CHANGE IN CREED IS NOW PROPOSED

METHODISTS MAY ELIMINATE WORDS "HOLY CATHOLIC CHURCH" IF REPORT IS ADOPTED

LATY RIGHTS FOR WOMEN

Recommendation is Not Favorable to Petition—Would Bar Ministers From Use of Tobacco

By Associated Press. Oklahoma City, May 12.—Bishop E. E. Hass, who presided at the opening of today's session of the Methodist Episcopal Church, South, immediately relinquished the chair to Bishop J. H. Williams, North Carolina, the presiding officer for the day. A number of petitions were presented and referred, including one each on the Vanderbilt case and the latty rights of women. The most important committee report submitted at the session were those recommending non-concurrence in the memorial asking that women be given latty rights and recommending the elimination of the word "Holy Catholic church" and substituting therefor the phrase "Church of God." The committee on temperance and social service reported concurrence in the memorial regarding the tobacco habit, asking that no man who is addicted to the use of tobacco be admitted to the ministry unless he agrees to abstain therefrom.

HOSPITAL AND AMBULANCE COMPANIES BEING FORMED

By Associated Press. Galveston, Texas, May 12.—The organization of another field hospital company and of an ambulance company was undertaken at Texas City today by the direction of the war department. The companies which are additional to those formed last week will be made up of recruits from Fort McRae and other coast defenses along the eastern seaboard. A squad of nurses has arrived here for field service.

The torpedo boat destroyer Jenkins bearing mail from Vera Cruz and Tampico came into port today. Lieut. Commander Jackson said that when he left the other harbor of Tampico yesterday morning, there was fighting going on, but that he saw no evidences of fire burning in the city.

ANTI-TRUST BILL PROTESTS ARE BEING HEARD TODAY

By Associated Press. Washington, May 12.—Protest against the holding companies' prohibition in the administration anti-trust bills were heard today by the Senate interstate commerce committee. Bernard Flexner, representing the Middle West Utilities company, with public service companies in 315 cities, made the principal argument against the holding company feature.

SENATOR CULBERSON IS BACK AT CAPITAL TODAY

By Associated Press. Washington, May 12.—Senator Culbertson of Texas, who has been absent from Washington for several months, suffering from nervous prostration, today returned to the city. He did not appear at his office, however, and was not present when the Senate convened.

ZAPATISTAS AND FEDERAL ARE ENGAGED IN BATTLE

By Associated Press. Washington, May 12.—Admiral Howard commanding the American fleet off the west coast of Mexico today reported a battle between Mexican federalists and Zapata revolutionists, twenty miles from Acapulco. Admiral Howard said that sixteen Zapataists had been killed. The fight at Mazatlan continues, the report said.

TEXAS PHYSICIANS ARE IN SESSION AT HOUSTON

By Associated Press. Houston, Texas, May 12.—The State Medical Association began its deliberations here today with the latest attendance in its history. All the officers are present, with many visitors from other states. Dr. M. L. Graves of Galveston, state president, is in the chair.

140,000,000 IS ASKED IN NAVAL APPROPRIATION BILL

Senate Committee Recommends an Increase—No Tolls on Battleships Going to Fair

By Associated Press. Washington, May 12.—The naval appropriation bill was reported to the Senate today by the naval affairs committee, with an increase of \$1,182,000 over the bill as it left the House. In all the bill carries \$140,990,833, or \$3,500,000 less than the estimate for the coming year. Exemption from tolls of battleships of all nations passing through the Panama canal, upon the occasion of the celebration of its opening, is provided for in the bill.

NATIONAL BOARD OF LABOR MEDIATION

FEDERAL INDUSTRIAL RELATIONS COMMISSION COMPLETES DRAFT OF ITS BILL

POWERS NOT COMPULSORY

Board Will Not Be Authorized to Force Arbitration or Compel Stopping of Strikes

By Associated Press. Washington, May 12.—The federal industrial relations commission announced today that it has prepared a tentative draft of a bill for submission to Congress, creating a national board of mediation and conciliation to prevent strikes and lock-outs that may involve the federal government. The measure is the result of extended investigation of the working of similar boards in the various states and foreign countries. The bill provides chiefly for voluntary conciliation and expressly denies to the board any compulsory powers of arbitration or prohibition of strikes or lock-outs. In this respect, it avoids all conflict over any question of state or interstate jurisdiction.

COMMENCEMENT PLANS OF HIGH SCHOOL SENIORS

Will Receive Diplomas on Monday, June 1—Dr. McKee to Deliver Baccalaureate Sermon

The date and preliminary arrangements have been decided upon for all of the final exercises for the graduating class of the high school.

Friday afternoon, May 29, the Class Day exercises will be held and an interesting program is being planned by the graduates who are in charge of the exercises of this day.

Sunday, May 31, the baccalaureate sermon will be preached by Dr. J. L. McKee of the First Presbyterian Church and the commencement exercises will be held Monday evening, June 1.

A speaker for the commencement night exercises has not as yet been chosen.

A number of social affairs have been planned by the graduating class to end the year with among them a banquet at the Westland.

BALD JACK ROSS AGAIN WITNESS IN BECKER TRIAL

Repeats Story of Events Leading up to Death of Gambler at Hands of Gunmen

By Associated Press. New York, May 12.—Bald Jack Ross, star witness of the first trial of Charles Becker, police lieutenant, appeared in that role again here today. He took the stand shortly before noon and calmly told of the part he played in the events leading up to the death of the gambler. Briefly, Ross related how Becker and Rosenthal had entered into a partnership in a gambling establishment here, how Becker was implicated in the exposure for Becker was implicated and how Rosenthal's death was plotted.

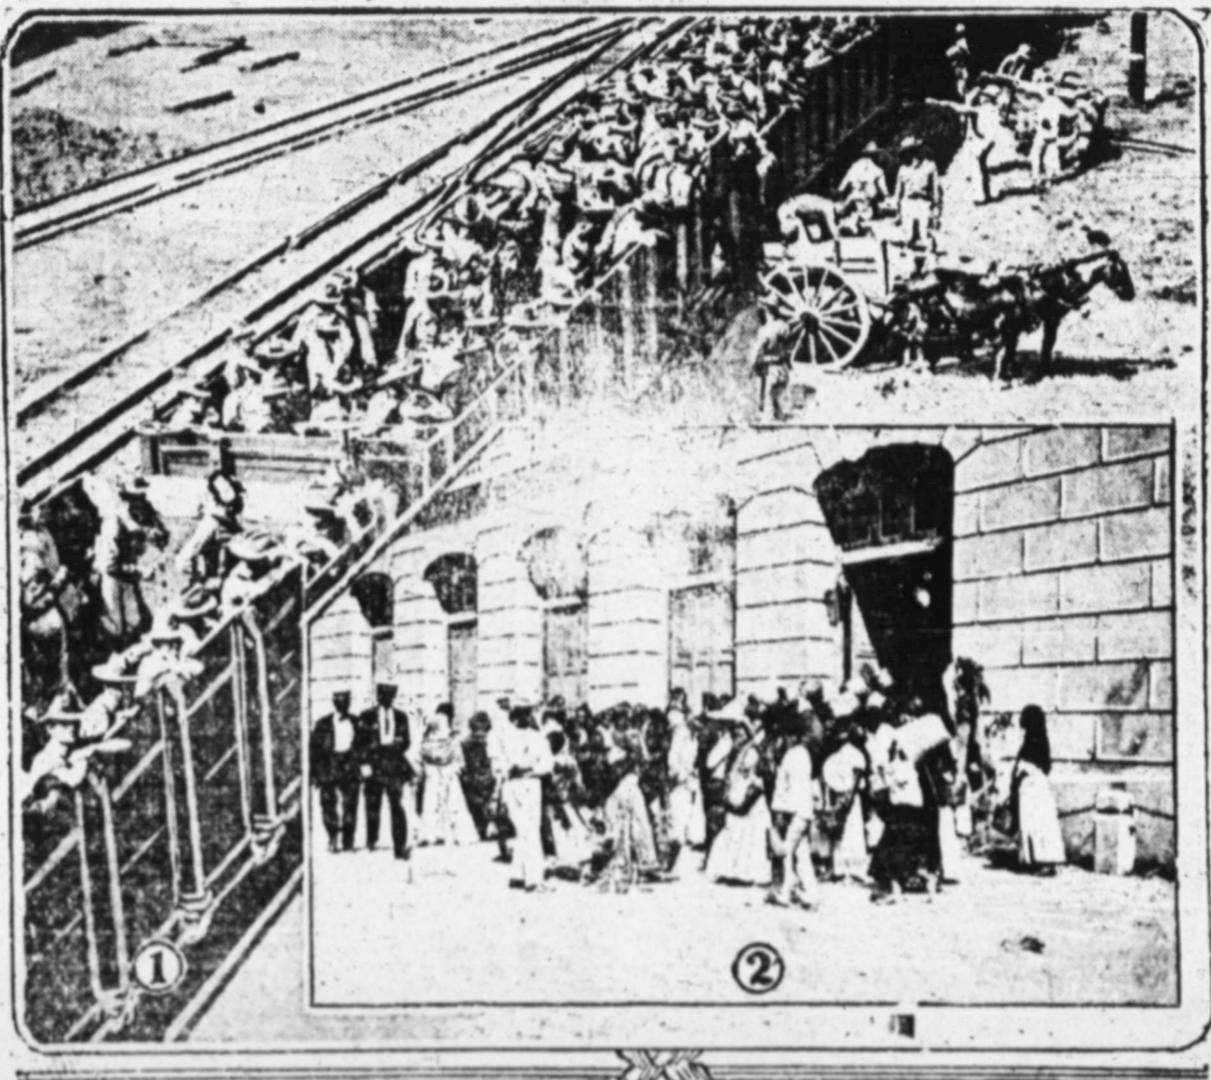

CAUCUS MAY DECLARE FOR EARLY ADJOURNMENT

Lively Meeting of Democrats is in Prospect For Tonight—Many Questions Are To Be Considered

By Associated Press. Washington, May 12.—Prospects today were for a lively meeting when the House democratic caucus meets tonight to formulate the party legislative program for the remainder of the session with adjournment early in July in view. Plans of the leaders today were for passage of the annual supply bills, enactment of anti-trust measures, the rural credits bill and a vote on the prohibition amendment may be injected into the deliberations.

