MEXICANS HANG TEXAS CITIZEN

THIS IS REPORT BROUGHT TO LAREDO BY TRAVELERS FROM HIDALGO

VILLA MAKES CHARGES

Rebel General Declares Benton Was Cattle Thief and Murderer—Other Developments

SAYS BENTON CATTLE THIEF AND MURDERER.
Juarez, Feb. 21.—A telegram in which General Villa charges the late William S. Benton with being a cattle thief and with having committed four murders was received at military headquarters here today.

REBEL GENERAL DECLARES BENTON WAS CATTLE THIEF AND MURDERER—OTHER DEVELOPMENTS

El Paso, Texas, Feb. 24.—The attempt of Mexican rebels to establish their claim that William S. Benton, the Scotch ranchman recently executed, was a Mexican citizen is based on a report that he once held some minor office while President Diaz was in power. This statement was made today at Juarez by Senor Garza, counselor to the commander of thearrison who added: "We have heard that Benton held several small offices under President Diaz and he was once mayor of a small settlement on his own estate. He could not have held office without being a Mexican citizen and the records at Chihuahua City are being searched to establish the fact.

Relatives here of Benton say the deeds to his Mexican property refer to him as a British subject and that he was always careful there should be no doubt on this point.

General Villa has received telegrams not only from many citizens in the United States but from London, Paris and Berlin asking for an explanation of the manner of Benton's death.

It was learned today that Villa's subordinates at Juarez are disturbed over Villa's refusal to give permission for the removal of Benton's body, and one of them, it is promised, will go to Chihuahua to point out to Villa the suspicion which the refusal has aroused on the American side. Juarez officials profess to believe that Villa's attitude is a mere matter of caprice or stubborn pride.

TEXAS CITIZEN REPORTED HANGED BY MEXICANS.

Laredo, Texas, Feb. 24.—Persons arriving here today from Hidalgo, Mexico report that Clemente Vergara, the American whose release was ordered by the federal commander at Piedras Negras together with the return of his horses, was hanged the morning after his capture by Mexicans a few days ago. His body was said to be still hanging to a tree three miles from Hidalgo.

MISSING ENGLISHMAN FOUND IN CALIFORNIA.

El Paso, Texas, Feb. 24.—The finding in California of Roger Lawrence, the Englishman who was reported missing in Mexico, leads to the belief here that his alleged companion, Curtis is also safe in the United States.

EXILED LABOR LEADERS LAND AT GRAVESEND, ENG.

Gravesend, Eng., Feb. 24.—The ten labor leaders deported from South Africa last month after the general strike there had been broken, landed here today. The exiles at first declared they would refuse to leave their steamer and would remain on board until it returned to South Africa. They changed their minds, however, after a long conference with British labor leaders who had planned a monster welcome meeting for them.

FRANK'S ACCESSORY IS FOUND GUILTY

Negro Who Helped Dispose of Body of Mary Fagin Sent to the Convict Gang

Atlanta, Ga., Feb. 24.—James Conley, a negro factory sweeper, was found guilty here today of being an accessory after the fact in the murder of Mary Fagin, aged 14. He was sentenced to twelve months in a convict gang. He was the principal witness against Leo Frank, when Frank was convicted of the murder and sentenced to death. The murder occurred about a year ago.

SEVERE WEATHER IN MANY STATES

HEAVY SNOWFALL ACCOMPANIED BIG DROP IN TEMPERATURE IN NORTH

STILL COLD IN TEXAS

Ice Plentiful in Coast Country Tuesday Morning—Snow and Sleet At Galveston

Dallas, Texas, Feb. 24.—Texas today still was in the grasp of the second cold wave of the season. State temperatures ranged from 4 above zero to 30 above. Warm weather was promised soon.

Houston reported ice plentiful throughout the coast country but that high winds prevented frost leading to be that the fruit crop would escape serious damage.

SEVEN INCHES OF SNOW AND 5 BELOW AT PITTSBURG

Pittsburg, Pa., Feb. 24.—With temperatures from one to five degrees below zero Ohio today was in the grasp of the most severe cold of the season. In many parts of the state the blizzard which abated late yesterday left from 12 to 20 inches of snow. In many places the snow drifted several feet deep.

HOOSIERS ARE CLEARING BIG SNOW DRIFTS TODAY

Indianapolis, Ind., Feb. 24.—With the thermometer one below zero over practically the entire state of Indiana began to clear up snowdrifts today. Many of them were from 5 to 6 feet deep.

OIL LAND GRAB FOR LORD COWDRY

PLAN TO NATIONALIZE ALL OIL LANDS IN MEXICO TO BE PUSHED THROUGH

ENGLISHMAN TO BENEFIT

Believed to Mexico City That Deal Already Made for Transfer to English Syndicate

HOUSTON WOMEN WOULD STOP BULL FIGHTS IN MEXICO

Houston, Texas, Feb. 24.—The Herffis county humane society is receiving letters protesting against the bull fight and asking the society to take the means to stop it. The railroads have announced special rates to Laredo for the occasion, the fight being slated of course to Nuevo Laredo, Mexico where Texas has no jurisdiction. Scores however, have more feeling for dumb brutes and less knowledge of geography, for they insist the Texas officials will neglect their duty if they permit such a horrid spectacle.

ONLY FEW BANKS HAVE NOT APPLIED

Washington, Feb. 24.—Treasury officials today estimated that less than twenty national banks out of a total of 7,493 have not yet applied for membership in the reserve system.

LEADING FIGURES IN MINING TROUBLES IN EAST AND WEST; COAL STRIKE THREATENED

1. GOV. AMMONS; 2. STRIKERS IN DENVER; 3. JOHN MITCHELL; 4. MOTHER JONES; 5. PENNSYLVANIA COAL MINERS

Philadelphia, Feb. 24.—John Mitchell, former president of the United Mine Workers of America, has arrived here and immediately went into conference at the Bellevue-Stratford with the representatives of the coal miners of western Pennsylvania, Ohio, Indiana and Illinois. He was called into the conference with the subcommittee in an effort to break the deadlock between the miners and operators. The "mine run basis" has caused the deadlock. Mr. Mitchell, who is looked upon as having the confidence of both the miners and the operators, is expected to inject a spirit of conciliation into the proceedings, although some of the operators do not hesitate to declare that even if an agreement is reached on the "mine run basis" there is almost certain to come another deadlock over a discussion of the "check off system". The mine run is the basis of paying the miner so much a ton before the coal is screened. The present working contract expires April 1.

Denver, Feb. 24.—Governor Ammons has yielded in his fight to prevent Mother Jones from testifying in the strike inquiry at Trinidad. The governor telegraphed the committee

that he would withdraw his opposition but begged that she be not placed on the stand until after her habeas corpus hearing in Denver is held. The telegram was followed by a letter. Several miners testified that they had been arrested and taken to the mines, where they were compelled to work.

Albany, N. Y., Feb. 24.—William Sulzer Monday instituted legal proceedings before Justice Alden Chester of the supreme court with the purpose of regaining the governorship from which he was removed last October.

An order was issued by the court commanding Comptroller Sohmer to appear and show cause why a writ of mandamus compelling him to pay the former governor his full salary as the occupant of that office should not be issued. Mr. Sulzer previously had made a written demand on Mr. Sohmer for his salary.

When Attorney General Carmody notified Justice Chester that he would oppose the granting of the writ, the court said he intended to refuse it as a matter of law, holding that the court of impeachment had passed on the contentions of Mr. Sulzer.

Will See United States Court. An agreement then was made between the attorney general and Col. Alexander S. Bacon, counsel for Sulzer, to facilitate the determination by the state courts of the questions involved. The appellate division will be asked to affirm Justice Chester's proposed order denying the granting of the writ and then the case will be carried to the court of appeals, where a similar request will be made. Thus Mr. Sulzer will be able to file his case in the supreme court of the United States with little delay if it is believed.

Doubt is expressed, however, if a final decision can be obtained from the supreme court before the term of Governor Glynn, successor to Mr. Sulzer, shall have expired, Dec. 31, 1914.

The contentions raised by the court of impeachment. Chief among them were that the assembly action in impeaching him was illegal; that the court of impeachment was illegally organized; that six members of the court had no right to sit and that the acts with which he was charged were committed before he took office.

Marjo Zamboni, eighteen years old, testified he had been shot in the leg nine times by machine guns in the hands of nine guards in the Forbes battle. Others testified they were brought to the mines from eastern cities under the pretense they were to be given thousands.

OIL FIELD HOTEL BURNS, ONE GUEST LOST

Trees City, Louisiana, in Caddo District, is Destroyed by Fire With One Fatality.

Shreveport, La., Feb. 24.—The Trees City Hotel at Trees City, La., in the Caddo field burned today.

