WICHITA FALLS, TEXAS, MONDAY, APRIL 20, 1914

Number 292

PRES. WILSON ASKS AUTHORITY FOR USE OF ARMED FORCES

WILSON ADDRESSES BOTH HOUSES IN JOINT SESSION

Asks Use of Armed Forces of U. S. to Uphold Dignity and Rights of the American Government.

FIRM AND PROMPT ACTION IS NECESSARY

Somber Faced Congressmen Give Roar of Cheers When President Ends Reading of Brief Message.

By Associated Press.

Washington, April 20.—At three o'clock sharp President Wilson delivered his message to Congress asking for approval of the use of the armed forces of the United States in such a way and to such an extent as may be necessary to obtain from Huerta the fullest recognition of the rights and dignity of the United States.

His message reviews the incidents leading up to present situation. He said:

"A series of incidents have occurred which cannot but create the impression that representatives of General Huerta were permitted and were willing to go out of their way to show disrespect and indignity to the American government and its representatives and felt perfectly safe in doing so leaving them free to show in many ways their disrespect and contempt for the American government."

The President finished at 3:12 o'clock amid a roar of applause. He did not ask authority for any appropriation of money at this time or for authority to call out the National Guard.

"There can be thought of aggression or selfish interest in the steps we are about to take," he told the somber faced senators and representatives who packed the hall. "This government can, I earnestly hope under no circumstances, become involved with the people of Mexico. If armed conflict does come it will be only as the result of Huerta's contempt; we should be only fighting Huerta and those are his followers and our object would be to assure to the people the opportunity to again take up the administration of their own laws and their own government."

In his message the President said: "It is my duty to call your attention to a situation which has arisen in our dealings with General Victoriano Huerta at Mexico City, which calls for action, and to ask your advice and co-operation in acting upon it."

"On the 9th of April a paymaster of United States Steamship Dolphin landed at the Hurbiz bridge at Tampico with a whaleboat and boats' crew to take off certain supplies needed by his ship, and while engaged in loading the boat was arrested by an officer and squad of men of the army of General Huerta. Neither the paymaster or any one of the boat's crew was armed. Two of the men were in the boat when the arrest took place and were obliged to leave it and submit to be taken into custody, notwithstanding the fact that the boats carried both at her bow and her stern, the flag of the United States. The officer who made the arrest was proceeding up one of the streets of the town with his prisoners when met by an officer of higher authority, who ordered him to return to the landing and await orders, and within an hour and a half from the time of the arrest orders were received from the commander of Huertista forces at Tampico for the release of the paymaster and his men."