Some of the democrats, however, launched a movement today to have the caucus declare in favor of adjournment of Congress immediately after disposing of the appropriation bills. Majority Leader Underwood is prepared to offer a resolution at tonight's caucus to give precedence to pending features in the legislative program; these include the supply measure, the Clayton anti-trust bills, the Covington interstate trade commission bill and the rural credit measure. A movement was on foot today to introduce at the caucus a resolution favoring passage by congress of the remainder of the appropriation bills and then adjourn. The prospects were, however, that the latter plan would not be successful.

WANT EXTENSION OF SEWER SYSTEM

SEVERAL SECTIONS OF CITY ANXIOUS TO HAVE LINES EXTENDED TO THEM

TO BUILD DISPOSAL PLANT

City Will Have to Do This Under Terms of Law Enacted by Session of Legislature

From a beginning of eight miles built by a bond issue in 1908 Wichita Falls sewer system now embraces more than twenty-one miles covering nearly all portions of the city. The additional mileage has been built without the issuance of an additional dollar's worth of bonds, for the extensions, with the exception of those in the Southland section for which R. E. Huff furnished the money have all been built from the proceeds from sewer rentals which Mayor Britain in his annual budget estimates this year at \$11,500.

While Wichita Falls has the best sanitary sewer system of any city of its size in the South-west there are still several sections of the city where the sewer does not yet reach. One of these sections is south of the Fort Worth and Denver tracks and east of the Wichita Valley. Another section is east of Kemp Boulevard and south of Avenue C in Floral Heights and the third is one of the oldest sections of the city east on Adams street.

Residents of these sections are anxious to see the sewers laid soon so that the work can be completed before the city is compelled to start work on the sewerage disposal plant. Such a plant is made necessary by a law enacted at the last session of the legislature. This will cost Wichita Falls not less than \$100,000 it is estimated and maybe more. Engineers have not yet estimated the cost and this will be one of the problems the new administration will soon have to take up as the law requires that the city stop emptying its sewerage into the river by July, 1916.

BOARD OF EQUALIZATION AT WORK ON VALUATION

City Renditions are Being Revised—County Commissioners to Start Work Shortly

The city board of equalization organized and got started to work yesterday. The board is comprised of J. L. Lee, Jr., J. M. Bland, Cell P. Fowler and Tax Assessor Harry Robertson, who is an ex-officio member. The sessions are being held in the city tax collector's office. The county commissioners are busy checking the accounts of county officials, but expect to get started on the equalization work this week.

WEATHER FORECAST

Unsettled tonight and Tuesday; cooler tonight; warmer Wednesday.

WRESTLING MATCH TO BE STAGED HERE NEXT WEEK

George Hart of This City and Charles Loomis of New Mexico are to Meet

A wrestling match will be staged here next week between George Hart, of Des Moines, New Mexico, Loomis recently challenged Hart and the latter sent him a date for early next week. It is likely the match will be held in the Moose hall, where there is plenty of room for all those who wish to attend. Hart is in training at the athletic club rooms here and is working out every afternoon and night. With him is George Maples of Newcastle, a 122-pounder who will meet all comers at that weight. He is said to be a promising youngster and Hart expects him to make good.

FORT WORTH REFUGEE IS REPORTED ILL AT VERA CRUZ

By Associated Press. Washington, May 12.—Consul Canada today reported to the state department the safe arrival in Vera Cruz of a number of American refugees from Mexico City. Among them is K. M. Van Zandt of Fort Worth, Texas. Mr. Van Zandt is quite ill, according to Consul Canada.

YOUNG MEN'S ORGANIZATION ADJOURNS UNTIL FALL

Will Resume Activities in September—Much Accomplished Since Meetings Began

At Monday night's meeting of the Young Men's Forum it was decided not to attempt to hold meetings during the summer months and adjournments was taken until the third Monday in September, when the organization will resume its activities. The Forum was organized here early in the winter and has held meetings every week with debates on topics of the day and short talks on timely subjects by members and visitors. Its purpose has been to equip members of public speaking and to increase their knowledge of questions of the day and in both of these aims, especially with those who have attended regularly, it has succeeded, being a source of pleasure and profit to those taking part. Its membership is about twenty-five. When sessions are resumed next fall, it is planned to go into the work on a much more active scale, with larger membership, and to make the organization a still more valuable one for the young men of the community.

SEVEN FIREMEN DIE IN ENGINE ROOM EXPLOSION

Accident on old Dominion Liner Jefferson near Norfolk Results Fatally—Little Damage to Boat

By Associated Press. Norfolk, Va., May 12.—Seven people were killed in an explosion in the engine room of the Old Dominion ship Jefferson near Cape Henry last night. Three were injured. The ship returned to Norfolk and left the dead, five of whom are negro coal-passengers and two white firemen, and then returned on her trip to New York. The injured also left in a hospital here are Chief Engineer W. L. Cortlock, first assistant engineer, H. B. Smith, both of New York City, and M. Olsen, an oiler.

According to the local office of the Old Dominion line, the vessel was not badly damaged, which occurred at 10:30 last night, as the Jefferson was passing from this port for New York. Multitude of the bodies of the seven victims, due to the terrific force of the explosion, made identification slow. The injured who were taken to local hospitals, it was said, were in a serious condition.

The tugboat J. J. Merritt left this city to assist the Jefferson, which was at first reported as seriously damaged. The tug Merritt, however, found the liner able to proceed under her own steam.

The Jefferson has a gross tonnage of 3225 tons and was built in 1899.

RUSSIA INTERESTED IN GRAPE JUICE NAVY

St. Petersburg, May 11.—Nothing has been done as yet by the navy department in the way of converting Russian warships into "water wagons," but it is stated that officials are watching the results of Secretary Daniels' recent prohibition order in the American navy with the keenest interest. In the meantime the campaign instituted by the czar against drunkenness generally in Russia is being carried on with exceptional vigor by the war minister.

RELEASE OF SILLIMAN IS ORDERED BY MEXICO

Brazilian Minister Has Notified Washington—Will Be Given Conduct to Vera Cruz

By Associated Press. Washington, May 12.—Senator Olivera the Brazilian minister in Mexico City, informed the state department today that the Mexican government has ordered the immediate release of vice consul John R. Silliman, held a prisoner at Saltillo. The minister added that as soon as Mr. Silliman reached Mexico City he would obtain for him safe conduct to Vera Cruz.

PIPE LINE HEARING IS NOW PROPOSED

CATO SELLS AND LIEUTENANT RICHARDSON WILL BEGIN THEIR INVESTIGATION

IN OKLAHOMA AND KANSAS

Testimony to be Taken at Several Points in Mid-Continent as to Feasibility

By Associated Press. Washington, May 12.—Cato Sells, commissioner of the Indian bureau, today announced that, acting with Lieut. J. O. Richardson of the navy department, he would open hearings on May 21 under the Senate resolution, proposing an investigation of the feasibility of a government oil pipe line from the Oklahoma oil fields to the Gulf of Mexico. Commissioner Sells and Lieut. Richardson will begin the hearings at Independence, Kansas, and from there will go to Bartlettville, Okla., and Tulsa, Okla. The complete itinerary will be announced later.

PUT TENT IN FIRE LIMITS, FORCED TO REMOVE IT

City Ordinance Prevents Performance of Murphy's Comedians Until Tent Can Be Moved

When the advance man made the contract for a tent site for Murphy's comedians, who were to have opened here last night under canvas, he failed to make any inquiry about fire limits and ordinances and for that reason the company did not give its performance last night. The tent had been erected on the vacant lot at the corner of Scott avenue and Eighth street. This is within the fire limits and a city ordinance prohibits the erection of tents within these limits.

When he discovered his position, the manager of the show accepted the matter with the best of good nature and this afternoon pitched his tent on the south side of Tenth street, near Ohio avenue, where the engagement of his company will open tonight.