One guest, Walter McGeehee of Bradley, Ark., was burned to death in his bed. About fifty other guests escaped, many sliding down posts in their night clothes in freezing temperature.

CHARLES BECKER GETS NEW TRIAL

Death Sentences for the Four Gun Men, However, Affirmed by New York Court

Albany, N. Y., Feb. 24.—A new trial today was granted Charles Becker, the former New York police lieutenant under death sentence for the murder of Herman Rosenthal, the gambler by the court of appeals. The court stood six to one for the new trial.

BALTIMORE ACADEMY OF MUSIC ROBBED

Masked Men Overpower Watchman, Blow Safe and Get Away With Over \$5,000

Baltimore, Md., Feb. 24.—Three masked robbers entered the Academy of Music here last night, overpowered and tied the watchman, blew open the safe and got away with between \$5,000 and \$6,000 leaving the watchman tied to a post in the auditorium. After the burglary of the Academy of Music they broke into a cigar store and took a quantity of high-grade cigars.

"CONSTRUCTIVE" FORGES TO MEET

ANOTHER GATHERING OF DEMOCRATS WILL BE HELD IN DALLAS MARCH 7

CALL BEING PREPARED

It Will Be Issued Wednesday According To Announcement From Fort Worth

Fort Worth, Texas, Feb. 24.—A conference of Democrats is to be held in Dallas March 7 for the purpose of concentrating what will be designated as "The Constructive Forces of the Democratic Party in the Pending Contest for Governor".

DESERTED FROM THE ARMY AFTER 22 YEARS SERVICE.

Waco, Texas, Feb. 24.—That all is not glitter and glory in the life of a soldier is shown by the story of Otto B. Penkhert. Penkhert was arrested here as a deserter and he admits he quit the army at Texas City. Usually the deserter flees after a few months in the army, becoming tired of the work and routine. But Penkhert was in the army 22 years and was accounted a good soldier and had won respect. When one is in the army that long he usually sticks out the thirty year period when he is retired on a goodly pension. But Penkhert will receive no consideration for his 22 years service. He will be tried and imprisoned as a deserter. Penkhert left the army he says because of an officer's constant abuse. Penkhert could not transfer himself to another company and to have complained would have made matters worse—he is deserted.

SNOW FALLING AT EL PASO SINCE EARLY LAST NIGHT.

El Paso, Texas, Feb. 24.—Snow began falling here last night and continued today. The winter has been so mild that many fruit trees are in bloom, but as the temperature has not yet dropped to freezing there is hope the fruit is not injured.

MEXICANS CELEBRATE INDEPENDENCE.

Mexico City, Feb. 24.—Mexicans today celebrated the nineteenth anniversary of the Mexican declaration of independence of 1893.

PURE FOOD LAW IS AFFECTED

HELD POISONOUS INGREDIENTS MUST BE IN QUANTITY TO CAUSE HARM

IN BLEACH FLOUR CASE

Effect of Decision Will Be Far Reaching—White Slave Act is Upheld

Washington, Feb. 24.—The Supreme Court today sent the so-called bleach flour case back to the district court for new trial. It was sent back with instructions that the law is that foods not containing enough questionable substances to cause harm are not condemned. The decision indirectly affects thousands of articles of food.

WHITE SLAVE LAW UPHOLD

The constitutionality of the federal white slave law was again upheld today by the Supreme Court in the Wilson case from Chicago. The question whether the law is limited to commercial vice was not involved.

INDIAN PAGEANT PLANNED FOR DENVER.

Denver, Feb. 24.—Outlines for a plan for financing the proposed pageant of the American Indian to be held here today of the Colorado Publicity League. The promoters of the plan hope to gather 10,000 Redskins here and to give a true picture of life in the early west for the benefit of travelers going west to the Panama-Pacific Exposition that year.

REOPENING OF THE MILLS.

The reopening of the idle mills throughout the Central West has improved conditions. It is certainly true that many of those who were out of work when the year opened are now busy again and the tendency is to employ more. With the opening of the spring many avenues to work that the year opened are now busy again and the tendency is to employ more. With the opening of the spring many avenues to work that the year opened are now busy again and the tendency is to employ more.

REDFIELD'S VIEW OPTIMISTIC ONE

SECRETARY SEES MARKED IMPROVEMENT IN COMMERCIAL REGIONS OF COUNTRY

COURAGE IS REVIVED

Tendency Clearly and Openly in Direction of Reduction in Food and Clothing

Wheeling, W. Va., February 24.—Marked improvement in the conditions in the industrial and commercial regions of the country has come, rising and destroying alarm, removal of tariff duties has resulted in a tendency clearly and openly in the direction of a reduction in the cost of food and clothing; and climatic conditions, not business depression, are viewed in New York City and other large industrial centers.

This was the message delivered to the national last night by William G. Redfield, the administration's spokesman on commercial and industrial problems before the Wheeling Board of Trade. Excess statements the speaker made was fortified by official statistics and reports.

Mr. Redfield defended the tariff act, lauded the currency law, and with decided emphasis assured his audience that the government intends to help and not hinder legitimate business.

"It was not strange that the serious depression all over Europe as well as in South America should have been slightly reflected upon us in the latter part of last year," he said. "It is not surprising that careful men moved cautiously in business matters, pending the necessary adjustments from the new tariff, or that they should have hesitated until the final form of the currency bill was known. It is not strange either that men should want to know the attitude of the government toward legitimate business."

"But there is no ground here for worry. The supply of freight cars has ceased to grow. It is estimated about the middle of January to develop and has decreased by about five thousand cars. It would be easy to add from numerous sources to these favorable statements. I have found in the last fortnight the reports of improving business so many and so general that it has been impossible for me to consider them all.

Living Cost Going Down. "The tendency is clearly and openly in the direction of a reduction in the cost of food and clothing through the removal of the tariff tax. It may be well to point out, however, that the costly processes of distribution, a tremendous tax upon our consumers, and that in my judgment the single and little-discussed factor of cartage alone lays a heavier burden upon the people than the total amount paid for railway freights.

"The new tariff has not thus far resulted in any material increase of importations of manufactured articles to compete with the products of our own factories, but rather its important effect has been to add to our food supply.

Matter of Unemployment. "It remains to discuss briefly two other elements of the existing situation, the prices of commodities and the matter of unemployment. During the winter months thousands of laborers are thrown out of work for climatic reasons in all our Northern states and it is normal that they should concentrate as for years past they have done in our larger cities and industrial centers. Statements have been made and denied to the effect that there were more unemployed in New York City this year than usual. This may be true without meaning that there is any abnormal excess of unemployed in the whole country.

New York City is known to be in the act of spending several hundred million upon subway construction. Furthermore, it is well known that New York provides liberally for the unemployed through its vast private and public charities, and this is an attractive factor to some out-of-work. All these factors would naturally draw the unemployed to that city in numbers even in excess of possible employment. The fact that they have so gathered there—in other cities in large numbers this year may or may not have direct bearing upon the prosperity of industry. A large number of the unemployed are probably not those who work in factories, but rather those who follow the kinds of labor which the irregularity of the season forbids continuing and which are always suspended at this time of the year.

Reopening of the Mills. "The reopening of the idle mills throughout the Central West has improved conditions. It is certainly true that many of those who were out of work when the year opened are now busy again and the tendency is to employ more. With the opening of the spring many avenues to work that the year opened are now busy again and the tendency is to employ more.

"Now it is the fact that in recent years the tariff tax has so operated on food as to make it vitally more costly. There was a time recently when potatoes were imported when our supply

to solve the problem.

WHEN OUT OF SORTS

No Matter What Ails You, Dodson's Liver Tonic is Usually a Big Help in Getting Well

Nine times out of ten, when you are ill or out of sorts, your liver is out of order, and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious it is impossible to feel well.

There was a time when a great number of people took colic when so troubled. But this is not true today. It has become widely known that colic often has had after-effects and is even dangerous to many. The use of Dodson's Liver Tonic instead of colic has spread wonderfully because it has proved so beneficial in so many households.

Your druggist recommends and guarantees Dodson's Liver Tonic instead of colic and guarantees to refund purchase price (50c) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headache, biliousness, etc. It gives the liver a healthy, cleansing, vegetable liquid, easy to take and causes no pain, no griping, no bad results, no change from your regular duties and habits.

To test Dodson's Liver Tonic is a sensible matter because you get your money back if you are not satisfied. (Adv.)

SON OF OHIO PIONEER WILL START RIGS HERE

M. T. McKee is here from Ohio and expects to begin operations in the oil fields in this section within the next thirty days. He has already acquired leases in the Parkhurst field. Mr. McKee is also the inventor of an expansion drill which he expects to introduce in this field.