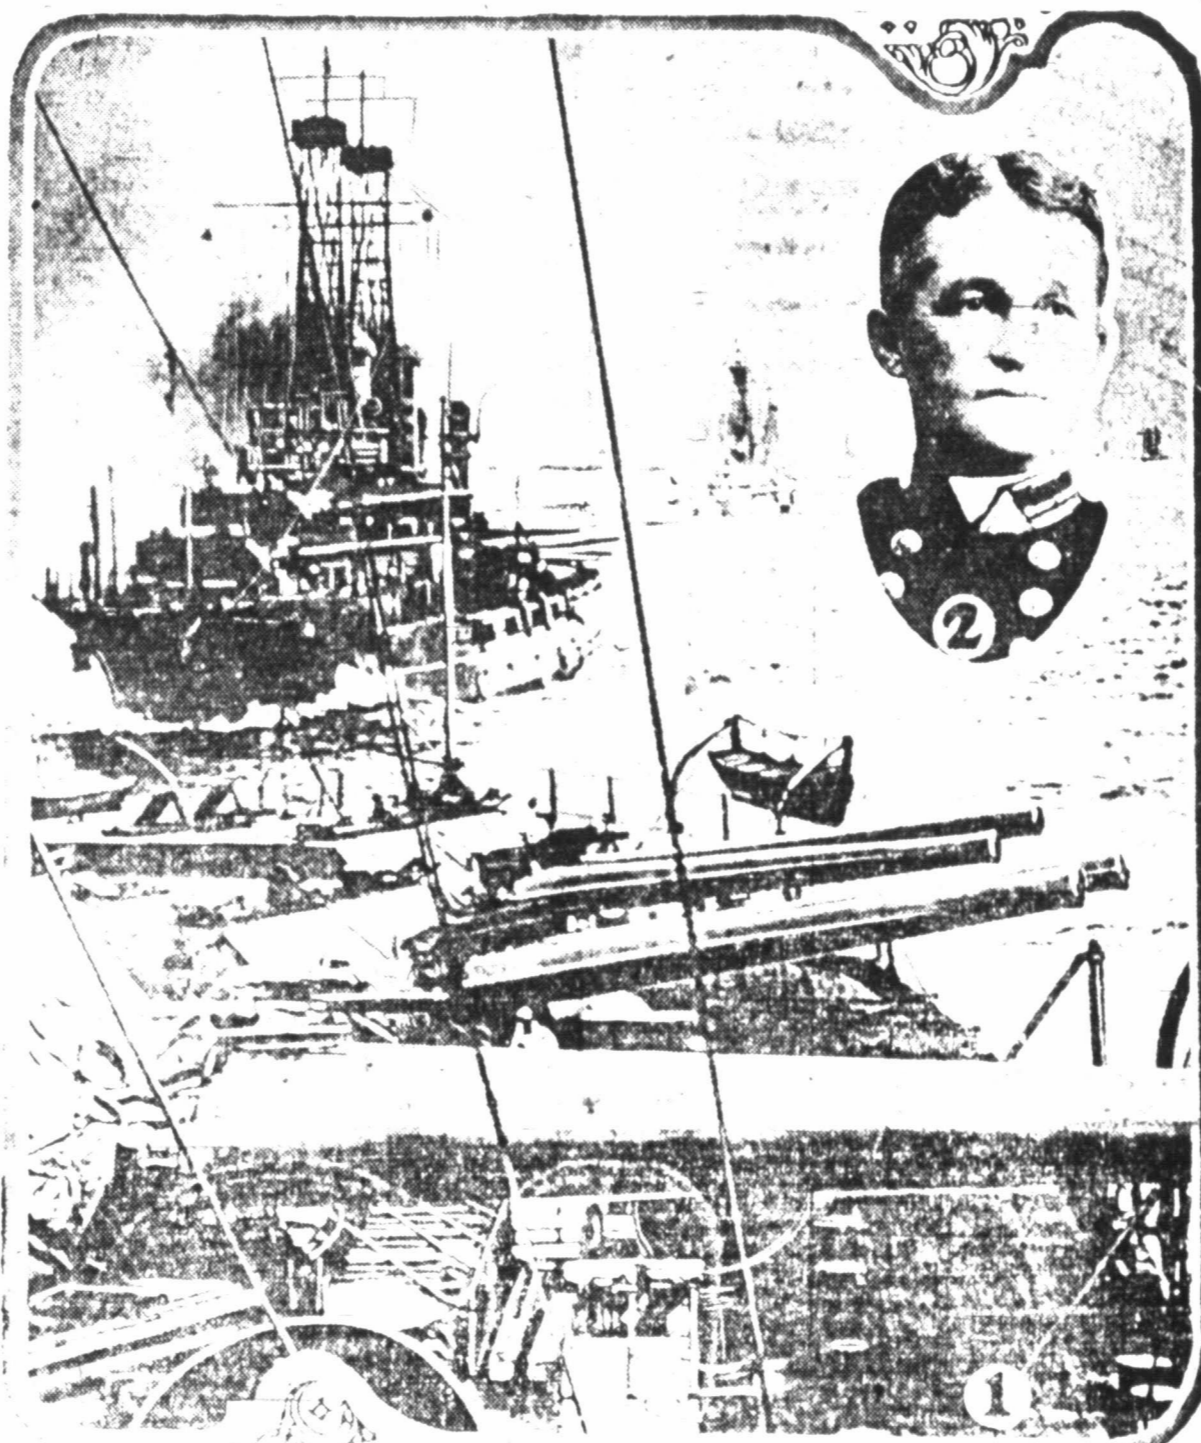

"So far as I can learn, such wrongs and annoyances have been suffered to occur only against representatives of United States. I have heard no complaint from other governments of similar treatment."

"Subsequent explanations and formal apologies did not alter the popular impression which it is possible it has been the object of Huertista's authorities to create; that the United States was being singled out with impunity for slights and affronts in retaliation for its refusal to recognize the pretensions of General Huerta to be regarded as the constitutional provisional president of the Republic of Mexico."

"The manifest danger of such a situation was that such offenses might grow from bad to worse until something happens of so gross and intolerable a sort as to lead directly and inevitably to armed conflict."

"It was necessary that the apologies of General Huerta and his representatives should go much farther, that they should be such as to attract the attention of the whole population to their significance. The present situation need have none of the grave complications of interference if we deal with it promptly, firmly and wisely."

NOTABLE ACTION PHOTO OF ATLANTIC FLEET WARSHIPS ORDERED TO MEXICAN WATERS

1-THE FLEET OFF FOR TAMPICO
2-REAR OF GREAT FLEET IN SIGHT.

2,500 SOLDIERS ORDERED TO EMBARK FOR TAMPICO

Detachment of Fifth Brigade at Galveston Preparing to Embark for Mexican Port Tuesday.

FOREIGNERS ARE WARNED TO LEAVE TAMPICO

Ships Chartered For Refugee Service and Army Transports. Warlike Preparations at Every Hand.

By Associated Press.

Houston, Texas, April 20.—Orders have been received by General Funston for 2500 men of the Fifth brigade to embark Tuesday for Vera Cruz. The railroads have been notified so that they may have their equipment ready so that no delay may result.

The order came shortly before three o'clock this morning when the railroads began at once to get their equipment in readiness. It was discovered that the necessary equipment was already on hand.

The entraining is to be done at the Grand Central Station. The Fifth Brigade is that portion of the command which is situated at Galveston and Texas City. It will be the vanguard of the American troops to enter Mexico unless orders are given for the movement of additional troops.

Developments of the next few hours will determine whether the troops will entrain or will return to their tents.

Issues Warning To Foreigners

By Associated Press.

Vera Cruz, April 20.—Admiral Charles E. Hughes, commander of the American fleet before Tampico today went ashore for a conference with General Maas in command of the federal forces here, and also for a conference with the commander of the port here. He instructed them to order all foreigners in Tampico to go aboard refugee ships.

Commander Hughes then went on board the Spanish and British warships and informed them of the message he had delivered. Consul Canada is making arrangements to have the foreigners taken on board merchant steamers.

Probable Procedure By the U. S.

By Associated Press.

Washington, April 20.—The navy departments this afternoon stated that the Ward liner Mexico now in the Gulf had been chartered for a refugee ship at Tampico. The war department is closing options on several ships to be used as transports.

Army Transport Being Chartered

By Associated Press.

Washington, April 20.—While the administration's plans were not disclosed it is believed they are embodied in the following:

1. Seizure of the Port of Tampico and Vera Cruz.
2. Seizure of Mexican gunboats.
3. Seizure of the railroad from Vera Cruz to Mexico City to point twenty miles west of Vera Cruz.
4. Probably a request for a special appropriation to carry out these movements.

U. S. NOT TO WAR AGAINST MEXICANS

PRESIDENT TELLS CORRESPONDENTS PURPOSE OF THIS COUNTRY TRY TO HELP MEXICANS

APOLOGY MUST BE ADEQUATE

Huerta Must Make Such Amends as Will be Guaranty Against Repeal of Indignities

By Associated Press.

Washington, April 20.—President Wilson told Washington correspondents not to get the impression that the United States was going to have war with Mexico. He pointed out that under no circumstances would the United States make war on the Mexican people.

He said that he was asking for a joint session of the two houses to tell them of the situation and to ask their approval of plans to meet the present situation. He said that the issue was only one between the United States and a man who called himself President of Mexico but who the United States had never recognized.

The desire of the United States, he said, was to help the Mexican people and that he did not feel any animosity that a war would result. The measures he would propose, he said, were "measures short of war" although there was ample precedent for a declaration of war on the part of the United States.