SOUTHERN BAPTIST MEET TOMORROW AT NASHVILLE

Interest Attached to Foreign Missionaries Who Have Been Stationed in Mexico

By Associated Press. Nashville, Tenn., May 12.—The 150th anniversary of the Southern Baptist convention which convenes here tomorrow for a five days' session was reaching Nashville today. A number of foreign missionaries will be among the visitors at the convention. Particular interest attaches to those who have been stationed in Mexico, who will report on the conditions there.

HOUSTON WANTS MEETING OF BAPTISTS NEXT YEAR

By Associated Press. Houston, Texas, May 12.—Houston is making a determined effort to obtain the 1915 convention of the Southern Baptists with this end in view a large delegation has gone to the present convention at Nashville.

SHREVEPORT NEGRO TAKEN FROM JAIL AND LYNCHED

Held on Charge of Assaulting Young White Girl in Louisiana City Early This Morning

By Associated Press. Shreveport, La., May 12.—A negro named Ed Hamilton, held here on the charge of assaulting a ten year old white girl early today, was taken from the parish jail shortly before noon and lynched.

THREE YEAR SENTENCE ON CHARGE OF BIGAMY

By Associated Press. La Grange, Texas, May 12.—In district court here last night the jury in the case of Louis J. Coy, charged with bigamy, returned a verdict of guilty, giving the defendant three years.

SIXTY-THREE REFUGEES ARRIVE AT SAN FRANCISCO

By Associated Press. San Francisco, May 12.—Bringing further details of the hostile attitude of Mexican federalists toward Americans on the west coast, sixty-three refugees reached San Francisco from Salina Cruz and other ports yesterday. A gentle, southerly breeze yesterday evening had veered to the north and became a typical northerly during the night, carrying clouds of dust.

PEACE MEETING TO CHECK HOSTILITIES

VERA CRUZ FORCES WILL NOT ADVANCE WHILE CONFERENCE IS IN PROGRESS

ARMISTICE NOT VIOLATED

Strengthening of Forces is Held by General Funston to be Permissible at Present

By Associated Press. Vera Cruz, May 12.—While the Mexican commissioners are en route to attend the peace conference at Niagara Falls, there will be no inauguration of hostilities by the American forces here, and there is no reason to believe that the Mexican forces will advance their lines.

The recent charge by General Blakely that the Americans were breaking the armistice caused General Funston to confer with his legal adviser, Col. Porter, at this point, and the strengthening of both the Mexican and American forces was permissible, so long as no advance was made.

CABINET HOLDS MEETING TO DISCUSS SITUATION

By Associated Press. Washington, May 12.—Members of the cabinet, after a prolonged conference with President Wilson on the Mexican situation, declared the president maintained confidence that mediation would succeed, and that further serious consequences in Mexico would be averted. Most of the discussion in the cabinet meeting, it was said, related to mediation and the views to be presented on behalf of this government by Justice Lamar and Frederick W. Lehman, when the South American envoys seek the views of the United States and Huerta's representatives at the Niagara Falls conference.

The situation at Tampico. It was reported, was not discussed. Complications that might arise over the foreign-owned oil properties there should destruction result from the conflict between constitutionalist and federal forces, have been under discussion for some time.

Lack of definite information as to the battle raging at Tampico is causing cabinet members considerable concern.

The report from London that Great Britain had ordered the Bristol, a speedy cruiser, to proceed to Tampico, was not regarded as particularly significant here, as the Bristol is of light draft, it was believed she might be used to operate in the Panuco River. British oil properties are located along that stream.

ANTI-TRUST SUIT IS FILED AGAINST STATIONERS

By Associated Press. Austin, Texas, May 12.—An anti-trust suit has been filed here in the district court by the attorney general's department on behalf of the state, against some of the leading stationers and blank book manufacturers of Texas, charging them with violation of the anti-trust laws of Texas and of forfeiture of charter. The state alleges that these corporations formed a combination on or prior to January 1, 1912, to fix the prices of county commercial stationery and office supplies and fixtures. The defendants are Clark & Courts of Galveston, Dornay Printing Company of Dallas, Exyke-Reimers Company of Fort Worth, Maverick-Clarke Lithograph Company of San Antonio, Geo. D. Bernard & Company of St. Louis, Hargraves Printing Company of Dallas, The Curall Company of Houston, Texas Company of Fort Worth, Hill Printing and Stationery Company of Waco.

MEXICAN TROOPS TOLD TO EVACUATE SEAPORT

By Associated Press. San Francisco, May 12.—Mexican federal troops defending San Blas, a seaport half way between Mazatlan and Manzanillo, have evacuated the town. It is understood they were ordered by Huerta to proceed to Mexico City to strengthen the force there.

SHIVERING TEMPERATURE FOLLOWS SUMMER HEAT

Mercury Drops to Fifty-Degree Mark During Night and Weather is Much Cooler

A drop of more than thirty degrees in the temperature over night brought out overcoats and winter wraps replete of moth balls this morning. Summer heat with a temperature of 83 degrees yesterday afternoon was supplanted by a chilly northerly with a temperature of fifty-one this morning.

A gentle, southerly breeze yesterday evening had veered to the north and became a typical northerly during the night, carrying clouds of dust.

TOOK LOOK AT ROME

Impression of Americans on Tour of Eternal City.

On Banks of River Tiber—Brief Resume of the Historical Sights of Ancient Capital Depicted in Humorous Vein.

London.—There is a large place down in Italy between Naples and Florence that is known as the Eternal City. You may have heard of it. It was the place, you know, where Romulus and Remus; Julius Caesar, the victim of the black hand plot; Nero, and some other famous persons used to hang out, and which was once saved from some one because a bunch of geese cackled at the psychological moment. Young Remus and his brother Romulus, it seems, started the place and it has been eternal ever since, although a number of lowbrows attacked it with armies and broke up great quantities of its statues and statues and tried to swipe it off the map in other ways. But it bit its thumb at all these agitators and still manages to worry along on the life and centennial it can wheedle out of curious visitors. Hotel keepers have become its principal citizens.

For many, many persons, who just love antique things, go to see Rome every year. Yes, that is the name of the place, if you haven't already guessed it. If you want to do as the Romans do, you can call it Roma. The ruins are great stuff for those who like to investigate the civilization of the folks who lived at the time that Uncle Remus drew a circle on the map and called it Rome, and when Julius Caesar, flashed the news to all Europe that all Gaul is divided into three parts. You must remember when he did that all the papers got out "extra."

We were in Pompeii one day and a soldier in the place that must have been the corner grocery of the Pompeians, for it still seems to be the favorite hang-out for soldiers, guides and other unemployed persons, told us that although these were pretty fair little ruins, if we wanted to see some ruins that were ruins we should run over to Rome for a few days. We had been out to the Blue Grotto the day before, and as we were still feeling rather blue from the experience, we decided to take a look at this Rome place and see if we couldn't get cheered up a bit.

So we caught a train that afternoon that happened to be going to the Eternal City. We entered a first-class compartment, a man who collects the tickets came around after a while and asked to see our tickets. He looked at them a moment and informed us in a grieved tone that they were for the second class compartment. We assured him politely that that was all right; that we should just as soon stay where we were, as we didn't like to change now that we were all settled. And just to show him that we had no hard feelings toward him we gave him a couple of lire. He understood at once our aversion to making a change and locked the door of our compartment so that we shouldn't be disturbed. Those conductors are charming fellows.

We arrived in Rome along about nine o'clock and took a carriage to a hotel. "In the Eternal City at last," we murmured. Every one else was saying the same thing in rapturous tones as he got into his carriage, so we did likewise, thinking it was customary; it seems to be a popular remark. Just like every one pulls the old one about seeing Naples and dying when he lands there.

Early the next morning we started out to see the Eternal City. We had to admit that it was quite a place, and that the two famous "brothers" started something when they founded the city. We strolled around to look at the Tiber. We couldn't discover why any one should look at the Tiber, but it seemed to be a popular pastime, so we joined the rest of them. Had Baedekers flashed in the sunlight as a long line of eighteenth century leopards on a carpet of a bridge and read what the book had to say about the Tiber. All we could recall about the stream was that it used to be a favorite cemetery among the Romans. Whenever a person became obnoxious he was thrown into the river. We concluded that such an action was the height of inequity. It was just like being thrown into an un-paved street on a rainy day.

"Isn't it lovely?" an enthusiastic young girl exclaimed, turning to me. "Great," I replied. "Only it seems to have a bad case of jaundice just now. Perhaps this can be cured, however, so we can't hold it against the poor river."

MINISTER'S DOG RIDES IN CAB

Ex-Premier Clemenceau Has to Pay Fare for His Mastiff in French Capital.

Paris.—M. Clemenceau, the French statesman, owns a large and fierce mastiff whose habit it is, from time to time to make long excursions into outlying parts of Paris.

When he is tired, the dog will pump into a horse cab and sit there growling and showing his teeth if the cabman attempts to remove him.

Seeing the name and address of M. Clemenceau engraved on the dog's brass collar, the cabman finally drives the dog home. In this way M. Clemenceau has had several long fares to pay.

EXERCISE IS AN INVESTMENT

Better Three Hours a Week at Senible Play Than Three Weeks of Sickness.