Mr. McKee was born in the oil business and has followed nothing else all his life. His father the Hon. Chris McKee is one of the pioneers in the oil business having started to drill a well at Caldwell, Ohio, in August, 1869. This well was completed and the first oil run into the tank on March 4, 1861, the day of President Lincoln's first inauguration. This is believed to have been the first oil well ever drilled in Ohio.

REDFIELD'S VIEW OPTIMISTIC ONE

(Continued from Page 2)

was sent, and when the tariff on potatoes was equal to about fifty per cent on their price, and necessarily increased their cost. On the other hand, it is the fact now that Argentine beef is being shipped to New York free of the tariff tax, and this has resulted in a decline in the wholesale New York market for beef of about four cents a pound. This reduction, when transmitted to the local New York retailer, has resulted in a reduction of the price of beef locally in that city of about two cents a pound. As beef has gone outside of that city into the country at large, the reduction in price has been absorbed by the dealers and has been little felt as yet.

Benefits From Importations. It is the fact, too, that butter has been reduced in price by the large recent importations of that food, and I have known that preserved milk has been offered in this country at lower prices than those which have heretofore prevailed. Furthermore, the importation of Argentine corn has, during the recent winter, operated at least to prevent a rise in the price of corn in our Atlantic coast cities if it had not directly reduced the price in those cities. It is a well known fact that the price of woolen cloth from the largest makers has been reduced this winter from fifteen to twenty-five per cent. The price lists of the American Woolen Company and the United States Worsted Company and other textile mills show this plainly. Many things are bought in the wholesale trade already more cheaply than they were a year ago, particularly woolens, beef and butter.

In the face of foreign conditions the total exports of iron and steel manufactures from this country increased in last October over the totals of either July, August or September. The imports of iron and steel in October, 1913, the first month under the new tariff, were \$2,575,000 less than they were in October of the previous year. The exports were \$25,189,000, nearly ten times greater than the imports. November last showed a similar result. The imports were less than we had a half million, a smaller sum than in October and less than in the previous November, while the exports were in excess of twenty million dollars. December brought the total exports up to \$2,815,000 for that month, as compared with steel and iron exports in December in excess of twenty-two and a half million.

This is not a situation to cause anyone alarm. When we are able in the industry, after the duties are lowered, to sell abroad \$68,000,000, as against purchases of less than \$8,000,000, and purchases which were actually smaller than those made under the old tariff, no one has any sound cause to worry about his market being flooded. The tide runs the other way.

ADDRESS BY MAYOR PRO-TEM WAS HEARD

Young Men's Forum Discusses Government Ownership of Wire Lines Monday Night

An interesting session of the Young Men's Forum was held last night in the Chamber of Commerce rooms at the city hall, a large part of the membership of several visitors being present. The evening's debate was on government ownership of wire lines, and the principal speaker of the evening was John W. Bradley, mayor pro tem. The Forum is making plans for a debate on woman's suffrage at its meeting of March 9 and the ladies will be especially invited to attend and hear the subject discussed. The public is always welcome at the meetings of the Forum. Several of those scheduled to take part in the debate last night failed to show up and the debate was held with impromptu debaters, Messrs. Settle and Fuller taking the affirmative, and Messrs. Gould and Long the negative. The decision favored the affirmative.

Members delivered short talks, as follows: Jean Val Jean, W. M. Fuller, "Wichita Falls," R. J. Roemer, "Lincoln," Burton Stoyton, "George Washington," Charles Crowell. Mr. Bradley took for his subject "Vision," saying that no undertaking, big or little, was ever successfully completed by a man unless he first has a vision of it. He also spoke along the line of the need for integrity in every man's make-up, his remarks being very greatly appreciated. The next meeting of the Forum will be held Tuesday, March 3; Dr. J. W. Hill has been invited to address the organization at this meeting.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidney and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for free literature. Dr. E. W. Hall, 525 Olive St., St. Louis, Mo. Sold by all druggists. (Adv.)

Becker Gunmen Cases Decision Today Albany, N. Y., Feb. 24.—The court of appeals was expected today to hand down the decision on the appeal of ex-Battalion Lieutenant Charles Becker and the four gunmen whom he was convicted of having hired to shoot to death Herman Rosenthal the gambler. Up to the last minute the rumor persisted that the ex-leader of New York's famous strong arm squad, who has been in Sing Sing death house for many months, would be granted an appeal for another trial.

IMPROVEMENTS AT CITY BALL PARK

BATH HOUSE AND LOCKER ROOM WILL BE INSTALLED FOR INDIANAPOLIS TEAM

MEETING OF DIRECTORS

Plan To Circulate "Wichita Falls Dollars" Heard—\$30 Ordered Paid For Gas Used

The construction of a bath house and locker room at the city baseball park for the use of the Indianapolis baseball club, will be undertaken by the Chamber of Commerce, steps being taken at this morning's session of the directors. The Kansas City club will have exclusive use of the lake properties, and it was deemed necessary some provision be made at the city park for shower baths, with necessary heating arrangements and dressing room can be installed for a very moderate sum. A committee consisting of F. P. St. Clair, M. A. Marcus, M. W. Stanforth and J. B. Marlow was named to look into the matter and report to an adjourned session of the directors tomorrow morning.

At their session today the directors heard an explanation of the schedule changes on the Katy, effective next Sunday. N. L. Iuge, assistant general passenger agent, was present by invitation and explained the changes, which call for the taking off of the night trains between this city and Dallas. Mr. Iuge said that the change had been considered necessary by the Katy and he had been informed that the trains would be reinstated just as soon as there was any indication that business would justify it. The directors voted to support the plan.

Novel Advertising Scheme

A proposition to put "Wichita Falls dollars" into circulation was referred to the advertising committee, after being explained by Mrs. Thras of Fort Worth. The scheme is to place an aluminum strip, bearing suitable advertising matter, around the edge of the dollar. The plan is said to have proved quite successful elsewhere and appears to be quite a novelty.

The directors appropriated \$30 to pay two years' rent on the building erected that this amount was due. The city had been paying the gas bills for all the stoves in the building for two years with the result that the Chamber of Commerce was getting its gas free of charge. The city recovered recently that the Chamber of Commerce, and it was agreed upon as the Chamber of Commerce share. Those present at today's meeting were: C. W. Bean, who presided in the absence of R. E. Huff; F. C. Straus, Frank Kell, H. B. Hines, S. Henderson, M. J. Gardner, J. B. Marlow, M. A. Marcus, M. W. Stanforth, D. M. Hardy, W. G. Long.

FISCHER AND EVANS IN RECITAL HERE TONIGHT

Very favorable comment upon Otto Fischer, pianist and composer, was printed in the Wichita, Kansas, Freeman when he gave a recital in that city. Mr. Fischer will appear at the Wichita Theatre—Tuesday night, in joint recital with Harry Evans of London, the basso. The Beacon's comment follows: "A good sized audience heard the well known pianist, Otto L. Fischer last night in Philharmony Hall. This was Mr. Fischer's first recital of a series of six which was announced by the management. The recital last night differed somewhat from the ordinary recital in that Mr. Fischer gave a short illustrative talk preceding each group of numbers which seemed to please the audience and to give them a better understanding of the music.

"Music lovers of this city expected great things from Mr. Fischer and were by no means disappointed. The Beethoven Appassionata—Sonata which was the opening number was given a masterly interpretation. The artist seemed to be in full sympathy with the work.

"Fischer possesses a wonderful technique coupled with true musician-ship which makes it possible for him to transmit to the audience the true understanding of all he undertakes to present. Perhaps the greatest success of the evening was in the Chopin and Liszt group which the artist reheated to the insistent calls from the audience.

VALUABLE OIL LAND IS INVOLVED IN DECISION

Verdict Against Intervenor is Rendered in Case Affecting the Woodruff-Putnam Lease

Judge Martin in the district court Monday morning ordered judgment for the defendant in the suit of W. A. Simmonds, Intervenor in the case of Julia A. Jamison et al vs. Woodruff and Putnam and the Corsicana Petroleum et al for title to 160 acres in the heart of the Electric oil field. The suit of Julia Jamison against the defendants named was compromised some time ago whereupon Simmonds intervened claiming an interest in the land before the patent was granted more than a score of years ago.

The land that was in controversy is one of the most valuable tracts in the field being worth more than a hundred thousand dollars. Motion for a new trial was granted Monday in the case of J. A. Staley vs. the Duffey Petroleum Company. This is the case where it was held that it required the drilling of more than one well to hold a lease.

When it rains

do you depend on a shower-proof or do you wear a Fish Brand Reflex Slicker and enjoy the rain because you're dry and comfortable? Made for rough and ready service, and so waterproof that not a drop of water can get through the openings between the buttons. The Reflex Slicker does it.