The president said that in reality this was not an occasion for asking additional authority from Congress. He said he desired to have the full cooperation, sympathy and understanding of that body in the proceedings about to be undertaken. Mr. Wilson announced that he had had a conference with the United States was not going to isolate war against him but would take steps to stop the offenses of which Huerta had been guilty against the dignity and rights of the United States that such incidents might go from bad to worse.

WEATHER FORECAST

Tonight and Tuesday fair and warmer.

TORPEDO BOAT FLOTILLA ORDERED TO JOIN FLEET

Christian Church Will Make Canvass of Entire City for Benefit of all Churches

By Associated Press.

Panorama, Tex., April 20.—Orders were received today directing the torpedo boat flotilla of twenty torpedo boats destroyers to join Admiral Bates fleet in the Gulf and accompany it to Tampico. The flotilla will leave this afternoon.

YOUNG MEN'S FORUM WILL DEBATE FEE SYSTEM

The fee system will be the subject for debate at tonight's session of the Young Men's Forum, the question being: Resolved, That precinct, county and district officers should be compensated on a salary basis instead of by fees as at present.

J. M. Bonner and C. P. Fuller will have the affirmative, P. O. Seiler and J. A. Bein the negative. Jack Barnard, Floyd Miller and Bruce Egler are on the program for short talks. The address of the evening is to be delivered by Dr. J. L. McKee.

SAYS WILSON'S ACT IDIOTIC

SENATOR BRISTOW DECLARES PRESIDENT WILL NOT GET HIS SUPPORT

MANN ALSO OPPOSED

Underwood Says Congress Will Give President Wilson Anything He Asks For

By Associated Press.

Washington, April 20.—Republican Leader Mann of the House issued a statement today declaring that he was not in sympathy with the administration's policy.

Senator Bristow said: "When President Wilson comes to Congress to compel Huerta to salute the flag he will not have my vote. The thing of making war upon the Mexican people because of their refusal to obey the mandate of President Wilson to apologize is idiotic."

Representative Underwood said: "Congress will do whatever the president asks which usually will be the seizure of Mexican ports and gunboats and steps to protect the lives and property of foreigners."

ONLY ONE INTERCHANGE OF COMMUNICATION

By Associated Press.

Washington, April 20.—The only exchange of communications between Washington and Mexico City today was when Charge Algeras carried a communication from Senator Rogers at Mexico City to Secretary Bryan. He said it was somewhat different from the protocol proposed by Huerta last night but Secretary Bryan said it was the same as that forwarded by Charge O'Shaughnessy. After delivering the message to Secretary Bryan, Mr. Algeras telegraphed back to Rojas that the American demand was delivered.

NO TROUBLE FROM THE CONSTITUTIONALISTS

Attitude of Villa and Carranza is Pleasing To the Administration

By Associated Press.

Washington, April 20.—The action of Carranza and Villa, Secretary Bryan said today, had proved very favorable and he did not expect any complications from the constitutionalists. No orders were issued to the army today and their issuance depended upon the outcome of today's negotiations.

HUERTA NOT WORRIED OVER DEVELOPMENT

Mexico City, April 20.—The former president of the Mexican government, Victoriano Huerta, was delivered to Charge O'Shaughnessy at the foreign office this morning. He, however, had been aware of the nature of the reply before.

Provisional President Huerta displayed comparative indifference over the situation last night and spent several hours on the plaza at Chapultepec castle listening to the Mexican national band. Several hundred American residents at the same time were at the American club attending a dinner.

ANSWERS ROLL CALL GREAT COMMANDER

W. E. BROTHERS, SOLDIER, OFFICIAL AND PIONEER CITIZEN DIED SUNDAY

HAD LIVED HERE SINCE 1882

Was Lieutenant in Tennessee Co. and Was First County Clerk of Wichita County

The career of William Edmondson Brothers, soldier and pioneer citizen, was brought to a close Sunday afternoon when death ended his long suffering and he fell quietly asleep. The brave spirit that had not faltered at Murfreesboro or Shiloh and that sustained him unflinchingly through his last illness passed silent on to the ranks of the great majority and the life of usefulness and faithful service was terminated.

Death was due largely to a stroke of paralysis last winter, although Squire Brothers had been in failing health for some time, due to Bright's disease. Since the paralytic stroke he sank steadily and it was known several weeks ago that he could not survive.

The funeral will take place this afternoon at four o'clock from the residence, 1408 Eleventh street, burial in Riverside cemetery. Dr. J. L. McRee will officiate, the services being a charge of the Masons and the Confederate veterans. The former will serve as active and the latter as honorary pallbearers.

In the death of Squire Brothers, Wichita Falls lost a man who had served her citizenship well since the earliest days of the county and city. He came to Wichita county in 1882, settling on a farm near Red River about where Burk Burnett now is located. When the county was organized he was the first county clerk, serving in that capacity for four terms. Later he was county commissioner and eight years ago, in 1905, he was chosen justice of the peace, which position he still held at the time of his death.

William Edmondson Brothers was born and reared near Laverne, Tenn., on July 15, 1842. Of his service in the war between the States, mention is made below following that conflict he came to Texas and for a number of years was engaged in ranching near the present site of Stephenville, Fratt county, and in other parts of the western range. In the late seventies he returned to his old home in Tennessee for a time, coming back to Texas and locating in this county. His services in the Civil War and his character, probably the best estimate is taken from the history of his regiment in which there appears the following:

W. E. Brothers was born and raised near Laverne, Tennessee, in Rutherford county. He enlisted with Company E of the Twentieth Tennessee Infantry and served with it until the close of the war. He was chosen third lieutenant of the company at Tullahoma, to fill the vacancy caused by the death of Lieut. P. H. Crosthwaite, who was killed at the battle of Murfreesboro. After the battle of Chattanooga he was promoted to second lieutenant on account of the death of Lieut. J. W. Peyton.

Brothers was then as he is now, an unpretentious sort of fellow. He had plenty of life and fun in him, but did not choose to put his mouth into everybody's business. He was a thinking man and rarely failed to catch on to everything of importance that transpired. He was a great reader and when not on some sort of duty, spent most of his time reading as a result of which he was well

posted on all matters available to a soldier.