Tennis is over with for the year. Golf is at an end. The great open out of doors which has been the training master to millions for some happy months is closing up its season. What are you going to do about it? asks Collier's. You Mr. Hardworking Man who have sacrificed your few pounds of flesh to the healthful strain and have received in exchange a tosie better than any drug in the pharmacopoeia, are you going, now that winter is here, to let your hard muscles soften, your clear eye dim, your quickened vitality slump and slacken?

If so, don't blame providence or the weather because you fail a prey to tonsillitis or grip or find yourself presently wheezing from the twaeks of rheumatism or hobble forth next spring feeling somewhat more than a thousand years old. It's all your own fault. You will have wasted capital, the capital of body and nervous force which you have laid up for yourself by your summer's exercise. Why not keep it up in the winter? Surely there is some port of athletic opportunity in your town—club or squash or hand ball court or Y. M. C. A. gymnasium.

If there isn't there ought to be. Get busy and start one. Indoor exercise may not be as enlivening or quite as beneficial as outdoor play, but it is an inestimable number of times better than none at all. Of course, there is the familiar can't afford the time argument, but the man who advances this plea is usually the man who, about February, takes three weeks off to go to the hospital with stomach trouble or gets invalidated off to a sanitarium to recuperate his depleted nerves. Three hours a week in a gymnasium isn't very much time to expend. Five to better, but three, conscientiously adhered to, will keep the average man going and enable him to get through his winter's work in sound condition. Give it a trial. It isn't an amusement only. It's an investment.

HID DISGRACE FROM PARENTS

Cases on Record Where Convicts Successfully Concealed the Fact That They Had "Done Time."

In most cases men sentenced to imprisonment are only too glad to receive the sympathy of their relatives. The case of Nolan L. Garriner, an ex-convict who returned to Kingston, O., the other day after serving a two-year sentence for wrecking a bank, is an exception. During all the time he was in prison his mother, eighty-six years of age, had supposed he was "in the west on business." She greeted him with smiles on his liberation, little thinking that the weekly letters she had received from him telling of business movements were mailed from a prison through the friendly assistance of the officials.

Another case was that of Adolph Rebstock, an immigrant who killed a man in a quarrel at Chicago shortly after his arrival in this country. He received a sentence of ten years. He gave a cousin \$2,500 for investment when he went behind the bars.

The cousin opened a corner grocery store in the name of the convict. The latter wrote monthly to his parents in Berlin that he was prospering slowly. He was paroled in six years.

The grocery store had grown into a flourishing business. He took his cousin into partnership and sent for his parents. They never knew of his imprisonment. Shortly before they died a discharged clerk told the story to them but they refused to believe him and they declared him a lunatic.

New Industry in Mississippi.
The advent of the Mexican cotton boll weevil has caused at least one new industry to spring up in Pike county, namely, the gathering, drying, grinding and shipping leaves of the sassafras tree to be used as an article of commerce. The product is known as "file," and seven barrels of it, aggregating 750 pounds, were shipped to New Orleans from here recently by F. W. Allen, a progressive farmer residing seven miles east of Magnolia. Mr. Allen has a mill made specially for grinding "file," and he shipped a small quantity of it last year. While the article is used extensively in the preparation of "fumbo file," the delicious soup which has made French cooking famous, the demand for it is every limited. The leaves are gathered in July and August, and are thoroughly dried in the shade before being carried to the mill. It requires about three hundred pounds of green leaves to make one hundred pounds of meal. —Magnolia News.

Night Blooming Cereus.
The Night Blooming Cereus buds are especially susceptible to sudden jars or to a handling of the buds. We have known them to drop just because a curious flower-lover took hold of the soft, cottony mass, lovingly, she thought, but the buds dropped.

If possible, before it is time for the buds to start, place the plant in its position for the summer, where it will get an abundance of sunshine.

Water with lukewarm water in plenty, and do not allow anyone to handle the plant. Some liquid plant food should be given at this time as freely as to geraniums; liquid cow manure, diluted, is one of the best plant foods.

Watch that the green aphid do not get a footing, for they will hide in the hairy bud covering, and induce blasting. Fight them off with tobacco-water.

GOVERNMENT'S NEW PLT DGE ON HOME RULE MEASURE

By Associated Press.
London, May 12.—Premier Asquith in the House of Commons today pledged the government to introduce an amending bill to the home rule measure in the hope of passing it by agreement between the parties. If this offer is accepted, the original home rule bill and the amending bill will become law practically simultaneously. This, he contended, was the only way of carrying out any agreed settlements which might be reached.

SONG TO A FAIR YOUNG LADY.

(Going Out of Town in the Spring) Ask not the cause why a sudden spring So long delays her flowers to bear; Why warbling birds forget to sing, And winter storms invert the year; Chloris is gone; and fate provides To make it spring where she resides.

Chloris is gone, the cruel fair; She cast not back a piffing eye, But left her lover in despair To sigh, to languish, and to die; Ah, how can those fair eyes endure To give the wounds they will not cure?

Great God of love, why hast thou made A face that all hearts command, That all religions can invade, And change the laws of every land? Where thou hast placed such power before, Thou shouldst have made her mercy more.

When Chloris to the temple comes, Adoring crowds before her fall; She can restore the dead from tombs And every life but mine recall. I only am by Love designed To be the victim for mankind. —John Dryden.

DIVISION MEETINGS OF WOMANS ALLIANCE MONDAY.

Division No. 2 of the Baptist Womens Alliance of the First Baptist Church met Monday afternoon with Mrs. A. B. Maples, Mrs. G. C. Wood was the leader for the afternoon. Seven members were present and one visitor, and a liberal free will offering was made. The hostess served delicious refreshments and a social half hour were features.

Division No. 8 met with Mrs. A. B. Price, with Mrs. W. O. Basford as leader. The same general program was observed as in the other divisions and a good attendance was enjoyed. Refreshments and a social hour were features.

Division No. 10 met with Mrs. E. O. Fligo. The lesson was led by Miss Everett. The usual enjoyable social time followed the completion of the program.

The remaining divisions of the Alliance met at the church. All reported excellent meetings, with good attendance and interesting programs.

GUILD MEETS MONDAY AFTERNOON AT EPISCOPAL RECTORY Monday afternoon the Guild of the Good Shepherd met in regular session at the rectory. Business matters occupied the entire time of meeting until a late hour in the afternoon when Mrs. Datson served tea and cakes. The members present were: Mesdames McCullough, Kelmely, Johnson, Warner, Gies, Shaver, Reed, Sammons, Shutt, Milburn, Bibb, Childers and Datson.

ALTAR SOCIETY MEETS IN SOCIAL SESSION MONDAY

Mrs. C. E. Bessy was hostess of a very delightful social session of the Altar society Monday afternoon. The afternoon was spent in an informal discussion of ways and means of raising money for the new church building fund. A salad course was served by the hostess to the following: Mesdames Cullinan, Fenton, Delaney, Lewis, Kerwin, Miller, Walker, Quill and Miss Howe. The society then adjourned to meet in two weeks with Mrs. Delaney.

LARGE AUDIENCE ENJOYS MUSICIANS' CLUB CANTATA

A very pleasing display of local musical talent was furnished by the Musicians' Club of this city Monday night at the Wichita Theatre, with a cantata "King Rene's Daughter" as the crowning feature. The program was one of surpassing merit and was thoroughly enjoyed by a large audience. First was a piano duet by Miss Scott and Mrs. Taylor, who rendered the Twelfth Rhapsody by Liszt in a very successful manner. Ivan Murchison's tenor solo "Gypsy Love" was up to Mr. Murchison's usual standard of excellence and found much favor with his hearers. Then followed a violin duo by Mrs. T. B. Greenwood and Dr. Von der Lippe, who rendered Mozart's Minuet in D very pleasingly.

Twenty-one members of the Musicians' Club took part in the cantata, which was an adaptation from drama of the same name by Henrik Hertz. The leading parts were taken by Mrs. Walter Robertson as soprano, Mrs. C. Y. Tully as mezzo-soprano and Miss Laura Bell as contralto. All three were in splendid voice and the solo parts of the program were a particular delight to the audience. It was Mrs. Tully's first appearance of the kind in this city and she sang her way promptly into the hearts of her hearers.

The cantata was presented under the direction of Mrs. Fred Thompson, who had been training the club for sometime, and the result reflects decided credit upon her. Miss Orie Bell as accompanist, displayed marked

musicianship. Members of the audience experienced the novelty of being escorted to their seats by young lady ushers, Misses Bereniece Jackson, Helen Stone and Audrey Adickes serving in the capacity of ushers. In addition to the soloists, those taking part in the cantata were: Soprano: Mesdames Robert Thorburn, E. E. Sanders, C. E. Bessy, Ivan Murchison, J. C. Mytinger, Misses Mary Orth, Bertha May Kemp, Florence Sammons, Della Stone. Mezzo-Soprano: Mesdames G. H. Carpenter, I. A. Farris, Wade Walker, J. D. Johnson, Miss Alice Burnside. Contralto: Mesdames C. W. Beavers, W. R. Ferguson, T. B. Smith, George Harrington.