Lice and Roup

BIGGER POULTRY PROFITS

It's no disease if your fowls get lice—but it is an abhorrence to the poultry owner. Don't fool with home-made stuff, or waste time trying to even the smallest lice. Buy CONKEY'S LICE POWDER. 25 cents here a good liberalized box. It is positive death to lice, ticks, etc. Equally effective for lice on getting hens and young chicks. GET THEM ALL! Clean up the coop! Absolutely harmless to even the smallest chicks. Easy to apply and does the treatment for your money's worth. Get a package today.

Are to be dreaded the worst of all diseases. Chickens bothered by either will never profit you anything. Do not buy eggs all year on account of sick chickens when you can easily and cheaply cure them. If you have healthy chickens and they do not lay give them some of CONKEY'S LAYING TONIC. It's absolutely guaranteed and if it does not do the work your money is refunded. Our LICE LIQUID and LICE POWDER is the best on the market. Come in and get a free Poultry Book. If you own chickens you just as well get plenty of eggs from them as to pay 30c per dozen. Investigate our Chicken Remedies.

TWO RACE MEETS SCHEDULED HERE

TEXAS SHORT SHIP CIRCUIT WILL OPEN IN WICHITA FALLS ON JUNE TWENTY-THIRD

ANOTHER IN SEPTEMBER

Dates for fourteen meets in North Central Texas Fixed at Dallas Meeting

Date for two racing meets to be held in Wichita Falls—one in June, the other early in September—were fixed Monday in Dallas at a meeting of the Texas Short Ship Racing circuit organized in this city several weeks ago. The meeting was attended by representatives of the racing and fair associations of a number of North and Central Texas towns. J. W. Thomas representing the local Chamber of Commerce.

Wichita Falls will open the circuit in June—an honor for which every town in the circuit contended vigorously—and will also have a date early in September including Labor Day. The dates for the members follow:

- Wichita Falls—June 23-28.
- Clarendon—July 1-4.
- Childress—July 15-18.
- Quanah—July 28-31.
- Marlin—August 7-10.
- Hillsboro—August 11-14.
- Meridian—August 18-21.
- Weatherford—August 25-28.
- Mineral Wells—September 1-4.
- Wichita Falls—September 8-11.
- Gainesville—September 15-18.
- Bonham—September 22-25.
- Paris—September 29-October 2.
- Clarksville—October 6-9.
- Fort Worth—October 10-13.
- Pittsburg—November 5-14.

The fact that the circuit will open in this city means a great deal, as all the horses that will make the circuit will be sent several weeks before the opening to get in condition for the season. This will bring a large number of horses and horsemen to this city to remain for several weeks. The stables and track at the lake will be available for the horses and as no other city in the circuit could offer such convenient facilities, Wichita Falls was able to capture the opening dates.

WHEN OUT OF SORTS

No Matter What Ails You, Dodson's Liver Tonic is Usually a Big Help in Getting Well

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has had after effects and is even dangerous to many. The use of Dodson's Liver Tonic instead of calomel has spread wonderfully because it has proved so beneficial in so many households.

Your druggist recommends and guarantees Dodson's Liver Tonic instead of calomel and guarantee to refund purchase price (50c) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headache, biliousness, etc. It cleans the liver and is a pleasant, palatable, vegetable liquid, easy to take and causes no pain, no gripes, no bad results, no change from your regular duties and habits.

To test Dodson's Liver Tonic is a sensible matter because you get your money back if you are not satisfied. (Adv.)

SON OF OHIO PIONEER WILL START RIGS HERE

M. T. McKee is here from Ohio and expects to begin operations in the oil fields in this section within the next thirty days. He has already acquired the leases in the Parkersburg field. Mr. McKee is also the inventor of an expansion drill which he expects to introduce in this field.

Mr. McKee was born in the oil business and has followed nothing else all his life. His father the Hon. Chris. McKee is one of the pioneers in the oil business, having started to drill a well at Caldwell, Ohio in August, 1860. This well was completed and the first oil run into the tank on March 4, 1861, the day of President Lincoln's first inauguration. This is believed to have been the first oil well ever drilled in Ohio.

REDFIELD'S VIEW OPTIMISTIC ONE

(Continued from Page 2)

was meant, and when the tariff on potatoes was equal to about fifty per cent in their price, and necessarily increased their cost. On the other hand, it is the fact now that Argentine beef is being shipped to New York free of the tariff tax, and this has resulted in a decline in the wholesale New York market for beef of about four cents a pound. This reduction, when transmitted to the local New York retailer, has resulted in a reduction of the price of beef locally in that city of about two cents a pound. As beef has gone outside of that city into the country at large, the reduction in price has been absorbed by the dealers and has been little felt as yet.

Benefits From Imports. "It is the fact, too, that butter has been reduced in price by the large re-exports of that food, and I have known that preserved milk has been offered in this country at lower prices than those which have heretofore prevailed. Furthermore, the importation of Argentine corn has, during the recent winter, operated at least to prevent a rise in the price of corn in our Atlantic coast cities. It has not directly reduced the price in those cities. It is a well known fact that the price of woolen cloth from the largest makers has been reduced this winter from fifteen to twenty-five per cent. The price lists of the American Woolen Company and the United States Carpet Company and other textile mills show this plainly. Many things are bought in the wholesale trade already more cheaply than they were a year ago, particularly woolsens, beef and butter.

"In the face of foreign conditions the total exports of iron and steel and manufactures from this country increased in last October over the totals of either July, August or September. The imports of iron and steel in October, 1913, the first month of the new tariff, were \$2,575,000 less than they were in October of the previous year. The exports were \$25,189,000, nearly ten times greater than the imports. November last showed a similar result. The imports were less than in a half million, a smaller sum than in October and less than in the previous November, while the exports were in excess of twenty million dollars. December brought the total imports up to \$2,815,000 for that month, as compared with steel and iron exports in December in excess of twenty-two and a half millions.

"This is not a situation to cause anyone alarm. Whenever we are in the industry, after the duties are lowered, to sell abroad \$68,000,000 as against purchases of less than \$8,000,000, and purchases which were actually smaller than those made under the old tariff, no one has any sound cause to worry about his market being flooded. The tide runs the other way."

ADDRESS BY MAYOR PRO-TEM WAS HEARD

Young Men's Forum Discusses Government Ownership of Wire Lines Monday Night

An interesting session of the Young Men's Forum was held last night in the Chamber of Commerce rooms at the city hall, a large part of the membership and several visitors being present. The evening's debate was on government ownership of wire lines, and the principal speaker of the evening was John W. Bradley, mayor pro tem.

The Forum is making plans for a debate on woman's suffrage at its meeting of March 9 and the ladies will be especially invited to attend and hear the subject discussed. The public is always welcome at the meetings of the Forum. Several of those scheduled to take part in the debate last night failed to show up and the debate was held with inopportune debaters, Messrs. Settle and Fuller taking the affirmative, and Messrs. Bond and Long the negative. The decision favored the affirmative.

Members delivered short talks, as follows: Jean Val Jean, W. M. Fuller; "Wichita Falls," R. J. Roemer; "Lincoln," Burton Stayton; "George Washington," Charles Crowell. Mr. Bradley took for his subject "Vision," saying that no undertaking, big or little, was successfully completed by a man unless he first had a vision of it. He also spoke along the line of the need for integrity in every man's make-up, his remarks being very greatly appreciated. The next meeting of the Forum will be held Tuesday, March 3; Dr. J. W. Hill has been invited to address this organization at this meeting.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials, Dr. E. W. Hall, 126 Olive St., St. Louis, Mo. Sold by all druggists. (Adv.)

Becker Gunmen Cases Decision Today Albany, N. Y., Feb. 24.—The court of appeals was expected today to hand down their decision on the appeal of ex-Police Lieutenant Charles Becker and the four gunmen whom he was convicted of having hired to shoot to death, Herman Rosenthal the gambler. Up to the last minute the rumor persisted that the ex-leader of New York's famous strong arm squad, who has been in Sing Sing death house for many months would be granted an appeal for another trial.

IMPROVEMENTS AT CITY BALL PARK

BATH HOUSE AND LOCKER ROOM WILL BE INSTALLED FOR INDIANAPOLIS TEAM

MEETING OF DIRECTORS

Plan To Circulate "Wichita Falls Dollars" Heard—\$30 Ordered Paid For Gas Used

The construction of a bath house and locker room at the city baseball park for the use of the Indianapolis baseball club, will be undertaken by the Chamber of Commerce, plans being taken at this morning's session of the directors. The Kansas City club will have exclusive use of the lake properties and it was deemed necessary that some provision be made at the city park for shower baths. It is thought that shower baths, with necessary heating arrangements and dressing room can be installed for a very moderate sum. A committee consisting of E. P. St. Clair, M. A. Marcus, M. W. Stratford and J. B. Marlow was named to look up the matter and report to an adjourned session of the directors to-morrow morning.