"When a drum tapped, no man was in his harness and in line ahead of Brothers; he was in nearly every fight and always in his proper place. He was a man of great courage and to find a better soldier in the Confederate army."

"He was a noble fellow, mild, brave and generous to a fault. He was exceedingly popular in the company. Lieut. Brothers was one of the fortunate ones. He received only two wounds during the war, one at Shiloh and a slight one at Nashville. No man in the regiment was more exposed than he, for it is well known that he never shirked a duty from the beginning of the war to its close. He was considered in battle for his coolness and good judgment. He was exempt from foolhardiness, but for courage he was especially noted."

"Just before the surrender the Tennessee troops were consolidated into four regiments, which of necessity left a great number of superfluous officers, and those who were of these; they were allowed to choose their own branch of service and Brothers chose old Company E of the original Twentieth and was paroled as a private at the end. No man can be a private in the army of the Confederate army, either as a soldier or a citizen."

"Squire Brothers was twice married. His first wife was Miss Eliza Jane Hardin to whom he was wed December 18, 1879. Of this union were born George Brothers and Margaret. Squire Brothers and Margaret were born in Wichita Falls after it was made county seat. The first Mrs. Brothers died September 7, 1887. On April 1, 1889, Mr. Brothers married Miss Eleanor Bell of Gillesburg, Tenn., his first of this month being the 25th anniversary of their wedding. Six children were born to them."

Mr. Brothers joined the Masonic fraternity when a young man and was a consistent member of that order. At the time of his death he had been a member of the Presbyterian Church a number of years.

Surviving are the widow and eight children, George Brothers of Amarillo, Tex.; O. R. Dunn of Fort Worth, W. Brothers Jr., of this city; Katherine, Miss Charles, Maude and Al. A sister, Mrs. J. G. Price of Friendship, Tenn., is now the only survivor of eight children.

In the funeral this afternoon the active pallbearers were chosen from the ranks of the Masons. The honorary pallbearers were to include all the Confederate veterans in this city. The list of names follows: W. K. Shaver, W. Robert Cobb, George Simmons, J. M. Webster, H. J. Norwood, J. M. Davis, W. C. Sherrod, L. G. McFall, S. Mooney, J. M. Bryant, J. T. Goodhouse, J. D. Carithers, V. S. Kay, J. H. Lewis, M. Johnson, W. J. Howard, J. W. Davis, W. K. Shaver, W. Carroll, A. Freshman, L. M. Hatfield, C. Allen, J. A. Fleming, B. N. Ferguson, Joe Evans, C. P. Waller.

D. A. R. Sessions Open

Washington, April 19.—The National Society of the Daughters of the American Revolution met in the twenty-third annual Continental Congress here today. It was the first Congress at which the so-called "insurgent" wing headed by the new President General Mrs. William Cunningham Starr, has been in control, and the thousand delegates and visitors expected that the sessions would be just as heated as during election time. Revision of the D. A. R. constitution in the interest of simplification of procedure, is one of the main subjects up for consideration by the congress. Mr. Joseph Randall, chairman of the credentials committee, estimated today that the present congress will be the largest ever held in Washington. The majority of the sessions in the Continental Memorial Hall here, was taxed long before the truncheon of socially convened the meeting with the assembly. Today's sessions were nearly all devoted to organizing the congress, approving credentials and routine work.

Two Men, Three Women, Opium Play Cards And Whiskey

These Were Captured in a Raid On a Room in a Downtown Building Early Sunday Morning

Two men and three women and a large quantity of opium, playing cards and whiskey were captured early Sunday morning when police officers raided a downtown room. The room was in the old City National building at Seventh and Ohio, on the second floor, near where a similar raid was effected several months ago. The building is owned by H. B. Hines.

Six occupants were found in the room when Night Chief Jernigan and officers Will Allen and Lynn Smith, entered in the door and entered. Pallets were spread on the floor and there, apparently, the users of the Oriental drug reclined to enjoy its effects. Some of those caught are thought to have been partially under the influence of the opium at the time, but none were asleep from the fumes.

When the officers entered two of the women were engaged in a jealous quarrel and this soon led to blows. When the officers cried the occupants started and the three men escaped out the door which had been left unguarded. A third woman was pulled out from under the bed.

In addition to a considerable supply of opium, with a pipe, lamp and other utensils for its preparation and enjoyment, thirty-two pint and half pint bottles of whiskey were found by the officers, and enough playing cards to start a gambling house were also seized.

The three women gave their names as Jessie Clark, Mary Jones and Ruth Singleton, the men arrested were R. Kenble and Ed Funston, the latter figured in a previous raid of this kind. Two of the women were allowed to pay fines of twenty-five dollars, and the other members of the party made bond of appearance in the police court this morning.

The officers had the place under surveillance for some time, especially since the previous successful raid Saturday night they found evidence that little party was going on inside and at about three o'clock they secured entrance by the simple expedient of kicking the door down. The arrests followed. It is thought that the six inmates were preparing to "cook" a supply of the drug when the officers appeared. The paraffin balls was hastily pushed under the bed where the officers found it.

GRIPPE PREVALENT

How to Regain Strength After a Severe Attack

With so much grippe prevalent this winter a few words of advice regarding its cause and treatment will not be out of place.

Grippe is an infectious disease caused by a germ when the system is in a tired or run-down condition.

The best means of prevention are to keep the blood in good healthy condition and if the system gets into a weak run-down condition, take Vinol, our delicious cod liver and iron tonic.

A lady from Long Branch, N. J., says: "Grippe left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years and I cheerfully recommend Vinol to all who have suffered from the grippe and need strength." Name furnished on request.

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down as Vinol and your money will be returned if it does not do all we claim for it. Mail Dr. D. C. Storer, 212 S. 1st St. If you have any skin trouble, try Savo Salve. We guarantee it. (Adv.)