RECITAL AT BURKBURNETT DISPLAYS MUCH TALENT

Mrs. R. A. Furlow assisted by Miss Edith Mathis of this city gave a musical recital at the Burk Burnett last night which was greatly enjoyed. Mrs. Furlow was formerly Miss Alma Raminig and was formerly a pupil of Mrs. Von der Lippe of this city. She later studied in the New England Conservatory of music and after finishing there returned to Wichita Falls where she taught music for some time. She is a musician of much talent and has had much success as a teacher.

The Burk Burnett Star has the following to say concerning the recital: "The music recital given by Mrs. R. A. Furlow and her music class, assisted by Miss Edith Mathis, at the Dreamland Theatre last Friday night was a decided success. The house was packed and jammed until standing room was at a premium; and the sale of tickets had to be stopped long before the curtain went up for the first number of the program.

"And notwithstanding the fact that the audience was uncomfortably crowded, there was not a dull moment from the beginning to the end of the entertainment, and everyone present enjoyed it largely. "Owing to the fact that the program was quite lengthy and our space is limited, mention cannot be made of each participant, though all deserve special praise. Mrs. Furlow is to be congratulated not only upon the success of her recital, but also upon the excellent skill and commendable eagerness of careful and painstaking instruction manifested by her pupils.

FIRST M. E. MISSIONARY MEETING MONDAY AFTERNOON

The regular missionary meeting of the First M. E. Church was held Monday afternoon at the church. Mrs. E. Y. Friberg, Mrs. E. G. Cook was the leader for the afternoon and interesting papers were read by Mrs. Shaw and Mrs. M. S. Coe. Mrs. Hunter gave a reading "Crossing the Bridge." Mrs. Smith lead in prayer and a business session followed. At the conclusion of the business session discussion, the hostess served delicious ice cream and cake to the following: Mesdames A. E. Anderson, Cook, G. C. Thornberry, Anna Meade, P. W. Snyder, C. C. Smith, G. E. Friberg, Shaw, M. S. Coe, Corbills, Mary, Friberg, G. E. Hunter, H. H. Hunter, Jennie, E. Dollard, Loudemilk and Rev. C. C. Smith.

CENTRAL PRESBYTERIAN L. A. AND M. S. BUSINESS MEETING

The Ladies Aid and Missionary Society of the Central Presbyterian church met Monday afternoon in business session led by Mrs. Dutton with Mrs. Wilton. The entire afternoon was spent in the planning for the work of the coming year. It was decided to continue the Bible study throughout the summer and in September to take up a thorough course of missionary work. The executive has made a number of interesting plans and an interesting year of work is anticipated by all. At the conclusion of the business discussion the hostess served delicious refreshments to Mesdames Kerr, Dutton, Reed, McFadden, Oldham and Miss Jessie Kerr.

COMMITTEES APPOINTED BY THE TRADES COUNCIL

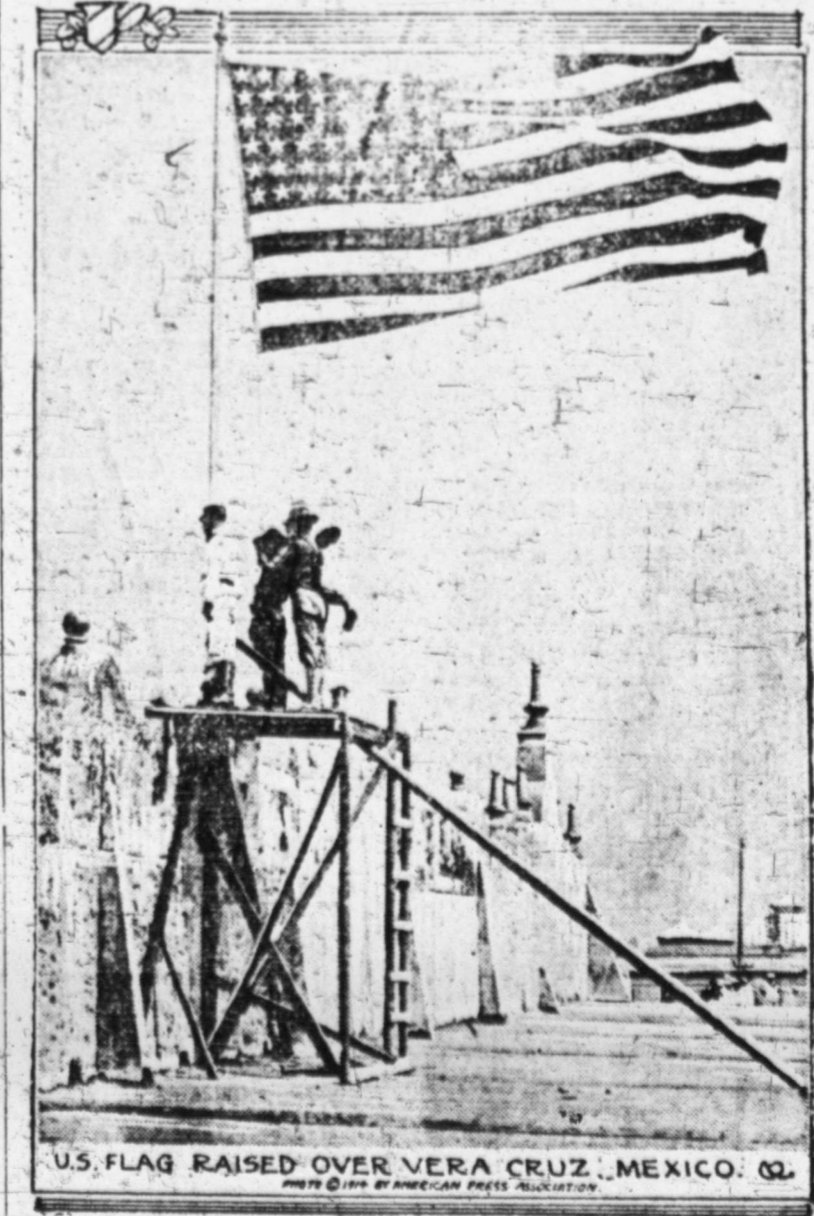

Union Label and Home Products Campaign Discussed at Session Held Monday Night

At the meeting of the Wichita Falls Trades and Labor Council last night President Burton announced the appointment of additional committees including the following: Arbitration committee: J. J. Manley, E. A. Cowan and W. D. Hill. Grievance committee: C. W. Johnson, J. Murphy and T. G. Cole. Visitors and out of town correspondents: M. C. Summerville, H. B. Hayes and Ben McClanahan. Legislative committee: S. W. Stout, C. W. Johnson, George Standa and J. A. Burton.

The union label and home products campaign to be launched by the Council were further discussed. A proposal for a union labor hall where the council and all locals might meet was also favorably discussed. About 700 union men were represented at the meeting last night.

STRIKE QUESTION CAUSES A CRISIS AT CHRISTIANIA

Christiania, May 11.—A serious political crisis in Norway has been precipitated by the resignation of J. Kaaberg, minister for commerce and industry, who has been generally regarded as the backbone of the radical cabinet now in power. Kaaberg took emphatic issue with his colleagues on certain labor legislation they are proposing which he holds to be not only inimical to the interests of the people but also unconstitutional. Against the protests of the 23 socialists in the Storting, the government declared in favor of desiring all those employed in public services, such as the telegraph, postoffice, railways, etc., etc., of the right of combination and striking and to introduce compulsory arbitration for the remaining classes of work people. The socialists declare that if this legislation is passed they will proclaim a general strike. Unable to persuade his colleagues to modify their plans, Kaaberg resigned.

TIMES PUBLISHING CO. ED HOWARD, Mgr.

This is certainly a most wonderful country. Yesterday we were wearing straw hats, drinking cold drinks, today overcoats are comfortable.

Uncle Joe Cannon celebrated his 78th birthday on the 7th and is busy planning his campaign for congress. He was defeated two years ago by a Democrat, but this does not seem to have discouraged him.

The Bailey question may or may not be cutting any figure in this gubernatorial election, but the fellow who is a close observer can't help but notice that practically every Bailey man in the state is lined up for Col. Ball for governor. Fearless of how they voted or would vote on the question of statewide prohibition.

To a man-up a tree it looks like the battle will be between Ball and Ferguson, with strong probability that the paramount issue will not be the governorship, but the question of submission of a constitutional amendment for State prohibition. This will transfer the contest from one of a personal character to one of State policy. The control of the legislature will then be of more importance than the governorship. Whatever the sovereign people decree at the ballot must be obeyed by the legislature, and they can instruct their legislators as to their wants and wishes in the matter of Statewide prohibition.—Dallas Democrat.

UNCLE SAM'S BIG BROTHER.

Writing in a recent issue of Collier's Weekly, Peter B. Kyne very interestingly describes the treatment accorded the 5,000 Mexican refugees at Fort Bliss. At Uncle Sam's expense, these peons and their families are being fed, clothed, doctored, bathed and their children sent to school. It seems that the baths and schools were entirely new to the Mexicans, while food, clothing and medical attention were more or less novelties. So well has the refugee camp been handled from a standpoint of health and sanitation that not a single death from smallpox or typhoid has occurred, which may be described as going some.

If these 5,000 Mexicans could be turned loose in Mexico, to spread abroad the fact that the gringo may be somewhat touchy on the matter of salutes, but that he is strictly o. k. on other points, this country's task in the Southern Republic would no doubt be materially lightened.