At their session today the directors heard an explanation of the schedule changes on the Katy, effective next Sunday. N. L. Inge, assistant general passenger agent, was present by invitation and explained the changes, which call for the taking off of the night trains between this city and Dallas. Mr. Inge said that the change had been considered necessary by the Katy and he had been informed that the trains would be reinstated just as soon as there was any indication that business would justify it. The directors decided to take no action.

Novel Advertising Scheme

A proposition to put "Wichita Falls dollars" into circulation was referred to the advertising committee, after being explained by Mrs. Thrash of Fort Worth. The scheme is to issue an aluminum strip, bearing suitable advertising matter, around the edge of the dollar. The plan is said to have proved quite successful elsewhere and appears to be quite a novelty.

The directors appropriated \$20 to pay two years' gas bill, it being believed that this amount was due the city. The city had been paying the gas bills for all the stoves in the building for two years with the result that the Chamber of Commerce was getting its gas free of charge; the city discovered recently that it was overpaying the generosity act, and \$20 was agreed upon as the Chamber of Commerce share. Those present at today's meeting were: C. V. Bean, who presided in the absence of R. E. Huff; J. C. Straus, Frank Kell, H. B. Hines, N. Henderson, M. J. Gardner, J. B. Marlow, M. A. Marcus, M. W. Stratford, D. M. Hardy, W. G. Long.

FISCHER AND EVANS IN RECITAL HERE TONIGHT

Very favorable comment upon Otto Fischer, pianist and composer, was printed in the Wichita, Kansas, Beacon when he gave a recital in that city. Mr. Fischer will appear at the Wichita Theatre Tuesday night in a joint recital with Harry Evans of London—the basso. The Beacon's comment follows:

"A good sized audience heard the well known pianist, Otto L. Fischer last night in Philharmony Hall. This was Mr. Fischer's first recital of a series of six which was announced by the management. The recital last night differed somewhat from the ordinary recital in that Mr. Fischer gave a short illustrative talk preceding each group of numbers which seemed to please the audience and to give them a better understanding of the music.

Music lovers of this city expected great things from Mr. Fischer, and were by no means disappointed. The Beethoven Appassionata Sonata which was the opening number was given a masterly interpretation. The artist seemed to be in full sympathy with the work. Fischer possesses a wonderful technique coupled with true musician ship which makes it possible for him to transmit to the audience the true understanding of all he undertakes to present. Perhaps the greatest success of the evening was in the Chopin and Debussy group which the artist repeated to the insistent calls from the audience."

VALUABLE OIL LAND IS INVOLVED IN DECISION

Verdict Against Intervenor is Rendered in Case Affecting the Woodruff-Putnam Lease

Judge Martin in the district court Monday morning ordered judgment for the defendant in the suit of W. A. Simmonds, Intervenor in the case of Julia A. Jamison et al vs. Woodruff and Putnam and the Corsicana Petroleum et al for title to 160 acres in the heart of the Electric oil field.

The suit of Julia Jamison against the defendants named was compromised some time ago whereupon Simmonds intervened claiming an interest in the land before the patent was granted more than a score of years ago. The land that was in controversy is one of the most valuable tracts in the field being worth more than a hundred thousand dollars. Motion for a new trial was granted Monday in the case of J. A. Wiley vs. the Guffey Petroleum Company. This is the case where it was held that it required the drilling of more than one well to hold a lease.

When it rains
do you depend on a "shower-proof" or do you wear a **Fish Brand Reflex Slicker** and enjoy the rain because you're dry and comfortable? Made of rough and ready service, and so water-proof that not a drop reaches you even through the openings between the buttons. The Reflex Edge does it.

\$3.00 if you order it.

Episcopal Guild MET WITH MRS. GATES. The ladies of the Episcopal Guild met in regular session Monday afternoon with Mrs. Gates.

NU BONE CORSETS are not sold in stores, but fitted to your individual requirements in your own home by a skilled corsetier.

Representative MISS LULA WEEMES Telephone No. 935

cial meeting of the First Christian Church was held Monday afternoon at the home of Mrs. C. C. Huff with Mrs. E. M. Brown as joint hostess. A short business session was held and the remainder of the afternoon was taken up with a social hour.

DANCE COMPLIMENTRY TO MISS JANE TALBOT

Naming Miss Jane Talbot as guest of honor and including in the house guests, Miss Butler of Abilene and J. W. Chesnut, Mr. and Mrs. John Francis Cullinan entertained Monday night at the Westland with one of the merriest and most enjoyable dances of the season.

THIRTY-SIX RIGS IN THE PETROLIA FIELD

The Petrolia Round-Up in its last issue reported 36 rigs at work in the Petrolia field as follows: The Producers Oil Company has located Byers Nos. 21 and 22; two wells a little northwest of the 1500-barrel well which was recently brought in.

The Corsicana Petroleum Company, on Friberg, drilling. The American Oil and Gas Company, on fee No. 1, drilling. Williams and Williams, on Red River Oil Company No. 1, drilling.

Developers Oil Company are cementing this week on No. 10, have made new location about five hundred yards east of their 600 barrel well brought in.

The Ladies Aid and Missionary Society of the Central Presbyterian Church met Monday afternoon with Mrs. J. E. Reed. On account of the rather small attendance it was decided to postpone the missionary meeting which was to have been held that afternoon until Friday when it will meet with Mrs. Fred L. McFadden.

Miss Florence Sammons has returned from a visit with friends in Fortney. The Musicians Club chorus will meet for cantata practice Thursday afternoon in the Sunday school rooms of the M. E. Church, 86th. All members of the chorus are urged to be present.

Thursday evening Dr. and Mrs. J. L. McKee will entertain the officers of the First Presbyterian Church and their wives at dinner at the Kenney Kort in honor of the building committee.

Friday evening the Epworth League of the M. E. Church, South, will have an outfit fashioning picnic in the basement of the church. All the Leaguers of the church and their friends are cordially invited.

The Teachers of the M. E. Church, South, Sunday school will meet in council Thursday evening at the church to study the lesson for the following Sunday. Mrs. C. R. Harri-sock will lead the lesson.

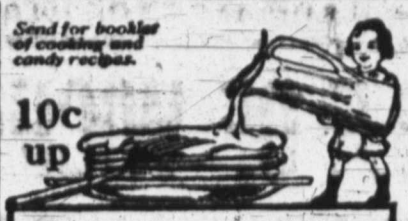

On account of the small attendance at the all day meeting of the missionary society of the M. E. Church, South, Monday the program arranged for that time was postponed until the next all day meeting.

The Westminster Guild met with Miss Helen Jalonek Monday afternoon. The time was taken up with informal discussions. It is highly probable that all future meetings will be held at the church.

Mrs. E. L. Keyes and daughter of Wynnewood, Okla. are the guests of Mrs. R. E. Strange.

Itching Stops Instantly! One Application of ZEMO Stops This Unbearable Torture and Makes Life Worth Living.

Get a 25c Bottle Today and Prove It. It doesn't take any longer to apply ZEMO than it does to scratch and rub those itching places, but it does more good. ZEMO stops the itching and soothes the skin. It is cool and comfortable, while scratching and rubbing only makes it worse, and ZEMO conquers the cause of the itching at the same time.

Pour it on thick Use all the Velva you want on biscuits and butter cakes—it's good for you because it is as good as anything else.

Driggars' Confession

Washington, Feb. 24.—A petition for review of conviction of President Frank M. Ryan of Indianapolis and 23 other members of the Bridge and Structural Iron Workers in the dynamite cases was presented today to the supreme court. They asked the high court to set aside jail sentences resulting from confessed dynamiting of the Los Angeles Times and other outrages by Orville McManigal and James B. McNamara. If the supreme court refuses to review the cases, Ryan and his alleged co-conspirators must go to jail. Several are now serving jail sentences, unable to secure bail pending the appeal filed today. Conviction of all was recently sustained by the federal circuit court of appeals at Chicago. Ryan and the others were charged with conspiracy in transporting dynamite in interstate commerce in violation of the federal law prohibiting shipment of explosives. They allege that they were convicted largely upon the "uncorroborated" evidence of McManigal and McNamara.

Wichita Falls, Texas, Feb. 24, 1914

The verdict in the case of Senator Gore was expected. A woman who was not a cripple, would certainly be expected to escape from a blind man if she wished to.—Oil City (Pa.) Derrick.

Postmaster General Burleson has given it out that he will not be a candidate for the senatorship, but favors Culberson succeeding himself. He also says he favors Horace Chilton for governor. Burleson is an anti on the prohibition question, but after expressing his preference for Chilton, had some nice things to say about Col. Tom Hall, wishing him success. Therefore, one naturally is led to believe that unless Chilton becomes a candidate for governor Burleson will support Hall.