P. H. Pennington Co.

NEW YORK'S NEW HEAD OF POLICE

COMMISSIONER WOODS HAS HAD A VARIED CAREER—ONCE A REPORTER

HARDEST JOB IN THE WORLD

He May Not Be a Goethals But Mayor Mitchell Believes He Is Man For the Job

New York, April 20.—An ex-school teacher, a specialist in chemistry, a student of civil government, formerly fourth deputy in charge of New York's detective bureau; manager of vast Mexican timber lands; newspaper reporter—these are a few of the jobs that have been held by Arthur Woods, who has been chosen by Mayor Mitchell for the hardest job in the world.

Goethals, but after close association with him for three months—that was the length of time Woods was secretary to the mayor—Mitchell declares he is the one man for the job, outside of Col. Goethals. Woods goes into his new post with a full realization of its responsibilities and the obstacles which will beset him.

foreign police methods. He paid particular attention to the wonderful Scotland yard system of administration. If Commissioner Woods goes through with his first order, issued the day after he assumed office, he will make a long step toward breaking the system. This order was that any member of the ranks may appeal directly to him on any but merely trivial matters.

37,000 FIRES IN TEXAS SINCE DECEMBER 1910. Austin, Texas, April 20.—State Fire Marshal Wallace English made public a report showing that 37,000 reports of fires have been received by the state insurance commission since December 19, 1910.

Give Your Youngsters More Peanut Butter

Some physicians say that it isn't good policy to have children very much meat and we guess they are about right.

Meat is a heavy food even for grown people. Yet the youngsters must have strength giving food for the immense amount of energy they have stored up in their little bodies.

Peanut butter is better than meat and pleases them a whole lot better. You can feed them as much as they will eat. It won't hurt them and it is very nourishing.

Beechnut Brand is one of the best. I have it in 10c, 20c and 30c jars.

Wichita Falls, Texas, April 20, 1914

It has been charged that Col. Tom Hall, pro Democratic candidate for governor, is not only opposed to statutory prohibition, but is also opposed to the ten-mile law and nation-wide prohibition.

Hon. Daniel E. Garrett of Houston, one of the Congressmen-at-large elected two years ago, has announced for re-election to that office.

April 20, 1898, or just sixteen years ago today, the United States of America sent to Spain through Minister Woodford its ultimatum declaring war, and at the same time a copy given to the Spanish minister at Washington, who left the same day.

Text Of Huerta's Protocol Which the U. S. Refused

Mexico City, April 20.—The following was Protocol which Huerta sent as his last word last night and which the United States refused: "With a view of putting an end to the lamentable incident which occurred on the 9th inst., at Port Tampico caused by the detention of nine marines and one American officer, considering that such marines were immediately put at liberty by General Saragoza, commander of Port Tampico, and that said officer presented an apology to Rear Admiral Mayo, commander of the American squadron in those waters, that afterwards when the president of the Republic of Mexico became advised of the facts he expressed regret through the office of foreign relations for the incident and ordered that a full investigation be made to the end that the guilty might be punished, if they be found guilty and finally that the action in question was due to the zealiveness of a subaltern which might be regarded as excusable, if it is taken into consideration that the marines had gone ashore in uniform without permission of the military authorities, the port being at the moment not only in a state of war but under attack by rebels, the Charge d'Affairs of the United States and the minister of foreign relations of Mexico, acting in their official capacity agree as follows:

"First, the Mexican government, inspired by a desire of showing the good will it feels toward the people of the United States and acting in the same manner herein as the United States has done in similar cases, binds itself that the American flag be saluted at Tampico by twenty-one guns from the Mexican shore batteries or a Mexican warship in those waters.

"Second, that the cannon referred to in the preceding article shall be fired at the moment when the American flag shall be hoisted to a mast head on the Mexican shore.

"Third, that the government of the United States binds itself to salute the American flag immediately following the salute of the Mexicans to the American flag with twenty-one guns of the man of war Dolphin or any other battleship at anchor in the waters of Tampico, the guns to which the preceding article refers shall be fired at the moment when the Mexican flag shall be hoisted to the top of a mast of the aforesaid man of war or of any other warship in those waters and to this end both contracting parties attach their signature."

"Your reply to O'Shaughnessy is exactly what I should have wished it to be. In no case should any concession of any kind, in detail or otherwise, be made."

Will Not Recognize Huerta. "I talked with the president over the telephone when your telegram of 11 p. m. last night was received to the effect that Huerta had acceded to the demand, but only on condition that you sign a protocol. He repeated most emphatically his objection to any protocol or agreement. He insists that the salute shall not be fired as a matter of contract or with any stipulation that it be returned by us. It must be fired in accordance with international custom as an apology for the insult offered. Gen. Huerta must trust that the United States will live up to the requirements of international courtesy in returning his salute when it shall have been fired. The proposed protocol is especially objectionable, for it is so phrased that Gen. Huerta might construe it as recognition of his government, whereas the president has informed Gen. Huerta and the foreign governments that Gen. Huerta's government will not be recognized. Gen. Huerta's acceptance of the demand of Admiral Mayo must be unconditional. The salute can be arranged directly with Admiral Mayo. After Gen. Huerta announces that he will comply with that demand, make it clear to Gen. Huerta that further negotiation are unnecessary. It is expected that he accept at once in order that the incident shall be closed."

At the Lydia Margaret Theatre, European Novelty act tonight of Magic and Illusions. First season in this country. Direct from France.

That's what you want, and that's what Calumet is guaranteed to give you. It is sure in perfect leavening and raising qualities, in wholesomeness, in purity. Perfectly raised, meltingly tender biscuit, cake, muffins, griddle cakes, are bound to result from its use. Calumet goes farther than other baking powders—and its moderate in cost. Insist on it at your grocers.

PUBLIC DANCE AT LAKE TUESDAY NIGHT First of the season--good music. 15-Minute Car Service

We Have Good Crop Prospects The gas the coal the oil the water the location the climate the right kind of people and everything necessary to build a city of Wichita Falls, now can any one tell me any kind of reason why we should not have twenty five thousand people in the next two years, and if we do, which way is the town going? Every one that has looked the situation over knows there is no other way for it to go except toward the lake and factory district, now then, if this is so why wont the lots we are selling double in two years. The best bunch of lots ever but on the market here. They are only \$10 down and \$5 per month no interest, no taxes. Twenty minutes is all we ask of your time. Let us show you. Fowler Bros. & J. W. Stone

LABOR CONTEMPT CASES BEFORE SUPREME COURT For Third Time American Federation of Labor Leaders Alleged Contempt Before High Tribunal

Washington, April 20.—For the third time, the fight of President Samuel Gompers, former Vice-President John Mitchell and Secretary Frank Morrison of the American Federation of Labor, to escape stigma and punishment for alleged contempt of court was staged today in the supreme court.