Candidates for the Legislature from West and Northwest-Texas should be sounded on the matter of redistricting Texas as to Congressmen. The Federal census was taken in 1910, since which time several herons of the Texas lawmakers have been held with cut any relief in this direction being afforded. The result is, this section of the state continues to have less than its rightful share of representatives. Less politics of the peanut, pussillanimous, pestiferous, purple variety and a few canines of common sense would give West Texas a square deal and another Congressman.—Vernon Record.

If the State is to be redistricted and West Texas is to get what is coming to her, then the people of West Texas should cease sending to the legislature men whose principal purpose for seeking legislative positions are to trade and traffic in politics. In other

Words, we should put a sudden stop to sending down to Austin men who are professional politicians, instead of sound business men or practical farmers—men who are acquainted with the needs of the country and capable of framing such laws as will count for the prosperity of all the people. The reason the state has not been redistricted is because there were entirely too many politicians lampooning the membership of the last legislature, about half of whom had congressional or other political aspirations, and each wanted to cut a district out that would give him an advantage. The result was that no agreement could be reached. If the same class of men are to compose the membership of our next legislature the result will be the same. West Texas is most assuredly entitled to one of the two new congressional districts.

MEXICAN OIL DEVELOPMENTS

(From the New York Post) It looks from present developments as if the largest oil field in the world would be developed in the Republic of Mexico—located particularly between Tampico and Vera Cruz. For years past the Mexican Petroleum Company, a California concern, has been turning the National railways with 5000 barrels of crude oil per day, the oil coming from what is known as the Ebanco fields thirty-four miles west of Tampico. In the past year various other wells have been developed between Ebanco and Tampico, and in the last six months wells of immense capacity have been brought in south of Tampico.

The Huasteca-Petroleum Company has a well about sixty miles south of Tampico, which has been flowing nearly 25,000 barrels a day for some time. There is an eight-inch pipe from this well to Tampico, running to full daily capacity. An English company, in December, 1910, brought in a well about sixty-five miles south of Tampico which is producing at least 65,000 barrels a day. Last year the same company brought in a well which obtained a worldwide reputation. It was known as the "Doy Bocca," and immediately caught fire and burned for three months, the daily flow of oil being estimated at between 60,000 and 75,000 barrels.

WICHITA MILL AWARDS CONTRACT FOR ADDITION

Chicago Company Will Build \$150,000 Storage House, Bids Being Opened Today.

Contract for a 440,000 bushel cement storage house was awarded Tuesday afternoon by the Wichita Mill and Elevator company, to the Currell Construction company of Chicago. This new structure will be started at once and the contract calls for completion within ninety days.

The betterments will cost approximately \$150,000 and will nearly double the grain capacity of the local mill. The new structure will be entirely fireproof.

The McDonald Engineering company and the James Stewart Construction company, both of Chicago, were among the unsuccessful bidders.

TALKS TO STUDENTS TODAY

Will Preach Tonight at Eight O'Clock at Church With "The New Birth" as Subject

Twelve conversions resulted at Electra Monday when the members of the Scoville party, conducting meetings at the First Christian Church of this city, went to the oil city for a meeting last night. There was much interest and the results were very gratifying, all those accepting the invitation being adults.

This morning Dr. and Mrs. Scoville were at the high school, where the evangelist addressed the students in the auditorium at ten o'clock. This afternoon the cottage prayer meetings are being held.

Services will be held every night this week at the church, beginning at eight o'clock tonight. Tonight's subject will be "The New Birth." Interest in the meetings is constantly growing and the members of the church are anticipating greater results than those already attained.

WILL OPEN CAUCUS TO ALL LEGISLATIVE TOPICS

Washington, May 11.—The caucus of House Democrats Tuesday evening instead of being limited to anti-trust legislation, rural credits and the appropriation bills has been technically thrown open to any question in the legislative category. The formal call for the caucus issued to lay states its purpose is to decide what bills shall be passed during the remainder of the session.

Both the judiciary committee reports without recommendation on the Mondell suffrage resolution and the Hobson prohibition resolution, proposing federal constitutional amendments, were filed with the House today.

STATE SAENGERFEST IS TO BE HELD IN DALLAS

By Associated Press. Dallas, Texas, May 11.—While hundreds of delegates and visitors to the fourteenth annual jubilee of the State Saengerfest arrived here today, the first exercises will be held at the evening concert tomorrow night when the Saengerbund male chorus of 700 strong will sing. The great vocalist of the Saengerfest and the St. Louis Symphony orchestra also will be heard. Among the artists who already have arrived are Herr Rudolph Berger, who will sing tomorrow night, and his wife, Maria Rappold, who comes here after her engagement with the New York Metropolitan Opera company in Atlanta. Many visitors already are here from over the State and from adjoining states and others are expected to-night and tomorrow.

Suits have been filed in the district court as follows: L. F. Ramming vs. Wichita Oil and Gas Co., suit to cancel lease; J. L. Powell vs. A. C. Hoyle, to cancel lease; Cicero Smith Lumber Co. vs. J. W. Dyson and Co.

SESSION OF DIRECTORS HELD

Steps Taken for Representation Next Fall in Fairs at Dallas, Waco and Oklahoma City

That the people of the United States are not all of one mind about the efficiency of arbitration in international disputes is, general and in reference to the Mexican trouble in particular was demonstrated this morning when a communication from Alvin Johnson of the faculty of Cornell University, asking for expressions on arbitration, a larger army and navy, etc., was read before the directors of the Chamber of Commerce in their regular weekly session.

The first question asked for expressions upon the efficiency of arbitration treaties. It developed such a diversity of expression that President Huff ordered the matter on the table. One member said he thought arbitration was the proper procedure between intelligent people, but that a peace movement with such an igno-

rant and savage population as the Mexicans could never succeed. Another thought that when a man spit in your face, hit you in the nose and kicked you out of the house and then set fire to it, you certainly ought to fight and not ask for arbitration. A third thought that arbitration was all right as a principle, but— Right then Chairman Huff ordered the communication laid aside.

For German Immigrants. A letter was read from H. Lehman of Dallas, presenting a proposition for getting Wichita Falls literature in the hands of German immigrants. The correspondence was referred to the advertising committee.

Secretary Miller announced that arrangements had been made for hanging one of the pictures of Lake Wichita in the New Southern Hotel at St. Louis.

A letter from J. S. Mahan, secretary of the Oklahoma State Fair, invited Wichita Falls to make an exhibit there next fall. The directors extended an invitation to J. T. Young to meet with them to discuss exhibits at Dallas, Waco and Oklahoma City.

Secretary Miller announced that the visit of the poultry and egg packing demonstration car Thursday had been extensively advertised and that the schools would send delegations to watch the demonstrations which

will take place from 8:30 a. m. to 4:30 p. m.

Mr. Miller reported that more than \$1,000 had been subscribed for the relief of Peacock, of which more than \$500 had already been paid in. Of this amount \$500 has already been forwarded to the committee. The remainder was ordered sent forward at once.

Appropriations for \$120 expended in the entertainment of the Colorado tourists and \$40 for the motion pictures were ordered.

A knitting mill proposal and a prospect for a big electric manufacturing plant were referred to the advertising committee.

A TEXAS WONDER The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials. Dr. E. W. Hall, 926 Olive St., St. Louis, Mo. Sold by all druggists. (Adv.)

TEXAS ATTORNEYS' FEE STATUTE IS SUSTAINED

Washington, May 12.—The supreme court today upheld the constitutionality of the Texas statute allowing attorneys' fees in cases of failure to pay just claims not settled within thirty days after demand. The Missouri, Kansas and Texas railway company of Texas attacked the constitutionality of the law in a case in which J. C. Cade, a section hand, made a claim against it for 10.75 back wages.

You Don't Have To Break Them In That's one beauty of the Selz shoes. Another is that our line of men's oxfords is more complete this season than ever before, and the quality and price is unequalled. For instance, we have a Tan Vici Blucher oxford, made on the Selz Famous Waukenphast model—broad, flat last, flange heels, and belting leather soles—a shoe you would be glad to pay \$5.00 for, and we are selling it for \$4.00

Then we have the new Drexel and Terrier models in patent leather, gun metal and tan, both button and blucher. Prices ranging from \$3.50 to \$5.00

For the young men we are showing the new College last which is the hit of the season, for dress and street wear. Prices \$4.50 and \$5.00

The Selz guarantee goes with every pair of shoes we sell, regardless of the price you pay as "There'd be but one shoe if everyone knew—SELZ."

Mrs. Tucker's Shortening

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep."

Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and quickly loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

Makes Light, Soft Cake That Will Keep Fresh

Cakes that are rich and palatable, biscuits that will fairly make your mouth water with their delicious creaminess and lightness. Use this shortening for all cooking purposes. Order today. Be sure you see Mrs. Tucker's picture on the can before you buy. 2-lb. to 30-lb. cans.