The anti-prohibition Democratic newspapers had a whole lot of fun at the expense of the pro Democratic eliminating plan of getting rid of all but one candidate for governor, and predicted the plan would not work but it did, and was much more of a success than was anticipated. The next thing that can now be expected is for the anti press to begin advocating a plan by which the anti can thin out their candidates for governor. To permit all of them to run through to the July primaries means defeat, and certain. They may not pursue exactly the plan of the pro Democrats, but that they expect to do some eliminating there is not the slightest doubt.

The express companies are bringing to bear all the influence and power at their command to restrict the parcel post from cutting into their business any more than it already has, but if Postmaster General Burleson is given the right sort of support by the Democratic administration it will not be a great while until packages weighing as much as 100 pounds can be sent by parcel post at about one-fourth the cost that express companies now exact and demand. If the general government can do this and still make money out of the business, the difference between what the express companies charge that the rates fixed by the parcel post is a direct saving to the people. Burleson is a man of and for the people and deserves to be encouraged in his great work in every way possible.—Wichita Daily Times.

The country appreciates the parcel post and the effect it has had in reducing express rates; however, if the contention of the railroads be correct, the postmaster general has made present conditions possible at the expense of the railroads, they now transporting the mails upon a contract made and entered into before the adoption of the parcel post system.—Denison Herald.

The railroads, of course, are entitled to charge enough for carrying the mail, express, passengers and freight to earn a fair and reasonable interest on the investment. No one who is fair and honest will deny them that right.

ALCOHOLIZED RABBITS A Denton professor has demonstrated that the offspring of rabbits very seriously affected by alcohol where the intoxicant is given to the parents. But if the rabbits had their way about it, they wouldn't drink the stuff; they've got too much sense.—Wichita Falls Times.

Not only is the offspring of rabbits seriously affected by the alcoholized parents—the offspring of human parents is often lamed in body or mind, or both, by the same means. Alcohol is a poison. It poisons not only the parent, but the child. Alcohol is an enemy. It not only brutalizes, but destroys. Alcohol is a criminal. It kills not only those who love it, but those who hate it. Alcohol is a thief. It

CLUETT PEABODY & CO. TROY, N.Y.

steals bread from the mouths of mothers and shoes from the feet of children. No rabbit willingly drinks alcohol. Nature implanted in the brains of all beasts an instinct for avoidance, and to imagine a rabbit demoralizing itself with whisky is as impossible as conceiving a butterfly chewing tobacco.—State Press in Dallas News.

If it's all that and then, some, why is it that a majority of the people of Texas are its friends?

HARDWARE STORE AT ARCHER CITY BURNED

Blaze Originating From Flue of Foster and Forgy's Store Destroys Building

Special to the Times. Archer City, Texas, Feb. 24.—The hardware store of Foster and Forgy was burned here early last night. The fire originated from a flue and spread so quickly that little was saved. For a time the whole east part of the town was threatened but good work by the bucket brigade prevented the spread of the flames to other buildings. The loss on the contents was covered by insurance. There was no insurance on the building which was owned by Nell and Donohue. About \$75 damage was done to telephone lines which ran close to the building.

STATE DEPARTMENT INVESTIGATES COTTON CORPORATION

By Associated Press. Dallas, Texas, Feb. 24.—The statement that Secretary Bryan recently investigated the Southern States cotton corporation through the United States counsel at Bremen, Germany, was made today by W. M. Etheridge, attorney representing four petitioners who seek to throw the corporation into bankruptcy. The investigation was made upon the instigation of Congressman Young of Texas. Etheridge did not say what it disclosed.

BRIDWELL LOSES LAND SUIT AGAINST WAGGONERS

A judgment for the defendant was rendered today in the case of J. S. Bridwell vs. Waggoner Bros., et al. trespass to try title. This involved about 320 acres south of Electra. This afternoon the suit of J. S. Bridwell vs. Hugh Reilly, trespass to try title involving some land between Burk Burnett and Iowa Park is on trial before Judge Martin.

PROTRACTED MEETING AT EVANGELICAL CHURCH

Protracted meetings are being held at the First Evangelical Church, located at the corner of Fifteenth and Broad. Services are being held evening, commencing at seven thirty. These services will be in the English language during this week. Everyone is cordially invited to attend this meeting, which is being conducted by the pastor, Rev. C. Ermel.

President's Daughter To Act. New York, Feb. 24.—Miss Eleanor Wilson, the president's daughter, tonight will be the star attraction as a member of the cast of "Sanctuary," a bird masque by Percy Mackaye, in which she scored such a success last summer at Cornish, N. H. The performance will be at the Hotel Astor and the proceeds will be for the benefit of the Bird Sanctuary in Meriden, N. H.

WILL OPEN NEW CHURCH SUNDAY, MARCH 2. March the 8th was set as the date for the opening services to be held in the new Presbyterian Church at a meeting of the officers of the church held this afternoon. It was also decided to give an organ recital on Wednesday the 4th at the church, having at that time a specialist here from Oklahoma City.

PLEASANT VALLEY WORSHIP. PERS BACK ON OLD SITE. Marble Falls, Texas, Feb. 21.—Pleasant Valley members of the Methodist church moved their church back to its former site this week. It was a big job and all the men members were required for the work. The church went astray during the December floods and was swept down stream. It landed with only slight damage and did not travel such a distance that church attendance was made impossible.

WOMEN VOTE IN CHICAGO TODAY

FIRST TEST OF STRENGTH IN LARGEST EQUAL SUFFRAGE CITY IN WORLD

EIGHT WOMEN CANDIDATES

158,026 Women Register for Their First Chance to Exercise Suffrage Right

Chicago, Feb. 24.—The first actual test of strength of the woman vote in the largest equal suffrage city in the world was made here today. Chicago women cast their ballots for the first time since the Illinois suffrage law was enacted and participated in the primaries to choose candidates for the board of aldermen.—Eight women candidates for council seats were on the ballots today—three Progressives, three socialists and two democrats. Four of them have opposition in the primaries, but the names of the other four are certain to be placed on the election ballots for April 7.

Around these four women candidates who must fight for party endorsement most of the interest in the outcome of today's primaries centered, but the suffrage vote played an even more important part in the other twenty-seven wards that offered no women candidates. In these wards male candidates astonished at the size of the suffragist registration on February 3, bid against each other for the support of women's organizations in one of the liveliest primary campaigns in the city's history. For three weeks the play to the suffragist section of the galleries on the part of alderman candidates city officials and opposing party factions has been one of the most important and significant developments in the political history of Chicago. Aldermen who discarded chunks of tobacco and skated their cigars, listened to the arguments and promised to recommend an anti-smoking ordinance for passage.

The anti-smoking campaign was scarcely under way when the anti-smoking campaign got under way with a boom. It was directed at the practice of permitting smoking on the front platform of street cars. Various women's organizations supported by the street car motormen, called the practice disgusting, pointed out that the smoke permeated the cars, and descended upon the council health committee. The members of the committee courtedly laid aside their cigars, listened to the arguments and promised to recommend an anti-smoking ordinance for passage.

Gorman—Agricultural development is at a standstill in this vicinity owing to the inability of farmers to dispose of the charcoal from timber cleared from new lands. The Commercial Club has been asked to find a market for the product.

San Angelo—A party of 39 Swedish farmers residing near this place came to town yesterday and purchased 30 automobiles. Five years ago these farmers came here and bought small farms on the installment plan. They now own their homes and have money in the bank.

Notice A. F. & A. M. Wichita Falls Lodge will confer for the M. M. degree tonight beginning at 7:30 sharp. All visiting Masons extended a cordial invitation. J. O. SMITH, W. M. CHAS. R. FULLER, Sec. 45 1tc

RUMOR HEARD THAT E. L. McCOLGIN WILL DECLINE. Some comment has been occasioned among Chamber of Commerce members by an item appearing in a Norfolk, Virginia, stating that E. L. McColgin had declined the Wichita Falls secretaryship. Mr. McColgin is secretary of the Norfolk Board of Trade and is expected here this week to assume the duties of secretary here. The directors here believe that he will be here by March 1 as agreed and that the statement in question was given out for a purpose.