Re-argument of the labor leaders' appeal was specially ordered today by the high court before the "full bench." Absence of Justice Burton, who was ill, when the case was presented January 8, caused the re-opening of the litigation today. It was reported that the eight other justices stood four to four and that Justice Brandeis held the deciding vote, necessitating the re-trial today. When the order for today's proceedings was made April 6, it was stated that the court was in such grave doubt regarding the issues, the prominence of the defendants and the important questions of the right of free speech and freedom of the press involved, that re-hearing with every justice present was deemed imperative.

of law books. That a final decision would not be handed down by the court before June or possibly not until next fall, was predicted today because of the re-argument.

Judge Aton B. Parker of New York, once Democratic candidate for president and Jackson H. Ralston of the local bar, appeared today for the labor-leaders. The prosecuting committee was J. J. Darlington, Daniel Davenport and James M. Beck, who represented the Buck Stove & Range Co., of St. Louis in the original contempt proceedings.

months and Morrison to six months in jail, these sentences being mitigated by the appellate court. The offenses charged against the three defendants were violation of an injunction of Justice Gould of the district supreme court against boycotting the Buck Stove & Range Co., in 1907. "Blacklisting" of the stove concern, despite the court's injunction by placing it upon the unfair of "We don't patronize" list of the "Federationist" was complained of. Speeches criticizing the court and particularly Justice Daniel T. Wright, who imposed the original sentences, were cited as contemptuous. Injunction proceedings were recently filed in the United States House of Representatives against Wright by Representative Park of Georgia. The arguments in behalf of the labor leaders today were that they had not intended to act in contempt of court, had purged themselves of any contempt by disavowing it and also that the statute of limitations barred their prosecution.

15 MINUTE CAR SERVICE TO LAKE TOMORROW

Dance at Night and Picnic Will be Features San Jacinto Day Entertainment

Tomorrow will mark the opening of the warm weather season at Lake Wichita, with a dance tomorrow night as the principal feature.

F. P. St. Clair, who is in charge of the lake concessions, is planning to make it an unusually attractive re-

sort this summer. Among the features will be a free moving picture show in the circle building, where Wichitans may go out on the warm evenings and enjoy themselves.

TODAY IS ANNIVERSARY ULTIMATUM TO SPAIN

Sixteen Years Ago On This Date U. S. Demanded That Spain Relinquish Authority in Cuba

Today, April 20 is not only a date of moment this year by reason of the events transpiring in the crisis with Mexico, but it is the anniversary of portentous developments just sixteen years ago when the fight with Spain was just brewing.

On April 20, 1898 the United States sent an ultimatum to Spain demanding that government "relinquish its authority and government in the island of Cuba." Spain's refusal to comply was followed on April 21 by the formal declaration of war.

MEXICO CITY AWAITS NEXT WORD FROM U. S.

Some Americans There Say They Will Stay Others Are Leaving For Mexican Seaports

Mexico City, April 20.—The Mexican capital today awaited with intense interest the next word from Washington in reply to the refusal of Huerta to comply with the demands of the United States.

All the morning papers carried statements by Senor Portillas Y. Rojas, Mexican minister of foreign affairs, outlining the position Huerta had taken justifying his refusal to fire the salute as demanded.

This statement is followed by one from Huerta advising Mexicans to refrain from any demonstration which might hinder negotiations with the American government.

Geo. Curry ex-Governor, New Mexico "Tuxedo appeals to me strongly on account of its cool, mild, pleasant flavor. Therein lies its superiority to all other tobaccos."

Stanton Warburton Congressman, State of Washington "My own experience leads me to believe that every desirable quality is present in Tuxedo Tobacco. It is the best smoke I ever had."

Irvin S. Cobb humorist and novelist "I can't think of any reason why I shouldn't say I like Tuxedo because I do like it, very much."

Why Should I Smoke TUXEDO?

TUXEDO is the logical smoke for millionaires because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the average cost per pipeful only one-fourth of a cent!

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to make a tobacco as good as Tuxedo at less than the Tuxedo price!

Tuxedo The Perfect Tobacco for Pipe and Cigarette

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the original Tuxedo process which takes all the unpleasantness out of tobacco and leaves all the pleasantness in!

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the only tobacco you can smoke in a room full of lace curtains without leaving even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.

YOU CAN BUY TUXEDO EVERYWHERE Famous green tin with gold lettering, curved to fit the pocket. 10c Convenient pouch, inner-lined with moisture-proof paper. 5c In Glass Humidors 50c and 90c THE AMERICAN TOBACCO COMPANY

STRONG MEN NEED OF PRESENT DAY

DR. C. B. WILLIAMS OF FT. WORTH POINTS LESSON FROM LIFE OF SAMSON

DISCUSSES MODERN PROBLEMS

Address Dealt With Need of Samson for Movement of the Twentieth Century

The need for men in the movements of the present day was discussed Sunday afternoon at the First Baptist Church by Rev. C. B. Williams of Fort Worth, who has been occupying the pulpit of that church as pastor ad interim. Several hundred men gathered at the church to hear the address. The talk was preceded by songs by the men present and by volunteer prayers. The subject was "Mighty Men for Modern Movements."

Dr. Williams took the lesson from Samson and his message dealt largely with the need of Samsons in this twentieth century. In the old days, he pointed out, one man would be selected as God's instrument on earth and reared up to carry on His work, but today this work was carried on not by one man, but by many men, associated together in the various movements. He spoke of the need for "Mighty Men for Modern Movements."