Osteopathy

Parents should study their children as they develop. If one is not satisfied, suffers from eye strain, is nervous or betrays any vicious habits, it should be taken to an Osteopath that the exact cause may be discovered while it can be corrected. Always, not sometimes, there is a misplacement of tissue causing undue pressure upon some nerve thereby disturbing the equilibrium of the body. The Osteopath alone is qualified to locate and correct this. Dr. Farris, 205 K & K. building. Phone 1487, residence 239. 9 3tc

Huerta Soldiers Try to Halt Uncle Sam's Men

MEXICANS TEARING UP RAILROAD TRACKS.
Mutual Movies

Mexican soldiers tearing up the railroad tracks from Vera Cruz to Mexico City under orders from General Huerta are shown in this picture, which was taken shortly after the occupation of the Vera Cruz customs house by American marines under Admiral Fletcher.

The picture was taken under unusual difficulties by photographers in the employ of the Mutual Film Corporation of New York city. Open hostilities had hardly got well under way when General Huerta, leader of the federal forces in Mexico's internal struggle, ordered the railroad tracks leading to the capital torn up.

As Huerta's soldiers were being photographed, pretending to be mere onlookers, moved in and destroyed the pictures. The negatives were rushed to New York on freight cars and were guarded by special messenger and were the first to arrive from the scene. The Mutual Film Corporation has a working agreement with the United States Department of the Constitutionalist forces, by which it has secured the right to show pictures of the war in Mexico.

Primary Cell Runs Street Car

At four o'clock this afternoon the primary cell electrical apparatus invented by J. Krohn and John J. McGivney was given a successful demonstration in the operation of a street car. Without storage batteries or the use of trolley a street car loaded to the rail with passengers was run through the downtown loop and started out toward the lake. Hundreds of people looked on with wonder as the car whirled through the business district. Mr. Krohn, the inventor, sat at the control lever and the delight of the two men who have been working on the invention for a year, tomorrow was only qualified by the wonder of the people.

A more extended account of the apparatus and the inventors will appear tomorrow.

It's Senator Underwood After Today.

Montgomery, Ala., May 11.—Alabama today went to the polls to ratify the choice of Oscar W. Underwood, Democratic floor leader of the House of Representatives, and former member of the tariff law, as United States senator. Underwood is chosen to fill out the unexpired term of the late Senator Joseph E. Johnson. He was nominated over former Representative Richard Pennington Hobson at a special primary election on April 6. The actual election of a United States senator for the long term beginning March 4, 1915, and of state and county officers will be held next November.

PORT ARTHUR MAN FINDS HEALTH IN WONDERFUL STOMACH REMEDY

Sufferer is Restored and Makes Remarkable Gain in Weight on Few Doses

J. F. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine. I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy. Thousands of letters from people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy cleans the digestive tract of mucoid accumulations and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it has saved their lives.

The remarkable success of this remedy has caused many imitators, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them to go to Froelich & Lutz and ask them for the wonderful results it has been accomplishing in cases they know of or send to Geo. H. Mayr, M.D., Chemist, 154-155 Whiting St., Chicago, Ill. for free book on stomach ailments and many grateful letters from people who have been restored. Ask your dealer to tell you its wonderful effects. (Adv.)

"TIS SAD BUT TRUE"
 Seventy five per cent of the graves in our cemeteries are never marked. Forgotten by friends and loved ones. Only a few days ago a stranger came to me and said find the grave of a friend and I will mark it as a last tribute of love, all that a friend could be, but we searched in vain.
 Why is it so many graves are unmarked? They can be marked substantially for a nominal sum, and when you consider this mark will last for over a century, you have not been out anything.
 You say you are going to, what? You are just like the rest of the human family, going to but you never do. Should you decide for sure don't forget the leaders in memorial art.

The AWAKING of the OLDER NATIONS

The Spirit of Change Has Reached the Holy Land and Its Famous Capital—Religious Sectarianism Has Crowded Holy City With Rival Establishments.

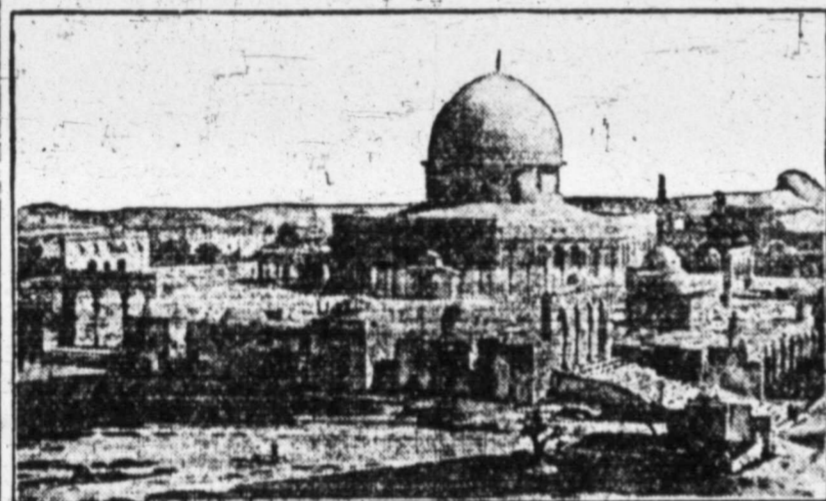

By WILLIAM T. ELLIS.

Jerusalem—Of three holy cities that are popular places of pilgrimage, Jerusalem, Mecca and Benares, the Turkish empire has two within her borders. The Holy Land, as Christendom calls the little strip of territory along the Mediterranean coast north of Egypt, is an integral part of Turkey. It has always been famous for the persistence of its ancient customs, so that hundreds of clergymen travel over it every year, to get light on the Bible. A generation hence, that search will not be so successful, for it is patent that Palestine is sharing the awakening of the ancient east.

Not only is there a railway from Beirut to Damascus, and from Damascus to Haifa, and from Haifa to Jerusalem, but there is also projected at the present time a new railway that will go down the coast from Beirut through Sidon, Tyre, Acre, Haifa and Jaffa, clear to the Suez canal.

Improving on Solomon. The ancient City of David has come under the new influences of modern times. Negotiations are at present pending for several radical and transforming innovations. The first of these to be pushed to early completion will probably be the water system. Jerusalem still depends on the collected rain supply in cisterns for its water. The very ponds built by Solomon are still in use, although the municipal system has greatly deteriorated since his day.

Now it is proposed to bring water from two sources, in Egra, north of the Mount of Olives, and Pajar, another spring in the same valley. It has been found that this water is pure and sufficient for the city's needs. When this has been put into water-

City of Palestine.

mains, and all the residents have been compelled to install it in their homes. It will mean a revolution in the habits and the life of the people, and it is hoped, a revolution also in the matter of personal cleanliness.

Where Foreign Governments Interfere. In order to meet the expenses of the installation of the water system, the government decided to take, as a special tax, the hides of the animals slaughtered within the city. A common sight is a sheep tethered on the sidewalk outside the butcher shop, awaiting its turn. As this bore hardly upon the butchers, many of whom are registered at the various consulates as citizens of foreign countries, these representatives of the powers objected, and some other means of financing the new water system will have to be found. Men seeking the concession are on the ground, and the government seems determined to carry the project to an early settlement.

Allied to the water question is that of sewage. Jerusalem has something in the way of an antiquated system of sewage, but the visitor would never suspect it. Travelers talk of the filthiness of the streets of Jerusalem, and the latrines understand them in the terms of the west, which gives no inkling of the real situation. The proprieties of western life do not permit one to speak freely on this point. But the streets of Jerusalem are as bad as those of the Chinese cities, if not worse. The marvel is that pestilence has not swept away the population. If, along with the proposed new system of sewage, there go vigorous police regulations, a most welcome change will be effected in the sights and smells of Jerusalem.

Down David Street by Trolley. Until recently it was impossible to travel anywhere in Jerusalem by wheel-vehicle, but various streets have been widened, thanks largely to the visit of various royal personages. But on the whole, the streets of the city are narrow and unfit for vehicle traffic. Many of them are vaulted, so that they are really tunnels, and while picturesque to the last degree, they do not lend themselves to the purposes of modern streets.

Now the reform government proposes to install four or five lines of electric trolley cars, all of them centering at the Jaffa gate. They will connect the neighboring villages with the city, so that one may go to Bethlehem for a nickel, and in less than half an hour. One line will invade the

old bazars, widening the Street of David, carrying passengers past the Mosque of Omar, which is the site of the ancient Temple of the Jews. Imagine the worshippers of the Temple disturbed by the clang of the bell of the electric car!

At present most of the streets are as narrow as footpaths. When the soft-stepping camel comes along, as he does every few minutes, all pedestrians must stand aside in the recesses of the bazars, or against the walls, to make way for his passage. Even the plodding donkey, who, still as of yore, is the favored beast of burden, takes nearly the whole street when he passes.

These electric lines will vastly enhance the comfort of the city, but they will play havoc with its historical aspect. Can sentiment survive the conductor's call, "All out for the Holy Sepulcher!" "This way for the Jews' 'Waiting Place.'" "Next stop the Temple Area." "The Damascus Gate," and "Via Dolorosa!"

New Lights for Old Streets. Jerusalem is not so dark as some Oriental cities, for the municipally placed a thousand kerosene lamps along the principal highways. Now it is on the program of the government to install an electric lighting plant for the streets, and for the stores and houses.