GEN. VILLA TELLS WHY BRITISHER WAS SHOT

(Continued from Page 1)

but I did not suspect that he was coming into my office to murder me. "Reached for Hip Pocket" "He had not talked long when he reached for his hip pocket. It flashed over me that he intended to kill me. I grabbed his hand and at the same time thrust my revolver into the pit of his stomach to stop him. I did not wish to appear bloodthirsty and therefore did not shoot him myself. "The guards seized him, took his pistol from him and placed him under arrest. It was decided to try him by courtmartial and this was done in the regular manner prescribed by law and the prisoner was executed eighteen hours after he made the attempt on my life. That is all there is to it. "We would have treated any other offender in the same way, whether he were American, Spanish, German or Japanese. "Committed Other Offense" "Benton was not only guilty of attempting murder, but of other offenses, for we have proof of his enmity to our cause and of the aid he rendered our enemies. However, he was executed for attempting to take my life. I have nothing to conceal about it. I know the incident has aroused comment in the United States and Europe and that is why I am making this statement. "A man who acted as Benton did would have received the same treatment in any country. I want to emphasize the fact that I did not kill Benton myself, I would not have soiled my hands with that detail of execution after the court had found him guilty. "After the verdict Benton confessed. He did not appeal for mercy, but asked that his property be secured to his widow. I promised that this would be done. "No Others Executed "Statements have been made that we have executed other foreigners, but this is untrue. Benton is the only one." "Crowds Pay Homage "The Constitutionalist-General marked another milestone in his political and military progress from the rustic outlaw of three years ago to the dictatorship of Northern Mexico when today he received the homage of his

officers and prominent citizens at the palace. He sat in a high-backed gilded chair in the big chamber of delegates, beneath a canopy of deep red velvet embroidered in gold, looking on the scene from wide-set, glowing black eyes, saying but little.

A medal was presented to him by those of his men who have followed him since the Madero revolution three years ago, when he forsook his outlawed and blossomed into a militant patriot.

San Benito—The effects of systematized marketing were felt here Saturday when local truck growers received word from Buffalo, N. Y., that a carload of lettuce shipped from here several days ago brought \$1,520. The producers in this vicinity are well organized and are selling direct to the ultimate consumer.

GOLD DOLLARS

....AT....

75c EACH

Would find a ready sale at any time or place, provided people only knew that they actually were on sale. We don't know of anyone who is actually offering a gold dollar for seventy-five cents, but we do mean to tell you that we are offering our customers its equivalent in a Spring Wagon or Buggy deal. In our many years of experience in the buggy business we have learned the real value of a vehicle and at no time do we contract for vehicles in less than full car shipments, and at prices that enables us to retail a buggy or spring wagon as cheap as many dealers buy at wholesale. We can back this statement with the proof of the goods themselves. We are selling A-1 Auto Seat Top Buggy, such as are usually sold from \$125.00 to \$140.00 for \$70.00. This may sound ridiculous to you, and you may not believe it, but to the buyer who will call at our place of business and investigate our prices and quality of work and carefully compare it with any other line, will find our claim to be a fact. We are better posted on the prices of all vehicles than you are either before or after you have investigated and got posted. That is why we make the bold assertion that we can sell you a buggy for almost half the price that anyone; no matter what kind of a buggy you may want, we can furnish it at much less money than you can buy it elsewhere. We can sell you a first-class rubber tire job for \$60.00. It isn't a cheap 3-for-\$100 kind either, but a standard "Hercules" buggy, the best line that is made. It will well pay you to call at our store when ready for that new buggy or spring wagon.

WICHITA HARDWARE CO.,

NEW EMPRESS THEATRE TO OPEN SATURDAY

The new Empress Theatre on the site of the old Alamo will be opened Saturday with matinee and night performance. The program will be a four reel feature picture entitled "Through the Clouds."

The new Empress is one of the prettiest theatres in the city. The interior is done in old rose and white with light fixtures and trimmings in light. The center of the auditorium is arranged with opera chairs in two rows while on the sides are boxes, partitioned with brass rails and old rose curtains. The seating capacity will be upwards of 600. It is the intention of the management to reserve the boxes for ladies especially who do not care to remove their hats and for couples and parties but no extra charge will be made for these seats. The new theatre is different from all the other houses of the city in that while the entrance is directly from the street one does not go directly into the auditorium. The building is arranged with two store rooms on either side of a long hallway. These stores are 70 feet long and back of these is the entrance to the theatre proper. Back of the first entrance is a curtained doorway arranged to preclude light during the action of a picture, which always has an annoying tendency to patrons seated in the house. At the entrance one side is arranged a retiring room for ladies, while on the other Manager Bert Earle is fitting up the business office.

It is the plan of the management to show only feature pictures and no expense will be spared to get the very best to be had. The feature selected for the opening, "Through the Clouds" is considered one of the masterpieces of motion photography in that it was actually taken from a balloon and shows a girl making a leap from one balloon to another while they are high in the air. The magazine, "Popular Mechanics" recently devoted four pages in explaining how the wonderful feat was accompanied and credits it as being the most remarkable and wonderful action ever photographed.

DON'T GROW BALD

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally if all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes hair, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from Poshick & Lynch or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just as good." Try it now. (Adv't)

TODAY'S PROGRAMS AT THE MOVIES

Today the Majestic is showing a big feature in four reels—Cyril Scott in "The Day of Days," a play presented by Daniel Frohman. Also Tom Moore and Alice Joyce in a two reel Kaleid special.

Old Doc Yak is appearing again at the Gem today, this time in "Old Doc Yak's Christmas." These Selig films are great favorites of the children and some grown ups as well. "The Great Game" is a political drama with the following cast: Thomas Comerford, Irene Warfield, E. H. Calvert, and Richard Travers is also shown today.

The Mutual movie house, the Victoria has an excellent program in two reels today an Apollo, "Fred goes in for horses" and "The Baby" a majestic in two reels each. The Thalhauer special, "Frou Frou" featuring Maude Fealy is scheduled for tomorrow.

To-Morrow

At a great additional expense we run the Greatest of Thanhauser 4-Reel Feature.

MISS MAUDE FEALY

FEDERAL GAME LAW FAIRLY WELL OBSERVED

Shooting of Protected Migratory Birds Has Practically Stopped With Closing of Open Season

W. E. Skeen, deputy federal and state game warden, has returned from Electra where he went to investigate reports that waterfowl were being killed in violation of the federal game law. Mr. Skeen as a result of his investigations found that the law was being obeyed much closer than reports had indicated.

He is very anxious that everybody in this section know the prohibited and the open season for the game killing so that he will not have to prosecute any one who has innocently violated either the federal or the state laws. A bulletin of the U. S. department of agriculture being Bulletin No. 22 gives a summary of the provisions of the game laws relating to seasons, export, sale, limits and licenses.

This bulletin gives the open seasons in Texas as follows:

Deer (female deer and the spotted fawn no open season)—Nov. 1 to Jan. 1.

Antelope, sheep, five years—Nov. 1, 1916.

Quail or partridge, dove—Nov. 1 to Feb. 1.

Partridge (chicken or pinnated grouse, pheasant, five years—Nov. 1, 1916.

Wild turkey—Dec. 1 to April 1.

Woodcock—Nov. 1 to Jan. 1.

Black breasted and golden plover, Wilson or Jacksnipe, Yellowlegs, duck, goose, brant—Nov. 1 to Dec. 1.

Rail, coot, gallinule—Sept. 1 to Dec. 1.

Mr. Skeen is collecting all the information he can for the federal authorities as to the time of flight, the length of stay, etc., concerning waterfowl and other migratory birds. This information will be used in connection with proposed amendments to the game laws.

The federal law provides for hearings on changes in the laws. Those who do not believe the open season here is included between the proper dates should get together. Mr. Skeen says, and ask for a hearing which would probably be held at Dallas or some other central point. The clause of the law providing for hearings says: "Persons recommending changes should be prepared to show the necessity for such action and to submit evidence other than that based on reasons of personal convenience or a desire to kill game during a certain open season."

There have been over 200 fines paid for violations of the federal game laws. In some instances heavy penalties have been assessed.

There is a reason we fit so many people with glasses. A. S. Fonville, Mfg. Optician, Phone 31. 42 tlc

We received today this assortment of food: mackerel, the finest ever, Holland herring, roll herring, cut lunch herring, gobion bloters, boneless herring, all ready cod-fish, deviled crabs and shells, clam chowder, sardines, all kinds, smoked halibut chunks, royal chevron salmon. Phone 177. Sherrad & Co. 42 tlc

Fort Worth—Seventy-five demonstration agents of the United States Government met in convention at the new Chamber of Commerce auditorium yesterday. Numerous plans for the betterment of agriculture were discussed. The marketing problem was the paramount topic.

Dr. PRICE'S CREAM BAKING POWDER

Pure—Wholesome—Reliable—Indispensable

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

PLANNING ENTERTAINMENT OF NATIONAL EDITORS

Committee Meeting This Afternoon to Outline Program of Entertainment for Visitors

Plans for the entertainment of the National Editors' Association which will visit Wichita Falls in April for one day, are being formulated this afternoon at a meeting of the entertainment committee of the Chamber of Commerce. A special meeting of the Chamber of Commerce directors will be held tomorrow morning to pass upon the committee's recommendations.