Dr. Williams took the lesson from Samson and his message dealt largely with the need of Samsons in this twentieth century. In the old days, he pointed out, one man would be selected as God's instrument on earth and reared up to carry on His work, but today this work was carried on not by one man, but by many men, associated together in the various movements. He spoke of the need for "Mighty Men for Modern Movements."

It's a man's job," he said, "people used to think that the work of the church and saving mankind was only for the preachers and aid like Samson. He said that there were four general movements at the present time: first, the fight on the white slave traffic; second, the effort to stamp out the divorce evil; third, the anti-slavery fight and lastly, the solution of the varied economic problems of the present day."

Alfrican slavery, Dr. Williams pointed out, had been wiped out in a short time after flourishing for years, but the white slavery of the present day, in which the virtue and character and happiness of young girls was bartered and sold, was far worse. The fight against it was gaining momentum, he said, and the anti-slavery fight and lastly, the solution of the varied economic problems of the present day."

Prayer and this sacrifice won back Samson's strength, he said. Dr. Williams pointed out. The sacrifice was that of Samson's own life, which was lost when he woke the temple. "Today," said Dr. Williams in conclusion, prayer and self-sacrifice were required of those engaged in Christian service. He asked those who believed in the need for men today to stand and admirably everyone present responded.

Good Grounds For Discontent. Referring to some of the economic problems of today, Dr. Williams said he believed socialism was a "half-stay and half-go" right behind the principles of the party. There was something wrong, he believed, with national affairs when 200,000 men were out of work, as at present, it did not seem that the laws were properly enforced. There were grave wrongs that he fought the speaker continued, unless this country wished to face a Socialist war within the next quarter century.

Three things, Dr. Williams said, fitted Samson for his fight to protect Israel against the Philistines. First was his supernatural birth in which God had intervened between the law of nature and the weakness of a woman; so today, the speaker pointed out, one requisite for men in Christendom was a "supernatural birth" and an intervention by the Almighty. Second was Samson's total abstinence, he being pledged to refrain from liquor from earliest infancy.

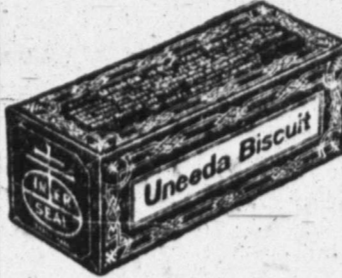

"There's something to that," said Dr. Williams, "we're drinking it every day. You can't drink and retain your strength. Trainers of football players, baseball players, pugilists and others know that. It was one of the elements of Samson's strength."

The third thing, he continued, was the spirit of God working through Samson, and this too, was required in the work of the movements of the present time.

Three other things were shown to have contributed to Samson's downfall. First was money, there having been an intrigue between Samson's wife and the Philistines, in which she was bribed Second was woman, working for an evil end. It was strange, the speaker said, that woman, man's

greatest blessing, could in some cases be his greatest enemy.

Women, some of them Christians, are working toward the downfall of men today, said Dr. Williams. He illustrated by telling of men who wore out their minds and bodies earning money that their wives might be "in the swim" of society. Many men, he said, were making a miserable race for life, owing to the demands of their wives. Finally, he said, Samson lost his strength because he was out of tune with God.

How Samson Came Back. Prayer and this sacrifice won back Samson's strength, he said. Dr. Williams pointed out. The sacrifice was that of Samson's own life, which was lost when he woke the temple. "Today," said Dr. Williams in conclusion, prayer and self-sacrifice were required of those engaged in Christian service. He asked those who believed in the need for men today to stand and admirably everyone present responded.

HEALTH HAIR—NO DANDRUFF

Use Parisian Sage It's entirely needless to have an unhealthy scalp, thin or falling hair. A little care is all that is needed to make it thick, soft, pretty, perfectly healthy and free from dandruff. Use Parisian Sage—it supplies hair needs and is absolutely harmless. It quickens itching head and falling hair, and is one of the best tonics to invigorate the scalp and make the hair grow long and beautiful. Get a bottle of Parisian Sage today from Foshide & Lynch or at any drug counter. It costs but 50 cents, but it is to the scalp and dandruff, it says—your head feels fine, the hair is pretty and perfectly healthy. (Advt.)

NURSERY ESTABLISHED AT PRESBYTERIAN CHURCH

Mothers Can Hear Sermon While Infants Are Taken Care of By Others

Mothers who want to attend church but don't want to risk having the baby disturb the congregation can no longer offer that excuse, at the First Presbyterian Church. That church has established a nursery as one of its adjuncts, and babies are to be cared for there during the services. Mrs. C. W. Beavers and Miss Fowler are to be in charge of the infants at first.

The nursery will be located in a room at the rear of the main auditorium of the church, where the nurses may, by opening the door, hear the sermon when their charges are not so vociferous. The nursery plan will go into effect next Sunday, but was given its first trial yesterday when Mrs. Beavers took charge of a lusty hunked youngster and carried it back to the nursery where it soon went to sleep.

SAN JACINTO RECALLS DEFEAT OF MEXICANS

Seventy-Eight Years After Terrible Defeat of Mexicans It All May Have to Be Done Over

Tomorrow will be San Jacinto day, the 78th anniversary of conflict which marked the end of the Texas struggle for independence from Mexico. The battle of San Jacinto was fought a few miles south of where the city of Houston stands today between the forces of General Samuel Houston, the Texas commander and those of Santa Anna, the Mexican chieftain, who appears to have been a sort of combination of Villa and Huerta.

The Texas army was outnumbered nearly three to one in the battle; the Mexicans, confident of victory, but not expecting a battle before April 22 were enjoying their afternoon siestas when the trouble started. The Texans charged to the tune of "Come to the Valley" which was probably some rak of that day. Before the Mexicans could wake up, large numbers of them were where they couldn't wake up and the rest were not enjoying themselves.

The memory of the massacres at the Alamo and Goliad was still fresh in the Texans' minds as they charged and "Remember the Alamo," "Remember Goliad" was their college yell as they fought. "The Mexican contingent was prompt with its alibi and "Me no Alamo," "Me no Goliad" was the substance of the plea of more than one darkhued soldier. The Mexicans retreated back towards a bridge over the bayou, affording their only egress from their position. "Deaf Smith," a Texan who was long on thinking but short on hearing, had thoughtfully removed the bridge beforehand. Santa Anna was captured and his army thoroughly whipped. More than three quarters of a century later Texas may have to do the work all over again and is ready to repeat the performance with the trimmings and sidishes if occasion requires.