A telephone system also is on the docket. At present practically all the modern business of Jerusalem is done outside of the city walls. Messages can be carried from one part to another only, as in the time of David, by foot messenger. Soon the "tinkle" of the telephone bell will rival the more musical notes of the camels' bells.

A Pauperized City. Religion has blighted Jerusalem. The Apostle Paul could repeat here his famous words: "I perceive that in all things you are too religious." One looks in vain for the smokestacks of modern industry, and for great warehouses, or temples of business. He sees scores of expensive modern buildings, but all in the name of sectarian religion.

Old Jerusalem, as viewed from the hills, presented one outstanding building, the Temple of the Jews. Today the approaching traveler is confused by the multitude of the spires and towers and noble edifices. Missions of all kinds, and hospices and convents and monasteries and asylums abound.

City of Palestine.

Practically all of these are supported from abroad. Concerning the Jewish organizations and Jewish problems here I shall write in another article. At present I deal only with various Christian churches: The Greek, the Armenian, the Roman Catholic, the Syrian, the Coptic, and the Protestant. There are literally hundreds of religious institutions in Jerusalem. One sect alone spends 6,000,000 francs every year for the upkeep of its monasteries and other institutions.

The Rivalry for Sacred Sites.

Every holy sight imaginable has been possessed—and many beyond the imagination of a mere student of the Bible. Some have even been manufactured, so keen is the rivalry of the old churches to possess the holy places that attract the pilgrims. The situation has come to such a pass that visitors are regularly shown the real antiquities of Jerusalem, so popular with the professional guides are the legendary ones. There is now afoot a plan for an American institution of popular Biblical archaeology, supported and controlled in the United States, which will provide visitors from the west with the information they really desire.

The overlay of superstition and commercialism and professional ecclesiastical rivalry which one finds in Jerusalem is quite as bad as may be seen at Benares. It has become necessary to station Turkish guards in the Church of the Holy Sepulchre and in the Church of the Nativity at Bethlehem. In order to keep the rival churches from coming to blows. The incongruity of Moslems with guns standing guard in the birthplace of the Prince of Peace strikes an American visitor with greater force than any sanctity the spot may possess.

The vast pilgrimages from Europe and Asiatic Russia are very profitable, and as they promote national prestige, they are encouraged by the various governments which have a stake in the future of Turkey. Russia maintains a huge system of buildings, including a large hospice for visitors. There are also Austrian, German, French and Italian hospices.

Many of these pilgrims are ignorant peasants, who see nothing discordant in the hanging of paper flowers and gilded glass balls amid the carvings and ornamentation of the Holy Sepulchre. The simplicity, dignity, worshipfulness and real beauty of the Mosque of Omar, which is in the keeping of the Moslems, present a

The Two Ways to be Sure that You are Getting All-wool Clothes

Of course you know that pure-wool fabrics are the only kind which make long-wearing clothes. fabric dissolves it is pure wool. If any residue is left, that residue is cotton.

You also know that wool-and-cotton mixtures are extensively used in moderate-priced clothes.

To tell the difference between pure wool and a wool-and-cotton mixture is not easy. It takes a chemical test.

There are two ways to be sure that you are getting an all-wool suit:

1. Cut off a piece. Boil it in caustic soda and water. If the

into believing that because a baking powder foamed up over the top of a glass when water was added, that it was a good, pure and strong baking powder?

It foams because it contains ALBUMEN (sometimes called the white of egg.)

ALBUMEN in baking powder is no help in the baking.

It does not make a stronger or better baking powder.

It deceives the consumer when she sees it foam in the glass.

State after state has ruled that baking powder mixed with ALBUMEN is illegal and has stopped the sale of the stuff.

United States Government authorities have declared that the water glass test is a fraud, and that albumen does not help the baking.

Food commissioners North, South, East and West have denounced the albumen fraud.

DO NOT LET FAKIRS FOOL YOU.

The manufacturers of K C BAKING Powder have never found it necessary to resort to such fraudulent methods.

K C BAKING POWDER Contains No Albumen

It is a pure food baking powder, sold at an honest price and no better can be bought at any price.

COST OF DRILLING IN ELECTRA FIELD

ESTIMATED TOTAL OF \$5,700,000 HAS BEEN SPENT IN WORK TO DATE

1763 HOLES ARE DRILLED

Individual Wells Cost From \$20,000 in Some Cases, Down To Very Reasonable Sums

That nearly \$6,000,000 has been spent to date in drilling oil well in Northwest Texas, is the estimate of H. W. Whitney, writing in the Oil City Derrick, for which he is correspondent here. Mr. Whitney's article follows:

Although the Texas Panhandle field is, but four years old from a production point of view, it is not so far behind the Gulf Coast in the number of wells completed. To date there is a total of 1,715 producing wells, with a daily production close to 30,000 bbls. The number of non-producing wells in the field number 48, which are shut down for various reasons, but all are in such condition that they can be gone back into at any time, with a string and drill-deeper. The total number of wells drilled in all districts amount to 1,763. The cost of drilling and completing a well, which includes all necessary equipment, in the Texas Panhandle field is estimated on shallow wells at \$1,500, while on the deep holes it is estimated at \$6,000 per well. A total expenditure of \$5,700,000 is charged to the drilling end of the industry of the Texas Panhandle. It will be understood that there are two methods of drilling in use in the Panhandle, the cable and the rotary. The cable is considered the most costly method, as often the cost of drilling a well will exceed \$10,000, which is principally due to the expensive fishing jobs. The rotary, the most economical method of well drilling is fast gaining ground, in many sections of the Panhandle. The cable is used exclusively in wildcat work, as it is

easier to detect and test the formation by its use.

The following table shows the number of wells of the various producing sections, embraced in the Texas Panhandle field:

District	Prod' wells	Non-prod' wells	Total
Electra	644	10	654
Petrolia	402	5	407
Burkburnett	128	5	133
Corseana	463	27	490
Iowa Park	75	4	79
Moran	3	2	5
Total	1,715	48	1,763

Material required—The amount of material used in completing a well in the Texas Panhandle field is as follows: On the wells of a depth of 1,750 to 2,000 feet the hole is usually started with 14-inch casing which is carried from 500 to 700 feet; then 10-inch casing to 1100 feet; then 8-inch casing to 1500 feet or more. Six 5/8 five-eighths-inch casing is very exceptional. The cost of drilling a well from 1,700 to 2,000 feet, under ordinary conditions runs from \$6,000 to \$8,000, but the various troubles encountered varies the cost from this amount to as high as \$20,000. Iron sucker rods are used exclusively and range from 5/8 to 3/4-inch in diameter. There are no wells on air in the Texas Panhandle field. Owing to the spotted nature of the pools, the producing wells are, in some cases, so far apart that it would be inadvisable to install air. In these fields, as in all others of any consequence, the surface shackle lines are used by which from one to six wells, or more, are pulled by means of one power plant, which is generally operated on natural gas. The wells throughout the fields are pumped by this at an expense of from \$20 to \$25 per month a well, which is a great saving over steam. The amount of oil consumed in a steam plant, when, under operation varies from 1 to 20 bbls. a day. The greater the number of wells the greater the load on the boilers, and the greater the load the more oil or gas consumed. Three and one-half barrels of Electra light oil is equal to one ton of coal, and has a heating power estimated at 17,000 to 19,000 British thermal units per pound, while 16,000 cubic feet of gas is equal to the same amount. The wells in the Electra pool are completed at the following depths: Shallow, 600 feet; mid-

die, 1,200 feet; deep sand, 1,800 to 2,600 feet.

Gravity of Oils
In the Petrolia pool, there is an oil produced from a depth of 265 feet, which has a specific gravity of 32.8 degrees. Beaume, below that is found another and light oil at a depth of 350 feet, which has a gravity of 35.9 degrees. The most productive district is found at approximately 1,750 feet. This oil is a high grade light oil excellently adapted to refinery use, and of the highest gravity being 44.9 degrees, which is the highest of all produced in the Panhandle field, and incidentally was the first oil produced of any consequence. The other pools which constitute the producing area of North Texas produce oil at various gravities, depending solely on the elevation of the formation. The shallow sands as in other sections produce the low gravity oil, which ranges from 30 to 38 degrees.

Contract Conditions
The figures and conditions in the contracting end differ somewhat from other fields. The price is from \$3.00 to \$3.50 per foot in the proven pools. The company, or individual derrick, supply fuel and water, dig all slush pits and settling ditches and furnish all necessary pipe, contractor furnishes rig, or tools and labor and guarantees to turn over a finished hole. If he should lose a hole he must immediately commence a new one at his own expense. The salaries paid through the field are as follows: Cable driller gets from \$7 to \$7.50 a day, while the tooler commands \$5 to \$6 a day. Rotary drillers receive in most cases \$200 a month for day run \$180 per month, or \$6 per day for a night driller, or night run. The rotary helpers are paid, Derrick man, \$3.50; floorman, \$3.00; rotary tools dresses, \$4; roustabouts, \$90 per month; pumpers 90 to \$1250 per month, which depends upon the number of wells he has to pump. The field foreman averages \$200 per month and the teamster \$4 to \$5 a day.