Advices were received this morning by W. G. Long that the program for the entertainment here must be made out at once and the committee is taking action today, several members being added to the regular entertainment committee. Those on the committee are M. A. Marcus, J. B. Marlow, W. G. Long, D. M. Hardy, Marvin Smith, M. W. Stapforth, W. M. M. Gregor, C. L. Fontaine, N. L. Inge, F. St. Clair, J. D. Donnell, C. W. Bean, E. P. Harey.

The tentative plan for the entertainment include an automobile trip through the oil fields as the main feature as the editors will not go to any of the other Texas fields. There will also be a visit to the lake and possibly other features.

HIGH PRAISE FOR EVANS FISCHER CONCERT FROM TULSA

High praise of the Evans Fischer concert is given by the Tulsa Daily Democrat which says:

"Citizens and musicians are indebted to the Hyehke Club for bringing two such artists as Harry Evans, baritone and Otto L. Fischer, pianist to the city for joint recital. There was a good sized audience, though not a full house but what was lacking in numbers was made up in artistic appreciation and critical insight into the splendid work done by the soloists.

"Mr. Evans sang with exquisite expression; his greatest effects being attained in the subdued and smooth passages, showing long and painstaking study directed by a highly intellectual mind. His enunciation and declamatory powers were exceptionally fine. Perhaps the consensus of opinion would give the preference to the difficult "Monotone," "The Diver," and "The Arrow and the Song."

"Not for years has there been heard such playing in Tulsa as was done by Otto L. Fischer last night. His beautiful singing tone; his repose and surety; his taste and well balanced temperament made his interpretations superb. It would be extremely difficult to give any special number but the Polonaise Op. 53, the "Legend" and the "Rhapsody in F. Sharp Minor" were masterful. His own "Serenade" was as light and sparkling as moonbeams on rippling water."

SOME GOOD PROPERTY CHEAP

East front corner lot one block south of Tenth street, Floral Heights, one of the choice building sites in the city, priced at **\$950**

One of the best finished and best arranged five-room homes in the city on east front lot, just south Tenth street, Floral Heights, strictly modern in every respect. Walks, curbs, barn, garage and all conveniences, can be bought with a very small cash payment for **\$3000**

I have a party who is very anxious to trade three lots for a car. There is only \$200.00 against these lots, due in February, 1915. You can get a good trade out of this party if you have either a roadster or five-passenger car that's in good shape.

Modern two-story home on Tenth in Floral Heights at \$4000. Modern five-room house on Austin, close in, at \$2500. Six-room house, close in on Austin, lot 100 feet, on the corner, price \$3750.

\$8000 Oil stock to trade for land, city property.

Don't forget that I write fire and tornado insurance of all kinds and will appreciate a portion of your business. Phone 1588 Room 209 K. & K.

W. J. GRISHAM
 Phone 1588 Room 209 K. & K.

DON'T assume that one insurance company is as good as another. Make certain that your policy is more than a mere promise. For your own protection I urge that you accept only the BEST. I write insurance of all kinds and "write it right."
 Phone 529 **THOS. H. PEERY**

FROU FROU AT THE VICTORIA THEATRE NEXT WEDNESDAY
 Wednesday the Thunhauser special "Frou Frou" in four reels will be shown at the Victoria. In this production staged after the famous Broadway production by Augustin Daly, Miss Maude Perry plays the title role. The story in brief is as follows:
 Hilda, a French laundress had two daughters, Louise and Gilberte, nicknamed Frou Frou on account of her frivolity. The younger daughter is petted by her father and sister and looked upon much as a doll. She has two lovers and in course of time marries the more staid and sedate of the two, Henri, who had enlisted the aid of the elder sister, Louise. They were fairly happy in their married life, in course of time Louise comes to make her home with them. Frou Frou comes to the realization that she is a nonentity in her own home because of the capable manner in which her sister assumes control of everything. She attempts to take her rightful place as mistress but is unable to. In a moment of weakness she succumbs to the pleadings of her former lover and elopes with him. After some time she is brought back by the faithful sister and the husband who still loves her, broken in health but determined to make her peace with husband and Maker.

The Rohatch Mineral Water
 Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that causes typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Fall in line and share food health with us. Special attention given five gallon phone orders. Our wagon leaves the well at 7 a. m. and 3 p. m. Two trips daily except Sunday. Phone line 9001 ring 14. G. J. Rohatch, Prop.

Strawn—The mining resources of \$500,000. General offices will be located at Fort Worth capitalists who will develop the coal mines at this place. The new concern is capitalized at five and Messrs. Gould and Long in Fort Worth.

LODGE DIRECTORY

JUST ONE LOOK WILL CONVINCCE YOU

that the restricted district of Floral Heights is destined to be the bon-ton residence section of Wichita Falls for all time to come. It will be impossible to have any other restricted property like it. It is a charming property, ideally located. Situated on the car line with the highest elevation between the city and Lake Wichita, the view in all directions is one of magnitude of stretching landscape as far as the eye can see. You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence to two whole lots and no residence shall cost less than \$3000.00. Just think; you can purchase a pair of these lots for \$660.00, one-third cash, balance on or before one and two years at 8 per cent interest. The Company only has a few of these lots left, and there is no limit to the prices you will see these lots sell for in the future. Two of the finest homes in the city are in this restricted district. Come to our office today and let us show you these beautiful lots.

Mrs. J. C. Cunningham of Childress left this morning for St. Louis after a pleasant visit with Mrs. A. E. Myles and Mrs. T. A. Hunter. Mrs. Cunningham is a milliner, and is on her way to market to buy spring goods.

Miss Norman has returned from Chicago and New York after buying a complete line of millinery for the Kohn store. Miss Norman has had several years experience in the Eastern markets and is ready to serve the most fastidious.

Eye Don'ts

DON'T buy Glasses over the counter and select them for yourself. You may select a pair that aids your vision for the time being, but may prove most injurious.

DON'T buy cheap Glasses; such lenses are imperfectly ground.

DON'T read on a moving train or street car.

DON'T read without your glasses, nor with someone else's.

DON'T continue wearing your old Glasses when you feel that they are not just right.

SAM CARTER HURT WHEN AUTOMOBILE TURNED OVER

An automobile occupied by four persons was wrecked near Iowa Park at a late hour last night, resulting in considerable damage to the car and in the injury of two of the occupants. The most seriously injured was Sam Carter of this city, who sustained a broken collar bone. One other member of the party was severely bruised and was given medical treatment at Iowa Park.

The machine went into the ditch near a small culvert, overturning and throwing its occupants out. Carter could not be seen today and the cause of the accident is not known.

Fort Worth Livestock, Fort Worth, Texas, Feb. 24.—Cattle receipts today were 3800 head. The market was steady. Beef steers \$5.50 to \$5.75. Hog receipts 2,000. Market steady at \$8.50 to \$8.85.

SPEAKING OF FOUNTAINS

How dear to my thirst is the big soda fountain That stands near the front in the PALACE DRUG STORE. All gleaming with silver and shiny gold mounting. And loaded with frozen sweet goodies galore. How sweet when it's hotter than Dante's Inferno, To beat it down Eighth with a whirl and a whiz. And order some foam for yourself and the ladies From the Big PALACE FOUNTAIN that's bursting with fizz. I wonder in heaven if they'll have a fountain, I wonder if they know how useful it is, That BIG PALACE FOUNTAIN, that gem bedecked fountain, That fountain that's bursting with heavenly fizz. Not the only fountain but the finest. Not the only service but the best.

There is Much in the way Tobacco is Kept

Whether it is good or not. Old dried out Cigars, no matter what brand, will not taste right. We probably sell more Cigars, Tobacco and Cigarettes than any store in the City, but we buy in Factory shipments, and always have fresh goods. It costs a little more this way, but it's worth it in the added satisfaction it gives our customers. We carry all the leading brands in 5c, 10c and 15c Cigars, both imported and domestic, the best makes of Pipe and Cigarette Tobaccos, including some very fine imported English goods, and Cigarettes of every make. Box trade on Cigars is a feature of our business—our goods are always so fresh they keep perfectly in the office or home for a long time.

A Lady Said To Us

On last Saturday night: "I have traveled pretty well over the United States and drank coffee in the leading hotels and cafes in America and have never drank a coffee as satisfactory as your 'WHO CAN BEAT IT.'" This afternoon the Chef of the leading hotel in the city and said, "I have cooked in big hotels in all the leading cities in America and used all the leading brands of coffee and have never used any as satisfactory as yours." This sounds pretty long but both came to us unsolicited and we will give you the names of the parties if you wish. Better try a pound yourself. WE GUARANTEE - SATISFACTION. Fresh roasted every day. "Drink it Kid."