FIRST BAPTIST CHURCH CALLS REV. R. C. MILLER

Invitation Sent To Moberly, Mo. Man and It Is Believed He Will Accept

The congregation of the First Baptist Church yesterday called Rev. Roscoe C. Miller to its pastorate. While he has not yet accepted, it is believed that Mr. Miller will consent to assume the duties here. He is now pastor of the church at Moberly, Mo., and has been there and at Searsville, Mo., for the past ten years. On Sunday, April 12 he preached to the congregation here and made a very favorable impression. He is forty-two years old and has a family of a wife and six children.

This church has been without a regular pastor since the resignation of Rev. J. P. Hooper last year. In the interval services have been conducted by Dr. C. B. Williams of the theological seminary at Fort Worth. The pulpit committee of the church, composed of R. E. Huff, J. T. Brooks, Clint Wood, L. A. Farris and W. H. Robertson. It is expected that if the subject is accepted, it will be necessary to make charge late in May.

NEW MEMBERS OF FORCE GET "POLICEMAN'S FOOT"

Two new members of the police force are already getting the "policeman's foot." They limped up to Chief Salt yesterday and wanted to know what could be done to ease their feet. The chief was unable to give them any helpful advice.

New policemen invariably have trouble with their feet, due of course to the excessive walking and being on their feet. Patrolmen everywhere acquire a walk that is easily recognized. Most of them ease their feet by sitting down whenever the opportunity offers. Of course new policemen aren't going to do much sitting down.

A CONFESSION

Hopes Her Statement, Made Public, Will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

"If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer. For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength."

Cardui has helped others, and will help you, too. Get a bottle today, and you won't regret it. Your druggist sells it. Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 60-page book, "Home Treatment for Women," sent in plain wrapper. No. 322.

Don't Risk or Ruin Your Sight. Get the Proper Glasses

It doesn't pay to jog along, giving little or no heed to your eyes.

That pain when reading—or afterwards—is the warning that your most valuable asset is in danger.

It may be only a temporary ailment, which can be treated, and permanently cured without the aid of glasses.

If so, we will tell you.

And if you require glasses, we will fit your eyes and guarantee satisfaction.

No cut, no border, 4 inch S. C. space. No "Drops." We Know How.

Dr. J. W. Du Val

OIL MAN BADLY HURT IN A RUNAWAY ACCIDENT

W. L. Thomas, an oil man operating near Fowlkes is in a serious condition as the result of injuries sustained in a runaway there. He was found near the Denver right of way close to the Jim Fisher pasture, with several ribs fractured and his right leg broken in two places. The injured limb was amputated today. Thomas' condition was reported as serious this afternoon and there was some doubt of his recovery.

Thomas was driving to Fowlkes with a stranger and says he has little or no recollection of what happened. The stranger has not been seen since the incident. Thomas last remembered talking to the stranger as they drove along and has no recollection of any trouble with his team. He is a married man and resides at Fowlkes; he is about forty years old.

A Complete Change of Program

For several years these have been completed grandstanders across the Rio Grande have been putting on a continuous performance of cheap military vaudeville. Shooting at each other with canary bird guns and reporting steen thousand killed and wounded. The other day the greaser got grouchy and refused to say "Good Morning" to the Red, White and Blue. Your Uncle Samuel got awful busy and if the Gringo don't get dreadfully polite awfully quick the Panale makers are going to have to pay another installment on the Alamo.

All of which don't have much to do with the drug store merchandise that you want in a hurry. Our motorcycle was made where there were no speed limits. Whether you are in a hurry or not phone us, we will send it just as if you were in a hurry.

SERVICE

In these days of competition an article is judged by the service it gives. When you buy a typewriter from us we sell you the machine at the same price it is sold elsewhere and throw in with it SERVICE.

We keep a mechanic at all times and any typewriter sold by us we guarantee to keep it running and if you have trouble a phone call to us puts us on the job in a few minutes.

No Express Charges and No Long Waits to get it back from Dallas. We also have a machine to let you use while we are working on yours. This is an advantage enjoyed by many firms in Wichita Falls. Are you one of them? We sell all makes of typewriters.

The Rohatch Mineral Water
Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that cause typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Fall in line and share good health with us. Special attention given five gallon phone orders.

Our wagon leaves the well at 7 a. m. and 2 p. m. Two trips daily except Sunday. Phone line 9001 ring 14. G. J. Rohatch, Prop.

MUSICAL PROGRAM SUNDAY NIGHT AT BAPTIST CHURCH.

Sunday night's service at the First Baptist Church consisted of a special musical program in place of a sermon; the feature was a cantata from Ashford's "Resurrection Light," with solo parts by Ivan Murchison, Mrs. Walter Robertson and Miss Katherine Cook. Previous to the cantata, the Murchison sang "King Ever Glorious" from Stainer's Crucifixion. An audience that filled the auditorium to its capacity attended the service. The singers were accompanied by Miss Mabelle Jackson, pianist and Miss Berniece Jackson, violinist.

FRANCE IS THE HOME OF THE BEST PERFUMERS

America makes many fine perfumes, but for milady who craves the acme of perfection in the odor of flowers, her perfumes must come from Paris. Many ladies have heretofore sent to New York to secure these perfumes, a wholly unnecessary proceeding now, for we have stocked our cases with the very best lines that France produces. The Mary Garden, the Hubergants, the Azurea, Floramyne, Le Tre Fle, Djer Kiss, La Rose Jacqueminot and L Origan de Coty in all the perfumes, toilet waters and powders. We also carry all of the best American makes, including the Vantine, Palmers, Hudnuts, Willis H. Lowe, Melba, Colgate and the Soul Kiss.

We will be glad to send any of these to your home for selection.

WHY WE WENT INTO THE COFFEE ROASTING BUSINESS.

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and became too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.
