee as satisfactory as your "WHO CAN BEAT IT." This afternoon the Chef of the leading hotel in the city and said, "I have cooked in big hotels in all the leading cities in America and used all the leading brands of coffee and have never used any as satisfactory as yours." This sounds pretty bouc but both came to us unsolicited and we will give you the names of the parties if you wish. Better try a pound yourself. WE GUARANTEE SATISFACTION. Fresh roasted every day. "Drink it Kid."
